RELEASE OF BACON WOULD NOT REDUCE LOCAL PRICES

Swifts' Manager, at Winnipeg, Gives Evidence Before Board of Commerce

Winnipeg, Sept. 16.—At present there are 495,000 pounds of bacon held in store in Winnipeg by the Swift Canadian Company for export trade, according to J. T. Tapley, manager.

Meantime the recruiting of a new police force continues. The civil service commission is in the process of examining the candidates for the new force.

At the afternoon session J. H. Tapley stated that the prices paid for the hogs purchased by the Winnipeg branch of the Swift Canadian Company during the past eight months were: January \$16.54; February \$18.37; March \$20.28; April \$20.28; May \$20.54; June \$20.41; July \$22.10; August \$21.06.

Regarding the egg trade, Mr. Tapley stated that eggs were bought as the result of the quotations sent out by the firm to the various dealers in the country. About 70 per cent was acquired in this way. They came in by express and the shipper paid the express. About 75 per cent were obtained from city brokers, and some were got from wholesale grocers.

Replying to questions put by Harry Wright, K.C., representing the Dominion government, Mr. Tapley said the eggs were bought on the straight receipts and not the loss-off basis and the firm was compensated for any damage or shortages. About the time of the Winnipeg strike, 1,800 cases of eggs were shipped to Montreal, Quebec, and other points east and west. Some twenty-four cars were shipped to the company's houses at Toronto and Montreal, and to that extent the Winnipeg branch had acted as an agent.

Mr. Tapley was asked to bring in a statement of eggs that might have been shipped to the United States from January, 1918, to date with details of prices, freight, duty, exchange, etc.

S. ESSEX LIBERALS CHOOSE L. P. WIGLE

Is Present Sitting Member—Hartley Dewar Dissects Hearst's Speech.

Special to The Toronto World. Kingsville, Sept. 16.—A splendidly attended convention of South Essex Liberals, in which there was almost an equal representation of women and men, nominated Lambert E. Wigle, the sitting member for the riding, to contest the seat in the coming election. Mr. W. B. Clifford of Kingsville, whose name has also been placed in nomination, moved to make the nomination unanimous and pledged his heartiest support to Mr. Wigle. A fine spirit of optimism pervaded the meeting, at which N. B. Buckland, the president of the local Liberal association, presided.

Mr. Wigle reiterated his stand on the temperance issue and laid stress upon his advocacy of a sane agricultural policy. He proposed to represent all classes in the community, including the farmers. Resolutions of confidence in both Dominion and provincial leaders were unanimously carried.

Mr. Hartley Dewar received ovation and for nearly an hour and a half held the closest attention of the audience in an arraignment of the government and a contrast of the Hearst and Liberal policies. He dissected Sir William Hearst's Learnington speeches and pro-election bid for the support of the electors of Essex and Kent by the offer of an experimental farm as a reward for their success in agriculture.

Mr. Dewar said he was particularly pleased to make the presentations to members of one of the noblest and most sacred professions of the world. He afterwards took up the political issues. He was particularly glad to be in Renfrew to say a word on behalf of the man who had represented South Renfrew so well and who for several years has been his right hand man.

Many able men have occupied the position of provincial treasurer," said Sir William, "but I am not casting any reflection on them when I say that the position has never been filled by a man of able and resourceful man, or a more energetic and faithful servant than Hon. T. W. McGarry, and no more eloquent and brilliant man has a place in the public life of Canada."

The premier paid the highest tribute to the great ability and astuteness in financial affairs which the provincial treasurer has shown in negotiating loans in the United States. E. A. Dunlop, M.L.A. for North Renfrew, was also given praise.

Replying to Hartley Dewar's attack on the government for extending the life of the legislature, Sir William said it was unjust, unfair and unbecomingly to the people at the regular time it would have been returned by an overwhelming majority, as the opposition had no issue on which could hope to get a verdict.

The United Jack, British institutions and the liberty of the world were at stake, and in the face of the government's policy was as dust and ashes. It was not good politics not to have had an election at the regular time, but it was good politics to have had one.

Big Jump in Revenue. In four years the provincial revenue had increased from eleven million to nineteen million dollars a year. Except for the two million dollars war tax there had been no direct taxation levied on the people. Now that the war tax had been removed and the war tax would not be collected this year, the increase in revenue was made up largely by a greater collection from the heirs of big millionaires and by increased taxes on corporations. The automobile owners contributed a million and a quarter dollars last year.

The united farmers, at a recent meeting, expressed the opinion that there should be no increase in the revenue of the province by adding increased taxation burdens on the people, but had it not been for the increased revenue the government would not have been able to increase by a million dollars the annual grant for agriculture.

The hospital grants had been increased by \$23,000 last year and he hoped the provincial treasurer would be able to provide them money to still further increase the grants to hospitals and charitable institutions. Then four million dollars a year was given to education in the province, more money had been planned by the government than its policy for roads which linked the producer closer to the consumer and brought the markets nearer the farm. Increased grants for public health and the women's compensation act were other worthy causes of expenditure.

The government, he said, had been criticized for its debt of \$1,000,000, but there were assets to meet this. For instance, the T. & N. O. Railway could be sold at 100 cents on the dollar if the province wanted to sell it, but it did not, as this railway was a shining example of successful government operation. The Hydro-Electric development was also responsible for a large expenditure, but this was more than justified and the policy would be enlarged upon.

Rev. Dr. Chown, Methodist general superintendent, had issued a call for a meeting of the general board of missions at the Wesley building West Queen street on Wednesday, Oct. 2. It is expected that the board will authorize the sending of a delegation of mission board officers to inspect the conditions in China and Japan. Rev. Dr. Chown for the service work and Dr. Stephenson for the young people's societies, are likely to be appointed on the delegation.

HON. W. MCGARRY IS RENOMINATED

Sir William Hearst Tells of Provincial Prosperity, at North Renfrew.

Renfrew, Ont., Sept. 16.—An appeal to the people to vote the temperance issue as citizens of a great province without regard to their personal appetites and desires was made by Sir William Hearst, premier of Ontario, who was the principal speaker at a mass meeting in the O'Brien Theatre tonight on behalf of Hon. T. W. McGarry who has again been selected as the Conservative standard bearer for South Renfrew. The duty he said rested on the people and the government would faithfully forward the evening held on the referendum which would be given in the referendum vote. He defended the action of the government so far as it had to do with the referendum. He paid the highest tributes of praise to the services rendered by Mr. McGarry as provincial treasurer. The speakers for the evening included Hon. Dr. Cody, minister of education, Mrs. A. Van Koughnet, Toronto, and Hon. Mr. McGarry, associated with them on the platform were E. A. Dunlop, M.L.A., Pembroke; Rev. Wm. H. Quartermaine, Reeve R. McEwen and Dr. Mann.

The large audience filled the theatre to capacity. Possibly the greater number were women. Mayor Bolan presided and at the outset invited Sir William to present the diplomas to the graduates of the Victoria Hospital, Renfrew.

Sir William said he was particularly pleased to make the presentations to members of one of the noblest and most sacred professions of the world. He afterwards took up the political issues. He was particularly glad to be in Renfrew to say a word on behalf of the man who had represented South Renfrew so well and who for several years has been his right hand man.

YORK COUNTY AND SUBURBS

DANFORTH

The building activity in the Danforth district east of Greenwood continues unabated, and large numbers of dwellings and stores are being rushed to completion. Complaints, however, are frequently heard from business who are being held up by brick manufacturers and lumber merchants, who are unable to cope with orders for material.

A meeting of the Danforth and South York Poultry Association was held in Player's Hall, Danforth avenue, last evening. W. H. Howard, president, occupied the chair. Arrangements for the forthcoming show to be held in the Aberdeen rink, East Toronto, on Nov. 21, 22 and 23 were made, and reports of the various committees received. According to the program already made, more silver cups have been received and 50 per cent. more special for the prize list than at the same date last year. President Howard stated that present indications point to the next show being the greatest, excepting the Canadian National Exhibition, which was held in the Danforth. Johnston endorsed the chairman's report and it was decided to invite W. F. Maclean, M.P., to perform the opening ceremony. W. H. Howard, secretary, and W. Daubert, advertising manager.

A meeting of L.O.B.A. Unity, No. 80, will be held tomorrow evening in Player's Hall, Danforth avenue, at 8 o'clock.

The Toronto East District Methodist meeting was held yesterday afternoon and evening in Simpson Avenue Methodist Church. Rev. Dr. J. A. Long, chairman of the district, presided.

The real business of the gathering was the exposition and consideration of the inter-church forward movement, in which Anglicans, Presbyterians, Methodists, Baptists and Congregationalists are united and, of course, Methodists, particularly, the church's part in it.

Col. (Rev.) G. H. Williams, Sherbourne Street Methodist Church, opened the discussion with an address on the lessons from the war. Rev. J. J. Coulter, Danforth Avenue Church, read a paper on stewardship and Rev. A. L. Terryberry also spoke. Rev. S. W. Fisher, financial secretary, contributed to the question box on the spiritual and financial objectives of the inter-church movement.

The evening session was opened by Professor Michael, Victoria College, with a table talk. Rev. Dr. Moore and Rev. J. H. Arp spoke on the reference made in the scriptures and the proceedings throughout were well attended.

Under the auspices of the Danforth Baptist Church, a banquet and social entertainment in honor of the returned veterans of the parish was held in the church last night. The committee in charge were Messrs. J. J. Coulter, J. J. Coulter, Danforth Avenue Church, read a paper on stewardship and Rev. A. L. Terryberry also spoke. Rev. S. W. Fisher, financial secretary, contributed to the question box on the spiritual and financial objectives of the inter-church movement.

The recommendation of Parks Commissioner Chambers to the parks committee yesterday that the city purchase thirteen and one-half acres of land south of Gerrard street and west of Greenwood avenue, for the proposed Realty Company for park purposes at an approximate cost of \$134,000 has caused considerable discussion among the business men and residents of the section. Isaac Pimblett, a prominent merchant, pointed out to The World yesterday that the purchase of this property is not fair to the citizens, and that the outlay is absolutely unnecessary.

