PROBS.—UNSETTLED

PRICE TWO CENTS

FIERCE FIGHTING IN SOUTH AFRICA

Settlement Negotiations Fail to Placate Angry Miners.

MANY CASUALTIES IN STREET BATTLE.

Strikers Refuse Terms and Bloody Riots Still Continue—Union Leaders Threaten to Loose 200,000 Zulus.

Johannesburg, July 6.—The strike, which involved practically all the gold miners on the Rand, is not yet ended. The authorities were finally compelled to declare martial law, and during several hours today, the troops raked the streets with rifle fire. Negotiations for settlement were opened this afternoon and brought to what was thought to be a successful close after several hours' deliberation. The strike leaders at first agreed to the terms proposed. General Louis Botha, premier of the Union of South Africa, Sir George A. F. P. F. P., chairman of the East Rand proprietors' mines, and General Smith, took part in the negotiations. While negotiations were going on there occurred the fiercest and most sanguinary conflicts between the police and the troops, and the mobs that had yet taken place. Early in the afternoon crowds gathered in front of the Rand Club and began to stone it. They disregarded orders to disperse, and the troops fired with deadly effect. Near the Union Club another mob was scattered by the dragons, who charged fiercely.

Many Killed.

Some of the principal streets were the scene of sharp engagements. Ambulances were kept busy for the gold day. Within a comparatively short time and in a comparatively short area, about sixty of the rioters were killed or wounded. The fighting in other quarters swelled the casualty list, it is believed, to considerably over a hundred. The terms of the proposed settlement are as follows:

1. The strike is to be immediately declared off, the strikers to return to their homes, all further disputes shall cease and no more property is to be destroyed.
2. The new Kleinfontein strikers are to be reinstated and the government is to grant suitable compensation to the strikebreakers who are in no way to be victimized.
3. The strikers in other mines are to return to their work and are to be taken back as mining operations are resumed. No victimization to take place.
4. Representatives of the works are at liberty to lay any other grievances before the government, who will enquire into them.

Mobs Re-assembled.

Johannesburg, July 6.—The mobs re-assembled today. All train services were suspended, the crews refusing to work. No newspapers were able to publish today. Additional troops guard the Rand Club, which was the scene of the serious encounters Saturday. A mob assembled outside the building, shouting and jeering the troops. At three o'clock Sunday afternoon there had been no further firing, but only a spark was required to start a conflagration. The opinion was very general that the government has made serious blunders throughout the present trying situation. When General Louis Botha, the ex-premier of the Union of South Africa, and General Smuts, minister of the interior, mines and defence, arrived at Johannesburg they were amazed at the strikers' organization and the desperate state of the leaders. The federal unions are flushed with success and confident they are complete masters of the situation. The trades unions are ready to carry out any order that is given to them. The leaders have already commanded the newspapers to cease publication until further notice. They count on the government's fear of the natives 200,000 of whom are locked in the compounds at the mines. They might start looting and killing if released. The terms of settlement failed to stipulate when the men should return to work, thus leaving matters in a chaotic condition.

Anarchy Reigns.

The casualties resulting from the fighting Saturday are now estimated at 110. Two officers, three soldiers and several policemen were wounded. The strike leaders were apparently trying tonight to get the men to accept the terms, but on all sides dissatisfaction is expressed. A spirit of anarchy has been roused which is difficult to control. A great crowd of strikers wearing red badges surrounded the Carlton Hotel, where the terms of settlement were being arranged last night. When the leaders announced from the balcony that a settlement had been agreed to, they were greeted with shouts: "What about the dead? You've been bought."

Veterans Crowd Gettysburg Beyond Capacity at Reunion

VIEWERS LOOKING AT THE MONUMENT AT BLOODY ANGLE

Despite the efforts of the regular army, thousands of veterans spent the night on Gettysburg field with nothing between them and the stars but their cloths and their courage and nothing between them and the hard earth but a little more of the same thing. It wasn't the fault of the regulars and it wasn't the fault of the veterans. The railroads poured the thousands into Gettysburg, and train after train that was due early came crawling in after midnight. Major Normoyle, of the Quartermaster's Department, U. S. A., in charge of the vast camp, was up all night with the army officers. Major Normoyle declared today that probably 25,000 veterans will be on the field by night, 5,000 more than was expected. In the rounds the regulars made of the camp in the early hours they ran into many things that made them angry. While other veterans shivered in the chill before the dawn they found a Pennsylvania flag that they had lost in the battle of the Boonville. The Pennsylvania flag was kept for them for friends.

BIG SUM FOR AGRICULTURE IN ONTARIO

Department of Agriculture Makes Public Distribution of Grant to Aid in Advancement of Farming.

Ottawa, July 6.—The Department of Agriculture has made public the distribution of the grant for aid to agricultural education in Ontario. The largest grant into which the total sum of \$195,733 is divided is \$80,000 for district representatives, men who are placed in local centres as expert advisers on farming topics. The next largest is one of \$51,500 for buildings at the Ontario Agricultural College; this is spread over buildings for poultry, field husbandry, apiculture, dairy and bacteriological departments. Next in size comes a grant of \$10,000 to encourage agriculture in the public schools, partly by grants and partly by helping teachers to attend courses for instruction. Stock and seed judging courses get \$2,500; Women's Institute work get \$3,500; fall, fair and field crop judging courses get \$5,000; a similar sum goes to educational work in connection with marketing farm products, organizing co-operative societies, etc. For drainage work there is a grant of \$5,000, another grant of \$5,000 is for the purpose of getting more land for the Ontario Veterinary College, and there are a number of smaller grants.

SUN LIFE WILL TAKE REINSURANCE ON THE HOME LIFE'S POLICIES

Toronto, Ont., July 6.—The Monetary Times learns that an arrangement is in progress for the purchase of the Home Life Association of Canada by the Sun Life. There is a possibility that the deal will be consummated in the near future. The policy proposed are said to fully secure the policyholders and to have the approval of the Department of Insurance.

MONTREAL ORANGEMEN HEAR STRONG SERMON AT ANNUAL SERVICE

Rev. Joseph Sullivan Depreciated Suggestion that Roman Catholics are Organizing for Political Purposes.

Montreal, July 6.—The annual parade of the members of the Orange lodges in Montreal, which takes place on the Sunday preceding the anniversary of the battle of the Boyne, occurred today, some 250 Orangemen participating. The orators marched to Olivet Baptist church, where they were addressed by Rev. Joseph Sullivan, who in his sermon made reference to the suggestion made at the recent Roman Catholic gathering at three Rivers that members of that church should organize for political purposes along religious lines. He deprecated such ideas and said he was convinced that the Orange men were not of that mind.

NOVA SCOTIA SECURES HIGH MUSICAL HONOR

Toronto, July 6.—At the recent examinations held in connection with the Canadian Guild of Organists, Alfred E. Whitehead, of Truro, N. S., obtained the diploma of fellowship (F.C.G.O.), and Jean Chatelet, a student at the Ontario Institute for the Blind, Bramford, was successful in the associationship (A.C.G.O.) examination.

MANY IMMIGRANTS LAND AT HALIFAX

Halifax, July 6.—The North German Lloyd liner Hanover from Bremen, landed 377 passengers here on Saturday. The steamer Uranium, which arrived here today from Rotterdam, landed 490 passengers. Nearly all the immigrants are bound for points in western Canada.

BULLION FOR THE BANK OF ENGLAND

London, July 6.—Bullion amounting to \$20,000 was taken into the Bank of England on balance today.

BIG ROBBERY HEAR MONTGOMERY

I. C. R. Station at Aulac Broken Into and \$115 Stolen—Thief Set Fire to Barn—Damage Heavy.

Moncton, July 6.—Some time between Saturday night and Sunday morning, the I. C. R. station building at Aulac was broken into and \$115 cash and some express parcels stolen. A barn near the station was set on fire and a cow, an automobile and other contents belonging to Station Agent Howell were burned. The station building had a narrow escape but was saved by the efforts of residents and after the fire it was discovered that a burglar had been committed. The police of Amherst, Sackville and the I. C. R. have been notified and are now at work on the case.

