**MODERN WAYS ARE WRONG**  
THEY ARE NOT THE METHODS THAT  
JESUS USED.  
Reforms Must Come From Within—Legis-  
lation is a practically useless—Giant Evil  
Never Killed by Platform, Speech or  
Denunciation—Christ Was No Political  
Agitator or Firebrand.  
Canon DuMoulin addressed the noon-  
tide congregation in St. James' Cath-  
edral yesterday on "Christ as a Citiz-  
en." His sermon was a remarkable  
one in many respects.  
Jesus Christ, the preacher said, re-  
cognized his obligation to the State and  
duly and properly discharged them.  
Although a reformer He never attack-  
ed the great Roman power. He never  
organized an uprising; He never sanc-  
tioned an insurrection; He never even  
spoke against a Caesar.  
Political Agitators.  
Jesus never incited the people to re-  
bellion; He never stood before them  
to recount their wrongs. He was ut-  
terly unlike the political agitators of  
his off-putting of the present day, He  
never appealed to the national pas-  
sions of the people. He laid down the  
principles of eternal truth, and knew  
well that in the process of time they would  
take wide hold upon humanity and lead  
to a mighty upturning of the political  
condition of the world.  
Lessons for the Times.  
Here is a great lesson, said the Can-  
on, for us to-day. The giant abuses,  
the great and venerable forms of evil,  
all things which are found corrupt in  
the life of old countries, must be at-  
tacked from within rather than from  
without. Take intemperance, hideous  
monster that it is, walking through  
the streets with an iron heel and crun-  
ching the sons and daughters of men be-  
neath its terrible and relentless ad-  
vance. How little it is to be cut down!  
How little outward attack does—how  
little even legislation! You must fol-  
low the example of Christ. Teach men  
to be temperate in all things. Teach  
them, after the example of the Son of  
God, to hold their appetites in sub-  
jection, and then you will cut down  
this tremendous evil which now devast-  
ates the world.  
As with intemperance and impurity.  
The Canon said: It is almost use-  
less to legislate on these subjects.  
Legislators care not for Christ.  
Thought or sentiment. They make  
laws according to the popular cry. The  
young generation must be taught to  
love God and keep His command-  
ments, and then you will cut down  
everything which is mean and base.  
In conclusion the preacher said: This  
is what I am afraid English speaking  
people are not doing. In Australia,  
the United States and even in Canada  
you will find that the system of edu-  
cating people is destitute of religion.  
They abstain from indoctrinating and  
teaching the child instructing holy  
and right and powerful principles into  
the human heart.  
Feeders of Secularism.  
These systems are all one in this,  
that they are the very feeders of se-  
cularism. They teach that society can  
rest on itself without God. If you want  
to encounter the great evils of the world,  
it is not by making speeches on plat-  
forms, but by bringing up another  
generation of young men and women  
to love God and keep His command-  
ments and abominate that which is  
evil. It is by thus the public policy  
of the man that Jesus, the Kingdoms  
of this world will become the Kingdoms  
of our Lord and of His Christ.

**STRAIGHT AS AN ARROW**  
B.B.B.  
TO THE MARK.  
In all diseases that affect humanity there is  
some weak link in the chain of health, some spot  
that is the seat of the trouble. It may be the liver,  
it may be the stomach; perhaps it is the bowels or  
the kidneys; most likely it is the blood. Burdock  
Blood Bitters goes straight to that spot, strengthens  
the weak link in the chain, removes the cause of the  
disease, and restores health, because it acts with  
cleansing force and curative power upon the stomach,  
liver, kidneys, bowels and blood.  
With good red blood health is assured, without  
it disease is certain to come and Burdock  
**BLOOD BITTERS**  
is the only remedy that will positively remove all  
blood poisons. In ulcers, abscesses, scrofula, scrofu-  
lous swellings, skin diseases, blotches, old sores, etc.,  
B.B.B. should be applied externally, as well as taken  
internally according to directions.

