Hartland *Farmers' *Exchange

ESTABLISHED A. D. 1891.

C. HUMPHREY TAYLOR, Proprietor.

I beg to call the attention of the public to a few lines of

SEASONABLE GOODS

which I intend giving Special bargains in during the balance of the year.

The following Goods will be sold at close margins:

Millinery, Fancy Dry Goods, Boots, Shoes, Hats, Caps, Silk Scarfs, Handkerchiefs, Ties, Collars, Cuffs, Fur and Fur Lined Caps, Cloth and Fur Jackets, Mens Fur Coats, and Ulsters, and Dress Overcoats.

AND IN FACT A FULL LINE OF READY-MADE
CLOTHING and LADIES' FURNISHING:
especially WRAPPERS.

My Xmas display is large and attractive; call early. Produce taken in exchange for goods; or CASH PAID. Bring your turkeys, geese and ducks to me. I have an order for 2,000 pounds of turkeys from Fort Kent, Me.

Goods sold at prices that will induce purchasers with produce or cash. I have for seven years been favored with a good share of your Christmas trade, and believe that this year, in spite of the scarcity of cash in general, I will be favored with at least a fair share of your business. Bring your turkeys and other poultry in early in the week, so that shippers will be able to get their poultry to market by freight, which is much cheaper than express rates.

Yours respectfully,

C. HUMPHREY TAYLOR.

Brighton S. S. Convention.

A Profitable and Interesting Meeting.

Brighton Parish S. S. Convention opened at 2 o'clock Thursday, in the Baptist church, Hartland, by Rev. A. Lucas, who gave a Bible Lesson.

After choir singing President Barnett gave an address, regretting that the parish work as an association was so deficient, but he knew each individual school was more prosperous than a year ago.

REPORTS OF SCHOOLS.

Newburg F. B.—reported by J. Barnett as progressing. R. B. at Lower Brighton—Mrs. D. H. Nixon reported, meets at 10 a. m., home class of 25, no Normal class. F. B. at Lower Brighton—reported by Supt. McKinney, 5 classes, av. att. 25, av. coll. 26, evergreen, no Home, nor Normal class. Havelock, F. B.—reported in good flourishing condition. Hartland, Union,—Mrs. McFarland reported, av. att. 41, 6 classes, good Normal class, increasing interest, no home department. Hartland Baptist—had 51 sessions in the year, total coll. \$23.08, 92 members, 8 classes, largest attendance at one session 73, av. att. 50, excellent Normal class taught by Mrs. G. C. Watson. R. B., Hartland—reported by Mrs. H. N. Boyer, av. att. 64, av. coll. 52, 8 classes and Normal class. Primitive Bap.—reported by B. W. Morgan, av. att. 30. F. B. at Upper Brighton—H. F. Nevers reported, av. att. 15. Rockland F. B.—reported as flourishing. Rockland Bap.—reported by S. N. Estabrooks, good attendance, 7 classes. Lower Windsor Union—not reported. Windsor Union—reported by C. J. Connolly as in a thrifty state. East Windsor the same. Carlisle, Cloverdale and Mainstream schools were not reported.

S. J. Parsons, Co. Supt. Home, Dept. gave an interesting talk on the work of the Home classes, followed by an address by Rev. A. Lucas, who afterward gave a blackboard lesson on "My School, and how can I improve it?"

Mrs. Nixon, Mrs. J. H. Shaw, C. J. Connolly, H. F. Nevers and A. J. Estabrooks were delegated as a nominating committee.

The session was very interesting and encouraging

EVENING SESSION.

The evening session met at 7.30 and the house was filled to its utmost capacity. The meeting was called to order by the President, Mr. Barnett, and after singing by the choir. Mr. Bayley conducted the devotional exercises. Rev. Mr. Lucas offered prayer. Minutes of last meeting read and approved. The report of the nominating committee was read and on motion was adopted. It was as follows:

President, Allan Rideout.
1st Vice President, H. F. Nevers
2nd " " A. W. Estabrooks.
Secretary, Geo. M. Shaw.
Add members, C. J. Connolly, Mrs. Darius Nixon.

