Expel Union Men Who Joined Winnipeg Strike

Action by Brotherhood of Railway Trainmen FIFTY-ONE FROM ONE LODGE

Statement is Made by Vice-President Murdock—Winnipeg Trades and Labor Council May Lose Charter for Advocacy of One Big Union

Winnipeg, July 17.—All the members of the International Brotherhood of Railway Trainmen in the Winnipeg district who participated in the recent general strike which the brotherhood considers to have been illegal, will be expelled from the union, said James Murdock, vice-president of the organization yesterday. This policy will be maintained, he declared, even if it means the elimination of every lodge in the west.

Definite action was taken in this connection on Tuesday night when fifty-one members of one Canadian Pacific lodge were expelled. Some of these men had been members of the brotherhood for twenty-five years. They can in six months make application for re-admission, and if permission is given by the grand lodge they can again become members of the organization.

May Lose Charter—Winnipeg, July 17.—In the opinion of many union officials summary action by the Dominion Trades and Labor Congress is expected to follow the adoption by the local trades and labor council of the Calgary convention report amounting to full endorsement of the one big union project.

Winnipeg, July 17.—Machinists Lodge number 122 (C. P. R.) had its charter revoked last night by its international representative as a result of its decision to throw in its lot with the one big union.

This body has a membership of about 400 and a big attendance was anticipated in view of the important decision required of the membership. However, not half of the lodge's membership put in an appearance and the actual vote was sixty-four in favor of the one big union to four against it.

At a result of this decision, James Somerville, international representative, who had addressed the meeting prior to the vote being taken, declared the charter revoked. In an interview Mr. Somerville said that he was fully confident that the majority of the men would recognize their union and remain on an international basis.

As Hiram Sees It

"I'm tickled to death with the municipal council," said Mr. Hiram Hornbeam this morning. "I wanted to go out to get the money, I didn't know how in time I was going to get the money. I ain't got it now on the credit of the city—according to that vote they passed Tuesday. They're good fellows. I had no idea they'd be so generous. I'm gonto apply right away for the money an' git busy. I won't be here when the last payments comes due, but the city's good for it. I tell you, Mister, I'm gonto take back all the things I ever said about them councillors. They're all friends of mine—I know it. I'll bet if I wanted to put a mortgage on my hoggan tomorrow they'd take it my valuation—see size. I kin see a great future ahead of the settlement now. We'll all come in an' git a loan—financed by the city—go git the cash. What makes the hull thing so good is the way the city helps us when it needs help itself. We couldn't blame the council if it spent every cent in the city, for I guess if the truth was known you need houses a good deal more'n we do."

Soldier Patients Fire Building

Liberate Prisoners in Toronto Hospital and Apply Oil and Match; Some Forty Placed Under Arrest

Toronto, July 17.—About half past ten o'clock this morning forty returned soldiers at the Christie Street Orthopedic Hospital, stormed the guard room to liberate two of their comrades who were imprisoned there. After bursting open the door and taking out the prisoners they got a quantity of coal oil drenched the bedding in the building and set fire to it. As the structure is fire-proof the flames simply consumed the inflammable material inside all the fittings being destroyed.

As the rioting took place on military property the city police took no action. All the men have been put under arrest by the military authorities.

When the riot broke out in 1914, Captain Raahauge was in command of a fine steel three-master named the Kristina Jensen. He was bound for St. Petersburg with a cargo and while approaching the harbor was stopped by Russian naval officials who ordered him to take his vessel to Revel. Here his schooner was commandeered and he and his crew returned to his home at Matsalu. He immediately took over another three-master schooner, the Apollo, and was in St. John harbor in 1916.

CAPTAIN NOW HERE HAD SOME WAR EXPERIENCES

Commander of Schooner Energi, In From Iceland

He Was Twice Torpedoed by Germans and One of His Vessels for a Time Commandeered by Russians

Twice torpedoed by the Germans and having his vessel commandeered by the Russian government were some of the war experiences of Captain Raahauge, commander of the three-masted Danish schooner Energi, which is now loading lumber at the Melowd wharf.

When the war broke out in 1914, Captain Raahauge was in command of a fine steel three-master named the Kristina Jensen. He was bound for St. Petersburg with a cargo and while approaching the harbor was stopped by Russian naval officials who ordered him to take his vessel to Revel. GOOD THINGS COMING TO THEATRES OF ST. JOHN

CLEVER DANCING TEAM

Other Good Features at Opera House Tonight - The New Programme

Direct from the famous Winter Garden show—one of New York's standing sensations—came the clever dancing team, Beattie and Bloom, now the Opera House, as one of the features of the present vaudeville programme. If you are a dancer, or trying to be, see this graceful pair—you might learn a few new steps.

There are four other good acts on the bill as well as the serial picture, "The Man of Might." Tonight is the last time for this programme. Two shows, at 7.30 and 9.

The regular change of bill opening tomorrow evening offers Mar and the Dwyer Twins in classy songs, dancing and changes; Greene and Brown, two snappy colored comedians and dancers; Burton, comedy ventriloquist; George and Mac DeGlen, in comedy songs, chat and eccentric dancing; The Brissons, in comedy variety and acrobatic novelty; and the serial picture, "The Tiger's Trail," with Ruth Roland.

FASHIONS AT OPERA HOUSE FULL OF INTEREST

The ladies are much interested in Fashions De Vogue, one of the features of the present vaudeville programme at the Opera House, as it gives them a chance to see the latest designs in evening gowns, put together in the twinkling of an eye by an expert costume designer, a man who has really been on the staff of some of the leading establishments in New York dealing exclusively in ladies' wear. Gentlemen who have often wondered why gowns cost so much real money can look this offering over and, after seeing how the material is put together, can wonder a little more. Tonight is the last night for the Fashion Show—it is a novelty and worth seeing. There are two performances, at 7.30 and 9.

