ABANDON PLAN TO TAKE PETROGRAD?

London Paper Has News That It Will Not Likely Materialize

Finds Task too Great Under Present Conditions—Volunteer German Corps in Baltic Provinces to Combat Bolsheviks

London, Aug. 25.—The reported impending attempt to take Petrograd from the Bolsheviks is not likely to materialize, according to the Daily Mail, Helsinki correspondent. Such an operation, he points out, must be by land, and the only available forces consist of Finns, Russians and Estonians. It is very doubtful, however, in the opinion of the correspondent if Finland's help could be obtained since the socialist victory in the presidential election defeated General Mannerheim, who alone was capable of leading an expedition.

The Estonians are unwilling to advance unless the Allies formally recognize their independence, and anti-Bolshevik Russians are probably unable alone to take the capital before winter, notwithstanding supplies furnished by the Allies. Moreover, financial support for them would have to be arranged.

It is understood the correspondent continues, that Major General Sir Hubert Gough, British commander, is going to London for a conference, and it is improbable that General Denekine would be able to take Moscow or Petrograd without co-ordination of the northern front. A great Bolshevik offensive is under preparation on the Pskov front.

Coblentz, Aug. 25.—(By the Associated Press) Details of the organization of a large German volunteer corps in the Baltic provinces to support the Russian reactionary movement against the Bolsheviks are in the hands of the American military authorities. It appears that General Von Keller, who is believed to be a Russian nobleman of German descent, is at the head of the movement, and it is charged that the German occupation troops under General Von Der Goltz, who recently was ordered to the Baltic on the demand of the Allies, are working with Von Keller.

The Taking of Odessa. London, Aug. 26.—Occupation of Odessa, chief Russian port on the Black Sea, by Allied forces, is admitted in a Bolshevik government wireless message from Moscow received here today. The occupation was effected, the despatch states, after thirty vessels had bombarded the city for two days.

On the Russian northwestern front, according to the Soviet statement, the Bolshevik troops, after fighting in the region of Pskov, having progressed already to within three and one half miles of that city.

Soon after the Bolshevik message was received confirmation was given in official quarters here of the occupation of Odessa.

An announcement by the Ukrainian mission in London on Friday last stated that Ukrainian troops had captured Odessa, after severe fighting north of the city. Previous reports in despatches to the British war office given out in London on August 19, reported that the Bolsheviks had been driven from Odessa by the populace.

Vladivostok, Aug. 16.—(By the Associated Press)—Lieutenant General Rosenoff, the highest Russian authority in Eastern Siberia, denies recent reports that the all-Russian government under Admiral Kolchak had abandoned Omsk and has been moved to Irkutsk.

MAKES A CRISIS FOR SHOPMEN HERE

Situation is Affected by President Wilson's Pronouncement in the United States

Montreal, Aug. 26.—A crisis has come in the situation of the railway shopmen of Canada. The shopmen of the United States received President Wilson's offer last night, and they are now voting upon its rejection or acceptance.

For years the railway authorities of the United States and Canada have worked together on practically the same basis with respect to wages and working conditions. However, in the pronouncement of the president of the United States, it is pointed out by some closely identified with the difficulty, a governmental policy is defined. It is not strictly a question of wages and working conditions for the president says that further increase cannot be granted whilst an effort is being made to reduce prices, and that an increase in freight rates to raise the revenue sufficiently to meet the wage demands of the men would be fatal to the effort to reduce prices at this stage.

The railway was board of Canada, it has been pointed out, has not the power in dealing with the situation to the extent of announcing a governmental policy or action, and if Canadian shopmen are to be given the same treatment as the American shopmen, then some one in governmental authority must add the stipulation as to the effort to reduce prices.

Secretary Dickie, of the Canadian shopmen, is now in Winnipeg. So far as can be learned, no members of the executive are in the city.

WOMAN GORED TO DEATH BY OX NEAR YARMOUTH

Yarmouth, N. S., Aug. 26.—Mrs. Philip Surette, forty-five, living at Surette's Island, twenty miles from here, is dead as the result of injuries received on Saturday morning, when she was gored by an ox.

AIRMEN'S WEDDING

Sir Arthur Whitten Brown, who flew across the Atlantic with Alcock, was recently married to Miss Marguerite Kennedy at the Chapel Royal, Savoy, London.

CHANGE OF TONE IN THE MATTER OF SUGAR PRICES

Wholesale Grocers Guild Now Announce No Likelihood of Twenty Cent Sugar and People Are Warned Not to be Stampeded

Montreal, Aug. 26.—A word of warning was issued by leading members of the Wholesale Grocers' Guild yesterday that despatches threatening a rise in price of sugar to twenty cents a pound were altogether outside the bounds of possibility, and that no such ridiculous prices were ever thought of. The worst that could happen, it was said, was that prices might rise possibly a cent a pound for a time, with a likelihood that, with careful conservation, this increase might later be found unnecessary.

But the wholesale grocers, through officers of their guild, issued a warning that people should not become excited over the threatened increase of prices and start hoarding sugar, as such a course, with the present scarcity, would simply intensify the difficulty and force prices to much higher levels than the market really demands.

Take Them Away From The Packers

Federal Commission Recommendation To President Wilson Re Refrigerator Cars and Other Meat Transport

Washington, Aug. 26.—Declaring that the step is necessary to control the business of the five largest packing companies, the Federal Trade Commission in a special report to President Wilson recommends that operation of refrigerator cars, and of cars used for transportation of meat animals, be declared a government monopoly. It recommends further that the property concerned, including ice stations and other facilities as well as the cars be acquired by the government and railroads, hereafter to be licensed to own and operate them.

The big packers, the report says, now own ninety per cent. of all the refrigerator equipment in the country suitable for the transport of fresh meat. The report says the recommendations are made to correct present inequalities of service and rates, as well as to prevent the dangers of monopolistic advantages.

DAMAGED CHAUDIERE HAD ST. JOHN CARGO

R. M. S. P. Liner in Trouble At Hamilton, Bermuda — Three Weeks For Repairs

The Royal Mail Steam Packet liner Chaudiere, which met with a mishap yesterday morning while entering the Two Rock Passage near Bermuda, has on board a large quantity of freight from St. John and points west for Bermuda and the British West Indies. She was south bound out from St. John via Halifax and in addition to a large freight she had eighty-two passengers, who were taken on at Halifax. There are still three steamers plying on this route, the Chignecto, Chaleur and Caraqueit. It is not known how long it will be before the Chaudiere can be unloaded and repaired.

Halifax, N. S., Aug. 26.—The Chaudiere was badly damaged while entering the port of Hamilton Bermuda, yesterday, according to advices received here. While navigating the very narrow passage known as "The Rock Passage," the steamer struck a rock, which caused a large hole on her starboard side.

As Hiram Sees It

The Settlement, Aug. 26.

"Hiram," said the reporter, "some of those squibs in the back garden are it for use. There is one great big fellow."

"Oh," quoth Hiram. "So you got your eye on them, too—did ye?"

"Squash pie," said the reporter, "when it is an inch and a half deep, and flavored just right with a little spice, is a wonderful nerve-builder. I've always noticed that you always ask for more."

"I'll mention it to Hanner," said Hiram. "An' what about the punkins? Didn't you see them out there—big yellow ones waitin' to be pulled?"

"My dear sir," replied the reporter, "I will doubtless see them some other day—but not today. I'll get you some more of those punkins. Let it be squashed today and punkins another day."

"Oh, all right," said Hiram, "but I wouldn't eat squash pie if I could get punkin—no, sir. I suppose we'll get to stop thinkin' about anything sweet today with sugar going to twenty cents a pound. Kin you tell me why it's going up?"

"I thought that there Allied commission allotted plenty o' raw sugar to do this country."

