MYSTERY IN DEATH
OF NURSE AT GALT

Inquest Ordered by Coroner
After Brief Investigation—
Ill Only a Few Hours.

[Special to The Advertiser.]
Galt, April 13.—Mystery surrounds the death of Mrs. C. Dempsey, of Galt, who died last evening at the farm of Robert Jamieson, Roseville road, after an illness of only a few hours.

Mrs. Dempsey for some time past has been engaged in nursing and had been attending a patient at Mr. Jamieson's home.

An inquest was ordered at once by Coroner Dr. Radford and the jury after viewing the body this afternoon adjourned until Wednesday. An autopsy was performed tonight by Drs. Vardon and Dakin.

May Have Made Mistake.
Inquiry at the home of Mr. Jamieson disclosed that methylated spirits were used and it is supposed that the nurse had taken some by mistake.

PAINS IN THE SIDE, CHEST, OR BACK
ACHING MUSCLES CURED QUICKLY

Even Doctors Marvel at the
Penetrating Power of Good
Old "Nerviline."

Pains anywhere—in the chest, neck, side, back or muscles—they are always a discomfort. If the inflammation is severe, the pain will be intense. If allowed to continue, complications will follow.

Physicians say one of the best remedies is "Nerviline"—it can't help curing, because it penetrates through the sore tissues, carrying healing properties that destroy every symptom of pain.

In case of colds, sore chest and pleurisy, there should be a good hand-rubbing with Nerviline, and, of course, to prevent the trouble coming back, it's advisable to put on a Nerviline

Porous Plaster, which, by absorption through the skin, draws out all congestion. For general household use, for curing the ailments of the young and old, for destroying all pain, outward or inward, nothing can excel Nerviline; thousands testify to this effect. For nearly forty years Nerviline has been a renowned and trusted remedy in thousands of homes where practically no other medicine is needed.

Nerviline is safe to use. For children's coughs, colds, and sore throat, nothing can be used with more certain results. Get the large 50c family size bottle to-day. It is more economical than the 25c trial size, and is sure to keep general household ailments at bay. A host of minor ailments arise in every household. All dealers sell Nerviline, or direct from the Catterthorne Company, Kingston, Canada. M31 A14

"Fruit-a-tives" Brought Him
Perfect Health.

Avon, Ont., May 14, 1913.
"I am younger since I have been taking 'Fruit-a-tives.' I was troubled very badly with Piles, Constipation and Stomach Disorder, but I found 'Fruit-a-tives' was the panacea for the whole three.

"Now I am free of all these diseases and enjoying perfect health, and able to work whenever I like. Five years ago, I started taking 'Fruit-a-tives.' I took two every night and they worked wonders for me.

"No other medicine I could get was so good and I took lots of different remedies before I found out how good 'Fruit-a-tives' were.

"I keep 'Fruit-a-tives' on hand all the time, and am sure about them. I even take them with me when I go motoring, so I can have them handy. 'Fruit-a-tives' are worthy of every good word I can say about them. The fact that they cured me of Piles, was something to be everlastingly thankful for.

NEW MUSIC ASSOCIATION
IS LAUNCHED IN LONDON

Canadian Teachers Convene at
Conservatory and Establish
Musical Society.

"The Canadian Music Teachers' Association" came into being yesterday as a result of the convention of the Western Ontario musicians held at the London Conservatory of Music yesterday. In urging the formation of an association similar to the Canadian Guild of Organists, Prof. Norman Andrews stated: "It has been estimated that there are about ninety thousand students of music in the Province of Ontario alone. This enormous number shows an almost universal interest in the study of music, and in spite of this momentous fact we are at present the only profession without organization."

A Contrast.
"Let us ask ourselves a couple of questions as to what benefits we as teachers of music may expect through organization. Will organization assist the public to distinguish between the qualified and unqualified teacher? At present the public are continually being imposed upon by persons teaching without any qualification. Unfortunately the cheap fee attracts attention, but in reality the cheap fee is by far the most expensive. If the public had some means of knowing the qualified from the unqualified, they would gladly pay a higher fee for a guarantee of qualification, and this could certainly be accomplished by organization."

"The teachers' training course and examination provided by the Western University is exceptionally good, and its teachers' diploma is a splendid guarantee and protection to the qualified teachers and public alike," Mr. Andrews asserted in conclusion.

Appointment Committee.
F. L. Willgoose, F. C. Thomas and Prof. Andrews were appointed a committee to go into the details of organization, and to take such steps as they deemed necessary to successfully launch the new association.

