PROMINENT MEN WILL SPEAK AT VARSITY

Literary Society Proposes to Have Politicians and Others Attend the Meetings and Defend Their Policies, as is Done at Oxford—Mr. Rowell's Address.

President H. C. Hindmarsh of the University College Literary and Scientific Society, at the 69th anniversary open meeting held in Convocation Hall last night, announced that the question would be discussed in the near future of the society turning its attention to political issues and debating them along Dominion party lines. Heretofore speaking on public questions has been indulged in only in occasional debates conducted by the society, and the idea of the organization grappling with public issues and dealing with them along a definite scheme of disposition is a new one for Toronto University students. Mr. Hindmarsh's announcement of the contemplated action was occasioned by the presence on the platform of N. W. Rowell, the provincial Liberal leader, who addressed the students on the subject, "Canadian Autonomy and Imperial Unity."

Fuller Discussions. Since 1880, when Dr. Goldwin Smith delivered an address on a public topic, the Literary and Scientific Society, which is the official student organization of Toronto University, has been inclining toward a fuller discussion by its members of political questions. Mr. Rowell in the course of his remarks referred to the custom at Oxford University of prominent statesmen participating with the students in debates on the merits of the public issues they are championing. Sir Edward Carson and Winston Churchill were mentioned as public men who have recently waged debate with Oxford students.

To the World at the close of the meeting Mr. Hindmarsh declared it to be the aim of the instigators of the proposal to invite prominent Canadian statesmen to the University Ltd's meetings to defend their policies against the criticism of debating teams chosen by the society. If the plan materializes, Sir James Whitney may be drawn into a discussion of bilingualism, Sir Wilfrid Laurier into a defence of reciprocity, or Premier Borden into an argument on proper naval contribution, each against the opposition of picked Varsity debaters.

Approves the Step. President Falconer, in a short speech before the close of the meeting, expressed his approval of the step proposed to be taken by the University Ltd. He said he hoped to see all public or national questions "thrashed out" by the students in the meetings of the society. The material from which future statesmen are to be drawn must necessarily be largely of the university, and for that reason he considered it an especial advantage for the students to take part in public discussions at the commencement of their careers. He would not favor the division of argument along Conservative and Liberal party lines, however, for by that plan

HYDRO CAMPAIGN LAUNCHED IN BRANTFORD

Invitation to Cut Electric Light Bills in Two Stirs Enthusiasm at Fine Rally of Bylaw Supporters—Opponents Are Given a Hearing.

BRANTFORD, Oct. 18.—(Special.)—An enthusiastic hydro-electric meeting was held here tonight presided over by Mayor Hartman. Gordon Wilson, M.P., Dundas; Allan Studholme, M.L.A., Hamilton, and Harry Cookshut, delivered strong addresses, urging the ratepayers to support the hydro-electric bylaw to be voted on Oct. 25 to raise \$115,000. "Cut your electric light bills in two," said Mr. Wilson amid applause, "and get the benefit of the greatest municipal ownership scheme in the world." He produced comparative bills of Brantford and Dundas, showing that this city was paying a greater toll, in spite of the contract held with the Cataract Company guaranteeing rates ten per cent. less. "The only way to make the company live up to its agreement is to turn hydro-electric on," said Mr. W. S. Brewster, M.L.A., and the audience of workmen present heartily applauded.

Some Opposition. Chas. E. Heyd and Lloyd Harris, the latter a Cataract shareholder, delivered addresses opposing the bylaw. Both declared that hydro-electric was expensive in the long run on account of tax increases for debentures. Hon. Adam Beck will participate in the fight here on Tuesday night next. It is now being waged in earnest with the Cataract fighting hard to hold Brantford to itself.

METHODISTS LOST \$50,000 BY REVOLUTION IN CHINA

Remarkable Crisis in Relation to Foreign Missions Owing to Expense Involved in Moving Missionaries From Danger Zone to Coast Towns.

Toronto Methodists are stirred up over a remarkable crisis in relation to foreign missions. A general conference officer went into the matter yesterday with The World. He stated that the revolution in China had cost the Canadian foreign mission fund fifty thousand dollars. This was chiefly for travelling expenses in transporting the missionaries from the interior to the ports and bringing some of them home. The result is that the board is faced by increased demands for men in China, also for enlarged work in Japan, and is without funds to send even one additional missionary either to China or Japan.

The fund of about seven hundred thousand dollars has by the custom of the board to be equally divided between the foreign and the home mission fields. The mission board has sole control over the foreign work, but while it administers the home mission finances it has no jurisdiction over the establishment of new mission stations. They are under the absolute control of the annual conferences. The consequence is that the home mission work has been so rapidly developed in the Canadian west, that the home mission demands dominate the situation, and hold up an increase of the foreign mission staff.

Immigration Still Increasing

OTTAWA, Oct. 18.—(Can. Press.)—During the six months, April 1 to Oct. 1 of the current fiscal year, 278,849 immigrants arrived in Canada. Of this number 183,890 arrived at ocean ports and 94,959 from the U. S. These figures show an increase of 12 per cent. as compared with the number of arrivals for the corresponding months of last fiscal year, which were 188,814 at ocean ports and 83,817 from the U. S., a total for the six months of 242,631 persons. During September this year, there were 11,140 arrivals, 690 of them having been at ocean ports, and 10,450 from the States as against 28,000 for September last year, 37,893 of whom were at ocean ports, and 11,484 from the States.

HEAVY FIGHTING REPORTED ON FRONTIER

Reports of Successes of Balkan Allies Received With Scepticism, However, Owing to Vagueness of News—Greece's Determination to Fight is Blow to Turkey.

CONSTANTINOPLE, Oct. 18.—(Can. Press.)—Heavy fighting is reported to have been in progress throughout the day in the region about Kirk-Kiliseh, northward of Adriaupole, where large forces were engaged on both sides.

SOPIA, Oct. 18.—(Can. Press.)—The Bulgarian army today occupied Kourkiza, an important strategic point near Mustafa Pacha, which is in European Turkey, twenty miles northwest of Adriaupole.

BELGRADE, Oct. 18.—(Can. Press.)—There were great rejoicings here today over the report that the Serbians had entered Old Serbia, and were advancing in the direction of Skup. It is doubtful, therefore, that they have yet reached Pristina.

LONDON, Oct. 18.—(Can. Press.)—Turkey's endeavors to detach Greece from the confederation of Balkan states have failed. Greece declared war against the Ottoman empire today, all the allied ministers left Constantinople and the allied states notified the powers in a note detailing their complaints that a state of war with Turkey exists.

Reports of fighting, such as the capture of Pristina by the Serbians, and of a heavy battle at Mustafa Pacha, probably are in advance of the real facts. There has been for some time an active censorship of military news in all the near eastern capitals, and little is known of the dispositions of the various forces. All such reports of fighting, therefore, must be received with a measure of caution, as it is impossible they are spread and allowed to be telegraphed abroad from interested motives.

Adriatic Strategic Point. The greatest struggle will be for the possession of Adriaupole, the capture of which by the Bulgarians would leave the road open to Constantinople. All that is known positively is that fighting, probably between advance guards, is proceeding on all the frontiers. No further news has been received as yet from the Scutari region, where the Montenegrins have been operating against the Turks.

Departing Ministers Not Molested. CONSTANTINOPLE, Oct. 18.—(Can. Press.)—The departure from Constantinople of the Balkan ministers was not attended by any hostile demonstration. M. Sarafoff, the Bulgarian minister, and M. Kiyevsky, the Greek minister, embarked on Austrian Lloyd steamers bound respectively for Varza and Piræus, while Dr. J. Nandorovich, the Rumanian representative, sailed on a Rumanian steamer for Kustendie. The other members of the diplomatic corps here saw the departing ministers off, and a crowd of Greeks swarmed upon the quay. The behavior of the Turkish populace was commendable.

CLIQUE MAKING SCAPEGOAT OF BECKER?

Jack Sullivan, "King of Newsboys," Swears Gamblers Avowed Willingness to "Frame Becker, Waldo or Mayor" to Save Own Lives—Evidence Thrown Out.

NEW YORK, Oct. 18.—(Can. Press.)—Jacob Releh, known as "Jack Sullivan, King of the Newsboys," indicated with the four gamblers, the murderer of Herman Rosenthal, tried to unfold on the witness stand at today's session of Police Lieutenant Becker's trial, his version of an alleged conspiracy by gamblers to kill Rosenthal and "frame up" Becker for the murder. Through the defence planned to go far in proving their contention that Becker had nothing to do with the murder, but was himself the victim of a conspiracy.

But much of Sullivan's story was untold. That part which Justice Goff permitted him to relate was based upon testimony already given by the state's witnesses, Rose, Webber, Vallon and Scheppe. Sullivan not only denied portions of their testimony relating to Becker's participation in the alleged conspiracy to murder Rosenthal, but declared that after the murder Webber and Scheppe told him they were going to "frame Becker and turn him over to the district attorney."

Must Make Becker Scapegoat. These two men told Sullivan, according to his testimony, that they "would frame Becker, Waldo or the mayor," if necessary to save their own lives. They told him, he swore, that the electric chair was starting them in the face and that their only chance to escape it lay in convicting Becker. Sullivan became as petulant as a child when Justice Goff narrowed his testimony to contradictions of that of the previous witnesses. Again and again he begged the court to "give me ten minutes to explain this thing." Once he asked for a chance, "not only for my sake, but for God's sake."