TWO THEATRES ARE BURNED IN OTTAWA, BUT NO LIVES LOST

The Nickel and the Grand Opera House Destroyed—Audiences Dismissed in Good Order.

Ottawa, July 6.—Fire which started in the rear of the Nickel moving picture theatre on Albert street before midnight Saturday, destroyed that building as well as the Grand Opera House next door and for a time it threatened to assume serious proportions. Fortunately no lives were lost but Watchman Jacquith of the Nickel Theatre had a close call. He was found by the fire men in an unconscious condition. The origin of the fire is unknown. Damage to the extent of \$115,000 well covered by insurance, was done by the fire. When the first alarm was sent in the audience had just left the Nickel and a performance of Tempest and Sunshine was still in progress at the Grand. The actors continued their speech and the play finished, the audience being dismissed in orderly manner. The Grand was Ottawa's first playhouse, many players who have since

BULGARIAN COLUMN HAVE INVADED SERBIA

AFRAID OF CANADIANS

Winnipeg Exhibitors Excluded from North Dakota Fair—Americans Fear Result Would Discourage People.

Winnipeg, July 6.—Canadian exhibits are excluded from the fairs of North Dakota. "The finest compliment that could be paid to us," said J. Bruce Walker, commissioner of immigration, upon receipt of advice to that effect. Communicating this decision to Winnipeg exhibitors, the secretary of the North Dakota Fair Association states the reason, which is the fear that local exhibitors will be discouraged because of the good showing by Canadian exhibits.

U. S. HOUSE WILL PROBE 'LOBBY'

Proposal Now in Washington for Investigation of Lobby Charges Independently of Senate—Vote Wednesday.

Washington, July 5.—The House wrestled several hours today with a proposal for a lobby investigation on its own account and finally deferred a vote until Wednesday. Although debate had been "limited" to one hour, it raged throughout the entire sitting, and ignoring warnings of the Republican leader to "get down to business," the House was forced to adjourn on lack of quorum. Apparently sentiment was almost unanimous for an investigation. Before the House adjourned all amendments accepted had been to broaden the scope. The House investigation probably will be distinct from that of the Senate. The most noteworthy feature was the elimination of a provision for the employment of counsel by the House committee. Representative Jefferson D. Levy, of New York, stoutly opposed the investigation and suggested the possibility that Samuel Untermyer, counsel for the "money trust" committee, might be engaged. Finally the provision for counsel was dropped.

ROMAN CATHOLIC CHURCH BURNED IN MONTREAL

St. Charles Church Damaged to Extent of \$200,000 on Saturday Afternoon—Adjoining Property Injured.

Montreal, July 5.—The St. Charles' Roman Catholic Church in this city was destroyed by fire this afternoon. The loss amounted to \$200,000, covered by insurance. Two firemen were slightly injured by a falling ladder. The blaze originated in the organ loft either from defective electric wiring or from the carelessness of workmen who have been engaged on interior repairs. St. Gabriel's church on the neighboring property, was saved but the Presbytery was damaged when the steeple of St. Charles' church fell, portions of the heavy masonry and the heavy bells crashing through the roof.

PREPARING ANOTHER ALLIANCE

St. Petersburg, July 6.—The Reich asserts that pourparlers are passing between Greece, Serbia, Montenegro and Roumania with the object of forming a new quadruple alliance. Rumors are persistent that Turkey threatens war unless Bulgaria evacuated Rodosto and the coast of Macedonia.

\$75,000 FIRE IN HAMILTON, ONTARIO.

Hamilton, Ont., July 6.—Fire did damage to the extent of seventy-five thousand dollars today in the old freight sheds of the Hamilton, Grimsby and Beamsville Railway at the corner of St. Catherine and Main streets. It is hoped here that Bulgarian statesmen will perceive the necessity of coming to a speedy and amicable settlement with their neighbors, whose friendship at the present moment is of such vital necessity to Bulgaria. The Serbian loss of the Timok division, in addition to the breaking up of the Drina division, is regarded in well informed circles in Vienna as presaging a speedy conclusion of the war.

Servians Have Lost More Men Than in the Whole Previous War.

BULGARS TO WHIP SERVIANS FIRST.

Content to Hold Greeks in Check Until Other Enemies are Attended to—Some Talk Now of New Alliance.

London, July 6.—After ten days of fighting, more severe and deadly in character than anything in the last Balkan war, a little light begins to break upon the hitherto obscure operations. In the first place, the Servians have lost more men than in the whole previous struggle and semi-official statements issued at Belgrade have the appearance of an intention to prepare the public for news of a disaster. Desperate fighting, with fluctuating fortunes, is proceeding along the Vardar and Bregalenta rivers, which seems to be in favor of the Bulgarians. Important news has been received of the Bulgarian invasion of Serbia, through Belgrade, about forty-five miles north-west of Nish, Serbia's most important fortified town. No indication is given of the strength of the Bulgarian column, at this point, but the Bulgarians claim to have defeated the Servians and captured five guns and a quantity of other war material, and by the occupation of the passes, to have opened the road to Nish. There is heavy fighting also between the Servians and Bulgarians to the south of Jajce and in the neighborhood of Kocchana. About two hundred thousand men are engaged and the losses on both sides appear to be terrible. Bulgaria's strategy appears to be to hold the Greeks in check, probably with comparatively small forces, while she deals with Serbia. This assumption, if correct, would explain the victorious advance of the Greek army.

Unconfirmed reports credit the Bulgarians with victories near Kocchana, giving them the key to Ukup, and with an outflanking movement from the south of Tahrze Lake, which would cut off the Greek retreat. Saloniki dispatches continue to report Greek victories. The Greeks are said to have captured sixteen guns at Doiran. Evidence of desperate fighting is given in the arrival of eight thousand wounded at Saloniki, taxing the town's accommodations and resources to the uttermost. A conservative estimate of the killed or disabled in last week's fighting fixes the number at from thirty to forty thousand. Thousands of destitute refugees from the scene of the fighting are pouring into Saloniki.

The Greeks have made wholesale charges against the Bulgarians of burning and pillaging all the villages they abandon and of committing murders, mutilations and other horrors. More than four thousand refugees are concentrated at Nigrita and adjacent villages. London, July 5.—The Bulgarian legation received tonight official confirmation of the surrender of the Serbian Timok division, numbering four thousand. Six machine guns, twenty-seven quick fliers and a complete commissariat train were also captured. Two Serbian regiments, which crossed the frontier into Bulgaria, according to further advices, have been driven back to the north of Egri Palanka.

Greek Minister Leaves Sofia.

Sofia, July 5.—The Greek minister withdrew from here today after placing the Greek interests in the hands of the French legation.

A Hopeless Campaign.

Vienna, July 5.—Private reports from Belgrade indicate that even Serbian official quarters are beginning to fear that the campaign against the Bulgarians is almost hopeless. For Bulgaria the attitude of Roumania constitutes the greatest menace. The Roumanian army has been provisionally mobilized, but the government makes her future attitude dependent upon the course of the negotiations with Bulgaria.

Turkey Wants Neutrality.

Constantinople, July 5.—A semi-official statement declares that the government desires to maintain neutrality. It adds significantly that the conflict between the Balkan allies has aroused excitement in the Turkish army which it will be difficult for the government to check if Turkey does not obtain just and equitable recognition of her rights. The opinion is general in influential Turkish quarters that Turkey should take prompt advantage of the present splendid opportunity to recover some of her lost territory.

Continued on page 2.

BULGARIAN COLUMNS HAVE INVADIED SERVIA

Continued from page 1. Saloon, July 6.—King Constantine has sent the following message to all divisions: To my valiant army, which has shown such heroic courage in the recent battles, crushing the enemy whenever it has met him, I express my admiration and pride at being at its head.

