

## Aeroplane Over Dover Driven Off by Guns Germany May Back Down to Uncle Sam Great Strike in Coal Mines at Pittsburg

### MOST GERMAN PEOPLE DO NOT WANT WAR WITH UNITED STATES

But if it Must Come Germany is Willing to Bear it—U. S. Note Has Been Published and Crowds of People Waiting For Newspapers Showed Great Interest Taken in it by the Masses.

By Special Wire to the Courier.  
Berlin, April 24, via London.—The American note occupies the first pages of all the afternoon papers. The impatience with which the public awaited the publication of the note was illustrated by the street scenes when the afternoon editions appeared. The people had been apprised of the impending publication by a paper appearing at noon. Crowds surrounded the first newsboys on the principal streets of the business quarter to buy the newspapers.

which is really injurious to her own interests, whereas England treats underfoot international law against the interests of neutrals. England began the blockade and introduced the oppressive treatment of neutrals as a war measure. Germany resists this, and is now asked to surrender her weapon because America refuses to see the connection between the two things, how one grew out of the other. The German people feel that a different standard of measurement has been employed that aggravates the difficulties of the situation, whose gravity nobody mistakes.

The impression of the note upon the readers was a mixed one. Many faces were grave as the readers used the long columns of the note. The comment also was grave.

**NOT ABUSIVE**

The Northern German Gazette, from which an authoritative reflection of the government views can alone be expected, did not comment on the note. Other papers commented in varying tones and sentiment toward the United States, but generally without truculence or abusive language. All the newspapers apparently are determined to approach the situation in a dignified and worthy manner. Some of the newspapers, including the Tagblatt, The Bourse Gazette, and even the Tages-Zeitung, considering the possibility of Germany attempting to meet the American demands, but most of the writers evidently consider this difficult.

**AMERICA DOES NOT UNDERSTAND.**

The Cologne Gazette in a Berlin dispatch says that it is incredible that the American authorities still fail to realize that the situation between the United States has been rendered more grave, particularly by the fact that the American government has steadily and one-sidedly opposed German submarine warfare instead of occupying itself with England's treatment of neutrals. In this connection is cited the commercial blockade and the seizure of mails by England. Continuing, the dispatch says:

Forecasting the German answer the paper says:

"The German people are warranted in hoping that it will be on the level of their dignity, but also in hoping that the American people, in whose hands the ultimate decision rests, will examine the German answer with that sense of justice which hitherto has constituted the crown of glory of the great free nation beyond the ocean."

**WILL BEAR THE WORST.**

Theodor Wolf, editor of The Tagblatt, furnishes the most noteworthy comment of the American note. In an article written apparently in a calm and friendly spirit he reviews the facts and premises in the case and closes:

"The vast majority of the German nation wishes no war with America. Light-minded politicians and writers who indulge in strong war poses may underestimate such an increase in the enemies of the German nation. However, we will bear the worst, if the worst cannot be prevented."

"It is to be desired that the leaders themselves find a proper course. The imperial chancellor is now at grand headquarters. Never since the beginning of the war has a graver question called together the guardians of the empire."

**STILL BLAMES ENGLAND**  
"Germany conducts war with a consideration of the interests of neutrals."

### PTE. H. HOWARD RETURNED HOME LAST EVENING

Veteran of the 19th Battalion Back From the Battle Line.

### DEAF FROM SHELL SHOCK

Pte. Herbert Howard of the 19th Battalion returned home to Brantford on the 7:33 G. T. R. train last night and was conveyed to the home of his friends at 124 Waterloo street. Being Sunday night and very stormy, no reception was held. He was met by Ald. Dowling, chairman of the Soldiers' Aid Commission, and a few personal friends who accompanied him home.

Pte. Howard who prior to enlistment was a butcher, left Brantford in the second contingent, and was attached to the 19th Battalion. He was for several months in the trenches, serving under Major Newman, and was blown out of his trench by the same shell that slightly wounded his major. He is somewhat deaf at present as a result of shell shock. He has drawn an honorable discharge from the army and will be in receipt of a pension.

