## BRANT.

At the Fall Assizes, which will be held in Brantford on Oct. 31, a number of actions arising out of the fire accident on June 23 will be tried. The defense of the township is that they are in no way liable and that the plaintiffs contributed to the accident. The following are the suits: Burtch, \$200; Danovan, \$300; Myerscough, \$200; Parman, \$200; James, \$200; Smith, \$1,000; Hunt & Carter, \$500; Myerscough, \$120. Total, \$2,820.

John Polton, a well-known farmer in Brantford, is suffering from a kick received from his horse. He was bathing some potatoes about the animal's head, when it became enraged and kicked him in the face, breaking his jaw bone and bruising his head badly, leaving him unconscious for some time.

## ELGIN.

R. Alfred Penhale, a prosperous young farmer of Yarmouth, and Miss Bertha Gillett, eldest daughter of Mr. George Gillett, of the same township, were united in marriage Friday.

The water at Port Bruce is very shallow. While threshing at the barn of Daniel McKillop, Eagle, recently Arthur Gray fell into the water, and the horse, which was running into his knee, laid him up for a short time. He is still lame from the effects of it.

## ESSEX.

The frame residence of Howard Wigle, living near Kingsville, was destroyed by fire Friday together with all the household effects. Loss, \$2,000. Uninsured. As none of the family were at home at the time it is thought the fire was the work of an incendiary.

A suit has been entered by John A. Deaver, chief of the Grand Trunk Railway, claiming \$1,000 damages. Deaver says he boarded a train at Windsor, and, being unable to find his ticket for the time being, was put off by the conductor at Puce station.

On Wednesday and Thursday evening last very successful and largely-attended services were held in St. Paul's Church, Essex, and Trinity Church, North Ridge, both churches being filled with attentive congregations. Rev. G. W. Wye, of Amherstburg, preached an eloquent and interesting sermon on the subject of Thanksgiving, in St. Paul's Church, Essex.

Rev. L. G. Wood, of Blenheim, held the large congregation of Trinity Church, North Ridge, as attentive listeners to his interesting discourse for 45 minutes on the same subject. Both churches were beautifully and tastefully decorated, reflecting great credit on the ladies and friends of the church, who had the decorations in hand.

John Curry & Co., Windsor, on Saturday sold two lots on Lincoln avenue to Alex. Moore, of Brantford, for \$600 and two lots on the same avenue to Israel Kenny for \$600.

John Herdman, a farmer of Sandwich West, reported at Windsor police headquarters on Saturday that three of his horses had been stolen from his place either Thursday night or Friday morning. They were out at pasture.

The preliminary survey for the electric railway to Amherstburg has been completed.

F. Laluph has purchased the Horseman House, Amherstburg, from H. Redley. Wm. Barrett reported to the Windsor police Saturday that his barn in Sandwich East had been entered Friday night, and a \$20 set of harness and ten bags of potatoes taken.

Values of exports from Amherstburg to the States for the week ending Sept. 30, amounted to \$40,452.41.

## RAIDING.

Donald Rose, one of Rainham's pioneers, has passed away in his 84th year.

Raspberries were picked in a garden in Ypsilanti, a day or two ago, and—as it is now the changeable climate—now tell the next day.

## BUREAU.

Rev. J. Carmichael, son of Dean Carmichael, Montreal, is spoken of as a probable successor to Rev. Mr. Craig, Clinton. Mr. M. C. Cameron, of Goderich, whose character was lately triumphantly vindicated by the retraction and apology of Mr. Mitchell, of the Star, in the criminal libel case, is determined that each and all of his other slanderers will be punished or make a like retraction. It is seen that Mr. John E. Thon, school inspector in that town, had circulated a slanderous report in connection with the same case. Mr. Cameron gave him 24 hours either to apologize or stand a suit. Mr. Thon thereupon withdrew his statement and made an abject apology, which appears in the last number of the Goderich Signal. Mr. Cameron's enemies will be careful in future how they seek to slander his character.

## KENT.

Hotel-keeping in Dresden seems to be a popular business. Both the big houses were closed for sale by loan companies under mortgage, without a bid, and the furniture of the Westcott House has been sold out by Mr. McGillick, who held chattel mortgages. And now another loan company, the Green Mountain House.

