HALIFAX TO BACK APPEAL FOR PORTS

BOARD OF TRADE APPROVES PLAN OF ST. JOHN BODY

Will Urge Restriction of Preference to Canadian Traffic

PREMIER THERE

Col. A. E. Masie and T. H. Estabrooks, of St. John, Address Meeting

By Canadian Press. HALIFAX, Feb. 12.—The council of the Halifax Board of Trade, in conference this morning with Colonel A. E. Masie and T. H. Estabrooks, representing the St. John Board of Trade, approved the suggestion advanced by the St. John representatives that a delegation, representative of all Canada, proceed to Ottawa at an early date to urge the restriction of preferential tariffs to goods entering the country through Canadian ports.

Committee Named. A committee of the Halifax council consisting of F. G. J. Comeau, G. Fred Pearson, J. Fred Fraser, R. J. Nelson, and D. Macgillivray, was subsequently appointed to arrange the details with the St. John delegation, and a meeting was arranged for 4 o'clock this afternoon.

Before adjourning, the meeting endorsed the following statement expressed by T. H. Estabrooks as representative of its attitude:

Halifax Board's Attitude. "At a conference today between members of the Halifax and St. John Boards of Trade, great satisfaction was expressed with the proposals of the Federal government as indicated in the speech from the Throne, dealing with the greater use and more complete equipment of Canadian ports, and the application of preference tariffs only to goods imported through Canadian ports. They were greatly encouraged too, and have a more hopeful feeling for the future, by the sympathetic remarks and practical views recently expressed by the leaders of government, board of trade, and prominent men of Central and Western Canada, whose serious problems are beginning to be better understood, and realized here."

"It was determined that it might be encouraging to the government and perhaps show more conclusively the real attitude of all true Canadians, who take a real national view of the present conditions throughout Canada, if a delegation representing the provinces was organized and sent to Ottawa, to express more fully the views and needs of the country and especially the coast provinces. A committee was appointed to take immediate action."

N. S. Premier Present. The conference was attended by Premier Hon. E. H. Armstrong, Mayor John Murphy, W. A. Black, M. P., Col. A. E. Masie, vice-president of the Board of Trade, T. H. Estabrooks, St. John, and the members of the council of the Halifax board.

WANT PRIVILEGE RESTORED TO U. S.

Fisheries Dept. Asked to Open Canadian Ports for Purchase of Supplies.

Special to The Times-Star. OTTAWA, Ont., Feb. 12.—Representations have been received by the Department of Marine and Fisheries from fishing interests in Gloucester, Mass., urging renewal by the Dominion Government of the arrangements suspended a year ago and which permitted United States vessels engaged in the fishing industry to call at Canadian ports on the Atlantic seaboard to purchase food and supplies. That request is now being considered.

Give Year's Grace.

Following the expiration about three years ago of the pact between Canada and the United States whereby reciprocal provision for purchasing food and fishing supplies was made, the Dominion authorities continued to extend the privilege to U. S. vessels while Maine and Massachusetts ports, through the action of their federal authorities, were unable to extend similar courtesy to the Canadians. It was hoped by the latter that by continuing their end of the pact, the United States might later do likewise, but failing to do so after two years the Dominion Government a year ago discontinued the privilege.

D. McKenna, M. L. A., and A. M. Belding. The latter's despatches were also published by the Halifax Chronicle and the Evening Echo.

Board of Trade Urges Preference Used to Aid Ports

By A. M. BELDING. Special Representative of The Telegraph-Journal and Times-Star now touring Western Canada in the interests of the Maritime Provinces. VANCOUVER, B. C., Feb. 12.—Though it had a full program, the Board of Trade gave me fifteen minutes last evening and the message of Maritime Provinces was received with sympathy and approval. President G. K. Macrae declared that in all matters relating to the real welfare of Canada as a whole, we might count on the support of Vancouver. He suggested that I meet the board again and that they might consider some action. I find here most outspoken support of the demand for Canadian trade through Canadian channels, and the use of the British preference to further that end. The Board of Trade council will consider the matter tomorrow, and I have a morning appointment with the Mayor on the same subject on Monday, next. I am to address the Board of Trade and Canadian Club of Toronto, and am booked for Calgary (Continued on page 9, fifth column.)

ONLY SEVEN OUT OF CREW OF 138 COME OUT ALIVE

One of Worst Disasters in German History At Dortmund. 110 BODIES FOUND

110 BODIES FOUND

Crows, Gathered About Pit Mouth, Threaten Lives of Directors

United Press Staff Correspondent. BERLIN, Feb. 12.—One hundred and thirty-one miners were killed in a mine explosion at Dortmund, Westphalia in Prussia shortly before midnight, one of the worst disasters in German history. Rescuers cutting their way into the gas filled mine, were asphyxiated. Out of the 138 miners trapped when the blast let go, only seven were brought out alive.

Directors Threatened

The entire industrial region around Dortmund was plunged into gloom by the tragedy and crowds gathered at the mine entrance, in a somber mood, threatening to lynch directors, who were making every effort to keep news of the disaster from gaining circulation. The government sent its condolences to the community. Piteful scenes were enacted as scores of wives and mothers, with little children at their skirts, clamored to enter the pit-mouth and help the hundreds of volunteers who were risking their lives in the shafts.

SOME BLOWN TO PIECES

Rescue workers with torches and oxygen tanks had to cut their way through rocks to the rear of the death chamber where the explosion burst most of the victims. A series of explosions had blown a score of miners to pieces and blocked entrance to the second and third levels of the mine. Damp, then caved in the walls of a pit where survivors huddled together and more than 100 others were crushed or asphyxiated. Breaking into one gasous passageway, rescue-workers including firemen, with resuscitation apparatus and gas masks, found nailed on the wall: "Midnight, nine of us still alive."

GATHERED IN  
CONGRESS HERE

Life Insurance Men From  
City and Province Are  
Assembled.

MAYOR WELCOMES  
AT FIRST SESSION

Spirited Address on Enthusiasm in Life Work by  
Hugh Cannell.

Delegates from St. John and all parts of the province attended the opening session of an educational congress under the auspices of the Life Underwriters' Association of St. John and the Life Underwriters' Association of Canada, held in the Orange Hall, German street, this morning.

Welcomed by Mayor. His Worship Mayor Potts, in an address of welcome, spoke of the benefits of life insurance to all classes. He expressed the hope that the deliberations of the congress would be profitable to members and their companies.