"So it did," said the reporter, "but the refineries saw a chance to sell a lot for export, and they did it. They shipped great quantities, and booked orders for heaps more—that is yet to be delivered. Meanwhile you and I are free to extract sweetness from the fact that the refiners can pay big dividends. Isn't that something to be proud of? Especially if some of the dividend paying stock is yours—as Mr. McFall says. Sweetened water isn't half bad when you get used to it."

"Well," said Hiram, "I'm glad I'm gettin' nood lot o' stuff poked down in the sular. Me an' Hanner won't starve after spring if prices goes out o' sight. But I'm sorry for the folks that has everything to say an' not much to buy with. I believe it 'ud be good idea to bring back the old stocks an' use 'em for the people. After two or three o' them had their feet in the stocks an' was bedded with bed fruit for a spell the git-rich-quick game wouldn't be so dern popular—By Hen!"

POLICE AND FIREMEN DISPERSE MOB; TWO HOURS OF DISORDER

Rioting Last Night in Bridgeport, Conn.; Four Arrests

Police Had Ordered Dispersal of Crowd at Gathering in Hungarian Section of City—They Say I. W. W. and Socialists Back of It

Bridgeport, Conn., Aug. 26.—Police and firemen last night dispersed a mob which they estimated at 4,000 persons, following two hours of disorder and rioting in which bricks and stones were the chief weapons. Three firemen were injured and the police reported four arrests.

The trouble began when three policemen ordered a meeting of about 1,000 persons, for which no permit had been issued, to leave a hall in a Hungarian section in the west end of the city. According to the police I. W. W. and Socialist agitators were directing the meeting. The crowd left the hall, but gathered in a street nearby and listened to more speeches, most of which were in foreign tongues. The three policemen again broke up the meeting. A few minutes later the crowd marched, yelling and singing back toward the hall. When the mob started to smash in the doors of the hall, a call for police reserves and firemen was sent in.

PRINCE SPENT MORNING IN VISITING HOSPITALS

Toronto, Aug. 26.—The Prince of Wales and his party spent this morning until half-past twelve visiting hospitals, where returned soldiers are under treatment, taking in succession St. Andrew's Hospital, the Dominion Orthopedic and the Toronto General, returning to Government House at the end of the tour. The weather here was cool and cloudy.

WEATHER REPORT

Issued by authority of the Department of Fisheries, R. F. Stuart, director of meteorological service

Synopsis.—The barometer continues to fall, with strong and southerly winds, heavy showers, and rain, with low over the St. Lawrence Valley and Atlantic coast. Showers have occurred in many parts of Ontario, Quebec and the maritime provinces and in a few localities in the west.

Unsettled. Maritime—Fresh to strong south and southwest winds, cloudy and unsettled today and on Wednesday, with showers. Gulf and North Shore—Fresh winds, mostly cloudy and unsettled with local showers today and on Wednesday.

New England—Showers probably tonight and Wednesday, not much change in temperature; moderate west winds.

City Employes For Higher Pay

Water and Sewerage Men, Ferry, Market and Public Employes Send Requests to Commissioners

Practically all the outside city employes are asking for increases in pay of fifty cents a day. Notices have been sent to the various commissioners setting forth the increases wanted. The communications were sent on behalf of the employes of the different departments of city works and members of the Civic Public Service Employees' Union, and the reason given is the increased cost of living.

The increases urged are in detail, as follows: Water and Sewerage—Foremen, assistants, blacksmiths and helpers, carpenters, meter men, timekeepers and laborers, fifty cents a day.

Ferry—Oilers, foremen, deckhands, gatemen, \$15 a month; collectors, \$10 a month.

Market—Carters, 50 cents a day. Public Works—Foremen, carpenters, timekeepers, painters and laborers, 50 cents a day.

The petitions will be taken up at the next meeting of the common council.

FATAL FIGHT IN CHICAGO SALOON

Argument Over Enforcement of Prohibition—Several Killed in Strike Battle in Carolina

Chicago, Aug. 26.—A policeman was killed, one man was fatally wounded and two seriously injured in a revolver fight in a saloon late last night. An argument over activity of government officials against alleged violators of the war time prohibition law is said to have precipitated the fight.

Charlotte, N. C., Aug. 26.—Two men were killed and ten injured, four of them probably fatally, in a battle between police guards and a mob of strike sympathizers at the car barns of the Southern Public Utilities Company soon after last night, when at least 100 shots were fired. The guard had held the mob at bay for several hours, when the police allege a brother of Clem Wilson, who had been knocked down and taken to a hospital earlier in the night, fired at Chief of Police Orr. The shot missed.

The guards fired a volley in return. The guards fired a volley in return. Quiet was restored soon after the shooting.

THREE MEET DEATH IN CESSPOOL FUMES

Pittsfield, Aug. 26.—Three persons, Frank Casale, aged fifty-five, and his two sons were asphyxiated by poisonous fumes from a cesspool, which had overflowed into this city this week. The father was an employe at the B. & A. roundhouse. Pittsfield plant of the General Electric Company. Joseph Casale, the other son, was twelve years old.

Casale, the elder, started repairs on a cesspool at the back of his building, being assisted by his sons.

This cesspool, constructed roughly of old railroad iron, sunk to a depth of 10 feet or more and about seven feet wide, had a drain that was clogged. After some digging and the use of a pole, the drain was partially opened. Casale called to his younger son to go into the sink and open the pipe.

The lad climbed down inside the cistern, holding onto the rough sides of the ties. He had barely reached the bottom when he dropped into the pool unaided. Both father and brother then started to rescue the boy, the father being pushed aside by Patsy Casale, who jumped into the cesspool. The three policemen again broke up the meeting. A few minutes later the crowd marched, yelling and singing back toward the hall. When the mob started to smash in the doors of the hall, a call for police reserves and firemen was sent in.

The father then cried for help, and went down into the gaseous depths, where his two sons were dying, in a vain attempt to save them.

Rocco Ravatta, a neighbor, had heard Casale cry for aid and ran to the scene. There in the bottom of the death trap he saw the three bodies piled one upon the other. Ravatta gave the alarm and many men and women hurried to the place.

Steven Posons got a towel, tied the bodies with their hose the lumber fell. The ladder fell on top of the lumber and the firemen were thrown in all directions. The yards were partially covered causing damage roughly estimated at \$25,000.

FOUR FIREMEN HURT IN LUMBER YARD FIRE

Montreal, Aug. 26.—Four firemen were injured and one of them, A. Chama, twenty-seven years old, is in a critical condition from severe internal injuries in a fire early this morning in the lumber yards of J. P. Belandier, Ontario and North Shore.

A ladder was placed on one of the piles of lumber, and as the four men mounted with their hose the lumber fell. The ladder fell on top of the lumber and the firemen were thrown in all directions. The yards were partially covered causing damage roughly estimated at \$25,000.

Quebec Appointments

Quebec, Aug. 26.—The official appointment of Joseph Quintal, dealer of Montreal and J. E. Clement, insurance broker of Montreal, on the board of commissioners of the high commercial studies is announced today. Senator S. White is also appointed member of the corporation of the technical school of Montreal.

MADE BREAK TO GET CLEAR OF DETECTIVES

Evidence in Case of Stanley Harten, Who is Held on Stealing Charge

The preliminary examination in the case of Stanley Harten, arrested yesterday by Detectives Biddiscombe and Donahue, on suspicion of breaking, entering and stealing from the tailor shop of A. Gibb, 298 Brussels street, was commenced before Magistrate Bittable in the police court this morning. Detective Biddiscombe was the only witness heard.

