THE RELIABLE  
STORE

## Our Ready-to-Wear Department

Is A Centre of Attraction These  
Days.

Our stock of Ready-to-wear Garments is one we are particularly proud of. Our entire stock is fresh from the makers, and includes all the latest fashion ideas, both in fabrics and styles.

WHITE SHIRT WAISTS are popular as ever again. We have been very fortunate in our selections of these lines for the coming season. Those who have seen them pronounce them to be par excellence in value, good taste, and style. Our range comprises all the popular prices, from 98 cents to \$4 each, and every one of them you will find special value at the price.

READY-TO-WEAR WHITE SKIRTS—We show an immense assortment in these goods, ranging in price from \$1.25 each to \$5. There are ten different styles, from the plain tailored skirt to those elaborately inserted trimmed. Some have strapping, but each and every style represented here is a good one. We will be pleased to show you the assortment.

READY-TO-WEAR WHITE MUSLIN AND DUCK SUITS—All of them very stylish designs, perfect fitting, and well made. We show them in great variety, at from \$3.75 to \$13.00. You can purchase these much cheaper than you could have them made—and just see the trouble you're spared.

## Thomas Stone & Son

## Lawn Mowers!

FIVE DIFFERENT KINDS.

From \$2.50 to \$15.00.

### OUR PENNSYLVANIA

Has Tool Steel Oil-tempered Blades and Wire Nail.  
Bones or wood will not hurt the knives.  
Is Self-sharpening.

## THE DUST NUISANCE

An Effort Will Be Made To  
Keep City Alley Ways  
Clean

Dangerous Practice Of  
Milkmen—The Health  
Board

The regular monthly meeting of the Board of Health was held in Harrison Hall yesterday afternoon at three o'clock. Those present at the meeting were Chairman W. R. Baxter, Mayor Stone, Dr. R. V. Bray, Dr. G. R. Charteris, J. C. Wanless, M. H. O. W. R. Hall, City Clerk Merritt and Health Inspector David Holmes.

Accounts amounting to \$28.08 were ordered paid. The accounts during the past month were the lowest they have been for a very long time.

WANT A SEWER.  
A petition from citizens residing on Hystop street, for a glazed pipe sewer from Park street to Park avenue, was referred to the Board by the City Council.

Mr. Wanless—A sewer is certainly badly needed on that street, if anywhere.

On motion of Dr. Charteris and Dr. Bray, the petition was laid over, pending City Engineer Jones' report on the matter.

CITY WATER TEST.  
Dr. Hall stated that he had sent five samples of the city water to the Provincial Health Board headquarters at Toronto, to be tested. The samples were taken from the intake and basin at the waterworks, from a tap at the waterworks, and from taps at the Garner Hotel and St. Joseph's Hospital. He expected to receive notice of the results of the tests in a few days.

NEGLECTED DOCTORS.  
During the meeting attention was drawn to the fact that two deaths from diphtheria which occurred during the month, were not reported to the City Clerk by the attending physician. This was contrary to the statute, and the doctor in this case left himself open to a fine. The statutes make it imperative that all deaths from contagious disease, must in each case be reported as such.

COWS HAVE TUBERCULOSIS.  
The Medical Health Officer said that in his rounds of inspection, the Health Inspector had found two cows at one dairy which he suspected were affected with tuberculosis. The dairyman was warned that he must stop milking the cows, pending the action of the Board of Health on the matter.

It was moved by Mr. Wanless, seconded by Dr. Charteris, that the Health Officer be empowered to send a veterinary surgeon out to examine the suspected cows, and that if they be found to be affected with tuberculosis, that they be condemned, and the dairyman prevented from peddling their milk.—Carried.

Dr. Hall reported that the Finance Committee of the City Council had not yet had time to take up the matter of properly repairing the Isolation Hospital.

DUST NUISANCE.  
Dr. Bray inquired about the dust nuisance which is so much in evidence on King street, when the thoroughfare is being swept. He said that on Saturday evening the conditions were disgraceful. The sweeper commenced work at seven o'clock in the evening, and before the pavement had been sprinkled. He thought that something should be done to remedy this nuisance.

The Mayor said that he would draw the attention of the chairman of the Board of Works to the matter.

FILTH IN ALLEYWAYS.  
Mr. Wanless had a very timely complaint to make about the amount of old tin cans, straw, paper, and other rubbish which is still lying in many of the public alleys along King street.

The Mayor asked if the people living along the alleys had been notified to remove this filth.

Health Inspector Holmes—If I have notified them once, I have done so half a dozen times. All I get for my pains is promises.

Dr. Hall explained that the Board of Health cannot force people to clean out alleyways unless it is proven that the refuse is a menace to public health. He said it was a matter for the Board of Works to take up.

The Mayor said he would instruct the chairman of the Board of Works and the Chief of the fire department to order the filth removed from the alleyways.

Catarrah Headaches.—That dull, wretched pain in the head just over the eyes is one of the surest signs that the seeds of catarrah have been sown, and it's your warning to administer the quickest and surest treatment to prevent the seating of this dreaded malady. Dr. Agnew's Catarrah Powder will stop all pain in ten minutes, and cure. 50c. 10c. Sold by W. W. Turner, Chatham.

Quail on Toast is the best 5 cent Cigar in the market—made by O'Brien Bros.

## There Is No Place Like Chatham

"There is no place like Chatham," were the words used by Oil Magnate Mike Eagan while returning from a recent business trip to the east few days ago.

This may mean an uncommon remark, and often comes involuntarily from men who have come here from some place else. To properly appreciate Chatham and her people, one must live in some other Canadian city or town for a time previously. Mr. Eagan is a man whose large interests take him to all sections of Canada and the United States, and he is therefore a person who should know a good city when he strikes one.

"There is something about the very

air of Chatham that is fascinating," continued Mr. Eagan. "Once you live there for a while, you want to stay, if it is at all possible for you to take up permanent residence."

"As far as I can make out, there is not another city in Canada the same size as Chatham, which has anywhere near the municipal improvements we have, and what's more, there are mighty few in the States."

"All one has to do is to go away from Chatham for a few days and then come back. The old town always seems to have that welcome, free-and-easy air about her."

"Yes, it's a fact; I think Chatham has 'em all skinned."

## BRASS WORKS BYLAW WILL BE SUBMITTED ON JUNE 5

Planet Readers Will Find  
Details On Page Two of  
This Issue

Railway Matters Occupy  
Attention of Council At  
Meeting Last Night

The by-law making certain concessions to the Cornelius Bros., of Grand Rapids, to erect a factory here, to be known as the Canadian Wolverine Brass Goods Mfg. Co., was put through its various readings at the City Council meeting last night, and will be submitted to the people on Wednesday, June 5. The by-law is published on page two of to-day's issue of the Great Home Journal, and should be carefully perused by all our readers.

Last night's meeting of the Council was quite a long and important one. The Mayor, City Solicitor Lewis and all the members of the Board were present.

Ald. Austin presented a statement from Assessor Gossage, which showed an increase of \$109,928 in this year's assessment over last. The total assessment for 1906 was \$4,785,892, while for 1907 it is \$4,895,820.

A letter was received from City Engineer E. B. Jones, stating that he had examined the brick paving on Raleigh street. He reported that between the C. W. & L. E. tracks the present condition of the bricks was a menace to the bitulithic pavement, and he advised that the bricks be properly re-laid on a concrete foundation. It was decided that the C. W. & L. E. officials should be urgently requested to have this necessary work done on with at once.

Architects Jas. L. Wilson & Son notified the Council that the improvements to the market front were now all completed with the exception of a few minor renovations, and that when these were finished, Contractor Gallagher would be entitled to the balance of his money for the work.

It was moved by Ald. Westman, seconded by Ald. Austin, that the powers heretofore vested in the Industrial Committee be transferred to the Railway Committee. Carried.

The M. Campbell Company applied for permission to lay a granolithic walk in front of their factory on Colborne St., at their own expense, and under the supervision of the City Engineer. The prayer of the petition was granted.

Monday, May 27, was fixed as the date for the holding of Court of Revision.

A man from Sandusky, Ohio, wrote asking permission to bring a moving picture concern to this city. The Mayor stated that he had written to the man in question, and told him that there was enough of moving picture concerns in this city already.

An American firm want to supply the city with a street lamp which will burn natural gas. Property.

John Piggott & Sons notified the Council that if the work on King St. West pavement was not rushed more rapidly than at present, they would take legal action against the city. They also complained about the slow progress being made in strengthening Aberdeen bridge.

The Catholic Order of Foresters wrote asking for permission to put up streamers in the city streets when their convention is held here on June 11, 12 and 13. Granted.

The Finance Committee recommended that the tax collector be authorized to make a rebate for business assessment to the G. N. W. Company, provided they pay their income tax for last year. They also recommended that the joint report of the County and City Committees to the effect that the County pay five-sixths and the city one-sixth of the expenses of the County Board of Examiners for 1904-05-06, be adopted. Carried.

The Board of Works recommended that a glazed pipe sewer be constructed on Payn street, and that the Chaplin wheel works be given permission to tap into the Raleigh street sewer.—Adopted.

The Property Committee recommended that the uniforms for the firemen, the Health Inspector and the Transit Officer be made by Morley & Company, whose tender was \$26 per suit. The committee also re-

ported progress with the electric light matter.

Ald. Massey, for the Railway committee, reported that he had spoken to Manager Kizer of the C. W. & L. E. relative to the widening of the approach to the Aberdeen bridge, and that Mr. Kizer had told him that the company did not intend to pay half the expense.

This matter provoked considerable discussion. Ald. Austin remarked that such a move on the part of the C. W. & L. E. just at the present time would be very undesirable, and he thought that some of the capitalists interested in the company should be interviewed before the remark of the manager was taken seriously. Such a refusal on the part of the road would only throw matters back to where they had been a year ago.

Ald. Bensen and Westman took the stand that the completion of the bridge should be rushed as rapidly as possible, and they thought that in the meantime, definite action should be taken with regard to putting the approaches in shape. Ald. Meynell took a similar stand.

Ald. Massey pointed out that the one point in dispute was as to whether Union street is a portion of the bridge, or can only be legally termed as part of the street.

The Mayor laid the matter over, to be dealt with at the special meeting Wednesday night.

Mayor Stone announced that during the week the general superintendent and the district superintendent of the C. W. & L. E. will be in the city to confer with the members of the Railway committee relative to gates for the Wellington and Centre street crossings, and to discuss the matter of better transportation service between here and Detroit.

Ald. Bullis said that something ought to be done to stop the unnecessary whistling of railway locomotives. He said that this was especially noticeable on Sundays during services in the churches. The railways are also during more shunting than they are supposed to, said Ald. Bullis.

Ald. Meynell complained of the manner in which the city streets are being swept. He says that the streets are often swept before they are sprinkled, making a great deal of dust.

Mayor Stone replied that Street Sprinkler Chrysler will be given to understand that he will have to try to live up to the terms of his agreement a little better than he has been doing.