"I offered a similar piece of property to the city," said Mr. Pimblett, "and further, I offered to raise the amount of the purchase price by public subscription and to donate the property would be handed to the city free of any cost to the taxpayers as a war memorial park, and had \$5000 already promised, but no notice whatever was taken by the civic authorities. The public should be made aware of these facts," said Mr. Pimblett, who further added that a meeting of the business men and residents of the Danforth and Main street district would be held at 8 o'clock tonight, when the matter will be discussed.

The residents of the Woodbine Heights and Danforth districts are still awaiting the installation of the Hydro-Electric light and up to the present there is no appearance of the poles and wires promised some time ago.

"It is not a difficult matter to connect our sections as the light is installed as far as Woodbine Heights at the city limits," said a resident to The World who added that the oil lamps are a menace to the sections which are now rapidly growing and in some places very congested.

The first meeting of the season of the men's club in connection with St. Saviour's Church was held last evening in the parish hall. The president, J. B. Rogers, was in the chair. There was a large attendance of members and great enthusiasm was manifested. A committee was appointed to arrange to hold the club's annual concert in the near future. A committee was also appointed to look after church members who are not getting them to join.

In connection with the first thirty houses to be erected at Leaside by the Leaside Housing Trust, under the Ontario Housing Act, the building will be two-storey, solid brick structures, twenty feet wide, standing on lots of frontage. The houses will be two rooms deep, receiving full light from front and back, and of the usual standard bungalow type, with eight feet passage between every building. The architect is W. Lyon Somerville, Toronto.

Bellevue-Mrs. Dennison Haight, wife of a well-known farmer of Huntingdon township, was found dead in bed yesterday morning.

RIVERDALE

The present price of coal is about to receive the serious attention of the women of the east end, who are now organizing a committee to formulate a plan of campaign to tackle the problem. According to Mrs. Mary Cullen, chief organizer of the L. O. B. A., with which organization she has been identified for the past 33 years, the only remedy is to appease the women of Toronto for united effort.

A meeting will be held shortly in the Riverdale district, which will be announced through the press.

D. Gorman, Crawford street, stated to G. R. Ellis, a member of the east end low-living and would be glad to purchase a forequarter of lamb at 14 cents per pound on Saturday, which was a drop from 20 cents a pound last week.

The fourth annual at-home in connection with L. O. B. A. "Daughters of Portadown," No. 212, was held in the Western District, 10 Dundas street, last evening. Sister Matthews, W. M., occupied the chair. A musical program was contributed under the direction of Mrs. J. Bell, and supper was served during the intermission. Several new members were initiated and an enjoyable time was spent.

A special feature of the proceedings was a lengthy discussion on the high cost of food, coal and other necessities. The proposed purchase by the city of an athletic field for the district was the main topic discussed at a well-attended meeting of the Riverdale Ratepayers' Association executive committee, held at the residence of the secretary, George Smith, 4 Edean avenue, last night.

The chairman occupied the chair, and the feeling of the meeting was that the ground, which is the property of the Monarch Realty Company, is in a state which will be difficult to drain, and not the logical site. The matter, however, will be fully discussed at the next ratepayers' meeting, which will be held in Leslie Street School on Tuesday, Oct. 1. The ward aldermen will be invited to attend.

Earlscourt Roy James Talbutt, the boy who won the silver cup and sweepstake for the best baby in the baby show up among the boys of the ward, Richard Talbutt, of Alcon avenue, North Toronto, late of the 124th Pais Battalion, He joined up in 1915, when he was 17 years of age, in Yorkwood district, and has been in several important battles at the front. The silver cup will be presented to Mrs. Talbutt, who is the wife of the late Earlscourt, donated the cup.

Earlscourt, which bears such an excellent name for law and order, has been a hotbed of crime since the war. The police have traced two of the gang and prosecutions will follow. The ten is the property of the American Car and Foundry Company, which is being used for the purpose of the Earlscourt Young Men's Bible Class held a picnic at Scarborough Beach on Saturday and enjoyed an excellent half-day's outing. The party were in charge of country teacher, Mr. S. J. Snashall, H. McMillan and J. Campbell won the first and second prizes in the 100 yards boys' race, and N. Nicholson and B. Jackson, first and second in the 50 yards girls' race. In the 100 yards girls' race, M. Nicholson and E. Cartwright were the winners. Snashall donated a handsome shield and two medals.

A Young Men's Federation Association has just been formed in connection with the class which is expected to attract a large number of young men of the neighborhood and also returned soldiers.

NORTH TORONTO HAS BEEN BADELISED

Ruled Out of Order.

President Baker suggested that the best way to proceed was to call for volunteers to take the petitions round on the various streets. Ex-Ald. Yeoman asked if discussion was to be allowed on the matter. Chairman: "The matter was already discussed, and the executive are acting on the authority of a previous meeting."

Ald. Yeoman: "Is it your intention to shut off discussion? Is it your intention to use a steamroller method?" Ruled Out of Order.

The chairman indignantly ruled the question out of order, and indignantly resented the "insinuation." Mr. Yeoman repeated his remark, explaining that he was not insinuating anything, but was asking as a point of information. A hot and acrimonious discussion followed, during which the question of keeping admirable control over his temper. Ald. Ball rose to a point of order amid the uproar and asked the chair if the meeting was for the resolution of North Toronto or a special meeting of the executive and its friends.

J. A. Robertson: "We have never seen the alderman here before, except when canvassing for support at elections." Ald. Yeoman: "That is unfair. As a member of the association and a taxpayer, I attend every meeting when in town and able to come."

After some further remarks from various quarters of the house, a resolution moved by J. A. Robertson and seconded by R. B. Reid was put before the chair. The motion was that the meeting be open to ask questions, and that each speaker be limited to five minutes.

An amendment, moved by ex-Ald. Yeoman, and seconded by Ald. Ball, that the word "questions" be changed to "discussion" was also presented. Before a vote could be allowed to speak, being asked permission by the chair, he moved an amendment to the amendment, that the meeting be turned into an organization committee immediately to proceed at once with getting signatures for the petition. This was seconded by Dr. Risk. Ex-Ald. Yeoman endeavored to question the amendment as being irrelevant and, therefore, out of order, but was not sustained by the chair. "Words or wind," "I move that all this is out of order" and several other such criticisms came from all parts of the audience.

The chairman finally made a somewhat sarcastic reply about the feeling that was among "a few" that justice was not being done and that the last amendment as "action" and the attempt to reopen discussion as "talk." A vote was taken on the amendment and it was declared carried, but by no means unanimous.

Several suggestions as to the best way to proceed with the business of getting signatures for the petition were made and eventually volunteers were asked for. It was also decided to employ a paid secretary, who will be in charge of the team. Before the volunteers were asked Mr. Baker assisted him, as his voice was quite hoarse from his sustained effort to be heard above the noise that sometimes filled the hall.

Just before the meeting closed, Ald. Ball issued a general invitation to the ratepayers to attend a mass meeting to be held in the same hall on Saturday night if permission can be obtained. That meeting will also discuss the question.

HAMILTON TO HEAR PRESIDENT FLYNN

Hamilton, Sept. 16.—Executive members of the Returned Soldiers' Gratitude League were in Hamilton tonight making plans for the mass meeting which will be held here tomorrow night. President Flynn of the Toronto league, it was announced, would come to Hamilton tomorrow to address the meeting in the interests of his association's demand for a straight \$2,000 bonus.

Local G.W.V.A. officials are busy trying to checkmate the move of the Toronto men as they believe that the formation of a branch of the new league here would seriously interfere with the quiet, but effective work of the Dominion-wide organization. What action will be taken by the veterans here will be decided tomorrow in the United States, where trade unionism is well developed, there are beginnings of a political labor movement corresponding to that in Europe. The world's workers demand that the man labor shall not be regarded as a commodity, that the maintenance of the worker and improvement in his standards of life should be the first charge upon industry, and profits of investors an altogether secondary consideration.

The ideal of a new society, must realize that the world unrest is not a striving toward mere materialism, but a movement of spirit in the inspired by belief in the possibility of realizing a fairer future for all.

The ideal of a new society arises again in these fateful days, strengthened by the downfall of that system of the capitalist and imperialist which created scenes that drove the young men of the world into the shambles of war.

HENDERSON ATTACKS POSSESSING CLASSES Declares, Before Brotherhood Congress, That They Always Defeat Popular Will.

London, Sept. 16.—The present world unrest means that the old order of things is in its death throes, that a new society is about to come to its birth and that age-long injustices and inequalities that burden the lives of the common people are at last to be swept away, declared Arthur Henderson, secretary of the labor party, during the International Brotherhood Congress here today.

"Class rule in politics is doomed to disappear," he added, "but it is still doubtful whether the ideal of true political liberty will be realized in this or other countries without a violent convulsion of society."

The main problem now, he said, is to restore popular confidence in representative institutions and "to guide the movement of the masses along the path of constitutional changes which enable a democracy to become master in its own house without violence."

Analyzing the causes of unrest, Mr. Henderson said: "The development of political institutions has not kept pace with the growth of democracy, which is awake and conscious of its power, but unable to obtain any real control of the machinery of government. The possessing classes contrive to defeat the path of constitutional changes which enable a democracy to become master in its own house without violence."

He said the constant intrusions of the democratic demand for a genuine popular control had brought about an attempt to substitute a new political method, namely sovietism, for parliamentary system, and second, an attempt to employ direct industrial action by organized masses. He continued:

"This means that democracy cannot be permanently denied the right of political self-determination. Mr. Henderson declared that wherever capital-tenured industry exists, even in Japan, the workers are discontented and restless, adding: "In the United States, where trade unionism is well developed, there are beginnings of a political labor movement corresponding to that in Europe. The world's workers demand that the man labor shall not be regarded as a commodity, that the maintenance of the worker and improvement in his standards of life should be the first charge upon industry, and profits of investors an altogether secondary consideration."

