Canadian Teams on Top in the Eastern League Race.

Buffalo and Rochester Were Easily Defeated—Syracuse Beat Wilkes-Barre and the Islanders Went up to Second Place—Pitcher Gaston Returns Home Ready for the Opening Game on Saturday.

Whether or not the war has frightened the fighting spirit of Uncle Sam's teams in the Eastern League, the fact remains that the two Canadian clubs have pounded the other six down below them.

Only Scattered Hits for Rochester.

Rochester, May 11.—Johnson pitched well today, but most of the Rochester team evidently knew little of the game, and played into Toronto's hand.

The String From Windsor.

DALTON MCCARTHY DEAD

Continued from page 1.

say, the political parent, of the maximum and minimum tariff, giving Britain and our sister colonies the preference, which, under the scheme of the preferential clause, has been embodied in law by the Laurier Administration.

Imperial Connection.

Touching the future of Canada, he had long since reached the conclusion that Canada would find her truest and best development within and as a part of the British Empire, and that Canadians needed no higher aspiration than to be a part of that Empire. His opinion was that nothing short of a great war, in which the Empire would suffer dismemberment, would change the political relations in which Canada stands to the British Empire.

His Many Positions.

He was president of the McCarthy League, was formerly president of the Canadian branch of the Imperial Federation League and member of the Council of the British Empire League. He was also for many years president of the West Simcoe Agricultural Society, and was president of the Country and Club, Toronto.

THE HOUSE AT ONCE ADJOURNED

When the News of Mr. McCarthy's Death Reached Ottawa—Tributes to His Memory From the Members.

Ottawa, May 11.—(Special.)—Like a flash the sad news ran through the Commons chamber shortly after 9 o'clock to-night of the untimely demise of the great commoner Dalton McCarthy. The late member for North Simcoe, owing to his personal engagements, has not been in the House much this session, but on that evening had a chat on business matters with Mr. Blair and left him with the remark that he would be down on Monday and see you then. Little did he realize that the next day would be his last in death. No matter who they were, they were all the same to him, and he was as kind to them as to his own people. He was a man of many positions, and his death was a great loss to the House.

His Willard Moves an Adjournment.

The intelligence that came to the House had a marked effect on the Chamber. Mr. Bergeron, speaking at the time, had been subjected to many interruptions, but the report which passed from seat to seat seemed to quiet the members. When Mr. Bergeron sat down Sir Charles Zuppper, on a sign from the Premier, made his way to the front of the House, and together they conferred for a moment or two, while the House waited in silence. Both gentlemen returned to their places, and then the Premier rose and made the following announcement: "I am sorry to hear of the death of Mr. McCarthy, and I am sure that all members of the House will sympathize with the bereaved family. I have the honor to inform you that the House will adjourn to-morrow at 11 o'clock."

His Colleagues Loved Him.

Mr. A. R. Creelman, Q.C., who has been associated with Mr. McCarthy for many years, says that all those connected with him in the firm were simply lost in admiration for him as a lawyer and a man. The loss to the firm was heavy, but he was a man of many positions, and his death was a great loss to the House. He was a man of many positions, and his death was a great loss to the House.

HIS EARLY CAREER.

Mr. A. Boutebe of the law firm of Boutebe & Boutebe, had been a lifelong friend of the deceased statesman, and a World review interviewed him early this morning at his residence in Crescent-road. "I knew him very intimately," said Mr. Boutebe, "our acquaintance began 47 years ago, when we were both law students. Dalton was studying in his father's firm of Boutebe & McCarthy, at Barre and I in Newark. We were brought together, I remember, by relatives of Mr. Boutebe's. Dalton was then smart and keen, a witty conversationalist and a great favorite with ladies, but showed no particular genius, either for law or politics. I remember he was very fond of cricket and particularly of horses. I met him the first time when he was called to the bar. His true vent showed itself. He had a wonderful command of language, and knowledge of men and was remarkable for the persanence with which he pursued his end and the dauntless courage he showed in maintaining his opinions. He did some journalistic work, too, at this time and it was clever. The Barrie lumbermen speedily availed themselves of his legal skill and it not only brought him into notice in Toronto, but brought in the money needed by his family for Dalton's father was quite a poor man. No, I wouldn't call Mr. McCarthy a magnate. He was rather hard and didn't draw people to him, but everyone was forced to admire his intellect.

Some Reminiscences.

Mr. McCarthy's mother died in Barrie about two months ago, over 90. Two brothers and two sisters still live in Barrie. Mr. McCarthy was at one time a large figure in the local public functions of Barrie. Probably nowhere else did he loom up so big as a local community. He seemed to be an exaggerated executive point, and the business went on right merrily under his influence. The last time his ever-increasing public and private business.

HIS LEGAL CAREER.

Some of the important cases which the deceased gentleman had in hand. Mr. McCarthy's great legal career is phenomenal in the history of Canada. The present firm of McCarthy, Osler, Hoskin & Creelman was established in 1871. Mr. McCarthy at that time not being a resident in Toronto, although an active member of the firm. He came here to reside in 1873. The firm attached to it at that time were late T. S. Plumb and A. H. Croft. Mr. McCarthy, Dr. John Hoskin, Q.C., the former and latter still being active members of the big legal firm. Mr. Osler entered the concern in 1882, from which time the firm name has been that of McCarthy, Osler, Hoskin & Creelman.