Westman, seconded by Ald. Austin, moved that the city purchase 25 maps of the city at 35 cents apiece. These maps are to be used for industrial purposes.—Carried.

A petition was received, signed by all the barbers in the city, asking that a by-law be passed making it compulsory under fine that all barber shops should be closed at eight o'clock every evening excepting Saturday evenings, and before holidays.

On the strength of this petition a by-law to this effect was read and finally passed.

The by-law to have St. Clair street paved with bitulith was laid over and will be dealt with at Wednesday evening's special meeting.

"Le Soliel" Must Explain.

Montreal, May 7.—When the Asselin libel suit was called in the criminal court yesterday morning, it developed a new sensation by Judge Bessé ordering that Mr. Delancourt, editor of Le Soliel of this city, appear before him this morning to explain why he recently published editorials in Le Soliel commenting upon the plea filed by Asselin before the court had rendered any decision thereon.

Nine years ago I had catarrh of the stomach and dyspepsia, which three doctors failed to even relieve. A bottle of Merrifield's Veteran's Sure Cure cured me permanently. I have been well ever since.—James Pettypiece, Northwood, Ont.

Mr. Merrifield.—Your Veteran's Sure Cure cured me of rheumatism of many years standing, and also of catarrh of the stomach, when I had no hope of getting better. It is the greatest of medicines.—James Ferguson, Inwood, Ont. \$1 and 50c. bottles sent anywhere on receipt of price. The V. S. C. Medicine Company, Limited, Chatham, Ont.; W. K. Merrifield, Manager, Seane Block, King street.

## NO CHANGE IN TARIFF

President of Board of Trade  
Says It Is Im-  
possible

Lloyd George Also Says He  
Disapproves Of Subsidies  
To Shipping

London, May 7.—(C. A. P.)—At the opening of yesterday's meeting of the Imperial Conference, Premier Jameson expressed the hope that there would be a more sympathetic answer on behalf of the Home Government from President Lloyd George of the Board of Trade, than had been received from Sir Herbert Asquith. He asked to be allowed to move a resolution expressing the opinion that the Government should take into consideration the possibility of granting a preference to all portions of the Empire on the present dutiable articles in the British tariff.

Sir Wilfrid Laurier thought consideration of the proposed resolution should be postponed until the main resolution had been considered.

The President of the Board of Trade said, regarding Premier Jameson's resolution, that the Government could not change their position in reference to the tariff of the United Kingdom. Having referred to Great Britain's position in the world of commerce, he said that in Premier Deakin's resolution the Government were asked to do "what no protectionist country in the world would do, namely, tax the necessities of either life, or livelihood, which we could not produce ourselves, and which the colonies could not supply us with sufficiently for a number of years."

After acknowledging the value of the preference given by the colonies he said the question: "What is Great Britain prepared to do in return?" had its first answer in the statement that Great Britain is the colonies' best customer.

Practical Proposals.  
Proceeding to consider proposals of a practical character, President Lloyd George spoke approvingly of Premier Ward's suggestion of an improved and cheapened cable communication, and also proposed the appointment of commercial attaches in the colonies to assist British trade, being the appointment of what he might term Imperial commercial travelers to investigate the trade conditions and requirements of the colonies and to report to the British Board of Trade whence the information would be disseminated confidentially. These travelers would also visit the great industrial centres of this country and ascertain for what produce from the colonies there was a real demand.

As to the third suggestion, the improvement of transport and passenger communications, the policy of merchant shipping subsidies would not benefit shipping. He could not consider any suggestion for a system of subsidies. Once the Government realized that the Empire produced almost everything needed for its inhabitants the problem was how to bring those products to the markets at rates which did not unduly handicap the colonies in competition with foreign countries. The Government had had no concrete scheme submitted.

Can Be Solved.  
The problem was complex and difficult, but not beyond the resources of British statesmanship. He did not purpose to submit a definite plan. It would be better that a scheme or schemes be elaborated slowly, and in detail. After thinking out all ramifications on the subject, and when such schemes had been prepared and presented with the full responsibility of the respective Governments behind them, then each Government could examine them and confer further.

In conclusion President Lloyd George replied to Premier Deakin's charge of lack of official sympathy. He denied that the fiscal system was responsible for such distress as existed in Britain.

## PROFESSIONAL SERVICES.

It is becoming the fashion, says the Canadian Courier in a recent number, for professional men to suit their fees to the patron's purse. A rich patient has appendicitis. The family doctor recommends the hospital and a specialist to perform the operation. The cutting is done, the wound sewed up, and the patient recovers. The appendix may or may not have been sound, and the operation may or may not have been necessary. The specialist sends in a bill for \$1,000, and the two doctors in attendance ask a fee of \$300 each. The patient can afford it.

A lawyer defended a bank president the other day and secured his acquittal. He sent in a bill for \$5,000. The president thought the bill too high and returned it. The lawyer promptly sent in an amended bill for \$7,500, and now sues for that amount.

A lawyer is retained in a case for a government at \$100 a day. On certain days he spends fifteen minutes or half an hour on the case. At the same time he attends court for another client. Total time of two cases, two hours; total charges, \$200.

Of course, the price of eggs is a little higher than it was, and rents have gone up; still it would seem as if the professional man were inclined to put their fees just a little too high. The public, on their part, are rather inclined to take a pride in paying these extravagant charges. The truth probably is that money comes pretty easily in Canada just now, and we are inclined to let it go easy. Perhaps, when the hard times come, people will wake up and insist that professional fees be placed on a more equitable basis.

## BY-LAW NO. ....

A By-Law to authorize aid by the Corporation of the City of Chatham, for the promotion of a factory in the said City for the manufacture of Plumbers' Brass Goods, and to provide for the issue of debentures of the said Corporation, to the amount of \$200,000, and to raise the sum required therefor.

Provisionally adopted the 6th day of May, A. D. 1907.

Finally passed the ..... day of ..... A. D. 1907.

WHEREAS it is proposed by Louis A. Cornelius, Harold C. Cornelius and others to seek incorporation of a Company by Letters Patent, under the name of "Canadian Wolverine Company, Limited," for the purpose of building, equipping and operating a Factory and Works in the said City of Chatham, for the manufacture of Plumbers' Brass Goods.

AND WHEREAS the said Louis A. Cornelius and Harold C. Cornelius have applied to the Municipal Council of the City of Chatham, on behalf of the said proposed Company, to grant aid for the promotion of such manufacture.

AND WHEREAS the said Council is desirous of granting aid for the promotion of such manufacture, by way of a loan of \$200,000 to the said Company when incorporated, to be advanced upon the completion of the building and equipment of the said factory and when the same is ready for operation, (which shall not be later than the first day of January, A. D. 1908), and forthwith, after the beginning of operations therein to its capacity as hereinafter provided, (to be repaid in twenty annual consecutive instalments of \$1,000.00 each, with interest on the principal sum from time to time unpaid, at 4 per cent. per annum, at the end of each year after the date of the making of the said loan, with the privilege to the said Company of paying off the whole amount of the said loan at any time during the said term of twenty years), and a free supply of water from the Chatham Water Works for the said factory's use in its said business, (not to exceed, however, at any time \$500 gallons per day), free of charge for the period of ten years from the beginning of operations as aforesaid on the part of the said Company, and exemption from taxation, other than for school purposes, local improvements or frontage rates, of the property occupied by and used in connection with the said factory or the business to be carried on therein as aforesaid, for the period of ten years from and after the first day of January, A. D. 1908, upon the following terms and conditions:

1. THAT Canadian Wolverine Company, Limited, shall be duly incorporated as a Joint Stock Company with a Capital Stock of at least \$400,000, in shares of \$100.00 each, of which the said Louis A. Cornelius and Harold C. Cornelius shall subscribe for and fully pay up or procure to be subscribed for and fully paid up not less than \$30,000.00.

2. THAT the said Canadian Wolverine Company, Limited, do, forthwith after incorporation aforesaid, purchase and own absolutely in its own right a site for, and do build and suitably equip, and thereafter continuously maintain and operate, at some suitable place within the

limits of the said City of Chatham, a factory and plant for and in the manufacture of Plumbers' Brass Goods, for a period of at least twenty years from the establishment thereof.

3. THAT the said Company will expend the sum of \$200,000.00 in so acquiring a site for the said factory, and in the erection and completion of its factory thereon, and the further sum of \$12,000.00 in the equipment thereof, (which factory shall be fully completed and equipped and ready for operations in the business aforesaid, not later than the first day of January, A. D. 1908).

4. THAT the said Company will, during the period of twenty years from the commencement of its operations, continuously employ in the said business not less than twenty-five employees (exclusive of its officers), and will pay annually in wages to its said employees not less than \$12,000.00; provided, however, that this condition shall not be binding upon the said Company should it be, against or contrary to the will of its officers or directors, stopped or prevented from running by reason of strikes or other conditions not caused by or attributable to the said Company.

5. THAT the said sum of \$200,000.00 shall be repayable to the Corporation of the City of Chatham in twenty annual, consecutive instalments of \$1,000.00 each, with interest on the unpaid principal at 4 per cent. per annum, at the end of each year after the date of the making of the advance, and shall be secured by first mortgage by the Company to the Corporation of the City of Chatham, upon all the property, machinery and plant of the Company in the said City of Chatham, which business shall contain the usual Statutory powers, covenants and conditions, and provide for the insurance of the property against fire in favor of the said Corporation to the full amount of the said mortgage, and shall contain the personal covenant of the Directors of said Company for the due payment of the first five instalments of principal and interest secured by said mortgage, and shall give to the Company the privilege of paying the whole amount of the said loan at any time during the period of twenty years from the date of making the said advance, and shall in all ways be in form satisfactory to the Corporation, or its Council, aforesaid, and shall also contain a proviso that should the Company fail to perform any of the covenants or agreements contained or reserved on its part in

its agreement with the Corporation of the City of Chatham, the said principal sum of \$200,000.00, or as much thereof as shall be unpaid at the time of such failure, together with the accrued interest up to the time of such failure, shall, at the option of the Council of the said Corporation, immediately become due and payable by the Company to the said Corporation.

6. THAT the said Company shall, at all times, until it shall have repaid the said sum of \$200,000.00 with interest as aforesaid, permit full and free inspection of its premises, pay rolls and books of account, by or on behalf of the Council of the said Corporation.

# Great Merchandise Movement

The Days are Going Fast and so are Our May Sale Offerings

To-morrow is a good day to come. Lines are reduced but not depleted. The tremendous sale rush has made big holes in every stock—still choice is practically as good as on first day. Of course these conditions won't last long. Another day or two's selling and assortments may begin to break up. Don't wait for that time—don't give it a chance to occur—don't lose any of these golden opportunities because someone was more prompt in attendance than you and eagerly snapped them up. Bewitching Wash Fabrics—Modish Silks and Dress Goods, fashionable garments—New Hosiery and Underwear—all are included in this Greatest Saving Event of the Spring time.

