Supreme Council Proposes Economic Remedies for Nations Rowell and Murphy Stage Bitter Duel in House of Commons

MON. L. B. CLARKE
BLENDS DEMOCRACY
WITH REGAL POMP

Good Clothing Without Pretension, Keynote of Legislature Opening.

FAIR WEATHER OMENS

As some credulous persons may have been led to expect from anticipatory notices, the attendant through that witnessed the opening of the fifteenth legislature of the province of Ontario did not come dressed for the most part in jeans and kitchen aprons. There was in fact no noticeable departure from the efforts of recent years to attach to the ceremony as much of the pretension of fashionable society as possible. The precincts of the legislative chamber were never more crowded and there must have been twice as many invitations issued as the floor of the house and galleries could hold.

The members' seats and emergency benches were given up to ladies, who were all in their best frocks, but the ultra-fashionable notes were not detectable in a single instance.

The members of the U. F. O. cabinet in a procession led their wives ceremoniously to the desks and the incident contributed the only slight suggestion of Cavalieria Rusticana that the new order can be said to have struck.

There were crowded together representatives of girlish good looks, matronly comeliness and the beauty of white-haired womanhood. Certainly the most lovely type of the old generation was the widow of the late Rev. Dr. Dewar, who sat at the desk of her son, the leader of the opposition. There were no bouquets visible other than the sheaf of red roses carried by Mrs. Clarke, who, the lieutenant-governor, when she entered, escorted by an aide, was greeted with an incipient burst of applause by those who expected the gubernatorial household to come in all together. The great majority of the ladies wore hats, but a few displayed their attractive hair dressing.

Fair Weather Omens

Premier Drury wore a morning suit, but Hon. R. H. Grant had donned the more formal Prince Albert. The other ministers came in business suits of dark color. The leading members of the different groups greeted each other with heartiness and all omens seemed to indicate fair weather for the session.

The judges of the province turned out in stronger force than is their custom. The three octogenarians, Meredith, Mulock and MacLaren, sat together. Justice O'Rourke, the chief justice, sat with the ladies and Justices Sturtevant, Ferguson, Rose, Hodgins, Masten and Lennox mixed in among other dignitaries. Bishop Skelly was the most prominent churchman present and Mayor Church, who came late, had to put up with standing room only.

Across the narrow aisle from Chief Justice Meredith sat Lieutenant-Commissioners Flavelle and Dingman, but their work coats were claimed their places and they fell to the rear.

To Perpetuate Unionist Party As a Political Organization

Formal Call Is Issued For Caucus on Thursday, At Which a Platform Will Be Submitted For Ratification.

Special to The Toronto World.

Ottawa, March 9.—A formal call has been issued for the Unionist caucus next Thursday morning at 10 o'clock. It is understood that the government will propose making the Unionist party a permanent political organization, possibly under the name suggested by Sir Thomas White of the National Liberal-Conservative party. A platform will be submitted for the ratification of the caucus, which, it is understood, has been submitted to and approved by the cabinet.

PARLIAMENT WITNESSES N. W. ROWELL AND C. MURPHY IN LENGTHY, BITTER DEBATE

Former Secretary of State Makes Many Charges Against Rowell—Reads From Secret Orange Circular—Crowded House When President of Privy Council Speaks in Reply.

Ottawa, March 9.—The day was marked by a bitter duel between Hon. Charles Murphy, former secretary of state in the Laurier administration, and the Hon. N. W. Rowell, president of the privy council. It began a few minutes after the house opened in the afternoon, and did not close until 9.30 in the evening. Word of the "bitter" round, and that there were many in the chamber when Mr. Murphy rose to speak. But their number was small compared with the crowds which jammed the galleries in the evening.

On occasion, both of the antagonists were called to order. It was hissed back to the now-famous speech made by Mr. Murphy in the house nearly two years ago, a speech in which Mr. Murphy attacked what he termed "commercialized Christianity" of Mr. Rowell. Speaking today for nearly three hours, Mr. Murphy again attacked Mr. Rowell for "foul slanders" on the way in which religious orders had conducted themselves in the war. He talked of Mr. Rowell's "tissue of amazing evasions," and compared Mr. Rowell's smile with the "shining silver plate on a coffin."

He claimed that the president of the privy council lived, moved and had his being in funds of various descriptions, and had even tried to become a "tax-dodger" in the city of Toronto. He accused Mr. Rowell of extravagant public expenditures. There were, said Mr. Murphy, "pluffers" bureau of the department of public information, the creation of The Canadian Official Record (which contained chiefly reprints from other papers), expenditures on movie films "covered up" by being met under the demobilization appropriations act, the women's war conference and a half-day conference with labor leaders, which cost over \$4000.

Reply By Rowell

It was a few minutes before the dinner adjournment when Mr. Rowell rose to speak. Immediately the opposition leader he launched into his reply. Mr. Murphy was not present when Mr. Rowell began. Where was Mr. Rowell asked, "Where were you?" he replied, "I was at the government side of the house and there were shouts of 'Let him come and take his medicine!'"

Mr. Rowell claimed that Mr. Murphy had made statements about funds in such a way that he could crawl out. A man who made statements in such a way that he could crawl out of them, Mr. Rowell vehemently declared, "is (Continued on Page 9, Column 2).

ROYAL CERTIFICATES FOR TWO MINISTERS

Right Hon. C. J. Doherty and Sir Thomas White Become Privy Counsellors.

Ottawa, March 9.—The royal certificate of appointment as members of his majesty's privy council was presented today to Right Hon. C. J. Doherty, minister of justice, and Sir Thomas White, former minister of finance, at a luncheon at Government House. In presenting the certificates, his excellency the governor-general remarked that the call to the imperial privy council was the highest honor his majesty could bestow on any of his subjects. This was the one honor which could come from no one else but the King, and the new counsellors must be sworn by the King himself. In the case of the new Canadian members of the privy council, they will be sworn on their next visit to England.

MANITOBA MEMBERS VOTE DOWN MOTION ON TEMPERANCE ACT

Legislature Was Asked to Furnish Names of People Not Prosecuted for Breaches.

RURAL CREDITS KEEP UP CLEAR WAY FOR DEBATE

Winnipeg, March 9.—(By Canadian Press.) Motion by F. A. Talbot, Conservative member for Le Verendrye, asking for order showing the names and addresses of all persons against whom informations have been laid and prosecutions withdrawn on proceeded with under the provisions of the Manitoba temperance act and the names of the lawyers representing such defendants, was rejected by a division in the legislature of Manitoba at its sitting this afternoon, when the house rejected it on a vote of 28 to 5.

BANKS WILL LEND

"After discussing the matter from every angle," he said, "after informing the Bankers' Association of the government's viewpoint, it was agreed that the banks would continue to lend money to the Rural Credits Societies during the current season at the old rate already established of 4 per cent, and under the old relations, on the understanding that an announcement would be made that at the next session of the legislature, if present financial conditions obtain, that the act would be amended increasing the rate."

BURGLARS EXHIBIT TASTE IN WEAPONS

Reject Rifle and Gun—Steal Two Revolvers and \$1000 Jewelry.

A daring robbery was perpetrated in the home of John Gray, 119 Robert street, Monday night, and about \$1000 worth of goods stolen. The burglars also stole two Colt revolvers from a dresser drawer in a bedroom, and after taking a rifle and shotgun down from the wall in the den, examined them. Finding them to be of no use to them, they left them lying on the bedroom floor.

MOVES FOR COMMITTEE ON DEEP WATERWAYS

Ottawa, March 9.—(By Canadian Press.)—Col. Jack Currie, member for Simcoe, gave notice tonight that he would move for a special committee to probe the practicability of a deep waterway between the St. Lawrence and the great lakes, also the Hydro-Electric possibilities of such an undertaking. Co-operation with provincial authorities and the holding of committee sessions during parliamentary recess are urged.

BRITISH NON-COMMUNALISTS OF THE HORRORS OF DENKINE'S RETREAT IN SOUTH RUSSIA

London, March 9.—Chaotic conditions in the wake of General Denkin's army, as it retreated in South Russia before the Bolsheviks, are vividly described by a non-commissioned officer with the British expeditionary force. The British soldier had for as far north as Tanageron, on the Gulf of Azov, an arm of the Sea of Azov.

FAVOR DAYLIGHT SAVING.

Montreal, March 9.—The administrative commission of this city have placed themselves on record today as being in favor of the request of the city council to have daylight saving hours in force this summer from April 4 to October 24.

REPUBLICANS OFFER NEW RESERVATION ON ARTICLE TEN

Fail, However, to Line Up Sufficient Democratic Votes Behind It.

WASHINGTON, March 9.—Article ten, more than ever the dominating issue in the peace treaty fight, became the unfinished business of the senate today while Republicans and Democrats who want the treaty ratified worked for compromise with redoubled effort but with fading hope.

Several of the Republican leaders, convinced that ratification would be impossible with their article ten reservation of last November unchanged, agreed on a substitute and made an active campaign to line up the necessary Democratic votes behind it. But they did not succeed, and so the compromise negotiations will continue as the question is debated on the senate floor, no one had much hope tonight of an agreement.

The new Republican reservation follows the general outline of the one adopted in November, but it puts into different and more specific form its declaration regarding the article's obligations. Some of the Democrats were satisfied with it, but 28 was the peak of Democratic votes which its Republican advocates claimed for it in any eventuality and it would take at least 30 and probably 34 to make ratification possible.

DISPOSAL OF SHIPS AWAITS PLEBISCITE

If Second Zone Votes for Denmark, They May Be Permitted to Retain Them.

Copenhagen, March 9.—The inter-ally commission in Flensburg receiving notification yesterday that the plebiscite in the second Schleswig zone, which will determine whether the area shall remain German or become Danish.

The Paris decision is interpreted to mean that if the second zone, containing Flensburg, votes in favor of Denmark the retention of the ships of work of the zone is considered important in the election. The Danish element received the decision joyfully, prominent Danes expressing belief that it would add 5000 to the Danish vote from workers largely dependent upon the ship owners.

BERLIN'S POPULATION 3,801,225.

Washington, March 9.—The population of the city of Berlin, with suburbs, is now 3,801,225, according to figures received here. Males decreased 54,000 and females increased 124,800 since the last census in 1916.

ATTACK BARRACKS KILL CONSTABLE

Waterford, Ireland, March 9.—A large party of masked armed men last night attacked the Higginstown village police barracks, killing one policeman and seizing rifles and ammunition.

REDUCTION OF ARMAMENTS CO-OPERATION OF COUNTRIES AND INCREASE IN PRODUCTION

Supreme Council, in Memorandum, Outlines Aims to Secure World's Economic Unity—Suppress Extravagance and Cut Expenditure.

London, March 9.—The supreme council has issued a memorandum on world's economic conditions. Its conclusions are as follows:

Firstly, it is of paramount importance that peace conditions should be fully and completely restored at the earliest possible moment through the war.

To achieve this object, it is desirable (1) that peace and normal economic relations should be re-established at the earliest moment possible through the eastern Europe; (2) that armaments everywhere should be reduced to a peace footing, that armaments should be limited to the lowest possible figure compatible with national security, and that the league of nations should be invited to consider as soon as possible proposals to this end; (3) that states which have been created or enlarged as a result of the war should immediately re-establish full and friendly operation and arrange for unrestricted interchange of commodities, in order that the economic life of Europe may be restored to its normal state by the erection of artificial economic barriers.

Secondly, not only the government of each country, but the government in the task of production in every land should give immediate attention to the essential needs of the population which will contribute to the full resumption of a better output on part of the workers in every country, to the improvement of machinery and means of transportation, and the removal of such disturbing factors as profiteering.

Thirdly, each government should immediately consider means for urging upon its national population the need of life the vital necessity of suppressing extravagance and reducing expenditures, so as to bridge the gap which must for some years exist between the demand for and the supply of essential commodities.

Fourthly, it is essential that early steps be taken to secure the restoration of credit and currency—(first) by the reduction of recurrent government expenditure within the limits of the revenue; (secondly) by the imposition of such additional taxation as may be necessary to secure this result; (third) by the funding of short term obligations by means of long term issues, and by the people's savings, and by the immediate limitation and gradual curtailment of note circulation.

Fifthly, provisions for raw materials being essential to the restoration of industry, means should be found whereby the countries which are in the present conditions of international exchange, unable to purchase in the world markets, and are unable to restart their economic life, can obtain commercial credits. It will be possible to achieve this when the countries have made the reforms indicated in the foregoing paragraphs.

Sixthly, the powers represented at the conference recognize the necessity for continued co-operation between the states now for removing obstacles to the easy interchange of essential commodities. They will continue to consult together regarding the provision and distribution of necessary raw materials and foodstuffs, in view to the early restoration of normal conditions.

Seventhly, the powers represented at the conference have given careful attention to the special case of the devastated regions, and more particularly of northern France. The restoration of these areas is of primary importance for the establishment of an economic equilibrium of Europe and the resumption of normal trade conditions. It is evident that the large sums required for this purpose cannot be provided out of the current revenue, nor can the work of restoration be proposed until the reparations due from Germany under the treaty of peace has been received. The council recognizes that the capital sums required for this restoration may properly be raised by market loans in anticipation of the reparation payments provided for by the treaty, and that the restrictions which they desire to see placed on new borrowing do not apply to loans and credits raised for the purpose of meeting this abnormal capital requirement.

The kind referred to, and they are agreed that in the circumstances as they exist today such periods should be extended.

Concerning Germany

Concerning Germany, the memorandum... "It is most desirable in the interests of the allied countries no less than of Germany that at the earliest possible moment the total of repayments to be made by Germany under the treaty of Versailles should be fixed and that in accordance with the terms of the treaty and the reply of the powers to the German delegates, dated June 18, 1919, she should be enabled to obtain essential foodstuffs and raw materials, and, if necessary in the opinion of the reparations commission, should be allowed to raise abroad a loan to meet her immediate needs of such amount and with such priority as the reparations commission may deem essential."

"In the case of Austria the powers recognize that even more active assistance may be required to be given."

The memorandum makes the following general observations: "The process of recovery of Europe must necessarily be slow and which cannot be expedited by short cuts of any description. It can be most seriously hampered by the dislocation of production, by strikes, lockout and interruptions of work of all kinds."

"The civilization of Europe has indeed been shaken and set back, but it is far from being irretrievably ruined, by the tremendous struggle of which she has passed. The restoration of her vitality now depends on the whole-hearted co-operation of all her children, who have it in their own hands to delay or accelerate the process of reconstruction."

"It is the hope of every government that improved conditions of finished and employment may be assured to workers. Taking the allied countries as a whole the recovery of the normal standard of living has been made in many instances. Nearly eight months have elapsed since hostilities terminated, and the reaction which necessarily followed the tense strain of war is gradually passing. The citizens of every country are once again resuming their normal occupations of home life and their renewed labors the conference sees a clear sign of renewed prosperity."

Conditions Reviewed

The memorandum reviews conditions in Europe at length, estimating the increased cost of living in the United States at 120 per cent, Great Britain 170, France, Italy and Belgium at 200 per cent. It estimates the men under arms in Russia at 1,500,000; Poland, Rumania and the former Austro-Hungarian empire at 1,000,000; wheat sown in Rumania on December 1, 1929, 5,300,000 hectares, against an average before the war of 1,900,000 hectares. It compares the coal production in millions of metric tons in 1913 and 1919 as follows: Great Britain 292, against 234; France, including Lorraine, 24, against 22; Germany, excluding the Saar region and Lorraine, 57, against 109; the United States, 137, against 485.