G. W. V. A. BAND TO PLAY AT MILITARY FUNCTIONS IN ST. JOHN

It is announced today by Major Cathbert Morgan, president of the G. W. V. A. band, that arrangements have been made whereby the newly formed band of the Great War Veterans' Association will play at all military functions held in the city. The band, though organized just within the last few weeks, has now a membership of about forty members, and all are enthusiastic concerning success. An order has been given whereby the instruments of the 115th band will be given for the use of the "Vets," which will prove most helpful.

With the promulgation of the order regarding military engagements, comes the announcement that the Veterans' Band will play at the various functions connected with the visit of H. R. H. the Prince of Wales on August 15. They will play the greetings on his landing from the "Remowen," at the ceremonies in the army, at the garden party at Rothesay, and at his departure. The next band rehearsal will be on Tuesday.

REGULATIONS FOR LIQUOR PRESCRIPTIONS

Victoria, B. C., July 17—Victoria prohibitionists have again taken up with the provincial government the necessity of stricter regulations governing the granting of liquor prescriptions by the medical profession. A delegation has interviewed the premier and told him that the prohibitionists view with alarm what appears to them to be an abuse of the provisions of the act by the medical profession. Some doctors, it was pointed out, were not confining their prescriptions for liquor for uses prescribed by the act.

It was stated that one doctor had issued 100 prescriptions for liquor in six days and another 523 in twenty-six days. Mr. Oliver pointed out that in the case of an act to which a large section of the people had a decided objection, its administration would always be fraught with more or less difficulty. He promised a full and thorough investigation. The prohibitionists made it clear to the government that they would welcome the prosecution of doctors who were exceeding the powers granted by the prohibition act.

JUDGE ROBSON MAY BE CHAIRMAN OF COMMERCE BOARD

Ottawa, July 17—Sir Robert Borden will leave Ottawa today for a two weeks' vacation. He had expected to be able to announce the personnel of the board of commerce. Rumor is that the position of chairman has been offered to Judge Hugh Robson of Winnipeg. It is stated he has asked an opportunity to consider and that this has caused a brief postponement of the announcement.

W. F. O'Connor, formerly chief of living commissioner; H. A. Pringle, K. C., of Ottawa, and Judge Snyder of Hamilton have all been mentioned as possible choices for the chairmanship.

Sir Robert Borden will take a boat at Montreal for a cruise down the Gulf of St. Lawrence. Sir George Foster will be acting premier.

IN WALL STREET

Trading during the first hour was almost as large as that of recent seasons, but dealings were less varied. Oils again commanded attention, Texas Company, Mexican Petroleum and Royal Dutch scoring substantial gains. Buying of rails extended to coalers and eastern lines notably Lehigh Valley and Baltimore and Ohio. Equipments were again featured by Baldwin Locomotive, but Crucible Steel was backward reacting over two points. Motors, tobacco, rubbers and several of the food divisions were under occasional pressure. No attention was paid to the further break in exchange on London and Paris. Call money opened at six to seven per cent.

BRITAIN AND DOMINIONS.

THE SENATORS UMBRELLA

Senator Lodge, while visiting in a rural district, dropped in on a boyhood friend, now justice of the peace. A couple came in to get married. The justice married the pair, and after accepting a moderate fee handed the bride an umbrella. Lodge observed the proceedings in solemn silence, but after the couple had gone he asked:

"Do you always do that, Arthur?"

"Marry them? Oh, yes; if they have the license."

"No, I mean give the bride a present."

"A present? Why, wasn't that her umbrella?"

"No," said Lodge, peevishly. "It was mine."

Two travelers met in the smoking room of a hotel and at once commenced talking shop. "How's business?" Getting many orders?" asked the stout man.

"More than I can handle," said the short man. "How is it with you? Had any orders lately?"

"Well, business is pretty good," said the stout man. "I haven't had an order for a year and a half, but expect to get one next spring."

At this point the curiosity of a bystander got the better of the justice, married the short man aside: "Who's your stout friend?"

"A traveler," was the brief reply.

"Well, he certainly has puzzled me. 'What's his line?'"

"Suspension bridge."

New York Globe: "Undeniably alcohol did not have such a terrible grasp upon us as to make its comparative or even its absolute prohibition a matter of life and death. As long as we could get alcohol easily many of us would drink. When it ceased to be easy to get many of us stopped drinking. We would have done the same had tea or coffee been prohibited after a similar campaign to prove their harmfulness. Drink has been a convenient and a social, but it has never gone clear to the roots of the lives of most men, certainly not of most women. Remove it and life goes on much as before."

SELLING STORES IN ENGLAND.

U. S. Army to Dispose of a Billion Dollars' Worth.

London, June 16—(Correspondence of the Associated Press)—The last of the billion dollars' worth of stores purchased by the American army in England will have been disposed of on Aug. 1, in the opinion of Major-General J. G. Biddle, the American army headquarters were closed June 15 and only a small contingent of the quartermaster's department remained to co-operate with the liquidation commission in adjusting a few remaining contracts and selling supplies. Consequently by August the army will cease to have a war interest in England.

"Immediately the armistice was signed we began to cancel and adjust contracts, and in this work had such hearty co-operation from the British war office that the United States has been able to clear up its contracts very advantageously," said General Biddle. "Only a few of them remain to be adjusted."

The last property on hand consists largely of aviation, engineer and ordnance stores. It was not deemed advisable to dispose of it too quickly and finally it was arranged that auction sales of all that was not disposed of privately should begin the latter part of June. There was demand for most of the material, and our early inquiries indicated that good prices would be obtained, and also that we would have little difficulty in getting rid of everything we had."

RECENT WEDDINGS

Emberley-Evans.
The wedding of Miss May Evans, daughter of Mr. and Mrs. George Evans, and G. Everton Emberley, of Montreal, took place yesterday morning at 10:30 in Knox church, Rev. H. C. Fraser performing the ceremony. The bride received many lovely presents. The happy pair left on the Halifax train for Prince Edward Island, where they are to spend their honeymoon, later taking up their residence at St. Anne de Bellevue (Que.), where the groom is a professor at Macdonald College.