# THE NORTHWAY CO., LIMITED

for principal and interest in respect of the said debt, shall be as nearly as possible equal to the amount so payable in each of the other nineteen years of said period.

AND WHEREAS the total amount required by "The Consolidated Municipal Act, 1903," and its amendments to be raised annually by special rate for paying the said debt and interest as hereinafter provided is \$1,537.52;

AND WHEREAS the amount of the whole rateable property of the City of Chatham, according to the last revised assessment roll thereof, is \$4,781,837.00;

AND WHEREAS the amount of the existing debt of the said Corporation of the City of Chatham is \$627,689.23 (exclusive of local improvement rates or special tax rates and assessments), no part whereof is in arrears.

THEREFORE, the Municipal Council of the Corporation of the City of Chatham enacts as follows:

1. The Municipal Council of the City of Chatham shall grant aid for the promotion of the said manufacture of the nature and kind and upon the terms and conditions hereinafter set forth, and the Mayor and Clerk of the said Corporation are hereby authorized to execute an agreement on the part of the said Corporation with the said Company, binding the Corporation upon the said terms and conditions to give such aid.

2. That for the purpose of raising the said sum of \$200,000.00, debentures of the said Corporation to the amount of \$200,000.00, as aforesaid, in sums of not less than \$100.00 each, may be issued on the 1st day of January, A. D. 1908, each of which debentures shall be dated on the date of issue thereof, and shall be payable within twenty years thereafter at the Standard Bank of Canada, in the said City of Chatham.

3. Each of the said debentures shall be signed by the Mayor of the said City of Chatham, or by some other person authorized by by-law to sign the same, and by the Treasurer thereof, and the Clerk shall attach thereto the Corporate Seal of the said Corporation.

4. The said debentures shall bear interest at the rate of 4 1/2 per centum per annum, payable yearly, and shall be payable in such amounts and at such times that the aggregate amount payable for principal and interest in any year in respect of the debt shall be equal as nearly as may be to what is payable for principal and interest during each of the other nineteen years of the said period.

AND WHEREAS it is desirable to issue the said debentures at one time and to make the principal of the said debt repayable by yearly sums during the period of twenty years, being the currency of the said debentures; said yearly sums being of such respective amounts that the aggregate amount payable in each year

from a distance were Mrs. Wyatt, Mr. Edward and Miss Fanny Wyatt, and Mr. Thomas McGuffin, of London. The bride's going away gown was a tailored suit of navy blue Panama and a dainty white silk blouse, trimmed with Valenciennes insertion and hat to match. Mr. and Mrs. Wyatt take with them the best wishes of a host of friends.

Mr. and Mrs. James Adams, who have been the guests of Mr. and Mrs. R. T. Mallory, returned to their home in Toledo.

Quarterly services will be held in the Troy appointment next Sunday morning at 10.30. Services in the Guilds church at 7.30 p. m.

Mr. and Mrs. W. H. Mallory have moved into their new house in our village.

Mrs. Susan Bentley is very seriously ill and slight hopes are entertained for her recovery.

Mrs. S. B. Brown has returned to her home in Cass City after visiting relatives here.

Mr. and Mrs. Wesley Hastings, of Palmyra, were the guests of Mr. and Mrs. B. H. Bentley on Sunday.

Mr. Joseph Parvis and little son Lloyd leave this week for Charlevoix, Mich., to visit his sister, Mrs. Joseph Guilds.

### BOY DROWNS IN WELL.

Five-Year-Old Child Victim of Sad Fatality.

Bowmanville, May 6.—Mrs. Robert Finley dressed her five-year-old son, Charles, in his best clothes and allowed him to go out of doors.

He strayed into South Park, near by, and fell into an unprotected well. The parents, having missed him, the neighbors instituted diligent search, but no clue was discovered of his whereabouts until about three o'clock, when his hat was found near the well. A pole with a hook on the end was obtained and the body was soon found.

W. H. Hunter Appointed.

Toronto, May 6.—W. H. Hunter was on Saturday unanimously elected by the executive of the supreme court of the I. O. F. to the post of supreme counselor.

Mr. Hunter has been for some time on the board of legal advisers to the order, is a barrister and a Toronto man. Since the death of Dr. Ormondhyatka, the supreme council has been altered, and as now constituted is as follows: Hon. Elliot G. Stevenson, supreme chief ranger; Victor Morin, B. A., LL.B., past supreme chief ranger; J. D. Clark, supreme chief ranger; R. Mathison, M. A., supreme secretary; H. A. Collins, supreme treasurer; S. Millman, M. D., M. R. C. S. E., supreme physician, and W. H. Hunter, supreme counselor.

Seized Torrey's Property.

Montreal, May 6.—Although Rev. Dr. Torrey has made a most successful evangelistic campaign, his spare cash is now tied up at the Windsor Hotel, where the noted preacher has been occupying fine apartments since he arrived in this city.

Mr. Norman Murray was not satisfied with the evangelist's apology, and consequently his lawyer, Mr. Arthur Beauchene, put a seizure on Dr. Torrey's money and belongings. He says that if Torrey returns to the States he will have him extradited.

The reverend gentleman, he says, made a very tame apology, and most likely he will have to do the whole work over again.

Murder in New York.

New York, May 6.—Summoned into a yard in the rear of a stable where he was employed in the Bronx Saturday night, Vincenzo Criscio was killed by being shot through the heart.

Following the murder the police sent out a general alarm for Joseph Criscio, not a relative of the dead man, who is alleged to have done the shooting.

C. P. R. Brakeman Killed.

Fort William, Ont., May 6.—Albert Thomas, C. P. R., freight brakeman, was killed yesterday morning at 3 o'clock at Jackfish Station, east of here. In the act of stepping on the pilot of an engine, he missed his footing and was run over by the locomotive. Deceased formerly resided in Ottawa, where a brother resides.

### BRITISH CABINET SPLIT

Devolution Bill Causes Dissension Among Liberal Ministers.

Asquith and Haldane Want Nothing to Have Semblance of Home Rule—Chancellor of Exchequer Will Resign if Pledges Are Violated—John Redmond and Party Fighting Hard for Full Government.

London, May 6.—With the negotiations, which have been prolonged, extending up to the last moment, and all those participating in them bound to secrecy, little is known as to the provisions of the Irish council bill, the main proposals of which Augustine Birrell, Chief Secretary for Ireland, promised to explain in the House of Commons May 7.

There has been a keen contest going on in the Cabinet between the home rulers, represented by Sir Henry Campbell-Bannerman and Mr. Birrell, and the anti-home rulers, led by Herbert H. Asquith, Chancellor of the Exchequer, and Richard Burdon Haldane, Secretary for War, with the former desirous of giving Ireland what John Redmond has described as at least a foundation for self-government, and Messrs. Asquith and Haldane demanding that the bill shall not bear any resemblance to home rule. Mr. Asquith has gone so far as to say that if the bill contains anything, in letter or in spirit, inconsistent or in violation of the privileges he has made against home rule, he will resign, and there is little doubt that he will be followed by Mr. Haldane, and probably other members of the Cabinet.

The Irish council bill, which will be introduced in the British House of Commons by Secretary for Ireland Birrell on Tuesday, has created a wide divergence of opinion between the Nationalists and the Government officials. It is understood that the proposed council will not have any executive powers which is far from what the Nationalists desire, and they will endeavor to obtain further concessions by amendments.

Conference of Irish Leaders.

Paced with the impossibility of obtaining an Irish Parliament with an executive responsible to it, Mr. Redmond is carrying on the fight to get as large an installment of home rule as is possible, and now it is announced that if this scheme lays a foundation on which Ireland can build, the Nationalists will consider whether it is worth accepting. Mr. Redmond had a conference Saturday with his chief advisers, including John Dillon, Edward Blake, and T. P. O'Connor, when what the Government was prepared to offer and the attitude the Nationalists would adopt toward the measure were discussed.

This will be followed by a convention at Dublin during the Whitsuntide recess, when the question will be gone over, and the Irish members of Parliament will be instructed as to the course they shall pursue. There is no doubt Mr. Redmond's advice will be closely followed. What the bill will contain, however, and whether it will be acceptable, those who have been taken into the confidence of the leaders will not say, they having been bound to secrecy.

The only expression of opinion obtainable was from a more conservative Irish member of the House of Commons, who said, "I think the bill will be found to be fairly favorable," indicating that while the Nationalists are far from satisfied, they realize that Mr. Birrell has gone as far as is possible without causing a disruption of the Government, and will accept the bill as a start towards self-government.

### IRISH FAIR OPENED.

Earl of Aberdeen Reads Message From the King.

Dublin, May 6.—The Irish National Exposition was opened on Saturday.

The address of welcome was read by the Marquis of Ormond.

In replying the Earl of Aberdeen, who was accompanied by the Countess of Aberdeen, read a message which King Edward sent from Paris as follows:

"I trust that the exposition which you are open to-day will prove a success and demonstrate the international progress made by Ireland."

After a tour of the exhibition, the picturesque state procession was reformed and returned to the castle.

The exhibition is far from being completed.

There'll Be Trouble in Morocco.

Tangier, May 6.—It is evident that fresh trouble is brewing at Morocco City.

The inhabitants object to the dismissal of the governor, Abd-el-salam, and decline utterly to receive the new governor.

The Benghali are preparing a warm reception for him.

The new governor left here Saturday for Morocco City, accompanied by his forty-eight wives. His escort which originally numbered 600 soldiers, has dwindled to 130 men through desertions.

Ice Cream As Food.

Hamilton, Ont., May 6.—The first case of Sunday selling under the new Lord's Day Act came before the magistrate in the police court Saturday, when James Zamboos, a Greek, was charged with selling ice cream. Last Sunday night. He did not deny serving a number of customers, but the magistrate said that as the court had held that ice cream was a food, he was in the water a considerable time and died from chill and exposure.

Dies From Exposure.

Brookville, May 6.—William Cook, a laborer employed at Wells Island, lost his life as the result of falling from his boat. He was accompanied by two other men, and was returning from Alexandria Bay, and when near the island lost his balance. He was in the water a considerable time and died from chill and exposure.

### COMMON SENSE

Leads most intelligent people to use only medicines of known composition. Therefore it is that Dr. Pierce's medicines, the makers of which print every ingredient entering into them upon the bottle wrapper and attest its correctness under oath, are daily growing in favor. The composition of Dr. Pierce's medicines is open to everybody. Dr. Pierce being desirous of having the Search Unit of Investigation turned fully upon his formula, being confident that the better the composition of these medicines is known the more will their great curative merits be recognized. Being wholly made of the active medicinal principles extracted from natural forest roots, by exact processes original with Dr. Pierce, and without the use of a drop of alcohol, triple-refined and chemically pure glycerine being used instead in extracting and preserving the curative virtues residing in the roots employed, these medicines are entirely free from the objection of doing harm by creating an appetite for either alcoholic beverages or habit-forming drugs. Examining the formula on their bottle wrapper, readers are sworn to by Dr. Pierce, and you will find that his "Golden Medical Discovery," the great blood-purifier, stomach tonic and bowel regulator—the medicine which, while not recommended to cure consumption in its advanced stages (no medicine will do that), yet does cure all those catarrhal conditions of head and throat, weak stomach, torpid liver and bronchial troubles, weak lungs and hang-on-coughs, which, if neglected or badly treated, lead up to and finally terminate in consumption.

