83 YEARS YOUNG AND 50 YEARS WED

Mr. and Mrs. William J. Davis Celebrate their Golden Wedding Most Happily Last Evening

Last evening witnessed one of those rare but always intensely pleasing and happy events, a golden wedding, at the home of Mr. and Mrs. Rex L. York, Mr. and Mrs. William J. Davis, parents of Mrs. York, were the couple who received the congratulations and after fifty years of married life they look as happy and congenial in each others company as the picture accompanying this article would indicate. William J. Davis was born at Waterville

and with his wife came to live with their daughter, Mrs. York, who then lived at Somerville where the elderly couple still have their home, directly opposite Hartland. Mrs. Davis in her girlhood was wealthy Whitney and was born at Waterville 72 years ago. She always held a prominent position in her community and is beloved by a large circle of friends. The children of this worthy couple are Mrs. W. H. Hannah of Jacksonville, A. Percy Davis of Los Angeles, Calif., and Mrs. Rex L. York of Hartland. They were married on March 25, 1874, by Rev. John Perry. At the reception last evening there was but one who was a guest at the original wedding. This was J. T. Carr. The happy event of last evening was particularly pleasurable to the fifty guests, which included five grandchildren and two great-grandchildren, which represents four generations.

tor in 1841, but he lived a great part of his life at Waterville, where he conducted a blacksmith business and carried on farming to some extent. Among his old neighbors he held a high place in their esteem. He was prominent in the work of the United Baptist church of which he was a member and for a long time was deacon and superintendent of the Sunday school. He belongs to the Orange Order and it is very doubtful if he ever voted anything but a Conservative ticket. A few years ago he sold out at

the fact that California is noted for its sunny unemployment is a fact that has to be reckoned with about fifty thousand men being idle in that city. Mr. Hand has a responsible position with a lumber company. Theodore Gallagher returned last week from Bangor, where he spent the past winter. F. C. Squires, Woodstock, was a professional caller in town during the week. Misses Josephine and Madeline Conner returned to Mt. Carmel Academy at St. John on Monday. Harold Jamieson, Grand Falls, passed through town Monday en route to Centerville, where he shall spend a few days at his former home. The roads throughout this section are in a very bad state. And the farmers are busy hauling home their fertilizer, while yet sufficient snow remains. The largest single consignment of fine carloads in number, arrived Monday. Indications are that a far greater acreage shall be planted this year compared with that of last year.

SCALDED TO DEATH AT CLEARVIEW

Tragic Death of a Child—Bath Meets a Bridge—Many Newby Bath Items

On Wednesday of last week the death of a child, the three year old daughter of Mr. and Mrs. Clair Smith occurred at Summerfield, death being due to scalds, received when she tripped and fell into a pan of boiling water, which had been placed on the floor but a few minutes before. The heart-felt sympathy of the whole community goes out to the family in their sad bereavement.

Walter Bradley, Grand Falls, manager of McLaughlin's Theatre, was in town on Wednesday last. He was warmly greeted and while in town was the guest of Mr. and Mrs. W. J. Gorman, Church street. He returned to his home on Thursday received word from the Bath side with a horse and sleigh, broke through the ice. Fortunately it was near the shore so that soon after the horse, sleigh and driver were back on terra firma. I. at year Lee Cain of Knoxport had a similar experience and it was only with difficulty that his team was saved. It is hoped that should there be no more such accidents there will be no fatalities.

The sale now in progress at Bohan & Co's store is on account of the stormy weather, which prevailed during the first week to be continued until April 1.

William Mitchell, Holyoke, Mass., has returned to town after having spent the winter with his family.

Elbridge Giberson, Presque Isle, was during the past week, visiting his uncle, Charles R. Giberson, Holmesville.

A. Cohn closed his place of business on Main street and has removed to St. John where he shall continue in the same line of business. He intends to open his store on Prince Edward street. Mr. Cohn was a keen supporter of amateur sport and shall be greatly missed.

