It is realized by everyone that the newspaper of a locality is its best advertisement, so it is in the interests of the community to see that its local newspaper is the best possible. In order that a newspaper may serve the best interests of the town in which it is published it requires the co-operation of the citizens of that town. Those who work against it for selfish ends are enemies of both newspaper and town.

"As I believe next Monday evening is the date for a citizens meet-As I believe next Monday evening is the date for a citizens meeting to select a committee to purchase and erect a Soldiers' Memorial, let the ratepayers exercise caution and judgment in selecting a responsible committee. I would suggest that they be bona fide tax payers, men and women who know what it is to bear the burden of our heavy taxes, and possibly avoid a repetition of our Waterworks."

It is with feelings of sorrow that we have to record this week the death of Olive L., eldest daughter of Mr. and Mrs. Roy McGregor, which occurred Saturday, March 3rd, after a short illness with influenza, in her 13th year. Her sweet disposition endeared her to all who knew her, and to her family is extended the heartfelt sympathy of the community. The funeral was held from the home of felt sympathy of the community. The funeral was held from the home of her parents, lot 23, con. 11, on Tuesday afternoon to Alvinston cemetery, Rev. W. MacIntosh, B.D., of Napier, conducting the service. The pallbearers were Ray Smith, Carmen Harper, Charlie Hicks, Fred Fisher, Ed. Brown, Archie Campbell.

MacLachlan, who died of pneumonia at the family residence on the 12th concession, Brooke, in his 37th year. He leaves a young family of six children, the oldest of whom, a daughter ten years of age, was operated on in St. Joseph's Hospital, London, on Wednesday for mastoids. The late Mr. MacLachlan suffered from an attack of influenza several weeks ago, and had apparently recovered from this. In fact, he was able to attend a threshers' convention in London a week before his death, but was again taken ill, and pneumonia setting in caused his death. Besides his sorrowing widow he is survived by four sons: Malcolm Archie, Leonard and Duncan, and two daughters: Margaret and Marie Kathryn, all at home. He is also survived by his mother, two brothers, Duncan of Boston, Mass., and James of Brooke; and two sisters, Miss Marie, in Illinois, and Miss Kathryn of New York City. The funeral took place on Sunday afternoon to Alvinston cemetery, the Rev. William Macintosh, B.D., of Napier, officiating assisted by Rey. T. A. NOTE AND COMMENT

A modern magazine is a body of literature surrounded by an ocean of advertisements.

Gasoline has advanced two cents a gallon, John D. Rockefeller, Jr., has just bought some French tapestries worth between \$1,000,000 and

At the rate at which it has been climbing recently, it will be only a short time until the pound sterling will have reached par with the United States dollar, in spite of the fact that Uncle Sam has stacked so large a proportion of the world's gold in his treasury vaults.

Guelph Herald:—Perhaps the underlying reason why the Provincial Treasurer is announcing no new taxes is that after devising fifteen new methods of taxation in order to raise more money the members of the Drury Government have discovered that there is nothing left to

Captain Tom Murray of Cleveland in a public speech, makes the remarkable assertion that nine-tenths of the men on the bridges of United States vessels on the Great Lakes are of Canada birth. It would be interesting to have his explanation. Do Canadians take to the water more readily than their neighbors? If so,

It is very unlikely the federal government will give further assistance in the construction of highways. In all, the federal government, according to a statement made in parliament, has voted \$5,877,275 to Ontario for this purpose and has paid of this \$3,374,247. Federal expenditure and taxation has become so great that the Dominion will probably let each provnce bear the whole burden of building highways.

of community halls, the purchase of community playgrounds, the organization of sport and other similar movements show a determination that the pleasure to be derived from these sources is not to be confined to the people of the towns.

