NUMBER 121

New Styles SHIRTS and HATS

—FOR—
Spring 1916

JUST IN.

A. E. Calkin & Co.

Kentville, May 18, '16.
We the undersigned merchants of Kentville hereby agree to close our respective places of business on Wednesday afternoons at 1 o'clock during the month of June, July and August 1916.
Cross & DeWolfe, F. B. Newcombe & Co., R. A. Neary, R. T. Caldwell, A. E. Calkin & Co., Lamont & Steadman, E. J. Bishop, Joseph Cohen, P. A. Yerrin.

June Third, the time of year when all nature smiles and when it is a pleasure to spend a day in the open, bring the family and the lunch basket, no better place for a day's outing than in the shade of the oak and pine grove on the Exhibition grounds. Hot or cold water can be procured at J. I. Gates residence near the grounds.

A child of Mr. Sims at Northville was scalded so badly that it died, so it has been reported to us, though we have no particulars.

Miss Nilda Pelton and Miss Morton of Berwick spent Victoria Day in Kentville guests of Miss Benice Pelton.

Yesterday's trains brought large numbers of Highland Brigade to Aldershot and within a week we will have then, the largest camp ever held here.

Wanted — Experienced Lady Bookkeeper, one having knowledge of typewriting and shorthand preferred. Apply in own handwriting to "Bookkeeper," Advertiser Office, stating experience and salary expected. 4i

Sealy's Store will be open Wednesday afternoons as usual during the summer. Open Tuesday, Thursday and Saturday evenings.

Mr. Fred E. Bath of the Bridgetown Monitor was in town this week. Mr. Bath is an enthusiastic automobilist and has purchased a Gray-Dort car from A. L. Pelton & Co. and may control the agency for that car for Annapolis County.

Mrs. R. H. Lamont, who has been quite ill is slowly recovering.

See the very special silk Taffeta Suits just opened at Newcombe's.

Lots of Hats and Caps for small boys for Spring wear, also a good range of Boy's Suits to fit boys of 3 to 14 years at Sealy's.

Curtain and Curtainette Season—Newcombe's have a full range, at all prices 15c, 19c to 65c.

Mr. G. C. McDougall, druggist, has been quite ill, but we are glad to say is now on the road to recovery.

Dr. A. S. Burns will be absent from Kentville for two weeks from date. He left for Halifax yesterday.

Mrs. Conrad wife of Conductor Conrad of Annapolis is spending a few days in town guest of Mrs. James MacLeod.

The Misses Sloan have been spending a few days in Halifax with their brother, Mr. H. Sloan, a member of the St. Francis Xavier Band, which leaves soon with the Hospital unit for Overseas.

Kentville's Horse Show—Saturday, June 3rd—2 Bands—50 p. c. increased prize list—right time of year—Best show of horses in Nova Scotia. Should insure successful day.

Visitors are already arriving in numbers, who will remain in town while the camp continues at Aldershot. Kentville and vicinity will be crowded through the summer. All citizens are requested to keep their premises and street near their stores and dwellings as tidy as possible. Make our town as attractive as possible.

Mr. David Cook met with a serious accident yesterday while overseeing work in connection with breaking up old C. V. R. engines. He sustained a severe compound fracture of the right leg, and narrowly escaped losing both legs. Dr. W. B. Moore was summoned, and is in attendance.

The graduating recital given by Mrs. J. D. Clark, talented pianiste, in College Hall, Wolfville, Monday evening was a delight to music lovers. A large number was in attendance including many from Kentville. Mrs. Clark completes the course in pianoforte for post graduate diploma. Mrs. Clark was ably assisted by Miss Jean Mackie, soprano.

WE HAVE

Everything in GLASS, CHINA, CROCKERY, suitable for your needs

DINNER SETTS, CUPS and SAUCERS, TUMBLERS, BOWLS WATER PITCHERS, LAMPS, etc For Home, Camp or any use.

Ways Your Experiment Station May Help You

Are you taking advantage of the experiment station in your Province? If not, you are losing valuable information which is compiled for your benefit.

Practical farm work is being done continually at the various experiment stations of the country, and the results are recorded, and bulletins on these experiments are to be had free.

