GERMAN OFFENSIVE RENEWED ON WIDE FRONT THIS MORNING Enemy Attacks Between Rheims and Soissons HEAVY BOMBARDMENT PRECEDED LAUNCHING OF THE INFANTRY ATTACKS; FRANCO-BRITISH FORCES RESISTING ONSLAUGHT WITH ACCUSTOMED VIGOR

Long Range Bombardment of Paris Was Renewed This Morning, Co-incident With Start of Drive; At Least Two of Long Range Guns Have Been Put Out of Commission by French Artillery - Teutons Turn to New Sector to Strike Latest Blow

By Courier Leased Wire. LONDON, May 27.—(Bulletin.)—Strong German attacks developed early this morning against the British and French positions between Rheims and Soissons, the war office announces.

The attacks were preceded by a heavy bombardment. The Germans also attacked this morning in Flanders, between Loere and Voormezele, on the northern side of the salient.

The text of the statement reads: "Strong hostile attacks, preceded by a bombardment of great intensity, developed early this morning on a wide front against the British and French troops on the line between Rheims and Soissons and against French troops between Loere and Voormezele.

"There was considerable hostile artillery activity yesterday and last night on the British front."

ON FRENCH FRONT ALSO

PARIS, May 27.—(Bulletin.)—Over the front between the forest of Pinon and Rheims, the Germans launched an attack this morning, the war office announced. The French and British troops are resisting with their habitual valiance.

The statement follows: "In the latter part of the night the Germans opened a violent bombardment all along the front between the forest of Pinon and Rheims. This morning an enemy attack is in progress along a very extended front between these two points.

"Franco-British troops are resisting the German

thrust with their habitual valiance. The battle is continuing. "In the Champagne, on the right bank of the Meuse (Verdun front) in Apremont forest, and in the Woeyre, there was active artillery fighting. During the night the Germans delivered local attacks in the Apremont forest, but were repulsed after spirited fighting in which the Germans sustained losses. Two other efforts in the region of Limey, northeast of Badonviller, also were repulsed. The French took prisoners."

BOMBARDMENT RENEWED

PARIS, May 27.—After a long interval the Germans again began to bombard Paris with long range guns at 8.30 o'clock this morning.

It is significant that the long range bombardment of Paris, which had been suspended for a considerable interval has been resumed just as the Germans are renewing their offensive in the west. The original bombardment was opened on Saturday, March 23, almost coincident with the start of the great offensive in Picardy.

At least two of the mammoth pieces were destroyed or badly damaged some time ago by the French artillery which adopted special measures, in conjunction with airplane observation, to reach them in their location just behind the westerly edge of the Aisne front, more than 70 miles from Paris.

Early this month the long range shelling was suddenly suspended, and on May 16, one of the German newspapers announced that two of the big pieces had been taken to the Krupp plant for repair work. Such huge guns, it was explained, "could not be fired indefinitely without timely repairs."

FREIGHT AND PASSENGER RATES INCREASED IN U.S.

Raise Ordered by Director General to Meet Wage Increases and High Cost of Coal and Other Supplies

Washington, May 27.—To meet wage increases, just announced and higher costs of coal and other supplies this year, Director-General McAdoo today ordered railroad freight rates in the United States to be raised 25 per cent and passenger fares increased three cents a mile from the present bases of about 1-1-2 cents.

It is estimated that the program will bring between \$800,000,000 and \$900,000,000 more revenues to the railroads within the next year. It represents by far the biggest rate increase in the history of railroads.

The new freight charges will cover both class and commodity rates and the passenger increase will go into effect June 10.

Issued under authority granted by the Railroad Act to President Wilson acting through the director-general, the order wipes out all interstate lower rates effective freight and passenger traffic. Travellers in Standard sleeping and parlor cars are required to pay 3-1-2 cents a mile in addition to Pullman fares and in tourist sleeping cars 3-1-4 cents.

Pullman rates remain the same. Computation and other suburban rates on railroads are increased ten per cent. Fares on electric interurban lines are not affected.

DILLON APPEALS FOR COOL HEADS IN CRISIS

Strove to Avert Strife and to Secure True Unity as Long as Possible - Government Action Said to be Unjustified by Statement Made

By Courier Leased Wire. Dublin, May 27.—John Dillon, Irish Nationalist leader, has written a letter to the Nationalists of Limerick, in which he says in part: "Large masses of the youth of Ireland have passed under the influence of leaders who appear to have no well thought out policy and no sense of responsibility. In the face of such conditions, young Irishmen who can keep their heads, and are determined to resist both stupid coercion and the policy of the Sinn Fein, are capable of doing incalculable service to Ireland at this moment of terrible need."

Your society at Limerick has passed a resolution regretting the introduction of party influence to Ireland during the present crisis. I did everything in my power, even to the extent of incurring blame and censure from some of my best supporters, to avert strife and secure true unity on the basis of a party truce till conscription has been defeated."

Two variant schools of opinion respecting the government's revelations are illustrated by editorials in the Unionist-Irish Times and the Nationalist Irish Independent. The former thinks the evidence is conclusive and that the Sinn Fein stands convicted on a treasonable conspiracy. The latter declares the government's evidence is almost purely negative.

The Freeman's Journal, Mr. Dillon's organ, after careful examination of the government's statement says: "No one could truthfully describe it as evidence, and no impartial mind as justification for the extreme action which the government has taken."

J. J. O'Leary Arrested. New York, May 27.—John J. O'Leary, a brother of Jeremiah O'Leary, who failed to appear in court last Monday for trial on an indictment charging publication of seditious matter in The Bull, an anti-English periodical, was arrested last night on a charge of conspiracy to obstruct justice in connection with the disappearance of his brother.

John O'Leary, who is a lawyer, was taken into custody by agents of the department of justice. He will be arraigned in federal court today.

A nation-wide search is being made for Jeremiah O'Leary by the federal authorities. Circulars bearing his picture have been scattered broadcast, and a reward of \$250 offered for his arrest.

