BEARS USE BANK DIFFICULTIES FOR HAMMERING DOWN VALUES —ALL STOCKS SCORE LESS.

Montreal, Aug. 1.

Business entered upon a new phase this morning, one untraceable to any outside cause. London quotations were all favorable and the cabled reports from New York were invigorating, yet the local bears had matters their own way without exception. There were 16 stocks traded in to-day and every one was sold at prices less, sometimes very much less, than the previous close. The hammering down process has been a complete success, and owes that to the Jacques Cartier Bank suspension following so soon on the Ville Marie affair. This break may perhaps not end with the day, as the run now upon the Hochelaga Bank may provoke still further general uneasiness and depress prices still further. These incidents of business life are unfortunate, as tending to strengthen a conviction that but for the banks not being in so strong a position as their reports give out, it would be impossible for a run on them to end in their doors being closed.

Canadian Pacific sold, 1625 shares, at prices ranging from 97½ to 97¾. This is lower than yesterday's though London quotations were higher and a deal at New York was at 98. Closing demand 97½ and offer 97¼.

Montreal Street Ry.—715 shares at from 312 to 320. Closing demand 311½, offer 310. Drop from 3 to 11 points.

New Mont. Street was sold at the same low figures.

Royal Electric fell off from 6 to 11 points, 350 shares were sold. Closing offer 169 and demand 170.

Toronto Ry. lost from 1 to 3 points in the 6 parcels of 1100 shares, sold at prices ranging from 113 to 115½. Offer made at close 113, demand 113 1-2.

Twin City sold at 1 lower. Rich. and Ont. was also 3 points lower. There were sold 250 shares at from 108 1-2 to 105, business closing with 105 and 100 asked and wanted.

Montreal Gas lower from 1 to 7 points; 250 shares changed hands at prices from 203 to 198. Business closed with 199 asked and 197 1-2 offered.

Republic was also 2 points lower. War Eagle was lower from 11 to 14 points.

Dominion Cotton was from 3 to 6 lower, and 200 shares were sold. Final demand 103, and offer 99.

Payne was 5 lower than yesterday. Demand 139 1-2, offer 135.

Montreal-London was 1-2 lower and was traded in to the extent of 500 shares. 43 was wanted at close, but no offers were made.

Can. Col. Cot. Bonds was 1 point lower than the price of 10 days ago. 160 was the price to-day, and closing demand was 70 and offer 50.

Merchants' Bank lost ¼ in selling at 169½, 170 was asked, with 169½ offered.

MONTREAL MINING EXCHANGE.

The financial complications arising out of the bank troubles are reflected to a small extent in the mining list. The excitement caused by the yacht races drew from the Exchange most of the active brokers. It is not therefore strange that business was of the quietest kind.

Star which was strong in Toronto yesterday and reported as having sold up to 57 1/2 did sell at 50, but not over. Here it brought 52 but 48 was the highest and only quoted sale here to-day. The special meeting of August 10th will give holders an opportunity of forming an opinion of their own as to the value of the property. Montreal Gold Fields was wanted at 15 which is a trifle stronger than of late. Big Three was off again and offered down to 15. It is no time to market stock as the investors are very timid at present and prefer being quiet to loading up. The news from this mine justifies a purchase.

California is only steady selling at 11 1/2. On weak spots buy it to hold. The other business comprised selling of Iron Colt and Brandon Golden Crown. Total sales for the day amounting to 5,000 shares.

NEW YORK EXCHANGE.

RE-ASSURING NEWS FROM AMERICA STRENGTHENS AMERICAN STOCKS IN EUROPE—COALERS, SOUTHERN PACIFIC LEAD—LARGE BUYING IN ATCHISON PFD. HAS BEEN TO COVER A LARGE SHORT INTEREST—COMMISSION HOUSES NOW ACTIVE.

New York, Aug. 1.

The markets for American securities abroad are reported to have opened steady, and gained strength with the day, a sharp rally having occurred on more re-assuring news from Hampton, with regard to the yellow fever.

This is most noticeable in the shares of those roads which were most affected.

Offerings of stock in the foreign markets are light. The coal shares abroad seem to be coming into prominence as favorites of the speculator.

The market continues to broaden and the Continent is reported to be a good buyer. The recent activity and strength of Southern Pacific stock is said to be due to the operations of a pool. Much of the buying has of late emanated from what are thought to be inside sources.

The excellent crops in California and in other sections along its lines are said to be the incentive for these purchases.

In the Room it is believed that a fresh bull combination has been formed in Atchison.

The buying of late, especially of the pfd., has been large and persistent. There is known to be a large short interest in the stock, and doubtless a portion of the buying of late has been to cover this short interest.

The business in sight for the road for the next year is said to be all that the road can possibly handle, and the monthly statement to be issued by the company, is thought, will compare favorably with some of the Northern Grangers.

Sentiment in the market is bullish.

The market is broader, and the buying is more confident than for some time. Commission House business shows a notable and very agreeable increase, and in the absence of bad news, we should not be surprised to see a recurrence of the bull speculation of last winter.

New York, Noon, Aug. 1.

The strength of our market yesterday had a good effect on the London market to-day. Quotations received before 3 p.m. yesterday showed substantial advances in all the International stocks, the favorite for the time, being Atch. Pfd.

In addition to the London buying at opening, there was also considerable buying by commission houses and some covering by traders. American Tobacco was again very active at advances of about 1/2 over last night. It is rumored that there is a pool in the stock, the direction of which has been placed in the hands of Mr. Keene. Above 109 a good deal of stock came on

the market, and a prominent Broadway house was rather a heavy seller.