Take the "Golden Medical Discovery" in time and it is not likely to disappoint you only you give it a thorough and fair trial. Don't expect miracles. You must exercise your patience and persevere in its use for a reasonable length of time to get its full benefits. The ingredients of which Dr. Pierce's medicines are composed have the unqualified endorsement of scores of medical leaders—better than any amount of lay, or non-professional, testimonials. They are not given away to be experimented with but are sold by all dealers in medicines at reasonable prices.

William Sutherland Dead.

Glencoe, Ont., May 6.—William Sutherland, treasurer of the Township of Ekfrid, and one of the pioneer newspaper men of Canada, passed away at his home in Ekfrid Township on Saturday night. Mr. Sutherland was born in Edinburgh, Scotland, on April 26, 1824. His father was a printer with the firm of Hunter & Blair, who had the monopoly of printing Bibles in Scotland. In 1849 he came, with his parents, to Canada, settling in Montreal. Later he came to London, where he founded the Canadian Free Press, which he conducted as a weekly Liberal newspaper for four years, also publishing for a short period a daily edition. In 1864 he disposed of the Free Press and moved to Ekfrid Township. In 1875 he bought The Glencoe Transcript, then recently established, and conducted it until October, 1881, when he sold it to his son Arthur, the present publisher.

Big Blaze in Kansas.

Kansas City, May 6.—Fire Saturday night destroyed the five-story building of the Goldstrand & Powell Hat Co., 822 Broadway, causing \$230,000 damage.

The secret of the fashionable beauty. I asked the question of a noted beauty specialist. "In order to be round, rosy, plump, very pretty and stylish take Hollister's Rocky Mountain Tea. 35 cents.

Phone 469

Capt. Biles is in Windsor, having been sent for to be with his brother-in-law, who is seriously ill. The Board of Trade have received a letter from the Standard Chain Company, of Pittsburgh, Penn., stating that they have decided to locate their Canadian plant at Walkerville. Word has been received that Samuel Butler, for many years a resident of this city, and who held a responsible position in the Pullman car service in Chicago, died at his residence after a comparatively short illness on Friday last, and the remains were interred in the city of Baltimore to-day. The deceased was a brother of the late Joseph Butler, and of Mrs. Robert Fisher, Chatham Township.

The funeral of the late Mrs. Snook was held Sunday afternoon at three o'clock from the residence of her son, E. R. Snook, Wellington street east, to the Maple Leaf cemetery. It was very largely attended by friends of the deceased and her surviving family. The pall-bearers were Messrs. John Hoon, S. Barfoot, W. Bill, D. Jordan, John Figgott and W. E. McKough. The funeral service was conducted by Rev. T. L. Rutledge.

## TRANSIENT TRADER CASE DISMISSED

Judge Houston this morning dismissed the case brought against MacLeod, the Workman's furnisher, who was charged with alleged violation of the transient traders by-law.

In dismissing the case, the Judge gave some of his reasons for doing so. Some persons, he said, had been making anxious inquiry why he would not give judgment against this young man who is endeavoring to build up a business in Chatham. "I have just passed my twenty-fifth anniversary as a Police Magistrate," said he, "and during my term as such I have always tried to do what I thought was right, regardless of the opinions of private individuals. In this instance I feel that there is no ground for a case against this young man, and that he does not come under the statute. The evidence goes to show that Mr. MacLeod was a resident of Chatham for seven years—six years of which was employed by Thornton & Douglas, and one with W. M. Stone. He was away from the city for three months, but during that time he had a room here for which he paid during his absence, as he made Chatham his home and intended to return here. For this reason it seems fair to take it that he has been a resident of this city for over the necessary three months. In defense of the stand I am taking I might refer to the judgment given in the Seymour case, to be found on page 69, volume 2, of Election Cases, and unless some change in the charge against this young man is made, I am bound to follow this ruling." Judge Houston intimated that he had been approached by certain parties relative to this case, which action on their part was dangerously near to what might be termed as trying to influence an exponent of justice. These parties would not appear publicly to make their charges, and therefore they could not be entertained. It would save a great many from feeling that they were being dealt with uncourtously if they would refrain from private charges, and come instead and boldly tell their story publicly in Court. Crown Attorney Smith, who was present for the prosecution, intimated that the corporation might appeal the case.

## THE CAUSE OF SORE FEET.

Examine them carefully and you'll probably find corns. Whether hard, soft, or bleeding, apply Putnam's Corn Extractor. It's painless, it's sure, and above all, quick to act. Insist on only "Putnam's."

## IAN McLAREN DEAD

Subscribed to Blood Poisoning While on Lecturing Tour.

Burlington, Iowa, May 7.—Dr. John Watson (Ian McLaren), died at 11.15 a. m. yesterday at Mount Pleasant, Iowa. The cause was blood poisoning from tonsillitis. He was taken ill at Mount Pleasant, April 25.

The Rev. John Watson, as Ian McLaren, gained world-wide distinction as the author of "The Bonnie Brier Bush," the first of a series of sketches of Scottish character, that placed him in the front rank among latter-day authors. The book came out in 1894 and was followed by "Days of Auld Lang Syne," almost equally popular. Other volumes were, "A Doctor of the Old School" and "Carnegie," the latter of which was subject to considerable criticism. He was also the author of several religious and devotional books and theological studies, "The Mind of the Master," being one of the best known of these.

He was born at Manningsree, Essex, Nov. 3, 1860. Educated at Stirling Grammar School, Edinburgh University (M. A.); New College, Edinburgh. He was licensed by the Free Church of Scotland in 1874. Appointed assistant to Dr. Wilson, Barclay Church, Edinburgh, later minister of several Scottish churches, he finally held pulpit of Sefton Park Presbyterian Church, Liverpool, 1890-1905. He was Lyman Beecher lecturer at Yale University in 1896.

## PROBABILITIES.

## TENDERS FOR COAL, 1907

Scaled tenders, addressed to the Provincial Secretary, Parliament Buildings, Toronto, marked "Tenders for Coal," will be received up to noon on Monday, May 20th, for the delivery of such quantities and qualities of coal in the sheds of the following provincial institutions, on or before the 15th day of July, next, viz.: Toronto, London, Kingston, Hamilton, Mimico, Brockville, Cobourg, Orillia, Pennington, Woodstock Asylums; also the Central Prison and Mercer Reformatory.

Specifications of the qualities and quantities of coal required and forms of application may be obtained on application to the Department or from the Bureaus of the respective institutions.

Tenders are to specify the mine of origin and the quality of respective kinds of coal, and to furnish evidence on delivery that the coal is of origin specified, fresh mined and up to the standard of trade grades.

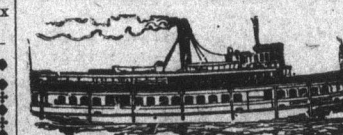

Delivery subject to satisfaction of officers of Department of the Provincial Secretary, who may require additional deliveries, not exceeding 20 per cent, up to the 15th July, 1908.

Tenders will be received for the whole quantity specified, or for the quantities required in each institution. An accepted cheque for \$500, payable to the order of the Honorable the Provincial Secretary, must be furnished by each tenderer, and two sufficient copies will be required for the due fulfillment of each contract. The lowest or any tender not necessarily accepted.

Newspapers inserting this advertisement without written authority from the Department will not be paid for it.

W. J. HANNA, Provincial Secretary, Parliament Buildings, Toronto, May 1, 1907.

## TEXAS IS TORNADO SWEPT

Two Persons Killed In Gale  
And Many are Injured

Many Escaped By Making  
Use Of Their Storm  
Cellars

Fort Worth, Texas, May 7.—A storm of wind and rain, which was general throughout a considerable area of north Texas, yesterday, and which at some places assumed the proportion of a tornado, according to meagre reports received here, resulted in the loss of at least two lives, the injury of many persons and great damage to property and crops.

Several villages were wiped out, but because of the prostration of both telephone and telegraph wires, details are almost impossible to obtain.

At Deport, 20 miles from Paris, the storm damaged the residence quarter. The Baptist parsonage was blown to pieces, and several other residences were damaged. No one was hurt.

Crops where damaged and many fences and barns were blown away.

It is reported that at Halesboro, the wife and child of Andrew Bell were hurt. A terrific wind passed over Sulphur Springs.

West of Sulphur Springs, the wind assumed the proportions of a tornado, creating great property damage.

Antioch, seven miles north of Sulphur Springs, was almost destroyed. This is the tornado belt and most of the homes are provided with storm cellars. To this is due the escape of a number of those in the path of the storm.

The home of William Lemmons was destroyed, entailing a loss of \$10,000. Three barns on the place were also destroyed and many head of live stock killed.

A tenant, Brazil, with his wife and seven children, saw the storm coming and ran for the cellar. Brazil was crushed by flying debris and Mrs. Brazil and two of the children were fearfully injured.

## ELLEN TERRY MARRIES.

Famous English Actress Weds For the Third Time.

New York, May 7.—Announcement was made yesterday that Ellen Terry, the English actress, is again a bride. She was married to James Carew, her leading man, in Pittsburg, on March 22. Mr. Carew made the announcement. The ceremony was performed by a justice of the peace.

For reasons that have not been disclosed, announcement of the marriage was deferred until the famous English actress was on the sea bound for her native land. She sailed on Saturday and Mr. Carew, who was obliged to remain in America to look after urgent business, decided, with her consent, of course, to make the fact known forthwith. In years Mr. Carew is the younger of his bride.

He is 35 years old, while she is 50. She has already been married twice. Nevertheless it is understood by all their friends that it was purely a love match, the beginning of which was soon after their first meeting.

Mr. Carew, who is a native of Indiana, is well known on the stage.

## WEST YORK VACANCY.

Conservatives Will Nominat Him Candidate On Saturday.

Toronto, May 7.—The Conservatives of West York hold a convention at Weston on Saturday to nominate a candidate for the vacancy in the Legislature caused by the death of the late Hon. J. W. St. John.

The list of candidates has been practically reduced to three—Dr. Godfrey of Mimico, W. A. Bead, mayor of Toronto Junction, and John Fisher, mayor of North Toronto. Mr. Baird has announced himself as willing to retire in favor of Mayor Fisher, who is the oldest prominent Conservative worker in the riding, providing all other opposition is withdrawn. Otherwise he will stand.

The leading Liberals of the riding state that there will be no contest if Mayor Fisher is the candidate selected.

