

THE  
BROCKVILLE CALENDAR,  
AND  
FARMER'S ALMANAC

FOR  
THE YEAR OF OUR LORD,

**1855,**

Being the third after Leap Year,

*And until the twentieth of June, the eighteenth year  
of the reign of Her Majesty, Queen  
Victoria.*

---

Calculated for the Meridian of Brockville in lat. 44 deg. 36 min.  
North, and long. 75 deg. 53 min. West of the Royal Observ-  
atory at Greenwich; but arranged so as to serve in the  
Counties of Leeds, Grenville, Lanark, Renfrew, Dun-  
das, Frontenac, Carlton, and Russell.

---

The weather prognostications have been prepared with the  
greatest care, from the lunar tables of the most celebrated astron-  
omers, and will be found as accurate as it is possible to make them.

---

**BROCKVILLE;**  
PUBLISHED FOR THE TRADE BY J. M'MULLEN.

### ECLIPSES DURING THE YEAR 1855.

There will be two Eclipses of the Sun this year, and two of the Moon; those of the Sun will be only partial and chiefly invisible; those of the Moon total and visible.

- I.—On the Evening of Tuesday May 1st, a total Eclipse of the Moon will be visible. Magnitude 18,348 digits on the Moon's Southern limb. At Montreal the Eclipse begins 9 hours 20 minutes, and ends 1 hour 2 minutes. One hour and three minutes after the Eclipse begins, the Moon will be totally Eclipsed, and the total obscuration will continue 1 hour 33 minutes. At Quebec the Eclipse begins 9 hours 30 minutes, and ends 1 hour and 12 minutes. At Brockville it begins 9 hours and 8 minutes, and ends 0 hours and 50 minutes. Duration of the entire Eclipse 3 hours 42 minutes.
- II.—The other Eclipse of the Moon takes place early in the Morning of Thursday October 25th, visible. Magnitude, 17,568 digits on the Moon's Northern limb. At Montreal this Eclipse begins 0 hours and 50 minutes, and ends 4 hours 21 minutes. The total Eclipse begins 1 hour and 1 minute after the commencement, and the moon will be totally obscured 1 hour 30 minutes. Entire duration of the Eclipse 3 hours 31 minutes.
- III.—May 16th, there will be a partial Eclipse of the Sun, not visible in any part of Canada.
- IV.—November 9th, another partial Eclipse of the Sun, not visible on the American Continent,

	d.	h.	m.	
Winter Solstice 1854, begins.....	December,	21	10	30 Morning.
Vernal Equinox.... begins.....	March,	20	11	42 Evening.

The average increase of population in all Europe, is about two per cent annually by births. In the United States and Upper Canada, the increase by births is over five per cent. In Upper Canada within the last twenty years, the births alone have more than doubled the population, while the annual increase by emigration, during the same period, has averaged about 16,000 souls.

WORK FOR JANUARY.—Be sure and pay attention to your live Stock. Give them good warm sheds not air tight, but something more than mere shelter. Supply the troughs of sheep, horses, and cattle, with common salt. Keep them and their apartments clean. Remember this as a safe standing rule in the management of your animals, that cleanliness and regular good feeding is better and much more profitable than irregular profusion. In spring your cattle will tell your neighbors of their good treatment by their healthy and hearty appearance. Take a pride in having good stock.

No petition to the Canadian Parliament will be received, unless there be three genuine signatures, on the paper or parchment, on which it is written or printed. All Petitions must be dated.

WORK FOR FEBRUARY.—Through the winter be careful of straw and coarse litter. If you have more coarse fodder than is required to feed your stock, remember that every bit of it may be converted into manure and become a source of revenue. Confine your horned cattle and sheep in separate yards, each provided with comfortable sheds. Spread a thick layer of straw over the whole of the yards once or twice a week, and at the same time allow the hogs free access so that the layers may be regularly and thoroughly mixed. You may find good use for all your manure, and it is a sure way of making stock profitable, and your farm pay well. Waste not, want not.

