From the Literary Garland.

VIRGINIA DARE; OR, THE LOST COLONY.

Come on poor babe; Some powerful spirit instruct the kites and ravens To be thy nurses! Wolves and bears they say, casting their savageness aside, flave done Like offices of pity.

Could avail them mought in the unequal contest, and the promise he had made to the father of Virginia restrained him from throwing his life lightly away, although his blood test, and the promise he had made to the father of Virginia restrained him from throwing his life lightly away, although his blood boiled at the outrages he had that night seen committed against his white brothers. But so the was powerless to aid or avenge them, and as a means of self defence, enclosed their little settlement with a pallisade of trees, which gave it the appearance of a fort. Manteo familiar with the vindictive spirit of his countrymen, foresaw the approach of some terrible catastrophe, and ceased not to urge the English to flee from the island, and seek shelter at Crotoan, where he assured them they would find safety, and a friendly welcome. Alarmed by the many savage acts of their predatory neighbours, they at length resolved to follow his advice, and hastened as privately as possible, to make the necessary preparations for their departure, when in the dead hour of the very night preceding that designed for the execution of their purpose, the horrible war whoop of the Indians, fearfully breaking the midnight silence, roused them from their slumbers. Each man flew to arms—but the ammunition of the forsaken colonists had long beep exhausted, and such weapons as they could seize, were wielded in vain, against the overpowering numbers of the foe. Whither should they flee? I shought of the boats in which they had mitended to depart from Roanoak, occurred to them, and in the hope of thus securing their safety, they retired fighting to the water's edge. But the wily savages thus securing their safety, they retired fighting to the water's edge. But the wily savages that prevented even this chance of their escape every boat was removed, excepting one that prevailed, and which was soon explained by finding it entirely deserted, and seeing at the change of the Indians.

cape, they had so thronged and deeply laden the frail vessel, that the first wave which rolled heavily towards it, engulphed it in its watery folds, and as its hapless occupants dis-appeared within the dark abyss, a shout of triumph burst from the fiendish crew upon the shore, and swept far over the face of the stormy waters, mingling its demoniac peal with the discord of the elements, and with the wilder sound of that thrilling death cry, must depart for Croatage that ever night

ears. Manteo snatched the child from her Croatoan, vented her design. Tears blinded Rachel's arms, and wrapping his mantle of skins around The destined post was reached without let arms, and wrapping his mantle of skins around its face to stifle its terrified cries, he plunged or hinderance, and joyously was Manteo well-into the forest, in a direction opposite to the scene of strife, followed closely by the self-possessed, but silent Rachel. It was dark and cloudy—not a star was visible in the davens, and the storm was gathering in its fury—but with the celerity and instinct of his tright, he the company of the string in the faltered, and whispering softly to the frighten ed infant, to allay its fears. At length he paused before a low browed cavern near the ed infant, to allay its lears. At length ne paused before a low browed cavern near the shore, which was overgrown with creeping plants, and hidden beneath the matted houghs of ancient forest trees. Lifting the wild vines,

holding the sleeping child upon her lap, and feating to move lest she should awaken her. At the expiration of that time, Manteo returned. He informed her, that he had gone forth in the hope of aiding the colonists against their assailants, or at least of rescuing me of the women and children from their power. But he found that his single arm could avail them nought in the unequal con-test, and the promise he had made to the

which had brought their cruel assailants to the island, and into that, all who could escape the clubs and arrows of the Indians, precipitately sprang. Of these, the greater proportion were women and children, who at the first terrific sound of the onset, had fled with piercing cries to the water. But alas, for them—they fled from one death only to rush upon another, for the night, as if the elements would act in concert with the horrible scene, had become tempestuous, the wind blew a hurricane, and the waves, crested with foam, came tumbling fast upon each other, and breaking in fury upon the beach.

But there was naught even in the ocean's vexed and angay, whice, so appalling to the strength of desperation, those who had gained the boat, pushed from the shore, gladly committing themselves to the mercy of the more merciful deep. But in their eageness to escape, they had so thronged and deeply laden the frail vessel, that the first wave which roll.

