Tonight, County Crown Attorney

Murphy, accompanied by the detectives,

took the Perkins house at Cayuga.

The arrest of Mrs. Perkins has been

expected for the past few days.

The arrest caused a big sensation.

Within a few minutes the carriage was

surrounded by a crowd who followed it

to the jail. Mrs. Perkins was accom-

night shift had begun work.

The explosion is the most serious

that has occurred in the district since

a year ago, when nearly 100 lives were

lost.

MAN COMMITS BIGAMY. BRIDE'S MOTHER HELPS Arrange With Clergyman to Keep the Matter Quiet—Groom Has Gone.

Brookville, Feb. 19.—(Special)—The truth is coming out concerning an Athens scandal. The disappearance from that village of Benson Towris, a prominent resident, reveals the crime of bigamy.

Towris, the son of a wealthy farmer, inherited a large and well stocked farm. He married well. With his wife and small family he recently moved into the village and lived retired.

It is now stated that Towris and Miss Mabel Allingham, an attractive young woman of Athens, came to Brookville. They were married by Rev. Norman McLeod, of the First Presbyterian Church, the groom designating himself as a bachelor.

Previously arrangements had been made with Mr. McLeod for the marriage by the girl and her mother. They requested the clergyman to keep the affair quiet on account of the bride's father being opposed to the match.

Towris and his wife No. 2, on returning to Athens, resumed their former places of abode.

\$250,000 TRUST FUND TO AID YOUNG WOMEN

Cincinnati Banker is Stirred to Action by Evidence of Mrs. Evelyn Thaw.

Cincinnati, O., Feb. 19.—J. G. Schmidlapp, a widely-known Cincinnati banker, to-day announced the establishment of a trust of \$250,000, the interest of which is to be devoted to the benefit of young women.

Friends of Mr. Schmidlapp say that the trust was decided on by him after a recent visit to New York, and after learning of the testimony in the Thaw murder trial.

The trust is a memorial to Miss Charlotte Schmidlapp, who was killed in an automobile wreck in France last summer.

WOMAN DENIES MURDER. Will Use Fortune to Find Out Cause of Mother's Death.

New York, Feb. 19.—Mrs. Lottie Wallau, who is at present in the Tombs, charged with being responsible for the death of her mother, Mrs. Ida Binge, a wealthy widow, issued to-day, thru her counsel, a statement in which she denies hastening the death of her mother.

She adds that should it be found that Mrs. Binge had been poisoned, she will use Mrs. Binge's entire fortune, of which she has unrestricted control in investigating the case.

PURE RED BLOOD. Is Necessary to Health, Strength and Happiness.

Pure, rich, red blood is what is needed by every woman, young or old. Thin, watery blood is the cause of all headaches and dizziness, all the weakness and despondency, all the nervousness and fainting spells that afflict girls and women.

The only medicine that can help you is Dr. Williams' Pink Pills. These pills make new, rich, red blood, that gives you life and strength to every organ of the body.

In this way they make pale, feeble girls develop into healthy, happy women, and for the same reason bring ease and comfort, and regularity to women at all ages.

Dr. Williams' Pink Pills for Pale People, on the wrapper around each box, in doubt, send to The Dr. Williams' Medicine Co., Brockville, Ont., and the pills will be mailed at 50 cents a box, or six boxes for \$2.50.

TO HAVE A PONY SHOW. \$600 for Prizes Already Guaranteed—Society to Be Incorporated.

At the sixth annual meeting of the Canadian Pony Society, held at the King Edward last night, there was a large attendance and much enthusiasm was shown with regard to the holding of a pony show at some time during the year.

The committee that was given instructions to proceed with the arrangements is made up of George H. Gooderham, Dr. J. O. Orr, R. W. Davies, H. M. Robinson, Jesse Applebach, W. H. Knowlton, E. T. Campbell, T. B. Foster and Thomas Graham.

It was again decided that the standard of registration for ponies should be 14.1. It was also determined to apply to the Dominion government for incorporation as a record breeding society, and to apply to the Ontario government for incorporation that would make the society eligible for membership in the Ontario Breeders' Association.

Johnson Gould, president of the Markham fair, thanked the society for the support given to the pony club at last year's fair.

These officers were elected: Hon. President, G. V. Foster; president, W. J. Stark; first vice-president, W. R. Meach; second vice-president, R. W. Davies; secretary, H. J. P. Good; treasurer, Arthur Taylor; directors, George H. Gooderham, Thomas A. Graham (Claremont), H. M. Robinson, E. C. H. Tisdale (Beaverton), William Smith, Jesse Applebach, George Pepper, O. B. Sheppard, C. E. Stone, E. F. Smith; honorary directors, W. H. Knowlton, Robert Miller, Robert Beth, Major A. B. Lee and Rev. Mr. Baker, Woodstock.

CLAIMS \$20,000 DAMAGES. London, Feb. 19.—Jarvis and Vining, on behalf of plaintiff's solicitors, Rowell, Reid, Wilkie, Wood and Gibson, Toronto, served notice of action for libel upon the Free Press, claiming \$20,000 damages.

The plaintiff is Robert Reid of Ottawa, formerly of this city, commissioner of the Transcontinental Railway.

The article complained of was published on Feb. 11 last.

GENERAL STORES BURNED. Winnipeg, Feb. 19.—At Eden, Man., ten miles north of Neepawa, a number of general stores were destroyed by fire to-day. Eriessberg and Manscott were the heaviest losers.

McGILL'S WORK. Kingston, Feb. 19.—Charles McGill, ex-manager of the Ontario Bank and now in the penitentiary, has been given a desk in the accountant's office.