Pain in the Temple

This is a Toronto Opinion.

Dear Sirs—I was troubled a long time with sick headache, and it was usually accompanied with severe pains in the temple, tongue, throat, and neck, and was very sick and at the stomach. I tried a good many remedies recommended for this complaint, but it was only recovered by Dr. Williams' Blood and Nerve Pills. I took Dr. Williams' Blood and Nerve Pills, and I have gained in health and strength, and will always recommend Dr. Williams' Blood and Nerve Pills. Yours faithfully, A. S. Suter, 675 Dundas-street, Toronto, Ont.

permitted him to occupy such a position

was on the occasion of the laying of the corner stone of the Barrie postoffice, and he and the late Daniel Spry worked mightily to direct the enthusiastic forces that were to their hand in crude shape for the proper reception of the Minister of Public Works, Sir Hector Langevin. It goes without saying the function was a success from local point of view, but what pleased Mr. McCarthy most that day was the large Canadianism that greeted in the French Minister's speech. Some, before the address of Sir Hector, were prophesying that Dalton had made a mistake, but the fact was otherwise, for many who came to scoff went away to say that, after all, Conservatives, whether French or English, were always Canadians. That day Sir Hector assisted Mr. McCarthy in wedding home the Canadian idea in Barrie, and after many days it bore fruit, as the annals of the town will show.

THOSE WHO WEDD.

Mr. McCarthy leaves a widow, one son, Capt. D. Lally McCarthy; one daughter, Mrs. James Spry; two sons, one of whom is a lawyer, Mr. F. P. Pepler, Barrie, and Miss Mary Fitzgibbon, Toronto. His brothers and sisters are: Mrs. Margaret Orangeville; Dr. McCarthy, Barrie; Mrs. Judge Morgan, Toronto, and Mrs. Patterson, Toronto, widow of the late Fred Patterson.

Manitoba School Case.

Mr. McCarthy's connection with the Manitoba school case, in which he appeared for the Manitoba Government, is still fresh in the memory of the members of the House. The Public School Act was passed in Manitoba, and was attacked on grounds ultra vires to the Legislature. Mr. McCarthy eventually succeeded in persuading the Privy Council to hold that the Act was ultra vires. The direct consequence of that decision is well known.

Another of the learned counsel's great cases was that of the contractors, James G.P.R. Mr. McCarthy held the brief for the plaintiffs and recovered a verdict against the railway company for a sum in the neighborhood of \$250,000. The C.P.R. claimed that the contractors had not carried out the contract, but the verdict gained by Mr. McCarthy was sustained in the Court of Appeal, and was carried to the Supreme Court, but a compromise was effected between the parties before that learned body gave its decision.

The Georgian Bay Case.

A particularly interesting case in which Mr. McCarthy held a brief was that of the Fishery in the Georgian Bay. The case was commenced in 1881, and it arose over the issue of the right of the bays in Georgian Bay near Parry Sound. A wreck which cost thirty lives in 1876, there were several suits, all of which were won by the verdict in Mrs. Fisher's case. Mr. McCarthy was for the defence, and his claims that the company was responsible for the loss of life and endeavored to prove that the boat was unseaworthy. There were two long trials, in each of which the jury disagreed, and the cases were ultimately dropped.

CRUELTY TO PRISONERS.

Spaniards Aboard the Captured Vessels at Key West Have No Means of Procuring Food.

New York, May 11.—The members of the American Red Cross who left New York with the idea of securing the starving reconcentros in Cuba have found an excellent field for their labors in Key West, where there are nearly two hundred Spaniards, mostly fishermen, prisoners on vessels captured while running the blockade, and without means of subsistence. Most of these unfortunate men have since they were captured, and none of them have had a chance to obtain food, as under the law they are not permitted to leave their vessels. The naval officers have no authority to supply the captives with food, so that their lot is far from being enviable.

THEY'RE AFTER DEWEY.

The Government of Spain Has No Idea of Allowing Him to Rest Upon His Laurels.

London, May 11.—Special despatches from Madrid say it is officially declared that the Government of Spain has no intention of allowing Rear-Admiral Dewey to rest upon his laurels. About 40,000 men of the reserves of the Spanish army have been ordered to rejoin the colors, and it is added that a formidable expedition is being organized for despatch to the Philippine Islands.

Massachusetts Will Buy Guns.

Boston, Mass., May 11.—A resolution authorizing the State to buy three batteries of modern field guns, at an expenditure of \$82,000 out of the State war appropriation of \$500,000, was passed by the Legislature to-day.

Looking for Coaling Stations.

Washington, D.C., May 11.—In the Senate to-day, Mr. Chandler (R-N.H.) offered the following resolution, which was adopted: "That the Committee on Naval Affairs be directed to make enquiry concerning the expediency of securing and establishing for the United States additional coaling stations, at suitable points in foreign waters; and, as to each coaling station which may be deemed necessary, to report what should be its dimensions, the construction and expenses, and the best method of securing the right to maintain such station, and report by bill or otherwise."

Radicals Favor Uncle Sam.