Thus bountifully suponled searing at distance the cances of the Indians fast receding from the Island. He then went boldly forward, and stepping within the pallisades, a distance the cances of the Indians fast receding from the Island. He then went boldly forward, and stepping within the pallisades, and distance the cances of the Indians fast receding from the Island. He then went boldly forward, and stepping within the pallisades, and distance the cances of the Indians fast receding from the Island. He then went boldly forward, and stepping within the pallisades, and distance the cances of the Indians, and islanded the stepping within the pallisades, and distance the cances of the Indians fast receding from the Island. He then went boldly forward, and stepping within the pallisades, and with the sared with sorrow on the scene of desolation there presented to his view. Every dwelling was razed to the sprough and amids their ruins, lay scattered remnants of the spoil, was razed to the ground, and amids their ruins, lay scattered remnants of the spoil, was razed to the

and giving Rachel the child, he bade her remain there in perfect quiet, till his return.—
He waited not for questions nor reply, but darted away, leaving her alone in gloom and silence, broken only by the sounds of the gathering tempest, and of the ocean waves, dashing with hollow murmurs on the shore, and not then streaked with one thread of silence. Thus passed an hour, a long and anxious one to Rachel, who sat upon the ground.

I eved her to be gifted with supernatural powers, and from her testing the fond hope of returning to it, and still handoo kept a vigilant, but a vain look out, for the sail of some new adventurer to the western world. Home, the home of her earliest years, with all its sweet associations, was had not then streaked with one thread of silence. Thus passed an hour, a long and anxious ver. But for the little Virginia,—she became one to Rachel, who sat upon the ground.

The passed an hour, a long and anxious ver. But for the little Virginia,—she became at once their wonder and their idol. The

gave her various playful names of endearment, but from the extraordinary and dazzling fairness of her complexion, they loved best to call her the Snow-flake. The king of the country, Okisko, pronounced her worthy to become the wife of his son,—his word was law to his people, and from that time, the lovely Virginia was looked upon as the des-tined bride of their prince, Orinka.

In the meantime, through the influence and exertions of Manteo, Rachel and her charge were made, as comfortable as circumstances would possibly permit, more so, perhaps, than could have been expected, in a situation so singular and forlorn. But having spent two years in England, and lived altogether with the colonists since his return to his own country. Mantee hard derived more harded and country, Manteo had derived much knowledge from them, and become familiar with the ha-bits, and requirements of civilized life. He accordingly constructed an abode for his proteges, similar to those built by the cole at Roanoak, dividing the interior into two apartments, which he furnished with abundce of soft skins, and mats made of fibrou threads, or the coarse grass of the prarie, and rendered the whole, as far as was in his power, comfortable and commodious. They to occupy this dwelling by themselves; for as long as she had been in the country, Rache did not love too close an association with the natives. Manteo's wigwam adjoined it, and under his vigilent and faithful guardianship, Rachel experienced a feeling of security, that would otherwise have been unknown to here and she brought the wild and beautiful vines which she found in the forest, and trained them to climb over her humble roof. also transplanted many flowers and shrubs to the garden, which Manteo formed for her, similar to those laid out by the colonists, and every year it became prettier, with its gay parterres, and its rustic arbour, overgrown with the native grape, daden with its purple clusters of beautiful and tempting fruit.

Rachel forced herself to take an interest in the arrangements which Manteo was so anxiously making for her comfort,—and perwith the discord of the elements, and with the wilder sound of that thrilling death cry, which the heaving waves sent up from the poor victims who had found a rest within their depths.

