RUSSIAN VICTORY GREATEST IN MILITARY HISTORY

Czar's Troops Take 65,000 Prisoners, Burst Clear Thru Supposedly Impregnable Defences of the Enemy in Volhynia and Galicia, Send Cossacks Ahead to Cut Off Austrian and German Armies and Force Remains of Austrian Armies Back on Average of Fifteen Miles on Whole Front Between Pripet Marshes and Roumanian Border.

British Monitors Drive German Destroyers Back Into Port

SMALL BRITISH CRAFT ENGAGED OFF ZEEBRUGGE

German Destroyers Fled to Port When British Monitors Opened Fire.

NO BRITISH CASUALTIES

Berlin Version is That Opponents Withdrew in Direction of Dunkirk.

LONDON, June 9, 7.45 p.m.—A brief engagement between small British and German warships off the coast of Belgium yesterday was made known today in the following official communication: "On Thursday morning a British patrol force, composed of monitors and torpedo boat destroyers, engaged off Zeebrugge torpedo boat destroyers of the enemy, which, on being fired at by monitors, returned to port. There were no casualties. No damage was sustained by any of our ships."

Berlin Military Court to Decide Socialist Leader's Fate.

WAR SUMMARY

THE DAY'S EVENTS REVIEWED

RUSSIA'S offensive on the front between the Pripet marshes and the Roumanian frontier continues to be the biggest thing of the war, and some of the results achieved, although belated in announcement, show that the enemy has already suffered a smashing defeat. In general, the Russians, by about the fourth day, had pushed the enemy back from the Stripa River for a distance of 15 miles to the Zlota Lipa. They have also definitely reached that river at Potok. They have also got well across the Ikwa and the Styr in Volhynia, and there the Austrians have been fain to confess a retreat, but in the confusion of the monster battle, with the Russians pressing forward with energy and vim, it is probable that the Austrian high command has already lost its grip of the situation. In Volhynia the Germans are trying to stay the Russian advance at the points where their front has been pierced, and numerous Germans are being found amongst the prisoners taken.

The number of prisoners taken by the Russians has mounted up to over 65,000, and they are constantly streaming in to the depots. The capturing of so many Austrians and Germans involves a loss of at least 250,000 men, and perhaps well over 300,000 men to the enemy in casualties. In other words, well nigh half his army on this front has been destroyed by the impetuous sweep of the Russian hordes. The Germans are hurrying men down from the north in an effort to save the situation, but if they weaken their front in that direction they are likely to be smashed by the army of General Evert, who is doubtlessly watchfully waiting for his chance. As a sample

CAMPANIA HAD PART IN NORTH SEA FIGHT

Old Cunard Liner Gave Effective Aid to the Warrior.

LONDON, June 10, 3.04 a.m.—One of the ships engaged in the North Sea battle was the old Cunard liner Campania, which acted as a seaplane ship. When the cruiser Warrior was hard pressed by the German ships and unable to move, the Campania pushed herself between the German ships to the aid of the Warrior. She threw a heavy aboard and towed the Warrior for 10 hours when the cruiser sank. The Campania was thus the means of saving the crew of the Warrior.

RUSSIAN DRIVE AUSTRIANS BACK WIN BIGGEST VICTORY IN HISTORY

Sir Julian Byng Fortunate To Escape Being Captured

He Had Intended To Accompany Gen. Mercer on Toronto Officer's Visit To Front Trenches.

LONDON, June 9.—It was only by a lucky accident, says The Daily News correspondent, that when General Mercer and Williams fell into the enemy's hands the other day, Sir Julian Byng, the corps commander, was not captured too. He had intended accompanying General Mercer into the trench that morning. Brevet Lieut.-Colonel Emsley, D.S.O., of the local forces, has been appointed general staff officer in place of Lieut.-Colonel A. H. Macdonnell of the Royal Canadian Regiment.

FIRE SEEN ON HAMPSHIRE HOUR AFTER LEAVING

Kitchener and Staff, Who Had Embarked at Extreme North of Scotland, Were Placed in Boat Which Was Swamped in High Seas.

ABERDEEN, Scotland, June 10—The British cruiser Hampshire was seen to be afire in the shank of the Orkney Islands, while carrying Earl Kitchener, the British war minister, to Russia, according to a statement of the Admiralty here from the Orkneys. The disaster occurred last Monday night, only one hour after Earl Kitchener and members of his staff had embarked on the cruiser at the extreme north of Scotland. One trawler reported that the warship appeared to have blown up, although no sound of an explosion was heard, probably on account of the terrific storm that was raging. Twenty minutes after she was seen in distress and on fire the Hampshire sank between Marwick Head and Brough of Birsay, off the western coast of the mainland of the Orkneys. Found Eighty Bodies. The raft from the cruiser which was hung ashore with twelve men from the Hampshire clinging to it was discovered by a policeman who was searching along the rocky and desolate coast. The men were battered and exhausted. A few of them murmured, "Kitchener was on board," and then fell asleep. About eighty bodies were found along the cliffs, many of them still warm. In their terrific battle with the sea the clothing of some of the men had been torn from their bodies. Their hands and feet had been mutilated in desperate efforts to climb the cliffs. According to the reports, Earl Kitchener and the members of his staff were placed in one of the ship's boats which got clear of the wreck, but was swamped in the terrific sea that was running.

Number of Prisoners Taken Totals Sixty-five Thousand—Czar's Foremost Columns Reach Zlota Lipa River and Seize Bridgehead—Cossacks Lead Advance and Forces Converge on Lemberg.

LONDON, June 9.—In the development of their big and startling offensive on the entire front between the Pripet Marshes and the Roumanian frontier, in Bukowina, Galicia and Volhynia, the Russians have made further and important progress, in which they have pushed back the enemy from the Stripa and Styr Rivers for an average distance of over 15 miles and have reached the Zlota Lipa River at Potok, on the road to Lemberg. The occupation of Lutsk enables them to get a three days' start on a circling movement on Lemberg from the north, along a good metalled road. Despite a stubborn opposition which is being put up in some places by the enemy the Russians, general headquarters officially claims, are proceeding with the offensive on the whole front. It is officially announced by the same source that the total number of prisoners taken up to yesterday is now 1143 officers and 64,714 men, an addition of 185 officers and 13,714 men over the day before.

Take Whole Triangle.

The victory won by the Russians is without a parallel in military history, says a Petrograd despatch to Reuters' Telegram Co. "The Russians now occupy the whole triangular fortified positions of Kolki, Lutsk and Olyka. Military writers dwell on the great strategic importance of this triangle, which includes some of the best Austrian communication lines and connects the centre between Polesie, Volhynia and Poland and the roads to Galicia and Bukowina. Fought Way to Lutsk. "The Russians fought their way to Lutsk, a distance of 25 miles, in three days thru forests and marshlands and over battered defences, the invincibility of which the Austro-Germans had boasted about thruout the winter and spring. There is still no response to the Russian thrust, and military writers declare that matters begin to look serious for the whole enemy line in Russia. "Col. Shumsky, the military critic of The Bourze Gazette, declares the junction between the Austrians and Germans has been cut clean thru, thus exposing the right flank of the Austrians and the left flank of the Germans, and making them almost defenceless to further Russian attacks. "Attacks Unexpected. Reuters' Petrograd correspondent sends the following concerning the Russian offensive against the Austro-Hungarians: "Wounded Austrian officers assert that the Russian attacks against their armies were totally unexpected. On the eve of the attack the enemy was celebrating the German victory in the North Sea with champagne and cognac, but the opening

(Continued on Page 2, Columns 1 and 2.)

of the Russian bombardment ended this festive.

From other sources comes the tale of how the Russians seized by surprise an Austrian railway station with its personnel.

In one instance virtually a complete Austrian division, including two generals, surrendered.

May Cut Off Austrians. A Central News despatch from Rome says that the Russian ambassador has received information that the Austrian front has been completely broken along a length of 94 miles to a depth of 37-1/2 miles, and that the entire Austrian army in the region affected is threatened with envelopment by the Russian advance.

Despatches from the front say that the Russian artillery threw a terrific curtain of fire over the lines of the enemy and cut off all escape and checked all resistance.

The number of our prisoners is constantly increasing. In addition to the 958 officers and over 51,000 men already announced, we took in the course of yesterday's fighting an additional 185 officers and 13,714 men, making our total of captures in the recent operations 1148 officers and over 64,714 men.

Enemy Admits Retreat. The Austrian official statement admits a retreat in Volhynia, to the River Styr, where it says Austro-Hungarian troops have reached new positions after a rear-guard action.

WAR SUMMARY

THE DAY'S EVENTS REVIEWED

(Continued From Page 1.)

of the rapid progress made by the Russians, it is now made known that they advanced across defences which the Germans had boasted were impregnable, for a distance of 25 miles on Lutsk in two days and a half, or at the rate of ten miles a day.

To use a metaphor, Russia is endeavoring to torpedo the Teutonic ship of war on the port side about the engines. If the torpedoing gives the maximum results that ship will be sunk.

Military critics at Petrograd say that the victory won by the armies of the Emperor Nicholas is not parallel in military history.

This evidence is accumulating that the enemy has paid too heavily a price at Verdun in his senseless continuation of his assaults.

On the Canadian front in the Ypres salient yesterday the Germans made no attacks, but much artillery fighting is reported by Sir Douglas Haig.

In contrast to the stability maintained on the British front, the situation before Verdun continues lively and distinguished by action.

In Italy the Austrians still fail to shake the Italian lines in their foolish offensive and the situation begins to look desperate for them.

Dniester and Bessarabian fronts. The official communication issued by the Russian war office today follows:

"The battle continues in Volhynia and Galicia, the Germans trying to check the development of our offensive on their pierced front.

"Despite the stubborn resistance of the enemy in many places, our offensive continues on the whole front from the Pripiet marshes to the Roumanian frontier.

"Our young soldiers are rivaling their elders in pluck and courage. One such division of young troops in an impetuous attack at Opolichnie drove the enemy back on the Styr and captured the bridgehead near the town of Kawa below Lyncov, another 1-centimetre gun and 45 caissons.

"We have crossed the Stripa River and our troops have reached the River Zlota Lipa at Potok.

"While directing the action in one of the sectors of our offensive Gen. Mikouline was seriously wounded.

"The number of our prisoners is constantly increasing. In addition to the 958 officers and over 51,000 men already announced, we took in the course of yesterday's fighting an additional 185 officers and 13,714 men, making our total of captures in the recent operations 1148 officers and over 64,714 men.

"Wednesday evening enemy artillery bombarded violently the regions northeast of Krevo and south of Smorgon. Subsequently the bombardment extended farther north, and Thursday night, the enemy, in strong force, opened an offensive, but all his attempts to approach our positions were repulsed.

"A large turnout for the 48th Highlanders took place at the armories last night. With all its bands, the unit started out from the C. F. R. barracks at 8 1/2 o'clock.

Approximately 8000 troops took part in the manoeuvres at the Ypres salient yesterday. The new regulations by which recruiting from now on will be conducted are looked upon with favor by the majority of the unit commanders here.

Seventy years ago yesterday Hamilton was incorporated as a city, but the new regulations by which recruiting from now on will be conducted are looked upon with favor by the majority of the unit commanders here.

Following a bad attack of scarlet fever, Lieutenant Watts died yesterday. Lieutenant Watts was reported for man and became attached to the 84th from the 18th Lincoln Regiment.

Another supporter of the Ross rifle is Sergeant Hawkins, who won the King's Prize at Bisley, and who has just returned from the front suffering from the effects of shrapnel.

Church Parades. Church parades will be held on Sunday by all the overseas units.

Victoria College chapel; 69th and 70th. Westminster Presbyterian. Roman Catholic in Exhibition camp will attend service in the dairy building at 1915.

It is extremely probable that he will receive an appointment as a military instructor within a few weeks.

RECRUITING BETTER AT TORONTO DEPOT

New Plan Adopted by Authorities Promises Good Results.