Even the oldest farmer is certain to encounter some puzzling problems, and by writing to the experiment station those in charge of the work are only too willing to give information that is wanted.

A trip to the experiment station will be well worth your while, as you will have a chance to see vast and valuable work carried on there and come to realize what can be accomplished.

Not only crop raising is carried on, but experiments in feeding live stock are being made from time to time, and the results of these experiments may be interesting.

The successful farmer is willing to learn, and he can find no better place than the agricultural college to get the desired information.

Farming is a business which has advanced by leaps and bounds in the last decade, and much of this improvement is due to the good work accomplished at the experimental stations.

There modern methods are tried out and when they are proven many old farming ideas have been proven to be of little value by the work carried on at the experiment station.

Canada spends money annually to further the interests of the farmer and it is up to him to take advantage of the work carried on for his benefit.

Victory For the Coalition Govt.

London, May 17—The coalition government won a sweeping victory in a by-election today. W. F. Hicks-Beach a Unionist, who was supported by the Liberals, was elected from Tewkesbury by a majority of 5,689 over William Boocoy, Independent.

Ask for Minard's and take no other.

THE SESSION.

Halifax, N. S., May 22nd, '16. The legislature prorogued on Wednesday, May 17th after a session which in duration lacked but one day of fourteen weeks. The session was noted for meagre programme of government business submitted and for the splendid work performed by the Opposition members.

Every important measure of reform submitted to the houses during the session originated with the Opposition. It was H. W. Corning, a Liberal-Conservative member, who introduced the Temperance Reform Bill, W. L. Hall, Opposition representative of Queens introduced the Bill to restrict the veto of the Council and establish the supremacy of the Assembly. This measure was defeated by the Murray Majority in the Council. So much for the Murray brand of Liberalism.

Though Mr. Tanner was not able to get the Murray-Daniels Government to pass a Bill to give Nova Scotians serving at the front a vote at the Provincial elections, he succeeded in making arrangements with Sir Robert Borden to get leave of absence, full pay and free transportation for all voters who will be in camp in this Province when the elections are held. On the last day of the session there was a Bill passed, on Mr. Tanner's suggestion, amending the Nova Scotia Elections Act so as to legalize the free transportation by the Dominion Government of Nova Scotia voters who are in camp, to and from the polls.

A feature of the session was the Opposition's exposure and criticism of the crazy, costly and corrupt system of road expenditure followed by the Murray-Daniels Government. Mr. Tanner made it clear that the policy he will follow when returned to power will include the abolition of the present division of authority in spending highway monies, the removal of the corrupting influence of party patronage from the prosecutions of road-work, the honest appropriation of motor-vehicle fees to highway betterment, and a good roads service that will be based in close co-operation between the Department of Highways and the people of the rural districts. Highway reform will be the system of the Liberal Conservative party in the June election.

Canadian Club of Boston Elects Officers.

Boston Herald, May 9—The annual meeting of the Canadian Club of Boston was held yesterday at the Parker House. F. A. Tupper presided. It was decided to establish a charity fund to help persons of Canadian birth who may require temporary charitable aid. It was also decided to establish a permanent fund for the future use of the club. A series of dance assemblies were planned for the winter months. These officers were elected:
President—George Taylor
1st Vice President, D. J. MacNichol.
2nd Vice Pres.—M. Green.
3rd Vice President—W. E. C. Goudey.
Secretary—W. F. Titus.
Asst. Secy, E. G. Mills.
Treasurer—A. T. Cann
Auditor—R. Dystart.
Historian—John F. Masters.
Chaplain—Rev. A. K. DeBlois
Executive Committee—J. Berwick, F. I. Davison, H. D. White, A. P. Graham, G. M. Stuart, J. H. MacNaughton, Dr. J. R. MacKinnon.

Mrs. Julia Reading Pearson, widow of Hon. B. F. Pearson, died at her residence, "Elmscote," North West Arm, Halifax, Wednesday afternoon after a brief illness. She was sixty-one years of age. G. Fred Pearson, barrister, Halifax, Florence, wife of F. B. McCurdy, M.P., are children of the deceased.

