

## LIVELY DEBATE ON CHURCH UNION

### General Assembly in Uproar

#### Limiting Speakers' Time to Ten Minutes Each Caused Storm

#### Many Delegates Favor the Scheme Ultimately but Claim the Time is Not Ripe—Think Too Much of Doctrine Will be Sacrificed.

Toronto, June 9.—After a strenuous afternoon session spent in the discussion of church union, the General Assembly of the Presbyterian Church in Canada spent a quiet evening in discussion of the Sabbath school and Young People's Society work.

Rev. Dr. C. A. Myers, of Edmonton, was appointed assistant to Rev. Dr. J. C. Robertson, secretary of the Sabbath school and young people's societies board. Dr. Myers will take charge of the work in western Canada and will probably make his headquarters in Edmonton.

This afternoon's session of the assembly provided a free-for-all guesing competition as to the correct procedure during the debate upon church union. It was after a motion by Dr. Ramsay, of Ottawa, that the time of speakers be limited to ten minutes that the storm broke.

Walter Ball, of Montreal, opened the discussion and said he was not opposed to church union, when the time came for its consummation, but he did not believe that the time had come.

Mr. Ball, after the discussion of finances was over, had what do you think of union is union going to help you carry out this programme? When I go along the streets of Montreal, shouting 'What's the matter with old McGill?' and the answer rings out—'She's all right, and I want to ask—'What's the matter with our Presbyterian church?' 'She's all right.'

David Christie, of Winnipeg, said that the forces of evil were organized all over the world, and he would not speak ten minutes and he could not vote any amendments that time. But when the time came he would move that the words "in the hope that union may be consummated with no unnecessary delay" be substituted in the first resolution of the committee.

Dr. Gunn, of Toronto, said he wished to dissociate in the most emphatic manner with those who impugned the motives of those opposed to union. The question, he said, was a religious one and not merely an ecclesiastical question.

## SUFFRAGETTES APPEAL TO KING FOR JUSTICE

### Call Attention to Miss Davison's Sacrifice of Her Life for the Cause—The "Martyr's" Funeral to be Held on Saturday and Militants are Planning a Big Demonstration—"Arson Squad" Busy in Campaign of Destruction.

LONDON, June 9.—It had been decided that Miss Emily Wilding Davison, the militant suffragette who died from her injuries received while interfering with the running of the Derby, shall be buried at her home, Longhorley, Northumberland, on Saturday.

The Women's Social and Political Union is arranging an imposing ceremonial procession across London and a memorial service to be held at the headquarters of the militant organization when the body is placed on the train to be sent to Northumberland.

At the weekly meeting of the suffragettes held in a music hall in London today most of the women were mourning.

Constitutional methods of approaching our king, called Miss Emily Wilding Davison having given her life to call attention to the women's passionate demands for the franchise, we appeal to the king to give serious attention to this appeal of womanhood.

Each of the Balkan delegations advised its government to conclude a separate convention with Turkey. The Montenegrin delegate, who presided at today's session, delivered a speech of farewell in which he expressed his confidence in the king.

Winnipeg, June 9.—During the last five months of this year, ended May 31, no less than 11,966 homesteads have been taken up in the west, which shows a large increase over any corresponding time in recent years.

The largest entries were made in May when 2,120 applicants registered their names for free lands. April came second with 2,076 claims followed with 2,029, then January with 1,532 and February last with 758.

Contrary to general opinion 75 per cent. of these homesteads have been taken up in the prairie provinces by English-speaking people. Canadians lead the way by a small majority, but they are closely followed by Britishers and Americans.

## FRIEDMANN ASKS FOR TEST OF "CURE"

### Turns Over Sample of Serum to New York Health Board in Compliance With Order.

New York, June 9.—Dr. Friedmann has turned over to the health authorities here a specimen of his "cure," which he claims is a cure for consumption, and which he made a request for permission to administer his treatment to patients in this city.

At the present time Dr. Friedmann is barred from making use of the vaccine here because of a resolution passed by the board of health about ten days ago against the use of living bacterial organisms in the inoculation of human beings for the treatment of disease until a specimen of culture and details as to the methods of its use had been submitted.

## MINNESOTA WINS IMPORTANT CASE

### U. S. Supreme Court Upholds the State's Right to Fix Railway Rates.

Washington, June 9.—The state of Minnesota won a substantial victory in the supreme court today, when in the Minnesota state rate case, Judge Hughes, for the court, held that the rates of the Minneapolis & St. Louis Railroad were confiscatory and unconstitutional, but that the rates of the Northern Pacific and Great Northern were valid.

## WAR AMONG BALKAN STATES SEEMS SURE

LONDON, June 9.—With both sides stubbornly refusing to make the slightest concession, war between the Balkan states is hourly becoming more imminent. If Bulgaria sends a negative reply to the Serbian note—and nothing indicates that she will answer otherwise—Serbia and Greece will proclaim the annexation of the occupied Macedonian territory, thereby establishing a definite casus belli.

Each of the Balkan delegations advised its government to conclude a separate convention with Turkey. The Montenegrin delegate, who presided at today's session, delivered a speech of farewell in which he expressed his confidence in the king.

## SCORES FORMER STEEL TRUST HEADS

### SEEKS TO "BUST" THE KODAK TRUST

The United States Government Starts Dissolution Proceedings Against the Eastman Monopoly.

Buffalo, June 8.—Dissolution of the so-called Eastman Kodak trust was asked in a civil anti-trust suit filed here today by order of Attorney-General McKeogh.

The federal government seeks the dissolution by receivership, if necessary, of the Eastman Kodak Company of New Jersey and the Eastman Kodak Company of New York, which are charged with monopolizing the trade in photographic supplies in violation of the Sherman law.

It is the aim of the government to obtain a division of the assets and business of the two companies controlling 72 per cent. of the business in the United States into such parts as will effectually destroy the alleged monopoly and restore full and free competition.

The petition in equity asks for an injunction forbidding the fixing of retail prices of cameras, films, and other patented photographic supplies. This marks the attorney-general's first application of the recent decision of the United States supreme court denying patentees the right to fix retail prices of retailers.

RESULT OF ELECTIONS IN AUSTRALIA STILL IN DOUBT	
Indications Now That Labor Government is Defeated, But Completed Returns May Save It.	
Melbourne, June 9.—The result of the federal election is still hanging in the balance and the result may not be definitely known for some weeks. Returns from the interior are slow, as many districts get only one mail a fortnight, and some less than that.	
Presumably the result will be decided by the vote of the labor government.
