The Government's Black Record.

(From last week's issue.)

Each examination of the Government's public reports reveals some additional item of expenditure, necessitating revision of our statement of the Provincial debt. In the first place the Government's own admission shows a debt of \$771,583.35. To this has to be added, as we showed last week, the deficit on the hay account of \$4,544.63. This brought the figures of the debt up to \$776,127.98, assuming the figures in the blue books to fairly represent the debt, which cannot be admitted. To these figures an additional amount must be added. This is the amount of interest accrued on loans. This is set down by the Government at \$4,241.21. It has been included by us in our computation of the interest charge of the year 1905, and should be added to the year's deficit and to the Provincial debt. Including this amount, the figures furnished by the Government, show a debt of \$780,369.19; and a shortage on last year's transactions of \$54,907.81. As we have repeatedly said, this does not by any means show the true indebtedness, which must be well over the \$800,000 mark.

Taking these figures as they stand the Government blue books reveal to us this condition of affairs:

Debt, as per Government's figures	\$780,369.19
Taxes collected by Liberals	738,698.79
Taxes collected last year	80,818.98
Expenditure last year	364,106.02
Deficit last year	54,907.81

These figures serve to show in some degree the Government's black record and should of themselves be sufficient to condemn them and bring down upon their heads the public execration of every honest elector in the Province.

Among the items of expenditure of last year are included sums paid in connection with the representation case, from which the people reaped no benefit and which was thought to have been disposed of in the reports of the previous year. The amounts charged against the tax payers last year for this wonderful representation case are as follows: Berwick, Aylesworth, Wright and Moss, balance \$784.32; E. B. Williams, balance 250.00; Blake and Reddin 385.33; \$1,619.65.

Here we have the sum of \$1,619.65, drawn from the pockets of the tax-payers last year for which the Province has received absolutely no value.

Under the head of delegations, the public accounts reveal the following:

Hon. A. Peters	\$110.00
Hon. George Simpson	110.00
Hon. F. L. Hassard	110.00
Hon. P. McNutt	110.00

\$440.00

This is how the people's money is spent; this is how deficits are created; this is how the Provincial debt is rolled up. Is all this quite satisfactory to the electorate of Prince Edward Island? Do they think the principal business of a government is to squander the people's money; to roll up huge deficits and to saddle the Province with a debt which they will never be able to pay?

Rules of Etiquette.

FROM "A GENTLEMAN."

A young man who wants to get properly will not lay his cane across the piano or put his hat on a chair. The hat and stick ought to be put

on the floor near him, if he does not care to hold them in his hands. If he leaves his hat in the hall, his hostess will think he is going to spend the day in her house. But if she insists on taking his hat from him, it will not do to struggle for it. Such devotion to etiquette might make a bad impression. Good feeling and common-sense must modify all rules; and if one's entertainers have the old-fashioned impressions that the first duty of hospitality is to grasp one's hat and cane, let them have them by all means; but do not take the sign to mean that you are to stay all day. A quarter of an hour is long enough for a first call.

"You must have had a delightful visitor this morning," one lady said to another. "He stayed over an hour. What did he talk about?" The other lady smiled sadly: "He told me how he felt when he had the scarlet fever, and all about his mother's liver complaint."

Topics of conversation should be carefully chosen. Strangers do not want to see a man often who talks about his troubles, his illness, and his virtues. The more the "You" is used in general society, and the less the "I," the better it will be for him who has the tact to use it. There is no use in pretending that our troubles are interesting to anybody but our mothers. Other people may listen, but depend upon it, they prefer to avoid a man with a grievance.

If the young man with the letter of introduction has made a good impression, he will probably be invited to dinner. And then, if he has been careless of little observances, he will begin to be anxious. Perhaps it will be a ceremonious dinner, too, where there will be a crowd of young girls ready to criticize in their minds every motion, and some older ladies who will be sure to make up their minds as to the manner in which he has been brought up at home or at college. And we must remember that our conduct when we get out into the world reflects credit or discredit on our homes or our schools.

Notes From Rome.