Immunity Not Assured. District Attorney Whitman, Becker's prosecutor, was virtually forced on the stand as a witness for the defence immediately before Sullivan had testified stipulations with Rose, Webber, Vallon and Scheppe, before they agreed to turn state's evidence. The meat of these stipulations was not disclosed, but Mr. Whitman, agreeing to produce them in court, swore that he had not promised the four immunity. Former District Attorney Jerome and Police Commissioner Waldo preceded Mr. Whitman. Mr. Jerome, who had been heralded as an important witness for the defence, was permitted to answer one question. He was not allowed to testify that he had heard Becker call out Rose at Harry Polka's home the night of the murder. Rose testified that he had called Becker on the telephone at Becker's home and that the conversation was of an incriminating nature.

Point for Becker. Commissioner Waldo testified that he, and not Becker, had ordered a policeman stationed in Rosenthal's gambling place after Becker had raided it. The state has sought to prove that Becker did this as personal revenge. Commissioner Waldo was not permitted to say whether Becker had requested a transfer from his post as head of the "strong arm" squad. The defence claims that Becker sought the transfer, fearing that he would be killed by gamblers for his zeal, and that he did not relish the work.

STRUCK BY CAR MAN MAY DIE

While Crossing Yonge Street, Unidentified Man Was Hit by Street Car and Probably Fatally Hurt.

An unidentified man lies in St. Michael's Hospital in a critical condition as a result of being struck by an Avenue road street car about 3.50 last night. The accident occurred at the corner of Yonge street and Wilton avenue. The man was crossing the street when the car struck him. He was removed in the police ambulance, but up till 2.30 this morning had not recovered consciousness, and his recovery is doubtful.

Resignation Accepted, Says Monk to Montreal Friends

Political Circles in Quebec Do Not Appear Greatly Agitated Over His Withdrawal—Liberals Are Discreetly Silent—Monk's Adherence to Principles Praised.

MONTREAL, Oct. 18.—(Special.)—Hon. F. D. Monk phoned friends here today that his resignation had been accepted by the leader of the party and he will be a private member when the house opens next month. There is a good deal of comment in the newspapers over the so-called crisis but there is absolutely no excitement in political circles over the resignation of the minister of public works. Mr. Monk is getting bouquets for standing to principle but his friends hint that he was tired of the increasing details of office work and was only too glad to get out. Most people give him credit for sincerity and most people also say he has displayed bad judgment, as some other good man will step into his shoes and the incident will be forgotten in a few days. Le Devoir, Mr. Bourassa's paper, says he could not have acted differently and adds that Nantel and Pelletier will have to follow suit.

As for the Liberals, they seem to be laying low and abiding their time. Hon. Rodolphe Lemieux saying today that it was a family quarrel in which he had little interest. This afternoon Hon. F. D. Monk wired E. A. D. Morgan, Conservative candidate, that he would be heart and soul at his disposal in Richelieu. The ex-minister's attitude on the stump will be at least interesting.

Fireman Hurt in Street Car—Hose Wagon Collision is Rallying—Irwin is Pulling Thru. Harry Hamilton, one of the firemen who were injured in a collision while answering a call on Thursday night, is still in a critical condition at the Parkdale Hospital. Last night he took a slight change for the better, and the doctors now hope to pull him thru. George Irwin, the other fireman, has fine chances of recovery.

Alfred Grant, who was injured in an explosion at the Niagara Leather Goods Company's plant on Tuesday, is still in a critical condition at the Western Hospital. The other man, Ernest Broughon, is doing nicely. Alex Reg, shot some days ago in West Toronto, is recovering at the Western Hospital.

MAGISTRATE IS ACCUSED OF PLOT

Alleged Failure to Punish Election Personators as Law Provides Leads to Action.

WINNIPEG, Oct. 18.—(Can. Press.)—W. H. Trueman, counsel for the defeated candidate in the Macdonald-by-election, today entered an application in the court of appeals to bring up Magistrate McMeekin for trial for conspiracy to defeat the ends of justice. The case will be heard next Friday morning in the court of appeal before the full bench, six days' notice being required. Notice, together with several affidavits, was served on the magistrate at the provincial police court. The above case has arisen over the case of the two personators in the recent by-election, Tom Morris and Robert Stout, who were reported as being nominally fined instead of being fined and imprisoned.

Catherine Titt, aged 3 years, whose parents live at 107 Brunswick avenue, received fractures of the skull and right arm yesterday afternoon about 4.15 when she was knocked down by one of Euton's delivery wagons near her home. She is resting easily in the Hospital for Sick Children. The little girl was being pushed along the road in a baby carriage by Harvey Harrington. The boy, who is only four years of age, became frightened and abandoned Catherine, when the rig was approaching.

MONK ALONE IN DESERTING CABINET

Nantel and Pelletier Show No Sign of Willingness to Follow—L. G. Marchal Regarded as Likely Successor—House May Open on Nov. 21.

OTTAWA, Oct. 18.—(Special.)—Hon. F. D. Monk is apparently not worrying about his disagreement with the prime minister and his colleagues over the naval situation.

"I am at the mercy of rumors just at present and what can I do?" was his laughing rejoinder when The World correspondent asked him tonight regarding his coming resignation. "When I resign I will tell you," he promised, after he had shown a readiness to discuss any other question but the one in which he is now the centre of attention. Mr. Monk attended the cabinet session today. There is apparently no foundation for the report that Hon. A. B. Nantel will follow in Mr. Monk's wake when he leaves the cabinet. Neither Hon. Mr. Nantel, minister of inland revenue, nor the Hon. L. P. Pelletier, postmaster-general, has the slightest intention of resigning. Marchal's Name Prominent. L. T. Marchal of Montreal is prominently mentioned as Mr. Monk's successor in the event of his retirement from the cabinet.

The date for the opening of parliament has not yet been officially announced, but it is now generally understood that this will take place on Nov. 21. That Mr. Borden will immediately ask for an emergency contribution of \$30,000,000 there is now every reason to believe.

CITIZENS WANT BETTER WATER

Ward Seven Ratepayers Propose to Fear an Epidemic of Typhoid if Situation is Not Remedied.

For the purpose of threshing out the water problem and hearing Dr. Hastings' views on the subject, a mass meeting of the residents of Ward Seven has been called by the West Toronto Ratepayers' Association in Annette Street School on Monday night. The members of the association believe that they are menaced by a typhoid epidemic unless the present water situation is remedied at once. A recent report from the M. O. H. shows that the residents drank water with 160,000 bacteria in it. This was water drawn by the Swansea pumping station at the foot of Ellice avenue. On the same day as this test was made, Sept. 25, the city water showed a count of only 130. Even after the chlorination process typhoid germs were present in the Swansea water.

What the residents of West Toronto want to know is why they are forced to drink Humber Bay water when they are paying taxes on the filtration plant and also city taxes. In addition to this they have to pay taxes for water from Humber Bay which is forced upon them. They have invited Dr. Hastings and his colleagues to be present at the meeting and advise them as to the best method by which they can get out of the water difficulty. Professor Alexander of Toronto University will take the chair and several citizens are expected to comment on the situation.

LABOR AND MILITARISM. Montreal Meeting of Workers Endorses Keir Hardie's Attitude. MONTREAL, Oct. 18.—(Can. Press.)—Following a characteristic speech by Keir Hardie on "Labor Problems and Remedies" at the Assistance Publique Hall tonight, two resolutions were passed by those assembled to the effect that the working class of Montreal puts itself on record against any attempt to fasten military or naval burdens, either direct or indirect, upon Canada, and that the international labor unions, the independent labor unions, the labor Socialist party, and the social democratic party should get together in committee to organize another party in which all the workers could express themselves politically.

MISS WYLIE ADVISES WOMEN TO DEMAND ALL THEIR RIGHTS

Should Send Delegation to Ottawa to Let Premier Borden Know They Are Prepared to Strike and Demand Equal Rights With Men, She Says.

Miss Barbara Wylie, the militant representative of the British Women's Political Union, now touring Canada, addressed a gathering at the Guild Hall last night under the auspices of the Toronto Women's Suffrage Association, which inaugurated its winter season last night.

With a stirring address and a convincing manner she declared that women would not get proper treatment until they forced the hands of the present administration, and after 45 years of ladylike action, no material benefits had accrued to women. Therefore, the time had come when militant tactics were absolutely necessary. She declared the terrible havoc being wrought by the white slave traffic, which was receiving very little notice from the governments, and ridiculed the tendency of present day politicians to meddle with domestic affairs, assuming the positions of authorities on such matters. She urged the women to fight for political equality, because it was the only way out of the conditions under which they have to live, and until they had obtained the electoral power which is their right, they should not hold their peace.

Serious Position. "The position of the woman of today is a serious one," declared Miss Wylie, "because she is forced into the labor market to compete with men, to do the same work, but for smaller salaries, and it is these unequal terms which makes it hard. Under these circumstances, we see the weaker being handicapped, whereas under normal conditions, the weaker should be assisted by the stronger.

"Since workmen have been enfranchised, their wages have gone up 50 and 60 per cent, while the remuneration according to the female sex has in many cases been lowered, and in the majority of instances never has been raised at all. If the vote is such a useless thing, why is it the men have used it to legalize their trade unions with the subsequent economic rise and the women have been forced to stand still.