"I am not sorry I joined. I did my duty as a soldier as well as I knew how," he said last night.

Howard told how he had been one of those who had helped to buy the two O'Neill boys. He knew them both well, though he was not in the same platoon. It was very affecting, said Pte. Howard, and he felt very badly for days after the ceremony.

### "THERE IS A CANADIAN BOY HERE CALLED MILLER; I DON'T NEED ANYONE ELSE," SAYS GEN. SHEA

British Commander of a Brigade Had His Staff Badly Shelled and Captain Freddy Miller, Though Wounded, Turned in and Helped, and Helped So Well That Commander Sent Above Reply to Offer of Staff Help.

Brigadier General Garnet B. Hughes has sent Captain Miller, paymaster of the 36th, an account of the heroic work of his son, Capt. Fred Miller, which account is really worthy of being included in the official reports of the Canadian eye-witness. The account of his exploit follows and will be read with much pleasure, since Capt. Fred Miller was a popular officer as ever left Brantford.

**THE LETTER.**  
1st Canadian Infantry Brigade, 5th  
Dear Captain Miller,—I am anxious to tell you how much your boy, Fred, is appreciated here, and how proud

CAPTAIN FRED MILLER.

### TWO SECOND CONTINGENT MEN ARE WOUNDED

Lance-Corp. Bacon and Pte. Kerr in To-day's List.

### LIUT. SINCLAIR KNOWN OF HERE

Two more Brantford men appear in the casualty list to-day, both as wounded. They are Lance Corporal Harold George Bacon and Pte. Chas. W. Kerr. Lieut. Sinclair of Toronto also reported wounded, at one time had a brother in Brantford.

Lance Corporal George Bacon was a machinist and lived at the Kerby being for three months in the Dufferin Rifles before enlisting with the second contingent.

Pte. Chas. W. Kerr, 155 Park avenue, who is reported wounded, was a chauffeur. He also enlisted with the second contingent, and was in the 19th Battalion. He is a single man and had had no previous military service.

Among the wounded appears the name of Lieut. William A. R. Sinclair of Toronto. A brother of Lieut. Sinclair at one time worked in the Bank of Commerce here, and his people frequently visited Brantford and were well known here.

### GERMANY MAY MAKE CONCESSIONS

Ambassador Gerard Hints as Much to Washington.

By Special Wire to the Courier.  
Washington, April 24.—Confidential despatches from United States Ambassador Gerard at Berlin, indicate that Germany will make certain concessions to the United States in response to the note demanding the immediate abandonment of present methods of submarine warfare. Whether the concessions will be sufficiently broad to meet the American demands appears uncertain. However, officials reflected an air of hopefulness for an amicable settlement of the issue.

### Not So Many Sausages

By Special Wire to the Courier.  
Berlin, April 24.—Following a conference just held with the sausage manufacturers of Germany, the Central Foodstuffs Control Commission announced that conditions require a radical decrease in the production of sausages of all kinds.

More than a hundred women of Windsor and vicinity who "forgo" to pay duty on fashionable footwear purchased in Detroit were stopped by sharp-eyed customs officials at Windsor ferry dock yesterday.

### WORK SUSPENDED IN MORE THAN 60 COAL MINES

Order Issued Saturday Puts 24,000 Men on Strike.

### TROUBLE AT ELECTRIC CO.

Pittsburg Seems to be Centre of Much Industrial Trouble.

By Special Wire to the Courier.  
Pittsburg, April 24.—Work was suspended in more than sixty mines owned by the Pittsburg Coal Company, employing 24,000 men in this vicinity to-day as a result of the order issued Saturday by the district No. 4 United Mine Workers of America. The suspension results from a disagreement over the local application of the recent interstate agreement made in New York allowing miners a five per cent. wage increase.