During the last few days South. Pacific has sprung into activity on reports that the earnings were increasing so fast that by the end of the year 4 p.c. would be shown on the stock. The buying has been called good.

Advices from the West continue to indicate that the crop situation during the last three days has undergone such a marked change for the better that there is now practically no reason for anxiety over the outcome of the corn crop.

It was noticed on the Exchange to-day that Chicago Houses, which last week were comparatively idle, were fairly large buyers of the Grangers.

After the first hour considerable liquidation made its appearance, coming to a large extent from the buyers of yesterday.

This naturally caused some set-back to prices, but the undertone is good, and the temper of the Room is, on the whole, Bullish.

The above Bank Statement as given out as reliable, would be considered by anyone having made a study of these matters, as strong with business well in hand. A panic-stricken public is about as guidable as a runaway horse. The only thing to do is to tire them out. There is little doubt that the run on the Hochelaga will not last and that in a few days things will have settled down to a normal state.

JACQUES CARTIER.

That the Jacques Cartier Bank found it necessary to close its doors, must be construed by some as an admission of weakness. According to the last Government Bank Statement, they owed the public \$3,599,893. Circulation was \$473,031. Deposits on demand, \$774,327. Foreign and English Banks, \$112,577; a total of \$1,359,765, to be immediately provided for. Their quick assets were, \$1,335,551. Under such circumstances why did the Bank close its doors? The only presumption is, that calls during the past three weeks have been made on them which have necessitated the pawning of their best assets. Till a detailed statement of their business is given to those interested, there is no use trying to form any opinion as to the possibility of the Bank opening for business again.

MINING NEWS.

Grand Forks B. C. July 29 (Via Rossland) :—The Board of Trade to-night tendered a banquet at the Alberts Hotel to the visiting directors and shareholders of the Granby Smelting Co. the City of Paris, Knob Hill and Old Iron-Side. The guests included, S. H. C. Minor, W. H. Robinson, Granby, Quebec, J. P. Graves, A. L. White, Montreal, E. M. Carrol, New-York, Stephens, Waterloo, Quebec. Wm. Farwell, Gen. Mgr. of the Eastern Township Bank, H. B. Brown, Sherbrooke. The guests exceeding 40. Richard Armstrong President of Board of Trade presided. The affair proved very enjoyable. The utmost enthusiasm was aroused when various excoiters outlined the scope of their mining operations in the boundary. S. H. C. Minor announced that the smelter and building here would be enlarged to a capacity of 3,000 tons daily.

Vancouver, B.C., July 31.—Arrivals from Dawson report satisfactory progress of telegraph line to Dawson. It is completed and working well from Little Salmon to Bennett. It will be in Selkirk on August 25th, and by 15th of October Dawson will be reached.

Klondike Commissioner Ogilvie reckons that the output this year will be little short of \$20,000,000. That is an enormous sum, but he knows the amount of royalties that had come in. Of course, it is a fact that the very large amount of money coming to the Government will be evaded and nothing under \$5,000 pays any tax.

Rossland, B.C., July 31.

News of a remarkable rich strike on the Mammoth and Diamond Hitch on the north fork of the Kettle River, eleven miles from Grand Forks, reached here to-day. In the drift running north from the 60-foot level on the Diamond Hitch, the ore body has widened until the entire face of the drift is in high grade ore. Assays ranged in value from \$181 to \$285 in gold per ton. Tellurium is associated with the ore on the drift. The strike, following on the recent ones on the Golden Eagle, refutes the theory that the Boundary country has only low grade propositions.

Grand Forks, July 31, (via Rossland, B.C.)—W. H. Robinson, Manager of the Eastern Townships Bank of Granby, Que., Mrs. Robinson and Reginald Robinson will leave for home to-morrow. Mr. Robinson has been here for two months in connection with the opening of an agency here. He also inspected the City of Paris, Old Iron-sides and Knob Hill mines, which he is heavily interested in.

Vancouver, B.C., Aug. 1.—C. S. Drummond, managing director of the Duncan Mines, arrived in Nelson last week, from England, accompanied by Mr. Archibald, a director of the Queen Bess Co., and by Ernest E. Woakes, chief engineer for the Duncan Mines.

The Duncan Mines Company has expended over \$60,000 in purchases of real estate at Nelson, and has recently floated two large companies, the Grantire Gold Mines, Ltd., and the Nelson Electric Tramway Co. The management of the Queen Bess Co., Ltd., has been taken over by the Duncan Mines, that company holding very large interests in the Queen Bess mine.

CHICAGO MARKET—August 1, 1899.

FROM OUR SPECIAL CORRESPONDENTS.

GRAIN PRICES DID NOT GAIN STRENGTH—MUCH BUSINESS ON OLD BASIS.

Chicago, Aug. 1.

Options here received this morning about the same attention as usual from Montreal, that is about 50,000 bushels are expected to be traded in, this form. Real handling of grain between these cities is of the smallest dimensions. Wheat had been stored in Montreal is being got rid of in the locality.

Liverpool cable mentions weather as hot and forcing. Stocks 2,085,000 centals; wheat 1/2 lower and inactive with prices steady; corn 1/4 lower, dull, very little demand. Curb wheat 69 3/4, corn 30 3/4.

Openings in Lard and in Short Ribs were 5c higher with values tending upwards, but in wheat, corn, and oats the openings were at the same low figures as yesterday's close with a slight movement towards lower level.