HELD BIG FIELD DAY

All Toronto Units Engaged in Exercises at Cedarvale.

The new recruiting campaign which is being conducted in Toronto is proving a success, and this is evidenced by the fact that a large number of men offered themselves for overseas service yesterday.

A little dissatisfaction was expressed in the orderly rooms of the different units recruiting, and the Irish Fusiliers men were, perhaps, the worst in this respect.

There was much artillery fighting east of Ypres, our guns engaging various enemy positions successfully.

WILL INSTAL HYDRO POWER AT AGINCOURT

Scarboro Officials Discussed Matter With Provincial Commission.

Reeve Cornell of Scarboro, Deputy-Reeve Stewart and W. H. Paterson of Agincourt had a conference yesterday with officials of the Ontario Provincial Hydro Commission relative to the installation of a light and power line to Agincourt, along the Don and Danforth road, from the point where the city and township join.

While the rates are fixed by the commission, the cost will run in the neighborhood of \$1.00, or about \$15 a year, for a 100-watt lamp.

THREE PORCUPINE  
MINES ARE UNITED

Big Interests Amalgamated  
With Twenty-Five Million  
Capital.

HEAD OFFICE TORONTO

Many Provincial Appoint-  
ments Announced in On-  
tario Gazette.

The incorporation of the Hollinger Consolidated Gold Mines, Limited, an amalgamation of Hollinger Gold Mines, Limited, Acme Gold Mines, Limited and Millerton Gold Mines, Limited, is announced in this week's Ontario Gazette. The capital of the company is given as \$25,000,000. The head office is given as situated in Toronto. The first directors of the company are named as: Noel Anthony Timmins, president; Louis H. Timmins, of Montreal, vice president; John McMartin, Cornwall, mine owner, and David A. Dunlop and John Bell Holden, of Toronto. Other companies whose incorporation is announced are: Federal Securities Corporation, Limited, capital \$40,000; Toronto; The Wigs Land Corporation, Limited, \$150,000; Windsor; and the Humus Product Company, Limited, \$40,000, Toronto.

The incorporation of the Toronto Painters and Decorators' Association, no share capital, is announced. The objects of the association that elects as "to afford its members all the usual advantages of a club and to give or arrange for the entertainment of its members and to discuss trade questions. Prohibitions on Deer Hunting. Hunting deer in Bruce County is prohibited for three years from October 31, 1916, except from the first to the fifteenth of November; but even then the use of dogs is prohibited. Appointments are announced as follows: Walter Benjamin Cowan and Frederick H. Vanston, both Toronto solicitors, to be notary public for the province; Kenneth W. McConnell, Toronto, to be notary public with powers limited to Toronto, and to the counties of Middlesex and York; Frederick W. Wilson and James Plintoff, sheriff of Lambton, to be notary public for the county of Lambton; Allan McLennan, Rainy River, Justice of the Peace, to be notary public for the county of Simcoe; William E. Anderson, Ameliasburg, associate coroner for the county of Wilfred; George Sault Ste. Marie, to be notary public, Geo. Bowden, Newboro, notary public in North and Bruce counties; and James W. Lake, Sydneyham, clerk of the third divisional court in Frontenac county.

HIGH WATER CAUSES  
DAMAGE AT ISLAND

Civic Departments and Harbor  
Commissioners Disclaim Re-  
sponsibility.

Considerable damage has been done at the island by the high water caused by the recent storms and residents on the island are making a strong appeal to the city departments and harbor commissioners to take charge of the property and demand protection from the city. City departments and harbor commissioners all disclaim responsibility and apparently it is up to the minister of public works to look after the trouble. In discussing the situation yesterday Parks Commissioner Chambers, while emphasizing the need of improved protection, pointed out that it would not be advisable for the city to assume too much responsibility as it would involve enormous expenditures which the city is not in a position to make. He stated that it was absolutely the responsibility of the government, but the services of the water department was doing all it could to stop any further damage.

CITY HALL NOTES

J. T. Arundel, the general superintendent of the C.P.R., has written the mayor informing him that the new North Toronto Station will be ready on June 14, and the first train to leave will be the Montreal express, starting at 10.00 p.m.

It was announced by the mayor yesterday that meeting of representatives of the municipalities in Ontario would be held on Monday at the city hall, to form a branch union of Canadian municipalities. The Ontario Municipal Union is not affiliated with the union at the present time and his worship is of the opinion that a federation is advisable.

Mayor Church, who in company with Works Commissioner Harris, Manager Cousins and Commissioner J. Laxton of the board of harbor commissioners, has been in large cities in the United States in search of information respecting the establishment of coal facilities, returned yesterday. The others will return next week.

The Cunard Line announce a splendid list of sailings for the coming summer which include such steamers as the Orduna, Tuscania, Andania, Alania, California, Cameronia and Carpathia. The traveling public are well acquainted with the service of the Cunard Line, and too much praise cannot be given the company for the many efforts they make in trying to satisfy all their patrons. There are excellent services at present from New York, one going to London and the other into Liverpool and Glasgow. All information, reservations, etc., may be had from the company's Toronto office at 33 Yonge street, a few doors north of Wellington street.

PATRIOTIC WORK FOR  
CANADIAN PRISONERS

Working Circle of Sir Henry Pel-  
latt Chapter Held Meeting  
Yesterday.

A meeting of the working circle of the Sir Henry Pellatt Chapter was held at St. Peter's Clubhouse yesterday afternoon when the members knitted and did other patriotic work for the Canadian prisoners in Germany. Mrs. W. A. Kavanagh, convener and Mrs. Knight were the hostesses, and tea was served at the conclusion of the afternoon's work.

The wonderful work of Mrs. Agar Adamson and her associates, Mrs. Innes-Taylor and Miss Margaret Bell Saunders, three women from Toronto, was presented to the meeting by Miss Hart, and a letter was read in which Mrs. Adamson thanked the Catholic Young Ladies' Literary Association for their assistance. The letter said in part: "I received your money order yesterday. I think it is most awfully kind of you to send me such generous donations. I cannot tell you how much we all appreciate your help. It is most awfully kind of you to enable us to keep up the work at the front." The society has now sent over three hundred dollars.

WITCHCRAFT SEEN  
ON YONGE STREET

Drawing All Nature of Metals  
to Sunshine Circle Melting  
Pot.

AIDS SOLDIER HEROES  
Proceeds Are for Needs and  
Comforts of Convalescent  
Home.

Witchcraft of the kind that none will question is going on at 252 Yonge street, where in one of the windows an engaging figure in the regulation costume of the art in which black cats and the high-pointed hat, always favored by the witches of tradition, is busy poking away and stirring up the embers under the hanging melting pot of the Sunshine Circle. Outside the charmed ring which she encloses with her stick, the witch is known as Miss Winnie Worth, and just now her office is to entice the passers-by to add to her store of the precious metals by bringing their old table silver and jewelry—yes, and even their artificial teeth with gold in them—so that she can melt it down, to go later to the needs and comforts of the Soldiers' Convalescent Home.

In the other window is the figure of a boy in khaki standing by the rear of a miniature camp of white tents, and here again a petition asks the benefit of those who are afflicted with the honor of being bravely for the honor of the allies and the defence of all that the world holds sacred. Yesterday the women, some tea, noon and afternoon, ice cream and cake being other inducements. Today there is a sale of home-made "Won't you give something for the convalescent soldiers?" The responses are not always unanimous from the small crowd of spectators, but today being Saturday the affair in hand are looking for big returns from the men, women and children who may stop to see their artificial teeth with gold in them, or those who enter to purchase their home-made products or to participate of their hospitality.

GALA DAY AT THE BEACH.

204th Battalion Puts on Interesting  
Variety of Events.  
The word novel seems quite unable to describe the big event which the 204th Beach Battalion is putting on at Scarborough Beach Park this afternoon and evening. The public will get a chance to step in and win some scores of prizes from the soldiers. All in a manner of sports are being put on for the men, women and children, in addition to the water sports at night, and for all a wide range of amusements have been arranged. One must not overlook the baby show or the box picnic, in the afternoon, or the night and just here there is the opportunity for some of Toronto's finest girls to offer themselves as the Queen of the Mardi-gras. The festival hasn't found one yet. Three military bands have been provided, and at the end of it all there will be a lavish display of fireworks, for the benefit of the children, young and old. This is an interesting phase of this big event in that the entries in all sporting contests are left open to the visiting public. Lastly, somebody is going to win a handsome canoe in the drawing contest.

Absorption Process  
Makes Faces Young

Success has at last come to scientists after years have sought some method of removing the outer veil of facial skin in cases of unsightly complexion, which has been proved quite successful. The new process is so simple, so inexpensive, the wonder is no one has discovered it long ago. It has been amply demonstrated that common mercurized wax (used by druggists to once absorption) entirely removes, by gentle skin, the withered, lifeless surface skin, showing the powdered satellite beneath. The wax is applied at night, like cold cream, and washed off in the morning. The absorption also cleanses clogged pores, increasing the skin's breathing capacity, and preserving tone, color and natural beauty of the new skin. A simple and harmless wrinkle-remover which has also proved quite successful, can easily be made at home in fifty. All one needs to do is dissolve an ounce of powdered satellite in a half-pint of hazel, and bathe the face in the solution once a day for a while. After the very first application the finer lines disappear and the deeper ones soon follow.

The new Union Passenger Station on Front street from York to Bay streets. Cut shows first storey of steel pillars that will carry the structure. The Custom House is in the upper field, right of the center line.

TEMPERANCE CAUSED  
MUCH DISCUSSION

Rev. Mr. Armitage Condemns  
Moderate Drinkers Before  
Anglican Synod.

CLOSING SESSION

So Many Clergymen in Khaki  
Made Present Meeting  
Notable.

When the report of the temperance and social service committee was under the consideration of the Toronto Synod yesterday, it was productive of much language and feeling that was not temperate. The statement that arrangements had been made whereby communion wine would be obtained from drug stores after Sept. 16 called forth the remark from one delegate that it looked rather selfish, and the suggestion that it be omitted did not meet with the favor of the synod. Canon Plumtree thought that the Doxology should be sung in thankfulness for the enactment of provincial prohibition, but after several strenuous "nos" had been voiced by various members, the bishop did not think it could be sung without discord. "Can anyone imagine what is going to happen in this city if Dominion prohibition is passed?" asked Mr. W. F. Summerhayes, who stated he was a moderate man; "I don't think it is the right of any of us to make a statement at the meetings of a number of delegates, who are not members of either party, to enjoy a smoke. He did not smoke and he did not want legislation passed against smoking. He was not a member of either party, but he wanted to keep liquor in his own house, to make it a criminal offence to sell liquor in favor of prohibition in rural districts, but not in places the size of Toronto. Why was there such a change of heart? Prohibition in Toronto had yet to be tried out, and he did not believe that the work of preparing Camp Borden for the forces has been continued on Sundays, expresses the hope that the government will see that no work be carried on in this or other undertakings on Sunday, on the plea of military necessity, except when absolutely unavoidable, and the bishop, president of the Ontario Lord's Day Alliance, be requested to bring this to the attention of the Alliance."

Overseas.

ACCIDENTALLY SHOT HIMSELF.

BERLIN, Ont., June 9.—John Rejefski, aged 20, a farmhand of Centerville, while out shooting ground hogs yesterday had a portion of his head shot away by the accidental discharge of his gun. He died about six hours later in the General Hospital. He was a son of Mr. and Mrs. Frank Rejefski, 99 Factory road.

MANITOBA ACREAGE  
IN WHEAT REDUCED

High Wages Asked by Farm  
Laborers Given as Reason.  
WINNIPEG, June 9.—Manitoba's wheat crop for this year amounts to 2,994,829 acres. Last year it was 3,664,281 acres, the highest on record. This was announced today by the minister of agriculture. The reason for the decrease is ascribed to the high wages asked by farm laborers, rather than an actual shortage of help, also to the desire of many harvesters to summer fallow large portions of their land, after last year's heavy yield. Many low-lying fields were too wet for seeding and this also contributed to the decrease. The out area this year is 2,023,611 acres, as compared with 2,121,845 acres last year, a slight decrease. Of barley there are this year 1,153,660 acres, as compared with 1,039,545 acres last year.