Rio Janeiro, May 11.—A faction of the radical party is taking steps to officially declare themselves in the Chamber of Deputies, in favor of the United States and the independence of Cuba.

Supplies Distributed.

New York, May 11.—F. W. W. Ramsden, British Consul at Santiago de Cuba, has written to the Cuban Relief Committee that he distributed all of the supplies left him by United States Consul Hyatt, but that owing to the refusal of the Ladies' Charity Committee to aid in further distribution, he will not be able to look after supplies for the reconcentros in the future. The Consul, however, is taking care of some American families in Santiago de Cuba.

Austrian Emperor's Regrets.

Buda Pest, May 11.—Emperor Francis Joseph, replying to the addresses of the members of the delegations who were received in audience by His Majesty to-day, declared that Austria's relations with all the powers, especially the neighboring states, were of the very best. The Emperor also referred with regret to the hostilities between the United States and Spain, and said that while he had resolved to maintain strict neutrality, he hoped the "distressing struggle will soon be ended."

M'MASTER'S COMMENCEMENT.

Degrees Conferred and Diplomas Awarded Last Night—Proceedings at the Annual Convocation.

Yesterday afternoon nearly 200 persons sat down to a sumptuous repast spread in the Sunday School of Walmer-road Church, Ministers and their wives, students and their sweethearts, bachelors and maidens, were present. After the good things had been demolished, postprandial orations were the order. John Dryden sat at the head of the board and acted as toast-master, with an eye as to the minor "bers." Toasts to "The Queen," "Our Guests," "The University," and "The Rev. Mr. M'Master," were proposed and royally responded to. Rev. Prof. William Grant, Trinity University, Rev. James Grant, Rev. A. A. Cameron (Ottawa), Prof. Farmer, Lawyer C. J. Holman, Principal McNeil (Moulton College), Miss Whitehead, Messrs. Melay, Charter and Brown made apt speeches, that were enthusiastically received.

Conferring Degrees.

The church proper on Walmer-road was filled to its utmost capacity. The year for M'Master University. The decorum of the ceremony was of the highest order, and the students, but much vigorous applauding was done.

Those who received Diplomas and Degrees are as follows:

- Anatomy.—D. D.—William Kay Anderson, A. A. Anderson.
- B. A.—William Henry Cline, Robert John Mung, Rev. G. A. Ashton, Eugene James Harris, Arthur Stanley Huchison, Bert Ward Merrill, Peter Arthur M'Clowen, David Hedrick.
- In Course.—Margaret Arabella Bailey, Toronto, Wallace Verrett Charters, Hagarville, John Robert Galloway, Toronto, Walter Daniel, Fernhill, Alfred Samuel Farmer, Amropir, John Alexander Ferguson, Hamilton, Anna Grace Hill, Hagarville, Malcolm McCallum Jackson, Manilla, James McIntosh, Hagarville, John John Pettibone Schutt, Lacolle, Que., Samuel Robert Smith, Hagarville, William Burnett Haliburton Tackles, Ottawa, Arthur Wellesley Vining, Thorndale, Ernestine Roberts Whitehead, Toronto, John Charles Sycamore, B.A., Brockville, Llewellyn Brown, B.A., Belmont, James Stuart Copland, B.A., Brockville, William Findlay, B.A., Toronto, Russell George, B.A., Montville, Leaside, George Matthew, B.A., Ashton, Peter George Mode, B.A., Vankleek Hill, Arthur Hiram Schutt, B.A., Lacolle, Que., John Frederick, B.A., Princeton, Llewellyn Brown, B.A., Belmont, Andrew Robert Park, Sarilla, Robert Routledge, B.A., Dundas, Charles Hiram Schutt, B.A., Lacolle, Que.
- Diplomas.—Four Years Course.—A. A. Knight, Archibald John Darroch, A. A., A. A., Douglas Brown, Belmont.
- His Honor Sir Oliver Mowat graced the occasion by his presence, and presided in a most dignified and successful manner. He made a brief address, speaking in a reminiscent vein of his long acquaintance with the founder of M'Master, and the address to the graduates was delivered by Rev. Mr. Grant, and supplemented by an eloquent exhortation by Rev. Mr. M'Master, who elected the audience by his mastery eloquence.

POLICY OF AGGRESSION.

Continued from page 1.

relief expedition have been assembled at San Francisco already. The ammunition stock is closing in on 500 rounds of big projectiles for the eight-inch guns of the Olympia, about 20,000 six-inch shells and 10,000 five-inch shells, as all of the cruisers of Admiral Dewey's fleet mount five-inch and six-inch guns.

Policy of Aggression.

Owing to the hurried departure of the Charleston it is not expected that she will take any considerable number of troops; she will follow later.

CRUELTY TO PRISONERS.

Spaniards Aboard the Captured Vessels at Key West Have No Means of Procuring Food.

New York, May 11.—The members of the American Red Cross who left New York with the idea of securing the starving reconcentros in Cuba have found an excellent field for their labors in Key West, where there are nearly two hundred Spaniards, mostly fishermen, prisoners on vessels captured while running the blockade, and without means of subsistence. Most of these unfortunate men have since they were captured, and none of them have had a chance to obtain food, as under the law they are not permitted to leave their vessels. The naval officers have no authority to supply the captives with food, so that their lot is far from being enviable.