STORY OF BIG WAR TIME PROFITS BY CANADIAN MILLING FIRMS

Investigation Covering Period of Four Years, Including One Pre-War Year; High Profits Were Made in Face of Taxation - Tax on Net Profits Urged

By Courier Leased Wire. Ottawa, May 27.—A story of big war-time profits by large Canadian Milling companies is revealed in a report issued today by the minister of labor. The report was prepared by Miss B. J. McKenna (Mrs. George Hambleton) formerly of the cost of living branch, labor department. Made at the instance of Hon. Mr. Crothers, the report is based on investigations covering the period between 1913 and 1917, and therefore for purposes of comparison includes a pre-war year. It shows that in 1917, as compared with 1913, large milling companies heavily increased their net profits even after allowing for a debit for war tax. It indicates further that the limitation of profits to 25 cents per barrel of flour does not effect the purpose for which it was intended in that "with increased production even were the profit per barrel of flour limited to say, fifteen cents, still ample dividends might be paid and reserves set aside."

"It is clear," the report concludes, "that the only way to reach the profits of the milling companies is to increase the tax on the net profits on total investment for the year."

The report covers over sixty typewritten pages. It aims to show in detail how profits have been derived and disposed, what proportion of a company's capitalization is represented by actual investment, what the profits per barrel of flour are, and what revenues are derived from inter-trading in wheat before the price of wheat was fixed. Increased profits, the report indicates, are due largely to increased production and increase in turnover which in 1917 was two to three times that of the pre-war year, although in most cases, there was some increase in the profit per barrel of flour.

While dealing more specifically with the larger companies, the report, however, states that smaller companies, producing less than 100,000 barrels a year would find difficulty in surviving on a profit of 25 cents per barrel. Companies producing between 100,000 and 500,000 barrels a year would probably make a moderate revenue on such a limitation, while the large companies would make an excessive profit. Large companies, proceeds the report, have on less than 25 cents per barrel made net profits of unprecedented amounts. Therefore the only equitable way of reaching all classes of milling companies is by a tax on the net profits for the year.

"The increased profits," the report continues, "have been disposed in various ways. In some cases, as with the Maple Leaf Milling Company, dividends have been paid on common stock for the first time. In other cases already substantial dividends have been increased as in the case of the Ogilvie Flour Mills company. The Ogilvie Flour Mills Co. Profits of this company up to 1916 were eight per cent. In 1916 they were increased to twelve per cent, and in 1917 to twenty per cent.

FINLAND READY TO MAKE PEACE WITH RUSSIA

Representative of Germany to Participate in Preliminary Discussions PEACE WITH UKRAINE Conference Begins Wednesday - German Policy is Alienating Friends

By Courier Leased Wire. Moscow, Tuesday, May 21.—(By the Associated Press)—Count von Mirbach, the German ambassador, has advised the Soviet Government that Finland announces her willingness to enter into peace negotiations with Russia. A representative of Germany will participate in the discussions.

The peace conference between Russia and the Ukraine is to begin Wednesday. Germany has appointed Baron Mumm von Schwarzenstein, ambassador to the Ukraine, as its special representative. He will have almost dictatorial authority in disputed questions, especially those involving boundaries.

PROMISES NOT FULFILLED. Moscow, Monday, May 27.—(By the Associated Press)—German promises to send manufactured goods to the Ukraine and other occupied territories have not been fulfilled. Agricultural tools have been supplied in limited quantities to some sections upon condition that a large percentage of products be given to Germany. No textile and leather or rubber articles have been provided. Instead, Germany is buying all kinds of clothes and leather even in Moscow and shipping it to Germany. Photograph supplies, small mirrors, knives, clear lighters and other novelties make up a great part of the goods sent to Russia by Germany.

Unrest is becoming acute through Germany's heavy levies upon the food supplies without the exchange of promised clothes and shoes and hardware. Russian merchants now realize they were duped.

CAN'T BE PURIFIED

This is the Fourth Statement of Dominion Co's. President with Reference to the Tilbury Gas

Mayor MacBride, Ald. Clement and City Solicitor Henderson journeyed to Buffalo on Saturday in connection with the gas situation. They met Mr. Davidson, General Superintendent of the Dominion Company, and he frankly told them that in his opinion he did not believe that the Tilbury supply could be purified. They then spent some thousands of dollars at the Glenwood plant in connection with this effort but without result. Some of the members thought that the trick could be accomplished but he didn't.

The proposition was put up to him of establishing a purification plant on the outskirts of the city for the purpose of cleaning up to remedy the trouble for Brantfordites, and he promised to have his board consider that. The Engineers engaged by the city will report on this phase of affairs and if he says it can be done the municipality will insist.

Mr. Davidson demonstrated to the satisfaction of the visitors that the taking up of the pipes leading to the Belkirk field was played out. There is also the chance of another pure gas field developing in this vicinity.

While in the Bison City the market question was looked into, a subject in which Ald. Clement manifested special interest. There are four markets there for retail purposes, all covered and several valuable pointers were secured. Some information was also obtained regarding coal matters.

PIRIEST DENIES INTRIGUE. Dublin, May 27.—The Rev. MacLachlan MacBranan has given out the following signed statement: "As a priest and a member of the Sinn Fein executive for the past year, I give you my word of honor that the government's official statement that negotiations have been carried on between the Sinn Fein executive and the government is a falsehood, and that German invasion was never discussed by Sinn Fein executive committee."

"Zimmiie" ON Tuesday with some showers and local thunderstorms.

WEATHER BULLETIN Toronto, May 27.—Since Saturday thunderstorms have been general in Ontario, while in the west the weather has remained very cool attended by a few light scattered showers of snow or rain. Forecasts. Moderate variable winds, partly cloudy to-day and on Tuesday with some showers and local thunderstorms.