Rev. Mr. Lucas gave an interesting address on the Book of John, from which the lessons of this and the next quarter are taken. The Question Box being opened the questions were answered by S. J. Parsons. Further addresses were made by Revs. Mr. Bayley and Mr. Fiske. The meeting was a grand success and may be considered one of the best that has been held.

Centreville Scintillations.

A Bright Budget of News from Our Sister Village.

John A. Humble and daughter and Fred Gibson who was attending the funeral of H. B. White left for home last Monday.

E. M. Hawkins, after feeding his stock at night, found a fine fat cow dead in the morning. No cause assigned.

We notice our M's. P. P. appear to be much interested in the Bridge just now. It would be well to ask what they have been doing in that direction the last three years, but then a local election is in the near future. Better have the goods delivered before you give the votes, gentlemen.

Mrs. H. Parlee of Westfield is visiting the old homestead. She came on a sad mission.

Jas Johnston is troubled with rheumatism and is laid up for repairs.

Mrs. David Burt went to the Fort to attend the funeral of her brother, Geo. McNally.

Elias Peterson of St. Paul, who has been on a visit to his people in Royalton left the first of the week to return to his home.

The sons of Robert and William Reed, who are in British Columbia, mining, have struck it rich, and in addition to the gold they got they have been offered \$20,000 for their claim.

A SNOW LOCOMOTIVE.

The locomotive that is to be used in hauling logs on the head waters of the St. John is after the following description:

The engine weighs 35 tons and will be geared so as to run on two giant "bob" sleds, and will be propelled by a spiked wheel seven feet in diameter and seven feet in width. The sleds will be fitted with steam steering apparatus, and the propelling wheel will be used as a surface condenser, the exhaust steam from the engine being converted into water in it and re-enters the boiler. A very small quantity of water will suffice to run the boiler each day. It will be equipped with two 75 horse power engines with vertical boiler, working at a pressure of 160 pounds. The machine when set up will be 32 feet long and 10 feet wide, and the gauge of the sleds will be 6½ feet.

Grippe Epidemic

Again Sweeping Over Canada With Unusual Virulence.

The most Violent Attack Since 1890, Leaving Behind a Host of After Effects that Make Life Miserable.--- Prompt and Effective means should be Taken to Strengthen the System.

La grippe, now sweeping over this country in one of its periodic epidemics, is one of the most treacherous and difficult diseases with which medical science has to cope. It is in its after effect that it is particularly disastrous, and these assume many forms, prominent among which may be mentioned heart weakness, bronchial and lung troubles, nervous prostration, alternate chills and fever, a feeling of constant lassitude and an indisposition to either mental or physical exertion. Often the sufferer does not recover from the after effects of la grippe for months, and in cases of previously enfeebled constitutions and among those of advanced age, the number of cases terminating fatally is appalling.

Even after a mild attack of la grippe it is imperative that the system should be thoroughly toned up, the nerves strengthened and the blood enriched. Dr. Williams' Pink Pills is the only medicine that can be depended upon for promptness and thoroughness in this emergency. These pills are a true blood feeder, bringing to the vital fluid the constituents that give it richness, redness and strength, thus driving out disease and acting as a tonic and bracer to the whole system.

Mr. Harry Dagg, a well known farmer living near Ninga, bears testimony to the great value of Dr. Williams'

Pink Pills in removing the after effects of la grippe. The disease left him a victim to cold chills, violent headaches, dizziness and severe palpitation of the heart. Mr. Dagg says:—"I finally went to Boissevain and consulted a doctor, who stated that the trouble was likely to develop into consumption. I was under his care for about three months, but was gradually growing weaker and unable to do any work. At this stage one of my neighbors advised me to give Dr. Williams' Pink Pills a trial, and as my case was critical I determined to give them a fair trial, and purchased a dozen boxes. Before the third was used there was good evidence that they were helping me, and before the dozen boxes were used I was as strong and vigorous as I had ever been, and I can heartily recommend Dr. Williams' Pink Pills for the manifold troubles that follow an attack of la grippe.

If you have succumbed from an attack of la grippe procure a supply of Dr. Williams' Pink Pills at once, and they will put you right. Insist upon getting the genuine, as imitations never cured anyone. If your dealer does not keep them, send direct to the Dr. Williams' Medicine Co., Brockville, Ont., and they will be mailed postpaid, at 50c. a box or six boxes for \$2.50.