THEY'RE AFTER DEWEY.

The Government of Spain Has No Idea of Allowing Him to Rest Upon His Laurels.

London, May 11.—Special despatches from Madrid say it is officially declared that the Government of Spain has no intention of allowing Rear-Admiral Dewey to rest upon his laurels. About 40,000 men of the reserves of the Spanish army have been ordered to rejoin the colors, and it is added that a formidable expedition is being organized for despatch to the Philippine Islands.

Massachusetts Will Buy Guns.

Boston, Mass., May 11.—A resolution authorizing the State to buy three batteries of modern field guns, at an expenditure of \$82,000 out of the State war appropriation of \$500,000, was passed by the Legislature to-day.

Looking for Coaling Stations.

Washington, D.C., May 11.—In the Senate to-day, Mr. Chandler (R-N.H.) offered the following resolution, which was adopted: "That the Committee on Naval Affairs be directed to make enquiry concerning the expediency of securing and establishing for the United States additional coaling stations, at suitable points in foreign waters; and, as to each coaling station which may be deemed necessary, to report what should be its dimensions, the construction and expenses, and the best method of securing the right to maintain such station, and report by bill or otherwise."

Radicals Favor Uncle Sam.

Rio Janeiro, May 11.—A faction of the radical party is taking steps to officially declare themselves in the Chamber of Deputies, in favor of the United States and the independence of Cuba.

Supplies Distributed.

New York, May 11.—F. W. W. Ramsden, British Consul at Santiago de Cuba, has written to the Cuban Relief Committee that he distributed all of the supplies left him by United States Consul Hyatt, but that owing to the refusal of the Ladies' Charity Committee to aid in further distribution, he will not be able to look after supplies for the reconcentros in the future. THE TORONTO CONCERT

An Event Which has a Great Deal of Interest for the People of This City.

The first concert in her native city of Miss Florence Toronto, which takes place at Massey Hall, Tuesday evening next, is under the patronage of Their Excellencies the Governor-General and Countess of Aberdeen, His Honor the Lieutenant-Governor and Miss Mowat, Sir George and Lady Kirkpatrick, and Colonel Sir Gaston Gzowski and Lady Gzowski, promises to be the most brilliant social and musical event of the season. Social and art circles are on the qui vive to hear their talented townswoman, and it is an occasion upon all Toronto will certainly be there to testify their interest in a Canadian singer, who has won success and fame on the operatic stage, and who bears her city's name and has reflected so much credit on it.

Miss Toronto is very young to have made so pronounced a success, and to assume a leading position in a company such as the Danrosch Opera Company, which was the only company giving grand opera in America this year, and under the direction of that famous impresario and conductor, Walter Danrosch, is no small honor. Never in the history of opera has a young singer at the outset of her career made a more distinguished success than has Miss Toronto. At the beginning of the season in New York her services for next year were sought by Mr. Grau, who was then in town, and was noted as a most interested listener at performances where Miss Toronto ap-

peared. Mr. Danrosch lost no time in securing her for next season before any rival opera manager could get her.

In view of the large number of applicants for operatic fame, it is surprising to see how small a number succeed. The great prima donnas of to-day are not ten in number. It will be seen, then, how readily a great talent such as Miss Toronto's, which has the additional advantage of great natural beauty and a striking stage presence, will find instant recognition and can jump into positions of prominence which many a less fortunate singer would find it took years of plodding to obtain.

Those who are going to Massey Hall on Tuesday evening will find a rare treat in store on Miss Toronto's first appearance in her own city, and they will hear a singer who has already taken her place among the great singers of the day. Her Mircaia in "Carmen" and Marguerite in "Faust" are amongst the best representations of these characters on the operatic stage. One of Miss Toronto's greatest successes was also made in "Huguenots" and she will sing the famous aria "Noth Signor" on Tuesday evening; also a duet from "Romeo and Juliet" and the entire fifth act of "Faust" (the famous prison scene), in which she will appear as Marguerite. Mr. Lavin will appear as Faust, and Mr. Bishop as Mephistopheles.

The sale of seats commences this (Thursday) morning, May 12, at Massey Hall, and the demand is already so great that a large house is assured.

Burgain Day at the Toronto.

Comedian Dan McCarthy and his merry company of singers and dancers will give two performances of "The Dear Irish Home" at the Toronto Opera House to-day. The matinee will be a "bargain" one at the customary modified schedule of 15 cents for any seat in the balcony or 25 cents for any seat on the ground floor. Another "bargain matinee" will be given on Saturday, and those who wish to secure seats should get them immediately.

Large Audiences See "Erminie."

The Cummins Opera Company is captivating its audiences at the Princess this

week with the production of "Erminie," playing any white part far better than most colored comedians play black ones."

At the Bijou.

For an hour and a half of fun and amusement go to the cozy little theatre, as one of the best shows of the season is now running. Barnes and Sisson are very funny and clever. Miss Jerome is still charming the patrons of the house with her wonderful voice. The Whiting Sisters are very charming and a winsome singer and dancer. J. J. Farron, the greatest of Irish comedians and singers, is still amusing his old friends.

At the Grand Next Saturday.