Berlin, July 5.—The official Norddeutsche Allgemeine Zeitung's account of the recent conference at Kiel between the German and Italian statesmen emphasizes the perfect harmony displayed on all points. It concludes: "All civilized powers agree in principle that there shall be no interference with the former Balkan allies. Europe's problem is to localize hostilities."

A Servian Report. Belgrade, Servia, July 6.—The Servian government has addressed a note to Bulgaria, formally breaking off diplomatic relations and announcing the recall of the minister at Sofia. The Servian troops have victoriously entered Koteliana.

A semi-official statement, however, describing the military position after five days' fighting, makes for the first time the admission that the Servian army have not been so uniformly successful as was previously represented. But the claim is made that Servia has prevented Bulgaria from executing her political plan of gaining by a surprise attack possession of the Macedonian territories, which she wished to occupy pending arbitration.

The statement says that the Servians were taken by surprise and had to concentrate their forces, but succeeded in repelling the Bulgarian advance. Little by little the Servian army assumed the offensive, and the position now is that the Servians have forced the Bulgarian right wing back over the river Bregalnitsa, whither they retreated in disorder.

Describing the five days' operations in the south, between Vardar and Krivopal, it says that after holding a tactical superior force in check, the Servians were obliged to retire. Thus Krivopal fell into the hands of the Bulgarians. It is, however, to be noted that the Bulgarian success was insignificant as compared with the Servian successes and against the Bulgarian right wing.

Another semi-official communication says that last week's battles were the longest, the bloodiest and the hardest fought of all battles in the Balkan war.

The Servians had 15,000 killed and wounded, the Bulgarians 20,000. The Bulgarian losses were increased by the bad organization of their Red Cross service and lack of communications and transportation. Their wounded were left on the battlefield, the dead were unburied. It is reported that the Greeks for Dorian are advancing toward Krivopal, where a desperate battle has been raging for three days.

Athens, July 6.—The Bulgarian minister of war has left Saloniki. The Greeks have occupied Dorian, and the right wing has taken possession of Orlikon on the River Strymon. Advances from headquarters say that news is continually arriving of fresh victories.

LATE SHIPPING. New York, July 6.—Ard, stmr Czar, Liban via Halifax; Caledonia (Br), Glasgow.

OBSERVATION.

One of the most characteristic stories we have of Thoreau, that wonderfully close and poetic observer of Nature, is told by a friend who accompanied him on one of his long walks about Concord. The two walked on talking of those rude arrow-heads, chipped from stone, which are almost the only relics now to be found of the Indians (other than those used in that region; and Thoreau's companion expressed his surprise that anyone could ever see, in those wide fields around them, such mere chips of quartz. "Here is one now," replied Thoreau, stopping and picking one up at his friend's very feet.

Thoreau was justly proud of his keen power of observation, and used to explain it by saying that he knew what to look for. "Nature," he writes in one of his books, "does not cast pearls before swine. There is just as much beauty visible to us in the landscape as we are prepared to appreciate—not a grain more. . . . There is no power to see in the eye itself," he writes, "any more than in any other jelly. We cannot see anything until we are possessed with the idea of it, take it into our heads." And later in the same passage he cries:

"Why, it takes a sharpshooter to bring down even such trivial game as snipe and woodcocks; he must take very particular aim and know what he is aiming at. . . . And so it is with him who shoots at beauty; though he wait until the sky falls, he will not bag any if he does not already know its essence and haunts, and the color of its wing."

A man once received as a present from a sea captain a fine specimen of a bird which sailors call the "laughing jackass." As he was carrying it home he met a brawny Irish navvy, who stopped and said to him: "Phaw kind of burrd is that, sorr?" "That's a laughing jackass," explained the owner, gravely.

The Irishman, thinking he was being made a fool of, was equal to the occasion, and responded with a twinkling in his eye: "It's not yourself, it's the burrd I mean, sorr!"

HONESTY BEGINS AT HOME

(By Jessie Roberts). Many of us who wouldn't so much as cheat a forgetful car conductor out of the fare—and can honestly go far from that?—will yet keep on cheating ourselves systematically day in and day out on all sorts of matters.

All the same, unless we are honest with ourselves, we are not truly so at all. For there may be polly in it when it is turned to others. When it is just for private consumption, it is the Simon-pure article and no mistake.

Come girls, how often do you cheat yourselves when you are late getting to work, jollying yourselves with all sorts of explanations as to how you couldn't help that little delay or that little laziness? Yet if you were quite square in the matter, you'd have to admit you could have helped.

In the matter of being considerate to others, too. Often you know deep down, when you take someone up sharply, that it isn't what they are saying, but your own ill-temper that makes you so fussy. But will you tell yourself so? Not by a good deal.

When you shirk your work because the boss isn't looking, or stay away overtime because no one will notice, it is yourself you are cheating most.

And suppose you are trying to steal some other girl's beau away. Are you strictly honest with yourself? Don't you pretend it isn't a bit your fault, that he simply makes it impossible for you to avoid seeing him, that you have never encouraged him the least bit and would rather he would stay away anyway? And yet, if you faced the facts straight, would those really be your answers?

It is no small job to be honest with oneself. It is probably the hardest job there is. But it pays enormously in character and self-respect. In the kind of woman you are making of yourself.

A good story is told of W. J. Fox, a free trade colleague of John Bright. Fox was a clever debater and unexpected in repartee. His chief heckler in Oldham was a local baker, who once had the misfortune to be fined by the magistrate for selling short-weight bread. Fox also had the misfortune to separate from his wife. On one occasion, after he had delivered an address to his constituents, the baker got up and said:

"Mr. Fox, there is just one question I should like to ask you. What has become of your wife?" "Sir," replied Mr. Fox, "she has been weighed in the balance and found wanting."

"CLIFF" CURTIS SHOWS FINE FORM IN PITCHER'S BOX.

"CLIFF" CURTIS. "Cliff" Curtis, the former Philadelphiaan, has pitched some creditable games for the Brooklyn National team this season. He has rounded into good shape and is now taking his regular turn in the box.

EASY CHAIRS

For the den or living-room nothing will take the place of the roomy, comfortable lounging chair. Neither will anything wear so well as these when upholstered in good leather. We have just added to our already large stock a number of new and beautiful patterns, in very best leather obtainable, and the prices are very low, quality considered.

OLD GRADS OF YALE AND HARVARD PLAY.

Just notice how intently Kendall and Spencer, Harvard "grads," are watching Bradshaw, the Yale old timer who is pictured on the right, rounding third base in the annual game at the Country Club of Westchester. Kendall is putting vigorously on his pipe.

Walloped the Street Sweeper.

Teamsters will be enlightened with the fact that while they are driving along the streets, if they collide with a street sweeper they are violating Section 1 of the traffic law and are liable to a fine. On Saturday F. W. Baird was reported by the police for violating the section by driving his wagon over a street sweeper operated by John Norton on Charlotte street.

The sweeper, which has the appearance of an overgrown carpet sweeper, was considerably damaged in the collision and Teamster Baird will be requested to appear before the police magistrate for an explanation.

Did He Realize It?

A lecturer, expatiating on the nature of man, remarked that one point of distinction between human beings and lower animals consisted in capacity for progress. "Man," exclaimed the lecturer, "is a progressive being; other creatures are stationary. Take for example, the ass. Always and everywhere it is the same creature. You never have seen, and never will see, a more perfect ass than you see at the present moment."

Retailer.

The State of Montana has reasoned that Canada has been having things too much its own way in the big competition for population. To counteract any advantage this Dominion has in character and self-respect, the border state has evolved a brilliant idea. He is coming in person, if he is not already here, to tell the people of Alberta and Saskatchewan of the wonders of the "treasure state," and to induce some of them, if possible, to take up permanent residence in Montana.

