

EX-LIBERAL'S SHARP ATTACK ON HIS PARTY

L. J. Gauthier Scores Policy of Mackenzie King's Dominion Following.

FROM "NO MAN'S LAND" HE SPEAKS

Government Gives Great Applause to Member Mentioned of Cabinet Honors.

(Continued from page 1.) W. F. O'Connell (Brantford), referred to the address of Mr. Gauthier as a "family fight," and later as one of the most impressive speeches of the session. His address was completely in defence of the Government.

A. R. McMaster, Brantford, continued his speech on the address. He said the House dealt directly with the remarks made by the Prime Minister. Mr. McArthur had taken the position that the House was decided by a majority of the people and that the government commanded a majority of the members in the House. Therefore, he proposed to hold on to office.

Election for War Only.

There was, at the time of the last election, Mr. McArthur contended an understanding reached that the government would hold on to office for the period of the war and that of demobilization. He quoted from a resolution passed at a meeting of conservative Liberals at Hamilton, Ont., which declared that the United States Government for the duration of the war.

The Party Name.

The member for Brantford then dealt with the name of the National Liberal and Conservative Party. He said the members of the cabinet must have the same views on essential matters in order to give the country a strong government. The Prime Minister, while he had, at Sherbrooke, stood for the maintenance of duties and the Winnipeg expressed the pious hope that duties would be lower.

Mr. Spinnery's Question.

The Hon. Mr. Spinnery interrupted to ask Mr. McArthur if he stood for the policy of the Liberal Party in the years 1916 to 1917. Mr. McArthur replied that he stood for the policy of the Liberal Party which was drawn up in 1919. He thought, however, the electors were more interested in where Mr. Spinnery stood.

The Case of Mr. Wigmare.

Turning his attention to the election of Hon. R. W. Wigmare, in St. John, N. B., Mr. McArthur said the minister of customs had been elected not because he supported the government, but because he had declared in his campaign that he stood first of all in the interests of the port of St. John; after that in the interests of the province of New Brunswick and after that in the interests of Canada. He referred incidentally to St. John as "that interesting city where the river flows in opposite directions within the short space of 24 hours."

Mr. McArthur said the Liberal

DOUBLE POLICY OF HIS FORMER PARTY

Scores Hon. Mr. Fielding and Hon. Mr. Lemieux in Sarcastic Speech.

(Continued from page 1.) After Mr. MacArthur's sarcastic remarks "science like a position came to head the winds of opinion," the House was alert and curious. Rafter has been busy with the political future of the member for St. Hyacinthe. His removal to the crests benches had indicated. The House wondered if he would make the rupture complete, and if he could hold his own in debate with the Quebec members. When he concluded there was no Quebec leader ready to reply and A. B. McCoiz, Kent, Ontario, was hastily thrust into the breach until the Liberal front benches had regained their composure and evaded a reply.

Bitter And Sarcastic. Mr. Gauthier was extremely sarcastic and his references to A. R. McMaster and Hon. Rodolph Lemieux were caustic and pointed and enjoyable to members and spectators. The member for St. Hyacinthe declared that he was a supporter of the Liberal fiscal policy of 1919. If the Liberal party was true to the policy of Sir Wilfrid Laurier it would have endorsed the tariff policy enunciated in the speech from the throne. The Liberal government had no mandate, yet had accepted an increased indemnity from the government they denounced as having exceeded its constitutional rights. He was opposed to the distribution of the seats of the House of Commons. He was in favour of a redistribution of the seats of the House of Commons.

Twice Inconceivable

He went on to declare that the attitude of the Liberal Opposition was hypocritical in regard to the tariff. "Oh, listen to their speeches," he said. "They claim to have saved the country." Referring once more to Mr. McMaster, who had been the financial critic of the Opposition, Mr. Gauthier said that McMaster had been a member of the cabinet of the Conservative government. He said that McMaster had been a member of the cabinet of the Conservative government. He said that McMaster had been a member of the cabinet of the Conservative government. He said that McMaster had been a member of the cabinet of the Conservative government.

Quebec Solve Bloc

The Liberal Opposition, declared Mr. Gauthier, was engaged in trying to boust the issue. Out of eighty-two seats held by the Opposition in the House, sixty-one were in Quebec. The Liberal Opposition, declared Mr. Gauthier, was engaged in trying to boust the issue. Out of eighty-two seats held by the Opposition in the House, sixty-one were in Quebec.

The Senate.

A sharp clash between Senator Dandurand and Hon. P. E. Blondin featured the debate on the address in the Senate today. Senator Dandurand, who had resigned from the Liberal party, attacked the address. He said that the Liberal party was engaged in a campaign of "no man's land" politics. He said that the Liberal party was engaged in a campaign of "no man's land" politics. He said that the Liberal party was engaged in a campaign of "no man's land" politics.

Chauffeur Foiled

Two Hold-Up Men Montreal, Feb. 17.—Hold up by two men, who he believed were the parties who had called for a taxi, A. Warren, chauffeur for the Brampton Auto Services, escaped from them through their net on the Upper Lechme road, near the Thornhill Hotel, shortly after 11 o'clock Monday night. A quarter of an hour before, a telephone call had been received at the office of the taxi company asking for a cab at a point near the hotel on Upper Lechme road. Warren was sent, and on reaching a spot near the hotel he saw a small sedan car which was in a standstill in the road, and stopped. "Are you the party who called for a taxi," he said. "Come out of there and put up your hands," was the answer he received from a heavy-set man wearing a dark sweater and a peak cap, who held a revolver in each hand. This man was immediately followed by another, wearing a dark overcoat and a dark hat, who also held a revolver in his hand. "I guess you are not the party," said Warren. "But to this the first man only answered: "Never mind, hand over what you have." Warren, however, retorted: "Well, I'm sure you are not the party," and placed his foot on the accelerator he sent his car forward. The heavy man called after him: "You certainly are a nifty guy. I guess we will let you go." Warren reached the hotel and reported the occurrence. The Detective Office was notified, but, despite searches of the road, no trace of the sedan car could be found.

Recommend Better Navigation Aids

Board of Trade Ask for More Equipment in Bay—Favor Vocational Education.

Several matters of importance were discussed at the council meeting of the Board of Trade yesterday afternoon, among others the need for further navigation aids in the Bay of Fundy.

The following recommendations on this subject were made by the Harbor and Transportation Committee and were approved by the council:

1. A steamer by buoy and life-saving service in the Bay that would be capable of going to sea at any time and under all conditions, should be procured. The steamer should be equipped with the latest life-saving equipment and should have deck space of from 80 to 90 feet in order to permit of the carriage of the large gas buoys of the present day.

Better Cape Sable Light

2. The establishment of a light at Cape Sable, capable of being seen at a 25-mile distance. The present light has a radius of only 12 miles. When it is considered that not only do the ships and from St. John take their bearings from this light, but that ships going over from northern U. S. ports also depend upon it as a measure of the importance of enlarging the radius of such a light becomes very apparent. The present structure is 40 feet in height, and is situated on a rocky ledge equipped with a second-order lens, such as exists at Gannet Rock (off Grand Manan) would provide the needed radiance.

Have Spare Lightship

3. That a spare lightship be provided with off-berthing equipment to obviate the delays and difficulties caused by the use of coal and that she be equipped with excellent lights instead of fixed lights as at present.

Have Spare Lightship

4. That a spare lightship be provided, which could be used at either Sambro or at the Larcher, should either of the ships at the above points be compelled to leave their anchorage. The spare lightship should be made of the anchorage ground of the Blonde Rock buoy with a view to securing, if possible, a smoother anchorage area for the buoy, and thus prevent the wearing of the chains against the rocky ledges.

It was ordered that these recommendations be forwarded to the Premier, the Minister of Marine and Fisheries and to our Federal members, also that the co-operation of the Harbour Board of Trade be sought where the recommendations especially affect Nova Scotia points.

The Committee is advised that the Head of Station received the above recommendations and that copies are being transmitted through the Partridge Island station. When the Head of Station receives his own transmitter (which is expected in a few weeks) direct toward and outward messages will pass through.