In the Catholic church, St. George, N. B., Rev. J. W. Holland united in marriage Miss Jennie M. Wallace to Joseph P. O'Connor on July 14. The young people resided in Black's Harbor but will make their future home in Ontario.

WEDDING OF INTEREST TO MANY IN PROVINCE

The following account of a wedding, copied from the News of Mars Hill, Maine, will interest many people in this province, especially in Kings county. E. B. Morton, father of the bride, is from Penobscot, Kings county, and her mother is a daughter of the late Duncan Buchanan of Apohaqui, Kings county. The bride was a nurse with the American army in France. The groom went overseas as a private, won a commission and was made quartermaster of his unit. The Mars Hill News says:

Morton-Everberg.
A very pretty wedding was solemnized at the home of Mr. and Mrs. Edward Bliss Morton on Benjamin street on June 24th, when their oldest daughter, Graciele Alberta, became the bride of Gustave William Everberg of Boston, Massachusetts.

The ceremony was performed at one o'clock on the large piazza which was prettily decorated with evergreens, purple iris and daisies. The bride was attended by her sister, Laura Maud Morton and both wore white serge skirts with white crepe blouses and large black maline hats. They carried daisies. The groom and best man, Carl Andrew Everberg, wore white flannels. Mrs. Harold H. Peckard played Lohengrin's Wedding March as the bridal party took their places. The bride was given in marriage by her father. The ceremony was performed by Rev. Wm. Snow, the impressive double ring service being used.

After the ceremony the happy couple were driven to Houlton and left on the afternoon train for a short trip into Canada. The bride's travelling suit was blue with hat to match. On their return they will reside in Auburn street, Woburn, Mass. Many beautiful gifts of cut glass, silver and linen were received. The guests included the immediate friends of the bride in this town, Bridgewater, Houlton, and Fort Fairfield, also Mrs. A. W. Everberg, mother of the groom; Mrs. Harold H. Peckard, Miss Anna C. Everberg, sisters of the groom, all from Boston. D. R. Buchanan of Bangor, Miss Grace May of Bangor, Mrs. T. P. Cogshall of Cambridge, Mass., and Miss Nellie M. Seby of Panton, R. I.

BRITISH SAILORS

Drive to Obtain Sum to be Made in America-Sims Gives Approval
New York, July 17.-The American's Tribute to the British Merchant Seaman's Fund announced today that plans for a drive to obtain \$500,000 for British sailors disabled in the war have been practically completed. The drive here will be part of an international campaign to raise \$2,000,000, and, according to the statement issued, Rear-Admiral Sims, U. S. N., has approved the campaign, as well as Ambassador John Davis.
The aim of the movement, as disclosed, provides not only for the relief of enlisted seamen, but also for further cementing friendly relations between England and America, and bring to the attention of both countries that the English-speaking peoples of the world stand together as a bulwark of protection to civilization, liberty and progress.
According to the statement sent out, the toll of German submarines and raiders was 17,000 British merchant seamen killed and 80,000 left crippled or maimed. The drive in America will be directed by William H. Appleton, who was designated, the statement issued, by Admiral Lord Bessford, vice-president of the Merchant Seaman's League, a British organization of 140,000 members.
The fifty millions contributed in the United States are to be invested in American securities and administered for the injured sailors, the statement declared.

DISMISSES DIVORCE SUIT.
Court Rules Evidence Does Not Sustain Charges Against Pastor.
New York, July 15.-The suit by Mrs. Emilie Neifer of 67 East Ninety-third street for a divorce from the Rev. Joseph Martin Neifer, formerly rector of St. Mark's and St. James' churches in this city and now rector of the Protestant Episcopal church at Presque Isle, Me., was dismissed by Supreme Court Justice Gieserich. The court also refused the clergyman's counterclaim for separation on the ground of abandonment.
Justice Gieserich ruled that the evidence failed to sustain any of the charges against the Rev. Mr. Neifer, and he also held that there was insufficient proof to justify the counterclaim for separation. The court will hear applications later for the custody of the two children, Isabelle, sixteen, and Morton, fourteen years old. They testified in behalf of their mother and will remain with her until the further order of the court.

SERGEANT E. C. CRAIG

SOON GOING TO WEST

Sergt. Edward C. Craig who recently returned from Siberia, is a guest of Staff Quartermaster-Sergeant H. B. Rossiter in Fair Vale for a few days, before going to his home in Vancouver. Sergeant Craig has been in service since the outbreak of the war, having served in Bermuda with the Royal Canadian Regiment and also with the general staff of the 1st Canadian Division. He went to Siberia under the command of Lieut. Colonel A. H. H. Powell and was attached to the general staff officers' post. Sergeant Craig recently received his discharge from the service and will leave soon for his home in the west. While attached to local military headquarters here he made many friends in the city, who will be sorry to hear of his departure.

TROUBLE THREATENS AT FALL RIVER MILLS

Fall River, Mass., July 17.—The Fall River Cotton Manufacturers' Association today issued a statement to the "people of Fall River and textile operatives in particular" declaring its intention of shutting down all the mills in the city should the doffers' union declare a strike at any mill of the association failing to comply with the union demand for a readjustment of the wage rate. The doffers had called a strike at the Sagamore mills today, but later postponed action pending a special meeting on Friday night. All the doffers reported for work this morning. A telegram has been sent to John Golden, president of the United Textile Workers, urging him to come here to take charge of the situation.

LOCAL DELEGATE HOME FROM WEST

L. F. Duffy Speaks of Dominion Convention of G. W. V. A. in Vancouver

L. F. Duffy, who has been in attendance at the annual convention of the Great War Veterans' Association of Canada in Vancouver, returned home at noon today. The gathering had been remarkably successful, he said, with 265 delegates in attendance. Besides himself from New Brunswick there were Hon. H. F. McLeod, Fredericton; F. W. Alexander, Campbellton, and A. I. Arsenault, Bathurst. Mr. Duffy was elected to the Dominion Executive as the N. B. representative. The next meeting of the executive will be in August in Ottawa.