CALL FOR IMPROVED  
RECRUITING METHODS

Congregational Union of Canada  
Adopts Resolution Without  
Dissent.  
SHERBROOKE, Que., June 9.—Mobilization of all men eligible for military service by any method deemed advisable, and organization of all material resources, in order that the war effort be carried to a successful finish, was called for in a resolution adopted unanimously in the closing session this afternoon of the annual meeting of the Congregational Union of Canada, and directed to the attention of the Dominion Government. After its adoption the assembly sang "God Save the King."

Ordinary Nuxated Iron will  
often increase the strength and  
endurance of delicate, nervous  
folks 200 per cent. in two  
weeks' time.

SPECIAL NOTE.—Dr. E. Sauer, a well-known physician who has studied widely in both this country and Europe, has been investigating into the real secret of the great strength, power and endurance of the man who has taken Nuxated Iron.

NEW YORK.—Upon being interviewed at his apartment in the Colonial Hotel, Mr. Willard said: "Yes, I have a chemical test to study the value of different foods and products as to their power to produce great strength and endurance, both of which are so necessary in the prize ring. On his recommendation I have often taken nuxated iron, and I have particularly advocated the free use of iron by all those who wish to obtain great physical and mental power. Without it I am sure that I should never have been able to whip Jack Johnson so completely and easily as I did, and while training for my fight with Frank Moran, I regularly took nuxated iron, and I am certain that it was a most important factor in my winning the fight so easily."

Continuing, Dr. Sauer said: "Mr. Willard's case is only one of hundreds which I could cite from my own personal experience, which proves conclusively the astonishing power of nuxated iron to restore strength and vitality even in most complicated chronic conditions. Not long ago a man came to me who was nearly half a century old, and asked me to give him a preliminary examination for life insurance. I was astonished to find him with the blood pressure of a boy of 20 and as full of vigor, vim and vitality as a young man—in fact, a young man he really was, notwithstanding his age. The secret he said was taking iron—nuxated iron had filled him with renewed life. At 80 he was in had health at 40, and nearly all in. Now at 50 a miracle of vitality and his face beaming with the buoyancy of youth. As I have said a hundred times over, iron is the greatest of all strength builders. If people would only throw away patent medicines and nauseous concoctions and

PLAYS, PICTURES AND MUSIC

LEWIS THEATRE.  
Leo Pernikoff and Ethel Rose, with their Imperial Dancing Ballet, scheduled to appear at Lewis Theatre this week, were held up in New York City owing to an accident, but will head the bill at this popular playhouse next week. Circenies and Drayton Vaudeville's Classic Colored Dancers, Jessie Mae Hall & Co., in the clever one-act comedy, "Fatsy's Finish," Norwood and Hall in "Sense and Nonsense," George Bobbe and Eddie Nelson in a medley of laughter and song, and the LAVINS' Cumbrous Trio, theatrical acrobats, are the other vaudeville offerings. As a special feature, the latest release of Charlie Chaplin in "The Fireman" will be shown. This picture is said to be the funniest of releases that the famous comedian New York City has done his best work up to date, and makes the weirdest fireman imaginable. It will be shown at the Strand Theatre, that is to say at 10.30 on Monday morning. The bill will also include the magnificent dramatic feature "The Ordeal of Elizabeth," with Lillian Walker in the leading part. In this photo-drama, the heroine is wrongly accused of the murder of her husband who had treated her badly, and very narrowly escapes conviction. A fine installment of the "Strand Topical Weekly," showing splendid views of Camp Borden and its activities, will round out the bill.

MADISON THEATRE.  
Dustin Farnum in the delightful photo-play "David Garrick" will be presented the first three nights of next week and Pauline Frederick in a thrilling photo drama, "The Knight Before," the last three nights. Interesting scenes of travel, and a laughable comedy will be shown in conjunction with the leading features.

GLOBE.  
Theda Bara, the famous vampire woman, will be presented Monday, Tuesday and Wednesday at the Globe, in the much talked of and well read book story, "Secrets of Society," in which she takes the part of a happy married woman, who after the death of her first husband whom she thought dead turns up. What could she do? The answer forms one of the most dramatic climaxes ever thrown up by the theatre. The sixth whirl of the serial comedy, "The Mishaps of Musty Suffer," along with the "Knight Before," and "Ypres Canal battle, in which the Canadians fought so bravely, will also be shown.

STAR THEATRE.  
George Verman and the greatest aggregation of "The Blues" dancers ever assembled on a burlesque stage will hold forth at the Star Theatre during the week of June 12-17. The fifty black-faced comedians, which have decided to extend the engagement of "Florodora" for another week, to be followed week of June 19, by Gilbert and Sullivan's great success, "The Mikado." The charm of Florodora lies in its novelty, originality and funfulness of its number company. It is difficult opera for a stock company to present acceptably as theatregoers all over the country have at one time or another seen the big New York cast at a high scale of prices, and are apt to be more than a little sceptical as to the presentation at the Grand this week by the Angeles Opera Company, at popular prices, a meritorious production is given and lovers of musical comedy are loud in their praise of both the company and production.

"KICK IN"—NEXT WEEK.  
For the coming week, at the Alexandra Theatre, the Robins Players, with Edward H. Robins, will present for the first time in stock, Willard Mack's sensational play of thrills, love and law, "Kick In." The play has to do with Chick Hewes, a reformer, who is being spied upon by certain police officials. He has been drawn into a theft of a \$20,000 necklace, and also entirely innocent of any wrong-doing, is charged with complicity. His apartment is visited by a criminal, who is placed under arrest. Chick tells Fogarty that he is being double-crossed. Fogarty agrees that in number, never fail to set the boys in the gallery whistling.

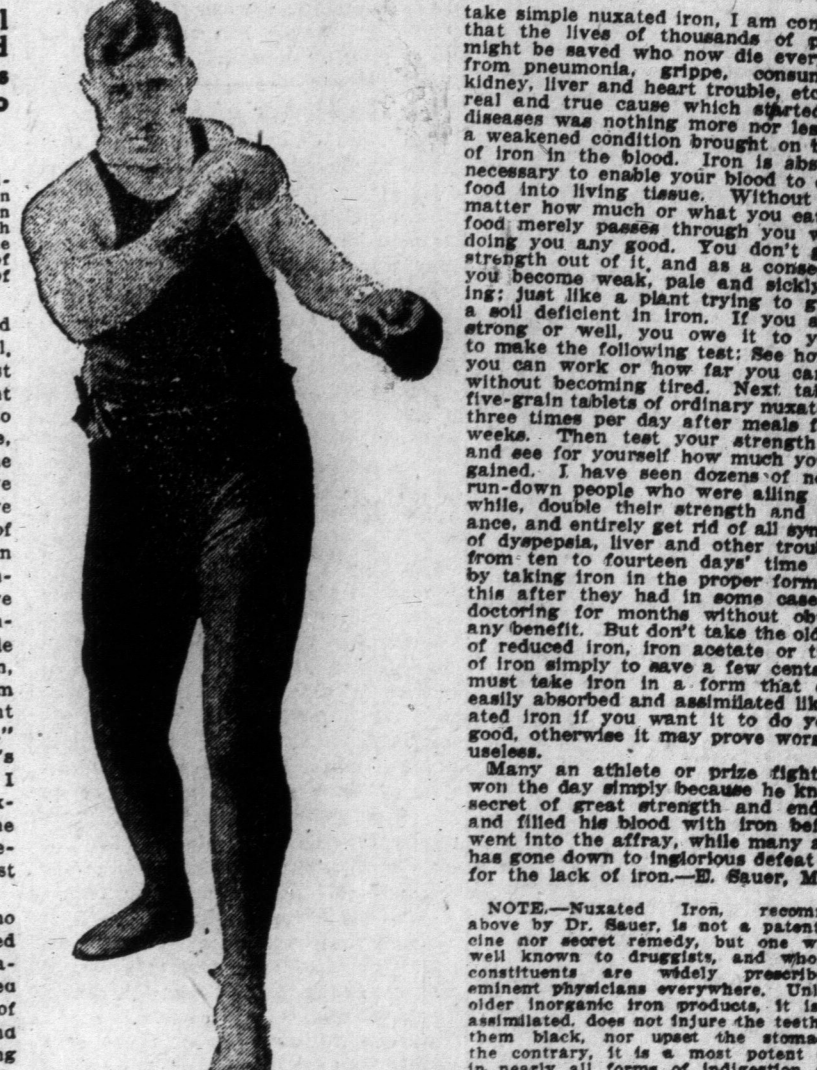

AT THE GRAND.  
Owing to the delay in opening "Florodora" at the Grand Opera House this week, and the pronounced hit that was made by the company presenting the English favorite, they have decided to extend the engagement of "Florodora" for another week, to be followed week of June 19, by Gilbert and Sullivan's great success, "The Mikado." The charm of Florodora lies in its novelty, originality and funfulness of its number company. It is difficult opera for a stock company to present acceptably as theatregoers all over the country have at one time or another seen the big New York cast at a high scale of prices, and are apt to be more than a little sceptical as to the presentation at the Grand this week by the Angeles Opera Company, at popular prices, a meritorious production is given and lovers of musical comedy are loud in their praise of both the company and production.

BIG PARADE AT LONDON.  
LONDON, Ont., June 9.—London residents this afternoon watched the largest and most magnificent military spectacle ever seen in this city, when nearly 9000 soldiers in training here marched through the downtown streets. Nine battalions took part in the pageant.

STARTING THE FIRE.  
For ten cents you can procure a dozen candles. Cut these into small pieces and use in place of kerosene to light your fires. A few tiny lighted pieces of home-made candles will cause the wood to blaze quickly.

How Nuxated Iron Helped  
Me to Whip Frank Moran

Jess Willard Tells Secret of His Easy Victory. Also Reveals Hitherto Untold Secret of His  
Great Triumph Over Jack Johnson—Says Iron is Greatest of All Strength Builders.

I consider that plenty of iron in my blood is the secret of my great strength, power and endurance.

The Toronto World

FOUNDED 1880. Morning newspaper published every day in the year by the World Newspaper Company of Toronto, Limited, 11, J. Maclean, Managing Director, WORLD BUILDING, TORONTO, RO. 40 WEST RICHMOND STREET.

The Circulation of THE TORONTO DAILY AND SUNDAY WORLD is authenticated by the A B C Audit Bureau of Circulations

in advance will pay for The Toronto World for one year by mail to any address in Canada or Great Britain. Delivered in Toronto and Hamilton by all Newsdealers and Newsboys at five cents per copy.

UNITED STATES. Daily World \$4.00 per month; Sunday World \$5.00 per month; World \$3.00 per month; Sunday World \$2.00 per month, including postage.

It will prevent delay if letters containing "subscriptions," "orders for papers," "complaints," etc., are addressed to the Circulation Department.

The World promises a before 7 a.m. delivery to any part of the City or Suburbs of Toronto and Hamilton. World subscribers are invited to advise the circulation department in case of late or irregular delivery.

SATURDAY MORNING, JUNE 10.

The Real "League to Enforce Peace."

Some time ago President Wilson appeared before the "League to Enforce Peace," and outlined the terms on which the United States would undertake to negotiate peace among the belligerents in Europe. Dr. Wilson was quite sure that the United States wanted to have peace arranged, although he said that "we have nothing material of any kind to ask for ourselves, and are quite aware that we are in no reason or degree parties to the present quarrel. Our interest is only in peace and its future guarantee."

It is well to remember that this statement was made to a "League to Enforce Peace." President Wilson admits that there is no material interest when it is applied collectively. He says he wants a universal association, but it is evident that he does not mean a universal association when he contemplates some or all of the parties of the association combining to enforce peace upon others.

