STORM IN COUNTY COUNCIL OVER GRANT TO THE MILITIA

Some Councilors Would Have the Matter of Increase Placed Before the Government—Engineers' and Financial Reports.

officers and men, residents of Middle-Hussars, Field Battery and Fifteenth sibly earn. Field Ambulance Corps, aroused a storm of discussion this morning in the county council. The first report said. of the finance committee had contained a recommendation for a grant. Councilor Gillson started the ball moving by arising and stating that the county council of Middlesex was a charitable institution, and furthermore, was not entitled to pay Government men for their services.

The speaker appreciated the fact that the soldiers were very much underpaid, but believed that it was the Covernment's duty to attend to such matters. "The Government, with its enormous revenues, is well able to pay its soldiers a proper wage," said he, "and

action in the matter." Says Soldiers Underpaid. Councilor Gillson further stated that

The speaker said that the county had always made such grants in the past, and should continue doing so. If the results were to benefit the Canadian militia the money, he thought,

would be well spent. Councilor Glass was of the opinion that Councilor Gillson would do well to bring up a motion later on, whereby the various county councils would be moved to act in unison in an effort to place the responsibility on the Government.

The grant was finally sanctioned. (Continued on Page Eight.)

Dividend 3 per cent, payable 2nd January, Transferred to Reserve Fund 933,456 87

Balance of Profit and Loss carried forward 235,140 61

RESERVE FUND

Balance at credit of account, Dec. 31, 1906 \$3,900,000 00 Transferred from profit and loss account 933,456 87

In view of the financial stringency which prevailed throughout the world in 1907, and the unsettled monetary conditions existing in the United States, it has been necessary to exercise unusual caution and prudence in administering the affairs of the bank. Our policy has been to restrict advances without interfering with the proper requirements of the customers of the bank, and to assist in marketing the products of the country - more especially the crops of the northwestern districts-at the same time maintaining strong cash reserves.

Having reference to our announcement at the annual meeting, that one million dollars of new capital stock would be offered to the shareholders in 1907, we have to inform you that on Dec. 21, \$983,700 of this amount was subscribed for, and \$848,597 50 paid up.

During the past year it was consider sable to establish branches of the bank at the following points: In the Province of Ontario, at Berlin, Hamilton, Ottawa, and at the corner of Queen and Victoria streets, Toronto; in the Province of Quebec, at the corner of Bleury and St. Catherine streets, Montreal; in the Province of Alberta, at Strathcona; and at Vancouver, Brit-

The opening of our Vicious er office not only marks our entrance into British Columbia, but confidences a chain of branches at all important centers from Montreal to the Pacific coast, including the capitals of the western provinces. Results so far indicate that these extensions will be of great benefit to We have to record with repret the death in January last of Mr. Timothy

Eaton, whose varied business knowledge and sound judgment made him a valued member of your directorate. Mr. John C. Eaton, his son, was appointed to fill the vacancy on the board.

The directors, as is customary, have verified the head office balance sheet, as on Dec. 31, 1907, including therein the auditing of our foreign balances, and the certification of all cash reserves, securities and investments.

The usual careful inspection of the various branches of the bank has been made during the past twelve months.

The report was adopted.

E. B. OSLER, President. The thanks of the shareholders were tendered to the president, vice-pres-

ident and directors for their services during the year, and to the general manager and other officers of the bank for the efficient performance of their re-The following gentlemen were elected directors for the ensuing year:

Messrs. A. W. Austin, W. R. Brock, James Carruthers, R. J. Christie, J. C. Eaton, J. J. Foy, K. C., M. L. A., Wilmot D Matthews, A. M. Nanton and E. B. At a subsequent meeting of the directors Mr. E. B. Osler, M. P., was elected president, and Mr. W. D. Matthews vice-president, for the ensuing

Superannuation Fund for Firemen No. 3 Committee Makes First Move

At the Suggestion of Fire Chief! Clark-Aldermen Think Well of the Idea.

At the meeting of No. 3 committee resterday afternoon steps were taken o form a superannuation fund for firemen similar to that in operation on the police force.

It was decided to ask the London Electric Company to submit terms for continuing the street lighting contract until such time as the city council was in a position to enter into a contract with that company, or another, for a term of years.