Rome, March 27.—St. Joseph's Day being the name day of His Holiness the Sovereign Pontiff said Mass in the Hall of the Consistory. About two hundred persons were admitted to the Mass, among them the Pope's sisters, who remained to breakfast with him. All the Cardinals and dignitaries in Rome and prominent men generally later were received in audience and presented their congratulations. The Sovereign Pontiff received them with great cordiality, conversing with each of them and thanking them for their good wishes and their aid.

Headed by Cardinal Ferrari, the Archbishop of Milan, a congress of Italian Catholics, clerical and lay, is being organized to meet in Milan in the fall for the better safeguarding of Catholic interests in civil life in Italy. The legal status of the religious congregations, religion in the schools, ecclesiastical revenues and such questions will be discussed and agreed upon.

The new Ministry in Italy has decided to attempt a radical change in the educational system of the country. Hitherto the public schools have been under the control and administration of the town and other councils; Signor Sonnino now proposes that the schools in the southern provinces of Italy be placed entirely under the management of the central government. Very likely the northern provinces will eventually be included in the same legislation, but the special provision for the southern provinces has become imperative, owing to the complete failure of the local authorities to provide for popular education.

Savonarola, the famous Dominican, is being studied in the light of contemporary documents by one of the order, Father Hartand. The world is likely to get soon a full and authorized history of this remarkable man, about whom so much legend and romance has been woven that his real character is but little understood. There is no history so true as that gathered from the documents stored away in the archives.

The Bishop of Ormona is making the amende honorable for his recent hasty approbation of the separation of Church and State idea. He came to Rome to explain things to the Holy Father. He went back to Cremona an humbler and a wiser man, and has publicly expressed his gratitude for the kind forbearance shown him as well as for the firm refusal of the Holy Father to sanction or even excuse his peculiar attitude to the question that is vexing France and Italy.

One of the officers of the Congregation for the Fabric of St. Peter's, Monsignor Maccaroni, died during the past week. This congregation was founded for the administration and preservation of St. Peter's. Cardinal Rampolla is Prefect.

Cardinal Albuquerque Cavalcanti, Archbishop of Rio Janeiro, has left Rome for Brazil after his long visit to the Eternal City and the South American College.

Dr. Pastor, the Austrian writer, had an audience of the Pope recently with his whole family. He presented the fourth volume of his "History of the Popes" to the Holy Father, receiving in return for himself and his family the Papal benediction.

Items of Interest.

Irish exchanges report the full recovery of the Archbishop of Dublin from his recent illness.

It is proposed that a suitable wedding present be made to Princess Eoa by the Catholics of England.

Rev. Father Hays, the English Father Mathew, has left New Zealand for Australia, has left on his return journey to England. In Wellington the Lord Chief Justice gave a reception in honor of the reverend gentleman's visit. The representative company present included his Excellency the Governor, Lord Plunket; the Colonial Secretary, Sir J. Ward, and Lady Ward, Sir R. and Lady Stout, the Mayor, Mayors and Bishop of Wellington and members of both Houses of Parliament.

Rev. P. Robert Razzoli, O. F. M., provincial of the Tuscan province of St. Bonaventure, has been appointed custos of the Holy Land, and in succession to Mgr. Frigidian Giamini, O. F. M., who is appointed Apostolic Delegate at Beyrout.

At Puruandiro, Michoacan, Mexico, the other day Archbishop Silva laid the corner-stone of a new Catholic hospital, which, when completed, will cost nearly \$100,000. The site was donated by Senor Jose Marie Galvan, and on the day of the corner-stones laying Senor Galvan and his wife, Donna E. Varista Galvan, gave thousands more toward the erection of a chapel.

Our Spanish contemporary, "El Universo," records the death of Father Mendive, "who was an honor to Spanish science and a glory of the Jesuits." He passed away at Santander.