The present war in Europe is nothing more nor less than an attempt to enforce peace by a combination of the more intelligent forces of civilization acting against the less intelligent forces of rapine and aggression. Great Britain made desperate attempts to induce the German Government to enter into a conference to settle the questions in dispute between Austria and Serbia. Serbia offered to yield everything but independence. Germany refused and declared war. She violated the neutrality treaty of Belgium. She marched upon France, and in every way showed her determination to do what she pleased, and not what a conference of the nations or any other influence could bring about.

The greatest "League to Enforce Peace" that ever existed has been battling in Europe for 22 months for the very fundamentals which President Wilson thinks he has discovered, and lays before his Washington "League to Enforce Peace" as the thing that body had powers and influence beyond those of Russia, France, Great Britain, Italy and the other peace enforcers. We cannot refrain from the belief that if President Wilson or his "League to Enforce Peace" were in earnest; they would all be out with the allies in Europe fighting tooth and nail against the only power which has ever had the audacity to fling defiance in the face of the world in respect of these very fundamentals which President Wilson deems so precious.

The United States has not lifted a finger to preserve Belgium or Serbia or Poland or to give them the benefit

of this fundamental of peace, the right to enjoy their territorial integrity. There never was a war in which the aggression of a mighty nation over a smaller one was so clearly defined as the present. Germany presumed upon her might, relied upon it, boasted of it, gloried in it, and President Wilson never had a word to say. But after 22 months he thinks there should be a "League to Enforce Peace." And all the time the real motive and desire of this bogus league is to stop the operations of the real "League to Enforce Peace," of which the United States would be a prominent partner if the professions of her president were as genuine as he would have us believe.

Silver and Gold. Whether silver is up or gold down there will be an insatiable demand for both metals for many years to come. Britain will coin fifteen times as much silver in 1916 as she did in 1914; France is increasing her coinage of silver one thousand per cent; Russia needs silver coins so badly that her roubles are being minted today by Japan.

The phenomenal rise in the price of silver and the way it is being eagerly coined by the European nations that some years ago forced its demonetization has led many financial authorities to discuss the return of bimetalism. Silver is still the measure of value in the orient, is largely produced on this continent, and is urgently needed for the coinage purposes of the nations of Europe. What would be more natural than for the nations to agree upon a ratio which would firmly establish the value of silver and admit it once more to free and unlimited coinage throughout the world?

But one would be hasty indeed to conclude that gold will not be eagerly sought and purchased by all civilized nations. The gold holdings of the state banks of Europe have increased since the opening of the war, but they have not at all increased in proportion to the swollen volume of note issues and deposits. The percentage of gold has decreased, but with the close of the war nearly all the banks and treasure of Europe will have to acquire more gold. Indeed so vastly have paper issues increased that it will be a struggle to get enough gold in store to build up and maintain adequate gold reserves. Gold coin will probably disappear from circulation and its place be taken by silver and paper.

When India to demonetize silver a great deal of gold might be left for the use of Europe which now annually disappears never to return. India has always a large balance of trade in her favor, which of course is settled in gold, but the greater part of that gold is turned into ornaments, remains in the country, and is not again exported as coin or bullion. Were India to go to the gold standard we might indeed see a still more spectacular rise in the price of silver and perhaps a real falling off in the price of gold.

The apparent decline in the price of gold at present we do not think is due to any lack of demand for the metal or to any overproduction. True, knives of all commodities are high, but they will fall when the war is over, no matter what the output of gold may be. Many nations want gold badly now, but they want other things worse, or cannot get their goods to market to exchange for the gold. Germany, for example, would buy a lot of gold in New York tomorrow if she could find a way to ship her goods across the sea in exchange for it.

In short, we believe that for many years there will be an almost insatiable demand for both gold and silver, and that mining the latter will be more profitable in the future than it has been since 1893. Ontario with great deposits of both gold and silver developed and undeveloped should reap a rich harvest. What we need is more capital for prospecting and developing. Never has there been a more inviting opportunity.

The Horror of Armenia.

No more deserving cause has ever been presented in this country than that of the Armenian Relief Association of Canada. The cause of the Armenians appeals particularly to all Christian communities. One of the oldest civilized races in western Asia, the Armenians have preserved a tradition from the earliest Christian eras thru the most terrible persecutions and after massacres so numerous and so dreadful that the wonder is the nation still survives at all.

The last effort of the Turkish rulers under Talaat Bey is almost too horrible to contemplate, and it was evidently inspired by his German overlords. On a given day the males in the towns and villages were marched away and massacred in a secluded valley. The women and children were then driven into exile without food or means of obtaining it. The march was maintained day after day, apparently with the object of killing all that might fall under the exhaustion of their sufferings. Women in the most delicate condition were killed as they lay, or left to die. The girls were sold to tribesmen, brigands, Turkish officers, for a dollar or so. For weeks these marches were kept up, and those who lived thru it were finally driven into a desert to die, or into one of the malarial districts where death by disease was certain.

As one instance, out of 15,000 of a population, 6000 men and boys were killed and 9000 women were ranged on a precipitous bank and shot, and their bodies thrown into the river below. Thousands of these people are still dying in want. The Armenian Medical Association of New York and the Armenian Refugees' Fund, under the Lord Mayor of London, are two of the

THE LAST BIG PUSH

agencies at work to help these wretched people, but all that is done is sadly inadequate. The Canadian association solicits contributions for this cause, which may be sent to Mr. D. A. Cameron, care of the Canadian Bank of Commerce here. Premier Hearst, Archbishop McNeill, Archbishop Cody, Sir William Mulock, Sir Edmund Walker, Sir Henry Pellatt are named as patrons and there is a strong executive committee.

Fourteen-Year-Old Police

On the East Side, New York, are to be seen boys and girls in uniform and clothed with many powers of the city police. The little urchins who used to find delight in giving the policemen trouble are now policemen themselves. They are said to make the best kind of by cops and girl guides, and to render a civic service at once useful and unique.

The boys go to school, and so do the girl policemen—if that term is permissible—but they find plenty of work on the streets and in the tenements after school hours. They penetrate freely into the homes of tenement dwellers as police. The little urchins who used to find delight in giving the policemen trouble are now policemen themselves. They are said to make the best kind of by cops and girl guides, and to render a civic service at once useful and unique.

They are strong on enforcing sanitation, and such enforcement is needed on the East Side. They see that the fire escapes are kept clear, that children do not go unattended to the movies, and that impure milk, rotten fruit and other unsuitable food are not marketed and consumed.

These juvenile police order culprits to appear before Judge Levy, who preside over a neighborhood court of a Sunday afternoon. Their work is highly commended by The New York Times, and if little else has accomplished the number of naturally wild boys and unruly girls are taught respect for themselves, respect for the law, and a real interest in the welfare of the community.

DECLARE TESTATOR WAS UNDER INFLUENCE

The executors of the late James Johnstone of Vaughan, who died in February last, leaving an estate valued at \$100,000, appeared in the non-jury court yesterday before Chief Justice Falconbridge. The validity of the will is being contested by the following parties: Mrs. Agnes Watson, Jane Harper and other relatives of the testator. It is their claim that the testator was not possessed of testamentary capacity and was under undue influence at the time of drawing the will. He bequeathed most of his property to May Wood, wife of John W. Wood, her two children and others. The probate of the will has not been granted pending the result of the action.

Mr. Sikons, the barrister who drew the will, was an important witness, who testified yesterday that before the will was drawn he had recommended the appointment of a guardian for the deceased.

Wills Probated. James Brown Vestary, ship owner, who died on Sept. 26 at Southwood, Isle of Wight, left property in Ontario to the value of \$728,767, represented by stock in the Brazilian Traction, Light and Power Company. The executors have applied for ancillary probate. The entire estate amounts to \$451,065.89.

MICHIE'S BEAURICH CIGARS 3 FOR 25c AT THE CIGAR DEPT., 7 KING ST. W. MICHIE & CO., LIMITED

OFFICERS GIVEN LEAVE TO RETURN TO CANADA

Several to Take Up Official Duties—Nursing Sisters Appointed. Canadian Associated Press Cable. LONDON, June 9.—The following have gone to Canada on duty: Colonel Brydges, Medicals; Major Kingsford, Dragons; Lieut. Knox, Reserve Artillery.

These have gone to Canada on leave: Major McMurry, 24th; Captain Roy, Veterinary; Capt. Rand McNally, 1st; Capt. Dowling, 33rd; Vion, Artillery; Lieut. Sprinks and Reid, 12th; Estabrooks, 7th.

The following are appointed nursing sisters: J. L. Ballantyne, M. J. Riddle, R. Hally, K. Pantan. Major Mackey is appointed market-ry instructor in the 82nd; Corp. (148-837) Sherman, Strathcona, Pte. (37-847) Holley, Ammunition Park, received Canadian commissions.

FAMINE IN WARSAW

Petrograd Hears that Trouble Conditions Prevail. People are falling dead from starvation in the streets. Dogs are being used for food. GERARD DENIES REPORT. He Did Not Discuss Wilson's "Peace Efforts."

BERLIN, June 9.—(By wireless to Sayville).—American Ambassador Gerard has repudiated an interview recently attributed to him on the subject of President Wilson's peace efforts, the Overseas News Agency says. The ambassador also is quoted as asserting that Count Friedrich von Westarp, Conservative leader in the reichstag, desired Mr. Gerard to make a spurious interview published some time ago, but that the ambassador declined.

AMERICANS NOT EXEMPT.

They Must Sell or Deposit Their Securities. LONDON, June 9.—Americans domiciled here who are subject to the income tax must sell or deposit with the British Government their American securities under penalty of an extra two shillings tax. The information is given out today by an official of the American Dollar Securities Committee. The ruling holds whether the securities are held here or in America.

RECRUITING FOR NEW UNIT.

Special to The Toronto World. COBURG, June 9.—Lieut. Goodenough, Lieut. O'Neill and other officers are in town and have started recruiting for the new 23rd Northumberland and Durham battalion. The ladies will be asked to organize and assist in the work. It is expected that 300 or 400 men will be stationed at Coburg. A systematic campaign to secure recruits will begin next week, and business men and others will be asked to co-operate.

DEFEND FORT VAUX AGAINST BIG ODDS

Six Hundred Frenchmen Put Up Gallant Stand Against Foe. FIGHT SEVEN DAYS. Machine Guns Provide Great Assistance to Stout-Hearted Garrison.

PARIS, June 9.—An eye-witness of the resistance of the French garrison of Fort Vaux says that the superb man bravery with which Major Reynal and his 600 men battled for 170 hours without a single wick of sleep to beat off the Prussians swarming up the slope like flies has no parallel either in this war or any other.

The wonder is that the terrific preliminary shelling alone did not blast to atoms every man in Reynal's battalion. The heavy shells simply uprooted the fort's concrete foundations and blew its surface to smithereens, with the result that the underground casements and corridors were exposed to heaven. Never in history has artillery fire before accomplished such a result.

Seven days before the Germans seized the ruins the bombardment suddenly ceased. An impressive pall of silence descended on the shell-riddled hill. It lasted for less than an hour. Then the French did not begin to speak, the machine guns to crackle, coarse, guttural cries, followed by screams, rose up to the fort—signs indicating that the Prussians were again attempting to storm it.

Some detachments having already gained a foothold in the northern moat, the German guns could no longer fire without imperiling their lives. Now began the seven-day fight with machine guns, rifles, bayonets, hand-grenades, poison gas and liquid flames. Two German regiments, renewed daily, endeavored to rush the breach in the northern ramparts, where the machine guns formerly stood. The assaults had to pass between two stout, concrete posts 12 feet apart.

The defence of this narrow way was enormously strengthened by well-placed machine guns, which, with their barrels behind cover, stored fire from the fort's debris, inflicted the ghastliest kind of slaughter. So many bombs had been brought up by communication trenches in canvas strips, that fully 50,000 Teutons attempted to progress at this point.

Every Frenchman wore a gas mask of asbestos. Helmets and breast-plates protected them from the flaming liquid which the Germans used so profusely. Now and then a defender would fall to the rear, draw off his mask, snatch a few mouthfuls of food and immediately return to the fighting line.