Grand theatregoers will be called upon Saturday to welcome a little foreigner who has succeeded in the past year in making many friends. Anna Held, the fascinating Parisienne, through a peculiar ability for keeping herself before the public, has within a few months become familiar by name to the mass of the reading public. It is doubtful if Sara Bernhardt or Miss Held's more recent Gallic predecessor, Yvette Guilbert, ever maintained the widespread notice accorded this diminutive chanteuse. On Saturday she will appear in a new comedy by Paul Wilschlag, entitled, "A Day Deceives," and will introduce hair into notice, "I Want Some One to Play With Me." She will be assisted by a large company, comprising many favorite players. This company will also present a play of particular interest, Mr. Fenald's tragic photograph of life in Chinatown, entitled, "The Cat and the Cherry." Miss Held will give the regular matinee on Saturday. The box office opens Thursday morning.

Great Concert to-morrow.

The "Boys in Green" are making great preparations for the Queen's Own Rifles of Canada Male Chorus concert, to take place in Massey Hall to-night. The chorus have been practising hard, and expect to surprise the garrison by their splendid singing. The band will also be a great attraction, and some very fine music will be

heard from them, a recital being given by them from 7.30 to 8.15 p.m. Miss Frances World, Miss L. Roman and Messrs. H. R. Macdonald and Bert Harvey will charm all those who patronize the concert. By special request one of the greatest Spanish tenors, Senor Gonzalez, will sing. He is making Toronto his home during the trouble with the United States. He has a wonderful voice, and all those who heard him at the chorus practice last night say that his is one of the finest voices that have ever been heard by a Toronto audience.

THE STRIKES.

It is said there are negotiations in progress which may result in several shoe factories locating here, the largest of which may be run by a present Montreal manager. The capital will be \$25,000. The other two are small.

The Upholsterers.

In an indirect way the upholsterers have practically received an offer of ten per cent. advance on their prices from the manufacturers, but unless the other firms—that is, a Saturday half-holiday and no overtime—are conceded it is hardly probable they will accept.

"Our object," said one to The World, "is not so much to increase our present prices as to make our money a little easier. It is the pace that kills; we work ten hours a day average through the year, taking the time we are laid off, and only receive about \$8 per week, and after a hard day's

work we don't want to work overtime. We want the men employed all the time; and if we do work overtime we consider it should be much better paid."

If some settlement of the difficulty is not soon arrived at the spring trade will be pretty well ruined among the firms whose men are out.

Twelve Got 20 Years.

Chatham, Ont., May 11.—John Twobey, the man who attempted to kill Police Magistrate Houston a few days ago, came up for trial this morning before Judge Bell. He was found guilty and sentenced to 20 years in Kingston Penitentiary. Twobey turned deathly pale when the sentence was pronounced.

Immense Woolen Sale.

The British Importing Company of Bradford, Eng., have instructed Suckling & Co. to sell, without reserve, on Wednesday and Thursday next, the entire stock of Woollens, Worsted, Trousings, Linens, etc., hypothesized to the Commercial Bank of Bradford, Eng. This is the largest offering of this class of goods ever made in Toronto, and it amounts to over \$45,000. At the same time, 500 Men's Suits, in worsteds, tweeds, whippers, etc., will be sold. These goods were hypothesized in the city by a firm now insolvent, and are for immediate sale.

A Plain Statement to Men

The Erie Medical Co. is an association of specialists long trained in that exclusive branch of science devoted to the cure of weak men, who suffer from overwork and worry and from abuses that tear down the whole system. Our treatment consists of long-tried medicines for restoring virtue and vigorous conditions. We likewise supply an appliance to be used with our medicines which has never yet failed to develop shrunken parts. Our complete treatment is the outcome of a lifetime's study.

Free Trial to any Reliable Man

We do not want it understood that we charge nothing for our treatment, because we do. But we wish sufferers to know that they can try both the medicines and the wonderful appliance for ten days without cost. This offer is made to reputable men only, who will promise to give our treatment a fair and honest trial. If you will do that, write and tell us so. Send for a free copy of our great book, "Complete Manhood." Cut out this notice or mention this paper.

THE CITY HALL AND THE MARKET. Many people suppose that the new City Hall is only a costly ornament, and that the delay in completing it is therefore of no great consequence. They do not know that the delay is costing the city a great deal of money.

THE TRACK ALLOWANCE PAYMENTS. The new pavements that have been decided on for the track allowance along the different street car routes will go a long way towards providing the better wheeling facilities that bicyclists have been demanding. There need be little hesitation in providing the \$100,000 required for this work.

THE BREAD RIOTS IN EUROPE. The so-called bread riots in Spain and Italy have already caused more loss of life than the Spanish-American war. In the strict sense of the term they are not bread riots, for the lack of bread was not the primary cause of the disturbances.

THE QUEBEC AND JAMES BAY RAILWAY. If Toronto does not quicken its pace the slow old city of Quebec may get to James Bay before it. The Government of Quebec Province some time ago sent a surveying party under the command of Henry O'Sullivan to explore the route between Lake St. John and James Bay and make surveys for a line of railway to connect with the Quebec and Lake St. John Railway.

