DEDICATED

*To those who have gone before,
To those who are yet to come.*

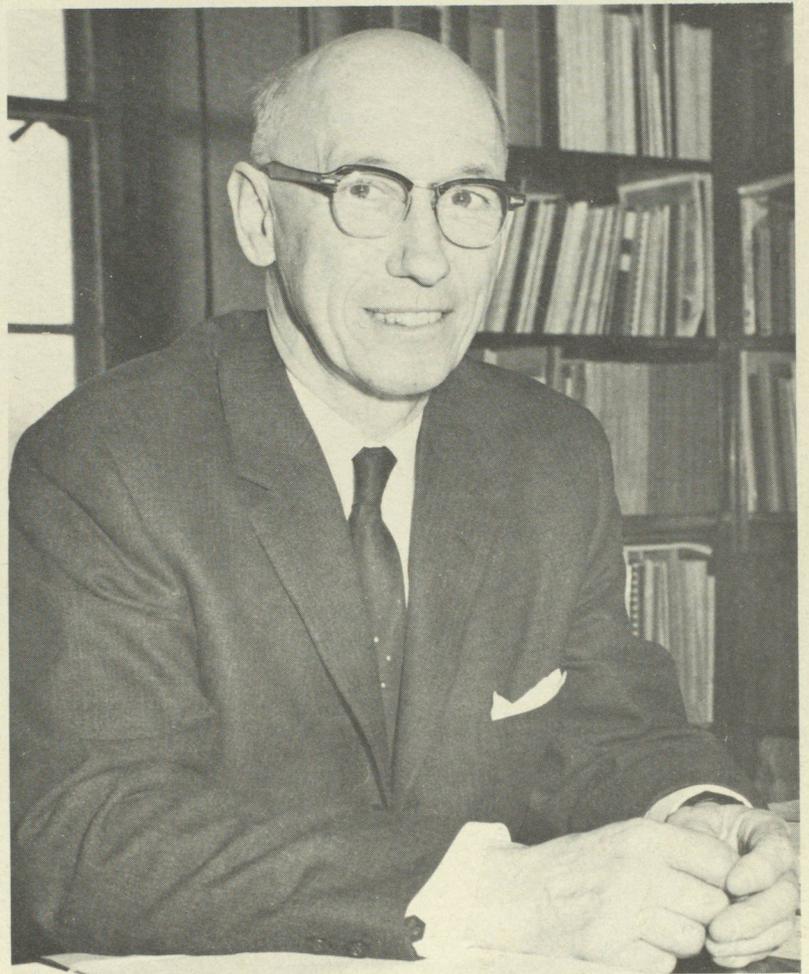

T. H. McLeod, B.A., A.M., M.P.A., Ph.D.
Dean of Arts and Science

F. L. Bates, B.A., B.Ed., Ed.D.
Dean of the College of Education

W. A. Riddell, B.A., M.Sc., Ph.D.
Principal of Regina Campus, University of Saskatchewan

The roots of this University began in 1911 with the establishment by the Methodist Church of Regina College as a residential high school. In 1926 it became an affiliated Junior College in the same way that Campion and Luther Colleges are now affiliated and in 1934 Regina College was taken over by the University of Saskatchewan and operated as a Junior College. Eventually first year programs for all Colleges of the University were offered here. This continued until 1959 when it was decided to begin the development of the university in Regina. In 1961 second year Arts and Science classes were added and in 1964 third year work was included. While a number of students received their Bachelor of Arts degrees last year in Saskatoon after having taken all their classes in Regina, the first graduating group will receive their degrees at our first Convocation on May 17, 1965.

The College of Arts and Science was established in 1962 and the faculty council officially came into being in April 1964 achieving academic autonomy for this campus. In 1964 the College of Education was established and within two years there should be two more professional colleges with others following rapidly. This extension of work is necessary to meet the needs of the 5000 undergraduate students expected by 1969, a number that will increase to 8000 by 1973.

The first buildings on the main campus will be occupied in June 1965 and shortly thereafter it is expected that the Physical Education Centre and the Library will be under construction. Campion College is now planning a federated arts college that will be erected on the campus during the next two years. Planning is proceeding for an Education Building scheduled for completion in 1968, the first unit of residences and a student centre. The completion of these buildings will mark the end of the first phase of the development on the main campus but other buildings must be planned and built immediately following if the needs of the students are to be met.

The students enrolled on this campus are involved in an historic undertaking and will look forward in anticipation to taking work in the new buildings next year. On behalf of the faculty I want to congratulate all students receiving their degree at our first Convocation and extend all best wishes to the others who will complete their work and receive degrees at later ceremonies.

W. A. Riddell

ORGANIZATIONS

PRESIDENT'S REPORT

During 1964-65, student government switched its major concern to the long range and basic problems facing students. The problem of the tuition fee increase, which blossomed out to include the basic problem of university financing, democracy and autonomy, resulted with the now historic boycott and walk to the Legislative Building last spring. The mass support and orderliness with which the students carried out the boycott and march showed their deep and honest concern with their university. When the university and academic freedom was threatened by persons outside the university community last fall, the S.R.C. reacted swiftly and decisively with its press release, an action that was praised by many of the other universities and an editorial in the Ottawa Citizen.

The S.R.C. also began to make valuable connections with members of the community outside of the university. For the first time, a forum for civic candidates was sponsored. The active support given for the Civic Auditorium plebiscite and the part we played in the flag raising ceremony were other important involvements in community affairs.

The main concern of this year's S.R.C. was planning for future student needs. Four major projects were undertaken that would have far-reaching effects. The most difficult and painful of these was the attempt to change the yearbook. The S.R.C. felt that this old institution had to be radically changed in order to make it compatible with the concept of a university. This question has not been completely resolved and will require close study by the future S.R.C.

The need for student residences approached crisis proportion this year. The first steps were taken by the S.R.C. that will lead to providing accommodations for themselves through the form of student co-op housing and residences. It is hoped that this will solve some of the problems (such as insufficient amount of inexpensive residences and friction between resident students and administration over rules and regulations) common on many university campuses.

The planning of a Student's Union Building also made some extensive progress this year. The job of planning a \$3 million building will continue to severely tax the time of a great many students. However, the need for a building that will become the centre of student social, cultural, and intellectual activities is essential to an active students' union.

The formation and final passage of the new constitution can be marked as the most important achievement of the 1964-65 S.R.C. This document radically changed the organization and functions of the S.R.C. by setting up a body that will be more broadly based in its organization and interests. It is hoped that the new constitution will provide for a vigorous student government that can grow with the expanding university.