So perished the ill-fated colony of Roanoak—and the only individuals saved from the general destruction, were the infant Virginia and her nurse. Rachel was sleeping, with the child fast locked in her arms, when she was suddenly awakened by the faithful Manher to rise and follow him, for the Indians would not probably return till the she hastily threw her clothes about her, but they had scarcely time to escape through a narrow opening in the pallisade, when the deaful onset of the savages rung in their feast. Manteo snatched the child from her croatoan that very night, the protected by his powerful tribe, they must depart for Croatoan that very night, where protected by his powerful tribe, they must depart for Croatoan that very night, where protected by his powerful tribe, they must depart for Croatoan that very night, where, protected by his powerful tribe, they must depart for Croatoan that very night, where protected by his powerful tribe, they must depart for Croatoan that very night, where had they must depart for Croatoan that very night, where had they must depart for Croatoan that very night, where protected by his powerful tribe, they must depart for Croatoan that very night, where, protected by his powerful tribe, they must depart for Croatoan that very night, where, protected by his powerful tribe, they must depart to feet they had the further took and in the chests conveyed by Manteo from Roan-oak, many articles of little intrinsic worth, but of priceless value to her in exile. So in the chests conveyed by Manteo from Roan-oak, many articles of little intrinsic worth, but of priceless value to her in exile. So in the chests conveyed by Manteo from Roan-oak, many articles of little intrinsic worth, but of priceless value to her in exile. So ind her arms, when he catastrophe which had now exterminated the colony, he ha upon, and with a sigh she laid them by, till mouth.

fairy-like proportions of her form, the delicate hue of her skin, the soft ringlets of her hair, and eyes of heavenly blue, were their delight and eyes of heavenly blue, were their delight and admiration. They were never weary of gazing upon her, and the women loved to sive might live to fulfil this duty, and the degrate berries, or sometimes gaudier ornaments, among the clustering ringlets of her silken hair. It was indeed a touching sight to behold this delicate and graceful child, sporting, with heart unconscious of her deprivations, among the tawny children of the forest, or laughing in the naked arms of some fairy-like proportions of her form, the delicate sounded forever in her ears, and weighed like

(To be continued.)

Doetry. THE LAST-FAREWELL.

What word is there that we can find, Which makes the tide of feeling swell. And stamps impression on the mind, So deep as doth the last farewell?

'Tis spoken by the faltering tongue,
'Tis mingled with the last fond kiss,
'Tis whispered though the lip be dull, And casts a gloom o'er all our bliss.

When dearest friends are called to part, And every tender tie is riven, This word still lingers in the heart, 'Tis the last pledge of friendship given

Ask the fond mother why her grief? Go ask, for surely she can tell; Her tale of sorrow will be brief, Who lately bade her babe farewell.

When loving friends and kindred die, This word we hear from tolling bell; We see it in the weeping eye, It is the last—the last farewell.

Ah! yes indeed, it is the last, For in that world where saints shall dwell When time and sorrow shall be past, There ne'er can be a last farewell.

Jamaica.-We have received Kingston pa pers to the 13th ult. from which we have made heart, she thought to see flowers springing such extracts as appear necessary to show the the nature of the recent disturbance in Falupon, and with a sigh she laid them by, till wouth. It is pleasing to see that no lives mouth. It is pleasing to see that no lives were lost, Major Huev of the 68th Regiment, and three men wounded by stones thrown by the megroes. The story of an hundred perturbation of the wilderness, the seeds of those favourite the wilderness, the seeds of those favourite sons being killed in the affray, is therefore flowers, which her ill-fated mother had loved fabulous. Ward, the Baptist minister, it is to nurture in the garden bowers of her early clearly ascertained was the real instigator of the riot, and deserves punishment. We have Chard Jackson, whose return from his Upper Canada tour of military inspection we noticed plants, and indeen beneath the matter bought of ancient forest trees. Lifting the wild vines, of ancient forest trees. Lifting the wild vines, seemed of kin to their own race, and won at that hung like a curtain before its entrance, once their love and confidence. They be the far off shores of England; yet still, in the island, which shall overthrow the authority of and giving Rachel the child, he bade her relieved her to be gifted with supernatural poward giving Rachel the child, he bade her relieved her to be gifted with supernatural poward in Lord the whites, and establish that of the blacks as

forest, or laughing in the naked arms of some gigantic savage, hideous in his wild array of luxuriating in the books, the maps, the picskins and feathers, yet handling his fragile burden with a woman's tenderness, and smilling with grim delight, upon the angel face, that looked up with such beaming and confiding love to his. As is their custom, they that seemed to her exhaustless.