He said that on Saturday morning, August 25, he was informed that the shop occupied by Mr. Gibb had been entered and on investigation he found that the side door had been forced and three suits of clothing, a woman's coat and a club bag were missing. Yesterday morning, he said, he found the club bag and one suit of fine clothes in the Dominion Second Hand Store in Main street, and brought them to central station. In the afternoon he and Detective Donahue encountered Harten at the Marsh Bridge and asked him to accompany them. He assented and the three went to the store in Main street, where the goods had been found. The proprietor, Mr. Katsky, identified Harten as the man who had sold him the clothes and club bag, and also identified the suit which Harten was wearing as one which he had given the defendant in exchange for the other suit and the bag. On the way to the police station, while waiting for a street car, said the witness, the prisoner made a break and started up the steps leading from Main to Moore street, but the witness gave chase and caught him before he had reached Moore street.

Harten was remanded to jail and the case set over for the hearing of further witnesses.

TOTAL OF TEN DIE IN NEW YORK ACCIDENTS

Seven by Drowning, Three of Them Boys—Train Collision, Airplane Fall and Lad's Climb Also Fatal

New York, Aug. 26.—The extreme heat and humidity of Sunday and Monday sent thousands of people to the seashore and into the country and the exodus was accompanied by airplane, automobile, railroad, boating and swimming accidents in which ten deaths were reported.

The most peculiar accident occurred in the lower bay off Staten Island, where a launch containing five persons was cut in two by the steamboat Point Comfort. Two persons were drowned.

One man was killed and a score of men women and children were injured in a rear-end collision of two sections of an excursion train near Atlantic City. The man killed was on his wedding trip.

Lieut. R. Howard Monteth, U. S. N., was killed when an airplane flown for the amusement of the Sunday crowds at Sea Girt, N. J., plunged to earth. Three boys were drowned when bathing in the Harlem River off 216th street. Two men were drowned at Corsic Island.

A boy fourteen was killed when he climbed up on the scenic railway at the Bronx Exposition Park and was crushed by the cars.

WHY WERE PROFESSORS DISMISSED?

Chancellor of University of Saskatchewan is Asked to Make Inquiry

Saskatoon, Sask., Aug. 26.—Sir Frederick Haultain, chancellor of the University of Saskatchewan, today received an official requisition signed by members of convocation asking him to call an extraordinary meeting of that body to ascertain the facts and circumstances leading to the dismissal of Professors MacKay, MacLaurin, Hogg and Greenway; to discuss the facts, circumstances and reasons and to make a report thereon, and to discuss all questions of organization, administration or policy, whether incidental to or arising out of the matters referred to or otherwise.

ABOUT 200 AT THE ANNUAL CONVENTION OF THE CANADIAN BAR

Winnipeg, Aug. 25.—The programme of the annual convention of the Canadian Bar Association, which is to be held on Tuesday, Wednesday, Thursday and Friday of this week, has been completed. About 200 out of town delegates are expected to attend. The principal speakers will include Right Hon. Vincent Finlay, former chancellor of England; Hon. J. B. M. Baxter of St. John, N. B., and Judge Mignault, of the Canadian supreme court.

WHAT IS MISSION OF FRENCH CRUISER?

Copenhagen, Aug. 26.—(Havas Agency)—The French cruiser Marselaise has left this port for the coast of Schleswig-Holstein.

AUGUST SNOW STORM IN NEW YORK STATE

Hornell, N. Y., Aug. 26.—Although the sun was shining brightly, Hornell was treated to the odd sight of a snow-storm in August this morning. Light snow fell for five minutes and melted as rapidly as it struck the ground. It is the earliest snow fall ever recorded in this section.

CAR SHORTAGE HAS ITS EFFECT ON COAL PRODUCTION

Washington, Aug. 26.—Shortage of railroads in the eastern coal fields is worse than last year and is responsible for curtailment in coal production of between thirty and fifty per cent., according to a letter from Director-General Smith of the geological survey, which was read in the senate yesterday by Senator Pomeroy of Ohio.

BRITAIN STILL IS CHOOSING HER COMPANY

Washington, Aug. 26.—Great Britain alone of the great European nations has declined for the present at least, to remove restrictions on admission of persons under foreign passports imposed during the war for the purpose of excluding political agitators, persons of doubtful loyalty and other undesirable.

BRITAIN STILL IS CHOOSING HER COMPANY

This was developed today by inquiry as to why Great Britain was not included in a list of countries to which the state department had announced passports will be granted on pre-war conditions after September 15.

WAR MONITOR ON HER TRIAL SPIN

New Vessel Went Down The Bay This Morning—A Fine Craft

The new steamer War Monitor, of the Imperial Munitions Board fleet, steamed out of the harbor a little after 10.30 o'clock this morning on her trial trip down the bay and back again.

She was expected to return after about six or seven hours' run. She had on board several of the officials of the Imperial Munitions Board, including W. Lambert, head of the engineering department; G. W. A. Flannigan, local auditor of the board; T. Hope, who superintended the installation of boilers; J. B. Poling, in charge of engine installation; Mr. Duiguid, inspector; Robert Chatterton, foreman carpenter on construction, and Hazen Hamilton, foreman of machinists.

Others who made the trip were: Capt. A. J. Mulcahy, naval transport officer at St. John; George Waring, superintendent of ferries; B. C. Steeves, Lloyds, inspector; C. E. Dalton, steamboat inspector of the Marine and Fisheries Department; J. A. Grant of the firm of Grant & Horne, builders. There were also several ladies on board.

The keel of the War Monitor was laid on August 29, 1918, and she was launched on May 29, 1919. She is 250 feet long, 48 feet 6 inches beam, 25 feet 6 inches moulded depth, with a gross tonnage of 2,200 tons. She is classed A1 Lloyds, twelve years, and taken all through is a beautiful sample of the ship-carpenter's art.

The engines, fore and aft, triple expansion, developing one thousand horsepower, were built by the Canada Bridge Company of Montreal. They are surface condensing, have auxiliary feed and general surface pumps; in fact the engine is fitted with all modern applications. The boilers, water tube, forced draft, Howden type, were built by the Vickers Co. of Montreal.

All the machinery was installed by the Union Foundry and Machine Works, west side, who also did the work on the War Fundy, and refitted great credit to the local firm. Last Tuesday the engines and boilers were given their dock test and came hotting with flying colors, not even a hot bearing developing in the engines.

The men in charge of the work of construction were: R. Benson, master builder; J. E. Chatterton, foreman of the finishing and bulkhead work; J. B. Poling, installing engineer; B. C. Steeves, Lloyds' surveyor on the hull and representative of the Imperial Munitions Board.

The officers who command the boat on her first trip are: Captain P. S. Allen, first officer; J. Robinson, second officer; J. W. Evans, chief engineer; G. Elvidge, second engineer; W. H. Adams, chief engineer; W. Peck, fourth engineer; V. Collins; Stewart, T. Durant; chief cook; R. Rossi.

Halifax Chronicle.—Among the civilian passengers landing here from the steamer on Saturday were the officers and crew of the steamer War Monitor, recently launched in New Brunswick.

INTERUPTION IN CAR SERVICE IN DOUGLAS AVENUE

It will be necessary to interrupt the street car service in Douglas Avenue on one of the tracks while the work of renewing the water main is in progress.

The New Brunswick Contracting and Building Company will commence tomorrow morning to lay 1700 feet of twelve-inch pipe, 100 feet of ten-inch and 800 feet of six-inch. As the old water main runs along one of the railway tracks it will be impossible to work at the renewal with the cars running overhead and so a block of three or four hundred yards will be isolated, so far as the car service on the western track is concerned, at a time until the work is finished.

He instructed the city engineer and the superintendent of the department of streets to have the work done as early as possible, so that the inconvenience may be taken to eliminate the unpleasant and dangerous unsanitary conditions now existing.

COMMISSIONER INVESTIGATES AT THE HANSH BRIDGE

Mr. Jones Sees That Conditions Call for Remedy—Calls for More Detailed Report

As a result of representations made to him yesterday, as published in The Times, Commissioner Jones visited the Hansh bridge and made a personal investigation of the conditions which had given rise to complaints.