An inspiring address by Hugh Cannell, provincial manager for the Mutual Life of Canada, was one of the features of the morning session. A demonstration by F. O. Conlon, recently appointed manager for the Mutual Life, New York, for this province, of a sale of a policy for educational purposes, was instructive and aroused much favorable comment.

A debate on the subject, "Resolved, that it is advisable to sell straight life policies in all cases," took up the remainder of the time. T. R. S. Smith and H. L. Beaman argued for the affirmative and were opposed by D. Magnum and E. A. Whitehouse.

This afternoon the speakers were to be D. P. Lewis, H. W. Manning, C. J. Merreault and Carl Fraser. A banquet will be held this evening at which the guests of honor will be J. J. McSweeney, Rev. J. S. Donnell and George H. Harris.

More Attending. Delegates registered this morning included: John MacKinnon, M. L. McPhail, F. O. Conlon, F. J. Hodgson, Hugh Cannell, F. W. Givens, J. J. Murray, W. N. Marshall, John Webster, P. M. Monahan, K. C. Fraser, H. A. Webster, H. O. Evans, Herbert Reid, R. N. MacKenzie, J. J. Murray, J. J. Murray, S. W. McKeown, R. A. Clark, Roy Shanklin, G. A. Clark, J. W. Hutchison, J. A. Garman, E. A. Whitehouse, J. J. Merreault, C. J. Merreault, H. L. Beaman, N. J. Gorman, D. W. Macburn, R. B. Metzler, M. Merriam, E. H. Barnes, H. W. Manning, H. C. Coates.

Mr. Cannell's address was loudly applauded. He first spoke of the reasons for the gathering.

Pythians Complete Plans For  
Their Anniversary Celebration

Service in Centenary Next Sunday; Later Events in Castle Hall.

At a meeting of the anniversary committee of the St. John Knights of Pythias last evening in Castle Hall, Union street, final arrangements for the Sunday service on February 15 were made. This service will be held in Centenary church at 4 p. m. The Knights will meet in the schoolroom and march from there to the auditorium. The members of Loyalist and Moulton Temples, Pythian Sisters, will meet in the church parlors and march from there into the body of the church.

Three Clergymen. The speaker for the service will be Rev. James Duhon, pastor of the Central Baptist church, Rev. R. G. Fulton, pastor of Centenary, and Rev. Dr. Hutchinson will assist in the service. The music will be by the choir of the "Past Chancelors' Association" which will have volunteered their services. There will be an anthem by the choir, and solos and Mrs. L. M. Curran and W. T. Lanyon, and organ selections by Miss Hea, organist of the church.

Other Features. The entire offering will go to the maintenance fund of the New Brunswick Protestant Orphan's Home and a liberal contribution is hoped for.

On Wednesday evening of next week there will be a joint meeting of the four city lodges in Castle Hall, Union street, at which a degree team from the Past Chancelors' Association will exemplify the rank of knight. On Thursday evening the Knights of the city will hold an at home in Castle Hall, to which all Knights will be invited to bring a lady. For this there will be a short musical and literary programme, and later cards and dancing.

CITY IN MEETING**

Club Adopts Constitution as in Use in Ontario—Members Are Registered.

Representative and enthusiastic was the meeting of the St. John Liberal Women's Club held yesterday afternoon with Mrs. M. B. Edwards, the newly elected president, in the chair. A great amount of business was transacted. The secretary, Miss Amelia Haley, read reports received from the National Liberal Bureau concerning the progress of Liberal associations throughout the province.

New Brunswick clubs particularly had shown progress. Mrs. Edwards was appointed a member of the Provincial Association of Liberal Women's Clubs as well as a delegate to the Women's National Conference to be held in Ottawa in the near future.

Constitution Adopted. A constitution was adopted, similar to the one used by the Ontario Liberal Women's Club, adapted to meet local requirements. An executive was appointed to act in an advisory capacity in conjunction with the officers already elected.

Plans for the work of the different committees were considered. A registration of members took place at the close of the meeting.

Kiersteads in New Brunswick are among the heirs to a vast track of land in New York and New Jersey valued at many millions, the 99 year lease of which expired in 1922. There are about 1,000 claimants for the property. The lease-holders are desirous of buying the property, it is said, and it is also reported that no one has attempted to deny the right of the heirs. The New York and New Jersey heirs are interested in the property are descendants of Hans Kierstead, who married Sarah Jan on Jan. 29, 1842. They had eleven children.

The Evening Times-Star

The Evening Times-Star printed at 57-59 Canterbury Street, every evening (Sunday excepted) by New Brunswick Publishing Co., Ltd., J. S. McKenna, President.

ST. JOHN, N. B., FEBRUARY 12, 1925

NOW IS THE TIME.

Hon. C. W. Robinson and Mr. Pius Michaud, M. P., one in the Senate and the other in the Commons, have set a commendable example by presenting to Parliament and to the country at large the case for the Maritimes, not on sectional but on national grounds.

Every federal representative of the Maritime Provinces, in the Senate or in the Commons, should recognize that this is the time for bold and constructive speaking on this very issue, that the line to be taken is not the narrow one, but that Canada should be confronted thoughtfully, yet resolutely, with the need for national policies which will give new vigor and moving satisfaction to the Maritimes and to the other provinces equally.

That confederation must mean a strong, healthy, confident, contented Canadian family. These are principles which the whole country to-day is asking its representatives at Ottawa to carry into practice.

SHARE AND SHARE ALIKE. The Maritime Provinces have a big investment in Western Canada. They still hope to realize upon it. We have no quarrel with the West; the West has none with us.

What is done is done; but out of it arise certain considerations that cannot be ignored. The West does not always remember how little the Maritimes have received in return for these expenditures—and others.

From 1901 to 1921, while the population of all Canada increased by slightly over fifty per cent., the Western Provinces showed phenomenal growth, due mainly to immigration, the cost of which was borne chiefly by the East.

The land under cultivation in Canada, during those twenty years, showed a similar increase. While the area growing field crops was 19,000,000 acres in 1901, it was 48,000,000 acres in 1921.

Of course we have sold and still do sell some goods, from Manitoba to the Coast, but no one believes that our partial access to the Western Canadian market has anything like compensated us for exclusion from the natural market which we had in the United States and which we lost through our partnership in Confederation.

Our Western friends, looking at some of the figures quoted, can readily understand why the Maritimes are today demanding their share of the immigration effort and the immigration expenditures, hitherto employed almost exclusively for the unbuilding of

the West by federal and railroad agencies. The West should be able to see, also, that the disabilities under which we labor can be cured by remedies that are national in their application, and that are necessary to the progress of the whole Dominion.

