POISON!

is too weak a name for that much dreaded and damning monster RUM and its enticing sisters Light Wines and Beer which we are going to put out of business in N. B. by our votes on Saturday. Don't let us pride ourselves and think that because we claim to be Christians that we are obligated to vote for prohibition, for it seems that the heathen of Sudan and South Africa would take their stand on Saturday for their homes and Country if they had the chance.

THREE BALL GAMES HERE THIS WEEK

Beat Florenceville on Tuesday—
Beat Westfield Yesterday—
Try Woodstock and Mc-
Adam Tonight And
Tomorrow

The weather of late has not been any too good for either haying or base ball. On Tuesday Hartland team went to East Florenceville and played a game which ended in a score of 6 to 6. As usual there was a great deal of scrapping which unfortunately, childishly and foolishly characterized all the games between these two great and growing towns. At the end of the sixth inning the score stood 6 to 3 in favor of Florenceville. Opening the seventh with two men on bases, Fraser of Hartland struck a home run bringing the score even. In a close decision the umpire called the ball fair but was induced by the Florenceville catcher to change his decision, annulling the rule that an umpire's first decision is final.

Last night a team from Westfield, Maine, came to Hartland and were pounded out for a score of 11 against their 7.

Tonight Woodstock team comes up and tomorrow the crack team from McAdam comes here and will likely make it hot for the local team.

LAKEVILLE NEWS ITEMS

Lakeville has its usual quota of summer visitors. Mr. and Mrs. Rice of Massachusetts have been visiting Mrs. Rice's brothers, Rob, John and Harry Gills. Mrs. Stanley Woods is spending a few weeks with her parents, Mr. and Mrs. Joseph Sears, who expect to sail for England some time in August. Miss Marjorie Wright of Southampton is visiting her brother, Dr. Wright. Mrs. Dagal McCasline is visiting her daughter, Mrs. Rob Jones. Mr. and Mrs. Douglas Wood of St. Martins are at W. W. Wilson's. Mrs. Marjorie Ronald of Glasville, is at her sister's, Miss Louise King. Roy Stephenson spent the week-end at Merrill Tracy's. In order to keep things even a goodly number are away. Archie Barker, our popular garage man, has gone to the Capital for a few days. Katherine Wilson is visiting her sister, Mrs. Geo. J. Burt, at Fort Fairfield. Mrs. H. One spent the week in Richmond, and everybody except a few cripples and cranks took in the carnival and the circus at Woodstock.

Quite a lot of building is going on. Mr. Gray is putting up a fine potato house. Mr. Ames has his new residence well under way, and Jonathan Jones is moving a house.

The crops in this section are looking well, the hay being much better than was at first expected.

All of our blacksmiths are kept busy getting machinery ready for haying. The farmers are keeping an anxious eye on the sky in hopes of fine weather as some have a large acreage to cut.

Sunday was an exceptionally fine day and many automobiles were constantly passing. W. F. Anderson has a dandy new, how do you spell it, Overland and Havelock Wilson and Rob Smith McLaughlin Specials.

Quite a large crowd were at the U. B. church to hear pastor Johnson on Sunday evening. Mr. Johnson has resigned as pastor of the Centerville group of churches to take effect in September. During his stay of five years he and Mrs. Johnson have made many friends who regret very much that they have taken this step, but what may be our loss will be some one else's gain.

A little daughter arrived at the home of Mr. and Mrs. Jack Morris on Sunday.

Harry and Frank Helms of Houlton, were calling on friends in the village on Sunday.

Carroll Brys are running their shingle mill. Talmage Tompkins is the sawyer.

Quite an interest was taken in the recent election, but the vote was much smaller than it should have been. Why did not more of the papers in the county give us an account of the different polls the same as at other elections. Surely we wanted to know how each parish stood in regard to this very important question.

GOOD'S CORNER SCHOOL

Following are the results of the recent examinations of the Good's Corner school, held June, 1920:
Those making an average of 80 and

over—Pearl Anderson 88, Alta Anderson 81.5.

Those making an average of 80 and over—Ruth Anderson 82.6, Donald Robertson 80.4.

Those making an average of 70 and over—Della Bonborough 78.3, Maude Good 75.3, Frank Gray 70.6.

Those making above 60—Norman Robertson 62.

The best attendance was made by Alta Anderson and Frank Gray.

Teacher—Ruth Estabrooks.

Plaster Rock News

Mr. and Mrs. Fred Pitcher returned home on Thursday last.

Mrs. Dennison and family have gone on a visit for a few days.

Mrs. T. W. Kearney has her father and sister from Houlton visiting her for a few days.