The brotherhood movement must realize that the world unrest is not a striving toward mere materialism, but a movement of spirit in the inspired by belief in the possibility of realizing a fairer future for all.

The ideal of a new society arises again in these fateful days, strengthened by the downfall of that system of the capitalist and imperialist which created scenes that drove the young men of the world into the shambles of war.

Would You Like to Try a Hearing
Aid?

You may hesitate about purchasing an
Acousticon until you have had time to test it in
operation—to see if the effect is as beneficial at
the end of the week as at the end of the day.
But the Optical Department arranges a ten-day
trial. If at the end of that time you do not like
it, return the instrument and the money will be
given back.

There are four types of Acousticons adapted
to the requirements of various kinds and degrees
of deafness. Come in and try them, or write for
an illustrated leaflet which will help you to
decide upon the type that is likely to be most
beneficial to you. When you have decided this,
you can try the instrument at home, noting the
improvement as you become accustomed to it.

HOUSE OF INDUSTRY HAS
BIG BANK OVERDRAFT

The first monthly meeting of the
board of the house of industry after
the vacation was held yesterday, with
Rev. T. Crawford Brown in the chair.
The report for outdoor relief for the
months of May, June, July and August
shows 265 new families assisted, a
decrease of 15 per cent. over the cor-
responding period one year ago. The
following supplies were distributed
during the above period of four
months: Four and one-half tons of
coal, 5165 pounds of groceries, 5260 1/4
three-pound loaves of bread and 11-
496 pints of milk.
The casual ward report for the same
months shows 161 persons sheltered
992 nights and received 3025 meals,
being an increase over the correspond-
ing period one year ago of 155 per
cent.
The number of inmates in the home
at the present time is 84—50 males and
34 females.
The treasurer's statement shows a
balance overdrawn at the bank of \$26-
762.69.

WANT ALL SOLDIERS
GIVEN CHANCE TO VOTE

The prime minister will be request-
ed by the provincial command of the
G.W.V.A. to allow the recently re-
turned Ontario soldiers to exercise
their franchise at the coming provin-
cial elections by adopting a similar
procedure to that put into force at
the last federal election.
It has been pointed out that there
will be a number of veterans return-
ing from overseas too late to get their
names on the voters' lists and the
officials of the G. W. V. A. request
that the government allow these to
record their ballot on production of a
discharge certificate or other proof of
their still being on the army strength.
TRAFFIC COP WAS HURT.
Found guilty of doing grievous bod-
ily harm to P.C. Strand, Ronald Willis,
a returned soldier, was fined \$50 in
the sessions yesterday by Judge Coats-
worth. The police constable was doing
traffic duty on Bloor and Bathurst at
the time and was knocked down by
an auto driven by the defendant.

ALL WANT TO KEEP OVERSEAS HONORS

Active Service Units Would Keep in Touch With Militia Regiments. A commission over which Major-General Sir William Otter, K.C.B., is presiding sat yesterday at the military institute for the purpose of hearing suggestions and talking over matters in connection with the reorganizing of the militia forces.

There was a fairly good attendance of overseas and militia officers present at yesterday's gathering. The discussion mainly took the turn as to how best to organize the new militia but at the same time to maintain the names of the regiments existing before the war and the regimental numbers of regiments that fought as regiments in the war. How the honors should be divided also caused much debate and raised many difficulties.

Major-General Otter said the chief object of the commission was to obtain names that would give the militia forces in which will be absorbed a number of overseas forces in such a way as to avoid confusion as to numbers and names. Colonel Smith of the Governor-General's Body Guard said his officers and men were anxious to perpetuate the original name. The regiment was in good shape and pretty well up to full strength. The G.B.G. had drafted the end of nine fighting battalions, amongst which the 4th C.M.R. figured most prominently.

Sir William Otter said that about the honor of the name to remain the G.B.G. and take over the honors of the overseas forces. Colonel A. T. Hunter and Colonel Clarke, D.S.O., wanted the name of the 12th York Rangers maintained. Colonel Grant pleaded for the same treatment for the Simcoe Foresters. In reply to a question as to whether it was possible to retain the Foresters as a regiment in perpetuity, Colonel Grant replied: "Yes, and longer than that."

Many other distinguished officers offered opinions, but all with the same trend—their units were desirous of keeping in touch with militia regiments, but with the retention of overseas identity and honors. Colonel King told the commission to get the idea out of their heads of perpetuating the existence of a unit for amount for his services. If the soldier was to protect the millionaire, then she should be paid for not doing. The view of the commission on land or if that is not practicable that other measures of assistance towards this end be passed. The branch elected H. L. Howe as president.

Kingston Branch of G.W.V.A. Urges Grant to Aid Building

Special to The Toronto World. Kingston, Ont., Sept. 16.—The Kingston branch of the G. W. V. A. passed a resolution urging on the government the extension of a settlement act to enable veterans to obtain grants to assist them building dwellings on the same terms as grants made to soldiers settling on land or if that is not practicable that other measures of assistance towards this end be passed. The branch elected H. L. Howe as president.

Members of 125th Battalion To Hold Brantford Reunion

Special to The Toronto World. Brantford, Ont., Sept. 16.—Members of the 125th Battalion which went overseas under Lieut.-Col. Cutcliffe are making arrangements for a big reunion here on Oct. 6 and 7. The first day a Sunday the battalion colors which have been received from the old land, will be deposited at Grace Church for all time with a usual ceremony while on the following day a big reunion will be held at the armories, followed by a supper, dancing and cards.

MISSING SOLDIERS WANTED.

The city treasurer's department is endeavoring to locate friends or acquaintances of the late Pte. Edward Murray, regimental number 11,271, of the C.A.M.C., 2nd Field Ambulance (Original 4th Battalion) killed in action in order that certain information may be obtained regarding his residence in Toronto prior to enlistment. The department is also endeavoring to locate friends or acquaintances of the late Pte. Thomas Delaney, regimental number 19,877, of the original 4th Battalion, killed in action.

LABOR MEN TALK OF DIRECT ACTION

(Continued From Page 1.)

Bruce, and in Canada there was need of harmony in laws and conditions in order to produce the best conditions in Canada. If the federal government or any province thought fit to place certain standards in effect, and those standards were satisfactory, then those standards should prevail all thru the Dominion. The multiplicity of labor legislation in this country, said Mr. Bruce, was a source of discontent, and the endeavor should be to co-ordinate this as to satisfy the great mass of the people. The industrial disputes investigation act, designed for a good purpose, was so administered as to cause delays which were irritating to the workers and frequently defeated the end for which the law was designed. These irritating delays should be removed. The compensation fixed for workers under the workmen's compensation act in the various provinces should be uniform. Nearly every province had a different scale. If a worker suffered an injury in one province he received a different award than the man suffering an identical injury on the other side, an imaginary boundary line there should be a standard applicable to the whole country.

Different Factory Laws. The factory laws in different provinces, said Mr. Bruce, and only four provinces in the Dominion had adopted the minimum wage law. Mining laws were also different, although the veins of coal run thru boundary lines, and workers might be engaged in digging minerals on the same vein, but in different provinces.

In passing, Mr. Bruce stated that the conditions in the New Brunswick mines were atrocious. He said the attempt was being made to mine coal with unsatisfactory equipment, and the ventilation of the mines was so serious that it was injurious to the employer and employee.

Mr. Bruce advocated the appointment of a committee to study the investigation into existing industrial laws for the purpose of co-ordinating them. He suggested that it should be made up of three representatives from each province, one representing labor, one the employers and one the provincial government and three representatives of the federal government.

Doubt of Co-ordination. J. R. Shaw of Woodstock of the employers' group expressed his doubt as to the possibility of co-ordinating the labor legislation of all the provincial governments and the federal government. He said he had known a man for a number of years of the legislative committee of the Canadian Manufacturers' Association and had known how they had been at co-ordination was. It had taken years and years to draft a bankruptcy act which would apply to all provinces. He said he had seen a statement embodying his views, in which he expressed approval of the principle of unification of the laws, but he said that, owing to the magnitude of the task, it would be impossible, in a conference, such as that proposed by the G. W. V. A. to even lay down general principles which would be of assistance. In general, he said, it would be better to consider the relations of co-ordination as self-government and to what extent the provinces would get together and what would be willing to fall into line with the scheme.

Tom Moore, president of the Trades and Labor Council of Toronto, expressed the feeling was growing that even the British North America Act should be modified if such modification would be for the benefit of the people of Canada. He did not think that the provinces wished to maintain their prestige at the expense of the Dominion. It was possible for the government to make laws for the conservation of livestock and agriculture applicable to the Dominion as a whole, not for the benefit of the workers.

The new Dominion health act applied to the Dominion as a whole. The country-wide system of employment bureau was working successfully. If capital, labor and representatives of the provinces would get together and try to bring about unity, great benefit should accrue.

Declares Time Not Ripe. Mr. Grier of Toronto thought that the time for discussing the matter was not ripe. It should come after the other subjects on the agenda had been considered. He said there was no fundamental difference between the representatives on either side as to the value of co-ordination, but some standard to work toward would be laid down. Provincial rights must be respected.

James Simpson of Toronto expressed the view that differentiation in the labor laws of the various provinces worked grave injustices. He instigated the workers' compensation act, and advocated a system of equal laws for the various provinces. He agreed that the task of unifying the labor legislation was tremendous, but as it was agreed that such revision and co-ordination was necessary, it should be done.

ARMY AND NAVY VETERANS.

The Army and Navy Veterans in Canada, Toronto Unit, are holding their general meeting at St. James' Parish Hall at 8 o'clock on Thursday. One hundred and fifty new men will become members of the association on that night. Several important questions will probably be brought up, such as gratuity, the question of work, the housing problem, pensions and so on, which questions are becoming more and more vexed as the winter approaches.