The necessity to concentrate on future student needs did create some problems in so far that some immediate needs were overlooked. Perhaps this can be expected in a year of major re-organization. This does not mean, however, that the entire S.R.C. program of activities were failures. The Christmas Formal, Frosh Day Parade, and the Parliamentary Forum were all successes. Might I here especially single out the Carillon—which for the first time produced a regular newspaper of high quality, and the variety show . . . the most outstanding production in Regina Campus history . . . as the two most successful activities this year.

The 1964-65 year was an important year of growth for Regina Campus. I'm proud to report that as students we have played our part and kept pace with its growth. Much more will have to be done to make the students active members of the university community instead of the "silent section" that is so common in many other universities. But the fact that there are faculty members and students that are working hard to achieve, for the students, an active and equal status in the academic community is a unique feature of our campus.

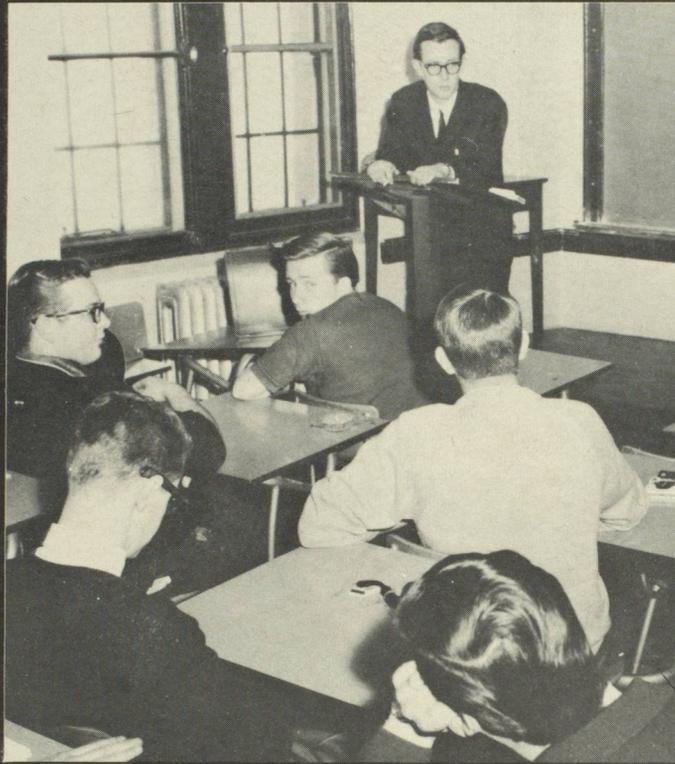

It has been my privilege, as S.R.C. President, to have been closely associated or acquainted with some of the important developments on our campus during the last year. I can, therefore, safely conclude my report by stating that these developments have been imaginative and creative, giving Regina Campus a very exciting future.

YEARBOOK DILEMMA SOLVED

LEFT TO RIGHT: Bob Webb, Wayne Woodside, Pam Graham, Jim Eberle

PLEBISCITE ON YEARBOOK

For the purpose of the Cornish moved. 1954-55
November 9 to

Appointed Monday, Quits Tuesday

YEARBOOK EDITOR RESIGNS

Yearbook Board States Policy

The plebiscite was taken without adequate prethought—in actuality the students wishes can't be granted.

(1) Because of lack of funds, time, and co-operations of the student body (as indicated in past years) Editorial board has proposed:

- (1) individual graduate photos
- (2) group photos of STC or of graduates of STC
- (3) group photos of 2nd year lab technicians
- (4) usual activities group photos

It was felt that this would give individual coverage to those students graduating this year and that those undergrads who want their photo in the activities photo if they are really interested in, and partaking of student life. It is felt, that for the most part, those who do not take part in any activity are not really deserving of any average. **Remember "You paid for a yearbook — not a photograph"**. A yearbook is to be a pictorial summary of the years activity, not a rogues gallery.

BIOLOGY CLUB

The aims of the Biology Club are to create and maintain interest in all phases of biological science among students of Biology and all others interested, and to act as a liaison between the students of Biology and the faculty.

This has been a very successful year for the club. The membership was large and participated in two meetings and a special event each month. The executive wish to thank the club for their co-operation and participation, and the faculty for their advice and continual co-operation. We hope to see all of you and many new faces next year.

THE PSYCHOLOGY CLUB

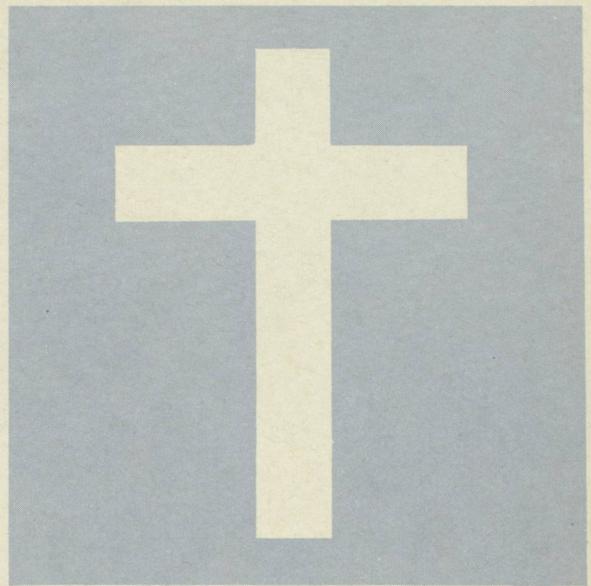

The activities of the Psychology Club this year have consisted of bringing in well-known speakers, from various disciplines, who have discussed a variety of topics ranging from retardation and Hawaiian girls to the functions of a psychologist. A certain degree of activity has also been concentrated on the University Night display, on a trip to the new Psychiatric Centre at Yorkton, and a tour of the Monroe Wing and the Mental Health Clinic. We had a number of stimulating speakers provided by the Canadian Mental Health Association. These activities and others have contributed to an interesting and challenging year.

RELIGIOUS

ACTIVITIES

COUNCIL

Early in the '64-65 term at Regina Campus of the University of Saskatchewan, chaplains representing the Roman Catholic, the Anglican Church, the Student Christian Movement, and the Lutheran Church, called together students representing these groups to form a Religious Activities Council. The purpose of this organization was to explore the common grounds of belief and making a more forceful showing of the Christian faith on campus. Another of its functions was to act as a co-ordinating body for the various religious activities.