TO RENT THE SAND BAR.  
Other Small Affairs Discussed at the City  
Hall.  
The Property Committee yesterday  
to have the outside of the market paved  
with vitrified brick, or asphalt, so  
that it could be kept in a more sani-  
tary condition. Aid. Small moved that  
the City Engineer be instructed to ex-  
amine and report as to the work nec-  
essary and the probable cost. On mo-  
tion of Alderman Dunn, the City Com-  
missioner will report on the cost of  
two urinals for the market.  
It was decided to have the sand bar  
at Ashbridge's Bay surveyed and di-  
vided into lots, so that a fair rental  
can be obtained from those who live  
on that strip of land.  
The letter of Edward Hanlan in re-  
ference to the establishment of a life  
saving crew on the bay was referred  
to City Commissioner Coatsworth, Aid.  
Dunn thought if anything was done  
the Sons of England life boat crew  
should be given the preference.  
City Hall Notes.  
The Mayor will call a special meeting  
of the council Monday afternoon for  
the purpose of clearing off the order  
paper.  
Commissioners Maughan and Coats-  
worth value the land and the old drill  
shed at \$40,000. This shows a gain  
of \$1800. This is the property the  
Dominion Cold Storage Company is  
after.  
Mayor Stewart and a number of Ot-  
tawa aldermen visited Mayor Fleming  
yesterday.  
Business Embarrassments.  
Ross & Watson, general store, Har-  
wood, have assigned.  
The statement presented yesterday  
at a meeting of creditors of William  
Green of Thornbury shows assets  
of \$2500, and liabilities of about \$3500.  
The bill is in possession of the  
Victory House, Ottawa, who are the  
creditors of the estate of W. T.  
Wickham, grocer, Brantford, have re-  
ceived the first and final dividend of  
two cents on the dollar.  
The total failures for the week are  
49, as against 60 last week and 33 the  
week before last.  
Returned Missionaries Will Speak.  
A missionary conference will be held  
in Beverley-street Baptist Church  
Tuesday and Wednesday of next week  
under the auspices of the Baptist For-  
eign Missionary Society. There will be  
two services each day, beginning at 3  
and 8 o'clock. A number of prominent  
missionary workers are to speak at the  
conference, among whom are the Rev. A.  
P. McFarland and the Rev. H. F.  
Cannam of India.  
Their Favorite Beverage.  
An organization of a most exclusive  
nature is the Union Club. Its members  
are connoisseurs in all that pertains  
to good living, and the selection of  
East Kent Ale as the official beverage  
of the club speaks not a little for the  
excellence of that brand, which has  
in a short time eclipsed the glories of  
all other ales, and taken a foremost  
place in the Canadian market. More  
than one Briton has been heard to de-  
clare that, "It's as good as any at  
all."  
The Rev. J. W. Rao of Acon has ac-  
cepted a call to Toronto Junction.

**THE BROCKVILLE SHOOTING.**  
Provincial Constabulary Tender Their  
Services to the Chief Warden.  
The Executive Committee of the Pro-  
vincial Constabulary Association have  
passed the following resolution: "We,  
the Executive Committee of the On-  
tario Provincial Constabulary Asso-  
ciation, on behalf of its members, do  
hereby tender to J. Rose, Chief of Po-  
lice, Brockville, Ontario, our sincere  
sympathy for himself and family in  
the circumstances attending the re-  
cently disastrous attempt on his life  
whilst in the discharge of his duties.  
We also beg to express our deep re-  
gret for the occurrence, and trust the  
consequences may not prove more se-  
rious than they are at present. As Chief  
Rose is one of the promoters of this as-  
sociation, we hereby instruct Detective  
Wasson, president, to convey to him a  
copy of this resolution, and to give him  
any assistance which we can give him  
will be freely offered. We also tender to  
the Mayor of Brockville the services of  
our two experienced constables, if  
necessary, during the indisposition of  
the Chief and P. C. Tinley."  
A Well Earned Reward.  
Mr. A. M. Scott has won the Exhi-  
bition Scholarship given this year at  
the University of Toronto. The schol-  
arship entitles the holder to \$750 a  
year for two years, provided he con-  
tinues his studies in his chosen de-  
partment in any university, either at  
home or abroad. Mr. Scott has not yet  
decided what university he will at-  
tend.  
Dyspepsia or Indigestion is occasioned by  
the want of action in the biliary ducts, loss  
of vitality in the stomach to secrete the  
gastric juices, without which digestion can-  
not go on, and being the principal cause  
of headache, Paine's Vegetable Pills,  
taken before going to bed for a while, never  
fail to give relief, and effect a cure. Dr.  
Paine's Pills are taking the lead

Happy countenances are what people wear who have been to our Mil-  
linery Department; and the reason is they find what they want  
at Smaller Prices than they expect.  
MANTLES are being slaughtered in earnest. 'T would take too  
much space to tell all about them. We don't ask anything near what  
they are worth—the lowest price for a Mantle is 39 cents. Come  
and see them. It simply beats the world the way Dress Goods are  
selling! Is it any wonder they sell!

For 13 cents you can get a choice of a dozen shades, and nearly as many ma-  
terials, and not a yard worth less than 25c. 19 cents is what we ask for Dress  
Goods that were originally from 25c. to 60c a yard,—most of them are 56 inch  
goods. Tweeds, Serges, Henriettes, Lustres, Mohairs and Crepons are some of  
the sorts at 29c and 39c,—handsome goods for spring costumes.