## Cook Likely Candidate.

Ottawa, May 7.—There are six aspirants for the position of high sheriff rendered vacant by the death of Sheriff Sweetland. The most likely candidate is ex-Mayor Fred Cook of Ottawa, though Mr. C. Berkeley Powell, ex-M.P.P., is considered in some quarters a likely man. There will be a contest between the city and the county. Edward Kidd, V.S., and R. H. McElroy, M.P.P., are the best-known county candidates.

## Two Hour Shock Recorded.

London, May 7.—Prof. John Milne, seismologist, from the Isle of Wight, and Prof. Belar, an authority on seismic disturbances, at Laibach, Austria, report to The Daily Mail records of an earthquake shock of two hours' duration on Saturday morning. The distance is given as being six and eight thousand miles from the points of record.

## British Squadron Sails.

Norfolk, Va., May 7.—The British cruiser squadron passed out of the Virginia Capes Sunday. The squadron, which consists of the Argyl, Good Hope, Roxburgh, and Hampshire, will visit Bermuda, Halifax and Quebec before returning to England. They signalled departing greetings to their American hosts before weighing anchor.

## Broken Axle Causes Wreck.

Peterboro, May 7.—Owing to a broken axle three cars of a mixed train left the track at Lakeside yesterday. Several passengers in the rear coach were badly shaken up.

Mr. Joseph Yelland, contractor of Peterboro, was thrown violently against a seat and had his back severely injured.

The local barbers held a meeting last night and have agreed to the following prices: Single, 15c; hair cut, 25c; hair cut and whiskers, 35c; egg shampoo, 35c; neck shave, 5c; shampoo, 25c; razors honed, 25c; massage, 25c; in effect Monday, May 13th. All shops closed at eight o'clock sharp.

## Hecla Furnace Fire Pots

will last twice as long as firepots made in the ordinary way.

They are made in two pieces, with a joint in the centre, leaving ample room for expansion and contraction. There is consequently no strain on HECLA FIRE POTS.

In ten years, I have not had to replace firepots in 1% of the HECLA FURNACES sold. My Fire Pots are strengthened by heavy cast iron flanges, which provide 50% more radiating surface than plain pots.

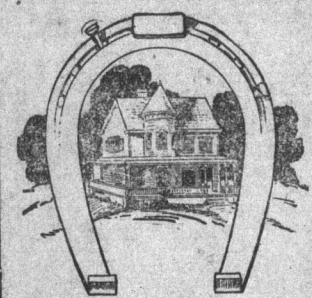

## "Hecla" Furnace

Grates are heavy triangular bars with toothed edges. The triangular bar is the st. test and strongest grate made, and will keep a fire clean and free from clinkers with the least effort and attention.

Hecla Fused Joints keep the air sweet and pure, and free from all taint of smoke, gas or dust.

For further information, consult our local agent or write the Clare Furnace Builder for a catalogue and a free estimate.

## A FORMER CHATHAMITE

GETS IMPORTANT OFFER

The many friends of Mr. Frank Babcock, formerly of this city, will be interested to learn that he has received a very flattering offer to manage the Buffalo Lacrosse Team during the coming year. The Buffalo team is entered in the senior series of the C. L. A. this year, and they are particularly anxious to land the Senior Championship and the Globe Shield. Frank, however, has given an interview to the newspapers that he is out of the game for good on account of private business affairs.

Mr. Babcock is now manager of the Arlington, the finest hotel in Paris. It will be remembered that when he was in Chatham he organized and managed the Tecumseh lacrosse team in the intermediate lacrosse series in the C. L. A., and which was so successful that year. It is often remarked in this city even to-day, that Mr. Babcock, during his term of office, provided Chatham with the fastest and cleanest lacrosse ever seen in the Maple City. It has never since been equalled. He has many admirers here, especially in lacrosse circles, and these all feel that if he reconsiders his intention to withdraw from the present offer, that they will put all their money on Buffalo for the championship this year.

The flavory strength in the cup, obtained by blending Indian and Ceylon teas, is the secret of Red Rose Tea's success.

The proof is in the drinking—taste it for yourself.

Ask your grocer to send you a package to-day.

## CORRECT BREATHING.

Fresh Air In Lungs and Exercise  
Keystone of Health.

## TO ACQUIRE BEAUTIFUL ARMS

Acquire the Habit of Deep Breathing.  
It is Better Than All the Medicine  
You Can Buy—Don't Be Afraid of  
Overdoing It.

If a woman, says a physical culture specialist, wants perfect arms or a man well developed ones, care must be given to the triceps as well as the biceps. Here is what I do. I place two chairs side by side and grasp the edge of the bottoms with my hands. Then I raise myself as far from the floor as I can and lower myself until my knees touch the floor. I always practice this dip at least fifteen times every morning. When you get expert at this, try using the back of the chairs. These three exercises for the arms have developed them "before and after," as the saying goes.

Next comes the development of the lungs. You know as well as I that this is the key to the whole. Without well developed lungs you are going to fall on the others. I have tried many

EXERCISE FOR DEVELOPING THE LUNGS.  
stunts, but have found nothing better than the ordinary breathing exercise—breathing in slowly fresh air to the full capacity of the lungs, with shoulders thrown back and head erect, then exhaling slowly.

Make a practice of doing this many times daily. Don't be afraid of overdoing it. Whenever you feel dull and sleepy at your work get into the open air a minute or two and try this deep breathing. It's better than all the medicine you can buy. It means good lungs, and for the woman it means development of the bust. Did you ever hear of the old saying that any one who can hold his breath one minute after a full inhalation need not fear consumption? It's a pretty sure test.

For abdominal treatment I come back to my chair. I lay my full weight on my stomach. The exercise strengthens and hardens the muscles in a way that most gymnastic exercises will not do.

I take my same old chair for back treatment. I grasp it from behind and bend backward as far as possible. I do this twenty to thirty times. Try it. If you need a doctor for kidney troubles, you will soon find it out—Brooklyn Eagle.

## For a High Tea.

When a menu is limited to three articles and it is for an afternoon affair, it should include one substantial article, one sweet and sandwiches. A salad like green peppers scooped out and filled with all kinds of vegetables cut up and dressed with mayonnaise is popular, and with this sardine sandwiches; as a sweet, fruit jelly with whipped cream.

A pretty idea for this jelly is to use orange, apple and banana skins and serve the jelly in these, having the dish when passed look like a dish of fruit. Have the whipped cream sauce passed with the jelly.

If you do not wish the salad, you could have a hot dish, like scalloped crab or lobster, served in individual dishes, or you could have jellied chicken and sandwiches. The chicken is pretty if made in individual molds, using hard boiled eggs in the molds so that the slices of egg are on top when the mold is turned out.

## Newest Note Paper.

A compromise between a postal card and letter paper are the cartes lettres of the French, which are finding favor for short notes. They are shaped like an envelope, the letter part being written on the inside, with a little gum around the edges for sealing purposes. These come in all styles and varieties, some of them opening out long and others containing extra sheets inside, while still others hold only as much as a postal card. At the less fashionable places where utility stationery is found a tablet can be found in cartes lettres form in cheap paper, the whole costing at some stores as little as 35 cents.

## When the Stopper Sticks.

The quickest way of removing a glass stopper is to pour a small quantity of alcohol around it and on the mouth of the bottle. Touch a match to make a flame. When it is done burning pull out the stopper. This is the easiest and quickest way if bottles are large, but somewhat dangerous if they contain combustible ingredients.

## ROYAL

The Absolutely Pure  
BAKING-POWDER

## DISTRICT CLEARVILLE.

The funeral of the late Mrs. Neil McFarlane on Saturday was largely attended. Service was conducted at the house by Rev. Mr. Soffley, pastor of St. John's church, Morpeth. The flowers were many and very beautiful. The remains were interred in Duart cemetery. The following acted as pall-bearers, Ed. Morrison, James Webster, A. Leverton, T. Newhouse, C. O. Smith and D. McKellar.

Richard Wade and Winet Wood, of Morpeth, visited Mr. and Mrs. C. Wood on Sunday last.

Mr. and Mrs. Whiteman, of Ridgeway, was the guest of Hiram White-

man on Sunday last.

Martin Luther, of Howard, called on friends in the village Sunday.

Mr. and Mrs. Duncan McFarlane, of Jackson, Mich., who was here attending the funeral of Mr. McFarlane's mother, returned home Tuesday.

Orval Eberle visited his parents at the fishery on Sunday last.

Alex. Monteth, of West Lorne, has engaged to work for C. McLean.

John Cochrane has a Ridgeway carpenter engaged repairing the house and outbuildings on the old Ridley farm.

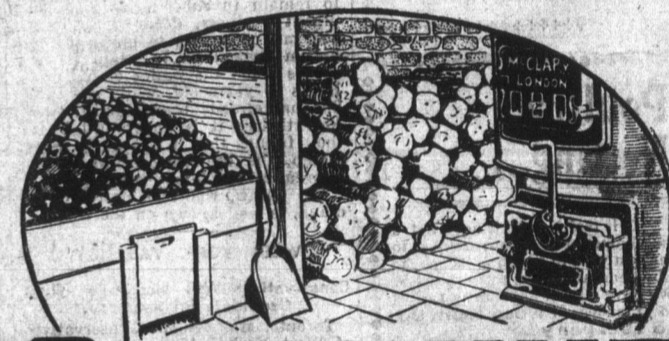

Freeman Smith and Mr. Hall, of Slatton, spent Sunday with John Hall.

## The Ideal Beverage

ASK FOR  
**Labatt's**  
(LONDON)

Now when chemists announce its purity, and judges its merit, one need look no further.

A PALE ALE, palatable, full of the virtues of malt and hops, and in sparkling condition, is the ideal beverage.

## SUNSHINE FURNACE

BURNS COAL OR WOOD

The Sunshine is a good, "all round" furnace. Burns, with equal facility, either coal or wood. Coke, too, if you prefer it.

And so perfect is the combustion of the Sunshine that it extracts every unit of heat from the fuel. What's left in the ash-pan is not worth sifting.

Sunshine consumes less fuel, too. Because its perfect system of dampers prevent the escape of the hot air up the chimney—compels it to come out through the registers.

You pay for heating the inside—not the outside—of your house when you buy the Sunshine.

If your local dealer does not handle this most economical furnace write direct to us for FREE BOOKLET.

## EBERTS.

The continued cold weather has been very unfavorable to the wheat crop in this section.

Rev. Mr. Neilly will preach his farewell sermon here on Sunday next. It is expected that a large congregation will be present.

Mr. Mordon gave a graphophone entertainment to the members and friends of Knox church on Wednesday evening, which was much appreciated.

The carpenters commenced work this week on John and Rob For-

## syth's new houses.

Chalmers' choir and their friends were entertained at the home of Mr. and Mrs. Alex. McKenzie in Dover on Wednesday evening. The evening was spent in games and music and a very pleasant time was had by all present.