Favor Vocational Training

The importance of the city carrying on vocational training was stressed by the Community Welfare Committee in its report to the Council, Mr. J. Hunter White.

Resolved, That the Council of the Board of Trade reaffirms its previous expressed opinion in favor of the adoption of Vocational Training for the city and that it urge upon the attention of individual citizens and also upon the collective attention of all progressive organizations in our city the importance of aiding in the promotion of Vocational Training as being a subject that is for the benefit of the community at large and one that is deserving of the active support and aid of all citizens. Further that a recommendation be forwarded to the Mayor that any grant for this purpose made this year, should not exceed the balance of the year after April 30, 1921.

The Duchess of Brunswick, daughter of the former Emperor and former Prince Oscar also are at Dorn.

Mr. Beatty Cannot Come

A letter was read from Mr. E. W. Beatty, president of the C. P. R. Express, expressing regret that he could not accept the President's invitation at this time to visit St. John and meet the Board. He hoped at a later date to be able to arrange a visit to the city.

A letter was read from the secretary of the Maritime Land Co. and the Mayor, which was referred to the Council. The secretary of the Maritime Land Co. had been invited to attend the luncheon held by the Board was submitted. The thanks of the Council were extended to all those who contributed to the success of the function. A special mention being made of Dr. Spangler, vice-president of the Rotary Club, who had acted as musical director; Mr. W. E. Golding, manager of the Imperial Theatre, for the exhibition of the luncheon photograph which he had given; the editor of the Montreal Standard for his offer to publish a reference to the Board's entertainment; and to the Pythian Club for their kind co-operation.

A large number of applications for membership were received and approved by the Council. A letter was read from the secretary of the Maritime Land Co. and the Mayor, which was referred to the Council. The secretary of the Maritime Land Co. had been invited to attend the luncheon held by the Board was submitted. NEWSPRINT DOWN CENT PER POUND IN ONE COMPANY

Operating Expenses Lower in All Mills and Prices in All Likely to Decline.

ARBITRI STOCK BREAKS ON NEWS

Europe Producing Paper at Cheaper Rates So Canadian Mills Must Cut Prices.

(Continued from page 1.) One Canadian company renewed all contracts for 1921 at five cents but the majority of the manufacturers are quoting six to six and one-half cents on contracts. Practically no new business is being done.

The great majority of the United States publishers signed up for 1921 requirements last December and in view of the increasing offerings from abroad and the consequent weakening of the market many of them are beginning to regret their haste in tying up for long periods at a high figure.

Must Cut Prices.

Statistics which have just come to hand from the department of commerce at Washington indicate that Canadian mills from now on will have a new situation to meet and the opinion is freely expressed that if the Dominion manufacturers are to maintain their supremacy in the United States market they will have to moderate their ideas regarding prices.

Arbitri Still Up.

A wire received today from the G. H. Mead Company at Dayton Ohio stated as yet no reduction had been made in the price of paper manufactured by the Canadian mills which they represent in the United States. The company acts as United States agents for the Arbitri Paper Company and the Spanish River Pulp and Paper Company. Their present price is 6 1/2 cents.

International Drops

New York, Feb. 17.—The International Paper Company today announced here the price of five and seven-cent grades per pound on newsprint in rolls for carload lots for delivery during the second quarter of the current year. This quotation, which amounts to \$14 per ton, compares with \$13 per ton on deliveries during this quarter and the financial quarter of 1920. The company has also given customers the option of accepting a quotation of five and one-half cents per pound from April first to the end of the year. This figure covers a tonnage price to \$13. In the event customers do not elect to take the flat rate of five and one-half cents a pound for the year, they may opt for the arrangement of having quotations adjusted quarterly.

GAIUS STEEVES ARRESTED CHARGED WITH MURDERING WIFE AND FIVE CHILDREN

Sensational Developments at Moncton When Husband and Father of Fire Victims is Taken into Custody After Burial of Charred Bodies of Tragedy—"I've a Conscience Clear Anyway." Only Remark of Prisoner When Charged With Appalling Deed.

(Continued from page one.)
Steeves himself was the only survivor of the fire according to his own story, being in the barn sixty yards distant feeding his horse when the fire broke out. He alleged that he was first apprised of the fire when he heard his wife calling to him that the house was on fire.

Could Do Nothing.
He returned to the house but found the fire so far advanced that he was unable to get in or do anything to rescue his wife and children. He says he gave the alarm and went up the road meeting John McEliah and his son going to their work in Moncton. When the three arrived at the burning building McEliah says it was then impossible to do anything along the lines of rescue work.

Three Children Accused.
Three of Steeves' elder children, two sons and a daughter, were away from home at the time. The daughter Clara about seventeen years old worked in Moncton and the boys were working in lumber camps in Albert county.

What Will Sons Say.
It is understood that the sons have made statements which will be used at the preliminary examination. They stated that on Sunday previous to the fire their mother told them their father had said if he came home and found the boys there he would burn the place down. As he was being taken into the cell tonight the prisoner said "I've got a clean conscience anyway."

Funeral of Victims.
Enclosed in one casket the remains of the mother and her five children, were this afternoon removed from Tuttle's Morgue and conveyed to Lower Coverdale, Albert County where burial was made. As evidence of the intense interest in the tragedy, about 2,000 people from the city and the surrounding country were gathered at the morgue and stood around the street in the vicinity while the simple but impressive funeral service was conducted by Rev. H. H. Cochrane, pastor of the Highfield street Baptist Church, assisted by Rev. S. J. Perry, pastor of the Coverdale street Baptist Churches.

Excitement was intense.
As little knots of people stood here and there discussing the sad tragedy and the incidents in connection with it, the feeling among the spectators was at times most intense especially when the funeral cortege moved away from the morgue with sleighs containing the aged father and mother and brothers and sisters of the dead woman following immediately behind the hearse.

The husband and father of the five victims drove to the cemetery in company with his brother. In the cortege were also a number of neighbors of the Steeves family in Coverdale. At the grave side the last rites were in charge of Rev. Mr. Cochrane.

NEW YORK CONVICTS ESCAPE FROM AUBURN

Auburn, N. Y., Feb. 17.—It was officially announced in Auburn prison today that Richard Gallagher and John Riddell, convicts from New York city, escaped last night by going over the wall. The men were released at eight o'clock last night and were thought to have gone in hiding, but a rope made of old clothes and cord was found at the south wall, where they got over. The country surrounding Auburn is being searched. Gallagher was serving twenty years for murder, and Riddell was serving six years for robbery.

He was 85 years of age, and had been a resident of Rexton all his life. One son and two daughters survive.

ELECTION TRIAL LIKELY TO TAKE AN ENTIRE WEEK

Much Time in Restigouche Case Saved by Counsel Preparing Statement of Facts.

WITNESSES IN LARGE NUMBERS SUMMONED

Petitioner Admits He Signed Papers With Little Knowledge of Statements Therein

Special to The Standard
Dalhousie, N. B., Feb. 17.—The Controverted Elections Court presided over by Mr. Justice Barry opened in Dalhousie this morning at 10 o'clock to consider the Testigouche case. The case is attracting much interest and scores of friends of the successful candidates, Henry Dottle and David A. Stewart, have come from all parts of the county to witness the legal battle, besides a very large number of witnesses have been subpoenaed. The first witness called was the secretary-treasurer of Restigouche County, Alex. J. LeBlanc, who filed the voters' lists. Then the petitioner, Fred M. Anderson, was sworn. The only remarkable thing about his testimony was his admission on cross-examination by Hon. J. B. Baxter that he signed the petition with practically no personal knowledge of the statements therein related. The Sheriff, Thomas Craig, was sworn but his testimony was interrupted by the counsel on "the sides arranging to go through the election documents and prepare a statement of facts which would avoid many days of tedious testimony. It is thought the trial will not be terminated until next week.