Although the situation was not nearly so bad as it would have been had the day been warmer, the commissioner of water and sewerage found sufficient evidence to convince him that remedial action was necessary.

He instructed the city engineer and the superintendent of the department of streets to have the work done as early as possible, so that the inconvenience may be taken to eliminate the unpleasant and dangerous unsanitary conditions now existing.

LIBERAL LEADER TO FIND SEAT IN P. E. ISLAND?

Ottawa, Aug. 26.—It is understood by-election dates have been under consideration by a cabinet committee and that writs are likely to be issued within a day or two for all constituencies not represented in parliament at present.

As a result of representations made to him yesterday, as published in The Times, Commissioner Jones visited the Hansh bridge and made a personal investigation of the conditions which had given rise to complaints.

Although the situation was not nearly so bad as it would have been had the day been warmer, the commissioner of water and sewerage found sufficient evidence to convince him that remedial action was necessary.

SOME INFORMAL FEATURES IN THE PRINCE'S WELCOME

Small Boy in Bathing Suit Among Thousands Who Shook Hands at Public Reception—Out of His Berth to Speak at Smith's Falls

Toronto, Aug. 25—From out among the many incidents of this day—probably the busiest that Edward Albert has spent since the inception of the present tour—stands out boldly this fact, that his royal highness is not only a soldier prince, and a fighting soldier prince, but that he is also intensely democratic and most lovably human.

Of the half million population of this city, probably two hundred and fifty thousand today have seen the prince, or at least had a glimpse of him. Many of these had the pleasure of shaking hands with the prince, and some were fortunate enough to grasp the hand of the coming king.

In Captain's Uniform. The state dinner at Government House tonight, followed by a small dance, was the concluding feature of a strenuous day for the heir to the throne.

RETURNED SOLDIER JOINS OAK HALL STAFF. Oak Hall has made another addition to their staff in the person of Mr. Gordon A. Vail, a returned soldier recently back from the front. Mr. Vail left Oak Hall in 1917 and enlisted with the 9th Battery, he trained and went to England with this battery, but after reaching there he transferred to the 10th Battery in order to get to the front quicker. Mr. Vail went through all the active engagements with this battery from the early days of 1918 right up to the very end, leaving France in April, 1919. He returned to Canada a short time ago and was heartily welcomed back to the selling staff of Oak Hall, where he is now holding a position in the men's hat section.

Airmen Kill Bandit. Marfa, Texas, Aug. 25—American aviators made Jesus Renteria, bandit leader, pay in full for his treatment of Lieutenant Peterson and Davis, held for ransom by the Mexican, when Lieut. H. H. Robert Rogers made a forceful address on the present parliamentary situation in Canada as he sees it and announced the formation of a national committee representative of Liberal-Conservatives throughout the Dominion for organization purposes.

COCONUT OIL MAKES A Splendid Shampoo

If you want to keep your hair in good condition, be careful what you wash it with. Don't use prepared shampoos or anything else, that contains too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain unperfumed coconut oil (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair.

WHAT IS DOING?

Are there some wily gentlemen who are not only trying to manipulate prices of sugar and other necessities, but who are actually attempting to make the newspapers of Canada a party to the scheme? There is a despatch in today's Times which should be read in connection with another on the same subject printed last Saturday in all of the papers taking Canadian Press service.

WAGES IN THE UNITED STATES

Despatches yesterday predicted announcement, before night, of the administration's decision on the demands of the railway shippers in the United States for a 25 per cent increase in wages. They also expressed the belief that an increase would be granted the men but no guess as to the amount of the increase was ventured.

Conditions in Canada relative to sugar and other necessities were already panicky enough, and the effect of publishing the statements made by the wholesale grocers in convention at Ottawa was to cause a rush to buy sugar by the public, the ordinary consumer and the ordinary grocer attempting to secure all they could in preparation against the tremendous advance of which intimation was given in the wholesale grocers' statement.

In today's Times there is printed a Canadian Press despatch from Montreal saying that leading members of the Wholesale Grocers' Guild issued on Monday evening a warning that the threat of an advance in the price of sugar to twenty cents a pound was inexcusable and "altogether outside the bounds of possibility."

The management of Canadian Press Limited, should now inquire as to the circumstances under which the despatch of last Saturday from Ottawa originated, and satisfy themselves whether or not an attempt was made (and successfully) to make use of the Canadian newspapers through their news organization in order to scare the public into panic buying of the temporary financial advantage of certain men who desired to unload. The warning from the Wholesale Grocers' Guild is, unhappily, a case of locking the door after the horse was stolen; for so much of the harm has been done, and it has been done in Canada where there is a newspaper carrying the service of Canadian Press, Limited.

It goes without saying that if the newspapers of this country believe there is any evidence of a deliberate plan to play upon them, and upon the public through them, in this fashion, the results will be worth watching. The Federal government has machinery which could be well employed to sift matters of this kind to the bottom, and it is clearly in the public interest, and in the interest of the newspapers which are determined to present a reliable and impartial news service, that this matter be cleared up definitely and with noteworthy resolution and despatch. Under present conditions in this country we cannot afford to encourage, or to tolerate, any discoverable form of manipulation in addition to the existing combines in restraint of trade and the various other methods of modifying or suffocating competition which the government appears either helpless or lacking the courage to prevent.

Hon. Robert Rogers of Winnipeg springs nimbly into the news today. He is seeking for the Liberal-Conservative party. Perhaps if he searched Ottawa he might find it, partly hidden, it may be, but not beyond the powers of a parliamentarian like Honorable Robert to uncover. Having found it, perchance he would like to be its leader. There is nothing of shrinking shyness about the man from Winnipeg.

Regarding cabinet making at Ottawa, the Montreal Gazette says: "There will be no surprise if further adjustments in the cabinet are allowed to stand until after the impending session."

A Welshman sued a fellow-countryman for a sum of money owing to him, but though the debtor repeatedly offered to work off the debt, this did not appeal at all to the creditor.

KILLED MAN WHO ANNOYED HIS WIFE. John Quinn Shot Roch Samson Dead in Montreal Street. Montreal, Aug. 26—In broad daylight and in the centre of the city, a man was shot dead yesterday afternoon, and as a result John Quinn, fifty years of age, of 514 Church Street, Verdun, is under arrest charged with the murder of Roch Samson of St. Margaret street, St. Henry.

Montreal, Aug. 25—The theft of \$100,000 in Liberty bonds and \$3,500 in cash from a vault in the office of the postmaster of the Boston and Albany railroad, at the South Station, was discovered today. Police officers and railroad authorities said they had no clue to the robbery.

G. W. V. A. MEETING. The G. W. V. A. fair committee met last night in the Veterans' hall, in Wellington row. The accounts connected with the fair were inspected and referred to the audit committee. The first report on the results of the fair was not read but was deferred until next week when the committee expect that all accounts, etc., will be wound up.

REPORT OF ANALYTICAL TEST. Made by J. T. DONALD & COMPANY. Chemical Engineers, Consulting Chemists, Reports, Analyses, Assays, Tests, Inspection MONTREAL. We prepared a 10% solution of this paste in distilled water and introduced cultures of Staphylococcus Pyogenes Aures, which is an organism commonly present in pus. After exposure to the action of 10% solution of Minty's Tooth Paste for five minutes, cultures were prepared for incubation. The results were as follows: We found that five minutes' exposure of your tooth paste was sufficient to destroy this organism entirely. These results therefore indicate 100% germicidal action by a 10% solution of Minty's Tooth Paste in five minutes. Our tests on the condition of the tooth after use show a marked improvement in the condition of the tooth compared with other tooth pastes, although the condition is such that no actual comparison may be had. We shall be glad to explain any points not quite clear. Yours faithfully, J. T. DONALD & COMPANY T. Lacey Company

Burd Quick Seating STOP JOINT PISTON RINGS. In all replacement jobs there is nothing better than the Burd Quick Seating Stop Joint Piston Ring—the outside edges the quick seating feature—wear down quickly, producing a "seat" in harmony, with the hard glass-like surface of the cylinder. This ring is made of the same high-grade piston ring iron used in all Burd Ring products, and for a piston ring of medium price there is nothing on the market to equal it. Sizes in stock:—3 1-4x3-16, 3 3-4x3-16, 3 11-16x3-16, 3 7-8x3-16, 3 3-4x1-4. Price 40 cents. Phone M. 2540 McAVITY'S 11-17 King St.