The Order of Obisyalcy, with which, says the Glasgow "Observer," the Right Rev. Dr. Brindley, Bishop of Nottingham, has just been decorated by the King of Spain in connection with the reception of Princess Eoa into the Catholic Church, bears as its full title the "Royal American Order of Isabella the Catholic." It was founded exactly ninety years ago (on March 25, 1815) by King Ferdinand VII, in order to recognize the services of those who defended the Spanish possessions in America, which have now passed away from Spain, probably forever. The Bishop of Nottingham is often seen at ecclesiastical and social gatherings wearing the numerous decorations which he has received for his services as a chaplain in the British army, but it is improbable that he will provide himself with the rather remarkable "get-up" which is prescribed for those holding the Order of Isabella the Catholic. This comprises a mantle of yellow velvet, a white velvet tunic embroidered heavily in gold, white shoes with golden bows, and Spanish hat with white and yellow plumes.

It is reported from Vilna, Russia, that since the Emperor's ukase of religious toleration more than twenty thousand members of the Russian Orthodox Church have become Catholics.

Irish Exchanges record the death of Rev. Thomas Hughes, a zealous and widely-esteemed Dominican, at St. Saviour's Dominican Convent, Dublin, after a brief illness.

Thirty Sisters of St. Augustine's, Convent in Lake Avenue, Lakewood, Cleveland, by forming a bucket brigade saved their building from destruction by fire. They were assisted in the work by a number of residents of the neighborhood and their servants. Men and women fought together to keep the flames from spreading to the main building. They succeeded, only a small dwelling was destroyed.

Many Women Suffer UNTOLD AGONY FROM KIDNEY TROUBLE.

Very often they think it is from so-called "Female Disease." There is less female trouble than they think. Women suffer from backache, sleeplessness, nervousness, irritability, and a dragging-down feeling in the loins. So do men, and they do not have "female trouble." Why, then, blame all your trouble to Female Disease? With healthy kidneys, few women will ever have "female disorders." The kidneys are so closely connected with all the internal organs, that when the kidneys go wrong, everything goes wrong. Much distress would be saved if women would only take

MISCELLANEOUS.

Little Willie is the apple of his father's eye, and he deserves to be a while ago a rough-looking individual came to the house where little Willie lives, and grasped him by the collar.

"If you don't tell me where your father keeps his money, I'll knock yer 'ead off year shoulders, an' after that I'll eat yer."

"Oh, please, don't do that, sir," whimpered Willie. "You'll find all the money we've got in an old vest in the kitchen."

Two minutes later a bruised and battered wreck was heaved through the front door of little Willie's dwelling-place, and sat for a while in the gutter and bled. "That kid's too smart—unnatural smart," it muttered. "Never said a word about 'is ole man bein' inside that vest."

Minard's Liniment Cures Distemper.

Mrs. Fred Laine, St. George, Ont., writes: "My little girl would cough so at night that neither she nor I could get any rest. I gave her Dr. Wood's Norway Pine Syrup and am thankful to say it cured her cough quickly."

Rachel—Here is your ring, Solomon. I can never marry you, for I love another.

Solomon.—Vere iss de man you lof? Vot iss his name?

Rachel.—Goodness, Solomon! you won't kill him?

Solomon.—No; I will sell him der ring cheap.

Minard's Liniment cures Burns, etc.

Beware of Worms.

Don't let worms gnaw at the vitals of your children. Give them Dr. Low's Pleasant Worm Syrup and they'll soon be rid of these parasites. Price 25c.

When it became time to declare one's baggage, a haughty and dignified gentleman wished to say that he had no "baggage but two rugs and a bag." He was furious with indignation when there was a general laughter because he said that he had nothing but "two bugs and a rag!"

Milburn's Sterling Headache Powder gives women prompt relief from monthly pains and leave no bad after effects whatever. Be sure you get Milburn's. Price 10 and 25 cents all dealers.

"If I catch your dog eating any of my chickens I'll shoot him," said the old gentleman who keeps a hen-house, angrily, to his neighbor.

"I don't care," said the neighbor. "If he eats one of your chickens it won't be necessary for you to shoot him."

The Bad Cold of To-Day MAY BE PNEUMONIA TO-MORROW.