Sydney, N. S. W., Feb. 17.—Rev. John Fringle, D.D., pastor of St. Andrew's Presbyterian church, in a communication to the city council recently notified that body that in future he will pay no taxes into the city treasury while separate schools are maintained in Sydney by the appropriation of civic funds. The members of the council discussed his communication briefly.
Corn Hill, N. B., Feb. 17.—The Women's Institute of this place entertained the members of the Newtown Women's Institute on Monday evening at the home of Mrs. Arthur D. House. After a general cordial reception of the guests the members proceeded with their session. The president, Mrs. Charles Burdock, presided. After songs, roll call, and minutes of last meeting read by the secretary, Mrs. C. H. Keith, a short programme was given by visitors and members. A special contest provided an interesting part of the programme, at which prizes were won by Mrs. Davis and Mrs. Vanning of Newtown W. I. The house was prettily decorated with Valentine decorations in red and white.

Minister Refuses To Help Separate Schools

Fredericton
Fredericton, N. B., Feb. 17.—A Price of Montreal, general manager of eastern lines of the C. P. R., accompanied by M. Woodman of St. John, superintendent of the Atlantic division, were in Fredericton on Wednesday night on an official tour. Mr. Price was waited upon by a special committee of the Board of Trade in regard to improved station accommodation here. Two propositions had been advanced to have the C. P. R. and C. N. R. unite in the erection and maintenance of a union station, and other to have the C. P. R. remove its antiquated wooden building and put a modern structure in its place. Mr. Price expressed the opinion that improved facilities certainly were needed, but he said that there were numerous other places on the C. P. R. lines which also were asking for improved station accommodation. He said, also, that there was no prospect of the C. P. R. moving in this matter this year, as building costs still were excessive. He expressed himself as favorable to a union station project. It is feared locally, however, that there would be difficulty in getting the two railways to agree with regard to the management. It is believed that the C. P. R. has in mind improvements in Fredericton within the next few years. The Fredericton Co-operative, Ltd., which has conducted a provision store here for some months, is considering a plan for reorganization and extension of the business. A meeting was held on last Tuesday. It is expected that the scheme will be presented by a special committee within a short time.

CROZIER MAKES ANSWER TO THE ATTACK OF JAPS

His Arguments for Intervention in Mexico Backed up by Nipponese Imperialists.

CITES IT AS A BASIS FOR CHINA

General Says Past Shows American Acts Altruistic, But Japan's Otherwise.

By ROGER AMES BURR.

(Copyright 1931, by Public Ledger.)

Pekin, Feb. 17.—General William Crozier, retired chief of ordinance of the United States army, who has the most to do with the supply of ordnance to the American army during the war with Germany, has given an interview to your correspondent upon the subject of intervention in Mexico, which may have a relation to an American intervention in China. Major General Crozier, who is at present spending a month in Pekin on his leisurely way around the world, is an ardent and able advocate of the benevolent intervention of the United States in Mexican affairs.

His speech before the Cleveland Chamber of Commerce last April has become well known in this part of the world. In that address he proposed the effective taking over of all government, national and local, in Mexico, by means of an adequately large American military force, and the administration of the country for the welfare of the people at large until such time as education of the Mexican masses had fitted them to hold their own under a democratic self-government.

He said that he is convinced that the tendency of the military and favored civilian class to enslave their Japanese imperialists have attempted to utilize the general's arguments for American intervention in Mexico to justify a policy of Japanese intervention in China.

The editor of the Kobe, Japan Chronicle recently attacked the arguments of General Crozier, especially from the standpoint of their giving ground to the Japanese imperialists in their designs upon the Asiatic mainland.

The vigorous article of the Chronicle was republished in one of the Pekin papers, and the general, who has lately come to Pekin, has seen fit to make clear through the public press that he himself has no desire to see his arguments used to encourage or justify the intervention in China, and that they do not allow of such implication.

Basis for Benevolent Intervention.

Major General Crozier states that the fundamental basis of a justifiable foreign benevolent intervention must be:

First, an extremely miserable condition of the people which cries for amelioration from the human standpoint; second, a tested and proved benevolent motive on the part of the intervening power; and third, a military and administrative ability upon the part of that power to take over the government of the disrupted nation entirely, quickly and efficiently, and so thoroughly that every remote locality will be brought absolutely under control.

All three conditions exist, argues the general, in the case of the United States as toward Mexico. They do not exist, he states, in the case of Japan as toward China. The lack of parallel between the two cases he details as follows:

In the first case the people of China, although greatly in need of administrative reform, suffer from no government rather than misgovernment. "They are," says the general, who has personally observed conditions in both countries (he has been interested in affairs in China since his participation in the suppression of the Boxer uprising), "infinitely better off in the fundamentals of life and property than the people of Mexico."

Chinese Brigandage Spasmodic.

They are, it is true, subjected to great suffering by out-of-hand military bodies and brigands, and they are compelled to bear the brunt of the resort to force of military chiefs whose whose ambitious clash, suffering from these causes is, however, spasmodic and localized rather than continuous and widespread, and the people have enough backbone to effectively resist the bitter tyranny and plundering-at-will inflicted by the civilian and military oligarchy of Mexico.

HEADACHES

Make Life Miserable.

Headaches are one of the most aggravating troubles one can have, and it is hard to struggle along with a head that aches and pains all the time.

Headaches seem to be habitual with many people; some are seldom, if ever, free from them, suffering continually from the dull throbbings, the intense pains; sometimes in one part, sometimes in another, and then, again, over the whole head.

There is only one way to get relief from these persistent headaches, and that is by going direct to the cause of the trouble, for unless the cause is removed, the headaches will still continue to exist.

The fact that Burdock Blood Bitters keep the stomach, liver and bowels toned up is proof enough to show that it will eliminate the cause of the headaches.

Mrs. Harold Lamm, Owen Sound, Ont., writes:—"My system was run down, and my blood out of order. I suffered a great deal from severe pains in my head, which made me feel very miserable. After having tried other remedies I purchased a bottle of Burdock Blood Bitters, and was very glad to notice a decided improvement in my health, so I took another and am glad to say that it has done me an enormous amount of good. I have recommended it to my friends, who were in a similar condition, and they all say it is a wonderful remedy."

Tragedy of Boy Lover And Widow

Suicide Pact Leads to Three Deaths—Woman Will Recover.

(Copyright 1931, by Cross-Atlantic.)
Berlin, Feb. 17.—A love affair between two young lovers and a widow twenty years older ended in a triple tragedy at Hanover. Hans Nollke, a young student, lived with his father, a leading hairdresser, who died of two rooms of his home gratuitously at the disposal of the Housing Department for the refugees. The authorities let the rooms to Anna Herwig, a refugee from Brazil, and her two little daughters. She was rather a mysterious person, had no papers of identification, and claimed to be the wife of a Brazilian farmer, from whom she had been legally separated.

Boy Disappears.

One morning Hans failed to appear at breakfast, and his bed was found not to have been slept in. Someone entering the room of the Brazilian woman found the grim explanation of his absence.

Anna Herwig lay unconscious on the bed from prussic acid poisoning. Near her was the dead body of Hans Nollke with a bullet wound in the throat. The two little girls had been shot in the head. One of them was already dead, and the other expired while being carried to the hospital.

It is believed that the woman had a strange influence over the boy and persuaded him to take leave of life with her, and that, as the poison which they all took, was not rapid enough in its action he had recourse to the revolver.

Their intrigue had lasted only two weeks and, as they carefully avoided talking to one another before others, no one had any suspicion of its existence. The woman is expected to recover.

Rules Odor Is Not Evidence

Boston, Mass., Feb. 17.—A glass which smells of hydrogen is not sufficient evidence to hold a man on the charge of "possessing" liquor, according to the United States Commissioner, William A. Hayes.

Frank Luxo, manager of the Hotel Lorraine on Tremont street, was gathered on Saturday night by prohibition agents, who testified yesterday they saw a man being carried out of the house looking like something placed in the official discard by the Volstead act. The bartender, they said, acted quickly and disposed of the liquor.

"The glass smelled of liquor," declared the agents, who grabbed the glass if not the contents. Luxo denied all knowledge of anything of the sort.