BUILDING MEN WILL CONFER ON NEW SCALE

Hamilton, March 9.—To the District Building Trades Council, the business agent, Samuel Lawrence, has reported that arrangements have been made for a conference between the representatives of the Master Builders' Association and the business agents of the various building trades unions, in regard to a new agreement as to wages and working conditions. It will be held within two weeks.

Flies Cured in 6 to 14 Days. DRUGS REFUND MONEY IF PAIN OINTMENT fails to cure Itching, Blinding or Stinging Flies. Stops Irritation; Soothes and Heals. You can get it at any drug store.

BRIDGE OVER THE DON.

Tenders for the construction of a new bridge across the River at the Don Mills road are in the hands of Engineer James of the Toronto and York Roads Commission by Friday of this week, and construction will start in the spring. The new bridge will be a great improvement over the present one. It will be built about 50 feet down stream from the one now in use. The bridge will be a cantilever bridge, with a single span. The bridge will also be equipped with a four-foot sidewalk.

Norway Residents Find Small's Pond Nuisance

Considerable dissatisfaction is expressed by the residents of Edgewood avenue regarding the unsatisfactory manner in which the sewage works department has filled in the pond at Small's pond which crosses the roadway in their neighborhood. A small culvert was put in prior to the filling in of the section of the pond last fall which has now been found insufficient to carry off the water from the ravine close by. A frequently another pond is being formed by reason of the water backing up and spreading to a depth of about six inches over the land of the residents in the vicinity.

Simpson Avenue Methodists Elect Officers for Year

The annual meeting and election of officers in connection with Simpson Avenue Methodist Young Men's Progressive Bible Class was held recently in the church and the following officers elected: Fred C. Hill, president; Gordon Young, first vice-president; J. Myrae, secretary; and Dr. E. W. L. Addison, teacher. After the business proceedings, an enjoyable supper was served and a musical and literary program contributed. Miss Stocks rendered several pleasing solos. Moving pictures by the Pathoscope were also shown, and a well-contested game of basketball was played by the junior and senior teams, resulting in a win for the juniors. Dr. E. W. L. Addison, the speaker of the evening, gave an appropriate address on the work of the organization. Rev. J. R. Patterson, pastor, was present.

EARLSCOURT B.I. FOR INVESTIGATION

Earlscourt won a notable victory over the Toronto Ferry Co. two years ago when they attempted to raise the fare to 15 cents. It will be remembered that the fight was taken up vigorously by various deputations that waited upon the board of control, condemning the proposed increase. With a view to preventing another effort on the part of the ferry company to raise the fares again this year the British Empire Association passed the following resolution, which was moved by J. R. MacNicol at a meeting held in "That it is only just to the citizens of Toronto that an impartial investigation be afforded to all the ferry companies' books, pertaining to Hamilton Point with a view to determining whether the ferry fares should be raised or less than the present price or raised to more than a ten cent fare. President Geo. Wills occupied the chair.

YORK COUNTY AND SUBURBS DANFORTH OBJECTS FARMERS WHO WANT TO ONE MILL RATE NEW MUNICIPALITY

Ratepayers Oppose Park Purposes Levy Except With People's Mandate.

The housing situation, the question of the city's proposed application to the Ontario government for legislation for a one mill rate for park purposes, the H. C. of L. Page avenue car line and local school matters were chief questions discussed at the regular monthly meeting of Danforth Ratepayers' Association, held in Frankland School, on Lawrence street, last night. H. Luxton, president, occupied the chair.

The following resolution was adopted, moved by J. Sutherland: "That the association is opposed to the city council asking for legislation to levy a one mill rate on the citizens for park purposes, exclusive of maintenance, without first applying for a mandate from the people."

"There are more urgent needs of the citizens than parks," said Albert Hanna, secretary, who added that the matters of transportation, education and police were live subjects and considerable sums would be requested for these purposes. Mr. Hanna thought that the citizens would not object to an extra half mill rate, exclusive of the Canadian National Exhibition, from which a fair return is returned to the city. He urged the council in applying for legislation without consulting the people is vicious in the extreme. He said the parks of the city are in a state of neglect and the ratepayers are not to be asked to pay for them until they are in a state of neglect. He said the parks of the city are in a state of neglect and the ratepayers are not to be asked to pay for them until they are in a state of neglect.

He said the parks of the city are in a state of neglect and the ratepayers are not to be asked to pay for them until they are in a state of neglect. He said the parks of the city are in a state of neglect and the ratepayers are not to be asked to pay for them until they are in a state of neglect.

List of York Township Property Owners Signing Petition.

Nearly three hundred landowners in the northern part of York Township have petitioned the township council for the right to form a separate municipality. They insist that they are not adequately represented in the county council, and also express uneasiness with regard to the township debt, which is being imposed for the purpose of installing improvements in the roads.

The petition, signed by 297 names, follows: Wm. J. Buchanan, 20 3 W. A. W. Strong, 25 4 W. C. Sinder, 18 4 W. R. Whittaker, 23 3 W. Joseph E. Jackson, 22 3 W. A. Strong, 25 4 W. John E. Smith, 21 3 W. R. J. Smith, 21 3 W. A. Radford, 21 2 W. Wm. Whittaker, 23 3 W. Robert Sim, 23 2 W. Hiram Nicholson, 24 3 W. Wm. Danby, 24 3 W. Wm. Tidale, 24 3 W. Arthur White, 24 3 W. T. Potton, 25 3 W. Robert Bray, 25 3 W. W. E. Fyvie, 25 3 W. Christopher Smith, 25 3 W. Frank Scerley, 25 2 W. H. Double, 25 2 W. Hy. Gray, 25 2 W. T. Alpin, 25 3 W. J. Feeney, 19 3 W. John Horby, 19 3 W. Samuel Buchanan, 17 2 W. Lorne Gooderman, 16 2 W. J. E. Gooderman, 16 2 W. H. Emboden, 15 3 W. G. Frank Carruthers, 16 2 W. J. H. Campbell, 16 2 W. F. Wicks, 13 3 W. G. S. Stewart, 11 2 W. James Alpin, 7 2 W. R. Mulholland, 7 2 W. R. Pelletier, 9 2 W. Richard Stephenson, 9 3 W. Francis Dunn, 9 3 W. W. H. Clarke, 9 3 W. W. J. Hill, 9 3 W. W. J. Hill, 9 3 W. A. M. A comradely man

THEY deal in human nature stripped of its veneer. They see it at the pinnacle of its joys, and in the depths of its sorrow or degradation.

RECENTLY one of the leading officers in the Men's Social work of the organization after twenty years of devoted work on the altar of sacrifice and service, was "promoted to glory." One testimony described him as "a comradely man."

THAT graphic phrase illustrates the spirit in which their officers endeavor to interpret Christ's teaching to those whom they serve.

ALDERMAN BEAMISH IN VERY HOT WATER

Mount Pleasant Ratepayers Vow Vengeance—Ball Still Fighting.

Had Ald. Beamish been present last night at the meeting of the Mount Pleasant Ratepayers' Association, there is a slight possibility that this might have been a very hot night. The action taken by the ratepayers in denouncing that gentleman's sudden and violent departure from this vale of tears. However, this may be, it is a decided fact that the ill-considered and ill-timed departure of the alderman from the Mount Pleasant road at the recent meeting on Monday. One speaker, W. Webb, went as far as accusing the worthy alderman of possessing all the characteristics of the late unimpaired Judas Iscariot. "In fact, it might have been a good thing if he had followed Judas' example and gone out and hung himself," concluded the speaker. Towards the end of the meeting a vote was carried, condemning the stand taken by the alderman, in view of the fact that he had pledged his word at the last municipal election to support the civic line project.

The Mount Pleasant Ratepayers held their regular weekly meeting in Hodgson School, Davielle avenue, last night, and in the natural course of events the defeat by council of the civic line project was the topic of discussion. The killing of this project, which is undeniably a dire necessity in that end of the city, was a sore subject, and many forcible expressions of opinion were heard on Monday. It was decided that a deputation from the association, headed by ex-Ald. Ball, would wait on the board of control today to urge certain amendments favorable to the line which further action should be taken.

Rev. W. B. Karas, pastor of North Broadway Presbyterian Church will be inducted into his new pastorate at St. John's Church, Hamilton, on Thursday evening next. A reception will be held at the ceremony. The former pastor of St. John's, the late Rev. (Capt.) MacGillivray, who died last November, served as a chaplain with the Canadian troops overseas and died on his return to Hamilton.

G.W.V.A. HARD-TIME BALL. To raise funds for the distress fund of the Earlscourt branch of the G. W. V. A. a hard-time ball is to be given on Friday evening at the headquarters, Belmont Hall. The executive committee of the ladies' auxiliary have arranged some novel features in connection with it. The returned men are working in conjunction with the ladies to fill the hall with one hundred couples, in full capacity.

TODMORDEN ASKS REPORT ON SEWERS

Telephone Service Also Subject of Dissatisfaction—Poles Too Costly.

It was decided to write York township engineer asking him to visit the Todmorden Ratepayers' Association at a future meeting and report the progress being made regarding the water and sewerage system for the district at meeting of the organization, held in Torrens Avenue School last night. P. T. Cooper, president, occupied the chair. Among those present was Deputy Reeve J. A. MacGillivray.

The lack of a sufficient telephone service in Todmorden was discussed at some length and complaints were made regarding the rates demanded by the company for installation. It was pointed out that where new wires were required to be erected, a price out of all reason was quoted, in comparison with the rates charged by subscribers a comparatively short distance away. It was decided to appoint a committee to wait upon the Bell Telephone Company and request consideration in telephone installation for the residents of the district. Many complaints were recorded regarding the dumping of ashes in the public roadways by residents. Deputy Reeve MacGillivray stated that the commissioner has been instructed by council to prosecute offenders in the future and that this effect will be displayed in the district.

FEW EARLSCOURT HOUSES AVAILABLE.

Altho a large number of immigrants are expected to arrive in Toronto, beginning next month, many of whom will locate in the Earlscourt district, there are quite a number of out-of-country people who are making a trip overseas to relatives in England. Reports from the local commission agents indicate a larger number of outgoing immigrants this year than last. Despite the fact that few if any houses are to be rented, repairs and changes are being made piece daily and weekly in this district. About three people were after a single house on Ashbury avenue yesterday, there being quite a dispute as to which was the first applicant, according to the commission agent. It was reported that a year ago this house sold for \$3,000. It changed hands yesterday for \$4,500; and two hundred more could be sold in a week if they were available.

NORTH EARLSCOURT GETS TONSILLITIS.

Tonsillitis has broken out in the north Earlscourt district and is claiming many victims. Scores of residents being down with it. Not only have grown-ups contracted it, but children also, and many are absent from school in consequence. This complaint seems to have followed hard on the heels of the influenza which kept the doctors so busy recently.

Thieves broke into St. Chad's Anglican Church, north Dufferin street, and stole articles of value. The value of the stolen goods has not yet been ascertained. The church is undergoing repairs and it is reported that the thieves took advantage of this in making the break. Rev. A. J. Reid is the rector.

At the annual meeting of the Joint Peel Chapter, I.O.D.E., Uxbridge, a successful year was reported.

Donations have been made to the extent of \$455. The total receipts were \$945.63 for the year.

Officers elected for the ensuing year are: Hon. regent, Mrs. W. Hamilton; hon. vice-regents, Mrs. C. Gould, Mrs. M. J. Deane; regent, Mrs. D. Hepburn; first vice-regent, Mrs. E. E. Sharp; second vice-regent, Mrs. G. Gould; secretary, Mrs. J. T. Ryan; assistant secretary, Mrs. J. C. Macdonald; treasurer, Mrs. J. Littlejohn; Echo secretary, Mrs. G. Crosby; stand-bearer, Mrs. C. C. Reid.

Distinctive Overcoats

All the charm and exclusiveness of English cloths and expert tailoring are found in the new spring overcoats at Dineen's. The overcoats are different; they express the ideal in coats for young and middle aged men—not extreme in style, but yet convey the feeling that they are in advance and are smarter than you will find elsewhere. The choice is not confined to a few lines, but is so varied that any man can make a selection—Tweed, Vicunas and Bannockburn Homespun—Meltons—slip on, tight and loose-fitting styles, \$22.50 to \$55.00.

The W. & D. DINEEN CO., LTD., 140 Yonge St., Cor. Temperance St., Toronto.

HAMILTON

Hamilton, March 9.—An order to prohibit the construction of the Main Street bridge was given by the board of control today. The master builders and tradesmen will continue to discuss a wage for 1930. The electrical workers have postponed assessment and will meet at the Hamilton Board of Control regarding their wage schedule. At the board of control enquiry today into certain housing commission matters it was stated that Hamilton still retained a union of plumbers. The stove mounters met today and organized a union with the International Association of Machinists was organized by the motor mechanics of this city.

DEATH OF EDWARD SPARKS.

Edward Sparks, who died at the residence of his daughter, Mrs. H. Persall, 158 Victor avenue, was a retired business man and for 45 years conducted a tailoring establishment on East King street. He was a native of Leighton Buzzard, England, and was a member of St. Matthew's Anglican Church, First avenue, and of the C.O. S. He is survived by three daughters and one son. The late Mr. Sparks was blind for the last two years.

FUNERAL SERVICE TONIGHT

The funeral service in connection with the late Rev. Richard Strachan, who died Saturday last after a short illness in his 77th year, at his residence, 18 Lyall avenue, took place last evening in Beech Avenue Methodist Church. The service was conducted by the Rev. Dr. Long, pastor, Riverside Methodist Church, will officiate.

NOEL MARSHALL RECEIVES HONOR FROM ITALY

London, March 9.—President Noel Marshall of the Royal Household and Blacklock of the Red Cross was gazetted commanders of the Order of the Crown of Italy.

Making Merry

At Mealttime, Means Good Appetite, Good Digestion, Good Cheer and Stuart's Dyspepsia Tablets.

Do You Use Them? If Not, Why?

To sit back after a good meal and know there is not going to be any risings, gas, drowsiness and discomfort is the logical result of using Stuart's Dyspepsia Tablets immediately after eating. Most people believe they can trace each attack of indigestion to the something they ate and can still "taste" it. And it surprises them, invariably, to note how quickly relief comes after using one or two of these tablets. Whether it is highly-seasoned food, rich pastry, the heavy hearty "fry" or some one particular off-putting "relief" food, the effect is the same. Those who are susceptible to attacks of indigestion or dyspepsia should try Stuart's Dyspepsia Tablets, as they supply the stomach with an alkaline effect just as it does naturally when it is working in a perfectly healthy condition.

A glance around the table will likely indicate one or more who plainly look as if they anticipated the dyspeptic's mournful assemblage of distresses. Many a bon vivant, however, has learned how to leave the table in a happy frame of mind by the use of Stuart's Dyspepsia Tablets immediately after eating. And whether it was rich soup, pastry, cheese, or dishes usually rated as "heavy," these tablets contain ingredients that digest food in the stomach in the work ordinarily done by the alkaline effect that the stomach requires. Thus before you conjure up the troubles that ordinarily would follow eating some favorite dish, try this plan of avoidance. Or if the trouble is already doing its worst, get a 50-cent box of Stuart's Dyspepsia Tablets of any drug store and note how gently and smoothly your stomach settles down to good behavior.

