FOUR PERSONS BURNED TO DEATH.

Four Others Badly Injured.—
Steamer Crystal Stream
Total Loss.

BURNED AT COLE'S ISLAND.

Heart-Rending Disaster On St. John River Thursday Night.

Four men burned to death and four other persons badly hurt is the record of a disaster at Cole's Island Thursday night, when the steamer, "Crystal Stream" an old New York side-wheeler, brought to St. John five years ago to run on the St. John river and Washademoak Lake. She was this year in command of Capt. Fred. Mabce. Mr. D. J. Purdy, M. P. P. of St. John, is the principal owner.

The steamer, which makes two trips a week, was on Thursday night lying at the west wharf at Coles Island, sixty miles from St. John, on her down trip to that city. Hay is now \$24 a ton, and as up river farmers are selling all they can spare, the steamer was heavily loaded with this very inflammable stuff.

At one o'clock fire was discovered on the upper deck. It had evidently caught in the hay from a spark in the smoke stack. With frightful rapidity it spread through the light freight, and before the members of the crew could be awakened the whole steamer was in flames.

Most of the men were sleeping in the lower deck below the freight, and were hemmed in by the fire like rats in a trap. As soon as those on the upper decks were aroused, they endeavored, but without any success, to extinguish the flames, turning their attention also to those of their comrades who were below decks. The steamer was cut away from the wharf and shoved off, but she drifted in towards the shore, and burned the big new bridge at Cole's Island.

Strenuous efforts were put forth to rescue the men who were below and it was not until the rescuers were unable to approach even the side of the steamer that the task was given up. Below the decks were William Logan of Clarke's Landing, King's Co., and Allan Logan, two brothers, the latter belonging to Land's End. The former was a fireman, the latter a deck-hand; Fred. Smith, of Shannon, Queen's County, and a fourth man named Edward Baxter of Westfield Beach, both deckhands. These four were burned to death, and in the morning their charred bodies were found in the ruins.

Engineer Wentworth Roberts and the stewardess, Mrs. Chase, both belonging to St. John; Herbert McAlary, the mate, and H. P. Belyea, the purser, are badly burned. Capt. Mabce and the cook, Mrs. Coleman of St. John, were unhurt. Mrs. M. McCutcheon of St. John, waitress, had left the boat a short time before the fire.

CLOSING EXERCISES AT ST. MARY'S.

Public Recital Given at the Convent Last Friday Evening.

PRIZES AWARDED.

Excellent Program Provided—Miss McCombs' Essay—List of Promotions.

The closing exercises of St. Mary's Academy were held in the Convent Assembly room on Friday evening last. The principal part of the program was a musical recital, but several good recitations were interspersed; and a very interesting feature was the distribution of the prizes to various members of each grade.

The children showed a very creditable degree of proficiency in music and elocution, delighting the audience, and bearing eloquent testimony to the care with which the sisters have trained their young charges.

A prominent feature of the exercises was the everywhere present evidence of the pupils' politeness; respect and deference to superiors, elders and guests; and reverence for sacred things, unfortunately so often lacking in many schools.

The class essay by Miss McCombs was a well-written paper emphasizing the importance of an all-round training of the nature—physical, mental and spiritual. It deprecated the attempt to develop the mental side of woman's nature so far as to risk undermining the health, and warned against the turning of women away from domestic pursuits to follow the will of the wisp of intellectual fame. A strong plea was made for the teaching of religion. Father Dixon made an earnest address at the close, giving sound advice to the whole school and especially to those about to sever their connection with the institution.

The program, the order of which was somewhat varied but no part omitted, was as follows:—

1. DUET—"DANCE DES BACCANTES"
Gowned Misses F. Coulombe, M. Murray, E. Brunceau, M. Sullivan, M. McIntyre, A. Morris, M. Riordan, C. Perron.

SOLDIERS OFF TO SUSSEX.

Newcastle Field Battery Leave on Special Train Monday Night.

73rd REGIMENT.

Companies Assemble at Campbellton, Chatham, Richibucto and Buctouche.

On Monday, the streets of Newcastle and Chatham resounded with the measured step of the military, assembling for departure to Sussex where for twelve days they will study the ancient and still honorable art of war.

The 12th (Newcastle) Battery Canadian Field Artillery, comprising about 95 non-commissioned officers and men with four guns, and commanded by Major T. W. Lawlor with Lieuts. C. W. Anslow (acting captain), T. H. Whalen and C. J. Morrissey, next in rank, left Newcastle by special train at eleven o'clock Monday night. The boys looked fine in their regimentals, presenting a soldierly appearance, and received a hearty sendoff from the citizens. Companies B. C. and E. of the 73rd (Northumberland) Regiment left Chatham at 10 o'clock the same evening, meeting at Chatham Junction Companies D. and H., and the Stanley company of the 71st. Company F. went south on the express yesterday morning. The strength of each company is about 40 men. The officers of the 73rd are as follows:—

- Staff—Lieut. Col. J. D. B. F. McKenzie, Chatham, in command; Major Geo. W. Mersereau, Doaktown; second, Major Howard Irving, Douglasfield, third, Capt. W. H. Murhead, Chatham, Adjutant; Major Robt. Murray, M. P. P., Richibucto, Quartermaster; Lieut. Stuart Leggie, surgeon.
A. Company, Buctouche—Lieuts. R. A. Irving, Dysart, Macdonald.
B. Company, Chatham—Lieuts. W. Herbert Belyea, Salter, C. R. Mersereau.
C. Company, Black River—Capt. Donald McNaughton, Lieuts. J. W. McNaughton, Stuart McNaughton.
D. Company, Boistown—Lieuts. H. Pond, W. D. Gunter, H. Attridge.
E. Company, Black River Bridge—Captain, Alex. Cameron, Lieut. Archibald Cameron.
F. Company, Campbellton—Capt. E. B. Pritchard, Lieuts. A. E. G. MacKenzie, Harry F. Fair.
G. Company, Richibucto—Capt. W. E. Forbes (best shot at the Sussex rifle matches in June, 1907), Lieuts. R. G. Keith, E. E. Buckerfield.
H. Company, Upper Blackville—Capt. B. Donald, Lieuts. F. McKnight, V. Dunphy.

The marriage of Mr. A. McLellan private secretary to W. B. McKenzie, chief engineer of the I.C.R., to Miss M. Beatrice Thomson daughter of Mas. C. D. Thomson will take place in the early autumn. Mr. McLellan is a brother of Mrs. Capt. John Russell of this town.

FARRIS HOME FROM EUROPE.

Bought Twenty-Eight Horses In Scotland and Twelve In France.

A FINE LOT.

Hon. Ora P. King Remains Behind to Look After Shipment.

Hon. L. P. Farris, Commissioner of Agriculture, returned from Europe on Thursday. He brought forty horses. Twenty-six are Clydesdale fillies from two to four years old, and in the lot there are two fine stallions of the same breed.

These were secured in Scotland from the firm of A and W Montgomery, who are known far and wide as dealers and breeders owing over eighty stallions the get of which they retain options on consequently Mr. Farris had the opportunity of a very large number of animals to select from.

After having perched all of the Clydes he wanted, Mr. Farris crossed over to France, and in Normandy the home of the percheron, he bought ten fillies of this famous breed and two French coach fillies as well. The Percherons, Mr. Farris thinks, are as fine a lot as ever came into America, and he is confident that they will come up to the highest expectations of the farmers of the province.

The horses will be shipped from Glasgow on the twenty-ninth of this month, on the Donaldson liner Athenia, and should reach here about the 7th or 8th of July. They are offered for sale at public auction, probably at Moncton or Fredericton. The average cost of the animals was about \$300 each.

Although the new regulations are very stringent the horses are all eligible for registry in Canada. Ora P. King, M. P. P., who accompanied the commissioner on his trip, is still in the Old Country, having remained to look after the shipment of the horses. He will return with his bride on the Athenia.