Women school teachers in London England, must resign when they marry. However, so great is the relative shortage of available husbands over there that brides are probably resigned to resigning. In any event, it is a common sense measure. It takes a woman, as a rule, all her time to educate her husband, most of them being ignorant brutes at best, so that she has no time for teaching anybody else.—Toronto

Halifax Chroniele:—The speculative movement in sugar continues with the resultant effect that the price of this stable commodity is being forced up by leaps and bounds.
All this has been done on the plea that there is a shortage of sugar, when the facts are absolutely to the contrary. The experience of the last attempt to manipulate the sugar market, which proved so disastrous to those who were engaged in it, and demonstrated the falsity of the claim as to the shortage, should have taught the speculators as it taught the public a lesson.

A matter which must shortly receive the serious consideration of the Provincial Governments is the petition for the granting to municipalities of the right to retain all fines and fees imposed in the police courts for the use of the municipalities except in cases where government officers are prosecuting. At the last session of the Federal Government an act was passed to permit the municipalities to retain such fines imposed under the criminal code, and certain cities and large towns are endeavoring to show the Premier the justice of the claim that municipalities should also be allowed to retain fines imposed under the statutes of Ontario.

The baby. He is more or less confined to stuffy, badly ventilated rooms, It is so often stormy that the mother does not get him out in the fresh air as often as she should. He catches colds which rack his little system; his stomach and bowels get out of order and he becomes peevish and cross. To guard against this the mother should keep a box of Baby's Own Tablets in the house. They regulate the stomach and bowels and break up colds. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont. petition for the granting to municipalities of the right to retain all fines

London Free Press:-The United States, by her action in refusing to join the League of Nations, has been only keeping back the world from returning to normalcy. It was a tragical blunder when the Repub-lican party, for political reasons, opposed American participation.Am-erican people are beginning to realze that they cannot live to themselves. Every business man and every farmer in the Republic is affected by the disordered state of Europe.

The advent of a Farmers' Governnent in Ontario was the signal for the virtual doubling of taxes and expenditures. The "economy" apos-tles of the U.F.O. no sooner got in-to office than they devised one scheme after another for fresh expenditures, and then, to keep even, had to devise new methods of taxing industry, directly or indirectly. In 1919, the last year of the Hearst Government, the budget approximated \$20,000,000. For 1922, the Government expenditures \$37,442,000.—Mail and Emwere

Wiarton Echo:-Before trading conditions in Canada can again be come normal the manufacturers and labor unions have to come down from their high horses, and stop talking this bosh that farm products must come up. No one can bring it up, but the public can bring them down. This upward trend of prices must stop. Labor unions and manufacturers should be court-martialled if they are found guilty. What are we up against? Failures, depression in business generally, and all this is due to the high cost of production in manufactured goods. Unfortunately the farmer censures the retailer for the whole thing. He thinks the poor retailer will not drop in his prices, while the poor retailer has as much to do with these conditionr as the wind. In returning to the manufacturers we shall give one in-stance, and this one is enough. An auto top buggy, steel tires, will sell to-day for \$140.00, while a No. 1 driver can be bought for \$100 or less. Years ago, in the days of farm prosperity, this driver sold from \$125 to \$150, while a buggy could be bought for \$75. Conditions have just become reversed and as prosperity must come from the sale of farm products, and not from manufactured goods, the manufacturer must sit up and pay attention.