MOTHER PLEADS FOR RETURN OF HER BABE

Little One Kidnapped in New York—A Pathetic Letter

Mrs. Elsa Wentz of 725 Home street, the Bronx, New York, whose ten-week-old child, Arthur, was stolen on July 29, from the baby carriage at 150th street and Third avenue, sent last week to the press of the city a letter containing a pitiful plea for the return of the child. The document which is four pages long, is to the effect that if the person who took the child will only return it by leaving it in the baby carriage under the stairway of the Home street address no questions will be asked and no prosecution will be instituted.

She asks in the letter how can the person hold the child from her, feed the child, dress it, put it to sleep without realizing that the mother of the child is heartbroken for just one glimpse of her baby.

The anguish which she suffers is aggravated almost daily by her nine-year-old son William, who is continually asking for his baby brother.

Here is the letter:
New York, Aug. 22, 1919.
To the Dear Public:
You all have read about my dear little baby Arthur Philip Wentz, of 725 Home street, being stolen from his carriage in front of Blumstein's department store at 150th street and Third avenue on July 29, 1919, about 5.13 p. m., while I was in the store but for a few minutes. I appeal to you all to help me if you know of anyone who suddenly had a baby boy that never had one before. Won't you please let me hear from you, so I could investigate and see if it is mine?

Perhaps the woman who took little Arthur is afraid to return him to me for fear I would prosecute her, but I promise upon my word of honor that nothing will harm her. Why don't she bring him to my home late at night and put him in his carriage and then she could go away unknown and without any guilt?

How can she dress and feed him without knowing how? She is breaking my heart and torturing my soul. I cannot understand what kind of a heart she has. Does not her conscience tell her the wrong she is doing? Little Willie, my nine-year-old boy, always asks why did they take his brother when all these years we have had none. Couldn't she get one from a home, where there are so many little babies without mammas and papas? If only she will restore the sunshine to our little home once more how happy we would be as hope and pray night and day that she will open my basement door and leave little Arthur in his carriage that stands there so forlorn looking.

I am broken hearted and will die of grief if I don't get him back. Won't you all help me to find him, as he is now ten weeks old and as he was all our joy and sunshine of his mother, HIS BROKEN HEARTED MOTHER.

RECENT DEATHS

Mrs. Mary McFarlane.
The death of Mrs. Mary McFarlane, widow of George McFarlane, occurred at her late residence, Richmond street yesterday. She is survived by one daughter, Mrs. Joseph Burns of Roxbury (Mass.). The funeral will be held on Wednesday morning at 8.45, old time, from Fitzpatrick's undertaking rooms, with high mass and requiem at the Cathedral.

"Billie" Bigelow Dies
Sackville, N. B., Aug. 25.—The many friends of Professor Bigelow, dean of Applied Science at the University of Mt. Allison, will sympathize with him in the death of his young son "Billie" which

occurred at Moncton yesterday afternoon.

Frank J. Wilson, a well known resident of Sackville, passed away of Sackville. He was fifty-two years of age, and had been in ill-health for several months. Besides his wife he leaves one daughter, Katherine, recently residing in St. John, two sons, Frank J., in St. John, and Ralph, who recently returned from overseas, at home; also a stepson, Douglas Casey in California.

The death of William Lindsay, aged sixty-seven years, of Bloomfield, N. B., took place in the Fisher Memorial Hospital, Woodstock, on Sunday. Two brothers and a sister survive.

Theodore Cooper, aged eighty-one years, famed as a consulting engineer, died yesterday in his home in New York.

The death of Mrs. J. N. Greenshields occurred yesterday in Montreal. She was a daughter of Rev. C. G. Glass, founder of Glassville, Carleton county, N. B.

Mrs. Robert Ferguson, aged seventy-two years, died at West Branch, N. B., on Friday last. Two sons and six daughters survive.

MORNING NEWS OVER THE WIRES

With a government order for work on all warships in the Clyde to be stop-

ped, thousands of men are out of employment about Glasgow. It is said the order is to apply to all British shipyards.

Mrs. Wm. Brander of Gagetown, N. B., is ill at her home after a plunge in the Washademoak Lake from the wharf at McDonald's Corner. Before leaving for the corner a few days ago she said goodbye to her friends saying she would not return, but the reason for her act is not explained. Mrs. Brander has relatives in St. John who had often asked her to live with them.

Captain Albert Morrison of Lubec, a boatman, has been arrested in connection with the smuggling of Chinese across the Canadian border, at Eastport. Henry Burns, arrested in this case, and said to belong to St. John, is now believed to have come from Amherst.

The Methodists of the St. Stephen, N. B., district have accepted their share in the forward movement objective of \$150,000 as \$8,500 and have appointed a strong committee to see about raising that amount.

A. T. Weldon, assistant freight traffic manager for the C. N. R., Moncton, where he has been transferred, was the recipient of a silver tea service from his fellow employees. The presentation was made by Owen Cameron.

The jury inquiring into the death of Wm. Stevens, jr., of Sunny Brae, N. B., killed in the C. N. R. yards at Moncton, returned a verdict that he had been killed by being struck by a blind car, but held no one responsible for the accident.

Stores Open 8.30 a.m.; Close 5.50 p.m.—Friday 10 p.m.—Saturday 12.50 p.m.

BRITISH CLERGYMEN CONDEMN FASHIONS

One-Piece Bathing Suits for Women Scantier and Tighter Than Ever

London, Aug. 26.—Fashion's edict had prescribed a liberal display of back for fashionable British women this winter, but the women are not waiting for cold weather. Clergymen are condemning some of the present modes as intolerable. One-piece bathing suits at the beaches are scantier and more snugly fitting than ever before. The Rev. F. B. Meyer, a Nonconformist Church leader and writer said:—
"Many girls think that men can be

won by the flesh. But men are too sensible. They are not going to marry girls who go about half-naked. One aim of many girls seem to be to attract men, and that may account for the present styles. A man may flirt with a girl who goes to extremes in these fashions, but he will not marry her."

He said he doesn't set himself up as a censor of clothes, but he added: "I only know what I see in the streets. But what I think is that women seem to have lost that restraint and modesty and betting style of dress which characterized them during the war."

During recitation in a certain primary school the instructor asked her pupils what wonders can be seen today that were not in existence fifty years ago. There were many answers: Airplanes, the telegraph, the telephone, electric lighting, automobiles, etc. Finally one little fellow contributed his wonder: "Me and me brother."

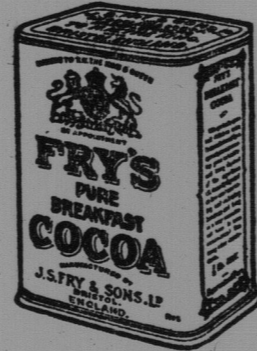

Indulge your fancy when you choose Penmans. If style, fabric and shade please you the name Penmans is your certain assurance of value, wearing qualities—and shapeliness.

THIRD DOSE RELIEF! FIFTH DOSE! DIARRHOEA STOPPED

Diarrhoea does not need to persist for any length of time until the whole system is weakened and debilitated.

Dr. Fowler's Extract of Wild Strawberry is not only prompt and effectual in checking the diarrhoea but at the same time acts as a stimulant, strengthens the heart and braces up the whole system, and one of its principal points is that it does not leave the bowels in a constipated condition.

