THIS COUNTY NOT REPRESENTED AT PRISON FARM CONFERENCE

But Alderman Pitcher Spoke Out for City at the Meeting Held in Woodstock Yesterday—It is Proposed to Take Other Counties In.

WOODSTOCK, Oct. 29.—Important matters regarding the Central Western Ontario industrial farm proposition were discussed here yesterday by the committee composed of the representatives of the counties of Norfolk, Waterloo and Oxford, and the cities of Brantford, Woodstock, Berlin and Waterloo, which for some time past have had such a scheme under consideration. There was a large and representative attendance and the meeting was probably the best yet held.

Warden Denton of Tillsonburg, who presided, opened the discussion by stating that the time had come when something definite should be done regarding the industrial farm scheme. He believed that the committee was now in shape to go ahead and get further information regarding the cost of such a farm, and it was his opinion that this should be done right away so that the councillors would have something definite to take back to their councils when they meet next month.

Counties Represented Delegates from Waterloo, Berlin, Brantford, Woodstock, Norfolk and Oxford were asked by the chairman regarding the views of their councils toward the scheme, and each one assured the committee that up to the present their councils were most sympathetic and desirous for more information.

Ald. Pitcher, of Brantford, informed the committee that, while the County of Brant was not at the present time willing to go any further regarding the proposition, he was quite hopeful that they would change their minds in the very near future and would come back into the fold again. So far as the city of Brantford was concerned, Ald. Pitcher stated that

the council was most favorable towards the scheme, and he believed that Brantfordites would back up the proposition as long as it was at all possible.

Mr. S. L. Squire, of Norfolk, opened up a discussion regarding the taking in of more municipalities, when he stated that he believed that the more that went into the scheme the more successful it would be. Effort, he thought, should be made to induce Brant, Perth and Elgin, and perhaps Hamilton to take up the proposal.

Other members of the committee agreed with Mr. Squire regarding Perth, Brant and Elgin, but they were of the opinion that Hamilton was too far east, rightly belonging to the Niagara peninsula.

Delegates Appointed It was moved by Mr. S. L. Squire, and seconded by Mr. W. S. West, that members of the committee be appointed as a subcommittee to interview the county councils of Perth, Elgin and Brant at their next meeting with a view of having them become a part of the unit.

The resolution was adopted and the delegates appointed as follows: For Brant, Messrs Pitcher, Charlton and Gobles.

Perth: Cassel, Stauffer and Appell and for Elgin: Denton, Squire and Walley.

A discussion took place regarding the journey of a committee to look for sites and to secure options on any properties which might be considered suitable.

Councillor Walley of Ingersoll, declared that in addition to information regarding the cost of a farm, information should be obtained regarding the cost of buildings to be erected.

Big Gunnery Test An Expensive One

LONDON, Oct. 29.—Big guns bombarding a target in the shape of the old battleship Empress of India, the most costly ever fired at, will be watched today by Winston Spencer Churchill of Portland. The powerful armor of the Empress of India will make the gunnery test one of the greatest importance. Twenty years ago this battleship cost \$5,000,000, and only recently she was ranked as first-class battleship.

COULD HAVE PUT MURPHY IN JAIL

So Says Convict, Ex-Senator Stilwell Who Wanted Release.

NEW YORK, Oct. 29.—The letter of a convict Sing Sing given yesterday by William Sulzer, deposed governor, and present candidate for the State Assembly on the Progressive ticket, was again today the axis about which revolved the heated controversy of personality and invective incident to New York's mayoralty campaign.

From his cell in Sing Sing, ex-Senator Stephen J. Stilwell repudiated the correctness of his written application for a pardon as made public by Sulzer. Parts of it, he said, had been "tampered with," and in this he was backed up by James M. Clancy, warden of the prison, standing by Stilwell but denying that he was attempting to shield Tammany.

Clancy promptly wrote out his resignation and sent it to the State Department of Prisons. Mr. Sulzer made no comment this morning on Stilwell's repudiation of parts of the latter's letter.

In his letter Stilwell, it is alleged, asked for a pardon in return for an exposure of "boss rule" in New York City. Stilwell's alleged overtures along this line were further detailed last night by John Hennessy, campaigner against Tammany, speaking in Brooklyn. He told of a conference with Stilwell in prison, of Stilwell's boast that he could "put Murphy in jail" and could intimidate certain legislators and swing them in line for Sulzer at the impeachment proceedings.

However, according to Hennessy, Stilwell demanded his pardon first, and in terms could be agreed upon. The fact that Hennessy even outlined what took place between them was credited today as having brought about Warden Clancy's resignation.

John B. Riley, State Superintendent of Prisons, was quoted here today as follows:

"Mr. Clancy told me yesterday (Monday) that the statements made by Stilwell to Hennessy were made with the distinct understanding and agreement that they should not be used under any circumstances until Stilwell was pardoned. It was agreed that Mr. Hennessy should be at liberty to use Stilwell's statement when the pardon had been granted and not before."

"Warden Clancy told me that he would resign if Hennessy should break his agreement with Stilwell."

SING SING WARDEN QUILTS HIS JOB

He Refused to Give Testimony at Sulzer Impeachment Trial.

NEW YORK, Oct. 29.—The first building ever erected around a skeleton of steel, the forerunner of the skyscraper which are known to-day in almost every American city, is to be torn down. The structure is known as the Tower building, but this has become a misnomer. When it was erected in 1889 at No. 50 Broadway, it was the marvel of the city, being eleven stories in height. To-day within a stone's throw of the old structure there are buildings from three to four times as high.

The Tower building is owned by the Standard Oil interests, who have found that the structure no longer pays for its operating cost. It has been demolished to make a saving in taxes.

Hamilton Board of Education have been notified to vacate offices occupied in the City Hall.

LABOR LEADERS APPEALING IN CASE

Frank Ryan Asks That His Seven Year Sentence be Set Aside.

Hearing Takes Place in Chicago Before an Array of Legal Talent.

CHICAGO, Oct. 29.—Another chapter in the nation-wide story of the dynamite plots, which extended throughout the country and culminated in the fatal explosion in Los Angeles in 1910, was written today when the case was called before the state's circuit court of appeals. Thirty of the 33 labor union officials who were adjudged guilty with the McNamara brothers in promoting explosions, ask that the present court set aside the verdicts rendered at Indianapolis last December, and that they be given a new trial. Opposed to them the federal government asks that the convicted men be sent back to prison at Leavenworth, Kansas to serve out their terms.

A sentence of seven years, the heaviest penalty of all, hangs over Frank M. Ryan, who is out on \$70,000 bond pending this appeal. He was given the longest term Judge Anderson at Indianapolis said, because he was president of the International Association of Bridge and Structural Iron Workers Union, out of whose funds the expenses of the dynamiters were paid.

Six years imprisonment is the penalty which Olat A. Tmeimoe of San Francisco, and each of six others ask to be set aside. Tmeimoe is a labor leader, prominent on the Pacific Coast. He and the six other men were given the second longest terms because they were found guilty of voting to appropriate the union's funds for the financing of non-union work or actually aiding John J. and James B. McNamara in explosions on the Pacific Coast.

The other prison terms, most of which have been suspended pending the appeal, vary from four years to one year and one day.

Three days of the present court are to be devoted to the hearing of the appeals and the government's opposition. It is likely that when the argument is concluded Judges Kohlsaat, Bakoe and Seaman will take the petition under advisement and render their decision at some later date.

It is the continuance of the strike, which started early in September. Their efforts were opposed by the Catholic clergy, who objected to the children being sent to Protestant homes.

At the hearing to-day the attorney for the defendants explained that the women had been misunderstood. There was, he said, a touch of humor in charging them with kidnaping when they were really on an errand of mercy. They had not committed any crime, he declared, but had perhaps acted indiscreetly.

The attorney-general for Ireland then consented to an adjournment of the case for a month, which is taken as indication that it will not come up again.

WILL DEEPEN THE CHANNEL

Engineer Mountain Orders Four Feet More Out of Island.

In response to a request from the Board of Works, Mr. George Mountain, engineer of the Dominion Railway, visited the city yesterday in connection with two important matters. When the channel was cut through Kerby Island, replacing the old channel, which was filled in with the earth removed, it was only made as deep as the water level. The engineer decided that the channel must be deepened four feet to a width of 300 feet. It was necessary to have the channel deepened in order to have a flow of water through. With a channel the depth it is now ice would adhere to it and cause a blockage when the ice came down in the spring.

The earth being removed at the foot of Jubilee Terrace in order to build the retaining wall is being thrown into the river. This was objected to. The channel will have to be left in its previous condition.

Mr. Kellett when asked today when the work of deepening the channel would commence stated the work would be started as soon as machinery arrived. When it would arrive he could not say.

At a meeting of the Sergeants of the Brant Dragoons last night, plans were laid for a big Military Day to be held in Brantford some time next summer. It was decided that the Commanding Officer, Lieut.-Col. M. F. Muir should communicate with other noted cavalry regiments with the view of having them come to the Military City. It is the intention to hold a military review and a military field day of sports.

In the evening, if the present plans are carried out, about 30 members of the Royal Canadian Dragoons will be brought here to give a musical ride. A number of Military Band will be engaged to furnish the music for the occasion.

Sutherland Offers His Big Estate

LONDON, Oct. 29.—Lloyd-George has addressed a letter to the Duke of Sutherland in regard to his indirect offer to the Government of 200,000 acres of his Highland property at \$10 an acre. The Chancellor has indicated that if the Duke will indicate the offer to him officially, it will be placed before the proper department for consideration by the Government.

RECOGNIZE UNION TO APPEASE MEN

Forty Officers on Steamship Line Went Out On Strike.

NEW YORK, Oct. 29.—A London cable says: The Peninsular and Oriental Steamship Company yesterday retreated from its refusal of the previous evening to recognize the Imperial Merchant Service Guild in the dispute which has led to forty officers going on strike.