John Chatham, a brickmaker, who is wanted at Chatham on a charge of burglary, has been arrested at Detroit and brought back to Canada.

## LAMBTON.

The annual horse race of the Point Edward Grand Trunk fire brigade took place at Point Edward Friday. The competition was with the Grand Trunk fire brigade at Stratford, where the trial of speed of that team was tested. The race was conducted under the supervision of Inspector Black, of Montreal. The conditions were as follows: A run of 100 yards, stretch out 200 feet of hose, break hose at 255 feet, throw a stream of water, then put on an additional length of 20 feet of hose, throw water and break hose at 255 feet, then take out the third length from hydrant, replace it, throw water and break hose at 255 feet. The time made by the Point Edward team was 55.1 seconds, which breaks the record made by any Grand Trunk team this year, and beats Stratford in the present race seven rounds.

A reward is offered for the conviction of the incendiary who set fire to Douglass McPhail's barn near Alvinston, the other night. The deed was done, it is supposed, in order to permit of the robbery of a neighbor's house.

## MIDDLESEX.

Wheat in Middlesex is looking exceptionally well, and if the winter is favorable there will no doubt be a bountiful harvest next year.

Mitchell Advocate: "Mr. Samuel Pascoe, of London township, eldest brother of Mrs. J. S. Coplin, is spending a week or two with his daughter and family here. Mr. Pascoe is a prosperous farmer near Hyde Park, but unfortunately lost his eye-sight about four years ago."

At a special vestry meeting of St. John's Church, Stratford, Albert Kinder was elected vestry clerk in place of E. P. Watson, who has removed from that town, and Messrs. W. J. Dyas and J. E. Taylor were elected representatives from the congregation to confer with the bishop in selecting a successor to Rev. Mr. DesBrisay, who has resigned his charge owing to ill-health. The Stratford Dispatch chronicles the death, at the residence of her son-in-law, W. E. Todd, Stratford, of Mrs. Edward Argyle, who passed peacefully away at the ripe old age of 73 years and 5 months, the only cause assignable being that of declining years. She was a native of Leicestershire, England; came to Canada in March, 1852, and has been a resident of Stratford some seven years, going there from this city. She was a consistent member of the Episcopal Church.

Sergeant R. S. McDowall, of Stratford, has passed away. He was a favorite with all classes.

## OXFORD.

Two good horses belonging to James Costin, Princeton, were killed by the east-bound express early Friday morning.

A pleasant event took place at St. John's Church, Thamesford, on Tuesday, when John W. Smith, of Thamesford, and Miss Mary Jane Halpin were united in matrimonial bonds. The ceremony was performed by the rector, Rev. Wm. Stout. The bride occupies a very high place in the esteem of all who are acquainted with her, whilst the groom is well known as an intelligent and rising young man. The happy couple took a trip eastward on the evening train amid the good wishes of many friends.

Burglars and horse thieves have been operating in Oxford during the past few days. Wednesday night a haul was made at Burgessville, and on Thursday night, after the Princeton races, a successful burglary was accomplished at Gehl's Corners. Mr. Burberry's general store was the object of attack, and goods to the value of \$100 carried off, including a few dollars in cash. The same night a horse belonging to Thos. Wilson, son of a Blenheim, was stolen from the field. The goods taken from the store were drygoods and boots and shoes, and on investigation a half-case of boots was found in Oldham's woods.

A heavy clap of thunder Friday afternoon frightened a team of horses at Embury owned by James McDonald, of East Nisour, and a runaway was the result. Mr. McDonald had one of his legs broken in two places and his wife had her arm fractured.

## PERTH.

Mr. John Livingstone, sen., of Listowel, has had a short visit from Rev. Dr. Laws and wife, whose home and field of missionary labors is at Livingston, on the shores of Lake Nyassa, in South Central Africa. Dr. Laws was sent out to Africa from the parent church in Scotland about seventeen years ago, in compliance with the suggestion of Dr. Livingstone on his last visit home previous to his death. Dr. Laws was in attendance at the Pan-Presbyterian Council at Toronto, and availed himself of the opportunity while in Canada of calling upon the brother of his distinguished predecessor in the missionary field.