Mr. W. H. Arnold, Fort Qu'Appelle, Sask., writes:—'A few years ago while out thrashing I had a severe attack of diarrhoea. Nothing I took seemed to do me any good. I was getting worse all the time. Hearing that Dr. Fowler's Extract of Wild Strawberry was good for diarrhoea, I went into town and procured a bottle. After the third dose I felt relief, and after I had taken the fifth dose the diarrhoea had stopped. I always keep it in the house, and would not be without it.'

See that you get the original 'Dr. Fowler's.' It has been on the market for the past 74 years. Substitutes may endanger your health. Price 35c. Put up only by The T. Millburn Co., Limited, Toronto, Ont.

THE K. O. C. IN THE WAR

(New York Times Editorial.) In their report accounting for the use of the sum of \$17,000,000 received up to June 30, 1919, from the United War Work Fund of \$170,500,000 the Knights of Columbus lay stress upon the fact that they expended more money for free creature comforts to sustain and help the soldiers and sailors of the armed forces than any other organization that participated in the United War Work Drive, the amount being \$7,000,000. By creature comforts is meant all those articles and supplies that the men felt a longing for in the trenches; in rest in-

NO MORE KIDNEY TROUBLE

tervals, and in camp and cantonment. Thus, among other things, the Knights of Columbus distributed 900,000,000 beef cubes, 618,000,000 cigarettes, 3,750,000 pipes, 546,881 pounds of pipe tobacco, and 3,000,000 pounds of candy. The allotment from the United War Work Fund was \$25,000,000, but the exact sum received by the Knights of Columbus was slightly in excess of \$17,000,000, and of this there was on June 30 an unexpended balance of \$2,112,151.46. As the monthly outgo is about \$2,000,000, fresh requisitions are being made on the war fund originally collected, the organization continuing without change its work for the temporal and spiritual welfare of the men still in the nation's service.

SEES DANGER FROM INDIAN EXTREMISTS

London, Aug. 25—A grave warning about possibilities in India arising from the activities of the extremists was uttered today by Sir Harrington Varney Lovett, who has held many important

positions in the Indian government, in the course of testimony before the committee of the government which is considering the Indian bill.

Sir Harrington said that the extremists were increasing rapidly and were using against the government a vigorous propaganda, combative and nationalist, and backed by slander and misrepresentation.

A strong leader was needed from Great Britain, he declared, or otherwise the ruin of India and British interests there would be accomplished. A policy of 'drifting' might mean the introduction of premature home rule with strife and disorder.

WILL BUILD UP A WINNING BALL TEAM

Leader of Lowly Athletes Still Thinks He Can Get Together Strong Club. Connie Mack, manager of the once powerful Philadelphia Athletics, has not completely despaired of again constructing a diamond aggregation which will rival, in point of power, the championship nine he once piloted.

Will Open Baseball School For Boys. A baseball school for the boys of Hoboken will be inaugurated at the Fletcher Park Fairview, N. J., where a staff of instructors will teach all the fine points of the game to ambitious youngsters free of charge every Tuesday, Thursday and Friday.

Jack Warhop, the former pitcher of the New York American League Club, and who is at present field manager of the W. and A. Fletcher baseball team, has been appointed chief instructor, and will have as assistants the following: Paul Kriehel, ex-St. Louis Brown; P. Smith, Bob Kelly and Bill Tamm, former New York American League Club members.

LI-COL. (REV.) MACDONALD ON VISIT TO FREDERICTON IS WARMLY WELCOMED. (Gleaner.)

Lieut.-Colonel the Rev. J. H. MacDonald, O. B. E., who went overseas in June, 1915, as chaplain of the 2nd Divisional Ammunition Column, C. E. F., and who rose to the position of assistant director of the chaplain services of the overseas military forces of Canada, arrived in Fredericton this morning to visit old friends and renew acquaintances.

The popular former pastor of the Brunswick street United Baptist church has been spending a holiday at the old home of himself and Mrs. MacDonald in Cape Breton since he recently returned to Ottawa after his long, strenuous and successful tour overseas.

France was beginning already to rise from her ashes, and the farmers were gradually wandering back to their old homes. In some areas, where this time last year there was nothing but a tangle of barbed wire, trenches and shell holes, crops are growing, and the peasants were looking forward to a splendid harvest.

Wagner Is Reappointed. The reappointment of John Henry (Honus) Wagner as general athletic trainer and baseball coach at the Carnegie Institute of Technology, Pittsburgh, has been announced by President Arthur W. Hamerschlag.

TEXAS JUDGE WHIPS JOHN R. SHILLADY

With Constable and Another Man He Drives Him From Austin After Beating. Austin, Texas, Aug. 25.—John R. Shillady, a white man, secretary of the National Association for the Advancement of Colored People, was severely beaten and placed on board an outbound train for St. Louis.

Shillady was returning from a meeting with negroes, Judge Pickle declared in describing the attack. "I told you," he said, "that his actions were inciting the negroes against the whites and would cause trouble, and warned him to leave town."

Shillady said his visit to Texas was in the interest of the association. He declared the association did not have social equality between whites and negroes for its object, as reported from Austin, but was concerned with questions of policy and special efforts to prevent lynchings.

YOUTH SOON LOSES HIS SUDDEN WEALTH

Seventeen-Year-Old Messenger Boy, Accused of \$700 Robbery, Found Unconscious. New York, Aug. 25.—William Callahan, seventeen years old, of 285 West 10th street, according to the police, disappeared on Aug. 10 with \$700 worth of Liberty bonds consigned from his employers to H. Hoey & Co. of 74 Broadway.

The boy, who was a messenger employed by W. E. B. Smith & Co. of 20 Broad street, told conflicting stories to the police. In one story he said he bought an automobile from two men who took him to Coney Island where they beat and robbed him.

Callahan was placed under arrest, charged with grand larceny. He was found by Police Sergeant Crowley at the Long Island City station and taken to the Coney Island Hospital suffering from cuts and bruises.

William Sherwood, thirty years old, who lives at the Mills Hotel, Thirty-seventh street and Seventh avenue, was arrested in Mulberry Bend Park charged with implication in the theft of \$28,000 worth of Liberty bonds from Hartshorn & Battle, 25 Broad street, on May 27 last, and later recovered in a chimney at 104 Eighth avenue.

"Sir, I came to tell you I want to marry your daughter." "That doesn't surprise me, my boy. I wanted to marry her mother when I was your age."—Baltimore American.

BIG SUM LEFT TO WALE UNIVERSITY

Gets \$18,000,000, Bulk of J. W. Sterling Estate—Other Bequests. The estate of John W. Sterling, member of the law firm of Shearman & Sterling, New York, who died July 5, 1918, was appraised last week at \$20,846,199.

The bulk of the estate consisted of bonds valued at \$4,458,144, and stocks worth nearly \$14,000,000. Mr. Sterling had real estate valued at \$1,746,764, consisting of his home at 912 Fifth avenue, New York, a property at 70 East Seventy-seventh street, and two other parcels in Manhattan.

Mr. Sterling's personal effects in his residence were valued at \$89,100, and included the bulk of his jewelry, \$9,672 his jewelry, and \$10,118 his silver. Mr. Sterling gave to his sister, Catherine M. Bunnell, books, jewelry, and a life interest in \$250,000.

Mr. Sterling's large bequest to the Miriam Osborn Memorial Home Association, according to the police, disclosed facts revealed in the appraisal. Mrs. Osborn died in 1891, and when a codicil to her will written in her own hand in 1895 was found that she had left \$100,000 to Mr. Sterling in appreciation of his services and counsel.