Minimum Wages. "The made government employees have forced the government to insert minimum wages clauses in all government contracts, but they only apply to men's labor. Women who do the same work have to be content with lower wages, and it is on this account that we are demanding the vote in order to afford them the necessary protection and force the government to a proper sense of justice.

Miss Wylie also declared that women must have the vote in order to gain self-respect and are entitled to say who shall represent them in parliament. "We want to fight the white slave traffic because it is a question which makes every woman burn with shame and indignation, being either degraded and insulted in such a manner.

Away With Slums. "We want to do away with slums, because you in Canada have them, and give you going to allow that danger to

increase to the dimensions to which it has reached in the older countries? We demand the vote because we want to help the little children and the aged, which we can only do by having equal rights with men. We want our interests to go side by side.

The speaker made a survey of female suffrage legislation in the old land, and how they had been foiled by the present administration through questionable strategy. She told of the assistance given by women in the general elections of the past, and how the political agitators had placed so much reliance upon them, but when they demanded the vote, were told that their place was in the home, but by their taking advantage of the women's assistance in a political fight, they had undoubtedly proved that a woman's place was also where she was doing something good for man outside it, and if the women who had engaged themselves in political fights only had held together, they would have had the vote long ago.

It Was Their Duty. Miss Wylie explained their reasons for bringing the shop windows, so-called innocent shopkeepers. She said: "They had used their vote to improve their own economic conditions. They have taken advantage of all the power the franchise has given them, but they have never turned a hair to assist women's suffrage, therefore they are accessories to the government's actions, and under these circumstances they are not innocent, and it was our duty to break their windows.

"The only way to secure peace, is to be prepared for war," she continued, "and every Canadian should be ready to strike, and let Premier Borden and his colleagues know it. You are going to have a redistribution of seats, etc. You should send delegations to Ottawa to demand other justice, and if the government resorted to subterfuge, such as statements that legislation stands in the way, demand that such acts be repealed, because practically the whole of the parliament's time is taken up in dealing with legislative measures null and void.

Hunger Strikes. She stated that the hunger strikes in British prisons were not resorted to merely to shorten their terms, but because it was the only weapon which could be used, to force the authorities to treat the suffragettes as political offenders.

"We have been sentenced to prison for inciting to violence, but such men as Sir Edward Carson and F. E. Smith have stated that if home rule is passed, they will convulse the country, and yet they have not been arrested. The Conservatives have made an unfortunate move in this regard, because when they return to power, they cannot remind us of violence without being acquainted of the work in which we are engaged.

"In closing, she urged that human qualities were human qualities and there could be no separation between men and women on this account, therefore they had a right to human treatment.

DIRECTORS SEEK TO IMPROVE THE FAIR

At Meeting Yesterday a Large Program of Changes Was Passed, Including a Recommendation for Electric Cars—News Stands Allowed to Remain.

Among numerous schemes for the improvement of the fair grounds next year the board of directors of the Canadian National Exhibition recommended that electric cars be operated on the grounds in order to provide a means of transportation from place to place. It was also decided that every effort should be made to complete the entrance and the roadways which would provide access to the gate. The dates for next year's exhibition were fixed as Aug. 23 to Sept. 3 inclusive. It is proposed to have the grounds more of a public park during the summer months and numerous improvements will be inaugurated next year for the convenience of picnic parties. As a shelter for inclement weather it is intended to throw open the horticultural building to the public. Certain portions of other buildings will be rented as concessions during the summer period and the directors believe that the large number of pleasure seekers who visit the grounds justifies a good rental being charged. It is also proposed to put the grand stand field in good condition for polo, football and baseball games.

The committee decided to recommend that the plans of the Toronto Housing Co. to divert Spadina and Balm avenues be not endorsed. A deputation of residents of Albemarle avenue again protested against the diversion and the committee were convinced that the diverted streets would have a bad effect upon the neighboring district.

A deputation of residents from the northern section of Ossington avenue protested that they were being charged with the work of raising the grade of their street, which alleged improvement was really a detriment to their property.

Controller Church admitted yesterday that he would be a candidate for mayor next January irrespective of what action the council would take on Monday. The controller maintains that as vice-president of the council and because of his appointment as acting mayor during Mayor Gear's absence he has the best claim for the position during the balance of the year.

Dr. Hastings proposes to have a thorough inspection made of moving picture shows, theatres and churches with a view to insisting upon better ventilation systems. Numerous complaints have reached his office, especially regarding the atmosphere of the picture theatres, and the medical health officers think it is time to take definite action before the cold weather sets in.

CEMENT WORKERS

After eight years of disorganization the cement workers of Toronto held a meeting in the Labor Temple last night for the purpose of reorganization and the launching of a new union. The spirit of the workers was a good attendance and already more than sufficient workers are in line for the securing of a charter. As there are more than 1000 cement workers in Toronto, with proper organization, the union should prove exceptionally strong. A policy will be definitely decided upon at the next meeting.

Sunday School Association, Which Opens in Hamilton Next Week, is in Fine Financial Shape, and Report Will Cause Enthusiasm—Record Attendance Expected.

Enthusiasm will run high at the record-breaking Sunday school convention at Hamilton next week, when the finance committee's report is presented.

For many years the Ontario Sunday School Association carried a heavy load of debt which has steadily diminished since the appointment of Secretary Halpenny.

The financial statement will show that this year's surplus current expenses has almost wiped out the association's indebtedness, and assures a clear credit balance at the next annual convention.

Over One Thousand Delegates, in addition to the 400 regular delegates from the Hamilton district, credentials have been issued from the Toronto headquarters to over 600 visiting delegates.

The convention will elect a Presbyterian as president for the coming year. The choice is made by the convention on the report of a nominating committee. Who the next president will be is always one of the interesting uncertainties of the convention, but the nominations represented alternate in securing the presidency. Each president on retirement from office becomes a life vice-president.

To Meet Visitors, members of the Hamilton reception committee will meet delegates at the railway station.

The convention opens at Hamilton on Tuesday morning with parallel sessions in St. Paul's Presbyterian and James street Baptist Churches.

WHO'S AFRAID?

NESBITT LEAVES HOSPITAL

But ex-President of the Farmers' Bank Has Not Recovered.

Dr. Beattie Nesbitt, on bail, charged with fraud in connection with the Farmers' Bank, was able to leave the hospital where he has been confined for two weeks. His friends say that he is still far from well.

The assizes for which Dr. Nesbitt's trial is held open on Nov. 11, but it is doubtful whether he will be well enough by that time to appear.

The Sunday World

Last week 76,500 copies of The Sunday World were printed, and they were all sold. In fact, the edition was exhausted early, and tonight the press run will be 80,500. These figures are eloquent of success. This week The Sunday World has an unusually good list of features. It will consist of three four-color sections, eight pages of high-class illustration and a news and sporting section covering the week-end events up to the last minute. Lou Skuce has given us an artist's conception of the Toronto girl arrayed for the fall season. The press work on this page excels anything ever attempted in Canada.

The pictorial section contains pictures of the principal news events of the week. The front page covers the celebration of the centenary of the battle of Queenston Heights and the death of General Brock. Other subjects pictorially treated are: Women's Art Association reception to arena artists, the home rule protest demonstration, new lord mayor of London, world's series baseball, church parade of Toronto Garrison, varsity inter-faculty meet, Hunt Club gymkhana, ladies' golf championship, Don Valley scenery, Weston Prize Band, married in riding habit, besides a host of miscellaneous features.

Kenneth Douglas writes of Canada's first child-welfare exhibit, the West End Creche; while all the other regular departments will be found unusually interesting.

STIRRING CALL TO BULGARIANS

Tears of Balkan Slavs and Groaning of Millions of Christians Cannot Be Borne Longer.

SOFIA, Bulgaria, Oct. 18.—(Can. Press.)—A striking proclamation to the Bulgarian nation has been issued by King Ferdinand. It opens with a reference to Ferdinand's peaceful reign of twenty-five years, and says he had hoped that it would have so continued, "but Providence judged otherwise."

"The moment has come," it says, "when the Bulgarian race is called upon to renounce the benefits of peace and to have recourse to arms for the solution of the great problem. Beyond the Rilo and Rhodope Mount. tains our brothers in blood and religion have not been able until this day, thirty-five years after our liberation, to obtain conditions of life that are bearable."

The tears of the Balkan Slavs and the groaning of millions of Christians could not stir our hearts and the hearts of our co-religionists. After the massacres of Istip and Kotschana, instead of according justice and satisfaction, Turkey ordered the mobilization of her military forces. Our long patience has thus been put to a rude test.

"The humanitarian sentiments of Christians, the sacred duty of encouraging their brothers when menaced with extermination and the honor and dignity of Bulgaria have imposed upon us the imperative duty of calling to arms Bulgaria's sons. Our work is just a great and a sacred one."

For Human Rights, "With faith in the protection and support of the Almighty, I bring to the cognizance of the Bulgarian nation that this is a war for human rights. I order the brave Bulgarian army to march on to Turkish territory. Forward! May God be with you."

Today special services are being held in all the churches for the success of the Bulgarian arms. The queen, the ministers and other dignitaries were at the cathedral when a "Te Deum" was sung.

aries were at the cathedral when a "Te Deum" was sung.

TURKISH DEEDS OF BLOOD. The Turkish massacres of Bulgarians at Istip and Kotschana, to which King Ferdinand particularly refers in his proclamation, occurred on Dec. 8, 1911, and Aug. 2, 1912.