Helen Jarvis is staying with her aunt, Mrs. O. L. Bent.

Mr. and Mrs. Lincoln Gibson are visiting their son Ferley at Nelson.

Mrs. A. W. Ridgwell and daughter Helen are visiting friends at St. Andrews.

Bertha Mueckler is visiting her sister, Mrs. Charles Johnson, at Woodstock.

The W.A. met at the home of Mrs. Tatlock on Friday afternoon. The next meeting will be on July 28 at Mrs. Holly Post.

Mr. and Mrs. Joe Campbell of Fort Fairfield were visiting Sanford Campbell last week.

Jack Clark returned on Sunday from Fredericton by car.

Service will be held in the Church of England on Sunday next at 8 a.m. and 7.30 p.m.

Allen Neale of Fredericton was visiting here over the week-end.

Theo. Marston has his mother staying with him for a few days.

Mr. and Mrs. Wilbert Merrithew went to Birch Ridge on Wednesday to attend the wedding of Miss Ivy Gallop.

Mrs. Fugley returned to her home on Saturday.

Miss Ellen Tatlock returned from Birch Ridge on Saturday last.

The ladies of the Orange Lodge held a picnic at Arthurville on Thursday last. Quite a large number went from here and report a very good time.

Call at Keith & Plummer's Ltd. and see their bargains on millinery. They have reduced the prices.

FALL DOWN STAIRS BROKE HIS NECK

Tragic Ending to the Career Of A Well Known Hartland Man

A tragedy occurred in town on Thursday evening of last week when William Howells, aged 87, fell down his cellar stairs and broke his neck. The accident occurred about 11 o'clock and death ensued about four hours later. An inquest was held on Saturday morning and the verdict was accidental death. The funeral was held at the Anglican church on Saturday afternoon, and the service was conducted by Rev. N. Franchette. A large number of neighbors and friends gathered to pay the unfortunate man last respects.

Mr. Howells, with his family, came here from England about eight years ago. He is survived by his wife and four sons: Joseph, Harry, Albert and David.

Auto Accidents

Yesterday afternoon H. N. Boyer was driving his Ford car in from Pole Hill. When just this side of Frank Bradley's on a ledge piece of road his car turned turtle, throwing him out and dislocating his shoulder. A young lad, Paul Bradley, riding with him, escaped uninjured. Going to his uncle's home he secured help and Mr. Boyer was brought to Hartland where Dr. MacIntosh reset the dislocated member. Mr. Boyer is able to be out today. His car suffered only the collapse of the top and a broken wind shield.

Yesterday Russell Paget was bowling along the highway toward Hartland when suddenly his car left the road and headed abruptly toward the river at a point near John Christian's. The car brought up against a telephone pole and was stopped with little damage to the occupants or to the car, but the impact broke the pole off half way up.

I'M CONVINCED LIVELY DECLARES

Thought Nothing Could Help Him
But Has Gained Eighteen
Pounds On Tanlac

"To be quite frank, I didn't have much faith in Tanlac when I started on Tanlac, but now after giving it a fair trial, I don't know how to say enough in its favor," said Thomas I. Lively of Canton Road, Dartmouth, N. S., in conversation with the Tanlac representative recently.

"Ever since I was a boy I had a weak stomach and suffered from indigestion, and of late years it got much worse. My food used to always turn sour, bloat me up with gas so that I could hardly breathe, and cause me severe cramping pains in the pit of my stomach, so that I could hardly keep at my work. I was always constipated, had dull heavy headaches almost every day, and spells of dizziness. When I lay down at night the gas that formed on my stomach would seem to press up into my throat and almost choke me; many a night I have had to walk the floor for hours in my effort to get relief, and sometimes would not get a wink of sleep all night. I went down in weight from a hundred and eighty-five pounds to a hundred and fifty-five, and got so weak that I would actually stagger and almost fall down at times. Often I would stay off from my work for a week or two at a time, and about two years ago I was so bad that I had to knock off for six months. For twenty-four years I have been trying to find something to relieve the indigestion but nothing seemed to help me until I tried Tanlac.

"As I've said, I didn't have much faith in it when I started and even when I had finished the first bottle, I was thinking that it was no better than all the other medicines I had tried. But I kept on taking it, and I am mighty glad that I did for it has made a new man of me. I have a fine appetite, can eat anything, and my digestion and stomach trouble seems entirely gone. All signs of sourness, gas or cramping pains have disappeared, I am no longer constipated and the headaches are a thing of the past. I sleep like a top now and each morning get up feeling like a man refreshed. I have only been taking Tanlac for five weeks, but I have gained eighteen pounds in weight already, and haven't enjoyed such health for years past. I'm on deck for duty every day now and my work is a pleasure instead of torture. I don't hesitate to recommend Tanlac as the best of all medicines for indigestion."