Deputy sheriffs, guarding the plant of the Westinghouse Electric and Manufacturing Company at East Pittsburg, where 13,000 men are on strike, used their clubs this morning to force a way through crowds of strike pickets for workmen trying to enter the shops. The principal fighting was at the Talbot street bridge, where the pickets linked hands across the street where the workmen passed.

### Aeroplane Flew Over Dover But No Damage Done

Plane Did Not Drop Any Bombs, and Attacks by Anti-Aircraft Guns Put It to Flight.

By Special Wire to the Courier.  
London, April 24, 2 p.m.—A hostile aeroplane appeared over Dover this morning and was attacked by British guns. It was driven off and dropped no bombs.

The following official statement was made:

"At 11.45 to-day a hostile aeroplane appeared over Dover from the east. It circled over the town at a height estimated at 6,000 feet.

"Anti-aircraft guns at once came into action. The hostile machine was driven off. No bombs were dropped."

### Allison Will Arrive in Ottawa This Afternoon to Answer Questions

By Special Wire to the Courier.  
Ottawa, Ont., April 24.—George F. Allison, counsel for Col. Wesley Morrison, arrived in Ottawa this afternoon at five o'clock this evening, ready for investigation. The David Colson commission has first call on the colonel in connection with the Colson revolver contracts. He is also under subpoena of the public accounts committee in relation to the wholesale importations made in his name at Morrisburg. It is probable that Allison will appear before that body first as the opening sittings of the fuse inquiry are expected to be taken with formalities and arguments of counsel as to the admissibility of evidence.

It is understood that when the Commons resumes the subject of condemned small arms ammunition sold by the government to a private company and alleged to have been resold to the British Government, will come up for an airing and that in this connection Sir Sam Hughes will make a statement.

**Investigate the Doctors.**  
By Special Wire to the Courier.  
Peking, April 24.—Ten delegates have been appointed by the metropolitan police bureau to investigate medical practice and the quality of medicines offered for sale in the Peking market, preparatory to imposing restrictions which will protect the public against quackery and impure drugs.

Through its support of modern medical schools and hospitals and its propaganda for a higher standard of medical education, the Rockefeller Foundation is already making its work felt in China.

# FRENCH TROOPS MADE PROGRESS

Advance on Verdun Front North of Caurettes Wood.

Paris, April 24.—French troops made progress last night on the Verdun front, northwest of Caurettes' wood, the War Office announced this afternoon. They attacked with hand grenades and in the fighting took thirty prisoners, one an officer. Several German reconnoitering parties were dispersed southwest of Haudouin. There was a heavy bombardment at Dead Man's Hill. East of the Meuse the night was comparatively calm.

## Eye-witness Tells of the Heroic Work of the 19th Battalion Fighting at St. Eloi

18th, 19th and 21st Ontario Battalions Take Part in the Fighting Against the Enemy, Held Their Ground, and Advanced in Spite of Extremely Difficult Conditions.

Ottawa, April 24.—Desperate fighting on the St. Eloi salient, participated in by three Ontario battalions, the 18th (Eastern), 19th (Central) and 21st (Western), occurred during the week April 11-13. The Canadian General Representative at the front in his weekly communique, tells of battles under unprecedentedly difficult circumstances in which the Canadians held their ground, and in addition occupied a portion of an enemy trench. Many instances of individual heroism are recounted. The communique follows:

Canadian General Headquarters in France (via London), April 23.—The struggle for position in front of St. Eloi was again the dominant interest on the Canadian front. The still weather of the previous week gave way to high winds, brilliant sunshine to a sky overcast with clouds. Occasionally there were downpours of rain, which added to the burden of a water-logged soil.

By day and night the German guns pounded the narrow confines of the fire swelling every hour and again into bombardments of extraordinary violence. Great shells tore fresh holes in the already mutilated ground, obliterating the landmarks of previous explosions. Shrapnel shells splashed over the fields. Bursting gas shells poisoned the air, and fumes of lacrymatory shells assailed the eyes.