Minard's Liniment used by Physicians.

**LAME BACK
Spells Kidney Trouble**

There's no use putting on liniments and plasters to ease that ache in your hips or back—the trouble is inside. Your kidneys are out of order. GIN PILLS go right to the cause of the backache and heal and regulate the kidney and bladder action. Then you get relief, permanent relief!

Many a man and woman who has been dodged up with shooting pains in the back, having to stop work and lie down to get a little relief, has found new health and comfort in

**GIN PILLS
FOR THE KIDNEYS**

Two boxes completely cured Arnold McAskill, of Lower Seima, N.S. "I have never had any trouble with my back since," he says.

National Drug & Chemical Co. of Canada, Limited
Toronto Ont. 15

**BRITISH GOVERNMENT
WANT MORE HORSES**

Ottawa, May 21—Advices from the War Office indicate that very considerable number of horses for military purposes will be required from Canada this summer. Buying is to be resumed by the British Remount Commission with headquarters in Montreal. About 60,000 horses have been purchased in Canada for war purposes by the Allied Governments since the outbreak of the war, while over 600,000 have been purchased in the United States. Probably another 20,000 will be purchased in Canada this year. This insures a steady market and continued good prices for horses suitable for artillery and transport work.

Miss Geraldine Smith, Popular Windsor Lady Weds in London

A cable from London announces the marriage there on Saturday morning last of Captain Medcalf, of the 25th Nova Scotia Battalion, and Miss Geraldine Smith, formerly of Geraldine Smith, formerly of Windsor. The bride is the youngest daughter of the late John M. and Mrs. Smith of this town, and also a sister of Mrs. C. H. Morris, Windsor, and Mrs. George Mitchell and Mrs. C. K. Eville, Halifax, Captain Medcalf is a son of J. D. Medcalf, Halifax. He was formerly an officer in the 66th P.L.F., and went to the front with the 25th, where he has proven himself a most efficient officer and is now in command of C. Company.

AVONPORT

Rev. B. C. Borden, D. D., received the honorary degree of D. C. L., at the recent convocation of Kings College. Mr. Brenton Borden attended the Liberal convention on Saturday. The Avonport Brickyard will not be opened this year. Mrs. S. Hughes has rented the property for the year. Mr. Lloyd Shaw has his first kiln of brick manufactured this spring in his new brick yard.

We are sole agents for Frost and Wood Farm Machinery in this vicinity also farm wagons and carriages, woven wire fencing of every description and the celebrated Crowe pump. Farm produce taken in exchange for goods.

YOUNG WOMEN MAY AVOID PAIN

Need Only Trust to Lydia E. Pinkham's Vegetable Compound, says Mrs. Kurtzweg.

Buffalo, N.Y.—"My daughter, whose picture is herewith, was much troubled with pains in her back and sides every month and they would sometimes be so bad that it would seem like acute inflammation of some organ. She read your advertisement in the newspapers and tried Lydia E. Pinkham's Vegetable Compound.

She praises it highly as she has been relieved of all these pains by its use. All mothers should know of this remedy, and all young girls who suffer should try it."—Mrs. MATILDA KURTZWEG, 529 High St., Buffalo, N. Y.

Young women who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion, should take Lydia E. Pinkham's Vegetable Compound. Thousands have been restored to health by this root and herb remedy.

If you know of any young woman who is sick and needs helpful advice, ask her to write to the Lydia E. Pinkham Medicine Co., Lynn, Mass. Only women will receive her letters, and it will be held in strictest confidence.

THE FARM MEAT.

How You Can Cure That Ham and Bacon.

Sugar curing gives far better meat than plain salt brine.

Use ten pounds of salt, three pounds of sugar, brown preferred, and three pounds of sugar brown preferred, and three ounces of sal-petre for each 100 pounds of meat, dissolving the mixture in five gallons of water. It is best to boil the brine but it must be thoroughly cooled after the boiling before being put upon the meat an inch or two over all.