There was little else discussed. Proposed Fire Halls.

but was laid over until the opinion of done in other municipalities in this City Solicitor Meredith is received on matter. the meaning of the bylaw, which was ecently submitted to the people. A considerable discussion arose over

the location of the new fire halls. Ald. Booth pointed out that the original intention was to have a fire for the firemen's benevolent fund, in hall in the southeastern portion of the recognition of the work done by the The Grand Trunk practically divided

the city in half. halls, while below the track there is the fire department, and that the not available for the southeastern portion of the city.

Now, it was proposed to build another hall in the north end, while the southern portion is to be left without protection At present if the streets were blocked the brigades would be held up, and

serious loss might result to south-end-The southeastern portion is composed largely of workingmen's houses, which were more liable to destruction by fire than others. There should be a fire hall in that locality, Ald. Booth

declared. Ald. Moorhead coincided with these iews.

The question was laid over. Street Lighting.

On motion of Ald. Armstrong, the secretary was instructed to communicate with the London Electric Company regarding terms for the continuance of the contract for street lighting

The Missionary Movement. The following motion, put by Mr

H. Bapty, was unanimously carried: with the tasks at our doors," and the other statement that "we can only Christianize the home lands fully, when we make an honest effort to evangelize the whole world. They sympathize with the inspiring ideal of evangelization of the entire world in this generation; and they desire, in company with Christian people everywhere awakened, to do their share. We, therefore, pledge ourselves to an earnest endeavor to raise the proportionate quota needed as the Presbyterian contribution of London towards the new missionary movement and impulse, and, to this end, among other methods, especially indorse and recommend the weekly envelope for missions, as one of the indispensable means looking to-

ous yearly results. byterian men.

They also trust the new missionary impulse may in due time give us the honor of seeing this congregation send out from our midst those who shall be willing to become foreign or home missionaries.

As to other methods and details year of 1908, not only to the officeto the congregation as a whole; believing that obedience to the great commission of Christ will not alone do something to widen our minds, and redeem us from self-satisfaction, triviality, and mere localism, but bring us, indirectly, whether as individuals or as a congregation, spiritual bless-

The Herbert of did until late last night proposal to increase the German fleet undoubtedly was aimed solely at Great Britain, who had determined to maintain.

She was 24 years and two children. Britain, who had determined to maintain her mastery of the seas. She might one been married four years.

Admiral Von Tierpitz, secretary of the admiralty, replied that he absolutely was vices will be in the charge of the Latpropositions could excite Great Britain. "We are building against no one," he said, "and there is no occasion for doing so. As to Great Britain, I did not know where German and British interests clash in such a manner as to call forth an appeal to arms."

MIGHT SPOIL THE **BECK POWER SCHEME**

Hamilton, Jan. 29.—There is prospect at last of the city and the Cataract Power Company, which have been at war for several years, burying the hatchet. The antagonism against the Cataract has been largely caused over the street railway, the poor service, and bad cars. Colonel Gibson, president of the company, and General Manager Hawkins, had a private conference yesterday with a committee from the council, and agreed year, to make a proposition by which the company will, for certain concessions from the city, build a new roadbed, make extensions, and install a brand new system. This will, no doubt, have an important bearing on the power question, for if the city and company come to terms over the railway, it's very likely that an arrangement will be made by which the city will use Cataract power for its proposed municipal plant. If Toronto, which is pegotiating with the power company, makes a contract with them, and Hamilton stays out of the Government

scheme, it would probably kill the hydro project. Chief Engineer Sothman, of the hydro commission, will come here on Friday night to discuss the estimate for the municipal plant with the aldermen.

LONDON, THURSDAY, JAN. 30.

CANADA'S RAILWAYS.

At the close of the fiscal year ended June 30 last there were in operation in Canada 22,452 miles of railway, 1,-999 miles of which were constructed cess of the construction of any previous year recorded. Nearly all, or 1,067 miles, of the year's addition is doubletracked. To this must be added sidings, etc., which bring the total length of track in operation up to 27,611 miles, These are some of the interesting facts shown in the volume of railway statistics recently presented to Parliament.

Population, of course, plays an important part in the financial success of a rollway enterprise, and in this respect the report shows Canada to be at a disadvantage as compared with other countries. In the Dominion the population per mile of road is 298, as compared with 381 in the United States. 360 in Victoria, 358 in New Zealand. 686 in New South Wales, and 1,821 in Great Britain. Another difficulty in the way of the Canadian railway operator railway construction is in provinces sparsely populated. Over one-third of the total mileage, or 8.196 miles, is west of Ontario, and serves something !!ke one-sixth of the population.