On Saturday Leo Kearney received a letter from Edwin Hand, who is now a resident of Los Angeles, Calif. Mr. Hand writes a very interesting letter and states that although California possesses a wonderful climate, still it has its disadvantages, despite

Tomorrow afternoon and evening at Woodstock there will be a meeting of all interested in the organization of a fishing, hunting and forest conservation association. This will be particularly for the protection of the streams and woods from poachers and also to protect the forests from fire. The Observer would suggest that this new organization be under the character of and a branch of the New Brunswick Tourists and Resources Association and it is possible that either G. A. Allen, the secretary, or C. C. Avar, the president, may be present at tomorrow's meeting. Such an organization as is projected is really needed, but the Tourist Association also requires support in this county and their aims and objects are identical. The cost of membership in the Tourist Association is \$1.00 per year and it is doing magnificent work. The Observer has in his possession some mighty interesting facts concerning poaching on the lower Miramichi and regrets that before the Woodstock meeting it is not possible to prepare the forcible article which can be made from the facts at hand.

We can't all enjoy a world tour. But we can all enjoy what adds to its attractions.

I would through your columns request that a number of the leading potato growers as well as shippers should write to Mr. McIntosh their views on this matter, and I would be glad if they would forward me a copy of their letter to the fruit commission as it would materially strengthen my hand if this matter should come up in the house.

T. W. CALDWELL.

NO CHANGE IN POTATO GRADES

Prompt Action of Shippers. The Observer and T. W. Caldwell, M. P., all Work to Farmers' Advantage

The Root and Vegetable Act as concerning Potato Grades will not be changed. This is directly the result of the strenuous protest sent forth in letters by St. John valley potato growers and vigorous protest voiced by the Observer in its latest issue. G. E. McIntosh, fruit commissioner, has sent to the dealers along the line the following letter:

"I have your letters of the 13th and the 15th instants in regard to my request for your views on the proposed amendment to the Root Vegetables Act, concerning potato grading. I appreciate your suggestion that the present potato grades Canada A, Canada B and Canada C should not at this time be disturbed. There is however, under consideration the addition of a Fancy Grade in which the diameter of potatoes of the round varieties shall not be less than 2 1/4 inches and the potatoes of the long varieties, 2 inches. Although such a grade would not be extensively used, the British Columbia potato growers are most anxious to have it as it will provide a grade required in the sale of baking potatoes.

"Thanking you for your kind consideration and prompt reply to my request for your opinion in the above matter.

G. E. MCINTOSH.

The following press despatch came from T. W. Caldwell, M. P., this morning:

I learned shortly after my arrival here for the session that the Fruit Commissioner, who has the administration of the Potato Grading Act, proposed to introduce some amendment to the above Act; one of them being to make our Grade A correspond with American fancy grade, in which the minimum size would be 2 1/4 inches and not over 30 per cent in any package should be of this minimum size. This was one of the features of the original potato grading act when it was presented to the house two years ago, and I had a very strenuous fight at that time to have this and a number of other possibly more objectionable features cut out of the bill.

On learning that this was to be re-introduced this session I immediately went to Mr. McIntosh, the fruit commissioner, and told him that I would oppose the proposed change to the utmost, as I believed that it would work untold injury to the potato producers of New Brunswick. I also gave him the names of all the potato shippers on the St. John river and asked him to write a number of them and ask their opinion with regard to the proposed change and I am pleased to see by a late issue of your paper that they have replied to him promptly and vigorously in opposition to the change. I also wrote the number of representatives of the Horticultural Council and herewith will give you extracts from some of their letters. The following is from F. W. Bishop of Paradise, who was one of the representatives here:

"Referring to your letter re change of minimum sizes in potatoes there is apparently some misunderstanding as to the potato industry, and I understood these larger sizes to be a special grade of potatoes. Mr. Foster and I have each wired Mr. McIntosh that the growers here would seriously object to any change in the minimum size for Grade A and Grade B potatoes, but would not object to a fancy grade with minimum sizes as stated by you."