\$100,000 FOR NEW SCHOOLS

And \$110,000 For Track Allowance Repairs Voted by Controllers

Yesterday, with Mayor Shaw absent, the Board of Control voted away about \$210,000 yesterday afternoon, \$100,000 of debentures to be issued for new school buildings, and \$110,000 to be provided by the Treasurer as he deems best, for repairing the track allowance.

Ex-Ald. Thomas voted the brewing and distilling sentiment, represented by a deputation present, in an appeal to the Board for a reduction in the water rates to the same price as that paid by "other" manufacturers. The brewers now pay 42 cents per 1000 gallons, while the manufacturers' price is 5 cents. Mr. Eugene O'Rear advised the fact that Buffalo brewers only paid 3 cents. Mr. Robert Davies could not understand why the beer and liquor men were discriminated against. Mr. Thomas explained that Toronto brewers were unable to compete by reason of high water rates with outside concerns.

Mr. Hubbert thought there was no question that making malt was manufacturing, but whether the rest of the business was so was another question. He wanted a report as to probable loss of revenue from the brewing business, and whether the legal aspect from the Collector.

These reports will be forthcoming, the brewers meantime having assurance that they would get ample justice.

\$100,000 for school accommodation. With the inspiration of the presence of Trustees Kent and Clarke, the matter of providing adequate public school accommodation was taken up.

Mr. Kent pointed out the fact that perhaps thousands of people had come to Toronto to educate their children, and it would be inadvisable to put on the city.

Mr. Hubbert called attention to the fact that the School Board had increased expenditures, by raising salaries between \$20,000 and \$30,000 per year.

Mr. Kent defended the promotion system, which necessitated this, instancing teachers who started at \$224 per annum and after 15 years were getting \$1000.

Asked by Chairman Leslie how much he proposed to spend, Mr. Hubbert replied that he proposed to spend \$4000 applied to Huron-street school, "because it is in ward 4." If anything more ought to be done, it would be \$14,000. Then \$12,000 was asked for 8-room addition to Gladstone-avenue, enough to make a new school building. "If I don't pay attention to the highly colored report of Dr. Hyde," he added, "I've seen some of the schools myself."

As to Huron-street, Mr. Kent assured the Board that six rooms would hardly be sufficient for the school. The Board were asking for only two rooms.

Ald. Hubbert and Leslie held out that a \$100,000 vote ought to be enough, and the former moved for an issue of debentures to that extent, without the consent of the people. The latter, however, as Treasurer Coady predicting that they would sell at over par, and the chairman ascertained the Board's attitude.

KINGSTON NOTES.

M.C.A. Building Almost Out of Debt—Ald. Cadet Badly Beaten—Cattle Slaughtered.

Kingston, Ont., May 11.—A little over \$100 remains to be subscribed to wipe out the entire debt of \$12,000 on the M.C.A. building. It is hoped to have this guaranteed before the end of the present week.

The committees of the Ontario M.C.A., 20 in number, will hold half-yearly meetings on May 23, 24, 25 and 26. The Executive Committee will probably have unusually important business to consider.

Cadet Hunter of the R.M.C., while returning to the college last evening, and just after reaching the end of the bridge, was set upon by three young men and badly beaten. He reported the matter to the college authorities.

Five more head of cattle were slaughtered this morning at Rockwood Hospital for the Insane, making fourteen in all. The entire herd will be exterminated, the stables fumigated and thoroughly cleaned, and made ready for a new herd. The cattle being killed off were mixed, some coming from the west and others being picked up locally.

Mrs. MacMorris, wife of Rev. J. C. MacMorris, rector of St. James' Church, died to-day, aged 66 years. She was born in Quebec. She was a sufferer from paralysis.

Daniel Riley, violinist, died at the Hotel Dieu this morning, aged 71 years. He was an old resident, for many years carrying on the barbering business and afterwards was at the head of Riley's Orchestra.

ALL ABOUT PESTS.

Provincial Entomological Society's Report—Treats of the San Jose Scale and Other Pests.

The twenty-eighth annual report of the Ontario Entomological Society has just been issued by the Department of Agriculture. It is perhaps the most interesting report sent out by the department this year. The San Jose scale is described in detail. The locusts of the Bible are given half a dozen pages. An interesting article describes the common household cricket. Of special interest is the paper upon "Some Homeless Insects." Cockroaches travel in a person's trunk from house to house. To get rid of them this pest light is required, and then all crevices should be closed up with powdered borax.

The house ant that frequents parties and drops into the sugar barrel needs to be found in its nest and destroyed. Mosquitoes, fleas and bugs are mentioned and effectively prescribed for.

RAILWAY NOTES.

Yesterday was a quiet day about the Union Station in passenger traffic, although the night business continued. Of special interest among the visitors yesterday were A. H. Harris, General Traffic Manager of Government Railways, Montreal; J. E. Dalrymple, Assistant General Traffic Manager of the G.T.R.; Montreal; Frank Gross, General Passenger and Freight Agent, and John Pullen, Divisional Freight Agent, Hamilton.

Over 100 cars of corn passed over the C.P.R. yesterday from Owen Sound to Montreal for export. Eastbound shipments amounted to 89,013 tons for the week previous, as against 70,653 for the week previous.

Yesterday eleven car loads of potatoes, containing 6313 bushels, valued at \$2535, left the city for New York. The representatives of the central railway lines met yesterday at Chicago. A large shipment of bacon was made over the G.T.R. to Montreal yesterday for export to Bristol, England.