At Istip, as a sequel to the explosion of a bomb in a mosque, when twelve Moslems were killed and a number wounded, the Turkish troops wreaked vengeance on the Christian Bulgarian inhabitants. They accused them of participating in the explosion.

CEETEE

PURE WOOL UNSHRINKABLE UNDERWEAR. LOOK FOR THE SHEEP ON EVERY GARMENT.

Worn by the Best People Sold by the Best Dealers. Many people have remarked on the peculiar name given to this Underwear, which has earned the reputation of being the best pure wool underwear made. It might be interesting to some to explain the origin of the word. "CEETEE" Underwear is manufactured by The C. Turnbull Co. of Galt, Limited, a firm founded a little over fifty years ago. The present Manager, Mr. C. Turnbull, adopted the idea of practically attaching his signature to every high-class pure wool garment turned out on their special machines for full-fashioned underwear. He, therefore, used his initials by putting them into words CEE (C) TEE (T), and surrounding the words with a drawing of an Australian Merino Sheep, from the wool of which every garment of "CEETEE" is made. To-day the word "CEETEE" on any garment is practically Mr. Turnbull's personal signature. It means that it is guaranteed absolutely unshrinkable and made from nothing but the finest pure Australian Merino wool. THE C. TURNBULL CO. OF GALT, LIMITED, - GALT, ONT. ESTABLISHED 1859. Also manufacturers of Turnbull's high-class ribbed underwear for ladies and children, Turnbull's "M" Bands for Infants and "CEETEE" Shaker Knit Sweater Coats.

SENATORS DROP ALL THREE GAMES

Stanleys Spill Five-Pins in Good Form — All the Bowling Scores.

At the Toronto Bowling Club last night the Senators, champions of the T. B. C. Fivepin League last year, and without the services of their Christy Mathewson of the league last season, Tom Lister, set all three games to their arch-enemies, the Stanleys. Outside of the rolling of Johnny Howden, who totaled 422 and who also performed in evening dress, having discarded his well-known green sweater, the rolling of the "Senator" was featured for the Stanleys, Charlie Boyd and Eddie Croft were the big doers, with 472 and 411, respectively, in the latter's amazing high single with an 185 count in the last game. With 50, Frank Warren, also for Stanleys, was third high for the night.

THRILLS AT BIKE RACES

Two Marks Smashed on First Night at Arena — Some Spills — The Results.

The Arena got its sporting opening last night when the bicycle riders, pro and amateur, provided a grand card to rather a small crowd. All kinds of excitement was dished up for the spectators, and they participated to the utmost of the game with a will.

Every well-known pedal pusher of America, Australia's best and representative from Italy and France whirled round the highly banked saucer track. Two Canadian records were smashed and the time in every event was up to the average.

Frank Kramer, champion of the world, set a new mark when he did the quarter-mile from a flying start in 26.3 seconds.

The inviolable open pro race was ridden in 44.4 seconds, and was over some in this country.

McDougal of the N. Y. A. C. amateur champion of the world, defeated Walter Anderson, a Canadian, in two straight heats in the special match race at half a mile.

Another special program of pro and amateur races will be put on tonight. The results:

Half-mile handicap (amateur), first three in each heat compete in final, first heat—1, Art Watson, Leamings; 2, N. Robinson, Salem; 3, Doc Morton, T. B. C. Time, 1:06.2.

Second heat—1, C. Mercer, Salem; 2, Brady, Eastons; 3, H. Simons, Time, 1:05.2.

Third heat—1, Donald McDougal, Newark; 2, F. B. Hays, T. B. C. Time, 1:04.4.

McDougal of the N. Y. A. C. amateur champion of the world, defeated Walter Anderson, a Canadian, in two straight heats in the special match race at half a mile.

Riverdale High School held their annual cross-country run on Thursday afternoon. As usual, it was a grand success and attracted a large gathering of friends and students. The race was started at three o'clock by Prof. Crawford, the principal of the school. The course was about five miles, commencing at the school, thence easterly to Gerrard and Greenwood, south to Queen, along Queen to Bayview, up Bayview to Greenwood to Bayview, west to Jones, down Jones to Bayview. At the conclusion of the race, prizes were awarded in the school.

Fight to Finish For Bilinguals

MONTEREAL, Oct. 18.—(Special.)—"Face to face with the enemy, we will go right to the bitter end." This lofty sentiment has nothing to do with Bulgaria, Montenegro or Turkey, but is culled from an article in L'Action Sociale, the Quebec clerical organ, in discussing the bilingual situation in the Province of Ontario.

"English-Canadians," adds the paper, "who treat our Ontario brothers as agitators and rebels understand nothing of the nobility and justice of the French-Canadian cause in the sister province."

Ty Cobb Says Few Final Words About Red Sox and Giants

(By Ty Cobb.)

(Copyright 1912, The Press Co.)

NEW YORK, Oct. 18.—The Boston team, as I predicted, won the world's series of 1912, but not by near the margin that I expected. The Red Sox refused absolutely to play up to standard and really New York deserve lots of credit for the game they put up.

The Boston completely forgot their team work and hustle, which characterized their all-season play. They are a good offensive and defensive club, and every American League partisan expected them to make a better showing. The American League is satisfied with a victory over the National, every close observer was disappointed with the Boston showing in not winning the game in a more decisive manner.

The Red Sox were extremely lucky in losing out to the Giants in the last game, as Matty held the Sox close, but his support crumbled and he was unable to hold the appointment of the series from an American League standpoint, when Wood was dismissed in Boston, when the Giants scored 5 runs in one inning.

Wood, however, came back in the last game, holding the Giants close, his team mates getting a victory for him after eight innings and ended badly. The Red Sox's rally and winning of the last game gave Wood the credit of winning three out of the series.

The stars of the series for the Red Sox were Hooper, Wagner, Yerkes and Speaker on the offensive and defensive. Hooper and Murray were the bright particular stars for the Giants. But Doyle, Myers and Devore did good work. Mathewson's pitching was great and he deserves all of credit for the way he baffled the Sox. Wood's work was very sensational, he showing a wonderful fast ball and a quick-breaking curve. His control was good.

SATURDAY MORNING, OCT. 19, 1912

HATS OFF TO MONK.

Mr. Monk is a gentleman, a scholar, and a man of honor. He proposes to keep his word in politics—is leaving the government in order to keep his word to his electors. That's something. Mr. Monk has another good trait—unusual in the lawyer politician: like Sir James Whitney he is full of human nature. And so his rather unusual and much-to-be-desired resignation is going out of the government. If men would leave governments for principle, and make protests in parliament on account of principle, we'd have much better government in this country.

Mr. Monk is not quarrelling with his late colleagues: he leaves them fairly and on notice, and he makes an issue with them and asks the people to judge. Moreover he says he will abide by the decision of the people if the issue be sent to them.

THE MISFORTUNE OF IT.

Brantford Expositor: Our veracious contemporary says there is no politics in the hydro-electric matter. There certainly ought to be none, and it is unfortunate, from this point of view, that its chief advocates in this city are the most active among the Conservative politicians.

And it is equally unfortunate, from this point of view, that its chief opponents are the most active among the Liberal politicians.

TILE OR IRON?

Are the interests not getting a little more than their share of influence in the settlement of the iron and tile drain question? The wholesale condemnation of the drains is not justifiable from the facts. It is true that tile drains are sometimes used, not properly vitrified and sometimes cracked, and it is true that the saying is often carelessly done. Contractors are allegedly about gasket and inspectors are more lenient to the contractors who tip them than to the city which pays them. But iron pipes are faulty as well as tile, and can be as carelessly laid. The life of a properly laid, sound tile drain is vastly longer than that of an iron pipe, especially with the amount of electrolysis that has now to be encountered.

Some latitude, at all events, should be left and with proper inspection there need be no fear of not getting the most satisfactory results from drain pipe. To insist on iron pipes in every instance is to add an unnecessary element to the h. c. o. l.

DRAMATIC CENSORSHIP.

If the police censorship of literature and the drama was a farce it is unlikely that any further proposed censorship would be anything more than a burlesque as it has been in Toronto. The most recent appointment to the office is of a man whose own plays are most notorious. The whole policy of censorship seems to be to strain at gnats and swallow camels.

If a censor be appointed for the Toronto drama it is to be presumed he will spend his time in the towns in which the plays are appearing which are subsequently to be seen in Toronto.

He cannot attend six or seven different entertainments on the same evening unless he has learned to divide up his extra vehicles as they are said to do in India, and in that case the evidence would not be accepted by the courts.

A dramatic and literary censor is about as much needed in Toronto as a censor for the press. Public decency will not tolerate journalistic viciousness, and public decency will not tolerate stage lewdness if it knows of it. If there has been indecent behavior in any theatre in Toronto it is because the management was aware that it would be winked at, and the class of people who patronize such a house are not likely to protest.

The way to cure any difficulties of the sort referred to is to give the managers to understand that only clean and unobjectionable shows will be permitted in Toronto. There is perhaps only one or two exceptions at present to the rule that this standard is carefully observed. A censorship over the houses whose managers conform to the standard set to a slight to them and a slight to the city. If the police will act on the initiative of the press or of such public men as legitimately take an interest in such questions a censorship will be quite unnecessary.