BIG BALLOON RACE WON BY AKRON CLUB

Kansas City, July 5.—Unofficial figures on the landing places of the four balloons in the national elimination race made by Aero Club officials give first place in the Goodyear Bag of Akron, O., which landed at West Branch, Mich., an estimated distance of 647 1/2 miles from Kansas City. Second place is accorded to Captain Henrywell, in the Kansas City post balloon, which landed at Rockwood, Mich., an estimated distance of 642 miles.

John Watts, pilot of the Kansas City II, descended at Goodrich, Mich., which Aero Club officials estimate at 638 miles, thus giving him third place. The million population club of St. Louis balloon came down at Manchester, Mich., 590 miles away, getting last place.

All the balloons encountered storms in the vicinity of the Great Lakes, and their trips were curtailed because of the elements.

It will be some days before the exact distance travelled by the balloons can be absolutely computed.

C. P. R. Mileage 11,565. At the end of its fiscal year completed on June 30th last, the C. P. R.'s mileage had increased to 11,565 miles. This compares with an average mileage of 10,983 in 1911-12 and 10,480 in 1910-11.

DIARY OF EVENTS

HISTORIC DAYS IN CANADA

A DISTINGUISHED CAREER.

The Rev. John McNeill, who recently became pastor of Cooke's Church, Toronto, was born at Hounston, Renfrewshire, fifty-two years ago today. His early education was received in the Free Church school of his native village, and at the age of fifteen he entered the railway service. He was twenty-three when he abandoned railroading to study for the ministry. After eight years of study at Edinburgh and Glasgow universities and the Free Church Divinity Hall at Glasgow, he was ordained and called to the Edinburgh church. In 1889 he went to London as pastor of the Regent Square Presbyterian Church, and began his noteworthy career as a mission preacher with the late D. L. Moody. As an evangelist he toured Great Britain, India, South Africa, Australia, New Zealand, Turkey, Asia Minor, the United States and Canada, and became famous throughout the world as an eloquent and forceful preacher. Within the last five years he had served churches in London and Liverpool. Canada has attracted few more distinguished churchmen than the Rev. John McNeill.

FIRST THINGS

IMPEACHMENT TRIALS.

The first public man to be impeached by the United States Congress was William Blount, senator from Tennessee. The impeachment was formally filed against him 116 years ago today, July 7, 1797, when he was charged with conspiracy to raise the Cherokee Indian against Spain in Louisiana, and to disfranchise the Indians against the United States. He was placed on trial the following year, and was acquitted by a vote of fourteen to eleven. The first impeachment by the British House of Commons was in 1386, against the lord chancellor, John de Pule, Earl of Suffolk, in England, and President Andrew Johnson, in America, both of whom were acquitted, the latter by a single vote. Richard Brinsley Sheridan, who died ninety-seven years ago today, made a speech in the House of Commons which is considered one of the most splendid examples of eloquence upon record.

THE HUMAN PROCESSION

FRANK B. NOYES.

Frank Brett Noyes, president of the Associated Press, is a native of the city of Washington, and will pass his fiftieth birthday today. He was educated in the public schools of Washington, and then joined the staff of the Evening Star. He was little more than a boy when he became manager of the Washington Star, and continued in that capacity until 1902, when he went to Chicago to assume the management of the Record-Herald. He returned to the Star in 1910, and has since been the president of the company. Under his management the Record-Herald has become the leading paper of the capital of the republic. Mr. Noyes has been a member of the executive committee since 1894, and president since 1900, of the Associated Press. Besides being the principal officer of the Washington Star, he is interested in a number of other corporations. Wealth has not spoiled him, however, and he still has a brilliant smile and a hearty handshake. He is not going to risk any of his fortune, positively the biggest in Washington, by changing anything in the shop, even to the fire hardware. Mr. Noyes is quoted as saying to an ambitious young editor who had a scheme for boosting the Star.

THE PASSING DAY

CONDITIONS IN HAWAII.

Fifteen years after the annexation of Hawaii by the United States, the population of the islands is over half "yellow." The Orientals outnumbering the whites and natives combined. It was on July 7, 1898, fifteen years ago today, that the Congress of the United States passed a resolution providing for the annexation of the Hawaiian Islands. It was predicted at that time that a great influx of Americans would follow, and that the Hawaiian people would become a "white man's country." Up to date these predictions have not been realized. The Stars and Stripes wave over a country dominated by Japanese and Chinese.

The pure Caucasians number only 44,948 out of a total population of 191,909, or about 23 per cent. The Japanese, Chinese and Koreans combined number 108,882, or over 55 per cent. of the total population of the islands. The Japanese alone number 76,775, or over 41 per cent. of the population. Of these 59,800 were born in Japan. Of the foreign born Japanese a large proportion are males over twenty-one, this class numbering 41,718. Of these only eleven are naturalized, all the others remaining subjects of the Mikado.

During the ten years preceding the last census of the islands, the increase in Japanese population was 18,564, the same year the Caucasians in the population increased 15,228. The Chinese showed a considerable decrease during the same period. The Chinese, formerly numerous in Hawaii, have been unable to compete with the brown men from Nippon, and are gradually deserting the islands. The natives, too, are gradually giving way before the Japanese, who outclass them both as laborers and leaders.

While English is the official language, and is used in the schools, Japanese is the language most often heard in Honolulu and throughout the islands. One of the most noteworthy things about Hawaii is the spirit of patriotism that is manifested by all the people, yellow, brown and white. The Japanese may at heart remain true to the Emperor, but outwardly, at least, they gladly bubble over with devotion to Uncle Sam. This is especially true of the younger generation, who imbibe American patriotism from American teachers in American schools.

OPHELIA'S SLATE

IN LIGHTER VEIN

Hot Weather Advice.
Do not run to catch a train; Do not sit around and stew; Do not be too quick to complain; Don't let trifles worry you; Take things easy when you can; Try to keep away from strife; And if you're a married man, Don't quarrel with your wife.

It Was Brung.
"Has the toilet soap come?" inquired Mrs. Jimpson.
"Yes," replied the new maid; "I put it on your dresser."
"Was it scented?"
"No, it wasn't scented. I went to the drug store myself and brung it."

A Sad Case.
"Oh, papa, Mr. Spooner proposed last night."
"Are you sure he loves you?"
"He said he'd die for me, papa!"
"Well, you'll both die if you try to live on the salary he's getting."
— Boston Transcript.

Right in Once.
The teacher was explaining the tense. "Now, Willie," she said, "suppose I should say: 'I have a million dollars.' What tense would that be?"
"That'd be pretence," answered Willie.

Wherefore.
Because an ancient tale is old, Wherefore bewail our common lot? Are not the winters always cold? Are not the summers always hot?

After Long Years.
"Can I believe my eyes?" exclaimed Mr. Timkins of Longwell, as he confronted the burglar. Mr. Timkins had been sent down in the middle of the night to investigate a strange noise, which proved to be the family silver in process of packing up.
The burglar reached for his gun, but Mr. Timkins grabbed the hand instead.
"Don't," he said, giving the hand a cordial shake. "You don't know how much I'm interested in you. Stay awhile. I want you to meet Mrs. Timkins."

Ladies' Dainty White Footwear.
No summer costume is complete without a pair of our White Mercerized Oxfords or Pumps. Covered heels or leather heels, button or ribbon ties, straps or plain. A splendid variety C, D and E widths.
Prices from \$1.35 up to \$5.50.
Open all day Saturday until 11 p. m.

The Best Quality at a Reasonable Price.
Stylish Eye-Glasses.
There's an individuality to be found in the glasses we supply, just as there is in articles of dress.

We recently overheard the remark regarding a pair of glasses we had just supplied to a St. John lady:—"Mrs. B.'s glasses must have been made at Sharpe's, they look so well."
If you are wearing glasses that are becoming less to you, make you a pair that will fit your face properly. Our opticians know how to make stylish glasses. They can please you.

