TORONTO'S RIDE TO MOVE TOWARD NORTH

The Eaton Co. Will Build the Greatest Store in the World at College and Carlton.

Within the past week The World has given its readers two of the greatest stories ever yet published in regard to Toronto, and especially in regard to the marvelous development that is now bursting forth upon this city.

For several days we have been telling the story of the purchase, by our interest, of 1500 acres of land, and probably 2000 acres, just outside the city limits and between Bayview-avenue and Leslie-street, and immediately north of the Canadian Pacific tracks at Leaside, and extending for at least two miles, and including, as we said, at least 1500 acres, and probably 2000, and bought at a cost of not less than upwards of three million dollars!

Now this is absolutely true; this is a great fact, and yet the other Toronto newspapers, because they did not have this news first, profess to ignore it. They will dig up all the particulars in a few days now, and then they will claim great credit for journalistic perspicacity!

But The World yesterday announced a matter of equal importance, not only to this city but to all Canada, namely, that the T. Eaton Co. are the purchasers of the block of land bounded by Yonge, Carlton, Church and Alexander-streets, and that they were about to proceed with the erection of a store-tower high, and that it is to be the greatest store in the British Empire, and probably in the world, and that the plans for this magnificent structure were now in the city. Everybody has been expecting some announcement of this kind, but The World was the first paper to make a definite statement and what it said yesterday was absolutely true, notwithstanding the able efforts of the evening papers of last night to sidetrack The World's plain statement.

Only one of them denied it, but here is what they said:

The Star, that the fact that Eaton's are building a ten storey structure at the corner of Albert and James-streets, does not confirm The World's story, and their other statement that other structures are also being built by the Eaton Co. near their present site, and then start in to give particulars of these structures now under way on James-street.

Next, The News, which says the fact that a ten storey structure is being built on James-street is a mute contradiction of the statement made in The World about the big store on Carlton-street.

And The Telegram repeats the same thing, only in a more elaborate way, and at the same time prints The World's story in full, and then leads its readers to believe that the structure on James-street is a contradiction of The World's statement about up-town, and it winds up with the following:

Mr. Harry McGee, vice-president of the T. Eaton Co., said, in answer to a Telegram reporter:

"There have been so many statements and rumors circulated regarding the block in question that we are sick and tired of the subject. We have no statement to make regarding The World's story. If we had information to disclose relating to an authentic transaction that information would have been handed to all newspapers alike, and there would have been no favoritism."

Now just for a moment The World will analyze what its able evening contemporaries say.

First of all, not one of them denies the story that the Eaton Co. are the owners of the big block up-town and are about to build the magnificent store we have referred to. Nor does Mr. McGee deny it. He does not want to admit it, and especially, as The Telegram was complaining that it did not get the scoop at the same time. The World apparently says that when they have something authentic to hand out they will give it to all the papers equally. Of course, they will.

Nor does anyone with a sense of logic attach any importance to the baby statement of the three papers that because Eaton's are building a ten storey building at James-st., that they are not going to build a still greater and more magnificent structure up town. And this is the great fact that The World told the people of Toronto yesterday, that the T. Eaton Co. are going up town as soon as they can go and that they are going to Carlton and Yonge-sts., and that they are going to build there the greatest store that there is in America and that the retail business of Toronto will follow up Yonge-st. That is the great fact and that is the great

REV. WM. B. FINDLAY CHOSEN FOR NEW INDUSTRIAL FARM

Pastor of St. Enoch's Church Will Take Charge of Non-Criminals Who Pass Thru Police Court.

The appointment of the governor for the city's new industrial farm, to be situated on north Yonge-street, will prove a pleasant surprise to the residents of Toronto. Rev. William B. Findlay of St. Enoch's Church, Winchester-street, is the man whom the city has chosen, thru the government.

Rev. Mr. Findlay, is well-known locally as well as thruout the west. He is a keen but kindly faced man in the early forties, who looks on the sunny side of life, and is always ready to go out of his way to help the undeserving as well as the deserving. He has traveled extensively thru the west and has also toured Europe. Born at Guelph, he graduated from Knox College in 1887, and settled in the Village of Clarendon in 1890. In 1901 he received a call to Drummond Hill Presbyterian Church, and from there went to St. Enoch's Church, Winchester-street.

The industrial farm is for the reformation of the noncriminal class—those men who pass thru the police courts and are not really bad. When it is completed Rev. Mr. Findlay will take charge.

Hon. Adam Beck's Services Recognized by Government

It was announced in the legislature by Sir James Whitney yesterday that Hon. Adam Beck, the indefatigable chief of the Hydro-Electric Commission, would get remuneration for his services, despite the fact that he is a member of the house. The premier praised the work of his colleague, and the announcement was greeted with much banging of desks. A bill will be introduced in the legislature before prorogation to authorize the much-desired tribute of the government.

START WILL BE MADE ON BOTH CANAL PROJECTS

Supplementary Estimates at Ottawa, Which Exceed \$19,000,000, Include \$200,000 for Welland and \$100,000 for Georgian Canal—Generous Grants for Highways and Agriculture.

Improvement of highways, \$1,000,000; Ontario's share, \$351,000.
Encouragement of agriculture, \$500,000; Ontario's share, \$174,000.
Hudson Bay Railway, \$1,500,000.
Emerging Welland Ship Canal, \$200,000.
Federal buildings at London, Eng., \$1,000,000.
Improving Quebec Harbor, \$1,000,000.
Improving Lachine Ship Canal, \$200,000.
To start first section of Georgian Bay Canal, \$100,000.

NEW INSPECTORS SHOE MACHINERY ARE APPOINTED

Police Commissioners Promoted Mulhall, Geddes and Allison, as Well as Several Others.

The police commissioners yesterday afternoon made the appointments which the men have been looking forward to for several weeks. The new inspectors are: Sgt. Mulhall at No. 6; Sgt. Bob Geddes at No. 1; Sgt. Allison from No. 5 was created an inspector and will probably be given charge of No. 19, which is to be opened next in East Toronto; Sgt. Gilks of the mounted force, also becomes an inspector, and Detective McKinney is attached to the morality department. The reason for the appointment of only one sergeant on regular desk duty is that from now on the patrol sergeants will supply the relief on the days off of the sergeants, and this accounts for the large number of patrol sergeants appointed.

The new patrol sergeants are: Con. Craig, station 9; Con. Hunt, station 1; Con. Page, in No. 4; Allison in No. 7; Francis in No. 4; Reburn (153) in No. 1; Brown (245) in No. 1, and Acting Detective Young.

Constables Mitchell, Graham, Williamson and Irwin are retiring. Nineteen recruits were taken on.

BANISH THE BAR IS TEMPERANCE PLATFORM

N. W. Rowell Announced in the Legislature Yesterday That Liberal Policy in Ontario Will Be Immediate Abolition of All Bars and Other Advanced Temperance Ideas.

As exclusively announced in last Thursday's World, N. W. Rowell, leader of the opposition, has adopted the slogan "Abolish the bar" as the policy of the Liberal party on the temperance question.

Yesterday afternoon at 2 o'clock the opposition members met in caucus to review and give the finishing touches to the policy that had been decided by the leader, and endeavor to whip, if possible, all the "doubtfuls" into line. Apparently the entreaties fell on deaf ears as far as G. Ewart, the member for Prescott, and D. Racine of Ridgely were concerned. With these two exceptions there must have been almost perfect unanimity, even if the enthusiasm was not at boiling point, for hardly had the house got started with the afternoon session when the following amendment was handed out: "N. W. Rowell will on Thursday next move:

"That in the opinion of this house the public interests demand: (1) The immediate abolition of the bar; (2) such other restrictions upon the residue of the liquor traffic as experience may show to be necessary to limit its operations, and effective to remedy its evils; (3) the strict enforcement of the law by officials in sympathy with law enforcement; and the elimination of political influence from the administration of the law; (4) regulation and inspection of all houses of public entertainment so as to ensure reasonable accommodation for the traveling public."

Whether all the Liberal members understood the purport of Mr. Rowell's motion is doubtful. For one of them explained "very loudly" to The World that the motion intended to do away with all licenses as well as bars. He said that point would be made clear when the motion came up for discussion in the house. The wording of the notice does not, however, indicate that the cutting off of licenses is even hinted at.