The large Lutheran church at Sebastopol was, a day or two ago, the scene of a very interesting ceremony. It was the occasion of a double wedding, in which Miss Laura Veit, daughter of Rev. F. Veit, Sebastopol, and Rev. F. E. Rhinault, of Thorn Center, Quebec, of the first part, and Miss Louise Schaefer, of Tavistock, and Rev. H. Schalk, of Renfrew, Ont., of the second part, were the chief actors.

A Stratford father has been fined \$20 and costs for neglecting to send his son to school.

Mr. Hacking reports the following passengers to the city: Jos. Bricker, Henry Kenble, Mrs. Albert, Mrs. Westlander, Jacob Furtney, Mrs. Furtney, Arthur Furtney, Grand Rapids; John Vines, Mrs. Schlimm, Mrs. Longman, Bay City; Mrs. Kinade, Saginaw; Miss Hensworth, Robt. Harris, Chicago; John Wehe, Mrs. Wehe, Timm, Mrs. Timm, Mrs. Steve, Mrs. Sholes, Mrs. Keneke, Cleveland, Ohio; Robt. Durrant, D. Barber, Mrs. Barber, Jas. Reid, Wm. Fisher, Dick Fisher, Miss Heathers, E. Tremain, Mrs. W. Welsh, J. Ross, Mrs. Ross, John Culbert, Mrs. Mitchell, Detroit; John Knick, Delmar; Patrick Higgins, Mrs. Higgins, Portland Oregon. So says the Listowel Banner of Oct. 7.

Two tramps recently committed some depredations at St. Georgeville. Chief McCarthy arrested two men in Stratford the other evening known to be the parties wanted, who gave their names as P. Heferton and Frank Martin. They are a couple of tough-looking characters, and are now in jail, where they will remain until evidence of more serious charges against them can be investigated.

W. H. Griffin, captain of the Stratford Lacrosse Club, has received word of the death of his father, John C. Griffin, at Montreal, and has left for that city to attend the obsequies. The late Mr. Griffin had been a lifelong resident of Montreal, having been for about half a century a notary of the Bank of Montreal. He lived to the age of 76.

## WATERLOO.

Edward Faye, the contractor for the building of the Grand Trunk branch line from Waterloo to Elmira, has issued a writ for \$10,000 against the Waterloo Gas Company. In April last Mr. Faye was stopping at the Zimmerman House, Waterloo, and left the gas burning in his bedroom because he had a large sum of money with him. During the night the gas was turned off and, when repairs were made it was turned on again. Mr. Faye was found at 2 p.m. next day nearly dead, and now he wants damages because of physical injury and the loss of his contract consequent on his being nearly asphyxiated.

Rev. Mr. Turnbull, Kincardine, will succeed Rev. Mr. Young as rector of Goderich. Mr. Young goes to Woodhouse, Norfolk county.

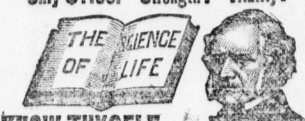

The Paris Methodist Church which, during the past three or four weeks, has been undergoing extensive repairs, was reopened Sunday.

A number of farmers, says the Guelph Mercury, throughout the country are complaining of the ravages of the cotton tail rabbit, which destroys both shrubbery and everything edible on their premises. To remedy this, the farmers should encourage all decent sportsmen of the city hunting over their lands and not let them out as trespassers, and thus the pest would be checked.

A bottle of Angostura Bitters to flavor your lemonade or any other cold drink will keep you free from dyspepsia, Colic, Diarrhea and all diseases originating from the digestive organs. Be sure to get the genuine Angostura, manufactured by Dr. J. G. B. Siegert & Sons.

## THE PENDING CITY ELECTION.

On Saturday the ADVERTISER exposed the secret attempt that was being made by the opponents of the Mowat Administration to prepare for the election that will follow when W. R. Meredith, the Toronto Q. C., resigns his seat in the Legislature.

The intention was to keep the resignation back till after the 20th inst., before which date all applications to be put on the Ontario voters' lists must be lodged with the city clerk, and meanwhile to have added to the lists only such as would be against the Ontario Administration. All this time, it was supposed, the Liberals would remain inactive, knowing that another revision must take place before the next general election.