Do not suffer with Itching, Bleeding, or Protruding Piles. No surgical operation required. Dr. Charles Ointment will relieve you at once and permanently cure you. 50c a box at dealers, or Edman's, 140-142, Co. Limited, Toronto.

SHOES UNTOUCHED BY DROP IN HIDES

Public Hope in Lower Prices Not Destined to Be Realized.

The general downward tendency of the prices of hides has naturally inspired the hope in the public of lower shoe prices in the near future, but shoe manufacturers who were consulted by The World yesterday can see little warrant for any such expectations. That country hides have dropped from 50c per pound last July to 40c now, and calfskin from \$1 a pound last year to 50c now is readily admitted by the shoe and leather men, but they marshal out a whole regiment of reasons why these facts cannot affect the price of shoes for a year or more. From the shoe manufacturers' point of view the increasing cost of labor, shortage of skilled help and the flood of orders, influences which tend to higher prices, will more than offset any material cut in the next few months in the price of leather.

One manufacturer and jobber told The World that jobs were having difficulty in getting supplies, and many lines that were put on the market only in January have already been withdrawn. He mentioned several manufacturers of western Ontario who have booked all the orders they can handle between now and next fall. "In fact, the general tendency is up rather than down," said this manufacturer. "We were quoted prices six or seven weeks ago on certain lines for next fall, and recently when we were ready to place the order we were told that prices had advanced and the old quotation had been withdrawn."

Loaded With Orders. The manufacturers are simply loaded up with orders, and so long as these conditions prevail you will not see much of a drop in shoes, even if leather does weaken.

"We have received no concessions whatever from the tanners of calfskins, and unless some unforeseen world condition should break the price of leather sharply, present shoe prices will hold for at least a year."

That is the substance of the manufacturers' views. The leather dealers interviewed offered a little more encouragement. Said one of them: "The tanners are pretty well loaded up with

hides and are now marking time. As stocks accumulate the tendency will be to shade prices a little, and this must be reflected in the price of shoes. The whole hide and leather market is being affected by the slump in the export business. Europe needs leather, but cannot buy it in Canada or the States while the exchange remains so heavily against them. This means there must be an accumulation on this side, and prices are bound to sag." This leather dealer predicted lower prices within six months, as it will take about that period for the lower-priced hides now going into the tanneries to reach the shoe manufacturers. He said shoe prices should show a drop well within a year.

Continue the Two Offices, Suggests City Treasurer

"That one item of unnecessary expenditure be eliminated by having only one registrar of deeds for the city, instead of two as at present, was the recommendation made by Finance Commissioner Bradshaw to the mayor and board of control, yesterday. "If an inconvenience is caused the commissioner, 'that the position of registrar and master of titles for the city could be effectively and efficiently administered by one officer and two competent deputies, thus doing away with the expense of two high-priced officers."

"This office, I understand, has been generally regarded as a prize for those who have rendered political service, but inasmuch as the taxpayers bear the expense, I think it should be put on a business basis."

"As a vacancy has just occurred, I recommend that this be given consideration before a new appointment is made."

ST. PATRICK'S DAY.

The Irish Protestant Benevolent Society will not hold its annual dinner on the 17th, St. Patrick's Day, the reason assigned being illness of many of the leading members.

The St. Patrick Chapter, Royal Arch Masons, will celebrate its name day on the 20th, owing to the regular convocation falling on that date.

LARGE ESTATE LEFT BY CHIEF JUSTICE

Late Sir Glenholme Falconbridge Leaves \$42,266 to Daughter Aimee.

Probate of the will of the late Sir Glenholme Falconbridge, chief justice of the King's bench division of the supreme court of Ontario, has been granted to Mrs. Aimee Young and Glyn Osler, K.C. The estate amounts to \$42,266, in which are included 12 insurance policies, valued at \$26,590, and an equity of \$12,000 in deceased's home at 80 Isabella street. His daughter, Aimee, is the sole beneficiary.

Under the will of the late Dr. R. A. Stevenson of 145 East Bloor street, his widow gets a life interest in \$100,000, and on her death the money is to be divided equally amongst his children on the youngest attaining 25 years of age, or to the grandchildren in equal shares. If the widow die without heirs, the deceased, Dr. Stevenson's brothers, Allan and Rev. E. Stevenson, his sister, Mrs. Agnes Moore, and the children of his deceased brother, John, will inherit in equal shares.

Mary O'Reilly and Elizabeth Lawrence get a life interest equally in \$10,000, while the income from \$15,000 is to be divided equally between his sister-in-law, Mrs. Agnes Stevenson, and her daughter, Sydney, and son, John P., who, on the death of their mother, inherit the principal in equal shares. The testator makes a number of other bequests and leaves the residue of his estate to his daughter, Kate M. Cartwright. The executors are deceased's daughter, Kate, her husband, Col. George Cartwright, Farnborough, England, and Britton Osler, K.C., executors and trustees.

N. F. Davidson Estate. Glyn Osler, K.C., and Britton Osler, have been granted probate of the will of the late Nicholas Ferrar Davidson, K.C., who died on January 16 last in the General Hospital. The estate is valued at \$56,505, the bulk of which is invested in various stocks and shares, while mortgages held are valued at \$19,774. After providing for a number of legacies to relatives and \$500 to each of the new buildings and memorial fund of Trinity College, of which he was a graduate, and to the missionary society of the Church of England in Canada, testator left the

residue of his estate to his daughter, Amy Caroline Davidson. By his will, dated February 6, 1914, the deceased, Alexander "White" Wright, vice-chairman of the workmen's compensation board, and who resided at 103 Macdonell avenue, bequeathed his estate, amounting to \$4,200, to his daughter, Mrs. Annie McDonald Hunter, along with her husband, Walter Edwin Hunter, are the executors.

ITALIAN LITIGATION SETTLED.

Parties reached a settlement in the action brought before Mr. Justice Latchford by the Italian Cash Grocery Co. for \$1,500 against the Italo-Canadian Trading Co., Limited. Plaintiffs allege that a supply of tomato paste in dispute was not manufactured in Italy, but in Fort Millford, Ont., and was not properly made. Under the settlement plaintiffs receive \$1,200.

BENCH WARRANTS ISSUED.

Falling to answer to their names in the county criminal court yesterday, bench warrants were issued for Charles McCrea and J. D. Gillis. They are charged with the theft of forty dollars and three baggage checks belonging to David Haggarty in January last.

ARENA BETTING CONVICTED.

Edward O'Donoghue was fined \$100 and costs in yesterday's police court for taking bets at the Arena. An appeal will be made.

FINED FOR B.O.T.A.

Ermit Odessey was fined \$200 and costs in yesterday's police court for breach of the Ontario temperance act. It was alleged he had a small quantity of liquor in his restaurant in King street.

CHAUFFEUR PLEADS GUILTY.

Charles B. Woodhouse, a chauffeur, pleaded guilty in the criminal session yesterday to a charge of criminal negligence, and was remanded one week by Judge Coatsworth.

MURINE'S Basis, Refreshes, Soothes, Heals—Keep your Eyes Strong and Healthy. If they Tingle, Smart, Itch, or Burn, If Sore, Irritated, Inflamed or Granulated, use Murine often. Safe for Infant or Adult. At all Druggists in Canada. Write for Free Eye Book. Murine Company, Chicago, U.S.A.

U.F.O. APPRECIATES GRANT'S WISDOM

Objects to Bodies Like Massey Foundation Interfering with Public Institutions.

The Massey Foundation committee's valetudinary has attracted the attention of the U.F.O. executive. There appears to be a jarring note concealed in its careful phrasing. The following reply was issued yesterday by the U.F.O.:

"Referring to the statement criticizing Hon. Mr. Grant's so-called change of heart towards the proposed Massey commission, the U.F.O. is not interested in whether it was foresight or afterthought that led to his decision. The U.F.O. executive believes at any rate that it was 'wise sight,' and thereby endorses the stand taken in turning it down. It was announced about the same time that the Rockefeller Foundation was coming over here to confer on public educational matters. The U.F.O. objects to great interests interfering with the public institutions of the country, and especially with their educational system."

DAMAGE ACTION FAILS.

Judge Denton has dismissed with costs the action brought by Norman Britton against the board of education, and two teachers, Messrs. Froud, negligence, while in charge of boys, including the plaintiff's boy, who were engaged in the jumping heats of the board's sports. Two other boys dumped plaintiff's son, who had his arm fractured.

SPANKING FOR AUTO THIEF.

One year at the jail farm and three spankings, to be applied at the end of the first, second and third months, was the sentence handed out by Judge Coatsworth yesterday to William H. McConnell, a sixteen-year-old youth convicted of auto stealing.

TWO CHINAMEN ARRESTED.

Mark Sing and Mark Wah were arrested yesterday afternoon by Detective McMahon, charged with theft of cloth from 96 Bay street. The accused came here from Barrie.

POLICE ASSOCIATION IS NOT APPROVED

The board of police commissioners disapprove of the formation of provincial police associations. A petition to be presented to the lieutenant-governor containing signatures of five officers of the Toronto Police Association, was presented to the board. The petition asked permission to incorporate associations throughout the province with power to erect a clubhouse in the city of Toronto, on land already acquired at a cost not exceeding \$100,000. The petitioners also sought power to pass bylaws, rules and regulations for the conduct of the association's affairs, and that the council of any municipality having police commissioners should be authorized to make grants of money in aid of the association.

Two policemen absented themselves from the force and have been dismissed. The men are now in western Canada working.

REAL ESTATE NEWS

The Red Cross Society has purchased from Mrs. R. Y. Ellis, the large stone and brick residence at 410 Sherbourne street for \$25,000, and they will use it as the head offices of the society for the Dominion. The house stands on a site having a frontage of 118 feet and a depth of 150 feet. There is a large garage in the rear.

The lot at the northwest corner of Logan and Eastern avenues has been purchased from the Blong estate by the Brown Bread Company, Limited, to provide for plant expansion. The price paid was \$22,000.

The premises at 44 Lonsdale road have been purchased by Daniel H. Atkinson from Mrs. Annie M. Hodgkin. The present house, which is old, will be wrecked, and two new ones erected on the site. The price paid was \$10,000.

POINCARÉ'S BROTHER DEAD

Paris, March 9.—Lucien Poincaré, widely-known educator, vice-rector of the Academy of Paris, died suddenly early today. He was a brother of former President Poincaré.

MRS. FISKE O'HARA GETS REAL THRILL

Sees Anita Stewart Play Her Role in "In Old Kentucky."

To have played the part of "Madge" in the old familiar stage play, "In Old Kentucky," and then to meet up with the screen version of the play has been the unique experience of Mrs. Fiske O'Hara. It was a thrill and one which Mrs. O'Hara and her husband thoroughly enjoyed in Toronto yesterday.

Mrs. O'Hara is a native Torontonian. She was Marie Quinn. Mary Pickford made her stage debut on the same stage with her. This was in "The Silver King." Miss Pickford followed Miss Quinn in the child part, which the latter outgrew. When Mrs. O'Hara played "Madge," she was the youngest to undertake the role and as a result of her success, was offered a five years' contract, which, however, she did not accept.

As soon as it was learned that Mr. and Mrs. O'Hara would be filling an engagement at the Grand this week, and that Mrs. O'Hara had played "Madge" — and that she was a Torontonian — an invitation was extended to visit the Strand, where "In Old Kentucky" is now playing. They were more than delighted with Anita Stewart's interpretation of the part. "She keeps to the character so well, all the way thru," observed Mrs. O'Hara. "Indeed, they have kept to the story beautifully. I just lived again the familiar part. It was splendid. From every point of view the picture is beautiful and it was a rare treat."

"We were both thrilled by it. Mrs. O'Hara didn't enjoy it a bit more than I did," said the big Irish tenor with the big Irish laugh. "I'd just like to see it all over again."

DAMAGES AGAINST MOTORIST.

Before Judge Vance and a jury yesterday a verdict for \$50 was returned in the action sought by Charles Hutcheson on behalf of his son, Joseph, for \$500 for injuries sustained by the boy when struck by an auto belonging to W. F. Nichols. County court expenses were allowed.

HOME CLUB HEARS CLEVELAND REPORT

Mrs. E. Groves Tells Benefit of Educational Films for Children.

Reports from the National Educational Association of America recently held in Cleveland, and which had delegates not only from all over the United States, but from many points in Canada, were given at a meeting of the Home and School Club, held at the administration building of the board of education last night. Chief Inspector Cowley presided and among those who gave interested hearing were Dr. Noble, chairman of the board, and Inspector Miss Martyn.

Mrs. W. E. Groves was the first speaker. She told of effort thought necessary by speakers at the convention for the purpose of Americanizing the immigrant not only thru scholastic channels, but thru teaching citizenship. Moving picture centres had been visited in Cleveland, and it was shown that many films are of an educational nature. Mrs. Groves, however, speaking from general experience, scored the vulgar comic and said that the system of censorship is wrong. Censorship should not be for elimination but for selection. It is not sufficient to cut out parts from a picture that is basically wrong, and the speaker, upon the appointment of women to the board would not mend matters unless the system is changed.

Commercial Movie Past. The day of the educational movie is past and that of the commercial movie is here. Now is the time to strike in the matter. Things suggested an improvement were a standard size for machines, elimination of the flicker, slower working of the film, catering to the child's sense of humor from a higher plane than that usually presented at present. A suggestion brought back from the convention was that if the women of the nation would band together what a power they would be behind the schools, in public or other field.

One of the greatest educational gatherings in the world was the Cleveland meeting, according to Inspector Groves, who brought back a term that had been used in reference to the government of the American school by the superintendent, as "Prussianly autocratic." The system of the teachers took no umbrage at being debarred from initiative. Among the things which had won the admiration of the speaker was the "Opportunity School," open day and evening to anyone who cared to attend, be that one sixteen or sixty. The school not only gives tuition in ordinary branches but seeks to find out in what particular line the person might do the best work. The association is truly national, and its wish is to make the school board free from the control of any other body.

Physical Training. That physical training had taken up a good deal of attention was pointed out by Principal Morrison of Paris School said that sixty-five speakers had spoken on different topics in connection with the subject. Like Inspector Groves, Mr. Richardson had seen a good deal to admire in Cleveland. Special schools for the 11,000 deaf-blind education with the normal child in addition to the work of his special classes, also two farm schools for corrective purposes, psychological clinics and junior high schools. These schools accommodate 14,000 who last year were in what corresponds to our fourth book; they take up language and bookkeeping and save a year in the public school course. They also relieve crowding by adopting the platoon system. Promotion to these schools in many instances serves as a stimulus to continue the high school work in cases where otherwise this plan followed out.

Ensign Chapter, I.O.D.E., Elects Officers for Year At the annual meeting of the Ensign Chapter, I.O.D.E., held last night, \$1,965.69 had been raised for patriotic and charitable purposes. The following officers were elected: Regent, Mrs. W. R. Jackson; vice-presidents, Mrs. H. Martin and Mrs. J. P. Patterson; secretary, Mrs. Chas. Keddler; treasurer, Mrs. R. A. Walker; assistant secretary, Mrs. J. M. Prentiss; "Echoes" secretary, Mrs. J. Richards; standard-bearer, Mrs. G. R. Wooten; councillors, Mrs. B. B. B. Colville, Mrs. Moore, Mrs. Mousour, Mrs. Robinson, Mrs. Curran, Mrs. J. Grant, Mrs. Sinclair, Mrs. W. Grant and Mrs. Wright.