TO HAVE A PONY SHOW. \$600 for Prizes Already Guaranteed—Society to Be Incorporated.

At the sixth annual meeting of the Canadian Pony Society, held at the King Edward last night, there was a large attendance and much enthusiasm was shown with regard to the holding of a pony show at some time during the year.

The committee that was given instructions to proceed with the arrangements is made up of George H. Gooderham, Dr. J. O. Orr, R. W. Davies, H. M. Robinson, Jesse Applebach, W. H. Knowlton, E. T. Campbell, T. B. Foster and Thomas Graham.

It was again decided that the standard of registration for ponies should be 14.1. It was also determined to apply to the Dominion government for incorporation as a record breeding society, and to apply to the Ontario government for incorporation that would make the society eligible for membership in the Ontario Breeders' Association.

2416

2416—A BECOMING LONG COAT. The very attractive long coats, which are convenient for wear on all occasions are not all difficult to fashion, and one which will please for its general gracefulness is sketched for the benefit of the amateur sewer.

The coat is in long three-quarter length, falling uninterrupted from the shoulder and having only shoulder and under arm seams to be sewed. The sleeves are generous enough to go on easily over any dress without crushing, and may be in long or shorter length. The triple capes are most charming, and will be found especially becoming to the slender woman. Broadcloth is suitable as well as other smooth cloths, while silk or waterproof fabrics are also suggested. For the medium size 5 yards of 54-inch cloths are needed.

2416—Sizes, 32, 34, 36 and 38 inches bust measure. The price of this pattern is 10c.

Each square is tucked down with a navy blue velvet button, and outside of the blue velvet each row of little white buttons.

Navy, black and light yellows make up beautifully colored plaids, especially the black, if a fine quality chosen and if put over a black and white check. A pale tan or putty color over a brilliant Scotch plaid and a navy over a rich plaid in wine shades are among the prettiest of the veiled plaids. A putty colored dress of plaid in an extremely pretty three piece suit has a finely tucked waist cut low below the patient's feet and neck. It is lined with the

curbed by the company to its stock and debenture holders. No one ever thinks of regarding this capital, so long as it is represented by tangible assets, as a debt in any invidious sense of the term, and if increasing business leads to necessary extensions and consequent increase in legitimate capital expenditure, no one regards that increase as an additional burden; rather is it taken as a sign of prosperity and as proof of energetic and progressive administration.

Now when a municipality resumes a public franchise, or resolves to retain and operate one of its franchises, it also needs money to purchase or to establish the undertaking. It proceeds to borrow the money necessary for that purpose—which, as a general rule, is done on more favorable terms than are within the power of a private company—and the amount so raised is, of course, a debt due to the bondholders, just as the amount raised by a private franchise-holding corporation is a debt due to its stock and debenture holders.

That the result of municipal operation of public franchises in Great Britain has been extraordinarily and all but invariably successful and remunerative is a proposition which simply cannot be gainsaid. There is no lack of information on the question. Municipal ownership has been repeatedly investigated by parliamentary committees and by private individuals.

Some months ago The Illustrated Mail, the weekly edition of The London Daily Mail, a paper not at all friendly to public ownership, published an account of the municipal enterprises of Nottingham. The trading account of this city showed a capital expenditure, at the end of the last financial year, of about \$16,000,000, and producing aggregate profits of \$1,200,000 or about 8 per cent.

Be it remembered, too, that by statute each of these enterprises carried a sinking fund; the accumulated amounts now standing at over \$3,400,000, "the whole of which has been provided out of revenue, and nearly the whole of which is invested in securities outside the respective concerns. At the rate of profit the trading undertakings made last year, the capital employed in them stands on the basis of a twelve years' purchase only. In other words, the profits, if maintained at this rate, would be sufficient, if it were practicable for them to be so employed, to extinguish the present capital liability in about twelve years' time."

THE RAILWAYS AND THE BOARD OF RAILWAY COMMISSIONERS FOR CANADA.

Sixty-third Article. Is it the duty of the public to pay passenger and freight rates sufficiently high to provide funds for the payment of dividends upon watered stock, or should transportation tolls be based upon the actual value of the work performed?

Over capitalization is not the only cause for the excessive rates which are in existence in Canada. There are other expenses in connection with the management of railways which, from a public standpoint, are just as objectionable as watered stock, and yet the people are being compelled to provide the funds necessary to pay these expenses. Over capitalization has been so thoroughly exposed through the public press that it is perhaps unnecessary to say anything further upon that subject, as the public are well informed with regard to what is meant by watered stock.

Another heavy item of expense in connection with the railway companies is the maintenance of what are known as fast freight lines. For the public information it would perhaps be as well to give them a little insight into the reason for the formation of these fast freight lines. It was not long ago that the original owners of the fast freight lines were the officials of the railway companies, personal advantage being seen in this arrangement would work out to their benefit.

The management of fast freight lines is placed in the hands of railway men who are chosen for their ability and the expense of management is comparatively small. The actual work of handling the traffic is, however, done by the employees of the railway companies, and there is nothing in connection with the business itself that is not better handled by the railway companies.

It is not surprising, therefore, that the fast freight lines are simply parasites upon the stockholders of the railway companies. The maintenance of these fast freight lines is which is paid for by the stockholders of the railway companies, and the interest in the fast freight lines being practically the same as the interest in the fast freight lines of the railroads, it is impossible to eliminate the fast freight lines from the railway work.

Probably the responsible management of the Bell Telephone Company would have been better pleased had it not occurred to it to disturb the arrangement under which its operating employees were working. But however that may be, the incident culminated in the commission of enquiry affording a valuable illustration of the ways and methods of a public service corporation whose first and all-prevailing motive is increase of profits.