"Evidence insufficient," Defendant discharged," quoth the court.

DOCTOR'S PAIN KEENER THAN TONSILITIS GIRL'S

Chicago, Feb. 17.—"Oh, doctor, you're hurting me." That's what Miss Beatrice Alma Buda, who is called the "tonsillitis girl" by physicians, said as she lay on her back in the hospital ward, then she would squirm and wave her hands as if in extreme pain.

Then the physicians found their watches and pocketbooks missing. Eight pocketbooks and five watches belonging to physicians who had treated the "tonsillitis girl" were recovered by the police in pawnshops today. The girl, called by Chief of Detectives Hughes the cloyered dip in Chicago, is still being sought.

MUST GO TO THEATRE.

Petrograd, Feb. 17.—Compulsory play going to the theatre, order of the day here. The soviet government has decreed that a fine, payable in food rations, is to be inflicted on all persons who, after official invitation, omit to attend the theatre to enjoy a profoundly important play which are now being produced, says the Bolshevik newspaper, *Rabotchi Golos*.

Too upon the long-suffering populace. In addition, the people of China have, since the patriotic resistance, convinced the world that they are upon the high road of political evolution, and need, not guardianship, but friendly and non-offensive aid and instruction in the spirit of equals, to hasten their progress.

The situation in Mexico, maintaining the general, is all of that; the Chinese, carried to its extreme and without the extenuating and hopeful features.

No Proof of Japan's Atrium.

In regard to the second point, the general points out that Japan has never given evidence or proof of having intervened in the affairs of a weaker and dependent neighbor from a predominantly altruistic motive. The extension offered by Japan for her intervention into these territories has not been that of benevolent and temporary intervention, but the old and purely imperialistic excuses of increase of population and economic pressure.

On the contrary, America, submit the general, can, upon the strength of her records in Cuba and the Philippines, lay pretension to the possession of benevolent motives, which, he says, would be the predominant influence in any intervention scheme, and can, without presumption, ask the powers to trust to her the undertaking of such a scheme.

China Too Large for Intervention.

In regard to the third point, the reduced estimate, as an aid to carry out what appears to him the vital stability of Japan, or, in fact, any power, to speedily spread its influence throughout the length and breadth of the great Chinese terrain on an extent which would make it unchallenged, and allow absolute freedom to the occupying nation to carry out its administrative reforms. "If intervention," he concludes as effective and through this which, believes the general, has allowed America to do what she has done to Cuba, and is allowing her to carry out a program of ultimate withdrawal in the Philip-

OPINION QUESTIONED BY OTHER EXPERTS

Make the Best Sailors, Soldiers and Explorers—Lure of Adventure Appeals.

By YSOBEL BARRE.

(Copyright 1931, by Cross-Atlantic.)
London, Feb. 17.—"Boys of blue eyes—especially deep blue eyes," is a recent warning to London youths and mistresses by a French student of human nature, who hides his identity under the initials A. C. D.

"In fact, the more clear and innocent the look the greater the (deeper) blue eyes," says the author. "I have no objection to blue eyes. Having this opinion endorsed by others, I do not hesitate to say 'Beware!' The blue eye so often depicted by the novelist is unfathomable. I have come into contact with several cases where the clear, almost childlike expression has accompanied a downright lie.

"This theory applies not only in marriage but in every case. Without attempting to delineate character, one may safely assume for general application that blue-eyed people are inclined to be more treacherous, are less likely to be staunch friends, than others."

"The 'true blue' eyes of the ballad singers are, it seems, not so true as they are sung, and it appears that the song maker is at variance on this matter with the moralist.

"It is something of a shock to find blue-eyed husbands regarded as more faithless than husbands with eyes of other hues," Mr. Thomas Lumden, chief relieving officer of Leeds, backs up the opinions of A. C. D. He says that husbands with such eyes are prone to run away from their wives.

Mr. Lumden, indeed, declares that in the cases of runaway husbands of which he has had experience, 90 per cent have eyes of this apparently dangerous color.

Married Unrest From 30-40.

While novelists only speculate on the period when married unhappiness is greatest, Mr. Lumden has definite data.

"Married unrest," he says, "shows itself between the ages of 30 and 40. Before 30, men are hopeful, or in love, and after 40 either married or resigned.

"As a rule," he adds, "a man only deserts his wife once, and wife desertion is generally most prevalent during times of industrial depression.

"A man sets forth to look for work and forgets to return, especially if his quest has been unsuccessful. Generally, however, if he is successful he returns happy to his wife, especially if his eyes are not blue." Mr. Lumden's statements have roused a warm controversy on the merits and demerits of blue-eyed husbands.

Does Not Agree.

Dr. Albert Wilson, a psychological expert, does not wholly agree with Mr. Lumden.

"My experience has been that the dark-eyed man is the more temperamental and fiery," said Dr. Wilson; "but this is nothing new; it is mentioned in Revelation.

"You must have remarked," continued Dr. Wilson, "that Mr. Lumden bases his theory on his observations of poor people only. The nature of his work does not lead him in contact with the rich who are less prone to desert their wives for fear of unemployment.

"No such sweeping statement should be made unless the average is taken from a study of about 10,000 cases." Another doctor put forward the suggestion that correct Mr. Lumden's assertion be issued, the responsibility of the blue-eyed husband is derived from his love of adventure.

"Blue-eyed men," he said, "are notoriously the best sailors, soldiers, and explorers. The call of adventure probably sounds so loudly that it induces them to throw up home ties.

"Any way, whatever kind of husband the blue-eyed man makes, I am sure that the brown-eyed girl makes a better husband of a man!"

"But in the words of Kipling, 'that is another story'."

Two Teachers Are Beaten to Death

Terrible Tragedy Disclosed When Missing High School Teachers Are Found.

Cleveland, Feb. 17.—Miss Louise Wolfe and Miss Mabel Foster, two young school teachers at the Farms high school, were found beaten to death in a road in Farms Heights, near home early yesterday afternoon. They were last seen leaving the school building late yesterday afternoon. A bloody streak of timber was found near the bodies. Children on their way to school this morning found the two bodies lying in the roadway. Parts of the two women's clothing had been torn from their bodies. There were no signs of a struggle in the snow. Police believe the teachers were on their way to board a trolley car for home when killed.

BOLSHIEVISTS IN TURKESTAN.

London, Feb. 17.—A second congress of the young Bolshievists of Turkestan was recently held at Tashkent, with 182 delegates representing 310 organisations with a total membership of more than 20,000 young Musulmans and Russians, says a wireless despatch from Moscow.

The speakers appealed to the youths of Turkestan, Khiva, Bokhara and Kirghia region to educate the youth of the East. Eleven girls took part in the congress.

Costs Much Cash To Feed Army Pigeons

Washington, Feb. 17.—Army pigeons are heavy feeders.

The allowance of the House of \$5,000 to feed them for a year is not enough.

This is the opinion of Major-General Geo. O. Squier, chief of the army's Signal Corps, in appealing to the Senate military affairs committee today to override the economy practices of the lower body and give his feathered personnel a larger appropriation.

The general told the committee that \$35,000 should be appropriated to keep and train the birds, claiming that they have become an essential part of the Army Air Service.

He said that many of the birds have heroic war records and have achieved distinction since they figured in the Canadian trip of Lieutenants Farrell Kloor and Hinton, he said.

Echoes From New York Dog

Recent Westminster Club Show at Square Garden is R

In the recent Westminster Club show held in Madison Square Garden, the biggest annual dog show in America, brought unexcelled surprises and seemed to be a grade or goal. "His Master's Voice" was the star of the show.

His Master's Voice

The crown of fame, "His Master's Voice" was the star of the show. It is a remarkable dog, called "His Master's Voice" as a winner and by his adopted name. It proved a popular show two former champions of the breed Bull Terrier of Old England, the "His Master's Voice" variety, both talking about their class.

Another dog of the breed was the "His Master's Voice" variety, both talking about their class. It is a remarkable dog, called "His Master's Voice" as a winner and by his adopted name.

