The copy filmed here has been reproduced thanks to the generosity of:

National Library of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche sheet contain the symbol ➡ (meaning "CONTINUED"), or the symbol ▼ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Bibliothèque nationale du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole ➡ signifie "À SUIVRE", le symbole ▼ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

"THE FAIR OF NATIONS"

Hail to the "Fair of Nations,"
And hail to the nation's fair!
The brightest array of beauty
In costumes descriptive and rare
The object the best in the world, sir,
To build for the use of all
A home for the nurse for the suffering
A well equipped hospital.

Then hail to this object worthy,
To the ones promoting, praise!
With a zeal unselfish they're striving
The sufferers' load to raise.
To others there's duty awaiting,
A part that is pleasant to share
The hearty support of all Brantford
To make it a record of fair.

W. Hastings Webbing.

FAIR OF NATIONS

(Under the Patronage of Sir John and Lady Gibson)

The Fair of Nations comes as a fitting climax to the work of the Women's Hospital Aid in connection with the erection of a Nurses' Home. Commencing with the Poster Show in 1900, the ladies of Brantford have labored incessantly for six years, with this end in view, and now that their dream has become a reality, and work actually commenced on the building, they feel confident that citizens generally will rally to their support and give them the satisfaction of knowing that their part in the good work has been accomplished.

It is a source of regret that the demand for a larger and more expensive building than they had thought would be required has made it impossible for the W. H. A. to assume the responsibility, and the governors have been called to supply what is required beyond the \$20,000 the ladies have pledged themselves to raise. Only a small portion of that amount is needed, which it is hoped the Fair of Nations will realize.

THE NURSES HOME

The New Nurses Home of the Brantford General Hospital. (To be Erected by & Sons.)

The Women's Hospital Aid

The work of the Women's Hospital Aid is too well known to need more than a passing reference at this time. Rather would its members take the opportunity of thanking the citizens of Branford for the sympathy and loyal support received at their hands, and which has made possible the work that has been accomplished.

From a comparatively small beginning and in the face of many obstacles, the W. H. A. has grown and prospered, until it now enjoys the proud distinction of being the largest and probably the most flourishing organization of its kind in Canada, enrolling more than a thousand names on its membership, including many ladies from the county, a junior auxiliary and a children's branch, all working along different lines and with the utmost harmony for the betterment of conditions at the hospital and the relief of the sick and suffering.

Especially the secret of perfect ironing for it's too good to keep.
 Listen, ladies, the secret of perfect ironing is **Celluloid Starch**.
 Don't send linen or white goods to a laundry because you doubt your own ability to produce a true laundry finish in your home ironing. Home work equals the finest laundry work if you use Celluloid Starch, the cold water starch, which requires no cooking, never sticks to the iron, gets rid of your wrinkles and always produces that pliable stiffness and pearly whiteness hitherto thought possible only in the finest laundry work.
 If your grocer doesn't keep it, send us his name and we will send you free sample.