Yesterday a gathering of trainmen employed on the Ontario and Quebec divisions of the C.P.R. took place at the Palmer House. The men arranged a schedule of 21 requests to be made to Superintendent Leonard.

CARRANZA AND HIS CHALLENGES.

The Spaniard is Willing to Fight, But Life is Too Short to Accommodate All Applicants

Montreal, May 11.—(Special.)—Lieutenant Carranza, being interviewed to-day regarding Mr. Harry Dwight's challenge, said: "I have no quarrel with Mr. Dwight, yet if he insists upon fighting me, I am ready to meet him. It is not I who want things all my own way, but Mr. Dwight. He wants me to fight him and he wants to have the privilege of naming the weapons. As the challenged party that is my prerogative and I have chosen swords."

"Here," said he, pointing to a pile of letters, "I accepted every challenge I have received and at the terms dictated, I could be fighting all the time. Just look at this one. The man, after consulting me most graciously, asks me to go over to the States to fight him, knowing perhaps that the moment he crosses the border he will be arrested as a Spanish soldier, will be arrested. Besides, if I killed him they would imprison me. I have no quarrel with Mr. Dwight, yet if he insists upon fighting me, I am ready to meet him. It is not I who want things all my own way, but Mr. Dwight. He wants me to fight him and he wants to have the privilege of naming the weapons. Mr. Richard Donald, chairman of the Market Improvement Association, said yesterday: "The delay in completing the new City Hall is blocking the market improvement scheme, as nothing practical can be done while the Council occupy the old City Hall building, which is to form part of the enlarged market. However, I am afraid the new City Hall will never be completed until we begin the work of demolishing portions of the old City Hall to make room for the new market. When the aldermen are turned out of their old quarters they will take an active interest in getting the new City Hall finished. Although I have gone out of the retail business and am no longer in the neighborhood of St. Lawrence Market, I intend to stick to the market improvement project and do all in my power to see it carried out as soon as possible."

THREE PERSONS BURNED.

Half a Million Dollar Fire at Philadelphia—Factory Hands Impressed in the Burning Buildings.

Philadelphia, May 11.—Fire broke out about 11 o'clock to-day in the wholesale toy store of McCadden Bros. When the fire occurred there were many persons in the building, and the firemen say that escape was cut off before all could get out of the building. The flames spread to the big six-story building occupied by the National Wall Paper Company and Janeway & Co. on the west, and also the building occupied by the Reading Hardware Company on the east.

Three bodies were later taken from the ruins of the toy warehouse, and it is believed others were killed, as many girls were employed in the upper stories of the building. It is thought possible that only the three persons whose bodies, charred beyond recognition, have already been recovered lost their lives. The entire stock of the Wall Paper Company and the Brainerd & Armstrong Spool Silk Company, the damage to the stock of the Reading Hardware Company is nominal, but the loss on the building amounts to about \$50,000. The total loss will reach half a million.

Chicago Shoe and Leather Review. It has been demonstrated that a foreign war is not nearly as destructive to business as a bitterly contested presidential election campaign. The war has aroused the people, developed patriotism, silenced party clamor, obliterated the postulate demagog and made the erstwhile discordant elements of the country more cohesive and homogeneous. The successful daring of Admiral Dewey in sailing into a Spanish cove at sea at Manila makes every American proud of his nationality. It was one of the most magnificent achievements of history, and it will live in song and story as long as the English language endures. As a nation we are self-reliant and almost self-abasing at times, but in serious emergencies all that is splendid in humanity comes to the surface. We are the greatest nation under the shining sun, and nothing can stop our manifest destiny, which is to demonstrate to the eyes of the world that the old world is a thing of the past.

MARKET IMPROVEMENT.

Mr. Donald Says It is Blocked by Delay in Completing the New City

Mr. Richard Donald, chairman of the Market Improvement Association, said yesterday: "The delay in completing the new City Hall is blocking the market improvement scheme, as nothing practical can be done while the Council occupy the old City Hall building, which is to form part of the enlarged market. However, I am afraid the new City Hall will never be completed until we begin the work of demolishing portions of the old City Hall to make room for the new market. When the aldermen are turned out of their old quarters they will take an active interest in getting the new City Hall finished. Although I have gone out of the retail business and am no longer in the neighborhood of St. Lawrence Market, I intend to stick to the market improvement project and do all in my power to see it carried out as soon as possible."

THE HUMBER PIGGERY. The World Pays Another Visit to the Famous Spot—Process of Restocking Going On.

The piggery at the Humber presents an aspect of such a pristine and virginal character that at first sight the casual observer will refuse to believe it is designed for the reception of the "unclean animal."

The interior, cool and reposeful, presents the appearance of a series of loose boxes, where a devotee might prepare for the veil through an unromantic track standing in the middle of the corridor and a most unromantic odor discounts this; and, finally, the slight groaning of the pig with a Government inspector will find it hard to penetrate.

Mr. T. Warner is still king of this spot, and at present watches over between 50 and 60 pigs, brought from the country, and whose numbers will continue to increase till the full complement of 200 is reached, when the academy will be open to all day boarders admitted and the season will begin.