UNFAIR TAXATION

(Picton Gazette) Norfolk County is in revolt over high taxes. Last week a largely attended mass meeting was held at the town of Simcoe to protest against the tax burden being borne by the people Orillia Packet:—There has been no and a general halt in expenditure more striking development in country life of late years than the evil This burden of taxation is being felt try life of late years than the evi-dent disposition to bring into the very keenly and especially by the country all the attractions and ad-vantages of town life. The erection production costs as is done by the manufacturer, and pass them on to his customer in increased prices. The solution of most of our economic troubles will come with agriculture put on a basis of production costs. Unfortunately there is no relation between the cost of producing a bushel of wheat and its selling price produces there seem to be any present to be any present to be any present. nor does there seem to be any pros-pect of the selling price being put on a cost basis, and this is true of most other farm commodities. The result has been farming at a loss for the last two years, a condition that no in dustry can continue to face indefinitely. Costs and prices are of course relative, and the trouble with the present situation is that things are not adjusted. Prices of farm produce have declined to former levels. This is not true of the things he has to buy. It takes many more bushels of grain to buy a binder or pay his taxes than it did ten years ago, and it cost him far more to produce a bushel than it did then. This is not an abstract theory, it is a simple statement of facts that work out to the disadvantage of the farmer in actual practice. When one-third of the far-mers of one of the best townships of this county have to mortgage next this county have to mortgage next year's crop by borrowing money to pay this year's taxes, it is about time that some solution was found for the present economic disadvantage of the farmer or some halt made in the public expenditures that are causing this heavy load of taxation.

Bishop gave several splendid selections. The Misses Blossom Johnston, Effie Mc-Vicar and Marguerite Thompson sang "Polly Wolly Doodle" which was much enjoyed by all. Miss H. Shibley gave two readings in a very able manner. Piano instrumentals were given by Misses Grace Pratt, Pearl Brown and Mrs. Rutherford that showed both talent and practice. Miss Marguerite Thompson gave a reading in her usual good style. Miss H. Shibley sang very sweetly "All I want is a cottage, some roses and you." (Canadian Observer) Courtright, March 2.—Thursday evening about 60 members of the visiting and local craft gathered in the Masonic hall to welcome Right Worshipful Bro. Rich. Williamson of Watford, district deputy grand mas-ter of St. Clair district on his official visit to Moore lodge No. 294, A. F.

At the concluson of the regular usiness Rt. Wor. Bro. Williamson business addressed the members on the work of the craft and congratulated Moore lodge on the attainment of its fiftieth anniversary next July, after which the brothers adjourned to Stewart hall, where a sumptuous dinner awaited them.

Later Rt. Wor. Bro. Williamson treated the members to an address on the origin of Freemasonry that was an education as well as an in-spiration. Further addresses were given by the worshipful master, Bro. Byron Johnston, Bro.Rev. J. Findlay, Wor. Bro. R. Kirby, Wor. Bro. H. Breter, Wor. Bro. W. Harkness, Wor Bro. J. Nesbit, Wor. Bro. W. Harold, Wor. Bro. C. W. Kent, Bros. Dr. L. Aiken, J. Wellington and others. Prior to the singing of the national anthem a hearty vote of thanks was extended to Rt. Worshipful Bro.
Williamson and all who had made the evening so pleasant.

Two weeks ago some agents for a concern which deals in enlarged picture monstrocities visited the homes in Parkhill and through their nervy insistence secured orders for their goods. This week they came back to deliver the orders and their charges seem to have increased miraculously in the interval. Harold George Gregory of the village of Copleston, two miles north west of here, accidentally shot and killed himself with a shotgun while out hunting rabbits. Gregory, along with two boy chums, Charles Luxton and George McDougal, were in the back end of John Kells' farm on the twelfth line of Enniskillen. Coming up to a bushheap, Gregory mounted up to a bushheap, Gregory mounted on top with his shotgun to scare the rabbits out, while Luxton and Mc-Dougal stood off awaiting the results. Gregory was jumping with the shotgun in front of him when the gun discharged, the shot entering under the chin and coming out at the left side of his face. Death was inm9-4t stantaneous.

AND ENTERTAINMENT

The Armory looked very festive Friday and Saturday, March 2nd and 3rd, with its gayly decorated booths and busy women. The Ladies Aid of and busy women. The Ladies Aid of the Methodist church under the cap-able management of Mrs. A. J. Hagle held the "Lend a Hand" Bazaar there and netted some \$500, which will go towards wiping off the debt on the church.

Friday afternoon at two o'clock the bazaar was formally opened by Rev. W. K. Hager, the pastor, after which "Praise God from Whom all Blessings Flow" was sung. In the evening Reeve Connolly opened proceedings and some fine community singing followed.