COLONEL ROOSEVELT'S CHANCES

While the attempted assassination of

Colonel Roosevelt and the serious wound he received would under any circumstances have prompted a large volume of public sympathy, his personal hold on the people of the United States will be largely and generally increased by reason of the marked courage and coolness he displayed, and still more for his instant solicitude for the protection of his assailant. The valiant never taste of death but once, a sentiment placed by Shakespeare in the mouth of Julius Caesar, is equally appropriate to the ex-president, who, indeed, has looked the grim spectre in the face not once, but several times. This last incident in his remarkable career will certainly count in his favor at the presidential election now little more than two weeks distant.

Straw votes taken all over the country may not deserve much reliance, but such as they are, indicate a strong and continuing drift in his favor in many, and some important states. He is considered to have an undoubted lead in Illinois, Michigan, North Dakota, Oregon and Washington. Even his opponents concede his chances in other states west of the Mississippi. The New York Herald's straw poll in thirty states showed President Taft a bad third, and a gain by Colonel Roosevelt each week on Wilson, who, however, was ahead in most of the states. Much will depend on the silent vote, about which there is the usual difference of opinion. The Progressives are, however, confident that it will be mainly cast for Colonel Roosevelt, and that he will emerge from the contest with the requisite majority of votes in the electoral college.

AGAINST ASSASSINATION.

After the assassination of President McKinley, the United States Congress passed an act imposing the punishment of death for any attempt on the life of the executive head of the republic. As Col. Roosevelt is not now president, that penalty cannot be exacted and he would certainly be the last man either to ask for its extension or even to prosecute his would-be murderer. From the information already gathered it appears that Schrank belongs to a family with an hereditary taint, and the probability is that he will expiate his offence within an easy term for the criminal insane. Experts are said to have found him responsible for the deed, which it does not require Col. Roosevelt's evidence to prove. But, judging from the incoherent writings found in his possession, a jury would be fully justified in placing Schrank under restraint for the remainder of his natural life.

National Chorus is Not Being "Sent" to England.

Editor World: On behalf of the National Chorus and its proposed trip to the old country next year, I wish to correct the impression conveyed by "G. F." in your paper of yesterday to the effect that the National Chorus is being "sent" to England.

Quite the contrary is the case. The National Chorus is going to England by the invitation of the Imperial Choir of London, which consists of 5000 voices and represents the united strength of all the choral societies in that city, some dozen or more in number. With the Imperial Choir, Lord Strathcona has joined in the invitation, together with such prominent English musicians as Sir Alexander Mackenzie, Sir Frederick Bridge, Sir Hubert Parry, Sir Henry Wood, and many others. In fact, the Imperial Choir already have planned to give a joint concert in conjunction with the National Chorus on next Dominion Day.

In accordance with the express wishes of those above named, who perhaps enjoy quite as much musical eminence as anyone in Chicago, Boston or New York, our president, Sir Henry Pellatt, and those associated with him, have generously undertaken to establish the nucleus of the large amount necessary to finance our tour. In recommending that we receive a grant of \$2500 from the city, Mayor Geary and the board of council did so in the full knowledge of the above circumstances and the City of Toronto is being asked simply to contribute its share of the recognition with which public-spirited citizens have already come forward.

It is not necessary for me to mention the name of any other Toronto chorus in connection with this matter. The National Chorus has served a noble and a useful purpose in the community for ten years, and it has reached its present state of efficiency thru the self-sacrifice of Dr. Albert Ham and those

associated with him. The fact that it has deserved the compliment of an invitation to sing in London is perhaps the best evidence of true usefulness rather than artistic pretension.

A CRECHE CAMPAIGN.

The West-end Creche Club was opened in 1909. The need then was very great. Since then the work has doubled itself, and would have been quadrupled but for lack of space.

Every day children and mothers are turned from its doors with a cry of no more room.

Every day employers are refused workers on the same plea.

The present premises are most unsuitable and totally inadequate.

At the present moment it is the only institution of this nature in the west-end of the city.

Nothing the directors who constitute the board of management have done good work in the past three years. They have paid their way and managed to accumulate \$7400.

The Creche does not pauperize, it helps the poor to help themselves.

TO ADMINISTER ESTATE

Committee Appointed to Take Charge of H. F. Syer's Estate.

Mr. Justice Sutherland yesterday ratified the appointment of a committee to administer the \$23,500 estate of Henry F. Syer of Barton Township.

Mr. Syer fell from his wagon in January, 1911, receiving injuries which affected his mind, his condition becoming so serious that he had to be taken to the Hamilton asylum. He still suffers from a delusion that his food is being tampered with, and that he is being robbed. He has a wife and four children.

HARVEST SERVICES.

The annual harvest thanksgiving services will be held in St. Bartholomew's Church, corner Wilton and Blair avenues, on Sunday, at the morning service Rev. Frank Vipond, and at an evening service Rev. Wm. Farran will preside. Proceeds of collections go to diocesan mission fund as usual.

HOSPITAL FOR INCURABLES.

The annual meeting of the board of the Hospital for Incurables will be held on Friday, Oct. 23, at 3 p.m., at 129 Dundas street. The chair will be occupied by Sir John A. Macdonald, and addresses will be given by Sir Edmund Osler, Controller, McCarthy and others. The friends of the hospital are cordially invited.

ST. GEORGE'S CHURCH, JOHN ST.

St. George's Church, John street, will hold its annual harvest festival services tomorrow. The preacher at the morning service will be the rector, Rev. R. J. Moore, and in the evening the Rev. E. A. McIntyre, rector of St. Alban will occupy the pulpit. Special music will be rendered by the choir at both services.

SEVERE EARTHQUAKE SHOCKS.

WINNIPEG, Oct. 18.—(Can. Press.)—At 8 o'clock this morning the observatory at St. Boniface College recorded a series of severe earthquake shocks which Father Blain places at about 2000 miles due west.

ENJOYING THE BEST OF HEALTH

Fruit-a-tives Cured His Rheumatism

PROF. J. F. DAVIS.

I want to say to the people of Toronto and elsewhere that "Fruit-a-tives" is my only medicine and has been for the last four years. Previous to that I had been very much troubled with Rheumatism and Kidney Disease, and had taken many remedies as well as unwelcome applications of salt bags, etc., without getting satisfactory results.

Nothing the advertisement of "Fruit-a-tives" I adopted this treatment and, as everybody knows, "Fruit-a-tives" is a pure, natural, and safe medicine. It has cured my Rheumatism and Kidney Trouble. I am now in perfect health.

Prof. J. F. Davis, the celebrated teacher of dancing and deportment in Toronto, is quite frank in stating that "Fruit-a-tives" alone cured him of Rheumatism and Kidney Trouble.

Trial

Before Eriton, J. Walker v. Westinghouse—F. D. Boggs, K.C., for plaintiff. J. B. McCall and J. F. Keith (Cohour) for defendant. Motion by defendant for an order for judgment of 10, 10, in 3th con. Hamilton, and defendant is owner of adjoining lot 9, and plaintiff complains that defendant has diverted the natural flow of surface water and caused it to flow over lands of plaintiff. Plaintiff brings his action for damages and for an injunction for the removal of the dams and obstructions and the filling up of the ditches constructed by defendant. Therefore, even if the plaintiff admitted that no damage has so far been sustained, none whatever, and the claim for damages was abandoned. Therefore, even if the plaintiff is right in his contention as to flow of water and its diversion by defendant, the injunction as to future acts of the defendant of the same or similar character to those complained of, should be refused, and the plaintiff left to recover damages, if any, in an action at law. As the defendant was somewhat arbitrary, I relieve plaintiff to some extent of costs of defence. Action dismissed with costs fixed at \$100. Thirty days' stay.

Divisional Court.

Before Falconbridge, C.J.; Britton, J.; Riddell, J. Home Building and Savings Association v. Pringle—C. H. Cline (Cowan) for defendant. F. A. Magee (Ottawa) for plaintiffs. An appeal by defendant from the judgment of Sutherland, J., of July 11, 1912, dismissing a motion of defendants to open up the report of the local master at Ottawa, judgment in the facts are not fully disclosed either on the material before us on the argument or on the further material furnished us, we do not think we should determine the rights of the appealing defendants at the present time. We should do no more than call the attention of the master to the rule laid down in Fisher on Mortgages, 2d

Edie-Douglas v. Hitch—J. Caldwell (Ottawa) for defendants. F. A. Magee (Ottawa) for claimant. An appeal by defendants, Hitch & Co., from an order of the local master at Ottawa in a mechanic's lien action of Sept. 4, 1912. Argument of appeal resumed from yesterday and concluded. Judgment reserved.

McKeown v. City of Ottawa—W. N. Ferguson, K.C., for defendants. A. E. Frupp, K.C., for plaintiff. An appeal by defendants from the judgment of Middleton, J., of June 15, 1912. This is an action by Miss Florence McKeown to recover \$6000 damages for injuries from falling into an open manhole in the street, alleged to have been left uncovered by the negligence of defendants. At the trial judgment was awarded plaintiff for \$2000 and costs. Appeal dismissed with costs.

ITALY GENEROUS TO BEATEN FOE

Peace Treaty's Terms Avoid Humiliating Turkey and Allow Unexpected Concessions.

OUCHY, Switzerland, Oct. 18.—(Can. Press.)—The final draft of the treaty of peace between Turkey and Italy was signed at half-past three o'clock this afternoon.