MUNICIPAL ENTERPRISES AND CAPITAL LIABILITY. In default of any better arguments, the opponents of public ownership and operation are making great play with the increase in the municipal debt of Great Britain, which is attributed without further explanation to the ownership and operation of public utilities and services.

It is worth while to examine this line of attack with some particularity as it touches a point which will be long placed before the municipalities of Canada. When a community leases out one of its public franchises to a private company, that company needs money for construction and equipment, and it raises it, either by the issue of stock or bonds or usually both. The funds so raised are its capital and they are also liabilities incurred by the company to its stock and debenture holders.

RETAIL MERCHANTS MEET TO VOICE SOME COMPLAINTS

Cause for Street Car Congestion—Exhibition Management is Criticized.

The 11th annual banquet and meeting of the Retail Merchants' Association, held last night, was marked by a large and representative gathering.

C. Higgins was in the chair and urged the necessity for cheaper power and light, if Toronto was to maintain its present pre-eminence position.

E. M. Trowen, secretary, scored the Dominion government for their failure to establish a bureau devoted to the interest of the retail merchants.

It was impossible to obtain any information relating to the retail trade in general. Turning to local conditions, Mr. Trowen blamed the departmental stores for the street railway congestion.

Trade was being centralized within two blocks and no less than 9000 employees required to move at the same time. There were only 416 retail stores in the city of Toronto.

These officers elected (re-elected): F. C. Higgins, president; R. W. Docksey, first vice-president; Walter Main, second vice-president; William Dineen, treasurer (re-elected); E. M. Trowen, secretary (re-elected).

SIR WM. KINGSTON DEAD—SUMMONS WAS SUDDEN

Was One of Country's Foremost Physicians and Conspicuous in Financial Circles.

Montreal, Feb. 19.—Sir William H. Kingston, one of Canada's best-known physicians and philanthropists, died suddenly this morning. Up to yesterday he was apparently well and hearty.

The late Sir William was a conspicuous figure in local medical and financial circles, president of the City and District Savings Bank, one of the strongest institutions of its kind in the Dominion, and was at the head of the medical department of the Hotel Dieu.

In 1896 he was a candidate for the house of commons in St. Ann's division in this city, but was defeated by Jas. McShane, now harbor master.

Later Dr. Kingston was appointed to the senate and was soon afterwards knighted for his distinguished medical services.

He was a prominent Irish Catholic and has long been identified with Irish educational affairs.

He was born 78 years ago on the bank of the Chateaugay, near Huntington, Que. He married in 1876 Margaret, daughter of Hon. D. A. Macdonald, then lieutenant-governor of Ontario.

A TRIBUTE

Sir William H. Kingston was highly thought of by the medical profession all over Canada. Dr. R. A. Rees, president of the British Medical Association, spoke of the deceased in highest terms.

He was a surgeon of recognized experience. At one time he was president of the Canadian Medical Association and was always a prominent figure at the different medical conventions, both Dominion and British, and took a foremost part in the surgical discussion at the convention of the British Association in Toronto.

He was a medical association in Toronto and was particularly fond of citing the physique of the French-Canadian women as the standard of perfect womanhood.

Public Ownership League

Will Organize Next Week

Preliminary Meeting Will Be Held in Victoria Hall on Wednesday Evening, February 27th—Resolutions Will Be Submitted and Officers Elected.

Victoria Hall on Queen-street (opposite Bond) has been engaged for the preliminary meeting of the Public Ownership League, which will be held on Wednesday, Feb. 27, at 8 o'clock.

Further announcements will appear from time to time regarding this meeting. It is important that there should be a large turnout to give the organization a good start. A temporary chairman will be named, but it will be for the meeting to decide who shall preside. A temporary secretary will also be appointed.

It is intended that the meeting shall have free course in the selection of permanent officers and in the adoption of a platform. Resolutions will be submitted and freely discussed and the views of everyone interested in the movement will be invited.

From the responses The World has received to its invitation to the general public to fall into line, we believe that the preliminary meeting will be largely attended. Victoria Hall will seat comfortably 500 or 600 people. It is one of the most convenient halls in the city, and is well heated and lighted. Some of those who have associated themselves with the Public Ownership League, who are prominent in municipal and political life, will be invited to address the meeting, and anyone else who has ideas to state will be given the opportunity of addressing the meeting. Let the discussion be free and open.

It will be suggested that Toronto be formed into districts for the purpose of the Public Ownership League. Possibly it would be well if the riding boundaries were taken and branches of the league formed, in four or five divisions of Toronto. It will also be suggested that steps be taken to spread the movement to outlying sections of the province. Probably Hamilton, London, St. Catharines and other towns will be visited for the purpose of interesting the friends of public ownership in organization work.

Public Ownership League

I approve the formation of a public ownership league and am prepared to give the movement my earnest and personal support.

Perfect Manhood

Our "Restorine" CURES are The TEST.

Health of body, strength of mind, steadiness of nerves are the best and most precious gifts man can lay upon the altar of his conjugal love. Restorine operates on the nerves which control the sexual system, and infuses into it, power and vigor. No such thing as failure in life, is possible in perfect manhood; it is the lack of vital force, and the depletion of sexual energies that makes failures of men. Restorine awakens a man to a sense of restored vitality and power. Why be weak when you can so easily become strong? Profits are the test. Send testimonials sent to any one on receipt of name. WILL DO WITHOUT CHARTER
CITY HAS NO USE FOR ONE

So Say the Legislation Committee
—Controllers Object to an
Elevated Railway.

CITY HALL TO-DAY.

- 11 a.m.—Board of control.
- 2 p.m.—Fire and light committee.
- 4 p.m.—Local board of health.