Reports that the leaders of the Women's Christian Temperance Union were disappointed with the announcement reached the parliament buildings later in the afternoon, and Mr. Rowell was told about them.

"Well, all I have to say," he remarked to The World, "is that if the temperance people don't agree with this policy they are going back on the very policy they themselves have been championing for years."

"The bar is the big thing," commented Sam Clarke, Liberal member for West Northumberland, when it was suggested to him that the effect of the bar being abolished might improve matters much if licenses are still granted.

Hon. W. J. Hanna was much amused when he read Mr. Rowell's announcement.

"The policy that cuts out the bar and leaves hotel licenses, shop licenses, club licenses, etc., is a joke."

When Sir James Whitney was spoken to by The World in regard to Mr. Rowell's temperance policy, his comment was: "I am 'lost' in wonderment."

British Delegates Coming For Monster Convention

Pleasant Sunday Afternoon Brotherhood Will Meet in Toronto for Three Days in May and Will Be Given Official Receptions at Hamilton, Montreal, Ottawa and Other Cities.

One hundred and thirty prominent of-ficers and members of the P. S. A. Brotherhood are coming from England, with a band, to attend the big Dominion convention in this city May 11, 12 and 13.

The delegation will visit Hamilton and hold a mass meeting in one of the largest churches there, and a similar one at Montreal. The British delegates are due back in England at the end of May.

Cooke's Church will be the convention headquarters.

One of the features of the convention will be the Pleasant Sunday Afternoon Brotherhood meeting in the Metropolitan Church on May 12.

The British delegates will defray their own expenses and regard the three weeks' outing as a fraternal "Crusade to Canada."

One of the objects of the "Great

FOR BETTER CARE OF FEEBLE MINDS

Organized Effort is Now Directed to Awaken Public Demand That Steps Be Taken by Government to Establish Institutions Where Deficient Children Can Be Cared For.

Organized effort is now directed to awaken the public demand which Hon. W. J. Hanna has declared is necessary for the government to establish institutions for the adequate handling of the mentally deficient of the province. The same organization will uphold the hands of Dr. Forbes Godfrey in his declared effort to have such institutions established and equipped. In addition to this information will be sought as to just what is at present being done for this class, what can be done and how much it is the duty of the province and the city to do.

These beginnings were made by the representative conference held at the city hall yesterday afternoon, at which Mayor Grey presided and which was called at the behest of Controller McCarthy. The conference listened for more than an hour to a series of brief addresses from those whose work or sympathies has brought them close to the problem of the feeble-minded as it exists in the city and province, and each brief address was a terrible spur to action.

Controller McCarthy opened the meeting at the request of the mayor by saying that he had long since come to the conclusion that no intelligent effort to deal with delinquent children could be prosecuted without traveling hand in hand with the care and understanding of feeble-minded children.

He said that he had become aware of the existence of many circles of individuals who had addressed themselves to the alleviation of the conditions, and that the object of the present conference was to merge all these circles into one great and concentrated effort based upon a thorough understanding and upon adequate information.

Raised the Noise.

Commissioner Starr of the children's court said that as he was the man who had "raised the noise," by the committal of an 11-year-old boy to the care of Gov. Chambers at the jail, it was perhaps proper that he should break the ice. He said that he had committed that boy to jail for the purpose of raising a noise. The Sunday World printed the story of the boy and his plight and attention was then called to the concrete case, showing the absence of machinery to deal with this grave problem. Commissioner

Continued on Page 7, Column 8.

SAVE THE LANDMARKS!

JOHN FLORIDA:

Woe York: For th' love of Jeff come aw' home. Things is gettin' out big. Eaton's are gear' clean out o' th' bounds o' Woe York—up near th' buryin' ground! Th' place an' people are a loasin' th'ir heads. An' Johnny Eaton's aw'. There'll be no single grocery store down town 'd' o' th' week! An' there's to be head offices o' banks up town! An' Master Rowell is clean agin' run in en' shape! He'll no stan' for taverns; only hour stores. But th' Meester is at this meetin' in a trance composin' a grand article on th' wuth o' runnin' th' city a long way to head off public opinion an' that cattle lifer Adam Beck! We've gawn to hand anther parade in motor cars o' widows an' fatherless bairns! Sir Henry is to be down on. But come backin' agin' with a get on th' lid much longer. An' Master Elemen' got an awfu' scorcher 'o' his hairs in his brow burn by th' Don! I dinna care about yer Hiram Akiff; it's Adam o' London, Canada West, that's the man.

JAY TORONTO:

Florida: Save Toronto's landmarks before it is too late! I remember seventy years ago when Eaton's store wasn't even in the town—and now it's going out to the woods! We had an awful time getting it made a part of Little York! Can't you see them out of the idea by mad dog or Indians? It simply means that Hecken and The World will get me and the tubes and the viaduct! What will Hiram of Tyre and Hiram Akiff say? I don't care if Adam Beck does pick up sheep but I'm contented by Little York removing her ancient landmarks. It's contrary to King Solomon's edicts as set out in the manual for the guidance of the chair. But can't leave here until I put in the appropriate time. Start 'em back with a banner "Save our Landmarks." For the love of John save the landmarks.

SOMETHING NEW EVERY DAY.

Every day some new shipment comes to the Dineen Company. Some new block in men's hats for spring. And some exclusive ones also, for the Dineen Company is sole Canadian agents for many of the big makers in the United States and England.

Just now the Dineen Company is showing some unusually smart effects in mixed colors in stiff felt Derby hats and in soft felt Alpines.

Manitoba Boundaries Bill Goes Unaltered Thru Senate

Many Amendments All Based on Principle of "Rights for Minority" Voted Down by 37 to 16—Formal Procedure Now All That's Needed.

OTTAWA, March 26.—(Can. Press).—The Manitoba boundaries bill has passed its final parliamentary stage without amendment. Royal assent and proclamation are all that are now required to make it law. Today the senate turned down a half dozen proposed amendments and gave the bill a third reading.

The debate was continued in the senate by Senator Choquette, who declared that he favored conciliation, but not the kind which meant that the minority would give up all their rights. He had an amendment to move, and in addition to the provision that the bill should not be proclaimed until the legislature of Manitoba had endorsed the boundary extension, he would add that it should not be brought into effect until the rights and privileges of the Catholic or Protestant minorities as to education in Keewatin, which is to be annexed, shall have been defined by reference to the supreme court.

The amendment was declared lost, 37 to 16. The vote: Yeas—David, McHugh, Fleet, Thibodeau, Godbout, Sir Richard Scott, Coffey, Teasler, Costigan.

Montplaisir, McKay, Desaulles, Croquette, Chazan, Lavigne, Landry, Nays—Senators Loughheed, H. Ellis, McDonald (B.C.), Baird, Sir Mackenzie Bross, Pope, Daniel, Domville, Bequa, Bostock, H. Bell, McMillan, MacLaren, Taylor, Yeo, Campbell, Bath, Gibson, Legris, Jaffray, Lariviere, Kerr, Cartwright, Dandurand, Forget, Power, Duroyshire, De Veber, Young, Watson, King, Thompson, McMillen, Rait, Roch, Farrell and Talbot.

Fought to Last Ditch. Senator David moved an amendment asking that the legislature of Manitoba should apply to the supreme court to obtain a decision as to the right of the minority as to schools. The amendment was declared lost on the same division this morning.

Senator Choquette offered an amendment declaring that nothing in the bill shall in any way prejudice any rights to school the minority in Keewatin may now have. This was declared lost by the same division.

Senator Choquette moved the six months' limit. The amendment was declared lost by the same division. The Manitoba bill was declared carried unamended, on division. There was no vote.

SHORTER ROUTE FOR ALL GRAIN

T. & N. O. Railway Has Great Possibilities and Would Cut Off Many Miles.

The Timiskaming and Northern Ontario Railway owing to its position as a distributing centre has great possibilities as a grain carrying route. Western grain might be shipped to England via the Edmonton Hudson Bay Railway, thereby avoiding the circuitous route by barge to Moose Factory and T. & N. O. to Toronto thence out by the St. Lawrence. The waterway from Fort Churchill to Moose Factory would be navigable eight months of the year.