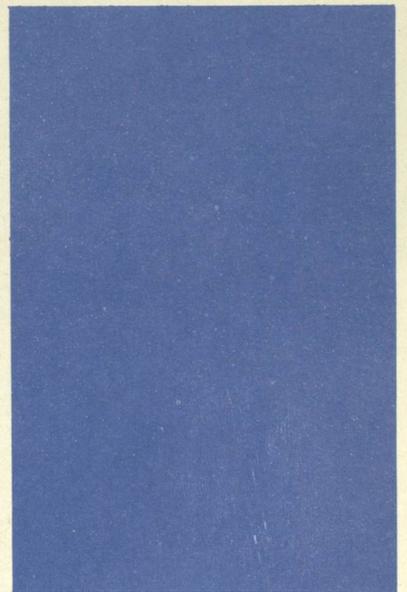

Another of its functions was to act as a

This year the council was made up of the four chaplains who acted as advisors, and two representatives from the Newman Club, the Student Christian Movement, the Anglican Church on Campus, and the Student Lutheran Movement.

The projects sponsored by the council received a great deal of support from the student body, who attended lectures and discussions in "Christian Emphasis Week" and gave financial support to "Freedom from Hunger Week". As this was the first time we, as a council, worked on these projects, we were pleased with the support received.

It is hoped that in the future the council can achieve more in its efforts in co-ordination of activities and be a voice for all religious groups on the campus besides those representing the Christian faith.

All in tune????

The Lutheran Student Movement is a Lutheran youth organization which is nation-wide in its scope and is active on all the major university campuses throughout Canada. The purpose of L.S.M.C. in Canada is "to confront students with the person of Jesus Christ as Lord and Savior." Embodied in the activities of the L.S.M.C. is the role of co-ordinating the campus activities and promoting programs to enrich the lives of the students on campus.

Something to sing about!!

Float along with me?

As the Catholic club on campus, Newman Club is based on three fundamentals: spiritual, intellectual and social.

Socially, the club is active on Sunday evenings. Usually, there is informal dancing to records and, at times, the gym is utilized for such activities as volleyball and badminton. Not neglecting the great out-of-doors, the club went on a sleigh ride and has a skating rink at its disposal. Two of the major social highlights this year were the excursion to the St. Thomas More Newman Club at Saskatoon in November, and the resounding success of a dance in February for all students on Regina Campus.

Speakers have made the meetings intellectually stimulating on a number of occasions, discussing such topics as birth control pills, modern art, and American foreign policy. There was also an Oxford debate among the members concerning movie censorship.

The spiritual aspect, somewhat neglected, has got a start through Masses held once a month for the members in the Campion Chapel.

Not wishing to isolate itself from the student body, Newman Club, working with the Christian Activities Council, has helped organize Peace Week, Religious Emphasis Week, and Freedom from Hunger Week. Furthermore, it participated in the Frosh-Weekend Parade, winning the trophy for the best float.

Trip to Winnipeg Christmas Conference

The Student Christian Movement is student-organized, student-activated, and student-centered. Its undenominational and open-ended aspects provide the Christian, the atheist, and the agnostic, a ground for dialogue. As such, it is the only organization on the campus which is recognized by the Canadian Council of Churches.

As well as a full year of its own activities such as pre-discussions on the Plain-Talk Speakers, fireside play readings, a Christmas conference held in Vancouver, and a series of speakers and panels for "Spot Light of '65", the S.C.M. co-sponsored "Peace Week", and was a member of the Religious Activities Coordinating Council.

Float Making

VARSITY CHRISTIAN FELLOWSHIP

The pictures depict a part of the group during a lecture and also a "buzz group" possibly discussing a present day problem.

This has been a busy year for the group, although we had a late beginning. Under the faculty guidance of Professor George Wedel and Miss E. Orteza, the former T.C.F. and V.C.F. united to form one group. Our present executive consists of Ruben Bueckert, president; Heather Heming, vice-president; Linda Powers, general secretary; Robert Natuik, treasurer; Joyce Nelson, social director; and Kathy MacKenzie, publicity director.

V.C.F. usually meets on Mondays at 12:30 in room 220, main building. At these meetings we have had lectures by visiting ministers, professional men from the city, and others interested in the work of V.C.F. Interesting and lively discussions have also been held during these times. Bible studies have been held under student leadership, with the help of faculty advisors and Bible study co-ordinators.

One of the social highlights of our club this year was the Christmas Smorgasbord held in the Education building lunch room and lounge. This was entirely sponsored by V.C.F. members and was heartily enjoyed by all of the fifty people who attended. Another highlight was an evening of skating in February, after which a snack of hot chocolate and donuts was enjoyed.

To those of you on this campus who will be returning next year, we issue a sincere invitation to join our group and enjoy some real Christian fellowship.

CANADIAN UNION OF STUDENTS

The Canadian Union of Students (C.U.S.) is a national organization composed of 117,000 students in 42 universities. The national office at Ottawa is the co-ordinating and compiling centre for information pertaining to students. Examples of this function are the representations made to the Federal Government on behalf of the student regarding R.C.M.P. activities on university campuses and funds for student loans.

Locally C.U.S. is in its second year at Regina Campus. This year C.U.S. committee members sat on committees concerned with the South African problem and student co-op. housing. Regina Campus Christmas cards were sold, ground-work was laid for a foreign students committee, and a majority of the local high schools were visited by C.U.S. members, giving personal interpretations of university life, and answering questions presented by the high school students. C.U.S.'s main project this year was a student means survey held in conjunction with the other 41 member universities. The results are expected to show the increasing difficulty of financing a university education.

It is hoped that within the framework of our new constitution that C.U.S. in the future will be able to provide a valuable service to the council by channelling information and opinion from both other institutions and the local student to the council.

ROBERT A. GOOD, C.U.S. Chairman.

BOB GOOD, CUS CHAIRMAN

EDUCATION SOCIETY

Back Row: Eric Dietrich, Dave Adams, Eric Hamm, Garry Andrews, Dave Sarsfield, Bob Uhren, Bob Mathews, Les Cameron, Ron Wittner. Front Row: Linda Wagner, Joanne Baker, Sandra May, Marlene McLachlan, Pam Graham. Missing: Gerry Pluntz, Dennis Melnyk, Roger Le francois.

EDUCATION SOCIETY

The Education Society is an organization representing the students of the College of Education, Regina Campus. The Education Students Council is elected by Education students to conduct their social and academic activities.