The dog was named "His Master's Voice" because of its habit of barking when it saw a gramophone with a dog on the cover.

Echoes From The New York Dog Show

Recent Westminster Kennel Club Show at Madison Square Garden is Reviewed

In the recent Westminster Kennel Club show held in Madison Square Garden, the biggest event of dogdom in America, brought out some unexpected surprises and upset what seemed to be a grudge against that "little sporting dog," the cocker spaniel.

Cocker Spaniels.
That crown of fame, "Best in the Show" at New York is the breeder's one ambition, while exhibiting at the Westminster show and this laurel is won by W. T. Payne of the Midland Kennel, Kingston, Penn., and won by his own bred cocker, "Midnight Sodotina". Mr. Payne has been a popular breeder of cocker spaniels over thirty years and is proud of his new particular that dog so well.

The Pekingeses.
It is a remarkable coincidence that the reserve winner for this high honor was the former reserve winner, or second best, the imported Pekingses Champion Phantom of Arden, and all on two former occasions Charles Hutton chose this boy Pekie as his choice for best in the show, he being one of the variety class judges. Norman S. Wirth of Toronto, acting with him, chose the cocker "Midnight Sodotina" and it was left to a referee to decide which of the two was the best.

A Popular Pick.
Dr. J. E. DeLund, the one being elected, picked the lovely little cocker as winner and by the applause received proved a popular choice. As on two former occasions the Canadian-bred Bull Terrier of Ottawa, Ch. Hymenaeus Pauline, was runner-up for this premier honor, as was that remarkably good greyhound of Ben Lewis, Jr., "Ch. Landowne Sundown". These two dogs of the past two shows of the W. K. C. and at least two occasions Mr. Hutton has placed the dog "up," "Ch. Hymenaeus Pauline" being the best 1919 and reserve for best in the show 1920, the last year award going to an Airedale.

The Airedales.
One of the Airedales exhibited and well known here, Norman MacKenzie's "The Ch. Bullfinch" was a runner-up in the open class and reserve winner in the dog. J. Russell of the Canadian Kennel Club, Toronto, won prize money in the puppy classes, his "Cliff" being the best of "Cliff and Clay". Both taking second prizes in their classes. Best Airedale of the breed was awarded to "Ch. Dorinda Warwick Straker," a bitch of high quality.

Wife Fox Terriers.
Looking over the classes in wire-furriers showed that the "Cliff" breeders, Messrs. Strachan and Lepine were winning money. J. F. Strachan's "Ormsby Matagama," a new one, got two seconds at this Garden show with his kennel mate "Ormsby Showhall" fourth in limit dogs.

Alfred Lepine of Malden Centre, Montreal, exhibited some new studs; one, his "Malden Ducky Polly," won second three seconds and two thirds, which was going for a try-out. A new exhibitor and winner appeared among the open classes in dog and bitch, C. L. Gilliland. His "Richard" bitch went to his Aberfoyle Trovase, Tid. H. B.

Ch. Frigo's Hill Tweedman was third in open dog class, and J. F. Strachan's "Homeless Hooter" fourth.

Ch. Ridgeview Dark Boy was the best wire shown there with "two of his eye".
D. A. Shaw McKean, judged the wire fox terriers.

Irish Setters.
Irish Setter honors went to the Linnamore kennel with "Ch. Linnamore Freedom" best dog, and "Ch. Linnamore Deirdre" best bitch.

Jim E. T. Sturdee, formerly of this city, showed several dogs; one a puppy, "Glencho Fin McCool," was placed fourth. In American bred bitches her "Glencho Bright Bonner" was third, while one of the dogs she sold was placed higher, H. D. Pedrick's "Glencho Rex" getting one first and two seconds.

While the New York dog show did not have an large dog entry as other years, it was well reported that type and quality was much superior than any previous show, and that Canadian exhibitors are well up in honors in the popular breeds.

Chatham Retains The Silverware

In Annual Curling Match for Highland Society Cup Newcastle Lost, 116 to 91.

Chatham, N. B., Feb. 16.—The curling match between Chatham and Newcastle for possession of the Highland Society cup was played this afternoon and evening, four local rinks playing at Newcastle and four Newcastles rinks playing here. The games were all closely contested and interesting, and the scores, with one exception, very close. At the conclusion of the afternoon play Chatham led by 16 points, and by winning three out of the four evening games, increased the majority by 11 points, retaining the coveted silverware by a margin of 27 points. St. Dunstons Tied With Junior Abbies

Score at Charlottetown Was Three All—Fast Hockey Witnessed by Big Crowd

Charlottetown, P.E.I., Feb. 17.—Before a record crowd which taxed the capacity of the Charlottetown arena here last evening the St. Dunstons' red and white collection of stick handlers, and the Junior Abbies played to a tie in the third game of the City League, the final score being 3 to 3.

After the game there was a discussion as to a play-off to decide the winner, but it had been decided at the starting of the league that times were not to be played under the Eastern Amateur rules, therefore the game stands as it was. Lapointe, the fast defence man of the red and white, showed up well last evening and helped materially in captaining his team in a mastery fashion. Perhaps Doucet, of the red and white colors, played the most brilliant game of the evening, his several individual rushes through the defence line of the Abbies and goal he scored, being a big asset for his side. Lafontaine brothers and Aylward, with the assistance of Duffy, played a fine game on the forward line. MacAuley in the nets did some great stopping for his team, while Power, for the Abbies, was equally effective in warding off several difficult shots which would have counted as goals for the Abbies, did all in their power to "bring home the bacon" for their team, and it was evident that their playing resulted in netting the three points.

Although this game resulted in a tie the red and white boys are still leading the league by a margin of one goal.

Intermediate League.
In the St. Dunstons Intermediate league here this morning the Champions and "Domestics" played off in the college rink for the league leadership and ended in a win for the visitors by a score of 2 to 0. Moran, McCarty, Gellins and Sullivan were the bright lights of the game, and it is due to their efforts that the Champions are now resting at the head of the league. Polver, the starward goaler of the winners showed up well on his first appearance in the nets, and was most successful in keeping several well played shots from the head of the league. Polver, the starward goaler of the winners showed up well on his first appearance in the nets, and was most successful in keeping several well played shots from the head of the league.

H. J. Osborne, of St. John, is managing the Champions and with the able assistance of Captain Sullivan there is no doubt but that the Champions will capture the league pennant.

Professionals At Lake Placid Today
Lake Placid, N. Y., Feb. 17.—Virtually all the professional ice skaters on the continent, brought together for the first time in an event of this kind, will appear in the American professional speed skating championships which opens here tomorrow and continues through Saturday.

The professional programme includes six events, the 200 yards and 140 yards dash, and the half mile, mile, two and three mile races.

Marysville Was Given Surprise

Tear from St. John Doubled the Score on the N. B. League at Fredericton.

Special to The Standard.
Fredericton, Feb. 17.—The St. John Hockey Club won from the Marysville team of the New Brunswick Hockey League here tonight by a score of six to three, and despite the fact that the St. John team doubled the score on Marysville the game was fast and interesting.

Great credit must be given to the St. John players when it is known that they are not considered in any league, and only take chances of practice on the free open air rinks in St. John. Expenses were made for the Marysville team because one regular player was not present and another who played had been ill, but in spite of such a "terrible" handicap, the league team who has been in training all winter looking for honours were defeated by a sextette of non-league.

The visitors played an aggressive game from the start and instead of being as easy a proposition as the Marysville team evidently expected, they assumed the lead at the outset and led at the end of the first period by a score of 2 to 1. Marysville evaded in the second period, which ended up the count 3 to 3, so that it was the last period in which St. John really drew out in front and won.

Barney Moore, on the defence and Boudreau, the youthful centre ice player, were the stars of the St. John team, and provided most of their strength in attack, while Moore was prominent in the defensive work as well Boudreau, however, looked

Charlottetown And Sussex Are Tie

Kings County Team Won from Sackville—Moncton Team Blacklisted

Special to The Standard.
Sackville, N. B., Feb. 17.—A large audience witnessed Sussex trim the home team here this evening in the Maritime League series and a result Sussex is now tie with the Charlottetown team and there is talk of a play-off at Sackville at an early date.