We helped to buy the very acres that the West has found most fruitful, for we paid our share of the bill when the empire formerly owned by the Hudson Bay Company was bought to round out Canada to the North.

When some Westerners—and it is to the credit of that region that the number is small—tell us that there is no sentiment in business, and that our ports here in the Maritimes cannot expect business unless they can be reached more cheaply than alien harbors, we are disposed to ask the West in turn whether we did not buy a seat at the Family Council table and then find our plate pretty empty, while those of the others, even the younger brothers, were well filled.

We have not starved. We have helped ourselves. Had we been content with what was placed on our plates through Confederation alone, we should not be to-day, as we are, robust Canadians, fully able to look to-morrow in the face. But if our experience has hammered into us one fact more than another of late, it is that we must come to a new accommodation with our Confederation associates, and make sure that national unity, and co-operation, equality of opportunity, and the distribution of national benefits, and of all the fruits growing out of plans and expenditures for national growth, are to be shared fairly hereafter by every member of the family.

We have paid, and paid, and paid. We shall never get all the goods we paid for in the past. That is certain. But this we do say: we want prosperity and contentment East and West, and we will contribute fairly, even generously, of our effort and of our money to that end, provided always that those in the other provinces shall meet us half-way. When they get a plateful, we want one also. Too often in the past we have enjoyed little of the family food and have had to depend too much upon the beneficence.

All the provinces must march together. Otherwise we cannot create together any such Canada as every true son of this Dominion has in mind—a great country, rejoicing in its strength and in its resources, self-reliant, inspired from coast to coast by unity and by patriotism that are life currents and not mere words.

How much bread is there in 1,300,000 barrels of Canadian flour? The largest order for flour ever placed in this country turns up in this morning's news—1,300,000 barrels, to be shipped as early as possible to Black Sea ports, for Russian buyers financed by the Soviet Government. It's an ill wind, etc. Russia, which used to be a big exporter of wheat, having turned its hand too long from ploughing to blood-letting at home, grows lean and hungry, and squeezes out enough gold to put over a recent purchase of Canadian flour—a purchase to be matched only by government food transactions in time of war.

The statement made by Mr. Gratton O'Leary, in the course of an address on excessive taxation, that Canada's national debt has increased more since the war than it did during the war, has been widely challenged. It is pointed out to him, and to those who may have accepted his view, that the cost of war falling upon the country after Armistice Day is necessarily just as much a war debt as the liabilities incurred during the actual fighting.

The Canadian Army had to be moved home from France, demobilized, paid and bussed; pensions had to be provided, hospitals maintained, and the whole work of civil re-establishment undertaken. In fact, it is estimated that of the two billion dollars added to the national debt by the war nearly half fell upon the country after Armistice. Notwithstanding all that, Mr. O'Leary is right enough in saying that the machinery of government, federal, provincial and municipal, costs Canadians more than is justified.

Odds and Ends

"You never know what you'll find among the odds and ends."—From "Notes by a Wayfarer."

The Seekers

Probably in no city in the Union is there such an army of preachers and lecturers on religious subjects, in proportion to the population, as in Los Angeles, writes 'The Nomad' in the Boston Transcript. Churches are numerous, but the preaching overflows the regular facilities, sects and denominations, and the people run to "Unity Centers," "Theosophical Ecclesias," Mystic Brotherhoods, Gospel Tabernacles, Churches of the People, Free Religious Institutes, Churches of Divine Power, and so on.

For a country of such wonderful religious fervor, where the air itself breathes health, it indeed seems strange that the people should need so much healing; strange, also, that first until you remember that thousands have come here to get well. To begin with, there are in the city of Los Angeles eighteen Christian Science churches, holding regular religious services, and only one Unitarian church. And the gospel of healing goes away outside the Christian Science fold. The most popular of all the religious centers here, so far as can be judged from the rush of attendance and the evident hold that it has on the rising generation, is the big Angelus Temple, on Echo park, where Mrs. MacPherson preaches regularly somewhat in the manner, though not with the exaggeration of Billy Sunday; and Mrs. MacPherson—a woman of thirty-two years—not only heals the sick but possesses or professes the gift of tongues, and holds to primitive Christianity in its most austere development.

Even the Hindu Swamis, who are here in full force, seem to have turned from the rationalized Brahminism which they propagate in Boston and New York to the goal of physical healing. At least so I infer from the fact that Swami Yogananda, who is lecturing here, has incorporated the Sat-Sanga school for the teaching of "physical perfection through the highest technique of concentration, meditation and spiritualizing of the body."

LOOK TO BALL FUND TO AID DISTRESSED

Associated Charities Meeting Takes Note of Kindness of Elks—January Cases.

The kindness of the Elks in offering to the Associated Charities all of the proceeds of their ball to be held tonight was spoken of at the meeting of the Associated Charities yesterday afternoon in the Bible Society rooms. W. Shives Fisher, president, was in the chair. It was said that the assistance of the Elks at this moment was most timely as there was a great drain upon the charitable funds of the association because of grave conditions of unemployment. The maintenance fund of the society was also in need of further support and it was hoped that the proceeds of the ball might be sufficient to enable the society to bring up its public subscriptions to the \$1,800 mark and claim the \$200 which a generous friend had offered to complete the \$2,000 needed.

Special thanks were extended to the company which had supplied a large quantity of macaroni for distributing to the poor of the city. There had been more than 60 churches and charitable organizations to each of which the company had sent one of the one-pound packages of macaroni and the Associated Charities had still in reserve a small amount which could be used as the need arose.

Several cases of distress were reported and discussed and where possible relief was arranged for. In one case special action was to be taken to discover what would be best for the family concerned.

MUCH BETTER THAN WAS CASE IN 1924

Fire Marshal Speaks of Condition of Streets in Relation to Fire Service.

The Public Works Department, assisted by the street railway, have kept the streets so well cleared of snow this winter that when the Provincial Fire Marshal, H. H. McLean, was appointed yesterday and asked if it was not about time for him to issue a warning to householders against fires because of the condition of the streets, the fire apparatus, he said that he had nothing to say this year, at least at present, for in his opinion the streets, with the exception of a small section in Antigonish, would offer no great hindrance to the wheeled apparatus.

DIFFERENT IN 1923. Very different sights met the eyes of the people of St. John this year than those they witnessed two winters ago. At this time in the spring of 1923 the snow banks in certain streets were so high that it was only by stretching one's neck that a person of average height could see over the snow banks when on the side walk. Many will remember, when later in the spring of 1923, workmen cut two solid feet of ice from the beach of Princess street. No such conditions can be found this year.