FELL, BREAKING LEG. Mary Morrow slipped and fell off the sidewalk last night, breaking her leg. She was removed by the police ambulance to St. Michael's Hospital.

NEWS OF LABOR

LETTER CARRIERS BECOMING ANXIOUS

Fear That Order-in-Council May Not Be Followed by Legislation.

The letter carriers are becoming anxious about legislation promised for this session, which will give them a living wage. A meeting just held in Toronto was very much alive to the necessity for obtaining public support for their cause. It is generally conceded that the letter carriers, with whom all men in the civil service the average citizen comes into contact, have not received their pay their service deserves. Their grievances date back several years. They have been among the worst paid men in any public service. Following many deputations to the civil service commission by the various branches of the Canadian civil service, a system of reclassification was given their touches, and on Dec. 4, 1919, Dr. Roche, chairman of the commission, announced that an order-in-council had been passed, which assured that the government would during the present session bring in legislation the making reclassification retroactive as from April, 1919.

Maximum is \$1260, Plus Bonus. If parliament carried out the order-in-council the letter, much of the unrest among civil servants will disappear.

Recently Hon. Dr. Roche informed the Letter Carriers' Association that the maximum to be added, not to the old maximum of \$939, but to the reclassified maximum of \$1260. A few facts in connection with the order-in-council of 1919 to date are of interest. From 1913 to 1917 the government gave no increase to its civil servants, altho the cost of living had markedly risen. In 1917 a bonus of \$100 was granted. This was considered totally inadequate by the letter carriers who, failing to gain increases thru the normal channels of the conference board, resorted to the use of the strongest weapon, the strike. The strike had the sympathy of the public and the government met the men half way. Hence resort to the civil service commission. Reclassification was now begun and in due course the commission recommended not only substantial bonuses but also substantial salary increases.

How Cost of Living Soared. In 1913 the maximum salary of the letter carrier was \$939, but thru the civil service commission this maximum was increased to \$1260. This meant that the man on a maximum salary would receive \$1260, plus the bonus of at least \$200. But the lower-salaried men were not satisfied and the letter carriers finally called for increases giving the minimum wage man at least a living wage. In 1919 the Government Labor Gazette had given the cost of living at from \$1,170 to \$1,374.5 for a family of five. This was several hundred dollars below that given by Dr. Meeker, U. S. commissioner of labor statistics. Comparisons between salaries of Toronto firemen, policemen and letter carriers in the city showed that the latter received several hundred dollars less a year than any other similar class of public servant.

The letter carriers from time to time have pointed out that theirs is a very responsible as well as arduous class of work, and that the government cannot afford to be niggardly with its civil servants, all of whom during the war showed their patriotism in no small degree. The carriers and the public have noted that the recommendations of the government commissions have been generous, but the government itself has been more than tardy in giving them effect. That is why there is anxiety lest the latest order-in-council will not be followed by all the legislation it calls for.

CO-OPERATIVISM IS KEYNOTE OF UNION

Co-operativism is to be one of the chief features of discussion at the coming convention of the Independent Labor party of Ontario, which is to be held in London on Good Friday. An official of the party stated yesterday afternoon that it was undoubtedly one of the very real means of bringing the two peoples, farmers and laborers, together. Discussions of a cursory nature had already been held upon the matter, and every indication pointed to the co-operation of the U. F. O. with Labor. Both Mr. Morrison and Mr. Powers had expressed themselves as heartily in accord with the ideal. These two men express the best there is in the U.F.O. movement in Ontario, and may be said to represent the views of the majority of the members of this party.

A mass meeting of Labor men is to be held shortly to take up every phase of the matter. If the proposition materializes, chains of stores may spring up thruout the province, and as much in the urban as in the rural centres. It is claimed that the amalgamation of the two forces, Farmer and Labor, will make the carrying out of the plan an easy matter.

TO ASK ABOUT O. B. U.

Ottawa, March 9.—"What attitude has the government taken towards the One Big Union?" is one of the questions to be asked in the house tomorrow by W. A. Buchanan, Lethbridge. "Is it considered to be a legal organization?" Mr. Mackie also asks.

A. F. L. EXPRESSMEN LARGE MEMBERSHIP

American Express employees who belong to the American Express Employees' Union, under the American Federation of Labor, with a total membership of 75,000 and a Canadian membership of perhaps 2000, have signed an agreement with the American Express Company for an eight-hour day and for concessions recently granted members of the International Union of Freight Handlers. The signatories to this agreement, which was ratified on Feb. 25, are the following men, and it will be noted that the International Brotherhood of Teamsters and Chauffeurs have signed in conjunction with the other body: Charles Taylor, for the company, and James Forrester, grand president of the International Union of Freight Clerks; J. R. Abbott, vice-president of the same body; F. C. Hazle, J. O. Cauldwell, George A. Termond, William B. Burrows, J. R. MacMillan and R. Lyon, for the freight express employees, and Daniel Tobin, William H. Ashton and John G. Gillespie, for the teamsters.

TRYING TO SETTLE TWO LONDON STRIKES

London, Ont., March 9.—The local teamsters and the painters, who went out on strike over wage demands over a week ago, are still firm in their stand and all efforts toward amicable settlement have shown that the employers are equally determined. News was received in the city this afternoon that Dominion Fair Wage Officer E. N. Compton will come to the city tomorrow and will offer his services to the disputants with a view to opening negotiations. The teamsters are demanding \$100 a month, but have intimated their willingness to accept \$90 provisionally. The painters are asking for a minimum wage of 75 cents an hour for a nine-hour day.

HAVE 107 MEMBERS.

Patrick O'Brien, business manager for the Canadian Holting Engineers' Union, stated yesterday afternoon that the union now had a membership of 107, all having paid their proper quota of dues and per capita tax. Only some 25 of the members, said Comrade O'Brien (of Flanders' Fields) had been admitted free of charge or at low rates, and these were returned soldiers. All in the union were doing bona fide holting engineers. The executive holds a special meeting at S.O.E. Hall on Monday night next. New working rules have been drafted.

NEW FAVOR ONE OR THE OTHER.

Dominion Express employees, who have formed an independent union, are holding a convention in April, and rumor has it that the union will affiliate either with the Canadian Federation of Labor or the American Federation of Labor by the close of that convention. The American Federation of Labor is the favorite at the moment of going to press.

BISCUIT WORKERS REORGANIZING.

Reorganization is the slogan of the biscuit workers in Toronto. It is estimated that there are several thousand in the city, and the Canadian Federation of Labor is taking up the matter with its customary vim. The union is progressing very favorably.

LABOR BRIEFS

Confectionery workers are holding a concert at St. George's Hall, Elm street, on Wednesday, April 7.

James Simpson, W. F. Stinger and Mrs. Hector Prenter have been elected representatives of the Independent Labor party from Ward VI to the London convention, which meets on Good Friday.

F. J. Flannery, general organizer in Canada for the International Union of Freight Handlers and Stationmen, last night installed the officers of the new union local in West Toronto.

Local 235, International Association of Machinists, is to be addressed by Professor McIver of Toronto University tonight upon the basis of true economics.

Voting among the Brotherhood of Carpenters upon the new business managers of the various sections of the trade will conclude on Wednesday, March 23.

FIGHT FOR DAY WORK

Journeymen Bakers Put Faith in Economic Rather Than Legislative Action.

Many locals in Ontario of the International Union of Journeymen Bakers have formulated agreements ratified by the international headquarters in Chicago, calling for day work in place of night work. Mr. Walshe, international organizer for Canada, stated to 'The World' last night, that he had been in the bakers' movement more than thirty years, and had fought all that time for daylight baking. America had done much in this direction, and it was noteworthy that Syracuse, N.Y., had followed this system for fifteen years, while both San Francisco and Brooklyn, the one in California, the other in Massachusetts, had also had it in vogue for some considerable time.

Brantford had adopted the system in its entirety, and London was another centre which it was followed by many bakers, with good effect.

"We have found that we have been able to accomplish more by economic than by legislative action in this matter," said Mr. Walshe. "Our successes in the United States have been gained on the economic field, and not on the legislative. However, it would be quite correct to point out that here in Ontario we have urged the need of both legislative and economic action."

OVERCOAT STOLEN.

Charged with stealing an overcoat from the floor and Gladstone branch of the public library, Douglas Parsons, 196 West Queen street, was arrested last night by Detective Silverthorn.

A BARE-BACK RIDER. They say that in some parts of the world this sort of thing is becoming popular. Perhaps it really is a fad—and perhaps not. Anyway, some people are doing it, and there you are. Is it sticking plaster or paint? Goodness knows. The real question is—why?

DIED OF INDIGESTION

Mab Little, aged 26, died suddenly last evening in her room at 342 George street from acute indigestion. The body was removed to the morgue, but an inquest is not likely to be held. The police are trying to locate relatives of the girl, who are believed to reside in Windsor and Kitchener.

WILLARD EMPLOYEES ARRESTED.

George Allen, 70 Stevenson street, and James Melman, 18 Devins street, Mount Dennis, were arrested last night by Detective Silverthorn, charged with theft of paint from the Willard Chocolate Company, 1320 Dufferin street. Both youths were employed in the paint shop and are alleged to have stolen a small quantity of paint.

BROWNING'S SAUL.

An address on "Browning's Saul," was given by Mrs. Geo. Nesmith at the meeting of the American Women's Club yesterday at the Sherburne House.

For All the Family a bed-time glass of milk

HALF AN HOUR before you go to bed, drink a glass of Farmers' Dairy Milk—hot or cold. See how much better you sleep! See how much better you feel!

The bed-time glass of milk is so popular, because it is so good—and good for you. It satisfies! It aids digestion. It repairs nerve-tissue, restores energy, gives vitality. It brings roses to children's cheeks—and the glow of good health to grown-ups.

There is no food in the world so balanced, so nourishing, so ready-to-use, so welcome at every meal, in every dish, as Farmers' Dairy Milk.

And no food that costs so little!

Double your regular milk order, to-day! It is a mistake to be sparing with milk. See that all the family have lots of this rich, creamy nourishing milk from Ontario's finest farms. See that they have Nature's first food as often as they need it.

THE FARMERS' DAIRY. Phone Hillcrest 4400. Our Salesman will Call Next Trip. Walmor Road and Bridgman St.

DR. G. E. VINCENT VISITS UNIVERSITY

Confers With Authorities on Rockefeller Five Million Dollar Grant for Research.

With the object of "becoming acquainted with those who are responsible for medical education in this community, and of visiting the laboratories and hospitals in which the work is being done," Dr. G. E. Vincent and R. M. Pearce of the Rockefeller Foundation are now in Toronto in connection with the \$5,000,000 grant that is being made by the trustees for the improvement and extension of medical research.

Also two meetings with the university authorities here have already been held, no details have been made public as to the business then transacted. Prof. J. J. B. McLeod of the faculty of medicine states that plans are being discussed, and any decision will be communicated to the press as soon as one is reached.

The two eminent doctors have already visited Victoria for the same purpose, and will proceed from here to Halifax via Montreal and Ottawa.

Dr. Vincent, speaking to 'The World,' said that he fully realized that the medical authorities and leaders in Canada are quite capable of directing physiological and pathological work in the Dominion, and insists that his visit is made in a spirit of co-operation and assistance.

At some later date, when Dr. Pearce has more time at his disposal, he will return to Toronto to discuss more fully where and how the money should be distributed, so as to best aid in the improvement of public health in Ontario. Dr. Vincent states that the present conferences will have no definite results, beyond enabling him to become familiar with the medical work and workers of the city.

ALLEGED OPIUM JOINT.

Wong Hui, 121 West Dundas street, was arrested last night by Plainclothesmen Clarkson and Mulholland, charged with keeping an opium joint. Four others found in are charged with smoking opium.

His civil suit for \$1000, which was filed in court yesterday, was paid by Scotch.

Fannie Goldberg, Sullivan street, was arrested last night by Plainclothesmen Clarkson and Mulholland, charged with selling whiskey. Accused is alleged to have sold a bottle to a police buyer.

SUFFERED DAY AND NIGHT

The Tortures of Dyspepsia Relieved by "Fruit-a-lives."

Little Bras D'O. C.E. "I was a terrible sufferer from Dyspepsia and Constipation for years. I had pain after eating, belching gas, constant headaches and did not sleep well at night. Finally, a friend told me to try 'Fruit-a-lives.' In a week, the Constipation was corrected, and soon I was free of pain, headaches and that miserable feeling that accompanies Dyspepsia. I continued to take this splendid fruit medicine, and now I am well, strong and vigorous."

ROBERT NEWTON. Fifty cents a box, six for \$2.50, trial size 25 cents. At all dealers, or sent postpaid by Fruit-a-lives, Limited, Ottawa.

OIL STOVE EXPLODES.

Two Men Painfully Burned Attempting to Quench Resulting Fire in House.

Two men were painfully burned about the arms and hands last night when an oil stove exploded and set fire to a house at 14 Waverley road. The men are said by the police to have attempted to beat out flames until their clothing caught fire. W. J. McMinna, 14 Waverley road and John Pierce, 12 Waverley road, the men burned, were rendered first aid by firemen and removed in a passing motor a large number of subjects. The attendants' injuries attended. The firemen from the east end divisions were soon at the scene and extinguished the flames with a loss estimated by the police at \$800.

BIG PRICE FOR WHISKEY.

Two bottles of whiskey for \$15 is the price Fred V. Hartshorn, a taxi driver, living at 239 George street, is alleged to have received from a man on Simcoe street last night. Plainclothesmen Greenlee and Parrish happened to be around, and after Hartshorn had been paid the money they arrested him, charged with selling whiskey. The liquor for which the big price was paid was Scotch. Fannie Goldberg, Sullivan street, was arrested last night by Plainclothesmen Clarkson and Mulholland, charged with selling whiskey. Accused is alleged to have sold a bottle to a police buyer.

WEDNESDAY MORNING, MARCH 10.

The First Hit.

The descriptive writers tell all about the opening of the legislature yesterday. There was a record and a well-satisfied crowd. The Farmer-Labor government evidenced itself to be every whit as much at home as the lieutenant-governor was—and Mr. Clarke showed what oium cum dignitate can be, without silk stockings, silk breeches, gold lace and befeathered hat.

All around stood the men—in their proper place and posture. Some of the ministers were in tall coats, and some wore no tails. The members were everywhere, except in their allotted seats. But they cried "Aye" at the appropriate times, and what business was put thru by their leaders was handled with promptitude, efficiency and despatch.

There is always an atmosphere at an affair like yesterday's. The first session of the fifteenth assembly began with abundant signs of good-will towards the producers' regime. Besides the admirable precedent of a governor coming into the chamber garbed like a Canadian gentleman, there was good augury in the election of a Speaker, thru the joint nomination of the leader of the government and the leader of the opposition.

For the first time, too, the speech from the throne pointedly invited the legislature to exercise fully its right to initiate and direct legislation. In proposing Mr. Parliament's election the premier, with a candor that did him credit, confessed the likelihood of mistakes being made by himself and his friends. Mistakes anticipated can easily be mistakes avoided. Abundant opportunities for avoidance will begin to be disclosed this afternoon.