In a circular inviting the officers to meet them to-day to discuss the situation the directors stated that the officers may either select their own speakers from among themselves, or if they require assistance in stating their case there will be no objection to a speaker not connected with the service.

The engine room staff of the Royal Steamship Company's vessel, the Arlanza, ceased work yesterday at Southampton because the company would not cede the engineers' demands for increased pay and better conditions of service. The Arlanza was due to leave for South America on Friday.

Prosecution Was Dropped

Dublin Case of Kidnapping Children Receives its Quietus.

DUBLIN, Oct. 29.—The dropping of the prosecution of Mrs. Dora Montefiore, a London philanthropist, and Mrs. Lucille Rand, was virtually decided on to-day, when a case against them on a charge of kidnaping Irish children, came up before the police magistrate here.

The two women had taken a leading part in arranging for the children of the Irish transport workers to be transferred to England to be saved from starvation and cared for during the continuance of the strike, which started early in September. Their efforts were opposed by the Catholic clergy, who objected to the children being sent to Protestant homes.

At the hearing to-day the attorney for the defendants explained that the women had been misunderstood. There was, he said, a touch of humor in charging them with kidnaping when they were really on an errand of mercy. They had not committed any crime, he declared, but had perhaps acted indiscreetly.

The attorney-general for Ireland then consented to an adjournment of the case for a month, which is taken as indication that it will not come up again.

A Big Day

It was decided that the Commanding Officer, Lieut.-Col. M. F. Muir should communicate with other noted cavalry regiments with the view of having them come to the Military City. LOCAL BOARD OF TRADE WOULD WIDEN INDUSTRIAL BRANTFORD

Movement to Acquire Glebe Land on Workman Hill Enthusiastically Supported and Mr. W. F. Cockshutt, M. P., Was Told to Go Ahead.

A well attended meeting of the members of the Board of Trade, was held in the council chambers yesterday evening. Among those present were President R. Scarfe, who occupied the chair, Secretary George Hatley and Messrs W. S. Brewster, M. P., Mayor Hartman, Ald. J. H. Spence, Ald. McEwen, A. J. Wilkes, W. P. Kellett, A. L. Baird, H. D. Watt, W. D. Schultz, S. M. Burnley, K. V. Bunnell, F. D. Reville, J. Fair, A. C. Lyons, G. Harris, A. G. Ludlow, A. E. Muir, J. Moffat, E. P. Worthington, J. T. Hewitt, E. L. Gould.

Secretary George Hatley stated that a number of applications had been received for membership and the following resolution was passed: Moved by S. M. Burnley, seconded by A. B. Muir, that the following be added to the members of the Board of Trade: C. H. Brown, W. E. Minto, L. G. Ireland, C. F. McDowell, A. L. McPherson, F. Webster, G. A. Elliott, Jr., T. L. Pursell, C. M. Butler, G. H. Malcolm, D. G. Husband, R. W. McIrvine, A. S. Pitcher, L. W. Whitaker, A. G. Ludlow, A. W. Doeringer, H. L. Conway, A. McFarland, T. S. Scarfe.

The Glebe Land Moved by A. L. Baird, seconded by A. C. Lyons, Whereas the Glebe land is enclosed within the limits of the City of Brantford, and whereas said land is held by the New England Company under trusts which do not permit it to be sold as lands freed from said trusts. And whereas the holding of said land in an unbroken block is a detriment to the City of Brantford and also makes it much more costly for the City of Brantford to take care of its streets, walks and sewers.

And whereas W. F. Cockshutt, Esq., M. P., and the council of the City of Brantford have been endeavoring to get power from the Parliament of the Dominion of Canada to enable the said company to sell said Glebe lands freed from its trust.

Now be it resolved by this board that it heartily approves of the efforts of said W. F. Cockshutt, Esq., M.P., and the city council of the City of Brantford, and desires that said W. F. Cockshutt, Esq., M.P., and the city council to continue their efforts until crowned with success. Carried.

Mr. A. L. Baird then addressed the meeting in connection with the proposition of making an effort to have the Glebe land taken into the city. This tract of land, said Mr. Baird, would be a very valuable addition to the city both from a residential and manufacturing point of view. He stated that the upper portion of the land at the top of the Workman Hill would be an ideal spot for a residential section and could be laid out in building lots, and those who built there could have the same advantages as any other part of the city. The land situated along the Hamilton Road was only a short distance from the centre of the city, and would in a few years become a thickly populated quarter. He further stated that the lower portion of the tract would make a capital spot for manufacturing sites, and urged that the city should make an effort to secure same for purposes named. The speaker said that it would make a valuable extension to Ward V, and then the property south of the canal could be made into another ward to be called Ward VI. The move would not add anything to the debt of the city and would increase the population of the city.

There will be a rally at the Borden Club quarters, corner of King and Dalhousie streets, on Saturday night. The program will consist of songs, music and recitations, and a good time is assured. Everybody welcome.

A Long Trip

New Adjutant of the Salvation Army Will Have One.

Word was received in the city this morning by Ensign Trickey that Adjutant and Mrs. Hargrove of St. John's, Newfoundland, would assume command of the local corps of the Salvation Army, succeeding himself and wife, who go to Owen Sound. They will not be here for two weeks, however, and in the meantime Captain Snowden and Mrs. Snowden of Hamilton will supply.

AN OLD TIMER. LONDON, Oct. 29.—Lord Sidmouth of Up Ottery Manor, Devon, who died at Bournemouth yesterday, aged 89 was probably the only survivor of the distinguished little band who saw the last Franklin expedition, which left the Thames seventy years ago. He is succeeded by his eldest son, Gerald Anthony Pellew Bagnall Addington.

Sir Melvin Jones, president of the Massey-Harris Co., speaking at Regina, said that the west employ cautious financing for the next couple of years.

James Taylor Is Gaining in Weight

Youngest Lawyer in City Will Likely be Appointed Defence Counsel—Prisoner is Not Worrying at All.

It is regarded as almost certain that Mr. Arch. Harley will act as defence counsel for James Taylor, the self-confessed murderer, who now awaits his trial by jury at the Brantford Court House. Mr. Harley is the youngest graduate of law in Brantford, and Taylor not having secured legal advice as yet, an appointment of a counsel for him by the presiding judge will be necessary.

James Taylor has only to wait until November 11 for his trial, something less than two weeks. His fate may be the gallows, and it may not be, in spite of the self-confession of guilt. At any rate, the boy slayer takes jail life cheerfully. He has gained greatly in weight and his incarceration has freshened his appearance greatly. He is cheerful at all times, his only visitor being Turney Hogan, who goes to him with his meals, for which Taylor is always ready. His appetite would do credit to a hard worker. If a conviction of death is entered the jail authorities will be at once relieved of their charge. It is then necessary to appoint day and night guards at the death chamber.

The presiding judge will be Mr. Justice Kelly.

**Ensign and Mrs. Trickey Were Given a Farewell**

**Salvation Army Event Last Night - A Popular and Hard Working Leader Leaves For Owen Sound.**

"It is with a great deal of regret that Mrs. Trickey and I leave Brantford." These words were uttered by Ensign Trickey of the local Salvation Army during a very largely attended farewell service held last evening in the Citadel. Ensign and Mrs. Trickey will leave the city on Friday for Owen Sound, the scene of their new duties. Enroute they will spend a week at the conference which will be held in Toronto.

**A Splendid Worker.** In the departure from the city of Ensign and Mrs. Trickey, the army and municipality sustain a great loss. Although Mrs. Trickey was a most zealous worker, it was the Ensign who came under the eye of the public most frequently. He was a tireless worker, ready and willing to do whatever was needed. It mattered not to him where the task was to be found; sometimes it was to visit a fallen individual in his cell; sometimes beside the bed of an individual just passing away. Ensign Trickey was a daily morning visitor at the police court, and it was here he did some of his grandest work. To be brief the Ensign tried to carry out the work of an ensign and he succeeded well. During his sojourn the army has enjoyed a splendid season.

**Spirit of Thanksgiving.** While there is much regret in the Army at the departure of the Ensign and Mrs. Trickey, this was not in evidence last night, but rather a spirit of Thanksgiving. Wonderful work has been done for the Master under their able leadership and the meeting rejoiced.

**Bandmen Out Again.** There was a two-fold reason for rejoicing. Six of the many bands-

men who had been ill with typhoid fever contracted while visiting Niagara Falls were in attendance last evening. They assisted in the meeting by rendering solos and speaking. A letter was read from the secretary of the Peterborough band in which the illness of the band members was sympathetically dealt with. The letter rang with comradeship. The members were Brothers Stevenson Smith, Phillips, Noakes, Clark and Clark.

**Ensign Trickey.** Ensign Trickey was in charge of the meeting which was mainly devotional in nature, made reference several times to their departure. Although he much regretted his departure from the city, he was glad it was Owen Sound he was going to. He was leaving the city with a strong faith that God would be with him. He stated that nothing made an officer rejoice more than to look around and see someone he had helped. Although he did not approve of counting up the number of individuals brought to God, he had the other day counted up the number and found that 750 had been saved since his arrival in the city.

**Mr. Axford Speaks.** Mr. J. L. Axford, secretary of the Children's Aid Society was present and spoke of the work of the local army and the leaders. He thanked the Army for the honor and privilege of speaking on the occasion.

Mrs. Trickey also made a few remarks.

Previous to the meeting a splendid supper was served, the songsters acting as waiters.

Ruben C. Palmer, Indian agent at Sarnia, and former license inspector, is dead, aged 75.