Frederick C. Thomas gave several excellent hints on fingering, being assisted by a number of members of the conservatory to illustrate the work of the various grades. The numbers were: Miss Mildred Chandler, "Gavotte" (Greg); Miss Norma Dickson, "Minuet in G" (Bach); Miss Evelyn Hayman, "Albumblatt" (Wieland); Miss Ruth Robinson, "Liedeswälder, op. 57, No. 2" (Mozart); Miss Mary Steele, "Kamennol Ostrow" (Rubenstein).

Elements of Melody.
Miss Geraldine Bindner rendered the first movement of Grieg's Concerto in A minor, op. 18, with the orchestral accompaniment played upon a second piano by Miss Steele.

Mr. Willgoose spoke briefly on the elements of melody as applied to the subject of phrasing, and Mr. Andrews gave a short address on musical composition. At the evening session Prof. Andrews offered an illustrated lecture on "Wagner," pupils of the conservatory, giving a view of showing the development of the composer's genius. Miss Margery Talbot, offered "Elizabeth's Prayer" from "Tannhäuser," an excellent effect, and Grant Milligan rendered the "Prelude from the same opera, on the violin. Miss Steele and Mrs. Vining essayed the rather difficult task of rendering "The Ride of the Valkyries" in piano duo.

SEVENTH ROUTE MARCH

Regiment Parades Down-Town Streets
In New Uniforms.

With heads up and chests thrown out, more than 250 men of the Seventh Regiment marched through the downtown streets to the music of the regimental band last night, on the second big route march of the season. As the crack corps marched along favorably, the president of the marching was heard on all sides. Although only a few spring workouts have been indulged in the regiment is in fine form.

Favorable Appearance.
The parade gave opportunity to many citizens to see for the first time the fifty new uniforms. The general opinion was that they were a decided improvement on the red tunics of previous years.

The line of march taken was up Dundas street from the Armouries to Waterloo street, north on Waterloo to Queen's avenue, to Talbot street, south on Talbot to York street and east on York to Waterloo street, then to Dundas street.

At the conclusion of the march a stiff workout was held on the floor of the drill sheds. Company drill, extended order and various evolutions were credibly performed with a precision that bespoke familiarity with the drill.

Maj. H. C. Becker was in command during the parade and manoeuvres.

So far there have been no April showers of penitence for Ulster on the part of Mr. Asquith.

The case of the lost Dorothy Arnold bids fair to develop into another Charley Ross mystery.

All right, gentlemen, we agree with you that London is the Canadian League champion for 1914.

By the time the spring housecleaning is over there won't be any fight left in belligerent males of Ulster.

DO YOUR PART.
 ARE you a member of the Y. M. C. A.?

Every young man of London should be able to answer this question in the affirmative. There is no other local institution which offers him the same chance to achieve and maintain good health, moral and physical, and at the same time opens up to him a safe meeting place with life. There is life in a Y. M. C. A., the best kind of life. It is regulated life, life of contact and service and association. It is the life that makes the best of citizens, and its value is beyond figures. Those who have grown away from youthful activities may aid the work of the association by active adult membership. Others who have never been able to break away from the grind may aid the work by maintaining some boy they have never seen. It's a great opportunity for doing the community a good turn, in return for the good turn the Y. M. C. A. does the community. Remove the Y. M. C. A. from the city and it would be a deplorable thing. It is one of the good things that is within everyone's reach. It is almost a duty, almost as much a duty as paying taxes, to support such an institution. The canvass that is to be made in the city next week should have a full-hearted response, and when the time comes for a new building the city should consider it a privilege to rub the Aladdin's lamp which might be the symbol of its collective power, and build the association a palace overnight.

OUR WANDERING WARRIOR.

COLONEL the Hon. Samuel Hughes, military master of the Dominion, is reported to be on the eve of another journey. He is going to take an officer or two, and travel southward to Virginia, there to study the battlefields of the civil war, and gain information which may be of service when war breaks out between Canada and Timbuctoo, or perhaps Germany or the United States. Reports do not go into particulars, so we say whether he travels in his special or otherwise one of his special or otherwise we are informed how many photographers, topographers and photographers he will take with him. And, of course, nobody knows how much of the expenses of the trip will be paid by the country. But that is a matter of no consequence anyway.