The College of Education has been in a unique position this year as it has ceased to exist as a separate "Teachers College" and has become a college within the university.

We Education students can boast of having the most sociable atmosphere of any other large group on campus. There is a genuine sense of belonging within the College of Education. There is a surprising lack of ingroups or cliques within the college. We are, in fact, a unified social group within the larger campus.

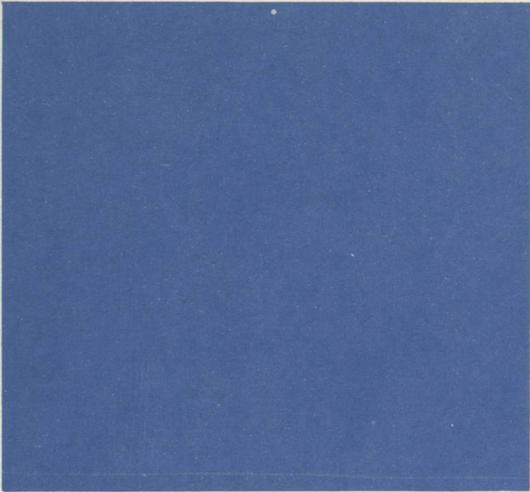

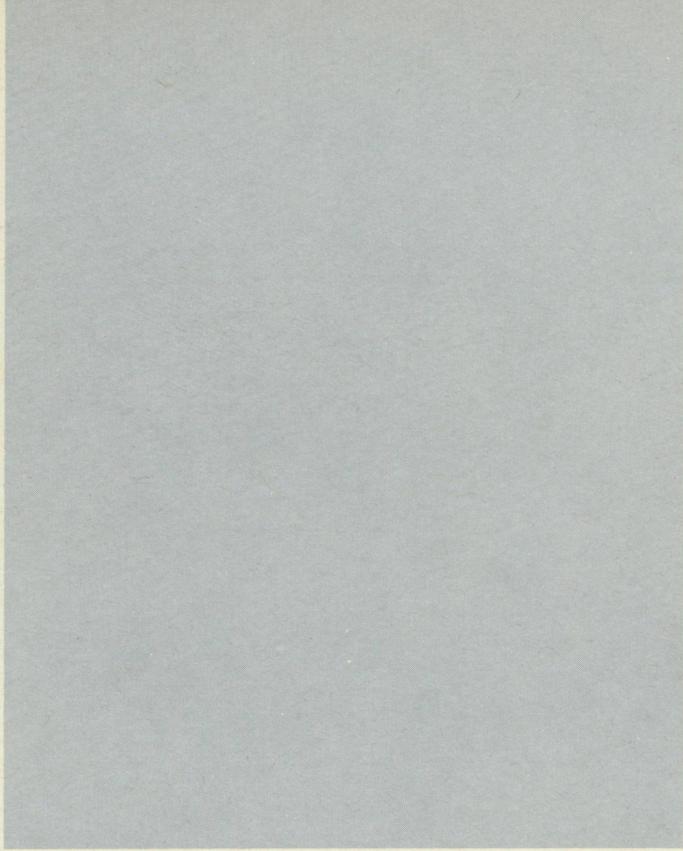

The College of Education promoted the most successful social event on campus in 1964-65. We had about 90% participation in our "Grub Day", which began on a Thursday and continued through until Friday night.

Every class in the College has had at least two organized parties during the year. Many have taken their parties more seriously and have had many more than two. This adds up to a grand total of at least thirty organized parties. This is one of the explanations for the sociability and togetherness of the College of Education.

The College of Education has had a successful year in the field of athletics as well. Presently the girls teams are leading the intramural point race and the men are in second place. The college organized football within the college last fall and there is presently a basketball league. Many of our education athletes are participating in university teams.

This was potentially a very challenging year for education students. "Teachers Colleges" had been looked on by many as factories that fed in high school graduates on September and turned out teachers in May. The tradition was that of a skill-learning process. However, universities have earned the reputation of being institutions that develop and foster the inquiring mind. Thus, education students this year, had the opportunity to take advantage of the university atmosphere and, at the same time, gain the necessary skills to become teachers. Whether or not we have taken advantage of this opportunity I leave for each of us to answer for himself.

DAVE ADAMS, President.

Tap-Way Society was formed last year under the name "Women on Campus". This year we have adopted the name "Tap-Way" which is Cree for "true". Our motto is "Women in Fellowship".

The object of Tap-Way shall be to administer and to co-ordinate the activities of the women members of the student body of the Regina Campus. All women members of the student body shall be: "ipso facto", members of Tap-Way.

This year Tap-Way has held two coffee parties, one in the fall in co-ordination with W.A.B., the other in February. We also sponsored a Powder-Puff Football game on Frosh Weekend. Our members have ushered at two university functions.

Our thanks to all people who have assisted Tap-Way this year.

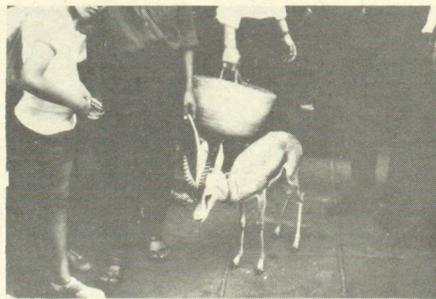

TAP-WAY EXECUTIVE.

WORLD UNIVERSITY SERVICE OF CANADA

World University Service is an international organization of students and faculty. This year the organization on the Regina Campus has sponsored numerous activities—Louise Million attended a seminar in Algeria in July and August, Kathy Crossman and Mr. Dave Charlton went to the WUSC National Assembly in London, Ontario at Thanksgiving, a successful Treasure Van sale (sales totalled about \$2,700) was held in the Art Gallery in November and a display was put up for University Night in January. WUSC Week on Campus took place in February with a series of speakers and special events. A Book Drive to collect 2000 books to send to libraries in Asia, Africa and South America got under way in the spring. The National body organized a travel seminar in Ontario and Quebec from May 19 to June 7, 1965 with provision for a participant from each campus.

These pictures are from slides taken by Louise Million while on the Algerian seminar.

MUSIC

"The man that hath no music in himself
Nor is not mov'd with concord of sweet sounds,
Is fit for treasons, stratagems, and spoils."

MERCHANT OF VENICE, Shakespeare

Whether Shakespeare knew what he was talking about or not, the Music Directorate this year has attempted to increase the amount of musical activity on Campus, and provide more opportunities for students to hear musicians of a high calibre.