To ascertain the length of the Day at any time of the year, add twelve hours to the time of the Sun's setting; and from the sum thus produced, subtract the time of its rising. To find the length of the night, subtract the time of sunset from 12 hours, and to the remainder add its time of rising. This gives the true apparent time.

WORK FOR APRIL.—Spring approaches. Inspect your ploughs and other farming tools. A successful system of agriculture cannot be carried on without the aid of efficient implements. It is not sufficient that they be made strong, but they should be of the most approved kinds. Have them constructed upon scientific principles, selecting those that have been fairly tested. When the snow leaves the ground, repair your fences. Don't leave this work until the land is in order for ploughing, but get at it as soon as practicable. In spare hours or rainy weather, prepare your various seeds, always selecting the best of every thing.

There are now eight colleges in operation in Upper Canada, and 79 preparatory grammar schools and academies, in all of which the higher branches of education are taught.

WORK FOR MAY.—In Canada much depends on what is done this month. It should be a busy month. Reasonably to hope for a profitable crop of any thing, the ground must be well prepared, and the seed well selected. Our seasons are so variable that experience must be called to the aid of scientific knowledge. Study beforehand, and apply your knowledge judiciously. Now is the time to look after the garden and orchard. No farmer should neglect these departments. They will remunerate. The interests and comforts of a family demand a good garden, and an orchard of well selected fruits adapted to your climate.

WORK FOR JUNE.—Some seeds may be profitably sown in this month, but delays are dangerous. Plant corn and potatoes before the 10th, if you can. Remember too that carrots, parsnips, rutabaga and other turnips, are among the most useful and profitable of products. Dont let your cattle run over your meadow lands and pastures before the ground is settled or the grass started. Calves now require attention. After the first fortnight, skimmed milk, hay tea, and flax seed jelly have been found the most profitable food that can be given to calves. Give them a little well cured hay, and a good bed of straw.

In 1842 there were 1721 Common schools in operation in Upper Canada: in 1853, 3127: a very great increase. There has been a corresponding increase in private schools, which now number about 600, and are mostly located in towns.

WORK FOR JULY.—Hay harvest will begin shortly, but dont imagine there is nothing to be done in the mean time. Keep down weeds and exterminate thistles. Turn over long manure, or place it in large heaps in a field where it may be required, and let it ferment. Layers of alluvial soil laid through the heaps will improve both the manure and the mould, and will greatly increase the amount of manure. The garden requires attention, and the orchard looking after. The roads must be repaired. Stumps and logs may be removed or burned. A Canadian farmer ought never to be indolent, even though July be hot.

During the winter of 1853, 52,252 Boys between the ages of five and sixteen years, attended the Common Schools, and 37,407 girls. For these schools these were 2601 male teachers, and 938 female.

WORK FOR AUGUST.—The season for hay making is short and is not ended when the farmer finds some early sown grain ready for harvesting. Make hay in small cocks rather than by scattering it about too much. Use the revolving horse-rake if you can. It is a most efficient implement. Don't let your grain get too ripe before it is cut. Oat and wheat straw, if cut when *dead\_ripe*, are not as nutritious for winter fodder. Many suppose the grain more valuable, but even if truly equal, it becomes more profitable by the fact stated above. Turnips, carrots, beets and mangold wurtzel, must be twice hoed during the present month.

Out of debt out of danger is a true saying, and one not properly attended to in the present day.

WORK FOR SEPTEMBER.—The farmer's toils are never ended. This month is also a busy one. A good deal of grain has to be got in, and it is necessary to watch the weather. Then if all the harvesting be done, ploughing old land, or clearing new will be required. This will prevent smut and weevil blight. Make a strong brine with salt, and add about an ounce of blue vitriol for each bushel of grain; the seed should remain in the water a few hours, and when taken out should be dried with lime, and sown immediately. Let the brine be strong enough to bear an egg, and the lime fresh and strong.

The man that buys what he wants, that pays his way honestly as he goes along need not be afraid of any person's frown: and, with the aid of true religion, is in a fair way to enjoy all earthly happiness.