We have no doubt our erudite war lord will gather up much useful information from these blood-stained fields in the south. It is true the blood has long since disappeared. The relic hunters have collected all the waste bullets and

broken swords. The fields have been cut up into farms, and the green tobacco leaves wave over the ground once furrowed by the feet of struggling armies. But he has a good imagination, and doubtless, as he gazes from his automobile on the road side, he will see in the air clear pictures of the conflicts of fifty years ago. All this will come in very useful when he is directing operations in the future. Canada will feel safer; our war lord watches over us; and spares no trips in the beautiful spring weather to fit himself for the duties of guardianship.

"THE EASIEST WAY."

THE cheap lives of the gunmen have been paid, and the account is squared as far as it can be squared by justice. Four of the morally misshapen have looked their Maker in the face and heard the final answer to all their perverted philosophies and environment-warped codes. Before they went they left a message for the world, a weak little message, and yet one which comes with a big force to those for whom it was directed.

"Shun evil companions" is the last word the condemned young men had for their companions of the east side. With parents who had done everything to turn their footsteps on the right paths, these boys squirmed at parental advice and sought their own youthful dissolutions. "Easy money" lured them on. The vicious tendencies of the great city reached for them. They became thieves, district runners, drug fiends and murderers. Others of their races have chosen the hard daily fight for existence. These unfortunates took the "easiest way."

THE ANTARCTIC LURE.

WITH Shackleton and others heading for the Antarctic, we shall soon be well supplied with polar information and thrills. The project of crossing the Antarctic continent via the Pole is certainly sensational. Compared with Amundsen's little trip it is like turning somersaults with an aeroplane.

Rich men are sure to be found who will finance their heroes for all sorts of madcap adventures. In ancient Rome they had their charioteers winning victories or broken necks for them in the perilous arena. Today the Derby or motor race is safe and tame by comparison. Why not tomorrow competing teams of dare-devils and dogs in the Frozen Continent, doing strange deeds upon the crevasses under the names of millionaire promoters? It is a sport for the imagination.

Here in Canada we might get more out of Labrador than we do. A Scotch expedition is said to be starting for Baffin's Land after gold—real placer gold. Are the Scotch growing reckless, or is it a sure thing, no sport for sports' sake?

Then there is the interior of Greenland, which looks a better proposition almost every way than a tramp across the South Pole—not so cold, more life, less risk. Ah, there it is, the risk. The Antarctic, awful as it is in its silent, ghastly loneliness, is as dangerous as Himalayan climbing and ballooning put together. There's the sport.

POOR HUNTERS.

(Ottawa Free Press.)
 The annual game bag hereafter is to be limited to a hundred fowl. The limit won't need to be raised for some hunters we know.

YELLOW PRESS AND MEXICO.

(San Francisco Star.)
 Yes, Hearst is making a lot of noise about Mexico. All of his little savages are "invested" in a Mexican "concession" of a million acres of land. He wants other Americans to go down there and save his land.

SHOPPING.

(Kansas City Journal.)
 A lady ambles to a store.
 And first she looks at hats galore.
 Then caring knives and bread.
 From there she travels to the aisle
 Where davenporters are kept.
 And then she lingers for awhile
 Around the ribbon dept.

She looks at frying pans and lace,
 Inspects the latest books,
 She prices lotions for her face,
 And linen goods and hooks.

And when she's canvassed all the joint,
 And clerks are nearly dead,
 She brings the matter to the point,
 And buys her spoon of thread.

TANGO DEFINED.

(Atlanta Constitution.)
 "Dat tango, boss, am sort of a easy motion. Ye jis go a'stealin' along easy like ye didn't have any knee joints and wuz walkin' on eggs that cost forty cents a dozen."

LONG LIFE IN THE DARK.

(New York Times.)
 Fanny Crosby, the blind song-writer, has just celebrated her ninety-fourth birthday anniversary. In all she has written more than 6,000 hymns. She has been blind since she was six weeks of age. Between the years 1847-53 she was a teacher of English grammar and American History in New York Institute for the Blind.

A DEVONSHIRE DITTY.

By Alfred Noyes.
 In a leafy lane of Devon
 There's a garden—then, a gray old
 crumbling wall,
 And the wall's the wall of heaven
 (Where I hardly care to go),
 And there isn't any fery sword at all.

But I never went to heaven,
 There was right good reason why.
 For they sent a shining angel to me
 there.

An angel, down in Devon,
 (Clad in muslin, by the bye),
 With the halo of the sunshine on her
 hair.

Ah, whatever the darkness covers,
 And what'er we sing or say,
 Would you climb the wall of heaven
 hour too soon.