Mr. Sterling adds to the \$100,000 gift twenty-five acres of land adjacent to the land owned by the home in Yonkers, and thirty-two acres more in Harrison. He gives \$250,000 more to erect a building on the grounds of the home in memory of the first wife of Henry M. Stephens, and to the wife and mother of the late Lord Strathcona, both of whom were founders of the Canadian Pacific Railroad, and with whom Mr. Sterling was associated for many years.

The residuary bequest to Yale, under which about \$18,000,000 goes to the institution, represents Mr. Sterling's wish to have erected "one enduring, useful and architecturally beautiful edifice, which shall constitute a fitting memorial of my gratitude and affection for my Alma Mater." He directs that the balance of the gift be spent for equipment and for the establishment of scholarships, fellowships, lectureships, new professorships, and as special funds for prizes. This is said to be the largest single gift ever received by Yale.

When Secretary War Baker was in Chattanooga last Saturday he told for perhaps the first time the circumstances attending the selection of General Pershing to command the American forces in Europe. It was while en route to Chickamauga Park that the secretary told the story.

"When we got into the war," said the secretary, "it became necessary to select the commander of the army the United States was to send to France, and upon the first of March, Mr. Stephens, who had the selection, I had the department furnish me with all the records of the general officers of the army. I sat up all night going over those records, and long after day dawned had, by a process of elimination, made my selection. That morning I sent for General Scott, who was then chief of staff, the general promptly came to my office and I announced to him that I had made my selection of commander of the American expedition to France."

"Who is it?" asked General Scott, with a note of anticipation in his voice. "General Pershing," I replied. There was a moment's silence, and with a sort of gulping in the throat the general congratulated me on the choice and said good old soldier that he was, that a better one could not have been made. "General Scott may have thought that he would be selected, but as he was within four months of the retiring age that was impossible, as I was determined that the man who went over first in command was to continue, provided he proved capable."

AIMS TO BUILD UP MERCHANT MARINE

New U. S. Shipping Board Head Announces Policy After Talk With President. Washington, Aug. 25.—The establishment of a permanent American merchant marine, which will include 1,400 first-class steel ocean-going vessels of 12,000 dead-weight tons, built in American yards—823 of which have been built since the United States entered the war and 870 of which are to be completed before the end of 1920—is the policy announced by John Barton Paine, successor of Edward N. Hurley as Chairman of the United States Shipping Board.

The entire American fleet by the end of 1920 may include as many as 2,000 vessels when the smaller steel ships of from 3,000 to 3,500 tons, known as the Lake type, and wooden, composite and concrete ships which are not to be included in these figures, it is said that it totals about 600,000 tons.

Chairman Paine discussed the marine programme with President Wilson and it is probable that an announcement will be made soon by the President regarding it. American shipyards have now completed 1,400 ships, aggregating 6,085,000 dead-weight tons; 582 are first-class ocean-going steel vessels aggregating 4,300,000 tons of steel construction; 289 are of steel lake type, and thirteen are composite.

Ships still to be completed by 1920 include 970 first-class ocean-going steel vessels aggregating 7,983,000 tons; 121 steel lake type ships, seventy-five wooden ships and eighteen of composite or other material.

It is the intention of Chairman Paine that none of the larger steel vessels described as "first-class ocean-going steel" shall pass out of the control of American interests. He advocates the sale of such ships to private interests, which agree not to transfer them to foreign control, as rapidly as they may be sold at a price which the Government believes fair.

Chairman Paine believes the foreign commerce of the country will develop to the point where all of the vessels owned by the Government will be sold to private interests at a satisfactory price to the Government. In the meantime he feels that the Government should continue to operate the ships, selling to private interests as favorable opportunity arises.

Mr. Paine is in favor of selling wooden ships of the lake type to other than American interests if a satisfactory price is offered. "In my view," said Chairman Paine today, "the policy of the government will have in mind, first, the creation and operation of a permanent merchant marine. The government finds itself now in possession of, or will be in possession of when construction is completed, more than 2,000 ships, a very large majority of them first-class ocean-going steel ships. These ships cannot lie idle in the water and must be operated. Until they can pass into private ownership they must be operated by the Government."

"Until the President and the Congress settle on a definite policy as to the retention or disposition of the ships, the Shipping Board will be required to operate them. In my view, this should be done in the most efficient manner possible through private concerns, unless, as is true as to some ships, the Shipping Board has need for direct operation. This may be true, for instance, in supplying Italy and some other countries with coal. Until the country grows up to a merchant marine and the business men are prepared to absorb this great fleet of ships, the Government must continue to operate them."

Most of the sales already made have averaged from \$200 to \$225 a ton. This price has applied to the smaller steel ships, some of which are to be sold to foreign accounts, as well as to larger steel ships which will remain under the American flag.

USE The Want Ad Way. A SHABBY ACT. Some persons with little idea of decency entered a farmhouse owned by Percy Moore, farmhand with the N. B. Power Co., at Garnett Settlement, on last Sunday and did considerable willful damage. The lock on a door was broken and in broke several things inside. Not satisfied with this they lighted a fire on one of the floors though had they wanted a fire for any purpose other than destruction, they could have made one in the stove. Mr. Moore visited the house yesterday afternoon and found it to be a sad state because of the action of the recent visitors.

PRESENTATION OF PRIZES. A smoker and entertainment will be held this evening at the St. John Power Boat Club with the presentation of prizes won during the recent regatta in Courtney Bay. A programme of orchestra selections, instrumental and vocal solos has been arranged. The presentation of the prizes will be made by Commodore Chesley.

CHALLENGES

The Thistles of St. Peter's League wish to challenge the Pirates of the South End League to a game of baseball to take place on the South End diamond Monday (Labor Day) morning at 10 o'clock. They also challenge the Rockwoods of the East End League to a game Monday afternoon at 2:30 o'clock. An answer is desired through this paper.

BARTON-O'BRIEN

A quiet wedding was solemnized in St. Michael's church, North Ancovert, Mass., on August 23, 1919, when Leonard Barton and Agnes M. O'Brien, daughter of Katherine and John O'Brien of this city, were married by Rev. Father Haley. Miss Mae O'Brien and Thomas L. O'Brien, sister and brother of the bride, were the attendants. Mr. and Mrs. Barton will make their home in Boston.

VISIT FROM BISHOP

His Lordship Bishop Osborne, until recently Bishop of Springfield, Illinois, is expected to arrive in the city tomorrow and will be heard from the pulpit of the Mission church, St. John Baptist, Paradise row, during his stay. It is of interest to recall that Bishop Osborne was here thirty-seven years ago, at that time as Father Osborne of the Society of St. John the Evangelist, and conducted the first mission ever held in this church.

HOME AGAIN

Corporal Cloran Hay, who left here as medical sergeant with the 140th battalion, returned to the city today after more than three years overseas. He came back on the "Saxonia" and has been visiting friends in Hampton for the last few days. Before enlisting he made his home there, but his people have since removed to Boston. After the 140th was broken up he went to France with the Field Ambulance under Lieutenant-Colonel Corbet of this city, and served for quite a while in that unit. He is being welcomed today by many friends.

GOES TO THE PACIFIC

Friends gathered at the station on Sunday evening to bid farewell to Miss Annie M. Storm, who left for the Pacific Coast. One of the first volunteers in every good work, a member of the V. A. D., Y. W. P. A., Red Cross and other church and social organizations, Miss Storm goes to her new home followed by a host of good wishes. Within the last few weeks she has been made the recipient of several nice gifts, including a purse from the "Girls of the King Street offices" of T. McAvity & Sons, Ltd., where she has been employed for several years.