Among the resolutions of special interest to this province was one calling upon the government to carry out a system of financial aid to veterans desiring to engage in fishing and lumbering industries on a plan similar to that arranged for those taking up farms. A Calgary resolution calling for a bonus of \$2,000 to veterans was compromised by the passage of one asking the government for the purpose of alleviating unemployment in Canada, to carry out an extension of the war gratuities or to provide a scheme of unemployment insurance. This matter is to be discussed by a committee from the Dominion Executive and a parliamentary committee. Many other questions of interest to returned soldiers were dealt with.

The delegates to the convention were well entertained in the Vancouver members. Among the features on the social bill was an outing to Colony Farm outside the city, where supper was served and a dance held, the arrangements for which were made by Lieut.-Col. C. E. Doherty, M.D., a brother of Manning W. Doherty of this city. The whole programme of entertainment was very pleasing, while much important business was done.

BREAK AT DRUG COMPANY'S PREMISES PREVENTED BY POLICE

An attempt to break into the Brayley Drug Company's store last night was frustrated by Policeman Jones, who saw two persons run from the rear of the building along Drury Lane about 1:30 this morning. Investigating, the policeman found that a barrel had been brought from the opposite side of the street and placed under a window leading into the store. A wire screen on the window had been cut and a pane of glass broken, but the offenders had failed to make an entrance as they were frightened away by the policeman.

LIEUT. E. J. CROWIN NOW IN SOUTH RUSSIA

A visitor to the city yesterday was Herbert Kirk, formerly a lieutenant in the Royal Air Force, who was passing through from Wolfville, N. S., on his return to his home in Sussex. Mr. Kirk left St. John with the 140th Battalion and transferred to the flying branch of the service in England. After being in England when he was in France he was in hospital for some time and then was sent to Egypt in company with Lieut. E. J. Crowin of St. John. There he was for some time prior to his return home a few months ago. Lieut. Crowin is now in South Russia as an officer in the army of occupation, with the Imperials. He has had quite a varied and interesting career since leaving here with the 140th Battalion. He served for a time with the 29th Nova Scotians in France before transferring to the air force with which he went to Palestine. His friends will be pleased to know that he is expecting to get leave in the autumn to visit his old home.

CALAIS TEAM HERE FOR GAMES SATURDAY

Baseball fans who were at the ball game last Saturday afternoon between Calais and a picked team from this city will be pleased to learn that arrangements have been completed to have the team return to the city for a double-header on Saturday afternoon and evening. An all-star nine will oppose the Calais team and thus the expense of bringing the better town team here will be met. The line-up of the St. John nine will be announced tomorrow. The games will be at 2 o'clock and 7 o'clock on the Queen square diamond.

POLICE COURT

In the police court this morning three men charged with drunkenness, were fined \$8 each or two months in jail. Charles Harrington was charged with wandering about Brooks street at 2:40 a. m. He was fined \$8 or two months in jail.

A case against Edgar Barham, charged with stealing goods from W. H. Thorne and Company Limited, was resumed.

On motion by E. S. Ritchie, counsel for the defendant, the case was postponed until Tuesday afternoon at two o'clock, when it is expected a decision regarding the preliminary examination will be given. W. H. Harrison appeared for the prosecution.

A case against William Crowley, charged with assaulting his wife, was resumed. Rebecca Scott said that she saw marks on the complainant's throat and Jennie O'Connell gave evidence that she heard a noise in the house on the night in question and found that a man and his wife were quarrelling and that she saw the husband strike the wife. The magistrate said that two sureties could be gotten guaranteeing that the defendant keep the peace, he would not send the defendant to jail. The defendant was remanded until the matter could be arranged.

E. S. Ritchie, appeared for the prosecution and W. M. Ryan for the defendant.

of Threat to Call Out

mons

London, July 16.—Sir Edward Carson's speech on last Saturday has brought the Ulster leader under the lash of the newspapers of all parties, primarily on account of his references to the United States, which are criticized as tactless and calculated to breed bad blood between the two nations, and, secondly, because he reiterated his old threat to call out the Ulster volunteers to resist any attempt to place the home rule act in operation.

MURDER, DECLARES
CORONER'S JURY

Ontario Hermit's Skull Was Fractured—The Guilty Unknown

Montreal, July 17.—That Leon Demers, a Shawbridge hermit, was murdered was the conclusion of the coroner's jury, after the inquest held yesterday afternoon. The coroner questioned two boys of the Shawbridge boys farm and industrial school who had discovered the body. They told how, when in search of bones on a rubbish dump near the institution, they noticed a rope, one end of which was hidden under a pile of dead branches. They found that the rope was tied to the neck of a dead body in an advance state of decomposition. The skull was broken in one place. Dr. Demers said that the break could not have come from a self-inflicted blow; there was no doubt that death had been caused by the fracture of the skull.

CAT GIVES ALARM
MURDER DISCOVERED

New York, July 17.—A yowling cat ran into the flat of Mrs. Mary Litchot on the third floor of 118 Stanton street, leaped at the woman and darted into the hallway. The cat returned, still crying, and Mrs. Litchot kicked it away. But the cat persisted and continued running into the flat, yowling until Mrs. Litchot, who followed, discovered the body of her neighbor on the floor, her head was equally enforced. Mr. Clines described Sir Edward Carson as the "arch apostle of direct action."

WOUNDED SOLDIERS AND
THE MASONIC FRATERNITY

Toronto, July 17.—Soldiers maimed in war are eligible to become members of the Masonic Fraternity, provided they are capable of learning the art of Masonry. The grand lodge of Canada in Ontario has decided here yesterday that any soldier or otherwise will be left to each individual lodge, subject to appeal to the grand lodge, whose decision will be final.

INTERESTING FIND ON
HON. A. J. BALFOUR'S ESTATE

Edinburgh, June 16.—(Correspondence of The Associated Press)—A hoard of battered silver plate dating back to the fourth century has been found on the estate near here, of the British foreign minister, Hon. A. J. Balfour. It is described as one of the most remarkable archaeological discoveries ever made in Northern Europe. Mr. Balfour had asked with the excavators that all finds should become the property of the nation, and the silver vessels have been transferred to the Queen street museum in this city. The silver is said to be exceptionally pure.