Another Pioneer Passes Mrs. Samuel Kent is Called by Death

(From our own correspondent) Simcoe, May 27.—The Courier Agency's bulletin service gave Simcoean a general surprise on Saturday evening when the following announcement was placed on the boards. "A. M. Malone, Ex-Chief of police of Simcoe, who was sentenced to life imprisonment in Feb. 1909, being found guilty of shooting with intent, night watchman Wilkins was liberated from Portsmouth penitentiary on Thursday, and at once enlisted for overseas. His prison record was A-1. He had served in the Boer war. His reprieve was obtained through his former solicitor, W. E. Kelly, K.C. Mr. Kelly interviewed Malone and he always considered Malone's weakness for and indulgence in booze brought about his downfall, but that apart from this he was a man of considerable intelligence, good military training and possessed of sterling capabilities. He had received from Malone a letter of grateful thanks for his efforts. The news recalled the rehearsing of the tragedy in Lynnwood Park when Malone, after luring Wilkins to an out-of-the-way corner, shot him point blank in the head. Wilkins supposedly dead; how Wilkins crawled over to Dr. Bowby's with the lead penetrating his skull, and the whole series of theft and arson in which the two had been engaged and from which Wilkins wished to draw out, and finally Malone's "dead tell no tales" as he left his victim. The scene took in the court room when sentence was pronounced and the audience cheered as if they were politicians receiving returns of a favorable election and the threat of his Lordship. Mr. Kent was called by the court were all recalled.

Mrs. Samuel Kent. Susan Wilson widow of the late Samuel Kent, and daughter-in-law of the late Geo. Kent, died at her suite of rooms in the Clement residence, west street on Saturday, in her 80th year. The funeral will be held privately today. Deceased was born at Niagara. Her father was of the same stock as the Wilsons—who were prominent in Simcoe's early commercial, professional, industrial and municipal life. The late Mrs. Wm. W. Macfarlane was a sister. This last of the Wilson pioneers accompanied her husband to Michigan when he accompanied John E. Ellis in lumbering enterprise. They had two children, a son and a daughter. The father and son died a few years ago. The daughter, Mrs. Allen, resides in Vancouver, but reached here a few days ago. Mrs. Kent had, till recently, had rooms in the residence of County Clerk Elias Boughner. Shortly after taking her quarters she sustained a fracture of a bone while coming down stairs. The passing of this aged Simcoean removes the last of the old stock of a prominent local family. Geo. Kent once held title to all the land west of Norfolk street between Peel and Main streets extending west to the limits of the present business section. We have been told that the present market square was a gift to the corporation from this estate, and that the town's title thereto is limited by certain qualifications. One street still perpetuates the name of the family. The unnameable acts of lawlessness perpetrated about the north of the county against citizens favourable to the conscription policy of the government, and the rankly distasteful utterances of men and women from the district, and the indignity in writing anonymous threatening letters is going to prove a boomerang to many anti-conscriptionists of a milder, saner type later on. It is up to this party to suppress their incorrigibles, and they can do so. Otherwise, if the war is prolonged and successive drafts are made, eligibles in this district will have little home for exemption. Non-unionists that we have conspired with are openly embarrassed regarding the ill-timed and debased ingratitude of the Scotland moonshiners. Two coaches carrying United States nurses passed through eastward early yesterday morning. Through troop trains have passed through here for weeks past and are now not attracting so much attention as formerly.

## MUNICIPAL BOARD SAT AT SIMCOE

Application Heard—Windham Telephone Co. Seeks Better Organization

How Drafting Hits the West—An Error Explained

(From our own Correspondent) Simcoe, May 25.—The Ontario Railway and Municipal Board sat in Simcoe on Thursday afternoon, primarily to hear argument in the matter of the request of the Norfolk County Telephone Company for an order permitting the issue to the present shareholders of the company of \$43,000 stock without assignment or contribution. The company argued (1) that the profits during the fifteen years that the company has been in operation, had been largely used in extensions and that many dividends had been passed. (2) That the shares now issued were all the liabilities of the company, and that on the market the plant would bring \$100,000. Would Not Cut the Lemon. The board declined at present to put the "lemons" into the lemon, suggesting that it might be possible to issue and sell shares in the context. By putting the system on the open market at \$100,000, but deferred judgment at present, admitting that even this latter might not at present be feasible. Officials of the company doubt if their petition will be entertained. Delhi Central to Have Continuous Service. Delhi subscribers seized the opportunity to ask the Board for an order directing the company to give the burg continuous service. When they had presented their case, officials of the company expressed the willingness of the management to grant the extension without the order. A small telephone company with about 15 miles of wire and some 25 subscribers in the district east of Delhi, appeared before the Railway Board here Thursday seeking for a better arrangement with the Norfolk county organization. They have been paying ten or eleven dollars a year and replacing their own batteries. They wished to be on equal terms with Norfolk county subscribers, as to the use of the county system without tolls. For some time they have been paying the county for services as central. The board agreed to sanction the extension of the free service to the Windham company providing these subscribers pay the county \$8.00 annually and maintain their own lines.

and phones. The order was not made compulsory on the county company. This progressive county telephone system, bound to limit its dividends to stockholders to 8 per cent., as it is a public utility concern, must cut rates, use surplus for extensions or create a great reserve. Simcoean who use the line to reach Waterford and Delhi, or vice versa, would not object to an extra line connecting these, for one does not always get through within a reasonable time. And perhaps some surplus might be spent on the current, for it frequently happens that parties in the north and west of the county speak over the phone very, very feebly to the Simcoe end. Many volunteered from One Place. Seven of the nine mechanics in the employ of J. M. Staller when the war broke out, have left the bench for service. They are Charles West, Bernard Bland, Theo. Dickenson, Thos. Gerell, Wm. MacNeally and Douglas Stalser. Besides these Fred Bancroft went to England to work on the making of guns there.

# The Canadian Bankers' Association

## Invites the Co-Operation of the Public on Behalf of the Banks

### Staffs Heavily Reduced by War

**MORE** than half the men in the banks of Canada are now on military service, and the number which remains is being steadily reduced.

Women clerks have been employed in thousands and have done splendidly, but they have not the experience of the men they replace. It would be out of the question to expect them to work as rapidly or with the same knowledge of banking as officers of many years training in the profession.

The drain upon the number of experienced officers has now reached a point where it is necessary to ask the public to take into consideration this decrease in efficiency, and to lighten, as far as they can, the burden thus thrown upon those left to run the business. Canada was never so busy as now and the volume of banking business is greater than ever before.