**RED ROSE TEA** "is good tea"

**Nuptial Notes**

**SWARTZ-DANIEL.**  
The home of Mr. and Mrs. Charles E. Daniel, 294 Dalhousie street, Brantford, was the scene of a very pretty wedding at high noon today when their youngest daughter, Della Edwhe was united in marriage to Mr. Hubert Russel Swartz, of this city. Rev. A. J. Snyder officiated. The bride, who was unattended, was given away by her father, and looked charming in ivory brocaded satin gown, with pearl and rhinestone trimming; a bridal veil made in boudoir cap effect and caught up with seed pearls and lily of the valley; she carried a bouquet of bridal buds and wore the groom's gift a pearl and amethyst pendant. The wedding march was played by Mr. Thomas Darven, who also rendered several musical numbers in his usual delightful manner.

The home was tastefully decorated with autumn foliage and chrysanthemums, the color scheme being yellow and white throughout. After the ceremony, wedding breakfast was served about fifty guests being present, and the customary toast list followed.

The gifts, which were many and costly, indicated how highly the young couple are esteemed by their many friends, especial mention being made of the club bag, and leather rocker, gifts of John Agnew Limited, and staff of the Agnew Shoe Store.

The bride travelled in a tailored suit of navy blue with hat to match, the happy couple leaving amid showers of confetti and good wishes, for a trip to London and western American cities.

**PAPPLE-GARRISON.**  
An exceedingly pretty autumn wedding was consummated at the home of the bride's parents, Mr. and Mrs. N. R. Garrison, "Maple Villa." Bath, when their only daughter, Aleta Peryl, was united in holy bonds of matrimony to Mr. Ford Stanley Papple of Brantford, second son of Mr. David Papple. The ceremony was performed by Rev. J. F. Everson, under an arch of white lattice work, from which was suspended a large horseshoe carved by an old friend of the bride, Mr. Thomas Anderson. The arch was ornamented with autumn leaves, with a background of green foliage and ferns. Precisely at the hour of 8 o'clock the pianist, Mr. Walter Detlor, took his place at the piano and beautifully rendered Mendelssohn's wedding march, to which the bridal party entered. The groom entered the drawing-room supported by his brother, Mr. Bruce Papple, of Fort Erie. Then came the bridesmaid, Miss Nathella Smith, who was gowned in buttercup satin with pearl trimmings. She wore the bridesmaid's cap of cream lace and roses and carried a bouquet of pink roses and ferns. The little flower girl, Lorena Parks, cousin of the bride, looked dainty in a little dress of white silk. She carried a basket of pink carnations, in which the ring was embedded, and strewed a pathway of flowers before the bride. Lastly came the charming bride, leaning on the arm of her father. She was a picture of loveliness in her exquisite gown of ivory duchess satin with pearl trimmings. She wore the customary bridal veil of silk embroidered net with a wreath of orange blossoms, and carried a shower bouquet of white roses and lily-of-the-valley with maidenhair fern, and wore the groom's gift, a solid gold chain set with pearls. The groom's gift, to the bridesmaid was a silver mesh bag; to the flower girl a diamond ring, to the groomsmen gold cuff links, and to the pianist a gold tiepin set with pearls. After congratulations they all repaired to the spacious dining-rooms, where a sumptuous repast was partaken of. The bride's table was extremely pretty, carried out in a color scheme of yellow and white under an arch of Cobaea in bloom, and was lighted by candles. The guests' table was carried out in pink and autumn tint. One feature of the evening was the top storey of the wedding cake of the bride's mother. The happy couple left amid showers of confetti and rice on the 1.27 train for Detroit and Port Huron. The bride's traveling suit was of navy blue whipcord and a black beaver hat with ostrich trimmings. The bride was the recipient of many costly gifts, including cut glass, sterling silver and a substantial cheque from her parents. She will be greatly missed in church and social circles, and her many friends join in wishing them bon voyage through life. Mr. and Mrs. Papple will reside near Brantford, where the groom is a prosperous young farmer—Napance Beaver, October 24.

At a meeting of the Toronto Mendelssohn Choir last night a vote was taken on the question of an European tour in May, 1915, and 213 out of 233 members voted "Yes." The famous choristers will prepare for the trip all next summer. It is estimated that the trip will cost \$100,000. The members will not be paid any salary, but will have all expenses defrayed. They will give five concerts per week and will cover part of Great Britain and a number of important centres on the Continent.

Messrs. Austin Burke, Charles Herod and William Cleator leave for the north this evening on a deer slaying expedition.

Miss Edna Heath returned to Baltimore last night after spending the summer with her parents, Mr. and Mrs. James Heath.

Mrs. S. H. Green of Muskoka, who has been visiting Mrs. James Dawson, Balfour St. for the past few weeks returned to Toronto en route for Muskoka.

The engagement is announced of Minnie R. Dalton of Brantford, to Rev. Frank V. Vair, B.A., rector of Otterville. The wedding will take place next month in Toronto.

The Ladies' Aid of Zion Presbyterian Church are holding a series of talent teas. Yesterday afternoon the October tea was held at the pretty home of Mrs. D. J. Waterous, Park avenue, when a large number of ladies gathered.

The Sergeants of the 25th Brant Dragons decided last night to hold their annual military ball in the Masonic Temple on the evening of Wednesday, December 3rd. A first-class orchestra will be engaged to furnish the music for the occasion. The committee intended to make the ball the event of the season.

The many Brantford friends throughout the city of the Very Rev. Dean Coty, rector of St. Patrick's parish, Hamilton, will regret to hear that owing to ill-health the reverend father is compelled to give up his duties and take a trip South, where it is expected he will recuperate in a short time, and will soon be back among his people.

The English lady golf players are due to arrive in Toronto to-day from New York, and will make their headquarters at the Lambton Club to-day and Thursday. In the party will be Miss Gladys Ravenscroft, Miss Muriel Dodd, Miss Mabel Harrison, the Irish player, Miss Violet Poolley of Victoria, B. C., and Miss Florence Harvey of Hamilton. A number of Brantford golfers will probably go to Toronto for the event.

One of the most enjoyable and successful luncheons ever given at the Golf Club took place yesterday. Thirty two sat down to the beautifully decorated table, Mrs. H. Yates, president, presiding. The floral decorations were of red flowers interspersed with autumn leaves. At the conclusion of the repast, bridge was played at eight tables, Miss L. Gibson taking the first prize and Mrs. A. D. Hardy, the second. Out of town guests included, Mrs. John Bunnell, Chicago; Mrs. W. Phinn, Hamilton; Mrs. E. Watts, Vernon, B.C.; Miss Goold, Uxbridge; Miss Lally Lonsburg, N. Y.

It Takes a Lot - OF - WATCHES

To watch-please all the people. Some men's work requires absolute watch accuracy. We have Watches for these men at \$25.00 up.

Others can get along with a watch that runs relatively true. These are cheaper—say \$5.00 or more.

Some want large models, others prefer small sizes.

But no matter what you wish in Watches, it's here for men, women, boys and girls.

It's here, too, at the most for the money.

**The Genuine Slater Shoe**  
Protects You in Two Ways

This finely, honestly made shoe has earned and deserved the increased Respect and Good Will of Canadians during its history of over 40 years on the market.

The sign of the Slate on a shoe stands for good style, good leather and good workmanship. More than that it stands for the protection of the buyer against being overcharged in the price. Before it leaves the factory every pair of genuine Slater Shoes is stamped with the retail selling price, so that the final buyer can not be disappointed in quality, or overcharged in Value through mistake.

There are imitations of the Slater Shoe. To be sure of getting the genuine always look for the Slate trade mark, as shown here.

**CATTLE MARKETS**

**UNION STOCK YARDS.**

TORONTO, Oct. 28.—Receipts of live stock at the Union Yards were 97 cars, comprising 1787 cattle, 328 hogs, 1400 sheep and lambs and 191 calves.

Exporters

There were no cattle bought for export, but there were a few of export weight and quality sold at 9.50 to 17.75.

There was a scarcity of good to choice butchers' steers and heifers—none enough to supply the demand. Choice butchers' heifers, at \$7 to \$7.50; medium, \$6.25 to \$6.75; common, \$5.50 to \$6; choice, \$5.50 to \$6; medium cows, \$4.50 to \$5; common canners and cutters, \$3 to \$4.50; export hogs, \$5.75 to \$6; butchers' pigs, \$4 to \$5.50; bologna hogs, \$4 to \$4.75.

**Stockers and Feeders**

The market for stockers and feeders was again active at the following prices: Steers, 1000 to 1150 lbs., sold at \$2.20 to \$2.50; feeders, 700 to 1000 lbs., at \$1.50 to \$1.75; stockers, 500 to 800 lbs., at \$1.25 to \$1.50; rough eastern stockers, \$1.50 to \$1.75.

**Milkers and Springers**

All offerings of good to choice milkers and springers were readily taken, at prices ranging from 15c to 18c per lb. Choice Holstein being bought at 17c per lb. The bulk of the cows were sold from \$6 to \$80 each.

**Veal Calves**

The market for veal calves held steady, as follows: Choice calves sold from \$9 to \$10; good calves, \$8 to \$9; medium, \$7 to \$8; canners, \$5.50 to \$6.50; rough eastern calves, \$4.50 to \$5.

**Sheep and Lambs**

The sheep and lamb trade was a little firmer. Ewes sold at \$2.25 to \$2.50; culs and rams, \$2.25 to \$2.50; lambs, \$7.40 to \$7.50; bucks, culled out, at 75c per head less.

**Hogs**

Selected hogs, fed and watered, sold at \$9 to \$9.10, and in some instances, \$9.25 and \$9.35 was paid for one deck.

**EAST BUFFALO LIVE STOCK.**

EAST BUFFALO, Oct. 28.—Cattle—Receipts, 1000; steady; active; native calves, 25c lower, to \$11.50; Canada calves, \$2.50 to \$3.50.

Hogs—Receipts, 1200; active and steady; pigs, 25c higher; heavy and mixed, \$8.50 to \$8.80; yorkers, \$8.25 to \$8.50; pigs, \$5 to \$5.50; rough, \$4.25 to \$4.75; stags, \$6.50 to \$7.50; dairies, \$8.25 to \$8.50.

Sheep and lambs—Receipts, 4400; active and steady; unchanged.