Ontario, of course, leads in mileage, with a total of 7,637 miles, followed by Quebec with 3,515, Manitoba 3,074, Saskatchewan 2,024, British Columbia 1,-685, New Brunswick 1,502, Nova Scotia 1,329, Alberta 1,323, Prince Edward Island 267, and Yukon 90 miles.

That the railway companies have

been doing their best to meet the growing demands of the west by providing increased equipment is shown by the amount of rolling stock in use, the inin which was considerably greater than that in the length of road. The rolling stock at the end of the year included 3,504 locomotives, 113,514 freight cars, and 3,642 passenger cars. The increases in the year were 573 locomotives, 16,949 freight cars and 323 passenger cars. United States railways have 232 locomotives and 8,810 cars to every 1,000 miles of road, while the Canadian lines have only 156 locomotives and 5,218 cars for the same mileage. It should be remembered, however, that while the United States roads have 381,000 people to every 1,-000 miles of railway, the Canadian roads have only 289,000 people per 1,000 miles. Neither should it be forgotten that according to recent reports, the United States railways have 300,000

idle cars lying on sidings. Canadian railways carried during the year 32,137,000 passengers, and 68,866,-000 tons of freight-an increase over the previous year of 4,148,000 passengers and 5,900,000 tons of freight. Their earnings from traffic amounted to \$146,738,000, or \$21,415,000 more than in Japan, has been disposed of, and it is 1905-06. This increase is in part due now timely to consider the whole questo a slight increase in tolls.

The operating expenses for the year totaled \$103,748,000, \$20,887,000 of which was for maintenance of ways, etc., \$21,-666,000 for maintenance of equipment, \$57,325,000 for conducting transportation and \$3,869,000 for general expenses. It is here where the workingman is specially affected, as almost all of this vast amount goes to pay for labor or its direct product.

The report places the capital investment in the roads at \$1,171,937,000, cf which \$588,563,000 is credited to shares, and \$583,369,000 to bond and like issues. Besides this, public aid to the amount of \$181,297,000 has been granted Canadian railways, of which the Dominion of Canada gave \$128,827,000, the various provinces \$35,123,000, and the municipalities \$17,346,000. In addition there have been Government gifts of 31,762,-000 acres of land.

The year's net earnings of all the coads amounted to \$42,898,000, or 3.66 per cent on the total capitalization, which was available to pay interest on bonds and dividends on capital stock.

Mr. James L. Hughes, public school inspector of Toronto, who is to lectaken advanced ground, and will have an important message for citizens. He spent some time in Europe last year, studying the school systems of various countries. His conclusions are based upon personal observation, and he is convinced that improvements are absolutely necessary if Canada is to keep abreast of the times. His visit should help to arouse a more general interest in this all-important

CANADIAN DIPLOMACY VINDI-CATED

The House of Commons voted down Mr. Borden's anti-Japanese resolution by 100 to 45. All the British Columbia members upheld the statesmanlike policy of the Government, and the dignity and honor of the country.

Mr. Borden's resolution was in effect a condemnation of the Anglo-Japanese treaty, and offered an affront to Japan, as it implied that no confidence could it out before I die." is the fact that a very large part of the Tokio Government. Its adoption by the our system. be placed in the assurances of the House would have lost Canada the goodwill of the most powerful nation in the Orient, and the commercial advantages we enjoy under the Anglo-Japanese convention. In addition, it we shall one day be able to give advice would have seriously embarrassed the British Government. The leader of the might be his wife, in which case he would Opposition has disappointed his admirers by his treatment of this problem from its outset, and this latest exhibition of reckless irresponsibility must cause many of them to question his fitness for his present position. He has shown the temper of the dema-

> Following Mr. Lemieux's statement in the House came a chorus of approval and assent, in which many Conservative journals joined, realizing that they had been duped by the dispatches of My an American news agency. The leading isn't bad at all; I have a sprightly Conservative newspaper on the Pacific coast, the Victoria Colonist, which is strongly opposed to Oriental immigration, shared in these expressions of satisfaction. The edition of Jan. 23, just to hand, congratulates Mr. Lemieux upon the manner in which he conducted the negotiations. "Early in But for a season I must sit in gloom, for the discussion," says the Colonist, "we pointed out that Japan was as much bound to respect the feelings of the people of British Columbia as the Canadian Government was bound to respect the feelings of the people of Japan. For this reason and others, to Good-day. which we have given expression, we have on repeated occasions pointed out that Mr. Lemieux was very likely to accomplish just what he has accomplished." The Colonist adds that temporarily the question of Oriental conceal what he doesn't know." immigration, as far as it applies to tion as it applies to the subjects of other nations and our own fellow-sub-

jects in India. A section of the Conservative press has shown a more praiseworthy and patriotic spirit than the Conservative

leader THE UNREST IN PORTUGAL.

