THREATEN KEY POSITION ON DARDANELLES

HINDU MOSLEMS ASK PEACE WITH TURK NATIONALS

Suggest Granting Turkish
Sovereignty Over Thrace,
Including Constantinople.

WOULD ASK GUARANTEES

Request Indian Moslems Be
Associated in Peace
Discussions.

London, Sept. 22.—(Canadian Press).—Details of the views of the Near East situation, which was urged yesterday by 25 Moslem members of the Indian legislature, in an interview with the viceroy of India, Lord Reading, according to a Reuter cable from Simla, show that they urged an early peace with Turkey. They suggested that the essential conditions of peace for Turkey were that the Turks should have sovereignty over Thrace, including Adrianople, Constantinople and Asia Minor, along with Smyrna, and that measures should be settled upon for the protection of the Christian minorities therein.

The deputation expressed appreciation of the difficulties with regard to the Straits, but hoped the Straits would be restored to Turkey on the latter furnishing guarantees. The deputation declared that it was important that in the settlement of the question regarding the Straits, Constantinople should be safeguarded from sudden attack by enemies, and requested that the Indian Moslems should be associated in the discussion of peace terms.

Reuter's correspondent at Simla adds that this cautious summary of the interview gives no idea of the grave apprehension with which responsible opinion in India views the possibility of an actual conflict with the Turks by the British. All the Moslems in India contend that Turkey is entitled to reap what they regard as the just fruits of her recent victory, which undoubtedly relieved the tension in Moslem feeling and predisposed it to wholehearted co-operation with the government. Moslem feeling, however, is again acutely strained by the idea that Great Britain is taking up an unfriendly attitude towards reasonable Turkish claims.

In the event of a Turco-British conflict undoubtedly all the moderate co-operating Moslems in India would almost be forced to desert the government and thereby would give the non-co-operation element a strong and lamentable new lease of life, which would be a disaster to India from every point of view. Considering the vital importance to British interests in India of a peaceful settlement of the present trouble in the Near East, it is unnecessary to refer to the grave external possibilities in the countries adjoining India.

KILLS AND WOUNDS ON LOSS OF JOB

Brookline, Mass., Sept. 22.—Dr. Henry B. Reynolds, well-known Brookline physician, is dead. Dr. Reynolds, who was 65 years of age, was killed by a double-barrelled shotgun upon Connolly late yesterday by William Morgan, a negro janitor, whom he had discharged.

MOORE LEAVES FOR CONGRESS.
Montreal, Sept. 22.—Tom Moore, president of the Dominion Trades and Labor Congress, sailed today on the liner Montcalm. He is a Canadian delegate to the International Labor Congress to be held at Geneva next month.

THE WEATHER

FORECASTS.
Moderate south and southwest winds; fair and warm today and on Saturday. Pressure is high over Newfoundland and to the south of the Great Lakes, and low over the Canadian Northwest, while the South Atlantic storm is moving out to sea.

The weather has been fair from Alberta to the Maritime Provinces.

Temperatures.
The highest and lowest temperatures during the 24 hours previous to 8 a.m. today were:

	High.	Low.
Victoria	58	52
Calgary	58	52
Winnipeg	58	52
Edmonton	58	52
St. John	58	52
P. Sound	58	52
Toronto	58	52
Kingston	58	52
Ottawa	58	52
Montreal	58	52
Quebec	58	52
P. Point	58	52
St. John	58	52
Halifax	58	52

LOCAL TEMPERATURES.
The highest and lowest temperatures during the 24 hours previous to 8 a.m. today were:

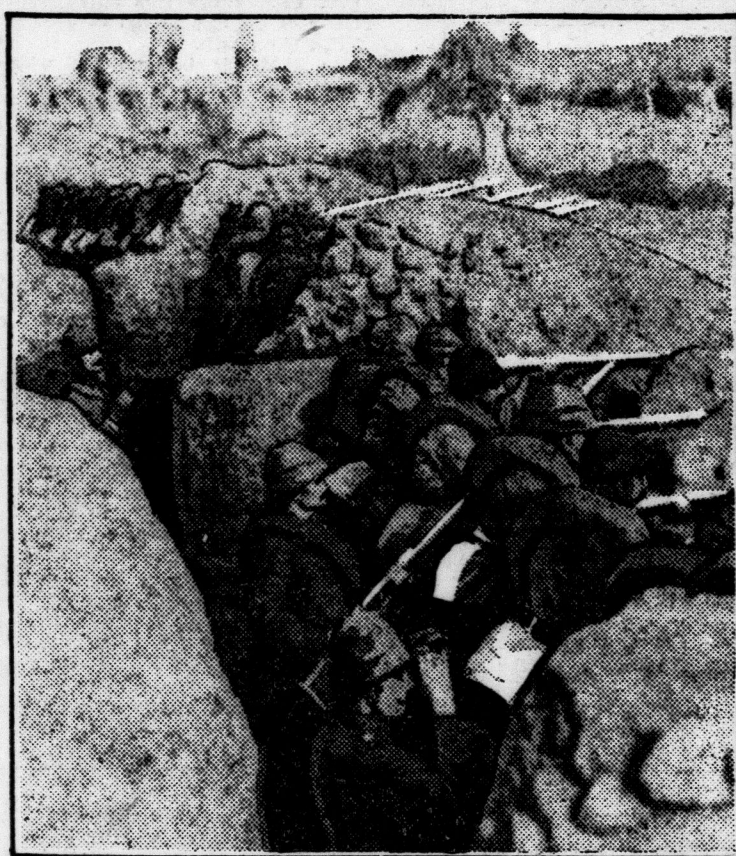

Highest, 70; lowest, 42.

The official temperatures for the 12 hours previous to 8 a.m. today were:

Highest, 67; lowest, 48.

Barometric Readings.
Today—8 a.m., 29.25.
Thursday—8 a.m., 29.27.

Turks Menace Constantinople

MUSTAFA KEMAL PASHA'S infantry, firmly entrenched at Ismid and Brusa, opposite Constantinople, awaits only the orders of his chief to advance on the ancient capital of the Ottoman empire, whose freedom Britain is prepared to defend.

G. T. R. TRAFFIC IS ON INCREASE IN CITY SCHOOLS

Believe This Year's Freight
Will Set Record For
District.

Passenger Trains Withdrawn
During Coal Strike Re-
stored to Service.

Unusual activity has been noticed in freight traffic on the railroads in Ontario for the past week or so, and judging by present indications local Grand Trunk officials believe that freight business this fall will exceed that of former years. Officials point out that the heavy fruit and grain crops in the province this year have increased materially in the business increases.

During the last few days the G. T. R. has moved nearly 3,000 carloads of fruit out of the Niagara peninsula destined for points in Canada, the United States, and for countries overseas. Freight traffic claimed 1,185 cars, while 1,000 were shipped by express.

C. F. Forrester, superintendent of the London division of the G. T. R., stated Friday morning that for the remainder of the season approximately 1,000 carloads of fruit would be consigned over the road. All the large industrial concerns in America have been using a minimum amount of coal for more than five months, and with coal mines now being worked the amount of coal that must be moved by the railroads is enormous, and an understanding that will take several months before the coal situation of America rivals that of the spring of the year. Coal magnates declare that the shortage affecting the industries must be relieved before the householder can be supplied, which will probably be during the early part of 1923.

Odd shipments of hard coal have been coming to London over the Grand Trunk for the past week, most of which has been consigned to local dealers.

FORD BUYS COAL TO LAST 30 DAYS

Cincinnati, Ohio, Sept. 22.—An order for coal for the Ford Motor Company of Detroit was signed here today by a representative of the Ford Company with the American Export and Inland Coal Corporation of this city. It was stated by an official of the Ford Company that the coal was purchased "at the Hoover fair price," and that the company has ordered enough to run the plants for 30 days. "We are buying coal as fast as we can get it at the prices we offer," he added. "By the end of 30 days we hope to have enough to run us indefinitely."

SEES NEED OF DOMINION ENCOURAGING SETTLERS

Winnipeg, Sept. 22.—Senator Gideon Robertson, interviewed here last night on his arrival from the east, declared every legitimate effort should be made to encourage people with a little capital to settle on the land in Canada. Any immigration policy should be framed to avoid importing industrial workers who cannot be absorbed into industry, and while there is unemployment in the country.

TELLS STORY OF TURK OUTRAGES

Roy Treloar Graphically De-
scribes Hunting Down of
Smyrna Christians.

Brave English Clergyman
Buries Dead and Allevi-
ates Suffering.

London, Sept. 20.—The Daily Telegraph's Malta correspondent has obtained a statement of the events at Smyrna from Roy Treloar, son of Sir William Treloar, and a director of Eastern Carpets, Limited, at Smyrna. Treloar, who arrived at Malta with more than 700 British refugees aboard the Bavarian, said: "The governorship of the town was taken over by Nur-ed-Din Pasha, who is notorious for his brutal treatment of the prisoners of Kut. On Monday, the 15th, he commenced a systematic hunting down of Armenians, who were gathered in batches of 100, taken to Konak and murdered. On Tuesday I saw a house-to-house search for Armenians. One took refuge in the garden of the British consulate, and the consul was obliged to comply with an insolent demand for him to be given up."

Shot in Water.
"I was standing with several American officers on the quay. A few yards away was drawn up a party of British marines. Suddenly three Turks came in sight, leading two Armenian prisoners. One jumped into the water and swam round the stern of an American boat. The Turks fired, regardless of the boat, and bullets passed within two yards of the marines, who never moved. Having shot their prisoners, the Turks took them to the quay."

On Tuesday night thousands of Armenians were slaughtered and their bodies being left unburied, the odor was awful, and large districts were unapproachable. "Mr. Dobson, an English clergyman, who during this time went about in great danger, burying the dead and alleviating pain, has direct evidence of most abominable atrocities. Before any commission and testify to what they have seen."

Fire Houses.
"On Wednesday at 2 p.m. the first fire started. It is worthy of note that this occurred in the Armenian quarter, which goes to show that it could not have been the Armenians who burned Smyrna. By 5 o'clock four other fires were raging and with the wind from the south flames soon reached the European quarter. "It is the opinion of many prominent Britishers that the burning was resorted to to cover the traces of wholesale butcheries in the Armenian quarter. At a moderate estimate the damage done can be put at £20,000,000."

Many cases of outrage are reported. Mr. Sykes, a prominent resident of Bournabat, witnessed the slaughter of 26 women servants. Another batch of 20 to 25 girl servants took refuge in an English house, but were dragged out, assaulted and murdered.

Dr. Murphy, an aged resident of Bournabat, was seated with his wife and two daughters in their home. Turn to Page 2, Column 4.

Begin Celebration of Hebrew New Year at Sunset

HOLD RELIGIOUS SERVICES.

At the evening hour of six, as the sun sets today, it will have ushered in for the Hebrews a new year, according to their calendar, the year 5683. The occasion is one of primary importance in the religious observance of the Hebrew race, is marked by a solemn service which begins tonight and lasts until Sunday night.

From the new year until Atonement Day, which is Oct. 2, ten days hence, the period will be spent in spiritual "stock-taking," in which a man's actions are set aside to be judged on new year's day, while his fate is sealed until the day of atonement. The ten days are spent in repentance.

The Hebrew word for new year is "Rosh-hashanah." While the new year is not celebrated as the Christians celebrate theirs, in one respect it is very similar, as the Hebrews send and receive cards of greetings. Services in the local synagogues will be held from the early morning hours until 1 o'clock in the afternoon and in the evenings of both days, where all the members of the Hebrew faith will congregate in prayer and meditation.

The Day of Atonement is the holiest of days in the Hebrew calendar. It is a day of fasting, in which no food or water is touched for 24 hours. This applies to Jewish persons over 13 years old. Children and sick persons are permitted to eat.

The entire day, as well as the night before, is spent at the synagogues, at which all members of the Hebrew race assemble for prayer and meditation. Most all of the local Hebrew stores will not be affected by the holiday, and will be kept open as usual. While the proprietors will not attend business on Saturday, the stores will be in the hands of clerks of the Christian faith. However, all of the stores will close October 2.

Continue Offers to Serve Dominion If War Clouds Break

OTTAWA, Sept. 22.—(Canadian Press).—The apparent lessening of the likelihood of any action being taken toward the dispatch of a contingent of troops from Canada to the Dardanelles has had but little effect in the way of cutting down the number of offers of service which continue to pour in upon the government, and particularly through the office of the minister of militia and defense.

Each mail brings its quota of letters from all parts of the Dominion and from the United States, while telegraph messengers still continue to make almost constant journeys between their offices and the militia headquarters.

WILL SUPPORT TAX COLLECTION

Ald. John Ashton Ready to
Stand With Ashplant.

Opposed to Raising Tax Rate
of Citizens of East
End.

Ald. John Ashton stands prepared to support Ald. H. B. Ashplant in his fight for the collection of additional school taxes from factories in the annexed districts of East London if there is a guarantee that the tax rate of the private citizen will not be elevated as well.

Discussing the issue briefly Friday, the former councillor explained that he fully appreciated the claim that all industries located in East London should be compelled to pay their just dues. He is well aware, he states, that the statutes provide that none shall be exempted from a school tax.

He fears, however, that once the original agreement with the people of the annexed sections was broken that an increased rate of taxation would follow for all the people there. "If there is any guarantee otherwise I am only too ready to support Alderman Ashplant in this move to collect the taxes and aid in his fight to that end," he stated decisively.

Touching briefly upon the fact that the original discussion was chiefly responsible for his "break" with the Labor party, Alderman Ashton expressed the belief that he had not been treated with all fairness when voted out of the party, incidentally scoring certain members of the party who were mainly instrumental in the move.

While declining to state definitely whether he would be a candidate in Ward Three again this year, he intimated that if he did not choose to remain in the field it would not be because of the annex question and its attending features.

AUSTRALIA GETS BARNARDO BOYS

London, Sept. 22.—(Canadian Press Cable).—The 58th annual report of the Barnardo Homes, issued from the head office in London, records, among the latest additions to the homes abroad, the establishment of a new home in Toronto.

Over 500 of the best boys and girls connected with Barnardo Homes were sent to Canada during the year, making a total of close to 27,000 in Canada.

Australia has stepped into line as a competitor of Canada in receiving children from Barnardo homes. The first party of boys from the homes here, 47, recently left for Sydney, where they have been welcomed to such an extent that all the Australian states are asking for boys of the same class.

DECIDES INQUEST IS NOT NECESSARY

SUDBURY, Sept. 21.—Magistrate Cockburn, of Sturgeon Falls, after investigating the cause of the death of two young sons of a farmer named Savoile, in Springer Township, near Sturgeon Falls, decided that an inquest was unnecessary.

Besides the burning to death of the two sons, the house itself was completely destroyed. A 14-year-old son is in critical condition. It was reported that the lad had been brought to St. Joseph's hospital here, but this is denied by the local hospital authorities.

MEIGHEN HAS BUSY DAY.

Toronto, Sept. 22.—Mr. Hon. Arthur Meighen, leader of the Opposition in the Commons, met a number of leading Toronto Conservatives and various deputations here this morning. Mr. Meighen had a busy day. At 1:30 this afternoon he addressed the Liberal-Conservative Businessmen's Club after luncheon at the King Edward Hotel.

REQUIRES TWO- THIRDS VOTE TO VETO PAVEMENT

Wilson Points Out Obstacle in
Way of West London
Petition.

TO PROCEED IN FALL

Promises Work Will Be De-
layed On Request of
Citizens.

While Mayor Cameron Wilson is quite frank in his assertion that he does not know what will now be done about the proposed Oxford street pavement, now that certain residents of that district have protested against the undertaking, members of the city council appear hopelessly divided upon the subject.

Assurance was given Friday that the petition now contained the required majority of the ratepayers affected, and would be presented by a deputation at the next meeting of the board of works.

Mayor Wilson points out that it will require a two-thirds majority of the council to veto the project, and whether this can be obtained is considered problematical. Should this be impossible, it is promised that the work will proceed this fall, as scheduled, and not in the spring, as asked by certain residents of West London.

No Paving Till New Year.

Ald. John Ashton, chairman of the board of works, adheres to the view that there will now be no paving commenced before the new year. "If the people there do not want a pavement they do not have to have it," he stated, confidently. "If they want it they shall have it. We don't want to force anything on anyone."

Ald. (Dr.) Leonard Douglass, who has championed an entire pavement from the Dundas street bridge to the Oxford street bridge via the Wharmfist road, fails to understand why the people of Oxford street should oppose the immediate inauguration of this work.

"Once they are in full possession of the facts I venture to say that they will not be against the pavement this fall," he comments. "I fail to see why they should protest against having a pavement down now in lieu of next June. They may as well have the use of it through the coming winter and the bad months in the springs."

Work For Best Interests.

"In any event I was only working toward what I believed to be the best interests of all concerned in West London. While no petition was ever submitted for this work the taxpayers of Dundas and Oxford streets and the Wharmfist road were notified of our intentions, and while the Dundas street people registered opposition, there was none forthcoming from Oxford street until yesterday."

"I still believe, however, that the wishes of the majority of the people should be observed."

While certain complaints were made Friday that the street was very dirty, would be curtailed while the work was in progress and the tracks removed by the company, Alderman Douglass pointed out that the use of buses across the bridge from the east had been practically assured to obviate any inconvenience.

Ordered to Greece

GENERAL PLUMER.

GENERAL Sir Herbert Plumer, commander of the British forces in Italy during the world war, has been ordered by Britain to Greece, where he will assume charge of all British subjects and property during possible uprisings.

SEES MENACE IN NEW U.S. TARIFF

British Press Regards Bill As
Likely to Defeat Own
Object.