**CHICAGO LIVE STOCK.**

CHICAGO, Oct. 28.—Cattle—Receipts, 1900; market slow and weak. Beaves, \$6.70 to \$7.25; Texas steers, \$6.75 to \$7.25; stockers and feeders, \$5 to \$7.50; cows and heifers, \$3.40 to \$3.25; calves, \$6.50 to \$7.50.

Hogs—Receipts, 22,000; market, best over, others strong; light, \$7.50 to \$8.20; mixed, \$7.55 to \$8.30; heavy, \$7.50 to \$8.30; rough, \$7.50 to \$7.85; pigs, \$5 to \$7.50; bulk of sales, \$7.25 to \$7.35.

Sheep and Lambs—Receipts, 32,000; market slow, generally steady; natives, \$8.95 to \$5; yearlings, \$4.90 to \$6; lambs, native, \$5.30 to \$7.40.

**Leopard Attacks Captain**

Captain Maurice Harbord, son of Hon. Mrs. John Harbord, of Swaffham, Norfolk, and nephew of Lord Suffield, who was attacked some time ago by a leopard on his farm in Africa, has lost an eye.

His goats had suffered from attacks of wild animals, and hearing a noise in the enclosure, he went with a lamp to see the cause. A leopard sprang at him inflicting terrible injuries to his face and one eye, and tearing off one ear. His eye has since been taken out.

**This County Not Represented**

(Continued from Page 1)

and he urged that a committee be appointed at once to interview the government regarding plans for the buildings required. This information should be on hand he thought, for the next meeting of the councils.

Warden Denton stated that the committee was not going to buy the land just now, but was simply going to get figures, in order to give the councils some idea regarding what the scheme was going to cost.

**Land Required**

A general discussion on the number of acres required, the kind of land desired, railway connections, etc., took place. Some members of the committee thought that 800 or 1,000 acres should be purchased, while others thought that a farm of this size would be altogether too large and unwieldy, and suggested 400 acres.

It was agreed, however, that the land to be purchased should be of very poor quality, in order to give the prisoners work in improving the farm. It was also felt that a farm with a stone quarry or a good gravel pit on it would be very desirable, as it would assist greatly in the building of country roads. Other members suggested a farm with lots of bushland to keep the men busy in the winter time. Members of the committee suggested several tracts of land all of which will be taken into consideration by the committee appointed: Messrs Stauffer, Weaver, Goble, Detwiler, West and Pitcher.

**Interview Government**

A committee consisting of Messrs Shaw, Hobson, Walley, and Squire, was appointed to interview the Government regarding the style and cost of buildings and other information desired in connection with the scheme.

A number of communications were read by Secretary Weaver.

The clerk of Brant county notified the council that the council had decided to go no further regarding the proposition until the scheme had been further developed and more information obtained.

A similar letter was received from the clerk of St. Mary's.

Those present were Jacob Goble, Norfolk; N. B. Detwiler, Berlin; G. Walley, Ingersoll; D. R. Stauffer, Blenheim Township; S. Squire, Norfolk; Alderman Pitcher, Brantford; W. C. Shaw, Waterloo; S. Cassell, Waterloo; W. M. Appell, Oxford; C. H. Deiton, Oxford; L. E. Weaver, Waterloo; W. S. West, Woodstock; R. D. Montgomery, Woodstock; W. D. Hobson, Woodstock.

**Faith Ill-Defined.**

Discussing the lamentable fact that, according to the last census, half the American people never go to church, Canon Hughes Scott recently said: "The trouble is, perhaps, that Americans have a wrong idea about the church. They think the church wants them to believe a lot of outworn dogma. That is not true.

"Yes, the trouble is that the people define faith as the little girl defined it in school.

"'Faith,' the little girl said, 'is believing what you know isn't true.'"

SOME CIVIC MATTERS.

Matters of local importance came up at the meeting of the Board of Trade.

One of them was a resolution to strengthen the hands of Mr. W. F. Cockshutt, M. P., and the City Council in securing the Glebe portion of the New England property for residential and factory purposes.

Another leading subject was the question of bridges. Brantford is a present inadequately supplied in this respect.

Zig zag sidewalks properly came in for some attention. It is to be feared that in many cases those who favor them on the outside of the boulevard do so to get a greater depth for their properties, rather than with regard to the beauty and symmetry of the thoroughfare.

THE RACE CRY IN SOUTH BRUCE.

Reference has been made to the efforts of the Laurierites to raise the race cry in the South Bruce by-election, which takes place to-morrow.

The German element there have been told the falsehood that the proposed Borden contribution to the British navy of \$35,000,000, is for the purposes of aggression upon the Fatherland.

Mr. J. E. Armstrong of East Lambton, in recently combatting that untruth at a public meeting, showed the hollow mockery of the recently professed love for the German element on the part of the Liberal party.

In this regard he pointed out that it was the government of Sir Wilfrid Laurier, which in 1903 imposed a surtax upon German goods and drove Germany in 1906 to retaliate by a surtax upon Canadian goods with the result that the Dominion was shut out of that great consuming market.

With regard to the racial complexion of the constituency, it is pointed out that the riding is three eighths German. Of the seven townships, Carleton Place is 75 per cent. that way; Brant 30 per cent., Culross 50 per cent., Greenock 25 per cent., and quite a scattering in Kinloss, Huron and Enderlee. The same is true of the towns and villages, Walkerton with 40 per cent., Chesley, 15 per cent., Teeswater 20 per cent., and also a scattering in Paisley and Lucknow.

These figures will abundantly serve to demonstrate the why and the wherefore of the sinister and entirely unworthy Grit design.

THE GUELPH BORDEN CLUB.

The annual contest in Guelph in connection with the Borden club of that place closed on Friday night.

As before related in these columns they have a plan there of a red and blue ticket with eighteen candidates on each. Payment of 50 cents entitles any one to a vote and balloting took place on Saturday in the city hall.

The Herald of that place thus describes in part the final outcome: "The best of good feeling prevailed.

ed all day among the various candidates for office on both tickets, but all worked hard and did their best. The result of the election gives the Borden Club a larger membership than ever before and great things are expected during the coming winter.

There were several surprises in the results but it was generally conceded as the day wore along, that the blue ticket would come out on top. Their organization was splendid, and every member boosted for the ticket rather than for himself.

The scene at the City Hall last evening from seven o'clock until the closing of the gates, was one not soon to be forgotten by those who were present. A heavy vote had been polled during the day, but the steady down pour of rain had kept many away.

A POOL CONTROVERSY

Says the Chicago American during the course of a leading editorial:

Two leading New York newspapers have been taking up the time and seeking to arouse the interest of their readers with the more or less burning question: "Why do the Canadians dislike the Americans?"

The real joke, however, is, that the readers of the "Sun" and "Times", like a flock of sheep, chase this bell wether of "bunkum" with enthusiasm. In the absence of something more startling in the way of gossip or scandal, they accept the challenge of the "Sunday editor and proceed to tell him just where and why Canadian animosity to American exists.

The fact is, of course, that, with some 3,000,000 Canadian-Americans now naturalized and thousands more on the way here every year; and with about 1,000,000 American Canadians in the Dominion and others crossing the border at the rate of 150,000 per annum, Miss Canada and Uncle Sam have a mutual esteem for and an interest in each other that grows steadily from year to year.

Mr. A. C. Lyons stated that he was in sympathy with the motion, and everything that Mr. Baird had said, and would be pleased to see the deal go through.

Mr. Baird replied that probably the Dominion Government would act.

Mr. Ludlow one of the city assessors, was asked as to the area of the Glebe land.

He replied 180 acres, he thought and about 55 acres additional in the city limits, or 235 acres in all.

American readers may begin to believe that such a dislike exists. Then a seed will be sown for a crop of genuine ill will.

NOTES AND COMMENTS.

How about that Christmas shopping. Lots of things can be secured now which will come in handy then.

There is to be a demonstration in Toronto on "how to eat apples." Better start in first on soup and eggs, a branch of dietical education badly neglected in the Queen City.

Women who join the Chicago police force are required not to weigh less than 115 pounds. And then they are quite likely to have some more added during the course of their professional duties.

Laurier has been speaking in South Bruce. He still hugs to his mammy bosom the foolish idea that Johnny Canuck could at once take off his coat and build and man Dreadnoughts.

Both sides have peeled off their coats in connection with a bye-election appeal for the Ontario House in Peel, and the peel which will be handed to the Rowell candidate will be of the lemon variety.

In a leading editorial the Toronto Globe solemnly affirms that all the seats recently won by Conservatives have been secured by brazen-faced rascality. And no doubt its hide bound readers will actually swallow that.

In going over the East Middlesex bye-election ballots, the returning officer found a mix-up in one division and the majority of Mr. Glass, Conservative, was really 385. This is by far the largest plurality ever given in the riding with one exception—the reciprocity issue.

Woeful Waste

By Walt Mason

All summer long the land was dry, no moisture from the clouds deriving; we saw all vegetation die, and yet our whisks kept on thriving.

We didn't need a whiskers crop, we needed oats and wheat and barley, and yet their growing didn't stop, they wouldn't die, so help me, Chaffin! When Autumn comes the flowers fall, they perish when cold winds are blowing; the vines all winter on the wall—but human whisks keep on growing.

West, or North, or South, on desert sands, in Arctic regions? Do we conserve this great resource, this crop that we count on always? No! Science plods along her course, and finds no use for human galways. She's making paper out of straw, and nutmegs out of elm or willow; she's forming cigarettes of slaw, and drawing salt from ocean billow.

Board of Trade Would Widen

Mr. Lyons.

Mr. Baird said that he was in sympathy with the motion, and everything that Mr. Baird had said, and would be pleased to see the deal go through.

Mr. Baird—Yes.

Mr. Baird—Yes.

President Snare said he was pleased to notice that Ald. Spence had at the City Council meeting brought up the question of improved bridge accommodation between the city and the western section.

