THE STAR, ST. JOHN N. B. WEDNESDAY, MARCH 9 1910

Where the Drug Bottle Leads You

Ever wonder what kind of dope you are getting when your doctor gives you a prescription? If you ask him he will not give you a satisfactory reply. He might tell you it is some of the things in the prescription, but not all of them. There's a good reason why. If you know you wouldn't take his dope and, of course, he couldn't refuse to tell you the truth.

When a doctor gives a prescription to relieve pain or some chronic trouble he always puts in a little poison to deaden or stupefy the nerves. That's killing pain, or rather, killing the nerves. Of course, if your ailment is of a chronic nature, the pain will come back and you must keep on taking the same drug or suffer. It stops the pain for a short time, but it is breaking down your nervous system and ruining your stomach.

Belt. I should have written to you about my Belt before. I wore it only three weeks, then all the sores in my back and thighs left me and my bowels became regular. I remain, W. G. Fritzell, Municipal Home, St. John, N. B.

The poisons that are used most frequently by the doctors are morphine, cocaine, mercury and strychnine. The first two are used to stupefy the nerves and are responsible for thousands of drug addicts, who get the habit through the use of drugs containing dope for the relief of some chronic disease. Nature may cure the disease, but the drug habit stays with you always.

You know mercury is quicksilver, and when it gets into the body it stays there. It destroys the digestive organs and eats out the lining of the stomach.

Arsenic weakens the digestive organs, makes the eyes weak, causes nervousness and inflames the stomach.

Poison causes the walls of the stomach, produces terrible headaches, makes the blood thin and irritates the eyes, nose and throat.

The life of the nerves and organs of your body is electricity. If you are sick or ailing in any way it is because of the failure of break-

ing down of some vital organ. The reason why any organ fails to do its work is because it lacks electricity. When it is done the right the stomach generates electricity for the support of the body and itself. When it is not able to generate the needed force, it must have artificial aid. This is electricity, artificial electricity, as applied by Dr. McLaughlin's Electric Belt.

My method of curing disease is to go down to the very foundation of the trouble and remove the cause. When I have removed the cause, Nature will do the rest.

Electricity is a relief from the old system of drugging. It does by natural means what you expect drugs to do by unnatural means. It is Nature's way of curing disease, for it gives back to the nerves and organs the power they have lost, which is their life.

If you are skeptical, all I ask is reasonable security for the price of the Belt, and you can see how it is applied.

PAY WHEN CURED

Dear Sir—I got one of your Belts some time ago for a sore back, which was very painful, and prevented me from sleeping, so at times I could hardly lie to my shoes. Your Belt strengthened my back and took the pain and soreness away entirely. I would not take \$100 for it, and if I could not get another, I would not part with it at any price. I can recommend your Belt as a complete cure for all afflicted with trouble—W. McNeill, Colborne, Ont.

Dear Sir—I wish to congratulate you on your success in inventing such a blessing to mankind as your Electric Belt. I have used it for some time, and it has cured me of all my ailments. I am now well and strong, and I can recommend your Belt to all who are afflicted with any of the ailments mentioned in your advertisement. I am, Sir, your obedient servant, J. H. Smith, St. John, N. B.

FREE TO YOU

Get my 80-page book describing my treatment, and with illustrations of fully developed men and women, showing how it is applied. This book tells in plain language many things you need to know and gives a lot of good, wholesome advice for men. I'll send this book, plain wrapper, prepaid, free, if you will inclose this coupon.

I want to convince every sufferer that he can get relief from my treatment. Nobody should be without it, for it is cheaper than a course of doctoring, and I want everybody to try it. Let every one who can do so call at my office and make a full trial of my treatment, free of any charge.

If you can't call, send free coupon for my book to:

Dr. A. McLaughlin,
111 St. John St.,
St. John, N. B.

M. A. McLAUGHLIN,
111 St. John St.,
St. John, N. B.

Dear Sir: Please forward me one of your books, as advertised.

BUDDHISM MAKES WAY IN SOCIETY

Gradually Creeping Into English Circles

Christian Science's Seem to Multiply and Here Built Magnificent Temple in London.

LONDON, March 8.—Many years ago a somewhat doubtful form of faithfulness in society called a religion—was formulated in England which led for its advocates such well known names as the Duchess of Rutland, Lady Herbert Berbohm Tree, Mrs. Ansell, and even, I believe, Mr. Balfour. This little sect, with the denomination of "Socis," but as is often the case with these things, such serious failures crept in that it was not long before those who had been its professed adherents were glad if people were good enough to forget that they had ever been of those who professed the sect.

To a certain degree the Christian Scientists may be said at present to take the lead in what I will call "extra-religious religions" for they seem to multiply in London in a most magnificent "temple." Prominent among their numbers are Lady Darnley, Lady Howard Vincent, Lady Margaret Cholmondeley, Lord and Lady Bath, besides many others.

Chosophists have now also a very strong following, and to this section a large number, I believe, belong who are known as "Socis," but of these little is heard except just among themselves, although proselytizing is their chief aim. One of the strong upholders of theosophy is Mrs. Lind- say, a sister-in-law of the Duchess of Rutland, and mother of Mrs. Ralph Peto, formerly Miss Ruby Lindsay.

Now in addition to these various sects it seems that Buddhism is creeping into English circles, although I hear several of its near relatives are taking to its way of thinking, and it is an open secret that her devotion to the Buddhist faith has been a factor in bringing up her son and her two daughters in that faith have been prime factors in the rumored "disappearance" of Lady Churchill some weeks ago, which caused such a sensation in London society and gave rise to such strong letters of protest in the daily papers from her brother, Lord Lonsdale, and other family matters held up.

It is true, but it is certain that "Buddhism" was responsible for much. Mr. Stead's "Julia" Bureau, by the way, is becoming a source of considerable interest, and with her sister, the amusing part of it is that this bureau has branches all over London to which society and with her sister, they go to the main office, there an appointment is made for them to consult some other oracle somewhere on the outskirts of Fulham or Hoxton, and from these they are next week advised to see some other wonderful "medium" at Brixton, some of these mediums being men, and some women. No fees are charged, it appears, but one supposes that subscriptions are expected. But that is as it is, society is flocking to the "Julia" Bureau—some drawn by genuine hope that their business ventures may be favorably foreshadowed.

Corra Lady's sister, who has been entertaining so much at Houghton Hill, is now at Chandos House, her London residence, and with her sister, Adele Colgate, her daughter, who does not return to America for some weeks—she is not as soon as she at first intended.

ENGLISH EMIGRATION BREAKING RECORDS

\$5000 for Irish Fund Subscribed at Dublin

King Gester Off to Riovia—Will Stimulate Poor Monarchs—Will Teach Newspapers to Fly.

SOUTHAMPTON, March 8.—More than 6000 steerage passengers have left Southampton for the United States within a fortnight, breaking all records. Every steamer has taken her full complement, and the Queen, which will sail tomorrow, was compelled to close her bookings nearly a week ago, owing to the inability to secure passage on the continent, are arriving here in great numbers in the hope of reaching America by the British lines. A record Canadian business is also expected next month.

DUBLIN, March 8.—At a meeting held at the Mansion House, convened by the Mayor in support of the Irish Party fund, subscriptions amounting to more than \$5000 were announced. This is the largest amount subscribed at such a meeting since Parnell's day.

Joseph Devlin, Nationalist member of Parliament for Belfast, denied the rumors spread by the "O'Brien" papers of dissensions among the party leaders.

STOCKHOLM, March 8.—King Gustav, who recently underwent an operation for appendicitis, started tonight for the Riviera to continue his winter holiday, but will then go to Harar, where the queen is staying. The King had a great popular ovation at the station.