Improved business conditions are in prospect for the present year, according to automobile dealers from different parts of the Maritime Provinces who were here for a conference yesterday and Tuesday. More than 30 dealers were present and all expressed optimism for all kinds of business and especially for the sale of automobiles. It was pointed out, however, that the unsettled labor conditions in Cape Breton would be a damper on business there.

Maritime Dealers Have Conference in St. John and Discuss Business Matters.

The convention was held in the rooms of the McLaughlin Motor Car, Ltd., and was addressed by G. E. Ansley, C. A. Howell and E. A. Everson, of Oshawa. Talks on features of the motor cars for the present year were heard and there was discussion of many topics connected with the sale of automobiles.

But they had absolutely nothing to say to the complete and undeniable proofs advanced by your Hydro on the vast saving Hydro cooking gives over gas. As for their one-sided and "fooling the public" picture of Gas and Hydro cooking in Toronto and Ottawa they will soon learn that here again they put their foot in it.

"Later Rising With a Hydro"

"Yes, every thing your ad says is perfectly correct," replied Mrs. Binning of 19 Horsfield street when asked if she didn't think the Hydro ads almost too good to be true. "I can tell you you talk sense when you say one can sleep later in the morning, because we find we can. "Gas doesn't compare with Hydro electric Ranges in economy of money or work, and certainly never coal. Upon my word I don't know how I would get along without a Hydro."

YOUR HYDRO

Even With Electricity Selling At Less Than Half the Local Hydro Rate

Of interest to the householders of St. John is the great vindication of Gas Cooking and Hot Water Heating in the city of Winnipeg, Manitoba. It carries its own lesson in connection with the extravagant claims made by Hydro in St. John as to its alleged superiority over Gas.

They were going to put the Gas Company out of business. No doubt of that. Sure thing. So they made a special Electrical Cooking Rate of 9-10 cents per K. W. Hour, as compared with the 2 cent K. W. Hour Hydro rate in St. John.

Winnipeg Endorses The Gas Way

AND HERE'S WHAT HAPPENED The Winnipeg electric rate was, on a comparative basis, cheaper than the Gas Rate. In this respect it differed very much from the Hydro rate in St. John. But the householders of Winnipeg, who knew that the Gas Way is the Better Way, were a bit wary of Electric Ranges, with their costly installations—even at the low rate.

SO— In spite of an intensive campaign on the part of the Winnipeg Municipal Plant of Winnipeg, to seriously cripple, if not destroy, the Gas Company—an ambition on a par with that of the Civic Power Commission of St. John—the Gas Company not only kept its business— BUT— was able to INCREASE THE SALE OF GAS RANGES 217 PER CENT., AND OF GAS WATER HEATERS 480 PER CENT.

AND TO BUILD A NEW GAS PLANT AT A COST OF NEARLY \$1,000,000. The Gas Way for Cooking or Hot Water heating has well stood the test of time. Gas Time and Temperature Cooking has no equal.

WELL PLEASED AT INSPECTION OF "EPIDEMIC"

Officials of General Public Hospital Make Tour of Annex.

HEAR GOOD REPORT OF RECORD MADE

In Two Years of Service no Case of Cross Infection.

It is just two years ago since the new annex for the General Public Hospital to care for infectious diseases...

Inspect Annex.

When M. E. Agar, president of the Board of Commissioners, Mrs. J. Verne McLellan, treasurer, and R. H. Gale, superintendent of the hospital...

The visitors first inspected the ground floor premises where are the airy and most attractive quarters of Mr. and Mrs. J. M. Anderson, matron and caretaker of the annex.

In the large kitchen, with painted cement floor, are a big coal range and a gas stove with two large sinks. The regular breakfasts and suppers for patients and nurses in the building are cooked in this kitchen by the nurses...

Caretaker's Quarters.

The caretaker's apartment might arouse the envy of many city residents. It contains a bedroom opening from the kitchen, which is also a living room, and a large pantry on the other side of the kitchen, a bath room, a den where Mr. Anderson develops his skill as carpenter and artcraft worker...

For Patients.

The caretaker's quarters are all in what was the old epidemic hospital. The story above is for diphtheria patients and the story for scarlet fever patients. Each of these upper floors can accommodate 18 patients very comfortably or at a pinch could care for a larger number.

In New Section.

In the new part of the building is the cubicle section with nine single beds and two larger cubicles, one with three beds and one with two beds, a diet kitchen, superintendent of nurses' office, toilets, two bath rooms and a receiving room, as well as an electrically heated cupboard for warming blankets. All of this accommodation is on the first floor.

Two Months on Duty.

While Miss Gleason remains in charge of the nurses in the annex, the nurses from the main hospital take turns at doing epidemic cases, and the staff of the nursing staff depends on the number of infectious cases. Two months is the regular period of time a nurse is required to be on duty in the infectious diseases annex.

Disinfection.

The disinfection of clothes is another important matter in the routine at the annex. Patients' clothing is disinfected by exposure to sunlight and fresh air for 12 hours and after disinfection is tied in brown paper and placed on a special rack in the basement. Dirty linen, towels and bedding are sent down conveniently placed chutes into large cotton bags and these bags are closed from the outside without any contact with the soiled linen.

Unsatisfactory Grain Crops Bring Western Farmer Union With Direct Action Tendency

By A. M. BELDING.

Special representative of the Telegraph-Journal and Times-Star now touring Western Canada in the interests of a Maritime, sovietism.

SASKATOON, Feb. 4.—(By mail.)—One interesting outcome of the depression due to unsatisfactory crops and markets is the Farmers' Union. Its slogan is: "Farmers of the world, unite," and its real headquarters appears to be in Moscow.

The Farmers' Union forms lodges. Their meetings are not open to the press. One lodge, however, sent out a circular to other lodges asking if they would join in a campaign to resist the better things of "the homes."

A copy got to the newspapers, and while the central body chided the lodge for going beyond its powers it did not denounce the action. The Union has tried to boycott sheriffs' sales.

Not Taken Seriously. Lodges have spread through Saskatchewan and into Alberta and Manitoba, but while they have made inroads on the members of some other organizations, nobody takes them very seriously.

"Two good crops would put the Union completely out of business," said one merchant here. "It exists only in sections where the farmers have been very hard hit and the agitator makes his appeal."

The movement does not appeal at all to the general run of farmers, who have no sympathy with those who would attempt to over-ride the laws of the country. It is merely a case of capitalizing discontent for a sinister purpose, and it will not get a hearing when prosperity returns.