The site of the discovery is known as Traprain Law. It was once a fortified area, which covers sixty acres and gives evidence of occupation at intervals during the four centuries of the Christian era. It is believed to have been at one time the site of a Celtic settlement under Roman rule. Its latest inhabitants are thought to have been Saxons.

DEFICIT OF \$2,000 IN YEAR

Treasurer Suggests Concerted Move
to Add to Treasury—Busy Year
in Caring for the Seriously
Afflicted Is Told Of

The need for more funds to carry on the work was one of the outstanding features of the reports submitted at the annual meeting of the St. John Home for Incubables which was held this afternoon in the institution. The reports show a busy and successful year in carrying on a work which has resulted in giving so greatly to the comfort and well-being of the seriously afflicted. The expenses of the last year exceeded the income by about \$2,000, the deficit being met by drawing on the balance on hand. A concerted move to secure more funds is suggested by the treasurer. The reports submitted were as follows:

To the Subscribers to the St. John Home for Incubables.
Ladies and Gentlemen—The duty which devolves on me, because of the absence in Europe of our chairman, Dr. Thomas Walker, affords an opportunity to me as a pleasure to take advantage of, by placing on the record appreciation of the interest and devotion of the members of the board of directors for the year ending July 6, 1919, as kept by your treasurer, and have four great sources accounting for the funds for your institution.

HOBBO KING IS

Is Charged With Posing as Federal
Agent but No Warrant is Issued

Atlantic City, July 17.—Local labor leaders have become aroused over what they term the "high-handed and unwarranted arrest" of Jeff Davis, known throughout the country as a "king of hoboes," and the enemy of the I. W. of M. and Bohemian, who was taken into custody on Friday evening, charged with posing as a Federal agent. Several of the labor unions banded together today and employed Attorney E. L. Schwinghammer to represent Davis. In the meantime the hobo king remains in jail and is denied communication with anybody except his attorneys.

GREEK CLAIMS TO
THRACE PRESENTED

Paris, July 17.—The territorial commission took up the question of Thrace yesterday. According to the Journal Premier Venizelos set forth Greece's claims to Thrace at great length and the supreme council decided afterwards to await a report that Signor Tittoni is to deliver on behalf of Italy before July 25. "The choice of Signor Tittoni as the reporter on the situation," the Journal says, "opens a strange prospect when the desired open sympathies of Italy toward Bulgaria are remembered."

Suggest Improvements In The Prohibition Act

Physicians Find Some Provisions Work Hardship; Want Government to Guarantee Quality; Interested in Compensation Act

At the final session of the New Brunswick Medical Society held yesterday afternoon, the committee appointed to bring in a report on the suggested amendments to the prohibition act submitted a resolution in which they put themselves on record as follows:

That alcohol is a necessary drug and should be under no more restrictions than any other drug, that the prices now charged for alcohol and alcoholic stimulants are excessive and the government be asked to control the price.

One section of the act states that "Only one sale a day may be made to one person." We advise, stated the doctors, that this part of the section be eliminated as it is often necessary to prescribe more than one form of alcohol in a day.

It is admitted that occasionally provisions of the act are violated by physicians, and this violation is much deprecated. The authorities are requested to report violations to the medical council for their action.

A strong committee was also appointed to investigate the Workmen's Compensation Act and its relation to the medical profession. The society decided to meet in Moncton next year.

Spirited Discussion. When the resolution on the prohibitory act was placed before the society it evoked much discussion. In speaking upon the subject, Dr. G. A. B. Addy said: "It is a disgrace the way in which people talk about the profession abusing the act and I for one do not propose to stand for it. The way the act is being carried out in St. John is a criminal outrage."

Dr. Crockett assailed the act as one of the most disgraceful and outrageous violations that human minds could create. He said that it was opposed to all the principles of democracy, for while our boys were overseas fighting for liberty, truth and freedom, the people of Canada deliberately enacted a measure that affected those boys very much without even giving them the least opportunity of having a say in the matter.

Dr. J. B. McKenzie, of Loggieville, said: "The act as it stands today is a disgrace to the medical profession and also a nuisance." He related an incident to illustrate the fact that sometimes the measures taken to "spoil" those who were selling liquor illegally was to the least questionable.

Dr. J. M. Barry also spoke strongly against the legislation and made mention of the fact that within the last three or four months only one drunk in the city had been fined, whose intoxication was obtained through a doctor's prescription.

Dr. J. N. Nugent expressed his sympathy with those who favored some change in the law.

A motion was then suggested which would express the attitude of the society more forcibly than that contained in the resolution. Speaking in reference to the suggested resolution Dr. W. W. White warned the society to do nothing hastily and only to vote on a motion which would express their feelings as physicians and in their profession.

"Remember," he said, "never can we wipe off the records the resolutions passed here."

After Dr. Bentley and a few others had spoken and expressed the opinion that as their words might be used by both the prohibitionists and the anti-prohibitionists it was advisable not to make their resolutions too strong, Dr. Farris told the meeting that the committee covered the ground in so far as the medical profession was immediately concerned.

He thought the suggested amendment was not wise. Dr. Addy, who introduced the amendment, agreed to withdraw it as the ground covered by it was also covered by the motion.

A Boston Doctor. Another feature of the afternoon session was a very interesting and instructive address by Dr. Andrew R. MacCauley of Boston, on "Deformity as a factor in Disability." He gave a full description of the different deformities, such as flat-foot, deformed angles, knees, hips, spine and shoulders. He gave many illustrations of the manner in which these should be treated and proper methods of bandaging and binding such.

Dr. MacCauley was a specialist in Orthopedic surgery, and had pointed out the positions in which the joints had best be placed to insure a complete recovery.