It was Farmers' day, indeed, for which all the people may be content, without envy and without regret, and which all members of the house may respect by refraining from captious criticism. In the Speaker's prayer there might have been a departure from custom. It could most appropriately have given humble and hearty thanks for the labors of the pioneers who made this province so goodly a land to dwell in, and whose progeny sit in the seats of the mighty. The pioneers have come into their heritage. It becomes all city folks to rejoice and be glad in it, and to wish well to an assembly that has made its first hit.

Follow the Bradshaw Lead.

Which of the Toronto members of the legislature wants to begin his work today by saying this city many times his salary? All that is necessary is to show how to cut out the other fellow's patronage. Following The World's advocacy yesterday of the merging of the three Toronto and York township registers in one, the occasion for which is made by the death of Mr. Boyes, Finance Commissioner Bradshaw delivered a letter to a conference of controllers and M.L.A.'s, urging substantially the course proposed here.

Mr. Bradshaw is not only a true and beneficent watchdog of the treasury, but a public-spirited citizen besides. He is the employe of the city council; but he often proves that the servant can be above his lord, in the service that counts and in the economy that economizes—and, as yesterday's letter shows, he does not have to wait for newspaper prods.

New Frontier for Godliness.

The Forward Movement of the churches, which recently raised more money than would sustain a whole galaxy of apostolic successions, seems about to pass from the financial to the practical stage. A committee of Methodist, Presbyterian, Anglican, Congregational, Friends and Salvation Army representatives, with Dr. Salem Blain as convener, has drawn up a resolution, calling for a convention of "Christian men" from the capitalist and labor ranks with a view to discovering the "principles and methods of co-operation" that will furnish the "best possible conditions for working out further industrial problems as they may arise in the irresistible and lightning-ordered evolution of our

social organism toward the Christian ideal." This is excellent, and looks a great deal more like practical Christianity than immense drives for money. The chances of the new move, which the Presbyterian Ministerial Association is the first to espouse, may depend considerably on the interpretation that is given to the "Christian men" who will be called into conference.

If the Christian ideal is sought for, it can surely be found in measures that are wider than the formulas that were adopted by divines in the sixteenth, seventeenth and eighteenth centuries. A real hindrance to the mollification of much labor unrest is the widely held belief that there is a great gulf fixed between the Christian ideal and church practice—that wealth rules the church, as it does the political machine. If, before invitations to the convention are sent out, the committee will delimit the frontier within which "Christian men" can move, it will accomplish something. The New Testament offers many choices, which can be taken without raising trouble as to what is orthodox and what is heterodox.

A great journalist, who was also a prophet, used to preach that the coming church would be a union of all who love, in the service of all who suffer—a real O.B.U. Let the churches call a convention of those who desire to answer to that formula, and there will be no difficulty in deciding who, for humane purposes, are Christian men. It may even be possible to squeeze some editors in.

The High Almoners.

The U. F. O., which has taken the feathers off the lieutenant-governor, has formally repudiated the almoners, even the a masculine and feminine leader of the movement have joined their company. The ancient almoner was charged with the dispensation of alms as an official duty. The lord high almoner was usually a bishop. Those who aspire to fill some part of his office in Ontario are known to be much addicted to ecclesiastical architecture, and the perpetuation of sundry medieval forms of excellence.

The U. F. O. executive, in officially endorsing the Grant turnaround of the commission, which was to be a sort of eleemosynary genius for the government, points out that the Rockefeller Foundation was to have been consulted with regard to some Ontario affairs, and intimates that it has no interest in the new interest which the interests have shown in certain public affairs. The world is taking new stock of what is being done with great wealth, and is becoming increasingly curious as to how great wealth is made.

Almsgiving is a blessed occupation; but should it be necessary for the public to receive alms from the philanthropic departments of big business? After all, wealth can only come from the natural resources of the earth, when labor has been applied to them. There is a swiftly growing determination that distribution of the surplus fruits of toil shall begin with the toilers. That idea is at the back of the farmers' movement. If its leaders will always be as alert in relation to the well-meant but ill-directed benevolences of the endowed almoners as they are now, they will increase public self-respect, which is one of the most precious possessions of a free community.

The New D.D.

The degree of doctor of divinity used to be so freely bestowed that cynics were wont to say that it was mainly sold. The magic letters were given a new significance at the legislature yesterday, according to an old farmer who observed the election of the Speaker. He said that not only was the Ontario legislature the first in history to have a whole Parliament for its Speaker, but it was the first to have a D.D. for its presiding officer—the Hon. Nelson Parliament, D.D. "D.D.," said a friend, "if you knew Nelson you wouldn't give him that title." "What more do I want to know," was the reply, "than what I have seen with my own eyes?" He was proposed by Drury and seconded by Dewar. What other title to the title does he need?

For Cheaper Coal.

To the Mining Institute yesterday, Mr. McNis propounded our salvation from coal shortages. It can come thru abundant and cheap summer importation by water, and, because people can't or won't fill their cellars in warm weather, by provision for storage, similar to the storage of the Winnipeg and eastern prairies supply at Port Arthur and Fort William.

Hitherto, of course, privately-owned railways have discouraged water traffic, and the Welland Canal has been against the cheapest water rates because big steamers cannot pass thru it. But it is time public necessities dictated transportation policies, and if the householder would get the habit (as well as the money) of anticipating Jack Frost, the demand might stimulate the supply, and make Lake Ontario relatively as busy highways of coal as the upper lakes are.

Overrunning the War.

Should there be a decree preventing those who ran the late war having anything to do with the statesmanship of peace? It is a sound principle of British government that the military shall always be the subject, and not the master of the civil power, in

SIZING HIM UP

It possible for the principle to affect those statesmen who, having once used the military arm to achieve civil purposes need to be saved from the temptation to carry the military temper into civil affairs?

The appetite for power grows with what it feeds on. Military power is always exercised at the expense of civil processes. Those who have thus drawn upon the store of public respect for civil law are apt to forget that, after a war, the only true statesmanship consists in getting as far away from the mentality of war and the conduct of war as it is possible for wise men to do.

When order-in-council and operators of orders-in-council are apt to get the habit, and to mistake it for a habit, for a divine gift. Take three current examples of this defection of mentality in the realm of constitutional observance—two from Canada and one from London.

North Ontario was won by the farmers in December, on a low-tariff platform. The wisdom of that platform has nothing to do with the point in hand. But the propriety of ruling it out of discussion in a debate on which is to inform the King's advisers of what is proceeding in the public mind, is something which could only have been conceived by a Speaker who had become accustomed to departures from practice during a war—such, for instance, as the effort, two years ago, to make the Speaker and not the house the judge of what was proper for the country to know of what had been said in the house.

The attempt of a lawyer to influence a court by quoting to it what he had done in his capacity as judge on a kindred matter, is something new in our jurisprudence. The withdrawal of Mr. Pringle, in deference to the protest of the board, reflects credit on the board's apprehension of the fitness of things. It shows, too, that some of those who have been making immense profits as a consequence of the war, have developed strange ideas as to how they may properly influence the course of events. It also suggests that in the legal profession there is room for a keener apprehension of the qualities of representative and responsible government.

The Ontario Bar Association turned down a resolution that would have made the attorney-general of the province a permanent appointee, and not an elected representative of the people. The association was sound on the matter; but that such a resolution was conceivable by jurists presumably loyal to our constitution, indicates that the tendency to override the established authority of law and order is as widespread as it is insidious, and is not confined to radicals who find themselves in the dock.

Of course, it is impracticable to rule out of government those who have governed during time of war. But the situation that is from time to time disclosed in other British countries, as well as in Canada, makes it very clear that unless more attention is paid to established law and order by those who are primarily responsible for law and order—whether in the high court of parliament or the minor courts—trouble may develop that will be easier created than dissipated.

Rhodes is an able officer, but he should not mistake his views for the rules of the house. The day for regarding the Speaker as the servant of the cabinet has passed.

The address on which the house votes is a reply to the speech from the throne. In considering the reply, it is, therefore, pertinent to discuss everything that is covered by the King's speech. The debate properly includes anything which is of general importance to the country, especially in relation to events which have occurred since parliament was last in session. If twenty by-elections during the recess had all gone against the government, would that not have been matter for discussion, on an amendment calling for an immediate general election? If twenty by-elections against the government during the recess are subject for debate on the address, why is not one? If it is the only one that has occurred, it is the sole authentic proof, of what the country was thinking while parliament was idle.

Not since the capture of Lemberg a year ago have the Polish people been so elated as they were this afternoon on receipt of the news from the Pripet. The evening newspapers declare flatly that the capture of Lemberg, which is the cutting of the railway from Rogatchev to Koenovitz, a Bolshevik line has administered a decisive blow to the Reds.

According to military experts, white Ruthenia is now effectively cut off from Moscow, as the railway which has been seized by the Poles comes and personally expressed his regrets, which he begged the charge to transmit to the government of France.

Closely following the incident of Saturday night at the Hotel Adlon here, in which Prince Joachim Albrecht of Prussia was the chief figure, and another anti-allied minister-visitant from Bremen. The victims in this case also were high French officers, who are members of the entente military commission.

When the Frenchmen entered the barracks in Bremen to conduct negotiations with German officers, the accents of the soldiers sang, "Deutschland Uber Alles," the singing attracting a large crowd, which roughly handled the French when they left the barracks. The police dispersed the crowd and escorted the officers to their quarters. An inquiry into the affair was opened immediately.

Still another incident of similar nature at Bremen is reported by The Vossische Zeitung. It says that yesterday two French officers and an Italian officer stopped a man wearing a field-grey uniform, supposing him to belong to the German army, when the man failed to salute them, and that high words followed, culminating in blows. A crowd assaulted the allied officers, who were considerably injured, the newspaper adds, before they were rescued by the police.

The inter-allied commission, the same newspaper states, left Bremen Monday evening.

OTHER PEOPLE'S OPINIONS

The World will gladly print under this heading letters written by our readers, dealing with current topics. As space is limited they must not be longer than 200 words and written on one side of the paper only.

SOLDIERS ARE GRATEFUL.

Editor World: If my letter recently printed in your paper re Pearson Hall has given any one the impression that I was going to the front, I am sorry. I have already made in their behalf to provide entertainment for them. I should like to see them, and to assure them that they are not forgotten. My intention was merely to point out a practical way in which those who have the means could express their gratitude to the boys, and to assure them that such extension that not a single one need ever dread a lonely evening. (Miss) Muriel C. Evans.

ATTACKS ON MEMBERS OF FRENCH MISSION

Incidents Similar to That at Berlin Are Reported From Bremen.

Bremen, March 9.—Germany has expressed her regrets to France for the anti-allied demonstration at the Hotel Adlon here Saturday night, when an official French party was subjected to assault at the instigation of Prince Joachim Albrecht of Prussia because its members had failed to stand when the orchestra played "Deutschland Uber Alles."

An official of the foreign office paid a call to the French embassy this morning and expressed the regrets of the Foreign Minister Mueller for the incident. Later the foreign minister-visitant M. de Marilly, the French chargé, and personally expressed his regrets, which he begged the charge to transmit to the government of France.

It says that yesterday two French officers and an Italian officer stopped a man wearing a field-grey uniform, supposing him to belong to the German army, when the man failed to salute them, and that high words followed, culminating in blows. A crowd assaulted the allied officers, who were considerably injured, the newspaper adds, before they were rescued by the police.

THE GIRL WHO SMILED THRU

By MARION RUBINCAM

A MOTHERLY TALK.

CHAPTER 27.

It was long after 9—a late enough hour in Farmington—when Alice heard a horse and carriage draw up at the gate, and Lois' sweet high voice asking David to come in.

"No, thanks," she heard David's voice answering. "It's getting late, and the house is dark, so I think Alice is either out or has gone to bed."

"Well, good night, Davey boy, and thanks for a lovely afternoon," Alice wondered whether Lois deliberately raised her voice so it could carry into the house.

"At the same instant, she heard the bed creak, so, guessing her mother to be awake, she ran upstairs, glad she need not see Lois right away. She forced her voice to a cheerful tone.

"Awake, mother, dear? Feeling better? Supper's ready, you know," she said. "Feeling much better, Mrs. Fairbanks' tones sounded rested. 'Don't light the lamp yet. Send Lois up. I heard her just now, and she can light it when you bring the tray.'"

"Yes, I had the message. Mother wants you to light the lamp for her. I think," Try as she would, Alice could not make her tones casual. A glimpse of Lois in the mirror showed the little smile of pleasure and tri-

umph on that young lady's face. But all she said was: "Poor, dear Annie, I'll go right away, and read to her, too."

But Lois did not read that evening. Mrs. Fairbanks had propped herself up among the pillows, and when Lois had lighted the lamp she saw that old face was capable of showing.

"But Mrs. Fairbanks' voice was gentle. "My dear," she said, simply, "do you think you're acting honorably? You know that David is in love with Alice, and you know that Alice loves David. Do you think it is fair to try and break that up?"

"But I'm not," Lois defended herself, hotly. "How could I help it if I met him by accident? I think Alice is either out or has gone to bed."

"Well, good night, Davey boy, and thanks for a lovely afternoon," Alice wondered whether Lois deliberately raised her voice so it could carry into the house.

"At the same instant, she heard the bed creak, so, guessing her mother to be awake, she ran upstairs, glad she need not see Lois right away. She forced her voice to a cheerful tone.

"Awake, mother, dear? Feeling better? Supper's ready, you know," she said. "Feeling much better, Mrs. Fairbanks' tones sounded rested. 'Don't light the lamp yet. Send Lois up. I heard her just now, and she can light it when you bring the tray.'"

"Yes, I had the message. Mother wants you to light the lamp for her. I think," Try as she would, Alice could not make her tones casual. A glimpse of Lois in the mirror showed the little smile of pleasure and tri-

GAS, COAL AND OIL THROUGHOUT DOMINION

Alberta Could Supply All Coal Canada Needs, Says J. T. Stirling.

MINES UNDEVELOPED. The proceedings of the second day of the session of the Canadian Mining Institute, held yesterday at the King Edward, proved no less interesting than its predecessor.

Should Be Prepared. We should always be prepared for abnormal conditions, says Mr. McInnis, as owing to the great difficulty of importing coal by rail through the Niagara gateway, where the Canadian railways are unable to accept freight in the large quantities delivered by the United States railways.

Ontario Oil Fields. "Canada produces only 0.06 per cent of the world's production of petroleum, and Ontario contributes the greater part of that," declared Dr. M. Y. Williams, in his address on "Future Prospects for Oil and Gas Production in Ontario." During 1918 the Dominion produced 304,741 barrels, which was the greatest output since 1910.

DEATHS. FOSTER.—Pte. Herbert Foster, age 38 years, and wife, Alice Foster, age 30 years; Elsie, beloved child, age 7 years; also Olive, beloved child, age 6 years, all died from result of burns they received at their late residence, 10 Moscow avenue, on Sunday, March 7, 1920.

WATSON.—On Tuesday, March 9th, at Toronto, George H. Watson, in his 62nd year, son of the late Robert and Jane Lively Watson and brother of Mrs. J. F. Beck, of Rochester, N.Y.

WATT.—At her home, 50 Concord avenue, on Tuesday, March 9th, 1920, Susan Watt, widow of the late James Watt, of Ontario street.

Established 1892. FRED W. MATTHEWS CO. FUNERAL DIRECTORS. 665 SPADINA AVE. TELEPHONE COLLEGE 791.