Tanlac is sold in Hartland by Estey & Curtis Company, and E. L. Field, Bloomfield, and by the leading druggists in every town.

DISTRICT S. S. CONVENTION

In absence of the leader chosen for the devotional service at the S. S. convention at Cloverdale on June 27, O. E. Rideout of Hartland served in that capacity. The reports of the different schools were heard, not read, as there was not a written report given. Only four schools were represented: Carlisle, Lower Brighton, Cloverdale, and Hartland United Baptist. A nominating committee was chosen by the president, O. E. Rideout, as follows: Joe Wallace, Cloverdale, H. A. Sipprell, Hartland, Jas. R. Dickinson, Carlisle, Mr. Edgar Bryant, Lower Brighton, Edgar Bryant, Lower Brighton, Mrs. S. S. Miller, Hartland.

Mr. Wallace, superintendent of the Cloverdale school reported a good interest manifested and an attendance of from 25 to 40, which is exceptionally good for the size of the community which is sparsely settled.

Superintendent of the Carlisle school, Jas. R. Dickinson, reported that the school being organized a week previous, had not much of a report to give. The school, however, has three classes, but greatly in need of helpers. Mr. Dickinson said that any outside help would be very acceptable whenever convenient.

Next report was given by Mrs. Edgar Bryant, superintendent from Lower Brighton Ref. Baptist school. Said their school was evergreen. Had 34 enrolled with an average of about 18. Had three classes—adult, junior and primary. Said they had no teacher-training department. The quarters used were those published by David C. Cook. Said supplies cost over \$2. per quarter. Sabbath School raised \$55. for Missionary work during the year. The school also had a birthday box in which every member contributed a penny for every year of age. This scheme amounted to quite substantial amount. The I.B.R.A. was used in the school. The sum of \$105 was raised by that school during the year.

The Hartland U.B. school was reported by Mrs. S. S. Miller, he is the teacher of the Baraca class. This school with 13 classes. Average attendance 121. Has 8 organized classes. No temperance Sunday was observed during the year. The sum of \$115 was raised during the year for the Armenian children. The Baraca class gives \$50 per year for the support of a missionary in India. The Philathea class made a good showing and after all bills had been paid still had in treasurership of \$100 left in their treasury. The Star Bible class also made good showing.

A Workers' Conference will be held at Woodstock Aug. 21-27.

Very conspicuous as the absence of so many from the convention who should have been present at the afternoon session. A visiting committee was appointed or volunteered: Mrs. S. S. Miller and H. A. Sipprell volunteered to visit the Carlisle school at 2 p.m., and Cloverdale school 2.30 p.m., some Sabbath during the ensuing year. C. E. Rideout volunteered to visit the Armand school during the year. Joe Wallace volunteered to visit the Windsor school during the year and James R. Dickinson the United Baptist school at Hartland. Amasa Plummer of Hartland was chosen to visit the Lower Brighton Reformed Baptist school (2.30 p.m.). Some Sabbath during the year. E. C. Morgan and Rev. E. A. Trites Hartland, were chosen to visit the U. B. school at East Brighton (2.30 p.m.). Some talk was made regarding the re-organization of the Mainstream school; expected to take place July 11 at 2.30 p.m. A representative of that place said they would like to have some outside help. C. E. Rideout volunteered for this service. Claude McMullin was selected to visit the U. B. school at Lower Brighton (2.30 p.m.). A visitor from the Lower Brighton school is expected during the ensuing year to visit the U. B. school at Hartland and C. E. Rideout volunteered to visit the R. B. school at Hartland during the year. H. A. Sipprell volunteered to visit the Methodist school at Hartland during the summer.

Rev. H. C. Mullin and William Rideout were chosen to visit the Upper Brighton school or rather to help to re-organize the school. Mr. and Mrs. Rex L. ork were chosen to get in touch with the Lower Windor people and if possible re-organize the school.

Devotional session in the evening was led by H. A. Sipprell. Minutes of afternoon session read and approved. Report of nominating committee given by the chairman Joe Wallace, as follows:

C. E. Rideout, dis. pres.
Jean Miller, sec. treas.
These two officers to be changed in December if deemed necessary.
Elwood Foster, I.B.R.A. parish supt.
Mrs. S. S. Miller and Mrs. Hatfield Shaw, dis. educational.
Mrs. Arthur Currie, dis. elem. supt.
Fred Brown, dis. secondary dept. supt.