Hon. Mr. Farris made the trip both ways on the C. P. R. steamer Empress of Britain, and he has nothing but the highest praise for the luxury and comfort provided on this magnificent vessel.

Although this was his first trip across the commissioner was not sick at all, and altogether he thoroughly enjoyed the holiday, if being as busy as he was could be called a holiday. While in London he met Sir Wilfrid Laurier, and found the name of Canada's eloquent premier on all lips.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop to the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success to the original and highly successful principle, no such lasting accomplishments were ever to be had.

For stomach distress, bloating, flatulency, heartburn and yellow complexion, use Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend.

NONE TOO SOON.

On recommendation of the School Board the Town Council has appropriated about \$600 for purpose of increasing the salaries of the town teachers. Both the Board and Council are to be commended for the step. If there are any human beings on the face of the earth who are underpaid they are school teachers.—Campbellton Events.

A FUNCTION OF THE GOVERNMENT.

The telephone service is quite as much a function of the Dominion Government as the postoffice, and no sound principle or method can be found that does not aim toward making the telephone a branch of the postoffice Department. Municipal, Provincial, and independent private lines should be encouraged and promoted with that broader aim in view.—Toronto Globe.

A TINY HUMAN MACHINE.

"We met little Joe one day in a Pittsburgh toby (cheap cigar) factory," writes Owen R. Lovejoy in the July WOMAN'S HOME COMPANION. "A tenement room twelve feet square, with a low ceiling, not an open door or window, was occupied by twelve or thirteen of these tiny machines. We had gone with a friend of the children to see little Joe, a boy of eleven, who worked twelve hours a day except on one day of the week, when the hours continued on to midnight.

"As we watched him bending over his table, his fingers flying deftly at their work we seemed to see two pictures of little Joe sitting before us. First was the perfect machine, a human organism, trained to lightning motions that produced five or six hundred of these cigars a day, for which he received eight cents a hundred. Second, the sorrow face, the lusterless eyes, the narrow chest, the ominous cough, which combined to write with his life blood Nature's curse upon our social neglect. With out speaking a word Joe told us more convincingly about child labor than all the census reports that were ever compiled."

PUBLIC DEBTS.

At the end of 1906 the debt of St. John city was \$5,411,389.97, an average of over \$125 for each inhabitant. To this must be added St. John's share of the provincial debt which is about \$10 per head and her portion of Dominion liabilities which are about \$50 per head. The yearly interest on these sums is an enormous drain on the public treasury; and in most countries this burden is annually increasing. A few, like Turkey, have become bankrupt and no longer able to pay up the interest much less the principal.

The public debts of Europe, the United States and Asia have been largely incurred by war. About 215 years ago the English government, in order to maintain the struggle with France, began to borrow money for war purposes instead of paying the whole sum needed as all nations formerly did. Other states thought they had to do likewise, and the evil custom has survived to the present day. Nearly all the Central and South American revolutions and the European wars of recent date have been financed by money lenders who cared not what suffered their money caused so long as it produced the golden harvest of interest. If governments assessed the full cost of wars upon the generation that picked the quarrel there would be very little international strife. If the people had to settle at once for everything done for them, instead of shifting a large part of the payment upon their successors, a given sum would be made produce much greater results than are now obtained from its expenditure. The knowledge that only the interest, not the principal, will have to be paid in our lifetime tends to render us careless and extravagant.

The debts of the British Colonies have been mostly incurred by construction of public works, and therefore we have much more to show for our liabilities than have those who wasted their loans in the form of powder and shot. The Australasian and South African governments, when they built their railroads with public money, wisely retained the ownership and operation of them, and so valuable are the public properties in those countries that the income there-

from balances or exceeds the interest chargeable to them.

Whenever she has a period of peace, Britain manages to annually decrease her public debt. Her debt decreased by £209,000,000 pounds, or one quarter of the total, between 1857 and 1899. The Boer war increased it by £140,000,000, but since 1903 it has been paid off at the rate of over £9,000,000 a year, although at the same time vast sums were expended to aid the people of Ireland and ameliorate social conditions in the larger island.

PULP MILL IS SCORCHED AGAIN.

Acid Plant of Dominion Pulp Co. Burned Wednesday Morning—100 Men out of Work.

Fire was discovered in the acid plant of the Dominion Pulp Mill, at Millbank, about six o'clock Wednesday morning, but at that hour it had made good headway and was breaking out of the doors and windows. The Mill's whistle was at once sounded and the mill pump was started. The men worked hard and were getting the blaze under control when the pump broke down and had it not been for the arrival of the steamer St. Nicholas, with her powerful fire and wrecking pump, the whole plant would have been lost. The flames were now shooting high up in the air, the chemicals used in the pulp working process burning with great activity, shooting up through the clouds of smoke which hung low over the river.

At eight o'clock the situation was so serious that an engine was sent over from Chatham to help the mill men, and at nine o'clock the fire was under control, the acid plant being burned to the ground.

The Dominion Pulp people had their acid plant destroyed in January, 1906. The present buildings were completed a year in May and the mill has been in operation but a year and is now rendered useless again. The buildings are valued at \$6,000, and including the machinery and material destroyed the loss will probably reach \$15,000. The insurance is held by F. W. C. Winglow and is as follows: \$3,000 on buildings destroyed, \$5,000 on tanks in building, \$3,000 on stores.

It is possible that the fire will cause the loss of this industry to the Miramichi, as the company is already contemplating erecting a plant in Newfoundland and Mechanical Superintendent Stevens had just left Tuesday for Newfoundland. The mill employs 75 to 100 men.

WILL KISSING BE PROHIBITED

The Osculatory Process Denounced by Scientists as Extremely Dangerous—How the Danger Can be Removed.

A keen discussion is being carried on by some of the best scientists as to the danger and "crime" of kissing, led by Dr. Somers, Health Officer of Atlantic City, and Dr. Nalpas, of the Medical Faculty of Paris. They charge the kiss with spreading grippe, scarlet fever, measles, mumps, whooping cough, typhoid fever, diphtheria, erysipelas, meningitis, tuberculosis, and many infectious skin diseases. They suggest legislation on the subject, and the posting of notices in railway stations, street cars and other public places, but they say it would be useless to post them on verandas, in cosy corners, porches, shady nooks, or moonlit lawns. They also propose compulsory legislation for methods of disinfection of the mouth and purifying the breath, especially with a view to the protection of the innocent babies who are particularly subject to infection. The greatest and most effective purifier and germ destroyer known to medical science for the mouth, throat and breath, as well as for the blood, stomach and lungs, is Psychine, that triumph of the medical world that is attracting almost universal attention because of the wonderful results attending its use. One of its recent triumphs is told as a matter of experience in the following brief statement:

Dr. Stocum Co.
I am sending you photo and testimonial here-with for your great remedy PSYCHINE. Your remedies did wonders for me. I was about 35 or 36 years of age when I took PSYCHINE. The doctors had given me up as an incurable consumptive. My lungs and every organ of the body were terribly diseased and wasted. Friends and neighbors thought I'd never get better. But PSYCHINE saved me. My lungs have never bothered me since, and Psychine is a permanent cure.

MRS. LIZZIE GARNER.
219 Richmond St., London, Ont.
Psychine, pronounced Si-keen, is admitted to be the most wonderful of all disease and germ-destroying agencies. For building up the run-down system and curing all forms of stomach troubles and diseases of the chest, throat and lungs or head, it is simply unapproachable. It is a reliable home treatment. For sale at all druggists, 50c and \$1.00, or Dr. T. A. Stocum, Limited, 178 King Street West, Toronto.

A
REMARKABLE
INVENTION
FOR THE
Culture
of Hair.