Used Two Army Corps. Through the week the Germans employed two army corps in working around to the eastern and western slopes, and on the sixth day the ring was complete. Communications were cut off, food and ammunition, which hitherto had been brought up by communicating trenches in canvas strips, could no longer be taken, for from that moment the fate of the fort was sealed.

At the foot of the southern slope hoarse shouting in fitful spells indicated to the Frenchmen watching this now isolated battle that the Germans had attacked. Then a quiet interval was broken by the shrill cry of a cock, which was the signal from the defenders that the attack had been beaten off. Finally, at 3.30 on Wednesday morning, came the last piercing crow. The fort must have fallen soon after, because no further sign came from Reynal's heroes.

NEWARK POLICE CHIEF ELECTED PRESIDENT

Michael T. Long Made Head of International Association. NEWARK, June 9.—Michael T. Long, local chief of police, defeated Wm. J. Peterson, chief of police of Newark, Cal., by nine votes for the presidency of the International Association of Police Chiefs at the closing session of the chiefs' convention today.

The 1917 convention will be held in Kansas City. OLD ORILLIANS! Here's Your Chance. On Saturday, June 17, an excursion will be run to Orillia at the remarkably low rate for the round trip of 75c for adults and 40c for children. The train leaves Don Station, Queen street east, at 8.00 a.m., and returning, leaves Orillia 4.00 p.m. Why not spend a day at home when it costs you so little? The excursion is under the auspices of the Canadian Northern Employers' Association, and there will be a full program of sports and amusements at beautiful Couchiching Park, with boating, bathing and fishing in Lake Couchiching, and a brass band in attendance. Tickets may be purchased from members of the committee or from the city ticket office, 52 King street east.

IRISH UNIONISTS FIRM.

Opposition to Home Rule Has Not Lessened. DUBLIN, June 9.—The Irish Unionist Alliance has adopted a resolution to the effect that the present time is inopportune for any large change in the government of Ireland, as that would encourage the seditious element and imperil Ireland and the empire. It is absolutely necessary, the resolution says, that martial law be continued for some time.

HAS NOT POWER TO DECIDE CASE

Appellate Court's Finding in Action of City Against Judge Morson. CASES AT OSGOODE. York School Board is Restrained From Purchasing Property.

The appellate division at Osgoode Hall yesterday decided that it has no jurisdiction on the question as to the liability of Judge Morson to assessment on his salary. The decision was reached in view of the fact that Judge Morson and the city both stood on the legal rights in this matter. The matter will go back to Judge McGilvray at Whitby, who has already declared that he inclines to the view that Dominion civil servants are assessable.

The sum sued for by the city is \$124.86, being the amount of taxes claimed for the years 1912-14. The finding of the appellate court is that the conditions have not been fulfilled which would permit Judge McGilvray to refer the case to this tribunal, and suggests that the parties should agree to a stated case, which might eventually be passed upon by the privy council, the only tribunal available not paid by the Dominion, and therefore independent.

The appeal of John Logan, brick-maker, from the amount of \$18,632 for a 33-foot strip taken from his brick-yards for the widening of Greenwood avenue, was dismissed in the appellate division. He objected to a plan suggested by the arbitrator for the readjustment of his plant, asserting that the arbitrator assumed to be an expert, whereas he was not, and had placed kilns on made ground.

The public school board of S.S. 15, York, are restrained from taking any further action in pursuance of the resolution to seek authority for debentures to the extent of \$22,500 for the purchase of a new school site until sanctioned at a further special meeting of the ratepayers. This decision was given in the appellate division yesterday. The applicants objected that with a decreasing population the new scheme, which would involve about \$87,000, would bankrupt the neighborhood.

NEW LINE OF STEAMERS.

It Will Operate Between Chile and Norway. NEW YORK, June 9.—A direct line of steamships with a sailing every six weeks, has been established by the Johnson Line, between Gothenburg, Sweden, and Chilean ports, according to B. H. Holgren, a Chilean importer, who arrived here today on the steamship Stockholm from Gothenburg.

The British blockade preventing rubber from reaching Sweden is being seriously felt in that country, according to Hans Lagerlof, of the Scandinavian-American Trading Co., who returned on the ship from an eight-week business trip to Sweden.

LYMAN GIVEN SENTENCE.

Swindler, Formerly of Toronto, Goaded to Atlanta. NEW YORK, June 9.—Dr. J. Grant Lyman, formerly of Toronto, convicted of using the mails to defraud investors in oil and mining stocks, in which he dealt, under the firm name of John P. Putnam and Co., was today sentenced to serve one year and six months in the Atlanta Penitentiary.

Rain and More Rain And Very Little Ball

DOWNPOUR STOPPED GAME IN THE FIFTH

Leafs and Bisons in Interesting Contest, When Wetness Arrived.

While we have seen many fast ball-players speedily race horses and many other fast things, we have to take our hat off to that storm yesterday. It looked like a combination of the swiftest things on earth, or in air, in a mad rush. One minute the sun was shining, and sixty seconds later it was impossible to see the ball, so fast did the black clouds arrive. The rain held off long enough to let the Leafs and the Bisons get in the leg, four and a half innings, but it was no use. No runs had been scored when the downpour arrived, just as Buffalo had finished their fifth turn at bat.

The contest had all the earmarks of a good ball game. The pitchers were working nicely, and the fielders doing their work smartly. Hoxan replaced Trout at third, and his work for the short session was all that could be desired. Manager Birmingham took himself out of the game when he gave his sore leg a wrench overrunning second. Burch finished in centre field. Both clubs had a chance to score. Big Jack Onslow, the Bison catcher, hit one a mighty swing in the third. The ball hit the net field bleacher and bounded to centre field. Onslow is not the fastest man in the world, and he was laboring when he reached third. The throw-in went to the stand and Onslow walked for home. Manning tagged him out five feet from the plate, and Onslow wondered whom he was carrying on his back.

Onslow's chance was in the second. Birmingham singled and stole second, standing up. Joe pulled over the bag, and looked foolish when he was tagged. The manager is sporting a bad leg, and gave it a wrench. He immediately took himself out of the game and went to centre field.

The hitting was light, with Gav getting away all right, but the locals were finding him easier.

While no score was made, we give the boys scores to keep their heads above water.

Table with columns: Club, Won, Lost, Pct. for International League and National League.

Ridley and T. C. S. Cricketers Play Draw

BILL BRADLEY

You watch a ball game at the Island, and think of Bill Bradley, who used to play third base for the Leafs. Bill likes a winning team. He quit Erie of the Tri-State League this week, because the owners wouldn't spend any money.

TIGERS STAGE RALLIES NOSE OUT CHAMPIONS

Score Five Runs in Last Two Innings—Browns Win Over-time Fixture.

At Richmond (International)—Newark turned the tables and defeated Richmond yesterday 5 to 1 by hitting Gittings hard through. Score: Newark 5, Richmond 1.

At Detroit (American)—Detroit tied in the eighth and ninth innings, netting five runs and made possible a 4 to 3 victory over Boston. Burns led the Tiger assault. He tripled with two on base in the eighth and in the ninth single after two were out, brought in two runs and ended the game. Ruth was taken out in the ninth after the first two men up had hit cleanly. Score: Detroit 5, Boston 3.

At Cleveland (American)—Cleveland's only error, a wild throw by Mitchell, proved disastrous as it gave Washington three runs and allowed them to win 7 to 4. First victory since May 27. Since that time it had lost seven and tied two.

At St. Louis (American)—Slater's hit in the 18th sent Austin home with the winning run and St. Louis beat New York 3 to 2. Score: St. Louis 3, New York 2.

At St. Louis (American)—Slater's hit in the 18th sent Austin home with the winning run and St. Louis beat New York 3 to 2. Score: St. Louis 3, New York 2.

JOE GORMAN WRITES ABOUT FLYING GAME

OTTAWA, June 9.—Flight Sub-Lieut. Joe Gorman, an old Ottawa boy, now with the Royal Flying Squadron, writes from Folkestone, England, as follows: "Thought I would drop you a few lines to let you know that I am still alive and kicking, from the way the Germans send out their reports you would think that the entire east coast had been wiped off the map. Have been in one scrap, when the Germans raided Yarmouth the first of the month, but outside of submarine patrols and patrols for zepps it is very quiet here, the way we are less than 80 miles from neutral, where the Germans keep all of their raiding machines. I have been on airplanes ever since I came here, and am now instructing other officers on the big flying boats. Frank Jans, the Canadian swimming champion, is one of my pupils. He came over a year ago, but had a bad crash and was laid up for months. He is only just now getting over the effects of his tumble. I went to Chingford the other day and met a bunch of Canadians. There are over a hundred Canucks at that flying school. They like to see Canada well represented in the flying game. I believe there are about 250 Canadians in the R.F.A. in Canada. I am sure that the flying service very shortly, to the Mediterranean, along with half a dozen other day and night companies with his father, on a business trip, and their pep for flying and other work pulls them over the usual inner circles of the R.F.A. for several weeks past that a settlement of the western quarrel, which cost the magnates of each club a pretty penny last winter, was nearing completion. It is known that overtures were made from the west, but the terms of the Patriots were not acceptable to the easterners. Neither, on the other hand, were the terms of the easterners acceptable to the Patriots. The conference failed to take place here and there is a number of other minor details to be attended to.

Fix Up Hockey Peace in Good Old Summer Time

MONTREAL, June 9.—Peace in professional hockey between the east and west is definitely in sight, according to a dispatch from Vancouver. Frank Patrick, president of the P. C. C., has left Vancouver for the east in company with his father, on a business trip. He expressed the belief that, before the return of the National Hockey Association will have been definitely settled. He will confer with President T. Emmet Quinn of the N.H.A. over the details of the peace agreement. The conference failed to take place here and there is a number of other minor details to be attended to.

NO ONE TO PADDLE THE BEAVERS.

The paddling officers of the 20th Beaver Battalion are beginning to wonder what has happened to the officers of other units in this military division, to whom they threw out the challenge more than a week ago to meet them in a canoe race on Saturday evening. The officers have been going around with a chip on their shoulders for ten days, no one has had the daring to knock it off. The Beavers admit that they are not in the best of training, so possibly they may induce some battalion to take up the gauntlet.

Ridley and T. C. S. In Draw at Rosedale

Ridley College cricketers are still unbeaten. They played Trinity College School yesterday at Rosedale, and owing to the rain the result was a draw. Ridley batted first and put together 119 runs, of which McCullough contributed 42 and Alexander 15. T.C.S. had 29 for three wickets when the rain stopped further proceedings. Harper batted an hour for a dozen runs, and his wicket was still standing.

Fix Up Hockey Peace in Good Old Summer Time

MONTREAL, June 9.—Peace in professional hockey between the east and west is definitely in sight, according to a dispatch from Vancouver. Frank Patrick, president of the P. C. C., has left Vancouver for the east in company with his father, on a business trip. He expressed the belief that, before the return of the National Hockey Association will have been definitely settled. He will confer with President T. Emmet Quinn of the N.H.A. over the details of the peace agreement. The conference failed to take place here and there is a number of other minor details to be attended to.

NO ONE TO PADDLE THE BEAVERS.

The paddling officers of the 20th Beaver Battalion are beginning to wonder what has happened to the officers of other units in this military division, to whom they threw out the challenge more than a week ago to meet them in a canoe race on Saturday evening. The officers have been going around with a chip on their shoulders for ten days, no one has had the daring to knock it off. The Beavers admit that they are not in the best of training, so possibly they may induce some battalion to take up the gauntlet.