The following is a telegram from W. B. Gilman of Fredericton, another member of the Horticultural Council, who was in Ottawa when the proposal was supposed to have been made by that body:

"Do not know reasons for recommendations of changes if potato growers are full consulted. Advise you see T. W. Caldwell, M. P."

In fact I have not been able to locate any member of the horticultural council who was present in Ottawa who will admit to recommend the proposed change. I also have a letter from A. G. Turner, secretary of the New Brunswick Fruit Growers' Association, as follows:

"As the request of W. B. Gilman, Fredericton, I enclose copy of a night letter received this morning by him in reference to proposed changes in the Root and Vegetables Act and copies of his telegrams to you and Mr. McIntosh. The constitution of the Canadian Horticultural Council provides for one representative of the fruit growers to the provinces of New Brunswick and Prince Edward Island combined. Mr. Gilman is that representative and presumably that is the reason why this night letter has been sent to him. The constitution provides for one representative of the vegetable growers for the three maritime provinces but at the present time I do not think that such a representative has been named for the coming season. The fruit growers are not the people to pass upon these questions and there is no organization of the general potato growers of New Brunswick other than the newly formed seed potato association to whom this letter can be referred, we think it should be placed in your hands."

A. G. TURNER.

Western Pioneer Tells Interesting Experience

Frank Rikert, Who Left Illinois for California in Covered Wagon in 1864, Wouldn't Take \$100 for Bottle of Tanlac.

Frank Rikert, well-known resident of North Sacramento, Cal., who came to the state from Illinois in a covered wagon in 1864, along with other hardy pioneers, recently exhibited a bottle of Tanlac, which he had just purchased, to a friend at his home and remarked: "If I thought this was the last bottle of Tanlac I would ever be able to buy, I wouldn't take one hun-

dered dollars for it," thus proving the high valuation he places on the famous treatment.

"I believe Tanlac really saved my life when I took it after the flu about a year ago," continued Mr. Rikert, "for the attack left me 20 pounds off in weight, and unable to turn over in my bed without assistance. I tell you, I thought my time had surely come. But, thanks to my wife's insistence, I kept on taking Tanlac till I was able to do all my work again, had back all my lost weight, and I've been feeling years younger ever since. I'm always telling my friends about Tanlac and can't say too much for it."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

Take Tanlac Vegetable Pills.

BROTHER FRANCOIS, MADAWASKA, DEAD

Brother Francois Desjardins, of Madawaska Co., died yesterday at the St. Francis d'Assise Hospital, Quebec, as a result of the typhoid fever epidemic which broke out at the Benedict Monastery in Charlebourg some ten days ago. Brother Francois was 23 years of age.

The outbreak which affected the Superior of the Institution, Rev. Father Le Courtois, two sisters, one of whom died a few days ago, and 17 students, all patients of the St. Francis d'Assise Hospital, is said to have

taken a bad turn over the week-end and resulted in this second loss for the order.

Why Ford Predominates

Simplicity of Operation

The Ford is remarkably easy to operate. Gear shifting is done automatically by the feet. The driver's hands are always on the wheel. His eyes are always on the road. He can watch traffic constantly. There is no possibility of failure to accomplish a gear shift. Ford gears being of the planetary type are always in mesh and every shift is positive and unailing.

The Ford is very easy to steer and responds to the slightest movement of the wheel. It will turn in a circle with a radius of nineteen feet three inches.

The short Ford wheelbase is a boon in congested traffic. It gives easy manipulation everywhere, and enables you to park in crowded sections where a big car is handicapped.