The new throat or chilling cough that, to the careless, seems but a trivial annoyance, may develop into Pneumonia, Bronchitis, or some Throat or Lung trouble.

DR. WOODS NORWAY PINE SYRUP

Contains all the lung-healing virtues of the pine tree, and is a sure cure for Coughs, Colds and all Throat or Lung troubles. Mrs. R. H. H. writes: "I have been a sufferer from Chronic Bronchitis for years and have found Dr. Wood's Norway Pine Syrup far better than any of the hundreds of remedies I have used. Our whole family uses it in cases of Coughs or Colds. We would not be without it." Don't be laggard in taking something "just as good," ask for Dr. Wood's and insist on getting it. Put up in yellow wrapper, three glass bottles in the trade mark and price 50 cents.

Innovation on Muskoka Lakes.

Those who patronize the Muskoka Lakes the "Highlands of Ontario" during the summer season will be glad to know that the Muskoka Navigation Company have added to their fleet a fine new steel twin-screw steamer, 152 feet long, with a carrying capacity of 80 people. The new boat is called the "Sagamo." Her design is known as the day boat observation type, her deck space and cabins being so constructed as to afford passengers an opportunity of seeing the scenery from all sides. Steamer will be fitted out in the most modern style, having a dining room on main deck, which will accommodate ninety people. Steamer is electrically lighted, steered by steam, and will have a speed of sixteen miles per hour. This new boat will run in connection with the Grand Trunk Railway System's "Midnight Special" from Buffalo, which arrives Muskoka Wharf early in the morning, the boat leaving there at 7 a. m. every day for Port Cockburn via Beaumaris, Port Carling, Windermere, Royal Muskoka, Morinus, Minnet, Port Sandfield and the principal points on Lake Joseph, returning to Muskoka Wharf about 7:45 p. m. to connect with the south-bound train. It is expected that the steamer will be put into commission about June 15th, and the Muskoka "Midnight Special" of the Grand Trunk will go into service on June 29th. Minard's Liniment cures Dandruff.

Mortgage Sale.

To be sold at Public Auction, in front of the Law Court Building in Charlottetown, in Queen's County, on Friday, the eighteenth day of May, A. D. 1906, at the hour of twelve o'clock noon, under and by virtue of a power of sale contained in an Indenture of Mortgage bearing date the twenty-third day of May, A. D. 1893, and made between Andrew M. Peters, of Oyster Bed Bridge, Lot twenty-four, in Queen's County, in Prince Edward Island, farmer, Hubert Peters of the same place, farmer, Margaret Peters of the same place, widow of the late Moses Peters, and Philomena Peters, wife of Andrew M. Peters, and Daphne Peters, wife of Hubert Peters, of the one part, and Edward Bayfield, of Charlottetown, in Queen's County, aforesaid, Barrister, trustee of Mrs. Freehand, of the other part: All that tract piece or parcel of land situated lying and being on Lot Twenty-four, in Queen's County, aforesaid, bounded as follows, that is to say: Commencing at a stake set in the East boundary line of land in the possession of this said Andrew M. Peters, (formerly in the possession of Moses Peters) and in the Southwest angle of land now or formerly in the possession of Ebenezer Gallant; thence running East along said Ebenezer Gallant's land to a dyke or a sufficient distance to include twenty-two acres; thence South to land in possession of Bruno Donoche; thence west along land of the said Bruno Donoche to land in possession of the said Moses Peters; and thence North to the place of commencement, containing twenty-one acres of land, a little more or less. Also all that other tract of land situated lying and being on Lot Twenty-four, aforesaid, being part of the tract of land known as Cymrua Goed, bounded as follows, that is to say: On James Gallant, Mary Gallant and Thomas Peters, on the East by the farm of the late Simon Gallant, on the South by land leased by the Trustees of the late William Hodges to James Bassett, and on the West by lands, the property of Fidele Gallant, and Ferman Gallant, being the land and premises in possession of the said Charles Peters and Moses Peters, containing fifty acres of land a little more or less. For further particulars apply at the office of Mathieson & MacDonald, Barristers, etc., Victoria Row, Charlottetown. Dated this 11th day of April, A. D. 1906. EDWARD BAYFIELD, Trustee for Mrs. Freehand. April 18, 1906.—5L

LOCAL AND OTHER ITEMS.