LABOR MEN TALK OF DIRECT ACTION

(Continued From Page 1.)

Mr. McClelland of Montreal reviewed past history, declaring that the workers in demanding shorter hours were really promoting the health and happiness of all classes of labor. Mr. McClelland said there was a need in Canada for the 8-hour day and a 44-hour week. It was not a new idea nor was it an attempt to introduce in Canada something which still the need for human touch in labor. Production under the 9 1/2 and 10-hour day was no more than the 8-hour day, said Col. Carnegie, and he referred to the statements of David Lloyd George in the British house on this question.

Col. Carnegie said he had managed the work where Sir Robert Hatfield first introduced the 8-hour day, and the scheme had been successful. Canada had conditions which did not exist in England, said Col. Carnegie. England had no diverse provincial laws and no racial problem. The national conditions here must be borne in mind when the question is raised as to whether it was possible to get more work by reducing hours just so far, but the conditions all over the Dominion must be carefully considered, and the need of greater production.

Lady Addresses Conference. The first lady to address the conference, Miss Helena Gutteridge, Vancouver, replied to what she called "the very pessimistic note which ran thru Mr. White's discourse." The eight-hour day was not being asked as the ideal of labor, said Miss Gutteridge, but it was a compromise between the ideas of Canadian manufacturers and labor. Canadian workers realized their duty in reconstruction and in bearing the burden of the war. It was not necessary to say that workers should toil all day and half the night, and in Britain it had been found that the long day of work under great stress had worn out the "elasticity" of the workers, both male and female. The west had come to accept the 44-hour week and 8-hour day, said Miss Gutteridge, and she had not yet seen any sign of bankruptcy. The east was hampered by old customs and ideas and might find it hard to take up the 8-hour day, but it would be for the benefit of labor in general.

Would Reduce Output. Mr. White's contention that output would be reduced 12 per cent, by the reduction in the hours of work was taken up by Miss Gutteridge, who reminded him that they were now in 1919, while his figures were for 1917. Those who had then been producing munitions of war were now able to produce necessities of life and the material of reduction in output would be equated.

"If you lose unhealthy workers you are going to lose in production," said Miss Gutteridge. "Unhealthy workers, both men and women, can not produce to the limit of their capacity, and the best asset of any country is its healthy workers." Senator Robertson said there had been a request for information as to the actual present situation. In 1918, an inquiry into hours of labor in Canada was opened by the department of labor. Of 6,250 firms in Canada employing 615,000 men about half of those employed in Canadian industry, about 1,000 employees worked less than 7 hours daily; 7,252 worked 7 hours; 7,818 worked 7 1/2 hours; 12,727 worked 8 hours; 13,247 worked 8 1/2 hours; 15,729 worked 9 hours; 120,772 worked 10 hours, and 11,900 worked over 10 hours.

"Blue Ruin Speech." John A. Flett, Hamilton (Labor) tonight at the convention of the G. W. V. A. made a most dismal blue-ruin character. The proper time for introducing labor legislation was important, but Flett said labor had yet been unable to find the proper time for any labor legislation. In his own industry hours had been reduced to less than eight hours a day, but there was no immigration of labor to other countries and no bankruptcy in Canada because of that. An informal dinner was held last night at which all the delegates were present, D. M. Dud, the president, occupying the chair. There were short speeches after the report, the keynote being the necessity of effective organization in order to cope with the many changes in the world which arise from time to time. One speaker pointed out that, owing to war conditions, the association had not met for five years, and that with the return of peace greater activity would be displayed by the members regarding all that pertained to their interest and welfare.

Representative Gathering. The delegates were entertained at a theatre party last night by the Fletcher Manufacturing Company, which will visit a number of the Toronto bakers. There is a large and representative gathering at the convention, including a number of women. The secretary is H. E. Trent, and the treasurer, A. W. Carrick, Prof. Harcourt, O.A.C.; W. H. Lin, formerly of the Canada food board; A. T. Albut, Hamilton, who will speak on "Bookkeeping," and James Barry, president of the Toronto retail cake bakers' association.

APPOINTED TO COMMISSION.

Alfred Manco, secretary of the Toronto Trades Council, has been recommended by the executive of the council as representative to the high cost of living commission, which is investigating into the prices charged by milk dealers in the Dominion.

A. CARMICHAEL TO HAMILTON.

Arch Carmichael of local 1829 of the Brotherhood of Carpenters has been elected delegate to the Trades Congress convention, which is to be held in Hamilton next week.

BEGINNING IN EARNEST.

James Watt, convener of the membership and finance campaign committee of the Independent Labor party, has called a special session for this evening at the Labor Temple. Local 438 of the International Union of Machinists last night unanimously endorsed the fight of the Veterans' Gratuity League for the \$2,000. It is understood other unions may follow the action of this group.

'PHONE WORKMEN MEET EMPLOYERS

Confer With a View to Settling Dispute Regarding Wage Increase. The board of conciliation, presided over by Judge R. D. Gunn, Ottawa, began its sittings yesterday regarding the demands by the electrical workers of the Bell Telephone Company for an increase in wages to a uniform rate of 88 cents an hour and a 40-hour week, with time and a half for overtime after five o'clock and double time for Sunday and holidays. The last increase was on June 1, when 48 1/2 cents an hour and inspectors and installers from 54 cents to 60 cents an hour.

W. H. Winter, superintendent of plant, complained: "We have not had an opportunity of meeting our employees. We have never objected to them, and as the present slogan is for employers and employees to get together we feel that we should not be fairly treated. We have not had the right to negotiate with them before coming to a conciliation board. We are ready to meet them at any time."

Refuse to Meet Company. Business Agent J. T. Gunn said that the men refused to meet the company except thru the telephone operators. "There is nothing to prevent us from calling in the men who want to discuss anything," remarked the chairman. "There is a real reason why the men won't come here to meet the company," said Fred Bancroft. "There always a reason."

K. J. Dunstan, manager of the company, suggested that a clause be incorporated similar to that in the agreement with the telephone operators. "When it comes to dissatisfaction with working conditions we wish to encourage our employees to come to us—not individually—because we recognize they would be diffident in doing that—being accompanied by a union representative. It is our foundation for our report, also it was true that the butcher-workers in Chicago had done so. It was understood that the members decided in Chicago to consider ways and means of forming their entire membership into an industrial union, self-contained and affiliated with no other body. Hence the alleged fact that the butcher workers in Toronto, who are holding a special convention at Occident Hall on Friday night and it is understood that a large number of workers will be present. The union so it was stated last night, has decided to continue the policy of the federation of accepting a position of standing with other organizations. What a general organization or federation, stated to The World that to most workmen in Canada the future spell real business and real opportunities, and means of restoring, restored markets, and in short all that goes to make for real prosperity and progress for all concerned. It was an object, it is worthy of every man's best efforts."

HARMONY ALL PERVADING.

Progressing favorably is the latest bulletin issued by the executive of the Bakers' and Decorators' Union with respect to the condition of the O'Connor, recently seriously injured in an accident at the Salvation College. The union now has 500 members and has elected William Stockdale and W. A. Hunter delegates to the trades congress convention, which is to be held at Hamilton next week. The best of harmony is said to prevail between the union and the master painters of Toronto.

TWELVE SHOPS STILL IDLE.

Twelve shops are still represented among the strikers of the International Union of Ladies' Garment Wear Workers. The strike is said to be concluded with the exception of a few shops, which employ all told only about 180 members of the union.

INSTRUCTS ITS DELEGATES.

Local 27 of the Brotherhood of Carpenters last night instructed its delegates to the trades congress convention, which will convene at Hamilton shortly. The delegates are John O'Connor, secretary of the Toronto Trades and Labor Council; John Gillanders, Charles Moad and David Spencer.

CONFECTIONERY WORKERS ORGANIZED.

Confectionery workers, organized under the aegis of the Canadian Federation of Labor, have added sixty new members to their roster during the past two or three days. The official report that success is being met for every quarter. General Secretary Clay and Herbert Waip addressed a large meeting at Occident Hall last night.

LAUNDRY WORKERS TO MEET.

The new Laundry Workers' Union meets again on Thursday night, and much important business is anticipated for the meeting. Nearly 90 members have joined the ranks of those who are fighting against alleged poor pay and worse conditions.

TEXTILERS FORGING AHEAD.

Textile workers, members of the federal union, will meet at Occident Hall on Thursday. Organization is said to be progressing apace.

SOCIALISTS EXPEL JAMES SIMPSON?

Isaac Bainbridge Says He is No Longer Member of S. D. P. Isaac Bainbridge, member of the executive of the Socialist Democratic Party in Canada, and sponsor for the information given yesterday at the Toronto Trades Council, has been expelled from the Socialist Democratic Party, and that none of these men is a member of their local in Toronto, which today numbers 15. The reason given for this action on the part of the party was that Bainbridge had not aligned himself with the international trades movement and therefore with the American Federation of Labor.

Alfred Manco, secretary of the Toronto Trades Council, stated last night to The World that the only body with authority to expel him from the Socialist Democratic Party was executive of the local to which he belonged. He was a member of that executive, and as such would have full information of any action taken by that body. He had absolutely no knowledge of anything alleged to be in the statement made by Mr. Bainbridge. Other members of the party refused to believe the report.

BUTCHERS WORKERS HAVE SECEDED

That the Butcher Workers' Union in Toronto, at a meeting held last week, had unanimously decided to secede from the American Federation of Labor was a statement made by a man speaking in a report, also it was true that the butcher-workers in Chicago had done so. Beer or the Boy?

The Referendum Places the Alternative Squarely Before Every Parent in Ontario

HALF a million boys of Ontario have never tasted liquor. The province has been under prohibition for three years and they have had little or no opportunity to acquire the taste or to yield to the temptation.

Owing to the wording of the Referendum ballot, many parents may not realize that the Beer proposed is intoxicating, more than twice as strong as the beer allowed at the present time under the Ontario Temperance Act.