While Mr. and Mrs. Will Bryan were in Chatham on Saturday their house in some manner caught fire and was burned to the ground. This is very unfortunate, as there was no insurance carried on the building nor contents.

## MARVIN BOY FOUND.

Body Discovered in the Marshes—Foul Play Suspected.

Dover, Del., May 6.—Lying in a marshy piece of land, the body of little Horace Marvin, son of Dr. H. N. Marvin, whose mysterious disappearance from the Bay Meadow Farm, near Dover, had baffled solution since March 4, was found on Saturday about half a mile from the Marvin farm by Ollie Pleasanton, a farmer. Pleasanton, who lives on a farm adjoining the Marvin's came upon the child's body while out gunning.

The body lay face downward in a patch of meadow grass. There was not a mark upon the little boy's body indicating foul play. It was in a good state of preservation, suggesting that it was frozen.

Pleasanton says he saw the body at a distance of 20 feet. Saturday several gunners passed over this land, but none saw the body, if it was there. The spot where the body was found is midway between the Marvin home and the Delaware River.

The recovery of the body was reported to Governor Lea, in Wilmington, who directed state detectives to make a rigid investigation of all the circumstances.

Dr. Marvin is convinced that his son met with foul play.

There is much to make it appear that the boy wandered away and fell exhausted into the pool where his body was found. Drs. James Wilson, Wilbur B. Barton, William F. Hoey and Alfred Roby, the latter a bacteriologist, are trying to determine the cause of death for the coroner, and have decided that the body did not drown.

The condition of the stomach indicates, according to the physicians, that the boy suffered privation for at least 40 hours previous to death.

## HONOR FOR STRATHCONA.

King Edward May Confer Dukedom On High Commissioner.

Montreal, May 6.—The statement was going the rounds in political circles on Saturday to the effect that His Majesty King Edward VII. would, in the near future, confer a dukedom upon Canada's high commissioner, Lord Strathcona and Mount Royal, who will naturally resign the office of Canadian high commissioner, to be replaced by Sir Frederick Borden, Minister of Militia and Defence.

As Lord Strathcona's great wealth has enabled him to do the honors of the office with a more lavish hand than any possible successor could expect to attain, it is understood that the Canadian Government have decided to increase the salary attached to the position from \$10,000 to \$25,000. This, it is held, while not putting the high commissioner on the same footing as his predecessor, will at least enable him to discharge the social duties of the position in a manner that will not be humiliating to Canada, following the footsteps of so generous an official as Lord Strathcona had proved himself to be.

## GENDARMES USE VIOLENCE.

Ursuline Convent Entered—Doors Battered In.

Nantes, France, May 6.—At daylight on Saturday fifty mounted gendarmes surrounded the Convent of the Ursulines here, and when the sisters refused to open the doors they were battered in. The sisters were found assembled at prayers in the chapel, but after the mother superior had read a protest against the action taken by the authorities, the officiating priest removed the holy sacrament and the sisters withdrew. In the meantime an excited crowd gathered outside the convent, shouting maledictions on the soldiers. A number of persons were arrested, including a lieutenant of the 25th Dragoons.

## FIREMEN SAVED LIFE.

Rescues London Man Who Was Stunned By Explosion.

London, May 6.—James Angus, proprietor of a bowling alley here, owes his life to the heroism of Dan McDonald, of the fire department.

Saturday night Angus went into the basement and let a match. There was a leak of gas somewhere and the explosion which followed stunned Angus, blew out part of the building and set the place on fire.

McDonald had to grope his way into the cellar, but finally found Angus, who is seriously burned, but will recover.

## Vivian Austin's Arm Broken.

Port Arthur, May 6.—Vivian Austin, welterweight boxer of Canada, met with a bad accident Saturday. He was employed in the lumber camps. During the night a fire burned his tents, where the men were sleeping on the ground. A train backing along the track awakened Austin. In some manner he stumbled on the track and was struck by the train. His arm was broken and he was badly bruised.

General Manager. Manager Chatham Branch

You have heard of biscuits—and read of biscuits—and eaten biscuits—but you don't know biscuits—until you try Mooney's Perfection Cream Sodas. They are everything that the ideal biscuits should be.

The air-tight, moisture-proof package brings them to you fresh, crisp, inviting.

Practically every grocer in Canada has MOONEY'S. Yours will get them if you ask. In 1 & 3 lb. pkgs.

#### Sheriff Hossie Dead.

Stratford, May 6.—After an illness of several weeks, Sheriff Hossie, one of the most prominent figures in public life in Stratford, died at seven o'clock Saturday evening. He was aged 71, and had been a member of the office, as bailiff, deputy sheriff, and sheriff for the past fifty-one years. He is survived by a widow, but no family.

#### THE TREMBLE OF OLD AGE.

With the advance of years the vital functions of the body slow down. The organs of secretion suffer, the action of the bowels are lessened and there is no longer circulation. The brain is congested with blood, giddiness, trembling and cold extremities are common. No assistance is so potent as Dr. Hamilton's Pills. By their direct action on the stomach, liver and kidneys they cause an immediate change. Mild, free from gripe, strengthening and also cleansing the whole system, no medicine is so valuable in old age as Dr. Hamilton's Pills of Mandrake & Butternut. Try these Pills; 25c. per box at all dealers.

#### Shot by His Neighbor.

New York, May 4.—A despatch from Liberty, N. Y., says that Philip Sullivan, aged 44, manager of the Liberty House bowling alley and billiard parlor, was shot and killed Thursday night by Michael Noeth. Sullivan was romping with his children on the lawn at his home when Noeth, who is a neighbor, shot him without warning. Noeth is under arrest. No cause is known for the tragedy.

#### YOU MAY BE SICK TO-NIGHT

Without a moment's warning pain springs upon us. At the outset it is instantly cured by Nerviline. Surprising what fifteen drops of this marvelous medicine will do. Its external action is no less certain than its wonderful effect when taken internally. Of course Nerviline is powerful or it couldn't be so penetrating. But not irritating or caustic. There are other pain remedies, but when you use Nerviline you see the difference. That difference is this—others relieve, but Nerviline does cure sprains, strains, swellings, earache, toothache, neuralgia, lumbago, in fact all muscular pains. Large bottles 25c. at all dealers.

#### Western Miners Split Even.

Fernie, B. C., May 4.—The referendum vote in the western coal region on the return of the miners, pending the arbitration board's verdict, has proved a draw. About one-half of the camps favored resuming and in some instances the vote was unanimous. Fears are entertained, however, that the deadlock will continue.

#### Another convention of miners is talked of.

The badge of honesty is on every wrapper of Dr. Pierce's Golden Medical Discovery, because a full list of the ingredients composing it is printed there in plain English. Forty years of experience has proven its worth as an alternative and tonic for the cure of stomach disorders and all liver ills. It builds up the run-down system as no other tonic can in which alcohol is used. The active medicinal principles of native roots, such as Golden Seal and Queen's Root, Stone and Mandrake root, Bloodroot and Black Cherry bark are extracted and preserved by the use of chemically pure, triple-refined glycerine. Send to Dr. R. V. Pierce at Buffalo, N. Y., for free booklet which tells of well-recognized medical authorities such as Drs. Bartholomew, King, Souder, Coe and Ellingwood that these roots can be depended upon for their curative action in all weak states of the stomach, accompanied by indigestion or dyspepsia as well as in all "wasting diseases" where there is loss of flesh and gradual running down of the system.

A number of young men from Ridgeway and Thamesville spent Sunday in Dresden.

#### TO CURE A COULD IN A DAY.

Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

## STILL AFTER CABRERA

### Another Attempt to Assassinate President of Guatemala.

Dynamite Mine Again Discovered Near Soldiers' Quarters—Arrests Being Made—Extensive Plot—American Legation in Danger—Mexican Lighthouse Attacked—Extradition Refused.

Guatemala City, Guatemala, May 6.—Another mine, containing many pounds of dynamite, was discovered Saturday in this city, in front of the building occupied by the regiment called the Guard of Honor, and not far from the residence of President Cabrera. This location is not more than two doors from the American legation. Had this mine exploded the damage to property and the loss of lives undoubtedly would have been great.

Arrests are still being made in the matter of the recent attempt by the explosion of an underground mine, on the life of the president of the republic, and it is reported that the perpetrators are now known. The plot evidently was quite extensive, but the president declares he has the situation well in hand. Further developments are awaited with anxiety. A meeting of the diplomatic representatives was held for the purpose of adopting measures for ensuring peace, and for the protection of foreign property.

#### News Received in Washington.

Washington, May 6.—Another attempt to assassinate President Cabrera at Guatemala, according to advices received by Minister Toledo, has been made. The news was received in a cablegram of which the following is a translation:

"Minister Toledo, Washington.—A great mine was discovered placed in front of the barracks of the Guard of Honor, 120 feet from the American legation, and 189 feet from the presidential mansion. This scandalous attempt at assassination has created great indignation among all classes of society. (Signed) Barrios."

Signor Barrios is Minister of Foreign Affairs of Guatemala. The Guard of Honor is the special guard of President Cabrera.

#### Attack Mexican Lighthouse.

Mexico City, May 6.—Telegrams received from Santa Cruz tend to confirm a report from Vera Cruz that the Guatemalans made an attack on the Mexican lighthouse at San Benito, on the west coast, about eighteen miles from the Guatemalan port of Ocosingo. At the State Department, and at the Guatemalan legation nothing is known of the reported attack.

#### May Sever Relations.

City of Mexico, May 6.—Guatemala has refused to comply with the request of the Mexican Government, that Jose Maria Lima and Colonel Onofre Boro, charged with complicity in the assassination of Gen. Manuel Lindero Barillas, be extradited. The Cabinet is now in session, and it is said that the Ministers are debating the advisability of immediately severing diplomatic relations with Guatemala.

#### German Steamer Ashore.

Deal, Eng., May 3.—The Wilhelm, a large German steamer, went ashore on the Goodwin Sands yesterday. Tugs and a lifeboat went to her assistance. The steamer was refloated and proceeded on her way.

#### Killed by Locomotive.

Port Arthur, Ont., May 6.—Ben Daniels, in the employ of the C. P. R. at Schreiber, was killed. He was crushed by a locomotive and died en route to the hospital. This is the seventh death from accident in that small town in one week.

#### WOMEN HAVE SMALL BRAINS.

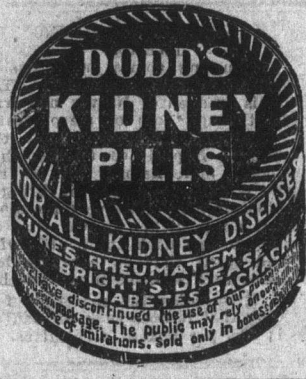

German Doctor Examines 70,000—Reveals An Economy of Nature.

Probably no one has made as exhaustive a study of the comparative sizes of men's and women's brains as Dr. Roese, of Berlin, who has taken the actual and skull measurements of 70,000 persons, including 40,000 school boys and girls. In his observations were included Germans, Swedes, Danes, Dutch, Bohemians and Swiss.