WORK FOR NOVEMBER.—During long winter nights the farmer should pay considerable attention to the cultivation of his mind. Agriculturists ought to have a preponderating influence in managing the affairs of the country. Good schools ought to receive his support. A good agricultural periodical should be in the house of every farmer. He should have some books of general literature. He should possess works which explain the theory of agriculture, and the principles thereof, scientifically. The time has gone by when book learning was despised. Let the farmer remember also that there is a future state of being, and that the Bible is the only safe guide to heaven.

Economy and industry are the roads to independence: independence leads to contentment, and contentment to domestic and social happiness.

ually want,

WORK FOR DECEMBER.—The frugal farmer will lose no time in having his outhouses snugly repaired to protect his stock from cold and storm. If animals are provided with comfortable quarters they will require much less food to carry them through the winter. Never let them be exposed to the chilling blasts of wind, snow, and sleet, the invariable concomitants of our winters. You should have all your cattle tied, as much less fodder does them and they can be kept cleaner. Your winter's stock of provender demands economy. Prepare rails and posts for fencing. Attend to thrashing if not already done. Get up your wood for another year, and keep your house warm.

To be held respectively at *Brockville*, second Tuesday in October, and first Tuesday in May. *Four Corners*, Dublin in Elizabethtown, second Tuesday in March and June, and fourth Tuesday in September and November. *Bastard*, Portland, last Thursday in September and April. *Kitley Corners*, near the Post Office, first Tuesday in May, and last Friday in September. *Westport*, second Tuesday in May and October. *Kemptville*, first Wednesday in March, June, September, and December. *Burrill's Rapids*, first Tuesday in January, April and October. *Merrickville*, first Tuesday in September, October, November, April, and May.

These Fairs being 9 o'clock each morning.  
Brockville has now 4,300 inhabitants.

### LEEDS AND GRENVILLE.

United Counties; Acres, Leeds, 615,400; Acres, Grenville, 269,280; Total Acres, 784,680; Population, Leeds, 30,390; Population, Grenville, 20,707—Total Population, 51,097. The whole Taxable Property, both Real and Personal, in the Township Municipalities for 1853, amounted to £1,851,269; in 1854, to £1,763,470, exclusive of the Towns of Brockville and Prescott. County Town, Brockville. Leeds and Grenville send four members to Parliament: one for Brockville, including Township of Elizabethtown; one for South Riding of Leeds; one for North Riding of Leeds and Grenville; and one for South Riding of Grenville, Warden, Eleazer H. Whitmarsh, Merrickville; Treasurer, James L. Shofield, Brockville; Clerk, James Jessup, Brockville; Surveyors—Grenville, Michael Kelly, Merrickville; Leeds, Edward Robertson, Elizabethtown; Auditors, Walter Findlay, and John Green Brockville.

### LANARK AND RENFREW.

United Counties; Acres, Lanark, 755,000; Acres, Renfrew, 490,000;—Total Acres, 1,245,000; Population of Lanark, 27,297; Population of Renfrew, 9,415; Total Population, 36,712; Assessed value of Property in 1853, £2866,627; County Town, Perth. The County of Lanark is divided into 2 Ridings, each of which sends one Member to the Provincial Parliament, and the County of Renfrew sends one other. Warden, John Doran, Perth; Treasurer, W. H. Radenlurst, Perth (acting August, 1854); County Clerk, W. R. F. Bedford, Perth; Auditors, William McNairn Shaw, and Thomas Brooke, Perth

### CARLETON.

Acres, 574,520; Population, 31,882; Assessed Value of Property in 1852, £1,027,270; County Town, Bytown. The County of Carleton and the Town of Bytown send one member each to the Provincial Parliament. Warden, William F. Powell, Bytown; Treasurer, Daniel O'Connor, Bytown; Clerk, Charles Hamnett, Pinhey, Bytown; Auditors, H. V. Noel, and George R. Burke, Bytown.

