The copy filmed here has been reproduced thanks to the generosity of:

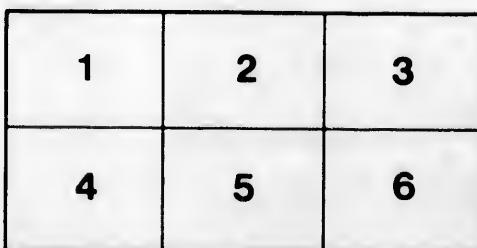

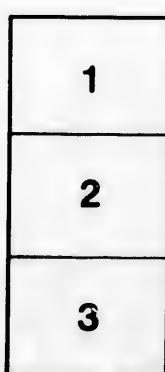

Library Division
Provincial Archives of British Columbia

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol → (meaning "CONTINUED"), or the symbol ▽ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Library Division
Provincial Archives of British Columbia

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole → signifie "A SUIVRE", le symbole ▽ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

VICTORIA, May, 1877.

In publishing the following revised Rules for the management of the Royal Hospital the Board of Directors, whose names are hereunto appended, are happy to state that aided by an annual grant from the Government they have been able to bring the institution to an improved state of efficiency.

The Hospital is situated at the head of Pandora street; the site being elevated and airy and commanding a beautiful view of the surrounding scenery.

The building comprises two large and two small wards, a female ward, a day ward, dispensary, officers' quarters, &c.

The wards are furnished with appropriate iron bedsteads, easy chairs, and other conveniences for the reception of patients.

The Government grant of five thousand dollars a year is just sufficient for the barest necessities. The Directors therefore have to look to the public for liberal subscriptions so that its present efficiency may be maintained and further comforts secured; that additional accommodation may be afforded for the better classifying of patients; that improvements may be made about the recreation grounds; (which indeed have great capabilities) that the drainage may be perfected and that water pipes may be brought in from the city mains.

The Directors are pleased to notice the increasing interest taken by the public in the Hospital as shown by the visitors' book.

The nucleus of a library has been formed, and donations of books and periodicals, new or second hand, will be thankfully received. Contributions of old linen will always be acceptable.