A charter is a needless luxury for the city, at least so a majority of the legislation committee viewed the matter yesterday afternoon. The city solicitor suggested in his report that a government commission might look into the matter. The committee, however, has drafted a law, merely a compilation of the municipal and assessment acts, and some of the city's private acts, thus embracing all the municipal powers possessed by the city. Among the many important questions that would have to be discussed before the charter could be submitted to the legislature, the chief was whether the city should have practically all the power of legislation that the province had, or whether the powers should be defined as at present by the Municipal Act, also whether the raising of money, and what body should be given power to control the council's actions, should be bylaws or by submitting bylaws to the people should be departed from.

Mr. Chisholm thought the city might have to bear the expense of the commission, and this would prove costly, but would be the only satisfactory course. Personally he never saw any need for a charter.

Believes in Home Rule.
"It is a home rule," announced Ald. Bengough. "We must have home rule for Toronto. Things essentially provincial should be left; beyond that, we should have absolute control." The City Clerk Littlejohn tendered the information that back in 1879 or 1880 Mr. Beatty, then mayor, had proposed a charter, and the government had promised consideration.

"I have heard government members say they were willing to give the city a charter," observed Mr. Chisholm. Ald. J. J. Graham reminded that it was too late to apply for a charter this year.

"What's the use of a charter? That's what I'd like to know," put in Ald. Chisholm. Nobody seemed to know exactly, and Ald. Church's motion, recommending council not to apply for a charter, was carried. Ald. Cushing and McMurich supporting the mover, while Ald. Keeler and Bengough opposed, and Mr. Graham dissenting.

H. J. Wickham, secretary of the Toronto branch of the Navy League, submitted a report on the extension of the agreement given by the city to the marine interests generally, and that more attention be given to the improvement of harbors and the construction of life-saving stations. In the United States more aid was given the marine interests declared Mr. Wickham. The committee sent a resolution on to council.

Whitlock's Motion.
Ald. Whitlock's motion, whereby street extensions should be made at the expense of the city in general, when in the public interest, was carried. Ald. Keeler declared that sectional opposition to extensions was retarding the development of the city, and preventing needed car line extensions.

The city solicitor's opinion was that it would be well to enlarge the powers of the court of revision so that it could act as an arbitrator in fixing the proportion that the city should pay.

WEAK HEART
SYSTEM WAS RUN DOWN

When the heart's healthy and performing its functions naturally, it should be regularly seventy-two times a minute without causing its owner the slightest inconvenience or distress.

When it begins to beat irregularly or intermittently, palpitate and throbs, skip beats, beat fast for a time, then so slow as to seem almost to stop, it causes great anxiety and alarm.

The least excitement or exertion seems to affect it.

Many people are kept in a state of morbid fear of death, become weak, worn and miserable, and are unable to attend to either social or business duties, through unnatural action of their heart.

To all such sufferers

MILBURN'S HEART AND NERVE PILLS

can give prompt and permanent relief. Mrs. F. Fletcher, Sault Ste. Marie, West, Ont., says: "I have been troubled for four or five years with weakness, and run down system. My feet were always cold and felt almost dead. My heart was weak and I was so nervous I could hardly walk across the streets. Started taking Milburn's Heart and Nerve Pills, and after using three boxes I felt much better. I continued their use until I had taken twelve boxes and I am now well."

AGRICULTURE IS ADVANCING DEBITIES BY LARGE VOTE TO PAR WITH PROFESSIONS

SUSTAIN BRIAND'S POLICY

J. G. Lethbridge, Master of Dominion Grange, Speaks Optimistically—Views on Tariff.

"We believe no other occupation known to mankind offers surer and more profitable investment than do farming, stock-raising and fruit-growing at the present time. The man behind the plow is coming to the front, and the day we hear of a farmer and fruit-grower will rank with the best of other professions. It is already true that the young man to-day who follows agriculture or horticulture as a profession has a much more certain prospect of a profitable income, good health and happiness than in almost any other field."

So spoke J. G. Lethbridge, master of the Dominion Grange, in the annual address to that body, assembled yesterday in convention in Victoria Hall. The gathering continues to-day and tomorrow.

Mr. Lethbridge covered nearly all the subjects that lay closest to the hearts of Canada's agriculturists. He stated that there was no abatement in the measure of prosperity which have increased from ninety millions to one hundred and twenty million dollars at the end of the past year.

Cultivate Trade.
He was pleased to notice that the trade with the United States was increasing, which was a geographical reason, and natural and likely to increase, and that the national exports in all these lines were increasing. He stated that the national exports in all these lines were increasing from ninety millions to one hundred and twenty million dollars at the end of the past year.

Oppose "L" Road.
Hostility to the elevated railway entered into the city council, was declared at yesterday's board of control meeting. Controller Harrison advised that the city should prevent a franchise being obtained. The mayor advised that there were already franchises and troubles enough. The mayor added that when a population of a million was reached, an underground railway might be needed, but he would never agree to an elevated system. The city solicitor was instructed to keep a watch upon the company's application.

The city may intervene in the dispute between the street railway and the powerhouse employees over the reported intention of the company to lengthen the working time to 12 hours. Controller Hocken pointed out that the agreement provided that the railway's employees should not work more than 10 hours a day. A report will be had from the city engineer on the actual facts.

City's Assessment.
The city's assessment for the year is \$18,622,463, as shown by the final report of the city auditor, and an increase over the assessment for 1906 of \$1,220,785. On last year's basis of taxation, 12.12 mills, the city will derive an additional \$1,220,785, which should go a long way towards providing for increased expenses of civic government.