A Fearful Curse.

Paul Beaupre, or Bo Peep, as he was nick named, is making more stir in French-Canadian Maine since his death than he ever did with his snake-skin charms and inspired prophecies while in life.

Four years ago, he was taken ill with pneumonia while staying at a camp on the East Branch and died inside of a week.

Before his death he expressed a wish to have his body taken to Montreal for burial, pronouncing a fearful curse upon those who neglected to obey his last request. Among other catastrophes that were to follow a denial of his wish were the sudden death of the camp foreman, the loss of the year's cut of logs, and the burning of the camp. He also said that if he were buried in the woods a living cross would grow up from his grave, which should serve as a perpetual warning to all unbelievers.

Beaupre died in November, 1894. His body was sewed up in new blankets and carried to a rocky point above Grindstone, where the bearers placed it under the roots of a great yellow birch tree which had lately been overturned in a gale. When the remains had been duly disposed of in the stony

opening one of the men chopped off the fallen tree trunk with an axe, allowing the stump to fly back, thus filling the hole and burying the body under tons of earth.

Two weeks later the camp boss was killed by a falling limb. The following spring the logs were hung up for want of water, and while they were lying on the shore waiting for rains a forest fire swept through the woods, burning the logs and the camp where the men had worked. This fall a party of Frenchmen who had been hunting deer stopped at Peep's grave and were surprised to find that the yellow birch which covered his remains had sprouted from the stump, sending up three shoots which had interlaced so as to form a cross about 10 feet tall. When they saw that the last of the dead man's predictions had been fulfilled they came out and circulated the story all over Eastern Maine, since which time the grave has been visited by scores of French-Canadians, all of whom believe that a miracle has been wrought above the dead.

"Are you in a good place, Mary?" asked one of her friends. "Oh, a foine place entirely," said she. "Sure, me mistress is so rich that all her flannel petticoats is made of silk!"

Carleton County Council.

January 10, 1899.

Councillors all present except C. E. Gallagher, Kent.

There being some doubt as to the effect of an act, relating to municipalities, passed at the last session of the Legislature, on the Wardenship, the present Warden, J. Y. Fleming, was continued in office for present year.

Minutes of special meeting in August last read and approved.

On motion of Mr. White, seconded by Mr. Mooers, Resolved, that a special committee of five be appointed to consider and report upon the accounts of the Scott Act Inspector, and that all other accounts against the county be considered immediately after dinner by the council in committee of the whole; Mr. Kearney in the Chair.

Mr. White said that no time would be lost, as the Special Committee could meet in the evening.

Committee appointed—Messrs White Henderson, Saunders, Mooers, Caldwell.

On motion, R. K. Jones was unanimously re-elected Secy-Treas. and S. Watts, Auditor.

On motion, Resolved, that, in addition to S. Watts and G. J. Holyoke, T. C. L. Ketchum, and Fred H. Stevens of the Hartland ADVERTISER, be employed to report proceedings of the council, they each to be paid same amount as heretofore paid Watts and Holyoke.

The auditor submitted his report which showed:—

Total receipts to Jan. 1, 1899,	\$14,405.82,
“ expenditure “ “	17,833.47.
Excess of expenditures	3,427.65
Debit balance Jan 1, 1898,	4,847.98
Debit balance, Jan. 1, 1899,	\$8,275.63

The Auditor explained that since the beginning of the year a considerable amount had been paid in, so that the balance as stated would be materially changed when the accounts were published. Report received.

Mr. White moved, seconded by Mr. Gilmor, Resolved, that the Secy-Treas. prepare a bill to go before the legislature praying that the law relating to municipalities in Sect. 6 C p 34 61st Vict, be amended by striking out the word “two” in the second line and inserting the word “one” so far as relates to the County of Carleton, and that Sect. 5, 51st Vict, Cap 48, be amended by striking out the word “three” in the second line and inserting the word “one.”

The motion seeks to reduce the number of representatives to one for each parish and also the town.