Last night innumerable German flares illuminated the darkness, and continuous streams of bullets from rifles and machine guns swept over our parapets or swept over them far into the country beyond. In the face of such conditions our men waged the fight, repelled enemy attacks, dug trenches and maintained their positions.

Under normal circumstances of trench warfare the tussle for so narrow a strip as a few hundred yards would have been quickly over. Whether after loss or capture the trench line would have been speedily re-adjusted and new defenses built. Observations and reconnaissance would soon have revealed the fresh dispositions of the enemy.

The extraordinary state of the terrain opposite St. Eloi has been chiefly responsible for the prolongation of the fighting. With the Germans overlooking the greater part of the area and with the ground sodden with water, the construction or even repair of trenches was difficult. Only by slow and laborious effort could the desired result be achieved. With damp earth ploughed into a veritable porridge and dented with countless pits and holes, with steamy vapors veiling the landscape and blotting from view all familiar landmarks, movement was infinitely hazardous and exhausting, accurate reconnaissance almost an impossibility.

UNDAAUNTED BY DIFFICULTIES In places even the hardest were baffled by the mud. At times even the most skilled mistook their bearings. Undaunted by the difficulties of their surroundings, our officers and men faced the situation with splendid courage and determination.

One night sections of the new German line were attacked and bombed by men of our 18th (Western Ontario), 19th (Central Ontario) and 21st (Eastern Ontario) Battalions. On our left the bombing parties were under the command of Lieut. B. O. Hooper of the 19th Battalion, and Lieut. C. H. Kerr of the 18th Battalion, and were accompanied by a working party under Lieut. Lawson of the 18th Battalion. The night was misty and progress over the broken ground was very slow. Lieut. Kerr acted as guide, and eventually a position was reached close to the German lines. A slight line of the fog revealed a number of the enemy who at once hurled a shower of bombs in the direction of our men. Most of the bombs fell into the crater, on the edge of which our party was lying. Our men retaliated vigorously. The mist soon thickened, and as there had been no opportunity for adequately reconnoitering the ground

# WOUNDED BROUGHT IN SAFELY

Captain Miller having been wounded, Lieut. Brownlee was placed in charge of the second party. Lieuts. Darcy and Davidson accompanied the force. The advance was delayed owing to the difficulty of movement over the rough ground. As the objective had not been reached by day-break operations were discontinued and our party retired to its trenches.

During the advance Lieut. Darcy was wounded, but continued to urge on his men, and subsequently walked back unaided to the dressing station. After the return of our force Lieut. Brownlee and Bowerbank searched for and brought in the wounded men under a violent artillery bombardment.

RECONNAISSANCE AND ATTACK On the following night a reconnaissance was undertaken and an attack delivered. The reconnaissance was conducted by Lt. B. O. Hooper and Sergt. Jackson of the 19th Battalion and Lieuts. W. J. Baxter and J. A. G. Clarke of 18th Battalion supported by bombing parties of both units. Before the squads could be placed in position, shells from our guns landing in his trenches caused the enemy to take alarm. Large number of bombs were thrown by the Germans, while the hostile artillery quickly concentrated on this section.

The following night bombing attacks were delivered by the Germans on these works, and a heavy artillery bombardment was also directed upon them. The enemy was everywhere repulsed, and in the intervals between shelling our working parties improved our trenches. Since that time the enemy has made several other determined attacks, but has met with no success.

WINIFRED BLACK WRITES ABOUT The Folly of Tears

The man flung out of the door in a rage. Just grabbed his hat and rammed it down on his head, snatched up his stick and his gloves, banged the door, and went. Where the woman didn't know.

Last Thing to Do.

"When your husband is unkind," I heard a judge say in a divorce court one day, "get mad, get good and mad. Throw a book at him, smash the window, bang the door—he'll have some respect for you then, anyhow. But don't cry. That's the last thing in the world to do!"

Real Causes Frequent Enough.

He marries for love, and when his love is gone he tries to build what you can upon what he has left of respect and friendly affection. Nine times out of ten the woman he has married won't let him do it. She insists upon having what is no longer his to give.