By wards the assessment is:
Ward 1. \$ 9,500,530
Ward 2. 2,846,378
Ward 3. 75,556,718
Ward 4. 1,478,710
Ward 5. 17,428,075
Total. \$18,622,463

The assessment available for separate school taxes is \$13,051,732, as compared with \$11,691,685. By wards the figures are: Ward 1, \$4,839,610; Ward 2, \$2,227,138; Ward 3, \$1,429,732; Ward 4, \$472,496.

The revised figures show a cut of \$906,967 from the assessment committee's figures and an advance of \$8812 from those of the court of revision.

Brevities.
Property Commissioner Harris is preparing a new plan for the entrance of the radial railways, including a new marine police station, and a new bathing house and additional amount for Ross-street fire hall.

The board of control is anxious to begin the installation of a crematory near the intersection of Christie-street and Eglinton-street as soon as possible, and Dr. Sheard will report.

NO TENDERS FOR TIES.

I. C. H. Manager Authorized to Buy Them at Advanced Price.

Ottawa, Feb. 19.—L. K. Jones, secretary of railways and canals, was examined by the public accounts committee this morning in regard to the purchase of 72,000 ties for the L.C.R. from B. F. Pearson of Halifax, a member of the Nova Scotia government. On Feb. 17, 1906, he wrote to Pottinger, general manager of the L.C.R., authorizing him to pay 25 cents for the ties if up to the standard. Mr. Pottinger replied that the department was not paying 27 cents for the purchase at the price. No tenders were called.

LOSES HIS MEMORY.

(Canadian Associated Press Cable.)
London, Feb. 19.—Henri Margen, a Montreal man, who has lost his memory, threatens suicide if liberated. The police efforts at identification have failed. The prison doctor denies that Margen's memory is defective. He was remanded to the workhouse.

1000 DELEGATES.

The executive of the Ontario branch of the Dominion Alliance have received credentials from nearly 1000 pending delegates to the convention, which opens tomorrow and Friday at the Central Church in Toronto.

TRANSCASIAN QUAKE.

Shemakhin, Aranscausasia, Feb. 19.—Slight earthquake shocks were felt here this morning. The town was fortunately not visited by a serious earthquake. The entire Mohammedan quarter being destroyed in 1902.

South Toronto Liberals.

A meeting, to which the Liberals residing within the Parkdale district, south of Queen and west of Atlantic-avenue, are invited, will be held at 7.30 p.m. at the hall, corner of Queen and Dovercourt, to-night, to elect representatives from the polling sub-divisions in that district to the North Toronto Liberal Association, and for other business.

IN BRILLIANT SPEECH, MINISTER OF EDUCATION SAYS GOVERNMENT WILL HOLD TO CONCILIATION.

Paris, Feb. 19.—Replying to attacks on the government in the chamber of deputies to-day, M. Briand, in a brilliant speech, maintained that the government had not and would not abandon its conciliatory policy. The regime of the republic, he said, should not be made a cloak for religious persecution. Republicans and Free Thinkers alike must respect the consciences of the Catholics. He declared: "We stand for liberty for all," he said in conclusion.

M. Clemenceau occasionally applauded M. Briand, who, continuing, said: "In declaring that the churches remain open, we have not opened for Catholic worship. In its fight with the state, the church forfeited its privileged position and lost property worth 500,000,000 francs and the right of patronage of churches, a measure which the law specifically contemplates. The making of contracts necessarily involves negotiations. That is the government justification."

The cabinet to-day unanimously approved the agreement arrived at yesterday by Education Minister Briand and Premier Clemenceau, relative to the churches and the churches to the parish priests. M. Clemenceau said, if necessary, to support M. Briand's declarations before the chamber of deputies.

The Austrian-Hungarian ambassador, Count Von Khevenhuller-Metsch, acting under instructions from his government, which in turn is acting at the request of the Vatican authorities, to the effect of placing the French government to place an embassy in possession of the diplomatic documents dated prior to the rupture of relations between France and the Vatican in 1870, which were taken possession of by the French government authorities at the papal nunciature in Rome, and the secretary of the nunciature, was expelled from France. Foreign Minister Pichon agreed to do so.

G.T.R. ENGINEER KILLED.

Carried Nearly a Mile in Yards at Harrisburg.

Harrisburg, Feb. 19.—J. L. Miller of Sarnia tunnel lost his life here last night. He was engineer on No. 89 merchandise train from Toronto to London, and had pulled in on the siding to allow No. 84 from the west to pass. In jumping from his engine to make an inspection he fell against another train, which picked him up, and carried him a distance of about three-quarters of a mile, where the remains were picked up badly mangled. He was about 26 years old, and leaves a widow and two small children, all now on beds of sickness at Sarnia tunnel.

MANY WANT TO COME.

London, Feb. 19.—(C.A.P.)—Jubilant letters from emigrants to their friends at home have broken down the barrier of prejudice against immigration, which used to exist, and crowds of men and women generally in extreme poverty are flocking to the committee asking to be assisted to Canada, says an appeal for funds issued by the London and Ontario Charitable Organization Society, published in "The Times."

ADVANTAGES IN CANADA.

London, Feb. 19.—(C.A.P.)—Mrs. Close is bringing up her children in the country districts of Canada, as a result of her experience with the children in New Brunswick. She says the capital outlay per child is £15, against £22 here, and the cost of maintenance is much lower.

SUPERINTENDENT OF FORESTRY.

Ottawa, Feb. 19.—Robt. H. Campbell, chief clerk of timber and mines, has been promoted to the position of superintendent of forestry in place of J. H. Brown, who has resigned.

NEW ZEALAND'S DUTY.

London, Feb. 19.—(C.A.P.)—According to The Standard's report, New Zealand fully recognizes her duty to increase her contribution to imperial defence.