Mr. Spence stated that he was not the father of the motion. Ald. Woolams deserved that honor as he had been advocating same for many months.

in the Holmedale section of the city to connect with the Burford road and one in Eagle place to connect with West Brantford. He was of the opinion that a committee composed of the Mayor, Chairman of the Board of Works, and the chairman of the Finance, should be appointed to confer with the County and Township Councils.

Mr. John T. Hewitt stated that he was of the opinion that the Lorne bridge was not wide enough to accommodate the traffic, and that he was in favor of a bigger structure.

Mr. A. J. Wilkes was in favor of building a cement bridge to replace Lorne bridge, and take the steel of the present bridge and use it in building a bridge across the river either to Holmedale or Eagle Place.

Mr. W. P. Kellett stated that he considered the flooring of the present Lorne bridge unsafe for street car traffic. He had been given this information by a noted engineer who examined it for the Lake Erie & Northern.

Mayor Hartman stated that it was a question that had been in front of the Council for some time.

the same. Otherwise there might be later on an expensive lot of tearing out. He was sorry that the proposal had not been accepted. He did not favor a concrete bridge at all, as the physical and flood conditions would not warrant same. He favored a new bridge, and it should, in his judgment, be of steel, with ample width for the constantly growing vehicular and foot traffic.

The present zigzag plan was not only a nuisance, but also marred otherwise handsome thoroughfares.

Mr. A. L. Muir said he would like to see standard time introduced in Brantford. One whistle would blow at 12 o'clock, and another five minutes later for 12 o'clock, and so on.

Mr. Reville drew attention to the fact that the two local telegraph offices, otherwise well run, closed early in the evening, and were only open for a few minutes each Sunday.

Mr. Kellett also spoke of the nuisance of the irregularity of sidewalks on many streets, with part on the outside and part on the inside of the boulevards.

Ald. Spence—That's nothing. I know of twelve on one corner. (Laughter.)

Mr. Kellett, continuing, said that in Galt all kinds of telephone and other wires were strung on the same set of poles. Why cannot the same thing be done here?

Mr. Kellett also spoke of the nuisance of the irregularity of sidewalks on many streets, with part on the outside and part on the inside of the boulevards.

Ald. Spence—That's due to the lack of backbone on the part of city officials. He agreed that walks on a street should either all be outside, or all on the inside of the boulevards.

THE PROBS

TORONTO, Oct. 29.—The disturbance which was over the Great Lakes yesterday, has passed eastward to the Gulf, and another, also of feeble energy, is now moving towards the lower lakes followed by the western high area and cold wave. Rain has been quite general from Ontario to the Maritime Provinces, while from Lake Superior westward the weather has been very cold with light local snow falls.

Forecast
Light winds and cloudy to-day. Thursday, clear and northeast winds, with rain or sleet.

The insane King Otto of Bavaria will be dethroned and the Prince Regent installed.

POWERS ASKED TO WAIT AWHILE

In Regards to Mexican Policy—A Request From the U.S.

WASHINGTON, Oct. 29.—Secretary of State Bryan said to-day that a formal note had been sent the European Governments asking them to suspend the formulation of a policy toward Mexico until the United States had defined its attitude. While Great Britain, France and Germany he said, had already been heard from, it is expected that the other governments will follow the three great powers in the decision of the United States as to the next step in bringing peace in Mexico.

D. CLARK DEAD

After a year's illness in a private hospital in Toronto, Mr. D. Clark, late of this city, died yesterday in his 74th year. Mr. Clark was born in Ontario and had been in the milling business all his life. In 1874 he came to this city and in 1878 years and before that in Highgate. For some time previous to his illness he had a mill in Lacombe, Alberta. He was a member of the Toronto Board of Trade and was a charter member of the Lodge of the A. O. U. W. in 1878. He is survived by a widow, three sons and one daughter, Mr. D. M. Clark, of 438 West Mar- ion street, is a son, and there is another, William Clarke, in Wetaskiwin, Alberta. The funeral will take place on Thursday from his residence in Toronto to Mount Pleasant cemetery.

PARIS WILL VOTE ON LOCAL OPTION

Although the matter was not dealt with at the meeting of the Paris Town Council on Monday last, it is regarded as a certainty that the ratepayers of the town will vote on local option in January next. The supporters of the by-law have recently thoroughly covered the town with a petition, such being necessary to secure the submission of a by-law, and having 25 per cent. of the voters' names thereon. It is stated by the workers that they have secured 47 per cent. of the names of the ratepayers asking that a by-law be submitted. A 60 per cent. vote is necessary for the carrying of the by-law, while a 25 per cent. demand is necessary for its submission. The vote will be watched with interest, not only in Paris, but in Brantford and throughout the entire county.

The following from the Advertiser, will be read with interest by Brantford fans who are connected therewith. It was announced that Deneau had been signed by Brantford, though if it is true as is rumored, the big manager is a job at London, he will in all likelihood be considered as a player for the position. Sox manager, and Brantford will be glad to have the big here.

(BY JINX)

Although it has not yet been finally announced, it is reported good authority that Rubie, former manager of the London ball club, has been signed up by the Brantford team and he has already landed three players for the Red Sox announcement will likely be made Brantford to-day. Rubie has hope of again becoming manager of the London team, apparent has been conducting negotiations with Owner Tom Nelson, Brantford club. The result of negotiations is that Rubie is ahead signing up next Brantford contracts for play.

Deneau Still Belongs to London. When informed that the London Deneau had practically been signed by Tom Nelson, President of the local club, stated that he did not see how this could be as Deneau was still a member of the London club, and that any negotiations for him must be made with the local directors. Rubie is the London reserve list, and the London club sees fit to release or trade him or sell him. He play ball in a London uniform the London team.

Has "Rube" Deneau Been Signed Up With Brantford?

Rumor Has it That Former London Manager is Already Signing Up Players for the Brantford Management—Pres. Stevely Says Deneau Still Belongs to London and is Not Free To Sign With Anybody

The following from the London Advertiser, will be read with interest by Brantford fans. In connection therewith it might be announced that Deneau has not been signed by Brantford, although it is true as reported that the big manager is in a job at London, he will in all likelihood be considered as an applicant for the position of Red Sox manager, and Brantford fans will be glad to have the big Rube here.

(BY JINX.)

Although it has not yet been definitely announced, it is reported on good authority that Rube Deneau, former manager of the London baseball club, has been signed up to manage the Brantford team for 1914, and he has already landed two or three players for the Red Sox. The announcement will likely be made at Brantford to-day. Rube has lost all hope of again becoming manager of the London team, apparently, and has been conducting negotiations with Owner Tom Nelson, of the Brantford club. The result of these negotiations is that Rube is now going ahead signing up players on Brantford contracts for next season.

Deneau Still Belongs to London. When informed this morning that Deneau had practically been landed by Tom Nelson, President Stevely, of the local club, stated that he did not see how this could be the case, as Deneau was still a member of the London club, and that any negotiations for him must be made through the local directors. Rube is on the London reserve list, and until the London club sees fit to release him or trade him or sell him, he must play ball in a London uniform and on the London team.

Pelky and Burns on Tommy's Home

CHATHAM, Oct. 29.—Arthur Pelkey, the white champion of the world, and his manager, Tommy Burns, accompanied by George Perrin of this city, left yesterday for Hanover, Ont., where the former will put on an exhibition. Perrin is to act as referee. Hanover is the home of Burns, and it is expected that a rousing welcome will be given the party.

President Stevely Surprised.

"Deneau has no right to make negotiations with anybody for next season," continued President Stevely. "He has not yet been released, and until he is, he is in no position to make terms or sign up with anybody. I am surprised that the Brantford club should sign him up, because I believe Tom Nelson understands the situation here thoroughly. Mr. O'Neil met Mr. Nelson in New York at the time of the world series, and I believe he explained the matter to him. Mr. Nelson said at that time that he would have nothing to do with Deneau."

Matty and Reidy May Go Also.

If Rube Deneau lands the Brantford job, it is likely that Matty Matson and Cy Reidy will also become members of that team. Matty is a free agent at the present time, but Cy is on the London reserve list. However, as he and Rube are great friends, he may try and secure his release in order to sign up with the Red Sox. Reidy was merely a utility man with the London club last season, and although he played good ball, it is not likely that the London club will make much of an effort to keep him next season. In fact, Reidy himself doubted very much if he would be back with London in 1914 before he departed last month. He is thinking of retiring from the game and has been planning a trip to Australia. With Reidy and Matson gone the London club will have to secure a brand new catching department next season, and at least two men will have to be signed up.

O.H.A. Annual Doings at Big Hockey Meeting in Toronto.

The annual convention of the Ontario Hockey Association will be held this year on Saturday, Dec. 6, at 9 a. m. in the Temple Building, Toronto, in accordance with a resolution passed at the annual convention last year, when it was decided to change the date of the annual meeting from the third Saturday in November to the first Saturday in December, so that all the clubs in the association would be organized and represented at the convention by a delegate who must be a member of the club he represents.

Amendment Date. Amendments to the constitution, rules of competition or rules of the game, however, must be in the hands of the secretary by Saturday, November 1, to be in order for the forthcoming annual meeting. Nominations for the various offices must be in by Saturday, November 8. Officers to be selected include the president, first and second vice-president, a secretary

Monster Banquet to Champion Athletics

PHILADELPHIA, Oct. 29.—Under the leadership of Mayor Blankenburg, Philadelphians of every shade of political belief, and of many different walks in life, joined last night in a testimonial dinner to the Athletics, winners of the world's baseball championship. Governor Tener of Pennsylvania, President Hempstead of the New York National League team, former Mayor Reynolds, and other speakers, expressed their admiration for the sportsmanship displayed by Connie Mack and the players of the Philadelphia American League team.