Optimistic in Cities. The people I meet in the cities of the west are optimistic. There is a breezy confidence about them that looks for better things. There is the forward look. They have been hit, but they are holding on. The area which has not had a crop sees a good one coming next year, and while not a few make a loud noise, the majority quietly make the best of an uncomfortable period. It is true the west has lost a good many people in the last year or two, especially from the cities, and the Maritimes are not alone in this respect.

The like is true of Ontario, where the unemployment situation is so grave that the municipalities are asking aid from the Provincial Government. It is not well for Maritime people to overlook these facts and assume they are the only sufferers.

Lead Back to N. B.

I asked about the Doukhobors, and was told that some who went away from home back, but have broken away from the community group and got farms of their own. The modern Doukhobor differs, moreover, from the first group that came there. There are two young Doukhobor lawyers in this city. The later generation takes to education and they are described as good settlers.

The Mennonites are also undergoing a change of belief in relation to education. Where foreign groups herd together, however, whatever their nationality, they present a problem. We have nothing like it in the east.

I have been traversing some old trails here in Saskatchewan. They led back to the New Brunswick of over forty years ago. Dr. Walter C. Murray, Mrs. Murray and I talked for several hours last evening about old times in Fredericton and elsewhere and the mutual friends or acquaintances of student days.

Acadian Legislators.

Dr. Murray recalled the time when Hon. C. H. Lablouis was the only French-speaking member of the Legislature, and spoke of a visit a couple of years ago when he found an Acadian Premier, with one Acadian colleague, and a group of very clever Acadians in the House. This change from the old days was very marked and very suggestive of further changes in the years to come.

I have seen something of the great University here, of which Dr. Murray is the head, and on which about three and a half millions have been expended, with a number of buildings yet to be erected. There are now nine hundred students and over five hundred in day classes. As much emphasis is placed in agriculture as on any other department, and scientific research has already been of great benefit to Saskatchewan.

The underclass has affected the family of Dr. and Mrs. Murray. One daughter is in Wisconsin and two are in Toronto.

Taught at Apohaqui.

At the University, in charge of a department, I met Mrs. Rutter, whose daughter of the late Dr. John Brittain whose school at Apohaqui I attended for a short time. She reminded me that her brother, Horace, now the head of the Bureau of Municipal Research, Toronto, was born when Dr. Brittain as a young man taught the graded school at Apohaqui.

Mrs. Rutter's mother lives in Saskatchewan. Her father, before his death, pursued a brilliant career as a teacher in Fredericton and Macdonald College. Among those I have met here is Mr. Justice McLean, of the Court of King's Bench, a native of Sydney, N. S.

Another is J. J. McLean, also of Cape Breton county, who is the head of a creamery company producing butter for export to England.

Part of East. Superintendent J. M. McKay, of the C. P. R., tells me his son, Gordon, was arrested for a time with E. Allison McKay, of Fredericton. He is a Harvard man who took his law examination in Fredericton and then in Quebec province, and is now practicing in Montreal.

At the home of Dr. Murray I met Miss Dorothy McFarlane, of Fredericton. Wherever one goes in the west there comes a realization that the part the Maritimes have played in its development. As we passed in a street car, Dr. Murray showed me the fine homes of three families from Nova Scotia, who live near each other; the heads of the families being successful business men. If it be true that the West knows little of the extreme East, it is equally true that the East knows all too little of the West.

As a spokesman of the provinces by the sea the welcome accorded me has proclaimed the kinship of the two sections of the Dominion.

Deaths

Albert Olmstead. Wicklow, Feb. 11.—Carleton county lost probably its oldest resident in the person of Albert Olmstead, who passed away on Sunday, Feb. 8.

He would have been 99 years old had he lived until Feb. 24. He was a remarkably well preserved man and retained his mental alertness up to the last. He was able to read without the use of glasses, and perused the newspapers with much interest. He is survived by one son, Herbert, with whom he made his home, and other children living in the United States. The funeral services were conducted by Rev. D. R. Chown in the Methodist church on Tuesday.

Mrs. Emeline VanWart.

Many people will regret to hear of the death of Mrs. Emeline VanWart, widow of Wellington VanWart, which occurred yesterday. Mrs. VanWart was very well known in the city and through the province as well as in Massachusetts. She is survived by two daughters, Mrs. John Carr, of Cambridge, Mass.; Mrs. George Kierstead,

of St. John; two sisters, Mrs. Eliza Henderson, of Boston; Mrs. Mary Pooley, of St. John; two brothers, George F. Scribner, of Hatfield's Point, Kings county, and Stewart Scribner of Saskatchewan, and one grandson, Reginald Carr, of Cambridge.

The funeral will be held from her late residence, 25 Carleton street, Friday afternoon, at 3:30 o'clock.

Daniel Hallisey

HALIFAX, Feb. 11.—Daniel Hallisey, Nova Scotia pioneer railway man, Atlantic Region, Canadian National Railway, died at Beaver Bank today, aged 95 years. He came from Ireland in 1854 and helped in the construction of the Dominion Atlantic Railway lines between Halifax and Windsor and Truro and Windsor. For many years he had been agent at Beaver Bank.

Mrs. John Howe.

After an illness of two weeks Mrs. John Howe passed away yesterday at the residence of her son-in-law, John A. Lippett, 100 Exmouth street. Mrs. Howe was a life long resident of the city and a faithful and devoted member of St. John's (Stone) church. She is survived by her husband, her death. She is survived by one daughter, Mrs. Lippett with whom she made

Weddings

Buckley-La Pierre. In the city on Feb. 4, 1925, in St. Peter's church, Mary Florence, second daughter of Mr. and Mrs. Edward La Pierre, became the bride of Gerald D. Buckley, eldest son of Mr. and Mrs. D. James Buckley, of North End. The ceremony was performed by Rev. James Woods, C. S. R., of St. Peter's church. The bride, who wore a gown of brown tulle and hat to match and carried a pearl rosary, was supported by Mr. and Mrs. Stephen Stapleton.

Robinson-Chapman. A quiet wedding of interest to many friends in New Brunswick was solemnized yesterday afternoon at 5 o'clock at the Victoria street Baptist parsonage when Rev. A. L. Tedford united in marriage Miss Helen Louise Chapman, of Central Cambridge, Queens county, daughter of Mr. and Mrs. Ace Chapman and Victor Cecil Robinson of Cambridge, Queens county, son of Mr. and Mrs. George Robinson. The bride who was attended by her mother looked charming in a gown of pure tulle with hat to match, Ralph Chapman, brother of the bride, was groomsmen. Mr. and Mrs. Robinson leave this morning for their future home in Cambridge and have the good wishes of a host of friends. Mrs. Robinson has been the school teacher at Cambridge where her husband is a popular young farmer.