NEW YORK, March 8.—That a judge may summarily punish a witness who swears "I don't remember," to most of the questions that are asked and commit him to jail for contempt of court, instead of holding him for a jury trial, is a charge of bankruptcy since the decision of the United States Circuit Court of Appeals today, in an opinion written by Judge Cox. Lawyers say the ruling is one of the most important decisions in the history of the court since the enactment of the bankruptcy law.

NEWPORT, R. I., March 8.—Newport, Rhode Island, in the summer, will be the centre, not only for the usual large number of exclusive summer residents, but also will be the gathering place for many of the country's aviators. Wilbur Wright, the Dayton inventor, will be in Newport, today made arrangements during a visit here for the establishment of an airship headquarters in Newport during the summer months.

Mr. Wright stated that he intends to construct a dozen perfect machines, many of which already have been sold to members of the summer colony. He proposes to purchase a large field as his aviation park. There he and his assistants will make test flights, and instruct the new aviators in the use of their machines.

49 BAYVIEW ST., 14 CHARLOTTE ST.

A Comparison of Methods

leaves the balance always on the side of the man equipped with the most modern methods. The stone age bookkeeper had a flat rock for ledger, and a stone chisel for a pen. He made one entry a day, perhaps, if he was lucky. The modern bookkeeper has the Burroughs Adding and Listing Machine, and he can easily make entries at the rate of 80 a minute, and add them up in no time at all. It is one of the things of the day.

Do not think of attending any commercial school which cannot give you instruction in the latest business methods. We have installed a Burroughs especially for the use of our bookkeeping pupils. Business men do not want to spend time training employees in the use of office devices which they should be familiar before applying for a position. May we talk it over with you, should we send you our catalogue?

POINTED CRITICISMS OF FINANCIAL BUDGET
Cebate Continued by McLeod, Burhill and Legere—New Bliss Introduced
FREDERICTON, N. B., March 8.—The Legislature yesterday continued the debate on the budget. Several new bills and petitions were introduced. Hon. Mr. McLeod in resuming the debate compared the provincial secretary's budget with his remarks which he made in opposition. He thought every transaction was clear. He discussed the financial policy of the administration, the Government had spent its increased revenue honestly. The increased expenditure of \$164,710 had brought good results. Mr. Burhill congratulated the government on the improved style of the auditor general's report. However, there was one error in the budget. The public works report showed an expenditure of \$31,775, while the auditor general's report showed a different figure. He was sure the province had not achieved any good results from the \$2,000 expended for the Central Railway commission. After Mr. Legere had spoken, Mr. Jones moved the adjournment of the debate.

CCLEDS BROCK HEADACHE
LAXATIVE BROMO Quinine, the world wide Cold and Grip remedy. Look for cause. Call for full name, Removex signature E. W. GROVE, 25c.

The Nickel's new bill tonight will include a biograph comedy of the very funniest character. This is entitled "All on Account of the Milk," and is one of the finest things ever shown in St. John. Miss Hope in new lecture and everything else new.

The family of Mrs. Isabella Short wish to thank their many friends for the kindness during their recent and bereavement. Especially the doctors and nurses of the General Public Hospital for their kindness to their mother.

WIRE SUMMONS DURANT, BILL POSTPONED A WEEK

Hostile Attitude Toward Refinery Proposition Causes Change in Plans.

The situation regarding the proposed sugar refinery has become so acute that his counsel has telegraphed to F. C. Durant asking him to come to St. John immediately to meet the Common Council.

This course has been deemed advisable on account of the hostile attitude towards the proposition which has developed among the aldermen on account of the methods adopted by Mr. Durant in getting his various concessions. Today is the last day for local bills to be presented to the legislature, and the present outlook is that if the bill permit the transfer was placed before the house it would be opposed by the city's representatives and defeated.

On account of this outlook arrangements have been made to hold the bill over until next week in the hope that an amicable agreement may be reached in the meantime. Mr. Durant has been telegraphed for and is expected by the city or Saturday. On his arrival a special meeting of the Common Council will be called to discuss the matter with the promoter.

If Mr. Durant can explain his views to the satisfaction of the council and assure them sufficiently of his good faith in the matter it is possible that the aldermen will withdraw their objections. There is a determined opposition, however, to allowing the agreement to go through in its present shape, and the council refuses to consider it favoring the transfer.

The refinery is wanted here and the Common Council is anxious to see that the new industry if possible, but until they can get the agreement straightened out the matter is liable to remain at a standstill.

A copy of the plans showing the transfers arranged with the I. C. R. was supposed to have been mailed from Ottawa on Saturday, but had not arrived here yesterday.

LONESOME, HE'D WED DESERTED GIRL IN PITY

Roads of Night of Chester Woman in Stray Clipping—He Writes to Judge.

CHESTER, Pa., March 8.—Back in August of 1906, Fannie Cappel, an attractive young woman, disappeared from the residence of her father, Chester Stockman in City Hall, and had a warrant sworn out for her arrest. She had left her in want. There was nothing for the alderman to do but to send a clipping from one of the papers to the magistrate had forgotten all about the case until today, when he received a letter from a man named Henry Van Horn, of New York city, asking the magistrate to look for the young woman up so that he can marry her and provide the child with a home.

Van Horn writes that while riding along in a Lenox street subway car, the wind chanced to blow upon the floor a clipping from one of the local Chester papers reciting the misfortune to Miss Cappel.

"Out of curiosity I read the article," writes Van Horn, "and then my heart went out to this unfortunate creature, and I judge, please do what you can to find her and ask her to be my partner through life."

The man explains to the magistrate that about eighteen years ago, two years before he was to be married, his fiancée met with a tragic death, and so that time he has been lonesome, he has no relatives here.

"I earn \$3 a week," Van Horn writes, "and can give good reference that I am capable of taking care of the woman and child, if they can be found and she will accept me, for I can appreciate her position, and my heart goes out to her."

Magistrate Stockman will communicate with the poor authorities at once to see if the woman and her child are still there.

TRURO DESPATCHER GETS MOST VOTES

R. G. Employes Elect Members for Provident Fund Board.

The interesting election for representatives from among the employees of the intercolonial on the board of the Provident Fund maintained by the government was held yesterday with the counting of the votes at the Moncton. Of the two members elected, one is a new man, and one old, but the new man has a lead over the second of over 400 votes.

Hutchinson, train despatcher at Truro, led the poll with 1956 votes; Miles Thompson, of Moncton, conductor, was second with 1,591. Nairn, who assumed a great deal of opposition through his failure to support the demands of the men when on delegation last year, was not returned, although he polled the third largest vote.

Work of voting has occupied over a month, commencing on February 1st. During that time a special polling was held in which every man, woman and child in the system. Almost every man in the road's employ was polled, and the total being 1,128. The votes were counted in Moncton yesterday by a committee composed of W. C. Crockett, Harry Sands of Moncton; J. W. Hamilton, Moncton; J. T. Hennessy, Truro, and L. R. Ross, St. John.

Following is the proportion in which the six candidates were supported:

Hutchinson.....	1,956
Miles Thompson.....	1,591
Nairn.....	1,462
Fraser.....	1,170
Begin.....	1,116
Cochrane.....	581

HALIFAX TEAM TAKES TROPHY

HALIFAX, March 8.—By defeating North Sydney Victoria four to three in the arena tonight the Crescents won the hockey championship of Nova Scotia. The game was one of the best of the season.

The question as to how long you are going to continue to suffer from indigestion, dyspepsia or out-of-order stomach is merely a matter of time, unless you begin taking Diapiesia.

If your stomach is lacking in digestive power, why not help the stomach to do its work, not with drastic drugs, but a reinforcement of digestive agents, such as are naturally at work in the stomach.

People with weak stomachs should take a little Diapiesia occasionally, and there will be no more indigestion, no feeling like a lump of lead in the stomach, no heartburn, sour rindings, gas on stomach or belching of undigested food, Headaches, Dizziness or Sick Stomach, and besides, what you eat will not ferment and poison your breath with nauseous odors. All these symptoms resulting from a sour, out-of-order stomach and dyspepsia are generally relieved five minutes after taking a little Diapiesia.