The recent announcement of the is evidence that the assurances of the Government of Portugal that complete tranquility prevails in that country, are not to be relied on. The plot appears to have been aimed primarily at the premier, Seahor Franco, and its ultimate object the overthrow of the monarchy. The course pursued by King Carlos I. and Premier Franco in refusing to reassemble parliament, is proving a dangerous one, for practically the entire politically organized forces of the kingdom seem to be arrayed against them. Their ultimate aims differ, but all are united against the dictatorship. It is presumed that the king and his prime minister are seems to have money enough to see foottrying to gain time in which to organize a political force of their own that will insure for them a majority One need of Canada is capital to in parliament. However the prompt the arrest of two score of the leaders, direction; but that is not the most shows that the military and police are important thing. A greater need is still submissive. FAVORS TRIAL MARRIAGE.

Paris, Jan. 29.—Replying to the theme advanced by Paul Borget in his play, "A Divorce," which was given in this city last night, Aristide Briand the minister of justice and worship, practically comes out in favor of trial

He indorses the idea of the gradual evolution of the doctrine of divorce until the point is reached where a marriage may be contracted for a specified period under legal safeguards, protecting the interests of both parties. He declares it is impossible for those

about to enter upon this relation to know the true character of their partners, and that it is unnatural and intolerable to expect an ill-mated pair to drag out a miserable existence because they blundered in entering upon the most vital relation in life.

Cure That Cough! YOU CAN DO IT BY USING Dr. Wood's Norway Pine Syrup.

The Most Perfect Throat and Lung Healer in the World. : : : :

Dr. Wood's Norway Pine Syrap gives prompt relief from that choked np, stuffed up feeling which is so distressing, it loosens the phlegm, checks the rasping and useless cough, and heal and soothes the irritated breathing organs. It is a pleasant preparation to take and is therefore specially. adapted to the coughs and colds of children

and those who dislike nauseous mixtures. This is no vain boast, but a fact that can be backed by unimpeachable testimony. One 25 cent bottle, indeed, a trial dose, will prove its merits.

Mr. Frank K. Purdie, Brandon, Man. writes: "I have used your Dr. Wood's Norway Pine Syrup for some years and have always found it a sure remedy for all colds, coughs, sore throat, hoarseness, etc.)

I cannot too highly recommend it to any one suffering from any effect of cold."

The result was the absolute determination of the hourly movement of the earth on its but it must be classed as good, if not axis with relation to the latitude of New

The "Foucault Experiment," as it is known to scientists, was first conducted Now a word about Adele. She has at his observatory in Paris in 1851. Foubeen heralded as "The Dresden China cault was interrupted in his work by the Girl," and sure, was as dainty and French coup d'etat, and his death prevented the conclusion of his research. Since then the experiment has been per formed by Camille Flammarion. French astronomer, who thereby determined to a mathematical nicety the rota-

Father Guicheteau conducted the exmonds, and a smile—and "them" eyes. Father Guicheteau conductors time in Czar is Stefan Preskurekoff, and with But that just about lets Adele out. Of periment yesterday for the first time in Czar is Stefan Preskurekoff, and with him is a woman of high degree, Anna Camille Flammarion, and often has gone to France to meet the eminent French

the United States nearly 43 years.

formed yesterday in the rotunda of the in his name and converted to his own The "Foucault Experiment" was per-Church of Our Lady of Lourdes, at use. Broadway and Aberdeen street, in Brooklyn. The Rev. Father H. E. Purcile, the ment says: pastor, participated in the experiment, together with a few friends.

A piano wire was dropped from the ceiling, 50 feet above. To the end of the wire was attached a ten-pound weight, some real acting ability. Miss Sadie a counterpart of a modern steel armor-Jansell gave a series of imitations of piercing shell. Beneath the weight was the Province of Turkestan. During Williams, Anna Held and placed a wooden square, upon which was his tenure of office there he received Eddie Foy, that were really good, and marked a circle, divided into arcs of ten sums amounting to 340 roubles and Pole to the equator.