THE EVANS VACUUM CAP is a practical invention constructed on scientific and hygienic principles by the simple means of which a free normal and circulation is restored throughout the scalp. The minute blood vessels are gently stimulated to activity, thus allowing the food supply which can only be derived from the blood, to be carried to the hair roots, the effects of which are quickly seen in a healthy, vigorous growth of hair. There is no rubbing, and as no drugs or chemicals of whatsoever kind are employed there is nothing to cause irritation. It is only necessary to wear the cap three or four minutes.

60 DAYS' FREE TRIAL.

The Company's Guarantee.

AN EVANS VACUUM CAP will be sent you for sixty days' free trial. If you do not see a gradual development of a new growth of hair, and you are not convinced that the Cap will completely restore your hair, you are at liberty to return the Cap with no expense whatever to yourself. It is requested as an evidence of good faith that the price of the Cap be deposited with the Chancery Lane Safe Deposit Company of London, the largest financial and business institution of the kind in the world, who will issue a receipt guaranteeing that the money will be returned in full, on demand without questions or comment, at any time during trial period.

The eminent Dr. L. M. Love, in his address to the Medical Board on the subject of Alopecia (loss of hair) stated that if a means could be devised to bring nutrition to the hair follicles (hair roots), without resorting to any irritating process, the problem of hair growth would be solved. Later on, when the EVANS VACUUM CAP was submitted to him for inspection, he remarked that the Cap would fulfil and confirm in practice the observations he had previously made before the Medical Board.

Dr. W. Moore, referring to the invention, says that the principle upon which the Evans Vacuum Cap is founded, is absolutely correct and indisputable.

An illustrated and descriptive book of the Evans Vacuum Cap will be sent, post free, on application.

TOWN COUNCIL MEETING.

Decide not to Accept New Pump Until the Air Chamber Is Replaced.

C. T. A. CONVICTIONS.

Meter For Furniture Factory.—Inspection to Enforce Law Against Wasters of Water.

Town council held its regular session Thursday night, the full board being present.

Minutes of previous special and regular sessions read and approved. A communication was read from R. Murray, M. P., stating that the road machine used and claimed by the town of Newcastle belonged to the local government and was for use in the parishes of Newcastle and Nelson. It had been asked for by the Nelson road superintendent, and the town is requested to let that official have it without delay, else the attention of the Chief Commissioner of Public Works will be called to the matter.

As the road machine was already promised to Nelson before Mr. Murray's letter was received, the latter was merely received and filed.

A communication was read from D. H. Waterbury, asking what progress was being made on the new sidewalk around post office. Received and filed.

Communications were read concerning coal quotations. The Glace Bay Dominion Coal Co. and the New Glasgow Nova Scotia Steel & Coal Co. said that slack coal was scarce. The former could not supply any at all to new customers; the latter might supply a cargo or two at \$2.00 a ton of 2240 lbs. f. o. b. at North Sydney. The Intercolonial Coal Mining Co. of Westville, N. S., said that they would deliver 800 tons slack coal by water, delivered on Newcastle wharf, at \$2.50 per ton; and by rail at \$2.85. If delivered by rail, they could send it in small quantities. The communications were received and referred to the Light and Water Committee.

The Light and Water Committee were then instructed to advertise once in the local papers and once or twice in one or two of the Nova Scotia papers, calling for further tenders.

On motion, it was decided to authorize an increase of interest on current account overdraft at Bank from 4 1/2 to 5 per cent.

On motion it was decided to authorize the hypothecation of \$35,000 of debentures to the Royal Bank as security for shrinkage in bonds already held by bank and to cover the full amount of current account overdraft.

The public works committee recommended payment of following bill, which was received and passed:—Frank Masson, \$23.75.

On recommendation of the Light and Water committee, the following bills were ordered paid:—

John Forman, \$80.15; Frank Masson, \$21.25; Canada General Electric Company, \$12.85; E. P. Williston, (legal advice), \$10.00; digging water trench \$3.00 \$13.00; Lewis Bros., \$8.00; T. McAvoy & Sons, \$102.88—total, \$238.13.

On recommendation of the Finance committee the following accounts were ordered paid:—North Shore Lender, \$5.25; H. P. Cassidy \$35.00 for distributing tax

notices 1906 and 1907.—total, \$44.25.

A long discussion then followed concerning the acceptance or rejection of the Canadian Fairbanks Company's pump, which appears to have a flaw in the airchamber, and the connection of which is a ten-inch pipe, instead of the twelve inch which is considered necessary. The general opinion was that last year's Light and Water Committee, by authorizing the company to make a ten-inch connection, had put it beyond the power of the present council to now demand a twelve inch connection.

Ald. Morrissey and Allison moved that the Town Clerk be instructed to write the Company refusing to accept the pump until the defective air chamber be replaced by a new one.

Ald. Belyea and Falconer moved in amendment, That the Council accept the pump as it is, providing the company give a written guarantee to replace the air-chamber should the latter fail to do its work properly.

Mayor Miller and others strongly opposed the amendment. Ald. Russell spoke in favor of it.

The amendment was lost by following vote: For—Ald. Belyea, Falconer, and Russell; Against—Ald. John Clark, T. A. Clarke, Allison, Morrison and McMurdo.

The original motion was put and carried, 7 to 1, Ald. John Clark not favoring either motion or amendment.

The Police and Appointment to office committee recommended

(1) The appointment of the following as special policemen for circus day:—John Jardine, Thos. Fallon, William Condron, George Johnson, John Gallah, and Arthur Petrie, and (2) The payment of the following bills—T. W. Butler, on account Canada Temperance Act, \$27.00; T. W. Butler for advice to Policeman Ashford, \$5.00; S. McLeod, for Policeman's uniform and cap, \$26.50—total \$58.50. Section 3 stated that during May three convictions had been secured against Scott Act violators, and the usual amount of \$50 and costs collected from each. The report of the committee was received and adopted.

It was decided to ask for tenders for coal for the police office, town clerk's office and town hall.

The Committee on petitions and By-Laws reported (1) That they could not see their way clear to grant the petition of P. J. McEvoy (2) That they recommended that the 1903, 1904 and 1905 taxes be struck off Albert Hickie's account as he had made affidavit that during those years he did not live in town; and (3) That, with reference to the collection of the by-laws, they wished authority to employ a clerk to assist them. Sections 1 and 3 were adopted, and section 2 rejected.

The Mayor was instructed to write W. S. Loggie, M. P., and the M. S. N. Co. re the latter running a boat between Chatham and Redbank.

Ald. Belyea brought up the water matter again, advocating the appointment of an inspector.

Ald. Morrissey wanted a number of water meters put in to see where the leakage was.

On motion of Ald. Morrissey and Allison, the Light and Water Committee were authorized to install a meter in the Anderson Furniture factory in order to ascertain how much water was used there.

On motion of Ald. Belyea and McMurdo, the Light and Water Committee were empowered to at once appoint an inspector to enforce the law against the indiscriminate use of the town water.

Adjourned.

TWENTY-NINTH ANNIVERSARY.

A very pleasant and genuine surprise was given Mr. and Mrs. Geo. Stables on Wednesday evening, when their family invited a number of Mr. and Mrs. Stables' friends to assist in celebrating the 29th anniversary of their marriage. After most felicitous greetings a delicious supper was served, Mr. and Mrs. James Stables doing the honors of the tables, the Misses Stables, Miss McAllister, Mrs. J. Russell, Mr. S. Stable and Mr. Allan Ferguson serving. Mrs. Stables received a very handsome gold watch-chain from the family. The guests were Mrs. McAllister, Mrs. Fleming, Mrs. Crocker, Mrs. Hamilton Mr. and Mrs. D. Morrison and Mr. and Mrs. Osborne Nicholson.