Our view is that the lists for the entire city should be as complete as possible, and therefore we have warned the Liberals of the scheme that was in process of manipulation to their detriment.

Manhood suffrage prevails in the Ontario elections, and every man is entitled to a vote, though he may not pay a cent of city taxation, provided he is a citizen and 21 years of age. But whether a man is an owner, a tenant, an income voter, or simply a citizen 21 years of age, he has no guarantee that he will be on the lists till he examines them. It has been found before now that names have been accidentally left off, and that citizens have had reason to regret their failure to act on the advice that it is better to be safe than sorry.

In less than ten days it will be too late to examine the lists, and hand in omitted names. No time therefore, should be lost. The lists can be examined at the Young Liberal Rooms every evening this week, and it is the duty of every citizen living within the six wards to see that they are rendered as complete as possible. Our city contemporary alleges that we make a sectional appeal. That is not so. We desire to see every man entitled to a vote on the lists, and we do not fear the results of an election on lists so made up.

Let the lists be complete and honestly revised, and Mr. Meredith may resign when he sees fit. What we have warned the citizens against is the proposition to keep back the resignation till an opportunity was found, by a secret revision, to give an unfair advantage to the minority. The manipulators are now exposed. Let citizens be warned accordingly.

ANOTHER Conservative member of the Ontario Legislature has, it is reported, resolved to desert the arena. W. F. Hudson, M. P. for East Hastings, has removed to Belleville, and has resolved to retire from public life. There is a fighting chance for the Liberals to capture the constituency.

## THE TORONTO NEWS SYMPOSIUM

The Toronto News, a conservative journal is running a symposium on the future of the country. Thus far a majority of those who have spoken favor political union. The Globe, discussing the question, names men like ex-aid. E. A. Macdonald, of Toronto, Sol. White, M.P.P., of Windsor, and Mr. T. M. White, secretary of the Political Union organization with headquarters at Toronto—all Conservatives as leaders in the movement. Our contemporary can hardly desire to give the impression that the continental union movement is a purely Conservative one. That would be unfair. The truth is, the movement is altogether apart from those officially at the head of either party, while it embraces people of all parties and in all walks of life. Its most powerful ferment seems to be in the minds of the farmers and the mechanics, though it has made recent converts among manufacturers desiring a wider market.

The trend towards political union is variously accounted for. The Empire seems to think it comes of "pure curiosity," and that, like the cels, the farmers and mechanics should lie still and be skinned without wiggling. The Globe appears to believe that all that is needed is to get another reciprocity treaty, when, presto, everybody would sink back into a state of contented colonialism. The diagnosis is not sufficiently deep on the part of either journal. There are other influences, other aspirations at work. The only alternative to continental union is Canadian independence.

## DISTINGUISHED VISITORS.

Rev. Dr. Carman, general superintendent of the Methodist Church in Canada, is in the city, and also Rev. Dr. Withrow, editor of the Methodist Magazine and other publications.

As a chairman Dr. Carman is considered to have few equals. He is a witty speaker. In Toronto, bearing greetings to the Presbyterian Council, he said he knew brevity was called for, on account of the pressure on the council's time; however, the word "brevity" was fortunately comparative; and, when he thought of the length of the average Calvinistic sermon of the olden time, he felt that he could occupy a considerable time, and yet be relatively brief. It is needless to say the grave and revered seniors smiled. At the Methodist Ecumenical gathering at Washington Dr. Carman took part in the discussion on women occupying the pulpit. "The question," said the doctor, who thinks that women capable of preaching should be allowed to do so, "the question strikes me as purely mechanical. I say, remove the pulpit and leave the woman."

Rev. Dr. Withrow, who is also in the city, is a great traveler, a literary man of wide reading and varied culture, a fine writer, a most companionable man—a man with hosts of friends and no enemies.