Saturday afternoon Mrs. Hagle, president of the Ladies' Aid, gave a short address and a chorus of girls contributed to the program.

The Parcel Post Sale which was undertaken by the "Utopia" Bible Class of which Mrs. Hager is president, was a special feature, and the 'Auld Lang Syne" table where Mrs. W. J. Thompson and Miss S. J. Kerr presided, furnished many topics for

interesting reminiscence. The following is a list of the var-ious booths with their conveners and

METHODIST CHURCH

ANNIVERSARY

Watford Methodist church cele brated the eighth anniversary of the re-opening of their church on Sun-day, March 4th. The Ladies' Aid of the church undertook to raise a large sum of money to pay off the church mortgage and the deficit on current expenditure by means of a large bazaar on Friday and Saturday and by a calendar year subscription both of which were very successful. An envelope subscription was asked for on Sunday and about four hundred and fifty dollars was raised by this means, the men scribing liberally. the men of the church sub-

The Sunday services were an unqualified success. The special pracher for the occasion being the Rev. L. W. Dean, Secretary of the Finance Board of the General Conference of the Methodist church. In the morning the subject of his discourse was giv-ing the tenth or "tithing". He traced the law back to the Jews of old and showed the advantages of the system as well as the obligation on people today. It would solve largely the financial problems of the church if it were more generally practised, besides bringing joy and material pros-prity to the giver. In the evening Mr Dean spoke on the value of the church to the community and the country both spiritual and material. We would not care to live in a community where there were no churches. The church increased the value of

our farms, our property, our busi-ness, whatever it is so that we all owe much to the church in our midst. Several of the other churches of the town withdrew their services and worshipped with the Methodist people, some of the other clergymen tak ing part in the service. The choir of the church, ably assisted by Mr. W. G. Connooly, provided special music which was much appreciated by the large congregations. Miss F. Robinson of Muncey rendered excellent solos at both morning and evening services, which were enjoyed by all She also assisted at the play given in Monday evening.

A pleasant feature of the anniversary was the visit of Rev. Mr. Robin son, a former pastor, on Sunday and Monday. Mr. Robinson was the pastor of the church at the time the church was renovated leaving here Carried. about six years ago, and was largely

instrumental in reconstructing the pleasant and suitable place of worship which the people enjoy today and was warmly welcomed by his former congregation. In connection with the other events a play was put on Monday evening by local talent. The proceeds of the different parts will be about thirteen hundred dollers so that the record enjoyed a first lars so that the people enjoyed a fin-ancial as well as a spiritual advan-

BACK ACHED TERRIBLY

Mrs. McMahon Tells How She Found Relief by Taking Lydia E. Pinkham's Vegetable Compound

Chatham, Ont.—"I took Lydis E. Pinkham's Vegetable Compound for a run-down condition after the birth of my baby boy. I had terrible pains and backache, and was tired and weak, not backache, and was tired and weak, not fit to do my work and care for my three little children. One day I received your little book and read it, and gave up taking the medicine I had and began taking the Vegetable Compound. I feel much better now and am not ashamed to tell what it has done for me. I recommend it to any woman I think feels as I do."
—Mrs. J. R. McMahon, 153 Harvey St., Chatham, Ont. St., Chatham, Ont.

Lydia E. Pinkham's Vegetable Com-pound, made from roots and herbs, has for mearly fifty years been restoring sick, ailing women to health and strength. It aning women to head and strength. It relieves the troubles which cause such symptoms as backache, painful periods, irregularities, tired, worn-out feelings and nervousness. This is shown again and again by such letters as Mrs. McMahon again by such letters as Mrs. McManon writes, as well as by one woman telling another. These women know, and are willing to tell others, what it did for them; therefore, it is surely worth your trial

WORKING FOR REUNION

David Lloyd George Speaks to British Liberals.