St. John People Will Leave Tonight For Rome

The first to leave the city to attend the Holy Year ceremonies in Rome are Mr. and Mrs. W. B. McDonald, Jr., and Mr. and Mrs. S. B. Donovan who are leaving this evening for Boston where they will embark on Sunday on the steamer Ohio to sail for Europe. Rev. J. M. Lockary, of Woodstock, will be a member of the party. Mr. and Mrs. McDonald and Mr. and Mrs. Donovan expect to be away for about two months and will make a tour in which they will visit Paris, the Battlefields of London, and Ireland and will also visit Mrs. McDonald's cousin, Dr. Hugh Ryan, of Dublin University.

(Continued from page 1.) vative member for Halifax, Ont., and declared that no one could convince this country that a high protective tariff could possibly solve the problems of a sparsely populated country which produced a vast amount more of goods than she could consume. Mr. Anderson made the customary protectionist speech declaring that the National Policy of Sir John A. Macdonald would restore Canada to prosperity.

Farmer Scores Meighan

A. J. Lewis, Progressive member for Swift Current, Sask., the last speaker for his proposed solution of the freight rate problem, as disclosed in the resolution made public the day previous to the opening. Mr. Lewis disliked the idea of subsidizing the railways for any possible loss sustained by long hauls.

John Evans (Saskatoon) also spoke strongly against the Conservative fiscal policy. The House adjourned at 6 o'clock.

It is expected that Herbert M. Marler, one of the Montreal members, will occupy much of tomorrow's time in a lengthy speech on tariffs and other matters. Present prospects point to a somewhat protracted debate on the Speech from the Throne.

From Three Parties.

Canadian Press Despatch. OTTAWA, Feb. 11.—The debate on the address was continued in the House of Commons with speeches from members of all three parties. Dr. R. K. Anderson, Conservative, of Hamilton, Ont., urged a higher tariff on American fruit commensurate with its price and observed that if an embargo on exported pulp resulted in reprisals from the United States, "we have had reprisals before."

Mr. Lewis applauded the idea of Government intervention to reduce the ocean freight rates, but he hastened to add that he was against subsidizing steamship lines. The Government had not revealed in the Speech from the Throne by what method it proposed to deal with the problem of prohibitive ocean freight rates.

In the newspapers, however, it is very plainly stated that the Government intended to subsidize a steamship line. Every year the estimates revealed that a big amount of money was being spent on such subsidies. That method of reducing transportation rates would not really lower the cost of transportation. It would saddle the Dominion with the burden, and the steamship companies would get a substantial profit as a reward for reducing rates.

Merchant Marine.

Before any drastic action was taken in the way of subsidizing any privately owned steamship line, the Government should be sure that Canada had its fleet of Canadian Government Merchant Marine ships, which had cost the country approximately \$70,000,000 and expert advice should be secured.

P. Michaud (Liberal) Restigouche-Madawaska, reminded the Conservative Party that they were once the National Liberal-Conservative Party, and in the last few years they had dropped the names of "National" and "Liberal," but the new name of the party had proved no better than the old in the by-elections of last year.

Confident of Solution.

Mr. Michaud pleaded the cause of New Brunswick potato growers, who, he said, got the price of only one barrel of flour from the sale of 14 to 18 barrels of potatoes. He thought there should be an equalization of the value of food products as well as an equalization of railway rates. The question of transportation was a very important one to the potato-growers of his province. He was glad to see that the Government was taking up the question of freight rates, and he had every confidence that a solution would be reached.

Roll Call of Local Oddfellows Held

More than half of the total membership of 150 responded at the annual roll call and grand rally of Peerless Lodge, No. 19, I. O. O. F., held in the Simonds street hall on Tuesday night. Since the last annual roll call, C. Olson, George Gorham and H. Ferris had died.

The Grand Lodge of Oddfellows will meet in St. John this year in August, when it is expected that at least 1,200 members of the lodge and a large number of the women's organization, the Rebekahs, will be here. A social entertainment followed the business meeting.

ADVENTURES OF THE TWINS

By Olive Roberts Barton.

TASSEL-TAIL THE LION.

"What's the matter?" roared Tassel-Tail. "Don't you know your little Snooksy any more?"

A little dog wished he was a lion, so the Fairy Queen waved her wand, and there he was—as fine a lion as ever you saw, with a mane, and a tassel on his tail.

BAD BLOOD IS THE CAUSE OF PIMPLES AND BOILS

What you need when the blood gets out of order is good tonic to tone and build up the system and put the blood into proper shape.

For this purpose there is nothing so equal

BURDOCK BLOOD BITTERS

Mr. L. A. Deibert, Allan, Sask., writes: "For several years I was troubled with boils and pimples, but could get no results. I then took Burdock Blood Bitters and became free of my trouble. It is the only medicine I ever took that did me any good."

B.B.B. has been on the market for the past 46 years; put up only by The L. Millars Co., Limited, Toronto, Ont.

Mrs. Sands might be surprised to see a tremendous lion walking into her room. In he went as nice as pie, and she shriek and rushed into the bath room and slammed the door and locked it.

"What's the matter?" roared Tassel-Tail. "Don't you know your little Snooksy and more?"

But to Mrs. Sands in the bathroom it just sounded like "Rrrrrr! Rrrrrr!" And when he wagged his big tassel tail she could hear all the things flying off her bureau.

"How queerly everybody is acting!" complained Tassel Tail. "They seem to be afraid of me. I don't like people to be afraid of me. I just want them to be kind. Oh, here come the children from school. They'll know me."

And Tassel Tail bounded happily down the stairs and out on the lawn.

But Martin and Wesley Sands yelled out. "Watch out, the circus lion is loose!"

And they climbed an apple tree faster than an apple tree had ever, ever been climbed before.

"It's only me—Snooksy," begged Tassel Tail sitting down under the tree and looking up. "Please don't be afraid and come on down and have some fun."

But it only sounded to Martin and Wesley like a hungry growl and they pelted the poor fellow with hard, green apples until he ran away.

"Oh, dear!" he wailed. "I don't want to be a lion. I want to be a little dog again. It's dreadful to have everybody afraid of you."

Suddenly he thought of what the Fairy Queen had said about telephoning to Fairyland.

"I'll just do it," he cried. "There's one by the dog-wand tree."

So he got changed back again. That night as Snooksy lay on his pillow in Mrs. Sands' room, he heard all about the fierce lion.