The business portion of Belle Plaine, twenty miles south of Wichita, Kansas, was practically destroyed by fire last Wednesday night, causing a loss of \$150,000. General Castro has resigned the Presidency of Venezuela and Vice President Gomez has taken charge, being inaugurated on the 11th inst. The large wooden block at Hebron, known as Doty's confectionery and soda water factory, Yarmouth, N. S., was destroyed by fire last Wednesday night. The loss is fifteen thousand dollars. A Madrid despatch says: The marriage of King Alfonso and Princess Bea of Battenberg, has been definitely fixed for June 1. The foreign ambassadors who are to attend the ceremony will arrive here May 25th. A busy spot in Halifax on Friday last was pier two at deep water terminus, where nearly two thousand passengers, the majority immigrants, were landed during the day by the Allen liners, Victorian and Laurentian. Col. Fred White, comptroller of the Mounted Police, has been in the Northwest to arrange with the provincial governments of Saskatchewan and Alberta to take over the Mounted Police. The police will be left under control of the federal authorities, and the cost will be divided between the Dominion and provinces. Ottawa advices say that Canada's aggregate foreign trade for the nine months of the current fiscal year, shows an increase of \$55,214,049 over same time last year. The total aggregate trade was \$396,859,805. The exports of domestic produce gives an increase of \$21,581,187. Foreign exports increased by \$5,285,126. Imports show an increase of \$18,417,275. Every department of trade contributes to these increases. On the 16th February there arrived at London a shipment of 120 tons of Ben Davis apples from Prince Edward Island. They were grown by Senator Ferguson, F. G. Boyser and Frank Boyser. The Inspector at London said that the parcel was the best example of honest packing that he had ever seen. The barrels opened clean, the fruit being free from frost or spot, and the uniformity of putting up the fruit reflects great credit on the packer. The apples were all packed by Mr. Peter Stewart, of Marahfield. There was joy among the owners and captain of the Gloucester fishing fleet last Friday night over the news that one schooner of the mackerel fleet had arrived at New York, and two others at Fort Monroe, laden with fish. The Claudia which has arrived at New York two weeks ahead of last year's early arrival, had on board one hundred barrels of mackerel, while the Conatella Lion, and Mary E. Terry, bore into Fort Monroe, with respectively 91 and 40 barrels. The fish are reported to be of medium size, which is considered a good indication. In the presence of a large gathering of court dignitaries and other officials, including the charge d'affaires and other attaches of American embassy at Vienna on holy Thursday, Emperor Francis Joseph performed the ceremony of washing the feet of twelve aged paupers. The ceremony took place in the Hofburg and the Emperor was assisted by ten archbishops. At the conclusion of the ceremony the Emperor presented each of the aged men with a bag of silver coins. The Public Lands report submitted to the Legislature shows that during the past year 1008 acres of government land were sold for \$241,10. The total receipts on account of lands amounted last year to \$254,168; that the total lands remaining unsold, including lands held adversely or by occupiers and leases who have not purchased, is 44,874 acres; and that the total amount due for land sold is \$25,245,00. A Montreal despatch of the 12th says: An amicable arrangement has been reached between the C. P. R. Steamship Company and the Allan's for a division of the contracts for carrying the Atlantic mails which up to the present time have been carried exclusively by the Allan's. The new contracts will go into force on the first of May, and the Mails will be carried by the new fast steamers of either line, Hugh Allip left for Ottawa Thursday to settle arrangements with the government. This arrangement forethadows a similar agreement on the Pacific, when the Allan's establish their projected fleet to sail from Vancouver for the Orient. Germany's enormous drink bill is explained in letters to the Bureau of Manufacturers from the American consuls in Britain, says a Washington despatch of the 12th. In Germany each inhabitant consumes yearly an average of 64 quarts of wine, 129 quarts of beer and 9 quarts of brandy. For a population of 60,000,000 people the liquor expenditure is \$872,588,000. The average for male citizens over 15 years would be \$27.36. By contrast German expenditures for schools were \$99,030,000 for working people insurance \$104,244,000, and for army and navy \$203,847,000. Among the passengers by the steamer Victorian which arrived from Liverpool on Friday, was detective McKie of the Toronto police force, with his prisoner, Christopher Holland, of Toronto, who it is alleged embezzled \$15,000 from his employer in Toronto. Holland was arrested in England. He fought extradition hard. But it was granted at the Bow Street Police Court and the detective left for Canada with his prisoner. After the crime was committed, and the police force of Toronto was hunting for the prisoner high and low Holland made his way to New York and sailed for Liverpool. Previous to this, he had been lying ill in the hospital in New Toronto. When he heard that the police were after him he made his escape to the old country, where he was captured. A despatch of the 16th from Kamloops, B. C. says:—Representative Indians of the Nainimo, Comox, Seeshel, Slesam, and other tribes of British Columbia are gathered here for a great political conference. A large number are already here and many more are expected within a day or two. After discussing various matters, such as readjustment of reserves, the chiefs will prepare a memorial to King Edward which will be presented by one of their number selected to make the trip to England. The Indians will ask for treaties like those made with the tribes in other parts of the Dominion. They claim that year by year their freedom is being more restricted by the enforcement of game laws, fishing regulations, etc and they want a treaty made confirming them in their rights.