LONDON ELECTION.

Ottawa, Feb. 19.—(Special.)—The privileges and elections committee has been summoned to meet on Thursday to take up the matter of Mr. Hymie's resignation of the seat for London.

Choir Concert.

The annual concert of the choir of Beverley-street Baptist Church was given last night. Assisting were A. H. Dancy, J. Wilson (violin), A. C. Chapman, Mrs. F. Roberts, Miss W. Roberts and Miss E. McCall. The ladies' quartet consisting of Misses Parker and A. P. McKague. The ladies also joined with Messrs. Chapman, Dancy and W. J. Colville in a double quartet number, "Trisolation and Sanctus." A large audience enjoyed the concert.

New Mexican Railway.

Ottawa, Feb. 19.—Canada's trade agent in Mexico, Mr. Donly, sends to the Standard a description of the new Tehuantepec Railway which extends from Salina Cruz on the Pacific to Catzacoalcan on the Atlantic, a distance of 190 miles. This route of the Pacific side to ports on the Atlantic side and Europe by 1250 miles.

Malta-Vita
"The Perfect Food"
"Good Food is the Origin of Strength in the Human Body"

In this country we have the ideal food. It is Malta-Vita, the food which gives to the body and brain perfect strength and perfect health. It is often called "The Perfect Food" because it contains every food element the body needs, and in the exact proportions which physiologists say are necessary to health and strength.

Malta-Vita is the whole of the best white wheat, milled, refined, and after being thoroughly cleaned, is cooked and steamed until the starch cells break down. It is then mixed with the malt extract and rolled out into wafer-like flakes, every flake a whole grain of wheat. The malt extract, an active digestive agent, converts the gelatinized starch of the wheat into maltose, or malt sugar. Maltose is very nutritious and is easily digested even by the weakest stomach.

Malta-Vita is baked in great ovens to give it a crisp and brown, most delicious and cleanest food in the world. No other food has that delicate, satisfying Malta-Vita taste. Try some today with milk or cream.

NOT USURPING POWERS.
Right of Parliament Limited Only by Its Own Discretion.

Ottawa, Feb. 19.—At this morning's meeting of the common railway committee an interesting declaration by the deputy minister of railways, Mr. Newcombe, K.C., as to a "general advantage of Canada," matter was read in connection with a bill relating to the Joliette and Brandon Railway, a branch of the Canadian Pacific Railway in the Province of Quebec.

Mr. Newcombe said: "I am to say that the bill recites that the Joliette and Brandon Railway Company was incorporated by Chapter 56 of the statutes of Quebec, 1905, and by Section 1 of the undertaking of this company is declared to be a work for the general advantage of Canada. This, in the opinion of the minister, involves no usurpation of powers of the Province of Quebec. In his opinion, the right of parliament to declare what is to be for the general advantage of Canada is limited only in his own discretion, and if parliament sees fit to enact this section he entertains no doubt that the legislation would be valid." The bill was reported to the House of Commons.

KUROPAT'S WAR STORY.
General's Strictures Have Evoked Much Resentment.

St. Petersburg, Feb. 19.—The publication abroad of General Kuropatkin's history of the Russo-Japanese war has caused a great sensation here. The despatches on the subject were suppressed in military circles and by mail are printed in all the newspapers.

The general's strictures have evoked much resentment in military circles and have renewed the talk of the possibility of a duel between General Kuropatkin and General Kuropatkin. A strong effort is being made to undermine the latter in the emperor's favor and prevent his nomination as viceroy of the Caucasus, which it is reported, has been decided upon.

MONDAY NIGHT'S CONCERT.
Program Which Will Be Presented by the Melissosha Choir.

Mr. Vogt has arranged the following program for the Melissosha Choir concert next Monday evening: "O Canada," Lavallee-Richardson, "Circles," Loti, "Wings of a Dove," "Hymn Before Action," Davison (for men's voices), "Indian Lullaby," "Oft for women's voices," "You Stole Me," Macfarren; "Sir Patrick Spens," de Peersall.

Seats for this concert are now on hand at the box office and a large number of excellent locations are to be had.

RESOURCES NOT YET EXHAUSTED.

London, Feb. 19.—(C.A.P.)—In the house of commons, Mr. Burns, replying to Cox, said he fully recognized the importance of assisting emigrants, and that the government was doing its best to do so. However, he had by no means exhausted existing resources, and he was not contemplating legislative changes.

GREENWICH CHAIRMAN.

Ottawa, Feb. 19.—Ex-Premier Greenway was elected chairman of the special committee to investigate an alleged number combine in the west. Witnesses will be called.

In the Police Court.

For being disorderly in a theatre hall by Harry A. McGraw paid £1 and costs to the police court clerk.

Harry Smith, found wandering around the Union Depot, was sent over to the jail to be examined as to his sanity.

John Pyette, a bell boy, was sent to jail for 30 days for theft.

Patrick Maher, arraigned on the charge of aggravated assault on Chas. 28th, Hugh McIvor pleaded not guilty to the charge of forging the name of W. Brock to a cheque for \$100. He was remanded until the 21st.

Jail Breaker Caught.

Belleville, Feb. 19.—Fred Renfrew, who escaped from the county jail here last summer, while serving a six months' sentence, was this afternoon recaptured by the police here. He had been away in the States, but lately returned. Renfrew's sentence had nearly expired when he escaped, but he was wanted for a housebreaking job in Toronto some time ago.

COBALT--The Trethewey Mine Sends Out First Ore This Year--COBALT

BUY SILVER BIRD..

