WORLD WAR IN FAR EAST. If Russia and Japan Begin Fighting. Other Powers Will Inevitably Be Dragged in - The Situation Summed Up.

ST. PETERSBURG, Jan. 16.—A despatch received here from Vladivostok says it is reported there that all the powers have urged Japan to maintain the status quo, pointing out the undeniability of any disturbance of the peace.

ST. PETERSBURG, Jan. 16.—According to a despatch from Port Arthur, Viceroy Alexieff, addressing the troops, on the occasion of the New Year's parade, Jan. 14, declared that it is the wish of the emperor that peace shall be preserved in the Far East.

PORT SAID, Jan. 16.—The Russian battleship Orel has left this port for Suez. The remainder of the Russian squadron is awaiting orders.

NEW YORK, Jan. 16.—An additional squad of the U. S. marines has arrived to protect American citizens, says a Herald despatch from Seoul, Korea. Natives of the United States here outnumber those of any other country except Japan and China, and their commercial interests exceed all except Japan.

NEW YORK, Jan. 16.—Cableing from St. Petersburg, the correspondent of the Herald quotes an unnamed prominent diplomat as saying, "Let all those who are adding fuel to the fire which means war, remember that no possible power can limit the war in Japan and Russia. Its extension to other countries is sure with results too terrible to consider."

There is a unanimous feeling that Russia cannot accept any proposition from Japan which is lowering to her national pride. The situation may in fact be summed up as follows: Japan is dissatisfied with the Russian note. According to a high official of the foreign office, when the last Russian reply was sent to Japan, Russia considered all she possibly could do, and was willing to grant small concessions to Japan in Korea, she refused to discuss the question of Manchuria. Japan insists in pushing the Manchurian open door question and also urges that she should have assurance of the integrity of Korea and China to which Russian consent is impossible. Russia will reply in a few days and will lay her reasons before the powers justifying her attitude.

MARTELLO TOWER NOT PUBLIC. Guardian May Use Discretion Admitting Visitors. Answers to Charges of Disrespect and Involvement to Tourists Made Against Sergt. Damery.

At the annual meeting of the New Brunswick Tourist Association, which was held on Thursday evening in the Board of Trade rooms, D. J. McLaughlin, as reported in the morning papers, made a reference to the following effect: "He thought that the conditions relating to Martello Tower should be changed. A great many that come over there had been treated with disrespect, and this was sure to hurt the city in the eyes of visitors."

At the time the murder was committed the wife of the murdered man said her husband had been drinking and drove the whole family from the house, compelling them to take refuge with a neighbor. Guy explains his absence for three years by saying that Sam Houghton, a neighbor, had threatened violence to anyone who would testify against Floyd and fear kept him quiet.

BRANFORD, Jan. 16.—A murder was narrowly averted near Burford on an early hour this morning. The news of the affair did not reach here until late this afternoon, when John Easton was brought to the local police station and lodged behind the bars on a charge of attempted murder. Easton is believed to be unbound in his mind. About seven years ago he was injured in a street railway accident in this city, and sued the company for \$10,000, claiming a spinal injury. The doctors pronounced the man perfectly well and he recovered a very small sum in his account. Still he declared his back was broken, and encased himself in a plaster of Paris cast and was driven around the country, selling articles and small wares. Finally, he landed in Toronto, about a year ago he joined the Dowrie sect, and then came the miraculous healing which created so much excitement in Toronto at that time. He claimed he was told by spiritual voices to arise and walk, and he did so.

On returning to this section Easton rented a farm near Burford. Here the family resided. Last night Mrs. Easton gave birth to a child. All was peaceful until an early hour this morning, when Easton rushed into his wife's room and seized her about the neck, declaring that he was prompted by the spirits to come and "claim his own."

The woman screamed, and immediately the man responded. The strength of the father overpowered him, and Easton avowed his intention of strangling the woman. Luckily other timely assistance arrived, and it was only by main force that the man was placed under control. He actually tore the hair from the wife's head in the terrible struggle. The woman was very distressed, and her condition is extremely critical.