VETERANS MANITOBA G.W.V.A. DEBATES PENSIONS

Favors Pension at Rate of One Dollar for Each One Per Cent. Disability. FOLLOW ALBERTA. Veterans in Other Prairie Province Also on Record Along Same Line.

Winnipeg, March 9.—Pensions at the rate of one dollar for every one per cent. disability were asked for at the annual provincial convention of the Great War Veterans' Association and veterans' protest was registered against the deductions that are now being made from widowed mothers' pensions.

Complaints against the administration of the soldier settlement board are being rapidly cleared away, according to the report of the agricultural committee, of the convention today. The report states that a large number of the complaints were directly traceable to lack of co-operation between the board and the settlers.

Wanted in Cobourg on Forgery Charge. Cornwall, March 9.—(Special.)—A young man, who arrived in town a few days ago, and registered under the name of Nelson Wilson, at the soldiers' civil relief hostel, was arrested by Chief Flynn today at the residence of his father, where he had secured employment.

APPOINT A VETERAN. Woodstock, Ont., March 9.—(Special.)—William Skinner, a local veteran of the 1st Battalion and was wounded in France, has been appointed the new civil relief officer, in the new position recently created by the city council.

STREET CAR DELAYS. Tuesday, March 9, 1920. King cars, both ways, delayed 3 minutes, at 9:43 a.m., at Riverdale crossing, held by train.

Issuing 1914-15 Bronze Star For Service in Canadian Navy. Ottawa, March 9.—The department of the naval service announces that the issue of the 1914-15 bronze star for service in the Royal Canadian Navy has commenced. The conditions for the award of this decoration are set out as follows: August 4, 1914, and December 31, 1915. Applications are being received from ex-officers and men who consider that they are entitled to the star.

States Claims Damages. United States of America has filed a claim at Osgoode Hall against Motor Trucks, Limited, of Brantford, for the recovery of \$376,496, and \$100,000 damages. On November 6, 1919, an agreement was signed between the two parties agreeing on the sum of \$1,633,203. The United States now claims the plant and lands, valued at the top sum. The defence of Motor Trucks, Limited, has not been announced.

THE STERLING BANK OF CANADA

SAVE, Because... Money will increase in purchasing power as the cost of living decreases.

G.W.V.A. PRESIDENT REPLIES TO FLYNN. Stands by Statements on Gratuity—Further Discussion Useless.

In reply to J. Harry Flynn's challenge to public debate on the merits of two resolutions re-establishment schemes, Dr. C. E. Wilson has circulated a statement defending his position.

Mr. Flynn, who is president of a G.W.V.A. branch in Brantford, Ontario, has written a letter to the Dominion president of the U.V.L. accused Dr. Wilson, who is president of a G.W.V.A. branch in Brantford, Ontario, of being unfair and untruthful in his statements concerning the details of what happened at Ottawa when the \$200 gratuity proposition was first introduced.

Mr. Flynn, who is a returned soldier, is entitled to respect from me and for that reason I shall refrain from replying to some of the personal remarks he has made in his letter. I am sure that Mr. Flynn has been reported in the press to have said that he does not get the \$200 gratuity for the soldiers, he will step down and out, therefore I am content to let him and future developments, re Calgary resolution, dispose of his leadership.

Victoria College Puts On Theology Course for Veterans. Victoria College is putting on a summer session in theology for returned men this year as last, beginning on the 17th of May and closing on the 8th of August. A full staff of ten professors will cover the course, I.O.D.E. It was shown that since promises to be considerably beyond that of last year, as already between forty and fifty students have expressed their willingness to avail themselves of this session.

Party Considerations Believed to Be Behind Dissolution of Diet. Tokyo, March 9.—Premier Hara's abrupt move in proclaiming dissolution of the diet was a thunderclap to the press and public alike, and the newspapers are busy seeking reasons other than those ostensibly advanced for prompting the premier's coup d'état.

Empire, and the Mussulman world? It is ridiculous to an Ottoman senator it should cherish such ideas. The nomadic population of less than a million, it is claimed, is incapable of forming an expression of public opinion, and diplomats acquainted with Turkey's affairs generally regard the Kurdish autonomous movement as the creation of a small political clique, which they declare, is endeavoring to make better jobs for themselves. An autonomous or independent Kurdistan, it is argued, connecting on the north with an independent Armenia, and on the south with Mesopotamia under British control, would form an effective barrier between Turkey and the English-controlled Persian project for a route to India. Therefore, diplomats here assert that they would not be surprised to hear of an autonomous or even an independent Kurdistan receiving the hearty support of Great Britain.

St. Paul's Church, Guelph, Will Remodel the Building. Guelph, March 9.—(Special.)—At a Congregational meeting of St. Paul's Presbyterian Church plans were prepared for the remodeling of the building and an addition to the church at an estimated cost of \$4000. It is the intention of the congregation to enlarge the building considerably and also to raise the roof.

New Sixteen-Storey Hotel Seems Unlikely in Montreal. Montreal, March 9.—The administrative commission last night decided to reject the application for a 16-storey hotel building to cost \$5,000,000 in Montreal. The reason given is that the city having sound building laws, the commissioners are of the opinion they should be maintained.

Under the present law no building higher than ten storeys is permitted to be erected in Montreal.

Suckling & Co. Auctioneers—20 and 22 Wellington Street West, Toronto.

CHARTERED ACCOUNTANT PREFERRED. Apply by letter ONLY. THORNE, MULHOLLAND, HOWSON & McPHERSON, Bank of Hamilton Bldg., Toronto, Ont.

EXECUTORS' NOTICE IN THE ESTATE OF ESTHER WARE MOORE

Notice is hereby given that the creditors of Esther Ware Moore, late of the City of Toronto, Widow, deceased, who died on or about the 14th day of February, 1929, and all others having claims against her estate, on or before the 7th day of April, 1930, in order that they may be notified pursuant to the Statute in that behalf made and provided, to file their claims and vouchers with the undersigned, or otherwise deliver to the undersigned, the names and addresses of the creditors, and the nature of the securities, if any, held by them. Immediately after the said 7th day of April, 1930, the assets of the estate will be distributed among the creditors in accordance with the claims, accounts and interests of which the Administrators shall have had notice in due time, and which shall be excluded from the distribution.

THE TORONTO GENERAL TRUSTS CORPORATION, Administrators with the Will annexed. MALONE, MALONE & LONG, Solicitors. Dated at Toronto this 9th day of March, 1930.

Application to Parliament. NOTICE is hereby given that Charles Henry Foster, of Toronto, in the County of York and Province of Ontario, returned soldier, will apply to the Parliament of Canada at the next session thereof for a Bill of Divorcement in respect of his wife, Mary Foster, of the City of Toronto, in the County of York, in the Province of Ontario, on the ground of adultery.

Dated at the City of Toronto, in the County of York, and Province of Ontario, this 16th day of December, A.D. 1929. J. H. G. WALLACE, Solicitor for the Applicant, 33 Richmond Street W., Toronto, Ont.

NOTICE OF APPLICATION FOR DIVORCE. NOTICE is hereby given that Peter Sutherland Cowie of the City of Toronto, in the County of York, in the Province of Ontario, returned soldier, will apply to the Parliament of Canada at the next session thereof for a Bill of Divorcement in respect of his wife, Margaret Annie Cowie of the City of Toronto, in the County of York, on the ground of adultery and desertion.

Dated at the City of Toronto, in the County of York, and Province of Ontario, this 20th day of January, 1930. HEYD & HEYD, 26-28 Adelaide Street East, Toronto, Solicitors for the said Peter S. Cowie.

SMASHED BIG WINDOW; STOLE COSTLY RINGS. Baltimore, Md., March 9.—Four armed men smashed the big window at the jewelry store of James R. Arncliffe & Company in North Charles street, near Lexington, today, seized two trays containing diamond rings valued at \$25,000 and escaped in a waiting automobile after shooting and slightly wounding a man who attempted to prevent their getaway.

Will Inquire in Commons About Seed Grain for Settlers. Ottawa, Ont., March 9.—(By Canadian Press.)—Seed grain for settlers is to be the subject of a question by W. A. Buchanan, Lethbridge, in the House tomorrow. He asks the amount expended by the government during 1918-19-20 in the Lethbridge and Calgary land districts respectively. Any other question deals with the government's share of freight in providing feed for livestock in southern Alberta during the years mentioned. The next and last question by Mr. Buchanan asks if G. M. Ponton, of the Canadian Trade Commission, has reported on the industrial survey of the Dominion, and if it is the government's intention to continue this useful work.

SIMS COMRADES CRITICISM ON NAVY

Declares That Unpreparedness Prolonged the War at Least Four Months. Washington, March 9.—Rear-Admiral Sims today told the senate committee investigating the navy's conduct of the war that the failure of the navy department to act promptly on recommendations and to place the entire naval resources of the United States at the disposal of the allies within six months after the United States entered the war prolonged the struggle for at least four months. He added that it also unnecessarily jeopardized the outcome.

Declaring that 8000 lives were lost and \$100,000,000 expended every day of the war, the admiral said the conclusions from his statement were obvious. Admiral Sims said his criticisms were directed at the navy as it existed in 1917, and "had nothing to do with the magnificent way the navy functioned in 1918, after it really got into the war." "The navy, he said, was not properly prepared in April, 1917, and the administrative machinery was cumbersome and inefficient. He denied that the statements constituted an attack on anyone and that they were "in no way" statements that he was attacking civilian control of the navy department, which, he said, was essential.

"I am at the end of my career and have nothing to gain and all to lose," said Admiral Sims.

Declaring that he had raised questions in the senate as to the navy solely because he had felt it his duty to point out errors in naval administration, the admiral said he had been embarrassed by implications of insubordination which he said were "Should Have Sent Pro-German."

He also vigorously attacked what he characterized as "efforts to conceal the results of the inquiry, and of being 'pro-British,'" saying that he happened to be born in Canada because his mother went there on a visit.

"If they didn't want a man who was pro-British and pro-French to sit in the councils of the allies, why didn't they send a pro-German with a trunkful of dynamite," he asked the admiral.

Declaring that he was not "harassed" by reason of lack of confidence and co-operation from the navy department during the most trying days of the war, Admiral Sims said he repeatedly asked the department to relieve him if he had lost its confidence.

The admiral was the first witness in the opening of the inquiry, when he had concluded reading a prepared statement the committee recessed until tomorrow without cross-examination. His statement set forth in detail the navy department's method of conducting its participation in the war.

MINISTERIAL CRISIS IN PORTUGAL SOLVED

Lisbon, March 9.—Official reports from Portugal this morning state that the ministerial crisis has been temporarily solved by the formation of a new cabinet under the premiership of Colonel Antonio Maria Baituta, former minister of the interior, and Antonio Silva in charge of foreign affairs.

COALITION UNIONIST WINS BRITISH BY-ELECTION

London, March 9.—The Horncastle by-election today was a victory for the coalition unionist. The poll resulted as follows: Capt. S. V. Hotchkiss, Unionist, 1140; Ald. S. Pattison, Liberal, 677; W. Holmes, Labor, 344.

Have Increased the Salaries Of Fire Fighters in Peterboro

Peterboro, Ont., March 9.—At a meeting held last evening, the city council decided to increase the salaries of the fire fighters. The new schedule Chief Grange will receive \$2,000, Assistant Chief Johnson \$1,500, City Solicitor C. R. Widdifield's salary was increased from \$1,000 to \$1,500. The city tax rate was \$1.25 per \$100. Last year's rate was thirty-one mills.

1000 Eggs In Every Hen TELLS HOW

"The great trouble with the poultry business has always been that the laying of a hen was too short," says Henry Trafford, International Poultry Expert and Breeder, for nearly eighteen years. Editor of Poultry Success. "The average pullet lays 150 eggs. I kept the second year, she may lay 100 eggs, then she goes to market. It has been scientifically established that every pullet is born or hatched with her minute egg germs in her system—and will keep up a big profit on a basis of a period of four to six years' time if given proper care. It is absolutely true that 1,000 eggs from every hen; how to get pullets laying early; how to make the old hens lay like pullets; how to keep up a steady production all through cold winter months when eggs are highest; triple egg production; make alacker hens into a big profit from every hen in six winter months. These and many other money making poultry secrets are combined and sent you in a book '1,000 EGGS FROM EVERY HEN'—a book that will tell you how to keep up a steady production all through cold winter months when eggs are highest; triple egg production; make alacker hens into a big profit from every hen in six winter months. These and many other money making poultry secrets are combined and sent you in a book '1,000 EGGS FROM EVERY HEN'—a book that will tell you how to keep up a steady production all through cold winter months when eggs are highest; triple egg production; make alacker hens into a big profit from every hen in six winter months. CORN PRICES SAG ON PROFIT-TAKING

Reaction Regarded as Warranted After Recent Series of Advances.

Chicago, March 9.—Profit-taking sales on the part of holders of corn burdened the market most of the time today and forced a general setback. The close was heavy, 1/2 to 1/4 cents net lower, with May 1.45 1/2 to 1.46 and July 1.39 1/2 to 1.40. Oats lost 1/2 to 1/4 cent and provisions 3/8 to 1/2 cent.

Downturns in the corn market were regarded by many bulls as only normal in view of the extent of the recent advance. May delivery being up 19 1/2 cents from the low point a fortnight ago. Besides, although government figures on corn reserves were about as expected, the estimates on wheat and oats exceeded private reports, and thus the government statement taken as a whole had a bearish effect on the market. For a while, however, offerings from strong hands, so much so that shorts took fright at one time and lifted quotations to the topmost point yet this season, except May delivery. With other primary centres, however, shipping corn to Chicago, longs here resumed unloading, and the market closed not far from the bottom point of the low point a fortnight ago.

Weakness in hog values pulled down provisions. The market, though, rallied somewhat during the temporary bulge in corn.

ON CHICAGO MARKET.

Hughes, Harcourt & Co., 307 Royal Bank building, received the following wire at the close of the Chicago market yesterday:

Corn—A bearish construction was placed on the government report regarding farm reserves and, as the market had a very substantial advance, the reaction that followed today is not surprising. The cash corn market was also easier, with shippers holding off; industries were the best buyers. Receipts continue small but while stocks are increasing they are by no means encouraging from a bearish point of view.

MONTREAL PRODUCE MARKET.

Montreal, March 9.—An easier cash market, with reduced prices, closed the market today. The market was quiet in all directions. There was a further change in the milked situation, prices being firm, but the market rather quiet. The egg market was again weaker and prices scored a further decline of two cents a dozen, and consumption is steadily increasing. A more active business was done and a better feeling was shown in the market for market. Trade in cheese is quiet.

Oats—Canadian Western, No. 2, \$1.17; No. 3, \$1.12 1/2.

Flour—New standard, \$13.25 to \$13.75; Rolled oats, 90 lbs., \$5.50 to \$5.60; Bran—\$4.25; Shorts—\$3.25.

Hay—No. 2, per ton, car lots, \$29 to \$30; No. 3, \$27 to \$28.

Cheese—Finest easterns, 25 1/2 to 27; Butter—Choice creamery, 60 to 62; seconds, 50c.

Eggs, fresh, 60c; selected, 57c.

Potatoes—Per bag, car lots, 20 lbs. net, 31c to 31 1/2c.

WINNIPEG GRAIN MARKET.

Winnipeg, March 9.—Oats closed lower for May with July 1 1/2c down. Barley closed 1/4c lower for May; July 1 1/2c down. Flax closed 1/4c higher for May; July 30 up. Rye was 5/8c lower for May.