The peace treaty by no means is one-sided or couched in such terms as usually are imposed by victor upon vanquished. Not only have Turkish susceptibilities carefully been safeguarded in the text of the treaty, but the Ottoman plenipotentiaries have succeeded in obtaining from Italy concessions regarding captivation (judicial jurisdiction over Moslems) and customs duties as well as a disguised indemnity.

Upon these concessions Turkey depends generally to offset the decree of the sultan granting independence to Tripoli and Cyrenaica without even a hint of recognizing the right of Italy to assume sovereignty over them.

Full Economic Independence. The treaty consists of eleven articles. In the sixth article Italy engages to conclude with Turkey, when that country renounces her commercial treaties with other powers, a treaty of commerce on the same basis as those with the other European powers.

It is provided, however, that the above shall be effective only when the other powers agree to similar treatment of Turkey.

In the tenth article, Italy engages to pay annually to the Ottoman public debt a sum equal to the average revenue for three years preceding the war received by the public debt from Tripoli and Cyrenaica.

That by using it on a weak their lower intestine is kept thoroughly clean, pure and sweet, as Nature intended it to be.

How Man's Efficiency Has Been Increased By the J.B.L. Cascade

Over 200,000 people have found this new method of Internal Bathing keeps them always up to "Concent Peak."

That biliousness, with its attendant nervousness, "blueness" and depression, no longer pulls down their efficiency, but they are capable—also that the serious ills of constipation (appendicitis for instance) cannot progress where the J. B. L. Cascade is used.

It is aptly termed "Nature's Own Cure for Constipation," for its operation is just as safe and natural as washing your hands.

Until recently the J. B. L. Cascade has been obtainable only by mail to its inventor, Charles A. Trissel, M.D., of New York City.

The demand for it now, however, has become so universal, through the recommendations of those who are using it, that it has been decided to place it in the hands of leading druggists throughout the country.

The J. B. L. Cascade is now being shown and explained at the Owl Drug Stores, 770 Queen East, 491 Parliament street, 282 College street, 1631 Dundas street, 950 Bathurst street, 1218 Bloor West, 22 Yonge street, and also at Rutherford's Drug Store, 2 King East.

They are also distributing a very interesting booklet on Internal Bathing called "Why Man of Today is Only 50 Per Cent. Efficient," which can be obtained on request, without cost, by writing to the inventor, Charles A. Trissel, 445, 280 College street, Toronto.

New York American, Oct. 18: Of special interest to the old Knickerbocker set was the marriage yesterday of Miss Ruth Sands, daughter of the late Philip J. Sands, to Mr. Charles Wark of Toronto, Canada. It took place at noon at the home of her mother, No. 28 East Seventy-fifth street, which was decorated with autumn leaves and chrysanthemums. The Rev. Dr. Percy Stickey Grant, rector of the Church of the Ascension, performed the ceremony, which was witnessed by relatives and a few intimate friends. Miss Sands made a charming bride in her gown of ivory satin and old point lace veil. She was given away by her mother, who wore gray brocade trimmed with lace, and a black hat. Mrs. Edgard M. Church, who was her sister's only attendant, was in taupe satin and wore a black velvet hat with feathers. Seton Henry attended Mr. Wark as best man.

BRANT TEACHERS' OFFICERS.
BRANTFORD, Oct. 18.—(Special.)—Brant County Teachers' Association elected the following officers here today at the close of a most successful convention: President, D. H. One Cause of Bad Complexion the Cure
(From Family Physician.)
"Look at a section of skin under the microscope and you will readily understand why cosmetics generally injure the complexion," says Dr. H. Robert MacKenzie. "The skin, smooth as it looks to the naked eye, under the glass exhibits a lacework of tiny holes, mouths of myriads of little glands. To keep the skin healthy, these holes must be unobstructed, that the perspiration and natural oil can have free outlet. Should the glands be blocked up with irritating, gritty particles, a common result of using powders and creams, Nature realises by causing redness, roughness, blotches or pimples."
"As a substitute for all cosmetics I recommend ordinary macerated wax. It not only does what the various face preparations are supposed to accomplish, but its peculiar absorbent action frees the pores from the daily accumulation of impurities, also absorbing the oxydized particles of surface skin. This produces a natural, healthy, youthful complexion. One ounce of the wax, to be had at any drug store, usually suffices to rejuvenate the poorest complexion. It is put on with cold cream and washed off mornings."

19 OCTOBER
IF THIS IS YOUR BIRTHDAY
You will be anxious about material things, especially business ventures, but the signs are propitious, and a successful outcome is indicated.
Those born to-day will possess courage and will try to carry out plans of their own. In this they will usually succeed. Faults to guard against are obstinacy and a tendency to go to extremes.

Eight Years of Bad Eczema on Hands

While Prince Danilo, eldest son of the King of Montenegro, is fighting the Turks in the Balkans, another Danilo is making desperate love, or rather trying to avoid the inevitable results of his unconquerable passion for Sonia, "The Merry Widow," whose millions the Marquis's diplomat hope will save the country from bankruptcy.

The current interest, therefore, of the lavish, new production of the great operetta will be keen. It is said that no expense has been spared in making this new version even better than any Mr. Savage has offered. This may readily be believed when one considers the magnificent production with which this reliable manager has always offered his perennial, "Prince of Pilsen," on its frequent renewals. The Lehar operetta was not given last season. Mr. Savage does not intend that this masterpiece of production shall become trite from overdoing.

In "The Merry Widow" identically the part when "The Merry Widow" will give the performance here as appeared two seasons ago. Among these were many who played the parts in the original production of the New Amsterdam Theatre, New York. Mabel Wilber, the sweetest widow of them all, will again play the role of Sonia. She has been so closely identified with the part that with the lay-off of the great operetta last season, she also rested and spent some months studying in Europe. While there Miss Wilber selected some new Paris gowns for wear this season.

Prince Danilo will be played by Charles Meakins. He was also in the part when "The Merry Widow" was last played here. He has played in the Lehar operetta opposite Miss Wilber ever since both were cast for it. F. J. McCarthy, an original of the original, will also be present, and Oscar Figman is again Baron Popoff. Among the others will be Arthur Woolley, Olga Taylor, Vernon C. Williams, and their son, Lon Clark, Jr., J. D. Miller, Cynthia Perot, Peggy Thompson, Minnie Ollen, Kent Elliott, Viola Napp, Anca Gerlin, Shirley Love, Corina Branner, Margaret Latham, Betty Stone, Lois Rudd and Louise Cook.

"The Littlest Rebel."
At the Princess Theatre Mr. William Farnum will play in "The Littlest Rebel" Monday evening, under the direction of A. H. Woods. This play is designated as a military drama in four acts by the author, "The Littlest Rebel" is the story of a play concerns little Virgie Cary, daughter of a Confederate scout, who is being pursued by the Federal forces under the command of Lieut.-Col. Morrison. Cary is visiting his home when the troops close in on the house and he escapes. The house is burned and he is on the ground. Later Mrs. Cary dies, and the little girl is living alone in a deserted cabin near Richmond, except for each of his life, pays her from time to time when he brings her such food as he is able to obtain. It is on one of these visits that he is surrounded and hides in the loft of the cabin, instructing little Virgie to tell the "Yankees" that he has gone. When the soldiers break through the door and enter the room they find the little tot sitting alone at a table playing with her doll. A vain search of the house is made, and Col. Morrison, who is in command of the searching party, questions Virgie. She, with adorable cunning and arch baby talk, fools the officer into believing that he is hiding in the loft of the house. The hiding place of her father is discovered, and Col. Morrison commands him to come down. He is about to hand his prisoner over

to his men to be taken to headquarters, but the little girl pleads so pathetically for her father, that the Colonel relents and allows Cary to escape, supplying him with a pass for himself and the little girl thru the Federal lines to Richmond. On their way to the southern capital they encounter a skirmish during which the southern scout saves the life of his benefactor, Col. Morrison. Their friendship is betrayed and they are brought to General Grant's headquarters, where they are tried by a courtmartial and sentenced to death. Cary as a spy and Morrison as a traitor. Little Virgie Cary appears before General Grant and makes a pathetic plea for the life of her father and Col. Morrison. The general orders an investigation which results in the final release of both men. Mr. Farnum will be seen here with his original superb New York cast. The battle scene, which is said to be one of the most realistic seen upon the stage. "The Littlest Rebel" will remain at the Princess Theatre for one week.

Canadians Too Fond Of Pleasure Seeking
"Alas and Alack!" Says British M.P. In Effect—Gone Are Stern Old Scottish Virtues.

LONDON, Oct. 18.—(C. A. P.)—A remarkable indictment against Canada was made by Mr. Alfred E. Hutton, Liberal M.P. for Morley Division, Yorkshire, at the autumn assembly of the Congregational Union now being held in Manchester. Twenty years ago, he said, he found Toronto a remarkably good sized Scottish town such as Aberdeen. He did not think anybody would then have dared to whistle on the Sabbath. He wished he could say that that was the worst thing today in Toronto. There was now a feverish state of affairs and as much excitement and pleasure seeking, and general disregard of conservative Scottish instinct as in any American city. This change was noticeable through Canada from the Atlantic to the Pacific. The desire to get rich quick seemed to pervade Canada. It was ten times more difficult for religious work to make progress in Canada than here.