### STORMONT, DUNDAS, AND GLENGARY.

United Counties—Acres, Stormont, 250,200; Acres, Glengary, 288,080—Total Acres, 538,280. Population, Stormont, 14,691; Population, Dundas, 13,811; Population, Glengary, 17,573—Total Population, 46,064; Assessed Value of Property, in 1854, £1,337,000; County Town, Cornwall. Each of the three Counties, Stormont, Dundas, and Glengary, send one Member to the Provincial Parliament. The Town of Cornwall also sends one. Warden, Alexander McDonnell, Alexandria, Lochiel; Treasurer, Rod. Macdonnell, Cornwall; Clerk, Peter McDonnell, Cornwall; Surveyor, John Bruce; Auditors, Samuel Hart and Angus McDonnell, Cornwall.

## BANKS IN BROCKVILLE.

BANK OF MONTREAL.—F. M. Holmes, *Agent*.

BANK OF UPPER CANADA.—R. F. Church, *Cashier*.

COMMERCIAL BANK.—A. Thompson, *Agent*.

The Bank Holidays in Upper Canada are the Queen's Birthday, Christmas Day, New Year's Day, Good Friday, Ash Wednesday, and Easter Monday. Also all days appointed by proclamation for Solemn Fasts, or for Thanksgiving. All bills, notes, &c., falling due on these days, as well as on Sundays, must be paid the days previous.

### Terms of the Court of Queen's Bench, and Common Pleas.

*Hilary* commences on the first Monday in February, and ends on the Saturday of the following week.

*Easter Term* on the first Monday in June, and ends on Saturday of the following week.

*Trinity*, on the last Monday in August, and ends on the Saturday of the following week.

*Michaelmas*, on the third Monday in November, and ends on the Saturday of the following week.

The long Vacation commences 1st July, and ends the 21st August.

## COURT OF QUARTER SESSIONS, C. W.

This Court is held quarterly in each County Town, and by adjournment from time to time, for a period of not exceeding 30 days. The Judge of the County Court is *ex officio* Chairman of the Quarter Sessions, who, together with one or more magistrates of the County or the United Counties, constitute the Court. The Court has jurisdiction over all cases of Larceny, Misdemeanor, and other minor offenses. Trials are by Jury.

*Sittings*—First Tuesday in January, April, and July, and third Tuesday in November.

The public Revenue of Canada for the year 1853 was £1,320,659, the expenses were £869,681: leaving a balance of £450,978 in the Treasury. The surplus for 1854 will be much larger it is said. This is a most convincing proof of the great prosperity of Canada, and when our numerous railway lines are completed the condition of the country must be even still more prosperous. Without a navy to pay; no army to support; legislating for its own benefit, Canada in its connection with Great Britain presents the happiest condition of any nation in the world.

## JOHN M'MULLEN,

Wholesale and Retail Bookseller, Stationer, and Dealer in Paper Hangings: Importer, Publisher, and Printer, Main St., Brockville, now offers to the public one of the largest Stocks in the Canadas, in his line, at very moderate prices. His stock embraces Books and Paper of all kinds: a large assortment of the choicest Blank Books, and general stationery of every description. Libraries, Merchants, Lawyers, and public offices of all kinds, will find it their interest to do business with him, as unlike other importers he always keeps a full stock on hand, and can therefore fill orders promptly.

### PAPER HANGINGS.

IN great quantity, at prices ranging from 4d per roll to 25s. His stock includes English, Scotch, French, and American Papers direct from the manufacturers, and always embraces the newest and most desirable styles. Parties who want to buy Room Papers will find on trial, that they can suit themselves better at J. M'Mullen's establishment, than at any other in central Canada. Estimates and every information furnished.

## PRINTING

Of all kinds, including Books, Hand Bills, Posters, Funeral Cards, Business Cards, Merchants' Billheads, &c., &c., promptly executed at reasonable prices,

## DIVISION COURTS.

In the United Counties of Leeds and Grenville, for the year 1855.

These Courts are presided over by the Judge of the County Court, Geo. Malloch, Esq., and take cognizance of suits to the amount of £25, which is the limits of their jurisdiction. The cases are usually decided by the Judge in a summary manner, but either the Plaintiff or Defendant may obtain a jury, by giving due notice to that effect. A Plaintiff may prove his own case to the amount of £2, or at the option of the judge, to a larger amount. It is expected that the jurisdiction of the Division Court will shortly be enlarged.