For immediate use bacon may be taken out of brine in three weeks, and hams in four. Where the meat is to be kept some time before using, leave bacon in brine four to six weeks and hams six to ten weeks, depending on their size. The meat must be kept in a cool place while in the brine, or it is likely to mould and sour.

After taking the meat from the brine, drain for a day or two and then smoke with a cool smoke. If you want to keep some of the pieces for Summer use, wrap in paper, then in muslin and paint the muslin with whitewash to keep insects away. Or bury the paper-wrapped hams in the oat bin or in salt.

Hickory is the best for smoking, but aspen, cottonwood or corn cobs may be used. The meat should hang above the fire and it really is best, where a temporary smoking arrangement is made to hang meat in a separate box or barrel and conduct the smoke to it through a stove pipe, or other means, from the pit where the fire is built. The fire must not be allowed to blaze, but just smoulder. The meat must not be allowed to become heated while being smoked. If it is not possible to use real smoke a chemical product known as liquid smoke may be secured at a drug store, although it is not quite so good as real smoke.

NOT THE WAT-H-DOG OF HIGH TARIFF

Canadian Manufacturers' Association Non-Partisan—False Impressions Removed

The remarks of Mr. C. B. Gordon, President of the Canadian Manufacturers' Association at Halifax in September, tended to clear the atmosphere with respect to the politics of the members of the organization. Mr. Gordon's remarks were as follows:

"At one time, in the dim and distant past, I think I may say now, there was an impression in certain parts of the country, and amongst some people, that the Manufacturers' Association was primarily constituted to be the watch-dog of a high protective policy; and, that being so, that a great majority of its members could only be expected to vote in one way. This idea is now pretty well exploded, and only exists to-day among a very small number of people, for, since 1878, and during a period now of thirty-five years, we have had both the great political parties in power, and the present moderate tariff is the outcome of legislation in which both parties have had a hand.

"It has always been the policy of the Association to be strictly a non-political body, although they have always advocated a policy of protection, and I believe to-day that our members are convinced that whatever party is in power they are sure of fair treatment in this respect. After thirty-five years of development such as we have enjoyed in this country, considering the vast interests which have been created, and the enormous progress which has been made in the development of our resources, I am convinced that there is no important section of the people of Canada who would favor a change which would interfere materially with present conditions."

NOVA SCOTIA INDUSTRIES

Readjustment of Steel Duties Would Affect Consumers' Interests

In his inaugural address Mr. C. B. Gordon, the new President of the Canadian Manufacturers' Association, who was elected at the Halifax Convention in September, dealt with the duty on semi-finished articles in the steel industry.

Adjustment Needed
"I am not here," said Mr. Gordon, "to say that a general revision of the tariff is either necessary or advisable at this time—but I am convinced that there are some items in the tariff which call for immediate action on the part of the Government, which, if not properly adjusted, will lead to serious losses to investors and to the credit of the country generally. I refer, for instance, to the iron and steel tariff, to which a certain amount of protection is given with one hand and taken away with the other. The finished products in this country have been given a fair amount of protection, but the materials of a semi-finished nature, which are produced by the development of our natural resources, are left without proper protection. I do not think that even this schedule calls for any advance which would cost the consumer a penny, but rather to internal adjustment, placing the rates on the different manufactures of iron and steel where they properly should be to afford a fair and scientific protection according to the amount of capital and labor involved.

Why Opinion in West is Changing—The Manufacturers' Association un-

derstand that the position of the Government in dealing with tariff is a delicate one, as it has been said that the West was opposed to Protection. But we have reason to believe that a considerable change has come over the West in this respect. Why? Because they are witnessing the establishment of more factories in their midst, and it has become a settled policy of the Association to encourage in every way in their power the opening of establishments in the West."

THE WILSON TARIFF, THE COST OF LIVING

No Material Change, But Increases Anything, in the Price of Food

During the Presidential campaign in the United States the Democrats made much of the argument that a reduction in the tariff, to which they were pledged, would bring a corresponding reduction in the cost of living. By admitting food products from Canada and elsewhere free the consumer in urban centres would be enabled to purchase his food at a proportionately lower price. The Democrats were elected on a campaign promise vote, and immediately attacked the problem of reducing the duties. If the cost of living was to be reduced one would naturally look for a sympathetic movement in the cost of food products even prior to the enactment of the Democratic tariff. One would look for this sympathetic movement in vain, however. It was non-existent, in fact prices of food products never rose as rapidly in the United States as in the first eight months of the current year when the United States people were pulling down part of the tariff wall.