2.51% Alcohol by Weight Means 5.46% Proof Spirits

The Beer of the Ballot is 5.46% Beer. The Ballot says "2.51% alcohol by weight." But that means 5.46% proof spirits, and the Ontario Temperance Act allows only 2.50% proof spirits.

No!—Four Times—No!

PAPER MAKERS PROSPER WHILE USERS STARVE

Amazing Showing of Surplus Funds Available for Dividends Draws General Comment.

While The Toronto Times and many other newspapers have been compelled to cease publication because of excessive costs of production, mills which make the paper on which the newspapers of Canada are printed continue to report unprecedented surpluses and dividends.

In 1911 Laurentide capital was \$3,600,000. In a reorganization which took place in that year, the shareholders received \$200 of new stock for every \$100 of old which they held.

Stock at ... Total value. \$100 per share \$ 8,000,000. Close 1917 ... 152 per share 14,528,000.

When these figures are considered in conjunction with the history of Laurentide, the story becomes one which could hardly be equalled by fiction.

When the Star forgets that example is better than precept. Not that The World forgot to offer precept also to The Times, and more especially to The News.

Public Ownership of Canadian Railways. Guelph Herald, Sept. 11: The early acquisition of the Grand Trunk Railway is said to be now assured and if it comes to pass its absorption into the Canadian National Railway system will evolve a revolution in the transportation system of the country.

Such a consolidation as is proposed seems to be the only thing to do, sensible as many are to the fact that public ownership has not always proven all that its friends would like to see it.

On our own cars unimpeded by city traffic, as only passengers to or from North Toronto could be carried.

This should be enough to enable anyone to judge of the amount of wisdom behind the promoters of this secession movement.

The events of the next few weeks will probably show how utterly out of touch with public sentiment and the trend of public affairs the supporters of the project must be.

A Memory of Victoria. British Columbia is having a statue of the late Queen Victoria sent out from England, and it is to be erected in Victoria in view of the incoming shipping.

The statue, which is in the bronze, recalls the romantic days of the sovereign's earlier years, and has no suggestion of our Queen's Park great-grandmother of Europe.

The stately and dignified figure recalls the time when Napoleon III, during a royal visitation, signed his name on a register before the Queen of England. She was quite equal to the occasion, turned over the page, and signed her name at the top of the next.

Example is Better. Toronto Star: The World blames the late lamented Times for everything. But surely the time to blame The Times was when it was in our midst and could talk back.

When The Star says, "We cannot believe that Sir Robert Borden is favorable to this suicidal railway manipulation," The Star must know, as everybody knows, that Sir Robert Borden has declared himself in favor of public ownership, and especially to the extent of the acquirement of the Grand Trunk; and that he is actually engaged in the negotiations, even though it does happen to be all at the moment.

All this talk about politicians who "degraded the Intercolonial" comes from a considerable introspection on the part of The Star itself and those associated with it.

The World believes that as a matter of fact the deal with the Grand Trunk has been practically concluded and ought to be announced any day now. It will be the first real achievement of national railways in Canada.

Principal Morrison In Lime Light

BY IDA L. WEBSTER.

For weeks past, there have appeared at intervals charges against Mr. Morrison, the principal of the Royal Avenue School.

Monday night the sporting extras carried the news that the aforementioned committee had decided that it was in the best interests of the school board that the principal in question resign.

That was nothing in the article or their report to the newspapers to say why they thought it was best. They simply said, with a tone of finality, "such was the case."

It is also said that he left the marking of the papers telling how the principal had made statements about a student and her examination papers which were not true.

MANTOBA FINANCES PHONES AND HYDRO

Winnipeg, Sept. 16.—Hon. Edward Brown, provincial treasurer, announced yesterday that in addition to a sale of treasury bills announced some weeks ago to the amount of \$500,000 for the purpose of the telephone commission, the government has agreed to authorize a further issue of \$750,000.

The telephone commission will get \$250,000 of this \$750,000 for the purpose of good roads and \$500,000 for the construction of the first section or a provincial Hydro system.

The bills in question will mature on the first of February, 1920, and are subject to a discount rate not to exceed five per cent. per annum net to the province, and are payable in Canada only.

LAWYERS BRITAIN AID TO BIGAMY

Afford Less Security Than Those of Any Civilized State.

London, Sept. 16.—Increase in bigamous marriages throughout the United Kingdom, much more pronounced since the end of the war, is causing grave concern, and there is a growing disposition to treat bigamy as a venial offence.

Sir Bernard Mallet, the registrar-general, is credited with the statement that English marriage laws afford less security against bigamy than the laws of almost any other civilized state.

His department has prepared proposals for their amendment, but nothing has been done to carry them into effect. A new act of parliament is necessary, and Sir Bernard suggests as a preliminary that some plan be outlined by which accurate information concerning the principals in a proposed marriage may be obtained by the competent authorities before the ceremony can be performed.

For marriage by license in England it is required that parties make solemn declarations that they know of no impediment to their union, that they have resided for fifteen days in the district, and that the minor consent of guardian or parents has been obtained. But no solemn declaration is required for such material particulars as name, condition as to marriage, age, rank and residence.

J. T. BRILL, AGED 91, DIES IN GUELPH, ONT.

Guelph, Ont., Sept. 16.—The death occurred today of the General Hospital, where he had lived for four years. J. T. Brill, who was probably the oldest man in Guelph, having reached the great age of 91 years, almost 60 of which has been spent in the Royal City. Mr. Brill was one of the best known of Guelph's citizens. For many years he has been in the produce business, with the late Messrs. Jackson and Hall, which firm was the largest of its kind in the city, and conducted an extensive export business. There are only two sons remaining, Mr. George Brill of Cleveland and Mr. S. R. Brill of Teeswater. Mrs. Brill predeceased her husband many years ago.

ROMANIA AND SERBIA WILL SIGN THE TREATY

Paris, Sept. 16.—Serbia, one of the two nations in Europe which did not sign the Austrian peace treaty, Rumania being the other, will attach a belated signature to that document, according to The Echo de Paris today. It has information, it says, that such a step on the part of Serbia's delegates, is certain, and that action to this end is to be the first taken by the new Serbian ministry when its formation is completed.

France to Issue Cheap Suits To Cut Down Living Costs

Paris, Sept. 16.—"National" ready-made clothing, at the rate of 25,000 suits monthly, will be put on the market in France in the fight against the high cost of living. The suits will be made of wools produced by the reconstructed mills in the Rhone valley. The "National" suits will be sold at 110 francs each. The clothing houses are demanding 250 francs for suits of anything like the quality of wool to be put in the government clothing.

ELEVEN OF CREW MISSING.

Charleston, S. C., Sept. 16.—The steamship Calno arrived here today with 19 survivors of the British steamer Baywood, which was wrecked September 11 off Key West, and believed to have foundered in the hurricane. Eleven are missing.

Montreal Traveling Salesman Is Released on Seditious Charge. Quebec, Sept. 16.—Henry Seiden of Montreal, traveling salesman, arrested here last summer, was yesterday discharged from custody by Senator Choquette, sitting as magistrate in the Quebec police court. Seiden had been arrested at Quebec at his hotel on a charge of seditious plotting. Literature, which the police claimed was illegal, radical and Bolshevist, was found in the man's grips and was seized as exhibits in the case.

SEPTEMBER IN ALGONQUIN PARK. September is one of the most delightful months of the year in the "highlands of Ontario" and Algonquin Park offers attractions that are not found in other districts. It is situated at an altitude of 2000 feet above the level of the sea, assuring visitors of pure, bracing air that rejuvenates body and mind. The territory is easy of access via the Grand Trunk, 200 miles north of Toronto and 170 miles west of Ottawa. "The Highland Inn," a charming hotel, affords comfortable accommodation at reasonable rates. The Inn is heated by electricity. The cuisine in all these cases is "delectable." "The Highland Inn" is operated by the Grand Trunk Railway. Make your reservations early. Illustrated descriptive literature telling you all about it, from any Grand Trunk agent, or write Mr. N. T. Clarke, manager, Highland Inn, Algonquin Park, Ont.

GERMANS WITHDRAW FROM COAL COMMISSION. Berlin, Sept. 16.—German representatives have withdrawn from the international coal commission because the principles fixed by the commission for the drafting of regulations regarding the distribution of fuel are "irreconcilable with the agreements concluded in Versailles," according to a statement issued here.

LITTLE INTEREST IN FORMER KAISER

People of Amerongen Do Not Even Gossip About Wilhelm's Doings.

Amerongen, Holland, Sept. 6.—A few bicycling tourists occasionally stop and peer thru the gates of the Bentinck estate in hopes of catching a glimpse of the former German emperor, but were it not for them and for the presence of the state police guards who languidly pace up and down the road about the castle walls, Amerongen would seem to have completely forgotten that William Hohenzollern was in voluntary exile there.

The doings of the former ruler and his small "court" inside the castle have ceased to be a topic of village gossip. Once a week, perhaps, someone may mention him, wondering how long he will serve in his exile, and then ensues a series of weighty expostulations, the gist of which is that Amerongen doesn't believe the allies will ever attempt to bring him to trial at all, and that William Hohenzollern will settle down and become a Dutch country gentleman. It is seldom that real information regarding his doings trickles out from the walls and moats of the estate.

POLISH FORCES OCCUPY TOWN ON THE BERESINA

London, Sept. 16.—The Polish forces campaigning against the Bolsheviks have effected a crossing of the Beresina River and have occupied the town of Borisoff, on the east bank of the Beresina, 50 miles northeast of Minsk. The Polish cavalry succeeded in getting into the rear of the Bolsheviks, says the Polish official report making this announcement. The communists declare that there is heavy fighting on the Lithuanian front, with Bolshevik reinforcements attacking strongly in the neighborhood of Koplau, east of Dvinsk.

Twenty-Eight Abitibi Men In Jail for Breach of M.S.A.