Dr. Addy read an address on golfers from a surgical standpoint. This was very ably discussed by Dr. Rowley who spoke of the treatment for a patient with the disease. He summarized his statements by saying: "If the patient will not follow the rest cure prescribed, he then must submit to the surgical treatment."

Dr. A. E. Macaulay, as chairman of the committee appointed to bring in a resolution regarding the Workmen's Compensation Act, brought in the report of the committee in which many amendments were altered in the working of the act and the fees for "first aid" were thought to be very low. The report set a new schedule of fees and suggested that this step be communicated to the trustees of the Workmen's Compensation. Funds.

He moved that the report be received and the resolutions embodied in the report be adopted. This called for considerable discussion from different parts of the hall.

Dr. Moorhouse wanted ambiguity concerning the expression of "first aid" cleared up in the minds of the members. "First aid in the ordinary sense does not mean surgery."

He was very emphatic in regard to the injustices of the act which he declared to be simply a scheme to act the doctor to take upon himself for a few dollars, thousands of dollars worth of responsibility. There should be medical supervision over the funds and over the working of the act, was his opinion.

Dr. Rowley said: "There is no such thing as first aid to a doctor. All his work is the same, beginning, end and middle."

Dr. Ross, of Fredericton stated that from his experience first aid was the treatment of injuries with unsterilized bandages, handkerchiefs, etc.

Dr. White said that the board does not understand the situation and the profession was completely ignored by the act. He then made a motion that a committee of six representing all parts of the province be appointed to thoroughly investigate the act and all its contingencies, and approach the board with a view of making an amicable settlement of the act.

The auditor's report was accepted and it was decided to hold the next annual meeting at Moncton. The secretary was instructed to extend the thanks of the society to the Y. M. C. I. for the use of its building and the sum of five dollars each was given to the janitor and to the clerk for their services during the convention. Mrs. Eva Tebo, of St. John, Relieved of Five Years' Trouble—Declares Tanlac is the Best Medicine on the Earth.

Mrs. Eva Tebo, who lives at 30 Acadia street, St. John, is an ardent champion of the merits of Tanlac since she began taking it several weeks ago.

While discussing Tanlac, which has been so beneficial to her, Mrs. Tebo became very enthusiastic in commenting on her improved condition, said: "I suffered terribly from indigestion for five years, and when I commenced taking Tanlac, I didn't believe I would ever be a well woman again, for all the medicines and treatments I had taken up to that time, didn't do me a particle of good, and my condition was gradually getting worse all the time."

"Some of my friends kept insisting on my giving Tanlac a trial until I was finally persuaded to buy one bottle and see what it would do for me. Well, I must say that Tanlac has done me a world of good, and I feel like a different person altogether now. In fact, my troubles have been completely overcome, and I am enjoying as good health in every way as I ever did in my life. I have a fine appetite, and can eat just anything I want without suffering afterwards."

Tanlac is sold in St. John by Ross Drug Company and F. W. Munro, under the personal direction of a special Tanlac representative.—(Ad.)

WOMEN'S POWER IS THE BALLOT

Are Prepared to Accept Responsibility of Future Legislation

(By Marjory MacMurchy, in "Women of Today and To-morrow.")

With some sense of wonder we realize that there seems to be little need to speak of the franchise today. Women are now responsible citizens, responsible in every way, and perhaps while the roots of the franchise are growing down in our lives, and the branches of the tree are spreading abroad, the less we say the better. The situation in Canada belongs to this country, and perhaps in the same degree to no other. We have been fortunate in Canada. I think there has been in the Canadian household always the wish to do equally well for both sides of the house on the whole. The subject of the political enfranchisement of women is interesting, but may be safely left for the able analyst of tomorrow. It strengthens the stomach, cures indigestion, prevents headaches—guarantees good health.

Britain Considers Withdrawing Envoy

From the Vatican

London, July 16.—The British government is considering the question of withdrawing its envoy from the Vatican, Cecil E. Harmsworth, under secretary of state for foreign affairs, declared in the house of commons today that he had no confirmation of the statement made by Robert J. Lyon, Unionist member, who had questioned the government, that owing to the hostility of the Vatican to the Allies during the war, the continued presence of the envoy was causing considerable resentment amongst many who had lost relatives in the war.

A New Blood-Food Called Ferrozone Sure to Restore You Quickly.

Every day comes the good news of wonderful cures with Ferrozone. In Peterboro' it worked marvels for Louis Mehan—put him right on his feet—made him entirely well. "About three years ago," says Mr. Mehan, "I had the Grippe which left me in a very run-down condition that finally developed into Dyspepsia. I was unable to eat but a few things and had a craving for acid. I gave up breaking with the doctors because they did not help me and on the advice of a friend used Ferrozone. It not only cured me of Dyspepsia and Biliousness, but has built up my strength to what it was before I had the Grippe. I can recommend Ferrozone as an ideal restorative."

Ferrozone gives you force, energy and vim. It strengthens the stomach, cures indigestion, prevents headaches—guarantees good health. Thousands use Ferrozone—they all feel better; try it yourself—sold in 50c boxes, six for \$2.50 at all dealers or direct from The Cestarrhose Co., Kingston, Ont.

The revelations made before the Cost of Living Committee of huge profits on "war-stored" stock make imperative for the protection of the general public, if profiteering cannot be stopped, at least the excess profit can be taken by the government and applied to reduce the general burden of taxation.

THIN, NERVOUS PEOPLE NEED BITRO-PHOSPHATE

What It Is and How It Increases Weight, Strength and Nerve Force In Many Instances

SHOULD BE PRESCRIBED BY EVERY DOCTOR AND USED IN EVERY HOSPITAL

Says Editor of "Physicians' Who's Who"

Take plain bitro-phosphate is the advice of these physicians to thin delicate nervous people who lack vim, energy and nerve force, and there seems to be ample proof of the efficacy of this preparation to warrant the recommendation. Moreover, if we judge from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who long for their excessive thinness.