Western interests will soon demand an outlet for the accumulation of their produce during the remaining four months of winter and it is possible for this new line to profit by their route which is the shortest way across the continent. Between Edmonton and Churchill the distance is 800 miles over which the grain would be hauled in any case. Add another 700 miles to Moose Factory and 650 miles to Toronto and you have a total of 2150 miles. This proposed route would shorten the two direct routes to Toronto as the G. T. P. line is 2245 miles in length and the C. P. R. 2266.

DIED AFTER LONG WAIT

The remains of Mrs. Peter McMahon, who died as she was entering her home at 421 Clendenan-ave., on Sunday afternoon, waited a full hour on a corner for a street car, will be interred in Mount Hope Cemetery this morning. Mrs. McMahon collapsed while within a few steps of her home and died before she could be carried into the house.

MY ELECTRIC BELT HAS CURED OTHERS

of indigestion, nervous debility, rheumatism, headache, anaemia, neuralgia, and many other acute and chronic diseases. For that reason

IT WILL CURE YOU

Do you want to feel as vigorous as you were before you wasted your strength? To enjoy life again? To get up in the morning refreshed by sleep, and not more tired than when you go to bed? To have no weakness in the back, or "come and go" pains? No indigestion or constipation? To know that your many troubles are not slipping away? To see more bright eyes, healthy color in your cheeks, and be confident that what other men can do is not impossible to you. In short, do you want to be a man among men? I can make you all this, because I have done it to others.

Dr. McLaughlin: I cannot say too much for your Belt. I consider it completely cured me of rheumatism, and I never felt so well for the last thirty years. I would recommend it to any railroad man suffering from weak back or kidney disease. I only wore my Belt for one month. Yours truly, WILLIAM HONAN.

No man should be weak. No man should suffer from the loss of that vitality which renders life worth living. No man should allow himself to become less a man than nature intended him; no man should suffer when there is at hand a certain cure for his weakness.

Most of the pains, most of the weakness of the stomach, heart, brain and nerves from which men suffer are due to an early loss of Nature's reserve power. You need not suffer from this. You can be restored. The very element which you have lost you can get back, and you may be as happy as any man that lives. You can feel as vigorous as you were before you wasted your strength. You can enjoy life again. You can get up in the morning refreshed by sleep, and not more tired than when you went to bed. You can have no weakness in the back or "come-and-go" pains. No indigestion or constipation. You can know that your eyes, healthy color in your cheeks, and be confident that what other men can do is not impossible for you. In short, do you want to be a man among men? I can make you all this, because I have done it to others.

Molesworth, Ont., Dec. 23, 1911.

Dr. McLaughlin: I take great pleasure in asking you to file my name as cured. I have worn your Belt for four months, and I feel like a new man. I am strong and active again, and feel as well as anyone could feel. Wishing you every success in your business. I remain, yours very truly, WM. H. LYNN.

Pick out the men who have worn my Belt. See them with head erect, chest expanded, the glow of health in their cheeks, courage in their hearts, and a clasp of the hand that tells you, "I am a man."

Cut out this coupon now and mail it. I'll send the book without delay, absolutely free. Call if you can. Consultation free.

DR. M. O. McLAUGHLIN, 237 Yonge St., Toronto, Can.

Dear Sir,—Please forward me one of your Books, as advertised.

NAME

ADDRESS

Office Hours 9 a.m. to 6 p.m. Wednesday and Saturdays until 8.30 p.m. Write plainly. 12-5-11.

Eaton's new ten-story building for Albert and James-streets. The permit was taken out for this on Dec. 13, and plans prepared months ago. The fact of its issuance was recorded at that time. From this building will be sent out the parcels for delivery. A novel feature of its construction will be a sub-basement filled with water for fire protection purposes.

WANT NO HEAD FOR WATER AND WORKS

Controller Foster's Motion That New Man Be Appointed at Big Salary Was Defeated—Chambers' Appointment Upheld by Corporation Council—New Health Act Opposed.

Controller Foster, at the meeting of the board of control yesterday morning, moved that a recommendation be sent on to the council that the board be given authority to nominate a new head over the combined works and waterworks department, the new official to be paid a salary of not less than \$10,000 a year. Almost no discussion followed the motion, which was defeated.

The council were quite within their rights in appointing Charles Chambers as parks commissioner according to a letter which was written to the board of control by Corporation Counsel Drayton. Mr. Drayton was asked for his interpretation of the manual on the question of the council substituting a name for one recommended by the board.

The new provincial health bill was discussed by the controllers, who took exception to the clause which would have the effect of preventing municipalities from dispensing with the services of medical health officers without first obtaining the consent of the provincial board of health. In connection with the matter a resolution was passed asking the council to instruct the city solicitor to oppose the bill. Controller McCarthy also opposed the resolution.

The question of securing legislation to make apartment houses amenable to the smoke ordinance came up. The board were notified that there was a possibility of the bill being held in abeyance till next year and it was decided to instruct the city solicitor to endeavor to have the bill dealt with at the present session of the legislature.

Owing to the absence of Mayor Geary the board decided to let R. Home Smith's Humber driveway agreement stand.

PURITY LECTURE

Rev. Dr. Eby Given Permission to Speak in Toronto Schools.

Purity lectures in the public schools were endorsed by the special committee yesterday afternoon. Rev. Dr. Shearer and Rev. Dr. Moore expressed the view that the matter was urgent, and testified to the fitness of Rev. Dr. Eby to deliver the lectures.

BUILDING MORE CARS

Street Railway Company Will Have One Hundred by Middle of May.

Manager R. J. Fleming and Supt. McCullough of the Street Railway Co. say that the car service will not be impaired by the loss of the cars burned on Monday. They are building cars all the time and will have turned out a hundred by the middle of May.

Two Lose Lives in Fire

PRINCE ALBERT, Sask., March 25.—Robert Drysdale and James Somerville lost their lives in a fire which at 2:30 o'clock this morning gutted the Tibbitts Cafe on Eighth-street. A number of men suffered severe injuries in the fire, these being Stanley Coleman, Robert Deans, Finlay MacLeod and Edward Schlimper. The cafe was operated by Finlay MacLeod and William McEwen, and the building was owned by Thomas Manley of Prince Albert.

HIGH PARK RATEPAYERS

Elaborate Preparations Are Being Made for Gardens This Year.

In pursuance of the progressive policy adopted last year, the High Park District Ratepayers' Association is making elaborate preparations for the coming summer. The association's aim is to beautify the High Park district and the part of Toronto bordering thereon. The horticultural section is only one of the many branches of the ratepayers' association standing committees having control of the development of nature's gifts. Already the beneficial side of the work has been clearly shown by the number of home gardens, overflowing with floral wealth. In addition to this, the members have met with unqualified success in the attempt to make the High Park district envied by the most modern cities, where the gardens are laid out by a landscape gardener. This year valuable prizes are offered by the association and a pamphlet has been issued by the secretary-treasurer, W. B. Campbell, inviting new residents to join, and giving instructions in the art of making the home more appealing by the cultivation of the yards and lawns.

TERMS ARE GOOD

Board of Education Gets Houses for \$3360 Each.

Members of the industrial education committee were cited over the appropriation arrived at yesterday afternoon respecting the five King estate houses on Herlick-street. The amount was \$3360 for each house and lot. The board offered \$5150 each and the estate asked \$4600. In view of the award, negotiations will be reopened with the remaining property owners who have lots needed to complete the technical school site, and it is expected that they will prefer an agreement with the board for expropriation expenses.

FALLS LEGISLATION STANDS

Fixed Policy of Protection Will Not Be Adopted for Present.

WASHINGTON, March 26.—(Can. Press).—Legislation for the protection of Niagara Falls will probably go over until the next session of congress. This was indicated today when the conferees from the house and senate agreed to a modification of the Sulzer bill, and extended the provisions of the Burton law to March 4, 1913. The existing law will protect the natural beauty of the falls until congress can find time to evolve new legislation. Another bill to regulate the diversion of water from Niagara River was introduced today by Representative Smith (N.Y.). Mr. Smith's bill would permit the United States Government to supervise the actions of New York or any other state in which the water of Niagara may be used or the power of Niagara may be imported.

SETTLERS' HOUSES FLOODED.