Following this policy, such established groups as the University Choir and Band, and the College of Education Choruses continued, while a new and permanent group, the Campus Folk Singers emerged under the leadership of Gary Robertson. Most of these groups took part in the annual variety production, "On Stage '65" in February, which was really a combined effort on the part of the Drama and Music Directorates. I would like to thank Ron Ulrich for his help in the production of this successful show, and for the able direction of the skits which were performed.

In the other musical sphere of providing opportunities for musical appreciation, there were too many events to mention, but some of the most important were: the bus trip to Saskatoon to hear the world renowned Russian pianist, Richter, the first visit to Regina of the Saskatoon Greystone Singers, and the many excellent recitals, Symphony concerts, and annual operetta productions provided by the Conservatory of Music, for which student-priced tickets are always available.

I would also like to extend my thanks to many people who have helped me so much: Professor Van der Gucht for his invaluable direction of the University Choir, Mr. Don Cowan and Mr. Bill Otis of the College of Education who were extremely helpful all year, Frank McKitrick and Don Whyte of the Conservatory, and Gary Robertson for his unselfish contributions of time and talent.

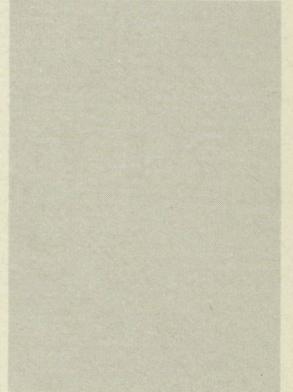

The administration was particularly helpful in arranging the Greystone Singers Concert. A hearty thanks to Mr. Mann, Mr. Stewart, and Dean McLeod for their moral support and aid in sponsoring the program.

—WILMA BELL,
Music Director.

University Band

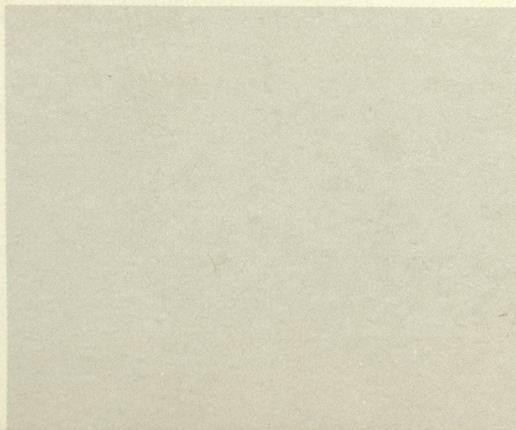

Campus Folk Singers

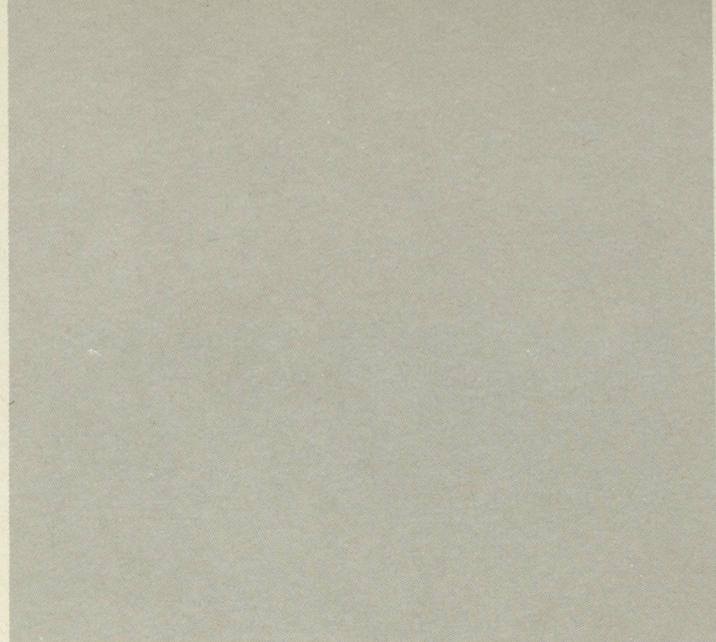

Male Voice Choir

University Choir

DRAMA

The activities of the Regina Campus Drama Society were limited this year to two evenings of one-act plays. These plays dealt with the theme "Life and Legend".

The first play presented was Eugene Ionesco's *THE LESSON*, directed by Ralph Trott. It was the symbolic story of the rape of a young girl by a doddering old professor. At first the professor is weak, shaky, but as the play progresses he becomes stronger, more active until the final moment when he completely overpowers the girl.

Russ Waller directed the second play, Edward Albee's *THE SANDBOX*. Again the audience was placed in the world of symbolism, for *THE SANDBOX* is a symbolic representation of our modern society.

The last play, *THE LAND OF HEART'S DESIRE*, directed by Ulrich, was W. B. Yeats' story of the theft of a new-married bride by the "good people" or fairy-folk of Ireland.

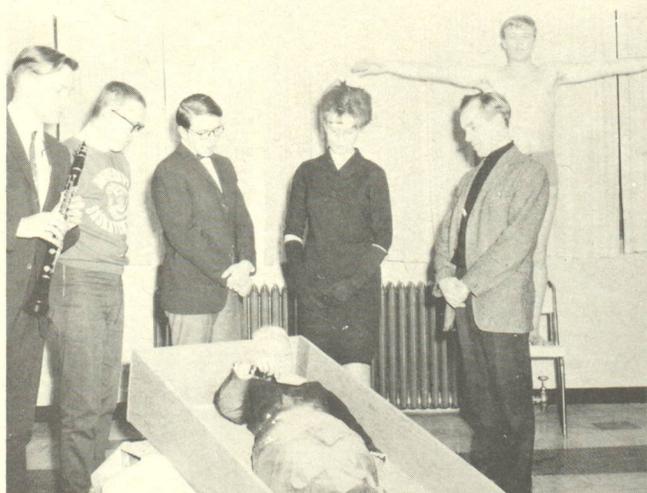

The reason that the S.R.C. produced so few plays this year was because of the Convocation production of *RICHARD III*, by William Shakespeare.

DRAMA DIRECTOR: RON ULRICH

photo by ALVIN SCHAFER

RICHARD III

The university, in commemoration of the opening of the new campus and the first convocation, sponsored this play.