CONSIDERING that the United States Presidential election takes place one week from to-morrow, there is remarkably little excitement over the border. The politicians, of course, are making a good deal of noise, and the newspapers devote a good deal of their space to the discussion of public affairs, but the overwhelming majority of the people go about their business in the usual way. Whatever snap there is in the contest is in the Democratic ranks. Disinterested observers are forced to the conclusion that if Cleveland gets a majority in New York State, he is almost certain of election. The Republicans have tried hard to foment a feud in the ranks of their opponents because Cleveland was preferred to Senator Hill, but as the great mass of the party favored the first named, it would be a reversal of the principle that the majority should triumph for any good Democrat to refuse to support him. At the same time it would be poor consolation for any believer in the principles embodied in the Chicago platform to sulk in his tents and let the enemy win, because Senator Hill was not selected. The Democrats of New York apparently recognize the force of these facts and it is conceded that if they vote as their leaders without exception talk their candidate will be placed in the White House.

## WARNED IN TIME.

The London Board of Health made a big spurt towards a weekly system of collecting the garbage, ashes, etc., of the city when the first news of the cholera outbreak took place, but the board began to march slowly after it resolved to find out how other cities performed this most necessary work. The members must not weary in well-doing. They have the support of every citizen who desires to be clean and to keep clean, and they should brook no unnecessary delay in organizing a system. The plague has been stayed this year, but the spectre will not down. Medical men, who have studied former visitations of the epidemic, regard the news from the European continent as peculiarly ominous. The march of the great Death into new fields, although he does not yet demand his victims in great numbers, portends, it is declared, an awful slaughter next year. The cholera expert who has been investigating the epidemic for the London Times said on Saturday, according to our cablegrams: "It means that we have by no means seen the end of trouble even this year, and that the seed is being sown over a vast area in central Europe ready for the death harvest next year. To specify more particularly, Grodno means western Russia, right up to the Prussian border and beyond; Odessa means the Black Sea littoral and the Danubian Provinces; Buda-Pesth means that the isolation of Galicia is an utter failure, and that Austria-Hungary is involved; Spandau, that the waterways from Berlin to the scattered cases in Holland and Belgium tell the same tale for those countries. If precedent goes for anything, all those districts, as well as Poland, will be in a fever next year, and the same thing may be said of France."

This is certainly not a very cheering outlook. How does it affect Canada? In so far as it affords agencies without number for spreading the infection to this continent. We have little to fear if we take the necessary precautions, even though cholera should march across this continent. But our Health Board will be dilatory in its duty if it neglects any reasonable preparation to resist this disease which always revels in deposits of filth. The periodical removal of domestic garbage is a most urgent step in the right direction.

The three-page poem by John G. Whittier, which will appear in the November St. Nicholas Magazine, commemorates the visit of a party of young girls to the poet's home. It contains the following lines, which have a peculiar significance now that the great Quaker poet has passed away: "I would not if I could repeat A life which still is good and sweet; I keep in age as in my prime, And, grateful for all blessings sent, I go the common way, content To make no new experiment. On easy terms with law and fate, For what must I I calmly wait, And trust the path I cannot see, That God is good and will be true. And when at last upon life's play The curtain falls, I only pray That hope may lose itself in truth, And age in heaven's immortal youth, And all our loves and longings prove The foretaste of divine love."

A snort prior to his death Lord Tennyson arranged with the Messrs. Macmillan for the publication of a new volume of poems, to be called "Aklar's Dream." By the way, George Meredith has also a new volume of poetical effusions under way.

## TOPICS OF TO-DAY.

THE Petroleum Avertiser, which ought to be in a position to know, says it is rumored that another refined oil syndicate is about to be formed.

THE Scottish American last week began the publication of a splendid Scottish story, "Jessie Melville, or the Double Sacrifice," by David Mac.

THE corporation of Liverpool has decided not to confer the freedom of the city on Mr. Gladstone. Some of these English towns are very particular as to their associates. (Montreal Gazette.)

There is absolutely no foundation for this sneer at Britain's Grand Old Man. The Liverpool corporation unanimously resolved to tender the freedom of their city to Mr. Gladstone at a meeting held last week.

Wallis Brooke, a writer in the London Times, is of the opinion that "we shall soon see milk imported from Australia in frozen blocks and retailed in London streets. It can be done as easily as importing butter and apples."