CHATHAM, March 26.—(Special).—The English settlers who took up land in English Township recently have become victims of the St. Lawrence flood. The river has stretched out over their land and several of the houses containing the new settlers are completely flooded with water. Those living on the second and third concessions are suffering the most. Some of the settlers find that they have to live up stairs these days as the water is so high that the lower parts of the houses are flooded.

Wife and Man Almost Drowned

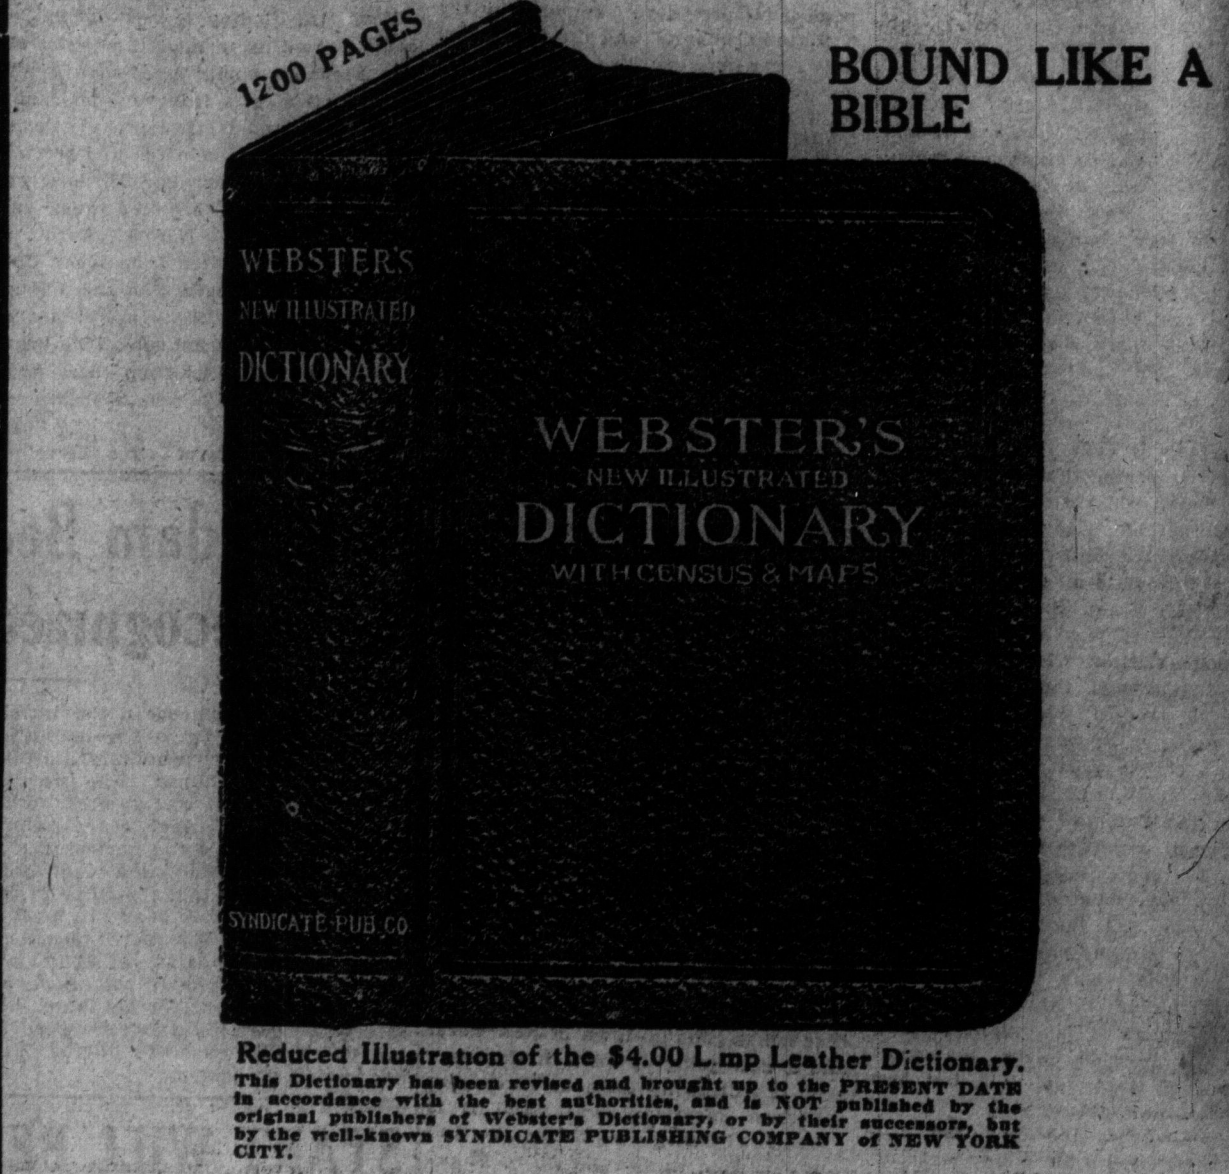

BROCKVILLE, Mar. 26.—(Special).—While driving across the Canadian channel opposite Rockport, Robert Hunt of Larne Island had an exciting experience by the outfit breaking thru a point where the ice was thin. Mrs. Hunt, who accompanied her husband, was rescued in a small launch on the night.

Piles Not Taken Seriously

"Annoying, but not dangerous," seems to be the way many think of piles in the early stages, but gradually they become worse, until they prevent sleep, undermine the nervous system and make a wreck of life. When the doctor is finally consulted he considers the case so serious that he recommends the surgeon's knife as the only means of cure. It may cure or it may kill. The risk is yours. But there is an easier and surer way to relieve and cure piles. That is by applying Dr. Chase's Ointment. The earlier you begin the use of this ointment the quicker the cure. But you need not be discouraged because you have suffered for ten or fifteen years. It would be difficult to imagine worse cases than have been cured by Dr. Chase's Ointment. Relief comes at once and cure is just as certain if you persist in the use of this great ointment.

HELP YOURSELF TO A \$4.00 DICTIONARY

Please don't consider this a book made up to give away as a premium. It isn't. If a book store sold it to you for \$5 you would be more than satisfied. It is the equal of any \$5 dictionary, but an immense production guaranteed by a combination of leading newspapers makes it possible to retail it as a \$4 book, believing that its rare educational features will fully repay us for placing it in the hands of our appreciative readers.

How The WORLD Readers Can Obtain FREE This Wonderful Book

You Need Only Present Six Coupons

Printed elsewhere (Daily only) clipped on consecutive days, and the expense bonus set opposite the style selected (which covers the items of the cost of packing, express from factory, checking, clerk hire and other necessary EXPENSE items), as explained under the Dictionary Coupon printed on another page of this issue.

QUEEN'S BILL AMENDED

Senate Committee Approves Concessions Made to Hebrew Sentiment.

OTTAWA, March 26.—With the consent of the committee representing the church and the university which have been fathering the measure, the Queen's University bill was amended before the senate committee today.

The bill as passed by the common prescribed Christianity as a religious test for the staff. Jewish people contended that this would exclude their sons, even though the institution is now declared to be nationalized.

The amendment today provides that the trustees shall satisfy themselves that the Christian character of those appointed to the staff. In other words

the test is shifted from creed to character. It is felt that a Hebrew, while adhering to his own faith, may nevertheless qualify as possessing Christian characteristics.

BOYS OF THE OLD BRIGADE

To-day is the 27th anniversary of the call to arms of the Queen's Own Rifles and the Royal Grenadiers for active service in the Indian and half-breed rebellion under Louis "Dixie" Riel in the Saskatchewan River Valley country. Five thousand troops, all Canadians, were mustered for this campaign. Five engagements were fought and victory for the loyalists was won on May 12, 1885.

The local ex-members of that force will hold a smoking concert next Friday evening in the Grenadier sergeants' mess-room, 77 West Queen-st. All veterans of that time welcome.

Federal Good Roads Policy Endorsed by Large Majority

By a Vote of 78 to 20, Ontario Expressed Satisfaction With and Approval of the Scheme—Provision Made to Raise Loan of \$5,000,000 to Develop Northern Ontario Land Grants Before Confederation—Eight-Hour Day Bill Lost on Division.