If you knew a place for lovers,
 Where the apple blossoms stray,
 Out of heaven to sway and whisper to
 the moon?

When we die—we'll think of Devon,
 Where the garden's all aglow,
 With the flowers that stray across the
 gray old wall.

Then we'll climb it, out of heaven,
 From the garden's side, you know,
 Struggle over it from heaven
 With the apple blossom snow.

Tumble back again to Devon
 Laugh and love as long ago,
 Where there isn't any fery sword at all.

Pathetic Feature of Miss Janet Goodhand's Death—Coming From Watford.

[Special to The Advertiser.]
 Watford, April 13.—The funeral of Miss Janet Goodhand, who was killed at the Grand Trunk Railway crossing here on Wednesday evening, was held here this afternoon from the residence of her sister, Mrs. Barber, and was largely attended by sympathetic friends.

At the time the fatality occurred de-
 ceased was on her way to the G. T. R.

 al years ago, but later removed to Hamilton. Mr. Robb has been placed in charge of the lunch rooms at Windsor station, Montreal. Previously he was in charge of the news stand at Hamilton.

"IMPERIAL CITY" IS SARNIA'S NEW NAME
 [Special to The Advertiser.]

Sarnia, April 13.—At a lively meeting of the council tonight Sarnia was re-christened. It will be known henceforth as "The Imperial City" instead of "The Beacon City" as it was recently named by the board of trade.

As a result of disapproval expressed by many citizens over the choice of the board of trade the council took a ques-
 tion up and tonight on motion of Alder-
 man Kirby, seconded by Mayor Dagan,
 it was decided to select another name.

The mayor proposed "The Imperial City" and this carried by a vote of 13 to 4.

HOMESEEKERS' EXCURSIONS. COLONIST FARES AND SETTLERS' TRAINS TO THE WEST.

Those taking advantage of the above excursions should bear in mind the many exclusive features offered by the Canadian Pacific Railway in connection with a trip to the West. It is the only all-Canadian route. Only line operating through trains to Western Canada. No change of depots. Only line operating through standard and tourist sleepers to Winnipeg and Vancouver. All equipment is owned and operated by the Canadian Pacific Railway, affording the highest form of efficiency.

Colonist fares (one way second class) to certain points in Alberta, British Columbia, California, Montana, Oregon, Washington, Arizona, Idaho, etc., in effect daily until April 15th.

Homesekers' fares will be in effect each Tuesday until October 27, inclusive, and round trip second class tickets will be sold via the Canadian Pacific Railway from Ontario points (Azilda and east) at very low fares; for example, from Toronto, also west and north of Toronto, to Winnipeg and return, \$35; to Edmonton and return, \$42. Other points in proportion. Fares from points east of Toronto, will be slightly higher. Return limit two months.

Each Tuesday until April 28, the Canadian Pacific will run settlers' trains to Winnipeg and West, and for the accom-
 modation of settlers travelling with live stock and effects, a colonist car will be attached to the settlers' effects train.

This car will leave Toronto on regular train at 10:20 p.m., and on arrival at West Toronto, it will be attached to settlers' effects train, as mentioned above.

For those not travelling with live stock and effects, special Colonist cars will be attached to regular trains from Toronto running through to Winnipeg without change. No charge is made for accom-
 modation in colonist cars.

Tourist sleeping cars are also operated on regular trains leaving Toronto 10:20 p.m. daily.

SURPRISE DISHES FOR EASTER WEEK

Snow Eggs for Easter Custards—Separate the whites from the yolks of six eggs, beat the whites to a stiff froth with a little finely-powdered sugar. Place a pint of new milk, well sweetened and flavored with vanilla, in a saucepan over the fire. When it boils, drop in, one by one, tablespoonfuls of the frothed egg-whites, and when set remove each with a spoon. Vary the size of these "Snow-eggs" to obtain a prettier effect. Arrange them on a large dish, the larger ones in the centre. When the milk has cooled, add the yolks, with a little sugar, and mix thoroughly with it till they have all been used and it has become thick. Pour this among and around, but not over the snow-eggs.

Surprise Eggs—Empty four or five large egg-shells by making a small opening at one end. Wash them out with a little warm water, and then drain dry. Fix them steadily into egg-cups and fill them through the hole with blanc-mange, corn-flour, strawberry blanc-mange, raspberry, or chocolate. Leave them till quite cold. If preferred only white blanc-mange need be used, but other colors add to the dainty appearance of the dish. When quite cold carefully remove the shells and serve the "eggs" on a glass dish, either with whipped cream piled round or an

He who wants gold
Must not be bold.