HERE FROM TEXAS

Henry Affleck, Mrs. Affleck and their son of San Antonio, Texas, are in the city and are the guests of Mayor Hayes for the day. Mr. Affleck and the mayor were boyhood chums in Prince Edward Island and although their paths have separated widely they have kept in touch with each other. Mr. Affleck has been in Texas for the last thirty years and it is fourteen years since he has been in the maritime provinces. He is now on his way back from the island to Texas. He brings word of Rev. B. H. Nobles, Rev. E. J. Brown (forerunner), Walter P. Fullerton, James Sproul, Maurice Dalton, Harry S. Estabrooks, Arthur B. Farmer, Harry B. Roberts, Andrew T. Dempster, Daniel W. McCre, Alfred L. Dodge.

TWELVE THOUSAND MEALS SERVED TO RETURNED MEN

Total Cost to City For Two Days Was \$1671

Average Cost Was Fourteen Cents a Meal During Celebration—Credit is Given to The Volunteer Workers

Sufficient meals to feed 2,000 men three times a day for two days were supplied by the city through the various volunteer organizations to the returned soldiers on the occasion of the soldiers' day and the Prince's visit. The total cost, according to the report of the committee in charge of this feature of the work, as presented at a meeting of the chairmen of the various committees in the mayor's office today, was \$1,671.73. Estimating the number of meals served at 12,000, this represents an average cost of only fourteen cents a meal, in spite of some unavoidable waste.

The report was as follows:—Referring to the expenses for the feeding of the men, I enclose herewith a memo of these, showing a total of \$1,671.73.

Some of these smaller bills have been paid from the money received from the sale of the bread that was left over, and I attach a memo of these items, as well, together with the balance from the cash of \$8.77.

So far as I am aware at the moment this includes all the accounts that were contracted for.

On a separate sheet you will find a memo of the bills still to be paid, amounting to \$1,608.22. It is somewhat difficult for us to get an exact number of meals that were served, but it is estimated at 2,000 men for three meals a day, making 12,000 meals in all.

Besides the items that we supplied the various canteens, there were supplies provided by some of them themselves, such as the W. P. A. and the Knights of Columbus, and some of the other institutions, who provided extras besides what the city supplied.

The various organizations which took on this work were as follows:—The Women's Institute, operating at Congregational Church.

Y. W. P. A., operating at G. W. V. A. hall.

Ladies of Centenary Church. Ladies committee of Y. M. C. A. St. David's church.

Various Catholic organizations at the Knights of Columbus hall.

V. A. D.'s at Trinity Church school room.

The Jewish Synagogue.

I cannot help but make reference to the excellent work and the willingness volunteered to take this matter up.

They worked with a right good will all the time, and were only anxious to do more, and it was rather disappointing that more could not be reached.

We were prepared to feed two or three times as many as did arrive. Unfortunately, owing to the circumstances, the bakers were not in a position to do any baking for us on the two days of the holidays, and consequently we had to have these two lines baked before the holidays began, in order to make sure of them. After doing so, we had to take delivery, and as the number of men expected was so uncertain, we provided for a good many more than were actually forthcoming.

From the supplies that were left over, we distributed, on your account, as follows:—One hundred loaves of bread to the East St. John Hospital.

Three hundred loaves of bread to the Municipal Home.

One hundred loaves of bread to the General Public Hospital.

The balance was disposed of for cash, as per memo sent you.

I might add that besides the volunteer work of the ladies' organizations, your committee was very ably assisted by H. C. Green, formerly of the Clifton House, and J. Pope Barnes, both of whom rendered most valuable assistance.

In addition to this, we were assisted by the following men, who helped us to register the soldiers as they arrived in our city:—D. W. Pundington, J. E. Angevine, H. B. Robinson, A. C. Thompson, E. Gerardot, M. Lundy, and R. E. Armstrong.

We found everyone most willing and in hearty sympathy with the whole project.

It was a most difficult task, where we had no information whatever as to whether there were one hundred coming or five or six thousand.

Your thanks are also due the management of the Imperial Theatre for the use of their lobbies for carrying on the work. Also the trustees of the Brussels school church (Charles Robinson) for use of that building as our central supply depot.

Trusting you will find this satisfactory, I remain, Yours truly,

E. A. SCHOFIELD,

C. B. ALLAN,

F. B. SCHOFIELD,

Committee.

K. of C. supplied their canteen themselves.

BOYS MAKE ESCAPE Two of the boys at the Boys Industrial School, East St. John, have made their escape from that institution, and it is suspected that they are attempting to make their way across the bay to Digby. Particulars given by the superintendent of the reformatory to the police are as follows:—

Raymond Enman, aged seventeen, a native of Charlottetown, P. E. I., is five feet, 7 1/2 inches in height, fair complexion, slender build and was wearing a grey suit with long trousers and khaki overshoes.

Alvyn Vatur, aged sixteen, native of Shediac, is five feet five inches tall, dark complexion and dark brown hair. He is a French Canadian and was wearing a grey suit with grey knickerbockers.

POLICE COURT In the police court this morning five men arrested yesterday on charges of drunkenness were remanded to jail.

A case against Fred Rooney, arrested last night on a charge of beating his wife, did not come up this morning, as Rooney was sent to the hospital on the order of Dr. Dunlop, having taken ill last night.

Ladies' Tailored Hats for Fall

A display of distinctively different Fall Hats, which includes many modish models in Beaver, Velvet and Velour, reflecting the most correct vogue in the Mirror of Fashion.

The most charmingly becoming of the newest millinery modes Tailored Hats for Autumn wear. These are to be had in all colors.

Macaulay Brothers & Company

YOU WILL REQUIRE LESS COAL THIS WINTER IF YOU USE A

GLENWOOD RANGE

Owing to the scientific flue construction of this famous range, whereby all the heat is retained and practically only the smoke escapes is the one reason why the GLENWOOD RANGE is famous as a fuel saver.

This is only one of the many exclusive features of the GLENWOOD. If you are interested we will be pleased to have you call and have us demonstrate its many Labor-Saving features to you.

The Quality and Styles of

OAK HALL CLOTHES FOR FALL

have never formed a stronger appeal to thinking men than they do today. What could be more satisfactory in such uncertain times than to be absolutely sure of dependable fabric, fine tailoring and your own desired style—at prices that are only slightly advanced over last season's and are very low—by comparison—considering the quality.

FALL SUITS FOR MEN, \$25 to \$60

It's not what clothes cost, but the service they give, that counts. For real economy buy good clothes—such as Scovill Bros.' Clothes.

Men's Shop—2nd Floor.

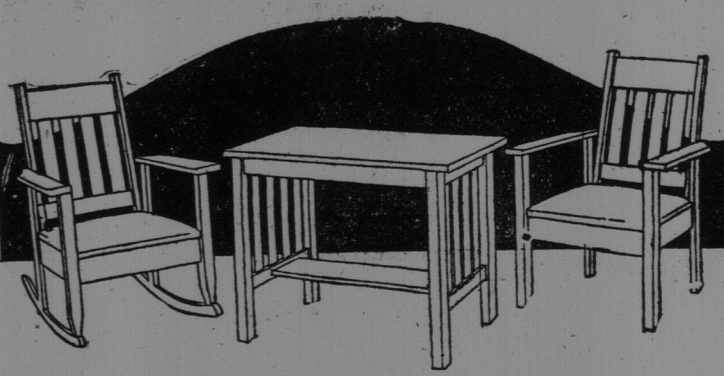

OAK HALL

Eastern Canada's Livest Men's Store.

Scovill Bros., Ltd. King St.

Fine Home Outfits

You will find home outfits here as fine as you could possibly wish to own—outfits which express refinement and beauty and good taste. And a big feature is the superior values and moderate prices. For more than a quarter of a century this store has been delivering the finest creations of the Furniture Artists to the finest homes of the city. The showing of Fine Furniture, Carpets, etc., exceeds anything we have ever offered.

Yet prices here, even for wonderful period designs, are consistently lower than one would imagine—unless one happened to be a regular Everett customer. Comparison proves.

Would you like to see and hear a beautiful Phonograph that doesn't look like the ordinary "talking machine"? Ask to see and hear the McLAGAN.