According to the United States Bureau of Labor statistics, retail prices of the principal articles of food in 40 important industrial cities gathered and compiled by experts show that during the year 12 of the 15 articles advanced in price, while only three declined.

Comparison of retail prices on Aug. 15, 1913, with prices on the same date in 1912, shows potatoes advanced 21 per cent.; bacon 18.8 per cent.; smoked ham 17.6 per cent.; eggs, 12.1 per cent.; round steak, 11.6 per cent.; sirloin steak, 10.2 per cent.; pork chops, 9.3 per cent.; hens, 8.7 per cent.; lard, 8.1 per cent.; rib roast, 7.9 per cent.; butter, 5.7 per cent.; and milk 2.7 per cent. Sugar declined 7.9 per cent.; wheat flour, 5.5 per cent.; and corn meal, 2.7 per cent. Compared with average prices for the 10-year period—1890 to 1899—every article for which prices were noted with the exception of sugar, advanced. Bacon advanced 139 per cent.; pork chops, 124.5 per cent.; round steak, 79.3 per cent.; rib roast, 76.5 per cent.; potatoes, 75.2 per cent.; hens, 73.2 per cent.; lard, 69.8 per cent.; eggs, 66.4 per cent.; cornmeal, 60 per cent.; butter, 41.9 per cent.

When the price of each of the 15 articles of food is weighed according to average consumption in working men's families, retail prices on Aug. 15, 1913, were 6.1 per cent. above the average price for the 10-year period—1890 to 1899; 3 per cent. above the price on Aug. 15, 1912, and 14.9 per cent. above the price on Aug. 15, 1911. It would seem evident, therefore, that the tariff cannot be blamed for the high cost of living in the United States, and the same is true elsewhere.

THE ADVERTISER

Published Tuesday and Fridays
Kentville, Nova Scotia

KENTVILLE, MAY 26th, 1916.

Great Political Demonstration
at Kentville.

On Monday evening a public meeting in the interests of the Liberal Conservative candidates, Lieut. J. D. Spidell and J. E. Kinsman was held at the Nickel Theatre. That large building was completely crowded with standing room all taken both in the balcony and main hall and many who could not obtain seats were obliged to go away.

Dr. DeWitt presided and gave a few well chosen remarks. The first speaker was J. Everett Kinsman. This was his first appearance on a political platform as a speaker and the audience was not expecting too much of him so early in the campaign. All were surprised at the manner in which he presented his facts as he briefly outlined some of the political questions of the day. He showed that he had the interests of the farmers and other electors at heart and fully understood what was necessary in good roads, wise expenditures and careful handling of the public resources to make our country and our people more prosperous. He received a most attentive hearing and was loudly applauded as he finished his address.

Lieut. Spidell was heard next and he at once proved his ability as a speaker on a political platform. He showed how the Murray Government had abused their opportunities and misapplied the public revenues. For their careless and incompetency Murray and his Government would be retired from office by progressive Government installed. Mr. Tanner had as great ability as any man in public life in the Province. He wished as a candidate to stand square on the issues presented. As a temperance man he was now as he had been in the past and would maintain the same principles for the future. There were also many other issues that were probably fully as important and he stood firm on a platform that would be for the general public welfare such as the Conservatives were prepared to give when returned to power at the next election.

Mr. Spidell traced the history of the temperance question and showed how every piece of legislation had been obtained by the Temperance Alliance in the face of much Opposition from the Government. Even the Nova Scotia Temperance Act though a great wave of reform had swept all the Provinces. Murray and his followers had not the courage to make it a Government measure. He placed the credit for most of the temperance legislation upon Mr. H. R. Grant, secretary of the Alliance, a noble undefatigable worker and Mr. Tanner and his colleagues had supported him nobly in all his efforts. Tanner had never equivocated or played fast and loose with the question as Murray had. He then made his appeal to the electors to support Mr. J. E. Kinsman and himself in the present contest. He closed amid quite an ovation from the audience.