### How the Public Can Help

Transact your banking business in the morning as far as possible, and as early as possible. Try to avoid a rush at closing time. Do not draw any more cheques than are absolutely necessary. Instead of paying small accounts by cheque, draw the money in one amount and pay in cash.

### Change in Banking Hours June 1st.

On and after June 1st banking hours will be: 9.30 to 2.30; Saturdays 9.30 to 12.00.

This arrangement will give the staff more time to complete the large amount of work which cannot be taken up until after the office is closed to the public.

### Special Services Discontinued July 1st.

Certain services must of necessity be discontinued, for a time at least.

On July 1st banks will discontinue receiving payments for tax bills and the bills of gas, electric and other public service corporations.

The banks desire to render all essential services including many special ones arising out of the war. In order to do this they make this appeal for co-operation in the manner suggested above

**"I'M DELIGHTED WITH IT", HE SAYS**

"Well, sir, ever since I started on Tanlac my improvement has been so wonderful that I don't feel like the same person I was before," recently said Charles Spradrow, an employe of the T. Eaton Company who has resided at 742 Huron Street, corner of Davenport Road, Toronto, for thirty years, and is known to everybody in that neighborhood.

"I had been going down hill for the past two or three years," continued Mr. Spradrow, "and I suffered all the time from a severe case of indigestion and stomach trouble. After eating anything my food would sour and rise up in my throat, I suffered from heartburn and would bloat up so with gas till I could hardly get my breath. Any kind of vegetables or fried food would upset me every time, and I got so I was afraid to eat good quality meal, for I knew I'd have to pay dearly for it afterwards. I had a tightness across my chest and a bad cough that worried me so at night I could hardly sleep and I felt terribly fagged out when I would get up in the mornings.

"Nothing I took seemed to do me a bit of good, and finally I decided to try Tanlac a while. I have taken but two bottles of this medicine so far and it has certainly done me more good than everything else I have ever taken. I am not troubled with gas or indigestion near like I was before, the tightness in my chest is gone, I don't suffer any more from sour stomach or heart burn and I rest better at night. I am just delighted with the way Tanlac is straightening me out."

Tanlac is sold in Brantford by Robertson Drug Store, in Paris by Apps. Ltd. In Mt. Vernon by A. Yeomans. In Middleport by William Peddie. In Onondaga by Nell McPhadden.

**Forethought and Good Judgment Used**

Travelers show preference for Scenic Route; Busy Men use Night Trains

Nowadays, forethought, and a lively sense of public appreciation play an important part in the construction of a railroad. The Canadian Northern there made a happy choice in the selection of its route between Toronto and Ottawa: skirting the shoreline of Lake Ontario and the Bay of Quinte; over the height of land between Napanee and Sydenham; and through Rideau Lakes region, adds zest to the daytime journey in Spring or Summer. Comfortable day and night trains, stopping at principal intermediate stations, have made the route very popular.

**CANADA'S BANKS SENT TEN FULL BATTALIONS**

Canadian banks have sent ten full battalions in khaki. This is the inspiring contribution of Canadian bankers to Canada's overseas forces as shown in figures recently compiled and just received by local bank managers. It is an inspiring indication of the patriotism of the staffs of the banks, for it represents a contribution of over half of the men employed in Canadian banking institutions.

At the beginning of the war there were 17,974 men and 1,509 women employed in Canadian banks. By Jan. 15, 1918, there were only 14,220 men on the staffs and the number of women clerks had increased by over 500 per cent. Enlistments up to January of this year, have reached the figure of 7,741; 5,200 additional men were called under the decision of Mr. Justice Duff on March last; 500 have volunteered since January of this year, and 1200 more men have been called under recent legislation. This makes a grand total of over 10,000 young men who have gone from Canadian banks to fight and die for their country in France and Flanders.

The places of the men have been taken by thousands of women clerks, who are doing splendid work in their new sphere. When interviewed with regard to the work of the women, local bank managers said that the one who was due to the manner in which Canadian women had risen to the task of carrying on the growing banking business of the Dominion. However, they said it was not out of the question to expect the women to work as rapidly or with the same knowledge of banking, as officers of many years' standing in the profession. It is understood that the Canadian Bankers' Association is about to issue an appeal to the public to cooperate as far as possible with the staffs in the handling of greatly increased business, under exceptional difficult circumstances.

Canadian Officers' Training Corps at Laval University, Quebec, has been completed, 250 men having enlisted.

IN the profession of telephone operating, there are many opportunities for advancement open to capable young women.

1. The student operator does not handle calls from the public. She first receives instruction in the Operators' Training Department and is paid a salary while learning.
2. Her prospects for advancement are many, and an efficient operator can always be sure of a position in whatever city she may be.
3. The healthful conditions under which the telephone operator works, the opportunity for congenial companionship under pleasant conditions, the many opportunities for advancement and in case of sickness, the protection afforded by a liberal Benefit Plan without cost to her—all these combine to make telephone operating a most attractive profession.
4. If you would like to become a telephone operator, call at our office

**THE SITUATION**  
 Over the Courier leased wire today there comes the announcement of strong German attacks against both the British and the French positions between Rheims and Soissons. This would seem to be the commencement of the big general assault. It is reported that the men of the Allied forces are resisting the attack with their usual valor. Other items from the war zone pale into utter insignificance alongside the developments of the mighty and crucial struggle, which has manifestly just been entered upon.

**THE UNION GOVERNMENT SESSION.**  
 The first session of the Union Government has been characterized by the transaction of a large amount of business within a comparatively short space of time. There must be the tribute to the members of the Opposition that they have not offered any factious criticism or obstruction. It has been alleged that they think disruption more likely to occur in the newly formed political family if the ranks are not solidified by active attack and that the hoped for disintegration will thus, sooner happen. On the other hand a more generous view is that they have been actuated by the gravity of the period through which we are passing and most of us would rather take that view. One of the features of the session has consisted of the freedom of action on the part of members supporting the administration. The lines of hard bound partyism have been largely departed from and that is a good thing. The people are more and more expecting their members to speak "freely in meeting," and it is generally recognized that much more good results from such a course than from supine docility.  
 It can be unhesitatingly affirmed that the war measures, now found necessary with regard to the Dominion, would not have been possible, without much friction, unless for the present cohesion between men from both political parties and herein the formation of a Union government has been more than justified.