The pendulum being stationary when the experiment was begun, it was the was conducted.

Father Guicheteau brought the long pendulum to a perfect standstill immedithe show—quite a considerable. They ately above the center of the disk on might be roughly divided into two which were drawn the circle and arcs classes-lookers and workers. The He then attached a thread to the weight former included a number of large tying the other end to a stationary post immediately in line with the equatoria line on the disk. He drew the pendulum inches. This, parenthetically, is the exact duplicate of Flammarion's experiments. He then set fire to the thread and released the pendulum which swung across from the ranks of voters. the disk, following the equatorial line to that it made much difference to the a hair's breadth. The watchers then took B. Borrman Wells, the English suffrashow, but pay day was coming and out their stop watches and timed the gette, who is leading open air meetings swing. Invalid LadieS This Is For You.

There are thousands of females who suffer untold miseries common to their sex.

This is largely due to the peculiar habits of life and fashion, and the improper training of girlhood. Then, too, the physical changes that mark the three eras of womanhood (the maiden, the wife, and the mother) have much to do with her sufferings, most of which are endured in silence, unknown ov even the family physician and most intimate friends.

To all such whose hollow cheeks, pale faces, sunken eyes an feeble footsteps, indicate nervousness, palpitation of the heart, weak, faint and dizzy spells, we would earnestly recommend a course of Milburn's

Heart and Nerve Pills. Mrs. Jos. Sharp, Brighton, Ont., writes "I was troubled with palpitation of the heart, weak spells and nervous trouble, and found no relief until advised to try Milburn's Heart and Nerve Pills. I got one box and that helped me so much I sent and got five more. I am now cured com-

pletely." Milburn's Heart and Nerve Pills are 50c. per box or three boxes for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto,

SPORTING GOSSIP

Sporting Editor,-Will you kindly publish the following in your valuable I had the pleasure of visiting the Queen's avenue rink Monday night,

and witnessed a couple of good games of hockey. The first, although somewhat slow, was a fair exhibition of individual hockey, but the referee's work was one-sided, which was very impressive to

I speak of this, especially during the second game, when the second tally

was clearly five to eight yards offside Consequently I am a sympathizer with the losing team under such conditions, namely, a referee who wanted to see the boys in black and blue get

As far as the teams go, I know only one player, and he plays with the St. John's Church, and I know their winning goal was scored from an offside

Now, I love to see London go ahead in manly sport, but I don't like to see the Forest City and its love for sport run by a few. - "WILLIES." The above item appeared in the local morning paper today.

As secretary-treasurer of the City League, the sporting editor of this paper desires to state that he has witnessed every local contest for the past two years, and has yet to see a designedly unfair decision on the part of Mr. Archie McMahen, who has refereed all City League contests. As for the writer of the above epistle, he shows which way his "sports-

manship" leads when he asks that a letter detrimental to another's character be published under a nom de plume. So far there has never been a sign of a protest entered against Mr Mc-

Mr. McMahen has always, in the writer's opinion, exhibited fairness and impartiality in all his rulings. The attack on him is a cowardly one. The only question which now arises is: "How much did the 'Willie boy'

The Waterloos have signed up a new man, who is said to be a wonder, and it is reported that the Londons will have a representative present to keep tab on his movements.

The reserve seat section will be open only to adults, and no extra fee

Face-off sharp at 8 o'clock.

Mr. Archie McMahen will referee, as usual, and can be depended upon to give the lie to the statements of "Willie's."

WHILE IT IS EXPECTED THAT LONDON will take Woodstock into camp, the victory may not be as easy as some people anticipate. The district, of course, is practically cinched, but the Woodstock con-

test will make things certain. With three of its regular forward line absent, the world's champion Wanderers were defeated in an exhibition game at Brockville by the Renfrew team. The result is that Ottawa valley is delirious with joy, and claims it has the best team on earth. But what that Wanderer team at its full strength

would do to little Renfrew would be a shame, as the late Mr. Coverpoint used to remark. PREPARE FOR SOME STARTLING INTELLIGENCE. Doc Sippi has retired. Yes, the doctor is down and out, and buried deeper in the tombs of perpetual retirement than Bryan was after Roosevelt got through with him. The man of baseball and other things along that line is usually as shy as a young colt when he sees a newspaperman approaching, but he had no hesitation today in announcing that the stuff was all off as far as he was con-

could in the future without his presence. It would be letting the cat out of the bag to state just how long the doctor has been engaged in active diamond work, but it is recorded that he has retired 49 times, so the rest can be imagined.