Mr. White said this was a day of reform, economy and progress and he hoped that in view of these facts his resolution would recommend itself to the approval of the council. Last year a similar motion made by him did not receive a seconding, now he thought it would be carried. He thought they should not hesitate about inaugurating a reform which was in the interest of the people financially, and which would not interfere with any of their rights. He thought his motion would meet the approbation of the intelligent people of this noble, progressive and wealthy County of Carleton. A stranger visiting the County might well be surprised that it was thought necessary to send 25 men here to do the business. The adoption of his resolution while promoting economy, would not at all impair the efficiency of the board. One representative, chosen intelligently from each parish could do all the business of the County and do it well; there were firms all over the country which collected and disbursed twice as much as is done in this County. He did not desire to reflect on previous councils, but feared they did not always conduct the County business as Councillors would do their private business. He wanted this Board to consider the matter for their

own information and that of these people who asked why are 25 men required to do our business. If the resolution was adopted it would, no doubt, make a great change. Some gentlemen now here would not probably come back. That might not prove a financial loss to themselves or the County. As good and capable men might be secured while there would be a large saving of time and money. Next January there would only be 13 members here and there would be a saving of at least \$80 and what ever was saved would by so much reduce taxation.

Mr. Gillmor said he had seconded the motion because he considered it a step in the right direction. If carried probably such good men as Cheney and Lamont would be here and White and himself would be left at home and there would be a saving to the county. One result would be they would have peace and if the heads of many of them were cut off it would be no great loss. He said the people of his parish unanimously approved of his action on the goal question.

Mr. Henderson was glad to find Mr. White displaying such vigor and renewing his youth. The theories advanced were alright, but the principle carried out would head to a reduction of the members of the Local Legislature. He was not yet prepared to accept the motion in all the details involved.

Mr. Cronkhite said the views expressed by Mr. White, and his resolution, were not the views of the people, nor would the introduction of the system proposed, promote their interests. Referring to Mr. Gillmor's remarks, he had received a letter from the late lamented Mr. Home of Glassville, in which he said the majority of the Council had made a great mistake in passing the goal resolution. But whatever the opinion in other parishes might be, his people would say we don't want the number of representatives reduced to one. The result of the principle now proposed would reduce the representation in the Local and Dominion Parliaments and would leave this county without any representation in the latter. It was true that the sessions of Council had been last year prolonged for reasons they all understood. Formerly two days in January and one in June were found sufficient to do the business. He hoped the present session would not be unnecessarily prolonged, though Mr. White might be wound up for five days as he was last January.

Mr. Phillips was opposed to the motion because in parishes of formation like Brighton and Peel, the interests of the whole parish could not be fairly represented by one Councillor and there would be no economy result.

Mr. Mooers had given the matter some consideration and had hoped to receive more light on the subject, but there was little light to be gained from the remarks of some Councillors. For the soul of him he could not tell whether Mr. Henderson was for or against the resolution. He would vote for the resolution, as he believed Simonds would be just as well represented by one as by two Councillors. He himself did not expect to come back to the board and would be sorry to do anything to interfere with the aspirations for office of any young man, but believed the resolution was in the interests of his constituents.

Mr. Caldwell must place himself on record against the motion. In his, as in all the parishes, there existed a difference of opinion among the ratepayers on public questions, as on the goal question, and they should have an opportunity of giving expression, to their different opinions, by their votes for Councillors. Then in large parishes each Councillor generally looked especially after the interests of one section; there was too much work for one Councillor and the people were willing to

HARTLAND, N. B., JANUARY 21, 1899.

THE SUN AND HARTLAND.

The Sun wastes its rare genius and valuable space on an editorial touching the Hartland bridge. Our brilliant city contemporary is manifestly quite ignorant of the government's concession to the Hartland Bridge delegation of last winter, or else it wantonly distorts the truth. The Emmerson government has agreed to guarantee both the bonds and the interest on the same, if the people of Hartland chose to form a company and build a bridge. Hartland people look upon the offer as a generous one and have accepted it. In the face of this fact why need the Sun trouble itself? It further says "The Hartland people ought to understand that they are suffering—!" Suffering, indeed! Well, perhaps we do—a few suffer in being led astray by the Sun and the rest with a more or less mild form of "swelled head," the outcome of the village's rapid advancement.

THE I. C. R. "DEFICIT."