Nineteen of the twenty-five players who shared in the winners' portion of the series with the New York Giants were present. The absentees were Coombs, who is still confined to his bed; Houck, Orr and Daley, who are on the Pacific Coast; Lavan, who is studying at Stratford; Kenneth Casselman of London, who moved up here to the Ottawa club, of the members of the executive will likely be nominated for second vice. Amendments and nominations are to be sent to the secretary, W. A. Hewitt, Daily Star office, Toronto.

President Retiring. President H. E. Wettlaufer of Berlin, will retire from office at this meeting, having served a two-year term, and will likely be succeeded by the first vice-president, Charles Farquharson of Stratford. Kenneth Casselman of London, will move up here to the Ottawa club, of the members of the executive will likely be nominated for second vice. Amendments and nominations are to be sent to the secretary, W. A. Hewitt, Daily Star office, Toronto.

President Stevely Surprised. "Deneau has no right to make negotiations with anybody for next season," continued President Stevely. HOLLY TO MANAGE M'CAFFERY'S HAMS. Bobby Robinson is Toronto's Only Partner.

HAMILTON, Oct. 29.—Eddie McCaffery, the secretary of the Toronto Baseball Club, was in the city yesterday afternoon in connection with the deal that is to be made in the Hamilton Ball Club. Mr. McCaffery together with Bobby Robinson and a few other of the ball magnates went over the results of last year, and everything seemed to be in the best of condition. The team ownership has not changed hands as yet but J. J. McCaffery will be in town in a few days and it is expected that the deal will be closed then.

A meeting of the Canadian League has been called for Friday afternoon in Toronto, and Mr. M. M. Robinson will represent the Hamilton club. The purchase of the Hamilton club by Owner McCaffery of the Toronto club will give the Canadian League a great old boost. A winning team at Hamilton means that the Ambitious City will rival Ottawa and London. Bobby Robinson will be Mr. McCaffery's only partner in the deal and Eddie Holly will likely manage the Tigers. The news has been hailed with delight in Hamilton.

Sergeant-Major Marshall of the Fifteenth Ambulance, A.M.C., corps, stated that in all probability this matter will be discussed at the meeting of the sergeants on Thursday evening and thought nothing should be left undone to place a team in the Western Ontario league. As the matter stands it looks as though the new league would be considerably of a military league, since armies in the various cities mentioned figure in the places in which the indoor baseball games hold sway, and with the great number of units in London a fast team could be picked from their ranks, especially since the game has been developed to a great extent in the Garrison league.

Wilfrid Reid, the English professional, is also reported in going circles as likely to fill a similar position at the Baltusrol Golf Club.

ONE MAN KILLED WHEN STAND FELL

A Terrible Accident Occurred at the New York-Chicago Game.

TULSA, Okla., Oct. 29.—The right field bleachers at the ball park fell yesterday just before the game between the Giants and the Sox started. The toll from the wreckage was one dead and forty injured.

Private Chester Taylor, of Company L, Ninth Infantry, U.S.A., was hit on the head with a heavy timber as the soldiers were marching by the stand, dying shortly after being conveyed to the hospital. The 4,000 persons in the park remained after the wounded had been carried away, and saw the Sox, with Walter Johnson, of Washington in the box, defeat the Giants with Christy Mathewson pitching four innings, by the score of 6 to 0.

That further injuries did not result from an incident in the grand stand, which was filled to overflowing, was due to the soldiers, members of the regiment band, and to the players. Umpire Klem also played a prominent role, by rushing up in front of the stand and shouting that few had been injured and none seriously, and that the game would be played. One of the providential escapes concerned the Giants' party. Only a couple of minutes before the bleachers fell in a heap of broken lumber, Mrs. Meyers, Mrs. Doyle and Mrs. Lobert had walked directly under the stand trying to get into the grounds. The crash came while the Giants were practising. There were probably 500 in the bleachers at the time, and not a creaking of timber was heard before the frail and ancient structure collapsed. To-day it is not believed that any other fatalities will result from the crash, although at least a dozen are seriously injured, many suffering from broken limbs and internal injuries. Governor Cruise, of Oklahoma, and delegates to the Dry Farming Congress in session here, were at the game, and had just entered when the crash came. The party was six hours out. Score: White Sox 6, Giants 0.

BY FREE LANCE. Brantford will be some hockey town this season. Take that from us.

In this neck of the woods the winning of a game is considered a very good trick. "Brantford did not wor kany of the tricks heard so much about, after the Guelph-Brantford game."—Galt Reporter.

The football and hockey championships are to be contested on May 23 and June 5, respectively, and the rowing on August 12. The dates of golf and sailing have not yet been fixed.

Galt claims that a decision of Rev. Lavelle of Brantford, the referee, gave Brantford the game. Rest content, dear boys, Rev. Lavelle played rugby before you were born and has been an ardent follower of the game from a boy.

Louis Teller, one of the best professional golfers in France, who made a good showing in the recent national championships, will become a resident of the United States next Spring. He has accepted a position as a salaried golfer at the Canoe Brook Country Club.

A great hockey season is being looked forward to in Waterloo county. The old time rivalry will again be in evidence in Berlin, Waterloo, Preston and New Hamburg, where strong teams are already to be found waiting ice to whip septets into shape.

Between July 1 and 10, the principal events of the Olympic games to be held in Berlin in 1916 will be decided. This announcement was made by the German Olympic committee at the instance of the United States, which objected because the college athletes from that country would be unable to attend at that time of year.

Capt. Bert Newman, Dufferin Rifles, stated yesterday afternoon that should the Ontario League be formed, the Dufferin Rifles would place a team. Other members of the Regiment and followers of the game have stated that they would be glad to see the league formed. It certainly would be a great thing. Give it a boost, all ye military men.

At the annual meeting of the London Garrison Sergeants Association, which will be held Thursday evening, the Free Press says in part:

"There is every probability that the Indoor Baseball League will again be revived this season with greater possibilities than in the past. Since there has been a movement on foot to organize a Western Ontario Indoor Baseball League, it has given the local indoor baseballers an incentive to get their league into shape and from it pick a representative nine to be placed in the new organization which has been proposed."

The London Free Press reported in part as follows, concerning the City of Berlin and surrounding towns: "This city is the centre of one of the most compact intermediate O.H.A. hockey groups in the big association, and if the towns surrounding here have the teams which they expect to turn loose against each other the greatest year in amateur hockey will soon commence. There are at least four teams in what is known as the Waterloo county group and each one boasts of the fastest seven in Berlin, Preston, New Hamburg and Waterloo. Elmira, it seems, will suffer to the extent of having lost many of the players to other teams throughout Ontario."

CANADIAN LEAGUE WILL MEET FRIDAY

Dropping of the Berlin and Guelph Clubs May be Discussed.

OTTAWA, Oct. 29.—The roar of protest from Berlin over the charge that Fort Wayne has drafted Pitcher Fred Bramble with a view to turning him over to the Ottawa club, of the Canadian League, has been followed by another wall from the west end of the circuit. It appears that President Fitzgerald, at the annual meeting next month, will advocate the dropping of Berlin and Guelph, and including Niagara Falls, N.Y., and Erie, Pa., in the league. He has looked into both prospects and is prepared it is understood to recommend the change. The Canadian League magnates will hold an important meeting at Toronto, Friday.

Someone gave the Berlin and Guelph teams the tip that they were to be harpooned, and the local newspapers are now endeavoring to explain why both towns should be kept in. At Berlin they say they have one of the strongest syndicates in the association, and that they are prepared to make a generous outlay next spring for the purpose of putting a winner in the field. They have not yet appointed a manager, but will do so within a short time, and one of the best men in minor baseball.

The Guelph papers point with pride to their showing of last season, and believe that Owner Mahoney should be shown every consideration because of his loyalty to the Canadian League in the face of previous reverses. The question of dropping both towns will be decided by the majority vote of the league. Nothing has really been arranged, but it would not be surprising to see Guelph and Berlin left out. Sunday ball could be played in Erie, and probably at Niagara Falls as well. Both Berlin and Guelph drew very small crowds in the season of 1913.

SAM, THE SLAMMER, DID A GOOD JOB. TAFT, Cal., Oct. 28.—Sam Langford of Yarmouth, N.S., the negro heavyweight, demonstrated yesterday that Jack Lester of Cleelun, Wash., had no right to enlist in the army of white hopes. The two met in a boxing bout scheduled for twenty rounds. Lester was knocked down for the count of seven in the second round and in the fourth he was knocked down three times being saved from a knockout by the bell. When the gong rang for the fifth he was still so groggy that he did not answer the bell and the referee gave the fight to Langford.

The league organized in Guelph is practically a military one, and the same applies to Brantford and Galt, where fine armories exist. Over 100 lives are reported lost as the result of the dynamiting of a troop train near San Salvador, Mexico.

Marty O'Toole May Be Traded

PITTSBURGH, Oct. 29.—Smoky City fans await a big shakeup in the Pirates with unusual interest. Barney Dreyfuss and Fred Clarke, it is said, have decided to weed out several players who have outlived their usefulness. Clarke believes in young blood, and for that reason he traded Camnitz and Byrne to the Phillies last summer for Al Dolan. The only Pirates who are said to be sure of their berths are Viox, Dolan, Wagner, Carey, Wilson, Simon, Gibson, Hendrix, Robinson and McQuillan. It is reported that John Miller, Kelly, O'Toole, Mitchell and Adams may be traded. Clark Griffith is trying to arrange a transfer of Mitchell to the Washingtons.

### ELLEN TERRY'S SON PLEADS FOR \$150,000

**Wants to Do for Dramatic Art in England What Has Been Done in Germany—Reproaches His Own Country.**

Mr. Gordon Craig (Ellen Terry's son) makes a vigorous answer to the Nation's question as to why he does not put into being the ideas set out in his book, "Towards a New Theatre."