Mrs. A. C. Bell, dis. adult home dept. Offering for the session, \$1.37.
Mrs. S. S. Miller gave a brief address on the plebiscite to be taken on July 10.

A vote of thanks was extended to the good people of Cloverdale for the hearty welcome they gave the visiting delegates.

The Fruit Medicine

R. R. No. 1, Louisa, Ont.
"For over three years, I was confined to bed with Rheumatism. I treated with doctors, and tried nearly everything without benefit. Finally, I tried 'Fruit-a-lives'. Before I had used half a box I saw improvement; the pain was easier and the swelling started to go down. I continued taking this fruit medicine, improving all the time, and now I can walk about two miles and do light chores about the place."

FARMERS INSURING CROPS

A new form of insurance is being applied in Aroostook county where potato producers and growers of oats are insuring their crops against failure. The policies cover losses from weather, diseases and insect pests. The insurance on potatoes cover the cost of rent of land, labor, seed, cutting of seed, planting, fertilizing, plowing, hoeing, cultivating, harvesting and marketing and the total of these items ranges from \$100 to \$200 an acre for potatoes. The rates are five per cent for insurance of \$100 an acre; six per cent for \$150 an acre; seven per cent for \$175 an acre and eight per cent for \$200 an acre. For oats the rate is eight per cent for insurance of \$30 an acre. The insurance enables farmers to borrow from banks planting and marketing operations. In Aroostook county the potato insurance risks will run into millions.

I SUFFERED FIVE YEARS

Finally Was Restored to
Health by Lydia E. Pinkham's
Vegetable Compound.

Paris, Ont.—"For five years I suffered from pains caused by displacement of my organs and in my back. All of this time I was unfit for work and was taking different medicines that I thought were good. I fear the advertisement in the papers of Lydia E. Pinkham's Vegetable Compound and took it faithfully. I am now in perfect health and do all my own work. I recommend it to others, and give you permission to publish this letter in your little books and in the newspapers as a testimonial."

Mrs. D. CASSADY, Box 461, Paris, Ont.
Why women will continue to suffer so long is more than we can understand, when they can find health in Lydia E. Pinkham's Vegetable Compound.

For forty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, irregularities, etc.
If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Butter keeps up in price but you can still get oleomargarine at Carr's at 35 cents a pound.

Why Canadians Should Insure in a Canadian Company

- BECAUSE—Experience covering a period of forty-six years has proven that the death rate of insured lives is about 15 per cent greater in the United States than in Canada.
- BECAUSE—A Canadian does not need to assist in paying for this extra heavy death rate in a foreign country.
- BECAUSE—A Canadian insuring in a foreign Company is sending his money out of Canada. If retained in Canada he and Canadians generally will benefit by its circulation and investment.
- BECAUSE—In The Policy-Holders' Mutual Life (of Canada) he can secure his insurance at lower rates and on easier terms than in any other Company.
- BECAUSE—The Policy-Holders' Mutual Life (of Canada) was organized for the express purpose of eliminating all objectionable features in Life Insurance.
- BECAUSE—In The Policy-Holders' Mutual Life (of Canada) the Policyholder votes and participates in the management on equal terms with the Stockholders.
- BECAUSE—By its Act of Incorporation provision is made for the Policyholder voting at his own home if convenient to attend the general meetings.
- BECAUSE—By its Act of Incorporation the dividend to its Stockholders is limited and all profits above this limited dividend belong to the Policyholder.
- BECAUSE—By its Act of Incorporation no tontine, so called "Gold Bond" policies or anything of a like nature can be issued.
- BECAUSE—Its Policyholders participate in the annual distribution of profits after the third of the life of each policy.
- BECAUSE—The low rates and annual distribution of profits leave the money in the Policyholder's pockets or return it to him each year instead of its being retained for speculative purposes as has been charged against some Companies.
- BECAUSE—Premiums may be paid monthly, quarterly, semi-annually or annually as best suits the convenience of the insured.
- BECAUSE—In the Policy-Holders' Mutual Life (of Canada) he will be insured in a Canadian Company incorporated by special Act, especially safeguarding his interests, thoroughly democratic in its principles and management, with every safe-guard and security to which the strongest Stock Company can lay claim or which government deposit reserve and inspection can secure.

HANDY-KILLER Potato Poisons

which during the past several years has been used on some of the largest fields in Aroostook county and New Brunswick in direct competition with the various old and popular poisons. In every case it has upheld the claims we make for it and has proven itself to be one of the

Quickest Acting, Most Efficient, Handiest and Cheapest

poisons at present offered the grower.