Quotations: No. 2 C.W., 97 1/2c bid. July-Open, 92 1/2c; close, 92 1/2c.

Barley—May-Open, 115 1/2c; close, 115 1/2c; July-Open, 114 1/2c; close, 114 1/2c.

Flax—May-Open, 26 1/2c; close, 26 1/2c; July-Open, 25 1/2c; close, 25 1/2c.

Rye—May-Open, 81 1/2c; close, 81 1/2c; July-Open, 80 1/2c; close, 80 1/2c.

Cash Prices: No. 2 C.W., 94c; No. 3 C.W., 92c; No. 4 C.W., 90c; No. 1 N.W.C., 85 1/2c; No. 2 N.W.C., 83 1/2c; No. 3 C.W., 81 1/2c.

LIVERPOOL COTTON

Liverpool, March 9.—Cotton futures closed barely steady: March, 25.52; April, 25.84; May, 26.45; June, 26.98; July, 27.46; August, 28.20; September, 28.10; October, 28.50; November, 29.02; December, 29.15; January, 29.37; February, 29.15.

Price Becomes Affiliated With a Canadian Institute

Montreal, March 9.—The Prince of Wales has expressed willingness to become an honorary fellow of the Canadian Institute of Chemistry, according to a communication just received from his highest secretary by Harold J. Roast, secretary of the institute.

The Canadian Institute of Chemistry came into being last May by the vote of chemists of Canada at that time assembled in Montreal. The first annual meeting of the institute will be held on May 28 in Toronto.

Germany Has Re-established 34 Shipping Lines From Hamburg

Washington, March 9.—Official reports received here state Germany has re-established 34 shipping services from Hamburg, seven to Great Britain, five to the United States, two to France, four to Holland, two to Belgium, two to Mexico and Central America, eight to South America, one to Africa, and four to Asia.

NO TAXI SERVICE.

Stratford, March 9.—Controversy over taxi rates which has been going on some time, resulted today in withdrawal by taxi vehicles from the streets. The taxi men want a flat rate of 50 cents for one or two persons. The police commissioner fixed a rate of 40 cents for one and 50 cents for two passengers.

FIRE IN LINDSAY.

Lindsay, March 9.—Fire at 3 a.m. did \$500 damage to the dwelling house of Mr. H. Appenbaum on William street, and \$500 damage to the contents. There was \$2500 insurance on the business at the time.

CAR FLORIDA GRAPEFRUIT. TWO CARS BOX APPLES. NAVAL ORANGES AND ALL KINDS OF VEGETABLES.

STRONACH & SONS

33 CHURCH STREET, Main 2877-5236.

WHOLESALE FRUITS AND VEGETABLES

Cabbage.—Texas cabbage came in freely yesterday, and was of good quality, selling at \$6.50 to \$7 per bushel.

Cauliflower.—Cal. cauliflowers, which has been rather scarce lately, also came in freely and found a ready market at \$6 to \$6.50 per standard crate.

Lemons are decidedly easier, owing to the increased demand, selling at \$6.00 to \$7 per bushel.

Stronach & Sons had a car of Florida apples, selling at \$4.25 to \$5 per bushel; car Florida grapefruit, \$4.50 to \$5.50 per case; Texas cabbage at \$6.50 to \$7 per bushel; green onions at 40c per dozen; leaf lettuce at 85c per doz.; rhubarb at \$1.50 per dozen.

Chas. S. Simpson had a car of cauliflower, selling at \$2 to \$2.50 per crate; a car of Cuban grapefruit at \$5.50 per case; Cal. lemons at \$6.50 per case; celery at \$6, and iceberg lettuce at \$4.25 per case; green peppers at \$1.25 per bushel.

Dawson-Elliott had a car of Texas cabbage, selling at \$6.50 per bushel; Cal. cauliflower at \$6, and iceberg lettuce at \$4.25 to \$4.50 per case; potatoes at \$4.25 to \$4.50 per bag; oranges at \$6.50 to \$8, and grapefruit at \$5.50 to \$6 per case.

H. J. Hudson had a car of Texas cabbage selling at \$7 per bushel; a car of Cuban grapefruit at \$5 per case; cauliflower \$4.50 per crate; leaf lettuce at 40c per dozen; green onions at 50c per dozen; potatoes at \$4.25 to \$4.50 per bag; oranges at \$8 to \$9, and lemons at \$7 per case.

McWilliam & Everist, Ltd., had two cars of apples, selling at \$5.50 to \$5.75 per bushel; car Florida grapefruit at \$4.75 per case; navel oranges at \$6.50 per case; lemons at \$7 per case; Florida celery at \$6.50 per case; Cal. cabbage at \$6.50 per case; sweet potatoes at \$3.75 per hamper; green peppers at \$1.50 per dozen; leaf lettuce at 40c per dozen.

A. A. McKinnon had a car of Texas cabbage, selling at \$6.50 per bushel; a car of potatoes at \$4.25 to \$4.50 per case; onions at \$7.50 to \$8 per case; and apples at \$6.50 to \$7.50 per bushel.

C. Spence had oranges, selling at \$7 to \$8 per case; apples at \$4 to \$4.50 per bushel; and \$5 to \$6 per bushel; potatoes at \$4.25 per bag; turnips at \$1 to \$1.25 per bushel; carrots at \$2.25, and parsnips at \$2.75 per bushel; onions at \$3 per sack; small size at \$5 per cwt.; Spanish at \$7 per bushel.

The Ontario Produce Co. had a car of Texas cabbage, selling at \$6.50 per bushel; a car of Florida grapefruit at \$4.25 to \$4.50 per case; a car of Cal. cauliflower at \$6 per case; a car of cauliflower at \$6.50 per case; head lettuce, the latter at \$4.50 per case; Cal. lemons at \$6.50 per case; Florida grapefruit at \$5.50 per case; navel oranges at \$6.50 per case; and parsnips at \$2.50, and turnips at \$1.10 per bushel; onions at \$7.50 to \$8 per sack; Spanish at \$3 per small crate.

W. J. McGarr Co., Ltd., had a car of Ontario Spy apples, selling at \$7 to \$7.75 per bushel; Sunkist navel at \$7 to \$7.75 per case; grapefruit at \$5 to \$6.50, and navel at \$7 per case; navel oranges at \$6.50 to \$7 per case; green peppers at \$1.50 per bushel; Florida celery at \$6.50 per case; sweet potatoes at \$3.75 per hamper.

White & Co., Limited, had a car of Nova Scotia apples, selling at \$7 to \$7.50 per bushel; Cal. cauliflower at \$6 to \$6.50 per case; iceberg lettuce at \$4.25 to \$4.50 per case; Florida celery at \$6.50 per case; leaf lettuce at \$4.50 to \$5 per case; rhubarb at \$1.25 to \$1.50 per dozen; mushrooms at \$3.25 to \$3.50 per bushel; sweet potatoes at \$3.75 per hamper; Winesap apples at \$4.25 to \$4.50 per box; stripes sprangfruit at \$6.75 to \$6.50, and Cuban at \$6 to \$6.25 per case.

Joe Bamford & Sons had a car of potatoes, selling at \$4.25 per bushel; Sunkist navel at \$7 to \$7.75 per case; lemons at \$6.50 to \$7 per case; apples at \$3.75 per bushel; onions at \$7.50 to \$8 per sack; and turnips at \$1.25 per bushel.

The Union Fruit and Produce, Limited, had a car of No. 1 graded potatoes, selling at \$4.50 per bushel; onions at \$5.25 per sack; carrots and beets at \$2 per bag; Parsnips—Imported, \$2.50 to \$3 per bag; apples at \$6 per case; grapefruit at \$5.75 to \$6 per case; navel oranges at \$6.50 per case; Florida celery at \$6.50 per case; iceberg lettuce at \$4 per case.

Wholesale Florida: Apples—Western boxed, \$3.50 to \$4.50 per box; Ontario, No. 1 to \$12 per bushel, 40c per bushel; Nova Scotia, \$6.75 to \$7 per bushel. Bananas—\$3c per lb. Cranberries—\$12.50 per bushel. Grapes—Spanish Malaga, \$14 to \$17 per keg. Grapefruit—Florida, \$4.50 to \$6.50 per case; Cuban, \$4 to \$5.50 per case. Lemons—Cal., \$6.50 to \$7.50 per case. Oranges—California, navel, \$5 to \$9 per case; Florida, \$5 to \$6 per box. Pineapples—None in. Rhubarb—Hothouse, \$1 to \$1.50 per dozen bunches. Strawberries—Florida, \$1 per box. Tangerines—\$4 to \$5 per case. Tomatoes—Hothouse, No. 1, 42c to 45c per bushel; No. 2, 30c to 35c per bushel. Wholesale Vegetables: Artichokes—70c per 11-quart basket. Beans—Dried, white, hand-picked, \$5.50 per bushel, 8 1/2c to 9c per lb. Brussels sprouts—None in. Cabbage—Texas, \$6.50 to \$7 per bushel; California, new, \$6.50 per case; Florida, \$4 per hamper, \$7 per case. Carrots—\$2 to \$2.25 per bag; new, 75c to \$1 per dozen bunches. Celery—Domestic, \$1.25 per dozen bunches; Florida, \$5.50 to \$6.50 per case. Edible—40c to 50c per lb. Lettuce—California Iceberg, \$4 to \$5 per case; leaf, 30c to 50c per dozen bunches. Imported, \$3 to \$3.50 per 3-lb. basket. Parsnips—\$1 to \$9 per cwt.; small size, 50c per cwt.; Spanish, \$7 to \$8 per bushel; green, 40c to 50c per dozen bunches. Spinach—\$3.75 per hamper.

HOLLINGER MAKES FURTHER RECOVERY

Mining Stocks Showing Signs of Scarcity, and Numerous Gains Are Made.

The mining market gave fresh evidence yesterday that it has strong under-pinning. Stocks, of the better class of them, are scarce as would be buyers are discovering, and brokers reported yesterday that there is a growing tendency on the part of their clients to buy "at the market" rather than to hold out in the hope of recessions. Unless all indications are misleading, the labor situation in the north will make no greater strides in the direction of normal conditions in 1920 than in the past year. There will probably be a plethora of labor for many months to come, and a reduction in working costs which will enable mines to operate at a ratio of profit, approaching that of pre-war years, is foreseen. Such a reduction should have a pronounced effect upon the fortunes of the large producing, such as Hollinger, McIntyre, and Dome, which are looked upon as the bellwethers of the mining stocks all round would receive a stimulus.

Hollinger made further progress toward recovery yesterday, selling up 4 points to \$6.55, and closing at the top. Big investment orders have been coming in since Hollinger touched the vanishing quantity; McIntyre, Atlas, and Lake Shore at \$1.20, Atlas, Dome Lake and West Dome were traded in briskly, Atlas selling up half a point to \$2.15, Dome Lake half a point to \$2.09, and West Dome a small fraction to \$1.8. Other gains included Porcupine Crown, up a point at \$4.25; Kirkland Lake, up half a point at \$1.75; Westport, up a point at \$2.25, and Porcupine V.N.T. up half a point at \$1.2. Davidson was easier between \$6 and \$8, and Dome Extension, up 1/2 point at \$7. Shareholders of the Dome Extension are meet today to ratify a six months' extension of the option to the Dome Extension. The proposal is a foregone conclusion that the proposal will be adopted without demur.

The Cobalt also showed a number of gains of substantial fractions. Timiskaming 3-4 to a point to \$5.1-2, closing at \$4.4, and Beaver half a point to \$2. Peterson Lake sold up 1-4 to \$1.3-4, and the bid at the close was \$1.3-4, this gain being named for any part of 10,000 shares. Peterson Lake has been holding above 20 in quite a remarkable fashion, considering the upturn started last year, when the stock was at less than half its present quotation, and that the inducement to take profits has been a material one in the heavy roads of production. La Rose held firmly at \$4. Chambers-Ferland lost the ground gained on Monday, selling back 1-2 to \$2. The highest point since the listing of the stock, with that figure bid for more without offerings.

NEW YORK STOCKS ARE AGAIN STRONG

Crucible Steel and General Motors Rise Spectacularly, But Fall Back.

NEWS IS FAVORABLE

New York, March 9.—Stocks were active and strong again during the greater part of today's session, despite the fact that the market was not free from additional stimulus from the decisions of the supreme court, one of which exempted stock and bonds from taxation, while the other ruled that appraisals of railroad properties are to be based on present physical values.

Trading continued to be dominated by issues which led yesterday's more extensive operations, but also embraced numerous specialties and miscellaneous shares whose dividend status is likely to undergo marked alterations as a result of the tax decision.

An eight per cent. rate for call money, which later dropped to seven per cent, and a rally in foreign exchange, notably the London remittance, were among the factors in the further advance, which was arrested in the later dealings, however, by heavy realizing for profits.

Strength of railroad shares increased, were among the factors in the advance, with many high-grade industrial shares which will readjust their capital, with consequent distribution of "hidden assets." Coming within this category were Delaware, Lackawanna, & Western at an extreme advance of 9 points, and Reading at a gain of 3 1/2. Repeating their spectacular gyrations of the previous day, General Motors and Crucible Steel were again the outstanding features. Motors made a gross rise of 22 points to \$23 and Crucible rose 13 points to \$40. Motors forfeited exactly half of its gain at the close and Crucible finished at an actual loss of a fraction.

Other motors, steel and equipment issues, tobacco and food shares registered gains of 2 to 6 points in the course of the day, but of these varied issues only oils and tobacco stocks were strong at the close. Sales amounted to 1,400,000 shares.

The bond market was strong, especially Liberty 3-1/2's and Internationals, but trading was relatively light. Total volume aggregated \$12,375,000. Old U. S. bonds were purchased on call.

BOARD OF TRADE

Manitoba Wheat (In Store Ft. William): No. 1 northern, \$2.80; No. 2 northern, \$2.77; No. 3 northern, \$2.72.

Manitoba Oats (In Store Ft. William): No. 1 C.W., \$1.42; No. 2 C.W., \$1.37; No. 3 C.W., \$1.32.

Manitoba Barley (In Store Ft. William): No. 1 C.W., \$1.47 1/2; No. 2 C.W., \$1.42 1/2; No. 3 C.W., \$1.37 1/2.

American Corn (Track Toronto, Prompt Shipment): No. 3 yellow, \$1.15 nominal; No. 4 yellow, \$1.11 nominal.

Ontario Oats (According to Freight): No. 2 white, \$1 to \$1.05; No. 3 white, \$1 to \$1.05.

Ontario Wheat (F.O.B. Shipping Points, According to Freight): No. 1 winter, per car lot, \$1.98 to \$2.01; No. 2 winter, per car lot, \$1.82 to \$1.93; No. 1 spring, per car lot, \$2.02 to \$2.03; No. 2 spring, per car lot, \$1.85 to \$2.01.

Barley (According to Freight Outside): No. 1, \$1.75 to \$1.80; No. 2, \$1.70 to \$1.75; No. 3, \$1.65 to \$1.70.

Buckwheat (According to Freight Outside): No. 2, \$1.75 to \$1.80; No. 3, \$1.70 to \$1.75.

Government standard, \$10.80 to \$11.10 Montreal, 1 1/2 Toronto.

Midwest (Including Montreal): Bran, per ton, \$46; shorts, per ton, \$52; good feed flour, \$5.60 to \$5.75; Hay (Track Toronto): No. 1, per ton, \$27 to \$28; mixed, per ton, \$25.