**1st DIVISION, BROCKVILLE**—J. Jones, Clerk.—Courts held on January 6, February 5, March 7, April 7, May 14, June 13, July 7, Sept. 15, Oct. 24, Nov. 17, and Dec. 5.—Court opens at 9 o'clock A. M.; which is also the hour, at which the Courts in all the other divisions open in the United Counties of Leeds and Grenville.

**2nd DIVISION, PRESCOTT**—Vanransaeller Knap, Clerk.—Courts held on January 16, March 22, May 15, July 17, Sept. 10, and Nov. 15.

**3rd DIVISION, GANANOQUE**—Joseph McKelvey, Clerk.—Courts held on Jan. 31, March 2, May 12, July 21, Sept. 17, and Nov. 1.

**4th DIVISION, KEMPTVILLE**—Robert Leslie, Clerk.—Courts held on Jan. 18, March 20, May 17, July 19, Sept. 12, and Nov. 13.

**5th DIVISION, MERRICKVILLE**—Michael Kelly, Clerk.—Courts held on Jan. 19, March 19, May 18, July 20, Sept. 13, and Nov. 12.

**6th DIVISION, BEVERLEY**—John Warren, Clerk.—Courts held on Jan. 24, March 14, May 22, July 25, Sept. 4, and Nov. 7.

**7th DIVISION, KITLEY**—Hiram McCrea, Clerk.—Courts held on Jan. 27, March 17, May 25, July 28, Sept. 7, and Nov. 10.

**8th DIVISION, NEWBORG**—James B. Stevens, Clerk.—Courts held on Jan. 25, March 15, May 23, July 26, Sept. 5, and Nov. 9.

**9th DIVISION, FARMERSVILLE**—Wm. W. King, Clerk.—Courts held on Jan. 23, March 13, May 21, July 24, Sept. 3, and Nov. 8.

**10th DIVISION, SPENCERVILLE**—Thomas Robertson, Clerk.—Courts held on Jan. 17, March 21, May 16, July 18, Sept. 11, and Nov. 14.

**11th DIVISION, NORTH AUGUSTA**—Warren Lyman, Clerk.—Courts held on Jan. 20, March 9, May 19, July 21, Sept. 14, and Nov. 5.

**12th DIVISION, MALLORYTOWN**—A. Munroe, Clerk.—Courts held on Jan. 30, March 1, May 28, July 30, Sept. 1, and Nov. 3.

Division Court Blanks of all descriptions furnished in quantity to Clerks at low prices; and all kinds of Blanks promptly printed to order by the publisher of this almanac.

## POST OFFICE DEPARTMENT.

*English Mails*—English Mails are despatched weekly by the British and American Liverpool mail steamers, and received at Montreal, Kingston, Toronto, and Hamilton. The Steamers leave New York and Boston, alternately every Wednesday.

Letter rate by these steamers per  $\frac{1}{2}$  oz. 10d.

Mails are despatched by the Canadian mail steamers from Quebec on the 5th and 20th of each summer month, and via Montreal from Portland monthly during the winter. The mails transmitted by these steamers are steadily on the increase, and reach England as regularly and promptly as if despatched via New York or Boston.

Letter rate by these steamers per  $\frac{1}{2}$  oz. 7 $\frac{1}{2}$ d

*Notes.*—Letters by this line must be specially addressed via Canadian Mail Line.

Newspapers by these Steamers, are Free.

*Postage Charge on Letters.*—The Postage rate on letters to any of the British North American Provinces is 3d per  $\frac{1}{2}$  oz. Prepayment optional. To Australia or the East Indies to be always prepaid.

To British Colonies in the West India, Gulf of Mexico, &c., via Quebec and Halifax 7 $\frac{1}{2}$ d per  $\frac{1}{2}$  oz. Prepayment optional. To foreign places, to be always paid in advance.