LOCAL AND OTHER ITEMS.

A. A. McLean, Esq., M. P., who had been home on a brief visit, left for Ottawa on Monday. The spring time table on the P. E. I. Railway came into effect on Monday last. It is about the same as last year. Mr. Richard E. Johnston, Barrister, of Boston, who had been here in connection with the Trachless Trolley Car project, left on return to Boston Monday morning. The steamer Princess of the Steam Navigation Company, is now running between here and Floton. She made her first trip yesterday. The display of Easter beef in the market on Saturday was probably the best ever seen here. Blake Brothers led with splendid exhibition. Saunders & Newsome's show was grand, and all the other butchers made fine exhibitions. The Canadian Companies, which sailed from Queenstown on the 15th for New York, had on board what is said to be the largest consignment of specks ever sent across the Atlantic on one vessel. The value of the specks is \$1,250,000 about (\$6,500,000), and weighs close to twelve tons. As a result of panic at St. Louis the Bohemian Catholic Church Chicago on Saturday, night where three little girls were killed and more than a score of persons injured, all the churches throughout Chicago where building laws are not enforced are to be closed. Policemen are to be stationed at every house of worship to prevent overcrowding. Halifax advices say: The winter season, just drawing to a close, at the deep water terminus, has been a prosperous one in every respect, both as regards the number of steamers inward and outward, their cargoes, and the immigration. The latter feature has increased to a most remarkable extent. Since March 13th 15,446 passengers arrived at Halifax by the Allan and Dominion line steamers, and the average for the months of November, December, January and February would be about 4,000. It is expected that before the season closes the list will reach a total of more than 50,000. This is what a London despatch of yesterday's date says: "How much for a tight little island?" will probably be a typical remark of Herbert Shaw, the solicitor for the British register for the Western Pacific, at Sava, Island of Fiji, today when, in the character of an excited auctioneer he calls for bids for two islands, the property of Great Britain. The islands in question are Fanning and Washington, in the North Pacific. The islands were annexed by Great Britain some years ago and used as a cable station, being on the direct route from Vancouver to Australia. The station is now to be abandoned, hence the sale. Both islands are very beautiful, alike as regards situation, climate and flora. It is reported from New York that Edison has invented a cobalt electric storage battery for automobiles, which it is believed will work a revolution in the manufacture of horseless vehicles and other apparatus in which storage of electrical energy is necessary. Never before had any of the great chemists or electrical engineers dreamed of using cobalt. How Edison stuck on the idea is not disclosed. The fact that he intended to employ vast quantities of cobalt for some mysterious purpose was learned a few days ago, with the news that his representative, Horace M. Wilson, had purchased a mine of that ore in Montreal River, near Hullybury, Ontario, and was offering thirty-five cents a pound for hitherto neglected ore, delivered in New York. Hitherto cobalt has been regarded as an almost useless metal. It was first obtained by the Swedish chemist Brandt in 1751. The metal resembles steel with a slightly reddish tint.