Quebec, Sept. 16.—Twenty-eight young men from the settlements of the Abitibi who had evaded military service and were being tracked by the police, were brought to Quebec, where they were held in a temporary detention jail. All appeared previously to be healthy-looking. Acting on a warrant issued by a magistrate at Amos and were fined \$250 and costs, but they preferred a month in jail and are now serving sentences in the Quebec jail with 100 others.

Suggests Clemency in Cases Of Soldiers Fined Under O.T.A.

Special to The Toronto World. Brantford, Ont., Sept. 16.—Magistrate Livingston has concurred in the suggestion of the department of the attorney-general that the case of Gen. Hayes, returned man, fined \$200 under the Ontario temperance act, is one for clemency and has also added that in two other such cases here clemency should be extended. He had no option, but to set the punishment, no leniency being allowed. The convictions were both registered on August 23.

Prescott Court Levies \$1500 In Fines for Breaches of O.T.A.

Brockville, Ont., Sept. 16.—The Prescott police have been kept busy rounding up violators of the Ontario temperance act. R. Rubinsky of Montreal was caught transporting 75 gallons of alcohol in a truck bound for Toronto and paid a fine of \$900 and costs. Fred Barton, a local man, found with a quantity of whiskey in his possession, was fined \$300 and costs, and John Johnston for a similar offence came to Brockville jail for six months in default of a fine of \$118.

Uncle Wiggily and the Brown Balls

BY HOWARD R. GARIS. Copyright, 1919, by McClure Newspaper Syndicate.

Off thru the woods topped Uncle Wiggily Longears, the bumpy rabbit gentleman. Along and along he hopped, and he felt very happy.

"I don't really care much what happens now, I feel so good!" whistled Uncle Wiggily. "I guess I'll bring Nurse Jane home a lollipop and make her feel happy. Wow! I don't care what happens!" cried the bumpy, reckless little fellow.

"That was the Pipisawah!" cried the bumpy as he hopped along. "I just got away in time! He must have heard me say I didn't care for anything, and he thought he'd scare me. Well, he did a good job, but I'm not Uncle Wiggily run very fast, and soon, looking back over his shoulder, he saw that the Pipisawah was far, far away.

"I guess I'm all right," thought Mr. Longears. "But I must be careful about saying I feel too well and that I don't care what happens. So Uncle Wiggily hopped along and along, and pretty soon he heard, over behind a stone fence, some voices saying: "Now it's my turn!"

"Send it over this way!" "Don't hit the stone!" "Oh, wow! That went in my eye!" "I wonder who is there?" thought Uncle Wiggily. "He spoke of a net. Can that be?" he answered. "Sammy, hold on to his paw, which held one of the brown balls, the animal boys had used in playing tennis. This will make you let Uncle Wiggily go!"

"Will it?" "Well, I guess not! I'd like to see it!" howled the Pip. "Oh, you'll see it right enough!" exclaimed the bumpy as he raised his paw and brought the brown ball down crack! smack! right on the Pip's nose. The bumpy then burst open and came a lot of powder like snuff.

"A-ker-choo! A-ker-choo! A-ker-choo!" sneezed the Pipisawah, and he shot so hard that he sneezed himself over backward from on top of the wall, and he fell down and broke his crown and then he ran away. "Thank you for saving me, Sammy," said Uncle Wiggily. "But what was in the brown ball?"

"It was a puff ball, one of the many that grow on the stone," said the rabbit boy. "We always use them for tennis. They're all right if you don't sneeze at them, but if you bang them they make you sneeze."

"Well, they made the Pip sneeze all right," laughed the bumpy. Then he noticed the puff ball and he said: "Why didn't you bang them too hard?" asked the bumpy rabbit gentleman.

"You'll see if you stay here long enough," chattered Billie Bushytail, the squirrel.

As a result he had been living in a cool paradise over the stone wall for Calgary had withdrawn his motion for a royal commission, only to find that the committee was not to cover the ground he had intended.

Thomas Foster (East York) was of the opinion that any cases of hardship should be relieved, and the money for this purpose should be taken from the salaries of the men who had been earning big wages during the time the soldiers were overseas.

Hon. N. W. Rowell replied to Mr. McKenzie and said that the latter had misunderstood his statement. The misunderstanding, on reaching second reading, would be referred to a special committee of the house, which would also have all other matters connected with the establishment of soldiers before it.

Hon. W. S. Fielding said he had noticed a change in the attitude of the government for while the government had refused to appoint a royal commission it had promised a committee of the house to select the representatives of the various branches of the trade.

Harper, customs broker, 39 Adelaide Wellington street, corner Bp. 39 West 4882

Big Gratuity Impossible. Hon. Mr. Doherty, minister of justice, said the government was prepared to consider any suggestions for improving its scheme for soldier civil reestablishment, or for dealing with individual cases of hardship.

The government, however, would not entertain the demand for the gratuity of \$2000 for all soldiers who served in France and the other gratuities suggested for men who served in England and Canada respectively.

Replying to a question by Major D.L. Redman as to whether the government would consider making monthly payments to soldiers, the minister of justice said that any matter which came under the head of soldiers' civil reestablishment would be considered by the committee.

German Indemnity. Answering Col. Currie, Mr. Doherty said that there was no fixed indemnity which Canada was to receive from Germany.

Charges Deception. Mr. D. D. McKenzie, who followed, charged that Mr. Doherty and Mr. Rowell had deceived the returned soldiers and the public.

to what Canada was going to get out of the war.

Suggests Added Duty. "We shall get nothing at all," interrupted Ernest Lapointe.

The special committee which would deal with the soldiers' civil reestablishment bill should, he suggested, be given a further duty of five or six per cent on all imports.

In answer to a question by Dr. Edwards, Col. Currie stated that the demand for a further gratuity of \$2000 was made in behalf of men who actually served on the field of battle.

Captain R. J. Manion (Port William), special constable, returned soldier, paid tribute to the courage, tenacity and cheerfulness of Canadians at the front.

Priceless Possession. Captain Manion then dealt with the financial burden which would be imposed upon the Dominion by the giving of an additional gratuity of \$2000 to all returned soldiers.

Dr. Michael Clark, on rising, remarked that this was a practical question, which should be brought forward with sincerity and with freedom from party bias.

Germany Will Accede TO DEMAND OF ALLIES

Berlin, Sept. 16.—The Zeitung Am Mittag says it is confidently expected that the German government will accede to the command of the supreme council in Paris that Germany shall submit a written agreement or protocol that article 61 of the German constitution relating to Germany and German Austria is not to be considered as transcending the section of the peace treaty forbidding such a union.

REDS ARE CHAMPIONS OF NATIONAL LEAGUE

Cinch the Title by Beating the Giants — Alexander Bests Ames.

At Cincinnati (National).—By beating New York yesterday before a crowd of 13,000, the Cincinnati club clinched the National League pennant, the first which it has ever won. The Reds have seven more games to play, and even if they should lose all, they will win the title. The Cincinnati club has won all of the eleven games remaining on their schedule the local club would finish one game ahead. The score yesterday was 4 to 3. Reuther pitching the full game for the Reds and was hit hard, being frequently saved by sensational support. Tony pitched well for New York after the first inning, but his support was not so good. He was taken out in the seventh, and Nehf finished the game without allowing a hit. Score: Cincinnati 4, New York 3. Batteries—Tony, Nehf and Gonzales; Reuther and Hadden.

At Pittsburgh—Pittsburgh defeated Brooklyn 4 to 3. Miller and Pfeffer were hit hard at times, but it was Schman's error that permitted the Pirates to tie the score in the sixth inning. He had taken the place of Umpire, who had been banished by the umpire for throwing his bat in the air when called out on strikes. In the seventh Elbebe, the first man up, beat out a hit that bounced off Pfeffer's hand and went to second on Carey's sacrifice. Southworth singled to right, sending Elbebe over the plate with the winning run. Score: Pittsburgh 4, Brooklyn 3. Batteries—Pfeffer and M. Wheat; Miller and Blackwell.

At Chicago—Chicago made it three straight from Philadelphia yesterday by defeating the visitors, 7 to 2, in an interesting game in which Alexander pitched the veteran Ames, who recently joined the Philadelphia club, which made it run by bunting hits. The score: Philadelphia 2, Chicago 7. Batteries—Ames and Clark; Alexander and Killifer.

At St. Louis—Extra base hitting featured yesterday's double-header between Boston and St. Louis. The first game was a tie, 3 to 3, in the sixth, and his second triple and a single by Lavan winning the game in the seventh. Score: Boston 3, St. Louis 3. Batteries—Scott and O'Neill; Sherald and Dilhofer.

WALTER JOHNSON WINS ONE FOR SENATORS

At Washington (American).—Johnson won St. Louis' hit scattered while Washington bunched asstes of Leftfield and won the first game of the series, 4 to 2. It was St. Louis' sixth straight defeat. Score: Washington 4, St. Louis 2. Batteries—Johnson and O'Neill; Jacoby, Turo, Parker and Clemons.

At Philadelphia—Cleveland won both games of a double-header with Philadelphia, 5 to 4 and 12 to 3. The Athletics took the lead in the second game by scoring five runs in the second inning and a successive hit, after two were out, and a third throw by Wambegans. But the visitors came back and tallied eight in the third, being helped by wild throws by Galloway and two faults by Burns, which converted two singles into two base hits. In the first game, Chapman made three singles and four bases. Score: Cleveland 5, Philadelphia 4. Batteries—Cleveland and O'Neill; Harty, Johnson and Perkins.

At New York—Chicago-New York game postponed. At Boston—Detroit-Boston game postponed; rain.

NEW PLAYERS FOR KITCHENER TEAM Will Be Strong on Ice This Season—Some Officers Resigning.

Kitchener, Sept. 16.—The Kitchener Hockey Club are planning an undented season of fast hockey for the fans, according to inklings and intimations that are leaking out in connection with the training campaign which it is expected will be launched in about two weeks. According to present plans, the players will begin outside training in Victoria Park, using the clubrooms of the Kitchener Baseball Club for training quarters. At the first sign of cold weather the puck-chasers will retire to St. Jerome's College gym, where they will put in some strenuous hours getting up wind on the running track and gym floor.