Supper was followed by an hour of social intercourse, interspersed with Scotch music and songs and speeches suitable to the occasion by the guests, responded to by the "bride and groom." The singing of "Auld Lang Syne" brought a most happy event to a close.

THE MEDICINAL VALUE OF FRESH FRUIT JUICES

One of the Greatest Wonders of the Age.

Hundreds Have Been Made Well by Taking Advantage of an Ottawa Physician's Discovery.

Everyone knows how beneficial fruit is, when eaten regularly. Fruit is nature's laxative—the finest kidney regulator—and the ideal skin tonic. Unfortunately, the medicinal principle of fruit occurs only in minute quantities. In order to consume enough fruit to relieve biliousness, one would also consume a large amount of woody fibre or pulp, which would upset the stomach and impair digestion.

An Ottawa physician discovered a way to get around these difficulties. He pressed the juice from apples, oranges, figs and prunes—and then forced one more atom of the bitter principle from the discarded orange peels into the concentrated juices. This formed a new compound, having all the curative effects of fresh fruit—and

in a highly intensified degree. Then valuable tonics and internal antiseptics were added and the whole pressed into tablets.

These are "Fruit-a-tives" the wonderful Liver Tablets you hear so much about. "Fruit-a-tives" cure the most obstinate cases of non-action of the bowels, biliousness, headaches, sleeplessness, nervousness, kidney trouble, rheumatism, sciatica and neuralgia. They are the greatest blood purifying medicine in the world, while their action on the skin, in clearing and beautifying the complexion, is nothing short of marvelous. Ask your druggist for "Fruit-a-tives" and see that you get them. See a box, 6 for \$2.50. By mail, postpaid, from Fruit-a-tives Limited, Ottawa.

MUST SHE LEAVE NEWCASTLE?

It will be neither creditable nor profitable to Newcastle if the new boat, being built by Messrs. John Russell & Co. is not put on the Redbank-Chatham route this summer. If she is allowed to pass into the hands of outsiders who will establish her headquarters in some other port. The inducements from a financial standpoint should be sufficient to justify some of our men, of whom there are not a few, in investing the \$4,000 or \$5,000 needed to secure the vessel for trade and passenger service. We understand that the vessel can be bought outright for \$2,000, or a two-thirds interest can be secured for \$4,000. Very little, ever that sum would be required to equip her in first class style; and the advantages of so doing ought to be apparent to all who have in any way considered the matter. Being a swift boat of light draft, she might profitably be run between Loggieville and Redbank, stopping regularly at Chatham and Newcastle. There should be enough business for the venture to reasonably repay the stockholders. The summer is passing; what shall be done? Chatham is the headquarters of several river steamers whose owners appear to be prospering; cannot the Newcastle people maintain one in their own interests.

COUNTY LIBERAL ASSOCIATION MEET.

Routine Business Transacted—Officers Elected.

The Northumberland County Liberal Association held its annual meeting Thursday afternoon in the Newcastle Temperance Hall, President W. C. Winslow of Chatham in the chair. There were present Mr. W. S. Loggie, M. P., and delegates from Newcastle, Chatham, Nelson and Gleng. Partly because of the season being unfavorable for farmers to leave home, and partly because the recent holding of large and enthusiastic parish conventions at Rosestown, Redbank and Blackville seemed to render attendance at the larger convention not so important, the central and western parts of the county were not represented.

The resignation of Mr. James M. Troy, secretary, was received with regret.

Messrs. Chas. Dunn and Dr. Hynde, Chatham; Geo. A. Flett, Nelson; Hackett, Gleng; and P. Hennessy and T. H. Whalen, Newcastle, were chosen a nominating committee. They nominated the following officers for ensuing year, and the same were elected:—Pres., W. C. Winslow, Chatham, re-elected; Secretary, T. W. Crocker, Newcastle; Treasurer, P. Hennessy, Newcastle.

It was decided that, as everything was running quite smoothly, there was no necessity at present for calling in the Liberal Organizer, Mr. A. B. Corp, M. P. P.

BALMORAL TRAGEDY.

The body of Peter Fontaine was exhumed last week, and an autopsy performed on it by Dr. Martin last Saturday. It is understood that Dr. Disbrow's evidence was corroborated and only two bullet wounds found.

COLLINS TRIAL.

Seventy-one petit jurors, fifty more than the usual panel, were summoned for the Collins trial, which opened at Hopewell Cape Tuesday, before His Honor Chief Justice Tuck. The trial is expected to take a week or more.

METHODIST CONFERENCE.

Strong Declaration in Favor of Church Union—Station Sheet For North Shore.

The Methodist Conference for N. B. and P. E. I. convened in St. Stephen last Thursday.

The Conference, like the Presbyterian General Assembly, declared strongly in favor of church union.

It was decided that the conference meet next year at Moncton on the third Tuesday in June. The time for the ministerial session was referred to the president. The president and secretary, with the pastors of the two Moncton churches, were appointed to arrange for a public meeting to suggest a programme.

The station sheet for the North Shore is as follows:—Chatham—Rev. George A. Sellar.

Newcastle—Rev. Henry C. Rice, B. A. Super-numerary, Rev. Geo. Harrison.

Tabusintac—Rev. Mr. Patterson.

Derby—E. J. Westmorland. K. Richibucto—J. B. Young.

Buctouche—Rev. Richard Opie.

Harcourt—Rev. C. H. Manaton.

Bathurst—Rev. A. D. McCully, B. D.

Campbellton—Rev. W. A. Thomson.

Gaspé—W. J. Dean.

Boiestown—Rev. John K. King.

THE LIBEL SUIT.

The Emerson-Crocket libel suit

began before Judge Landry on the 18th, but no evidence has yet been taken, the whole time so far having been occupied by disputes as to what kind of evidence should be accepted and what rejected.

Judge Landry was to have given his decision yesterday concerning postponement of the case, but he has put off his decision till he has had time to consult legal authorities.

THE HAYWOOD TRIAL.

Boise, Idaho, June 25.—The defence opens case in Haywood's trial to-day. Witnesses will be placed on the stand to show that the testimony of Alfred Horseley (alias Harry Orchard) was a fabrication—that, instead of being engaged by Haywood and other officials of the Western Federation of Miners, he was really a tool in the hands of the mine owners and their detectives.

WHALEN-CHAMBERLAIN.

The marriage took place Tuesday 18th inst., at St. Anne's, Kent Co., of Miss Ellaine Chamberlain, daughter of the late Joseph and Mrs. Chamberlain, of Rexton, and Thomas Whalen, son of Michael Whalen, of Moulies River. The ceremony was performed by Rev. Father LaPointe. The bride was attired in grey, with white picture hat. She was attended by the groom's sister, Miss Eva Whalen. George Graham, cousin of the groom, supported the groom.

APPROACHING MARRIAGE.

The marriage of Miss Laura Snowball, daughter of the late Lieut. Governor, to Mr. Harry Rawlings, of New York, formerly of Montreal, is to be celebrated at Wellington Villa, on July 2nd.—Chatham World.

SCHOOL FOR S. S. WORKERS.

The Presbyterian Summer School for Sunday School Workers will open in St. Andrew's Church, Campbellton at 7.30 next Tuesday evening, July 2nd, and will continue till Friday evening July 5th. Among the speakers will be Prof. Richard Davidson, Ph. D., of Toronto University, and Prof. Walter C. Murray, LL. D., of Dalhousie University. The railways will give one-fare rates to holders of Standard Certificates.

ANNUAL MEETING

10TH DISTRICT.

North Shore Baptist Delegates Gathered at Campbellton.—Good Reports.

The annual meeting of the United Baptist Tenth District was held with the Campbellton church on Thursday and Friday last week.

The opening exercises took place on Thursday evening at 7.30. Pres. I. N. Thorne preached an able sermon from the parable of the prodigal son.

At 10.30 on Friday morning, the ministers held their conference.