It is in liquid form and is prepared at the factory for immediate use; no disintegrating or mixing with water in the field is necessary. Simply pull the cork from the bottle and pour in the sprayer when ready to spray.

For your convenience we give below a partial list of the dealers who sell our goods. They at present have a stock of this poison on hand and will be pleased to show you our goods and go into the matter fully with you. The next time you are in town go in and ask them about it.

It will pay you.

A healthy body means healthy arteries.
The railways are the arteries of Canada.

IN the operation of railways Canadians hold high reputations.

The chief Canadian systems are operated over great stretches of territory presenting widely different problems.

Their traffic obligations fluctuate rapidly with the seasons.

Climatic conditions are sometimes difficult. Unusual foresight, skill and determination are called for.

Yet the only unfailing highways for the heavy traffic across the New World from China to France during the war—were Canadian railways.

Canada alone among the allied countries had no war-time transportation crisis. When foreign roads choked under their load, she relieved them of millions of tons. At a time when ships were the need of the hour no ship lost time in any Canadian port through failure of the railways to deliver cargoes at the docks.

To-day the Canadian producer still commands the fastest, the most dependable and the cheapest railway service in the world.

But the foresight that made this record possible could do nothing without MONEY! The skill that kept terminals unclogged had to be backed with MONEY! The determination that drove crippled engines ahead in the face of 40-below gales and mounting snow would in the long run have been useless without MONEY!

Thus to-day the alarming fall in the net revenues of the railways is a menace to railway efficiency. It injures railway credit. It dissolves the reserves needful to meet the expanding needs of a growing country. It imperils national prosperity.

Increased freight rates are imperative therefore, not merely on behalf of railways but in the interests of Canada itself!

Clarence Kaney of Carleton Place is putting some improvements upon his already fine farm house. Mr. Kinney is one of the famous farmers who believe in keeping his buildings in a fine state of repairs. The neatness of the grounds and fine crops, which he is always successful in raising, go to show that he is an up-to-date farmer.

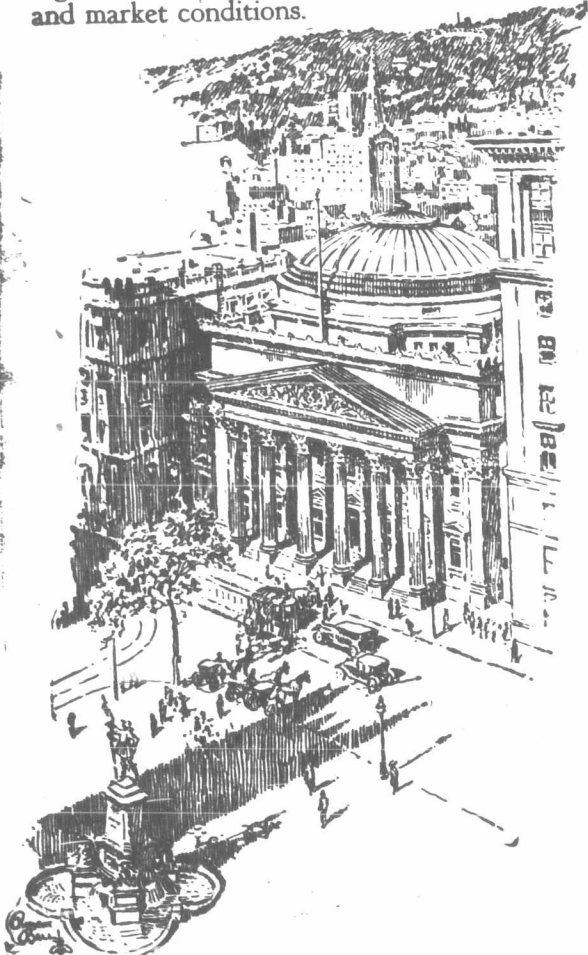

The Andover Tennis Club enjoyed a most pleasant afternoon at the home of Miss Bessie Kilburn of Kilburn on Friday. Members of the club made the trip by train and automobile and enjoyed tennis for the afternoon. Tea was served Misses Kilburn and Mc

At the Service of a Great Industry

The farmers of Canada are engaged in one of Canada's greatest industries and produce a large part of the Dominion's wealth.

THE banking requirements of this great industry are far-reaching and demand a nation-wide service—such a service as the Bank of Montreal affords with a branch in every important centre of Canada, each having an intimate knowledge of local agricultural and market conditions.

We invite farmers to talk over their banking problems with the manager in our nearest branch.