AMATEUR CHAMPION OF CANADA. Toronto, July 6.—G. H. Turpin, of the Royal Montreal Golf Club, is the amateur champion of Canada. He won the right to the title on Saturday when he defeated Gerald Lees, of Ottawa expert, in the finals, over the Toronto Club's links by one up. From the first testing ground the thirty-sixth green was reached the match was keenly contested, and the struggle was productive of some excellent golf.

FREDERICTON AND ST. JOHN TIE AT TENNIS

Special to The Standard. Frederickton, July 6.—The Frederickton and St. John tennis clubs were tied at the end of their game here Saturday. The playing of both teams was very good considering the excessive heat. The game was very close. St. John finally making it a tie on the last set, the mixed doubles, which they won.

NOTABLE SERMON ON LIFE OF HENRY WARD BEECHER BY REV. DR. J. A. MORISON

Events of Great Preacher's Life Reviewed—The Beecher Centenary—Beecher-Tilton Scandal—Beecher in Scotland—A Sermon Preached in Dr. Morison's Former Chicago Pulpit—Beecher's Valuation of the Christian Ministry.

One of the most interesting sermons preached in a city pulpit for a long time was that of the Rev. Dr. Morison last evening in the Carleton Presbyterian church.

In consequence of the fact that the 24th of June marked the centenary of the birth of Henry Ward Beecher and many services, commemorative in their nature have been held through out the eastern states during the past two weeks. Dr. Morison took Beecher's life story as his theme and delivered a discourse filled with interesting information regarding the preacher who was said to have been the most eloquent of the 19th century pulpit orators. An interesting fact in connection with the sermon of last evening was that Dr. Morison preached from the text which the late Rev. Henry Ward Beecher used, as found in St. Luke, fourth verse, "I am resolved what to do."

Rev. Dr. Morison said: "It has been a matter of some surprise to me that the life and work of the greatest preacher of the 19th century, the centenary of whose birth occurred on June 24th, has not received larger emphasis in the press and pulpits of Canada during the past few days.

Mr. Beecher was undoubtedly the greatest preacher of the 19th century, but he was much more than a conventional pulpit figure. He was peerless as a platform speaker and both in England and America advocated with a mighty persuasiveness movements of more than local and passing importance. While he discarded the usual methods of sermon preparation and was not known to write his sermons, yet he had a facile and eloquent pen and was, during his lifetime, a voluminous contributor to various magazines and newspapers, both in America and England.

His pulpit utterances were taken down in shorthand by his official stenographer, T. J. Ellinwood, and were printed from week to week. The circulation of his sermons was large and they found many interested readers, both among ministers and laymen.

Some Facts of His Life.

"Let me mention a few dates in connection with his life-work. He was born at Litchfield, Conn., June 24, 1803. He was the eighth child and third son of Lyman Beecher and Roxana Foote, his wife. At 11 years of age he was distinguished by winning debate at school with an older schoolmate over 'Paine's Age of Reason.'

He was converted during a revival of religion in 1826. He studied in Boston Latin school and in Amherst College, where he graduated in 1829, taking first rank in mathematics and classics. He studied theology in Lane seminary in 1829-30, and in 1830-31 to 1847 he held Presbyterian pastorates in Lawrenceburg and Indianapolis, Indiana.

In 1847 he was called to take charge of a new Congregational church in Brooklyn, N. Y., which soon became noted on both sides of the Atlantic as the abolition of slavery and intemperance. Here for years he preached morning and evening to a congregation of 3,000 souls. A Beecher memorial building will be dedicated by Plymouth church this fall. He was an ardent advocate of woman suffrage.

The Beecher-Tilton Scandal.

"In 1847 there was a nasty Beecher scandal which was aired in the courts for six months. The Rev. Theodore Tilton finally disavowed, nine volting in favor of Mr. Beecher. This suit was brought against him by Theodore Tilton, a former intimate friend and a darkened the last years of his life. In referring to this regrettable event the continent last week said that 'Today should be in a minister of the church, the centenary of his birth it is a glad thing to see that the character of the man has risen above that cloud.'

There is no discernible suspicion of him left. A remarkably solid consensus of public opinion acquits him of having ever fallen from the grace that should be in a minister of the gospel. He was the victim of hysterical accusations which smirched externally a character, in fact unstained, and the smirch is now gone forever.

His Last Appearance.

"His last appearance was at Chickering Hall, New York, on Friday, February 25th, 1887. In this speech he argued in favor of high license. His last sermon was preached at Plymouth church, on Sunday evening, February 27th, two days later, from the text St. Luke 16:11: 'I am resolved what to do.'

"A copy of this sermon was given to me by a member of my church in Chicago, who was a life-long friend of Mr. Beecher. He was frequently entertained at her beautiful home in Chicago as he had been also many a time at her father-in-law's house in Indianapolis, during the early days of his ministry in that city. In this discourse, which was his last, he urged his hearers to surrender their lives to Christ and not to delay this act till their death bed.

"Let me quote a few paragraphs in point. He said: 'I should think myself very mean if in summer time I should gather a peck of peas and send the pods over to my neighbor as a present. That is what men mean to do with God. They mean to live in youth after their passions; they mean to live in middle-age after their ambitions; they mean to leave in old-age after ease and before they die they go to whip on the right side and get into Heaven. They say we will repent so as to get into Heaven.'

A Beecher Story.

"Two Dutch elders had been warm friends, yet one day they fell out with each other, and the fire grew fiercer

RECORD FREIGHT SHIPMENTS MADE THROUGH CANALS

All Previous Figures for Sault Ste. Marie American and Canadian Waterways Now Surpassed.

Sault Ste. Marie, Mich., July 5.—For the second time this year, all previous records for one month's commerce through the American and Canadian canals at Sault Ste. Marie is broken by the showing made in June, when freight carried through the waterways aggregated 12,113,612 tons.

These figures given in the statistical report compiled by Superintendent L. C. Sabin, under direction of Lt. Col. Mason, M. Parick, district engineer, compare with a freight movement of 11,376,195 tons in May, this year, with 10,747,750 tons in June, 1912. The amount is nearly as great as the freight movement for the entire month of 1894 when the total traffic through the canals was 15,135,869 tons.

Beecher's Position.

"In 1887, on the occasion of the 50th anniversary of his installation as first pastor of Plymouth church, Brooklyn, Lyman Abbot brought Rev. Charles A. Berry, chairman of the Congregational Union of England and Wales, over to deliver the oration.

"In the course of his address Dr. Berry said, after mentioning the names of the greatest theologians in England of the Victorian era—men like John Henry Newman, Frederick William Robertson, Frederick Denison Maurice and Arthur Penrhyn Stanley, A. J. Scott and Baldwin Brown, not to mention Matthew Arnold and George MacDonald, that Henry Ward Beecher was foremost among them all; foremost in thought, leadership and in the practical life. He was not a mere academic student, nor a mere reading books and thinking thoughts in silence, but a man who had seen visions and dreamed dreams and grappled problems and found out new ways to emancipate the soul.

Beecher's Theology.

"Mr. Beecher wrote to Dr. Philip Schaff, in 1885, that his theology was evangelical, progressive and fruitfully Calvinistic, adding that 'true theology should be as broad as God's love and as narrow as God's justice.'

"So ended his last sermon. Beecher was an enthusiastic exponent of the gospel of love. His views in this respect were indicated by a sermon which he preached in the First Presbyterian church, Chicago, on Sunday morning, July 17th, 1833. That was a memorable day in the old First church of Chicago. The circumstances attending that service have been related to me on different occasions by the elder members of that service. That one time beautiful auditorium, now no longer used as a church, was crowded. Clarence Eddy presided at the organ. Nor did Mr. Beecher's views in their entirety find acceptance among some of the more conservative Presbyterians of that congregation. It was, however, great sermon. I have read it and have it by me.

What is Christianity?