Go to your druggist and get a 6-cent case of Page's Diapiesia now, and you will always go to the table with a hearty appetite, and what you eat will taste good, because your stomach and intestines will be clean and fresh, and you will know there are not going to be any more bad nights and miserable days for you. They freshen you and make you feel like life is worth living.

GAS, INDIGESTION AND HEARTBURN GO

Out-of-order Stomachs Feel Fine Five Minutes After Taking Diapiesia

PERFECTLY HARMLESS

DR. GORDON TO RESIGN.

KINGSTON, March 8.—A report is current that Rev. Dr. Gordon, principal of Queen's, is shortly to resign. It is announced that George T. Chown, registrar, has withdrawn his resignation at the urgent request of the Senate.

Manager Garbell, of the Seaman's Institute, received a donation yesterday all the way from British Columbia, in the shape of a check for \$10 from President Langlois, of the I. C. Permanent Loan Association. There were 1000 persons in the institute rooms tonight, when talent from the steamships Empire of Britain and the Hispanian will provide a programme.

WILMINGTON—Arrived March 8th. S. E. Brerita, Purdy, from Norfolk for Norfolk, La Plata and Europa.

DR. A. W. CHASE'S 25c CATARRH POWDER

Improved BLOWER. Heals the inflamed mucous membrane, stops discharges in the throat and immediately cures all catarrhs and Hay Fever. 25c. BLOWER FREE. Accept no substitutes. All druggists or Edmondson, Bates & Co., Toronto.

STRIKE BREAKERS OPEN FIRE WOUNDING SIX

Sensational Incident Closes Eventful Day at Philadelphia—20,000 Hostility Workers on the Streets.

PHILADELPHIA, March 8.—Discharging their revolvers into the crowds on the streets of the city, strike breakers wounded six persons, including a little girl here yesterday. After an uneventful day the firing was reported to have closed.

A FAST PASSAGE

DIGBY, N. S., March 8.—From Brown's Banks to Digby, a distance of 120 miles, in the quick time of 12 hours is a feat accomplished by the schooner Albert J. Lutz, Capt. John Apt. The Lutz is one of the crack vessels of the Digby fishing fleet.

For two hours of the run up the bay the Lutz logged 14 knots. The entire run averaged 12 knots in a heavy southeast gale, the vessel carrying every stitch of canvas. The Lutz sailed for 50,000 pounds fresh fish.

summed last evening. Becoming infuriated, the strike breakers discharged their revolvers into the crowd. This action followed an injury received by one of the men, Helen May, 14 years old, was struck in the leg by a bullet. John Maloney, 15 years old, and Michael O'Connell, 24, were also shot in the legs, and Frank Bromley, 23, received a bullet in his foot. These wounded were removed to the Frankford Hospital. Two other injured were taken to their homes.

Leading manufacturers of hostelry at a meeting yesterday decided to close their plants, employing about 20,000 workers.

HARRY REID KNOWS

Chas. R. Wasson, 109 King St., and 24 Dicks St., the druggist, does not guarantee Parisian Sage to grow hair on ever bald head, but if there is any life left in the roots of your hair, Parisian Sage will stimulate the hair bulbs and cause your hair to grow again. Here is one case. "I am now using the second bottle of your Parisian Sage, and can notice a new crop of hair appearing. I am glad to say it is a darker color than my hair was before I became bald." Harry Reid, 10 Manhattan St., Rochester, N. Y.

Don't wait till you're bald before you use Parisian Sage, use it now. Kill the dandruff germ and prevent baldness. Parisian Sage at 50 cents a large bottle, and he guarantees it to cure dandruff, stop falling hair, and cure all diseases of the scalp, or money back. Parisian Sage is a delightfully invigorating hair dressing; it makes the hair soft, shiny and beautiful.

EVERYTHING NEW AT STAR.

The Star has another strong bill for tonight and tomorrow. There will be a brand new Biograph picture in the social comedy-drama, "One Night and Then." This is a really stirring situation and the scenic embellishments are truly magnificent. As an offset to this dramatic number there will be a fascinating comedy entitled "Foolish's Big Day OR," in which that funniest of comedians who used to be with Edna Freres is the chief fun-maker. There will be a grand scenic picture in A Trip Through The Famous Yosemite Valley, allowed to be the greatest works of Nature in the United States. The farce of the bill is "How Simms Got In Wrong," a howl of merriment from start to finish. Mr. Reine will sing and there will be good music.

ST. STEPHEN'S BANK FAILS AS RESULT OF THE BANK CRASH

ST. STEPHEN, N.B., March 8.—The bank situation remains unchanged from yesterday. Nothing can be done from either bank of officials, apart from either bank of officials. Keenan stated to-night that it would be some weeks before any public announcement would be made. One of the reports reported directly to the bank failure. C. C. Whitlock, brother of the Cashier Whitlock, who has done grocery business in Canada for some years, and who did business with the St. Stephen's Bank, assigned to-day with liabilities of \$45,000 and assets stated at \$10,000. It is feared that this failure is the first of several.

The front page of The Sun could be filled with rumors that are afoot, but of real facts not one has developed during the day.

STOPS FALLING HAIR

Ayer's Hair Vigor is composed of sulphur, glycerin, quinine, sodium chlorid, capicum, sage, alcohol, water, perfume. Ask your doctor about this. Follow his advice. Promptly checks falling hair. Completely destroys dandruff. An elegant dressing. Does not Color the Hair

The "Cambra" for Comfort

FAMOUS CASTLE BRAND 3 for 50 Cents

At 2 for 25c, you can buy this shape in Elk Brand named "DAROTA." 300 Berlin, Ont.

VASELINE IN TUBES

Vaseline Camphor Ice Heals chapped hands, cracked lips and skin.

White Vaseline Invaluable internally for coughs, colds, sore throat, croup.

Capsicum Vaseline Better than mustard plasters; does not blister.

Borated Vaseline A valuable remedy for catarrh.

Mentholated Vaseline Alleviates neuralgic pains, nervous headache; cold in head.

Camphorated Vaseline Eight per cent. gum camphor; for rheumatism, gout, etc.

Carbolated Vaseline Best antiseptic dressing known.

Vaseline Oxide of Zinc Quickly heals eruptions, sores and wounds.

Pure Vaseline Known world wide as the best and safest family remedy.

OUR FINE VASELINE BOOK tells the special merits of each. Vaseline preparation and gives directions for its proper use. Send in your name with street address, mentioning this paper, and we will mail you a copy, postage prepaid.

THE STAR ST. JOHN N. B., WEDNESDAY, MARCH 9 1914

THE ST. JOHN STAR is published by THE SUN PRINTING COMPANY, (LTD.) at St. John, New Brunswick, every afternoon (except Sundays) at \$2.00 a year.

ST. JOHN STAR. ST. JOHN, N. B., MARCH 9, 1914.

ROOSEVELT'S NEXT JOB. The people of the United States are showing considerable anxiety to provide for the future of Theodore Roosevelt, although he is not yet advertising in the want ad. columns for a position. This eagerness to get him to work again is commented upon by the Montreal Star as follows:

"The problem of what to do with the ex-president of the United States was almost solved by a publisher recently, when he planned to buy one of the great New York newspapers and make Theodore Roosevelt editor of it at the conclusion of his triumphant tour of Europe and with the laurels of the African hunting trip still fresh upon him. Two objections presented themselves; the owners of the newspaper in view declined to part with it even for such a patriotic purpose, and Mr. Roosevelt had not yet signified his willingness to subdue his rather erratic genius to the requirements imposed on the editor of a daily paper by both the convention and the libel laws of a country. As President of the United States, for example, Mr. Roosevelt called men with whom he differed 'liars' and 'knaves' with freedom and impunity, as editor of a newspaper, such a course of action would be regarded not only as undignified but as unnecessarily expensive, yet a habit as deeply ingrained as the liberal and spontaneous use of epithets in Mr. Roosevelt cannot be eradicated without great difficulty.

