The copy filmed here has been reproduced thanks to the generosity of:

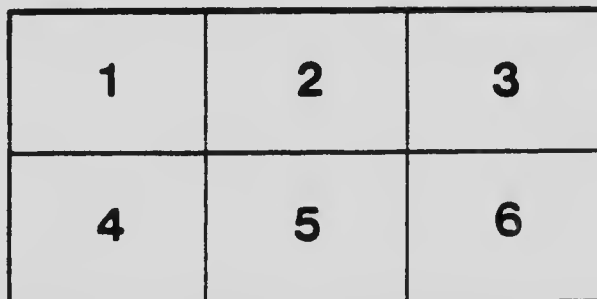

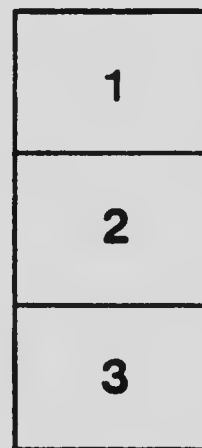

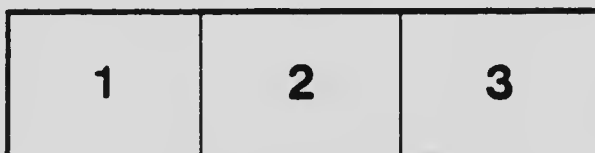

National Library of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol  $\rightarrow$  (meaning "CONTINUED"), or the symbol  $\nabla$  (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Bibliothèque nationale du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

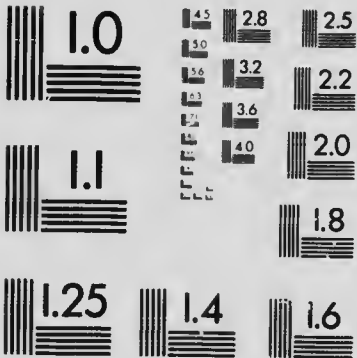

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole  $\rightarrow$  signifie "A SUIVRE", le symbole  $\nabla$  signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

# The House of Nordheimer

Established 1840

The dignity, honesty and stability of the piano and music trade in America have been maintained for generations by a few great old houses, the original founders of which in most cases have passed away, although their policy is still carried on by their successors.

In Canada, the House of Nordheimer for sixty-eight years has stood for what has been best in the music trade.

The name Nordheimer has ever been associated with the highest class and best productions, both in pianos and musical merchandise generally.

The Nordheimer Company has never sought to commercialize its name by a process of unscrupulous advertising and inferior manufacture.

When they commenced the construction of the Nordheimer Piano, the aim of the Company was to perpetuate the name on an instrument which would be a credit to the reputation they had already established.

It is now some twenty-five years since the first Nordheimer Piano was put on the market. During that time there has never been a poor piano made bearing the name of Nordheimer.

Like other progressive makers, the Nordheimer Company have, from time to time, improved their pianos, incorporating newly-discovered ideas which were of benefit in further refining the tone of the piano, and adding to the strength of its mechanism.

There has never been a question of trying to save on the cost of material; quality has been the ideal constantly sought.

The present-day Nordheimer Piano is summed up in the following extract from the "London Musical News," regarding pianos shown at the Franco-British Exhibition recently:

"In pianos, Canada leaves the Mother Country far in the rear. The Nordheimer pianos, in particular, need fear no comparison, so far as Uprights go, with any competitor, and it is a matter of congratulation that such excellent instruments are manufactured in Canada."

The Library is maintained for the convenience of those of our patrons who prefer to pay for the use of music rather than to purchase it outright.

The music in this Library catalogue is standard, and embraces the works of the best known writers of the world. Symphonies, overtures, classic selections, dance and popular music of the very best class will be found in the following pages.

No attempt will be made, however, to add to the Library the passing musical fads of the hour, for an experience of several years has made it clear to us that to undertake to supply the so-called latest hits each week requires the investment of so much capital as to call for a prohibitory fee for membership.

From time to time additions will be made to this Library along all lines of standard works.

In addition to this Library we shall maintain a Sales Department, where practically everything written can be purchased, and it will be our endeavor to supply music at the very lowest price consistent with perfect cutting.

In order to do justice to all concerned we have found it necessary to establish the following.

## LIBRARY RULES:

1. Each subscription entitles city subscribers to the use of 12 rolls of music at a time to be exchanged every two weeks. Out-of-town subscribers are entitled to the use of 24 rolls to be exchanged once a month.

2. A complete exchange of the 12 rolls from city subscribers and 24 rolls from out-of-town subscribers must be made whenever an exchange is made. *Subscribers will not be permitted to retain one, two or more favorite rolls, exchanging the remainder.* Such rolls should be purchased outright by the subscriber if it is desired to retain them.

3. Subscribers will be held responsible for the care of the music and return of the identical rolls taken out. We cannot accept rolls damaged by subscribers. Damaged rolls showing more than ordinary use will be charged to their account.

4. Rolls must not be exchanged with other subscribers, as it becomes impossible for us to keep our accounts correctly if this is done. We are obliged to enforce this rule strictly.

5. Subscribers cannot return music once purchased. We are not responsible for rolls returned to us by mistake, as we have no record of them after they are sold. Therefore be careful to keep the music of your own library separate from ours.

6. All library rolls for out-of-town subscribers are shipped by express only; rolls for city subscribers, by parcel delivery and the subscribers are expected to pay all transportation charges.

7. Library orders should be written on regular blanks, which will be supplied by us on application.

8. Members will aid us if they will report *in writing* any complaints they may desire to make.

9. In the event of finding a defective roll of music, patrons are earnestly requested to fasten a slip of paper around the box containing it and write on the slip what defect they have found. The roll will be either repaired or discarded, thereby enabling us to render our subscribers perfect service.