At 2.30 p. m., there was a very helpful social service followed by encouraging reports from various churches of the district. The following reported:—Campbellton, Flatlands, Newcastle and Lower Derby, Tabusintac, Whitneyville and Lytleton, Grangeville and Harcourt, Doaktown and Blackville, and New Richmond, P. Q.

Friday evening a very successful public meeting was held. Prof. C. J. Mersereau of Horton Academy, Wolfville, spoke on education; Rev. C. P. Wilson, B. D., delivered an excellent address on Home Missions, and Dr. W. F. McIntyre spoke very earnestly on Foreign Missions.

It was decided to hold next quarterly meeting at Lytleton, in September.

The following delegates attended: Rev. and Mrs. C. P. Wilson, Doaktown; Rev. I. N. Thorne, Whitneyville; Rev. P. J. Stackhouse and several laymen, Campbellton; Rev. Thos. S. Roy, Flatlands.

The officers for ensuing year are: President, Rev. I. N. Thorne, re-elected; sec-treas., Rev. P. J. Stackhouse; 1st V. P., H. Swim, Doaktown; 2nd V. P., Edward Tozer, Lytleton; additional member of executive, Deacon Richards, Campbellton.

OBITUARY

DR. JOHN S. BENSON.

At Chatham, Saturday night, the death of Dr. John S. Benson took place after a long illness of paralysis. Deceased who was a son of the late Stafford Benson, who came to Chatham in 1831, was born in 1838. He graduated from Guy's Hospital, London, in 1861, and settled in Newcastle, where he lived till 1875. In that year he returned to Chatham. Dr. Benson was a prominent Free Mason, and an elder in the Presbyterian church. He leaves five daughters, Mrs. Robt. H. Anderson, of Campbellton; Mrs. Helen Brown, of Chatham; Mrs. R. Stanley Murray, of New York; Mrs. Richard Hutchison, of Boston, and Mrs. W. H. Tapper, of Chatham; three sons, Stafford, in the lumber business in Campbellton; John J., of the Bank of Montreal staff, Picton, (Ont.), and W. Stuart, manager of the Bank of Nova Scotia, Fredericton; three sisters, Mrs. D. T. Johnson, of Bathurst; the Misses Benson of this place; and three brothers, M. Samuel, barrister, and Dr. Joseph B., both of Chatham, and P. H. Culverhouse, of the U. M. S. now in Melrose (Mass.).

MICHAEL HAYES.

Mr. Michael Hayes of Nelson dropped dead in the R. C. church there Sunday morning, just as he had finished taking up the offering. Deceased had been millwright at the mill now owned by T. Lynch & Co. for a number of years, and was loved and respected by all who knew him. He was 65 years, and unmarried. Two brothers, William at home and John in New Hampshire, survive. The funeral services were held at 9 o'clock yesterday morning. Rev. Father Power officiating. The pall-bearers were: Sheriff O'Brien, Wm. Dolan, Sr., Joseph Foley, John Murphy, Michael Reynolds, and George Swain.

JAMES CARMALT.

The death of the late James Carmalt occurred at his home in Chalmersford, on Monday, June 17th. The deceased had been in feeble health for some time, and though blind for the past four years, he bore all with christian fortitude and patience, always resigned to his Master's will. He was a member of St. Peter's Episcopal church, and was a faithful worker for the same. He was 69 years of age, and leaves a widow and one daughter, to mourn the loss of an affectionate husband and father.

SOUND ADVICE RE

ROAD BUILDING.
The highway superintendents for Restigouche Co. met in Campbellton on Thursday. The chief commissioner outlined the duties of road officials as follows:—All repairs on roads must be done prior to the first day of August. Everybody must be offered an opportunity to work on the roads. There should be no politics shown in the administration of the road law. All culverts must be made level with roadway. Strict attention must be paid to skirting and drainage. All waterways must be cleared. All roads must be crowned so as to lead the surface water into the gutter. Construct ditches along the side with a free and uniform fall to a certain outlet. All obstructions must be removed from the highways. Bridges and culverts must be frequently examined to prevent any accidents. No money to be expended on private roads and no private jobs to be given. The road machines and road scrapers were a great saving. Detailed accounts must be furnished by the superintendents for every dollar expended.

FOUND DROWNED.

Ira Beiyee, the eleven year old son of Deputy Sheriff Belyea of Gagetown, was found drowned in Gagetown Creek one evening last week, shortly after six o'clock. The boy had been missing since the 10th inst. and a search had been kept up for him. The river was thoroughly searched at the time and no trace of the boy was found. It was thought he had gone to some outlying farmhouse and the whole county was scoured by searchers, but without avail.

COAL BRANCH.

Coal Branch, June 21.—Mr. Z. Arsenault, of Adamsville, celebrated his 73rd birthday on June 16. Mrs. Margaret Spencer is spending the week with friends in Harcourt.

Mrs. K. Branch, of Bathurst, was the guest of Mrs. J. Barton on Tuesday.

George Arsenault is visiting at his home in Adamsville after an absence of fourteen years.

Mr. and Mrs. Ernest Hachey went to Bathurst on Tuesday to visit the former's parents.

E. T. Swift went to Fredericton on Monday.

Mrs. John Brown visited Moncton on Wednesday.

G. B. Fenwick, of Sussex, spent Thursday in Clairville.

R. W. Robinson, of Moncton, visited Clairville on Friday.

Mrs. Wm. and Mrs. Anthony Little, of Clairville, visited friends here on Wednesday.

Mr. and Mrs. Thos. Spencer entertained a number of their friends on Thursday evening.

Doss Gallant visited Beersville on Thursday.

BASE BALL NOTES.

The game on Wednesday evening between the Merchants Hobos and the Bankers Tail-Twisters resulted disastrously for the latter, the score standing at the end of the Banker's fifth inning, when approaching darkness necessitated the close of the game, at 22 to 8. About 200 people witnessed the game, and the music of the band inspired the players to do their best.

On Thursday evening the Rough Riders won from the Loggieville boys—11 to 4.

On Friday, the Rough Riders regained the laurels lost in their recent defeat, by coming out equal with the Miramichi Stars.

Next Friday, at Boiestown, the Rough Riders will play a Fredericton team.

WHITNEYVILLE.

Whitneyville, June 24.—Mrs. Wallace Travis and family left this place on Thursday for Medford, Mass., where they intend making their future home. Mrs. Frank McKenzie accompanied her.

At the United Baptist Parsonage Wednesday, Mr. Frederick Hamilton was united in marriage to Miss Mary Matthews. Her sister Miss Hannah was bridesmaid while Thomas Hamilton, brother of the groom, acted as best man.

Mrs. Frank Mooney, of Island Falls, Me., is visiting her aunt, Mrs. Jas. Whitney.

Rev. Robert Mutch, of Norton, brother of the late Samuel Mutch, accompanied by his wife, passed through here last week on their way to Lyttleton where they are visiting Mr. James Mutch, brother of the former.

On Dominion Day, July 1st, a supper will be given in Whitneyville Hall, under auspices of Cheerful Workers of the Baptist Church.

Mr. William Stuart, a former resident of this place, but for some years a resident of Lines, Me., passed away at the home of his son David, on Sunday morning, June 23rd. Mr. Stuart came here a little over a year ago to visit his son. He was taken sick about two weeks ago during which time he was a great sufferer. To mourn his loss there remain two daughters and one son in Maine, and one son David, of this place.

English, Arithmetic and Science—Miss Jean Doyle. From grade X. to XI., unconditionally—Misses C. Lawlor, A. McCombs, K. Donovan, and M. Ryan.

Henceforth there will be an eleventh grade course, which will be obligatory, instead of optional as hitherto.

Dr. Desmond has kindly consented to give a series of lectures on hygiene next school term. The course will be of exceptional interest and will prove of great value to the pupils and to the scholars taught by the latter when they themselves go out to teach.