After all that has been in Theodore Roosevelt's career to make it necessary for the citizens of the United States to feel that they must 'find him a job.' So far he has never lacked opportunity to put his great abilities to good use, or, if opportunity was lacking, he has found no difficulty in making one. He is in the prime of his life, fuller than ever of energy and probably loaded to the muzzle with ideas and policies evolved during the interludes of the past year between shooting lions and chasing elephants. In two years more there will be another presidential campaign and if Mr. Roosevelt feels that President Taft has been 'maximized in mode' rather than 'fortified in re,' there is no force known to American politics which can prevent him making a bid for the presidency."

CANADA'S SHARE. That Canada will share in the unprecedented activity of trade which is set to be felt all over the world, is indicated in a review of trade relations which appears in the Montreal Herald of recent date. The countries of the world are waking up to the opportunities afforded by foreign trade and are bestirring themselves to get their share of it. Canada with her immense wealth arising from her development of our natural resources offers a splendid field for the traders, and if they accept as payment the harvests of our mines and the products of our grain fields and forests Canada will lose nothing by the exchange. The Herald says: "Sir Edgar Speyer, the great London banker who is just now visiting in this country, gives it as his opinion that the world is in for a period of perhaps unprecedent activity of trade. It is going to be more difficult to get delivery of goods ordered, he thinks, than to get orders for goods produced. This argues, of course, a large and increasing purchasing capacity, for unless this is present there is no need to worry about deliveries; the mills simply struggle along on part time. Even a London banker cannot be quite sure what the harvest is going to show in any particular place in any given year, and harvests give, in the long run, the measure of purchasing power. On the other hand, the harvests of the world are being to be pooled rather more completely than they used to be, so that a failure here may be offset by a good harvest there, and, taken as a whole, trade is kept running with something like stability. The really big thing in recent developments in this old world is the way the nations are going into what may be called world trading. Great Britain used to have almost a monopoly of it, but since Europe's march herself into something like stability in the wars between 1865 and 1878, other countries have been following her example as none of them ever did before. Germany, France, Belgium, Austria, Italy, Switzerland, all are bestirring themselves tremendously. We are quite accustomed to think of the Londoners struggling for a foothold in the trade of China, but it isn't necessary to go that far afield, as they are showing themselves equally keen to establish their trade here in Canada, which is the one spot on earth where purchasing capacity is likely to be high for a good while to come. With France we have already made a trade convention, and the proclamation of it has been the signal for an awakening of interest on the part of the others. Germany at once showed herself in a more pacific temper, the war of tariffs was ended, and the openest kind of invitation was given for the making of a convention.

With Austria we are just commencing a direct steamship service, sure to be followed by a better trade arrangement, Italy, afraid for her silk trade, which may be injured if the French treaty goes too long a start, is anxious to take advantage of the Intermediate Tariff, Belgium, which never treated us badly, and whose tariff is very low, chafes under the injury done to her Antwerp shipping by the direct shipment provisions of the French treaty. Switzerland is already so active that her rights under a most-favored-nation clause in a British treaty nearly spelled the French treaty. All this gives indication of keen competition, for we may well suppose that what is true of Canada is true of every other part of the world where there is an active market for the products of industry. Japan also, and the United States, are in the running, with the latter, especially in so far as China is concerned. Industry, the application of science and machinery to the working up of raw products of field and forest and mine, is now becoming more and more important than ever before, in all the civilized states of the world. How long it will last, how long all the competitors can stand the strain, may be serious questions too, but they will not have to be answered as long as demand occupies the relation to supply that is seen by Sir Edgar Speyer. At all events, with all those old world peoples needing a great deal more to feed them than their own countries can supply, and willing to pay for it on the basis of fair dealing in tariff matters, there does seem to be every warrant for Canada's going full speed ahead with her productive development."

LEAVE APPOINTMENT OF CHIEF AS IT IS Recommendation of Moral and Social Reform Councils Temperance, Tuberculosis, Juvenile Court and Playgrounds Receive Attention - Petition Presented.

Yesterday afternoon the Moral and Social Reform Council held its annual session and opposed the proposed bill which has for its object the vesting of the appointment of the chief of police in the Common Council. Rev. A. A. Graham, president, and presented the report of the executive committee which stated that the Government will likely take steps to authorize the inspection of liquor. The local option plebiscite in Sydney and Stanley wards was also referred to. It was decided on motion of Judge Forbes, seconded by Rev. W. R. Robinson, that the old board of officers be re-elected. The officers are as follows: Rev. A. A. Graham, president; Dr. G. U. Hay, vice-president; A. A. Wilson, secretary; Andrew Malcolm, treasurer; Rev. Gordon Dickie, Rev. W. R. Robinson, Dr. H. S. Bridges, J. Simpson, J. Armstrong, R. T. Hayes, M. E. Ait, Colonel H. M. Campbell, E. J. Neave, Staff Captain Barr, executive committee.

The president said that 186 had signed the petition in Sydney ward for the local option plebiscite and 104 in Stanley ward.

Rev. P. J. Stackhouse spoke of the local option vote to be taken in three Campbell wards on April 19th, also in the town of Dalhousie.

Rev. T. Hunter Boyd gave an address on the work done by the Tuberculosis Association. He said stimulants were of no use in the cure of the disease. Public baths were needed, and he suggested that the council unite with the Union of Municipalities and Farmers and Dairyman's Association in applying to the government for the view of bringing about an inspection.

Judge Forbes was opposed to the appointment of the chief of police going to the Common Council. H. H. Pickett was of the opinion that the city should elect the chief. L. D. Tilley, Andrew Malcolm, A. A. Wilson and Rev. A. A. Graham also discussed the matter.

Rev. W. R. Robinson spoke in favor of the establishment of a juvenile court and the matter was referred to a committee. Mr. Pickett advocated that school grounds be kept open for the children until six o'clock.

The petitions for the local option vote in Sydney and Stanley wards were presented to Mayor Bullock at nine o'clock last evening by L. P. D. Tilley. Mayor Bullock is receiving the petitions, spoke of the good work done by the temperance bodies in the city, and commended His Lordship Bishop Cassey for his pastoral letter, in which he condemned the liquor traffic.

The case of Marr vs. Mushkat will be tried before Judge MacKewen in Chambers on Friday next at eleven a. m.

NEWPORT NEWS, March 8.-Ard, star Cumber, Delton, from Savannah.

DODD'S KIDNEY PILLS. ALL KIDNEY DISEASES. RHEUMATISM. BRUISES. DIABETES. BARKAN.

The Evening Chit-Chat

By RUTH CAMERON. "Did she have a mother? Whenever I read or hear in any way of some girl who has made a great mistake, who has slipped and fallen into the mire from which she may never be able to wholly cleanse herself, my first question is that— Did she have a mother?"

And in at least three out of five cases I find that either the girl had no mother at all or none who deserved that beautiful title. Roberta de Janon, the poor, sentimental, unhappy little girl whose escapade has been the talk of a country, whose silly school girl love letters have been read from the Atlantic to the Pacific, who has marked herself for life by one week's experiences, would never have made such a mistake if her mother had not been dead.

The young newspaper woman who shot herself at a hotel in Virginia a few weeks ago grew up unmothered. I happened to know her personally, and I fully believe that if she had not lacked a mother's care and guidance in the past fifteen years she would never have wandered into the wilderness of despair whence the only way out seems that terrible short cut. In Barrie's book, Sentimental Tommy, is a passage in which Elpheth, Tommy's sister, is asking God to forgive her for not doing something that she thinks she ought to do, but does not dare.