Major J. Willis Margeson, M. P., was the last speaker and the others had left for him to deal particularly with the public issues in this campaign. This he did in an address which completely stirred the vast audience and convinced them, beyond a doubt that the days of usefulness of the Murray Government was long past and if this Province wished to hold her status among the Provinces of the Dominion she must call able men to conduct her affairs.

Mr. Margeson congratulated Kings County upon the selection of two such able representatives, and stalwart men of

character as Spidell and Kinsman. No better choice could have been made. Mr. Kinsman was a man who had made a great success as a fruit grower and farmer, also had made good in Municipal Council affairs. He was a representative farmer who understood every need of the great farming class of the County. Now was the time for the farmers to elect one of their own. Mr. Spidell's ability and popularity was well known. Mr. Margeson said he began his political career as a speaker with Mr. Campbell at Somerset years ago. It would be interesting now to record what Mr. Campbell said at that time about the Murray Government and also about his present colleague. Also much interest would be aroused if Mr. Wickwire's opinions and the Western Chronicle editorial on Mr. Campbell in his first campaign could be reproduced.

The speaker then told his hearers in convincing arguments, many reasons why they should vote against supporters of the Murray Government. He fully outlined their pernicious mining policy and how the people were paying \$2.00 or more a ton for coal to give the Government 12 1-2 cents royalty on a 99 year lease, that did not protect the peoples interest. Then Crown lands dispersion public debt record and most pernicious road policy were all explained. It was a standing disgrace the way road monies were put in the hands only of those who would vote Liberal. The broken promises to abolish the Legislative Council, the expensive immigration policy by which foreigners can get money to buy anything, and our own needy young farmers, who can get no assistance, are driven out of the Province were held up to public ridicule. For these and the corrupt way Murray, Daniels and Armstrong had paid out the public funds without just cause or reason was sufficient to warrant a change at Halifax and Kings would certainly do her part by electing such men as Spidell and Kinsman.

Provincial Elections To Be Held
June 20th.

The House of Assembly of Nova Scotia was dissolved Monday afternoon and the writs for the general election were immediately issued. Nomination day will be on Tuesday, June 13, and polling day will be on Tuesday, June 20th.

This will give a campaign of about four weeks, a long enough time for the electors to learn about and emphatically condemn the Murray Government.

Spidell and Kinsman stand for a new and progressive Government, one in which the peoples interests will be carefully looked after and the resources of the Province used for the public good—not private gain.

Mr. and Mrs. Lewis Lyons and three children spent the 24th at Canning, guests at Mr. and Mrs. Ambrose Lyons.

Any person wanting a quantity of half brick or bricks with broken corners can have same free if hauled away at once. Apply at Advertiser Office.

Mr. Lorrimer Illsley, who graduated from Dalhousie Law School this month has again entered the office of Roscoe and Roscoe. It is to be hoped that he will remain in his native County to continue the practice of his profession. Both at Acadia and at Dalhousie Mr. Illsley made exceptionally high records and at the completion of his law course he had the distinction of leading his class in every subject. This we think has never been equalled certainly could not be excelled.

The Allies Have Taken Point
Near Monastir

Paris, May 23—The entente allies have occupied the railroad station at Florida, south of Monastir, according to a Saloniki despatch. The Germans says an Athens despatch, have bombarded the village of Potheles, south of Doiran.

The Canning branch of the Red Cross Society continues to show signs of great activity. Next Friday, May 26th, from 5 to 8 p. m. a Salad Supper will be given for its benefit by the members of the Modern Priscilla Club at Lyndhurst Farm, the home of Mrs. Schafheitlin. Charge 25 cents. We wish for good success.

Mr. C. C. Avard, publisher of Sackville, was in town this week in the interests of his latest publication, know as The Busy East. Mr. Avard is a publisher of experience "The Sackville Tribune" being one of our most valued exchanges. Now that he has acquired the management of The Busy East we expect to see it advance in its advocacy of the development of the Maritime Provinces. Mr. Avard is an optimist who sees a great future for our Provinces down by the sea.