10. A list of 30 rolls should be supplied to insure delivery of 12. A list of 60 rolls should be supplied to insure the delivery of 24.

11. With each lot of music there will be enclosed a memorandum of numbers of rolls sent. Please preserve and return this memorandum with the music.

By exercising care in the observance of the above rules confusion will be avoided.

Cette bibliothèque est établie pour la commodité de ceux de nos clients qui aiment mieux payer pour l'usage de la musique que de l'acheter.

La musique contenue dans ce catalogue de la bibliothèque est choisie et comprend les œuvres des meilleurs compositeurs du monde. On trouvera dans les pages suivantes, des symphonies, des ouvertures, des sélections classiques, des danses et de la musique populaire le meilleur choix.

On n'essaiera pas toutefois d'ajouter à la bibliothèque les fantaisies musicales passagères du jour, car une expérience de plusieurs années nous a démontré clairement que, pour entreprendre de fournir chaque semaine, les soi-disant derniers morceaux en vogue, un capital si élevé serait requis qu'il faudrait demander un prix d'abonnement prohibitif.

De temps en temps, des additions seront faites à cette bibliothèque de musique, le choix en étant toujours limité aux œuvres choisies.

Outre cette bibliothèque, nous tenons un département de vente de morceaux choisis, et nous importons sous le plus court délai possible, la musique du catalogue général que nous n'aurons pas en magasin. Nous nous efforcerons de fournir la musique au plus bas prix auquel se puissent obtenir des éditions parfaites.

Afin de donner satisfaction à tous nos clients il a été jugé nécessaire d'établir les règlements suivants:

## RÈGLEMENTS DE LA BIBLIOTHÈQUE DE MUSIQUE.

1<sup>o</sup> Chaque abonnement donne droit aux abonnés de la ville à l'usage de 12 rouleaux de musique à la fois, à être échangés toutes les deux semaines. Les abonnés qui demeurent hors de la ville ont droit à 24 rouleaux à être échangés une fois par mois.

2<sup>o</sup> Un échange complet des 12 rouleaux pour les abonnés de la ville, et des 24 rouleaux pour les abonnés du dehors, doit être fait à chaque échange. *Les abonnés ne pourront retenir un, deux, ou plusieurs rouleaux préférés et échanger les autres.* Ces rouleaux devront être achetés par l'abonné s'il désire les garder plus longtemps.

3° Les abonnés seront responsables du soin de la musique et devront rendre les mêmes rouleaux qu'ils auront reçus. Nous ne pouvons accepter les rouleaux endommagés par les abonnés. Les rouleaux endommagés, montrant plus que la détérioration ordinaire causée par l'usage seront chargés au compte des abonnés.

4° Les rouleaux ne doivent pas être échangés entre abonnés, vu qu'il nous deviendrait impossible de tenir nos comptes correctement. Nous sommes obligés de faire observer strictement cette règle.

5° Les abonnés ne peuvent rendre ni échanger la musique qu'ils ont achetée. Nous ne sommes pas responsables des rouleaux qui nous sont retournés par erreur, vu que nous n'en gardons pas de listes après qu'ils sont vendus. Prenez donc soin de garder votre propre musique séparée de la nôtre.

6° La livraison de la musique à la ville et en dehors est à la charge des abonnés.

7° Les demandes à la bibliothèque doivent être écrites sur des formules régulières qui seront fournies par nous sur demande.

8° Les abonnés nous rendront service en nous faisant rapport *par écrit* de toute plainte qu'ils désirent faire.

9° Au cas où ils trouveraient un rouleau de musique défectueux, les clients sont instamment priés de fixer une feuille de papier autour de la boîte qui le contient et d'y indiquer la défectuosité remarquée. Le rouleau sera réparé ou supprimé, ce qui nous permettra de donner un service parfait aux abonnés.

10° Les abonnés devront présenter une liste de trente rouleaux pour en obtenir 12. Une liste de soixante rouleaux devra être présentée pour en obtenir 24.

11° Dans chaque envoi de musique sera inséré un memorandum des numéros des rouleaux prêtés. On est prié de conserver ce memorandum et de le renvoyer avec la musique.

Toute confusion sera évitée si l'on a soin d'observer les règles qui précèdent.

# TUNING DEPARTMENT

## THE CARE OF A PIANOFORTE

**I**T is not sufficient to buy a good piano from a reliable house. It must be well kept and under the proper conditions, otherwise it will get out of order.

The two great enemies of an instrument are dampness and extreme and sudden changes of temperature.

Never keep the piano near an open window, especially when the weather is wet or damp, and also never keep it near a stove, near steam pipes or a radiator.

## IMPORTANCE OF TUNING

**H**OW often a piano requires tuning depends much upon the temperature in which it is kept.

It is fair to say that it is well to have the piano tuned at each change of season; that is, in March, June, September and December, after the weather is somewhat settled.

Our experience has led us years ago to introduce the system of Yearly Tuning, which includes general oversight of piano, any necessary slight repairs, regulating, etc.

We have found that pianos so cared for, last longer, and being kept in perfect condition are a constant source of pleasure to the owner.

## The Piano of To- day and the Future

Piano history shows that **STEINWAY** leadership has continued without a break up to the present hour. Every feature of constructive importance introduced into pianos within the past twenty years is a **STEINWAY** invention.

Today **STEINWAY** genius and the splendid **STEINWAY** organization, working through the most complete piano factory in the world, are making the finest pianos ever produced.

The **STEINWAY** is today readily distinguished from all other pianos—as it has ever been. Its tone is the ideal of the musical world and the despair of other makers.

The **STEINWAY** is, throughout all civilized countries, the natural choice of the sincere musician. It is also the selection of the investor who has an eye to the future.