A Finish That Lasts

WHEN you paint it is with the idea of "conserving" your property, as well as beautifying it. And you wish to avoid constant repainting. If it's to be a white surface, you want it to stay white. And it will—if you use

B-H PAINT "English" 30% Pure White Lead
30% Pure White Lead
30% Pure White Lead

This really superior paint gives a brilliant finish that will not fade for a long time to come. Whether in white, or in colors, it will give protection, and will continue to look "fresh" for a long period. This result is obtained by the use of finest ingredients in just-right proportions. The white base for it is that superb pigment known for two centuries as Brandram's Genuine B.E. White Lead. By using this, and other ingredients of similar high quality, there is maintained in B-H "English" Paint a standard of paint quality that other brands have to envy. It excels in "body," brilliance, covering capacity and permanence. This store is proud to be known as

HARTLAND, N. B., JULY 22, 1930

APOLOGY

The Observer is late this week—almost a whole day. The cause is attributable in part to the new linotype, but not at all to that machine in its own behavior. Gasoline of the purest quality is required to produce the new type and only the most inferior grade of gasoline has been obtainable. The delay was most vexatious to the management, but today a message to St. John brought forth the joyful news that at once a barrel of the precious juice needed for this machine would be dispatched.

Numerous typographical errors must be forgiven, because real *gassy* gasoline—not at hand—was essential to their correction.

THE SUPERIOR AIR.

"Is your boy Josh settling down to work?"

"Not so's you can notice it," replied Farmer Cornstossel. "I'm willing to bet that after the prodigal son got settled back in the old home he soon had the old folks kindo' worried an' shamed because they didn't smoke his brand o' cigarettes an' couldn't name the really pl'cher stars."

A Sincere Compliment.

His Wife—What did little Mr. Peck say when you showed him that portrait of his wife?

Femmer, the Portrait Artist—Not a word. The boob just looked at it in silence.

His Wife—Good! It was so lifelike he didn't dare to speak in its presence without permission.

Quite Fetching.

"That Mrs. Oldersleigh is a stunning looking matron."

"So she is, and I heard a cynical bachelor pay her a fine compliment the other day."

"What was it?"

"He said she was so good looking it was still safe for her to heave a little sigh and exclaim, 'Dear me! I'm getting old and ugly!'"

Preliminary Training.

"Where are you going, Geraldine?"

"To court to hear a breach of promise case tried. It's the fourteenth I've attended so far."

"I'm surprised at you."

"Well, I never expect to have a breach of promise suit of my own, but if I ever do I'm going to show just as much quiet self-possession in the courtroom as the judge himself."

His Opinion Not Fixed.

Lawyer (examining prospective juror in criminal case)—Mr. Juror, have you any fixed opinion as to the guilt or innocence of the accused?

Juror (emphatically)—Now, I ain't got no doubt but the guy's guilty, but they ain't nobody fixed me.

ASKING ALMOST TOO MUCH.

"And so you are not married yet?"

"No."

"Engaged?"

"No."

"What's the matter?"

"Well, papa says that my husband must be a keen and experienced man, of good health and good habits; mamma says that he must be frugal, industrious and attentive; and I say he must be handsome, dashing, talented and rich. We are still looking for him!"—Stray Stories.

SEEMINGLY NO AGE LIMIT

Applicants for Divorce Are by No Means Always in the Days of Their Callew Youth.

There is no age limit to divorce. In Oregon a woman at the age of eighty-two years is suing for a decree from her husband, who is a callow stripling of seventy-one summers. This seems to be another case of too much mother-in-law, as the wife asserts that her husband's love has been alienated and undermined through the work of his mother, who is now ninety-four years old and who never did like her, anyhow. They have been married some ten years now, and the wife said that when the husband took her money to buy an auto for his mother and wouldn't let his wife ride in it, she knew that his love was dead. When she remonstrated the husband calmly informed her that she could leave the house. When the wife said that the home was her own and bought with her own money the husband replied that might be so, but he had thoughtfully had the deed recorded in his own name. Now she has to appeal to the courts. It is rather rough when a bride of eighty-two has to compete with a ninety-four-year-old mother-in-law for the affections of her husband.

Not Needed.

The Salesman—Why not give the young lady this nice little morocco-bound engagement book to help her keep track of her engagements?

The Customer—But she isn't engaged to any one but me, and I intend to keep her reminded of it.

Just Too Late.

"Some men are almost too spiteful to live."

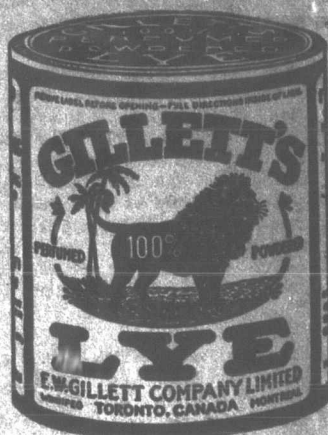

"What's the matter?"