Astrologers declare this to be a day in which to pursue routine affairs. Ventures of every sort should be delayed, for Mercury is in a place strongly evil, while Jupiter and Uranus are both in adverse aspect.

Ambassadors, envoys and all who mediate between nations are subject to an unlucky rule which this configuration prevails. The sign is especially sinister for Germany, Austria, Italy and Turkey, and the United States has reason to be cautious, the seers declare.

An English astrologer predicts increase of prosperity on this side of the ocean. While Canada will benefit the United States also will be fortunate. It is prophesied that railway stocks will rise. A serious accident is foretold for August. Race troubles are prognosticated for the west and south. The most serious disputes will take place in California, the seers declare.

Fraud and embezzlement of national funds is indicated in the stars. A sensation will arouse public indignation next summer, if the astrologers read the skies aright.

There is a sign favoring publishers and editors, who may make a great deal of money in new ways.

Danger to the Czar of Russia next month is foreshadowed. Peril will threaten him from the sea, it is said.

The moon is in a sign read as conducive to serious thought and wise decision on all subjects of importance.

In ancient household lore conditions that prevail today were considered excellent for baking.

A scandal touching a public man prominent in the south is prognosticated. The omen is fair for travel and amusement next summer. By both land and sea tourists will seek pleasure grounds and hotel proprietors will prosper.

There is a sign which presages extreme heat in July and August, which will be unusually far-reaching.

Persons whose birth date it is may have a troublesome year. Business perplexities and financial anxieties are indicated. There is a sign read as forecasting worry over young folk. Journeys and removals have an evil omen.

Children born on this day may be extremely impudent. They are likely to be alert in mind and ambitions. Boys may meet with many obstacles in the way of success.

RUSSIAN ROYAL HOUSEHOLD KEEPS STRICT LENTEN FEAST

Eat No Meat During Lent—Blessing of Foods at Midnight
Mass a Feature of the Observance

The coming of Easter ends a fast strictly kept by the Russian Imperial family. For seven weeks the Tsar and Tsarina have, in common with all devout members of the Greek Church "kept the fast." During the seven weeks no meat is eaten, and in the first and last weeks even butter, milk, and eggs are abstained from. By the skill of the chef, however, the Lenten fare is made appetizing for the Royal household in spite of these limitations. The chef manages everything in the catering line, and has various kitchens for different departments. The Royal nurseries, for instance, have a kitchen to themselves, with a staff of servants.

Blessing of the Food.
On Easter Eve everyone goes to the Midnight Mass, and here everything that is used for food in Russia receives a "blessing" from the priests—the orchards for fruit, the rivers for fish, the crops, etc.

At the close of the Midnight Mass the people partake of a bountiful supper to celebrate the close of their weary days of fasting, but—the supper is taken to Church! Each family brings all that will appear later on

the festive board to be blessed, and the heads of the family carry it in baskets which are deposited in the place of worship during service. Naturally such primitive arrangements do not hold good in the Chapel Royal, but tables are set out there and display the collation, which, after receiving the blessing, is removed to the Palace and is consumed by the Imperial family and all the Royal household.

In the Chapel Royal.
The Tsarina and her ladies wear white silk dresses with lace caps, and carry lighted wax candles in their hands, and not infrequently the wax falls from the tapers and plays havoc with the lovely gowns. The Chapel Royal at this ceremony is a beautiful sight. The choir adds greatly to the brilliancy of the scene, for the singers never appear in surplices, but wear scarlet Court uniforms with swords. Russians are made full members of their Church as infants, when confirmation takes place after baptism, so children partake at the midnight Mass. Every one wears new clothes. The "hat for Easter" is by no means sufficient, indeed, every item of clothing must be absolutely new.

From Paddy Green.

Dear Miss Grey—Will you kindly answer these questions for me:

1. Is an American copper of 1812 of any value, if so how much, and where can you dispose of them?
2. Is borax powder good for washing the hair with, and will it make it grow?
3. What will make the hair fluffy and light, also keep it fair?
4. Will velvet button boots look well with a blue suit for spring?
5. Will you kindly publish the song of "On the Banks of the Cline"? The chorus runs like this:
Over the burning plains of Egypt
Under the scorching sun
He thought of the stories he'd have to tell.

To his love when the flight was won.
I remain yours truly,
PADDY GREEN.