Believes Measure Became
Law Through Fear of
Competition.

BULLETIN.

Ottawa, Sept. 22.—Government tariff experts are making a close study of the changed conditions in trade between the United States and Canada entailed by the coming into effect of the new American tariff. But there is little expectation that the effect of the tariff on Canadian exports will be definitely indicated for some weeks at any rate.

London, England, Sept. 22.—The new United States tariff bill cannot fail to accentuate the embarrassment of the United States caused by that country's overwhelming creditor position, is the opinion expressed by the Times in a lengthy editorial which subjects the new enactment to searching criticism.

"We join some of the leading financial experts in the United States," the newspaper says. "In regarding this experiment as likely to defeat the object for which it is tried and contra to the economic experience of the world."

May Be Reflected.

The Times finds the explanation why the bill became a law in "the haunting fear of a large section of the American community that the impoverishment of the older European countries may be reflected in the lowering of the standard of comfort in the United States through the competition in American markets of the products of cheap labor abroad."

Times points out that while Great Britain lives by foreign trade, the United States is able to restrict its foreign trade to the narrowest limits, yet flourish by the development of its own wonderful resources. Nevertheless, it adds, such unnatural restrictions must be a blow to the general prosperity of its citizens.

"The tariff supporters," the editorial continues, "appear to have lost sight of the true function and purpose of commerce. Especially dangerous of supplying the world's markets with American merchandise, the United States is taking steps to make it as Turn to Page 2, Column 4."

SEES CANADA ON EVE OF DAZZLING DEVELOPMENT

Calgary, Sept. 22.—Canada is standing on the eve of a period of development in population in the next quarter of a century which will dazzle the world, according to Sir John Willson, president of the Western Canadian Colonization Association, who gave a general outline of the aims of the association at a combined meeting of the men's and women's Canadian Clubs of Calgary and the local board of trade last night.

PILKINGTON TO OPPOSE ELECTION OF CHURCHILL

London, Sept. 21.—(Canadian Press Cable).—W. Pilkington, a well-known king's counsel, has been nominated as an Independent Liberal candidate in Dundee, to oppose the return of Right Hon. Winston Churchill, secretary of state for the colonies, in that constituency, in the next general election. Mr. Churchill was returned in the last election in Dundee as a Coalition Liberal by a majority of 15,365.

TURKS ADVANCE ARMY INTO ZONE OF NEUTRALITY

Experts Declare Nationalists
Now Able To Bar
Dardanelles.

TO PRESENT PEACE TERMS

French to Concentrate Efforts
to Prevent Conflict.

BULLETIN.

London, Sept. 22.—The Turkish Nationalist government, says an Exchange Telegraph dispatch from Constantinople today, has suggested Smyrna as the place for the proposed Near Eastern peace conference.

Constantinople, Sept. 22, 12:45 p.m.—Turkish Nationalist forces have seized the town of Ez-Ine, on the Asiatic side of the Dardanelles, and are threatening Kum Kalesi, an important key position on the southern side of the straits. The Kemalists were nowhere opposed.

The Nationalist move, in the opinion of the naval experts here, will enable the Turks to prevent free ingress to the Dardanelles to the British Atlantic fleet units, which are on the way from Malta.

The important positions involved were up to today occupied by the French and the Italians, and from them the heavy Turkish batteries can command the entrance to the straits.

Valley of Meander River.

Ez-Ine, seized by the Turkish Nationalists, is a small town in the valley of the Meander River, in the Vigha district, south of the Dardanelles, and is less than twenty miles from Kum Kalesi. The latter town, which the Nationalists are threatening, is on the waterway itself—almost at the entrance to the straits from the Aegean.

Both places are within the zone of neutrality about the straits laid down by the treaty of Sevres. It is uncertain, from available data, whether Ez-Ine is within the military zone of neutrality proclaimed in May, 1921. There would appear to be no doubt, however, that Kum Kalesi is within this zone, against the invasion of which warning was issued in Constantinople yesterday by the British general, Harrington, commander-in-chief of the allied forces.

TRY TO PREVENT WAR.

Paris, Sept. 22.—The French cabinet today decided that in view of the refusal of the British to withdraw their forces from Constantinople, the efforts of the French government should be directed toward preventing war between Turkey and Great Britain. To this end it was agreed, immediately to send Franklin Bouillon to Smyrna. M. Bouillon, who was the negotiator of the agreement reached at Angora between the French and Turkish Nationalists, will urge upon Mustafa Kemal Pasha the necessity of remaining in Asia Minor until the peace terms are decided upon.

Much Anxiety Felt.

The French negotiator will probably leave today or tomorrow, and he hopes to arrive in Smyrna before the termination of the conference now in progress there between Kemal and his governmental and military chiefs for the purpose of deciding whether to push on in the face of the British naval and military moves, or await the result of the peace negotiations.

There is much anxiety in the cabinet over the possibility of fighting between the British and the Turkish troops, and in pursuance of his desire to play the role of mediator in the Near East, Premier Poincaré will exert all possible pressure to Turn to Page 2, Column 2.

STATES APPROVE ZIONIST PALESTINE

Washington, Sept. 22.—President Harding late yesterday signed the joint resolution adopted by the Senate and House, expressing the United States' approval of the restoration of Palestine as a Jewish homeland. The resolution is said by Zionists to be practically identical in phrasing to the declaration of the British government of Nov. 2, 1917, recognizing and approving Zionist aspirations, since carried into effect in the Palestine mandate, recently ratified by the League of Nations.

U. S. SENATE AND HOUSE READY FOR ADJOURNMENT

Washington, D. C., Sept. 22.—Senate and House leaders had shaped their plans for adjournment of Congress since die today, with only minor executive matters apparently remaining to be cleared up before the final gavel that will release members for attention to election and home affairs until the prospective special to be called by President Harding about Nov. 15.

ATTEMPTS TO STOP PURCHASE OF SCHOOL SITE

Ex-Alderman Palmer Threatens to Seek Injunction Against Board.

CRITICIZES TRUSTEES

Maintains His Property is Best Site on Which to Build.

While the members of the board of education in general assembly on Thursday afternoon and part of the evening (the session lasted nearly four hours), reaffirmed their determination to build a public school at the corner of Oliver and Trafalgar streets, ex-Ald. Adam Palmer dropped into the gathering for a few moments and conveyed the intelligence that it might yet devolve upon him to seek an injunction to halt the contemplated undertaking.

The former councillor from the southeastern section of the city carried a few minutes only, but he contrived to leave a distinct impression behind, and even the most casual observer would conclude that his opinion of the trustees as competent businessmen is away below par. Incidentally the trustees made it quite plain that they were not quite enamored with ex-Ald. Palmer.

The latter left but little unsaid. He worked fast, and made good use of the short time at his disposal, and there is no misunderstanding as to his opinion of the school board, collectively and individually, as well as Senior School Inspector V. K. Greer.

Involves Dakin Street Site. Mr. Palmer's chief complaint involved the Dakin street school site, the Oliver street location, and certain property owned by himself on Elm street, which is more suited, he strenuously contended, for school purposes, than any tract of land yet purchased or viewed.

As the debate grew apace, and Mr. Palmer exchanged sharp repartee with members of the board and Inspector Greer, the air became charged with uncertainty and expectation, and at frequent intervals it became imperative for Trustee Edwin Smith, chairman, to rap smartly with his gavel for order.

In his introductory remarks ex-Ald. Palmer explained that he had been attracted to the gathering by the impression gleaned elsewhere that it would be impossible to build a school at Oliver and Trafalgar streets, as the site was much too small.

He reminded the trustees that several weeks ago when they concluded to abandon the Dakin street site, he had proffered for sale his property on Elm street. He reasoned that he had not been justly dealt with.

"It strikes me," he declared boldly, "that you are on the verge of squandering a big sum of money by this venture. I offered you a site in the same vicinity for \$8,000, and although larger in area it was more suited for the purpose. Now I hear that your new location is also inadequate in size. Yet mine was 25,000 feet greater in size and \$5,000 less in cost."

"If that is good business I would like to know it. I am still prepared to discuss the question and prove that you are in the wrong."

"I would ask the board to wait until a report is submitted by my committee," declared Trustee Rev. A. A. Rice, chairman of No. 2 committee. "I can say that we have room for the school if we use one set of plans, and we will have room to spare."

"The fact still remains," persisted Mr. Palmer, "that you have not purchased the land that will give the best service. I have repeatedly offered to take up the defense of the board. I have always emphasized the point of safety. I still regard the Dakin street site as the most favorable, but I still contend that with all the data available and as my command I am more accurately informed upon the issue than any of you."

"Where is your site?" questioned Trustee Bryden Campbell from ex-Ald. Palmer.

"It is the same one that I mentioned to you," was the latter's reply.

"Oh, I don't remember," retorted the trustee.

"Well, you ought to. I spoke to you about it in my office," rejoined Mr. Palmer. "Anyhow, I prefer to keep its location a secret for 24 hours."

"Well, you should be here if you are not ready to talk business," cautioned Trustee Campbell.

"Well, then, I will tell it. It is the same site that I told you of when the late school inspector was alive, but after his death it was slung over for the Dakin street site. I want to ask the inspector if the Elm street site is not the most central of any."

"It may be in distance, but not from the viewpoint of the distribution of children," replied the inspector.

"All sites must be approved by the provincial department," interjected Chairman Smith.

"That is the very point at issue," responded Mr. Palmer. "The inspector is not considering the possibilities of the next five years, and if you build here, 1,700 feet from the Chesley avenue school, you are making a poor move. He cannot deny that the Chesley school can accommodate all but 100 students of that district."

While the inspector essayed an explanation, touching upon the situation at the Aberdeen school, Mr. Palmer interrupted with the statement: "Now it is up to you to do what you like."

"It is very strange that although I have made an offer in good faith I have heard nothing from you."

"You are making statements that are incorrect," charged Trustee J. B. Wright, entering the fray. "I was with the committee when we viewed the situation and approved of the Dakin property in preference to yours, and the late inspector gave up all idea of your land. There are members here who can testify as to that."

Objection Not Recorded. "It is indeed unfortunate that Mr. Palmer's objection was not recorded before our proposal was approved by the commission and the city council."

"I did so," shot back Mr. Palmer, "but no attention was paid to me. I understood also that the question was still open."

It was admitted that the actual purchase still awaited the signatures of the contracting parties.

Well, I tell you that it is a pretty hard-headed business, and I won't promise that I won't get out an injunction against you."

Well, if we disregard the advice of our school inspector, we might as well dispense with his services," suggested Trustee Rowe. "Personally I have always clung to the Dakin site, but as I was out of the city at the last session I could not oppose the Oliver deal."

Well, I would like to hear Inspector Greer tell us what he proposes to do with the growing population," challenged Mr. Palmer, "knowing that the trustees have not the facts."

"I have them for the board whenever they demand any information," retorted the inspector.

"You see he backs up, just as I thought he would," declared Mr. Palmer.

Order, Order! "Order, order!" shouted Chairman Smith, as everyone attempted to talk one another down, and when the hubbub had subsided Mr. Palmer again threw down the gauntlet, daring the inspector to produce what he termed as the facts.

"I must rise to a point of order," exclaimed Trustee Thomas Rowe, fully aroused. "No citizen has the right to make remarks of this nature. It is most uncalled for, and should not be permitted here."

"No, you haven't had time all afternoon," rejoined the ex-alderman excitedly, as he took his hat and hurriedly withdrew from the chambers.

He had departed but a moment when he returned for a parting shot. "Before the next election I'll meet you on a public platform on this issue."

"You can have my place," promised Trustee Bice, but Mr. Palmer had vanished.

Still Considering Injunction. At noon, Friday, Ex-Alderman Adam Palmer, who had been seriously considering the issuance of an injunction to restrain the school board from proceeding with a public school on Oliver street, "They would not allow Inspector Greer to answer my questions," Trustee Greer commented, "because they knew that I had him 'up a tree.' I have tried all summer to meet these trustees, but they did not want it. They know that I am too well informed for them. I think the entire proposition is a rotten deal through out."

The former councillor, discussing his visit to the school board Thursday, explained that he was questioned by one of the members with whom he was not at that time acquainted.

"I found out later that his name was Wright," he explained, "and had I known it then I would have given him a right answer. I have a lot of stuff I can tell our trustees."

THREATEN KEYPOINT ON DARDANELLES

Continued From Page One.

keep the Turks on the Asiatic side of the straits until the peace terms are fixed.

The latest reports received in official circles here indicate that Kemal is trying to keep his military leaders in check, but the difficulties of the problem are admittedly great.

The French, however, still feel that the Angora leader can succeed.

Make Another Effort. Premier Poincare was expected to make another effort to modify the British attitude toward the Turks, but it was believed he was not very hopeful of changing the British determination to remain in Chanak.

When the allied conference met this afternoon Premier Poincare, Lord Curzon, the British foreign secretary, Count Storza of Italy and Lord Harding, British ambassador at Paris, were present. Lord Curzon also presented the British decisions reached by the cabinet in London yesterday, including the declaration of Great Britain's determination that her troops remain at Chanak, and her unwillingness to bind herself to peace terms in advance.

Premier Poincare, it was understood, will continue his efforts to persuade the British to adopt a more conciliatory attitude.

W. C. KENNEDY RESTS WELL. Montreal, Sept. 22.—Inquiries concerning W. C. Kennedy, minister of railways, who is confined in the Royal Victoria Hospital here, this morning elicited the information that he had spent a fair night.

Probably no part of the daily paper is so filled with human interest as the Want Ad columns.

There's a way to acquire just the home that's your ideal—locate it through the Want Ads.

FOUND \$100 DIAMOND WHILE VISITING THE FAIR

It is a wonderful diamond, Perfect Blue White and radiates the finest colors of fiery glow. The setting is green gold and platinum. It is a find because it cost me only \$100 at John A. Nash, My Jeweler, 182 Dundas street, "where you will eventually buy Perfect Diamonds."

Robert Telford, 8 years of age, was badly bruised when struck by an automobile at Pottersburg, shortly after noon today. He was taken by the driver of the car to Dr. J. McWilliam's office, where it was said he was not badly hurt.

8-YEAR-OLD BOY IS STRUCK BY CAR

LONDON, Eng., Sept. 21.—(Canadian Press Cable.)—It is reported in the lobbies at Geneva, says a Reuter dispatch from that city, that the delegates to the League of Nations from the dominions have telegraphed Premier Lloyd George, impressing on him the urgency of his going to Geneva to explain to the league the situation in the Near East.

The premier is now in the country, and the officials at No. 10 Downing street are not aware that such a telegram has been received.

W. C. KENNEDY RESTS WELL. Montreal, Sept. 22.—Inquiries concerning W. C. Kennedy, minister of railways, who is confined in the Royal Victoria Hospital here, this morning elicited the information that he had spent a fair night.

Probably no part of the daily paper is so filled with human interest as the Want Ad columns.

There's a way to acquire just the home that's your ideal—locate it through the Want Ads.

FOUND \$100 DIAMOND WHILE VISITING THE FAIR

It is a wonderful diamond, Perfect Blue White and radiates the finest colors of fiery glow. The setting is green gold and platinum. It is a find because it cost me only \$100 at John A. Nash, My Jeweler, 182 Dundas street, "where you will eventually buy Perfect Diamonds."

Robert Telford, 8 years of age, was badly bruised when struck by an automobile at Pottersburg, shortly after noon today. He was taken by the driver of the car to Dr. J. McWilliam's office, where it was said he was not badly hurt.

SUGGEST CITY LIGHTING TEST

Officials Propose Practical
Demonstration to Decide
Best Method.

Believe Center Illumination Is
Wrong System For
London.

Four tentative outlines for more adequate street lighting in London have been prepared by City Engineer H. A. Brazier and E. V. Buchanan, general manager of the public utilities commission, following their conference Thursday afternoon.

The two officials considered the entire situation from every angle, and rather than recommend one particular plan for improvement, they devised a scheme whereby the city councilors will be enabled to see for themselves just what they can obtain for their money.

It is proposed to choose at random four blocks throughout the city and employ the same as sample streets. Plan No. 1 will be a light on every second pole as at present.

No. 2 will be as at present, a light on every second pole. No. 3 will be larger lights on every second pole, while No. 4 will be bigger lights on every pole.

The general manager in the meantime will also prepare data upon the relative costs of the four plans, for the consideration of the aldermen, who will be asked to view the specially illuminated thoroughfares when they have been placed in readiness.

The officials also considered, while in session Thursday, other possibilities, which they finally rejected as impractical or inexpedient for this city, including the proposal to place lights on either side of the street or down the center of the street.

In the latter instance it was felt that while this would improve the street lighting by four, it would tend to throw the sidewalks into comparative darkness. The authorities reasoned that the bulk of the problem would not be appreciated this move. The walking public is demanding the increased light, while the motorists carry their own lighting facilities.

Discussing the ornamental display it was felt that while this scheme would instantly solve the problem and render the city perhaps 100 per cent improvement, the cost would be so much greater that the ratepayers would register immediate protest.

In any event the question would arise as in what manner the increased cost would be borne, by the city as a whole, or by the ratepayers individually.

**GREER DENIES CONCEALING
INFORMATION FROM BOARD**

School Inspector Takes Exception to
Accusation of ex-Ald. Palmer.

While ex-Ald. Adam Palmer has been suggested to the school trustees as a possibility for the vacancy created by the resignation of Trustee William T. Clark, the members of the board do not appear in hearty accordance with the plan.

Although the board has accepted without comment Trustee Clark's resignation, no attempt was made Thursday to appoint a successor.

Mr. Palmer's appearance at the board meeting, however, to register several charges of recklessness and mismanagement has prompted the move to fit him into the position.