The game tonight was a thriller and the second half the teams tied four all.

In the third period the teams again tied each having five scores to their credit but by hard work and fast play Moncton has been blacklisted and its management has withdrawn from the league.

It was stated here this evening that in all the games played by Moncton have been called off and will not be counted in the championship race. This is brought about from the fact that Moncton has been blacklisted and its management has withdrawn from the league.

W. S. Hay, President of the Maritime Amateur Hockey League sent a letter to Manager Humphrey of the Neptune team, advising that he had been advised by Sackville that Moncton failed to appear on Sackville ice on February 10th and the president further stated that unless \$100 is forwarded to the secretary of the league as a forfeit Moncton will be blacklisted from further participation in the league and further Charlottetown has been notified to this effect.

A VITAL BY-ELECTION AT IT AGAIN

A by-election of vital importance is being fought out today in Great Britain. The contest is in Cardigan, Wales, and the Lloyd George and Asquith Liberals are contending for the seat.

AN AMERICAN SOLDIER'S VIEW

So many American politicians are busy these days throwing slurs at Great Britain that the evidence of a fighting soldier, General C. G. Dawes, of Chicago, who has been spoken of as secretary for war in the Harding Cabinet, before the Congressional subcommittee investigating war expenditures is refreshing.

THE MATTER OF HOUSING

The Commercial Club announces its intention of taking up the housing and rental problem at an early date. Clearly the remedy for the extortionately high rentals which some home owners are now seeking lies in the provision of more dwellings.

RAILWAY COSTS

As chairman of the Railway Commission, Hon. Frank Carroll believes in rates that allow Canadian railways a fair earning capacity, but he also believes that costs of operation, particularly in respect of wages, must come down at the expiration of the United States national agreement. This is a matter that should get close attention from the people as a whole.

Stranded Men From Toronto

Claim They Were Given Funds to Reach St. John and Get Passage. In a despatch received from Toronto last evening Mayor T. L. Church of that City said that he had received a letter from the mayor of St. John, N. B., complaining that a number of men arrived in St. John from Toronto, some of them having had their fares paid by public subscriptions in the expectation of being given free passage from St. John to the old country, and that as much as a number of sailors out of employment in St. John are looking for such chances, it is useless to send men to St. John for this purpose.

Harding Will Pay Income Tax

President-Elect Declares He Will Not Ask for Any Special Favors. Washington, Feb. 17.—President-elect Harding today informed Representative Longworth of Ohio that he did not believe he should be granted exemption from paying an income tax on his presidential salary. Mr. Harding wrote Representative Longworth in reply to a recent letter seeking his opinion as to what action the House ways and means committee of which the Ohio representative is a member, should take on a bill recently introduced to exempt the President from the income tax levy. Under the present revenue law the tax on the President's salary amounts to \$13,000. President Wilson, however, was exempted from paying the tax under a decision of the United States Supreme Court, holding that since the chief executive and federal judges assumed office prior to the enactment of the present revenue law they were not subject to the tax.

SUSPECTED SPY CHOSE SUICIDE TO EXPOSURE

Belgian School Teacher Who Won Decorations Called Traitor.

WAS ASSOCIATED WITH MISS CAVELL

Declared to Have Betrayed Friends to the Hun—Death Rather Than Trial.

Madame Louise Thullier, a Belgian school teacher who was awarded the insignia of the Legion of Honor and the war cross during the war, has chosen suicide rather than face exposure as a spy and as a betrayer of patriotic friends, it is declared by today's newspapers.

The woman about whom revolved one of the most stirring tragedies of the war, swallowed rat poison at her home in the village of Wilverden, near Mons, yesterday when called to appear before a magistrate.

Madame Thullier was associated with Edith Cavell, the English nurse, who was executed by the Germans in Brussels on October 12, 1915, and with Countess Johanna De Belsville, who was doomed to die by the Germans, but whose sentence was commuted through the intervention of President Wilson. She, herself, was taken prisoner by the Germans and was sentenced to death, but King Alfonso of Spain, made a plea in her behalf and she was reprieved.

During an investigation of espionage operations at Mons, evidence was found, it is declared by newspapers here, that Madame Thullier had betrayed a number of companions, one of whom was Philip Basou, an architect, who was executed the day Miss Cavell faced the German firing squad. He summoned the woman to appear before him, but she is alleged to have swallowed rat poison rather than obey.

FOURTEEN DIVORCES ON VALENTINE'S DAY

Groom Declares His Bride Vanished Nineteen Days After Their Marriage.

Boston, Mass., Feb. 17.—Valentine's Day was observed by Judge Lammus at the East Cambridge court yesterday, when he distributed 14 divorce decrees to men and women from all parts of Middlesex county at a prolonged session of the Divorce Court.

Frank B. Newhall of Reading testified that his wife, Florence M. Newhall of Keene, N. H., left him just 19 days after they were married. He told the court that immediately after the ceremony she became subject to a protracted spell of despondency, which gave him the opinion that she had done something to cause her to worry. He testified that he repeatedly questioned her in regard to the matter, but even now he does not know what caused his wife's misery. He was granted a decree nisi.

BELGIANS BETTER OFF SINCE WAR

(Copyright, 1921, by Cross-Atlantic.)

Brussels, Feb. 17.—The destruction of Belgium property by the Germans during the war has proved a blessing in disguise to many shareholders in a state of affluence.

Many concerns whose property was partly destroyed received compensation to double or threefold the amount of their share capital; others, on the verge of bankruptcy in 1914, are now in a state of affluence.

About the only difference between a maniac and a fanatic is that one is in the asylum and the other ought to be.—Toledo Blade.

MILLIONS HOARD MONEY TO LEAVE GERMAN EMPIRE

Five Million Teutons Want to Start Life Anew in Western World.

SOUTH AMERICA IS PREFERENCE OF MOST

Fear Excessive War Taxes to be Imposed to Pay War Indemnity.

Paris, Feb. 17.—Students of economic subjects assert that at least 5,000,000 Germans are preparing to leave the Fatherland for the United States, Mexico and South American states as soon as they are able to raise passage money, or obtain admission in the case of the United States.

A majority of the would-be emigrants have expressed a preference to go to South America.

Official and unofficial quarters have displayed considerable uneasiness over the class of men who are now emigrating or preparing to emigrate. The head of the Government Immigration Office said:

"The most able-bodied, enterprising, stalwart sons of Germany are leaving. The very poor, the Communists, the Radicals, the Bolsheviki, generally are remaining with us. It is the family of some substance which is moving out."

Big War Taxes.

One cause of this emigration is conceded to be the war taxes, and particularly the income tax, which virtually prohibits the salaried man from laying something aside for the rainy day. These men generally no longer patronize the banks. They are hoarding a little bit of money each month against the day when they can emigrate.

In spite of the general agreement among political economists that Germany is overcrowded and that unless radical readjustments are made within one year the nation will be unable to support only 10 per cent. of the present population, suggestions have been made that the Government take immediate steps to regulate the number and quality of emigrants.

With this in view a new law is being drafted.

Why Quit Germany?

It is argued that this tide of emigration could be turned back upon Germany to good purpose. Germany's arid lands if irrigated, or drained, could be capable of supporting 10,000,000 additional persons, it is said, and the Government has been urged to make these lands available to the numbers now flocking into the cities.

Dr. Max Hirsch, writing in the Berlin Tageblatt, says: "Germans who are preparing to emigrate at this time should be urged to make of the Fatherland, reconsider." Unrestricted emigration eventually will result in a weakened, probably anemic race, he believes, in view of the character of the men who are leaving.

Under the present German law an emigrant is permitted to take out with him 30,000 marks, tax free.

Washington, Feb. 17.—Refusal of Japan to make any move toward disarmament until she has completed her battleship and cruiser programme was declared by Representative Miller, Republican, Washington, today, to mean preparation for war by Japan.