SKILFUL BURGLARS. Big Safe Cracked and Robbed a Block Away From Police Station—\$500 Stolen. NEW YORK, Jan. 16.—Early today burglars entered a cafe on Mercer street, one block from the police station, cut the bottom out of a safe weighing 1,000 pounds, after moving it into a lavatory twenty feet from where it had formerly stood, and took the money it contained, securing about \$500. In the adjoining building into which the burglars first broke in order to effect an entrance to the safe, they were found sectional "jimmies" drills and chisels of the finest steel and tools of which the police say they have never seen the equal. The moving and opening of the safe, it is said, must have taken the burglars at least three hours.

OLD MURDER CLEARED UP. Witness of Crime Breaks 3 Years Silence. Young Man Arrested on the Charge of Murdering His Father in January 1901.

ERIE, Pa., Jan. 16.—A murder mystery of three years standing was cleared when Floyd Peckham, aged 22, was held without bail for shooting his father, Daiton Peckham, on the evening of January 18, 1901, at the family home near Cranville, in this county. The elder Peckham was found murdered in his home and his son, Floyd, was arrested on suspicion of having committed the crime, but at the request of the district attorney he was not indicted because of insufficient evidence.

At the time the murder was committed the wife of the murdered man said her husband had been drinking and drove the whole family from the house, compelling them to take refuge with a neighbor. Guy explains his absence for three years by saying that Sam Houghton, a neighbor, had threatened violence to anyone who would testify against Floyd and fear kept him quiet.

HOW DIFFERENT BLOWS AFFECT THE FIGHTERS.

Boxing is a game for strong men. No others can compete in it successfully. It is the one line of business in which, in these days, physical strength and force share with brains the power to earn money.

HANLON FULL OF ORIT.

Still, in the fight with Corbett Eddie Hanlon showed courage and gameness of a rare quality. Corbett is a terrific hitter. He must have landed his right fist squarely on Hanlon's chin half a hundred times during the battle, in up-bercuss and swings. He hammered the "Frisco boy in the body. But Hanlon's magnificent physical condition, the result of long training, enabled him to continue. He was only gradually beaten down and did not stop fighting on the aggressive until the knockdown in the 14th round made it absolutely impossible for him to keep up the pace.

STOMACH BLOW IS PAINFUL.

The only blow that hurts is one in the pit of the stomach. That is painful. It makes a man gasp for recovery his breath. Sometimes he can keep away for a few seconds until he recovers, and then he is all right. But if he shows his weakness the other fighter will go in and force the fighting at such a hot pace that he will have no time to regain his strength, and in that case he will be beaten down.

PUNCH ON CORBETT WORST BLOW J. J. CORBETT EVER RECEIVED.

During their ring career fighters encounter many noted experiences both in the manner in which they are defeated as well as the way in which they dispose of their opponents. Many peculiar blows are landed and received which the ordinary spectators do not see or realize. Blows that are least expected to do damage often turn the tide of battle. There is not a fighter who does not remember the hardest blow that he received from his antagonist and the most dangerous blow which he himself possessed.

FELT EFFECTS FOR A MONTH.

"That blow took the steam and in fact, all of the fight out of me, but I stilled alone, hoping that its effects would die out. But no, the longer the battle lasted, the worse it hurt me. When Fitz landed on the stomach, I simply took my wind away and when I had recovered I felt no ill effects and was ready to continue fighting."

KNOCKOUT NEVER HURTS.

In a fight a boxer may be cut and bruised. He may receive injuries that would make him wince if they were to be endured in cold blood, sitting in a chair, but in the excitement of the battle he hardly feels them. He does not know that a blow has cut him unless he sees the blood. He is dazed by the impact of a glove, but the sensation is only that of dullness and drowsiness. When he is knocked down by a blow on the chin, stunned so that while he is still conscious but unable to rise, he only feels as if he were going to sleep quickly, under the influence of an op-

A Kidney Sufferer FOR FOURTEEN YEARS.