*Postage Charge on Newspapers and Periodical Publications.*—1. The postage charge on Canadian newspapers, when transmitted through the post in this Province is :

When published daily,	- - - -	8s 0d.	per annum.
" " tri-weekly,	- - - -	4 0	" "
" " bi-weekly,	- - - -	2 8	" "
" " weekly,	- - - -	1 4	" "

These rates to be paid quarterly in advance.

2. Publishers may make this prepayment on behalf of their Subscribers.

3. These rates apply to papers published in the United States and addressed to subscribers in Canada.

4. Postage on *transient papers* to remain at  $\frac{1}{2}$ d. on each paper. Prepayment optional.

5. Newspapers to and from the Lower Provinces, or sent to subscribers in the United States from office of publication in Canada, and Exchange Newspapers, are exempt from postage charge.

6. Postage rate on Magazines and other Periodical Publications is as follows :

When issued monthly and weighing not more than 1 oz,	0 4d per annum.
" " " " " " " " " " " "	4 oz. 1 0 " "
" " " " " " " " " " " "	over 4 oz, 3 0 " "

When issued more or less frequently than once a month, the charge to be in like proportion; thus on a weekly periodical of less than one ounce in weight, the charge will be 4d per quarter, and in advance like newspapers.

7. Postage on *transient periodicals* to be 2d. per oz. Prepayment optional.

8. Should the quarterly payment of postage on newspapers or periodicals be refused in advance, then they are to be treated as *transient newspapers* or periodicals, and *transient* rates imposed.

### J. W. FRANKLIN,

**Jones, Bockus & Co.,**  
**No. 25 Dean St., Boston.**  
**COMMISSION & SHIPPING Agents,**

**C**ONTINUE as usual to receive goods consigned from Europe, bonded or pay duties, and forward by railroad or otherwise to any part of Canada. They also offer their services for the sale of Flour, Wheat, Pork, Pot Ash, Butter, Cheese, and other Produce.

For further information apply to H. & S. Jones & Co., Brockville, H. Jones, & Co., Montreal, or to Wm. J. McDonnell, Toronto.

---

**NEW FOUNDRY AND MACHINE SHOP,**  
**OLDENSBURG, N. Y.**

**C. VAN KURAN & CO PROPRIETORS.**

**T**HE Subscribers would inform the Public in the States and Canadas, that they are manufacturing CHILLED CAR WHEELS, of I. Van Kuran's patent, fitted to axles or not, as Customers may require. Also, all kinds of Railway and Car Castings, Steam, Gas, and Water Pipes, of all sizes: Pillars, Cornices, Window Caps, and sills, for buildings.

**STATIONARY ENGINES** made to order, and all repairs usually done in the general Machinist business.

Drawings, Patterns, and Mill Gearings, under the supervision of J. W. WOODFORD, Esq., whose experience in the States and Canadas, in this particular branch of business, warrants us in saying that all orders in this line will be executed in a manner to give perfect satisfaction. Millwrights will find this a convenient location for purchasing castings, as our facilities for manufacturing both heavy and light castings, are not surpassed by any establishment in Northern New York.

We are also manufacturing a very superior Cast Iron Forge, now used by the Northern Railroad Co. N. Y.; Great Western Railroad Co., Hamilton, and Brainerd, Williams & Co. Neatness, safety, and durability, make this forge very desirable for shops where many fires are required, as well as for Country Smiths, being cheaper and requiring much less room than almost any other Forge now in use.

All orders sent by Mail or left at these Works, or at the Store of Watrous & Lawrence, will be promptly attended to. Orders solicited.

Oldenburg, Nov, 1854

**C. VAN KURAN & Co.**

## TO THE PUBLIC.

The Publisher of this Almanac, in bespeaking for it the patronage of the community would state, that it is merely the commencement of an annual publication, which next year will be increased to 50 pages octavo, and contain every information of this part of Canada lying between Cornwall and Kingston. An almanac of this kind will be of vast advantage to the district, and merchants for their own sakes should aid in its circulation.