By a vote of 78 Conservatives to 20 Liberals, it was clearly shown in the Legislature yesterday, that the provincial government was entirely satisfied with the policy of the Dominion government with respect to good roads. That the federal subsidy be paid over to Ontario and expended by that province, was the gist of a resolution introduced by Mr. N. W. Rowell, which was squelched in favor of an amendment by Hon. W. H. Hearst to the effect "that the province expressed satisfaction with and approval of the policy of the Dominion government and full confidence that the policy would be carried out in the best interests of Ontario."

There was a long discussion on the question of good roads. N. W. Rowell started the debate with a motion and speech endorsing the government's action, but considering that its plan was not sufficiently comprehensive and adequate. The province should expend the federal subsidy on roads as it saw fit, with no interference from Ottawa. In this question there should be provincial autonomy.

Mr. J. G. Anderson, South Bruce, introduced an amendment to the effect that the province should have the government fix the expenditures on good roads, so that only one quarter of the entire outlay would fall on the counties, one quarter on the province, and the rest on the federal subsidy.

Mr. Rowell said that under the Highway Improvement Act passed in 1901, one million dollars was set aside, and the money had since been expended. There were 50,000 miles of roads in the province, and 1500 miles had been improved under the act which came into force in the Liberal regime. He expressed the importance and value of good roads, and called for a more comprehensive plan than that now in existence. Despite opinions to the contrary, he was willing to give credit to the present administration for what it had accomplished. The roads taken were instituted by its predecessors in office. Today there were 46,000 miles not in good repair in the province.

"We are all regretting rural depopulation," said Mr. Rowell. "There is only one way we can make the people stay on the land, and that is by improving conditions, making the farm more attractive and remunerative, and assisting in the development of roads. The government should adopt a larger policy than is proposed at the present time, thus adding to the farms, towns and cities. The government should especially consider the roads leading into market towns."

He considered that the federal aid, now provided for in a bill in the House of Commons, should be on a fixed basis, and not subject to all provinces and preventing the possibility of provincial "log rolling." The present population of the Dominion provinces are paid the Dominion revenue, he thought, would be a very satisfactory basis. This would mean 40 per cent. of the revenue to Ontario.

In paying for road improvements, he figured that the Dominion should pay one half, the province one quarter, and the counties and municipalities one quarter the cost.

"No interference," he guarded against increased powers of the Dominion government," he said. "There should be no interference by the Dominion government. Some recognized basis should be agreed upon for the future, whereby this province would look after its own affairs in regard to roads."

Hon. Mr. Hearst considered that the leader of the opposition would "come around with appreciation of the government's services some time, but he never thought it would be so soon. During the last year of office the Ross administration spent \$10,000 on roads in New Ontario, and last year the Whitney administration gave half a million. When the Dominion Government gave aid to Ontario, surely it would want to see how the money was being spent. Mr. Rowell, despite the fact, had given quite a lecture to the Dominion Government, the donor, declaring that once they granted the money they should have nothing more to do with the question. It was necessary to state that the money would be handled on a systematic, sound and safe basis.

For All Roads. Sir James Whitney put an end to the talk that the money would be spent mostly in New Ontario. He said that it would be expended in an equitable manner, both in old and new Ontario. He considered Mr. Rowell's motion would do no harm, it was an endorsement of the government's policy.

J. S. Elliott of West Middlesex wondered why Hon. Mr. Hearst had not given credit to the Ross regime for initiating the good roads policy. If the provincial government, and it only, did not handle the federal subsidy, it would open an avenue for endless friction unless there was a fixed, sane, fair and equitable basis. The question of interfering with the jurisdiction of Ontario's good roads was an improper one.

and assistance of settlers, the improvement of means of transportation and communication and the encouragement and assistance of agriculture and reforestation in the north and north-western districts of the province, and such other public purposes of a like character as the lieutenant-governor may deem expedient.

The terms of the loan are that it shall not exceed 40 years at a rate not exceeding 4 per cent. All bonds and inscribed stock shall free from provincial taxes, succession duty charges and impositions whatsoever.

Will Agree. An act respecting aid from the Dominion of Canada for highway construction was introduced by Hon. Dr. Reaume. The minister of public works explained that he would authorize the province to enter into an agreement with the minister of public works of Canada, setting forth the terms on which the subsidies granted by the Dominion Government shall be established, and the conditions under which they shall be expended. The bill provided that the money so spent shall not form part of the consolidated revenue fund of the province, but shall be from time to time set apart for the purpose, and paid out in the same manner as is authorized by the legislative assembly.

Hon. Mr. Hearst introduced a bill for the purpose of making clear that the province is not liable in respect of certain land grants given to the province before confederation. These grants were made for the purpose of opening territory lying between Quebec and Lake Huron, then unsettled wastes consisting of 4000 square miles, but which has long been settled and is now well served.

"These grants, no doubt, have lapsed," said Hon. Mr. Hearst, "but the present bill is intended to prevent any further claims on the province which are still in force."

A. A. Mahaffy, Muskoka, introduced a bill to amend the Public Schools Act. It merely dealt with complications arising from the union of a town with the portion of an unorganized township, and gave power to the town to collect rates under the Debenture Act. Labor's Bill Defeated.

"Lost on division" was the Speaker's announcement regarding Allan Stoddard's bill providing for a universal eight-hour day.

J. T. H. Regan, South Wentworth, heartily supported Mr. Stoddard's bill, but thought that in view of Hon. W. H. Hearst's loud and emphatic statements on the subject, it would be as well to endorse the government's proposition to investigate the whole matter first.

The premier said that a bill would be introduced with respect to the appointment of a commissioner to investigate the new territory in the north country and to spend the \$5,000,000 set aside for the purpose of colonization by the government.

It is still a question as to when the legislative machinery will cease. It may be Easter and it may not be. The premier said that he had dropped the idea of holding morning sessions. Night sessions were enough.

Aviator Killed in Wife's Presence. D'USSELDOERF, Germany, Mar. 26.—The German aviator Kleins to-day fell from a height of 300 feet and was killed. The aviator's wife and child witnessed the accident, the cause of which is not known.

Cured of Shingles and Eczema

By Cuticura Soap and Ointment. Chest Raw, Bleeding and Itchy.

"I just want to say a good word for Cuticura Soap and Ointment. In November, 1909, I had what the doctor called shingles and eczema. My chest was raw and bleeding and itchy. I was that way all winter. It was not so bad in the summer. In September it got worse. I had the best doctors treating me, but did me no good, and I was all run down in the fall. In November, 1910, I got worse again. I sent to you for a sample of Cuticura Soap. You sent it to me and I got a box of Cuticura Ointment. I have used two boxes and on the third one I was cured of shingles and eczema. I am delighted with them and do feel pleased to help anyone who has confidence in them. Should anyone be suffering as I did, I hope that they will do as I did, and get an cure of the results, I am recommending them from experience." (Signed) J. H. Kingston, 7 Am St., Kingston, Ont., May 30, 1911.

For more than a generation Cuticura Soap and Ointment have afforded the most rapid and most economical treatment for itching, burning, scaly and bleeding skin. It relieves itching, soothes and cures. A single set is often sufficient. Cuticura Soap and Ointment are sold throughout the world, but to those who have suffered much, lost hope and are weary of any treatment, a liberal sample of each with 25-p. booklet on the skin will be mailed free, on application. Address: CUTICURA, The J. C. Columbus Ave., Boston, U. S. A.

WANTS CITY TO EXPROPRIATE LAND

Ald. McBrien Has a Proposal by Which He Thinks Toronto Will Be Able to Widen Victoria and Teraulay Streets and Make Large Profits After Work is Completed.

At the next meeting of the city council Ald. McBrien will move that the city acquire the property on the east side of Victoria-street. The alderman has a unique plan in this connection which he will endeavor to have the council endorse. He proposes that the city expropriate all the property involved, to be held until the project is completed. When the street is widened and a new main thoroughfare created he believes that this property could be sold by the city at a large profit.

In view of the congestion of the downtown district the extension of this street, he claims, is absolutely necessary. He proposes that the city take the matter up at once, since a delay will mean an enormous increase in the cost.

Ald. McBrien will also recommend that the city expropriate all the property on both sides of Teraulay-street, and besides the property which will be affected in the proposed extension. If the council agree to his method, he claims that all the property on the street from Queen to College-street could be obtained at a price very little in excess of the value of the land, since only the poorest type of buildings are located on the street.