Mr. Jacob Jamieson, Jamieson Bros., the well-known Contractors and Builders, Welland, Ont., tells of how he was cured: "For fourteen years I was afflicted with kidney trouble which increased in severity the last five years. My most serious attack was four years ago, when I was completely incapacitated. I had terrible pains across my back, floating specks before my eyes and was in almost constant pain. I could not sit or stand with ease and my wreck in health, having no appetite, lost greatly in flesh. I had taken a lot from five different doctors and purchased numerous other preparations to Doan's pills. Finally began to take Doan's Kidney Pills and before I had used five boxes the trouble left me and I, those better than I have for twenty years, believe who know me know how I was cured and say it is almost impossible to know that I have been cured, yet the belief is so. I have passed the meridian of life but I feel that I have taken on the base of boyhood."

A PASSENGER PORT.

Transportation Commissioners Say Halifax is the Best Port in Canada for Passenger Traffic

HALIFAX, Jan. 15.—The transportation commission held its second and last session this afternoon. During the morning they were taken for a cruise along the water front and at the opening of the afternoon session Chairman Bertram said he was surprised at the magnitude of the harbor.

At the close Mr. Bertram and Mr. Torford urged the citizens to develop their energies to make Halifax the great passenger port of the dominion. No other port, they said, was so suited for quick handling of passengers as Halifax.

SIX DOCTORS FAILED TO CURE HIM.

ERYSIPELAS AND SALT RHEUM WAS THE TROUBLE. Burdock Blood Bitters DID MORE THAN SIX DOCTORS COULD DO.

Mrs. Theo. Newell, Argyle Road, N.B., expresses her opinion of this wonderful blood remedy in the following letter: "It is with the greatest gratitude that I can testify to the wonderful curative power of Burdock Blood Bitters."

"I am with the greatest gratitude that I can testify to the wonderful curative power of Burdock Blood Bitters. For years my husband suffered terribly with Erysipelas and Salt Rheum. He was so bad at times that he could not sleep on account of the itching and burning. He had been to the care of six different doctors, but they failed to do him any good. I had read different times of the wonderful cures being made by Burdock Blood Bitters, so advised him to give it a trial. He did so, and after taking five bottles was cured without a doubt. I would strongly advise any person troubled with blood disorders to give B.B.B. a fair trial for I am sure it will cure them."

AN IMPORTANT MOVE. The Canadian Bank of Commerce has decided to remove from its present quarters on Princess street to a new and permanent home on King street.

The bank has, it is understood, purchased or made arrangements to purchase the building at the corner of King and Germain streets owned by the T. S. Hall estate. This building will give place to a new and handsome bank building, fitted up in thoroughly modern style and with all the conveniences necessary to enable the enterprising bank to carry on its business with greater comfort to both patrons and staff than is possible in the present quarters.

The change from Princess to King street is an important one, as indicating the development of business in the up-town sections.

It is understood that the book and stationery business of T. H. Hall will be moved across the street to the store now occupied by A. E. Clarke.

FINANCE AND ACCOUNTS COMMITTEE. The finance and accounts committee of the municipal council met yesterday afternoon at the office of the county secretary and made a careful examination of the various bills presented.

The committee agreed to make this recommendation.

A BAD TANGLE. The express from Montreal, which ordinarily arrives in St. John about noon, arrived at 12:24 o'clock this morning, twelve hours late. The train was not direct from Montreal, but was the train that left here Thursday night. At the place of the wreck near Lovelltown the passengers and baggage were transferred from the regular express from Montreal to the train bound for Montreal, which came back to St. John. The delay of twelve hours in arriving at St. John was caused by the time taken to transfer the passengers who ordinarily come on the Boston train, which arrives at St. John at 11:15 p.m., came last night on the Montreal train. The Boston train was two minutes after the Montreal. The track at Lovelltown was expected to be clear by six or seven o'clock last night.

AT SEAMEN'S MISSION. There was a large attendance at the entertainment at the Seamen's Mission last evening, and the affair proved to be a most enjoyable one. Members of the str. Montague and str. Ionian combined with some shore talent to give a splendid programme.

Comben; song, Mr. Williams; banjo solo, S. W. Sherrard; and song, John Carey. At the close light refreshments were served.

RUSSIA REPORTED TO BE ENTERING TIBET. Chinese Minister at St. Petersburg Says Troops Are Being Sent There.