"There's Budkins who took out a \$50,000 insurance policy for his wife and then outlived her a month."

Knotical.

Ship's Officer—Yes, she's a smart little craft and can steam thirty knots.

Dear Old Lady—How thoughtful of you. I suppose you steam the knots so that the sailors can untie them easily in this cold weather?

Such a Chubby Rosy Baby

Mrs. K. K. K. of Bayville, N.B. was so delighted with the way OLIVEINE EMULSION restored her baby's health, that when her baby did not seem to be doing well she put the baby on

OLIVEINE EMULSION

The Great Health Restorer

As Mrs. K. K. K. writes up, "I used several bottles of OLIVEINE EMULSION and found it splendid. I am now giving it to my baby. She was very thin and delicate before I began and now she is so fat and healthy."

OLIVEINE EMULSION is a wonderful health builder for every member of the family—young and old alike. It makes good, red blood—improves digestion and appetite—strengthens the nerves and restores vitality.

It is pleasant to take and agrees with the stomach. REMEMBER—ask for OLIVEINE EMULSION and do NOT take a substitute or something sold to be just as good. Sold by Druggists and General Stores.

TOO MUCH COLOR

"Your narrative is too highly colored," remarked the editor, returning the bulky manuscript.

"In what way?" inquired the disappointed author.

"Why," replied the editor, "in the very first chapter you make the old man turn purple with rage, the village turn green with envy, the hero turn white with anger, the heroine turn red with confusion, and the coachman turn blue with the cold."—London Tit-Bits

"Well, not exactly, dad. I have a hunch that my luck is going to change."

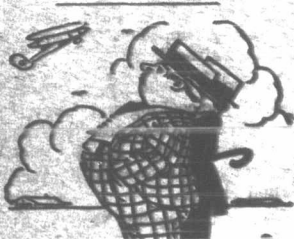

Plainly a Personage

"I don't know who that solemn guy over there is, but I'll bet he's somebody important," whispered Bobbie of the night-firs restaurant.

"What makes you think so?" returned Claudine of the same establishment.

"He never says anything about it, does he?"

"No; but, my gosh, he can actually look dignified while eating spaghetti!"

ONWARD AND UPWARDS

"What has become of the man who used to rock the boat?"

"He has progressed with the times. He is not satisfied now unless he is running up the equilibrium of an aeroplane."

Eating or Sleeping

A man is often like a horse. We've heard some people say: But surely both are happy when it's time to hit the hay.

Consideration Considered

"Have I not been a considerate wife?" she asked reproachfully.

"Considerate!" he exclaimed bitterly. "In what way?"

"Has there ever been a night when you were out late that I haven't left the light burning for you?"

"And you call that being considerate? You have—but who pays the bills?"

Care Association

"The prima donna has decided to divorce her latest husband."

"On what grounds?"

"She says he insists on sitting in the same box every night when she sings. As a result they have been thrown together so much that he has gotten on her nerves."

Painful Topic

"I'm afraid Miss Sereleaf did not enjoy the party."

"An old friend of hers was among the guests, a lady who has three grown children. She kept referring to the time when she and Miss Sereleaf were girls together."

Flying High

"You know we promised a golden apple to the most beautiful girl at the ball."

"Well?"

"The jeweler hasn't finished it. What shall we do?"

"What do we care for expense? Award her a real apple."

Its Style

"Somebody says a baby in the house is a wellspring of joy."

"Don't you believe it. From the amusement standpoint, a baby in the house is a screaming farce."

Wanted to Know

"Excellent floor this," said the clumsy dancer.

"Then why dance on my feet?" asked his unlucky partner.

A VERY PRESENT HILP

"It's when a man is in trouble that he realizes the value of a wife."

"Sure! He can put all his property in her name."

Something Cheap

The price of everything is so dear—it makes me almost weep; but one thing still remains the same—that's talk—no usual—cheap!

Playing to a Crowd

"Two is company, three is a crowd."

"I like that adage," declared Yorkie Hain. "It has frequently made me feel better when estimating the size of an audience out front."

Unprepared

"Wasn't you taken by surprise when he proposed to you, dear?"

"Goodness, yes. Why, I hadn't even looked up his financial standing."

"I Cannot Go"

BILIOUS headache spells many an expected enjoyment.

When the condition of the liver is neglected, biliousness seems to become chronic and recurs every two or three weeks, with severe sick headaches.