The woman who buys Dress Goods now-a-days, has yet to buy right; but buying right does not mean a matter of "How Cheap." A-how cheap dress that will not stand the wear and tear is not the one wide awake people buy. They want a dress right up-to-date in every particular. Quality, style, we have, and good wear resisting qualities. This is the kind we sell. Send fio sample.—Stanley Bros.

SPRING CLOTHING FOR Men, Youths and Boys.

We have just stocked an unusually large and magnificent assortment of

Clothing for the Spring Trade,

and would specially call your attention to the fine taste displayed in our selections. Each suit or garment is the project of the best skill of the foremost manufacturers, and the splendid fit and excellent workmanship at once proclaim them to be strictly high class.

We have all the latest designs which appeal to men of good taste.

Even the most fastidious cannot fail to find here something suitable.

Our Spring Overcoats and Suits differ from high-class custom made only in price, which is far below what you would expect to pay for such garments.

Our Suits for little chaps are good and strong, and withal stylish. In fact our Spring Suits for Men, Youths and Boys are the acme of perfection, and you should make it a point to see them before buying. We feel confident both goods and prices will please you.

THE BEST Hat on Earth The Christy Hat

Is the Best Hat on Earth at the price.

We received over 5,000 of them, and they are the prettiest styles we have ever looked at.

The Christy knocks the American Hats higher than a kite for style this year.

The Christy always did knock out any other Hat for wear, non-fading color, shape-keeping and non-breaking qualities. \$1.00, \$2.00, \$3.00 the Hat. Then we have the celebrated

Scott Hat

Made by Christy but sold with the Scott name. It costs \$4.00 here, and is sold at \$5.00 anywhere else in Canada or the U.S.

A. It's the pink of Perfection in the Christy Hat making. Only a few of them, so come early if you want one.

The Suffok Hat

It's the best American Hat that's sold in Charlottetown today, and twenty years' of hat experience tells us so.

Get the Most Out of Your Food

You don't eat and can't get your stomach to digest. A weak stomach does not digest all that is ordinarily taken into it.

Among the signs of a weak stomach are uneasiness after eating, fits of nervous headache, and disagreeable belching.

Strengthens and tones the stomach and the whole digestive system.

Catholic religion and that with him alone rests the decision whether the law of December 9, 1905, will have the force of law so far as the Catholics of this country are concerned.

A Translation of the Stabat Mater.

BY D. F. MCCARTHY.

By the cross, on which suspended, With His bleeding hands extended, Hung that Son she so adored, Stood the mournful mother weeping, She, whose heart, its silence keeping, Grief had cleaved with a sword.

But the people, the great mass of citizens, the workmen in their shops, the peasants in their fields, have they ever had a clear perception of the authority so necessary for the Bishop of Rome? Have they ever realized the supreme position he holds in our Catholic life?

Today in the tragical crisis brought on by the enactment of the law of the 9th of December the Pope is in the fore-front. All eyes are fixed upon him. None can ignore him.

The people had heard the story of how at the birth of Christianity in this land the Bishops of Rome, the successors of St. Peter, the chief of the Apostles, sent preachers of the Gospel into Gaul to convert the nation to the faith of Christ.

The Sign of the Cross Badly Made.

One of the most unpleasant sights which may be seen in our churches, too often, is the irreverent, grotesque or ridiculous travesty of that beautiful physical prayer, the Sign of the Cross, as made by so many, thoughtlessly, we feel sure.