"The offer to change places with Griel was beyond her courage, and she tried several childish ways of getting around God, such as going on her knees and saying: "I'm so little and I'm so motherless!" It seems so to me, too, I can't believe God doesn't take into account, and I believe human beings should, too, far more than they do. The larger part of many people's goodness is simply their environment—although most of them never know it. It seems to me that sin is relative. I cannot help thinking it is as bad in a way for a girl who has had a splendid bringing up, who has lived all her life in an atmosphere of refinement and high ideals, to demean herself even a little, as for the girl brought up in the gutter to live the life of the streets. Worse, if anything.

You read or hear of sinful or foolish women, and you think yourself as better. Maybe you aren't. Maybe you are just more fortunate. And to your greater fortune it seems to me you owe it to judge very gently those of your less fortunate sisters who have snatched at the sweets of happiness and found the bitterness of disgrace.

And to judgement gently of all those who found it hard to be good because, like little Elpheth, "they had no mother."

THE LAST SUIT. "Eloobas—Wigwag is always going to law about something." "Slobbe—That's right. He's even going to marry a girl named Sue."

A DIFFICULT CASE. A doctor who was spending a rare and complimentary day at his own residence, received the following message from three fellow practitioners: "Please stop over to the club and join us at a rubber of bridge."

A NOTABLE EXCEPTION. "Yes, me boy, experience is a great teacher." "Umph! I'm not so sure about that. 'Trenty of chaps commit bigamy!'"

THE PROOF OF THE PUDDING. Myrtle—Papa doesn't favor your calling here at all, George. George—Why, that can't be! Your father gave me a cigar a moment since as I came in the door. Myrtle—All right; just wait till you smoke it!

BUYING AND OWNING. Laffan—You are rich enough to buy an automobile. Why don't you do it? Groat—Because I'm not rich enough to own one.

AFTER THE GAME. Football Coach (after the game)—Boys, are you all here? "Yes, sir." "I left an ear of Quinine in my pocket in the car. I happened to see a finger somewhere near the twenty-five yard line."

SHE HAD THISSORE FOR FOUR LONG YEARS NOW ZAM-BUK HAS HEALED IT You can't equal Zam-Buk for sores of all kinds, whether recent or of long standing. That is the opinion of Mrs. Wilson, of 119 Wickson Ave., Toronto. Mrs. Wilson writes: "About four years ago a sore spot appeared on the right side of my face, just about the angle of the jaw. This spot increased in size until it became about half an inch in diameter, and very troublesome. I went to a doctor from whom at different times during the fifteen years I had received treatment, but the ointment I got did not give any good effect on the sore. I had it cauterized, tried poultices and all kinds of salves, but it was no good, and this continued for four years. A sample of Zam-Buk was one day left at our house, and I used it. "Although the quantity was so small it seemed to do me some good, so I purchased from Mr. Bauld, Druggist, scollard and Tonge streets, a supply of Zam-Buk. Each box did me more and more good, and to my delight, before I had been using Zam-Buk three weeks, I saw that it was going to heal the sore, in less than a month it was healed! It has now been a year, and the sore has not returned. I am glad to say that the present time the only trace of it is a small patch of skin a little white than the rest of my face. If Zam-Buk can heal a sore of this kind, which has defied all treatment for four years, I think it must be a thing needed in scores of homes."

Try Zam-Buk for eczema, ulcers, sores, and leg, varicose ulcers, skin eruptions, face spots, baby rashes, inflamed places, piles, blood-poisoning and all skin irritations and diseases. Get all Zam-Buk at Mr. Bauld, Druggist, scollard and Tonge streets, Toronto, or price Refuse "just as goods" and imitation.

BOUGHT FOR \$10.50 SOLD FOR \$330.00 TORONTO, March 9.—Yesterday morning the public accounts committee of the legislature took up the sale of a piece of land in the Gillies Limit by government. A. G. Young of North Bay said that his tender for \$10,500 for lot 223 had been accepted and in October last he sold the property to J. A. Brodie of Montreal for three hundred and thirty thousand.

ECZEMA ON LEGS AND ANKLES QUICKLY CURED BY D. D. D. Mr. I. W. Corns, 21 Givens St., Toronto, writes of his experience with D. D. D. "I was a sufferer for about two years with eczema on the legs and ankles. I tried three or four different doctors and none of them did me any good. I then went to a skin specialist and he was no better. I happened to see your ad, and am very thankful that I did. I sent for a sample bottle and it did me so much good I sent for a \$1.00 bottle, also a cake of soap. That is all I used and I am perfectly well, and I don't think it will return. I have advised several others to use it and the results have been the same."

Every mother knows that "sore" boils and is antiseptic and that Witch Hazel is soothing to all inflamed surfaces. It is because of these qualities that we recommend REGAL OINTMENT the best ointment made for cuts, wounds, burns, old sores, and all skin diseases. 25c a large box. Sent by mail on receipt of price.

Fashions and Fads Star Fashions How To Obtain Patterns To obtain STAR patterns of accompanying design, fill out the following coupon and send it to PATTERN DEPARTMENT, THE STAR.

Star Patterns (10 Cents Each) No. Amount Enclosed Name Street and No. City Province

The tunic that is straight across the front is in general favor just now. It is not unlike last year's washwoman skirt in style, and is indistinctly related to the long and overused Moroccan style.

Household Hints Old brass should be cleaned by pouring strong ammonia on it and then scrubbing with a brush and rinsing in cold water. After it has been dried and polished it will look quite beautiful.

BOY'S RUSSIAN SUIT, Paris Pattern No. 3194. All Seams Allowed. When planning the summer outfit for the tiny son be sure to include in it several Russian suits of linen, duck, cotton, poplin, Bedford cord or gingham, with one or two of cloth or flannel for cold days, for certainly no more becoming costumes are to be found, and none that is so comfortable to the small wearer. The pictured suit consists of a front-closing blouse, with fancy panel facing front and back and a detachable Eton collar, and knickerbockers fitted on the hips by darts and having the fullness at the knees adjusted by rubber-run casings. As pictured the suit is made of brown linen, with trimmings of scarlet braid. The Eton collar is of white linen, and a wide scarf ribbon gives an effective touch of color. The pattern is cut in four sizes, 2 to 5 years. For a boy of 4 years the suit requires 2 1/2 yards of material 36 inches wide, with 1/2 yard of white linen 18 inches wide or wider for the Eton collar, and 3/4 yard of material to trim. Price of pattern, 10 cents.

WHY THE PRICE OF BUTTER CAME DOWN ELGIN, Ill., March 8.—D. B. Fear-sall, a member of the Elgin Board of Trade, denied today that the plan to investigate high prices of living had anything to do with the action of the Elgin board in reducing the price of butter. The high prices, he said, caused the average man to turn to oleomargarine, which created a surplus in the butter supply, which had to be sold.

Sore Throat COLDS, COUGHS, CROUP AND CATARRH RELIEVED IN TWO MINUTES. All the above nose and throat troubles are caused by an inflammation of the mucous membrane.

The sensible treatment is to soothe as quickly as possible this highly inflamed membrane so that it will heal promptly. Breathe soothing, healing Hyomed over the inflamed membrane and relief comes at once—it cures a cold in a day. Complete outfit, including Hyomed \$1.00, at drug stores everywhere, and at Chas. R. Vasson, 100 King St., and 24 Dock St., who sells on money back basis. Mail orders filled by The J. Broth Co., Ltd., Fort Erie, Ont.

SOON NO ONE WILL BE LEFT TO PAY TAXES

MEN OF FIFTY RAILROADS WILL STRIKE

Unless Improved Conditions and Higher Wages are Granted—Will Tie Up West, Northwest and Southwest.

CHICAGO, Ill., March 8.—Unless the railroads of the west, northwest and southwest make additional concessions to their firemen and engineers, the men will strike for higher wages and improved working conditions. This is the ultimatum of the employees as expressed by complete returns made public today from the "strike vote" recently taken by the men on about fifty railroads.