Why not get right after this trouble and end it by using Dr. Chase's Kidney-Liver Pills to restore the health and activity of the liver.

Constipation, indigestion, headache, biliousness and bile are sure signs of liver trouble. They disappear with the use of this well-known medicine.

One pill a day, 25 cts. a box, all druggists, or by mail, Dr. Chase & Co., Ltd., Toronto.

Storage Battery Service

J. L. R. HOPKINS

Armstrong's Garage, Perth, N. B. Phone 73-3

All makes of Storage Batteries tested, recharged and repaired by a man experienced in battery work.

Your battery is an expensive and vital part of your car equipment. Why spend your money having it ruined by inexperienced repairmen. Take it to the man who knows and get your money's worth.

I have six months of hard bone labor at the Exide Battery Depots in Boston to my credit. Does that not sound like experience?

I spent my own money to learn the business and I am here to give you the benefit.

Your patronage will mean

Good Battery Service

We have fitted up a

CONCRETE MIXER

For doing slash work and are prepared to let it out by the day. Can furnish competent man to run it if desired.

Call at The Observer Office and see the New Light and Power Plant

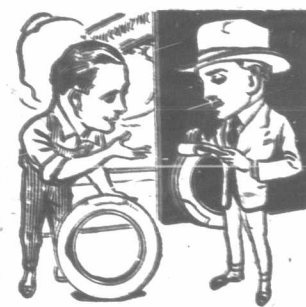

Every farmer should own one. Makes housework easy. Our Fairbanks-Morse "T" 40 Light Plant is driven by a 1 1/2 h.p. engine and has 600 watt generator and a storage battery system which makes lights

abundant and you have it any time of day or night. The light in The Observer office never goes out, and the electricity is generated without one cent of cost while the engine is running for other purposes.

We sell Farm Implements of the most reliable makes.

LOCAL AND PERSONAL ITEMS

The annual school meeting was held
on Monday and Carey Shaw was
chosen trustee in place of Dr. Peppers
whose term of office expired on that
date. We understand more money
was voted, but hope the taxes may
not be increased in the same propor-
tion as last year.

Rev. Thomas Pierce of Florenceville
occupied the pulpit of the Methodist
church in the absence of the pastor.

Centreville was well represented at
the celebration in Woodstock on the
12th and 13th, and also on Friday
when the circus was the great attrac-
tion. All were pleased with the "Big
Show" and report it one of the best
seen in these parts for some time.

Mr. and Mrs. G. W. Bishop are
spending a few days in town.

cepted a position as stenographer with
S. W. Smith, general merchant.
Chas. Hunter, station agent new of

Douglas Downie has accepted a
position as principal of the Bathurst
school. He went to St. John on Sat-
urday to take a cadet course.

Miss Annie Love of Devon is visit-
ing her friend, Miss Hazel Margison
of East Centreville.

Mrs. W. R. Harold, Misses Mary
and Helen Harold, and Mrs. Maurice
Burt visited Nickerson's Lake on
Saturday.

Miss Ida Gartley spent Saturday
with friends at Nickerson's Lake.

A business meeting was held on
Tuesday evening in the Baptist church
to consider the resignation of the
pastor, Rev. Samuel Johnson.

Mr. and Mrs. George Hemming left
on Monday for Halifax where they
will make their home for the present.

his holidays with his parents, Mr. and
Mrs. C. Kearny.

Silver Wedding Anniversary

Mr. and Mrs. Edgar Green of Sum-
merfield celebrated the 25th anniver-
sary of their wedding on Saturday
afternoon at their residence. Practi-
cally the whole community was in at-
tendance, besides a considerable num-
ber of friends and from "across the
line". In the vicinity of 200 were in-
vited and most of these were present.
The weather conditions being well nigh
perfect, the affair assumed the nature
of a large lawn social as for the most
part the company enjoyed the freedom
of the spacious grounds. In the rear
many autos and carriages were park-
ed which gave some idea of the num-
bers present. The tables were set un-
der an extension awning in the front
of the lawn and were loaded down with
every variety of the product of the cul-
inary art. They were also most effec-
tively served while for some two hours
and a half the guests regaled the in-
ner man. Nor was this all, for dis-
played in the house were a collection
of varied and costly presents in keep-
ing with a silver anniversary. In ad-
dition to these elegant presents Mr.
and Mrs. Green were presented with
a sum of money amounting to \$45. The
large assembly and splendid gifts were
an undoubted tribute to the host and
hostess who are held in high esteem
by their friends and neighbors.

The heaver with their many friends
will wish them many years of contin-
ued happiness and prosperity.