What changes have taken place in the world's history during those eighteen centuries? The Roman Empire has disappeared; the barbarians have invaded the West; Gaul has become France; Clovis, Charlemagne, St. Louis XII, and Napoleon have passed off the stage; Mahomet has been consigned; Protestantism has reared its head in two; the discovery of America, the invention of the printing press and the French Revolution have displaced for the people of every land their economical, intellectual and political axis; science and democracy are still at work bringing about this gigantic transformation.

One power alone survives which has witnessed all these changes, and which has played no unimportant part in all these great dramas—a power which, despite all these cataclysms, has ever remained the same. That power is the Papacy of the poor Galilean fisherman of Bethsaida, surviving today in the humble son of the innkeeper Sarto.

In the person of Pius X., Simon Peter once more, over the ruins of an old world that has disappeared forever, uplifts the standard of the Divine One crucified on Olivary. It is he who, assembling the bishops of republican France, in the world-wide known city that in ancient times was called Laodicea, will speak the decisive word in regard to the law of December 9, which will determine whether that law will be a rule of conduct for French Catholics, or whether, thanks to the blind hatred of sectarians, it will be an instrument for religious persecution, the cause of countless disasters and perhaps even of the loss of life, and, finally, through God's mercy, the means of our deliverance.

Thus looms up the Pope today in the Church of God. He will speak. In the discharge of the obligations imposed by his apostolic office he devotes himself to the safeguarding of the interests of the Universal Church. As he views it the Church of France is not the only Church affected. The question of principle involved in the French law of December 9 affects the churches of Catholic States that are bound to the Holy See by concordats.

What is that principle? The French Parliament, by its own authority and in utter disregard of the concordat of 1801 and of the rights and liberties of the Catholic Church, has abolished the budget for public worship (Art 2 of the Separation Law); it has confiscated a part of the property of the Church Boards (Article 5); it has sanctioned the nationalization of ecclesiastical edifices (Article 12); it has instituted special associations which are intended to take the place of Church Boards (Article 13); it has, at its own sweet will, formulated rules regulating the manner in which Catholic worship shall be conducted (Article 25 and following articles).

If a Cow gave Butter

mankind would have to invent milk. Milk is Nature's emulsion—butter put in shape for digestion. Cod liver oil is extremely nourishing, but it has to be emulsified before we can digest it.

THREE Trying Times in A WOMAN'S LIFE

WHEN MILBURN'S HEART AND NERVE PILLS are almost an absolute necessity towards her future health.

The first when she is just budding from girlhood into the full bloom of womanhood. The second period that constitutes a special drain on the system is during pregnancy. The third and the one most liable to leave heart and nerve troubles lasting "changes of life."

When Pius X. speaks the final word the situation will be cleared up. On the words that fall from his lips will depend the future of religion, and perchance even the future of France herself.

MISCELLANEOUS.

The half-back seized the ball and made a superb rush down the field. The crowd went wild, but, when the cheers of applause had subsided, it was apparent that the ball had not been "in play."

Sprained Arm.

Mary Oviogton, Jasper, Ont., writes: "My mother had a badly sprained arm. Nothing we used did her any good. Then father got Hagar's Yellow Oil and it cured mother's arm in a few days. Price 25c."

Muscular Rheumatism.

Mr. H. Wilkinson, Stratford, Ont., says: "It affords me much pleasure to say that I experienced great relief from Muscular Rheumatism by using two boxes of Milburn's Rheumatic Pills." Price 50c. a box.

BLOOD HUMORS

PIMPLES, BLOTCHES, ERUPTIONS, FLESHWORMS, HUMORS. Many an otherwise beautiful face is sadly marred by unsightly blotches, pimples, eruptions, fleshworms and humors, and various other blood diseases.

BURDOCK BLOOD BITTERS

This remedy will drive out all the impurities from the blood, and leave the complexion healthy and clear. Miss Annie Tobin, Madoc, Ont., writes: "I take great pleasure in recommending your Burdock Blood Bitters to any one who may be troubled with pimples on the face. I paid out money to doctors, but could not get cured, and was almost discouraged. I had heard of your getting rid of them, and thought I would give B.B.B. a trial, so got two bottles, and before I had taken them I was completely cured and have had no sign of pimples since."