WOMAN SUFFERED FOR MONTHS

Weak and Nervous. Made Well by Lydia E. Pinkham's Vegetable Compound

Webbwood, Ont.—"I was in a very weak and run-down nervous condition, always tired from the time I got up until I went to bed. Sleep did not rest me at all. My sister recommended Lydia E. Pinkham's Vegetable Compound to me and others told me about it, but it was from my sister's advice that I took it. It did not take long until I felt stronger, headaches left me and my appetite came back to me. I am a farmer's wife and have many things to do outside the house, such as milking, looking after the poultry, and other chores. I heartily recommend the Vegetable Compound to all who have the same trouble I had, for it is a fine medicine for women."—Mrs. LOUISE F. ELIASSEN, Hillcrest Farm, Webbwood, Ont.

Another Nervous Woman Finds Relief

Port Huron, Michigan.—"I suffered for two years with pains in my side, and if I worked very much I was nervous and just as tired in the morning as when I went to bed. I was sleepy all the day and didn't feel like doing anything, and was so nervous I would bite my finger nails. One of my friends told me about Lydia E. Pinkham's Vegetable Compound, and it helped me so much that I soon felt fine."—Mrs. CHARLES BECKMAN, 501-14th St., Port Huron, Mich.

Women who suffer from any feminine ailment should try Lydia E. Pinkham's Vegetable Compound.

WHERE THE BEST TEA GROWS

The Tea plant flourishes best on the well drained side of a mountain in a country where there is plenty of moisture and a warm sun. Certain parts of Ceylon, India and Java are ideal for the growing of delicious tea, hence from those countries come the finest varieties. "SALADA" is a blend of the choicest qualities grown in these three most famous tea-growing countries in the world.

IMPROVEMENTS AT FLORENCEVILLE

Premier Veniot Takes Up Project of Wiring Bridge—New Sidewalks?

(Telegraph-Journal)

Florenceville, March 18—The Florenceville Institute held their regular monthly meeting at the home of Mrs. W. P. Hagerman on Tuesday evening. The president, Mrs. Wilbur Taylor, was in the chair. There were 16 members present and two visitors.

The meeting passed a resolution favoring the abolition of the production and sale of oleomargarine in Canada. The wiring of the bridge came up for discussion, and it is hoped that Premier Veniot will proceed with this work with all speed. He is now in communication with D. H. Shanks. The matter of building sidewalks in Florenceville was discussed. As the first step a committee of three namely Mrs. Wilbur Taylor, Mrs. W. H. Fowler and Mrs. A. D. McCain were appointed to wait on Mr. Earnest McClary, the road supervisor and ask that he spend 40 per cent of the road tax money on the sidewalks as provided by law. By skirting the walk and applying a substantial coat of gravel a great improvement would be effected.

Acting on the suggestion of the principal of the school, H. P. Hovey, it was decided to appoint two institute members to visit the school each month. Mrs. A. D. McCain and Mrs. H. H. McCain were appointed for March. All members will be glad to hear that the institute dishes which were lost at the July 12th celebration have been replaced by the Orangemen, and are now in the care of the secretary. The program consisted of a demonstration and paper. Mrs. H. H. McCain gave a demonstration on "Carrot Pie" and a delectable portion was enjoyed by each of the members. Mrs. Hartley Boyer gave a paper on "Remunerative Hand work" and also showed some examples of work with coarse cotton, which were much admired. The hostess served delicious refreshments, assisted by Mesdames Fowler and Boyer. Miss Flo Armstrong, who is the guest of her mother gave several piano solos which were much enjoyed. God Save the King closed the meeting. The April meeting will be held at the home of Mrs. Murray Smith.

P. B. QUARTERLY MEETING

The P. B. quarterly meeting convened with the church at Houlton on

March 15. At 10.30 a.m. met for worship with a good number present. Lic. Reuben Doodie led this service which proved to be one of blessing. At 2.30 p.m. assembled in quarterly conference this service being led by Rev. P. J. Quigg. At the close of this service the Lord's Supper was administered to an exceptionally large number. At 7.30 met again for worship. Rev. William Petchey opening this service with a few well chosen remarks on the prodigal's return. At the close of this meeting several requested the prayers of God's people.