The safest and best purchase in the whole Cobalt camp to-day, considering capitalization, location, work done, results obtained, and price of stock. There has never been a stock offered in the Cobalt district, from the opening up of the camp to the present day, that could compare with it when taking these points into consideration. Silver Bird is situated directly in the centre of the most active operations and is surrounded by some of the most wonderful producing silver mines the world has ever known.

We are now offering for public subscription the first allotment of 200,000 shares at the low price of 15 cents per share. Now, just think of it! Compare this price with the price of the Colonial, only a stone's throw away, now selling at \$3.50 to \$4.00 per share, at a valuation of about four million dollars. Compare it also with the stock of the Right of Way, selling at \$7.00 to \$8.00 per share. If the O'Brien mine was an incorporated Company to-day and offered for sale its stock would undoubtedly bring on the open market \$10.00 to \$12.00 per share on the capital of a million-and-a-half. We have been informed from a trustworthy source, that the ore blocked out and in sight in the Timmins mine is estimated at from \$10,000,000 to \$15,000,000. We venture to say that if this property were incorporated for \$10,000,000 and placed upon the market, it would sell for \$2.00 per share. It should be understood that we are in no way endeavoring to depreciate the values of the Colonial, Right of Way, O'Brien or Timmins stocks or properties, for, indeed, we believe they would be bargains at those prices and valuations. We are only endeavoring to show that Silver Bird, which is located in close proximity to these mines, is at

15 CENTS PER SHARE

in comparison with these valuable properties, positively the greatest and best purchase that has ever been offered in the Cobalt camp.

The property of the Silver Bird Mines, Limited, consists of 20 acres (patented) being the West half of the Northeast quarter of North half of lot 3, concession 6, Coleman. Silver Bird lies in the immediate vicinity of the O'Brien, Timmins, La Rose, Colonial, Violet, Trethewey, Right of Way and immediately between these great mines and the Green Meehan, Red Rock, Cobalt Contact and Nipissing extension.

Silver Bird is working day and night shifts, operating two boilers, steam hoist, steam drills, sinking on veins and in the same formation identically as the famous O'Brien, Colonial, Timmins and Right of Way mines and on the extension of their leads.

We predict this first allotment will be largely oversubscribed and we urge that early application be made.

PEOPLE ARE ANXIOUS FOR A PRIVATE WIRE

Stock Orders Are Now Delayed for Hours--Train Loads of Machinery Arriving.

Cobalt, Feb. 17. (Special.)--Cobalt affairs continue to be active and bright. Train loads of supplies and mining machinery arrive daily. The T. and N. O. Co. have a difficult task handling so much machinery, but this item reflects a theme for congratulation--actively and hope for the future. It is common talk here that a private wire service is to be established between here and Toronto by an enterprising brokerage house.

Private Wire Wanted.
This is what the people appear to want in order to keep their orders regarding the movements of mining stocks and general gossip. Now a person wishing to trade has to wait two or three hours before a reply comes in answer to an enquiry for a quotation. This private service will dissolve this trouble with its establishment.

Discovery on Morrison
W. C. Fox of Fox & Ross, Toronto, is visiting Cobalt in the interests of the Cobalt messenger. There has been fine discovery, so Manager W. J. Morrison claims, on the Morrison Mine, which lies close by the government claim.

There is at present a great exodus from the Lake Umbagog country, ready to be sent to the north. It is said 500 men are in that district staking out claims. A good wagon road leads one to the spot from Highway's Corner, 30 miles north of Liskeard.

Weather is Fine.
The weather here is fine with plenty of sunshine and much better than Toronto weather. The extreme cold weather seems to have lifted the district problem, and great activity has awakened in the path of this mildness. The Bank of Ottawa are opening a branch here in a few days, which shows that gradually the press of business importance warrants the establishment of any number of banks in Cobalt.

SHIPMENTS FROM TRETWEWEY

Are Again Showing Up in Great Force.

For the week ending Feb. 15 three cars of ore were shipped from the Trethewey mine, the gross weight of which was nearly 90 tons. These are the first shipments made by the mine since the first of the year, but it is understood that this was due to the development work. It is now stated that the shipments will be much more continuous. The stock is receiving excellent support at present and the decline of late is directly chargeable to the liquidation of a big line of stock by holders for speculative purposes. Operators have taken a keen interest in the shares of late, and one Toronto broker filled an order from that point for 1500 shares on Monday.

upon your chances of securing a license?"
"Yes."
"You also realized when you put up the \$1000 on a ten-day option you would have to turn it over within ten days in order to make a profit--a thirty-day option."

"An Absolute Lie."
"What do you say about the alleged agreement to divide the profits between Dr. Wilson and yourselves?"
"I say it is an absolute lie."
"How do you account for the Cogroves assuming that Dr. Wilson was to have a share?"
"I did not know that the Cogroves thought so."
"You never heard of the Moskop production?"
"No."
"What was your share of the profit?"
"One-half."
"But Hynes got a mortgage discharge for \$10,000 as well?"
"It wasn't worth anything."
"Why did you not account for it and see you at the registry office?"
"To explain how they came to pay to Hynes, I thought it would help him to get his half."
"How much was the half?"
"Two thousand five hundred dollars."
"Cheque Not Discussed."
"But how about the thousand which had gone to Dr. Wilson which had been talked about in 'The Evening Star'?"
"I thought Hynes was sending that himself."
"Did you discuss the matter then?"
"No. I don't think it was mentioned."
"Not when you knew all about it and had been threatening to prosecute this man if he were to mention your name in connection with it?"

At this stage the commission adjourned until this morning. It was inadvertently reported that Dr. Wilson was represented at the enquiry by Mr. Ferguson. This was incorrect. Dr. Wilson has no counsel in the case.