The hockey club is facing a number of changes this year. President E. O. Ritz today announced his retirement from the presidency of the club after six years in office. The club is anxiously seeking about for a successor to Mr. Ritz, and among the likely names mentioned are E. C. Kappel, Benj. Leung, Percy Pierce, Ike Ross and Herman Wagner. Harry Wisner, the popular manager of the club, also has been mentioned as a possibility. It has been definitely decided to have a player-manager, and the choice will be among Snooter Truschnick, who has been playing for the club with indications in favor of Truschnick. When the season opens, the ex-champs will spring surprises, and the hockey world in the reappearance of Solomon arswille prince of shooters. Solomon has been trying himself the best during the summer, and in spite of the fact that his physicians declared last winter that his hockey days were over, he will be back in the forward line this winter with promise of being much in the limelight. A recent operation on his injured leg has enabled the popular goal scorer to promise to be back on his old job once more.

Coast Winners to Meet Association

Los Angeles, Cal., Sept. 16.—Officials of the American Baseball Association have agreed to a proposal of officials of the National League to match the winner of the American Association pennant with the winner of the National League pennant for a minor league championship series, according to announcements made here today. The American Association will meet the National League winner at Washington in a seven-game series, the first game according to plan starting October 10. The ex-champs are trimming up to go back in the game this winter. The plan to bring back the world championship silverware to Kitchener.

OVER SIXTY ANSWER CALL FOR FIRST PRACTICE AT VARSITY

Coaches Foulds and Campbell Have Host of Material—R.M.C. Drop Out of Senior Ranks—Gossip of the Players.

U. of T. will have no trouble in rounding out a football squad. The athletic directorate called the first practice since 1934 yesterday, and asked all those who intended to play football to respond. Just a few over sixty answered the call, and in this large squad is stored away much football. Several of the players are just returned from game overseas. Others played in the Muloek Cup series, and the rest come from all corners of Canada.

TWO THOUSAND ATTEND MILITARY BOXING SHOW

Last night's boxing show at the College Street Military Hospital drew a crowd of two thousand spectators, these for the most part being conscientious soldiers and their lady friends. General H. E. Bickford was expected to attend, but owing to pressure of business was unable to do so.

BROADWAY BICYCLE RACE.

On Saturday, Sept. 17, the Broadway Social and Athletic Club will resume its annual bicycle road race, which will be the first since the termination of the war, in which nine of the members served. This club was formed in the year 1912 with the object of promoting bicycle racing and other sports. Since its organization the club has been four times successful in winning the coveted Dunlop Trophy, valued at \$1000.

MUCH UNSETTLED IN PEACE CIRCLES

British Domestic Politics Believed to Be Affecting Lloyd George's Attitude.

Paris, Sept. 15.—The supreme council did not meet today, but it will resume its sessions Wednesday with Sir Eyre Crowe, assistant secretary of state for foreign affairs...

The reported desire of Great Britain to end the conference is generally believed in conference circles to be due to David Lloyd George, the British prime minister...

A statement issued yesterday and credited to the British saying that the supreme council had agreed upon a policy for the evacuation of Russia and had decided against "Russian adventures"...

There is a general feeling of uncertainty in peace conference circles. The peace delegates are said to believe that British domestic politics is rapidly affecting Mr. Lloyd George's attitude...

LOTS WAR WORK STILL TO BE DONE

Hospitals Must Be Visited and Comforts for Men Provided.

If there are any anywhere who are forgetting that there was a war in the not long ago past, there is nothing that would bring the matter back to them as graphically as a visit to one of the military hospitals. Yesterday a representative of The World made the rounds with members of the women's auxiliary of the Knights of Columbus Catholic Huts, who were making their weekly visit to the Christie Street Hospital.

Twelve women and girls were in charge of Mrs. J. M. Vance, who, from the K. of C. boxes which are kept in the hospital for the purpose, took the supplies which had been sent in advance and distributed them in smaller boxes that could be easily carried by her assistants. The supplies consisted of cigars, chocolate, cigarettes and other things it is known that soldiers have come to like. Then in parties of two from bed to bed in the wards went the welcome visitors, leaving two or three packages with every patient. Others were met in the corridors, and on the elevators and the exchange of smiles and passing chat were as enjoyable as the giving and receiving of the comforts.

Inquiry brought out the information that in the course of yesterday's visit the following distribution was made: 6,000 cigars, 8 pounds of Senator tobacco, 3 pounds of Tuxedo, 200 special K. of C. brand cigars, 125 cakes of chocolate, 325 packages of cigarettes, 325 spearmint gum and 45 boxes of arbutin. In addition anything that the men want is sent to the Knights in a special requisition. This week's request included 3 bottles olives, 4 packets cream cheese, 12 Campbell's soup, 4 angel cakes, 3 chocolates, 6 melons, peaches and cream for 50, tomatoes, celery, lettuce for 14, and other items. The outlay for this distribution among the hospitals is \$600 a week.

DEPENDABLE GARMENT BY DEPENDABLE FIRM

One would hardly associate the word "Balacava" with an overcoat, but these well-known and old-established tailors, R. Score & Son, of 77 West King street, have just perfected a coat which they have named after the famous battle. It was said that anything—men, horses, guns or clothes—that came out of "Balacava" shot whole was worthy of keeping as an historic relic. Messrs. Score have not put up this "Balacava" coat to be shot at, but it is so perfectly made from the very best materials and cloth obtainable that it will stand up against all weathers—rain or sun—and still maintain its shape and appearance. In fact, you may "stand by" with shot and shell, but it always looks "good."

The "Balacava" is made in various styles—the dress, the sports, belted, walking, winter, spring, winter, winter, winter, motor, storm, ulster and the traveler. The coat is not factory made. It is strictly a high-class, hand-made article, and can be obtained ready-made or made-to-measure.

CAN RETURNED MEN GET TAXATION EXEMPTION?

It is understood that Controller McBride is taking up the question as to whether under a section of the assessment act returned soldiers' houses may be exempt from taxation. The clause, regarding this, which is stated Assessment Commissioner Forman will be asked to report on.

USED SHORT MEASURE

The local weights and measures inspectors yesterday brought R. S. Gallagher to the police court for using an unjust measure. He was using a peck measure, which, on being tested, was found to be two pints short. Gallagher was fined \$20 and costs, which shows his offence must have been a pretty serious one. Now the weights and measures inspectors have begun to use their eyes, they may find a good many unjust measures in and around the city.

MISS NAN CRONYN MARRIED

The marriage of Miss Nan Cronyn, daughter of Mr. and Mrs. B. B. Cronyn, to Mr. Hamilton Boswell took place at St. Paul's Church yesterday. The newly married couple are here seen leaving the church.

SOCIETY NEWS

CONDUCTED BY MRS. EDMUND PHILLIPS.

The marriage will take place in St. Andrew's Church, Toronto, on Wednesday, Oct. 8, of Miss Strathairn, only daughter of Sir John Strathairn, Hendrie and Lady Hendrie, Government House, Toronto, and Hamilton, Ontario, to Lieut.-Col. William Hugh Dwen, C.B.E., Royal Engineers, Montreal, son of the late Mr. and Mrs. Thomas Owen, Holyhead, Wales.

The reception given in Winnipeg last week by His Honor the Lieutenant-Governor and Lady Aikins, in honor of His Royal Highness the Prince of Wales was a brilliant event and a pageant of fashion. Never before has feminine Winnipeg been adorned in such magnificent and costly apparel. Cloth of gold and cloth of silver, with diamond tiaras and diamond necklaces were worn by many. Receiving with the lieutenant-governor and Lady Aikins were Their Excellencies the Duke and Duchess of Devonshire, His Royal Highness the Prince of Wales and Lady Dorothy Cavendish. Her excellency was wearing a handsome gown of black chiffon velvet and some of the wonderful pearls from the Devonshire collection, which is considered second only to that owned by the British royal family. Lady Dorothy Cavendish was in a frock of jade green chiffon and a green iridescent bandeau in her hair. Lady Aikins was in a cloth of gold with Carrickmacross lace. The train was of cloth of gold and white brocade, and was edged with white ostrich. The guests assembled in the ballroom at 3 45 o'clock; the doors were then opened into the large drawing-room, where the reception was held. The guests passed on to the main floor of Government House and gradually circulated back to the ballroom. Supper was served in the dining-room at 11 30 o'clock. Miss Emmet McBride had the honor to receive three times during the evening by the royal guest as his partner. His royal highness had met Miss McBride in France when she was doing Y.A. work. She wore a beautiful gown of cloth of gold. To Miss Helen Aikins fell the honor of being the first partner chosen by His royal highness. The bride was next, and then came Miss McBride, Miss Kay Perse, Miss Betty Aikins, Miss Alice McBride and Miss Catherine Christie were in turn objects of the royal favor. Miss Perse had two dances with his royal highness. The prince never missed a single number nor an encore. The grounds of Government House were lighted with red, white and blue electric lights.

The reception took place yesterday afternoon in St. Paul's Church, East Bloor street, when the Rev. Dr. Miller, Ridley College, officiating, in the absence of the Rev. Dr. Cody, solemnized the marriage of Nan, youngest daughter of Mr. and Mrs. B. B. Cronyn to Mr. Hamilton-Boswell, son of the late Mr. and Mrs. Schonberger. The church was decorated with palms and ferns and white roses on the altar. Dr. Williams playing the wedding music. Officers of the 15th and 92nd Battalions were the ushers in Highland uniform. They included Capt. Kerr, Lieut.-Col. Crear, Capt. Fessenden and Capt. Landry. The bride's attendants were her sister, Mrs. Crerar, Miss Grace Saunders and Miss Isabel Burton. Dressed alike in pale green tulle over silver tulle with small green hats and carrying Madonna lilies. The bride, who was brought in and given away by her father, wore a Burne-Jones gown of cloth of silver, fastened with court train, over which fell a veil of tulle with a wreath of silver leaves, and she carried a sheaf of arum lilies. Major Masvor was best man. After the ceremony, Mrs. Cronyn held a reception at her home in Poplar Plains road for the relations and intimate friends of the family, when she looked very handsome in silver grey panne with a black velvet hat. Later in the afternoon Mr. and Mrs. Hamilton-Boswell left on a motor trip. The bride wearing a navy blue tailor-made with hat to match.