Sunday at 9 a.m. prayer and social service led by Rev. Clifford Gray which continued with good interest for two hours after which a preaching service led by Rev. P. J. Quigg. 2.30 p.m., preaching service led by Rev. P. J. Quigg and again at 7.30 service led by Rev. H. V. Bragdon. At the three meetings the church was packed to the doors and God's presence was wonderfully manifested among his children.

Monday 9 a.m., met for business. Meeting opened in due form, Rev. H. V. Bragdon in the chair. At 2.30 again met for worship, Lic. Wellington Shaw leading this meeting. A good meeting reported. At 7.30 preaching service led by Rev. P. J. Quigg, this meeting proving to be one of the best of the season. When the altar call was given over twenty came to the altar. This ended one of the largest quarterly gatherings of our people and above the average spiritual interest.

Rev. P. J. Quigg, Clerk.

BIG REVIVAL AT FREDERICTON

Evangelist Lee C. Good of Monticello, Me., who recently conducted a campaign in Fredericton, met with great success. 254 seekers were at the altar, many have been baptized and taken into the church. And still the good work goes on.

Lee Good is a valiant soldier of the Cross of Christ, a spiritual hero, equipped with the whole armor of God. In his hands he carries the shield of faith, and the sword of the spirit, which he wielded mightily in the campaign just closed. Mr. Good is a close student of the Bible. He certainly does study to show himself approved of God, a workman that needeth not to be ashamed, rightly dividing the word of truth, and gives to saint and sinner their portion in due season. He is a fine, clear-cut, sermonizer, preached Heaven and hell and mankind's utter inability to escape the latter place only by and through the sacrificial atonement made by Jesus Christ.

For a man of his age and opportu-

ties (he is not yet forty) having entered the evangelistic field with a limited education, he is simply a marvel in his knowledge and application of the truth. The campaign was started in the Reformed Baptist church and ended in the opera house, the church being too small to hold the immense crowds. Just before the evening service, his last sermon in Fredericton opera house, word came over the wire that Mr. Good's mother had died that day. Just what great strain he labored under in preaching to a packed house that night none can know. But he told the writer that it was the mighty Christ only that saved him from breaking completely down. Contributed.

KNOXFORD NOTES

Orin Thomas and son have been sawing wood at Dean Jones' the last few days.

Lula Carlisle has returned home and again taken up her duties at school.

Verna Fulton returned home today from Montreal where he was being treated for an abscess. We all wish him a speedy recovery.

Jack Wallace and Abraham Hawkins were visitors of this place on Sunday last.

Ernest Carlisle is hauling bark assisted by Enoch L. Green of Greenfield to Centreville.

SEWING CIRCLE GOSSIP

There was some discussion at the Sewing Circle this week about people who are hard to please. The wife of the new Bank Manager said that she had never been snicky except about two things. She was most particular in selecting a husband, and she was also very discriminating in her purchases of coffee. She said she was now using LUXOR ORIENTAL COFFEE, and thought it was the best she had ever used.

Miss Margaret Nixon spent the week-end in Houlton, attending the P. B. quarterly meeting.

Miss Lulu Stewart was a recent guest of Mrs. Stephen Nixon.

Miss Clara Nixon who was operated on by Dr. Belyea at Mrs. Barter's, is improving nicely.

SILAS SAVES THE SURFACE

Young Silas Jones was fond of reading. He read while he was out a feedin' Doin' chores and still a readin' Readin' everywhere.

So when it came on ploughin' time He hitched the horse up, took in hand, (it were a most excitin' book, Of days when injuns run amuck, And Custer made his stand).

Soon Silas looks up from the pages And sees what seems the rust of ages Upon that plough, says Silas, "Tust I'll read my book then clean the rust— Another redskin bit the dust!"

But here he sees before his eyes A thing that causes him surprise He reads that redskins used to paint Their faces with all red and yellor Before most every enterprise.