HONG KONG, Jan. 15.—Advices have been received here from Peking to the effect that the Chinese minister at St. Petersburg and the Chinese resident at Lhasa informed their government that Russia is dispatching large reinforcements to Tibet, whether a British expedition, under Col. Macdonald, was recently sent from India. The Chinese minister at St. Petersburg also advised this government that Russia has made every preparation for war.

FIFTEEN CENTS FOR DAILY FOOD.

Major W. H. Bean, of the U. S. Army, demonstrates that that is sufficient to pay. Maj. William H. Bean, of Omaha, Neb., of the department of the Missouri, has made himself a target for the curiosity of womanhood in every part of the United States.

Major Bean has adopted this system rigidly in his own household. He has cast out all such inoffensive evils as greasy dishes and buys all his food for the nutriment it contains, regardless of its cost in the market.

HELEN KELLER HAS PLAN TO HELP BLIND. Project for Industrial Agency for Unfortunate May Go Before Legislature.

BOSTON, Mass., Jan. 15.—If the ideas of Miss Helen Keller, the blind girl, who has become famous all over the world, are carried out, there will be established in this city a state industrial agency for the blind. Persons interested in philanthropic work have become impressed by remarks made by Miss Keller at a recent meeting in this city, and they will probably have her plan given to the state legislature for consideration.

Major Bean has solved the problem of "How to live on fifteen cents a day" to his own satisfaction and that of a large number of husky workmen, who are employed as day laborers by the department and have been made part of the experiment.

DRESS AND FASHION.

CORRECT STYLES IN SKIRTS AND COATS OF THE SEASON.

The Walking Skirt—Shapely Basque Coat—Oriental Embroidery on Tailor Gown—Brown and Blue Are Color Favorites.

All indications point to the reign of the short skirt as the correct walking skirt, and a shapely basque with hip pockets will return with the tight fitting coats, for the tailor styles that have been almost eclipsed by dressmaker modes will be again in favor with fashionable women.

New Paris models point strikingly toward the combination in a costume of a shoulder bolero coat and skirt of the same cloth or velvet.