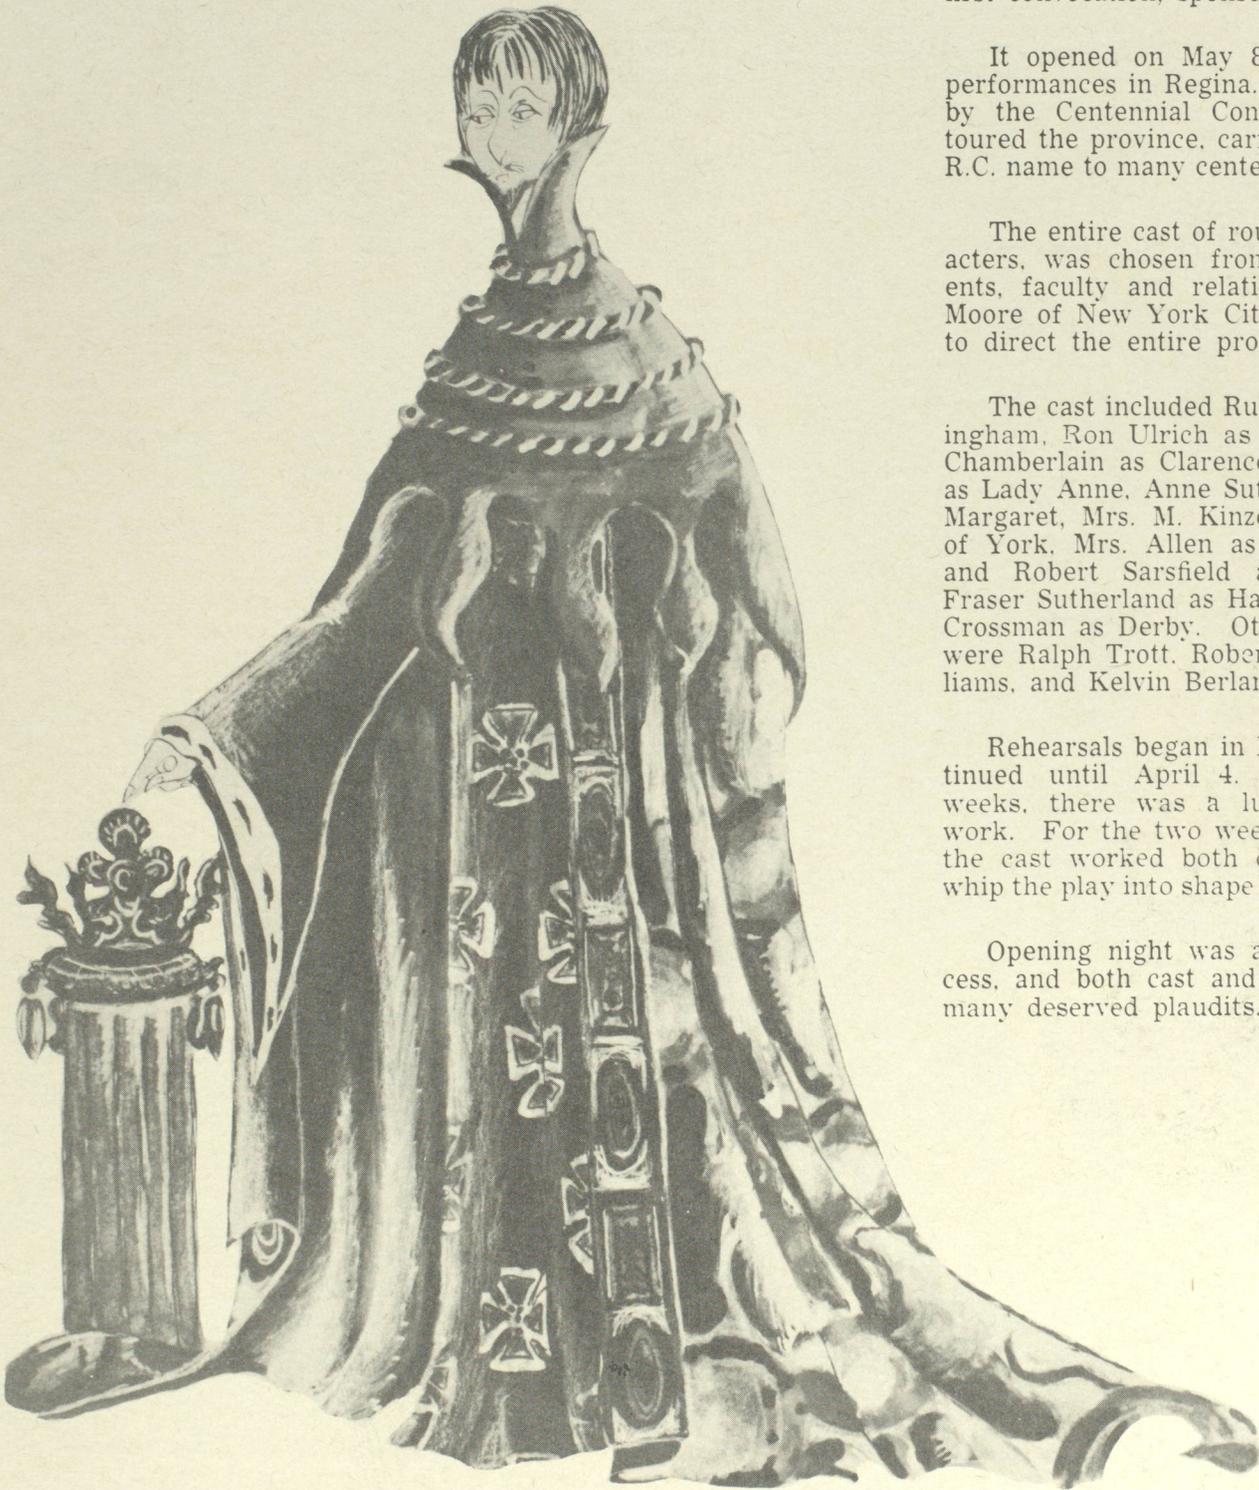

It opened on May 8 and ran for six performances in Regina. Then, sponsored by the Centennial Committee, this play toured the province, carrying the U. of S.-R.C. name to many centers.

The entire cast of roughly twenty characters, was chosen from university students, faculty and relations. Mr. Richard Moore of New York City came to Regina to direct the entire production.

The cast included Russ Waller as Buckingham, Ron Ulrich as Richard III, John Chamberlain as Clarence, Shelagh Huston as Lady Anne, Anne Sutherland as Queen Margaret, Mrs. M. Kinzel as the Duchess of York, Mrs. Allen as Queen Elizabeth, and Robert Sarsfield as King Edward. Fraser Sutherland as Hastings, and Dr. L. Crossman as Derby. Other cast members were Ralph Trott, Robert Trott, Don Williams, and Kelvin Berland.