Thinness and weakness are often due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and sold by the Ross Drug Co. in St. John and most all druggists under a guarantee of satisfaction or money back. By feeding the nerves di-

rectly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate should produce a welcome transformation in the appearance; the increase in weight frequently being astonishing. Clinical tests made in St. Catherine's Hospital, N. Y. C., showed that two patients gained in weight 23 and 27 pounds, respectively, through the administration of organic phosphate; both patients claim they have not felt as strong and well for the past twelve years.

Increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, should soon disappear, dull eyes ought to brighten and pale cheeks glow with the bloom of perfect health. Physicians and hospitals everywhere are now recognizing its merits by its use in ever increasing quantities. Frederick Koelle, M. D., editor of New York Physicians, "Who's Who," says: "Bitro-Phosphate should be prescribed by every doc-

NO LAW TO INVOKE AGAINST CARSON

Attorney-General Advises no Action Can be Taken Though Language Used is Condemned in House.

London, July 16.—Sir Edward Carson's recent speech regarding Irish conditions came up in the House of Commons today. The Attorney General Sir Gordon Hewart, announced that there were no grounds for setting the law in motion against Sir Edward for his threat to call out the Ulster volunteers against Home Rule. By a vote of 217 to 75 the House rejected a motion by J. R. Clynes, labor member, urging the government to prosecute Sir Edward Carson for his speech of incitement to violence and breach of the law.

The debate turned on the legal point, in which, the Attorney General said he had the concurrence of the Solicitor General. But almost all the speakers, without distinction of party, condemned the Carson speech. Sir Donald McLean, Liberal, appealed to the government to try to regain the moral authority of parliament by condemning the language of the Irish Unionist leader used.

Mr. Bonar Law, the government spokesman, contended that the government was bound to be guided by its legal advisers though nothing could be more painful to him. If the government had been advised that the law was broken he would have insisted on action being taken, or would have resigned. The whole thing was a very unfortunate affair, said Mr. Law.

GERMANS SEEK FINANCIAL AID IN UNITED STATES

Negotiations Are Opened With New York Banks for Establishment of Credits

New York, July 17.—Officials of the Deutsche Bank of Berlin have started negotiations with New York banks for establishment of credits for the benefit of German interests here. It is understood that the Deutsche Bank officials are not acting for themselves alone, but are the spokesmen for the German government and the proposed German banking "kartel," which it has been suggested be formed by the seven big private German banks and the Reichsbank to re-finance Germany.

AN OTTAWA VIEW OF SIR DOUGLAS HAZEN

"No Accounting For Tastes" is Comment on His Alleged Willingness to Re-enter Political Arena

Ottawa, July 17.—If the report that Hon. J. D. Hazen is considering a return to Ottawa proves true, it is not believed here in government circles that he will belong to the reconstructed cabinet which Premier Borden is now working on. He has been during his manhood years active in politics in one way or another, and reports are that it is difficult for him to settle down comfortably to unambitious though highly respectable work of a Chief Justice of the Supreme Court of New Brunswick. It is known that he has indicated that like Job's war horse, sniffing the fray from afar is too much for him.
There is no accounting for tastes. Where many men would use politics as a jumping board to reach even a less exalted position available for them, Mr. Hazen, it is thought, would be eager to cease being chief justice, although indications are that there is no cabinet position available for him. It may be that he thinks there will be a place for him as minister of public works if Hon. Frank Carroll resigns but others have the same idea for themselves. In any case, cabinet reconstruction still delays until the man from St. John, N. B., "Fighting Frank" announces whether he will stay or go.
There is also the possibility that Hon. A. R. Maclean will retire from the government. He certainly will if he is not minister of trade and commerce in the reconstruction cabinet. He has been for some time thinking of retiring in order to engage in the practice of law in Montreal, but he enjoys his work in the trade and commerce department, and will stay if kept there.
It is practically certain that the reconstruction of the cabinet will not be on the fifty-fifty basis, half Liberals and half Conservatives. Suitable men would be obtained with regard to other conditions, but it is certain that Conservative representatives in the cabinet would be strongest.

CHAPERONE, NOT MAN MANAGER FOR WOMEN SWIMMERS DEMANDED

New York, July 17.—After a protracted meeting at the offices of the Amateur Athletic Union, Chairman Fred Rubien announced here last night that the National Board of Registration declined to sanction a tour of the United States by the Australian amateur women swimmers, Fanny Durack and Miss Wylie, under the management of George H. Dowling, a promoter, who resides in Seattle.
The board, however, will permit the women, who are now in San Francisco, to compete in any of the scheduled A. U. championship swimming events if they choose to abide by the rules which permit a chaperone, but not a manager to accompany woman athletes.

AFGHAN AFFAIR IS AIRED IN COMMONS

London, July 17.—(Reuter's)—Sir Edwin Montagu, secretary for India, said in the House of Commons yesterday that, except for outpost affairs, there was now no fighting in Afghanistan. There was reason to hope that the Afghan peace delegates would arrive in the British lines on July 22.
Viscount Curzon asked if it was the intention to allow the Amir to retain the throne in view of his unprovoked attack on British territory.
Sir Edwin replied that the object of the government was to secure the frontiers against the recurrence of such an unprovoked attack. The government at present did not intend to express any opinion as to who would be the future ruler of Afghanistan.

the picture of a dog the Scottish National Galleries may acquire a very substantial portion of a fortune estimated at \$850,000.
Callum, the dog, belonged to James Cowan Smith, of Bathmansill Hall, near Retford, who died recently. Mr. Smith was very fond of dogs and kept a number of them. Mr. Smith had a picture of "Callum with a dead rat" painted in oils. Under Mr. Smith's will the trustees of the Scottish National Galleries will receive part of his estate if they will agree to hang this picture "in a conspicuous place" in one of the galleries under their control.
To a servant Mr. Smith bequeathed his dogs with an allowance of \$128 a week for the keep of each of them and an annuity of \$850.