"Tee, hee, hee!" he giggled and his nose twitched.

"The poor dear's dreaming," said Mrs. Sands. (To Be Continued.)

"Liver Trouble so Severe I Had to Quit Work"

Mr. Thomas Honey, Brantford, Ont., writes: "I was a great sufferer from enlargement of the liver for ten months, and finally I had to quit work. I would wake up in the mornings with a bitter taste in my mouth, had frequent headaches, yellow complexion, and pain in my right side, and between the shoulder blades. It was almost unbearable, and terribly weakening. I could not sleep at night and my heart also bothered me. But the whole trouble has now left me, thanks to that wonderful medicine, Dr. Chase's Kidney-Liver Pills."

At sixteen fine stationery has a special charm. FRENCH ORGANDIE Writing Paper.

How carefully you select your toilet soap! but you expose your hands to harsh kitchen soap in the dishpan an hour and a half every day. It must be mild and pleasant—your toilet soap—even though your hands are in contact with it only ten minutes a day at the most. You can't bear to use a harsh, drying soap for washing your hands. So, naturally, you select it carefully. Then you undo it all! By using strong, stinging kitchen soap in your dishpan. When you do the dishes—your hands are in these drying, coarsening suds a full hour and a half. Your skin can't help getting drawn and rough—your finger-tips all scratchy. Don't wash your dishes with just "any" soap. Use Lux in your dishpan. Lux has that softness and mildness that make it as easy on your hands as fine toilet soap. But of course you know that. Think of the things you just wouldn't trust to anything but Lux. Your hands deserve as kind treatment as your chignons—your fine woolsens. Use Lux whenever you have to have your hands in soap and water for any length of time. For breakfast or lunch dishes a single teaspoonful. A level teaspoonful of Lux lasts through one entire dishwashing. That is, for breakfast or lunch dishes. When you've a lot of dinner dishes you sometimes need two teaspoonfuls. Get the big new package of Lux—fill a teaspoonful of flakes into your dishpan. Then see how sparkling those quick suds make your glasses and silver—how speedily they wash all the dishes. Buy Lux to-day—the big new size for kitchen use—the regular size for the bathroom. Lever Brothers Limited, Toronto. L-517. Gone—that in-the-dishpan look.

FIRES SHOTS INTO ST. STEPHEN HOUSE

Unknown Prowler Had Been Loitering Around For Several Nights.

ST. STEPHEN, Feb. 11.—A bold prowler, possibly an intending thief, has been operating for the last few nights around the residence of Frank A. Holt, Mark street, though up until the present nothing has been missed. Two revolver shots have passed through a small window but why they were fired is as yet a mystery.

At times the prowler has been known to lodge in a small garden shack on the grounds but has not been seen sufficiently well for anyone to get a description. Mr. Holt has been absent with the curbers but the marshal and night policeman are giving careful attention and have a suspicion of who is the guilty party. Developments will not be long delayed, it is expected.

WANTS EVERYBODY TO KNOW THAT DODD'S KIDNEY PILLS HAVE RELIEVED HIM OF KIDNEY COMPLAINTS

Joseph Hardy, after a long period of sickness says Dodd's Kidney Pills have done him good.

MISTASSINI, Que., Feb. 11.—(Special.)—Feeling quite well again after suffering for seven years, Joseph Hardy, a well known resident of this place is recommending to his fellow countrymen Dodd's Kidney Pills. "I have used Dodd's Kidney Pills and found them very satisfactory," Mr. Hardy states in an interview. "I suffered with my head and heart. I could not sleep very well and I was always tired and nervous. I took half a dozen boxes of Dodd's Kidney Pills and they have done me much good. I make no error in recommending them to my fellow countrymen as a remedy for sick kidneys."

If you have any symptom mentioned by Mr. Hardy you may be sure your kidneys need attention. Neglected kidneys are the cause of more than half the ills to which mankind is heir. Dodd's Kidney Pills act directly on the kidneys, making them strong and healthy. Sound kidneys mean pure blood. Pure blood means good health.

**RESIGNATION ACCEPTED WITH CHURCH REGRET**

Rev. Dr. D. Hutchinson Gives Final Notice to Congregation.

**TELLS HIS PEOPLE REASON IN LETTER**

Resolution of Appreciation and Sorrow at His Going is Passed.

At the monthly business meeting of the Main street Baptist church, held last evening at the close of the mid-week prayer meeting, the resignation of Rev. David Hutchinson, D. D., who has been pastor of the church for nearly 20 years was respectfully accepted by the congregation. This resignation had been presented at the annual meeting and was laid on the table until last night's meeting.

Dr. Hutchinson made it plain when presenting the resignation that it was final. He will leave the city at the latter part of April to accept a call to the Baptist church of Brockville, Ont., after serving as pastor at Main street since May 1, 1905.

**Resignation Letter.**

Following is the resignation of Dr. Hutchinson:

St. John, N. B., Jan. 20, 1925.

To the Main St. Baptist Church: Beloved brethren and sisters in Christ—As you know I have already intimated my intention of bringing my pastorate with you to a close. I now present my resignation to you, and would like my pastorate with you to terminate with my twentieth year, which ends with the month of April of the present year. In many ways it is not an easy matter for me to close a pastorate, which in several respects has been not only my longest, but also my happiest, and best. It means the severing of ties, which are both strong and tender. I have been in your homes on all occasions, sometimes when the cup of joy has been full, even to overflowing, at other times when the cup has been one of sorrow and bitterness. However, I feel that the time has come, when I must lay the heavy burden which I have been carrying for two decades down, and allow another under shepherd to take my place. I resign not because I am tired of serving you, but because necessity is laid upon me. My prayer is that you may be divinely guided in your choice of a successor, and that your future as a church under a new leader, may be more prosperous and blessed than your past has been. Believe me, ever to remain your faithful, and sincere servant,

**DAVID HUTCHINSON.**

**Appreciation Moved.**

A resolution of appreciation of the services of Rev. Dr. Hutchinson was moved by W. H. White and seconded by E. A. Ebb as follows:

In accepting the resignation of our beloved pastor, the Rev. David Hutchinson, D. D., we wish to place on record our great appreciation of the splendid and devoted service rendered this church during his ministry for the long term of twenty years, during which time he gave us the best and if we are not a better people, at the close of his pastorate than at his beginning, the fault would not be his.

Dr. Hutchinson believed in the teachings of the Gospels and preached them as found in the Book of Books and never for a minute did he try to sidetrack us on any of the new theories, false theories, now being expounded (disturbingly so) by some of the newer ministers now found in a number of the churches.