Rehearsals began in February and continued until April 4. Then, for three weeks, there was a lull, absolutely no work. For the two weeks following this, the cast worked both day and night to whip the play into shape for opening night.

Opening night was a tremendous success, and both cast and director received many deserved plaudits.

...THEY GAVE OF THEIR KNOWLEDGE

V I

I T I N G

H. H. WILSON

— POLITICAL SCIENCE

Professor Wilson was Visiting Professor of Political Science. He was on leave from Princeton University, New Jersey, where he is a professor in the Department of Politics.

Born in Springfield, Massachusetts, Professor Wilson is a member of the National Advisory Committee of Consumers Union, and formerly was a member of the Academic Freedom Committee of the American Civil Liberties Union. He was a Lieutenant in the United States Navy during World War II. His Ph.D. was earned at the University of Wisconsin, his Master's degree at Clark University, and his Bachelor's degree at Springfield College.

A. B. NICOLAEV

In 1964-65, A. B. Nicolaev was Visiting Professor of Economics in the Division of the Social Sciences, University of Saskatchewan, Regina Campus. His permanent post is Deputy to the Chair of Political Economy, and lecturer in the faculty of political economy. Before coming to Regina he had been a guest lecturer at both the Universities of Cambridge and Oxford in England. In 1961 he was a member of a delegation of social scientists which toured United States centers of higher education. He is the author of a number of scientific papers published in the Soviet Union.

Professor Nicolaev has taught a senior class in "Planning in a Non-Market Economy in 1965-66." In addition he has given public lectures to many audiences, both on the University campus and elsewhere. He spoke at a special PLAIN TALK public meeting on December 7 on "Economic Planning" to more than 500 people in the Auditorium of Sheldon-Williams Collegiate. He spoke to another large audience in the University Lecture Series at Saskatoon in January. He has spoken also in Banff, Edmonton, Winnipeg and in Ontario. In general, the demand to hear him has been so great that many invitations have been declined simply for lack of time in his schedule. When not teaching or giving public talks, Professor Nicolaev has been engaged in his own research on the economic aspects of science and technology in the modern world.

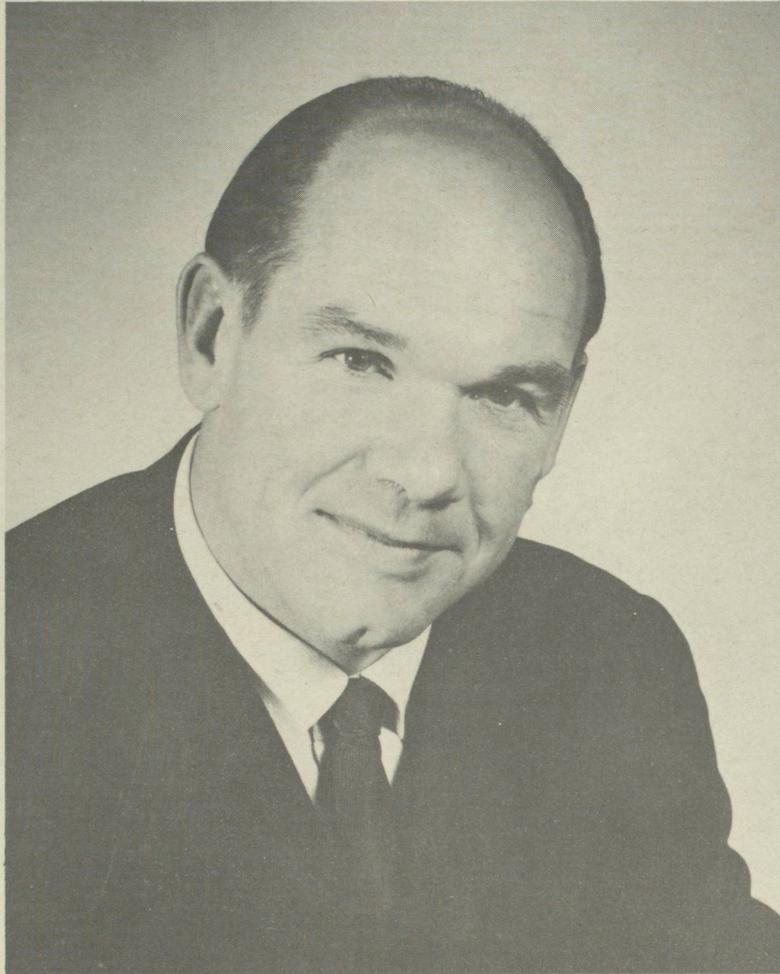

The significance of Professor Nicolaev's visiting professorship at Regina is considerable. It is the first time that a normal academic appointment of a Russian social scientist has been made to the staff of a university in the western part of the world. There have, of course, been short term appointments of a special type previously. Out of this year's experience, the faculty and students of the University of Saskatchewan Regina Campus, have had access to information concerning the nature of economic and social life in the Soviet Union which would not otherwise have been available. It seems fair to say that on his part, Professor Nicolaev has likewise been able to study the nature of economic and social life in Canada in a way not otherwise available. The attitude toward Professor Nicolaev and by him has been one of healthy curiosity and serious scholarship: the purpose has been to understand and to convey understanding of the Soviet and Canadian systems of economic and social life.

—DALLAS W. SMYTHE,

Chairman of the division of
Social Sciences.

A. B. NICOLAEV

— ECONOMICS

Mr. Nicolaev was a Visiting Professor of Economics during 1964-65. His permanent post is Deputy to the Chair of Political Economy, Economics Faculty, Moscow State University. Professor Nicolaev is the author of a number of scientific papers and in 1962 he was a guest lecturer at both the Universities of Cambridge and Oxford in England.

Theodore Allen Heinrich was Visiting Professor of Art History during 1964-65. He was born in Tacoma, Washington, but grew up in California. He was educated in public and private schools in America and Europe, did his B.A. at the University of California, his doctorate at Cambridge University and also studies in Bonn and Tours. He was awarded an Hon. LL.D. by Waterloo University.