A committee representing the members of the Brotherhood of Locomotive Firemen and Engineers, who comprise the "strike vote," announced that more than 95 per cent of the employees of the railroads were opposed to accepting the offer of the railroad managers' committee and more than 99 per cent of the non-union employees voted against the offer.

Although the strike was authorized, the employees, it is said, are willing to submit their grievances to arbitration. A conference between the managers' committee and a committee representing the men is scheduled for tomorrow when negotiations will be resumed.

President W. S. Carter, of the Brotherhood of Locomotive Firemen and Engineers expressed the hope that the problem would be solved without the necessity of a strike.

O. L. Dickinson, for the General Managers' Association, said: "I can see no reason for alarm concerning the situation as the Brotherhood case just settled has given one class of organized labor improved working conditions and shorter hours."

The managers propose to arbitrate under a government law which was put through at the instigation of organized labor. The managers expect to meet the firemen's committee tomorrow as agreed thirty days ago, and we look for nothing but an amicable adjustment of all differences.

WINTER PORT NOTES

Allan Elmer Pomeranian sailed this morning at 11:45 o'clock for London via Havre. The steamer carried a very large French cargo. She had one second cabin and seven steerage passengers.

C. P. R. steamer Empress of Britain and Allan Liner Heperian will sail on Friday for Liverpool. Both steamers will take away several hundred passengers and heavy cargoes. The Heperian shifted over from No. 6 berth to No. 1 this morning. The Athenia docked at No. 8 berth.

GREATEST OF ALL TONICS

TROLLEY AND TRAIN IN AWFUL CRASH

Chicago's Streets are More Dangerous Than Battlefield
Tragic Sledge—Trip to Conroy Worth 10 Cents—Innocent Casualties of 10 per cent—Rugs at \$10.50.

LOS ANGELES, Cal., March 8.—A Pacific electric suburban car was struck by a street car today at the intersection of the Aliso street crossing tonight. It is reported 15 passengers were injured, several fatally.

CHICAGO, Ill., March 8.—Eight persons are injured every day and one person is killed every three days by the street cars in Chicago, according to an official report made to the corporation council today. The report shows that in February, nine persons were killed and 218 were injured. Of those injured, 42 suffered broken legs or arms.

COLORADO SPRINGS, Colo., March 8.—Earl D. Thomas, Jr., 20 years old, a son of Brig. General Earl D. Thomas, commander of the department of Colorado, was killed today by a bullet into his brain in his room at a local hotel, dying instantly.

NEW YORK, March 8.—Ten cents from New York to Conroy Island is not too much to pay for a ride on the Rapid Transit Company's justly famed, announced tonight. The case has been pending two years.

WASHINGTON, D. C., March 8.—That one sixth of the agricultural products of the country was lost because of the ravages of insects and diseases was stated by the United States Department of Agriculture, in a report today. The loss is estimated at \$200,000,000.

DAYTON, Ohio, March 8.—Hogs sold at the highest quotation on pork ever made in this city. The demand is reported to be much below the supply.

Don't Blame Your Stomach

When Without Exertion or Oost You Can Enjoy Meals and Cure Dyspepsia
A TRIAL PACKAGE OF STUART'S DYSPEPSIA TABLETS SENT FREE.
Don't blame your stomach or your liver when your meals declare war on your system.
When the stomach won't do its work it is because it is not properly nourished. When foul smelling odors come from your stomach, when the head aches and the nervousness of youth every morning makes you hate your breakfast, when dreams and nightmare assail you don't give up the fight.
This is the appeal of nature, and it should be heeded.
Over-eating, indigestion, poorly chewed food, too rich pastries, and undigestible cooking are some of the causes of the stomach's ill health.
When the stomach is busy, it presses the food and with its juices dissolves into liquid form or pulp everything which comes into it.
If such foods be poisonous it affects the juices, attacks the stomach, goes into the blood and weakens the entire system.
Stuart's Dyspepsia Tablets will digest a full meal easily without material assistance from the stomach. They will restock the gastric fluid with all the elements needed. They build up the blood, destroy sour taste, bad breath, belching, stomach and bowel trouble, and quickly restore natural conditions.
One grain of Stuart's Dyspepsia Tablets will digest 200 grains of food in the stomach or in a glass without the method of Stuart's Dyspepsia Tablets are the methods of Nature.
The method of Stuart's Dyspepsia Tablets is a simple and safe method of stomach and digestion. After a meal of these little tablets when it enters the stomach, it attacks the food and digests it. It removes the fermented and decayed mass, brings stagnant there and eases the stomach at once.
It is wholly a question for you to solve. Your druggist will furnish Stuart's Dyspepsia Tablets 50c. the box, or send us your name and address and we will send you a trial package free. Address, F. A. Stuart Co., 159 Stuart Bldg., Marshall, Mich.

KENNEBEGGASIS LOGS WILL BE HELD UP

That an immense quantity of logs will be held up in the woods this year owing to the lack of snow is the story told by Fred Smith and Holder Brown who crossed the river from Holderville to Itoshey today. They found the ice in very bad condition while crossing. The small quantity of snow which fell this winter has been a serious handicap to the lumbermen, and hauling has been so poor that a large portion of the cut, also the Kennebecasis will have to remain where it lies.
Herbert Williams crossed on the ice from Williams wharf to Torryburn this morning, but had a hard time getting over owing to the rotten condition of the ice.
SEATTLE, March 8.—Scattering returns point to the election of H. S. Gill, Republican, as mayor over W. H. Moore, Democrat, by a large majority and the success of the whole Republican ticket in yesterday's election. The campaign centered around the "Wide Open Town" issue. Gill promised a liberal interpretation of the law.

Constipation is the root of many forms of sickness and of an endless amount of human misery.

Dr. Morse's Indian Root Pills, thoroughly tested by over fifty years of use, have been proved a safe and certain cure for constipation and all kindred troubles. Try them. 25c. a box.

TELLS WHOLE STORY OF HIS PECULATIONS

Coleman Confesses to French The Bunco Game
Story of How Bank Clerk Was Bled of \$120,000 by a Farp Syndicate.
BOSTON, March 8.—For four hours today, George W. Coleman, charged with robbing the Cambridge Bank of nearly \$200,000, was grilled by United States District Attorney French, and the story, in detail, of his speculations and of subsequently being avoided for a sum that will aggregate nearly \$200,000 by the bank "syndicate," was literally dragged from him by his inquisitor.
Coleman left nothing untold. He related in detail his connections with "Big Bill" Kellner, Martin Walsh and another man whom he only knew as "Black."
His indictment of the bank bank made clear where the looted bank's funds went.
Coleman told the story over and over after it had been "sweated" from him. His amazing tale he didn't forget to tell that Wilson Lockhart, the young chauffeur, was admitted to the bank, was innocent of any wrong, and that he simply acted as a messenger for him.
The names of all who took part in the riotous entertainments that he furnished money for, were given to the federal authorities. The men and women who gathered around the bank looter and received money presents or loans were included.
When he walked out of the district attorney's office he must have breathed easier for he had told all.
Ever since it became plain to Coleman that he would have to face the music he has hoped that the faro man who robbed him of the money would let him out of it, with it he could force the government to listen to his plea for mercy.
"That is the reason, it is said, that no was so reluctant in revealing how he was swindled by the syndicate. He hoped up to Saturday that the money would be returned and he could turn over to the authorities, but for mercy and at the time refuse to divulge the names of the men who ruined him."
For more than a week the bank examiners have said that at least \$100,000 was stolen by Coleman. Admissions made by Coleman prior to his statement yesterday only accounted for \$70,000.
LOST \$30,000 ON STORROW.
On this sum the government officials were convinced that at least \$30,000 was spent by Coleman in his riotous living. It was decided by Coleman, a statement made by Coleman prior to his statement yesterday only accounted for \$70,000.
"Where did the other \$30,000 go to?" (Special) "That is a question which is being asked by the federal authorities. With the exposure of Coleman's connections with the faro syndicate by the Post they immediately took up the case of Joint, J. Brown, of No. 2 Spring Street, this city.
"It was troubled with backache and other well-known symptoms of Kidney Disease." Mr. Brown stated, "I also suffered from rheumatism in my right side and hip to the extent that I was unable to do any work in my neighborhood."
"After taking one box of Dodd's Kidney Pills I found an improvement and after taking six boxes I found both my Kidney Disease and Rheumatism entirely cured."
Mr. Brown is only one of many cases in which it has been proved beyond a doubt that the natural way to cure rheumatism is to remove the cause. The cause of Rheumatism is uric acid in the blood which crystallizes at the muscles and joints. Well Kidneys strain the uric acid out of the blood. Dodd's Kidney Pills make well Kidneys that why Dodd's Kidney Pills always cure Rheumatism.