Oliver Wendell Holmes, the American poet, says he considers "In Memoriam" Tennyson's best poem. He adds: "There were four great men in the lives of whom I felt I had a certain relationship. They were Darwin, Gladstone, Tennyson, and Lincoln—men who made the year 1859 conspicuous, and I," said the doctor, "was so unflinching as to creep into that year, too. Gladstone only remains. He is just my age. Tennyson was also nearly the same age. He was born on the 4th of August and I on the 29th of the same month. We are so nearly contemporaries that I do not want to speak of him. I do not feel that I can say anything."

A paper of great interest was that recently delivered by Dr. Berillon, of Paris, dealing with the applications of hypnotic suggestion to education. Early education is almost purely a matter of suggestion. It is the right use of suggestion that constitutes really sound education; and, in this sense, every successful schoolmaster is a hypnotist. As Dr. Van Eeden justly observed, the greatest hypnotizers are mothers. They largely rule their children by pure suggestion. A baby suffers pain, he frantically. The mother soothes it with her hand, sings to it, and rocks it; the touch, the voice, and the movement bring the child more thoroughly under maternal influence, the suggestion is received, and the child responds to it, dozes off, is soothed. A child hurts itself and cries, but the mother's touch and soothing voice calm the pain; though the leg may be bruised, the nose bleeding, the pain is gone—conjured away by suggestion, and the hypnotic or the soothing influence.

"The coffee is very weak this morning," said one of Mrs. Hasbrouck's boarders at the breakfast table, "and it is by the butter awhile," replied the star boarder.

## "August Flower"

"I inherit some tendency to Dyspepsia from my mother. I suffered two years in this way; consulted a number of doctors. They did me no good. I then used Relieved in your August Flower and it was just two days when I felt great relief. I soon got so that I could sleep and eat, and I felt that I was well. That was three years ago, and I am still first-class. I am never without a bottle, and if I feel constipated the least particle of a dose or two of August Flower does the work. The beauty of the medicine is, that you can stop the use of it without any bad effects on the system. Constipation While I was sick I felt everything it seemed to me a man could feel. I was of all men most miserable. I can say, in conclusion, that I believe August Flower will cure anyone of indigestion, if taken Life of Misery with judgment. A. M. Weed, 220 Bellefontaine St., Indianapolis, Ind."

**Dundas Center Anniversary.**

Another year in the history of Dundas Center Methodist Church has passed and yesterday was the celebration of the anniversary. Rev. Dr. Cairns, the eminent general superintendent of the Methodist Church in Canada, conducted the morning service and preached an admirable sermon. His text was Psalm, xl, 3: "If the foundations be destroyed, what can the righteous do?"

The afternoon service Rev. Dr. Griffith, of Sydenham Street Church, Kingston, occupied the pulpit and took as his text I. Corinthians, xvi, 13: "Watch ye, stand fast in the faith, quit you like men, be strong." Dr. Griffith is an eloquent and forcible speaker and his discourse was listened to most attentively. At both services there were large congregations, and special collections were taken up in aid of the trust fund. The choir furnished music of a very high order and were complemented by the visiting ministers.

**Funeral of the Late Edward G. Rowell.**

The universal esteem in which the late Edward G. Rowell was held was manifested in the very large attendance of citizens at his funeral, which took place to Mount Pleasant Cemetery on Sunday morning, Oct. 9. The services at the home of the deceased were most impressive. They were conducted by Rev. C. E. McIntyre, pastor of Askin Street Methodist Church, Rev. James Ballantyne, Knox Presbyterian Church, Rev. Thomas Greaves, London township and Rev. Geo. Boyd, Queens avenue Methodist Church. The last named also officiated at the grave. Rev. Mr. Greaves in addressing those assembled, said he had known the father of the deceased for 38 years, and the deceased from his birth. He bore high testimony to the Christian worth of both his father and mother, who had, by precept and example, instilled into the deceased the highest type of manhood. The official board of Askin Street Methodist Church, and a delegation from the Western Commercial Travelers' Association, of both of which deceased was a member, joined in the mournful procession to the cemetery. The pallbearers were: Messrs. G. N. Weston, Geo. W. Miller, Wm. Armitage, W. S. Barkwell, Wilson Armitage, and E. H. Johnston.