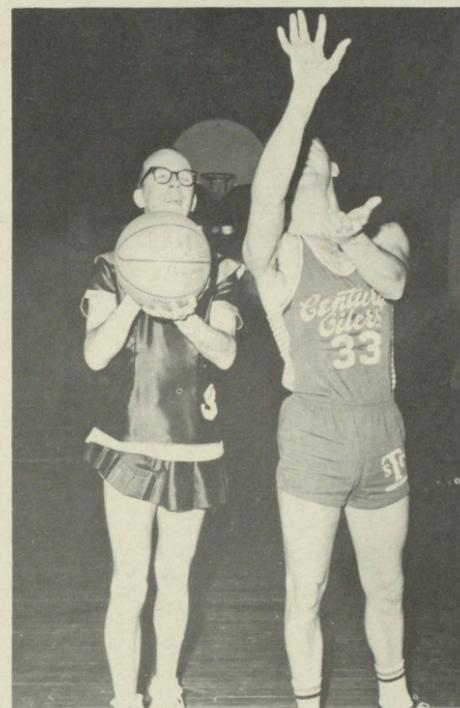

He has been Curator of Art Collections and Senior Fellow for art history at the Henry E. Huntington Library and Art Gallery, San Marino, California, and Associate Curator of Paintings at the Metropolitan Museum in New York. He came to Canada in 1955 and served for seven and a half years as director of the Royal Ontario Museum in Toronto, taking an active part in civic and national art affairs. In 1963 he resigned to write and travel.

THE YEARBOOK STAFF EXTENDS, ON BEHALF OF THE STUDENT BODY, SINCERE APPRECIATION TO THESE THREE MEN, AND TO THE ADMINISTRATION OF THIS UNIVERSITY, FOR THEIR FORESIGHT IN MAKING AVAILABLE THE GREAT STORE OF KNOWLEDGE WHICH THESE MEN HAVE PROVIDED.

CONGRATULATIONS!
Class of '65

100,000 HOURS...

A young man has just about 100,000 working hours ahead of him before he reaches retirement age. His success in life, and much of all that he hopes for, depend upon the way he invests those 100,000 hours. Choosing the field in which he is to work and the organization of which he will be a part are two of the most important decisions of his life.

Those who expect to follow professional careers—doctors, lawyers, engineers—usually make their choice fairly early because their education must follow specific lines. Others wait until later.

There are two major decisions which any man must make. First, the type of work he wants to do; second, the organization with which he intends to associate himself.

To reach either decision a man should have the answers to a number of questions, some about the field, some about the organization. He should be just as much interested in what a particular company has to offer as the company itself is interested in his own qualifications.

To answer some of those questions about one field... Selling... and about one company... The National Cash Register Company... we offer our counselling service.

Now . . . a time of DECISION

As a young man about to graduate from University you will soon be deciding upon your future. This decision if it is to be a sound one will require your careful assessment of all available opportunities, as well as your own potential.

With the increase in aircraft performance, the refinement of flying procedures, and growing administrative problems, the Royal Canadian Air Force now offers even a greater challenge to the young man with a university background.

Career opportunities are available in Aircrew and Non-Aircrew positions. Get more information about Air Force careers at the:

RCAF Recruiting Unit
10th floor Motherwell Building
Regina, Sask. Phone: 522-6656

YOUR EDUCATION IS NOT

THE LAST WORD

I hope that you have enjoyed the changed look of the TOWER and that it will help you to remember more vividly a truly memorable year. Granted, some will be disappointed by the omission of undergraduate photos and by the use of soft covers. These omissions were done for the sake of economy. We of the staff feel we made an earnest effort and we hand the challenge to you the students. To have a successful yearbook, make sure that \$4.00 of your fees is set aside for that purpose. The future, both financial and editorial, of YOUR yearbook depends on YOU.

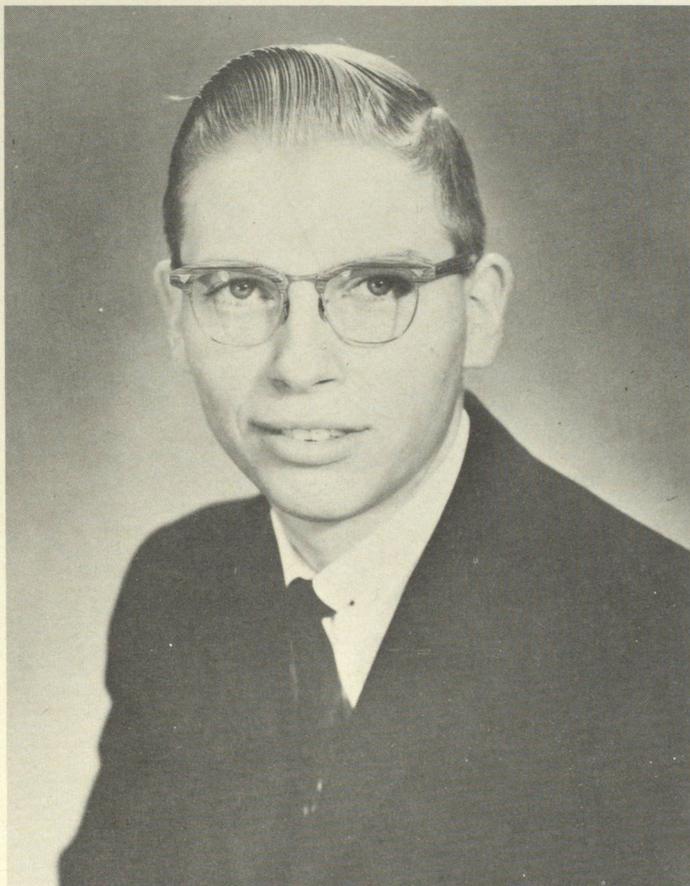

This page is usually used to thank those who helped make the always immense job of the editor a little less tedious.

I would therefore like to thank all those students who appeared in the photographs and especially those who failed to have their graduate photo taken. A special thanks to those organizations who call themselves apathetic. I would also like to thank the SRC for their co-operation even though the entire Yearbook Directorate has been mishandled.

I would now like to thank my staff. This book would not have been possible without the assistance of Bob, Wayne, Elaine, Maureen, Jim, Pam, David, Ester, and Terry; all of whom shared much of my frustration. A special thank you to our photographer Cal Dean for his splendid and understanding efforts and to Joe Campbell of the University News Service in Saskatoon and to the Carillon for the use of materials from their files. Last, but far from least, I want to thank Gerry and Glen of Service Printing Company who worked hard and gave freely of their time and talents to make this book possible.

Thank you all, for in spite of all the frustrations, headaches, and my chicken pox, it was, all in all, a pleasure to work with you.

Glen A. Fox,
Editor.