As in the case of Victoria-street, he proposes that the property be held until the project is finally completed. The property could be sold at an enormous profit to the city.

The alderman claims these are sound business propositions which would afford the city both a secure and a lucrative investment.

Big Sewer Contract. It was announced yesterday that the contract for the Garrison Creek storm sewer will be let in a few days. This sewer, which will be the largest in Canada, will have a diameter of ten feet eight inches at its largest section. It will be laid on Strachan-avenue, from King-street to the lake. At the present time the city has under construction some 20,281 feet of sewers, of which about 15,000 feet have practically been completed.

W. S. Dinnick's avowed intention of erecting a garage at the corner of St. Clair-avenue and Avenue-road has led to a city in a curious situation. The ratepayers in that vicinity have protested against such a building, and the city has as yet refused a permit, tho there are no legal restrictions against a garage in that district. As a result, the city has been warned by Mr. Dinnick's solicitor that unless the permit is granted, legal proceedings will be taken, while yesterday J. T. Loftus, acting for a large land holder in the vicinity, wrote to the mayor stating that proceedings would be taken against the city if the permit were granted.

Pay 50c. and Own an Organ. POPE'S CONDITION REASSURING

ROME, March 26.—(Can. Press.)—The Pope suffered a slight rise in temperature this evening, but his general condition is considered quite satisfactory. The bronchial congestion had diminished and the physicians announced that there was an absence of any alarming symptoms.

The Pope received in the course of morning Cardinal Casimiro Genzari, Mr. Sansoni, bishop of Cefalu, Sicily, and Mr. A. Secchetti, bishop of Smyrna. With the latter he had a long and interesting interview with regard to the situation in his diocese, especially in view of an attack by the Italian fleet.

MEXICAN REBELS GAIN VICTORY. MEXICO CITY, March 26.—(Can. Press.)—Apparently reliable messages received by El Imparcial report a federal rout at Jimenez. Gen. Salas, federal commander, is reported to have committed suicide. Both Generals Blanquet and Telles are reported wounded; other officers were killed and fifty officers taken prisoners to Chihuahua, together with many privates. Orozco, with 164 carloads of rebel soldiers, is reported moving toward Torreon. All federal troops are said to have already retreated to that point.

SEVENTEEN MONTHS FOR CAUS-TON'S SLAYER. RIMOUSKI, Que., March 26.—(Can. Press.)—Eugene Barville, on trial here for the manslaughter of Ludley Causton, manager of Mark Harbour, the pianist, who was killed by a bullet which came thru a window of a coach in which he was traveling from Hall, fax to Montreal on the Intercolonial Railway last fall, was this morning found guilty of manslaughter. The prisoner was sentenced to 17 months in jail.

The MACKAY Treatment For The Cure of ALCOHOLISM

Dr. John M. Mackay's specific medicine for alcoholism is highly recommended by the clergy and was adopted by the government of the Province of Quebec in 1904. His reports of the Courts, 1904-1912—Effective in 93 per cent. of chronic cases—Drunkenness is a disease and should be treated medically like any other. Dr. John M. Mackay's specific medicine cannot and does not fail where a desire to be cured exists and where the Doctor's directions are fully carried out. This Medicine is based on scientific principles—Stimulates craving for alcohol in shortest time—causes no distress or suffering to patients—Has restored thousands of lives to sobriety and contentment.

Dr. John M. Mackay's Medicine can be taken at home privately and without interfering with a man's occupation—No special diet is necessary. The Treatment covers a period of 30 days, but it immediately removes the craving for drink and enables a man to begin a new life with courage and confidence.

Responsive, and within the reach of every afflicted person. The Clergy, Dominion Alliance or W. C. T. U. can obtain the advantage of the medicine for the poor under a benevolent arrangement with the Government. The only treatment officially used by any government. Beware of imitations.

All communications private. Write for booklet and particulars to AN COMMUNICATIONS PRIVATE. Write for booklet and particulars to AN COMMUNICATIONS PRIVATE. Write for booklet and particulars to AN COMMUNICATIONS PRIVATE.

DR. MACKAY'S MEDICINE. 46 St. Lawrence Boulevard, Montreal, King or to THE LEBMING-MILES COMPANY, LIMITED, Montreal. Leeming-Miles Building. Special terms to Druggists, Medical men and Institutions. Arrangements made with municipalities and large employers of labor.

WEDNESDAY MORNING, MARCH 27.

WHERE TORONTO IS WEAK.

The problem of Toronto as a city is not so much that of keeping down taxation as it is of dealing with the problems that confront her in an efficient way. Toronto to-day is the most progressive city in America, and that is something to be proud of. But Toronto is very badly equipped in the matter of government in its two aspects: in the making of laws and in the administration of them. AND WE HAVE NO POLICY.

We have a mayor, a board of control and a council that are not equal to dealing with each question when it comes up and solving it in a big way, and having in view the wonderful development and prosperity that has come to this city. Nor can they handle in an efficient way the administration of our civic departments. We are inefficient in our law making and still more inefficient in our policy, and policy is everything in the government of a city, and we are inefficient in the administration of the different departments.

But if you would be guided by some of the newspapers, you will be led to believe that low taxation is the one thing Toronto wants. The one thing Toronto wants is EFFICIENCY all round, and a BIG POLICY. People will pay reasonable, even high, taxes, if they can get efficiency, efficiency in law making, efficiency in policy, and efficiency in the administration of the different departments.

That's what The World means by a "Bigger Toronto," and that's where Mayor Geary is a gold brick.

IS OUR COUNCIL EQUAL TO IT?

Is the city council capable of carrying out a proposition such as Ald. McBrien suggests? The alderman recommends that the city expropriate the property on both sides of Toronto street in order to hold it until the improvements are completed, when the property could be sold at a large profit to the city. The proposed Victoria-street extension could be dealt with by a similar scheme. If both projects were accomplished in this way the city would reap all the profits which would accrue from the increased prices. The idea is a business-like one. It has been successfully adopted in several English cities, and would be equally successful in Toronto. If it were dealt with on business principles. Will the city council be equal to the occasion?

TRUST THE PEOPLE.

Why cannot the people of Toronto be entrusted with the power to expropriate street railway systems within the limits of their present or future boundaries? It cannot be due to any suspicion that the vast majority of them are not honest, conscientious and just. It must, therefore, be due to an impression that the people generally are not sufficiently intelligent to be safely entrusted with power. This impression influences more public men than one might think possible, especially in Canada and the United States. The public men of Britain do not distrust the people. No British city, and probably no city on the continent, is kept in that state of tutelage which distinguishes so many cities in the United States and Canada, including Toronto.

Few provinces in the Canadian confederation are as yet superior to Toronto either in actual wealth or in population, yet the four hundred thousand people now here, and the million or more soon to be here, must go cap in hand to Queen's Park for every power which should be incidental to their corporate capacity as a great city.

No reason can be given why the power of cities to construct new railway lines, or to expropriate railway lines already constructed by private enterprise, should be limited either by its present or future boundaries. Nearly all cities need power and jurisdiction far beyond their corporate limits for many purposes that will at once suggest themselves to the mind: thus municipal expropriation beyond the city limits, for purposes of water supply and sewage disposal, is an everyday occurrence. Why on earth should there be any quibble or question about this matter of expropriating railways upon the streets of the city as at present or hereafter constructed? Are not the people to be trusted?

NO RELIGIOUS TESTS.

When they were occupied in amending the Queen's University bill, its promoters would have been well advised had they eliminated any reference

TIME FOR THE OWL TO STRIKE.

BRIGHT PROSPECTS AHEAD.

The Christian Guardian, official organ of the Methodist Church in Canada, edited by Rev. Dr. Creighton, in this week's issue says: We are not specially interested in the welfare of any political party either in Dominion or provincial politics, but we think we see bright prospects ahead of the party in Ontario to-day that will stake its future on an "abolish the bar" policy and will commit itself to it wholeheartedly and without reserve. There has been really a marvelous growth of temperance sentiment in the province during the past year, and that growth of conviction must find expression in some advanced movements for temperance reform.

STOP THE EXPORT OF NICKEL.