cerned, and that the City League would have to struggle along as best it

In spite of the veteran's repeated statements that he has placed himself on the shef, one couldn't convince Secretary Joe Dewan, of that fact with a ten-foot club. Nix! Joe says that when the doctor is given the final count in the baseball league it will be when they lead him away with a team of oxen and a steam engine.

In fact, Mr. Dewan even goes so far as to intimate that the old fellowpardon the appellation-was around town recently trying to learn when the first City League meeting would be held.

When confronted with this convincing evidence of his attempt to duplicate Patti's performance in the retirement-and-bob-up-again line, Mr. Sippi turned red, then blue, then red again. "Not on your life," said he. "I have but one object left in the athletic line, and that is to see that fly-by-night

ero. league properly nailed and laid low." In the meantime here's guessing that the grandpa of local baseball will fine up alongside of his fellow-veteran, Jimmy Bell, when the gong sounds for the opening of hostilities in "the good old summer-time."

Comiskey's Plans.

decided to play Fred Parent at shortstop, and move the veteran George Davis victions. It is recommended that the over to second base, an arrangement which, in Comiskey's opinion, will give the Sox a stronger infield than ever before. If Isbell returns to the Sox he will take Pat Dougherty's place in left field. Comiskey does not believe in laying claim to the American pennant at this time of the year, but he says the Sox will come pretty near fighting it out with the leaders at the end of the campaign.

Because of a serious injury received while being led about in the paddock at the King's stud farm at Sandringham, the noted stallion Persimmon, which wor the Derby of 1896 for the King, who was then Prince of Wales, will be unable to fill the engagements made for him for 1908. His fe is \$1,500, the highest of any stallion in England, and as the horse's book was full for the year, 40 mares hav ing been booked, the financial loss \$60,000. The nature of the accident. broken pelvis, is similar to that which occurred to Waterboy in his 3-year-old form, but which was so completely cured that Mr. Haggin's racer became the best horse of the year 1903.

EATS PET DOGS' HEADS

Strange Beast Creates Consternation in Small Missouri City.

ter, is in need of an extension in the Cape Giradeau, Mo., Jan. 29. - The discovery within the last week of 50 dogs, the heads of which had been eaten off, presumably by a wild animal, has so alarmed the people of Jackson, a town of 2,500 population, 10 miles May\$1 00% \$1 00% \$ 981/2 \$ 981/2 Wharncliffe bridge between Westmin- west of here, that the city council has July 9714 pased a curfew law, making it a seriand Caradoc, will in all probability be child to leave the house after dusk. so injured this winter as to necessitate Business and social affairs of all kinds September have been practically suspended for a Oatsweek.

The animal, which is supposed to be July nesday next, when the office-bearers road, on Friday night. Everybody is and the Caradec Indian reserve, the hunger out of the swamps near this Pork—other in the line of Ekfrid and Met-city introduced itself in Jackson by a catamount or panther forced by September calfe, and found that as both structures leaving the headless bodies of three May chained dogs in the back yards of Short Ribs—their owners' homes. Every night May 6 80 since then from one to a half-dozen July bridges were found to be in good con- dogs have been killed. Apparently, only their heads are eaten.

The only person who has seen the animal is Mrs. Sam Lall, of Jackson, who says she was attracted by a noise and that when she opened the back door she saw a long catlike animal in the yard. It was accompanied by three young, she said, and slunk away when she made her appearance on the

RABBIT ATTACKS A COLT

New York, Jan. 29.-In defense her offspring, a mother rabbit attacked a colt belonging to Charles Miller, of Williams street, Jamaica, and sinking her teeth in the horse's foreleg, continued the struggle until she died. While romping at pasture the colt,

which is 6 months old, ran a leg into County engineer and Councilor free itself, and was found partly buried in a snowdrift by Miller. It did not take Miller long to the colt's leg from the hole, and as he did so he found the body of the mother rabbit encircling the leg above the hoof. The rabbit's life was ex-

> Miller drew from the hole four rabbits a few days old. He took them and the body of their mother to his

HAY AND HOGS MARKET FEATURE

LOCAL MARKET.