The "Sun" quotes figures to show that Blair's management of the I. C. R. is a failure. It says that in 1893-4 there was a surplus of \$5,834, while in 1898 there was a deficit of \$139,978. It was wrong that the "Sun" should so endeavour to make it appear that there was such a vast difference, without saying something about the way the deficit occurred. One reason why Mr. Blair's expenses were more is that Mr. Haggart, his successor, had been in the habit of making road repairs late in the year. As the spring is the proper time to do this work, Mr. Blair last year made the repairs early. As a result the cost of repairs for two years are given in the figures the "Sun" quotes, and this adds \$150,000 to the ordinary expenditure, which more than accounts for the deficit. Beside this Mr. Blair has renewed and repaired the rolling stock which Haggart had allowed to become sadly dilapidated. The opening of the Drummond road did not take place early enough to figure very largely either way.

The Chatham World assures its readers that next week it will announce the exact date of the provincial elections, which, it says, are to take place next month. The World is an opposition sheet.

MR. COSTIGAN'S VIEWS.

Hon. John Costigan has declared himself in favor of the Emmerson government. He further has very emphatically denounced the resolutions carried out at the Moncton Convention, and believes they will have very little effect. He says "the Convention did not attack the policy of the government either in whole or in part, but indicated a desire simply to turn it out in order to run local politics on Dominion party lines." Mr. Costigan says if he is in this province at the time of the provincial election campaign, he shall certainly give the Emmerson government his support. He has represented Victoria Co. at Ottawa continuously for thirty years, and as a cabinet minister was esteemed highly by both parties for his integrity.

pay in order to have the work well done. It would cost as much in the end for one as for two Councillors.

Mr. Saunders said this was a step in the right direction and he was glad Mr. White had the courage of his convictions in bringing this motion forward; last year he had received no support; he came back now to find his views more favorably considered. This was a proposed reform, and all reforms, even the greatest were at first unpopular. He thought the business of the county could be done just as fairly, as honestly and efficiently by one Councillor as by two and, in some respects, better. Councillors were not elected to represent one part of their parish, but the whole of it, and should have regard to the interests of the whole. He had not heard anything said of the matter in town, but was satisfied Woodstock would be satisfied with the change; he had always doubted if Woodstock was entitled to more than two Councillors at this board.

Mr. Connolly briefly expressed himself opposed to the resolution.

Mr. Forrest said experience was a great teacher; their experience was that a board of 25 members had done well; he would vote to let well enough alone.

The time having arrived for the order of the day, further discussion of Mr. White's resolution was deferred and the Council went into committee of the whole; passed upon the accounts and reported by their chairman, Mr. Kearney, to the warden. Report was adopted and the several accounts ordered to be paid as follows:—

On motion of Mr. Saunders, Scott Act inspector Colpitts read his report as follows:

To the Warden and Councillors of the Municipality of the County of Carleton.

GENTLEMEN:—I, Bamford Colpitts, Inspector of the County, under the Canada Temperance Act, hereby submit my report for the year 1898.

Since last January session I have made 119 prosecutions, of these 92 convictions were made and 27 cases were dismissed.

I have received from fines \$2,647 I have paid out in expenses the sum of \$1,675.05. I have retained my salary, \$350. I paid into the hands of the Secretary-Treasurer the sum of \$529 16, but in the early part of the year I got from the Secretary-Treasurer to pay certain expenses the sum of \$29.16 leaving the sum of \$500 net that I have paid to the Secretary-Treasurer for the use of the Municipality.

I have paid all charges and expenses in connection with the working of the Canada Temperance Act, with the exception of a small bill that the gaoler may have for the

board of Mrs. Shepard who was confined in gaol a few weeks for non-payment of fines. To summarize, I have paid all costs, charges and expenses, with the exception of Mrs. Shepard's board; have retained my salary, have paid into the hands of the Secretary-Treasurer over and above what I received from him, the sum of five hundred dollars, and I now have in my hands the sum of \$121.95

I hereby hand in my accounts made up in detail, in two parts, number one being from January, 1898, to June 1898, and number two from June, 1898, to January, 1899.

Dated the 10th day of January, A. D 1899.
BAMFORD COLPITTS.