Senators, however, are more moderate in their opinion. They are heard to say that the Japanese programme is a diplomatic move to gain the public eye and ear.

WEDDINGS.

Jardine-Kitchen

Fredericton, N. B., Feb. 17.—Word has been received here of the wedding at Vancouver, B. C., on Wednesday, Feb. 10, of William E. Jardine, formerly manager of the Bank of New Brunswick here, and Miss Gladys Kitchen, daughter of Mr. and Mrs. William Kitchen, formerly of this city.

Mr. Jardine was one of the most popular young men in Fredericton when he left here shortly before the Bank of New Brunswick was amalgamated with the Bank of Nova Scotia to become manager of the Bank of Vancouver's head office in the Pacific coast city, while Miss Kitchen graduated from U. N. B., and since her removal to Vancouver was admitted to the British Columbia Bar and practiced as an attorney there.

INDIAN PRINCE GIVES UP THRONE TO HIS SON

New Sultan Has Been Educated in Europe—Is Vassal of Dutch.

The Hague, Feb. 17.—The aged Sultan of Jogyakarta, one of the two powerful and wealthy potentates of the Dutch East Indies, has decided to abdicate in favor of his eldest son, the Crown Prince of Jogyakarta, who has been trained in European ways.

The Crown Prince has spent months at the court of Queen Wilhelmina and Dutch officials look forward to his rule over the Mohammedan natives with much favor.

Before leaving for the Indies, a few weeks ago, the young man informed his father that he would not take the Sultan's throne unless the abdicating potentate, with his entire court, removed to another town than Jogyakarta, and the father consented, rather than cause trouble.

While Bolsheviki agitators in the East Indies have had much success in many sections of Java and Sumatra, they have had very little influence in Jogyakarta and in the vassal state of the island of Java. Jogyakarta has a population of about 60,000. The Sultan's water palace or citadel is described as the chief feature of the city. It covers an area of about one square mile and is a small town by itself, with buildings for the occupancy of the women of the Sultan's court and their workmen.

The Sultan divides his authority to a certain extent with a quasi-independent prince, Paku Alam.

"Sap's Runnin'"

Barrie, Vt., Feb. 17.—With reports of sap running in maple trees at a few places, Vermont farmers in the mild weather of this week have begun to overhaul their maple sugar making equipment in preparation for an early season. If present conditions hold, the season will start about the first of March, which will be a fortnight in advance of the usual date.

ITALY'S ZEPPELIN TO BE DESTROYED.

Poor Eyesight Made Boy Suicide

Haverhill, Feb. 17.—John Larner, 13-year-old Haverhill High School freshman, committed suicide this afternoon by hanging himself in the cellar of his aunt's home at 9 Ninth avenue, this city. It is believed by his aunt that he was despondent over poor eyesight and because he was behind in his studies at school.

Both parents of the boy are dead and he made his home with his aunt, Sabina Larner, at the Ninth avenue address. This afternoon shortly before 3 o'clock he went down into the cellar, she told the police, to chop some wood. When she did not hear him at work she went down a little after 3 o'clock. She found his body hanging from a cross beam.

Battleships Won War Says Von Tirpitz

Saint Bastien, Baden, Feb. 17.—Battleships won the war, and will win future wars, in the opinion of Admiral Von Tirpitz, at one time head of the German Fleet and minister of the navy during the critical period of the war.

He reaffirmed his faith in above water craft during an interview here today and declared that, completely enough, owing to the peculiarities of the submarine had been given greater importance than was warranted by the facts.

"In reality, the war, so far as the sea was concerned," he said, "was won by the British high sea fleet, and the verdict could have been reversed only through battleships."

W.C.T.U. Programme By Fairville Branch

Frances Willard Day Observed at Home of Mrs. George Fowler Yesterday.

A very interesting programme was arranged by the Fairville branch of the W. C. T. U. which observed Frances Willard Day at the home of Mrs. George Fowler yesterday afternoon. Mrs. R. D. Hanson presided and led the devotional exercises which included the reading of the Oremus Psalm.

Replicas, appropriate to the memory of Miss Willard, were given by Mrs. F. J. Stevens, Mrs. Borsell and Mrs. W. J. Lindsay. Miss Sadie Cougle gave two well rendered solos, "Hoves of Memory" and "Hand in Hand." Miss Katie Fox was pianist. The meeting closed with the Misses Benediction.

Delicious refreshments were served by the hostess Mrs. George Fowler. The meeting was greatly enjoyed by all members present.

TURKEY HAS MOST HOLIDAYS

There will be only 85 days, exclusive of Sundays, during the year 1921, when some country somewhere in the world is not celebrating a holiday of one sort or another. Even this small number of world-wide working days will be reduced by advances to other days of celebrations which would otherwise fall on Sundays. Moreover there will be further absentions from toll for religious and other festivals not recognized as holidays by governments or banks but which nevertheless will be participated in by many thousands men and women. Of all countries Turkey is most given to the keeping of holidays, there being twenty-six days in the year when special celebrations are held. Scotland, with only five holidays, is the most thrifty country of its time.

New Members For Fundy Chapter

Ten New Members Added to Roll of New I. O. D. E. Chapter.

Ten new members joined the Fundy Chapter, I. O. D. E., at their meeting held last evening in the G. W. V. A. rooms. In discussing the educational work on motion, it was decided to look after one of the Free Kindergarten and a school in the country. Miss Irene Barber, Educational secretary was asked to make inquiries. Miss Margaret Bolton, Echoes secretary reported on her work.

A letter was read by the secretary, Miss Alward from J. Maclean, secretary of the G. W. V. A. wishing success to the Fundy Chapter and thanking them for assistance given the G. W. V. A. by the Y. W. P. A. in the past.

The treasurer, Miss Helen Short reported that \$25.00 had been returned to the Chapter with a very gratifying message. The sum of twelve dollars was voted to another returned man needing help. A ton of coal was donated to the Chapter.

Arrangements were completed for a sea and sun to be held early in March. Contests are as follows:—General, Miss Charlotte Dodge; Candy table, Miss Helen Short; Novelty table, Miss Alice Hatch; House cooking, Miss Helen Irvine, Mrs. Bartlett's cakes, Miss Valthe Sandal; sandwiches, Miss Margaret Bolton; tea and coffee, Miss Alice Fairweather; coronation, Miss Alice Fairweather; Sokka, Miss Marion Irvine. Announcement was made of the opening of St. John's Ambulance Classes in Home Nursing and First Aid and an illustrated lecture to be given on the Gravel Mission next week. The report, Miss Alice Fairweather presented.

Women's Hospital Aid Annual Meeting

Certification Expresed for Money Received for Nurses Home—Office Elected.

At the second annual meeting of the Women's Hospital Aid held yesterday afternoon, members were much gratified at the large amount of money reported raised to furnish the Nurses' Home, and grateful for the generous support shown by the public in their encouragement of the efforts of the Aid. A tribute was paid to the splendid work done by the officers of the organization, Mrs. E. Atkinson-Smith, Mrs. Travers and Mrs. R. Duncan Smith being re-elected by acclamation.

Secretary's Report.

Mrs. J. B. Travers in her report made the following statements:—Twelve regular, two special and ten executive meetings held. Twenty five members bring the total up to 125. Regret was expressed at the death of a life member, Mrs. J. S. MacLaren. The hospital has been visited each Tuesday, each church denomination being represented. Flowers and magazines are taken.

At Easter, Thanksgiving and at Christmas special trusts were given patients. Twelve Bazaar tables were purchased for the children's ward. Individual comfort bags were furnished by ladies of Knox, St. Luke's, Centenary, Queen Square, St. David's and St. Paul's.

The part taken by the Aid in a luncheon given for the National Council of Women, the resignation of Mrs. C. F. Sanford as treasurer; appointment of Mrs. R. Duncan Smith; Hospital Day and the concert book were referred to. Thanks were expressed to all friends who had encouraged the Aid in its work. In the furnishing every effort was made to buy from St. John firms.