He has written a report of his deductions for a German popular health publication in which he gives the advantage to men and boys from every point of view. Boys have bigger brain capacity than girls, he says, in a degree which cannot be accounted for on the general ground of better physical development. In fact, he confirms conclusions reached by other students that from the ninth year to the close of school age girls on the average are better nourished and developed than boys. The brains of well-known girls, however, remain inferior in size to those of physically backward boys. In the full-grown woman the skull and the brain remain on a childish plane of development.

The fact that schoolgirls often seem to reach better results than boys, that their actual accomplishments seem greater, he accounts for by the fact that they reach maturity, the degree of perfection of which they are capable, sooner than boys. But the girl stops there, while the boy goes on for years developing, and acquiring only reaches his full power of utilization years later. When he does so, however, he has far surpassed the level to which the girl attained. In other words, his mental growth, as compared with the woman's is not unlike the development of his physical strength.

Dr. Roese adds that, of course, his deductions apply only to normal or average cases. He thinks the difference in the sexes is due to the fact that the principal duty of woman is motherhood, and nature cannot afford to waste on her either physical or mental powers which are not essential to that function.

#### SILVERSLIP CREW RESCUED.

Shipwrecked Men Picked Up by the Westgate.

Plymouth, Eng., May 4.—The British steamer Westgate from Rosario, March 24, for the Tyne, arrived here yesterday and landed the survivors of the crew of the British tank steamer Silverslip, which was destroyed on May 1 by an explosion of benzine in her cargo while passing through the Bay of Biscay.

The Silverslip, Captain Hocken, which belongs to the Shell Transport and Trading Company of London, was on her way from Singapore. The engineer and four firemen were killed, and four others of the crew were seriously burned. The 48 survivors of the crew were rescued by the Westgate and brought to this port.

## KIDNEY DISEASE COMES ON QUIETLY

Perhaps no other organs work harder than the kidneys to preserve the general health of the body and most people are troubled with some form of Kidney Complaint, but do not suspect it. It may have been in the system for some time. There may have been backaches, swelling of the feet and ankles, disturbances of the urinary organs, such as, brick dust deposit in the urine, highly colored, scanty or cloudy urine, bladder pains, frequent or suppressed urination, burning sensation when urinating, etc. Do not neglect any of these symptoms, for, if neglected they will eventually lead to Bright's Disease, Dropsy and Diabetes.

#### Doan's Kidney Pills

SHOULD BE TAKEN.

They go to the seat of trouble, strengthen the kidneys and help them to filter the blood properly and flush out all the impurities which cause kidney trouble. Mr. Thomas Peck, Mass., writes: "After I arrived in Canada from New Zealand, a couple of years ago, I suffered very much from kidney trouble. I tried several remedies, but they did me no good. Finally my back became so lame I could scarcely walk. I was advised to try Doan's Kidney Pills and after taking them I felt like a new man."

Price 50 cents per box or 3 boxes for \$1.25 at all dealers or mailed direct on receipt of price by The Doan Kidney Pill Co., Toronto, Ont.

#### Young man Shot Himself.

Montreal, May 6.—The Albion Hotel was the scene of a tragedy yesterday, when David Parker, the youngest son of the proprietor, shot himself, whether accidentally, or by design, will have to be determined by the coroner's jury. Parker was a popular young fellow, and as far as known, there was no reason for his taking his life.

TRADE MARK REGISTERED. Ointment quickly cures itching Piles, Eczema, and other skin troubles.

Leo Corrigan, 475 Ferguson Ave., N. Hamilton, had Eczema since childhood. He consulted specialists—by week and week in hospitals—and despaired of ever getting better.

"I thought Mira would be like other remedies I had tried," he writes, "but, to my delight, a few hours after the first application I felt great relief. It has worked wonders for me."

Don't put it off—get a box of Mira Ointment at once and be relieved. Price 50c.—6 for \$2.50. At druggists—or from The Chemist's Co. of Canada, Limited, Hamilton—Toronto.

A man cannot leave a better legacy to the world than a well-adjusted family.

## HAD THIRTY-TWO BOILS AT ONE TIME

Two Bottles of Burdock Blood Bitters Cured Him.

Imperfect organic action makes bad blood, so, too, bad blood, in turn, makes imperfect action of every bodily organ. If the blood becomes impure, poisoned or contaminated in any way from constipation, biliousness or any other cause, some especially weak organ must soon become diseased thereby, or the whole system may suffer in consequence.

Fimples, boils, blotches, ulcers, festering sores, abscesses, tumors, rashes or some serious and perhaps incurable blood disease may result. There is no medicine on the market to-day to equal the old and well-known remedy,

#### BURDOCK BLOOD BITTERS

for all cases of bad blood. Mr. Ernest B. Tupper, Round Hill, N.S., says: "I think Burdock Blood Bitters a great medicine for boils. I had them so bad I could not work. I had thirty-two on my back at one time. I used only two bottles of B.B.B. and they completely cured me. I cannot recommend it too highly." Price \$1.00 per bottle or 6 bottles for \$5.00.

## OLD TIME CALENDARS.

The Saxon Clog; Whence Comes the Name "Almanac."

In these days, when printed calendars are in evidence everywhere, the question as to what device the elder folk employed to help them mark the progress of time is not uninteresting.

"They," says Verstegan, alluding to the Saxons, "used to engrave upon certain squared sticks about a foot in length, or shorter or longer, as they pleased, the courses of the moons of the whole year, whereby they could always certainly tell when the new moons, full moons and changes should happen, as also their festival days, and such a carved stick they called an al-mon-aht—that is to say, al-mon-heed, to wit, the record or observation of all the moons, and hence is derived the name almanac."

An instrument of this kind was also called the clog, from its form and matter, and had a ring on the upper end of it to hang on a nail somewhere about the house. On each of the four sides were three months, the days being represented by notches. Every seventh notch, being of a larger size, represented Sunday. Issuing from the right side of the notches were inscriptions and figures marking the festival days by some endowment of the year by some work or sport characteristic of it.

Thus against June 29, St. Peter's day, were carved his keys. On Feb. 14 a true lover's knot appeared, and against the notch designating Christmas day was the old wassailing or carousal horn that the forefathers used to make merry with.

The Danes, Swedes and Norwegians used these almanacs under various names, such as Reinstocks, Runstocks, Runstuffs, Annales, Staves, Stakes, Clogs, Runick, and so forth. Before printing was introduced and when manuscripts were rare and dear these Runic almanacs were made the instruments of instruction and regularity. That they might be more serviceable they were often carved on the tops of pilgrims' staves or stakes so as to regulate their time of assembling at particular places. They were also cut on sword scabbards and implements of husbandry. These clogs are not entirely unlike the Egyptian obelisks, which have been called fingers of the sun and which may be regarded as a species of almanac.

One of the first printed almanacs or calendars was that of John Muller, who opened a printing house and published his almanac at Guremburg in the year 1472. It gave not only the characters of each year and of the months, but foretold the eclipses for thirty years in advance.

In England the year book of Henry VII. gives the first recorded account of almanacs.

#### Lightning Superstition.

The ancient Romans avoided places struck by lightning. The houses if damaged were pulled down or fenced in so that no one could use the building on which the gods had set the mark of their displeasure. This feeling was probably deepened by the fact that certain localities are visited by thunderstorms more than others, the wrath of Jove descending in white flame time and again in the same spot. And it was the same superstition, lingering among Christians in a slightly different form, which made it so difficult for Benjamin Franklin to introduce the lightning rod, for the pious Americans of that day declared that "it was as impious to erect rods to ward off heaven's lightning as for a child to ward off the chastening rod of its father."

#### The Wood in Old Violins.

The woods most favored by the old masters for violin construction were pine, pear, lemon, ash, maple and sycamore, and by some of the later men apple was used. Boxwood was universally employed for bridges. Haweis says, "A perfectly harmonious marriage is as rare between violins and their bridges as it is between men and women." He deplores the heartless substitution of new bridges for old ones and insists that a new bridge will never mate perfectly with an old violin, and rather than resort to substitution he advises patching and repairing the old one as long as it can be made to last.—Circle Magazine.

#### A Homemade Weather Glass.

A very reliable weather glass can be made out of such simple materials as an empty salad oil bottle and a quart fruit jar. Having procured these articles, pour sufficient water into the jar so that it covers the mouth of the bottle when the latter is inserted into the former. In fine weather it will be found that the water will rise into the bottle, but will fall back into the jar when wet weather is due. Though the idea of this quaint homemade barometer is not new, it is quite reliable.

#### A Poor Artist.

Patience—Do you know Jules, the artist? Patrice—Yes, but I don't like him. "Why not?" "Oh, I like a man who can look you in the eye." "Can't he?" "Why, he can't even paint a picture of a person who can look you in the eye!"

Characteristics. "Geniuses are eccentric. Some of them touch every post or tree they run across." "Most of 'em touch every friend they run across or almightly try to."

No man can wear one face to himself and another to the multitude without finally getting bewildered as to which may be the true.—Hawthorne.

Higher than Government Standard.

## St. George's Baking Powder

"Talk about your Pure-Food Laws! They're not needed when you buy articles like St. George's Baking Powder!"

"St. George's is made of materials purer than the law requires."

"The Cream of Tartar used in it is 99.90% pure! The law allows Cream of Tartar, containing from 10% to 15% of lime, to be sold as 'pure'!"

"If you want white, light, wholesome, and delicious biscuits, cakes and pies, St. George's is the Baking Powder to get."

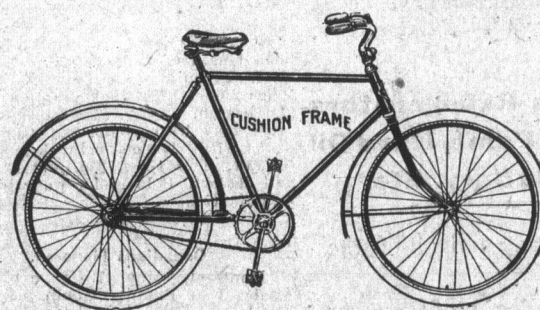

Good recipes, and new ones, will be sent you in a daily booklet, FREE, on request. Write to-day—as the edition will soon be exhausted. National Drug & Chemical Co. of Canada, Limited, Montreal.

## As a Business Proposition It Pay to Ride a Bicycle.

## New Hosiery For Late Spring And Early Summer Wear.

### A LITTLE EARLY YET FOR SUMMER HOSIERY?

Well, considering how cold the weather has been, perhaps it is a little early. What the weather has been is no guarantee as to what it will be if a few real hot days strike us. It will be well to have a lighter pair of Hose ready to make a change. On Saturday we make our first extensive showing of Summer Hosiery.