**THE C.N.R. AWARD.**  
 Sir William Meredith, chairman of the Arbitration Board deputed by the Government to ascertain the value of the six hundred thousand shares of the common stock of the Canadian Northern Railway has handed out an unanimous finding for \$10,800,000, or eight hundred thousand dollars more than the government was authorized by Parliament to pay. To the average individual the award will come as a surprise. That a concern which all the time has been knocking on the door of parliament for more millions, should have such a value for its common holdings is to say the least of it somewhat of a staggerer. The argument before the commissioners was that said stock had no value and should be so treated as a contention which amounted to bold faced confiscation and not desirable from many standpoints.  
 The Mackenzie and Mann interests under the terms announced will come out very well indeed and the country will not take the first practical step towards the nationalization of Dominion Railway interests.

**ROSE DAY.**  
 The members of the Women's Hospital Aid accomplish a magnificent work. And it is not too much to say that very much of the present satisfactory status of that institution is due to them and their efforts.  
 The average number of patients is constantly growing each month and this circumstance has led to the need of more nurses to such an extent that the home created for them by the W. H. A. has long since proved insufficient for their accommodation. It will be readily agreed that those engaged in the exacting duties of attending to the wants of the sick should have proper quarters when they are off duty, especially in the matter of adequate sleeping rooms. The effort of the W. H. A. this time is to ensure that such shall be the case by raising enough money to enlarge the home. They only make one appeal a year and the response on Saturday next should be of generous proportions.

**RUTH CHRISTIANSON**  
 The funeral of five year old Ruth Lucile Christianson took place yesterday afternoon, from the home of her parents, Mr. and Mrs. W. D. Christianson, 122 Darling street, Greenwood cemetery. The funeral was private, the services being conducted by the Rev. Mr. Innes of Toronto.

**MRS. SAGE**

The funeral of the late Mrs. Geo. Sage took place yesterday afternoon. A brief service was held at the home, Eagle Avenue, followed by service at Trinity church, conducted by the pastor, Rev. Mr. Whalen. Of this church, the deceased was for many years a member and active worker. As a member of the Ladies' Guild and a teacher in the Sunday school, her efforts were untiring, and her labors of the greatest value. The large attendance at the church service yesterday afternoon was a tribute to the high esteem in which she was held. The musical portion of the service was impressive. The beautiful hymn, "Abide With Me" was sweetly sung by Mrs. Barton. The sermon was preached from 1st Thess., 4:13, a thoughtful and comforting discourse. Choir and congregation joined in singing "Forever with the Lord." Interment took place at Mt. Hope cemetery.

The following were among the floral tributes: Wreath, upper machine shop, Cockshutt Plow Co., A. J. Paint shop, Cockshutt Plow Co., A. O. P., Court Enterprise; spray, the Ladies' Guild of Trinity church, Mr. and Mrs. John Peachey; pillow, from husband and son; wreath, Mr. and Mrs. E. J. Holder; sprays, Mrs. Dick, E. Ladd, Mr. and Mrs. Paul Kingston, Toronto; Mr. and Mrs. McGrattan, Mr. and Mrs. W. Hayhurst, Mr. Dick Ratcliffe, Mr. and Mrs. Coworthwaite, Mr. and Mrs. G. E. Prowse, Mrs. Bennett, Mrs. Marx, Mr. and Mrs. Kingerley and family, Miss Jennie Draner, Mr. and Mrs. A. Crott, Mr. and Mrs. J. Watrous.  
 The pallbearers were E. J. Holder, W. T. Holder, G. Holder, J. Sage, P. Kingston, R. Peely.

**ROSEY CHEEKED GIRLS**

Rosy Cheeked Girls—Every girl—every woman—wants rosy cheeks. They mean not only good looks, but more important still good health. Rosy cheeks is merely rich, red blood, healthy blood, shining through the translucent skin. You can't have rosy cheeks unless your blood is rich, red and pure. When a girl's color fades, when her cheeks are pale and her lips bloodless she is in a condition of health that should not be neglected. It is then that her heart palpitates after the slightest exertion. She is breathless on going up stairs. She is troubled with headaches and backaches, and finds little or no enjoyment in life. This is a condition that comes on gradually, but its first sure sign is the disappearance of color from the cheeks, just as the sign of returning health under proper treatment is the return of a pinkish glow to the face. To every weak, pale-faced girl or woman Dr. Williams' Pink Pills offer a sure way to new health and rosy cheeks. These pills actually make new, rich, red blood, bring brightness to the eyes, and color to the cheeks and lips, and in doing this they bring new strength and energy to every part of the body. When using these pills take plenty of fresh air exercise, moderately, and take a nourishing diet. Under this treatment the weakest anaemic will soon be restored to health.  
 Remember delays only add to the seriousness of your condition. If you are at all unwell begin to cure yourself today with Dr. Williams' Pink Pills. They are sold by all medicine dealers, or you can get them by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