Senior School Inspector Greer was most emphatic in his declaration Friday that he had never withheld any information from the school board, as suggested by Mr. Palmer, and that he was ready to furnish any data directly the trustees ordered.

A THOUGHT FOR TODAY

Till we all come, in the unity of the faith, and the knowledge of the Son of God, unto a perfect man.—Ephesians 4:13.

O FOR a man to arise in me
That the man I am may
cease to be!
—Alfred Tennyson.

A DEPUTY MAYOR will probably be appointed to run the boys' council, as Jack Hutchinson, the present mayor, has entered the railway mail service, and will be unable to fill that official's chair. The council, after a summer of idleness, is anxious to get down to business and start the fall and winter work.

HAROLD JARVIS, tenor of Detroit, was singing all services Sunday at Dundas Centre Methodist Church, the occasion being rally day for both church and Sunday school. A special musical service will be given in the evening.

THE ST. ANDREW'S Tuxis and Trail Rangers, C. S. E. T. groups have reorganized for the fall and winter work, and attractive programs will be staged under the leadership of F. W. K. Harris, G. T. Hair, Ward Casselman and others. The boys will meet on Tuesdays, and at their opening banquet in the first week in October officers for the ensuing year will be elected.

STRUCK BY AN AUTOMOBILE while crossing the corner of Richmond and St. James street, William, the 6-year-old son of W. H. Robinson, 203 Chesapeake street, suffered a broken arm and several bad bruises. The father arrived on the scene a few seconds after the accident and carried the boy home, where he received medical attention. The driver of the car, which was said to be traveling at a good rate of speed, offered to carry the boy to the hospital. His name was not learned.

THREE TIMES was William Slobasky of this city fined in police court Friday morning, thereby proving that Friday is an unlucky day in his life. On the first count involving a disorderly charge Slobasky was assessed \$10 and costs. Then came a charge of speeding with a \$5 penalty attached. Two dollars more for leaving his car without lights, brought the total of the fines to \$17.

MEMBERS of the public utilities commission have reduced the minimum water rate at Byron Sanatorium from \$700 to \$500.

TO AID THOSE in London who cannot afford to buy fuel at prevailing prices to secure wood at cost, the Salvation Army is to open a wood yard in the east end of the city. So that the cost of operation can be kept at a minimum, the army has asked for and has been granted the use of an electric motor free of charge by the public utilities commission.

PLAN TO ORGANIZE WESTERN ALUMNI

University Authorities Mailing
Requests to All Former
Students.

In an effort to enroll all the former graduates of Western University, the university authorities are sending to every graduate a complete graduate list.

The former student is asked to make any necessary corrections in the list, to give a complete account of his "wanderings" since he left the school, and to return the list and the story of himself to the university as soon as possible.

By following this plan the authorities hope in time to unite all the graduates into one big brotherhood, and to keep in touch with the former students by following their activities.

A preliminary list has been drawn up, and a short while every graduate will be informed of the plans for the association.

SIDES WITH RATE- PAYERS ON PAYING

Alderman G. B. Drake Would
Have Work Finished in
Spring.

Ald. Gordon B. Drake appears inclined to view the Oxford street paving issue in much the same light as the ratepayers on that thoroughfare who are petitioning against the project.

"I fought against this undertaking from the first," he explained on Friday, "and I would prefer to see the work accomplished in the spring, as some of the residents now wish the winter that the work should be delayed, as the sewers were just laid on that street this year."

"We spent a lot of money during the past year over there, and with new gravel on Oxford street, I understand that it is in pretty fair shape for the winter. Last year we paved a street under similar circumstances, after a sewer had been just laid, and I don't think the result was the best."

"In any event it is getting late in the year. There are other paving jobs to be completed or undertaken, and it is a question as to whether the top could be placed before the winter. We got into trouble over the same thing last year on Piccadilly street. Of course that street is in good condition now, but the ratepayers were rather excited about it at the time."

The shells of china nuts, grown in South America, were extensively used during the world war in the manufacture of charcoal for gas masks.

TO DISPOSE OF DAKIN ST. SITE

Board Authorizes Sale of Con-
demned East London
Location.

Trustees Rowe and Wright
Oppose Latest Property
Purchase.

Further progress has been noted in connection with the move by the board of education to at least commence this fall with the construction of a new school in Southeast London.

Tentative plans were approved Thursday. Incidentally, authorization was tendered the public school committee to dispose of the far-famed Dakin street property.

Final cancellation of the latter site was not favorably regarded by all the members of the board however. Trustees Thomas Rowe and J. B. Wright being the outstanding opponents to the new location at Oliver and Trafalgar streets.

"Does this change meet with the approval of the school inspector?" questioned Trustee Thomas Rowe at the Thursday session. "Pertinent questions are being asked by the ratepayers, notably why are we switching from Dakin to Oliver street, intending to spend another \$8,000 for a less central site?"

Trustee A. A. Bice voiced the information that the city council had refused to grant money for a school at Dakin street, thereby compelling the board to look elsewhere.

"In other words the council picks our sites," commented Trustee Rowe, in evident disgust.

"Be it as it may, that is one of the reasons," replied Trustee Bice.

Any Real Excuse.

"I have never heard yet any real excuse advanced," ventured Trustee J. B. Wright, "and I never heard just why the city council refused to grant the money. Does anyone know?"

Trustee Smith advised that he was never told.

Trustee Rowe did not think that it was within the jurisdiction of the city council or civic commission to "dictate" to them, saying build here or build there, or use this brick or use that brick."

"That is going too far, and I for one resent it," he concluded.

Trustees Rowe and Wright fought to the last against transfer of the Dakin site to Oliver street, and placed themselves on record when the final vote was taken.

CHARGE BRUTAL ASSAULT ON BOY

Alex. Beresti Alleged to Have
Beaten C. Drabick
Unconscious.

Alex. Beresti, a burly Russian, living at 75 Malind street, was charged in police court Friday morning with assaulting and causing actual bodily harm to Charles Drabick, 11-year-old son of John Drabick, 549 Ottawa avenue. Beresti, because he did not understand English very well and because he had no legal adviser, was remanded until Monday morning, when he will plead and elect trial.

The boy was brutally kicked and beaten into unconsciousness while playing with other boys in front of the home of Tony Linkovitch, with whom Beresti boards. The lad was so badly injured that the doctors who attended him refused to allow him to appear in court Friday. He was still suffering considerably from shock and bruises, according to Dr. F. J. H. Campbell.

Beresti, who is nearly six feet tall, said in stumbling English that he could not understand what Magistrate A. H. M. Graydon was saying when the charge was read. A woman interpreter, who was in the court, explained to him, but he merely replied that the young boy had thrown stones at him.

Nine witnesses were called, although V. L. V. who is alleged to have witnessed the assault, was in the court. Beresti kicking the child as he lay on the ground, but when he ran to the scene Beresti ran into the back yard. He carried the boy, who was unconscious, to his home.

Three doctors from Victoria Hospital were summoned and the lad was soon revived. Young Drabick was struck on the side of the head and suffered four severe bruises to the back.

HAVE SIX DAYS TO AGREE ON CHAIRMAN OF BOARD

Housing Commission and Contractors Representative to Agree
on Judge Macbeth.

Evidently reconciled to the fact that there must be a chairman appointed before business can proceed, Thomas Terry, representing Hayman & Willis, the contractors involved in a controversy with the London Housing Commission in connection with the Pine Lawn houses, has furnished a list of names of possibilities for that position.

These will be considered by Building Inspector Walton of Sarnia, the commission's representative, upon the board of arbitration, and the two members have six days in which to agree upon their choice.

In the first instance the name of Judge Talbot Macbeth was advanced by Mr. Walton, but this suggestion met with the immediate disapproval of the contractors' delegate.

I SPIED TODAY

PRIZE FOR BEST ITEM DAILY.

YOU must see something going on every day. Perhaps not a big thing, but interesting. The Advertiser wants you to send it for use in the "I Spied" column. Every reader a reporter is the idea behind the plan. The items must not be written to "take a stab" at any person. If so, they will not be published.

In order to create interest in the column, the Grand Opera House has donated two seats each night as a prize for the best item of the day. Your name and address must accompany the item, and it can run with only your initial attached if you desire. The contest is on. Who wants to go to the Grand?

If "D. R. M." in Thursday's "I Spied" column will call at the Advertiser office today or tomorrow he will be given two tickets for the Grand Theatre Saturday.

A LOCAL FRUIT VENDOR on the market selling green peaches camouflaged as ripe ones with red netting.—F. D. D.

A LADY WALKING down Dundas street, who dropped a watermelon. Result, half a melon for desert, the rest out on the pavement.—E. M. S.

SMOKE POURING in a dense yellow cloud from the basement of a Richmond street store. It was not a fire, the merchant was merely trying to get his furnace to work on a soft coal fire.

A PAINTER FRIEND of mine, painting the cellar walls in the Tecumseh House, only his face being visible through the grating from the street, asked him how long he was in for. He laughingly replied, "Six months."—W. B.

A FARMER at the market at noon today with two dozen eggs in a basket. He wanted 38 cents a dozen. I offered him 75 cents for the two dozen, and he said, "No, sir!" I passed him again at 4:30. He still had the eggs and was holding out for the other copper.—H. S.

TWO LITTLE GIRLS standing on a corner. I happened to overhear their conversation, which was as follows: "The teacher asked our class in school today why it was necessary for us to clean our teeth, so I stood up and said it was to keep our mouths clean so our stomachs wouldn't get 'out of order.'"—M. D.

A MAN WHO SAID he was having a "regular picnic" getting his stove set up for the winter.

ROBBED OF \$2,700 WHILE IN TORONTO

Benjamin Shapiro of London
Has Money Snatched
From Hands.

Benjamin Shapiro of the Western Fur Company, 324 Dundas street, this city, was robbed of \$2,700 in cash while on a visit in Toronto Wednesday for the purpose of buying furs.

The robbery was committed by three men who called upon Mr. Shapiro, ostensibly to dispose of a stock of furs which they stated they had purchased from a bankrupt firm in New York. When Mr. Shapiro produced the money which was to have closed the deal one of the men snatched the roll from his hands and the trio escaped to the street.

The three men called on Mr. Shapiro earlier in the day and claimed to have a considerable stock of furs in Canada, which they desired to dispose of immediately, and would be willing to take a figure below the market value. They declared that they were badly in need of ready cash.

Satisfied that the men were doing business legitimately, the Londoner bargained with them as to the price.

After a consultation the men agreed to accept \$2,700 in cash. It was arranged that they should return later in the day with the furs and he would have the money ready, provided the furs were delivered and were satisfactory.

The men returned at the specified hour and expressed surprise that the furs had not yet arrived. Mr. Shapiro stated he had the money, but must see the furs before paying it over.

His partners then suggested that while he would telephone the delivery company regarding the delay, when the fur dealer produced the money one of the men grabbed it out of his hand and the three dashed out of the store.

Collects For Children's Hospital

WESTERN ONTARIO
WAR MEMORIAL
SICK CHILDREN'S HOSPITAL

A splendidly-equipped advertising truck speeds through Western Ontario, visiting at the fall fairs, asking for funds to complete the War Memorial Children's Hospital to be opened in London, Oct. 28. Reports come in to headquarters here that the scheme is meeting with a splendid response from the good people of the district.

WAR HOSPITAL NEEDS \$20,000

Authorities Stage Campaign
To Raise Sum at County
Fairs.

Sum Is Only Key Which Will
Open Doors to Chil-
dren.

Through the air, by word of mouth, by pamphlets and practical demonstrations the needs of the Western Ontario Children's War Memorial Hospital at London is being made known throughout the Western peninsula in a campaign to raise \$20,000, the only key by which the doors of the institution can be opened to the thousands of ailing children throughout the counties.

Although the campaign has been underway but a short time, the response to the pleas has been generous indeed. The many pledges received from the various points visited so far have cheered the hearts of those who are working hard to return to ailing children their birthright of good health.

Fall fairs, wireless telephony, women's institutes, the Rotarians, and interested women of London are the chief factors in the drive to raise the money required. The campaign has been carried into several northern counties, and preparations are now being made to extend it considerably so that all Western Ontario may learn that the hospital is its own, and that it belongs to its children.

At each fall fair, if it possibly can be reached, a pretentious exhibit is placed in a tent. Co-operation invariably is received from the various women's institutes, which have become a great power in every community's life.

At the tent a wireless outfit is installed which every day receives and distributes Tommy Tucker stories, health talks written by Dr. Hill of London, and the story of the hospital distributed from Toronto. The wireless machines are operated on different days by Ronald Foot, Ronald Hunt, Ronald Gurd, A. McCallum, Jack MacGregor, William Room and Hugo Craig all of London, who have given their services gratuitously to help the good work along.

The wireless messages attract large crowds and have been a big factor in the success of the campaign up to the present time.

Parents are invited to bring their children to the tent to have them weighed and to receive expert advice on their physical condition.

So far exhibits have been placed in the fairs at Seaford, St. Marys, Strathroy, Exeter and Mitchell. It was thought that Seaford would be the most northerly point reached, but a request has since been received from the fair board at Wingham. Scores of other requests are pouring in daily from various points.

During the next week exhibits are to be placed in Theford under the direction of Mrs. A. Smith and party and Rotarians V. Blackwell and Dr. A. Grant; Hinton, Mrs. E. Nelles and party and Rotarians G. Copeland and party and Rotarian W. Yendall; and Dorchester, Mrs. Butler McCrimmon and party and Rotarian J. Dowler and W. Stewart.

Women's Institutes in every place where exhibits are placed are asked to make the tent their headquarters.

It is expected that a second exhibit will be pressed into service part of the time during the coming weeks.

CONSIDER PLACING CITY'S VEHICLES UNDER ONE HEAD

Council to Take Up Plan Strenuously
Advocated by Alderman
Douglass.

Everything is now set for a thorough consideration by the city council of the inauguration of a civic garage as strenuously advocated by Ald. Douglass.

Incidentally an incipient controversy between the public utilities commission and members of the city council has been at least temporarily averted.

City Clerk Baker will be furnished by the commissioners with all data relative to the garage maintained by the utilities department. The same will be submitted at the next session of the civic commission. It is explained, when Ald. Douglass formally outline his proposed undertaking to place all the city's means of transportation under one head for economic reasons.

CITY CLERK READY FOR NEXT CIVIC ELECTION

Seeks Polling Accommodation—Un-
certain as to Use of Public
Schools.

City Clerk Sam Baker does not intend to wait until the school trustees thresh out their several problems, to make provisions for civic polling stations.

While members of the school board have divided among themselves upon the advisability of using the schools for this purpose Dec. 4, the city clerk, noting that the board does not assemble until Oct. 20, is preparing to make provision at once for accommodation.

"We can't leave these matters until the last minute," he points out, "the trustees do not meet until late next month, and I have no assurance that even then they will have decided not to grant the use of the schools."

Which Is Which?

THIS picture will set London High School pupils straight as to which of their twin teachers is which. The one above is Walter Shales and below is his brother James. Now, that's settled.

OBJECTS TO BEING ASSESSED TWICE

A. McPherson's Appeal Laid
Over For Two Weeks.

Reserved for a decision some two weeks ago, the case of A. McPherson, a stockholder of Elliott, Marr & Co., who appealed against what he terms "paying taxes on one year's dividend twice" through his solicitor, Jared Vining, was again heard before the court of revision, and was again laid over.

T. Scandrett, presiding in the absence of P. B. Fetterly, thought that as Mr. Fetterly had heard the case when it was up before, and consequently would be more familiar with the details, it would be best to leave the decision to Mr. Fetterly.

Mr. Vining endeavored to explain to the court that his client, in complying with the act, which came into effect July 1920, in making out his income tax papers, included his share of the dividend for the company's year ending January, 1921. He further pointed out that the company did not declare any dividend for the year ending January, 1922, and when Mr. McPherson did not include the dividend for the year, since there was none, Mr. Grant was insistent that he include the dividend included the year before.

Mr. Vining, on behalf of his client, claims that this is an injustice, and pointed out that if the court of revision does not grant the appeal the case is going to be taken to the county judge.

Several minor appeals were heard, most of which were granted.

Obituaries

WILLIAM YOUNG.
The funeral of the late William Young, whose death occurred Tuesday morning, Sept. 19, was conducted under Masonic auspices, from his late residence, Lot 12, Concession 2, Caradoc Township, Rev. Mr. Rose of Cooke's Church, officiated.

The deceased has always been well-known as a successful farmer, having resided on his farm for some 45 years. He was a member of St. John's Lodge, A. F. & A. M., and the news of his death came as a shock to those who held him in high esteem.

The interment took place at Cooke's Cemetery. The pallbearers were J. K. Kidd, William Vaile, J. R. Veat, W. M. J. A. McPherson, W. M. J. A. McGugan, W. M. J. T. C. West, W. M.

WILL NOT ALTER RATE FOR HYDRO

Public Utilities Commission
Decides To Let Domestic
Charge Stand.

Cost of Power To Commercial
Users To Be Increased.

Good news for the householders in London emanated from a meeting of the public utilities commission Thursday afternoon, where it was decided that the rate for hydro-electric power would not be changed as far as domestic users were concerned. This decision will apply also to street and commercial lighting.

It was decided, however, that, owing to the increased cost for power which the city of London will be forced to pay the Ontario Hydro Commission to help defray the cost of the Chippawa Canal, that the cost of power to commercial users outside of lighting purposes would be boosted practically 9 per cent. In the future the charge will be \$25 instead of \$20.