In reply to Mr. Saunders, Mr. Colpitts said that he had not paid any of the money collected to the town of Woodstock. The details of this report were embodied in his full account now in the hands of the chairman of the special committee.

On motion of Mr. Gallagher, seconded by Mr. Henderson, report was received and filed.

The Warden called attention to a paper received by the Secretary Treasurer by mail which was in the form of a petition and which could, properly, come before the board at the hands of a councillor.

Mr. Saunders said he would read and present the petition which was as follows:—

To the Warden and Councillors of the Municipality of Carleton.

GENTLEMEN:—The petition of James G. Atkinson, a Medical Practitioner of the Parish of Kent, in the County of Carleton, humbly sheweth

That B Colpitts, Inspector for the said County, under the Canada Temperance Act, did employ disreputable persons with the promise of a certain sum to go about among the law abiding ratepayers of the said County, and tempt them to sell intoxicating liquor contrary to law, in order that the said Colpitts might secure convictions and pay the informers a certain sum for conviction, contrary to good morals, scripture and common law.

That the said B. Colpitts did by the said disreputable person, employed as aforesaid, obtain evidence and convict medical practitioners of offences against the Canada Temperance Act, contrary to the provisions of the said Act, and Act of Assembly, 44 Victoria, Chapter 19.

That the said B. Colpitts did without warrant of law, or of fact, cause vexatious prosecutions to be laid against several of the law abiding ratepayers of the said County and cause them to be put to loss of time and money without cause, contrary to the principles of good government.

That the said B. Colpitts did administer the provisions of the Canada Temperance Act, the hearing of evidence and making conviction excepted, in an arbitrary manner contrary to law, to wit: collecting fines out of court; and costs not according to scale of fees laid down by parliament of Canada.

That the said B. Colpitts did not prosecute the Canada Temperance Act for the suppression of the traffic in intoxicating liquors, but did prosecute the said Act solely for the purpose of collecting a large number of fines, and securing for his own pecuniary benefit a large bill of costs contrary to the spirit of the said Act.

Therefore your petitioner humbly prays that a committee of your honorable Council may be appointed to investigate the above charges under oath and report to your honorable body, at its ensuing session, that justice may be done in the premises.

JAMES G. ATKINSON.
Bristol, N. B. Jan. 5, 1899.

Mr. Colpitts absolutely denied the truth of the charges, for which there was no foundation, and requested a prompt investigation.

On motion of Mr. Saunders, seconded by Mr. Cronkhite—Resolved that the petition of Dr. Atkinson be referred to a committee of the whole, as the order of the day for tomorrow at one o'clock p. m., and that the petitioner be notified by the Secretary Treasurer to appear at that time.

Why Suffer.

When Your Agony and Torture Can Be Permanently Banished By Paine's Celery Compound.

Neuralgia Surely Cured by the Great Medicine.

Able Physicians Recommend It.

Able physicians, after a satisfactory experience with Paine's Celery Compound, have come to the conclusion that it is a true specific for that merciless tormenter—neuralgia. Neuralgia indicates a low or depressed state of vitality and nothing so rapidly weakens and exhausts the system as pain that prevents sleep and keeps the body and mind in agony and torture.

Neuralgia is a nerve disease, is most common in the face, and frequently the entire head suffers excruciating pain. Attacks of neuralgia are very uncertain sometimes they come and pass quickly away; often the pain and agony will continue for several weeks and months.

When there is a lowering in vitality when sleeplessness, anxiety, malaria, and debility are at work, and when there is exposure to wet and cold with rheumatic tendencies, neuralgia is sure to prevail.

Paine's Celery Compound being a nerve medicine and nerve food, it reaches the root of trouble in a way that no medicine can do. The most terrible and long standing cases have often been completely cured by the use of a few bottles. Paine's Celery Compound has in thousands of cases saved lives after the best medical exertions failed. If your life is a continued misery from neuralgic tortures be wise and use at once nature's true nerve medicine, Paine's Celery Compound. Beware of substitutes; "Paine's" is the kind that cures.

Letter Of Condolence.