**Margaret Garrett's Husband**  
 By JANE PHELPS

**CHAPTER LXIV.**  
**An Unexpected Meeting.**  
 "Well Margaret it is all settled at last," Bob said one night at the dinner table. "I bought the house today."  
 "So you finally agreed," I returned. There had been some sort of hitch in the matter of price, and Bob, being a good real estate man, and so a judge of property values, had held out for his own terms.  
 "Yes, he came to time at last. You can get ready to move in at any time next month. It will take until then to do what is necessary although there is really wonderfully little to do."  
 "As can be imagined I was very busy after it was finally decided we were to live in Jersey. I had quantities of new furniture to buy, as well as clothes for all of us for the coming summer. Bob was very artistic, but the ordinary house furnishings did not interest him. He prowled around art shops and bought etchings and pictures until I warned him that he would bankrupt himself if he didn't stop. He only laughed and told me to go ahead and attend to my part of the furnishings, and that he would do the same as regards pictures."  
 "As far as allowing me to do as I pleased, go where I pleased, spend money and time. Bob was an ideal husband—so many women would have said. But even in these things I was not satisfied. I should have been happier had he shown more interest, even exerted a little authority. He would go into ecstasies over an old print or rare etching, and spend a good deal of time pointing out the beauty he saw in them. But while mildly interested in anything to which I drew his attention, he never offered to accompany me on my shopping expeditions for the homely things which were needed for the house, and which I loved to buy.  
 I think now as I look back that Bob must have hated my methodical ways, my painstaking attention to detail; that it irritated him I am sure—probably almost beyond endurance. His home was not a home to him. It was a place where a determined, if loving, woman, wanted to complain that he cared nothing for her; and who wept bitter tears at any fancied neglect.  
 I know I grow to hate his friends, his ways, because they were their ways. It was hard going for us both. For him to amble along in my way, for me to give up to his more advanced ideas. I think it was almost an antagonism between us at this time, an antagonism we both felt, but neither acknowledged. He kept up his intimacy with his friends in spite of all I said or did; and I was conscientiously kept up my objections. Our two personalities it seemed would never mate.  
 I had met none of Bob's artistic and bookish friends for some time—save those who visited up at our home until the day I met Fred Langworth—the author we saw the Sunday night we dined at the Roosting. I had been shopping all the morning and still had several errands to do; so I had gone into a quiet restaurant in the shopping district for a light luncheon. I was scarcely seated when I noticed a man, he looked strangely familiar, bowing in my direction. I did not return the bow as it never occurred to me that it was anyone I knew. But as soon as the waiter had taken my order and left me, the gentleman rose and came over to my table.  
 "Isn't this Mrs. Garrett," he asked, then added, "Surely I am not mistaken. My name is Langworth. I met you with your husband at the Revoir."  
 "I remember you now!" I replied rather boldly. "The remembrance was not pleasant."  
 "Why do we never see you? Most people become regular visitors after experiencing the fascination of the place."  
 "I was not at all fascinated."  
 "With the people, then. Our cleverest men and women dine there frequently."  
 "I am not well enough acquainted with any of them to have that as an inducement," I replied, "and I am much too busy to add to my circle of friends."  
 "I am glad Bob doesn't feel as you do. I told him the other night he should bring you around often," he said, then, with some polite platitude, he left me.  
 "I never dreamed that I should either see him or hear from him again when I sighed with relief as he left me. But as I left one of the large department stores late in the afternoon, I heard Bob's name mentioned and a masculine voice said: "Poor Bob!" while a gay laughing voice answered.  
 "Why poor?"  
 "Is that the reason you are pitying him? What an ogre she must be!"  
 "She's worse, she's impossible!"  
 "In what way, do tell me?"  
 "She's one of those strait-laced females who always make me want to pray. For all such good Lord deliver us."  
 "Is she good looking?"  
 "Yes, rather handsome in an uninteresting way. But think of Bob Garrett with his temperament, his wonderful personality, his cleverness married to a stick like that! It's awful!"

The usual routine of the court business will be dealt with, after which euchre will be played. A large number of the Brantford members are making the trip.

WHITAKER'S GET PRIZE

At a meeting of the parade committee of the Industrial Recreation League Saturday, it was decided to award the Whitaker Baking Co. first prize, jointly with Watson's, for the best decorated float in the parade Friday. The Whitaker float had received the special effort, the judges being of the opinion that this prize was equal in value to the other, and when the matter was reconsidered it was decided to give a special shield.

NUPTIAL NOTES

St. Joseph's Polish chapel, Crown street, was the scene of a very pretty wedding this morning, when Rev. Father Dogorski united in marriage Andrew Truty and Sophia Sordanka. The couple were attended by three maids of honor and groomsmen, and the church was beautifully decorated, the wedding being the first celebrated within its walls.

John Cahill - having obtained a job, the charge against him of not working was dropped. Peter Vonszek will appear on Wednesday to answer an adjourned charge of seduction.

CORONATION HELD

The charming ceremony of the coronation of the Blessed Virgin Mary was observed at St. Basil's church last night. The church was crowded to the doors, and the children's singing was especially charming. The crown was borne by Miss Mabel Ion. Rev. Dean Brady, in a special sermon in honor of the occasion, outlined the holy life of the Mother of God, exhorting all to pattern their conduct after hers.

KILLED IN ACTION

Mrs. McHugh, 72 Albion Street, this morning received the sad news of the death in action of her son, Sydney, aged 29 years. Pte. McHugh enlisted in British Columbia early in the war and had been in France for thirteen months. He leaves, besides his mother, three brothers, George and William at home and Felix of Montreal and two sisters, Mary and Vera, at home. Another brother, John, died early this year.

FAREWELL CONCERT

The 2nd C.O.R. brass band under the direction of Bandmaster Chadwick gave a largely attended farewell concert on Jubilee Terrace yesterday afternoon. The selections were nicely rendered and the band made an excellent showing.

REV. R. WHITE ACCEPTS CALL

Will come to Park Baptist Church Pulpit First Sunday in July

Park Baptist Church. It was announced in the Calendar of Park Baptist Church yesterday that the Rev. Robert White of Holidaysburg had accepted the call of the church and expects to begin his services as pastor, on the first Sunday in July.

The Rev. W. E. Bowyer, B.A., of Calvary Baptist Church, was a good supply for Park Baptist Church yesterday. The morning subject was "The Tragedy of the Unanswered Prayer," the text being taken from Epistle of James, 4th Chapter, 3rd verse "Ye ask, and ye receive not, because ye ask amiss, that ye may consume it upon our Lust." The speaker preached a very good sermon upon the duties of members of the church in the present age. A solo was sung in good form by Mr. Harold "Open the Gates of the Temple." There was a good attendance at the Bible School at 3 o'clock. The evening sermon by Mr. Bowyer was a good practical one, the subject being "A Lukewarm Church." The text was taken from Revelation 3rd chapter, 14th to 17th verses. Good music was given, closing with an anthem by the choir "Now the Day is Over." The congregations were not very large yesterday, probably owing to the threatened rain all day.