The members of the commission fully expected that the cost of power to domestic users would also have to be boosted, but such an excellent report for the year up to the end of August reached their hands a few days ago, it was decided that a change would not have to be made.

If the hydro commission did not boost the cost of power to London, the local utilities commission would have showed a profit at the end of this year of \$50,000. But as the boost in price was made retroactive to the first of the present year a deficit of \$25,000 will be experienced instead.

The board decided to stand this loss content in the belief that a profit will again be shown next year. The extra cost for power to the city of London will be \$25,000.

Boosta have also been made in many other cities and towns.

The resignation of John Swaze, who has obtained a position with a private contractor, was accepted with regrets by the board. Mr. Swaze had served for nine years.

The commission authorized the signing of a petition drawn up by residents in the vicinity of Springbank, who ask sewage improved to stop flooding. The city as a property owner joined hands with the residents in that district.

REPORT STUDY OF SUN SUCCESSFUL

SAN JOSE, Cal., Sept. 21.—The observations of the eclipse of the sun at Waila on the northwest coast of Australia by an astronomic party from the United States, New Zealand and Canada were "highly successful," according to a cable message received at the Lick Observatory, near here, today, from members of the party.

CHARGE ARCHITECT WITH APPROPRIATING \$91,300

MONTREAL, Sept. 21.—Alphonse Constant, an architect, Montreal, appeared in the police court this morning before Judge Cusson on a charge of appropriating to his own use the sum of \$91,300, the property of the

Sisters of the Precious Blood at Ottawa. The accused was remanded for three days, and bail was set at \$10,000.

FRENCH GOVERNMENT TO ISSUE LARGE LOAN

PARIS, Sept. 21.—A large loan, the amount of which is as yet undetermined, but unofficially estimated to be as high as four or five billion francs, will be issued by the government on October 20, it was learned here today.

The loan will be in the form of six per cent treasury notes at 4.98 1-2 francs, redeemable at par in three years and at 5.07 in five years. Financial experts in estimating the size of the loan take the 1923 budget de-

IMPORTS TO SHOW PLACE OF ORIGIN

OTTAWA, Sept. 21.—(By Canadian Press).—On and after Nov. 1 printed and lithographed matter of all kinds, including books and pictures, and also wooden or fibre lead pencils imported into Canada must be stamped in such a manner as to indicate the country of their origin. Regulations to this effect have been passed by the government, as provided for in the last sessional amendments to the customs tariff act.

In the middle ages the law required that 200 feet on either side of the road had to be cleared of bushes which might shelter highway robbers.

ANN READER AT GRAND SCORES

Plays Heroine's Role in Tropical Play, "Bird of Paradise."

Beautiful Scenery and Music Lend Support To Clever Acting.

Sunny tropical skies and a land abundant with flowers and native wine—wine which creeps into the blood and intoxicates the brain! Such is the setting of Richard Walton Tully's much-loved Hawaiian drama, "The Bird of Paradise," which was presented at the Grand Theatre Thursday night by a most adequate cast.

From the opening scene, disclosing a wild beach cave with its native hut of straw and company of cane cutters playing their exotic music, to the final big scene of the great sacrifice, with its fiery volcano breathing forth smoke and flames, interest is tense. And although at the end, the drama assumes the nature of a tragedy, when the beautiful princess Luana casts herself into the depths of the volcano—a sacrifice for her people and her lover, it is lightened throughout for the most part by a happy vein of humor, which relieves the tension and makes it an altogether delightful evening's entertainment.

The producer has spared no effort to get realistic Hawaiian atmosphere, even introducing the tropical electric storm in all its fury, not to mention the wild religious ceremonies of the native priest, and beautiful Hawaiian music.

Ann Reader makes a charming Luana, vivacious and dramatic in her every movement. While she remains in character as the Hawaiian maiden throughout the play, she is a big enough artist to carry an English-speaking audience with her playing upon the universally human passions, love and jealousy. She is a comedian of the finest calibre, and yet an artist capable of deep dramatic feeling.

Equally fine in his part is Frederick Forrester as the bearded, combed, renegade of the tropics, a difficult character role enacted with skill.

Pamela, Browning as the charming university graduate, come to the Hawaiian Islands bent on philosophic research, is another delightful member of the cast, who is a true artist. Her character as an influence for good in the lives of those around her, stands out in marked contrast to that of Paul Wilson, played by Seara Taylor, the young doctor who fell under the sapping influence of the southern skies, to the destruction of his own better self. Taylor, too, plays his role well, a difficult one, which shows the metamorphosis of an ambitious young medical graduate, into a reprobate of the tropics—too much satiated with love and wine and the burning sun of the south.

Other interesting characters are Captain Hatch, played by Joseph Robinson, who supplies a good portion of the comedy of the drama, Hohene, a native fisherman and lover of Juana Konis, a woman of the old days, and the well-drawn missionary and his wife.

"The Bird of Paradise" is presented again Friday afternoon and evening.

LONDON DISTRICT MAKES PROGRESS

Methodists To Open New Church At Ealing On October 15.

At the morning session of the London and District Methodist Conference, which assembled in the First Methodist Church Thursday morning campaign plans for the aid of some of the weaker churches in the district were discussed and a committee was appointed to investigate into ways and means of making adjustments in these circuits. The financial condition of the district as a whole was reported to be excellent and the prospects of the future are bright.

J. H. Chapman, Rev. J. A. Agnew and Rev. S. J. Kelly were the members of the committee appointed. In the afternoon session Principal Perry Dobson of Alma College, St. Thomas, made an appeal for \$5,000 from the London district for the extension and improvement of the work of Alma College.

The cost of the building of a gymnasium, swimming pool and a new auditorium, along with other improvements, amounts to \$100,000. Of this amount, \$30,000 has already been subscribed by the citizens of St. Thomas. And an additional \$25,000 was subscribed by the Methodist conference, which included practically all of Western Ontario. The balance is being spread over the remaining Methodist conferences of the Dominion.

Add New Department. Mr. Dobson stated: "We are adding a department of religious education, specializing in training young women for leadership in church and Sunday school."

The residents of Wellington street, St. Thomas, have donated 70,000 paving bricks out of which the new gymnasium is being built. The bricks were torn up when the city of St. Thomas repaired Wellington street, and have gone a long way in the erection of the new building."

After his address the following resolution was passed:

"That this financial district meeting, having heard the statement of what Alma College has done and of her needs at the present time, in view of the fact that the proposals of the board of management have been approved by the London annual conference, we, the members of the district, pledge ourselves to do our utmost to assist the principal in reaching the

Declare Montreal Illicit Drug Supply Comes From Germany.

MONTREAL, Sept. 21.—According to the local authorities, the bulk of the illicit drug cargoes peddled here are received from Germany, where absolutely no check is being maintained on exports of this kind.

"The situation in Montreal is terrible, and it seems to be steadily growing worse," Coroner McMahon declared this morning, shortly after leaving his court, where a verdict was returned holding a Chinaman criminally responsible for the death of a youth who died the night before last in the general hospital from drugs.

financial aims suggested for each circuit, and also in increasing in any way possible the scope and usefulness of Alma College."

Rev. George Hartwell, foreign missionary of China, and J. H. Arnupp, assistant secretary of foreign missions, Toronto, gave a brief outline of their work, and the last Sunday in November and the first in December has been set aside for the mission campaign.

Professor A. J. Johnson then spoke along educational lines and Oct. 29 was the date mentioned for this campaign.

W. E. Millson then spoke on evangelism, but no date for this campaign has yet been mentioned.

Open Ealing Church.

At the evening session the building of the church at Ealing was brought up. The church will be opened and dedicated on Oct. 15. A committee has been appointed and will make arrangements in regards to the speaker for the occasion.

Aside from the regular meeting, a social committee comprising Colonel E. G. Shannon, A. Langford, A. Barr, W. H. Sandborn, A. D. Gordon, W. Baldwin and A. L. Oatman made arrangements for a social evening to be held on Thursday next. The members of the brotherhood will have charge of the affair. The ladies of the church will serve a luncheon, and Rev. J. W. Reyroft will address the gathering.

The purpose of the social evening is to renew an interest in the church.

CANNOT CONTROL SAVINGS OF WIFE

Quebec Husband Loses Action To Claim \$5,905 Bank Account.

MONTREAL, Sept. 21.—Are a wife's savings, deposited by her in a bank, the property of her husband? A domestic controversy involving these elements was argued at length before Justice McLennan in the court of appeal yesterday and was settled by the judge dismissing the husband's claim to his wife's savings in virtue of the fact that he had

given her authorization to deposit money in her own name. Under the provisions of the Quebec savings bank act a wife may deposit \$2,000 without her husband's consent. Any sum over that amount she may not deposit in her own name without her husband's permission.

Antoine Bonin thought he had a right to control the sum of \$5,905 which his wife had deposited in a bank. She, however, thought differently, so the matter was taken to court.

"THE EMPEROR JONES" TO BE GRAND BILL SATURDAY

Adolph Klauer will offer Eugene O'Neill's remarkable play, "The Emperor Jones," with the celebrated actor, Charles S. Gilpin, in the leading

role at the Grand Saturday afternoon and evening. This attraction comes to this city after scoring a distinct triumph at the Princess Theatre, New York, where it ran for an entire season. The presentation has been more universally discussed among theatre-goers in the metropolitan centers, and has received a greater measure of commendation from leading critics than any other theatrical offering in the past 20 years.

Mr. O'Neill is a young man with new ideas. He has built his play along new lines, casting precedent to the winds, with the result that at last here is a drama which conveys an original thought, and one that will undoubtedly pave the way to a higher standard of stage offerings. It is the dramatic novelty of the age, and Mr. Gilpin's acting is said to be superhuman.

INDIANS EXHIBIT WARES AT FAIR

Record Crowd Attends Annual Exhibition At Sarnia Reserve.

Array of Fancy Baskets by Women Sells Very Quickly.

Special to London Advertiser. SARNIA, Sept. 21.—The big local event this week was the Indian fair which took place this afternoon on the Sarnia Indian Reserve. Favored by ideal weather the fair proved the best yet held, an attendance of 2,000 exceeding previous records by 500.

In matter of exhibit, a record was also created, horses, cattle, roots and vegetables, fruits and Indian craft and women's work, showing up particularly well.

Quite a feature of the exhibits in the council-house was a splendid array of fancy baskets made by the Indian women. City women swarmed around the exhibit and the baskets were quickly tagged with "sold" tickets.

A feature of the fair was the manner in which the organization smoothed out all difficulties and for these much is due John Nahmabin, the energetic secretary, Nicholas Plain, president, Thomas Maville, treasurer, William Nahmabin, vice-president and W. A. Thresher, assistant-treasurer.

Very prominent among prize winners in almost all classes were John and William Nahmabin, Nicholas Plain, Joseph Riley, Glen Elford, W. J. Rogers, Charles Cottrell, P. Nawaug.

Some interesting racing featured the afternoon. Della G., owned by Gates, won the free-for-all in 2:35. Royal D., owned by Neely, won the green race in 2:45. Flyer, owned by Bird, won the Indian horse race, and Rose, owned by Simpson, won the novelty horse race.

In the baseball game Walpole Island Indians won out from the Sarnia Reserve by a 5-2 score. The Indian band from Moravian Reserve discoursed excellent music during the afternoon.

The third degree team of Sarnia Lodge, No. 124, I. O. O. F. winners of the first prize at the Sovereign Grand Lodge meeting in Toronto last year, was forced to yield the palm to the Eden Lodge team of Wellington, Delaware, in the competition in the Sovereign Grand Lodge sessions in Detroit last night. The Delaware team scored 96 1-3 points to capture the first honors, and the Sarnia team came second with 94 1-3 points, considered by local officers to be a very creditable showing.

William James Clatworthy, 65, collapsed on the veranda of his home at 315 Vidal street south today, following a heart attack, and died before medical assistance could arrive.

Mr. Clatworthy, who has been an employee of John Goodison Thresher company for twelve years, was at his work as machinist in the morning. He appeared to be in good

WHERE NEW WAR LOOMS IN NEAR EAST

TURKISH Nationalist troops under the leadership of Mustafa Kemal Pasha, have advanced from their base at Angora, Asia Minor (1) and have taken the important seaport and commercial centre of Smyrna (2) which fire of uncertain origin destroyed as it was captured. The

health when he returned home for lunch, and was sitting on the veranda talking to his wife when the fatal attack of the heart occurred.

WOMAN'S CLOTHES BURN FROM BODY

PETERBORO, Sept. 21.—Like a flaming torch, Mrs. Nathan Fine rushed out into the yard at the rear of her home this afternoon and when the neighbors and police gathered it was found that all the clothes on her body had been burned off as a result of her dress catching fire from an overheated stove. She was removed to the hospital in a critical condition.

PINKERTON FAIR DRAWS BUT SMALL ATTENDANCE

Special to London Advertiser. CARGILL, Sept. 21.—The 49th annual Pinkerton exhibition, held at Pinkerton yesterday, attracted a crowd of not more than 500 people, the gate receipts amounting to only \$45. The total proceeds, including the concert in the evening, amounted to \$118.

The exhibits of livestock, dairy products, grain, vegetables, roots, fruit and ladies' work were fairly good, and 500 prizes were given for exhibits in the various classes.

Turks have driven the Greeks from the whole coast of Asia Minor; the latter are fleeing to Piraeus. From his positions in Smyrna and Brusa, Kemal is able to threaten Constantinople (3) now under inter-allied control. Allied warships in the Sea of Marmora and before Smyrna are

preparing to hold the Turkish leader in check. Britain is rushing troops to occupy the neutral zone about Constantinople, indicated by the dotted line. Kemal in a draft of peace terms has demanded Constantinople and Adrianople, seen west of Constantinople. This, together with

EXHIBITS LARGE AT SCHOOL FAIR

Pupils of Dutton and Dunwich Display Keen Rivalry For Prizes.

Special to London Advertiser. DUTTON, Sept. 21.—The Dutton and Dunwich rural school fair, held in the Memorial Park Wednesday afternoon, proved the best yet held with regard to attendance, quality and quantity of the exhibits.

Every school section was well represented, and rivalry was keen as to which should receive the coveted ribbons.

The poultry show comprised 115 fine birds, and there was a splendid display of fruit, roots and vegetables, grain and seed, cooking and sewing. In the cooking department delicious-looking pies, cakes, cookies and bread were shown. The sewing and fancy work of the girls was also of a high order.

In addition to the regular fair exhibits, a program of sports was given and the boys and girls battled for the prizes.

Another attraction was a public speaking contest, when splendid three-minute addresses were given

Zurich Raspberries Grow in September

INSPECTOR W. E. KELLY of the Children's Aid Society is in possession of a branch upon which several luscious raspberries may be seen having picked it from a bush by the road in the vicinity of Zurich.

The berries are not of the wild variety, but are quite large. Inspector Kelly exhibited his find in his office Thursday.

by a dozen speakers, the winners being: 1. Nellie Dell of Dutton school, who spoke on "Man's Most Dangerous Enemy"; 2. Albert McIntyre, "The School Fair"; 3. Ester Brown, "The Human Hand and Its Education."

The fair was under the direction of the agricultural representative of Elgin, C. W. Buchanan, and his assistants, who worked from early morning arranging the display and awarding the prizes.

The woman who loves every hair on her husband's head hates every hair on his shoulder.

the suspicion that Bulgaria may support Turkey, has caused Jugoslavia to mass troops on its borders (5). Meanwhile Soviet Russia is said to be concentrating troops in the Caucasus (6) to come to the aid of Kemal. The bulk of Kemal's troops are quartered on the mainland of Asia Minor (4).

FIND \$28,000 IN EXPRESS ORDERS

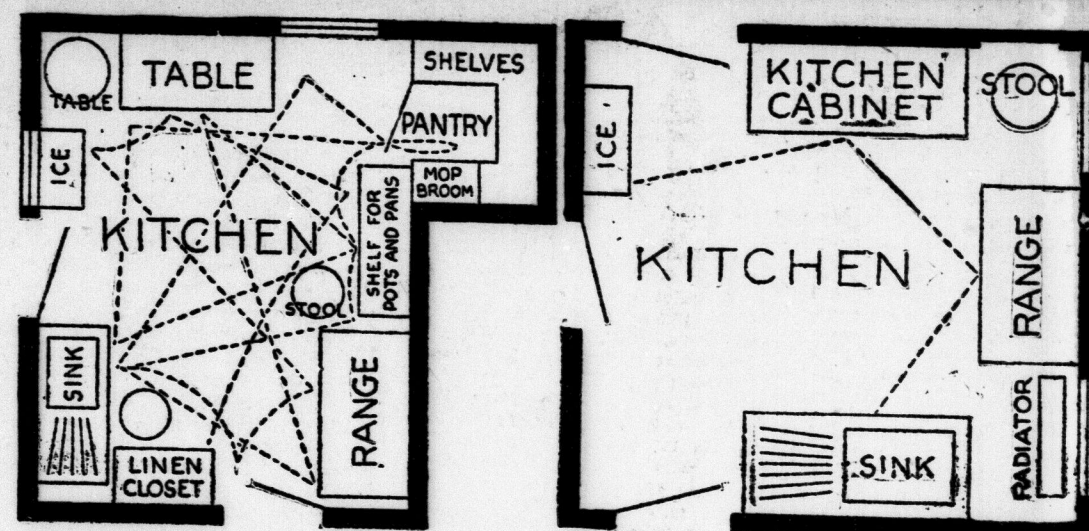

Kent Police Locate Shack Said To Have Been Bandits' Headquarters.

Special to London Advertiser. CHATHAM, Sept. 21.—Continuing their search for evidence against Oliver Casey and Harry Wilson, arrested a week ago after 200 Dresden and district farmers had joined in a man-hunt, county police yesterday located an old shack on the banks of the Snye, Dover Township, which they claim to have been the headquarters of the alleged bandits during their campaign of plunder.