Sir John Simon Grows Sarcastic and Hints at Opportunism In His Reply to Former Coalition Premier-Hon. H. H. Asquith Will Speak on Proposal During Coming Week.

LONDON, March 5 .- Replying to Lloyd George's appeal uttered in Edinburgh last week for a reunion of the Liberal forces. Sir John Simon, one of the leaders of the Independent Liberal party, in a speech at Cleckheaton, said Lloyd George, in dealing with the qualifications for political life, omitted the cations for political life, omitted the only one that really commanded public confidence, "the quality of speaking what you really believe, and of not chansing your political destination with every wind that blows."

Continuing, he said that united action was really the preliminary to formal unity, and he complained of the attitude of the National Liberals in the House of Commons on several recent occasions. Fighting Liberals

recent occasions. Fighting Liberals, said Simon, would welcome with all their hearts every newcomer who would fight alongside them for the Liberal cause, but he believed Liberalism would become impotent if it took over the liabilities of the past

a strong Labor party on the left and a modernized Tory party on the right renders it as certain as to-morrow's sunrise. The Liberal rank and file are coming to realize this, and if the leaders were prevented from agreeing they would, we believe, strive hard to agree without them.'

WAS LIKE WILD WEST.

Gun Play Startled the Citizens of North Bay.

NORTH BAY, March 5 .- The calm of Main street was given a rude jolt when pedestrians were treated to a miniature gun battle—revolver shots and all on Friday afternoon. The occasion was an attempt by Chief of Police Morbey and Plainclothesman Fred Lefebre to arrest Gus Marsa-lino, who was suspected of having liquor in his new automobile.

When Marsalino refused to stop four shots promptly were fired from the chief's revolver, three of them entering the left rear tire and the fourth puncturing the front tire. Marsalino was found to have a bottle of liquor in the car and a charge was laid of having liquor in other than his private dwelling. Mar-salino settled out of court for \$200

with \$27 costs. Dog Saves Six Lives

BELLEVILLE, March 5.—Barely escaping with their lives, the family of Thomas Kimmerly, living near Albury, Prince Edward county, sustained heavy losses Saturday, when their home was burned to the ground. They owe their lives to the alertness of their dog, which barked and growled and finally broke a pane of glass in its efforts to warn its master and his family of their peril.

master and his family of their peril.

The origin of the fire is a mystery. It appears to have started in the east wing of the house, which was not used in the winter time. The family lived in the west side, and were able to escape by putting on the few clothes they could gather as they woke from sleep. Very little else was saved. Neighbors are looking after the family, comprising Mr. and Mrs. Kimmerly and four young children.

OSHAWA, Ont., March 5.—Haw-ley Byron, the local ticket clerk, who was found in his room at the Lake unconscious from two bullet wounds and now lies in the local hospital and now heg in the local hospital hovering between life and death, went under the X-ray and Dr. F. J. Rundle removed the bullet which pierced his lung and lodged in the muscles of his back. He is reported as resting more easily. If his condition warrants it he will again understants with the will again understants. dergo the X-ray to-morrow to locate the bullet in his head. No couse as yet has been learned for the tragedy.

SEIZED THREE CITIES.

French Continue to Advance Into German Territory.

PARIS, March 5.— Three great German cities with nearly 1,000,000 inhabitants — Karlsruhe, Mannheim and Darmstadt are now as good as occupied by a French expedition-

ary force.

The Darmstadt railway center and the Karlsruhe and Mannheim ports were taken over Saturday, although the cities themselves had not been Troops headed by armored auto-

arroops needed by armored actomobiles and cavalry moved forward at dawn across the Rhine, meeting only a chilly, sleepy welcome. Not more than 1,000 soldiers were engaged for the occupation of each strategic point.

The occupation of the cities themselves, demanding the use of at least two divisions, can be only a matter of time. In order to fill the gap behind, as these troops are brought up, colored soldiers are likely to be moved in.