Mrs. Dumoulin has returned from Ottawa, where she accompanied her daughter, Miss Eyles, who has been visiting her in Toronto. Lady Beck and Miss Marion Beck

MORE PLAYGROUNDS URGED FOR TORONTO

Social Service Societies Not in Favor of Games on Sunday.

According to a report received by the central council of the Neighborhood Workers' Association at their regular meeting yesterday afternoon none of the social service societies are in favor of having the playgrounds open on Sunday. The only society that stated that they had no objection was the Federation of Jewish Philanthropies. The committee in its report, however, stated that physical danger of recreation on Sundays was not as serious as on week days, owing to the absence of heavy traffic on the streets. The fact that parents are usually home on that day and that they could look after their children was also pointed out.

The general feeling of the central council was that more playgrounds were necessary in the congested districts. In the opinion of the central council, Parks Commissioner Chambers is not getting sufficient support from the civic officials to enable him to widen the scope of his activities in providing playground accommodation for the children and parks for the city.

Many Cases Handled. The report of the district secretary for the months of July and August shows that 470 cases were handled by the association during those months. Of these 45 were due to desertion, 37 unemployment, 31 low wages and military cases 23. Hundreds of other cases arising from other sources were also dealt with.

The central council decided to make a canvass of all organization officials with the Neighborhood Workers' Association in connection with securing volunteer workers for social work. "We feel that there are a number of people who devoted their time to war work that would like to take up the question of social service," stated an official after the meeting. "We will get in touch with various societies and individuals and see if we cannot enlist them for this social work."

The secretary of the association was instructed to write to the board of education in reference to the wider use of school buildings. The council felt that the schools ought to be the property of the people living in the community to be used in any way that would be to the advantage of the people in the vicinity.

The executive was also authorized to make all preparations in case of the return of influenza.

young people's dance at her house, 3057, rue St. Louis, on Saturday night. Miss Beatrice McKenzie, Kansas City, and Miss Adeline MacTeir, Montreal, were among one hundred guests were present.

MORE MONEY TO BE SPENT FOR ISLAND PROTECTION

An additional \$1,000 for shore protection at the island was yesterday favored by the parks committee of the city council. Commissioner Chambers had reported that the temporary breakwater along the south shore of the island from Manitow road to Ongiara avenue, at a cost of \$2,069, has so far served the purpose of protecting the property in front of which it has been placed. As the result of recent storms, however, serious erosion has been caused to the shore west of this. It was to remedy this that \$1,000 was asked to extend the work from Ongiara avenue to a point west of Cherokee avenue. Ald. Russell Nesbitt strongly supported the \$1,000 recommendation.

Milk Producers Will Try to Justify Increase

President E. H. Stonehouse of the Toronto Milk and Cream Producers' Association said yesterday that his organization will not resent any inquiry by the board of commerce into milk prices and that they were quite willing to appear before the board and give reasons for the proposed increase of milk prices. The producers are billed to appear before the board tomorrow and justify the boost of milk to \$3.35 per can for the winter months.

DRUG ADDICT COLLAPSES ON WAY TO BURWASH

Chas. Dockery, a colored man, one of a party of 12 prisoners being escorted from Toronto jail to Burwash, caused a sensation at the Union Station last night when he suddenly fell as the train in a fit. The man was sentenced some time ago to Burwash for using "dope," and it seems that he gave out last night as a result of having been without the stuff for some time. A doctor arrived on the scene, and the man revived after an injection had been administered.

COMING TO ALLEN.

A powerful, imaginative new producer of motion pictures has sprung into the front rank to challenge world recognition in J. Parker Read, Jr., whose first big emotional drama, "Sahara," starring Louise Glaum in a story by C. Gardner Sullivan, and supervised by Allan Dwan, is the attraction for the week of September 22 at the Allen Theatre. "Sahara" is hailed everywhere as being the big production of the year in motion pictures; a rich, luxurious emotional drama of Paris, Cairo and the Egyptian desert, from which it derives its colorful name.

Use More Corn Syrup For Preserving

Real home-made preserves, and the woman who puts them up—how they're both appreciated. Preserving is not difficult to-day. The LILY WHITE way has removed the uncertainty. Most of your preserving troubles have come from using sugar alone. Even the beginner can count on success if she will use half LILY WHITE and half sugar. LILY WHITE blends the sugar with the fruit and makes preserves that will never crystallize.

LILY WHITE and CROWN BRAND are both Dandy for Candy.

Your grocer sells Crown Brand and Lily White Corn Syrup in 2, 5, 10 and 20 pounds tins.

SIMPSON'S—New Fall Blouses in the Opening Display Today

Exclusive models from Paris and New York--reflecting a versatile array of the most superb originations of expert Fashion-artists and forming the finest collection we have ever shown.

Third Floor

Exquisite shades to emphasize the theme of color harmony in the Autumn costume is the dominant note of this beautiful display. Pale lavenders, pinks and yellows, with tracteries of gleaming gold and silver, or appliqued flowers in contrasting tones.

Bright capote blues, hennas, browns and navy, with gay batik, printed floral and conventional designs, in flashing Oriental tones all aglow with Chinese embroideries. Also the new nasturtium, with midnight blue trimmings, and black that glitters with jets and silver sequins.

GEORGETTE

Continues in High Favor

Lending itself more delightfully than ever to the fashioning of the new Cossack over-blouse and the dainty embroideries and laces that adorn the many models. Besides, the new modes are particularly adapted to informal evening wear. These may be charmingly carried out in the sheer filmy georgette.

TRIMMINGS

Are Many and Elaborate

Featuring wonderful embroideries in silk, chenille and wool of riotous coloring, cut and uncut fringe, braiding, beading, jets and sequins. Beautiful fillet and Val. laces are also seen on the more delicately shaded georgettes, also on the Philippine hand-made lingerie blouses that form an interesting part of the glorious collection. Prices range from \$15.00 to \$65.00.

Simpson's—Third Floor.

Store Opens 8.30 a.m. Closes 5.30 p.m.
OPEN ALL DAY SATURDAY

Furs of Distinction

The rich beauty of their carefully-selected pelts and the fact that many of the handsome styles we are now showing cannot be duplicated at present cost, make it particularly advisable that you should choose during this Opening Display when quantities and qualities are at their best.

Long-Haired Furs Crave Particular Favor

By means of their ultra-becomingness—fox leading the way in popularity. All the new shades of brown, red, white and the exquisite silver are shown. Wolf, sable, mole, beaver, squirrel and opossum are also seen in scores of charming styles.

Handsome Hudson Seal Coats

These Seal Rat Coats are enjoying unprecedented vogue this season, and we are showing the latest and most exclusive New York and Canadian models in the varied lengths. Many are enriched by other costly furs.

Simpson's—Second Floor.

Women's Stunning New York Suits

of Silvertone, Wool Velour, Serge and Gabardine

Distinguished of line, faultlessly tailored and of the most popular materials the new season offers, these suits are bound to tempt the most discriminating.

Semi or straight styles with tiny shoe string belts, if belted at all, and collars that may be worn open or closed up about the throat.

To which lovely linings and cosy interlinings add attractiveness and warmth. Colors navy, brown, victory blue, oxblood or black. Priced \$45.00 to \$75.00.

Women's Exclusive Fur Trimmed Coats

Destined to unsurpassed popularity are these beautiful models of rich velours and silvertones, with their great collars and trimmings of Hudson seal (seal rat), near seal, coon or opossum.

Besides there is an infinite variety of the most favored designs which allows wide scope for choosing. Many shades of blue, full-toned browns and the new red shades predominate, while linings of bright-toned silk and satins give added individuality. Sizes 32 to 42. Priced, \$65.00 to \$150.00.

Simpson's—Third Floor.

Misses' Youthfully Styled Fall Suits

Featured in the opening display at the moderate price of \$49.75.

Charming modish tailored styles are these—with the slender lines of girlhood accentuated by cunning little belts, chic-pockets, pintuckings and tailored or fur-trimmed collars.

Fashioned of the graceful silvertone, wool poplin or men's serge in an ultra smart oxford shade, navy and taupe. Sizes 14 to 20 years. Special value at \$49.75.

Misses' Autumn Coats at \$35.00

In a varied assortment and of unexcelled value at the moderate price.

'Tis not often nowadays that coats of such originality and smartness as these are to be had at so tempting a price—particularly when they are made from heavy wool velour along newest lines.

One Coat is Smartly Box-Plated

—a feature of the cleverest models of the season, silk stitched and finished with big crush collars. Another has rippled back, belted front, many pintucks, large buttons and crush collar. Colors navy, green, brown, burgundy. Price, \$35.00.

Simpson's—Third Floor.

Men's Tweed Hats \$2.50, \$3.00 and \$3.50

Daily the popularity of the tweed hat grows. To meet the increased demand we have laid in an exceptional range of tweed hats in all the smart shapes and shades. Your requirements may therefore be conveniently filled since there is ample opportunity for selection. Attractively priced at \$2.50, \$3.00 and \$3.50.

Lincoln Soft Felt Hats, \$5.00.

Dressy models in the newest designs. Several good fedora shapes to choose from of this reliable brand. Well finished with real leather sweat band. \$5.00.

New Fall Caps

One, four and eight-piece crown shapes in all the new fall styles. Many materials. Prices, 95c, \$1.25, \$1.50, \$2.00, \$2.50, \$3.00 and \$3.50.