Here are a few of the prominent lines that cannot be surpassed in quality or price:

Ladies' Fast Black Cotton Hose, stainless double process dye, heavy double heel and toe, at per pair 12 1/2c.  
Ladies' Crown Black Cotton Hose, absolutely fast and stainless, woollen spliced sanitary sole, spliced heel and toe, made in Saxony, very special per pair 25c.  
Ladies' Everfast Stainless Cotton Hose, Hermsdorf dye, cream moco split sole, double sole, double heel and toe, very special per pair 25c.  
Ladies' Fast Black Cotton Hose, Louis Hermsdorf dyes, extra high spliced heels and double toes, double soles, the best hose on the market, at per pair, 25c.

## WM. FOREMAN & CO., Importers.

## Hardware & Implement Dissolution Closing Out Sale

### Of Our Entire Stock

This sale effects very materially the prices of every line of goods we carry. It has been on for over five months, during which time many big bargains have been carried triumphantly away. We have yet splendid values to offer in such seasonable goods as

**Lawn Mowers, Garden Hose, Refrigerators,  
Bicycles, Prism Brand House Paint, Hard Oil,  
Floor Wax, Alabastine, Cutlery, Etc.**

We guarantee to save you money in any and all of the above.

We do not pretend to be making a living profit on our sale, but the goods must go and for cash.

**George Stephens** 'Phone 6 **D. H. Douglas**

To admit that you are self-made, either a boast or a confession.

A man begins to go down the moment he ceases to look up.  
Trying to keep young is one of the oldest schemes of the age.

### BRONCHIAL COUGHS

Breathe Hyomei's Healing Air And  
All Irritation Will Be Quickly  
Cured.

The most irritating and annoying form of cough is that termed bronchial. People subject to bronchial troubles whenever there is a change in the weather or they are exposed to a draft will "catch" a bronchial cough, which is very disagreeable, irritating and annoying.

Bronchial troubles cannot be cured by stomach dosing. The medicated air of Hy-o-mei is the only treatment that reaches the affected parts and gives relief and cure. It destroys all the disease germs that are present in the nose, throat and lungs, soothes and relieves the irritated mucous membrane in all parts of the bronchial tubes and quickly overcomes the irritation.

Bronchitis is really an inflammation of the mucous membrane lining the air passages and is purely a local disease, so that it needs a local treatment like that afforded by Hy-o-mei.

If there is any doubt in your mind as to the power of Hy-o-mei to cure bronchial troubles so that the system will resist coughs and colds, the unusual way in which it is sold by C. H. Gunn & Co. should dispel that doubt. They agree to refund the money to any purchaser of Hy-o-mei who is not perfectly satisfied with the results following the use of the remedy. They take all the risk and if the remedy does not help you it does not cost a penny, while if it cures, the expense is nominal, for a complete Hy-o-mei outfit is sold at only \$1.00.

### Where Does Town Belong?

Lloydminster, May 7.—This town is half in Alberta and half in Saskatchewan. There are those who favor an alliance with Alberta, others prefer the sister province. All agree that the town should join either one province or the other. A vote of the citizens will be taken on this question and a deputation will be sent to Ottawa.

### TENACIOUS FORM OF SYSTEM- ATIC CATARRH.

Not an easy thing to cure, and a remedy that makes good deserves the credit. Catarrhozone cured Chas. H. Webb, of Woodstock, N. B., who writes: "For a number of years I was troubled with systematic catarrh. It was a very tenacious form of the disease and nothing helped. I used Catarrhozone and got relief. To build up my system I used Ferrozone. This combination can't be beaten. They cured me." Your case may be chronic, but Catarrhozone will drive out catarrh and keep it out. Two sizes, 25c. and \$1.00 at all dealers. Sold under guarantee of satisfaction.

### Canadians Honored.

Montreal, May 7.—A cablegram states that Premier Gouin has been made an officer of the Legion of Honor, and Judge Lancelot, his traveling companion, an officer of public instruction by the French Government.

### Eighteen Were Killed.

Johannesburg, Transvaal, May 7.—An explosion occurred yesterday at the Modderfontein Gold Mine, three whites and fifteen natives being killed.

Adversity is the parent of virtue.

## INDIA HAS NATIVE RISING

### Government Has Decided To Take Drastic Measures

Simla, British India, May 7.—The schools and colleges of Bengal, which are affiliated with the University of Calcutta, have become such hot-beds of political agitation, that the Government has resolved to take drastic action. A circular has been sent to the university, colleges and school authorities, prohibiting the participation of professors, teachers or pupils of the higher educational establishments in political movements, and notifying the university that unless it fulfills its duty in controlling the affiliated colleges all the Government scholarship endowments will be withdrawn. The Hindu outbreak at Ravalpindi appears to have been anti-Christian, as well as anti-European. The mission buildings were the special object of the fury of the rioters. An attempt was made on the American mission church, the mob burned the Young Men's Christian Association hall, looted and damaged the houses of the missionaries and violently assaulted native Christians in the streets. A riotous outbreak, under the leadership of Hindu students, has occurred at Amritsar, about thirty miles from Lahore.

All the local newspapers print detailed accounts of serious rioting at various places in Eastern Bengal, especially in the Mymensingh district. The papers comment gravely on the situation, saying the disturbances may be the prelude to worse events, owing to the intense feeling between the Hindu and Mohammedan portions of the population. The former allege that the latter have desecrated their temples, while the Mohammedans assert that the Hindu boycott of British goods has caused a rise in prices.

### 636 FACTORY ACCIDENTS.

Twenty-Seven Resulted Fatally — Reports of Inspectors.

Toronto, May 7.—According to the nineteenth annual report of the provincial factory inspectors, which has just been issued, there were 636 accidents in the factories of Ontario in 1906, of which 27 resulted fatally. The majority of the accidents occurred in Toronto and Hamilton.

One of the women inspectors, Miss Annie Brown, states that she found child labor abused in a number of the concerns she visited. In many factories especially there had apparently been no effort made to ascertain the age of the children employed. Where it was apparent that the little workers were under 14 years of age, they were sent home.

It is noted in the report that factories in general are cleaner than they used to be, but attention is called to the need for better ventilation in most of these places.

Miss Carlyle, in her report, says that one of the most difficult things to enforce is the regulation compelling factory girls to do up their hair in such a way as to best avoid accident from the machinery. They prefer, she states, to be scalped rather than put up their locks in what they consider an unbecoming style.

### TROOPS CUT TO PIECES.

Turkish Soldiers Annihilated by Yemen Rebels.

London, May 7.—It was announced yesterday afternoon in a special despatch from Constantinople that several battalions of Turkish troops have practically been annihilated during a battle with rebels in the Province of Yemen, Turkish Armenia. The commander-in-chief of the Turkish forces is urgently calling for reinforcements.

### Man Found Poisoned.

St. John, May 7.—James E. Hickey, who, with a companion was arrested in a drunken condition by the police Sunday night and lodged in jail, was found dead yesterday morning in his cell. An empty bottle, which had contained prussic acid, was found nearby. This, the police say, was not on his person when he was arrested. There is some suspicion that his companion knows more about the affair than he lets on. The matter is being investigated.

### Three May Have Perished.

Quebec, Que., May 7.—About 11 a.m. on Saturday Captain J. B. Masson left Montserrat wharf with Mr. Eugene Thibault and Mr. Ernest Bouchard in a boat to cross to Grosse Ile. The weather was not very bad when they sailed, but a severe snow squall came up with a strong east wind after their departure. The empty boat was found at Crain Isle yesterday morning, and the general belief is the three have perished.

### Killed in a Runaway.

Wallaceburg, May 7.—John Tulloch, a Sombra Township farmer, living near Becher Postoffice, about six miles from here, was fatally injured in a runaway on Saturday last.

### INVALUABLE FOR NURSING MOTHERS.

With nursing comes an unceasing strain on the mother's vitality. The blood is weakened. Nerves are irritable through loss of sleep. Anxiety and care break down even the strongest. Experience teaches that nothing is more helpful than Ferrozone. What an appetite it brings! No blood-former or nerve tonic more potent, no medicine known that so steadily brings back the health, vigor and spirit that mothers require. It's because Ferrozone nourishes, because it supplies the materials for building that it does such permanent good; 50c. per box at all dealers.

## Three Days Unloading of Hosiery Starting Wednesday

May as well start right off giving you the reasons for this great price-cutting of hosiery right at the start of the Summer season.

In the first place many of these lines were bought under the regular price—clearing prices for the lot.

In the second place the former cool weather interfered with the earlier purchase of spring lines.

The stock has to be lowered—to get it down quick is the reason for this fearless price-cutting. The best thing about it is that you are asked to buy your Summer Hosiery NOW, but we give you a generous saving from one-third to one-half.

Women's high-class plain cashmere hose, reliable and best known makes, such as Llama, Angola, Osborne and other pure cashmere makes, never sold for less than 50c pair, Hosiery Sale Special 35c pair.

Children's Black Lace Lisle Hose, Hermsdorf dye, extra fine threadthrough work, 5 1/2 to 8, reg. 40c, Hosiery Sale Price 25c

Ribbed Union Cashmere and Ribbed Cotton Hose, double knee, excellent qualities, the union cashmere hose are regular 35c a pair, while the ribbed cotton hose are 25c a pair.—Hosiery Sale Price 18c pair.

Evening shades in Children's and Women's Hose, lisle finish, beautiful shades of sky, pink also white, all sizes, reg. 35c, Hosiery Sale Price 25c.

Boys' and Girls' Black Cotton Hose, double heel and toe, good wearers, ready for the rough and tumble that's in store for them, all sizes in the lot, Hosiery Sale 9c pair.

Embroidered Lisle Thread Hose, extra fine qualities, lace embroidered, sizes 8 to 10, regular 50c, Hosiery Sale price 38c pair.

### THREE DAYS SALE OF WOMEN'S UNDERWEAR

## H. W. Ball & Co., King Street, Chatham

## RAILROAD KIDNEY.

### Do You Know the Disease?

Engineers, Conductors, Brakemen, Firemen, Motormen, Travellers, have it. It comes from the constant vibration and pounding of steam and electric cars. This vibration weakens the action of the Kidneys. That is why so many railroad men suffer with sharp, shooting pains in the back, frequent headaches, constant desire to urinate, and why they are so subject to Rheumatism.

### "Bu-Ju" Is the railroad man's Health Insurance.

"Bu-Ju" gives new strength to the Kidneys, that nothing else will. "Bu-Ju" lends additional elasticity to the ligaments, makes new, healthy tissue in place of the diseased portions, and keeps the Kidneys healthy in spite of hard work, and exposure to heat, cold and bad weather.

"Bu-Ju" cures Irritated Bladder (Cystitis), stops that frequent desire to urinate, takes away the scalding, burning pain.

A railroad man, who wants to protect himself against dreaded Bright's Disease and Chronic Rheumatism, should always carry a box of "Bu-Ju" in his "kit," and take them regularly at the first sign of headache or pain in the back.

**Bu-Ju**  
The Gentle Kidney Pill

50c. a Box. At all Druggists, or sent direct on receipt of price.