There were indications that the two men had lived there for some time. The police recovered many articles, which, they say, have been stolen from various places, where the burglaries for some time have been shrouded in mystery.

Among the things recovered were express orders to the value of approximately \$28,000, alleged to have been stolen from the station office at Dresden.

While driving autos or bargains it is safer to keep to the right.

LIONS CLUB ENTERTAINS DAY NURSING CHILDREN

Children of Day Nursery Attend Western Fair As Guests of Lions Club.

Many little ones were made happy during Fair Week through the kindness of the Lions Club who took the children, all of whom were old enough, from the Day Nursery to the Western Fair. They enjoyed the grandstand performance, and later the various corners of the fair were inspected, to the great delight of the children. Perhaps what pleased them most was the ride on the merry-go-round, which some of them saw for the first time in their young lives.

The Day Nursery board also wishes to thank the following, who have contributed to the needs of the Nursery: Mrs. Chalmers, Anderson avenue; Mrs. Ridout, street, 25 pounds; Mrs. Harris, Ridout street, 25 pounds; Mrs. Palfrey, apples; Mrs. Laing, pears; Mrs. Wootton, carrots; A. Friend, vegetables; Mrs. Senior, apples and pears; Mrs. Meek, Queen's avenue; Mrs. Miss Upsett of the City Creamery, 1 large basket of peaches; Mrs. C. B. Hunt, two baskets of peaches and granulated sugar; Mrs. Harris, Ridout street, 25 pounds; Mrs. Mark's Girl Guides, a shower of groceries and toys.

CLUB NEWS

What Women Are Accomplishing in London.

KNOX W. M. S.

An interesting meeting has been arranged for Monday, when Knox W. M. S. will meet with Senior Girls Auxiliary. Miss Evelyn Haylock will give the report of the summer school in St. Thomas.

WOMEN'S LABOR PARTY.

Arranging plans for the winter season was the chief business taken up by the Women's Labor party at the first annual meeting since the summer, held in the Labor Temple Wednesday evening. From now on the party will meet weekly, and next Wednesday Mr. Arthur Mould will address the members on the "Old Age Pensioners." The meeting was presided over by Mrs. Fred White.

CHAPTER PLANS BALL.

Plans for the charity ball to be held in November or December were made at the meeting of the Campbell Becher Chapter, L. O. D. E., which met for the first time since the summer at the home of the regent, Mrs. F. J. Greenaway, King street. The report from the big sister committee showed that the girls were doing well, and that the necessary equipment to start to school. Mrs. Claude White, reporting for the ice cream booth at the Western Fair, could not give the total receipts, as the returns were not all in as yet.

Seventy-five dollars was turned in from the sale of the book books, which were compiled and sold by the chapter members.

Four new members were welcomed, including Mrs. (Dr.) McLean, Mrs. Elford and Mrs. Winn of Winnipeg, and Mrs. Hayer.

Following the business part of the meeting tea was served, the hostess being assisted by Mrs. Clarence Atkins and Mrs. H. Bell. The next meeting will be held at the home of Mrs. J. Ferguson, Forward avenue.

PLAID SKIRTS.

Accordion plaid skirts in silk and satin are popular for wear with the new blouses that fasten low over the hips. Figured blouses or all-over embroidered ones seem the favorites.

Wash-Day Toil

IS GONE FOREVER

A perfect method takes its place! No longer need Canadian women sacrifice their health and happiness by toiling all day over a steaming wash-tub. See the

at your local dealers, and let them show you how easily and harmlessly it cleanses the dirtiest, as well as the heaviest, of articles. Write to us for an illustrated booklet "Out of Bondage," and let us tell you how your wash day need be no different to any other day. BLUE BIRD CORPORATION, LTD., Dept. E, Brantford, Ont.

WITH THE BRIDES

KOYLE-COOK.

A quiet but very pretty wedding took place Wednesday afternoon, Sept. 20, 1922, at the Westminster Methodist parsonage, Lambeth, the bride's father, Rev. Walter M. Kitey, officiating, when Miss Ella C. Koyle, only daughter of Mr. and Mrs. James W. Koyle, "Mapleview," Lambeth, was united in marriage to Mr. Charles W. Cook, eldest son of Mr. and Mrs. Albert Koyle, of Southwold. The bride's traveling costume was navy tailored tulle, with hat and veil to match, and she wore a corsage of Ophelia roses. The groom's suit was of Ophelia roses. The bride's sister, Miss Mabel Koyle, of St. Thomas, and the bride's brother, Mr. Thomas, and the bride's mother, Mrs. Koyle, of Lambeth, were present. The happy couple left for Toronto on a wedding tour. Upon their return they will reside at "Mapleview," West Magdalen.

BALLANTYNE-KARN.

A handsome autumn wedding took place on Wednesday afternoon, September 20, 1922, at 2 o'clock in the College Avenue Methodist Church, Woodstock, when Miss Marion Ruth Karn, only daughter of Mr. and Mrs. John C. Karn, 801 King street, Woodstock, became the bride of Dr. Thomas Whitson Ballantyne, of Woodstock, only son of Mr. and Mrs. Thomas Ballantyne, Stratford, Ont. Rev. W. B. Caswell of Toronto officiated, assisted by the Rev. C. V. Barker, of St. Catherine's, and Rev. S. M. Roadhouse, pastor of the church. The bride was given away by her father and was charmingly gowned in soft ivory satone panne velvet, which was modeled from a creation of Doucille. A long court train fell effectively from the right shoulder and silk point founcing combined a perfectly draped skirt, beginning at the waist line and forming a double drape at the lower edge of the train. On the left, the drape of all velvet made a sharp, but charming contrast, while each drape was finished off with small pearl sunburst ornaments. The customary bridal veil was caught up with orange blossoms and pearl trimming. The bride carried a shower bouquet of orchids and lilies of the valley. The matron of honor was Mrs. A. Brander, Wallaceburg, and the bridesmaids, Miss Rita Karn of London and Miss Margaret Miller of Woodstock. The matron of honor and bridesmaids wore respectively, gowns of peach, pale blue and orchid, charmesse satin trimmed with silver streamers, and carried bouquets of pink Columbia roses. Their hats were of silver lace and rosebuds. Two little maids, Betty Lefler and Frances Tindall, both of Woodstock, made very dainty flower girls. The little tots wore pink and pale blue tulle dresses with wreaths in their hair, and carried gold baskets of Sweetheart roses. The wedding march was played by Miss Marion Miller, of Woodstock, and during the signing of the register, Mrs. Russell Sandcock sang "Because" very pleasingly. The groom was attended by Mr. George Dingman of London, the ushers being Dr. W. J. B. Brown of Niagara Falls, and Mr. Ralph E. Chandler of Port Arthur, brother-in-law of the groom. The church was tastefully decorated with a profusion of pink and white asters, banked with palms and ferns. Mrs. Karn, mother of the bride, wore gray georgette

and black hat trimmed with orange. Mrs. Ballantyne was gowned in blue charmesse, with overdress of black lace and black hat, trimmed with silver. Mrs. John Karn, Sr., of London, grandmother of the bride, was the guest of honor. Among the out-of-town guests were the following: Mr. Harry Storey and daughter Ruth of Los Angeles, Calif.; Mrs. R. B. Chandler, Port Arthur; Mr. and Mrs. P. R. Wills, Detroit; Dr. and Mrs. C. W. Karn, Mr. T. A. and Miss C. Karn, Mr. and Mrs. Walter Ballantyne and Miss Doris Wade, London; Miss Margaret Marshall, Westmount, Que.; Mr. and Mrs. S. B. Coon, Toronto; Mr. and Mrs. Adam Ballantyne, V. Ballantyne, Stratford; Mr. and Mrs. Alex. Ballantyne, Brantford; Mr. and Mrs. Clarence Kemp, Toronto; Mr. and Mrs. W. S. Dingman, Toronto; Miss Mary Sutherland, Detroit; Mr. and Mrs. Alex. Hackett, and Miss Bosley, Brantford; Mr. and Mrs. Hugh Anderson, Caledonia; Miss Annie Kent, Timmins; Mr. and Mrs. Lattimer, Hagersville; Miss Beatrice Eldt, Stratford; Miss Georgina Allen, Toronto; Dr. David Smith, Mr. and Mrs. James Brown and Joseph Brown, Stratford and many others. Immediately after the ceremony a reception was held at the home of the bride's parents. The house decorations were Ophelia roses and ferns. A buffet luncheon was served. Later the happy couple left on a motor trip. The bride traveling in a navy blue tailored suit with black Parisian hat and ermine stole. After their return, Dr. and Mrs. Ballantyne will reside at their new home, 62 Wellington street.

PARKINSON-TYE.

The marriage took place at St. John the Evangelist Church Wednesday at four o'clock of Velma Gertrude Tye, daughter of Mr. and Mrs. George Tye, to Melville Parkinson, son of Mr. and Mrs. Fred Parkinson. The bride looked charming in her wedding gown of navy blue canton crepe and hat to match, and she carried a shower bouquet of Ophelia roses. She was attended by her sister, Mrs. Percy Ferguson, who was gowned in navy canton crepe with a gray hat, and she carried roses. Mr. William Parkinson, brother of the groom, was best man. Rev. A. L. G. Cline performed the ceremony.

Following the ceremony a reception was held at the home of the bride's parents, Chelsea Green. Mrs. Tye, mother of the bride, wore a black tulle gown, with a corsage of Ophelia roses, and Mrs. Parkinson, mother of the groom, was gowned in navy blue tulle, with a corsage of roses. A wedding supper was served, the tables and rooms being decorated with autumn foliage and pink and white asters.

Mr. and Mrs. Parkinson left on a honeymoon, which will be spent in Toronto and Niagara Falls and Western points. Upon their return they will reside in Piccadilly street. The guests numbered twenty-five, including Mr. and Mrs. Break of Brantford and Mr. and Mrs. Bakind of Toledo.

WOMEN CONDUCT SERVICE.

The Sunday services at the Kintore Presbyterian Church were conducted by the Kintore Auxiliary of the Women's Missionary Society. Mrs. (Rev.) I. H. McDonald conducted the services, and Mrs. (Dr.) Allison gave the opening prayer. Mrs. McDonald on the third Sunday in September will be the women's Sunday, and the services will be in their hands.

An interesting address was given by Miss Nora Armstrong of the Free Presbyterian Missionary and Deacons Home in Toronto, giving an outline of her work in this home. Mrs. D. Chalmers, a chartered member of the auxiliary, gave a report of the Kintore Auxiliary, which was very interesting and informative, and Mrs. McDonald gave an outline of the Women's Missionary Society.

Special music by a choir, consisting of members of the W. M. S., was greatly enjoyed.

GRACE COUNTY CLUB HOLDS ANNUAL MEETING

Interesting reports of the work carried on during the year were given by the treasurer and secretary of the Grace County Club of Thamesford at the annual meeting, held at the home of Miss Iola McKellar. In her annual report the secretary pointed out that the interests of the club were not only confined to the members alone, but that the whole community was benefiting by their work. The treasurer's report showed the total receipts for the year amounted to \$326.77; expenditures, \$256.23, with a balance of \$70.44 on hand.

Mrs. Jean Hogg was elected president, with the following executive: Vice-president, Anna McKay; secretary, Helen McKay; treasurer, Merle Hogg; press reporter, Agnes E. McKay.

This is the third annual meeting of the club, and fifteen members were present, and the collection amounted to \$2.50.

Personals

Miss Amy Taylor is visiting in Windsor.

Miss Stirling Westland is entertaining at a bridge Friday afternoon.

Mrs. George Ellis and Mrs. McTaggart have returned from Atlantic City.

Miss Kate Talbot of Toronto is a guest with Dean Sherwood Fox and Mrs. Fox.

Mrs. James Kerrigan was the hostess of a bridge of three tables Thursday evening.

Mr. and Mrs. Wm. J. Ashplant, 627 Wellington street, have gone to Aylen Lake, Algonquin Park.

Mr. and Mr. T. F. Kingsmill and Miss Ruth Kingsmill arrived home Sunday after spending three months in England.

Mrs. W. E. Greene is entertaining at the tea hour Friday, at the Highland Golf Club, in honor of Mrs. Duncan MacArthur.

Mr. and Mrs. H. B. Gahan and Miss Louise Gahan have returned to town from their summer home, Blue Pine Cottage, Port Stanley.

The tea given under the auspices of St. Andrew's Ladies' Aid at the home of Mrs. Robert Anderson, Piccadilly street, was a most successful one, Thursday afternoon.

Mrs. S. V. Cooke, accompanied by her small son Stuart, is leaving this week for New York, where she will spend several months, the guest of her mother, Mrs. C. Spooner.

In honor of her guest, Mrs. Rietert of Montreal, Mrs. Neville Pope was the hostess of a bridge of four tables given Thursday afternoon at her home in St. George street.

Lieut. Archibald Hunt, Mrs. Hunt and their small daughter Betty, have returned to their home in Winnipeg, after spending the summer with Mrs. Hunt's grandparents, Mr. and Mrs. R. C. Struthers.

Mrs. Hugh Shuttleworth was the hostess of a bridge of three tables, given Thursday afternoon in honor of Mrs. Duncan MacArthur, who leaves next week to join her husband at Kingston, where he has been appointed to the staff of Queen's University.

Miss Josephine Wick, Toronto Free Hospital, Mount Dennis, formerly of London, leaves for Fordham Hospital, New York City, October 1, to take a post-graduate course in medicine. Miss Wick is to be the guest of Dr. and Mrs. MacFarlane for a few days, who will entertain in her honor over the week-end.

Among the hostesses entertaining in honor of Misses Enid Fisher and Honor Cronyn are Mrs. George Brown, who is giving a bridge Tuesday next; Mrs. Russell Beattie, who will be the hostess of a luncheon Wednesday, and Mrs. F. E. Eccles is entertaining at the tea hour in honor of these two popular brides-elect.

In honor of Miss Helen Smith, a popular bride-elect of next week, a charming jam shower was given on Wednesday evening at the home of Mrs. R. J. Martin, William street. The rooms were artistically arranged with gladioli and asters, and following the presentation of the jam, a dainty supper was served. The guests numbered fourteen.

Employees of the L. R. Steel Service Corporation and their friends motored to the home of Mr. and Mrs. George York, Byron, and held a jolly corn roast, Tuesday, September 19. After roasting corn and a short time ago, were pleasantly surprised by the presentation of some beautiful china. Music and a delightful lunch concluded a very enjoyable evening.

A wedding of interest to a large circle of friends is taking place October 4 in the First Presbyterian Church, when Enid Fisher, eldest daughter of Mr. Justice R. G. Fisher, is to be married to Lieut. Norman of the P. C. L. of Winnipeg. Attending Miss Fisher at her wedding will be Mrs. Patrick Nare of Nassau Bahamas as matron of honor and Miss Katherine Cronyn and Miss Lind of Toronto as bridesmaids. Mr. Grant Fisher is to be best man.

The marriage of Miss Honor Cronyn, daughter of Major Hume Cronyn and Mrs. Cronyn of this city, to Eric Cochran, son of Mr. and Mrs. Robert Cochran of Toronto, which takes place October 7 at the Cronyn Memorial Church, will be one of the smartest weddings of the season. Miss Cronyn's attendants will include Miss Katherine Cronyn as maid of honor, Miss Alice De Wolfe of Bristol, Rhode Island; Miss Isabel Cochran of Toronto and Miss Margaret Scatterd of this city as bridesmaids. John Crerar of Hamilton will be the best man, and the ushers are to be Messrs. Aemilius Jarvis, Jr. of Toronto; Gordon Cassels, Toronto; Strathearn Hay, Toronto, and V. P. Cronyn of this city.

Alias the Lone Wolf

by Louis Joseph Vance
© 1922 International Magazine Company

BEGIN HERE TODAY.

Love of EVE DE MONTALAI, and the desire to prove that he had not violated the hospitality of her chateau in Southern France, sent MICHAEL LANYARD, now the brilliant member of the English Secret Service, but once the notorious crookman, the LONE WOLF, on the quest of her jewels.

They had been stolen while Lanyard was her guest recuperating from wounds inflicted by DUPONT, a Paris Apache, whose attempted highway robbery of the women of the chateau de Montalais had been frustrated by Lanyard.

Lanyard suspects that the jewels were stolen by a band of thieves, masquerading as tourists, consisting of

WHITAKER MONK, his secretary, PHINUIT, the latter's brother, JULES, and the COUNTESS DE LORGNE. Lanyard goes to Lyons and trails Dupont, who in turn is trailing de Lorgne, who is the Lyons-Paris express, which is bearing Lanyard, Dupont and de Lorgne, de Lorgne is murdered in his berth.

GO ON WITH THE STORY.

CHAPTER XIII.

Mademoiselle the Detective. In London, about noon of that day, Wertheimer deciphered a code message:

"Dear old bean: Please advise prefecture de police without revealing your source of information, unidentified man murdered on express stopped yesterday Hotel Terminus, Lyons, under name of Comte de Lorgne. During entire evening before entraining he was shadowed by two Apaches, one of whom, passing as Albert Dupont, booked in same carriage with Lorgne, but detained Laroche six-fifteen. (An admirably succinct sketch of the physical Dupont is here deleted.) As stranger in Paris I crave passionately to review night life of great city, but am naturally timid about going alone after dark. Only society of beautiful, accomplished, well-informed and agreeable lady can put me at ease. Can you recommend one such to me by telegraph? Presume you have heard your old friend Duchesne is suspected of looting jewels of Madame de Montalais, Chateau de Montalais, near Millau. He counts on your discretion to preserve secret of his innocence pending further advice. Paul Martin here stopping Hotel Chatham. Toodle-oo."