THE MARNE

A Summer Collar, Novelty. Light weight. Red front. 14 size. The Williams, Greene & Rome Co., Limited

WILSON'S "The All-Time Favorite" BACHELOR CIGAR

You will like this cigar. The flavor is full, rich and satisfying. The aroma is delightful. Clear Havana filler. Finest Sumatra wrapper. Sold wherever cigars are sold. 50A Retail trade supplied from Toronto warehouse, 10 Front W. (ANDREW WILSON & CO. TORONTO AND MONTREAL)

Connaught Park Races Open Next Thursday

OTTAWA, June 9.—The Messrs. Gorman will have a string of about ten horses for the spring meeting of the Connaught Park Jockey Club, which opens on Thursday next, June 15. Their thoroughbreds are now at Montreal, but will be brought to the capital in a day or so. Jerry Gorman will likely start three or four, and two-year-olds, Woodroffe, Bivens and True Shot. Woodroffe and Bivens were being pointed for the Woodbine and Blue Bonnet kindergarden stakes, but owing to the late spring Trainer Mike Gorman was unable to get the pair ready in time. Mike Gorman will start Puritan Lass, a six-year-old which has taken down many purses, while Mr. Peter Gorman will enter Copper King and Bay Shore, two of his recent purchases, which have been giving good accounts of themselves. Copper King collected two purses at Dorval, winning on both occasions at outside prices.

Ottawa is rapidly becoming a horse racing centre. Capt. Press and Mr. John Lumsden have also arranged to bring their horses to Ottawa, and they will start several times during the spring meeting, June 15 to 25.

Mr. Peter Gorman predicts the spring meeting at Connaught Park will be one of the most successful ever held in Ottawa.

Slater was the thorn in the Yankee's side yesterday. His single scored the winning run for the Browns in the thirteenth inning.

CREWS TRAINING FOR POUGHKEEPSIE REGATTA

Coach Joe Wright is Not Cheerful—Jimmy Rice in Merry Mood. POUGHKEEPSIE, June 9.—Time trials came thick and fast today, but the fog and rain made the air so dense that none of the coaches could see his watch clearly enough to announce the times. All the crews except Pennsylvania indulged in a spin over the course. The Cornell crews rowed first at 11 o'clock, thereby getting the full benefit of a powerful ebb tide.

Jim Rice made no bones about how fast his crew were going in their spin over the course. "Did you get that time?" he shouted, as he passed the Penn quarters on the return to Krum Elbow. "Just to let you see, it was 17:42. While 18:42 was probably more like it, there was no doubt that the boys had a fine opportunity to see which was moving the fastest. Columbia and Cornell seemed to have an edge on Syracuse.

The Penn quarters were no more cheerful than yesterday. Coach Joe Wright said that he would like to make the junior boat the varsity, but his hands have been tied. One of the most powerful men in the junior boat, Gerard, is not eligible for the varsity because of the freshman rule. Neither can he row on the freshman crew, because he is a student in dentistry, a professional school.

Wright rowed his crew over the course, but not at racing stroke. He made no changes in the personnel of the blue, but the freshman eight, where T. Massey, Jr. went in at bow instead of Foster, who was laid up with polio.

The races are on Friday of next week. The Pennsylvania junior eight defeated the varsity crew again today. Coach Joe Wright of Toronto has announced that the winner of another semifinal tomorrow will represent Pennsylvania in the intercollegiate regatta varsity next week.

A strange woman entering the church had gone to the wrong pew. Nervously the young usher approached her: "Pardon me, madam, but you are occupying the wrong pew. Allow me to see you to another sheet."

At Richmond (International)—Newark turned the tables and defeated Richmond yesterday 5 to 1 by hitting Gittings hard through. Score: Newark 5, Richmond 1.

COURTNEY'S LAST YEAR As Coach at Cornell

New York Sun: If the Cornell University rowing squad was using the technique of rowing, it is the wisest of coaches. But the work of training crew requires constant attention, and it is hard work, too hard for a man who is not in good physical condition. Charles E. Courtney is no longer in his prime, and a fracture of the skull, caused by a fall at Poughkeepsie a year ago, also not considered serious at the time, has since incapacitated the veteran for the strenuous duties of coaching. It is now reported that he will retire at the close of the present season. That, however, does not mean that he will part with the crew, and a fracture of the skull, however serious, does not seem to have affected Courtney's coaching. He has been the steadiest of disciplinarians, and he has been the steadiest of disciplinarians. Courtney has been almost invincible. Sometimes he has "fucked" the rowing right out of the hands of other colleges in America. But Courtney's dictatorship comprehended more than rowing. He has been the steadiest of disciplinarians, and he has been the steadiest of disciplinarians. Courtney has been almost invincible. Sometimes he has "fucked" the rowing right out of the hands of other colleges in America. But Courtney's dictatorship comprehended more than rowing. He has been the steadiest of disciplinarians, and he has been the steadiest of disciplinarians. Courtney has been almost invincible. Sometimes he has "fucked" the rowing right out of the hands of other colleges in America. But Courtney's dictatorship comprehended more than rowing. He has been the steadiest of disciplinarians, and he has been the steadiest of disciplinarians. Courtney has been almost invincible. Sometimes he has "fucked" the rowing right out of the hands of other colleges in America. But Courtney's dictatorship comprehended more than rowing. WASHINGTON FINALLY PUTS OVER VICTORY

Wild Throw Gives Them Game From Naps—Two Games Today.

The Leafs and Bisons will play a double-header at the Island this afternoon, always providing that the elements are favorable.

The announcement of President Weeghman of the Chicago Cubs that he had released both Doolan and Yerkes, caused a sensation in baseball circles yesterday.

What is the old adage? Washington have waited a long while to break their losing streak, and it finally came yesterday.

Let us hope we get a dry Saturday at least. The double-headers are piling up so fast we will have to quit work and live on baseball a little later in the season.

The Tigers staged a sensational finish yesterday to nose out the world champions, Detroit, 3 to 2 in the 9th and 10th.

Manning was in good shape yesterday, and it was a pity the rain arrived.

The worm turned, Newark, disgusted at the lacings handed them from all corners, were fighting mad and turned on Richmond.

Thompson subdued for Zimmerman in right field yesterday.

For the second day in succession all games in the National League were postponed yesterday.

President B. J. Johnson of the American League has sustained a decided Umpire Bill in the Boston-Cleveland game last Saturday, which, it was said yesterday, established a precedent for play in which an umpire interferes with a base runner.

Col. Harstone said that mark 6 rifle ammunition, made for the government in 1908, 1909, and 1910, was very bad.

Reason of Defects. J. C. Hutcheson, K.C., Brockville, commission counsel, advised what was the cause of the defects, and Col. Harstone said: "Bad workmanship, tools and punches."

Col. Harstone said no notice was taken of his complaints until Lieut. Col. Lafferty took hold of the Dominion arsenal in 1913, and the 1910 ammunition was so bad it caused accidents.

Mr. Hutcheson: What was done with this ammunition? Col. Harstone: It was condemned.

Mr. Hutcheson: Did you have any personal experience of the defective 1910 ammunition? Col. Harstone: Col. Morrison and I

tried it in a machine gun and the flames came out of the back of our feet.

Gen. Elliott's Verdict. The inspector said ammunition should be packed in zinc or tin-lined boxes, but this had not been done at the arsenal on orders from headquarters until he became inspector.

Col. Harstone said he wanted to explain that Gen. Elliott, master of ordnance, had personally found the 1910 ammunition all right while in camp in Manitoba. He had, therefore, when out of 1913 ammunition, supplied the northwest mounted police with the 1910 cartridges.

It was quite possible a million or so rounds might get properly. The inspection system, however, was a condemn every box in which a cartridge was found.

Partly Good. It was quite possible a million or so rounds might get properly. The inspection system, however, was a condemn every box in which a cartridge was found.

Col. Harstone said "the unringed cartridges" were worth about \$250 a thousand. He did not know how many of the unringed cartridges were good. All the boxes of ammunition would be marked "condemned" or "passed as the case might be."

Col. Harstone said "the unringed cartridges" were worth about \$250 a thousand. He did not know how many of the unringed cartridges were good.

Col. Harstone said "the unringed cartridges" were worth about \$250 a thousand. He did not know how many of the unringed cartridges were good.

Col. Harstone said "the unringed cartridges" were worth about \$250 a thousand. He did not know how many of the unringed cartridges were good.

CARTRIDGE SALES' PROBE CONTINUED

Col. Morin Examined Concerning Deal With Vickers Company.

NO DANGER IN USING

Col. Harston, Inspector of Ammunition, Was Also a Witness Yesterday.

QUEBEC, June 9.—At this afternoon's session of the Davidson munitions committee the only witness examined was Col. J. A. Morin, senior ordnance officer of No. 5, the local military district.

He testified that on Nov. 26, 1915, he shipped to the Vickers House, London, for the admiralty, 2,000,000 rounds of manufactured cartridges, all of which had been condemned.

Examined as to the shipment of cartridges amounting to 1,000,000 rounds in September and October of 1915, he replied that he knew nothing about it. He said they might have been shipped from some other point.

Questioned by Mr. S. W. Jacob, counsel for the Liberal party, as to what ammunition had been used for the local troops during the past few years, Col. Morin replied that the 1907-08 ammunition previous to that date had been used until it had been condemned. None of the condemned ammunition had been distributed here.

Asked by Mr. Jacob whether he considered that the ammunition was useful or not he replied that he would not mind using it. There had not been any accident with it in this district, he continued. He did not think that Col. Harstone, Dominion Inspector of Ammunition, inspected all the ammunition handed out to the units in his district, but the ammunition could have been condemned on inspection elsewhere.

Col. Harstone Examined. Col. Greville Harstone, Dominion Inspector of Ammunition, was examined before the commission this morning on the distribution of defective 1910 rifle cartridges from government stocks to the northwest mounted police, and the sale of condemned cartridges thru Col. J. Wesley Allison to agents of the British military authorities.

After the secretary of the commission, J. P. Owens, had read a letter from Sir Wilfrid Laurier requesting that G. W. Jacobs, K.C., of Montreal, be permitted to act as Liberal counsel in place of Hartley Dewar, K.C., in the west, Mr. Jacobs said he had been detached from the counsel in the Duff-Meredith inquiry at Ottawa as a sort of flying column.

"I hope you are not a bomb-thrower," said Sir Charles Davidson.

Col. Harstone said that mark 6 rifle ammunition, made for the government in 1908, 1909, and 1910, was very bad.

Reason of Defects. J. C. Hutcheson, K.C., Brockville, commission counsel, advised what was the cause of the defects, and Col. Harstone said: "Bad workmanship, tools and punches."

Mr. Hutcheson asked what was done to correct the imperfections.

Col. Harstone said no notice was taken of his complaints until Lieut. Col. Lafferty took hold of the Dominion arsenal in 1913, and the 1910 ammunition was so bad it caused accidents.

Mr. Hutcheson: What was done with this ammunition? Col. Harstone: It was condemned.

Mr. Hutcheson: Did you have any personal experience of the defective 1910 ammunition? Col. Harstone: Col. Morrison and I

tried it in a machine gun and the flames came out of the back of our feet.

Gen. Elliott's Verdict. The inspector said ammunition should be packed in zinc or tin-lined boxes, but this had not been done at the arsenal on orders from headquarters until he became inspector.

Col. Harstone said he wanted to explain that Gen. Elliott, master of ordnance, had personally found the 1910 ammunition all right while in camp in Manitoba. He had, therefore, when out of 1913 ammunition, supplied the northwest mounted police with the 1910 cartridges.

It was quite possible a million or so rounds might get properly. The inspection system, however, was a condemn every box in which a cartridge was found.

Partly Good. It was quite possible a million or so rounds might get properly. The inspection system, however, was a condemn every box in which a cartridge was found.

Col. Harstone said "the unringed cartridges" were worth about \$250 a thousand. He did not know how many of the unringed cartridges were good.

Col. Harstone said "the unringed cartridges" were worth about \$250 a thousand. He did not know how many of the unringed cartridges were good.

Motor Cars For Sale

31 is the Correct Number
OF USED cars sold by Percy A. Breakley during the month of May, an increase of 50 per cent. over last year, needless to say, it is encouraging. When you consider the weather conditions, apparently the "Breakley way" of selling used cars is popular; I am out of the high-rent district, do not employ large staff of salesmen, prices marked in plain figures on all cars, no haggling, no waiting for the car to be bought. PERCY A. BREAKLEY, Toronto's first exclusive used car dealer, 248 Church street.