PHILADELPHIA EMPLOYERS TAKE A HAND

Both Sides of Big Strike Claim Gains—Labor Leader Denounces Strike Breakers.
PHILADELPHIA, March 8.—Despite the excitement created by the "hooling up" of Frankford Avenue, one of the principal thoroughfares in the northeastern section of the city, late last night by a trolley car load of alleged Louis strike breakers, there were no serious demonstrations against the trolley cars in operation early this morning. C. O. Pratt, the organizer of the carmen, this morning denounced the affair in Frankford where three men and a fourteen year old girl are in a hospital suffering from slight bullet wounds received when the crowd of trolley men shot from a swiftly moving car into the crowd. He said it was the usual last resort of the desperate. He said that the strikers were quiet about a town to create trouble. Although many lines are again running today without any sign of trouble, much apprehension is felt as to the outcome of the feeling stirred up by the strikers' attack in Frankford. The police are investigating and are trying to fix the blame for the riotous run-play. It is alleged that the strike-breakers on learning that one of their number had been injured by a stone thrown while he was operating a car, decided to get revenge and took a trolley car into the crowd.

PROOF THAT NO ONE CAN DOUBT

That Dodd's Kidney Pills Always Cure Rheumatism
CONCLUSIVE EVIDENCE GIVEN BY DURHAM BROWN, OF BRANTFORD, ONT.—HOW AND WHY THIS CURE IS EFFECTED.
BRANTFORD, Ont., March 9.—(Special) "That Rheumatism is caused by diseased kidneys and that Dodd's Kidney Pills cure both the sick Kidneys and the Rheumatism was again proved in the case of Mr. Durham Brown, of No. 2 Spring Street, this city.
"I was troubled with backache and other well-known symptoms of Kidney Disease." Mr. Brown stated, "I also suffered from rheumatism in my right side and hip to the extent that I was unable to do any work in my neighborhood."
"After taking one box of Dodd's Kidney Pills I found an improvement and after taking six boxes I found both my Kidney Disease and Rheumatism entirely cured."
Mr. Brown is only one of many cases in which it has been proved beyond a doubt that the natural way to cure rheumatism is to remove the cause. The cause of Rheumatism is uric acid in the blood which crystallizes at the muscles and joints. Well Kidneys strain the uric acid out of the blood. Dodd's Kidney Pills make well Kidneys that why Dodd's Kidney Pills always cure Rheumatism.

COUNCIL WILL NOT WAIT FOR DURANT

Plans Arrive and Project Will be Taken Up at End of Week Whether or Not Promoter is Here.
The Durant proposition will be taken up at a meeting of the general council of the Commission on the City of St. John on Monday night. The council will discuss the project whether Mr. Durant is here or not, according to Mayor Bullock.
The plans of the district involved in the negotiations reached the city today and as this is what the council has been waiting for there will be no more delay.
F. R. Taylor, who is representing Mr. Durant, is not in the city today and it was impossible to learn whether or not Mr. Durant is coming here to discuss the matter with the aldermen.

ATHENIA REPORTS A ROUGH PASSAGE

One of the Passengers Had a Leg Broken
More Than Three Hundred Landed This Morning—Big Shipment of Clydesdale Horses.

After encountering very rough weather, Donaldson liner Athenia reached port last evening from Glasgow. She docked at No. 6 berth at Sand Point at 9 o'clock this morning. Despite the heavy seas Captain McNeill reports good time during the trip across. An unfortunate accident took place on the steamer, Malcolm Miller, a steerage passenger, having his leg broken by a fall to the deck.
The Athenia had on board 127 cabin and 200 steerage passengers.
The Athenia left Glasgow on Saturday, February 28. On the second morning of the passage, Miller went on deck. He was thrown violently against the railing. The man was placed under the care of Dr. McIntosh, the ship's surgeon. He had a bad fracture of one leg.
The Athenia brought sixty-one Clydesdale horses, a fine lot. The animals are consigned to the west and will be sent forward this afternoon.
The steamer had on board the following cabin passengers: Mrs. Robert Allan, Mrs. Thomas Alston, George B. Armstrong, Mrs. Barron, Robert Baxter, James Bege, P. D. Bouchie, John Bennett, William Carmichael, Jas. Carmichael, Mrs. Carmichael, Mrs. Carruthers, Norman J. Carruthers, Eric Clark, Mrs. Clark and infant, N. V. It is alleged that the strike-breakers on learning that one of their number had been injured by a stone thrown while he was operating a car, decided to get revenge and took a trolley car into the crowd.

GET THE MINIMUM TARIFF

WASHINGTON, March 9.—By executive proclamation issued today the following named countries are declared to be entitled to the United States minimum tariff rates:
Cuba, Bahamas, Siam, Bermuda, Barbados, Leeward Islands, Windward Islands, Jamaica, including Turks Island and Trinidad and Tobago.
MONTREAL, March 9.—Strachan Echum, K. C., the oldest member of the bar, died yesterday, aged 91. He was called to the bar in 1841. He was chancellor of the Anglican Diocese. His uncle was Bishop of Toronto and his father Dean of Montreal.
A waxed floor should never be washed with soap and water except just before re-waxing.

GET THE POISON OUT OF THE BODY

By the Definite and Certain Action of DR. A. W. CHASE'S KIDNEY AND LIVER PILLS
"Until you have tested Dr. A. W. Chase's Kidney and Liver Pills you cannot know the satisfaction that comes with the use of this direct and certain regulator of the liver and kidneys.
Once you have found out the dose suited to your system, you can depend on getting just the right results every time, without increase of quantity taken.
You can be sure that the action of the pills will be prompt, that the liver will be awakened, and that the kidneys will join in thoroughly cleansing the system of poisonous impurities.
Because of this dependability, Dr. A. W. Chase's Kidney and Liver Pills are certain to make fast friends wherever their merits have been tested.
Stomach troubles arising from constipation, torpid liver and deranged kidneys soon disappear, as do also biliousness, backache, headache, and general depression.
The portrait and signature of Dr. A. W. Chase, M.D., on the box stands for the best there is in medicines. One pill a dose, 25c. a box, all dealers, or Edman-son, Dates and Co., Toronto.

THE WEATHER

Maritime—Moderate west to north winds, generally a little colder tonight and Thursday.

LOCAL NEWS

The police were called into the Court House, Mill street, last evening to eject some men who were not wanted there.

A disturbance in Cornelius Heffron's house on Erin street was quelled by the police last night.

Pidgeon's Rubber Prices: Child's 43c; Girl's, 45c; Women's, 65c; Boys', 55c; Men's, 65c. Match us if you can. Corner Main and Bridge Sts.

It was reported here this morning that a trunk containing a dead body had been found at Harvey Junction, York County. Investigation showed that there was no truth in the report. The story was circulated by some of the Railway employees.

