Vol 132
Cat 12

Here is a Jewel!

THE
Sterling JEWEL Range

FOR HARD OR SOFT COAL, OR WOOD.

A MEDIUM SIZED RANGE AT A MODERATE PRICE.
SURE TO GIVE SATISFACTION.

The OVEN measures 19 x 18 x 12 inches, and is made of one piece cold-rolled Sheet Steel, which cannot crack or warp or break away from fastenings. A steel oven takes the heat more quickly than cast iron oven and thus saves fuel.

The OVEN is well ventilated.

Oven Door Thermometer can be supplied if desired.

The STERLING JEWEL has four 8-inch or 9-inch and two 6-inch Pot Holes.

MADE IN 12 STYLES.

See other Side.

For Sale by

McDermid & Kyle, Stratford

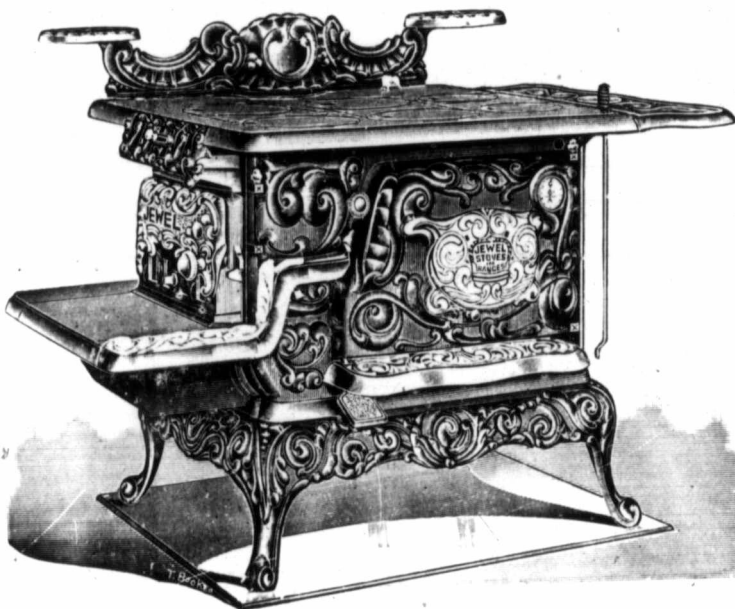

The Sterling
Jewel
Range

has deep FIRE BOX with straight sides and rounded ends, and is fitted with our Improved Duplex Grate—the most perfect grate yet constructed for coal burning.

A continuous fire can be maintained night and day all winter if desired.

The Fire Box is easily changed to burn WOOD and will admit wood 20 inches long.

WATER FRONT supplied if required.

This Range is supplied either with or without Reservoir, with Tea Shelf or High Shelf or High Closet, and with Pot Holes either 8-in. or 9-in.—12 varieties.

It is handsome in appearance and thoroughly reliable and efficient.