All the nickel in the world now being mined commercially is to be found in New Ontario. There are nickel mines in New Caledonia, but the American Nickel Trust, which controls them as well as the Canadian supply, has shut down operations in New Caledonia. Nickel is mined in New Ontario and shipped to the United States unrefined, as ore or matte, and is there smelted, refined and worked up until the raw product, worth \$4,000,000, is developed into finished product worth \$50,000,000. The Canadian workmen receive in wages a part of \$4,000,000, while the American working men receive in wages the greater part of \$46,000,000. The nickel is mined by the Canadian Copper Co., which has works at Copper Cliff, Ont. At these works the ore is freed from sulphur and prepared for shipment in billets or mattes to the New Jersey smelters of the parent company. Little of the labor employed at Copper Cliff we should judge to be skilled labor. There children grow who never see a blade of grass, a leaf or a flower. This may be unavoidable, but the dreary aspect of the place is not brightened for a Canadian by the reflection that his fellow-countrymen are doomed to furnish the raw material and perform the cheaper and more primitive processes while skilled and high priced labor is sought for in a foreign land.

WHAT DOES HE KNOW?

What does Albert Chamberlain know about Ontario that warrants him advising the British immigrant to take his tip and not go there? We have to-day seen a letter written to a gentleman in the Toronto reliable source dated Matheson, New Ontario, March 22, 1912, as follows: "About three years ago I was in Toronto. Since then I have taken up a homestead near Matheson, New Ontario. This new country is now open for settlement and there are great possibilities and opportunities here for the man with a little capital and is willing to work. The district surrounding Matheson is conservatively 10,000 acres, watered, awaiting further development. There is room for a great number of settlers. "I trust you will do all in your power to induce the British immigrant to give this country a trial before going further afield, as I assure you they will receive every encouragement from the settlers in this district who are always glad to give any information, and a welcome hand to new arrivals from the old land. "Albert Chamberlain says: The government ought to make ready-made farms and give the fellow without means the chance to pay back, and in this way they would be best advertising agents that any country could have. What rot?"

Through Train to the West, via Chicago and St. Paul.

Personally conducted Grand Trunk special train, commencing Toronto, 10:30 p.m., Tuesday, April 2, for Camrose, Edmonton, and points in Manitoba, Saskatchewan and Alberta, stopping at all points on Grand Trunk Pacific west of Winnipeg. Pullman tourist sleepers will be carried, fully equipped with bedding and porter in charge. Berths may be secured in these cars at a low rate. This is an exceptional opportunity for those wishing to take advantage of the remarkably low one-way settlers' rates or round trip homeseekers' excursions through the American cities. No change of cars. Secure tickets, berth reservations and full particulars from any Grand Trunk agent, Toronto city ticket office, northwest corner King and Yonge streets, phone Main 4299, or write A. E. Duff, district passenger agent, Toronto, Ont.

REALIZE VALUE OF WORLD DICTIONARY.

Teachers Spread Virtues of This Remarkable Book. The fact that prominent among those who are daily telling The World by letter of their satisfaction over the educational campaign which is being waged by this paper through the presentation of the Webster's New Illustrated Dictionary, are many of the teachers and principals in Ontario's public and separate schools should be sufficient to convince you of the true value of this offer. And perhaps this is accountable for the widespread popularity of the new and best dictionary since the opening of the school year. The dictionary was popular on the day after the first announcement of its presentation. It became even more popular when those who had first secured it told the tale of its excellence to their friends and their friends' friends. School children are guided in more ways by the edict of their teachers than they generally imagine, and the dissemination of the dictionary to the instructors in Ontario schools that the World Dictionary is worth having in any home or office has evidently borne its fruit. The home or office in this city and the surrounding country in which the new dictionary is not now a cherished part of the library or office equipment is rapidly becoming a rarity. Why not start clipping coupons today, you members of the Slow-to-make-up-your-mind family? You may be too late if you wait much longer. You consider the fact that The World offers you the dictionary that you would have to pay \$4 elsewhere for six coupons and 98 cents, there should be no hesitation in your mind. In their place the company will issue another book on the market so nicely made of the same book for six coupons and 81 cents, or the \$3 dictionary for 48 cents.

Don't delay this clipping.

There are only a few days more in which to take advantage of this offer. There is no other book on the market so nicely made or so complete in its information. See coupon on page 7.

To-night—Rush 25c.

Toronto Symphony, with Hubert, the great French bass of the Montreal Opera. Rush 25c. Doors open 7.15.

\$10 SEASON FERRY TICKETS.

For the accommodation of those living on the island, the Toronto Ferry Co. has decided to do away with the old form of book tickets, which were of considerable annoyance to many. In their place the company will issue a season ticket for \$10, good from the opening of the ferry service until Oct. 15. These will be in a convenient shape for carrying in the vest pocket or purse and there will be no limit to the number of times it is used daily.

Trust Fund Investments

The prompt payment beyond question of interest and principal is a feature of the Trust Fund Investment. The prompt consideration when investing Trust Funds. The Trust Fund Investment is a safe investment for all who are desirous of making a safe investment for their money. We should like to send you a specimen copy of our Annual Report and all particulars. Your name and address on a postcard are all that are necessary.

ROGERS COAL. A LITTLE GIVES MUCH HEAT. Elias ROGERS Co. Limited, 28 West King Street, Toronto.

New Westminster Is Going Ahead. When Improvements Are Made Harbor Will Be Best on the Coast.

That New Westminster, B.C., is to be one of the best shipping points on the Pacific Coast, with better harbor facilities than Vancouver, Seattle or Tacoma, is the prediction of John Lee, mayor of that enterprising city, who is in Toronto on his return from Ottawa and Montreal, where he discussed the new harbor plans with prominent engineers and government officials. The city intends to build extensive docks, with accommodation for elevators and many new industries. On Lulu Island, which lies in the Fraser River a few miles below New Westminster, there are many acres of land as flat as a billiard table, and the facilities there for shipping grain cannot be excelled. With docks and better shipping facilities on the waterfront of the city itself, New Westminster will possess the finest harbor on the coast, and it will be fresh water harbor. Railways already are building extensive improvements and additions to their lines in the city, the Great Northern, Canadian Northern and G.A.

HUGE PIECE OF MACHINERY. Behind is heavy draught horses, the largest single piece of machinery ever hauled thru Toronto streets was ordered from Simcoe-street railway yards to the Nelson Company's premises on Gladstone-avenue yesterday. The casting is a compressor from Chicago and was made for the local firm's ice-cream manufacture. A special wagon in size and strength, the tires of which measured 12 inches, was required for the job.

FIRST OWL SEEN. While walking along the Lake Shore-road at 3.30 yesterday morning a Ottawa owl was seen on a telephone pole near Jane-street. After several vain attempts to retain its balance the bird fluttered off into the darkness. This is the first owl reported back from its winter abode and it is a sure sign of spring weather.

FREE \$100.00. WIN A PRIZE GIVEN AWAY. And many other Prizes according to the simple Conditions of the Contest (which will be sent).

DOMINION PREMIUM CO., 210 St. James St. (Dept. 602) MONTREAL. Each one of the above four lines of figures spells a word. This most interesting puzzle can be solved with a little study, as follows: There are twenty-six letters in the alphabet, and number 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

LEASE-HOLDERS

Those Who Have 21-Year Agreements Get Ballots on Money Bylaws.

The harsh treatment hitherto handed out to Toronto by the committees of the legislature...

The request, however, to appropriate a property, a portion of which had been affected by some civic undertaking, was not granted.

The provincial secretary thought the proposed legislation too drastic.

The clauses empowering a junior county judge to conduct civic investigations, setting apart any debt created for the construction of municipal street railway from the general municipal debt and increasing the civic appropriation from \$5000 to \$10,000 were all approved.

The city did not get the power to regulate spite fences on account of failure to word the clause expressing its intention.

Leases were held to be eligible to vote on money bylaws.

CONDENSED OPTIMISM

A neat booklet issued by the H. B. Lang Real Estate Company, Quebec Bank Chambers, is well worth perusal.

The writer has adopted the only attitude possible of Toronto's future, and quotes enough statistics to convince any open mind.

BULL RUMORS FLOOR PIT AND WHEAT GOES UP AGAIN

Reports of Export Sales and Alleged Crop Damage Turned Sentiment to Bullish Side--Corn and Oats Follow Lead of Big Staple.