The situation of the town of Brockville is one of the most beautiful in Canada, at the same time it is remarkably healthy, escaping always, as during the past summer, the ravages of cholera and other epidemics. Brockville rises gradually from the St. Lawrence, whence it presents a very pretty appearance. It boasts a very beautiful court house, several churches and many very elegant private residences. It is admirably situated for commerce. Behind it, to the Upper Ottawa, stretches a vast tract of fertile Country, watered by numerous lakes and rivers, and studded with many flourishing villages, and the handsome town of Perth. The Railroad now in course of construction to Pembroke on the Ottawa, must when completed give a vast impulse to the trade of Brockville, while it will be of incalculable benefit to the country it traverses. Brockville will likewise be the terminus (for several years) for the Grand Trunk Railroad, and the one now constructing from Rome to Morristown. During the summer season, steamers are continually passing up and down the St. Lawrence, which makes the town accessible at all times by water. Well appointed stages convey passengers into every part of the interior, along the great lines of road leading to Perth, Newboro, and Merriekville. Brockville contains many eminent business establishments, some of whose advertisements in this almanac are well worthy of attention. There are several very fine Dry Goods, Hardware, Book, and other stores. Many new buildings have been put up during the past summer, and a great increase has taken place in the value of real estate, chiefly owing to the "Brockville and Ottawa Railroad," a great part of which is now graded and ready for laying the rails.

Twelve miles below Brockville stands the thriving town of Prescott whose railroad to Bytown, opens up for itself a prospect of great prosperity. Prescott contains several very good business establishments, and has a rapidly increasing trade with a population of nearly 3000. Twenty five miles north of Prescott is the thriving village of Kemptville an important point on the line of Railroad to Bytown: it now contains nearly 1500 inhabitants. It is situated in the midst of a good agricultural country and promises at no distant period to be a place of considerable importance. Some 20 miles from Kemptville stands the populous and flourishing town of Bytown, which a population approaching to 10,000 must soon entitle to take rank among the cities of Canada.

## THE ROYAL FAMILY.

HER MOST EXCELLENT MAJESTY (ALEXANDRINA-) VICTORIA, By the Grace of God, of the United Kingdom of Great Britain and Ireland, Queen, Defender of the Faith. Her Majesty, the only child of his Royal Highness Edward Duke of Kent, fourth son of King George III., was born on the 24th of May, 1819; succeeded to the Crown on the demise of her uncle, his late Majesty William IV., on the 20th June, 1837, and married; Feb 10 1840, Francis-Albert-Augustus-Charles-Emmanuel, Duke of Saxe, Prince of Coburg and Gotha, who was born August 26, 1819. Issue: *Victoria-Adelaide-Mary-Louisa, Princess Royal*, born Nov. 21, 1840; *Albert-Edward, Prince of Wales*, born Nov. 9, 1841; *Alice-Maud-Mary*, born April 25, 1843; *Alfred-Ernest-Albert*, born August. 6, 1844; *Helena-Augusta-Victoria*, born May 25, 1846; *Louisa-Caroline-Alberta*, born. March 18, 1848; *Arthur-William-Patrik-Albert*, born. May 1, 1850; *Leopold-George-Duncan-Albert*, born April 7, 1853.

### JOHN MELHINNY,

MANUFACTURER, AND WHOLESALE AND RETAIL DEALER,  
IN EVERY DESCRIPTION OF FURNITURE,

**EAST MAIN ST., BROCKVILLE, C. W.**

**K**EEPS constantly for sale a great variety of Sofas, Tete-a-Tetes, Lounges, Black Walnut and Mahogany Drawing Room chairs, Cane seat chairs, Hair Mattresses, Tables, Bedsteads, and other furniture, and as cheap as the cheapest.

From my long practical experience in business, and my present great facilities for manufacturing, (which include excellent steam machinery,) I have no hesitation in saying to intending purchasers, that they will find on examination that I can furnish a good article on as liberal terms, and at as satisfactory prices as any house in Montreal or Toronto. Please call and examine for yourselves. Packing done carefully. No second price.

## GRAMMAR SCHOOL

OF THE UNITED COUNTIES OF LEEDS AND GRENVILLE,