MY LAST SPECIAL SALE, which might be termed a "silent auction," was so successful that I determined to hold another. Each car numbered and prices marked in plain figures, without the expense of an ordinary auction sale.

LOT 1—Ford roadster, newly painted, fifteen guineas, \$200.

LOT 2—Ford touring, motor rebuilt, newly painted, \$250.

LOT 3—Thirteen Ford touring, very quiet and powerful motor, \$300.

LOT 4—Thirteen Ford touring, motor thoroughly overhauled, new magneto, rear axle overhauled, \$325.

LOT 5—Fourteen Ford touring, Gray & Davis tractor, \$400.

LOT 6—Fourteen Ford touring, shock absorbers, paint good, \$375.

LOT 7—Fourteen Ford touring, newly painted, good tires, \$375.

LOT 8—Fifteen Ford touring, 3000 miles, \$450.

LOT 9—Fifteen Ford touring, newly painted, traction tires, \$445.

LOT 10—Another fifteen Ford touring, \$450.

LOT 11—Another fifteen Ford touring, \$450.

LOT 12—Ford open truck, \$250.

LOT 13—Ford covered truck, \$300.

LOT 14—Most completely equipped Ford in city, \$575.

LOT 15—Twelve Ford touring, \$275.

LOT 16—Twelve Ford touring, non-skid tires all round, \$300.

LOT 17—1914 Cadillac, almost as good as new, not a dent or scratch, \$1200; will take seven or eight hundred cash and balance on reasonable terms.

LOT 18—Model 75 E. Overland, 1914, medium touring, newly painted, splendid non-skid tires, \$650.

I HAVE more than half as many more, but must get this ad. in within next few days, as I am leaving for the States, along with those mentioned above, for inspection when you come to the Ford sales office, 248 Church street, Toronto. Your money back if not as represented. Will fit roadster or truck bodies on any of the Ford models.

PERCY A. BREAKLEY, Toronto's first exclusive used car dealer, 248 Church street. Ask to see cars at my other places.

CANADIAN ISSUES

LED RAIL STOCKS

New York Exchange Manifested Strength in This Line.

U. S. STEEL ADVANCED

American Beet Sugar Also Gained Point With Munitions.

NEW YORK, June 9.—In further disregard of political conditions, which lost none of their uncertainties and perplexities during the session, today's market was lifted to irregularly higher levels. There were few offsetting features, but these were, in the main, to technical or specific reasons.

Trading was active during the first and last hours, but dwindled during the intermediate stages when Wall Street's attention was diverted toward Chicago, where events seemed to be shaping in the direction of a definite end. Dealings embraced an unusual variety of issues, with a renewal of demand for inactive industrial and equipment.

Rails once more gave the list much genuine support, the potential issue of strength on what regarded as further accumulation. The Canadian issues, Union Pacific and Great Northern, particularly St. Paul and Atchafalaya, were better by 1 to 2 points, with more moderate strength in Norfolk & Western and Baltimore & Ohio.

Low-priced rails, including shares of companies now in process of financial readjustment, were materially higher, with a number of issues, particularly Colorado Southern, with 2 to 3 points. St. Louis Southern, with 1 to 2 points, and Missouri Pacific, with 1 to 2 points, were also higher.

U. S. Steel stood out among the slight favorites, its advance of 1/2 to 3/4 being accompanied by heavy trading, Bethlehem Steel, on a single sale, fell 1/2, while American Iron and Steel, which made an extreme gain of four points, was held back by the final hour, when those issues, together with some of the munitions, including developed sudden activity at substantial gains.

U. S. Steel advanced 1/2 to 3/4, while Bethlehem Steel, on a single sale, fell 1/2, while American Iron and Steel, which made an extreme gain of four points, was held back by the final hour, when those issues, together with some of the munitions, including developed sudden activity at substantial gains.

Mining Notes

Timiskaming Shipping

A heavy bag of concentrates will be shipped this week by Timiskaming.

Kirkland Lake

Your representative saw samples of rich ore, showing both free gold and tellurides.

The Teck-Hughes has two drills running but it will be some months before ore can be taken to operate the mill.

The Beaver Consolidated is drifting on the 175-foot level of the McCane property.

The Porcupine Vipond promises to be treating ore at a substantial profit.

In Beatty Township, Matheson-George and John Tough and Engineer Hotchkiss of the Tough-Oakes mine are in possession of the location.

Hollinger's New Mill

Construction work on the 2000-ton-a-day mill addition to the Hollinger is being pushed as fast as possible.

In the West Dome Con. Kemerer says of West Dome Consolidated:

"The most important development on the West Dome property during the past week has been the cutting by diamond drill of a vein up in the Edwards Lake section of the property."

The shaft is now down some 500 feet, and a section has been cut at the 225-foot level.

The stock has been acting remarkably well all week, and there has been a constant demand for the shares.

NEWS OF SPECIAL INTEREST TO WOMEN

**CANADIAN STRAWBERRIES**  
EXCEPTIONALLY EARLY

First of Season on Wholesale Market Sold for Eighteen Cents Per Box.

**CALIFORNIA FRUITS**

Cherries at Three Dollars Per Case—Plums and Apricots Sold at Two-Fifty.

The first Canadian strawberries for this season came on the market yesterday from E. J. Corlett of Huttonville to H. Peters. This is the first crop of such a generally late season as this. They sold at 18c per box.

Apparatus was again quite scarce, and as there is an especially good demand, it was soon picked up at advanced prices, selling at \$1.75, \$2, and a small quantity of extra choice bringing \$2.25 per 11-quart basket.

Old potatoes again advanced, the New Brunswick Delawares selling at \$2.10, \$2.15 and \$2.20 per bag, the British Columbias, which are of splendid quality now, at \$2.10 and \$2.15 per bag.

Eggs—Household tomatoes were only shipped in lightly yesterday, and No. 1's brought 25c per lb.

Local lettuce is very plentiful, and prices are easing considerably, the leaf variety selling at 10c to 12c per dozen, according to the size of the heads, the Boston head bringing 7c to 8c per dozen.

Lebanon cucumbers remained about stationary, the No. 1's selling at \$1.75 per 11-quart basket, and the No. 2's at \$1.50.

Another car of California fruits came in yesterday, and was divided amongst Chas. S. Simpson, McWilliam & Everist, and White & Co., selling as follows: Cherries at \$3 per case; peaches at \$2 to \$2.50 per case; plums and apricots at \$2.50 per case.

A. A. McKinnon had a car of New Brunswick Delaware potatoes, selling at \$2.10 to \$2.15 per bag; also Texas Bermudas at \$2.10 per bag.

McWilliam & Everist had a car of strawberries, selling at 18c and 19c per box; a car of late Valencia oranges, selling at \$1.75 to \$1.80 per bunch; a car of White Sap apples of very fine quality at \$2.75 to \$3 per box.

H. Peters had a car of strawberries, selling at 14c to 15c per box; a car of Mississippi tomatoes, selling at \$1.65 to \$1.75 per four-basket carrier.

White & Co. had two cars of strawberries, selling at 16c to 18c per box; a car of cucumbers at \$2.10 to \$2.15 per hamper.

Bromach & Sons had a car of very fine quality British Columbia potatoes, selling at \$2.15 per bag; also choice strawberries at 17c to 18c per box.

Chas. S. Simpson had a car of choice quality White Sap apples, selling at \$2.75 to \$3 per box; also a large shipment of extra good quality green peppers at 60c per basket.

J. J. Ryan had a car of some of the best New Brunswick Delaware potatoes which have arrived on the market in a long time, selling at \$2.15 and \$2.20 per bag.

The Wentworth Orchard Company had a car of late Valencia oranges, the Celebrity brand, selling at \$1.80 to \$1.90 per bunch; also British Columbia potatoes at \$2.10 per bag, and Texas Bermuda onions at \$2.65 per 4-lb. crate.

**Wholesale Fruits.**  
Apples—5c to 5c per 11-quart basket; Apricots—\$2.50 per 11-quart basket; Peaches—\$2.50 to \$3 per 11-quart basket; Bananas—\$1.75 to \$2 and a few at \$2.25 per 11-quart basket; Cabbages—\$2.75 per case; \$3.50 to \$1 per square case; Carrots—New, \$1.50 to \$1.75 per hamper; Potatoes—Florida, \$2.50 to \$2.75 per case; Cucumbers—Imported, \$2.50 to \$2.75 and \$3.50 per hamper; Imported, \$2.75 per basket of thirty; Longington, No. 1's, \$1.50, \$1.75 per 11-quart basket; Potatoes—Leaf, 15c to 25c per dozen; Canadian head, 15c per dozen; Canadian Boston head, \$1.75 to \$2.25 per case of 1 1/2 to 2 dozen; Irish—40c to 50c per six-quart basket; Irish—20c to 25c per six-quart basket to \$1.25 per dozen; New-Bermudas, \$2.65 to \$2.75 per crate; Texas Bermudas, \$2.75 to \$3 per 16-lb. crate; green, 20c to 30c per dozen bunches; Parsley—40c to 60c per 11-quart basket; Peas—Green, \$3 per hamper; Potatoes—New Brunswick Delawares, \$2.10 to \$2.25 per bag; Ontario, \$1.95 to \$2 per bag; British Columbias, \$2.10 and \$2.15 per bag; Potatoes—New, \$1 per bbl., \$2 per bag; Peppers—Sweet, green, 60c per basket; Spinach—10c to \$1 per basket; Rhubarb—Outside grown, 20c to 25c per dozen; Radishes—12 1/2c to 20c per dozen.

**RED CROSS WORKERS WITHDREW THEIR SALE**

Owing to the patriotic activities in the interest of the 204th Battalion, engaged in at the beaches yesterday afternoon, the W.P.L. Workers withdrew their proposed sale in the interests of the Red Cross till June 30 and July 1st that the field might be clear for the Red Cross sale. Their two days' Red Cross sale will be carried out on a practical and extensive scale at the later date. The sale of ice cream was carried on, however, for the donations had been received. There were fourteen stations east of Kingston road, situated at all prominent corners, distinguished with the sign of the Red Cross. The sale was marshalled by the Beaches' president, Mrs. Barker, assisted by three chapters at each selling station and a bevy of young girls. Ice cream cones were the order of the day.

**Do Not Risk Your Favorite Linens at the Laundry, Mrs. Canada!**

Have the work done at home under your personal supervision with an **EDDY INDURATED WASHBOARD.**

Made of one solid lasting piece of hardened pulp, it will neither splinter nor fall apart. The slightly rounded even crimp is easy on the clothes and fingers, yet loosens the dirt easily.

**GRAY HAIR VANISHES**

And Youth Gets a Renewed Lease When This Simple Home Recipe is Used.

No rational being would prefer to rob Youth of its rarest charm by wearing gray hair, and this simple home recipe is offered with full assurance that it will effectively darken gray or faded hair in a short time. To take a pint of water add:  
Glycerine . . . . . 1/4 oz.  
Bay Rum . . . . . 1 small box  
Orlex Compound . . . . . 1 small box

Apply once a day until the hair is the desired color and an application every other week will then be all that is needed. It is also a splendid preparation to correct scalp disorders, to remove dandruff and stop the hair from falling out. The cost of the ingredients is but trifling and they can be had at any drug store.

**LADY HENDRIE NOT ABLE TO ATTEND BIG MEETING**

Mrs. Plumtree, one of the organizers of the mass meeting to be held in Massey Hall on Monday evening next, yesterday received a wire from Lady Hendrie expressing regret at not being able to attend.

"I regret exceedingly," wired Lady Hendrie, "that I cannot be with you on Monday night. My whole sympathy is with you, and we mourn the loss of our leader and his staff and to many of our gallant men on sea and on land."