Ans. 1—I do not think the coin possesses any special value.

2. Borax is often added to the last rinsing water in washing the hair. It helps make the hair more fluffy, but has no particular value for stimulating growth of the hair.

3. Use a very little salts of tartar and the juice of half a lemon in the washing water.

4. Yes.

MARIETTA COLLEGE TAKES A BEATING FROM LONDON IN A RAGGED CONTEST

Rychner, a Disappointment; to Get His Ticket---Louis Bierbauer Arrives in Camp in Fine Shape; But Where Is Manning the Redskin?

[By Bert Perry, Sporting Editor of The Advertiser.]

Marietta, Ohio, April 13. — Reising's rookies handed Marietta College a 2 to 1 beating today in a game that was mostly notable for its errors. The Londoners had six misplays, while the locals made four. Some of them were so very bad, but they made the game anything but a well played one. The hitting was rather light, only nine bingles being chalked up, the majority of which were of the scratchy order.

Reising made some changes in the line-up by putting Reidy in centre, Rychner at third, and Houseman in left.

Reidy and Houseman looked very good. Old Cy was as nimble as a jack-rabbit in the field, and he gathered in two flies in his old time style. At the bat he came through with a crashing single, and scored the first run. Houseman has a lot of stuff, and when he is in shape, should have no trouble delivering the goods. Rychner was a disappointment. His showing was poor. After the game, Manager Reising said that he would have to release him. He does not look like a ball player, and he will be let go to-morrow.

Riley's Work Good.

The Marietta team is a fairly good one, the students trotting out a southpaw in

the first four frames, who showed nice speed and curves. He was too ambitious to display all he had, however, and in the fifth was replaced by Mackie, who hadn't anything but a habit of getting them over. Sutton's arm being too sore for him to finish. Riley followed Houseman on the mound for the Canadians, and beyond a little wildness was good. McGonagle and Reidy were about the only players who fielded. The diminutive second-sacker looks better every day, and if he continues to improve at the present rate, nothing in the world will keep him out of professional ball this summer.

London's first run came in the third, Reidy's single, Barry's error, and Whitcraft's drive to centre, providing the necessary. In the fourth, Marietta got a counter when White beat out a hit, and took second on Whitcraft's bad throw. Snyder's bad peg after he dropped the third strike on Skinner, enabled White to score.

Errors in All Scoring.

The winning run came in the fifth. McGonagle walked, and took second on a passed ball. Mackie's bad throw of Reidy's grounder brought McGonagle home. Errors figured in all the scoring.

Louis Bierbauer arrived tonight, and will play tomorrow. Louis looks to be in fine shape. He says the trip down was the slowest he ever experienced. Eddie Lamy will be in in the morning. He will also play tomorrow. Manning, the Indian, has not reported, nor has Reising received an answer to his wire trying to locate him.

A New York man found a long-lost insurance policy in the family Bible. Must have been fire insurance.

No modern baseball club is fully equipped without its full quota of attorneys and injunction servers.

Miss Iva Legg is a reporter on a Kansas newspaper. We're from Missouri.

Brooklyn trimmed the Athletics during the spring series, but that's the nearest a world's championship has come to New York in many moons.

Yep, it was Al McCoy who knocked a chip off the old block.

Fans who attend the opening games today are requested by the major league managers to bring their own soap-stones and hot-water bottles.

Neither paradox—Joe Tinker says his left-handers are right.

BASEBALL FRATERNITY EXPELS KILLIFER

New York, April 13.—William M. Killifer Jr., catcher for the Philadelphia National League Club, was expelled from membership in the Baseball Players' Fraternity today for "contract jumping."

This action of the fraternity took in conformity with a resolution it adopted at its annual meeting last October, prohibiting breaches of contract.

In announcing Killifer's expulsion, David L. Fultz, president of the organization, alluded to "cut-throat tactics" of baseball managers in inducing players to violate agreements. The magnates, more than Killifer, were blamed for his jumping to the Federal League.

Killifer is being held by Philadelphia and the United States court has held that he is the property of that club.

JACK "GLAD" GRANEY OF NAPS GIVES GEORGE DUNLAP A BOOST

"A Season With a Class A.A. Team May Return Dunlap to Naps," Says Graney ---Latter Expects Cleveland to Win Championship.