It may be noted incidentally that Mr. Hutton himself is not a poor man. He has two apartments in fashionable Arlington street, two houses in York-gate, and is a member of the exclusive Brooks and Devonshire Clubs.

MOTHERS NEED CONSTANT STRENGTH
To Care for the Growing Family, and Her Household Cares.

When there is a growing family to care for and the mother falls ill, it is a serious matter. Many mothers become on the go from morning to night, whose work, apparently, is never done, her body tries to disguise their sufferings by headaches and backaches, Braggins, their nights are often sleepless, and they arise to a new day's work tired, depressed and unrefreshed. Such mothers should know that these sufferings are usually due to a lack of good nourishing blood. They should know that the thing which all others they need to give them new health and strength is rich, red blood, and that among all medicines there is none but equal Dr. Williams' Pink Pills for their blood-making, health-restoring qualities.

Every suffering woman, every woman who has a home and family to care for should give these pills a fair trial, for they will keep her in health and strength, and make her work easy. Here is strong proof that these pills do what is claimed for them. Mrs. Henry Thomas, Dryden, Ont., says: "When my second child was born I scarcely walk across a room. My baby was small and weak, and I cried and worried night and day until I discovered that the child was starving, as my nurse had turned almost to water. My husband got me a supply of Dr. Williams' Pink Pills, and he was talking them. The first beneficial effects were noticed in that my child began to thrive as my nurse began to improve. My baby grew better and better. It was not long until I began to feel the improvement myself, and I daily gained in strength, and my baby was growing very rosy and fat. I continued using the Pills while I was nursing him and found myself with all my nursing women, especially if weak or run down."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50. Dr. Williams' Medicine Co., Brockville, Ont.

Among the others will be Arthur Woolley, Olga Taylor, Vernon C. Williams, and their son, Lon Clark, Jr., J. D. Miller, Cynthia Perot, Peggy Thompson, Minnie Ollen, Kent Elliott, Viola Napp, Anca Gerlin, Shirley Love, Corina Branner, Margaret Latham, Betty Stone, Lois Rudd and Louise Cook.

"The Littlest Rebel."
At the Princess Theatre Mr. William Farnum will play in "The Littlest Rebel" Monday evening, under the direction of A. H. Woods. This play is designated as a military drama in four acts by the author, "The Littlest Rebel" is the story of a play concerns little Virgie Cary, daughter of a Confederate scout, who is being pursued by the Federal forces under the command of Lieut.-Col. Morrison. Cary is visiting his home when the troops close in on the house and he escapes. The house is burned and he is on the ground. Later Mrs. Cary dies, and the little girl is living alone in a deserted cabin near Richmond, except for each of his life, pays her from time to time when he brings her such food as he is able to obtain. It is on one of these visits that he is surrounded and hides in the loft of the cabin, instructing little Virgie to tell the "Yankees" that he has gone. When the soldiers break through the door and enter the room they find the little tot sitting alone at a table playing with her doll. A vain search of the house is made, and Col. Morrison, who is in command of the searching party, questions Virgie. She, with adorable cunning and arch baby talk

POTATO CROP IS A FAILURE

Excessive Rain Has Had the Effect of Rotting Potatoes, and Prices Will Be Higher Than Usual.

"Plenty of apples and grapes, with little or no change in prices" was the sum of the conditions existing at the fruit market yesterday.

The prices were: Peaches, 40c and 50c; pears, 25c to 30c; tomatoes, 25c to 30c; grapes, 15c to 17c per basket; apples, \$2 to \$3 per barrel.

The potato crop gives promise of being a failure this year, owing to the excessive rain. Potatoes which were in good condition when put into the bags are completely rotten when they arrive in Toronto a few days later. Judging from present indications potatoes will be considered a luxury before the next crop comes in.

INVESTIGATE GIRL'S DEATH.

It is probable that the circumstances surrounding the death of Miss May Davis, a stenographer, who lived with her sister at 20 Salem avenue, will be investigated by the chief coroner.

Miss Davis was taken to the Toronto Isolation Hospital at 6:30 Tuesday evening, suffering from an acute attack of diphtheria and died just two hours after her arrival, before anything is said to have been done to relieve her.

When going to Ottawa or Montreal, Travel Via Canadian Pacific Railway.

BRIAR HILL PARK

INVEST IN A HIGH-CLASS RESIDENTIAL DISTRICT

The rise in values of property in residential sections of assured exclusiveness is almost unlimited. The Rosedale district is a good illustration.

BRIAR HILL PARK offers a similar investment to-day to those who buy now. The class of houses being erected in Alexandra Gardens, the adjacent property, gives the surest indication that wealth and refinement are making their home in this section.

The proximity to Alexandra Gardens, to the new site of McMaster University—the convenience of the Yonge street Metropolitan line, and the proposed Avenue Road and Bathurst street car lines—these are vital factors which should influence you to buy.

Inspect the property Saturday afternoon—our automobiles are at your command. You will enjoy an afternoon in the park. Make an appointment NOW.

OLD ORCHARD GROVE

The Last Chance to Get High Class Land at a Low Price

A Beautiful Spot. A fine, level stretch of 26 acres, on the very top of the plateau, just west of the Rosedale Golf Club, just adjoining Melrose Park, just behind the splendid estate of C. W. Beatty on Yonge street, and surrounded on all sides by a charming landscape. It is positively the choicest selection of suburban property to be found anywhere at the price.

In the Centre of the Most Rapidly Developing District in North Toronto

As a place for a home, no spot can surpass it, and as an investment, we express the opinion that in a year a person ought to more than double the money invested. This property is so located as to be only 5 to 10 minutes' walk to the Metropolitan cars.

Close to Cars; Water, Sewer and Electric Light When Needed

It is the desire of the owners of this property to make a quick sale, so instead of \$18 per foot, as at first intended, the property will be offered—"first come, first served"—at \$14 per foot upward. The terms, too, have been made extremely easy for this high-class property.

Easy Prices and Easy Terms— That Will Insure a Quick Clean-up of the Property—\$25 Down and \$10 per Month

If you have any idea whatsoever of making an investment in suburban property, this is the place, and NOW IS THE TIME.

Let us show you this place. Our motors will take you to Old Orchard Grove and back in a very short time. Name the time and place to suit your convenience; the motor will call for you.

DAY'S DOINGS IN YORK COUNTY

FARMERS WANT TRENCH CAVED, HYDRO POWER

Residents of Toronto Township Have Signed a Petition for Presentation to Hon. Adam Beck.

One hundred Toronto Township farmers have already signed a petition for hydro-electric power. Following a conference with Mr. Connor...

The rules offered the farmers are much cheaper than those formerly announced, owing to the recent reduction made by the commission. The cost per horse power per year will be \$28 plus...

Richmond Hill

Chas Comsky has purchased a farm at Aurora, formerly known as the Russell farm. The price paid was about \$11,000.

Bewick Weidick, who recently sold his farm at Langstaff, has purchased James Kirby's 20 acres between Maple and Teston for \$13,000.

AURORA

Owing to an injury to his knee, received about two weeks ago, J. Davidson, who has had charge of Sir William Mulock's farm for the past twelve years, has given up his position and gone to Collingwood for rest.

Rev. H. H. Allen of Toronto, who accepted the call to the pastorate of the Protestant church here, completed his pastoral duties last Sunday. He has rented the house on Victoria street, until recently occupied by L. L. Hartman.

MISSION TO LEPERS.

Miss S. I. Hatch, superintendent of the Ramachandrapuram Asylum for Lepers in India, is to address the regular monthly meeting of Toronto Auxiliary of the Mission to Lepers in Toronto Bible College, 110 College street, on Monday afternoon, Oct. 21, at 8.30.

Miss Hatch has spent a good many years of faithful service among the lepers in India, and just before leaving for Toronto, received the Kaiser's Hind Medal, which is awarded in recognition of useful service rendered in or for India. This is a singularly appropriate honor and Miss Hatch is one of the very few who have received it.

Miss Hatch also received a gold medal from the municipality in recognition of her many years' labors in the Co-Canda District.

This is Miss Hatch's last meeting in Canada before leaving for India on the 25th.

WHEAT MARKET ADOPTS A FIRMER UNDERTONE

Prices Gradually Work Upward on Improved Domestic Position — Export Demand More Active — Corn and Oats Close Higher.

CHICAGO, Oct. 18.—Wheat traders fought shy of the market today desirous of the readiness with which offerings were absorbed. An advance resulted, the market closing steady 1-2c to 3-8c over last night. Corn gained 1-4c to 1-1/4c; oats advanced 1-8c to 1-4c and provisions varied from 10c decline to a rise of 2-1/2c.

Wheat came higher notwithstanding heavy receipts in the northwest. The bulls ignored also reports that Russia kept tending freely at cheapening rates. Liberal export sales in Chicago as well as at Kansas City and the Atlantic seaboard formed the offset. Rain and snow were said to have become general in the Canadian fields.

Eastern call from the west led to an upturn in corn. Cash grades were strong. Expected increase of arrivals prevented sales from showing more than moderate sympathy with other grain.

Despite much realizing by holders provisions averaged higher. Corn strength was largely responsible.

Timiskaming is In Good Condition

Shows Credit Balance of \$341,118—Only \$55,000 Due on North Dome.