"One or two sentences bear repetition in determining the character of Beecher's theology. He asked 'What is Christianity?' It is a living condition of the human soul. It is not what a man believes, but what he is. It is a condition of living experience. It may have its history; it may have its implements; it may have its various organizations and institutions. None of these things are religion, any more than plows and harrows are wheat, any more than knives and pruning knives are pears, apples or peaches. They may have some relation to the cultivation of the human soul, but that is the end and aim, and the fruit of the Spirit, saith the Apostle, is love, joy, peace and so on. The Kingdom of God is within us, and we are to be in a given condition of mind. That is religion."

No Special Doctrine.

"It is impossible to identify the name of Henry Ward Beecher with any particular doctrine of Christian theology. The name of Calvin is associated with God's sovereignty, that of Luther with justification, Wesley with sanctification, but as to Beecher we can only say that his influence on Christian thinking was like the leaven in the meal.

"He pleaded the surrender of the heart to Christ and preached that wherever this was honestly done there would result emancipation of the human soul, but the fruit, of personal and sacred experience.

"With Beecher, doctrines only had value as they were translated into experience. Truth, to be valuable, must be vital.

"With Beecher, forms and ceremonies were like a burden, and he bud, essential in its early state to protect and preserve, but when the time of efflorescence came then the flower bursts out of them, and they are no longer needed.

STRONG ADDRESSES DELIVERED AT BIG WORLD CONFERENCE

Notable Speakers Heard in Inspiring Lectures Before Christian Citizenship Conference.

Portland, Oregon, July 5.—Rev. J. A. MacDonald, of Toronto, was the principal speaker at tonight's session of the World's Christian Citizenship Conference, his subject being "The Ethical and Economic Basis of War."

Dr. William Paulk, of Philadelphia, who was scheduled to speak, did not appear. Other speakers tonight were Avas Hatter, a member of the lower house of the Japanese parliament.

At the stadium late today addresses were delivered by Richard Cameron Wylie, LL. D., on "Religious Fundamentals in the Common Law," by Dr. Walter Laidlaw, of New York, on "Emigration and Immigration in their Relation to the Moral Progress of Nations," and R. B. Perry, of Atchison, Kansas, on "The Impact of the Occident on the Orient."

The section on "temperance" unanimously adopted resolutions urging all temperance organizations to unite on a comprehensive nation-wide campaign for an educational movement, and for the calling of a national campaign of the temperance forces of the United States, on November 14, of the present year, at St. Louis, Mo.

OBITUARY. Mrs. Henry A. Scovil.

Special to The Standard. St. Stephen, N. B., July 6.—Adelaide, relict of the late Henry A. Scovil, of Shediac, and sister of the late Sir Albert J. Smith, passed away this morning at the residence of her son, John W. Scovil, in St. Stephen, at the age of 79 years and 11 months.

Her remains will be taken to Shediac for interment, the funeral being held from the church of St. Martin in the wood on arrival of the C. P. R. train on Tuesday.

Henry Jones. At an early hour Sunday morning the death occurred in the city at the residence, 29 Westmorland road, of the late Samuel Short, son of St. John, who in older days, when the city was notable as a shipping center, was connected with the ship-building industry as a caulker.

The deceased was a son of the late Alexander Jones, who was also an old resident. The deceased was in the 84th year of his age. Besides his wife he leaves three sons to mourn, Harry A. and James of this city, and Edward of Montreal.

Samuel T. Short. The death of Samuel T. Short, son of the late Samuel Short, took place at his home in Erin street Saturday. He was 59 years of age and is survived by three brothers, John, of the Street Railway, Robert, a contractor, and George, a barber, all of whom reside in this city. The funeral will take place today at 3.30 p. m.

Joseph E. Wright. The death took place Saturday morning at his residence No. 66 Brun- sels street, of Joseph E. Wright, aged 57 years, a well known employe of the city. Mr. Wright is survived by his wife, two sons, four brothers and two sisters. The brothers are Messrs. Horatio E. Millstream, Myles B. St. John, and James I. and William A., Barre, Vermont, while the sisters are Mrs. Catherine Northrup, of this city, and Mrs. Eulalie B. Mervieux, Barre, Vt.

Isaac C. Keirstead. The death of Isaac W. Keirstead occurred at his residence Fairville Saturday morning at eleven o'clock. The deceased, who was a highly re- spected citizen, was in the 78th year of his age, and besides a widow is survived by two sons, E. C. and Arthur B., both of this city, and three daughters, Mrs. J. W. Hutchins, of Millstream and two at home. Profes- sor E. M. Keirstead of McMaster University, Toronto, is a brother, and Mrs. E. Kelly, of Collina, Kings county is a sister.

The late Mr. Keirstead by his up- right manner and honest dealings, made himself a host of friends. He was a lifelong member of the Fair- ville Baptist church, and for several years held the position of deacon. Rev. H. R. Bowyer conducted a funeral service at the residence last evening, and this morning the remains will be taken to Collina for burial.

Real Estate. The following real estate transfers have been recorded in the city and county of St. John lately: H. W. Carson to Thomas Carson, property at St. Martin's.

William Carson to Thomas Carson, property at St. Martin's. John Hasey to Michael Donovan, property on Rock street. Samuel Linton to Selena M. Reynolds, property at Lancaster.

J. B. McBride to Thomas Boyle, property at Simonds. Ada A. Melvin et al to C. H. Clarke, \$250, property on Sydney street. William Pugsley to Royal Trust Company, property on Horsfield street.

Turnbull Real Estate Company to Atlantic Sugar Refineries, Ltd., property on Courtenay Bay. HARNESS HORSE KINGS. Cleveland, July 5.—The first of the twelve meetings in which the kings of the harness horse world will con- test, begins at North Randall track next Monday, the opening day of the opening meeting of the 1913 grand cir- cuit.

Following in order the trotters and pacers will travel to Pittsburgh, Buf- falo, Grand Rapids, Kalamazoo, Detroit, Salem, N. H., New York City, Har- ford, Syracuse, Detroit, Columbus and Lexington, a swing of over three thou- sand miles.

BALLOON SWEEP AWAY FROM LAND

Big Dirigible Adrift for Six Hours—Aeronaut Picked Out of Waters of Long Island Sound.

New York, July 6.—A dirigible bal- loon carrying George M. Gay, a youth- ful Norwalk, Ohio, aeronaut, that was swept away from the New Jersey shore of the Hudson early last night and was for six hours unheeded of men, fell in the waters of Long Island Sound at 7.30 o'clock last night, ac- cording to definite word received ear- ly this morning.

Gay was saved by the crew of the steamer Sagamore, which was passing Sands Point, on the north shore of Long Island, sighted the balloon be- fore it reached the water's surface a mile and a half off shore. The di- rigible sank and Gay was picked up after floating about for five minutes. The balloon covered a distance of about twenty-five miles in its un- controllable flight from the Hudson River. It was without motor and rudder, and Gay, a novice, was unable to release the gas.

IRISHMEN WINNERS AT CHICAGO. Chicago, July 5.—The Irish Ameri- can Club, of New York, won a hard- fought victory in the S. A. U. meet in Grand Park today. The Irishmen scored 44 points. H. P. Drew, the col- or- ed athlete from the Springfield, Mass., high school, won the individual honors, with first in the 100 and 220 yard dashes. Three senior A. A. U. records were broken.

A new mark in the pole vault was made by S. B. Waggoner, the Yale athlete, who competed under the col- ors of the Missouri A. C. of St. Louis, with a leap of 13 feet. The old record was 12 feet, 6 inches, held jointly by E. T. Cooke, Cleveland A. C., H. Cole, University of Chicago, and S. Della, of the Olympic Club.

Dan Ahern, I. A. C., holder of the world's record in the 100 yard dash, won a new senior A. A. U. record by covering fifty feet. The old record, made by E. B. Bloas, was 49 feet, six inches, and had stood for twenty years. The third mark to fall was that of the hammer throw which was set by Ryan, of the Irish-Am- ericans, with 177 feet, 7 1/2 inches. The old record was 177 feet, 6 1/2 inches made by C. Walsh, New York A. C., in 1911.