U-BOATMENACE COMBATTED BY BRITISH SUBS

Old Belief That Submarine Could Not Sink Submarine, Shattered

London, May 27.—(Via Reuter's Limited)—The sinking of a German submarine by a British submarine off Cape St. Vincent shows that the British have cruising submarines, and this is only one incident where a submarine has sunk a submarine, says Archibald Hurd in The Daily Telegraph. The Cape St. Vincent incident took place more than 2,000 nautical miles from Plymouth. "In neutral countries," the naval critics continue, "it has been assumed that only the Germans could build submarines capable of operating far out in the Atlantic. Conclusive evidence is now supplied that we also possess submarines which can cruise far afield, remaining at sea many days on end without refuelling and reequipping."

PRESTON WILSON WALKS THROUGH CHEERING CROWDS IN NEW YORK. Alone except for the ever present guard of Secret Service men on all sides of him, President Woodrow Wilson is shown walking up Fifth Ave., N.Y. City. He kept his hat raised almost continuously responding to the enthusiastic greetings from the crowds as they caught a glimpse of the war-time President.

TRIED TO COMMIT SUICIDE

Continued from page one bars and then jumped from his bed with the rope about his neck. James Hutton, another prisoner, was in the same cell, and was awakened by the noise. He immediately cut ladders down and summoned Governor Jones. Drs. Secord and Palmer were called, and the Indian, who was in an unconscious condition, was put under medical care. He will no doubt recover from the shock, but in the meantime a night guard will be placed over him.

ECHO PLACE

From Our Own Correspondent. Mrs. Phelps and Miss Revy are spending their holidays with friends near London. Women's Institute held the election of officers last Thursday. Miss Bessie and Miss Grace Smith spent the 24th with friends in Ancaster. Four more of our village young men are in uniform. Elm Avenue Sunday school will give a concert next Monday evening. Gardening is the order of the day in our midst. Echo Place Women's Institute held their election of officers on May 15th, in their rooms in the Echo Place school.

Farmers Home From Ottawa

The Farmers' M.S.A. Committee appointed as a delegation to wait on the Cabinet Ministers at Ottawa were present at a general meeting on Saturday afternoon and made reports. The Court Chambers and corridors were packed and though the meeting had received little advertisement over 400 people were present. The delegation, Messrs. C. W. Guernsey, Jos. Dunston, Frank Cross, and Alf. Kendrick reported that no satisfaction had been obtained from the Government and suggested no way of getting round the Act. W. P. Cookshutt, M.P., and Arthur Hawke, parliamentary journalist were present and presented the situation to the farmers. However no action was taken, those present being unable to present any practical suggestions.

DRINK MORE WATER IF KIDNEYS BOTHER

Eat Less Meat and Take Salts For Backache or Bladder Trouble. Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog, you must help them flush out the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gas, sour, tongue coated and you feel rheumatic twinges when the weather is bad. Eat less meat, drink lots of water; also get from any pharmacy four ounces of Jad Salts, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

PROTECT YOUR FURS AND WOOLENS WITH Moth Balls Flake Camphor OR Lavender and Cedar Flakes

Many amateur gardeners are puzzled to know just how to handle a succession of crops. To get the most out of a small area it is necessary to plant seeds from week to week, and in some cases, to sow two crops in one row at one time. For instance, lettuce and radish may be sown in the same row, parsnips and lettuce, corn and pumpkin, corn and spinach, lettuce and early cabbage, etc.

LOSS OF APPETITE

Loss of appetite is accompanied by loss of vitality, which is serious. It is common in the spring because at this time the blood is impure and impoverished and fails to give the digestive organs what is necessary for their proper performance of their functions. Hood's Sarsaparilla, the old reliable all-the-year-round medicine, is especially useful in the spring. Get it from your druggist. By purifying and enriching the blood and giving vitality, vigor and tone, it is wonderfully successful in the treatment of loss of appetite and the other ailments that are so prevalent at this time. It is not simply a spring medicine—it is much more than that—but it is the best spring medicine.

CAKE OF SOAP CAUSED RIOT

Two British Sailors Start Trouble in Halifax—\$5,000 Damage

Halifax, N.S., May 27.—Mob rule prevailed in the downtown section of this city Saturday night, when a crowd of soldiers, sailors and civilians attacked the city hall and caused damage estimated at \$5,000. The police court was wrecked, most of the windows in the building were smashed, the office of the City Engineer was damaged by chemicals used to extinguish an incipient blaze started by the rioters, the city patrol wagon was thrown into the harbor, and an automobile and a large crowd were taken from the wagon shed and badly battered.

So far as is known, no one was seriously hurt in the melee. The trouble started about 8 o'clock in the evening, when two British sailors were arrested by Policeman Linnor in E. W. Woolworth's five and ten cent store on Barrington street for refusing to pay for a purchased cake of soap. One of the sailors was taken to the police station at the city hall, but the other escaped, and evidently enlisted the sympathy of a number of soldiers and bluejackets, for the police were notified about 5 minutes later that a large crowd had collected at a street corner a few yards away.

# "I SUFFERED SEVEN YEARS"

## Was Eventually Cured by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I suffered for seven long years with a lame back, irregularities and pain. I had one physician after another but they did me no good. I read about Lydia E. Pinkham's Vegetable Compound and gave it a trial and in a short time I felt benefited and am now feeling fine, and without using any other medicine. Many of my friends have also taken Lydia E. Pinkham's Vegetable Compound and been helped by it."—Mrs. MARGARET NESS, 1846 E. Hazard St., Philadelphia, Pa.

Women who suffer from displacements, irregularities, inflammation, ulceration, backache, sideache, headaches or "the blues" should not rest until they have given this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. If complications exist, write Lydia E. Pinkham Medicine Co., Lynn, Mass., for special suggestions. The result of its long experience is at your service.

## Country Correspondence

### HATCHLEY

(From Our Own Correspondent.)  
Messrs. N. Rush and M. Burtis were in Ottawa last week. Mr. Kettle, of St. Thomas, was a guest of his nephew, Mr. J. Silverthorne, last week. Miss Jackson, of New Durham, spent the week-end with Miss Clara Yates.