The Brooks Hudson Silver Mining Company, Limited, affords to conservative mining men and others an investment equalled by few--surpassed by none.

Authorized capital only \$500,000.00, divided into 500,000 shares, par value \$1.00 each, fully paid and non-assessable. The properties of the Brooks Hudson Silver Mining Company, Limited, consist of 22 claims of 40 acres each, located in the township of Hudson, on every one of which valuable discoveries have been made. Other properties have been added since incorporation, till at time of writing the Co. have an area of over 1000 acres of good mineral lands.

Some preliminary work has been done and a few assays obtained, showing very favorable returns in gold, silver, copper, cobalt and zinc.
EXPERT'S REPORT--Mr. Jacob M. Eggert, M. E., who submitted a report after examination, says: One thing is quite certain, that your Co. has a large number of veins rich in copper ores of various kinds, and so large that no dead work need be done and so rich that it will not come below 6%. Another thing seems to be certain also, that on several of your claims silver in paying quantities will be found. The claims are admirably situated as far as transportation is concerned, and all are near to already existing good roads and all have plenty of timber for mining and building purposes. I feel certain that what you have will prove to be mining claims of no mean rank, and claims worthy of confidence.

Subscriptions for a small block of 50,000 shares only are being received at 75c. per share. Stock will be advanced to \$1.00 per share as soon as this lot has been sold. **DON'T DELAY**--send in your orders NOW; stock is going rapidly; why wait for stock to advance to double the price?

Contracts for building two camps have already been given, which will be completed in about two weeks. Work on No. 1 shaft, on lot 5, was commenced on Wednesday of this week. Five other shafts will be put down with all possible despatch as soon as camps are completed.

F. W. HAYNES, McLEOD & HERON, Fiscal Agents--New Liskeard.

A SMALLPOX EPIDEMIC.

36 Cases in Sandwich West Township--Compulsory Vaccination.

Sandwich, Feb. 18.--A young man named Rocheleu is under quarantine, it having been found that he has smallpox. The town council has ordered compulsory vaccination to prevent the spread of the disease.
"This case came from Sandwich West Township, where there has been smallpox for several weeks, where eight houses, containing 24 cases, were at first placed under quarantine, but the total number of known cases is now 36. Dr. Menzies, health officer, is having trouble getting admission to some houses for inspection, and in one case had to take two constables with him before he succeeded in gaining admission."

LICENSE IS COSTLY.

Massey, Algoma, has raised its license fee from \$50 to \$70 in one jump. There are two licenses in the town, and it has 200 people. It is said that \$10,000 has been offered for a license in Cobalt.

London, Feb. 19. (Special.)--A largely attended and enthusiastic meeting of the ward chairmen, executive officers and rank and file of the Conservative party was held in the Conservative Club rooms, for the purpose of discussing the approaching by-election. No candidate was named, but the only name that met with enthusiastic approval of the workers of the party was the name of William Gray, late

BISHOP OF LONDON MAY COME

Will Visit America and Invitation is Extended by Canada.

The Lord Bishop of London is coming to America to attend the general convention of the American church at Richmond, Va., in October, and His Grace Archbishop Sweetman, the primate, has extended an invitation of the whole Canadian church to pay a visit to two or three of its chief centres, especially Quebec, Montreal, Toronto and if possible Winnipeg. Such a visit would no doubt have a very inspiring effect on the Anglican Church-life of this country.

CONSERVATIVE CANDIDATE IN THE BY-ELECTION

of 1905. A deputation was to have waited on Mr. Gray in Toronto to-day, but the deputation was informed that Mr. Gray had business in Ottawa, and would be out of town until Wednesday morning. It is understood that later in the week the deputation will see Mr. Gray and ask him whether he is prepared to again be nominated in the Conservative party in the contest against Mr. Hyman.

The Liberals are wasting no time, but are laying plans for extensive organization work all over the constituency. Harvey Fowler has been made secretary of the Liberal Club, and is the man behind the strenuous work being outlined by the Liberal party. The executive committee of the Liberal Association of London has called a convention for Thursday evening, for the nomination of a candidate for the by-election.
"It is a foregone conclusion," says the Advertiser, "that no name will go before the convention but that of Hon. Mr. Hyman. The minister of public works will not be able to come to Lon-

HORSE SHOW OPENS TO-DAY FINE LIST OF ENTRIES

New Market Building Has Been Converted Into an Admirable Arena.

The spring stallion show will be formally opened this afternoon in the St. Lawrence Market, at King and Jarvis streets, which has been converted into an admirable arena, with promenade and seating accommodation for 3000 or 4000 people. The place, it is considered, is even better adapted for the purpose than are the Armories. The show ring is wider than at the Armories and is only about ten feet lower. There are chairs for about 1000 and a splendid and roomy promenade.

Hon. Nelson Monteth, minister of agriculture, will open the show at 2 o'clock. To-night, owing to the banquet of the Canadian Horse Breeders' Association at the King Edward, no show will be given. On Friday, Saturday afternoon and evening, the exhibition will be open. A military band, which has been engaged, and four furnaces will see that the heating is kept right.

At to-night's banquet Hon. Mr. Foy, Hon. Mr. Monteth, Hon. Dr. Reame, Goldwin Smith and a number of others will be present. The annual meeting of the Canadian Hackney Society will be held at the King Edward at 11 a.m. to-day; after the show, which opens to-day, and the Cuydesdale Association to-morrow.

That the Ontario Horse Breeders are going to enjoy a grand treat and the show, which opens to-day, among the names will be noticed a widely representative number of farmers, who are bringing out their best to compete for the valuable prizes. Perhaps in the history of Ontario, there has been nothing in the horse line to equal it.