The evangelistic meetings in the Tabernacle Church last evening were the most successful of the series. The church was crowded to the doors and great enthusiasm was manifested. Mr. Matheson gave a powerful address. At the close of the meeting many came forward and signified their intention of living a better life. Mr. Matheson is doing a good work in this district of the city and will continue the meetings throughout the week.

The bodies of two New Brunswick people who died in the States reached the city on the Boston train today, being sent back for interment. The remains of Miss Fiale Hache of New Bedford, Mass., are being taken to Salsbury, and the body of Alfred D. Plessing, late of Dorchester, Mass., is being sent to Salsbury to be buried there. Friends accompanied the remains.

Word reached the city this morning of the death of George T. Law, a New York on Tuesday. The deceased was a son of the late John Law. He was in his thirty-fourth year and resided in St. John until seven years ago when he removed to New York. Mr. Law leaves a wife, who was a Miss Clara McKelvey of this city and three children: George Vernon and William, two half sisters and two half brothers also survive. The funeral will be held at Boston.

Word was received this forenoon announcing the death of Buffalo, N. Y. Mrs. A. Baldwin, eldest daughter of the late Samuel Skinner of this city. Mrs. Baldwin, who has been in poor health for some time, was making her home with her only daughter, Mrs. A. B. Estey. She passed away about two o'clock this morning. Mrs. Baldwin has many friends in St. John. She is survived by three brothers, Mr. A. O. Skinner, Mr. C. N. Skinner and Mr. Fred S. Skinner, and four sisters, Mrs. Alex. Robertson, Mrs. Emma Price, Miss M. Skinner and Miss Belle Skinner, all of this city. The body will be brought here for burial.

A PIECE OF COCONUT STARTED THE FIGHT

Lock of Poisoness in the Way It Was
Handed—Gross Part Half Amount
of the Lunch He Enjoyed.

There were three drunks in the police court this morning who were fined four dollars each. Edward H. Green, a Green man, was charged with eating fifty cents worth of pigs feet, beans and beer, in Mrs. MacLaughlin's De-drog-in restaurant on Market Square, and refusing to pay the bill. He claimed that he had been invited into the place by another man, who only paid the proprietress ten cents and left forty for the defendant to pay. Green had crily twenty cents in his pocket. He paid this to Mrs. MacLaughlin and was ordered to leave the place. Green had charged with eating in the Salvation Army Shelter, were again before the magistrate. John Green gave evidence that the defendant had eaten a piece of coconut that he was eating, and Yoxall threw the piece at him. Shelley received the action and threatened to chastise Yoxall. The latter then showed fight and received a beating. Shelley informed the court that all were drunk and one was as much to blame as the other. Tony was allowed to go with a warning, while Shelley on account of his previous character was remanded to jail. Captain Edward O'Leahy of a dredge on the west side of the harbor was charged with Harbor Inspector Pollock with dumping a pocketful of mud in Rodney slip. The captain explained that the mud was dumped where they had been dredging. He was excused.

PERSONAL

John Keefe returned this morning from Montreal. King Haasen came in on the Atlantic express at noon. Mr. and Mrs. Geo. Fleming returned to the city on the Boston express after a wedding trip through Upper Canada and the Eastern States. Mr. and Mrs. Adam Bell returned to the city this morning.

A. D. Holyoke and Donald Munro, of Woodstock, are at the Royal.

FUNERALS

MRS. ANNIE A. GREGG
The funeral of the late Mrs. Annie A. Gregg took place this afternoon at 2:30 o'clock from her residence 58 Wall street. Rev. James Crisp conducted the service and interment was made in Cedar Hill cemetery.

MRS. MARY J. BAIRD
The funeral of the late Mrs. Mary J. Baird took place this afternoon at 2:30 o'clock from her residence 17 Brunswick street. The remains were taken to St. Mary's church, where Rev. W. O. Raymond read the burial service. Interment was made in the Methodist burial grounds.

CIVIC BILLS BEFORE LEGISLATURE TOMORROW

Discussion Over Appointment of Chief of Police and Amendments to Election Act.

The city bills will be taken up by the local legislature at Fredericton tomorrow morning and Aid. Kelley, chairman, Aid. McCordick and several other members of the bills and by-laws committee leave for the capital in the morning to assist in the passage of the measures.

The power of appointment of the chief of police will probably cause some discussion. There is opposition to the plan to have the appointment vested in the Common Council, but the aidmen feel that they at least should have some power of disciplining a chief if occasion should ever cause to make it necessary. As the city pays the salary there is some grounds for asking at least that much.

Another matter engaging the attention of the aidmen is the amendment to the election act making it necessary for a citizen to pay his taxes three weeks in advance of the election to obtain the privilege of voting. On the same subject there is some sentiment in favor of allowing the vote to a person who is only in arrears for one year's taxes.

INDIANS DRANK POISON THINKING IT LIQUOR

Found Dead Near Lawrence Station—
Picked Up Medicine Bottles—
Authorities Were Puzzled.

Joseph Mitchell and Horace Polis of Pleasant Point, two Passamaquoddy Indians, were found dead near Lawrence Station, N. B., yesterday afternoon. Mystery surrounded the death of the men for some hours, but it is now believed the men died from drinking poison. The Indians were in the area to go for ash for baskets.

A message to the Star this morning from McAdam Junction says that the two Indians were, Holyday, where they found two bottles of medicine. Supposing that the bottles contained liquor the Indians consumed the contents. The authorities are now quite certain that the medicine was poisonous, causing the death of the Indians.

LOCAL OPTION AND MORAL REFORM MATTERS

To Distribute Temperance Literature—
Want Playgrounds on the
West Side.

The committee in charge of the local option campaign in Sydney and Stanley wards will shortly open headquarters for the distribution of literature.

A meeting of the committee for the Moral and Social Reform Council to take up the matter of a juvenile court will be held at the end of this week. Rev. W. R. Robinson told the Star that the work would be attacked from a provincial aspect.

Mr. Robinson adds that there are no playgrounds for the boys of the West Side. A short time ago he had the aidmen to send the jail prisoners to level off a field in Carleton. However, nothing has been done in the matter. The committee proposed to enter fully into the playground question.

GAME AT WRONG HOUR, BARRED FROM HOSPITAL

Mrs. Wright Sent Away Yesterday So She
Could be Admitted at Proper
Time Today.

The arbitrary rules by which the General Public Hospital is conducted were responsible for keeping a suffering woman waiting for yesterday afternoon until this morning before she could secure admission for treatment.

The woman, Mrs. May Wright, was given a permit to enter by Dr. H. G. Aody, one of the commissioners, on the recommendation of Dr. M. Case. When she presented the permit at the hospital she was refused admission and was told to come back at ten o'clock this morning. As there was nothing else for her to do she went away to spend another night of suffering before she could receive the treatment which her case demanded and to which the permit entitled her.

When asked the reason for the delay the doctor explained to the Star this morning that the permit was good for admission at ten o'clock in the morning and as the patient came after that hour she was sent away so she could come at the proper hour the next day.

When asked about this, Dr. Case said that he knew of no reason why the permit should not be good at any hour. He considered that the woman needed treatment and she needed it just as much after ten o'clock as she did before that hour. He had no personal sentiment about the matter but he thought that an injustice had been done to the patient. They were used, however, to having the hospital conducted on a star chamber manner and if the circumstances conflicted with the rules of the institution, he was not in a position to offer any criticism.

F. H. T. Ritchie, Canadian Y. M. C. A. boys' work secretary and S. O. Hibbard, maritime boys' work secretary are in the city today in conference with the officials and committees of the local institution with regard to various phases of the work.

To the Electors of St. John:

Ladies and Gentlemen—
Notwithstanding the false reports being circulated, I will be a candidate for the office of Mayor, at the civic election to be held in April. Several public meetings in the interest of civic reform will be held before nomination, and the public are invited to be present and discuss civic problems. It is earnestly hoped that the ratepayers will awake to the necessity of strong, earnest and united effort to better the affairs of the city.
