The copy filmed here has been reproduced thanks to the generosity of:

Library of the Public
Archives of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol → (meaning "CONTINUED"), or the symbol ▼ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

La bibliothèque des Archives
publiques du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole → signifie "A SUIVRE", le symbole ▼ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

STATISTICS OF TRADE UNDER THE RECIPROCITY TREATY
WITH GREAT BRITAIN.

LETTER

FROM

THE SECRETARY OF THE TREASURY,

TRANSMITTING

Statistics of the trade under the reciprocity treaty with Great Britain.

FEBRUARY 15, 1859.—Laid on the table, and ordered to be printed.

TREASURY DEPARTMENT,
February 14, 1859.

SIR: In compliance with the resolution of the House of Representatives adopted December 14, 1858, requesting the Secretary of the Treasury "to furnish to this House the amount and the kinds of the productions of the British colonies imported into the United States free of duties under the provisions of the treaty, signed June 5, A. D. 1854, known as the reciprocity treaty; and also the amount and kinds of the productions of the United States exported to the said British colonies under the stipulations of said treaty, from the ratification of said treaty to the present time; and also the amount and kinds of like productions imported from and exported to said colonies from the year 1850, inclusive, until the ratification of said treaty and the amount of revenue received from duties thereon during that period," I have the honor to transmit herewith three several statements prepared by the Register of the Treasury, together with a letter from that officer, explanatory thereof, exhibiting the required information.

All which is respectfully submitted.

HOWELL COBB,
Secretary of the Treasury.

HON. JAMES L. ORR,
Speaker of the House of Representatives.

THIRTY-FIFTH CONGRESS, SECOND SESSION.

IN THE HOUSE OF REPRESENTATIVES,

December 14, 1858.

On motion of Mr. Kellogg,

Resolved, That the Secretary of the Treasury be requested to furnish to this House the amount and the kinds of the productions of the British colonies imported into the United States free of duties under the provisions of the treaty between Great Britain and the United States, signed June 5, A. D. 1854, known as the reciprocity treaty; and also the amount and kinds of the productions of the United States exported to the said British colonies under the stipulations of said treaty, from the ratification of said treaty to the present time; and also the amount and kinds of like productions imported from and exported to said colonies from the year 1850, inclusive, until the ratification of said treaty, and the amount of revenue received from duties thereon during that period.

TREASURY DEPARTMENT,

Register's Office, February 12, 1859.

SIR: In reply to your reference of the above resolution, I have the honor to transmit three several statements containing the information required. The table of imports under the provisions of the treaty is compiled from returns made to this office by the collectors of the several districts in obedience to a regulation of the department, and embraces the entire trade in that direction; but as no forms have ever been prescribed for separate returns of the exports under the treaty, it has been necessary to select the amount and value of the articles with as much care and accuracy as possible from the general returns; and although great pains have been taken to make it full as possible, it is, nevertheless, to be regarded rather in the light of a close approximation to, than as an exact exhibit of, the amount exported.

I am, very respectfully, &c.,

F. BIGGER, *Register*.Hon. HOWELL COBB,
Secretary of the Treasury.

Statement exhibiting the amount and the kinds of the productions of the United States exported to British colonies, also the amount and the kinds of the productions of the British colonies imported into the United States, under the stipulations of the reciprocity treaty, from the period when said treaty went into operation until June 30, 1858.