St. Thomas, April 13.—Jack "Glad" Graney ran over from Cleveland to have a short visit with his parents here today, and left for Chicago tonight, where the Naps open the championship race tomorrow. "Glad" looks fine after the two months' training in the south. He is tanned, showing that the sun down in Athens, Georgia, has been working overtime. He says the Cleveland Club are "in the pink" and expect to be contenders for the American League pennant again this season. Speaking of Dunlap, the former London shortstop, whom the Naps turned over to the American Association club, Graney stated that the youngster showed at times real class. He covered a heap of ground and pegged to the bases well, but it was thought a year of schooling with a class A. A. team would benefit him, and probably his hitting would improve enough to make him a fixture on the big team next season. The weather up till a week ago was the best for training he had experienced. "We struck some cold weather in the middle south on the way back, but the boys all stood it pretty well," said "Jack."

Heart and Nerves Were Bad.

Could Not Sleep.

To the thousands of people who toss on a sleepless pillow night after night, or who pace the bedroom floor with nerves on the jump, the heart action all wrong, and to whose eyes sleep will not come, Milburn's Heart and Nerve Pills offer the blessing of sound refreshing slumber, as they restore the equilibrium of the deranged nerve centres and correct the wrong action of the heart.

Mrs. Charles Teel, Horncastle, Ont., writes:—"Just a few lines to let you know what Milburn's Heart and Nerve Pills did for me. My heart and nerves were so bad I could not sleep, and the least noise or excitement would make me feel so that I used to think I was going to die, and I would tremble until I could hardly stand. I took doctor's medicine, but it did not do me much good. At last I tried Milburn's Heart and Nerve Pills, and can certainly say they did me a great amount of good. I can recommend them to anyone who is suffering as I was."

Milburn's Heart and Nerve Pills have been on the market for the past twenty years, and have done more to steady shaky nerves and strengthen weak hearts, than any other known preparation.

Brighten Up

PAINTING season is here. The house probably needs re-painting, both for protection against the weather and for the sake of its appearance. There is nothing that will show better returns for the time and money spent at housecleaning time than paint and varnish used inside the house. Come in and tell us what you wish to paint or varnish and we will show you a Brighten Up Finish that will do it, and do it properly.

SHERWIN-WILLIAMS Brighten Up Finishes

are a line of paints and varnish which do exactly what they are intended to do, giving a right treatment to each surface. It is impossible to obtain one paint or varnish that is suitable for a wide variety of uses, so it is very important to obtain a product that is exactly suitable for the purpose you have in mind.

CANADIAN PACIFIC PAVILION
PANAMA PACIFIC EXPOSITION
SAN FRANCISCO, CAL. 1915
FRANCIS S. SWALES ARCHITECT

The plans for the Canadian Pacific Railway Company's building at the San Francisco Fair in 1915 have been completed and are now awaiting the approval of Mr. J. S. Dennis, assistant to the president, and head of the natural resources department of the company, which has full charge of the building and exhibits. The building was designed by Mr. F. S. Swales, designer of the C. P. R. buildings at the recent exposition at Brussels, and will cover a ground space of 65 feet square. It is a one-story structure, in the Spanish renaissance style, and will harmonize with the architectural scheme that is being carried out in the other buildings of the exposition. The roof will be of tile, and the wide cornices will be colored to conform with the general style of the neighboring buildings. The interior will be divided into an exhibition hall, 40 feet wide by 65 feet in length, and a cinematograph hall, 22 feet in width by 50 feet in length. The ornamentation is renaissance in character but emblematic of products of the Canadian West, fruit and grain being used throughout.

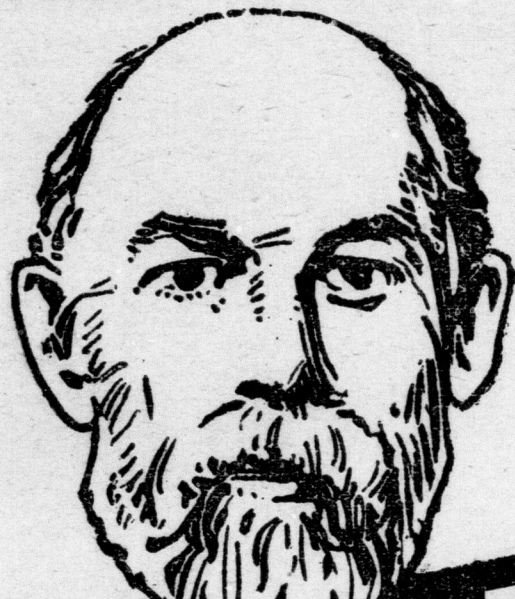

FINANCIAL and COMMERCIAL

LOTS OF MAPLE SYRUP BUT SMALL DEMAND

Prices on the Market Rule Slightly Easier, With Hay Steady.