This worthy home for worthy women, though at a respectable cost, has opened the door for further hospital improvements. That these vitally

LET'S TALK IT OVER

When something is offered for nothing people foolishly fail to take it. One wonders why it is that boards of directors of philanthropic institutions are not alive to the value of publicity and to the fact that newspapers are willing to print what is news and that readers are interested in bright items in connection with such activities. It seems to the average reporter, as if some of the societies have failed to grasp the good which can be accomplished by letting the public know something of the work done and the need for such work.

For instance, in this city a certain institution held a quarterly meeting. Hearing of this the president of the Ladies' Association was rung up. She was quite cordial and willing to give details, but not remembering the facts reported, referred the news-seeker to the president of the men's association who had read an excellent account of the splendid accomplishments of the quarter. The president, on being called, said that he had read each report, but had left it with the acting secretary and it would be better if she were communicated with. Nothing daunted, for it is all in the day's work, she made a call, the news-seeker reported the matter to the acting secretary's home, only to be informed that she had retired and could not be disturbed.

The above is an actual record and the institution is one which is constantly appealing for support. The newspaper is willing to assist every good cause, but time is valuable on papers as well as in other places and with discouragement the goal of any journalist is apt to flag.

Time also runs out when the answer is received, when inquiring the news from a meeting of the board of directors of such and such an organization is "nothing but routine business was transacted." With patience and perseverance statements may be elicited that a new director was present for the first time, or that the past month had been one of the best in the history of the institution.

Writers on papers are kind-hearted as well as those who serve on boards and will gladly write a report in such a way as will induce readers to sympathize with charitable work. It is sometimes their way of contributing to good causes and they are glad to do their share, but it is obvious that they must be met half way and their efforts, both to obtain news for the paper and to write it interestingly, should be encouraged.

What do you think about it?
MARGUERITE.

Audience Favored Young Performers

Cinderella Was Dramatized in Centenary Church School Room and Much Enjoyed.

A highly successful concert was staged in the Centenary Sunday school last evening. The young performers were favored with a large audience who greatly enjoyed the excellent numbers rendered.

Cinderella was dramatized with stage properties that many a larger company have never equalled. Winsome Cinderella was there, of course, and the gallant Prince Charming, the two sisters, the fairy godmother, and a train of courtiers and their wives, and in addition to all this, four prancing steeds that Cinderella skilfully drove about the stage.

The programme carried out follows:—Introduction and announcements throughout made by a page, Gordon Elkin.

Celebrated Their 28th Anniversary

Division No. 1, A.O.H. Held Smoker With Excellent Literary and Musical Program.

The 28th anniversary of Division No. 1, A. O. H., was celebrated at A. O. H. Hall last evening, over one hundred members being present, besides the president and officers of Division No. 5 of Fairville. The evening's entertainment took the form of a literary and musical programme, besides a smoker.

The opening address was by John C. Ferguson, president of Division No. 1, who welcomed the guests and spoke of the great progress made by the society. The local membership showed a healthy growth, and the division was strong financially. He reviewed the work accomplished by the division during its 28 years of existence. President Ferguson spoke of the history of the A. O. H. and said there were 2500 branches of the organization in Canada, and the St. John branch was growing stronger each year.

The following interesting and entertaining programme was carried out to the delight of all:

Solo—"Dear Little Shamrock," John Deary.
Solo—"Killarney," Jas. O'Connell.
Address—Geo. J. McDermot.
Reading—John Sheehan.
Address—John Statton, Vice-president.
Reading—Michael Carey.
Solo—Michael McKeown.
Address—Jas. F. McAndrew.
Solo—F. J. Merritt.
Address—James Hanlon, President of Division 5, Fairville.
Solo—William Brophy.
Wm. Brophy was accompanist for the soloists.

The evening was voted as one of the most enjoyable held by the division.

Was Not Princess Patricia's Husband

Dr. Ramsey Mistaken for Commander Ramsay—Said to Resemble "Teddy."

(Copyright, 1921, by Cross-Atlantic.)

London, Feb. 17.—A London Free Press byliner minister has returned home from America, where he was taken for the husband of a princess—much to his embarrassment. Because of his name, some American newspaper jumped to the conclusion that he was the lucky man who had married the beautiful "Princess Pat," daughter of the Duke of Connaught. His name is known as Lady Patricia Ramsay, where as her husband is a circumnavigator in the British Navy.

Dr. Ramsay said, "In New York State I was described in the press as Princess Pat's husband. Oh, won't say it was embarrassing; but people expressed surprise that the husband of Princess Pat was so old."

Dr. Ramsay was also mistaken for Sir W. M. Ramsay, the authority on Asia Minor.

Several places I was told that I definitely resembled the late President Roosevelt. You are the exact image of our Teddy, many people told me. But the illusion was gone when I began to speak—for Mr. Roosevelt did not speak with a Scotch accent!"

Other Reports

Mrs. A. W. Adams sent an excellent report of the visiting committee, speaking of many kindnesses shown the patients.

Miss Mary Travers reported on a splendid supply of magazines sent by the churches.

The denominational vice-presidents reported as follows:—

Anglican, Mrs. A. C. Skelton—Annual members, 220; life members, 4; receipts, \$281.50; individual bedrooms, thirteen; sewing room, 2,300.

St. Luke's, Stone and Trinity, furnishing rooms, \$525; towards matron's suite from several churches, \$3,313.00; follow-up cases.

Stone church, 6 rooms furnished by individuals; one by the church and the sitting-room furnished by Dr. W. W. White.

Mrs. J. I. Doody, for the Roman Catholics, reported for the year 122 annual members, 8 life members, 9 donors—total \$265. A bridge was held to raise funds for the furnishings of the library.

For the Presbyterians, in the absence of Miss MacLaren, Miss Mill can read the report, stating annual members, 213; life members, 21 donors—total \$242. The sum of \$1,050 was given for furnishings.

Mrs. Moore, of the Salvation Army, sent in a report, stating that \$109 had been realized at a concert held in the Nagram Home.

Mrs. F. E. Williams reported one life member for the Methodists.

For the furnishing committee Mrs. W. W. White said of buying furnishings in St. John, after having asked all St. John firms for tenders. The lowest tender and the best were accepted in every case. By delaying the purchase, furnishings has gone down in price. The first estimates for rooms did not include linen, which has since been purchased. Miss Addy will carry on in Mrs. White's place as Mrs. White expects to be absent from the city.

Mrs. A. W. Estey sent in an excellent report as visitor for the month. She told of one girl who had to get up on the top of a mountain peak to come in. The hospital was crowded. A Frenchman was supplied with literature and a visitor secured to talk with him in his own tongue.

For the home committee, in the absence of Mrs. Morris, who is ill, Mrs. A. C. Skelton read a splendid report showing the improvement in the hospital as regards cleanliness, since the first visit made by the Aid, and speaking highly of the new Superintendent of Nurses, Miss Scott. Visitors had been most courteously received by Miss Retalick, Miss Scott and the staff.

At the last visit Dr. Hodson was congratulated upon the clean, fresh looking appearance of the hospital.

The matter of ordering brass plates for the rooms at the Nurses' Home was left to Mrs. Skelton and her committee.

The election of officers resulted as follows:—

Mrs. E. Atkinson-Smith, president.
Mrs. J. B. Travers, vice-president.
Mrs. A. W. Estey, secretary.
Mrs. R. Duncan Smith, treasurer.
Denominational vice-presidents—Anglican, Mrs. M. H. Lewis; Roman Catholic, Mrs. H. M. Lewis; Presbyterian, Mrs. J. B. Travers; Methodist, Mrs. George

Here is a home treatment for removing blemes that is quick, painless and inexpensive: With some powdered salicylic acid and water make enough paste to liberally cover the objectionable blemes, apply and after 2 or 3 minutes rub off, wash the skin and it will be left soft, clear and hairless. This treatment will not scar the skin, but to avoid disappointment, be careful to get real salicylic acid. Mix fresh as wanted.