Think Silas "Here's a thought indeed I'll paint my face and paint my yested, And, if there's lots of paint to spare I'll paint the plough and everywhere."

He started in to wield the brush On everything about the farm. The book was soon forgot, And do you know (except the horse Who rolled the paint right off of course)

To other surfaces he did, it did no harm?

When farmer Jones returned from town The evenin' sun was well nigh down. The farmer thinks, "That moonshine 'rse

has played the dickens with my eye Or else I'm twisted round."

"This gate don't look the same to me, That barn door looks right new—let's see

And holy smoke" (he scratched his head)

The roof was now completely red! Then guiltily young Sil appeared, Paint hid his crimson hue,

The colors on his shirt and pants Were red and white and blue, Says he, "I cannot help but blush I did it with my little brush."

Then wondrous slow a smile spread Across the farmer's face.

He said, "My boy, you've done a job That earns your proper place. For after this you leave the chores To hired men—the place is yours."

"I learned the truth in town today A'talkin' at the store. The more you paint the more you save The more you save the more—"

But here he to his pocket went And drew some streamers forth And nailed them on his biggest barn To East, South, West and North.

And this is what the streamers said, In letters black and white and red— "Martin Senour! Paints are sure the best."

I've nothing to say about the rest. See H. N. Boyer without delay To use his paint 'twill surely pay. All things you paint will look like new.

You'll find this so when you get through.

Economy

THE cheapest motor car is not necessarily the most economical car.

The new 1924 McLaughlin-Buick Master-Four is the logical car for every person to whom economy and service are of prime importance.

This high-grade Four is so rugged and so well constructed that repairs are seldom needed and upkeep expense is at the minimum. The Master-Four McLaughlin-Buick motor is extremely powerful, yet the gasoline consumption is low.

The Master-Four is so reliable and efficient that it delivers day in and day out service with very little depreciation, so that the man who owns a Master-Four can get a higher resale price than the owner of other makes of cars.

The G.M.A.C. Deferred Payment Plan makes it easy for you to own a car—ask us about it.

BATH BREFZES

(Intended for last week)

The funeral of the late Miss Kathleen Commins, nurse-in-training at Hotel Dieu Hospital, Chatham, who succumbed to typhoid fever on March 14 was held from the home of her parents, Dr. M. E. and Mrs. Commins, Monday morning to St. Joseph's church, where high mass of requiem was sung by Rev. W. M. Donohoe.

The church was filled to capacity by those of all denominations, who came from far and near to pay their last respects to one, whom in life they had all loved and respected most highly.

Miss Commins for two years was manager of the Bath Drug Store and only last September left home for Chatham to enter the Hotel Dieu Training School for nurses. The many beautiful floral and spiritual bouquets showed the high esteem in which Miss Commins was held. She leaves to mourn her parents, Dr. and Mrs. M. E. Commins, six sisters, Mrs. C. P. Farlow, Hallowbury, Ont., and Misses Gertrude, Josephine, Madeline, Marion and Irene at home, also one brother John of this place.

Among those who attended the funeral were Mrs. P. P. Brennan, St. John, Frank Commins and Miss Margaret Commins, Danbury, Conn., Walter Commins, Miss Petronella Commins, and Mrs. J. McCarroll, St. Stephen. The pall bearers were Leo Kearney, Charles Gallagher, Charles Bohan, Robert Ryan, John Ryan, Jr., and Thomas Bohan. Interment took place in St. John the Evangelist cemetery, Johnville.

Mrs. Donald Nixon, Ft. Fairfield, arrived in town Monday and is the guest of Mr. Nixon's parents, Mr. and Mrs. Geo. Nixon.

W. J. Commins and daughter Petronella returned to their home in St. Stephen on Monday.

Frank Commins and daughter, Miss Margaret, of Danbury, Conn., left for St. Stephen on Tuesday.

There are many who will regret to hear that John McInerney of Johnville underwent a serious operation, last week at the Madigan hospital, Houlton. His brother, Michael, left on Saturday to visit him. He returned home on Monday.