FIRE AGAIN VISITS DALHOUSIE.

Dalhousie Lumber Co's Mill Destroyed.—Loss \$50,000.—Ninety Men Idle.

Dalhousie, June 20.—Early last evening the mill owned by the Dalhousie Lumber Company, Limited, took fire on the roof by sparks from the chimney. The flames, fanned by a heavy gale from the east, spread with almost inconceivable rapidity, and at 10 p. m. the mill was completely destroyed and all the machinery down. The fire reached the long slab wharf which was built to protect the lumber in boom and it was ablaze.

The loss will be especially felt in the town, as it is the only industry upon which the people depended for summer's business, since the destruction of the Restigouche Wood-working Co's factory. At present 90 men are employed in the mill. The mill was never in better working order than at present. On Monday of this week it cut 104,000 feet of lumber. The mill is valued from \$35,000 to \$50,000. There is about twenty-five thousand dollars insurance.

The \$25,000 insurance on the Dalhousie Lumber Company's mill at Dalhousie is divided as follows: Phoenix of London, \$6,000; Norwich Union, \$5,000; New York Fire Underwriters, \$2,000; Sun, \$2,000; Royal, \$3,000; Atlas, \$2,000; Western, \$5,000.

HURT AT CHARIVARI.

Dalhousie, N. B., June 17.—John Giroux, of Charlo, a prominent farmer, and his son, were hurt yesterday evening by a number of persons mixed up in a charivari. Mr. Giroux's daughter having been married a number of young people felt it their duty to go and interrupt the festivities. When Mr. Giroux, and his son appeared to dispel the intruders the former was hit by a stone and his son was also assaulted and so badly hurt that he was unable to attend his duty at the Royal Bank of Canada in Dalhousie where he is an employee. It is expected the offenders will be promptly arrested and brought to justice.

"IT SAVED MY LIFE"

PRaise FOR A FAMOUS MEDICINE

Mrs. Willadsen Tells How She Tried Lydia E. Pinkham's Vegetable Compound Just in Time.

Mrs. T. C. Willadsen, of Manning, Iowa, writes to Mrs. Pinkham:

"Dear Mrs. Pinkham:—
"I can truly testify that you have saved my life, and I cannot express my gratitude to you in words."

"Before I wrote to you, telling you how I felt, I had doctored for over two years steady and spent lots of money on medicines besides, but it all failed to help me. My monthly periods had ceased and I suffered much pain, bearing-down pains, and I was so weak I could hardly keep around. As a last resort I decided to write you and try Lydia E. Pinkham's Vegetable Compound, and I am so thankful that I did, for after following your instructions, which you sent me free of all charge, I became regular and in perfect health. Had it not been for you I would be in my grave to-day."

"I sincerely trust that this letter may lead every suffering woman in the country to write you for help as I did."

"When women are troubled with irregular or painful periods, weakness, displacement or ulceration of an organ, that bearing-down feeling, inflammation, backache, flatulence, general debility, indigestion or nervous prostration, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound at once removes such troubles."

No other female medicine in the world has received such widespread and unqualified endorsement. Refuse all substitutes.

For twenty-five years Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, has under her direction, and since her decease, been advising sick women free of charge. Address, Lynn, Mass.

Editor's Mail.
The Editor of Union Advocate.

Dear Sir:—

Please give space in your paper for the following clipping from the "New Zealand Star," giving the experience and advice of a man who once ran a hotel.

Yours truly,

CITIZEN.

"I ran a hotel for about three years, and, thinking that I was not making money fast enough, I started a rum den, a gambling and a poker table. I also added a pool-table, a billiard-table and a bowling floor. Things began to hum pretty lively after that for a spell, and things began to get pretty rough about the place after six months. Sometimes I used to have to remain up all night to keep things quiet. I missed it by starting the rum-den, the gambling and poker table, as they were the means of putting me where I am to-day; and, I must say, I am in a pretty bad fix. It serves me right, for I have sent hundreds of decent young men out on the street dirty drunkards and without money or clothes. A gambling and poker-table is what fixes them quick. I did not care, as long as I made the money, how many I ruined. My wife and family used to turn out in good style all dressed up in furs of the best kind, but you readers know where the money came from to pay for these rich furs. It all belonged to those poor fellows whom I put out on the street. If I was to tell all the villainy that I committed while running the business it would fill your paper. The tide turned all at once against me. One Sunday morning my wife and I while getting ready to go to church, she with her dandy fur coat on, and waiting for me to bring the horse to the door, fell on the platform a corpse, this was my first hard blow. About two weeks from that my fast horse leg. He was worth five hundred and fifty dollars. I then began to think that God had laid his hand heavily on me and true enough, for in about three weeks time my whole place went up in flames leaving me without one cent. I was worse off then than those poor fellows that I put out on the street when I run the business, and was in my bloom. As everything is gone, all I can now do is to advise all young men to keep out of those rum and gambling dens for "Gods-Sake," that is if they wish to save their souls. So sure are they frequent those places so sure they are ruined. This is all from a once "Hotel-keeper and rum seller."

FALSE ALARM OF FIRE.

A Peril Always to Be Met Promptly on Board Ship.

It was on board the Northern Light, says Captain Osborn in "A Sailor's Fortune," that a false alarm of fire was sounded and disaster prevented only by prompt action. A passenger, looking down through the boiler hatch, saw the red painted boiler fronts and, seeing the flame-like color amid a cloud of steam, shouted, "Fire!" Immediately the whole vessel was in an uproar, and a dangerous panic was imminent. I was one of the under-officers.

The climax came when the quartermaster saw a minister of the gospel on the rail trying to lower the bow of one of the ship's boats. I ran to him and ordered him to come down on deck. The minister paid no attention, and I seized his coat tail to drag him down by force.

Perhaps it was an old coat, for the seams parted, and a second later I had the ministerial coat tail in my hands. He came down then. He was angry and was likewise a spectacle to look upon.

He started to call an indignation meeting, but most of the passengers had recovered from their fright by this time and were inclined to be merry at the reverend gentleman's expense.

He went raging to the captain, who summoned me to appear. I came, still carrying the coat tail in my hand.

"Mr. Osborn," he said, "what are your orders in case of a false alarm of fire?"

"My orders," I said, "are to stop it by any means necessary. I may knock a man down, throttle him or split him wide open."

The captain turned to the irate minister.

"Those are Mr. Osborn's orders," he said. "You are fortunate that it was only your coat that was split open."

The danger from the false alarm of fire on shipboard is second only to the real thing and is always a peril to be met promptly.

SPEED OF FISHES.

Tarpon, Shark and Mackerel Are the Swiftest of Swimmers.

When scientists desire to find out how fast a certain bird flies, it is necessary only to set up poles and note by stop watches the time the bird requires to cross the interval. The speed of fishes is more difficult to ascertain. Nevertheless, as the Saturday Evening Post explains, estimates have been made showing that the mackerel, considering its bulk, is one of the swiftest of fishes. It is not, however, as close to being the champion racer as is supposed.

Unquestionably the mackerel travels sometimes as fast as an express train at high speed—say, at the rate of sixty or possibly seventy miles an hour. Other things being equal, the larger the fish the faster it swims, just as the huge steamboat is able to travel at a speed much greater than the little harbor tug.

Undoubtedly the energy employed by a fish of great size, such as a thirty foot shark, when traveling at its best gait is something tremendous. An ordinary tug, which represents a maximum of energy in a minimum of bulk, utilizes about 200 horsepower. Of course it is only a guess, but it would not seem to be over the mark to suppose that a seventy foot whale makes use of 500 horsepower when it propels its huge bulk through the water at a rate of thirty miles an hour.

A whale, which is a mammal and not a fish, might be compared to a freight train if the shark is a common ball express, but it can beat the fastest "ocean greyhound" in a speed contest.