CHICAGO, March 26.—Export sales and alleged crop damage carried wheat prices to-day to a higher level. The close was firm, 1/4c to 1/2c above last night. Corn made a net advance of 1/4c to 1/2c, oats a gain of 1/4c to 1/2c, and hog products became more expansive by 1/4c to 1/2c.

One reason was that California millers had put up the price of flour 40c a barrel, and were proposing another lift because of an active call from Mexico and China. Decreasing stocks of wheat in Liverpool counted also against the bears, and so did Argentine news of unfavorable weather for shipping.

Provisions showed strength all day, but especially after the verdict of not guilty in the packers' case. Northwest receipts of wheat in cars at primary centres were as follows: Week Year To-day ago. ago.

Chicago 1913 1912 1911 1910 1909 1908 1907 1906 1905 1904 1903 1902 1901 1900 1899 1898 1897 1896 1895 1894 1893 1892 1891 1890 1889 1888 1887 1886 1885 1884 1883 1882 1881 1880 1879 1878 1877 1876 CROP PROSPECTS NOT QUITE SO FAVORABLE

Broomhall's weekly summary of foreign crop conditions is as follows: United Kingdom—Outlook for the winter wheat crop is slightly less favorable. The weather for the spring crop is very unfavorable, being too wet.

WEAR BRODERICK Fabrics

For Smart Effects -At Brodericks the smart man will surely find among our new importations cloths that appeal directly to his exacting judgment.

Many of them are exclusively confined to us, and it's mostly these that are being worn in London and New York now.

The newest patterns and shades might be described as subtle and quiet, but they are no less impressive on that account. Prices \$22.50 to \$45.00

113 King St. W. 41 Cheapside TORONTO, CAN. LONDON, ENG.

CHICAGO GOSSIP

J. P. Bickell & Co. from Logan & Bryan at the close of the day reported that the market for the public and the consequent halting in the upward movement in prices has afforded the market an opportunity to digest the volume of stocks which were traded in during the upturn.

Wheat—The market showed a somewhat better undercurrent of activity, but this was confined to the new crop deliveries. There were numerous reports from the west of a heavy damage to winter wheat and it is not prepared to accept a serious amount of damage from that of the spring wheat.

Chicago Markets. J. P. Bickell & Co. Standard Bank Building, report the following quotations on the Chicago Board of Trade:

Wheat—No. 1, 1913, 1912, 1911, 1910, 1909, 1908, 1907, 1906, 1905, 1904, 1903, 1902, 1901, 1900, 1899, 1898, 1897, 1896, 1895, 1894, 1893, 1892, 1891, 1890, 1889, 1888, 1887, 1886, 1885, 1884, 1883, 1882, 1881, 1880, 1879, 1878, 1877, 1876, 1875, 1874, 1873, 1872, 1871, 1870, 1869, 1868, 1867, 1866, 1865, 1864, 1863, 1862, 1861, 1860, 1859, 1858, 1857, 1856, 1855, 1854, 1853, 1852, 1851, 1850, 1849, 1848, 1847, 1846, 1845, 1844, 1843, 1842, 1841, 1840, 1839, 1838, 1837, 1836, 1835, 1834, 1833, 1832, 1831, 1830, 1829, 1828, 1827, 1826, 1825, 1824, 1823, 1822, 1821, 1820, 1819, 1818, 1817, 1816, 1815, 1814, 1813, 1812, 1811, 1810, 1809, 1808, 1807, 1806, 1805, 1804, 1803, 1802, 1801, 1800, 1799, 1798, 1797, 1796, 1795, 1794, 1793, 1792, 1791, 1790, 1789, 1788, 1787, 1786, 1785, 1784, 1783, 1782, 1781, 1780, 1779, 1778, 1777, 1776, 1775, 1774, 1773, 1772, 1771, 1770, 1769, 1768, 1767, 1766, 1765, 1764, 1763, 1762, 1761, 1760, 1759, 1758, 1757, 1756, 1755, 1754, 1753, 1752, 1751, 1750, 1749, 1748, 1747, 1746, 1745, 1744, 1743, 1742, 1741, 1740, 1739, 1738, 1737, 1736, 1735, 1734, 1733, 1732, 1731, 1730, 1729, 1728, 1727, 1726, 1725, 1724, 1723, 1722, 1721, 1720, 1719, 1718, 1717, 1716, 1715, 1714, 1713, 1712, 1711, 1710, 1709, 1708, 1707, 1706, 1705, 1704, 1703, 1702, 1701, 1700, 1699, 1698, 1697, 1696, 1695, 1694, 1693, 1692, 1691, 1690, 1689, 1688, 1687, 1686, 1685, 1684, 1683, 1682, 1681, 1680, 1679, 1678, 1677, 1676, 1675, 1674, 1673, 1672, 1671, 1670, 1669, 1668, 1667, 1666, 1665, 1664, 1663, 1662, 1661, 1660,

Spring Opening Display of Suits, Coats, and Dresses

Garments to be Shown To-Morrow In The Simpson Mantle Section

Our artist has selected four of the numberless Easter costumes and suits that will greet you at the special showing to-morrow. Come just to see them.

If your mind is not yet made up as to what you want for spring, you may find inspiration here. In any case we want you to know the wonderful strides this section has made in style, variety, and practical worth of its stocks. Never before have we assembled so likable a lot of women's clothing, and, withal, at such moderate prices. We will welcome you to-morrow.

Some Words of Particular Description of Garments Shown Above

On the left is a dress made of imported cream serge with a hairline stripe. The waist has an overpiece, insets, and is ornamented with tiny pearl buttons. The new rounded fish net yoke and collar are matched with cuffs and part of sleeve. The skirt has full length inset panel with over side folds. **18.50**
For afternoon affairs, etc. Price

Left foreground; a charming black or navy silk gown, trimmed with pink and rose color dots, made with the new tunic and draped effect. The waist is prettily designed with a V-shaped yoke and collar of dainty pointed lace, and has the new sided surplus over left shoulder, carried down to waistline. Skirt hangs in graceful lines, not too full. Price **35.00**

Pictured on the right is a cleanly designed model in a wool stripe fabric. It has a dainty net yoke and collar, outlined with royal blue satin, buttons and belt to match. The waist is arranged with square self overpiece, and is ornamented with pretty buttons. Price **14.50**

The suit on the right foreground is a chic model in black and white stripes, and is lined with lovely satin in green, cardinal, or cadet. A charming pointed rever collar made of black and white satin is outlined with colored stripe fabrics. The coat fastens at a slight slant with 3 large striped pearl buttons. Sleeves are man-tailored, and have an under-cuff of contrasting shade to match the collar. The coat is slashed at the side with self material running crosswise. Skirt has the wide panel with self strappings, and has the high waistline. Price **45.00**

Some of the Good Things in The Mantle Section

A Fine Collection of Imported American Coats

In misses' sizes, all beautifully tailored and in the newest styles. \$32.50 to \$45.00. Thursday **27.50**

AMERICAN SUITS FOR WOMEN

Regular \$25.00, \$30.00, \$35.00, and \$40.00 Values.

These new arrivals include everything from suits for misses to the "stout" women's sizes with 47 bust. Materials are of latest imported tweeds, serges, and fancy mixtures in navy, tan, blue, Copenhagen, brown, and grey. Very swaggar are these models, as you will agree when you see them. Thursday, all their prices **23.50** are brought down to

AN ATTRACTIVE LOT OF SUITS

Made in newest styles, include tweed, fancy mixtures, and homespuns, cut on semi-fitting lines, with inside collar of silk and fancy trimmings. The skirts are all of the latest design. Splendid value at **15.50**

THE FAMOUS "DURWARD" COATS

Famous for their free cut, careful workmanship, and materials, all of the best. Here in the coat department many models are displayed. Some belted backs, others loose fitting, with turnover collar, to be worn close up to neck, or with long revers. Some are cravenette, in white; others in tones, fancy tweeds, homespuns, and mixtures. A great utility coat for present wear, automobiling, etc. Prices **\$21.50 to \$29.50.**

IN THE SKIRT SECTION

A beautifully tailored skirt of all wool is displayed, of imported coating serge, in black only, made in a plain, six-gore style with high waistline. Price **7.50**