"M. L." A telegram from London addressed to M. Paul Martin, Hotel Chatham, Paris, was delivered late in the afternoon.

"Prefecture tipped off. May I thank. Fully appreciate you cannot trust yourself alone in the dark. Therefore cheerfully delegating preservation of your virtue while in Paris to Mlle. Athenais Reneaux, maiden lady mature charms whom I beg you will respect as you would my sister. Wishing you enjoyable intellectual evening—W."

It needed receipt of a petit-bien, while he was dressing for dinner, to cure Lanyard of an attack of premature shivers brought on by recollection of the awful truth that is never really same in trifling with an Englishman's sense of humor. "Dear Monsieur Martin: It is too sweet of you to remember your promise to ask me to dine the first time you came to Paris. Since you leave it to me, shall we say the Ritz, at half past seven? In case your memory for faces is poor—it has been a long time since we met, hasn't it?—I shall be wearing the conventional fast black with my very best genuine expression; and my feather fan will be flame-colored."

"Always to you—
"ATHENAI'S RENEUX."
Now that sounded more like...

SHE HANDED OVER HER TELEGRAM.

ligible to both as if the messages had been couched in open French or English.

The girl was laughing as she returned Lanyard's telegram and received her own.

"Enjoyable intellectual evening!" Oh, how depressing! And are you going to obey that injunction to treat me as somebody's sister?

"Never in my life!"

"I like that better. And," she inquired demurely, "may one ask what are monsieur's commands?"

"First: you will continue to flirt with me as at present—outrageously."

"Even when you make it so difficult?"

"And then, if I discover an interest in people I may chance to see, ory for faces is poor—it has been a long time since we met, hasn't it?—I shall be wearing the conventional fast black with my very best genuine expression; and my feather fan will be flame-colored."

"Athenais Reneaux."

Now that sounded more like...
Mademoiselle Athenais Reneaux lived up in most gratifying fashion

JACK DAW'S ADVENTURES

AFTER JACK ESCAPED FROM THE MOUNTAIN OUTLAW PEDRO LOPEZ, HE TRAVELLED STEADILY WITH SAFETY. JACK DECIDED TO STOP AT THE FIRST GOOD CAMPING SPACE. THE TRIO WERE ALL VERY TIRED AND HUNGRY.

THE HORSE ABLE AT THE CROSS, BUT FOR ONCE JACK AND FLIP HAD TO GO HUNGRY. THE YOUNG ADVENTURER SET ABOUT MAKING PREPARATIONS FOR THE NIGHT. THE TRIO THEN RESTED UNDER THE TREE.

SOON ALL WERE FAST ASLEEP. A SCREECH OWL FLEW OVERHEAD, SLEEPING IN THE OPEN WAS NOT A NEW EXPERIENCE FOR ANY OF THEM. CONTINUED IN NEXT CHAPTER.

THE HORSE ABLE AT THE CROSS, BUT FOR ONCE JACK AND FLIP HAD TO GO HUNGRY. THE YOUNG ADVENTURER SET ABOUT MAKING PREPARATIONS FOR THE NIGHT. THE TRIO THEN RESTED UNDER THE TREE.

BY ELTON

NUT BREAD

FOR the children's lunch box, or for a luncheon bread at home, there is nothing better to serve once or twice a week than a good nut bread. The following is a good recipe for nut bread which does not crumble and keeps moist as long as there is any left.

With marmalade between the slices it is a satisfying sandwich.
2 cups entire wheat flour
1 cup bread flour
1 1/2 teaspoons salt
1/2 teaspoon soda
2 teaspoons baking powder
Measure flour after sifting once, then sift again with remaining dry ingredients. Mix molasses, milk and water and combine with flour.

Thoroughly mix, heat well, add nuts and turn into a well greased bread pan. Let stand for one hour—then bake two hours in a moderate oven.

Bertha Collars Again

VERY wide bertha collars are being shown for autumn wear.

When they are of the sort that come with the dress they are often made of the material itself and trimmed with embroidery or beading.

When the collar is of a detachable variety they are usually made of sheer lace or net trimmed with lace. They open front and back or only in the back.

The soft transparent folds of the very wide ones are most becoming—when they are safe to argue that their new popularity is assured.

Afternoon, evening, daytime and negligee frocks all use them impartially, and so do garments for children, grown-ups and in-betweeners.

SPANISH SHAWLS.

One sees Spanish shawls used for evening wraps, negligees, and even draped into very attractive evening gowns.

RADIO PREVENTS WASTE.

Radio will prevent waste in France. From the Eiffel Tower radio station the government is broadcasting daily price lists on provisions in the Paris market. Thus, farmers will know just what supplies to send to the city.

BLUE AND BLACK.

Royal blue is used effectively on black velvet. One draped frock is lined with chiffon of that color which is revealed most charmingly by the one-sided drape. A cauchon of sapphires holds the drape in place.

YELLOW FLANNEL.

Yellow flannel is the trimming used to give distinction to a blue plaid frock braided in black. It makes the collar and underskirt and is introduced sparingly about the belt.

Decorating a Home—Famed Expert Bares Her Secrets

BY MARIAN HALE.

MANY women have demonstrated their abilities as interior decorators, but Mrs. Emmott Buel has gone a step further and is now designing stage rooms.

Her latest efforts in this direction are shown in "Fools Errand," a

Broadway production. The interiors she designed have so much character with so little apparent effort, and such balance and simplicity, that one's first impulse is to ask: Why can't we get such effects in our homes?

So I went to see Mrs. Buel, in her

when necessary. That's my system.

"The first thing to consider is the exposure of the rooms—dark rooms or those facing on a court, need to be decorated in bright colors—deep yellows, bright blues, or that Italian yellow-pink. Sunny rooms need to be softened with neutral colors.

"Plain walls are by far the easiest to work with, paneled ones should not be attempted without being most carefully planned. Unless one particularly wants the effect of a low ceiling, one should avoid drop ceilings, wide moldings and wainscots that break the lines and take away from the simple dignity.

"If a house has these defects they may be remedied by keeping the woodwork, wall and molding all the same tone.

"If one has very ugly furniture—and sometimes we do have—this fact may be rendered less obvious by decorating the walls in a very lovely color or in a figured pattern that will draw attention to its own beauty and keep one's eyes away from the badly designed chairs.

"In a room where much figured material is being used and where there are many colorful objects to be used, the walls should be of an inconspicuous color and the hangings subdued.

"Many rooms are ruined by a bad floor treatment. Conspicuously new hardwood floors, yellow and shiny, often throw a whole room out of key. They should be mellowed down to a dark, inconspicuous tone.

"Windows are most important. Some of the most effective curtains, however, are also the cheapest. One of the most beautiful homes on Long Island has a fascinating room in which the curtains are of red calico with a yellow figure, bound with bright blue glazed chintz.

Sateen Curtains.
"Plain sateen makes beautiful curtains and so does plain tulle. Two shades of sateen give changeable effect that is charming.

"If the pictures do not harmonize with a room it is better to eliminate them entirely. If you have the courage to keep out of a room the things that do not harmonize, even if they are beautiful in themselves, you have the material from which a successful decorator is made.

"Brackets with ivy or flowers are as effective as pictures—and that brings me to flowers. No room is perfect to me without them—it is like a woman without a smile. Flowers add simplicity to a formal room and lend a grace to a simple one."

MRS. EMOTT BUEL.

studio full of antiques and bits of loveliness gathered all over the world, and put the question to her.

"It is much easier to get beautiful effects in a home than on the stage," she assured me. "It is not what you spend, but how you spend it that makes a successful room."

Study Rooms First.
"In decorating I always study the room carefully, and form a mental picture of how the place should look as a whole and build it as a whole. I keep my values right and eliminate

So Different!

WHEN you buy a Gainsborough, you have that wonderful satisfaction of knowing that your hat will be so different. No one else in town can possibly get one like it. Gainsborough models are individual.

Gainsborough models are made from the latest approved patterns of the French salons—and are so exclusive. Their Parisian smartness, exquisite lines, superb materials and inimitable workmanship make them so different from ordinary hats.

The materials and trimmings used in Gainsborough Millinery are really wonderful. They are so carefully selected for their exquisite quality, their beauty and smartness.

You will find Gainsborough Millinery only in the more exclusive shops. Look for the Gainsborough label in the lining.

Imparts Distinction. Emphasizes Personality.

ANT COMPANY TO MEET COSTS

Woodstock Council Seeks Settlement For Assisting To Establish Canadian Plant.

Woodstock Balke Collender, Limited, Will Not Locate in City.

Special to London Advertiser.

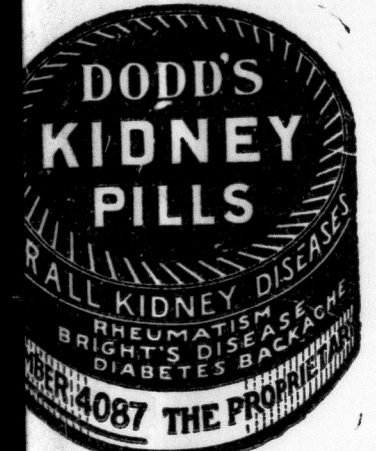

WOODSTOCK, Sept. 21.—The city council has decided to ask the Brunswick Balke Collender Company, Ltd., Chicago to reimburse the city in the amount of expense which the corporation bore in connection with the ratification of the agreement, by which the company was to establish a Canadian branch in this city.

The request includes allowance for the purchase of realty, and in the building of houses.

The agreement was made three years ago, and now the company has notified the city that they do not intend to carry out their part of the agreement. Accordingly, a letter was sent to the company today, naming the various sums and asking for reimbursement.

The figures include the sum of \$82.75, the cost to the municipality of loss on realty purchased for the sum of \$14,014.51, actual loss to the city on the houses built by the corporation, and the cost of the real housing commission on the real estate of the officers of the firm for the accommodation for their workmen.

William Muir, another of the city's fine old Scottish pioneers, died away suddenly at his home on the 10th line of East Zorra today, aged 80 years. He had assisted with milking on the previous morning. He was born in Ayrshire, Scotland, and came to Canada as a young man.

Turkish Cavalry Advancing Toward Constantinople

MONTREAL, Sept. 21.—This is the first picture to reach Canada to give an accurate idea of the advance of the Turkish army. The picture shows the wing of his army that has been most used in his rapid advance to within a few miles of Constantinople. Notice that some of the horsemen are equipped as regular troopers while others have the nondescript accoutrements of irregulars, brigands and marauders, who attached themselves to the Turkish chief as he crossed Asia Minor.

and had occupied the farm where he died for 50 years.

He was an eminently successful dairy farmer, and even in his advanced years participated actively in the conduct of his farm.

He was a member of Chalmers Church, Woodstock, and highly respected throughout the whole district.

His wife, one son, William of East Zorra, and one daughter, Mrs. W. A. Hart of the 9th line, survive.

The funeral will be held on Saturday afternoon at the local Presbyterian Cemetery.

13-YEAR-OLD BOY ADMITS STEALING

Will Appear in Juvenile Court At St. Thomas Friday Morning.

Special to London Advertiser.

ST. THOMAS, Sept. 21.—Investigation of the theft of \$114 from the till of the service station operated on the Gravel road by Messrs. Belbin & Riddle led to the examination Thursday of a 13-year-old boy residing in the Wilson avenue district, who has been employed during the summer months in Howard Vair's refreshment booth adjoining.

Although he disclaimed any knowledge of the \$114, he admitted systematic thefts of amounts averaging a dollar a day from his employer and

Successful Reunion of Yarmouth Former Residents Held At Sparta

Special to London Advertiser.

SPARTA, Sept. 21.—Sparta held an old boys' reunion yesterday for the township of Yarmouth, and a lively day was spent.

Five baseball teams were organized throughout the township, east, west, north and south of the village, and one in the village. Only men over 35 were eligible. Very interesting games were played by these

players of the past. Sparta won the most games, and the south team came second. In the final contest between Sparta and the south team, the latter won out.

The 25th Regiment Band of St. Thomas enlivened the occasion with an abundance of good music. The township was well represented with a large attendance, and a very enjoyable time was spent.

The theft of \$22 from the service station at another time.

The money had been spent in Port Stanley, he said. He will be brought before Magistrate Maxwell Friday morning, and will be heard in the juvenile court owing to his extreme youth.

HUGHES SEEKS FACTS ON NEAR EAST SITUATION

LONDON, Sept. 21.—(Canadian Press.)—Considerable speculation is current among the political circles of Premier W. M. Hughes of the Australian Commonwealth, regarding the text of a secret cable which Premier Hughes sent to Lloyd George, the British premier, according to a Reuters dispatch from Melbourne.

The Australian premier declines to divulge the contents of the cable, but asserts that it requested that he be put in possession of the full facts regarding the Near East situation and also the objective of the Allies in connection therewith.

Every department of the show was well filled with exhibits of excellent quality.

James Malcolm, M.P., North Bruce, was slated to speak in the afternoon, but he did not make a speech although he was present at the fair.

The Winton Brass Band furnished the music for the day.

The fair closed with a concert in the town hall in the evening.

880 PRESENT AT HEPWORTH FAIR

Crowd Smaller Than Last Year, but Exhibits of Superior Quality.

Special to London Advertiser.

HEPWORTH, Sept. 21.—Hepworth fair, held yesterday and Tuesday, attracted a crowd of 880, the gate receipts amounting to \$220.

While the attendance was rather a disappointment to the fair board, in that it did not come up to that of 1921, the exhibits were much better and more numerous than in former years.

Every department of the show was well filled with exhibits of excellent quality.

James Malcolm, M.P., North Bruce, was slated to speak in the afternoon, but he did not make a speech although he was present at the fair.

The Winton Brass Band furnished the music for the day.

The fair closed with a concert in the town hall in the evening.

THE MINISTERS' CONDITION BETTER

MONTREAL, Sept. 21.—The condition of Hon. W. C. Kennedy, minister of railways, and Hon. J. A. Stewart, former minister of railways, both of whom are in the Royal Victoria Hospital here, was reported late tonight as being satisfactory, in view of the serious nature of their respective illnesses.

ATTACK REGULATIONS OF OLD AGE PENSIONS

LONDON, Sept. 21.—(Canadian Press Cable.)—Two hundred and fifty delegates, representing six million members, are in attendance at the national conference of Friendly Societies, which began its annual meeting at Cheltenham today. The president, in his opening address, asserted that the societies were passing through a perilous period, and it is proposed to have it under roof by Christmas, and the interior completed as quickly as possible after that, owing to the overcrowding in the two Waterloo schools.

BUILD 8-ROOM ADDITION TO SCHOOL IN WATERLOO

Special to London Advertiser.

WATERLOO, Sept. 21.—A two-story addition, costing \$60,000, will be built to the Alexandria School in Waterloo. The new addition will have eight rooms, and it is proposed to have it under roof by Christmas, and the interior completed as quickly as possible after that, owing to the overcrowding in the two Waterloo schools.

PASSENGERS INCREASE ON LINE AT KITCHENER

Special to London Advertiser.

KITCHENER, Sept. 21.—A decided increase in the number of passengers carried on the Kitchener and Waterloo Street Railway over the corresponding month of a year ago is shown in figures made public today.

This year nearly a quarter of a million passengers were carried, to be exact, 241,133, as compared with 166,462 for the same period of 1921.

HANOVER POULTRYMEN ELECT NEW SECRETARY

Special to London Advertiser.

HANOVER, Sept. 21.—At the regular meeting of the Hanover Poultry Association William Fisher was elected secretary, succeeding Oscar Becker, who recently moved to Neustadt.

It was decided to hold the annual poultry show on December 20, 21 and 22.

FOR SPORTS.

Flaring coats of creponne, worn with white skirts, are popular at the fashionable beaches. Usually a sport hat matches the coat.

METHODISTS HOLD FINANCIAL MEETING

Rev. S. Anderson Presides At District Convention in Clinton.

Special to London Advertiser.

CLINTON, Sept. 21.—The financial district meeting of the Goderich District convened in the Wesley Church, with Rev. S. Anderson, chairman of the district, presiding. The ministers were all present and a large representation of laymen from the various circuits.

The routine business of the district was dispatched in the forenoon. In the afternoon, Dr. Trueman of Victoria College, Toronto, gave an address on the "Place of Education and Educational Institutions in the Life and Program of the Church."

Principal Dobson of Alma College, St. Thomas, was also present and in a brief and pleasing address, told of the great work done in the past and still being carried on by the institution. He laid the plans of Alma College Board as to renovation, enlargement and improved equipment before the district, and the satisfaction of the delegates that a hearty reception would be given him when he comes around later in the year to get better acquainted with this part of the constituency, from which Alma College draws students, and makes a request on behalf of her financial needs.

Rev. W. E. Millson was present to represent the claims and present the work of the department of evangelism and social service. His address was an appeal for the exercise of the greatest zeal and most persistent effort to lead the church forward in the work of soul-saving.

The district pledged itself to the work of the department of evangelism, and explained the condition of missionary financial achievement at the present time, which was requested from the district and for each circuit to enable the church to maintain its missionary activities at home and abroad.

Mr. A. J. Irwin spoke eloquently, followed by Rev. D. N. McCamus, a member of the general board of missions, in a unique and convincing manner. A deep impression was made, leading to the detailed arrangement for an ambitious and determined effort, covering the whole district.

The plan decided upon is that of grouping the various circuits into groups or teams of two, one stronger and one weaker charge allying themselves to assist in making and carrying out the campaign together, so that when a big church gets help, it shares it with the smaller one. The campaign will be carried out so far as possible in November.