The tarpon is probably faster than the shark. It is believed that a tarpon in a hurry can travel at the rate of eighty miles an hour.

An Interrogation.

While dining with friends in Cambridge, Bishop Phillips Brooks described with much enthusiasm a college service he had recently attended. "It was an inspiration to see all those young men singing so heartily. Especially they seemed to throw their whole souls into the hymn:

"Am I a soldier of the cross,
A follower of the Lamb?
Even Dr. X., the president of the college, sang as if he felt the contagion of inspiration." "Dr. X. sang that?" broke in an incredulous listener. "Does Dr. X. believe that?" "Oh, no," replied Bishop Brooks quickly. "He was merely asking for information."

An Act of Heroism.

On one occasion General Lee, while making an observation, stepped to a somewhat exposed position to secure a better view and thus stood for a moment at personal risk when General Gracie, who was in the party, quietly stepped before General Lee without obscuring his view and remained thus covering the body of his superior until the fieldglass was lowered and the danger over—a simple, quiet act, but showing cool bravery and a self-sacrificing spirit.

The Limit.

It was just a plain lying contest, but the prize was to go to the man who told his lie most briefly and casually. "I came in on a suburban train this morning," said the prize winner, "and as I hastily flung up a car window"

In a Street Car.

Blodgett—You see that homely woman hanging to that strap? Foster—How do you know she is homely? You can't see her face. Blodgett—I can see she is hanging to a strap.

This world belongs to the energetic.

—Emerson.

COTTON MERGER

ABOUT COMPLETE.

It is understood that the transfer of the Alexander Gibson Railway and Manufacturing Company's property at Marysville to the Canadian Colored Cotton Mills Co., will take place on the 30th day of June. It is understood that the arrangements for sale of the property have been completed and that the papers will be signed before the end of the month. It is learned that on July 1st, the Bank of Montreal will open a branch at Marysville, and it is understood that this move is taken as a result of the determination of the Canadian Colored Cotton Mills Company to take over the cotton mill, business and property at Marysville at about that time. The price to be paid by the Canadian Colored Cotton Mills Company for the property which they will acquire will be over \$1,000,000 and it is said it will be nearer \$1,500,000.

HEADACHE POWDERS

because they are so far superior to any other kind, being absolutely safe, pleasant and factual. They contain no ingredient which will lead to the formation of a dangerous habit, but are simply a purely vegetable compound which have cured thousands of others and will do the same for you.

JOHN D. BUCKLEY, the well known merchant of Rogersville, N. B., writes: "The best remedy for headache that I have ever used is Kumfort Headache Powders. They cure in a few minutes, create no habit, and I have found them safe and harmless."

They can always effect a positive cure in from ten to twenty minutes and a single trial never fails to relieve and delight chronic sufferers from headache.

All sorts of stores sell them, but be sure you get the Genuine KUMFORT Headache Powders. They will cure your headache, while substitutes or imitations will prove more harmful than helpful.

SYNOPSIS OF CANADIAN NORTH-WEST.
Homestead Regulations.

Any even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres more or less.

Entry must be made personally at the local land office for the district in which the land is situated.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1.) At least six months' residence upon and cultivation of the land in each year for three years.

(2.) If the father (or mother, if the father is deceased) of the homesteader resides upon a farm in the vicinity of the land entered for the requirements as to residence may be satisfied by such person, residing with the father or mother.

(3.) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

McClary's Magnet Furnace

Nothing mean or stingy about the ash-pit of the "MAGNET" Furnace. It's the entire width of the Furnace. Good and deep, too. Easy to remove the ashes from such a commodious receptacle.

And this large, roomy pit affords lots of space for the air to circulate. Gives the drafts a chance to draw well—work perfectly. Furnace burns the fuel to a fine ash. Grates don't get clogged with partially burned pieces of wood—a fault common to furnaces with small ash-pits.

For all-round satisfaction, buy the "MAGNET."

Built for wood, but will also burn coal.

Sold by enterprising dealers everywhere.

BLACKVILLE.

Blackville, June 18.—MacDonald Bros. drive on Cain's river reached the main Miramichi yesterday after over forty days of driving. There is about four million feet of lumber in the drive. Robert MacDonald and John Clearwater were cooks and Samuel Craig ran the wagon. Flavis Clearwater was channel inspector and Fred Grant was main catsman. Lewis Green was boatman and Chas. Lewis and Alex. Moorehouse were tent pitchers.

Bradford McDuff and John S. McDonald were on the crew, and R. Bradley was rear boss. Patrick Vickers had charge of the mouth of the river. There were about 50 peavie men.

The men all say it was a very hard drive on account of the water being so very low. The crew all boarded the I. C. R. express here at 9 a. m. to-day for their various homes.

April 24th, 1907.

C. GATES, SON & CO.,

Dear Sirs:

I can highly recommend Gates' No. 1 Syrup for dyspepsia and indigestion, and also a great remedy, if not a positive cure, for piles, when they are induced by constipation.

I can also recommend your LIFE MAN BITTERS as a purifier of the blood, and speak from experience, having used your remedies in my family for many years.

Yours very truly,
C. W. SHORT.

A WRINKLE FOR

CAKE-MAKERS.

If you are your own cake baker—and surely you are—you perhaps have noted the difference there in flour.

There are two principal constituents in flour—starch and gluten. All wheats contain both, but in varying quantities. Ontario fall wheat is rich in starch, while Manitoba spring wheat contains a large percentage of gluten. By combining the two kinds of Wheat scientifically a flour is made that gives delightful results, whether for cake, pastry or bread.

Millers are now blending these two kinds of wheat in such a way that the rich delicacy of the first is combined with the strength of the second—making an ideal flour. Expert cooks have given Blended Flours exhaustive tests, and they are on the opinion that no other flour can make such white, light, wholesome cake, pastry or bread.

Housekeepers will find Blended Flours without equal, both for making dainty foods and substantial baking, and they will find Blended Flours most economical, too.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my book on either Dyspepsia, The Heart or the Kidney troubles of the stomach, Heart or Kidneys are nearly symptoms of a common error of treating symptoms only. Symptom treatment, the result of your ailment, and not the cause. Weak stomach nerves, the inside nerves—mean stomach weakness, always. And the Heart, and as the Kidneys are well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves". Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me to-day for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative is sold by THOS. J. DURICK.

From the valley there came a cloud of dust and a distant rumble. The man of the stoneage rushed up the mountain and perched himself on the highest peak. "Shunks!" exclaimed the fugitive as he slipped down to the valley again, "it is only a poor dinosaur roaming about for his breakfast. From the noise I thought it must be an automobile."

And the man went back to his peaceful occupation of hewing an apartment house out of a solid cliff.

TO-NIGHT.

If you would enjoy to-morrow take Chamberlain's Stomach and Liver Tablets to-night. They produce an agreeable laxative effect, clear the head and cleanse the stomach. Price 25 cents. Samples free at THOS. J. DURICK'S drug store.

Get a free sample of Dr. Shoop's "Health Coffee" at our store. If real coffee disturbs your Stomach, your heart or kidneys, then try this clever Coffee imitation. Dr. Shoop has closely matched Old Java and Mocha Coffee in flavor and taste, yet it has not a single grain of real Coffee in it. Dr. Shoop's Health Coffee Imitation is made from pure toasted grains or cereals, with Malt, Nuts, etc. Made in a minute. No tedious wait. You will surely like it. Sold by THOS. J. DURICK.

The nocturnal young man was waded by the solitude of the old mill.

"Ah," he mused, romantically, "silence rules supreme around here. But the old farmer emptied the sack from his cornucop pipe and grinned.

"When you ain't seen my old woman yet, young fellow," he mused. "She is the only thing that rules supreme around these hills, and she is as far from being a clam as is from a talking machine."