In some quarters it is asserted the new French advance has not got so much to do with turning the thumbserew on Germany as with check-mating the reiterated refusal of Gena Godley, British commander, at Co-logae, to allow the French to use the main left bank Rhine railway through the British area.

It is stated that with the further move forward to Marburg it will be rossible for the French to correles

possible for the French to organize a direct railway system on the right bank of the Rhine from Essen to Strassbours, via Frankfurt. But to do this it will be necessary to occupy Frankfurt. It is reported here French and

Belgian Governments have agreed on a settlement with Germany which would render the Versailles Treaty null and void, at least as far as France, Germany and Belgium are concerned.

If, as is unlikely, the occupation of Karlsruhe, Darmstadt and Mannheim should lead Chancellor Cuno to offer the olive branch when the Reichstag opens Tuesday, the French and Belgian Governments, acting

and Belgian Governments, acting jointly, will present their terms.

Premiers Theunis and Poincare drew up this plan last week after considerable differences in the French Cabinet. War Minister Maginot, backed by President Millerand, urged that the new treaty should be drawn up without regard for neutrals or former allies. The moderates won, however, and it is probable the offer, when it is made, will be indicated to all the Governwill be indicated to all the Govern-ments interested and will be found not altogether to ignore their interests.

"DRY" WORKER ARRESTED.

He Must Face Theft Charge In Windsor.

LONDON, Ont., March 5.—Charged with the misappropriation of \$3,000 of the funds of the Essex Provision Co. of Windsor, now defunct, Hughson Johnston, of South Lon-don, employed by London Motors, Limited, as a stock salesman, was placed under arrest by the local police Friday night, and was taken back to Windsor to stand trial. Pro-vincial Officer Moran had charge of vincial Officer Moran had charge of the prisoner.

Johnston's wife was asphyxiated

KILLED BY MOONSHINE

Dead Man's Friend Now Faces Serious Charge.

William Belore May Be Held Responsible for the Fact That Cyranus Marr Died From the Effects of Poisonous Liquor-Arrest Was Unexpected and Prisoner Says That He Did Not Supply Drink.

ST. THOMAS, March 5 .- The arrest of William Belore of Fingal late Friday night, and his arraignment before Magistrate Maxwell Saturday on the charge of having caused the death of Cyranus Marr of Iona on the night of January 20 by giving him an alcoholic poison, proved an unexpected development in the Fingal "moonshine" tragedy which has created so much interest during the past four or five weeks.

Belore was one of Marr's companions on the night of the fatelly, and

ions on the night of the fatality, and swore at the inquest that the liquor had been purchased by Marr from a young man just outside of London, about a fortnight prior to the fatal

drinking spree. Early last week Albert Ward of Toronto, a special investigator for the Ontario License Commission, arrived in the district; and Belore's arrest is the result. The information against Belore was sworn out by Ward.

Ward.

The doctors who performed the autopsy found traces of fusel oil in Marr's stomach, and in their report explained that death had evidently explained that death had evidently been caused by drinking improperly cured whiskey. Belore appeared in the County Police Court a few day's after Marr's death and paid a \$15 fine and costs on conviction of being intoxicated in a public place, and about ten days ago he pleaded guilty to the charge of having liquor unlawfully in his possession, paying a \$200 fine and costs.

At that hearing he repeated the statements made at the inquest—

statements made at the inquest— that Marr had met the bootlegger and ought the "moonshine" unknown to him. Three bottles had been pro-cured, he claimed, and one consum-ed on the journey back to Fingal in Marr's automobile. Marr, he alleg-ed, had become so intoxicated that he had run the car into a railing on a hill west of this city, and fearing that some person might come along and see the other two bottles, Belore stated that he had placed them in his pockets and had taken them home, giving them to Marr the night of the latter's death.

Belore described the liquor as be-

Before described the liquor as being "white" looking, and possessed of "an awful kick." Belore was remanded to the county Jail without ball until Wednesday afternoon, when the preliminary examination will take place. He seemed quite unconcerned about his position when aversiened in court arraigned in court.