Arrangements were made to have a spiritual conference late in October, or early in November, embracing, if possible, the Wingham, Goderich and Exeter districts. The details, as yet, have not been worked out.

2 INDIANS GET LONG TERM IN KINGSTON

Noah To Serve Twelve and Richman Ten Years On Manslaughter Charge.

Special to London Advertiser.

CHATHAM, Sept. 21.—Twelve years in Kingston penitentiary for manslaughter and eight years for burglary, the sentences to run concurrently, was the sentence imposed by Mr. Justice Lennox this evening on Zimmer Noah.

A sentence of ten years for manslaughter and eight years for burglary, the sentences to run concurrently, was also the sentence passed on Edward Richman, and a sentence of two years less one day was imposed on Richardson Logan for burglary.

The three men from Moraviantown Indian reserve were surprised by Constable William Pickard, while robbing a Thamesville store.

At the approach of the officer, Logan who was guarding the store door ran and when the other two came out Noah is alleged to have fired a shot which fatally wounded the constable.

The men pleaded guilty to the charges at the present assizes Tuesday morning. H. D. Smith, K. C., represented the crown. O. L. Lewis represented Richman and Logan, and R. L. Brackin, K. C., acted for Noah.

HOLSTEIN FAIR TO BE HELD SEPT. 26-27

HOLSTEIN, Sept. 21.—The list of fall fairs published in some papers contains an error in regard to the date of the Holstein fair. The dates given are Sept. 19-20. The correct dates are Sept. 26-27.

DEPUTY MINISTER FOR 20 YEARS WILL BE RETIRED

OTTAWA, Sept. 21.—Major-General Sir Eugene Flisat, deputy-minister of militia and defense for nearly 20 years, is retiring because of ill-health. He has been given a year's leave of absence as from November 1, and thereafter will officially retire.

G. J. Desbarats, deputy-minister of the naval service, which is under the same department, will be acting deputy.

Rural Mail-Carrier Escapes Lightly In Auto Crash.

Special to London Advertiser.

TILLSONBURG, Sept. 21.—James Stillwell, local rural mail man, had a very narrow escape from serious injury today. He was driving home from town, and while on the Vienna road met an auto, the driver of which had evidently lost control, for the car suddenly swerved across the roadway and crashed into Mr. Stillwell's buggy.

He was thrown about 12 feet and rendered unconscious, but escaped without any serious injuries. In the meantime the horse broke loose, and was found in his own stable an hour later. The buggy and auto were both badly damaged.

WILL CONFER WITH RAILWAY OFFICIALS

James Size, General Chairman of Shop Crafts, Leaves For Detroit.

Special to London Advertiser.

ST. THOMAS, Sept. 21.—To attend a further conference with company officials regarding the pending agreement with the shopmen, James Size, general chairman of the Shop Crafts Federation of the Michigan Central railway, left for Detroit Thursday morning.

As general chairman of the federation, Mr. Size played a leading part in ordering the shop employees out on strike on July 1 last, in protest of the wage reduction awarded by the United States Railroad Labor Board, and he also has been the leading figure in the Canadian end of the dispute. Mr. Size made the formal application to the department of labor for the board of conciliation under the Industrial Disputes Act of Canada, and was the chief witness for the shopmen at the hearing. He will be among the federation officials who will be required to sign the settlement agreement in behalf of both the United States and Canadian shop employees.

Copies of the settlement plan have been received by the federation secretary and will be forwarded to the executives in this city in a few days. It is expected.

Ironized Yeast Will Ironize Your Nerves

To Produce Great Natural Nerve Strength, Yeast Should Be Ironized and Not Merely Mixed With Iron. There is Only One Ironized Yeast in the World

Now, Mr. Man, tighten your fist and clamp your jaws. Tighter. Now still tighter. As tight as you can. Notice how weak is the tightest you can go? Vitamins and iron in your body made it possible for you to do these two things. If you had still

Is He Run-Down, Exhausted? See That He Takes Ironized Yeast!

more vitamins, ironized, you could tighten your fist and your jaws almost as tight as a vice. Ironized Yeast will enable you to do it, because ironized yeast combines concentrated vitamins with natural organic iron, in such strength that it gives amazing power to nerves and organs in half the usual time. It is the most powerful reconstructive in the world today for tired, exhausted men and women. It is not a mere mixture of yeast and iron, but is yeast ironized, which is a substance all by itself. Give your nerves the natural food-strength they need. They do not need stimulation, they need natural food. Here it is, Ironized Yeast! This will give you great blood power, great nerve power, an avalanche of energy, brain clearness, stronger muscles, firmer flesh, a clear eye and memory—and you'll smile the smile of health and power. Ironized Yeast is sold at all drug stores, at \$1.00 a package. Each package contains 60 tablets, each tablet contains 1/2 grain of iron. It never loses its power. Harold F. Ritchie & Co., Ltd., Toronto, Sales Agts. Try it. It will prove itself.

WONDERFUL THE WAY IT HELPED HER

So Writes Mrs. Lemery Regarding Lydia E. Pinkham's Vegetable Compound

Brockville, Ontario. — "I took Lydia E. Pinkham's Vegetable Compound for weakness and female disorders. I was so weak at times that I could not stand up. I had been this way for nearly three years and the different medicines I had taken had not done me any good. I found one of your little books in my door one day and thought I would give it a trial. I am now on my fifth bottle and it is wonderful the way it has helped me. I am feeling much better, have no weak spells and can do all my work now. I am recommending your Vegetable Compound to all I know and you can use my testimony to help other women."

Mrs. CASEY LEMERY, 176 Abbott St., Brockville, Ontario.

Lydia E. Pinkham's Vegetable Compound is a medicine for women's ailments, and has a record of nearly fifty years behind it.

100,000 RESUME WORK IN FORD'S MOTOR PLANTS

Order For Reopening Came After Conference With Coal Operators.

FUEL SHIPMENTS BEGIN

Cancellation of Interstate Commerce Commission's Order Made Reopening Possible.

DETROIT, Sept. 21.—Henry Ford's industrial strike came to an end tonight.

At midnight his automotive plants in the Detroit district, employing upwards of 70,000 men, and that were closed for an indefinite period last Sunday as the manufacturer's protest against what he termed "excessive" coal prices, again were the scenes of industrial activity. The order for the reopening of the plants came this afternoon from Edsel Ford, son of the manufacturer and president of the Ford Motor Company, who made arrangements to obtain coal during a long conference in Cincinnati with fifty mine operators yesterday.

The reopening order today not only puts back on the payrolls the more than 70,000 Ford workers in Detroit and the 30,000 others in assembling plants throughout the country, but also means reopening of scores of small machine shops and accessory concerns, chiefly in the Detroit district, that were obliged to close last week because the Ford Company is their sole or chief customer.

Orders for the reopening of the plants were telegraphed here today by Edsel B. Ford, president of the motor company, who is in Cincinnati.

The telegram read as follows: "Cancellation of the interstate commerce commission's service order No. 23 has made it possible again to secure coal. "Movement of coal to Detroit has started, and we feel justified in

High Spots in Turkish History

THE Turkish question was "settled" after the Crimean war by the treaty of Paris, March 30, 1856, when the empire was formally taken into the society of European nations. How well it was settled is shown by the chronology of the high spots in subsequent Turkish history:

- 1875—Herzegovina rebels.
- 1876—Bulgarian revolt causes massacre.
- 1877—War with Russia.
- 1878—Treaty of San Stefano, ending Russian war, makes Bulgaria an autonomous state of such large dimensions that other powers object. Treaty of Berlin arranges new territorial settlement of Balkans, which endured substantially until 1908.
- 1885—Bulgaria advances frontier as result of war with Serbia.
- 1887—Uninterrupted peace reigns in Turkey.
- 1889—War with Greece.
- 1908—Nationalist society of "Young Turks" proclaim establishment of constitution and set up "Committee of Union and Progress" which becomes unofficial, but real government.
- 1908—Bulgaria proclaims independence of Turkish suzerainty.
- 1908—Austria proclaims annexation of Bosnia and Herzegovina.
- 1909—Unsuccessful counter-revolution against Young Turks is accompanied by Armenian massacres.
- 1911—Italy invades Tripoli and Cyrenaica.
- 1912—First Balkan war with Bulgaria, Serbia, Greece and Montenegro against Turkey begins one day before peace is signed with Italy.
- 1913—Division of Turkish spoils brings on second Balkan war, ending by Rumania's intervention.
- 1914—Greece annexes Crete, creating friction with Young Turks.
- 1914—Turkey becomes ally of Germany in world war.
- 1915—Turkish war with Greece is renewed.
- 1922—Kemalist army forces Greek retreat and captures Smyrna.

starting the plants tomorrow (Friday) morning.

"Post notices calling the men back to work and notify the newspapers."

Forced To Close.
"We had to close the bulk of the plants," Mr. Ford said, "before we were actually out of coal because we had to have a little coal on hand to keep the coke ovens warm. If we permit them to get cold the damage would run into hundreds of thousands of dollars. Ordinarily, in operating the ovens, a charge of fifteen tons is put into each oven, where the coal is roasted from 18 to 20 hours. Now, under these emergency conditions, we use a charge only large enough to keep the ovens warm—say one or two tons to a load."

TWO CARS OF COAL REACH STRATFORD

Another Car Passes Through City, Consigned To St. Marys Dealer.

Special to London Advertiser.

STRATFORD, Sept. 21.—Following a lapse of seven months anthracite coal is beginning to arrive in the city. This morning two cars of this precious article arrived at the local yards consigned to two local coal dealers. One car passed through the city consigned to a St. Marys dealer. The remains of the late Frank Kane, Grand Trunk brakeman, who was killed yesterday while switching cars at the village of Dublin, arrived in the city this morning and were taken to his late residence, 111 Milton street. The funeral will take place tomorrow morning. Coroner Dr. Armstrong of Mitchell, yesterday summoned a jury which viewed the remains and adjourned to meet on Friday night at 8 o'clock.

War is over and serenity reigns in white aproned caps of Stratford bakers. This morning a majority of bakers asked 9 cents for a small loaf. That is the new price, and the all-too-brief (from the public standpoint) conflict is ended.

A peace meeting was held last night, when the folly of selling below cost was pointed out to erring brothers. The question of cost was fully discussed and while some bakers contended that as bread would sell for 8 cents when the new wheat flour was ready this price could just as well apply now.

After an illness of two weeks' duration, the death occurred in the House of Refuge of Peter Bender yesterday afternoon, aged 57 years. Deceased was born in Wallace town, and came to Stratford some two years ago when he became a paying inmate of the House of Refuge.

In 15 states the United States reclamation service has retrieved 3,000,000 arid acres through irrigation projects.

GRANTS DISABLED MEN FREE TRAVEL

Government Passes Bill To Assist Wounded Veterans of Canada.

OTTAWA, Sept. 21.—(By Canadian Press).—Free railway transportation for travel in Canada will in future be granted to any former member of the Canadian expeditionary force who is in receipt of a total disability for blindness or any other disability which necessitates an escort accompanying such person.

Regulations to this effect have been passed by the government. It is provided that transportation shall only be issued in cases where an escort travels with the former member of the forces, and shall cover the fare of the escort, and not that of the former soldier. It also provided that transportation shall not be granted for "regular traffic," but only when the former member of the forces "is traveling on his annual vacation or at other infrequent intervals." The granting of free transportation in these cases was recommended by the special parliamentary commission on pensions and re-establishment.

PLANS TO SPEND HUGE SUM ON IMMIGRATION

LONDON, Sept. 21.—(Canadian Press Cable).—A Reuter cable from Melbourne says Premier W. M. Hughes of Australia, in announcing that an agreement had been signed with the government of Victoria for the introduction of 2,000 immigrants yearly as land settlers, stated that this was one section of the proposal to spend \$36,000,000 on immigration. He anticipated, with similar co-operation on the part of the other Australian states, the number of immigrants would speedily reach 100,000 yearly.

PROVE EINSTEIN THEORY BY OBSERVING ECLIPSE

TORONTO, Sept. 21.—"Eclipse observations satisfactory" was the brief cable received today from Australia by the Toronto Daily Star from Professor C. A. Chant, a graduate of the University of Toronto, one of the astronomers in the antipodes watching the eclipse of the sun today. Professor Chant's cable was dated at Wallail, Australia, and conveys the impression that the first step of the expedition which has gone half way around the world to test the Einstein theory of relativity has been successfully accomplished.

Professor Chant is accompanied by Mrs. Chant and their daughter, Elizabeth. In one party observing the eclipse is Dr. B. K. Young, a graduate of the University of Toronto of 1909, who is now connected with the astronomical observatory at Victoria, B.C.

DEALERS EXPECT COAL THIS WEEK

News Received With Satisfaction by Many Brantford Citizens.

Special to London Advertiser.

BRANTFORD, Sept. 21.—Brantford coal dealers state that they will positively have hard coal some time this week, and in all probability will be prepared to deliver to customers early next week.

There is a wide feeling of satisfaction at the receipt of this cheering news, for very many citizens report empty cellars, and they were beginning to fear that all kinds of substitutes, or even no means of heating might be possible during winter months.

It is expected that the full quota of the local demand cannot certainly for present be met, but with the Welsh coal already secured there should be no real suffering for want of fuel in the city this winter.

Two cases, which were slated for a hearing at the autumn assizes before Chief Justice W. R. Meredith, are now in session here, have been tried out of court. One of the cases, that of Mary, Anne and Ellen Quinlan, was an action in which the plaintiff alleged that Thomas Quinlan in his life possessed bonds and money valued at \$25,000, and that the defendant wrongfully obtained possession of the same. The defendant claims that gifts by Thomas Quinlan and advances made to him covered the amount. Brewster and Heyd were to act for the plaintiff, and Heyd, Heyd & Shorey for the defendant.

The second settled case was that of J. Axon vs. J. H. Axon, an action in which the plaintiff was suing the defendant on an alleged promissory note. McEwan and Jones were acting for the plaintiff and Brewster and Heyd for the defendant. The case of Evangeline Ireland vs. Charles Ireland, an action for alimony, based on alleged cruelty and neglect, which the defendant denied, was tried yesterday afternoon by Chief Justice Meredith. The justice gave a verdict for the plaintiff, and the defendant is to give alimony amounting to \$3 per week for a year, and if, in the meantime, the parties come to an agreement, the verdict will be annulled at the end of that time.

McEwan and Jones appeared for the plaintiff, and Harley and Sweet for the defendant. City Treasurer A. K. Bunnell reports that as usual the Brantford taxpayer is showing his will and ability to meet liabilities promptly. Water rate payments have been nearly paid up. The shufflers are very few and the citizens compelled to delay are the merest fraction of the whole.

The S. C. Johnston concern will open the Brantford exhibit at the chamber of commerce auditorium at the beginning of next week, and a remarkable display of waxes and stains is to be shown during the exhibit. The Brantford Laundry will also give a display, presenting demonstrations of various cleaning processes.

The tax collectors department has commenced operations in compiling taxes on local improvements in the city. It is anticipated that two months will pass before the list is compiled. There have been greater activities in local improvements this year, than there has for some time past, and all the taxes must be measured and tabulated in order that the tax list may be drawn up.

SEEKS COST OF NEW PAVEMENT

Special to London Advertiser.

KITCHENER, Sept. 21.—At a special meeting of the city council late today a committee, consisting of Mayor Greb and Aids. Bucher and Bantz, was appointed to consult the department of highways and ask them their intentions as to the apportioning of the cost of the Kitchener to Freeport pavement and Freeport bridge.

This city feels from information received that the government intends asking Kitchener to pay too great a share of the cost, especially in connection with the bridge.

BY STANLEY.

PRESENT PLAN TO AID CANADA EXTEND TRADE

Associated Boards of Trade
Urge More Dominion Con-
sular Agents.

SUGGEST NEW SCHEME

Would Raise Funds by Tax
On Invoices For Im-
ported Goods.

OWEN SOUND, Sept. 21.—The outline of a scheme whereby Canada may hope to win a large percentage of trade from other countries, and by which the Dominion may hope to hold her own with the United States, was presented to the members of the associated boards of trade of the province when that organization met here today.

It was suggested that the Dominion must enlarge her trade consular service and raise the necessary funds for financing such an undertaking by imposing a charge in all foreign countries on invoices covering goods to the value of \$100 or more consigned to Canada. The suggestion will now be sent to the federal government department of trade and commerce, and the fee regarded as satisfactory is \$2.50 per invoice.

Needs More Agents.

In pointing out the necessity for some motion along this line if Canada is to gain her share of any new trade which develops in foreign countries, Mayor G. C. Coppley of Hamilton reminded the gathering that the United States has many consular agents in Canada, while Canada has only 20 scattered over the world. The result of this is that the moment any American agents discover big shipments of goods are being made to any portion of the world they notify their headquarters, and attempts are made at once to win the business away from Canada.

Strong exception was taken by the various members of the organization to what was termed the "spending spree" of the Ontario municipalities, with the result that the Ontario government will be asked to place some limitations upon the manner in which municipalities can go ahead and spend the people's money "in reckless fashion." In introducing the topic, G. B. Greene of Ottawa pointed to his home city as a "terrible example."

Oppose Carnivals.

A portion of the attitude of the gathering was aimed at the bill of Major Alex. Lewis, as it appeared in the Legislature last session, as Greene pointed out something should be done to limit the powers of the municipalities taxing industries rather than increasing such powers, as Mr. Lewis' bill would allow them to do.