A small offering of produce was offered on the local square this morning, with prices easier, especially in smaller lines. Better weather conditions, which have greatly improved the roads leading to London, were responsible for the 35 loads of hay which were offered. Prices remained firm at \$12 to \$15 50. Oats took a slight advance in price, being quoted at \$1 25 to \$1 30. Butter and eggs were both easier in price, with demand dull. One load of wheat straw brought \$8. The feature of the offerings, however, was the large supply of maple syrup, which met an extremely dull demand at \$1 50 to \$1 60 a gallon. Hides and butchers' meats are steady.

ZAM-BUK SAVED MY ARM

So says Mr. John Evans, of 87 Lawrence St., Halifax, N.S. He had blood poison in his finger. A doctor attended him for three months, but the finger got worse; and a second doctor was called in. Finally the finger was cut off! But the mischief didn't end there. Another operation was performed, and the bones in the palm of his hand scraped. Still no relief, and the hand would not heal! The poison had got into the blood vessels of the arm, and the doctor said the arm must come off, too!

Then, after undergoing all this agony, Mr. Evans was advised to try Zam-Buk—a course he should have taken right at the start. He says:—The Zam-Buk quickly reduced the lumps which had formed on my arm and eased the pain. It was doing so much good that I told the doctor I would use nothing else. Day by day I applied it freely, both to the terrible sore in my hand and to my arm, and it drew the poison out marvelously. To cut a long story short, by the time I had used seven boxes of Zam-Buk my hand was healed, my arm was free from inflammation or pain, and every trace of blood-poisoning had been banished. Zam-Buk saved my arm.

THE LESSON IS THIS!—Use Zam-Buk right at the start for cuts, blood-poisoning, ulcers, abscesses, piles, varicose veins, eczema, eruptions, scalp sores, burns, bruises, and all skin injuries and diseases. Don't wait until these lead to a grave condition! Cut out this article, send it with 1c. stamp (to pay return postage) to Zam-Buk Co., Toronto, with name of this paper, and we will send you sample box.

FEELS LIKE A NEW WOMAN
As Lydia E. Pinkham's Vegetable Compound Dispelled Backache, Headaches and Dizziness.

Piqua, Ohio.—"I would be very grateful if I failed to give Lydia E. Pinkham's Vegetable Compound the praise it deserves, for I have taken it at different times and it always relieved me when other medicines failed, and when I hear a woman complain I always recommend it. Last winter I was attacked with a severe case of organic weakness. I had backache, pains in my hips and over my kidneys, headache, dizziness, lassitude, had no energy, limbs ached and I was always tired. I was hardly able to do my housework. I had taken Lydia E. Pinkham's Vegetable Compound on one other occasion, and it had helped me so I took it again and it built me up, until now I feel like a new woman. You have my hearty consent to use my name and testimonial in any way and I hope it will benefit suffering women."—Mrs. ORPHA TURNER, 431 S. Wayne St., Piqua, Ohio.

Women who are suffering from these distressing ills peculiar to their sex should not doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

If you want special advice write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Princess, Star and Unique Present Splendid Films Afternoon and Evening.

YWT

Drama and Pictures at Princess.

Manager W. L. Stewart, of the Princess Theater, presents as his feature film this week, "The Battle at Fort Laramie." It is one of the popular "Gold Seal" films and is shown in three reels. The stock company will present the sensational western drama, "Run to Earth." It is a typical western play with exciting action and scenes in each of the three acts. The popularity of the stock company will, no doubt, fill the house to capacity. The show is one of the best presented in the city, as the drama is put on in addition to the motion pictures, both afternoon and evening.

YWT

Fine Bill at Star.

Several excellent films, including comedy and drama, are being shown at the Star Theater this week. Manager Reid is to be congratulated on his success in securing them. "The Dancer," a drama in two reels, by the Thannhauser Company; "A Carbon Copy," another drama; and "The Man," a picture with a human interest punch in it, augmented by the "Kids' Auto Races," a comedy full of laughs, go a long way towards making a fine bill at the Star.

YWT

Battle Picture at Unique.

The Unique Theater has secured for this week the well-known Kalem film entitled "The Battle at Fort Laramie." Other motion pictures are also shown. Manager Meyers has secured an accordion player who, he states, is alone worth the small admission fee charged at this theater.