Straw (Track Toronto): Car lots, per ton, \$16 to \$17.

Flour (According to Freight Outside): Fall wheat—No. 2, nominal; Spring wheat—No. 2, nominal; Rose wheat—No. 2, nominal; Oats—\$1.05 per bushel; Buckwheat—\$1.55 per bushel; Rye—According to sample, nominal; Hay—Timothy, \$2 to \$30 per ton.

DEVELOPMENT OF WEST TREE MOST PROMISING

The West Tree Mines officially report the discovery of two 20-foot leads, each 7 feet wide and 20 feet apart, running north and south, crossing all the veins being worked on the east side of the river which divides the property. At a depth of 55 feet values have been obtained from the rich vein, showing a value of \$20 per ton and averaging \$12 per ton. This body of ore will prove very valuable when taken in conjunction with the rich vein previously mentioned by the sinking of the two shafts 65 and 75 feet deep.

The West Tree mines are very promising and should be one of the new producers within a reasonably short time. A new power house is being built in preparation for heavier machinery and arrangements are being made for milling plant. Present stockholders would do well in the opinion of Mr. D. MacKay, who is closely associated with the property, to keep their stock as the property is one of great possibilities.

ORE RECEIPTS AT TRAIL

Ore receipts at Trail Smelter of the Consolidated King & Smelting Company for the last week of February totaled 6,004 tons, of which 1,325 tons were shipped from other mines, being an increase of 212 tons over the previous week's shipments. They show a decrease of 1,382 tons from the same period a year ago.

PRICE OF SILVER.

London, March 9.—Bar silver, 77 1/2 per oz., a decline of 1 1/2.

New York, March 9.—Bar silver, 1.28 per oz., a decline of 1/4.

LIVERPOOL MARKETS.

Liverpool, March 9.—Beef, extra India mess, nominal. Pork, prime mess, western, nominal. Hams, short cut, 12 to 15 lbs., 190s. Bacon, Cumberland cut, 26 to 30 lbs., 14s. 3d.; Wilshire, 187s; clear bellies, 14 to 16 lbs., 122s; long clear middles, light, 28 to 35 to 40 lbs., 20s; short clear backs, 12 to 20 lbs., 10s; shoulders, square, 11 to 13 lbs., 138s; New York shoulders, 124s 6d.

Lard—Prime western, in tierces, 196s 6d.; American refined, flats, 198s 6d.; Turpentine spirits, 230s.

Petroleum—Refined, 2s 5/4; war kerosene No. 2, 2s 1 1/4d.

CRUCIBLE DIVIDENDS

New York, March 9.—President Wilkinson of the Crucible Steel Company says the company will declare dividends at its office. The new conditions resulting from the new court decisions. Other companies, it is reported, may declare similar dividends in the near future.

BURNED IN OHIO HOSPITAL.

Gallipolis, O., March 9.—Six persons were burned to death and two are dying as a result of injuries received in a fire which destroyed the Ohio Epileptic Hospital here early today.

Silver Stocks as Investments

If you want to know the TRUTH about SILVER, if you are the owner of Silver Securities, if your Silver Investments have been unsuccessful in the past; or if you are contemplating the purchase of any of the Silver issues; it will be worth your while to read my new book—"SILVER STOCKS."

It Will Show You—

- Why the "Silvers" are the big hope of the year.
- Which of the Silver Stocks are worth buying and which are not.
- Why the world is consuming more silver than it is producing.
- Why the price has more than doubled since 1915. And—
- 100 other facts that set the way to profits in the "Silvers."

Meetings.

THE RIGHT-OF-WAY MINES LIMITED

NOTICE is hereby given that the Annual General Meeting of the Shareholders of the Right-of-Way Mines, Limited, will be held at the Head Office of the Company, Room 37, Central Chambers, 46 March 15, 1920, at 2:30 o'clock p.m. For the purpose of receiving the Annual Report for last year, election of Directors for the ensuing year and for the transaction of such other business as may be brought before the meeting.

By order of the Board,
JAS. D. CUNNINGHAM,
Secretary-Treasurer.

ANOTHER AUSTRIAN NOTE ISSUE

Vienna, March 9.—The government has decided to issue another billion crowns of 3 1/2 per cent. treasury notes. It is generally believed that the bulk of these notes soon will be converted by the banks into crowns, thus again inflating the currency.

The Real Story of PORCUPINE'S Riches

An illustrated booklet, telling in an interesting way the real facts about Ontario's great gold producing district, will be sent free on request.

BRITAIN TO RETURN CAPTURED U. S. FLAG

Frankfort, Ky., March 9.—Great Britain is to return the Kentucky battle-flag which was captured at the battle of the Thames, in Michigan, in the War of 1812, when the Kentuckians surrendered to a British force a descendant of the commander of the American force at the battle has been commissioned to go to England to bring back the flag.

Typhus Epidemic in Poland Has Not Yet Reached Its Peak

Warsaw, March 9.—The typhus epidemic has not yet reached its worst point, medical authorities believe. Cases registered in January numbered 5500, and a big increase is expected in the February figures, which are not yet available. It is feared if peace is made with the Russian Bolsheviks an influx of Polish refugees will swell the number of cases.

CANADA NEARLY MORE GOLD

The disturbing exchange rate brings out sharp mining more Canadian manufacturing exports are vitally important to Canada. It is a matter of national importance that the Canadian government should take steps to increase the production of gold.

Big Dyke Gold is a Buy, and Can should investigate merits.

BLACK LAKE AGAIN
ACTIVE AND STRONG

More Than Seventeen Hundred
Shares Traded in—Brazilian
is Easier.

GEN. ELECTRIC FIRM

Black Lake Asbestos common of the
mining group was the outstanding
feature of trading on the Toronto
exchange yesterday. The "street" has
received the impression that J. A.
Macdonald of Montreal has a competitor
in the bid for a large block of the
common, and that the rival interests
are prepared to pay more than 12, the
price limit fixed by Mr. Jacobs. Black
Lake opened at 12 1/4 and sold up
to 12 7/8, a net gain of 3/8, with the
closing at the top and 12 7/8 bid for
orders. Dealings in Black Lake com-
mon, with a turnover of 475 shares.
The preferred stock was quiet and un-
changed at 24, while the bonds, after selling
higher at 47, reacted to 45 1/8, a net
loss of 1/8.

There were few of the listed stocks
in which trading was of more than
negligible proportions. Brazilian was
easily the leader, apart from mining
issues, with a turnover of 475 shares.
The opening was strong at 48, but a
reaction to 46 3/4 followed, and the
closing price, 47 1/4, showed a net
gain of 1/4. Canadian General Elec-
tic was in active demand and reached
the highest point of the year,
108 3/4, closing at 108 1/2, a net gain
of half a point. Atlantic Sugar was
almost entirely neglected, and re-
acted 1/2 to 68 1/2. Cement
1-4 to 68 1/2.

PAY LAST INSTALMENT
ON LAST YEAR'S LOAN

The fifth and last instalment on the
victory loan of 1919 fell due today.
The loan consisted of \$300,000,
of 5 1/2 per cent. bonds and the
payments were for 10 per cent. on 20
per cent. on Jan. 8, 1920; 20 per cent.
on Feb. 10, 1920, and 30 per cent.
plus 1.21 per cent. interest yesterday.
It is difficult to estimate the amount
due yesterday as representing the pay-
ment of \$120. The amounting was
made that the loan was over-subscrib-
ed more than 100 per cent., the amount
of the subscriptions being placed in
the vicinity of \$75,000,000. As is al-
ways the case, a considerable amount
of the loan would long since have been
fully paid up. It is understood, how-
ever, that of the remainder the unpaid
amounts were rather larger than
usual. Assuming, however, that the
\$120 per cent. to be paid applies to
\$250,000,000 of the loan, we would have
a total amount of \$75,000,000 falling
due yesterday. The amounting was
made that the payments would be
between \$75,000,000 and \$100,000,
000.

NEW YORK CURB

New York, March 9.—The curb
market closed steady following a day
of quiet trading. Prices in individual
commodities moved higher, the in-
dustrials and at times there was fair
buying activity in the oils. The mines
were quiet. A better undertone was
shown by the rise in sterling to \$5.85
during the last hour of trading.
Submarine boat was very active,
closing up to 19. U. S. Steamships
were lower, while Profit Sharing moved
up to 2 1/2. Asphalt closed strong at
10.

PLACE ORDERS IN U. S.

New York March 9.—The American
Locomotive Company this morning
announced the receipt of an order for
three additional Pacific locomotives
from the Canadian National Railways.
This brings the orders placed re-
cently by the Canadian National with
the company to a total of 67 engines.

PRESSED METALS

Pressed Metals sold yesterday at
the following prices:

Open	High	Low	Close	Prev.
May	149 1/2	149 1/2	149 1/2	147 1/2
July	129 1/2	129 1/2	129 1/2	127 1/2
Sept.	125 1/2	125 1/2	125 1/2	123 1/2

CANADA NEEDS
MORE GOLD

The disturbing exchange situa-
tion brings out sharply the need
of mining more Canadian gold.
More manufacturing, more ex-
ports are vitally necessary, but
we can scarcely export enough
to offset U. S. imports. We
urgently require larger gold
production.

BIG
DYKE

Big Dyke Gold Stock
is a buy, and Canadians
should investigate its
merits.

LITTLE TIME IS LOST
BY STONEHAM & CO.

Burnt out overnight and office space
almost impossible to procure did not
prevent Manager Smart of Stoneham &
Co. getting back into full business
within twenty-four hours. The Mc-
Kinnon fire put the firm's office out
of business on Thursday night. On
Friday an office was secured in the
Standard Stock Exchange building,
and on Saturday were connections
were hooked up with the head office
in New York. Some speed, other
brokers admit.

CANADIAN FAILURES.

The number of failures in the Dominion,
as reported by R. G. Dun & Co. during
the past week, in provinces, as compared
with those of previous weeks, and cor-
responding week of last year, are as fol-
lows:

Date.	Out.	Man.	Alta.	Que.	Ont.	P. E.	U. S.
Mar. 5	1	2	1	1	0	3	0
Feb. 27	3	1	0	2	1	5	0
Feb. 20	4	7	8	1	1	1	0
Feb. 13	2	2	2	0	1	0	0
Jan. 6	3	6	0	6	2	0	0
Jan. 16	4	5	0	2	2	0	0

Simpson's Kiddies' Shop
 Our Happyland, filled with lovely things for all ages, from the tiny toddler to his grown-up sister and brother of eight years of age. Not the slightest want has been neglected.

The Robert SIMPSON Company Limited

Chat About it at Luncheon in Our Palm Room
 You will appreciate meeting your friends there, and enjoy a little chat over the daintily cooked food served you. Our slogan—Stylish, pure food, courteous service.

Foulards Were Never Half So Lovely

As they are this Spring season. If it were not that fresh weaves are flowing in daily, we could not keep pace with the demand for frock-lengths of this popular fabric.

And the designs—well, it seems as if every conceivable medium from the wee flower nodding by the wayside to exquisite examples of mediæval art had been seized upon by the weavers and translated, printed and woven into patterns of rare beauty.

While color embraces a wide variety of combinations in delicate or practical tones, the foulards in navy, taupe, brown, gray or soft blues with contrasting-colored designs are favored. These are also seen in other beautiful new fabrics of the Foulard family, Pussy Willow, Printed Floriswah, and the incomparable "Morning Glory" Silks. Prices range all the way from \$4.50 to \$9.50 yard.

These Silks Are Attracting Rapt Attention

- SILK FAILLES, 36 and 40 inches wide. Yard, \$4.50 and \$5.00.
- SATIN CHARMANTE, from C. J. Bonnet of Lyons, France. Yard, \$7.50.
- CHARMEUSE SUITING SATINS, from, yard, \$5.00 to \$7.50. With a special value in 40-inch navy blue Satin Grenadine at, yard \$6.50.
- CHIFFON TAFFETAS, in plain and wide-wrap effects. Yard, \$3.50 to \$6.50.
- COLORED SILK TRICOLETTE AND JERSEY. Yard, \$8.50 to \$12.50.

Two Splendid Values in Black Silks for Today

 BLACK DUCHESS DRESS AND SUITING SATINS. Regularly \$4.50. Today, yard 4.15
 Simpson's—Second Floor.

"Monarch" Wools

In New Colorings
 Redolent of Springtime

'Tis a far cry from the faint bleat of woolly lamb to the rainbowed thicket of beautiful wools in a great corner of our Art Needlework Department, Fourth Floor. But there they are—big, fluffy balls that set your fingers atingle with longing to transform it into gay sports coat or pullover, and your heart aglow with anticipation of the fun that goes with such jolly apparel.

What Color Shall It Be?

Your bewildered, literally enchanted gaze roams from one vivid shade to another, and you decide that nothing could be smarter than a coat of jade green—it's so new, so fashionable and just a match for Summer day. But, oh! that Bermuda pink is so adorable. And here's henna and the most exquisite turquoise and more than a score of other equally fascinating tones. You're almost prone to decide on a Joseph's "coat of many colors" so you can have them all, when your eye catches sight of the rarest old China blue lying next to vivid yellow gold. What a combination! It's got to be a coat of that and a pullover of the jade. As to qualities, there isn't any more to say.

Floss, Down and Dove

—a remarkable trio to choose from, so you are certain of absolute satisfaction. And another important point, there are books on "Art in Knitting," with the very latest ideas for coat, pullover, negligee or scarf, purchasable for 25c.

Simpson's—Fourth Floor.

The Newest Street Frocks

Are of Navy Serge or Tricotine—and the Stunning Models Which Have Just Reached Our Salons Do Most Charmingly Typify the Mode and Meet the Urgent Demand for a Smart Combination of the Practical and the Distinctive.

- One has its long tunic richly bonaz-embroidered in Greek design.
- Another gleams with iridescent steel beads.
- A tailored model has slit pockets in box-bodice and straight skirt, all faced with atzec (deep henna) satin.
- Of bewitching youthfulness is a bolero frock with a broad crushed girdle of black and gold brocade and a simple round neckline.
- Some dressy tailored frocks go in for a great deal of navy or black embroidery with touches of gleaming gold.
- All are expressed in serges and tricotines of the fine, supple qualities better dresses demand, and in deep navy shades. Prices, \$57.50 to \$110.00.

Junior Misses' \$10.00 Skirts at \$7.50

50 only, made in the favored pleated style from good-looking navy wool serge of a quality that will stand all the romps of Spring school wear. Button trimmings for smartness.

Sizes 24 to 29 waist and 26 to 32 length. Regularly \$10.00. Morning special, today 7.50

Simpson's—Third Floor.

RAWAK HATS

May Be Purchased Only at

Simpson's

Inspired by Paris and made in America, the Rawak Hat has the beauty and elegance that is distinctly French, coupled with the practicability that the Toronto woman has always demanded in her millinery. The collection now on exhibition in Simpson's is one of the most complete that has ever gone out from the House of Rawak. You will find it in an infinite variety of the simple tailored hats or smart lines that the well-dressed woman likes to don with her day-time suit or frock for general wear. Also hats for more formal occasions that are the essence of grace and charm and the last word in becomingness. There is a hat for every face, and a hat for every occasion, from morning shopping to the most pretentious afternoon bridge or evening reception.

The Unusual in Hats Comes From
SIMPSON'S