**Paralyzed to Spend Money**  
"If you will tell me why you have not a circulation equal to that of the Daily Mail," he says, "if you will tell me how it is that a certain actress called Miss Ellen Terry has no theatre of her own in England to-day; if you will tell me why it is that the whole of Liverpool, which I believe is our own third largest city, in all its grandeur and pride can find only eight thousand pounds worth of inadequate to rig up an old-fashioned building as its new Repertory Theatre, and then can hardly find enough to pay the poorest of salaries to its workers, while a town like Lubbeck, in Germany, with 130,000 inhabitants, can find £150,000 to build an entirely new theatre, and plenty of money afterwards to support it; if you can tell me why Manchester, Edinburgh, Glasgow, Birmingham, Bristol and other great centres in England are unable to find sufficient cash (or credit) each to have had a sumptuous theatre of its own during the last five years, while the same type of cities in Germany—Dresden, Munich, Stuttgart, Darmstadt, Dortmund, Bremen and others—are able to have the most sumptuous theatres possible; and all in the last five years; and if you can tell me why it is that the

**Special Extra Mild ALE**

May be ordered at 47 Colborne St., Brantford.

German theatre managers are making money at a terrific rate, and out of English ideas, and that my friend, Professor Reinhardt, is the most successful of all of them, while England still refuses to make use of that which I have continually offered her, then I can better answer the question. "But though I find it difficult to answer your questions, I shall do my best. I wonder if I shall be right in saying that England seems to be paralyzed out of all action by a kind of fear which touches every nerve of her being. She seems, first of all, paralyzed to spend money, even on what one may call dead certainties, such as the method of production of plays, which I employed and advocated some years ago, and which Professor Reinhardt clearly proved on a very large scale to be a practical and profitable method. England followed in the wake several years later and supported Mr. Baker's excellent efforts in a lukewarm fashion. . . . I am perfectly ready to start, but in order that I may run no risks, I will have as a minimum £30,000 a year to work on, and that guaranteed for a number of years.

"Holy, toity," you may exclaim, "You don't ask much! Let me reply that I ask considerably less than what any imitators get to run theatres on in Germany, America and Russia.

**Gentleman Fast Asleep.**  
"Just at present of course, the English gentleman is fast asleep. It is not that he is a fool, or a mean-spirited fellow; it is only that he really does not know what are his responsibilities, and what uses he is obliged by every law under heaven to make of the money with which he has been blessed.

"The fear of spending money is a very human one (except to the generous), but when as in England, it is allied to the fear of sticking up for your own inventors, your own sculptors, painters, musicians, and men of the theatre—not to speak of the host of other able men—then it becomes quite plain that the first thing to do is to give courage to the possessors of wealth by teaching them that English inventors, sculptors, painters, musicians and theatre men are often the best in the world, and that they need not be ashamed of backing them. . . . that they should be proud to do so."

Convalescence after pneumonia, typhoid fever and the grip, is sometimes merely apparent, not real. To make it real and rapid there is no other tonic so highly recommended as Hood's Sarsaparilla. Thousands so testify. Take Hood's.

### SORT OF "CAT AND MONKEY TIME"

Wife of Well-Known M. P. Shouted Down at Cardiff

Fierce recriminations marked Monday's meeting in support of the taxation of land values at Cardiff. At the outset the following telegram was read from Mr. Lloyd George:

"Success to your meetings. The future of this country depends on breaking up the land monopoly. If, withers, the land, depresses wages, destroys independence, and drives millions into unhealthy dwellings which poison their strength. God speed to every effort to put an end to this oppression."

Supporting a motion in favor of a national tax on the site value of all land, the Rev. Towyn Jones, M.P., said:

"They have tried to hound Lloyd George out of public life, but David Crispien is still in the van with his sling in his hand."

Mrs. Josiah Wedgwood, wife of the member for Newcastle-under-Lyne, proceeded to attack the Government. Lloyd George, she remarked, "has not said one word that the Liberal party will in any way keep its pledge to our reform. (Dissent.) There is nothing in the Liberal party except their name. Their legislation has made the most deadly attacks on social and individual freedom, and they have made the most insidious attack on personal liberty by their 'Cat and Mouse Act.'

"They have sanctioned the shooting of men on strike in the Rand. In Dublin they have brought out the soldier."

Here Mrs. Wedgwood's voice was drowned in a chorus of protests and she was called to order for irrelevance. She finished her speech amidst great confusion, by declaring that the Liberal party were losing the confidence of the country.

Mr. Neilson, M.P.: If Mr. Wedgwood shares the views of his wife there will soon be an election at Newcastle-under-Lyne. Keep within the Liberal party and work for your principles inside it.

Councillor Hamilton, (Glasgow), left the hall declaring that he was not there to listen to party speeches.

Mr. Josiah Wedgwood, M.P.: I think Mr. Neilson might have known better than to make a personal attack upon me through my wife. I am not in the habit of skulking behind petticoats. (Cheers and hisses). I daresay a good many will agree with me that there is no practical definite programme in the Chancellor's speech. Perhaps we may have the proposals later put on a clearer basis.

Mr. Joseph Fels: I don't know why a number of otherwise peaceable and angelic people should be scratching out each other's eyes. (Laughter). It is a sort of "cat and monkey time," as we call it in America. (Laughter). If one fellow is going to strike another fellow on the nose it is so worrying, because you cannot get into the scrap yourself. (Loud laughter).

### JIMMIE M'AVOY, EX-BERLIN CATCHER, IS WELL LIKED BY CONNIE MACK

when you think if Ganzel hadn't released him he might not have caught in a ball game all season. Says, wouldn't it be great if Jimmy got a chance in a world's series next year.

"You know, one thing I couldn't quite figure out after my talk with Mr. and Mrs. Mack, was how she happened to know so much about Jimmy. Yes, sir, she said the same thing as he did, that all Jimmy's got to do to be a real one is to take care of himself."

**Played Four Games With Mackmen**  
McAvoy took part in four games for the Athletics. In that time nine opponents tried to steal bases, and all but one he threw out. That one was Maisei, of the New York Americans. After he was released by Rochester, McAvoy went to Berlin in the Canadian League, where he proved a sensation. It was on the recommendation of Jack White, an old Eastern Leaguer, that Philadelphia drafted the local boy.

**Thanks Ganzel.**  
"I just gotta thank Ganzel for releasing me when he did," Jimmy told his manager a semi-private day. Cor-nelius Buonomo. "If he hadn't done it, I'd never seen Philadelphia and I just want him to know I appreciate it. An' the best way for me to tell it to him will be to kind a work my way into a pool game with him an' then just slip it to him in a nice way. What do you think?"

Other than to get into form for this combination pool and conversation game, McAvoy has but one matter to give attention to this winter. He must take care of himself.

**A Meeting With Mack.**  
"On Sunday morning Jimmy and I were strolling along Broadway when we met Mr. and Mrs. Mack. I guess they were going to church." Buonomo told the writer yesterday. Buonomo and McAvoy, by the way, had just returned from the world series.

"Now I had never met Mr. Mack and when I saw him coming along, I had no idea he would stop and talk to us simply because he knew Jim and had given him a trial. But he did, Jimmy introduced me, and then Mr. Mack introduced me to Mrs. Mack. I never expected to live to see the day when I would be able to shake hands with the leader of the Athletics, and I told him so. I told him all I'd read about him and how tickled I was to shake his hand. He just said, 'Nothing' to it. You shouldn't feel that way, and then began to talk about Jimmy. He really believes Jimmy is going to be a good catcher. Even Mrs. Mack seemed to know all about him, cause she said I should do all I could to make Jimmy take care of himself this winter."

**It's Up to Jimmy.**  
"Right before me Mr. Mack told Jimmy: 'Kid, it's up to you, now. Take care of yourself this winter, and I'll be able to use you next summer.' It must be that Jimmy will be all right along with Schang and the rest of them next year, doesn't it look that way?"

Buonomo is more than proud of McAvoy. McAvoy, in 1912, was the catcher for the Maltons, which Buonomo has managed ever since there have been Maltons in baseball, and even before that when almost the same set of players were known by other names. That's why he talked so much about Jimmy yesterday.

**Murphy Tells Him How to Bat.**  
"Jimmy tells me he has changed his style of batting since he went to Philadelphia. The first day I went to the plate he said to me: I went up just as I used to. You remember Slick, with the old crouch. But I didn't crouch long. Danny Murphy was up to me in a minute. He said there'd be none of the crouch business any more, that from then on I'd take a healthy swing. You see that's Danny's business now. He tells you when you're doing the wrong thing and puts you right. I guess if we could see Jimmy work now we wouldn't know him."

**Mack Likes McAvoy**  
"That Mr. Mack thought a lot of the kid shown by the way he treated him. The few weeks he had him he paid all his expenses from Rochester and back home again, even to the kid's board and laundry. Besides he gave him \$300. That's pretty good."

**COMB SAGE TEA IN HAIR TO DARKEN IT**

It's Grandmother's Recipe to Keep Her Locks Dark, Glossy, Thick.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's treatment, and folks are again using it to keep their hair a good even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product called "Wyeth's Sage and Sulphur Hair Remedy" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive; besides, prevents dandruff, itching scalp and falling hair. The Neal Cure—Greatest of All Modern Discoveries—Offers a Means of Escape from the Curse of Drink. A cure of the Drink Habit is Guaranteed in Three Days no Matter Whether the Patient is a Hard and Constant Drinker, Social Tippler or Goes on Occasional Sprees.

There was wandering in the streets of Toronto lately a homeless man, who at one time held a splendid position, but drink was his downfall. To-day his wife, a cultured woman, works out by the day, endeavoring to support herself and little family. Think of it, you wives and mothers, who have homes of comfort and all that makes life worth living, what it would be to you to be deprived of these and forced to face the wash tub for an existence, as this poor wife has to do to-day?

But this home which was made a hell on earth through strong drink—as every drunkard's is—may be made into a heaven upon earth, as many have been made, as a result of the Neal Treatment. Three days only—the wonder of it—to effect a cure and make the victim of strong drink a new man, physically, morally and mentally.