Mrs. Kay.
Dear Friend:—
WHEREAS, It has pleased Almighty God to call home your dear son. Be it therefore

RESOLVED, That we, a committee appointed by the L. O. L. No. 41, at Hartland, of which he was a member, extend to you our heartfelt sympathy

We always found in your son a true brother. This was manifest in the fact that he was always ready to help a needy brother member or any other worthy person. He was a member of our Lodge, and in him we always met one who fully appreciated the strong tie of human brotherhood.

We hope and pray that the Great God who controls all things will sustain you in your sad bereavement; further

SPOILED MATERIALS.

A Well Known Druggist Gives His Experience.

A successful and well known Canadian druggist said recently: "I know from experience what it means to sell dyes that have no standing or established reputation. Over a year ago I put in a small stock of—

Dyes. I had been asked by three or four persons for these dyes which they saw advertised, and I was under the impression the demand would increase. In a year's time I sold probably from twenty to twenty-five packets, and had so many complaints from disappointed women who had spoiled good materials and garments with these dyes, that I banished every one of them to my back storehouse, where they now are. I find that Diamond Dyes give perfect satisfaction to all my customers, and will sell no other make while I am in business. What a tale could be told by women about spoiled goods from using cheap and trashy dyes."

This statement from an old established druggist has its notes of warning. His long and extended experience is in favor of the Diamond Dyes. There are, too, hundreds of other druggists and dealers and tens of thousands of women who could give clear and convincing testimony that Diamond Dyes are far ahead of all other dyes in purity, strength, fastness of color, brilliancy and beauty.

As long as there are imitation and adulterated dyes sold, it is well that all should insist upon getting the "Diamond" when buying dyes for home dyeing. See that the name is on each packet.

Japan with a population of 45,000,000 has 220 towns that have more than 100,000 inhabitants. In 1886 the number of such towns was 117. Osaka has increased from 360,000 to 510,000 inhabitants in ten years. Yokohama from 89,000 to 180,000. Kobe from 185,000. Tokio has now a population of 1,300,000.

A Banker's Experience.

"I tried a bottle of Dr. Chase's Linseed and Turpentine for a troublesome affection of the throat," writes Manager Thomas Dewson of the Standard Bank, now of 14 Melbourne Avenue, Toronto. "It proved effective. I regard the remedy as simple, cheap and exceedingly good. It has hitherto been my habit to consult a physician in troubles of this nature. Hereafter, however, I intend to be my own family doctor."

Birthday Party.

On Monday, January 16th, Miss Cora McCollom of Upper Brighton, celebrated her sixteenth birthday by giving a party. There were about thirty guests present most of whom were from this village. The evening was very pleasantly spent in conversation, games, and music, both vocal and instrumental. At half past ten a bountiful repast was served, and at twelve the party broke up all seeming to have enjoyed the evening to the fullest extent. A number of pretty gifts was presented to Miss McCollom.

Spasms Lasted for Hours at a Time—Left Great Aching and Soreness—Dr. Chase's Kidney-Liver Pills Proved His Deliverer.

I was for over six months troubled with very sharp pains in the region of my kidneys, the spasms lasted for half an hour at a time, and left me with great aching, soreness and pain. I tried many remedies, but they did me no good. I commenced taking Dr. Chase's Kidney-Liver Pills according to directions. I had not much faith that they would cure me, but after taking one box I noticed a change for the better. It may seem incredible, but after taking the second box the pains all left me entirely, and I have not had them since.—Amos Carter, Melbourne.

ESTEY & CURTIS are prepared and competent to fit, and have been fitting SPECTACLES and EYEGLASSES during the year 1898, and if they have a dissatisfied customer they would be only glad to have that person call upon them. They guarantee perfect satisfaction or goods returnable, and no charge made.

In many cases persons are fitted with Glasses when there is no need for them. But the average Spectacle pedlar and Jew "Optician" recommends glasses whether they are needed or not, and when the person who is cheated finds that the Spectacles are of no benefit, the pedlar is gone.

Estey & Curtis examine
the Eyes Free of
Charge.

We believe some of the people can be humbugged all the time, along some lines, but we believe Mr. Jew "Optician" has done all the business he can in this vicinity.

If You want Spectacles
give us a call.

We have as fine a test case is used in Canada or the United States. We guarantee perfect satisfaction or money refunded.