Rev. Mr. Brown of Toronto will preach here next Sabbath. Messrs. Russell Mason and Lorne Courtnage have reported for military service in Brantford. Mr. and Mrs. Silverthorne and children spent Sunday at Burgessville. Mrs. Fish, of Mildale, is visiting her sister, Mrs. Rez. Malcolm.

### MOUNT PLEASANT

(From Our Own Correspondent.)  
Dr. and Mrs. Alexander of Toronto were guests at the home of Mr. and Mrs. Jno. Eddie one day last week. They motored up from that city.

The funeral of the late Mr. S. Suddaby took place on Monday afternoon last at the cemetery of All Saints' Church in Brantford. The deceased was turned out at the church and grave to pay their last respects to the deceased.

There was a large attendance at the Presbyterian Church on Sunday afternoon last. The Rev. Mr. Oke, Pastor of Alexandra Church, Brantford, preached. At All Saints' Church the Rev. J. H. Hosford of Burford delivered a special missionary sermon, taking his text from the Book of the Revelation. This Sunday was generally observed as missionary Sunday in all Anglican churches in the County of Brant.

### Presentation.

The Mt. Pleasant Women's Institute held a Red Cross Tea at Cliff Villa, the home of Mrs. W. T. Briggs on Tuesday afternoon last. There were about 25 ladies present. The drawing room and dining room were tastefully decorated with marigolds, tulips and lilies of the valley. A meeting opened with a piano solo by Miss Olivevine Apps, which was much appreciated. This was followed by the report of the year's work read by the Treasurer, Mrs. Cole. A pleasing feature of the afternoon was a presentation made to Mrs. Cole, who by the removal of her husband to another field of labor, is giving up her office of secretary.

As a fitting recognition of her faithful services she was presented with half a dozen pearl handled knives and folks, half a dozen sterling silver teaspoons and a pearl handled pie knife. The presentation was made by Mrs. Wm. McEwen. An address also was read by Mrs. J. Smith, which was in part, as follows:

Dear Mrs. Cole.—The ladies of the Institute felt they could not let this opportunity pass without expressing to you their thanks for the painstaking and efficient way in which you have fulfilled your duties as secretary. Your loss will be felt keenly, not only by the Institute but by the community at large. You will soon have new environments, new duties and new interests but we are sure you will not forget the many dear friends you are leaving behind in Mt. Pleasant and now as we wish to show our appreciation of your work in some tangible way we ask you to accept these gifts with the heartfelt wishes of our Institute, for your future prosperity and happiness. Signed on behalf of the committee, Mrs. J. Smith, Mrs. J. C. Biggar, Mrs. W. McEwen.

Mrs. Cole in reply expressed her appreciation of the beautiful gifts and thanks for the same. Dainty refreshments were then served, after which the meeting was brought to a close.

The following is a brief report of the work done by the Women's Institute for the year. Total cash receipts \$381.21. From these funds \$43 was expended for prisoners' war relief, \$22.50 Belgian relief, \$25.00 Canadian British and Italian Red Cross; \$35.00 parcels to boys at the front. Cash in Bank, \$51.42 and the balance was spent for material and miscellaneous purposes. The following articles were made and sent in: Bala to Serbia, \$25.00; Xmas parcels \$55.00; Sweater coats \$13.50; quilt for Queen Mary's Hospital; 165 pairs socks. This splendid showing speaks for itself.

We are glad to learn that Mr. Chas. Guest, who has been ill for some little time is now able to get out again.

Mr. Robt. Murray is improving his property by the addition of a coat of paint.

The Mt. Pleasant creamery is doing a rushing business. The proprietors, this week furnished a hundred gallons of ice cream for a great garden party at Oakland on the 24th. The ice cream was of first quality.

## Rippling Rhymes

### ABDUL THE DAMNED.

I stood by Abdul Hamid's grave, far from the world war's storm, and saw the Johnny-jump-ups waltz above his sleeping form. By all the nations he was slammed, when he was on his throne; the world pronounced him doubly damned, and named him with a groan. Now all unhonored Abdul lies in his eternal sleep, and greater criminals arise, and he looks pretty cheap. And Abdul had his points, methinks, some virtues royal sinks—hypocrisy he scorned, he did not blush to wade in sin, he walked in his shame; he did not say, with evil grin, that others were to blame. He did not pierce a country's breast with snickersnee or creese, and swear he always did his best to keep the world at peace. He did not from his filthy den, watch babes and women shot, and harrow up the souls of men with "Red" and "Gold." The dripping sword, the burning brand, were busy 'neath his flag; but his meek intent did he stand to spring the kultur gag. I stood by Abdul Hamid's grave, and said, "I must admit he didn't plonkly behave; and failed to make a hit; we should not judge him here below, he's reached a higher court; but, lined up with one king I know, he was a dead game sport."

### RUTH STILL LEADS AMERICAN LEAGUE

#### Red Sox Twirler Though Out of Game, Still at the Head of Column

Chicago, May 27.—Although forced out of the game because of illness "Babe" Ruth, star pitcher with Boston, still clings to the batting leadership of the American League with an average of .407, according to averages released to-day. Tris Speaker of Cleveland, who was pressing Ruth a week ago, fell into 7th place. Sisler, of St. Louis is leading in base stealing with thirteen, and Walker of Philadelphia in home runs with five.

St. Louis held onto the leadership in team batting with an average of .277, and Chicago in team fielding with .375. The averages include games of Saturday.

J. G. Smith, the Boston leading batsman, is the real leader of the National League, with an average of .406 for thirty games, although Larry Doyle, the New York veteran, tops the list with .426. Doyle, however, who is recovering from an operation, has only played in fifteen games. In his last seven games Smith collected ten hits.

George Burns, New York, is leading the base stealers with 15 to his credit. Doyle, Wickland of Boston, and Janderus of Philadelphia are tied for home run honors with two apiece. New York is leading in team batting and fielding with averages of .347 and .370 respectively.