The many that have beaming and the first tenderness and smilling with grim delight, upon the angel face, that looked up with such beaming and confiding love to his. As is their custom, they that seemed to her exhaustless.

The he continued is the most certain source of domestic riches and true liberty. Where it is neglected, whatever wealth may be imported from abroad, to at Roanoak, and which in her state of poverty and misery will abound at home. Such is, and ever will be, the fluctuating state dering search, a mine of intellectual wealth, that seemed to her exhaustless. people may be in full employment to-day and in beggary to-morrow. This can never happen to those who cultivate the ground; they can eat the fruits of their labour, and can always, by industry, obtain at least the neces-saries of life.

> The British Consul at New Orleans .- The lifficulty between the Council of the Second Municipality of New Orleans and the British Consul' seems likely to be amicably settled. The Consul has informed the Mayor of that city, that henceforth he will give no certificates of freedom to persons of colour, claimmitting such person's claims to the Mayor, and obtaining his approval.

CANADA.

From the Toronto Crist. Guard. July 1.4 Extract from the Annual Address of the Conference, to the Members of the Wesleyan Methodist Church in Canada:

"We have great satisfaction in having it in ar power to inform you that the U. Canada Academy has this year participated more largely in the public patronage than in any previous year; which fact may be accepted as an

evidence of its increased efficiency.
"The reports of Wesleyan Sabbath Schools furnished by the Chairmen of Districts, have given us no small pleasure, inasmuch as they vince a growing and praiseworthy zeal in this department of evangelic labour.
"Our Book and Printing Establishment is

favoured with prosperity; and we commend it to your judgment and firm support. The variety, excellence and utility of its publica-tions should secure it. Bestow on the organ tions should secure it. Bestow on the organ of our body, the Christian Guardian, your continued approbation. This establishment promises to be of incalculable advantage to the Men. Vessels of War. connexion and the colony in future years.

"Sustain by your free contributions and prayers the various Funds of our Churchphold other Institutions not connexional; the Bible, Tract and Temperance Societies in operation among our population. Let the spirit of a holy philantrophy inspire you. Spurn the trammels of bigotry. 'Thou shalt love thy neighbour as thyself,' is a Bible precept. Be Wesleyans. Our great Founder has said, the man of a true catholic spirit is one, who is while he is united by the tenderst and closest ties to one particular congregation,—his heart is enlarged toward all mankind, those he does not; he embraces with strong cordial affections, neighbours and strangers, and enemies. This is a catholic or universal love. And he that has this is of a catholic spirit. For love alone gives the title to this character: Catholic love is a Catholic spirit." Since our last, our highly esteemed bre-

thern, the Rev. Joseph Stinson, the Rev. Egerton Ryerson, and the Rev. William Ryerson, have taken their departure from this city, for England, to attend the British Con-Our most fervent prayers, and we believe those servants they are may bless them with guarip, and crown their important mission to the Parent Conference with his divine be

ions that McKenzie, of Navy Island celebray, had secently made his appearance at Fort Covington, on the Lower Canada Frontier, electioneering for Van Buren, and was " ho noured with a public dinner.' know whether he has joined LETT and the operating against the property of the people of Upper Canada. One thing is certain, that pretended patriots of this character, done more to disgust the people of the United States, with "the patriot cause" than could have been effected by any other means.-Montreal, July 2 .- His Excellency Sir RI-

Toronto Jaly 2.

M. Sinp Croccodile from St. John's. The Go unanimously decided upon by the Freach Canadian member in projects as their Speaker; he has been in Toronto the last text days closeted with Balwin and Hinks. It is stated that his visit here is for the purpose of forming a coalition with the Radicals of U. C. that by a combined effort in 1841 they may accomplish what they failed to do three years ago. Loyalists must be watchful; it is no time for sleeping—the enemy is preparing for the approaching struggle, and British contines one statements of the sproaching struggle, and British contines one statements of the sproaching struggle, and British contines one statements of the sproaching struggle, and British contines of the sproaching struggle, and British contines one statement of the sproaching struggle, and British contines one statement of the sproaching struggle, and British contines one statement of the sproaching struggle, and British contines of the sproaching struggle, and British con