**FOR CONVALESCENT HOME.**

The sum of \$233.48 has been turned over to the Convalescent Soldiers' Home by the Royal Warrant. The room at 310 Yonge street, this being the result of two weeks' business in the cause.

**MAJOR CALDWELL WEDS.**

LONDON, June 8.—The marriage took place at Winchester of Major Eugene Caldwell, Canadian Dragoon, to Winifred Muriel Day, daughter of Col. Bingham Day. A daughter was born to Major and Mrs. F. C. Haneker.

**GOLD WATCH COUPON**  
TORONTO WORLD RECRUITING COMPETITION.

I think . . . . . who lives at . . . . . town or city . . . . . would make a good recruit for the 216th Bantams Battalion. My name is . . . . . Address . . . . .

**WOMEN'S TRIBUTE PAID WITH TEARS**

To Memory of Lieut. D. Galer Hagarty, Killed in Action.

**AUXILIARY MEETING**

Sent Resolution of Sympathy to Commander of Light Infantry.

Silence that spoke and the testimony of tears were the sympathetic tributes paid by the members of the Women's Auxiliary of the 201st Battalion to the memory of Lieut. Galer Hagarty, son of the commanding officer of the battalion, when Mrs. Gertrude Lawler moved a most touching resolution of sympathy at a meeting of the auxiliary yesterday afternoon at Willard Hall.

Mrs. W. E. Groves, who presided, expressed her personal sorrow at the loss which had come to Col. Hagarty and his wife. Referring to the same subject Miss Lawler said: "I have not yet been able to bury the private grief in patriotism, but then there is the Harbord side," in compliance with which and in the name of the women present she moved a resolution of the deepest and warmest sympathy to the parents of the heroic son killed somewhere in France.

The late officer was referred to as of sterling character, who possessed the qualities of humility and ability. He was an athlete, a scholar and a soldier.

There were few dry eyes during the moving of the resolution, which was seconded by Mrs. Hezlewood, put to the meeting by Mrs. Groves and endorsed by the standing vote of the meeting.

Returns from the recent fête in the grounds of the Harbord Collegiate were given in part, and it is expected that the total will be something very satisfactory. All the activities of the auxiliary go in the interest and for the comforts of the men of the 201st Battalion.

**Announcements**

Notice of any character relating to future events, the purpose of which is the raising of money, are inserted in the advertisements column of this paper. Announcements for churches, societies, clubs or other organizations of a social nature, where the purpose is not the raising of money, should be inserted in the column at two cents a word, with a minimum of fifty cents for each insertion.

**LOCAL COUNCIL OF WOMEN** meeting Tuesday afternoon next, 7.30, at Eaton Street, 205, for the purpose of requesting Mr. S. A. Tudmore, department of natural history, to give a column at two cents a word, with a minimum of fifty cents for each insertion.

**COMPLETED COURSE IN HOUSEKEEPING SCIENCE**

One Year Graduates Will Be Given Interim Certificates Valid in Any Public School.

The teachers whose names are given below have completed successfully the one-year course in household science conducted for the Ontario department of education by the University of Toronto. Such teachers have been granted interim ordinary certificates, valid for two years in any public, separate or high school of Ontario, and will be entitled to permanent certificates on the report of the inspector concerned that they have taught the subject successfully for at least two years: Harriet A. Alexander, Clara L. Campbell, Anna H. Carpenter, Grace Conaghan, Clara C. Culver, Hazel Cunningham, Edna W. Curry, Isabel E. Davidson, Winnie V. M. Dowd, Mary M. Gould, Edith H. Grant, Marjorie M. Johnson, Myrtle I. Kluck, Yelma V. Lehman, Etta Malcolm, Ines L. McCullough, Edith M. McDermott, Agnes E. McEwen, Mary G. McEwen, Grace Munt, Florence A. Patterson, Elizabeth M. Reid, Marie L. Sifton, Mae L. Sichel, Marion D. Stahlschmidt, Clara J. Towell, Annie M. Wilson, Helen M. Wright, Mabel Wright.

DAILY MAGAZINE PAGE FOR EVERYBODY

OLD AND NEW FAVORITES IN BLOUSES

Never Before Has There Been So Large a Selection of Blouses from Which to Choose

By ANNETTE BRADSHAW
THERE is always a wide selection of blouses, but this season marks the return of many old-time favorites. The revival of the lingerie blouse has been marked with pleasure by many who admire this practical variety that will stand the wear and tear of every-day wear better than any other. Then there is the frill-trimmed blouse, and others daintily embroidered or ornamented with lace, not forgetting the hand-tucked blouse whose key note is simplicity.

Also trimmed with narrow frills. Among the innovations in blouse-land is a sports blouse in the blousard style, a sports blouse in the blousard style, a sports blouse in the blousard style. The long sleeves are very full and the broad collar is bordered with a band of plain white. A fan-shaped jabot—also bordered with white—gives the blouse an individuality that is most pleasing. This same model is shown in green and white, rose and white, pale violet and white, tan and white, black and white and other effective color combinations.

paper so that papers won't be distributed all over the car. Little Johnny and Mary can snip pictures out of the magazines without discomfort to any one and with great joy to themselves. The crayon and pad which they can use to copy pictures or write letters on will keep them pleasantly absorbed for hours.

For heating water or milk you can carry your own little heating device in a small space. This is a small iron for little people on a long trip. It is a small iron for little people on a long trip. It is a small iron for little people on a long trip.

Grace Valentine Thinks They Underestimate Public Intelligence. CONDITIONS CHANGED. Provincial Girls Study Ibsen and Are Blase as New Yorkers.

GRACE VALENTINE, who is starred with Lionel Barrymore in "Dorland's Divorce," a forthcoming Metro-Rolfe wonderplay, and who has a cheery, marvelous success on both the speaking stage and the screen, declares motion pictures are going to lose on the public's intelligence. Many of them, she asserts, "point their cameras too low," so to speak, fearing they will shoot over the heads of the common people.

MOVING PICTURES FOR SOLDIERS IN TRENCHES. Sergt. Kane Will Take Small Machine Overseas, Also Request for Used Films.

Sergt. Kane of the 22nd Highlanders was formerly in the employ of the Canadian Universal Company. Before leaving for overseas letters of introduction to the London and Paris offices of the Universal were given to the sergeant. It is the soldier's intention to take one of the small Globe machines with acetylene attachments with him. The letters also requested both offices to do all in their power to supply films that have been worked out over the circuits, but are still something new to the boys in the trenches.

The Amateur Gardener

Now-a-days we make such liberal use of flowers in the house that the gardener is obliged to take into consideration the class of plants which produce flowers that last well after cutting, and are especially adapted for that purpose because of long stems, and general habit of growth. Flowers with short stems are impossible to arrange in a satisfactory manner. The pansy is a representative of this class. Beautiful as its flowers are, they attract little attention after being cut because they must be arranged in flats, and the only pleasing view one gets of them is when he is looking down upon them. We want something that stands up well, and has more or less statelyness about it.

Select Best Hens

When you are thru hatching for the season, select the best hens that you desire to carry over for another season and rest them in a well-sheltered grove or orchard, or in a good open-front shed and shady, roomy yard. Feed a good allowance of bird grain, mostly oats, and see that they have plenty of fresh greens. If they can be penned in a pine grove and permitted to live entirely out of doors, it is better than any other plan.

'Twas Ever Thus

Copyright, 1916, by the Author, Edna Dudley. THE maiden sweet sat by his side; one arm was round her waist. Her little head of golden hair upon his breast was placed. He'd asked the girl to be his wife. She gave a gentle cough. "Oh George," she said, "I think that we—"

Little Stories Told in Homely Rhyme

Motor cars fitted with X-ray apparatus are used extensively by the French Red Cross Society. At the beginning of the 19th century more than 200 offences were punishable with death in England. Trenches for celery should be prepared early. Twelve to fifteen inches is about the right depth, eighteen inches wide at the bottom, with the sides sloping outward toward the top. Six or eight inches of well decayed manure should be placed in the bottom of the trenches and this dug into the bottom soil, mixing thoroughly with the soil. Bake the bottom of the trench level and cover to a depth of four inches with good, rich, light soil, in which to set the plants.

Let's Ask Mother

BY FLORENCE HOWARD. I'VE finished the kitchen work, and I'm out cleaning the furnace, said Lois. "How do you like that job?" "Mother never mentions them at all," said Harriet, "yet they always look bright and shiny when she is doing the work in the kitchen. Let's ask her what she uses."

Three Minute Journeys

By Temple Manning. Where Men Wear Hats Like Enormous Feather Dusters.

CAN you picture in your mind's eye the far-rolling fields that rise into the dim, blue distance? If you close your eyes, you can see them, made of mud, baked hard in the sun and roofed with weeds and grasses. Then add half a hundred, almost a thousand children of all ages running around among the houses, and men and women in gaudy blouses, dresses, and hats that look like nothing else in the world but huge feather dusters. You will now have the picture of the greatest annual fiesta that ever took place in the town of Tiahuanaco, Peru, on the day of a fiesta.

While it is quite true that many of the houses and cities of Peru have more holidays and saints' days than one can well enumerate in a small space, you must not imagine that all these festivals have a religious significance. Many of them seem to be holidays simply because the people have had a holiday. For it is on their holidays that they have their "fun."

Suggestions For The Traveler

HOUSEHOLD HELPS BY ISOBEL BRANDS

There are a few trifling details which are usually left to the last moment in the preparation of a suitcase. A few minutes' discomfit on a railroad journey. So it's best to follow the general "preparation" program and get the things ready some time before they are needed.

Of course, the neat homemaker yearns to appear immaculate at the end of her journey. Especially if she is to meet friends who she yearns to be at her best. A great help in preparing the suitcase is a long and sturdy railway journey is a black kimono coat which was designed by a clever woman. Anyone can make this garment herself. It takes but a few yards of black China silk, cut kimono fashion. This may be used as a kimono in the morning, and also may be worn during the day over the shirtwaist or suit or one-piece frock. It is cool, comfortable and easy to slip on and off, and really looks well.

MOVIES PROGRAMS FOR TODAY

CHARLIE CHAPLIN'S STORY

By ROSE WILDER LANE. (Copyright, 1916)

Continued From Yesterday. CHAPTER XVIII. In which he refuses to offer to play in the provinces, and his appearance as "Billy" at the Duke of York's Theatre, and suffers a bitter disappointment.

I assumed a slightly bored air while I glanced thru the program. Oh, yes, Mrs. Kemble! The greatest actress in the world! I would just drop it and see what she had to offer. Something good, I thought. I should show her that I would have to be something very good, indeed, if she hoped to get ME.

"I flipped the note under the dressing table and began to make up, wondering whether America would prove to be like the pictures. I had heard that some of the American reporters when it was known that William Gillette was bringing England's greatest boy-actor to New York."

"Curtain!" cried the call boy down the corridors. I called him in, hastily scribbled a note to Mrs. Kemble, saying that I would call at two o'clock next day, and gave it to the call boy to post. Then I went and took my place in the wings to await my cue.

"Too bad the season's closing, isn't it?" said Irene Vanbrugh, who stood beside me. "It's been a pleasant season enough, as seasons go." I replied, coldly. "The device of it is, there's no real reason why it should be any more than hit. Rehearsals, and all that."

"-Yes," she said, looking at me queerly. "And it's such a bore, so many people after one's continued. Now, there's Mrs. Kemble, very pleasant woman and all that—had another note from her just now. Suppose she had to run around and see her again."

"Oh, say, Mrs. Kemble—not really?" Mrs. Kemble's eyes twinkled a bit. "I saw that it annoyed me. Mrs. Kemble was the greatest boy-actor in the world. I took my cue confidently, glad not to be bothered with the note of Miss Vanbrugh's conversation."

The next day at noon I arrived at Mrs. Kemble's hotel, humming a bit and swinging my new cane, very well pleased with myself, for the notices in the London journals had been very good, indeed. That day, I noticed that Mrs. Kemble recognized me, and seemed properly impressed, and stopped into Mrs. Kemble's sitting-room, disposed to be a little affable to her.