The meeting went on record as approving government conservation and development of water power and electric power, giving precedence over all other public works; the reduction of postage and taxes on telegrams and cables, improvement in hotel accommodation through the province to encourage the tourist trade, and the taxing of professional traveling carnivals to such an extent that they would be practically driven out of business.

Brantford made the onslaught against the professional carnival, which does not include circuses, on the ground that they bring undesirable to the country and take too much money out of Canada.

SAYS WORKMEN SHOULD UNITE IN OPPOSING WAR

LONDON, England, Sept. 21.—(Canadian Press cable.)—Speaking at Colchester tonight, J. H. Thomas, M.P., Labor leader, said if there was one thing more than another on which the workers should be united, it was in the determination to have no more war, if they could avoid it.

They were neither pro-Turk nor anti-Greek, he said, but took that attitude because they believed the government's own vacillating policy had been the cause of the blundering. The workers, Mr. Thomas said, with the rest of the country, stood for the absolute necessity of maintaining the freedom of the Dardanelles straits. They desired a just peace, but were entitled to say to the Turks that they must not be a party to provoking war.

REPORT EARTH SHOCKS.

ANCHORAGE, Alaska, Sept. 21.—Doors were rattled, but no damage done, by a series of seven earth shocks between 1 and 5 a.m. here today. The series of shocks ended with a severe jolt.

May Act As Envoy in Near East Crisis

CONSTANTINOPLE, Sept. 21.—General Sir Charles Townshend who directed the British campaign against the Turks in Mesopotamia during the World War and became famous through his heroism at the battle of Kut-el-Amara, may be chosen as an allied envoy to settle the present Turkish crisis.

Though Townshend has spent most of his career fighting against the Turks and other Moslems, he is admired and respected by them and his opinions carry great weight with Mustapha Kemal, by whom he is well-known.

Shortly before the Turkish offensive, Townshend visited Angora and held long unofficial conversations with Kemal and members of his cabinet.

URGES FARMERS TO OVERSEE EXPORTS

Hon. Manning Doherty De-
livers Address At Kingston
Industrial Fair.

KINGSTON, Sept. 21.—In an address delivered at the Kingston Industrial Fair this afternoon, Hon. Manning Doherty, provincial minister of agriculture, said that the big phase of agriculture in Canada, was proper supervision in the marketing of exports, so that when the products of the farm and orchard reached the foreign markets they would be up to the standard.

The minister referred to the "poisoned cheese" scare, which would undoubtedly work harm to the Canadian dairyman in the British market, although without justification, as Canadian cheese was of a very high order.

"If, however, there had been a proper supervision of export, such a thing as 'poisoned' Canadian cheese would never have disturbed the appetites of the British consumers."

Mr. Doherty referred to the fact that the consumption of Canadian cheese in the English market had decreased about 11,000,000 pounds in ten years, while Britain was eating about 58,000,000 pounds more than it did ten years ago. While Canada had been losing in the British cheese market, New Zealand had been gaining by leaps and bounds, because it was thoroughly supervising its exports and everything arrived in Britain properly graded and with the government stamp on it.

CABINET RESUMES MEETINGS TODAY

OTTAWA, Sept. 21.—(By Canadian Press.)—After an interval of one day the Dominion cabinet will resume its sittings tomorrow afternoon. Messages from the British Fielding and Hon. Ernest Lapointe, government and from Canada's representatives at Geneva, Hon. W. S. relative to the Near East situation, will be given prior consideration. But it is not expected that developments of a sensational nature will be disclosed. It is understood that after the war excitement of the last week the ministers will turn their attention to pressing domestic affairs with special reference to the board of directors of the National Railways.

CONSERVATIVES SELECT CURRIE FOR BY-ELECTION

TORONTO, Sept. 21.—Unanimous agreement upon Colonel John A. Currie, war veteran and former M. P. for North Simcoe, as standard-bearer in the approaching Southeast Toronto byelection was the result of the Conservative party convention which was held this evening.

Colonel Currie declared that he was definitely in favor of hydro radicals, which he regarded as one of the pressing issues of the present, and he was also definitely in favor of a modification of the present prohibition legislation, which he regarded as a problem even more pressing.

"We must," he declared, "have regulation that will do away with the bootlegger. We want a law that will make for better temperance. A people like ours does not need Prussian laws."

RIGHT-OF-WAY HELD FOR COAL

U. S. Railroads Place Em-
bargoes On Eastbound
Freight.

Seek To Relieve Fuel Scarcity
in New York State.

ST. THOMAS, Sept. 21.—In order to facilitate the movement of hard coal, embargoes on eastbound freight of all but the most essential character has been announced by the New York Central and Delaware, Lackawanna and Western Railroads, according to advices received in local railroad circles.

The difficulty in bringing up to the usual standards the fuel stores in the larger cities of New York State have led to the restrictions being put into force, it is reported. Foodstuffs of all kinds and perishable freight are exempt from the embargo, but all other kinds of shipments are restricted.

The restrictions do not affect freight picked up or delivered on their own system, but operates against that which is received from other lines, or in some cases is delivered to other lines.

Little effect on the size of trains passing through here is expected, as the motive power will be used as far as possible for rushing coal to the large centers of the east. It is thought also that the embargo will have a beneficial effect on the fuel situation in the province.

The Port Huron Railroad, whose trains run over N. Y. C. tracks east of St. Thomas, report that seven cars were held up at the Niagara freight, but were later released.

PRAIRIE FIRE SWEEPS OVER 150,000 ACRES

LETHBRIDGE, Sept. 21.—Blood Indian officials report that the prairie fire on the reserve just north of Cardston was extinguished early this morning after it had swept 100,000 to 150,000 acres of hay and grazing lands.

Nearly 200 men, including Hutterites of the Raley colony and Indians of the reserve, fought the fire. So far as is known no lives were lost, although this has not been definitely established. A number of haymaking camps in the path of the flames were wiped out. Many thousands of tons of hay put up by the Indians and ranchers were consumed.

Fashion's Newest Creations In FALL APPAREL

High Quality Coats **Fashionable Tailored Suits**
That interpret Fashion at its smartest.

Dominion Royal Tube

—The New Red Super-Tube

The Dominion Rubber System has two sterling achievements to record for 1922—

First—maintaining and increasing where possible the high quality of Dominion Tires in the face of price reductions which make them materially below pre-war prices.

Second—the introduction of DOMINION ROYAL TUBES.

The DOMINION ROYAL TUBE is a heavy, well-built tube that means a perfectly balanced tire; and a tire, balanced right, means easier riding, less jar on the engine and more mileage from the tire.

It is not affected by road heat and internal friction; does not become hard and brittle with age; is easily repaired and spliced by a new method; will not check or crack in the folds; and is clean and pleasant to handle.

Whenever you buy a new tire, be sure to have it fitted with a DOMINION ROYAL TUBE. Experienced motorists have found out that it is economy to put a new tube in a new tire. Old tubes, having stretched under wear and service, may stretch the casings of a new tire and this might cause tire trouble.

Also—carry a spare tube as well as a spare tire. You will have fewer of both to buy if you make it a point to buy DOMINION TIRES and DOMINION ROYAL TUBES.

Sold by the leading tire dealers from coast to coast

GRAFTON & CO., LTD.

NEW YORK DOLLAR AT PAR IN MONTREAL.

MONTREAL, Sept. 21.—New York
funds were officially quoted at par
today for the first time since 1915.

United States tourists with Ameri-
can money have been compelled to
pay a premium on the Canadian dol-
lar as business houses here for some
weeks.

SPORTS FEATURE

WEST ZORRA FAIR

Twelve Schools Enter Parade and Make Fine Showing.

Special to London Advertiser.

HICKSON, Sept. 21.—One of the
most successful school fairs ever held
in Oxford County was held Wednesday
on the ball fields at Hickson. This was
the seventh annual school fair of
West Zorra Township, and the en-
thusiastic spirit that prevailed all
tended to make it a huge success. M.
L. Stokes, M.A., of Toronto, had
charge of the program of sports, and
due to his energetic supervision,
there was not a dull moment from
the time the pupils and their friends
entered the grounds until they bade
farewell to the fair for another year.
Races of all kinds were run off, and
a lively ball game was played be-
tween the ladies of Hickson and
Bramley, in which Hickson won by
a score of 15-7. The batteries for
the winning nine were: Mrs. E. Rowe
and Miss Jean Dawson, and for
Bramley, Misses McKay and Canel.

The twelve schools of the township
in parade made a fine showing, the
pupils marching to the music of a
piano secured from Woodstock. The
judges, who were F. M. Kern, B.S.A.;
M. L. Stokes, B.S.A., and P. Lindsay
of Hickson, decided as follows:

First prize—S. S. No. 6 (Hickson),
principal, Miss Currie and assistant,
Miss Lockhart; 2, S. S. No. 4; 3, S. S.
No. 9.

Wins Strathcona Shield.
Strathcona drill—1, S. S. No. 16; 2,
S. S. No. 15; 3, S. S. No. 4.

The prizes in the project exhibit
were awarded as follows: 1, Hickson
school; 2, Toll Gate school, Miss Cann-
teacher; 3, Cassel.

In the exhibit there were 6 dolls
made by the boys and being dis-
played for the same made by the
girls and exceptional effort and skill
were displayed by the pupils.

The special prize given by Oxford
Livestock Improvement Association for
a poster showing the work of this
organization in cattle improvement
was won as follows:

1, Minnie Thompson; 2, Muriel
Snary; 3, Morris Snary.

There were a number of entries in
the stock judging competition which
was open to three boys from each
school.

Following were the winners:

First, S. S. No. 16, Gordon Bruce,
Lorenzo Hallock, Lloyd Gilmore;
second, S. S. No. 2, Milner Hay,
Horace McKay, Alex. Hart.

Held Speaking Contest.
A public speaking contest on hog
grading was open to the boys, and
all emphasized the various points to
be considered. The following car-
ried off the prizes: 1, Hugh Todd,
2, Lorenzo Hallock, 3, Lloyd Gilmore,
4, Horace McKay, 5, Alex. Hart.

A good type of live stock was ex-
hibited, and the various points to
be considered, as follows:

Calf, draft—Raymond Glaves,
Calf, beef—Howard Heist,
Calf, dairy—Morris Snary, Ted
Cope, Orval Couch.

Halter-broken colt—Raymond
Glaves.

Halter-broken calf—Morris Snary,
Ted Cope, Howard Heist.

An interesting competition was
the girls' relay darning contest, in
which the following teams proved to
be the most rapid and best
darners:

First, S. S. No. 16, Violet McGreg-
Gertrude McKay, Ruth Burton; sec-
ond, S. S. No. 4, Kathleen Owen, Liz-
zy Foster; third, No. 6, Enid Park, Enid
Glaves, Gladys Pearson.

A public speaking contest open to
all pupils was another interesting
feature of the program on the
grounds. Esther Hunt spoke on
"Rural Heritage," and outlined the
many benefits to be derived from
living on the farm. Her oratory and
matter, which was excellent, secured
her the prize. Enid Glaves gave an
excellent address on "Western Can-
ada," and won second prize. Don
Murray selected as his subject "The
High Cost of Living," and secured
third prize.

Donor Prizes.
The prizes for this contest were
donated by Hickson Woman's In-
stitute, of which Mrs. S. Rowe is
president, and Mrs. S. Pearson, vice-
president. This organization has se-
lected as their chief work the im-
provement of the sanitary conditions
of the schools, and have given their
support to every project which tends
toward the advancement of the girls
and boys of the community, who
will be the future men and women
of Canada. At present a new school
costing \$15,000, is being erected, and
the Institute purposes installing
equipment that will make the envi-
ronment suitable for the young.

In the large tent were numerous
exhibits in all classes, which showed
the improvement of the sanitary con-
ditions of the schools, and the en-
thusiasm in school fairs is in-
creasing every year.

A special prize was donated by
Miss A. J. Ross of Woodstock for
the best chicken, and the ones
exhibited were very tempting to the
hungry boys and girls. The judges
of this class, sewing, candy and
cooking, were the following members
of Innerkip Institute: Mrs. R. Cole,
Mrs. M. Sten, Mrs. (Dr.) Hudson
and Mrs. R. Pelton.

Wins Special Prize.
The prizes were granted as fol-
lows:

WM. C. BENSON, C.A., resident part-
ner, Oscar Hudson & Co., chartered
accountants, Cost systems, auditors,

Chinese Crew Makes Mincemeat Out of Snake Which Came Aboard

Victoria, B. C., Sept. 21.—Nice ten-
der juicy snake steak; tender puppy
franks; filleted cats and fat ducks.
That is what composed the tasty
stew of the Chinese junk Amoy after
the crew subdued a big snake which
came aboard and attacked them one
night while they were anchored off
the China coast.

The Amoy is the little Oriental
craft of 30 tons that arrived at Vic-
toria harbor Tuesday after an 80-day
trip across the Pacific Ocean.

Captain Ward, who made the trip
with his Chinese wife, little son and
a small Chinese crew, told of being

suddenly awakened to find a huge
reptile, as thick around as a man's
thigh, which had swam out from
shore, slithering down into the cabin
from the deck. The captain grabbed
the loaded gun with which it is al-
ways necessary to go to bed on the
China coast. It took four shots to
kill the attacking snake.

The monster was hauled up on
deck. The Chinese crew at once got
busy on him with their knives, the
captain said, and with the other fore-
igners' meats they and their friends
ate and had their feast of the

year.

At a meeting of the quarterly offi-
cial board of the Colborne Street
Methodist Church a unanimous in-
vitation was extended to Rev. H. J.
Uren of Mitchell, chairman of the
Stratford Methodist District Meet-
ing, to take over the London pasto-
rate next year.

Rev. S. Judson Kelly will com-
plete his fourth and final year at
the Colborne street church Sunday,
Sept. 24, and his congregation are
loath to part with him, but the dis-
cipline of the church limits the pas-
toral term in one pulpit to four years.

Rev. Mr. Uren has been prominently
identified with the London confer-
ence for the past 25 years, and has
held many high offices in this dis-
trict. Last year he was in the run-
ning for presidency, and besides be-
ing chairman of the Stratford dis-
trict, is a member of the board of ex-
aminers and the conference finance
committee. It is thought that he will
probably accept the call to this city.

Mr. Uren graduated from Divinity
College in 1898, and held his first
pastorate at Adelaide. He has also
held appointments in Harrow, Tib-
bury, Highgate and Mitchell, and
through his attractive personality has
been extremely popular with every
congregation he has been in charge
of. He was born in Thorndike and
taught school in that district when a
young man.

WOODBINE ENTRIES.
First race, Lincoln Plate Steeplechase
3 years and up, \$2,000, about 2 miles—
Sea Monarch 145, Baronet 155, 1st. Fox
130, Madrid 150, Theodosia 130, E. R.

Tacks 105, Anniversary 100, Austral 104,
Grayson 105, Royall 104.

Apprentice allowance claimed.
Weather, clear; track, fast.

HUNTERS FLOCK TO BRITISH COLUMBIA

ing ducks, geese, pinnated and ruffed,
grouse, with some snipe and plover at
various points.

Camloops is the gateway to a rich
sporting region where coats, brown,
cinnamon, black and grizzly bear,
small deer, moose and occasional car-
ibou and sheep (3 varieties) are to be
found. From here expeditions to the
Fraser country may be arranged—
including about 170 miles of canoeing—
where deer, bear and other large game
may be shot.

A hunting area rapidly growing in
favor is the Caribou District, reached
from Ashcroft. It is off the beaten
path, therefore big game is plentiful,
and includes grizzly and black bear,
caribou, moose, caribou, goat and sheep.
Fishing for game trout is another at-
traction of this region.

Of course the Cassiar District to the
north stands in a class by itself, for the
cost of a hunting trip there prohibits a
great influx of hunters, insuring good
bags for those who hunt there. Thir-
teen hunters taken in by Frank Call-
breath, the outfitter at Telegraph Creek,
in 1921, shot 11 moose, 22 caribou, 21
goat, 22 sheep and 20 bear, ten of
which were grizzlies.

Deer, grizzly and black bear, cari-
bou and goat are found in the country
around Chase. Deer are found from 15
miles of the town; bear from 20 miles;
caribou beyond the 30 mile mark, and
goat from 30 miles. Excellent game
bird shooting is to be had here, includ-

ing ducks, geese, pinnated and ruffed,
grouse, with some snipe and plover at
various points.

miles of the town; bear from 20 miles;
caribou beyond the 30 mile mark, and
goat from 30 miles. Excellent game
bird shooting is to be had here, includ-

FLAYS SYSTEM OF DOLES IN ENGLAND

T. F. Kingsmill Returns to City After European Buying Trip.

That unemployment in England is
one of the biggest problems on the
hands of the British Government was
the opinion of T. F. Kingsmill, who
lately returned from an extensive
buying trip in Europe.

"The big trouble," said Mr. King-
smill, "seems to be that as long as the
government continues to dole out
allowances to men out of work, the
men will not work, and though there
seems to be plenty of employment
available." Mr. Kings-
mill thought, from indications he had
seen, the method was taking from the
idle the last vestige of independence,
and making them dependent on the
state.

Relief enforcement of the criminal
law, he said, was gradually having its
effect in reducing crime. "In the case
of the late Sir Henry Wilson," said
Mr. Kingsmill, "they were not long
in apprehending the assassins, and
one of the men was caught, the case was quickly
settled.

"Business conditions, especially in
England, are much better than they
were, and are steadily improving,"
Mr. Kingsmill said. "The past sum-
mer was especially good there, even
in spite of the fact that the weather
was very poor.

"There is a gradual, slow but sure
readjustment that is good to see,"
said Mr. Kingsmill, "and from the
outlook now, it is going to be perma-
nent."