They are a very fine lot so far, the animals so diligently selected, and care is being taken to keep them up to the standard.

A huge steel tank is being constructed for the deposit of refuse. Judging by the sounds that emanate from the open door, emerging from a deep bass to a quavering E string tone, the animals are very healthy and happy.

WHEAT AND WHEAT FLOUR. MAY 12. Speculation Transferred to Later Options and Corn.

At Chicago—May Closed at \$1.79, and July at \$1.10 1/2—Liverpool and Paris Weaker—Provisions Show Marked Strength at Advances—Cassia.

Wednesday Evening, May 11. Speculation continues to-day to have been partially transferred from May and July wheat to the September option, and the prospect is that hereafter considerable activity will centre in the latter and the December future. At Chicago to-day May wheat declined to 89 1/2¢ per bush, and closed at \$1.79, 6¢ below Tuesday's last figure, while May showed a loss of 3/4¢ to \$1.75, and July, selling at \$1.10 1/2, at \$1.10, on the same market, September wheat rose from 85 1/2¢ to 85¢ and December 84 1/2¢ to 85¢.

On account of the rain, grain receipts were light to-day—900 bush, all told. Wheat: eastern, 150 bush selling at following prices: White \$1.18, red \$1.17. Speculation in Corn. Speculators in Chicago showed a tendency to transfer their operations from wheat to corn. An advance of the stock price in both the May and July contracts at Liverpool, corn fell 1/4¢ to 14¢. Oats were higher at Chicago.

Provisions Higher. Provisions showed considerable strength Chicago to-day at the report that the United States Government had purchased large quantities of canned meats and other food supplies for the army and navy. Pork rose to 80¢ per lb, lard 62¢ to 63¢ per tierce and ribs 55¢ to 45¢ per cwt.

Pine and Hardwood. The Canada lumberman says: The hope of finding a market in the Eastern States for any quantity of Canadian pine has now been abandoned, for the present at least, in view of the unsettled conditions caused by the war with Spain. The outlook in the New York market for spring business is not promising, but there is a feeling that the demand will gradually improve and overcome the present depression. Should this prove to be the case, it is quite probable that white pine will find a good sale, owing to the scarcity of getting the Southern pine to the Eastern markets by the usual routes of shipments. Were prices to advance, say \$1 per thousand, our manufacturers might succeed in disposing of considerable quantities of pine in a very satisfactory condition. Buffalo houses have representative lists in Canada, buying up all the dry stock available, and a report states that they have not succeeded in locating any considerable quantity. In Michigan, however, hardwood logs were secured last winter (Jan. until) and there is not likely to be a very heavy production of hardwood lumber this year.

Leading Wheat Markets. Following are closing prices to-day at important centres: Cash, May, Chicago, \$1.79; New York, \$1.75; Toledo, \$1.55; St. Louis, \$1.47; Duluth, No. 1 Northern, \$1.47; Duluth, No. 1 hard, \$1.07; Toronto, red, \$1.19; Toronto, red, \$1.05.

GRAIN AND PRODUCE. Flour—Firm and in demand. Straight rollers in barrels, middle grades, are quoted at \$5.35 to \$5.55, strong rollers \$6.50. May and Manitoba prices \$5.90 to \$7.00, and \$1.55, Owen Sound.

Wheat—Variable, with prices nominal at No. 2 red, \$1.12 to \$1.16; spring, \$1.15; good, \$1.08 to \$1.09; No. 1 Manitoba hard is excited and scarce at \$1.50. Forc. W. Kansas, and \$1.55, Owen Sound.

Barley—Quoted at 37¢ west; malting barley, 38¢ north and west.

Oats—Choice heavy white quoted at 33 1/2¢ to 36¢ Middleland.

Peas are quoted at 61¢ outside.

Bran sold at \$11.00 west, and shorts at \$12 middle freights.

New York Consols. Henry A. King & Co., 12 King-street east, received the following dispatch to-day from New York: Rumors of peace were the inspiring force in the preferred stock. The market declined in London and took on form in a story that financial assistance just extended to Spain by Paris was predicted on the return of the Spanish fleet to Cuba. The Grangers took a prominent place in the market, and an advance of 2 per cent, and over, on the high price of wheat and speculations of the credit facilities. The favorable estimates of Atchison's April earnings inspired a rise of 2 per cent on the preferred stock. The market was strong, and reports were circulated that the transcontinental railroads were on the eve of a settlement. Missouri Pacific was a strong feature, and among the other low-price stocks, Chicago & Great Western recorded another sharp advance of 1 per cent, and over. Sugar was checked somewhat by late news on Canadian side. P.O. rose 2 per cent on the report of a strike in the sugar industry. General Electric advanced sharply on prospects for 1900. The market closed buoyant at about best figures.

The Redemptionist Order. The Fathers of the Redemptionist Order, on McCall-street had their ranks reinforced yesterday by the arrival from Buffalo of the Rev. Fr. John J. McCall, and Fr. John J. Miller. The first holds the responsible rank of provincial of the province and is the highest ecclesiastical order now on Canadian soil. He has been rector of various churches in New York and is deeply versed in Catholic philosophy. His position can be said to be the founder of the Redemptionist Order, is an impassioned orator and has an audience of 1000. He is already well known to Toronto.