Miss Loretta Gillespie, Grand Falls, returned home on Tuesday after attending the funeral of the late Miss Kathleen Commins. While in town she was the guest of the Misses Murphy.

The death of John Quinn, an old time resident of Johnville, occurred on Wednesday of last week. Mr. Quinn came to Johnville from St. John after the great fire which destroyed that city. The funeral took place on Saturday morning from his late home to St. John the Evangelist church, Johnville. Interment took place in the Catholic cemetery.

The St. Patrick's concert, held in Tara Hall, Johnville, on Monday evening, entitled "Sunshine" was a grand success. A large number from here attended.

Mrs. B. Denton spent the week-end in Perth.

GOV. BAXTER OF MAINE ADVISES NEW BRUNSWICKERS

We have received the following letter from His Excellency the Governor of Maine:

STATE OF MAINE
OFFICE OF THE GOVERNOR
Augusta

March 17, 1924.

Dear Mr. Hardwick:

I thank you for your courtesy in sending me the March 7th edition of the EDMUNDSTON OBSERVER. The GRAND FALLS PROJECT interests me and I hope you and those associated with you will be successful in having it developed by the Province of New Brunswick.

The water powers of a country always should be retained by the people themselves. They constitute the most valuable natural resource of a nation, for they are perpetual and increase in value and usefulness. As the years pass "power" enters more and more into the daily lives of every citizen, and before long a nation's progress will be measured by the amount of "power" available within its boundaries.

The State of Maine has made grave mistakes in the past. It has transferred practically all of its great timberland and water power resources to private corporations and these combinations of capital even now are seeking to obtain what little belongs to the people.

I realize the great influence that corporations have on legislative assemblies. In my own State they have succeeded in preventing the people from voting directly upon the question of water power development by the State. It is wrong to deny the people the right to express themselves on this issue.

For their own interest I hope the citizens of New Brunswick will take matters into their own hands and preserve their great inheritance for their own benefit and that of succeeding generations.

Faithfully yours,

(Signed) PERCIVAL P. BAXTER, Governor of Maine.

To Mr. John Hardwick, Editor Edmundston Observer.

Edmundston, N. B.

[This letter comes from one who knows, who has had experience, and who is conversant with every angle of the Power question. We appreciate having the letter, and we wish it could be sent to every voter in the Province. We will take good care that it is given the widest publicity in our power.—Editor].

Worry is only Fear Fear of Self—Fear of Others— Fear of the Future

AND what is the cause of worry? Lack of nerve force, energy, vigor. The man or woman who has good health and is living a full, successful life does not worry.

It is when the nervous system gets run down that worry comes to sap vitality from your body and to torment your mind.

There is not much use in advising one not to worry unless you can also offer some means of restoring the depleted nervous system.

The most rational and most successful treatment available to all is Dr. Chase's Nerve Food.

It is popular because it does not merely afford temporary relief but gradually and certainly restores vitality to the run-down nervous system.

Dr. Chase's Nerve Food can make a better human being of you, mentally, physically—everyway.

The benefits felt will be in the way of new energy, new vigor and confidence.

The futility of worry will dawn on you and you will be able to see the bright and hopeful side of the future.

You will realize that you have the reserve force necessary to withstand the strain of life's work and ward off disease and discouragement.

But do not expect this change in a day. Some perseverance is necessary on your part.

The reconstructive process is slow but certain. The depleted nerve cells must be nourished back to health.

You will soon notice signs of improvement which will encourage you to keep up this treatment until the desired results are obtained. The important part is to get the building-up process started now—to-day.

You will notice that while the price of Dr. Chase's Nerve Food has been increased to 60c, the box now contains 60 pills instead of 50 as formerly.

Likewise Dr. Chase's Kidney-Liver Pills are 85c. for 35 pills, instead of 25c. for 25 pills.

Edmundson, Bates & Co., Ltd., Toronto.