"Master" whined the tattered tramp as he halted at the gate. "Can't you give me a lift in the world? You broke up my home."

"The old farmer dropped his ax and exclaimed:

"Broke up your home?" he gasped. "I never saw you before in my life. How did I break up your home?"

"Well, I had been sleeping in the old barn back of the barn for two weeks and you broke it up."

Wedding Bells.

HAMILTON-MATTHEWS.

At the United Baptist parsonage in Whiteville, on the 19th inst., Rev. J. N. Thorne officiating, Mr. Frederick W. Hamilton was married to Miss Mary B. daughter of Mr. Lyman Matthews, both of Halcumb.

BOUDREAU-ARSENAU.

In the R. C. Church, Rogersville, on the 18th, Mr. J. Boudreau and Miss Josephine Arsenau were made man and wife by Rev. Father Savoie. The bride was becomingly attired in white cologne over silk, and was attended by the groom's sister, Miss Virginia Boudreau, who wore a pretty suit of light gray with hat to match. Mr. Peter Gaudet was best man.

DAVID LEAHY.

The death of Mr. David Leahy, aged 55 years, late of the customs department at Bathurst, occurred at Quebec on the 18th. His body was brought to Bathurst next day for burial. Owing to failing health Mr. Leahy was superannuated in June, 1905, after being twenty-one years in the service. He was a member of Branch No. 130, C. M. B. A. The members met the body on arrival of the train. The funeral took place Thursday morning, in charge of the C. M. B. A.

WEDGE-MEACHERN.

Sarah McEachern of 71 Newbury street, and Gregory Wedge of 138 Garden street were married in St. Laurence's church at 4 o'clock Wednesday afternoon by Rev. Charles M. Driscoll, O. S. A. Amos Wedge, a brother of the groom, was best man, and Margaret McEachern, sister of the bride, was bridesmaid. —Lawrence (Mass.) Tribune.

Mr. and Mrs. Wedge have the good wishes of many friends in Newcastle and vicinity for a happy wedded life.

HARE-WILLISTON.

In Marinette, Wisconsin, one Wednesday evening lately, Miss Mayme Stephenson Williston, a native of Newcastle and daughter of Mr. and Mrs. J. B. Williston, was married to Mr. Robert Edwin Hare. The ceremony took place at the home of the bride's parents, the interior of whose house had been converted into a bower of floral beauty. The groom was attended by his brother Clinton Hare, and Miss Rose Hanley was bridesmaid. The happy couple will reside at the bride's home till the autumn, when they will remove to Menominee and begin house-keeping, the groom holding a responsible position at the C. M. & St. Paul depot in that city. The groom's gift to his bride was a gold bracelet and many other valuable presents were received by her. We extend congratulations.

Whirl of the Town.

The usual services will be held in the Methodist church next Sunday.

A fine moose was grazing in Mr. Withersell's field one day last week. Deer are frequently seen in that vicinity.

A very severe electrical storm passed over here Monday evening, rain fell in torrents, but no damage was done.

Miss M. Eliza Noble of Hardwicke has graduated at the head of her class as vocal teacher from the Halifax Conservatory of music.

In ringing an alarm Monday night for the Nordin fire the fire bell was put out of commission. The new alarm whistle should be procured at once.

Fruit reports state that small fruit will not be an average crop, but that plums, apples, etc., will be the best in years.

The choir of St. Mark's church, Douglastown, will repeat at Nelson, Thursday evening, June 27th, the concert recently given by them in Douglastown.

Rev. F. C. Simpson occupied the pulpit of St. Andrew's church, Chatham, on Sunday. At the evening service, Mrs. J. A. McGlashen rendered very beautifully the solo, "The Heavenly Song."

At St. Mark's church, Douglastown, last Sunday Rev. J. A. McGlashen of Bridgeport, N. S., officiated at both services, to the great pleasure and profit of the audience.

The pulpit of St. Mark's church, Douglastown, was occupied Sunday by Rev. J. A. McGlashen of Bridgeport, C. B., who preached able and eloquent sermons to large audiences.

The Baptist pulpits here and at Lower Derby were occupied last Sunday by Mr. Reginald Horton, Rev. F. T. Snell being absent at Petitcodiac. Next Sunday's services will be conducted by Mr. Snell.

Reports from all sections of the county state that although crops are late, everything is looking exceptionally well and good harvests are assured. The hay crop promises to be exceptionally good.

The closing exercises of the public schools will be held in the Opera House to-morrow (Thursday) afternoon at 2 o'clock, when a very interesting program will be carried out. Medals and prizes will be awarded, among which will be one given by Mayor Miller for the best general standing in all the schools and one for the best in Grade X, also one by Dr. Nicholson for the best in grade IX. It is to be hoped that the public will attend in large numbers.

Dress shoes for every body.—D. R. MacRAE & CO.

Rev. T. Albert Moore travelling secretary of the Lord's Day Alliance, spoke to a small audience in the Methodist church Sunday afternoon, giving a very lucid explanation of the workings of the new law. On Monday evening, July 8th, there will be a meeting in the Methodist vestry, to elect officers for the local branch of the alliance and to transact all necessary business. The public are cordially invited.

What might have been a very serious fire broke out among the edgings in the mill yard at Nordin Monday afternoon. The fire was quite handy to the mill and lumber piles. The Newcastle firemen were summoned and readily responded, taking with them the fire engine. Owing to their assistance and the timely down pour of rain the flames were quenched before any valuable material was destroyed.

NOTICE.
Kind You Have Always Bought
150-4-4

An epidemic of measles is prevalent in Newcastle at present. The Ocean Limited will make its first trip north Saturday afternoon.

Messrs. John Russell & Co. are making good progress in placing the machinery in their new boat.

We have just received a large consignment of paper bags in all sizes. Prices right. **ANSLOW BROS.**

See our children's boots before buying.—D. R. MacRAE & CO.

The unsightly circus ball board which obscured the view from the park has been torn down, and the beautiful Miramichi can again be viewed from the benches.

Dudley Blake, of Napan, N. B., was the sufferer by a fire on Tuesday night last week, which destroyed his home. There was little, if any, insurance on the property. This is the third fire in that vicinity within a short space of time.

At the opening of St. Stephen's Presbyterian church at Redbank next Sunday, 30th instant, Rev. J. M. MacLean of St. John's church, Chatham will preach, at 11 a. m. and 7 p. m. At 3 p. m., Rev. S. J. McArthur of Newcastle will preach. There will doubtless be a very large attendance. Special music will be provided, and able addresses are assured.

Messrs. W. B. McKenzie, Chief Engineer of the I. C. R., and H. J. McGrath, Inspector of Masonry, went to Boiestown last week and inspected the new concrete bridge being erected for the I. C. R. at that place by The Willard Kitchen Company. Two piers of the bridge are up and the officials found the work in a very satisfactory condition. This bridge will be the first concrete structure ever erected on the I. C. R. system.

NELSON DIVISION REORGANIZED.

On Wednesday evening, 19th instant, New Era Division, No. 215, Sons of Temperance, which had been dormant some time was reorganized by Mr. H. H. Stuart, Organizer for Kent and Northumberland District. Mr. R. N. Weeks, of Millerton, and Mr. James Falconer and Mr. and Mrs. T. A. Clarke, of Newcastle, assisted in the work. The obtaining of the names in the first place was done by the Grand Organizer, Rev. C. Hamilton, ably assisted by Mr. G. A. Flett and others who were members of the old division. Twenty-one ladies and gentlemen, only five of whom had previously belonged to the division, became members. Twenty-three of those who signed the application were not present. The following officers were elected.—W. P. Alfred Bateman; W. A. Miss Addie Haines, R. S. Howard Flett; A. R. S., Miss Susie Coughlan, F. S., Miss Edyth Flett; Treas., George A.