Superiority in the weight events, which wound up the program, gave the victory to the Irishmen. They scored a slam in the 56 pound weight event, which was won by Matt McGrath, scored eight in the hammer throw and a victim in the discus throw. Up to that time the race for team honors had been close between the Chicago Athletic Association and the Boston Athletic Association. C. H. O'Toole, wife of the pitcher, is just recovering from a similar operation.

Penn. Cricketers Win. Hamilton, Bermuda, July 5.—The University of Pennsylvania cricketers won their final game today from the Hamilton Cricket Club, playing in the field on Grassland Bay, Brook- lyn. Ralph B. Britton, of Canada, is the challenger.

SELECTED AMERICAN DEFENDER. New York, July 5.—James E. Newman, of the Winchester Canoe Club, Winchester, Mass., was selected tonight as the American defender of the International Cup. The race will take place next Friday and Saturday on Gravesend Bay, Brook- lyn. Ralph B. Britton, of Canada, is the challenger.

FOUR RECORDS BROKEN. San Francisco, July 6.—One Ameri- can record and three Pacific coast records were broken here yesterday at the Pacific coast championship swimming tournament. Three of the new marks were made by the Hawa- iian, Duke Kahanamoku. He won the 440 yard dash, lowering the coast time from 5:51 to 5:41. In the 50 yard dash, reducing the coast mark from 26 to 24 1/2, and the 220 yards dash, low- ering the coast mark from 2:36 2/5 to 2:29. In the 50 yard breast stroke, De- ville, of the San Francisco Y. M. C. A., lowered the American record from 38 to 36 1/2.

SUFFRAGETTES AND CHAMPIONS EJECTED FROM GARDEN PARTY

Interrupted Chancellor Lloyd George During Speech and are now in Hospital for Repairs.

London, July 5.—Seven suffragettes and their six male companions, one of whom was a clergyman, were ejected for raising a disturbance during the course of a speech this afternoon by Chancellor Lloyd-George at a garden party organized by the Radicals at Westlington.

Despite the chancellor's plea that the removal of the disturbers be done gently, one woman was so badly med- ical treatment. From that on Mr. Lloyd-George's speech was without interrup- tion.

LIGHTWEIGHT WRESTLING. St. Louis, Mo., July 6.—Al Wasson, of St. Louis, defeated Johnny Hillier, of Toledo, Ohio, in two straight falls and won the lightweight wrestling championship of the United States here yesterday. Wasson won the first fall in 43 minutes 10 seconds, with a body and leg hold and the second in 22 minutes with a toe hold.

BOUVIN WON HOUR RACE. Stockholm, July 6.—Jean Bouvin, the French runner, in the one hour race at the Stadium today covered 19,021.90 metres (11 miles, 1,443 yards). This beats the world's record of 11 miles, 1,136 yards made by Alfred Shrub, the English champion in 1904 by 207 yards.

GOOD MEETING AT GARDENER CREEK. H. V. Woods, M.L.A., Ward- en T. B. Carson and G. Earle Logan, Addressed Conservative Club.

At the regular monthly meeting of the Gardiner Creek Conservative Club held in the Wallace Hall, Gardiner Creek, Parish of Simonds, on Satur- day night, speeches were delivered by H. V. Woods, M.L.A., for Queens Co., and Warden Thomas B. Carson, M.L.A. for St. John County.

William Mawhinney, the president of the club, occupied the chair and Mr. Logan was the first speaker. He directed his comments to the action of the Laurier-Pugsley controlled Senate in killing the Borden Aid to Good Roads Bill. The speaker showed that through the action of that body a sum of money sufficient to put the great roads of St. John county into fairly good condition could not be obtained. Consequently less money was spent on the roads of minor importance.

In closing Mr. Logan paid a glowing tribute to Senator Ellis, a Liberal who put his country before party. Mr. Woods was the next speaker and went exhaustively into a discussion of the Borden Naval policy. The speaker compared this policy with that of the late government and showed that the former was for a united Empire and the latter was a stand pat policy.

In concluding he complimented Mr. Carson on the excellent condition of the roads in the Parish of Simonds. Warden Carson was received with cheers and briefly gave an account of his stewardship at Fredericton. The remarks of the speakers were frequently punctuated with applause. At the conclusion of the speeches a supper and smoker were enjoyed and the meeting broke up after midnight.

HAWAIIAN IS WORLD'S BEST SWIMMER

San Francisco, July 5.—Like Kahanamoku, the Olympic champion, proved today that he is the greatest short dis- tance swimmer the world has ever seen. Entered from the Hul Nall Club of the Hawaiian Islands in the Pacific coast championships of the A. A. U., he broke all records in the 100 and 75 yards dashes.

Three timers watches caught it alike. For the 100 his time was 34 3/5 seconds. Daniels of New York held the previous record of 34 4/5 for a course with four turns. As is well known, the swimmer gains speed kick- ing himself away from the boundary walls, and the more turns the faster the course. At St. John today the course was 75 yards straight away, turn and 25 yards on the home stretch. For a straightaway course the record is 56 3/4. The Hawaiian's own Olympic record, which he bettered today was 55 1/5. Ernest Smith of San Francisco, unattached, was second with 50 sec- onds flat, which beats the previous Pacific coast record of one minute flat.

Smith led by two yards at the hair- way mark, but here the Hawaiian turned loose his power and at the turn he was in the lead with a new world's record of 75 yards. His time was 29 4/5 seconds.

Daniels' best time, the former world's record for a course with two turns, was 40 1/5. Kahanamoku swam straightaway. In a 350 yard relay race in the latter in the evening, Kahanamoku, who took up the last lap, was snapped by two of the official timers who clocked the lap out of curiosity at 38 seconds flat. This will not be accepted on official records.

THE WEATHER.

Maritime—Strong winds or moderate gales, southwesterly and westerly, showers and local thunderstorms.

Toronto, July 6.—A disturbance which on Saturday morning was over Lake Superior, has since developed some energy and moved eastward to the lower St. Lawrence Valley, where it is centered tonight. Cooler weather set in Ontario and is spreading eastward. Showers and local thunderstorms occurred today in Quebec and the Maritime Provinces, but the weather in other parts of Canada has been generally fair.

VERY GOOD**

Official word was received in the city yesterday that Colonel the Honorable Sam Hughes, Minister of Militia and Defense, would arrive in the city this afternoon, together with General Sir Ian Hamilton, Colonel Humphrey of Halifax is at present in the city.

This evening an additional interest will be given to the regular inspection of the 2nd Regiment, when the Minister of Militia and Defense will be on hand to review the soldiers. The inspection will be at 8 p. m. and at the same time the Artillery Band will parade for the same purpose.

The whole regiment and band, officers, non-commissioned officers and men are ordered to assemble at the Barrack Square this evening at 7.40 p. m. prepared for the march out. Companies No. 2 and No. 3 will not assemble at their drill sheds, but will go directly to Barrack Square, where rifles will be served. Drill order dress is ordered to be worn on the parade for inspection. Every member enlisted in the camps of the regiment is requested to be on hand at the appointed time this evening prepared to take part in the parade and the review.

While in the city the Canadian Minister of Militia will probably avail himself of the opportunity of viewing the various building operations going on about the city.

It is understood that some time during the day a visit will be made to the new armory, now under construction at the south end of the city. Good progress is being made with the work on the armory and no doubt Colonel Hughes will find much gratification in the fact that work on the erection of the building has reached such an advanced stage.

**MISS MUSCHAT
URGES CHANGE
IN CAPITALISM**

Claims that Complex System of Capitalism Must Fall Before Advancing Civilization.