The Timiskaming Mining Co. reports its financial position as follows: The company has cash in banks amounting to \$255,650.40. There is a sum of \$45,300.25 of cash on hand, in the smelters, and there is \$34,211.20 worth of ore on hand. Open accounts receivable and stocks on hand together with insurance and taxes unexpired bring the total to \$428,458.35, when the open accounts payable and the \$55,000 balance of deferred payments for the North Dome stock is deducted, leaving a balance in favor of the mine of \$341,118.66. The payment of the dividend entails the deduction of \$17,000 which will yet leave a very comfortable balance in the possession of the company.

TIMISKAMING ON UP-GRADE

Expectations of a rather unfavorable financial statement to be submitted by the Timiskaming Mining Co. at its meeting yesterday with the sending out of the dividend cheques and the accompanying balance sheet, the credit at the mine, after deducting an amount of \$55,000, the deferred payments due on the North Dome, was \$341,118.66. The stock rolled to 36 1/2 following the announcement, and was freely tipped for a rise after the close of the market.

EXPECT A BONUS ON HOLLINGER SHARES

Edward Cronyn & Co. in their weekly market letter draw attention to the fact that the first dividend to be declared by a Porcupine concern will be paid by the Hollinger. They state that this disbursement has been authorized by the directors and add that they believe the company will, in addition, give its shareholders a bonus.

THIS MINING STOCK RISES FROM \$1 TO \$10

The stock of the American Mining and Exploration Co., listed on Paris Exchange, has advanced from \$1 to \$10 a share since last November. Company owns alleged bonanza mines somewhere along the gold coast of Africa. Arthur William Kelly, brother-in-law of Frank Gould, is secretary.

UNCLE SAM'S MINERAL OUTPUT LAST YEAR

The government estimate places 1911 gold production in the United States at 475,000 fine ounces, valued at \$29,830,000, and silver production at 209,200,000 fine ounces, valued at \$22,515,700. Value of gold was greater than in any year except 1909, when it reached \$29,873,400. Figures for 1910 were \$26,288,100 gold and \$20,854,500 silver. In 1911, California led all states with gold worth \$18,928,800 and Nevada in silver with \$12,400,000.

MINING MARKET SHOWS DEFINITE FIRMNESS

Porcupine and Cobalt Stocks Give Indications of Straining at the Leash—Jupiter Up Five Points —Hollinger Back Again.

Despite the fact that the mining market made no particular progress on its upward movement, the undertone yesterday was decidedly firm. There was considerable profit-taking on the recent bulge and the fact that prices showed such readiness under pressure of this nature was accepted as a good augury for the future. In the Porcupine stocks Jupiter came to the front with a sharp advance and some of the other cheaper issues showed marked steadiness. Hollinger, however, was a shade weaker on the incoming of liquidation.

There was steady buying of the high-class Cobalts, with the result that the recent advances were maintained practically to their full extent. Brokers have been drawing attention of late to the profitable opportunities for investment in this class of issues and it is assumed that material amount of money has been put into these securities. Meanwhile the reports from the Cobalt camp are highly optimistic.

Hollinger at \$14.00 showed a decline of 15 points from Thursday's high level, but a like advance over its low point of that day, consequently the decline was accepted as altogether insignificant. Since the shares in the last week or so have risen full 100 points, it would be only natural to look for profit-taking from time to time, and such remarkable firmness must therefore be accepted as an indication of the conservative power of the market.

The cheaper list showed some irregularity, but in the main dominant firmness marked the action of prices. Jupiter rose five points to 33 1/2 on heavy buying for Montreal account. Firmness regarding the action of prices regarding development of the property. Pearl Lake was steadily absorbed around 27 1/2, just a shade under its recent high, and closed with none on offer under 26. Vipond showed an improved tone, reaching 22 1/2, a gain of half a point. Big Dome was a prominent feature, with an advance to 33 on the curb.

Public Buying Cobalts.
In the Cobalt list there was excellent buying of shares which have been in the limelight of late, with their advances, bearing witness to the character of the movement. City of Cobalt rose a full point to 23 and Timiskaming rose half a point to 28 1/2 on the result of the excellent statement. Beaver was up to 42, a new record, and the market advanced to 26 and Peterson Lake both advanced to 24.00, while Crown Reserve sold at \$3.00, its recent high, and closed at \$2.75.

The market on the whole showed decidedly favorable action and at the close gave evidence of prices straining at the leash on the incoming of a new demand.

SLUMP IN LA ROSE DUE TO MANIPULATION

COBALT, Oct. 18.—R. E. Watson, manager of the La Rose and a director of the company, stated this afternoon that there is absolutely nothing in the present market which would justify the company in the sale of its shares to the public. This issue has been in splendid demand lately and reports of a recent sale of 25,000 shares of Timiskaming rose to 28 1/2 on the result of the excellent statement. Beaver was up to 42, a new record, and the market advanced to 26 and Peterson Lake both advanced to 24.00, while Crown Reserve sold at \$3.00, its recent high, and closed at \$2.75.

SPURT IN JUPITER

Jupiter rose some five points to 33 1/2 in the stock markets yesterday, thus pinning up a new high record since last April. Precedent shows that every list of the stock market has advanced sharply on the incoming of buying orders from Montreal. The head office of the company is in the eastern centre, and Montreal is the market, as demonstrated by the insiders, seems to be given out to friends of the company who were sent to the mine at the recent annual meeting by a by-law was passed authorizing the removal of the office to Toronto.

WHY AND WHEREFORE OF CROWN RESERVE MOVE

A despatch from Montreal last night hinted that the upturn in Crown Reserve, which sold as high as \$3.50 in yesterday's markets, was due to the fact that the company had struck a two-inch stringer with silver values averaging 9000 ounces to the ton at the 150 foot level on their Cobalt property. Despite the fact that the executive office is in Montreal and the above statement may be inspired, local opinion tends to the belief that the recent buying by the insiders has been due more to the highly favorable showing of the Porcupine holding than to any developments at Cobalt. The McEnaney is fast making good an already famous name up as one of the big producing mines of the gold camp.

Porcupine and Cobalt Stocks Bought and Sold

We will be glad to furnish information regarding the different properties.

ADVANCES FORECASTED

During the revival period in the mining market we would recall to clients the stocks we have brought to their notice as profitable purchases and their present market value. JUPITER, in yesterday's market, advanced 5 points, information, this stock rising to 33 1/2, a rise of 6 1/2 points since Monday. Extreme advances are followed usually by a reaction on profit-taking, and we would therefore advise against buying on sharp rebounds. We still think that the present prices. They are both worthy of the consideration of investors and speculators, and we wish our clients to record this opinion.

LA ROSE AND TIMISKAMING

La Rose, in a recent statement, shows about \$1,750,000 of immediately available assets and Timiskaming, after providing for the control of the North Dome and paying the present dividend of \$75,000, has similar assets of about \$275,000. These are facts that cannot be denied, and we therefore say that the stocks of either of these companies have almost no speculative increment in their present prices. They are both worthy of the consideration of investors and speculators, and we wish our clients to record this opinion.

South Lorrain Mine Installs a Plant

Explored—Shaft is Down One Hundred Feet.
COBALT, Oct. 18.—The plant ordered for the Kissinging property in South Lorrain is now on its way to the mine. It consists of a boiler and hoist and will be started at this property in place of the hand drilling which at that depth has been done to date. The shaft on the Kissinging is down for a depth of 100 feet. It was started on the vein which stayed in at that depth. The shaft was continued to the 100 foot level by hand drilling and with the arrival of the plant, the work of

In This Matter of Men's Dress

We are peculiarly equipped to satisfy your every need. Our stocks are complete in every section. Choice will not be better before Thanksgiving. The newest fall colorings and designs are shown in Suits, Overcoats, Hats and Furnishings.

We offer you a quick and courteous service and an unparalleled choice of styles and prices in garments that were made to suit your figure.

Hefty Men's New Fall Suits

Many fleshy men think that the only way they can procure a suit is to go to the tailor, leave their measure, fuss and fume over the fitting, and come away only partly satisfied. We specialize in Stout Men's Suits. They are made by specialists, who know how to proportion correctly these garments. They are perfect fitting and well tailored. The material used in one of these suits is English brown tweed, striped pattern, medium dark color; cut single-breasted style. No matter what your size may be, 44 to 50 breast. Price 10.50

Stout Men's Suit, made from a fine English worsted, in gray, showing a very modest pattern; is neat and durable; cut single-breasted, three-button style, and well lined. The very best workmanship. Price 17.00

Our \$15.00 Suits For Men

Never before have we offered such strong values, such excellent materials, such good-fitting, stylish Men's Suits for \$15. These suits should sell for more, but we keep them up to a high standard, and are not looking for large profits. Blue suits, made from fine twill English worsteds; black suits, from English worsteds and chevots; men's blue suits, from unfinished mill serge with rough surface; men's plain gray and plain brown suits, from English worsted; men's English tweed suits, in browns and grays, small patterns, etc. The prevailing style is single-breasted, three-button. The linings are strong, good-wearing mohair, and the workmanship is the very best. Price 15.00

Some Excellent Men's Suits are shown in grays and browns, in striped patterns. The cloths are English worsteds and tweeds; cut single-breasted, three-button style; well-fitting and well tailored. Price 22.00

Men's Tweed Trousers \$1.25

There is more real value and good wearing quality wrapped up in our Tweed Trousers than the price would suggest; strong-wearing English tweeds, in assorted patterns; good workmanship. Sale price 1.25