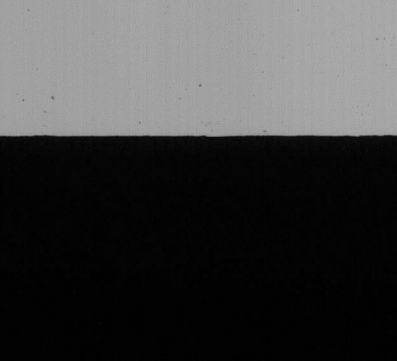

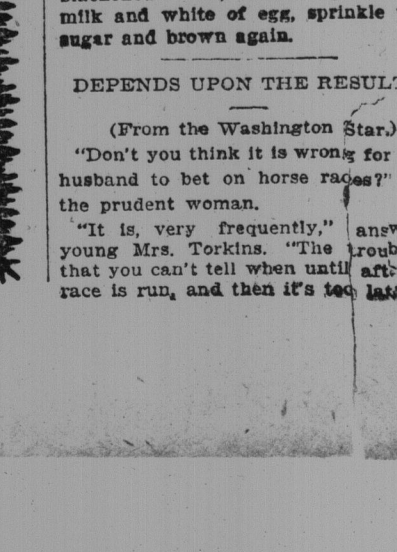

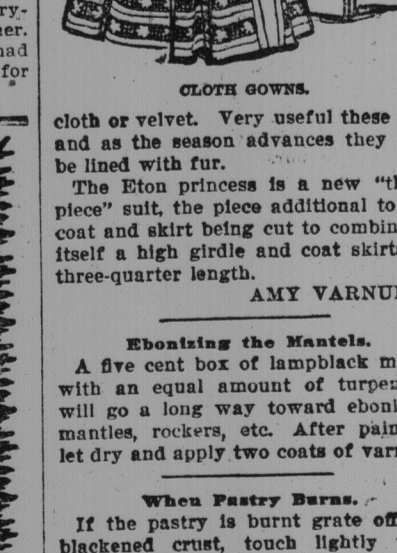

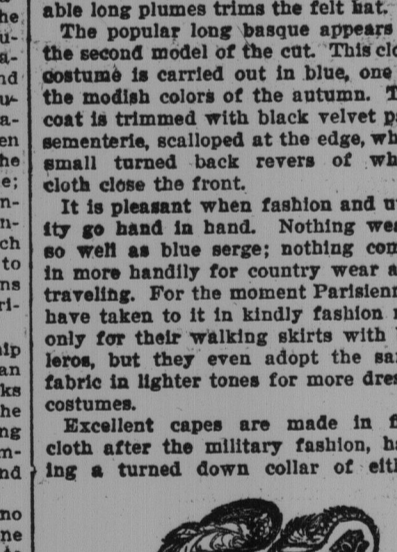

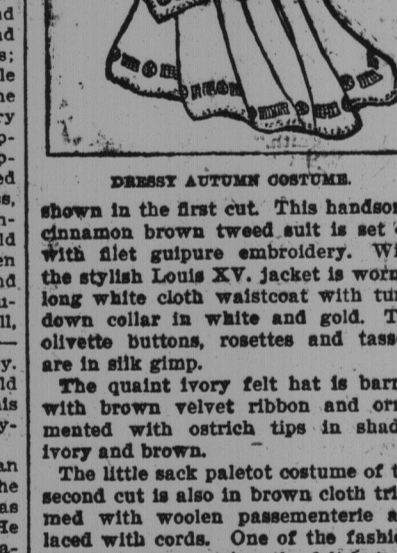

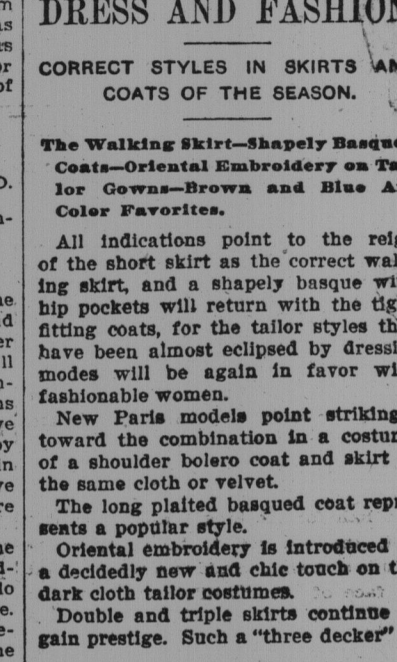

The long plaited basque coat represents a popular style. Oriental embroidery is introduced as a decidedly new and chic touch on the dark cloth outer costume.

Double and triple chairs continue to gain prestige. Such a "three decker" is shown in the first cut. This handsome cinnamon brown tweed suit is set off with elegant embroidery.

The little sack tunic costume of the second cut is also in brown cloth trimmed with woolen pascament and lined with cord. One of the fashionable long plumes trims the hat.

The popular long basque appears in the second model of the cut. This costume is carried out in blue, one of the modish colors of the autumn. The coat is trimmed with black velvet pascament, scalloped at the edge, with small turned back covers of white cloth close the front.

It is pleasant when fashion and utility go hand in hand. Nothing wears so well as blue serge; nothing comes in more handy for country wear and traveling. For the moment Parisians have taken to it in kindly fashion not only for their walking skirts with boleros, but they even adopt the same fabric in lighter tones for more dressy costumes.

The Best Liniment is BENTLEY'S The Modern Pain Cure. It banishes pains and aches of every description and stands unrivaled as the foremost household remedy. It is safe and sure relief for Cuts, Bites, Bruises, Burns, etc., and is without an equal in all cases where a liniment or pain cure is required.

THE REBELLED. A Story of the Great Rebellion.

By James Workman, in Cassell's Magazine.

Late one afternoon in the year 1865, I was riding with all speed to reform my regiment, which was then with the forces under Lieut-General Cromwell.

My horse was a fine bay, and I was in the saddle and in the saddle, and I was in the saddle and in the saddle, and I was in the saddle and in the saddle.

COST OF ELECTIONS. HEAVY IN ENGLAND. Parliamentary Candidates Find Costly a Heavy Drain on Their Purses.

It is a curious fact in connection with election law that, although it is illegal to hire a carriage to bring a voter to the poll, expenditure for the hire of a carriage is permissible where the nature of the constituency is such that the voters are unable to reach the polling place without crossing the sea or an arm of the sea.