An address on the aims and objects of the militant proletariat was delivered by Miss Muschat, a Russian, Jewess, who has been for some years in Western Canada, before a large audience in the Socialist Hall over the Unique theatre, last evening. She claimed that the system of capitalism which it had given man practical mastery over nature and developed a great and complex system of production had outlived its usefulness, that the continuance of the control of the means of production by the capitalist class meant increasing exploitation for the working class, as well as the obliteration of the middle class, and that in order to carry civilization forward it was necessary for the working class to take control of the machinery of production, and instead of operating it for the benefit of the few to operate it for the good of all.

She pointed out how the larger capitalists was making the position of the small employer and small tradesmen more and more untenable, owing to its ability to occupy some strategic position in the system of production or distribution and levy tribute like the robber barons of old not only upon the worker, but upon the small employer.

She said the class struggle was a part of the history of the world, and that while socialism would make for a saner life for everybody, it was essential to a working class movement, because the workers were more strongly interested in the evolution of society.

Miss Muschat is evidently not satisfied with conditions in the west, as she is going to Halifax to take a job there. She said that while out west she taught school in a farming district and that though everybody around owned a farm of 160 acres the children went ill-clad and barefoot, and that in winter large numbers of the farmers had to go to the cities to work in order to eke out a living for their families. Possession of a farm in the west did not spell prosperity, because the skylocks, the railways and various other capitalist agencies took the cream of the product of the farmer's labor.

Little Wanderers Found.

Two little girls named Hayward strayed away from their home on Rock street Saturday afternoon and were found on British street by Policeman Anderson, who took them to the Central Station for protection. They were called for later by their mother and taken home.

Band Concert Postponed.

The band concert on King Square scheduled for this evening has been postponed till tomorrow evening, as the Temple of Honor Band has another engagement this evening. The City Cornet band was scheduled to play on King Square on Thursday evening, but it has an engagement to play for the A. O. H. excursion up the river that evening. It will take its turn on the following Monday evening.

**HE WILL URGE
THE OPEN DOOR
AT CITY HALL**

Commissioner McLellan will again Move this Afternoon to Do Away with Private Meetings.

The city council will meet today, but as the mayor has been away for a few days and Com. McLellan has not attended the committee meeting very little business has been got ready for presentation to the council. The matter of having all meetings public in such a way that he can not be held out of order, but will be able to force another division on the principle involved. It is understood that he has more than one method by which he hopes to achieve his object. He will probably move today that the commissioners hold no more committee meetings, on the ground that the charter does not provide for the holding of committee meetings. It is not likely, however, that the matter will be definitely settled to-day, as it is not expected the mayor will be in town in time to attend the meeting.

**LOOKING FOR
THE FIRE BUG**

Police After Man who Started Fire in Maynes & Riley Mill—Evidence of Incendiary.

The police are hard at work trying to round up the man who set fire to the Maynes and Riley mill Friday night in the City Road. There is no doubt in the minds of police officials that the fire was the work of an incendiary for no less than three men and four women have come to the front and told of seeing the man at work. One woman saw him when he broke the glass in the building and called out to him to desist, and then she saw him entering the building. In nearly all of the cases those who claim to have seen the man at work have given different descriptions of him and the task which the police are working on is no easy one.

**THE WARM WEATHER
DROVE MANY FROM THE HEAT OF THE CITY**

Calvin and St. John Presbyterian Church Sunday Schools have Pleasant Time at Rothersey.

The warm weather of Saturday drove many from the heat of the city to their summer homes, and the day was marked by many private excursions to the country in different directions. Many from the city were, thanks to the generosity of the weather man, the picknickers had a most enjoyable time.

A combined picnic of the St. John Presbyterian and Calvin churches was held Saturday at Rothersey, and to the grounds of the congregation of both churches flocked to the grounds of the popular suburb, where in the great enjoyment of the day the heat was altogether forgotten.

Trains for the grounds left Union Depot at 9 a. m. and 1.15 p. m., while a good number left the city in the afternoon. The motor cars of the St. John and Calvin churches were ready to participate in the different events of the day. Meals and refreshments were served on the grounds.

In the afternoon a programme of races was carried out, and two ball games were played. Two prizes, one for the leader in each church were given for each race. The following were the winners: Girls' Junior—Freda McFarland and Martha Richardson. Boys' Junior—Jack Dempster and Samuel Semple. Girls' Intermediate—Margaret McEneaney and Eleanor Smith. Boys' Intermediate—Walter Hayes and Bert Corbett. Boys' Senior—Murray Fraser and James McEld. Girls' Senior—Jennie Storm and Ruth McDonald. Young Ladies' Race—Elizabeth Neely and Annie Kennedy. Ladies' Race—Muriel Semple. The following carried off prizes in the different games: Ladies' Carponny—Mary Tweedie, out glass vinegar bottle. Ladies' Bean Board—Misses William Fealun, ladies' umbrellas. Gents' Bean Board—Rev. J. H. A. Anderson, letter case. Gents' Archery—Mr. Gellard, tharvos bottle. Polo—1st, Ronald Wart, clock; 2nd, Dan Brewer, pen and ink stand. In the afternoon a baseball team from the St. John's church played teams from the St. John Presbyterian and Calvin churches and were victorious.

Ladies' summer coats at P. A. Dykeman & Co.'s all reduced in price. Everyone of them this year's style, designed to be attractive, made to give service. Coats for walking, coats for travelling, coats for the auto, coats for rain and coats for shine. Any kind of a coat that you want can be had from the lot which they had left for South Bay, Mrs. Murray says she was working and to forward her a certain amount of money. His failure to carry out this led to confused reports as to the man's whereabouts, and, thinking he had left for South Bay, Mrs. Murray when she learned that he had not been there, naturally concluded that he had been fatally injured.

**THE CITY PAINTED THE
GOVERNMENT'S POSTS**

Commissioner Action at Reed's Point Something of a Joke on Themselves—Improved, However.

In their efforts to beautify the city the commissioners have perpetrated something of a joke on themselves. Last week they built a scaffolding around the three pilot lamps at Reed's Point for the purpose of painting the iron pillars. When the scaffolding was completed somebody pointed out that the lamps were the property of the Dominion Marine Department. Having proceeded so far the city decided that it might as well paint the pillars, as they certainly needed a coat of paint. Considering how much money St. John has got out of the government it is not likely that the commissioners will lose much sleep over the fact that they have been decorating government property. Anyway the coat of paint made quite an improvement, and the pilots are busy watching the flower beds in the enclosure at the base of the lamp pillars.

Artillery Parade.

The 2nd Regiment Canadian Garrison Artillery will meet at Barrack Square this evening at 7.40 o'clock for inspection by Colonel the Hon. Sam Hughes and General Sir Ian Hamilton. Dress, drill order. Batteries 2 and 3 will fall in at Barrack Square and not at their regular drill sheds.

Wanted.

At Royal Hotel, kitchen girl and kitchen boy.

Wanted.

Wanted chamber maid. Apply Royal Hotel.

**MAN FEARED MURDERED
HAS BEEN FOUND—ANXIOUS
WIFE GREATLY RELIEVED
BY GOOD NEWS.**

With joyous heart the cheerful news that her husband was alive and well was received in the city on Saturday by Mrs. Peter J. Murray, who felt quite certain that he had been the victim of foul play.

As a result of an investigation into the case by the local police, it was learned that the missing man had been working with Arthur Grandall at Nerepis. The glad news that no mishap had befallen her husband was sent to the anxious wife.

She immediately got long distance connection by phone with Nerepis to inquire into the truth of the statement and learned that Mr. Murray was working under Arthur Grandall at that place since he left the city. This was followed by a letter from her husband explaining that he had continued his journey to Nerepis instead of remaining at South Bay. It was also stated in the letter that he had told his boss to inform Mrs. Murray where he was working and to forward her a certain amount of money. His failure to carry out this led to confused reports as to the man's whereabouts, and, thinking he had left for South Bay, Mrs. Murray when she learned that he had not been there, naturally concluded that he had been fatally injured.

**P. J. MURRAY WORKING
IN MILL AT NEREPI**

Man Feared Murdered has been Found—Anxious Wife Greatly Relieved by Good News.