Had a Very Bad Attack of Bowel Complaint IT WAS CURED BY DR. FOWLER'S EXTRACT OF WILD STRAWBERRY
Any one suffering from bowel complaints such as diarrhoea, dysentery, colic, cramps and pains in the stomach, summer complaint, etc. will find that Dr. Fowler's Extract of Wild Strawberry will give quicker and more permanent relief than any other remedy on the market today.
This old tried and proven medicine has been on the market for the past seventy-four years. You don't experiment when you buy it. Surely the test of time proves this.
Mrs. Daniel Hartwick, Mountain Grove, Ont., writes—"I used Dr. Fowler's Extract of Wild Strawberry and have found that it is a good remedy. When my little girl was 2-3 years old she had a very bad attack of bowel complaint. Nothing prescribed by the doctor seemed to do her any good. She got worse, until we thought we would lose her. I got a bottle of 'Dr. Fowler's,' and she soon found relief. Every one who has children should not be without it in their home.
Price 35 cents a bottle; put up only by The T. Milburn Co., Limited, Toronto, Ont.

Ontario Farmer, Who Shot Man, Succumbs to Shock in Court
Collingwood, Ont., July 17.—Under especially peculiar circumstances a double tragedy was enacted here yesterday. It began on the farm of Amos Sherrick, on the outskirts of the town, early this morning, when Sherrick fired a shotgun at a young man named John Mooney, when he found him in his pig sty, and who was endeavoring to make his escape from the place. It ended by the sudden death of Sherrick in the police court when standing before Police Magistrate Hogg preparing to listra to the formal charge of murder which had been laid against him by the police.
Mooney was a returned soldier, about thirty years old. Sherrick was in his 66th year. He was a very quiet man and highly respected.
The shock of the death of Mooney undoubtedly caused Sherrick's death.

**DUAL LEADERSHIP
SUGGESTED FOR
LIBERAL PARTY**

Ottawa, July 16.—From a certain group of the French Canadian members in the opposition comes a proposal to be brought forward at the convention if found acceptable that the Liberal party in Canada should henceforth be governed by a dual leadership. The names in the minds of the proposers of this idea are Premier Gouin and Martin, and they urge that this would indicate once and for all the desire of Liberals to do justice to all sections of the community and especially to the two races making up the Canadian nation. The difficulty with this proposal is that it seems to overlook that a leader is selected with the idea that he shall later become a premier. A dual leadership is out of the question although a practical division of the duties of leadership has not been an uncommon thing in countries having like Canada in its citizenship more than one race.

In every such case, however, one man is given the name and fame of leader. A proposal will be made that whatever leader is chosen, shall have to assist him

such an advisory council as that formed during the last session to help D. D. McKenzie. Those who formed that council are well satisfied with the results obtained and wish to continue the system. It is now presided over by James Hobb. In latest rumors regarding the reconstruction of the cabinet credence is increasingly given to the report that when Premier Borden announces the changes in the cabinet one portfolio will be found to have disappeared. If, as is confidently expected, Hon. Arthur Meighen

becomes finance minister and the situation is not further complicated for the premier by the resignation of Hon. Frank Carvell as minister of public works, Hon. James Calder is expected to become minister of the interior, while Hon. N. W. Rowell will become minister of public health, immigration and colonization while retaining his present position as president of the privy council.

New Policies Adopted.

It is being noted with some surprise that although a successor to Sir Thomas White as finance minister will be appointed within ten days some important policies, under which the new minister will have to administer are being established before he is appointed. For example it has been practically declared that the government has decided on the policy of not exempting the boards of the next loan. It has also decided to place a minimum price on wheat, both of which plans the new finance minister might regard as placing handicaps on his ability to handle the situation whether they are wise provisions or not. As this would hardly be done without consultation with the new appointment, it lends color to the view that either Meighen has already been selected and that these new departures in policy have been embarked on after consultation with him. As a western minister, Hon. Arthur Meighen would believe that the minimum price would be popular out west.

**NEW APPOINTMENT

He went overseas in 1915 as a junior officer with No. 3 General Hospital. He was sent out to the island of Lemnos in the Mediterranean, but later was recalled to England where he was appointed colonel and sent to

and permanent coalition party re-christened the "Centre" party. The dinner was organized quietly and only became known when some of the diners returned to the house.

It appears that Colonel Churchill, speaking as a disciple of Lloyd George, spoke for an hour, reviewing old political differences and emphasized the necessity for continued combination of the moderates among the Unionists and Liberals in order to preserve what had been won in the war.

Colonel Churchill insisted that co-operation was necessary in order to fight Bolshevism. The supporting speakers included the chief coalition Liberal and Unionist whips.

The lord chancellor referred sympathetically to the future of the labor party, but some speculation exists as to the new party's attitude of alliance or opposition towards the saner elements. The diners gained the impression that Lloyd George would lead the new Centre party.

OAK HALL'S ANNUAL MID-SUMMER SALE

St. John's Greatest Mercantile Event

The values offered in this sale are indeed wonderful, and they are possible only through our great special purchases for cash at rock bottom prices, as well as enormous reductions from our entire regular stock.

The U. S. Dept. of Labor says: "IT IS YOU who regulates production; you, who in the last analysis regulates employment. If you buy, the seller sells, the worker works, and the wheels of production continue to go around. Buy—you people—buy! But buy wisely, judiciously, carefully, intelligently."

BUY INTELLIGENTLY! Never in the history of Canada has there been such need of economical and judicious buying; of conserving one's resources, and making every dollar work to its utmost during these days of reconstruction and readjustment to a peace-time basis.

AND THE LOGICAL PLACE to practice this is at the Oak Hall Mid-summer Sale. Months have been spent preparing for this; our enormous buying power has been used to the limit. Thousands of dollars of new merchandise, at less than market prices, together with substantial reductions on our entire regular stock, will certainly make this St. John's Greatest Mercantile Event.

EVERYBODY KNOWS that this is an actual bona-fide opportunity—a substantial reduction on every piece of merchandise in our store—a reduction on prices already below normal—because our volume of turnover is such that we can do business on a very minimum of profit. We get the volume—YOU get the benefit of better qualities at lower prices. Following is catalogued only a few of the many items to be procured at this event.