Denominationally, Dr. Hutchinson was classed among the leaders; as a preacher, he is right up in the front ranks and has a very few, if any, who might be looked upon as his superior in that respect; as a clergyman, he is highly esteemed by all denominations; as a citizen, beloved and respected by all classes.

We cannot refrain from expressing our regret, that, owing to the serious illness through which he has recently passed, he is compelled to relinquish his pastoral charge here and to take up the work in another field, where we hope his duties will not be so strenuous as in a large parish such as this, embracing as it does a vast and scattered territory with a membership distributed practically over all portions of the city.

Officially, we say goodbye, Dr. Hutchinson, but can assure you that memories of you and of your work will always be cherished in the hearts of the membership and congregation of Main street Baptist church, whom you have so long, faithfully and honorably served.

The board of deacons were appointed a supply committee to consider a successor to Rev. Dr. Hutchinson and make recommendations to the congregation.

**Will Leave in May**

Main street Baptist pastor, whose resignation has been respectfully accepted.

**ENCLOSED RUBBISH CHUTE.**

A chute extending the full eight-storey height of the Admiral Beatty Hotel has been erected and through it the refuse, dust and sweepings of each floor is precipitated into carts awaiting in the alley. So far none of the messy accumulation of this big interior job has bothered neighbors or street cleaners. The work of partitioning the whole building into its general room-scheme is proceeding with great rapidity and the passing of winter will more than likely see the painters at work.

**MRS. MCNERNEY INJURED.**

A distressing accident occurred to Mrs. McNeerney, wife of Judge H. O. McNeerney of the Probate Court while she was working in her household on Tuesday forenoon. Slipping, while working in a large pantry, she stumbled and thrust her arm through a glass partition inflicting a gash in her forearm extending from the wrist almost to the elbow. Mrs. McNeerney was conveyed to the infirmary where surgical aid was rendered by Dr. G. A. B. and others. She is still in the Coburg street institution.

**COUNCIL SEES PLAN FOR NEW ROADWAY**

Millidgeville Road to Tucker Park; Suggested City Might Build Bridge.

The profile of the proposed roadway from Millidgeville Road to and through Tucker Park was laid before the members of the Common Council this morning by Commissioner Frink, who said that at an early date he would present an estimate of the cost of the work. The grades established on the plan run as high as 12 per cent. for short distances but on the whole the road would have a fair grade. The heaviest hill is at the eastern end of the bridge across the inlet.

**City Build Bridge?**

The commissioner said he thought the some voted by the trustees of the Park would build the roadway, but would not take care of the bridge. He suggested that as the road would open quite a lot of building lots on which the city might expect to get higher valuations than at present the council might entertain the idea of the city building the bridge. This bridge would be 340 feet in length and would be a substantial structure.

**FATE OF CHILDREN'S AID IS IN BALANCE**

Suggestion of Staff Reduction is Made—Annual Meeting This Evening.

The finance committee of the Municipal Council was asked to meet this afternoon at 3 o'clock to consider the request of the Children's Aid Society for funds with which to carry on. It was said this morning by Hon. H. W. Wigmore, warden, that the deficit of the society had been growing from year to year on account of living beyond income. It was proposed now to dismiss one of the staff and to place the secretary, Rev. George Scott, on half-time, and in this way about \$1,000 could be cut from the expenses.

Mayor Potts, chairman of the finance committee, said he thought the society was overapplying with other organizations and the children could be cared for in the orphanages and the Municipal Home at a less expense than in the maintaining of a separate home.

The annual meeting of the society will be held this evening, and it is expected that on the decision of the management committee will depend whether the home is closed or remain in operation.

**BOARD OF TRADE WILL INVESTIGATE**

Boston Recommendation About Light Vessels on Canadian Coast is Received.

Among communications received by the Board of Trade today was a recommendation from a Boston corporation that light vessels along the coasts of Canada have their submarine bells replaced with oscillators. It is asserted that oscillators create powerful submarine signals and give to navigating officers of vessels approaching the coast means whereby they are enabled themselves to ascertain the exact position of their vessels. While Canada's aids to navigation, particularly in the Bay of Fundy, are of a very broad and helpful type, the Board of Trade will look into this Boston suggestion.

A request has come from the representative of a school organization in New Jersey for samples of various kinds of New Brunswick woods, so that they may be placed on a chart.

An Ontario organization is seeking information as to the civic forms of government throughout Canada and a request has been made as to the methods prevailing at St. John.

**West Indies Trade.**

The Board of Trade has been advised that the recommendation of the West Indies committee of the board, with respect to the expansion of West India traffic with the Maritime Province ports of Halifax and St. John, had been submitted to the Department at Ottawa that is interested in this matter.

**W. E. Scully, M. L. A., Returns From Ottawa—Speaks of Maritimes.**

W. E. Scully, M. L. A., arrived home from Montreal and Ottawa today. He was visiting his son, Dr. Frank Scully, in Montreal, and at the opening of the federal parliament went to Ottawa, where he attended the opening of the House. Mr. Scully reports that Upper Canadian people are becoming deeply interested in the Maritime situation and the fact that the subject has been brought forward so early in the House of Commons was a good sign.

**HAVE GOOD TIME**

Boosters of Willis Lodge Give Sleigh Drive and Indoors Entertainment.

The Boosters Club of Willis Lodge, L. O. L., of Fairville, have "boosted" their lodge by adding many new members this season by social entertainments, which have been held in a series, the latest being a sleigh drive last evening, when the ladies of Baxter Lodge, L. O. B. A. were their guests. The husbands and gentlemen friends of the ladies were invited and there were present more than 170. Some not fancying the drive on such a night, remained in the Orange hall in Fairville, where dancing and cards were enjoyed.

**To Spruce Lake.**

The sleighing party went to Spruce Lake and on returning found ready a bountiful supper, provided by a capable committee. The gentlemen in charge were George V. Parker, William Burns, William Kier, Edward Cunningham and Fred Poley. The ladies assisting were Mrs. Edward Duff, Mrs. William Murray, Mrs. Edward Moore, Mrs. Robert Irvine, Mrs. William Golding, Mrs. Willard Brownell and Mrs. Harry McLaughlin. Grey Townsend made the coffee and John Stevens played for the dancing.

**Canary Makes An Excursion Into Open**

A canary was noticed by a lady this morning as she was passing the Pirie grocery on Coburg street, about 11.30. The tiny warbler was resting on the window sill of the store, not enjoying its venture into the open, for it was very much frightened. Mr. Pirie took the bird into his store, awaiting developments, when the owner should miss the pet.