We undertake to guarantee to effect a cure of the Drink Habit in Three Days, no matter whether the patient is a hard and constant drinker, social tippler, or goes on occasional sprees. Are you interested in a poor fellow going down, down, through the curse of drink? Then bring your influence to bear on him and bring him to the Neal Institute for treatment, drunk or sober, and we will undertake to remove the awful appetite for strong drink and deliver him to you a new man.

Here is an opportunity for REFORMATION SOCIETIES for INEBRIATES or any institution for the reformation of the drunkard, to test our ability to change the hard drinker into a new man, physically and mentally, in THREE DAYS' treatment.

We invite these Societies or any institution interested in the poor drunkard and the problem of dealing with him, to send us for treatment any victim of the drink habit, it makes no difference how much enslaved, and we guarantee to effect a cure in each and every case. Settled by English Scotch Under J Persecution of the Parliament.

A very interesting account of Ulster Plantation is given by G. Bradley in Chambers. ## How Ulster Was Planted

### Settled by English and Scotch Under James I. Persecution of Presbyterians by the Anglican Parliament.

A very interesting account of "The Ulster Plantation" is given by Mr. A. G. Bradley in Chambers Journal. Mr. Bradley says: "When the two great Ulster chieftains, the Earls of Tyrone and Tyrconnel, who had so long defied the English Crown, were ultimately subdued and driven out of their domains, roughly corresponding to the six counties (Donegal, Derry, Antrim, Fermanagh, Cavan, and Tyrone), were exiled to the reigning king (James the First) and the opportunity was seized of settling them with an English and Scotch population."

**London's Irish Estates**  
There were the years when the Elizabethan adventurers had developed into the early Jacobean colonizers, and the fever was at its height. Virginia, the West Indies, New England, and Newfoundland were being seriously undertaken and Ireland offered a handier and less rough, but perhaps more dangerous, opening of much the same kind.

The county of Derry was bestowed on the various London trading companies to develop as it might seem good to them, with certain restrictions. The other five counties, or, to be precise, all the good land in them, were surveyed into tracks mostly of one thousand, one thousand five hundred, and two thousand acres—virtually regardless of the native Irish occupants. The latter's business, to be sure, had been mainly that of graziers, and their buildings of slight value; but they were pushed out into the bogs, wastes, and mountains, with the exception of a few of the better sort, who, though shifted, were allotted definite tracks of smaller size upon the fringes of the colonists.

"Of the larger tracks now offered by the Crown with clear title there were half a dozen other failures, and this was but the beginning of terror-filled days, each with a more and more dismal history. Throughout the country banks were breaking and business houses were going down with them. Factories were suspending and chaos reigned everywhere. It was a hideous object lesson in business methods. The entire boasted 'prosperity' of the country had been built upon nothing more substantial than universal credit, which was, in closer definition, but universal confidence. This destroyed, by a breath credit was destroyed and a whole nation of people was forced into immediate idleness and want because the machinery for exchanging the product of its labor for the product of other labor had developed a broken cog."

**CHAPTER VI**  
As usual, it was the poor that suffered quickest and most. Phillip on a day especially profited of new champagne and was because the machinery for exchanging the product of its labor for the product of other labor had developed a broken cog."

"I suppose there is a great deal of it," she said. "I do understand what suffering is."

"I had my share of it—of illness, of poverty, of cold and hunger, of uncleanliness, of the social degradation that belongs with want of money. I know these things not as one emerging from them, but as one cast down among them. In luxury, some people that expect softness, others that expect makes bitter. Sometimes I think it had that latter effect with me."

and perhaps from their rather grim Calvinism, their great qualities as pioneers. One would think this continuous drain of Ulster Protestants, mainly Presbyterians, from about 1700 to 1774, would have reduced the proportion of Scotch to English blood in Ulster. But on the other hand, Scots continued to move in there for long after James the First's plantation which was not the case with the English. Creed is a kind of rough test, and Anglicans and Presbyterians are numerically about equal to-day in Ulster.

**Undaunted**  
It is quite possible that American women will resist to the outrage any attempt on the part of the custom officials to remove the aigrets from their hats.

Imagine mamma and the girls lining up in the gangway, their heads held high, and their hats held higher. Behold the myriads approaching.

"Follow me, girls," cries the undaunted mother, "and be your oriflamme to-day the aigret of mamma—Cleveland Plain Dealer."

**THEY ALWAYS HELP THE OLD FOLKS**  
Why Mrs. Dionne Praises Dodd's Kidney Pills.

**Fine Old Quebec Lady Was Wasting Away When She Turned to Dodd's Kidney Pills and Found a New Lease of Life.**

ST. MATHIEU, Rimouski Co., Que., Oct. 27.—(Special)—"Publish it to all the world that Dodd's Kidney Pills cured me. Those are the words of Mrs. Dionne, an old and respected resident of this place. And surely that cure was a wonderful one. Mrs. Dionne had reached the advanced age of sixty-one years when ill-health overtook her. From 184 lbs. she wasted away till she weighed only 120 lbs., and she was a very sick woman, indeed. Speaking of her case, she says:

"My back and head ached, my heart troubled me, my sleep was broken and unrefreshing, and I perspired freely at night. I also had a pressure or sharp pain on the top of my head, and I found it difficult to collect my thoughts."

It was at this stage that Mrs. Dionne concluded that her trouble came from her kidneys and she turned to Dodd's Kidney Pills. The first box helped her. She took twelve boxes, and is cured.

Dodd's Kidney Pills always help old people, because when the human body starts to wear out, the kidneys are the first to go. Dodd's Kidney Pills always cure the kidneys.

**NEW CONVENIENT TRAIN TO WINNIPEG**  
CANADIAN PACIFIC.  
The popularity of Canadian Pacific service, and the excellence of that road's equipment, has been greatly appreciated by the traveling public that it has been found necessary to put into service an entirely new Through Standard Express Train between Toronto and Winnipeg.

Commencing Sunday, Oct. 27th, the "Gate City Express" will leave Toronto at 2:30 p.m. and will daily thereafter, arriving Winnipeg at 8:00 a.m. second morning. The train will consist of the highest-class modern equipment: Compartment Library Observation Car, Standard Sleeping Cars, Tourist Sleeping Cars, Dining Car, First-Class Coach and Colist Car. This will be found the most convenient and best train on account of the daylight departure from Toronto at an hour when the Union Station is not badly congested, and also on account of the early hour of arrival at Winnipeg.

The present "Vancouver Express" will continue to leave Toronto at 10:30 p.m. daily and will consist of the same equipment as the "Gate City Express." This train is the best to take for points west of Winnipeg, but for Winnipeg and east the "Gate City Express" is the right train to travel by.

Full particulars from any Canadian Pacific Agent or write M. G. Murphy, District Passenger Agent, Toronto.

## The Cash Intrigue

By George Randolph Chester  
(Copyright, 1909, by the Bobbs-Merrill Co.)

"It's a lie," declared Pellman, though he knew in his heart that it was true. Kelvin pointed to the tape where the letter had just finished announcing the suspension of Pellman & Co. "It seems to be true," said Phillip. "Moreover, I don't mind confessing to you that we did it—that, in fact, Mr. Breed intended to do it and I showed him how."

"You did it?" shrieked Pellman, advancing a threatening step. A quick warning signal from Phillip made him turn hastily. In the doorway crouched a figure that would have startled a man with even stronger nerves than Pellman's. The crouching figure was that of big black Sam, and he was creeping slowly forward toward Pellman.

"You'd better leave, Pellman," said Phillip. "You're the man that broke my father's."

Wall Street was quite used to panic in fact it had been in the business of making them, but here was one that had been made entirely outside of its calculation and it did not know what to do with the creature. Every day, in every city and village throughout the land where Breed had established his headquarters, a great commotion was still that steady drain which had, in the first place, caused the disruption of the financial system. Breed, as a retail merchant, had a perfectly legal right to demand cash for his commodities and he could not be stopped from collecting it.

On the day that Pellman went under there were half a dozen other failures, and this was but the beginning of terror-filled days, each with a more and more dismal history. I know these things not as one emerging from them, but as one cast down among them. In luxury, some people that expect softness, others that expect makes bitter. Sometimes I think it had that latter effect with me."

"I suppose there is a great deal of it," she said. "I do understand what suffering is."

SULLIVAN WANTS OPENING DEFERRED

NEW YORK, Oct. 29.—James E. Sullivan, American Olympic Commissioner, announced last night that he would request the German Olympic Committee on behalf of the United States team, to postpone the opening of the Olympic games at Berlin in 1916 at least one week. According to the cables received from Berlin yesterday the opening events in the track and field programme are set for July 1. This date would prove a handicap to the American team, according to Mr. Sullivan, since it would require the United States representatives to sail before the closing of the American colleges and universities, from which many members of the 1916 team are expected to be recruited.

"I sincerely hope that we can secure a postponement of the opening for a week at least, for it will mean a big difference in the chances of the American team winning. The games of 1916 will be closer and harder to win than ever before, and no team of the size of the American aggregation will have to travel the distance that ours will be obliged to undertake. The extra week means more to the American competitors than to any other country interested in the Olympic games, and I feel sure that when the conditions are understood fully by the German committee the concession will be granted.

WHAT WILL IT BE, STEAM OR ELECTRIC?

Stratford, Simcoe and Pt. Dover Interested in New Line

(Stratford Beacon.) "Doubt is expressed to the power to be used on the Lake Erie and Northern Railway, which was originally promoted as an electric line. The Brantford Courier says that so far as the Brantford bylaw is concerned either steam, electricity or gasoline is permissible. The Simcoe Reformer, however, says that there will be difficulty in meeting the provisions of the Port Dover and Simcoe bylaws that call for an hourly service, if steam is to be used, and adds: "The Reformer will be sorry if it finally turns out that the line, at least south of Brantford, is not electrified.

SAFETY FIRST