Thursday, Jan. 30.

Although the weather was extremely cold it did not deter a large number of farmers and buyers from attending the market this morning. The feature of the market was the big supply of hay and the large number of dressed hogs that was offered. Prices were not as high as on Monday, the increase in the supplies no doubt was the cause of the easier feeling in prices.

Grain Oats were plentiful, about Detroit Railway twenty loads were offered. Sales were St. Catharines made at \$1 50 to \$1 52 per cwt. Wheat Rio Janeiro Tram... 341/2 sold at 95c to 92c per bushel.

Hay and Straw-There was nearly Toronto Ranks forty loads of hay offered today. Sales Winnipeg Railway..140 were fairly brisk, and prices slightly Niagara Navigation. .. easier at 314 to \$15 50 per ton. The Northern Nav. % majority of the loads sold at \$15. St. L. & C. Nav Straw was also more plentiful at \$8 Bell Telephone126 per ton, and occasionally \$8 50 per City Dairy, com..... 20

Butter and Eggs Butter was none Consumers Gas too plentiful. There was no change in Dom. Coal, com..... prices. Sales were made at 36c for Dom. Telegraph115 erocks, and 27c for pound rolls, by Woods, com. mostly at 28c per dozen.

The supply of vegetables and apples Nipissing Mines 714 was small, as the weather was to N. S. Steel, com cold to display these commodities. COTTON MARKETS.

Late Donald Urquhart.

A correspondent (who does not say where the person written about resided) sends the following: "On Friday, Jan. 24, Donald Urquhart passed away at his residence, at the ripe age of 87 years. He is survived by four sons, William, on the homestead; Donald, of Rebecca; Alexander, of Wyandotte, Mich.; and John, prin-

cipal of the public school at Dundalk. Miss Sarah Murdock, who has lived with the family from childhood, proved herself more than a daughter in the devotion and self-denial displayed in her tender and loving ministry, during the closing years of the beloved wife of the deceased, who died eleven years ago; and in the equal devotion to the deceased in the

closing moments of his life. The family feel that they can never forget this rare act of devotion and love to their departed parents. They also desire to express their thanks to the many friends for their sympathy and kindness in their recent bereavement.

MR. STEVENSON'S LECTURE ON BURNS

Spoke of the Works of the Scottish Bard in an Interesting Manner.

On Tuesday evening Mr. John Stevenson, of South London, gave a lecture on

The lecturer has evidently made a special and exhaustive study of this greatest interest is being taken in the course. of Scotchmen, and treated his subject in a masterly manner. The speaker delighted his hearers with his renderings of Burns' choicest lyrics and extracts from his poems, and dealt sympathetically and graphically with the poet's career, from boyhood to death. Londoners need not pay a high price to support lecturers from outside, if they want to hear about Robbie Burns. Mr. Stevenson is an interpreter of Burns second to none, and the South London audience heartily testified its sincere appreciation of his talents. All interested in good speakers on interesting subjects should keep the

monthly meetings of this association in At the close of Mr. Stevenson's address Osler, president of the bank, at the anthe following officers were elected for the nual meeting, is as follows: Honorary president, Rev. HOW SHOCKING Kaiser's Soldiers Couldn't Tell

History of the Hohenzollerns. Berlin, Jan. 29.-Emperor William men had marched past his master took

drilled it for an hour. At the conclusion of these exerelses, Emperor William passed along in front of each company, picking out and questioning individual recruits on various subjects, but principally concerning German history. He asked one man if he knew the fable of the Schildhorn Monument in the Gunewald. The man said he had never heard of the monument, whereupon the Emperor remarked that it would be a good thing for him to read more. Another recruit had the vaguest notions regarding the Princess

The Emperor then asked a Pomeranian if he knew how the Hohenzollerns had come to the throne. This recruit was no better informed than his fellows, for he answered, "No, your majesty." The Emperor then sent a number

of officers of high rank into the lines

corps, division and brigade comof course, as often as she dipped her mander present. This was done without mistake. DEATH OF DR. W. O. KENNEDY St. Thomas, Jan .29 .- W. O. Kennedy, L.D.S., of Aylmer, died this forenoon after a long illness, in his 59th year. He leaves a widow and one son. Before going to Aylmer Mr

Kennedy practiced in Toronto.