HALIFAX, N.S., March 5. -Canadian Government steamer Stanley, which set out Wednesday cor the disabled steamer Pro-Patrio, which smashed her propellers and became fast in the ice 80 miles from St. Pierre over a week ago, is still in the grip of an ice field off the Cape Breton coast and drifting away from her objective at the rate

of a mile an hour.

The Pro-Patrio is thought to be in a 'serious predicatment, having sent out distress calls by wireless a week ago, stating that the ship was short of water. The Pro-Patria sailed from Halifax for St. Pierre February 20th with ten passengers and a heavy mail cargo.

Bank Clerk Commits Suicide. REGINA, Sask., March 5 .- Max Edwards, 18-year-old ledgerkeeper of the Bank of Hamilton branch at Tuxford, Sask., ended his life late Friday night by shooting himself through the head. Although suicide is apparent, Dr. J. M. Hourigan, coroner, Moose Jaw, will examine the circumstances to decide whether an inquest will be necessary. Mr. Jack-son, the manager, was a loss to explain the motive as the youth's books were in perfect order.

Burned by Explosion In Furnace. PETROLIA, Ont., March 5.—Mrs. Heaver, caretaker of the Methodist church, was attending to the furnace in the basement, in which a new burner had just been installed. She lighted it, went away, and on re-turning found the gas out and the whole room affected. After opening the windows and doors to allow the gas to escape she again lit the burn-er, when an explosion occurred, burning her severely about the face

INFLUENZA LEAVES THE BLOOD THIN

To Retore Full Health Tonic Treatment is Recommended

Probably the most treacherous trouble that afflicts the people of Canada during the winter months is influenza-or la grippe as it is often called. The disease is treacherous, because often after the characteristic symptoms of the trouble have dis-appeared it leaves behind it a weakened and debilitated constitution which makes the victim an easy prey to other troubles. All this is due to the fact that the attack of influenza has left the blood abnormally weak and thin. Weak blood means impairand thin. Weak blood means impaired digestion, a feeling of tiredness after slight exertion, and often a nervous breakdown. This condition will continue until the blood is restored to a rich, red disease resisting condition. For the purpose of enriching and stimulating the blood no other medicine equals Dr. Williams' Pink Pills. These pills act directly upon the blood, and through the blood upon the nerves and in this way act as a restorative to the whole way act as a restorative to the whole system. Thousands througout Canada have proved the value of Dr. Williams' Pink Pills in cases of this kind, among them is Miss Ida M. Fraser, R.R. No. 2, Thessalon, Ont., who says: "I passed through a severe attack of influenza which left me pale, thin and weak. Indeed I was so was I cavild exarcher stand upon my weak I could scarcely stand upon my feet. The medicine I was taking in the hope of bringing back my health did not help me, and I was greatly discouraged. Finally I decided to try Dr. Williams' Pink Pills, and from the time I had taken the first box my health began to improve. I used six boxes altogether, and found as a result that I was again strong and healthy, and I think that in cases of

this kind they are worth their weight in gold." If you have passed through an attack of influenza, your speediest way to regain full strength is through the fair use of Dr. Williams' Pink Pills. You can get these pills through any medicine dealer, or by mail at 50 cents a box from The Dr. Williams'

Zam-Buk saved my leg, I consider it a duty to let others know of its wonderful healing," writes Mr. Edward Bingham, of 118, Brant Avenue, Brantford. "Ulcers broke out on my right ankle, after typhoid, and the limb got so terribly inflamed and the pains were so intense that I was too disabled salves and ointments, without avail, decided to see what Zam-Buk could do

'The first application of this herbal "The first application of this herbal balm relieved swelling and soreness in a surprising way and as I continued with Zam-Buk discharge ceased, and the ulcers began to be 'healthier looking', and far less painful. In a week or two,' thanks to Zam-Buk, the last of the inflammation had gone and the ankle was thoroughly healed with firm new skin."