OBITUARY

J. Bert Corkum

The death of J. Bert Corkum occurred suddenly on April 26, at Seattle, Washington. Mr. Corkum was born at Scotts Bay, N. S., Sept. 5th, 1874, son of Mr. and Mrs. Noble Corkum he went to Portland, Me., when a young man and spent fifteen years there. Three years ago he removed to Seattle. When a young man he was in charge of a sash and door factory in Portland, Me. He formerly was a foreman of a woodworking factory in Bonner Mont. At the time of his death he was operating a shingle mill. He was married in 1910 and was a member of the first Presbyterian Church of Seattle and a faithful worker. Mr. Corkum was an Oddfellow and Modern Woodman. He was respected and beloved by all who knew him. His death was caused by ulcer of the brain and was only ill three days. He leaves a widow in Seattle a mother and three sisters in Nova Scotia, one sister and brother in Portland, two brothers in Seattle and one sister in California. He was buried Monday; May 1st from the First Presbyterian Church at Seattle. The Oddfellows took charge of the service. The pall bearers were Messrs Wingate, Muirhead, Lucke, Ketton, Blair and Gillette all members of the Bible class of which he was a member. The flowers were many and beautiful. May God bless and comfort the sorrowing relatives.

BABY'S WELFARE

The welfare of the baby is the fond mother's greatest aim. No mother wants to see her little ones suffering from colds, constipation, colic or any other of the many ills that so often afflict little ones. Thousands of mothers have learned that by giving an occasional dose of Baby's Own Tablets to their children they can keep them well. Concerning the Tablets Mrs. Richard Boston, Pembroke, Ont., says:—"Baby's Own Tablets saved my little girl when nothing else appeared to help her. I would not attempt to raise a baby without keeping the Tablets in the house." They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

Eight German Submarines Said to Have Been Netted.

New York—Trans Atlantic war risk rates have dropped from three percent to two per

cent in both New York and London markets during the last week.

Information received to-day from London by a local firm stated that reductions of another half percent were being made there in many instances. This would mean a cutting of rates in one half since the German reply to the last American note was forwarded to this country.

According to information which was accepted as credible by the underwriters eight of the German underwater craft have been recently entangled and captured.

As to Digging Up

The North Sydney Herald, a very steady supporter of the Provincial government, rises to remark that after five years of digging up the Opposition have nothing on the Administration.

Indeed, they dug down and revealed the fact that the Government orders were opened by hospital-

spent money purchasing furniture, farm utensils, groceries, and even yeast cakes, neckties and paper collars for the settlers for Holland; yes, and paid their doctor bills and funeral expenses in connection with their dead.

The contract had been let to the highest tender, that of a Liberal candidate, and that the ten-fifths instead of by the Victoria General Hospital commission, on which are two judges of the courts.

Then there is the Hervey deal.

If the Herald possesses its soul in patience it will have plenty to defend and explain in respect to what the opposition have dug up in the last five years.—Truro Citizen.

Speech In Sir Edward Grey's Speech A Chance For Peace.

New York—A special despatch to the Herald from the Hague says: The Berlin correspondent

of the Rotterdam Nieuwe Courant telegraphs that a high German official stated that, though it is too early yet for neutrals to offer mediation, Sir Edward Grey's unaggressive interview opens the way to preliminary discussions for peace by the belligerent powers. He declared that Germany, like Sir Edward Grey's interview, in spite of all that has been said, gives small hope for immediate peace. He declared that the allies were fighting for a free Europe, free from the constant rattling of the sword in the scabbard, free from Prussian militarism, and for the righting of the injustice done by the present war. He said the allies were not fighting the German people, whom they wanted to be as free as other nationalities.

A Recipe Worth Keeping

Sterilized Cans for Keeping the Meat Fresh

To Preserve Meats—Have the meat fresh. Sterilize the cans to be used in this way; Spread a cloth in the bottom of a dash pan or whatever you have that is deep enough, lay the cans on their sides in the pan, placing the tops beside the cans, cover with water and boil. After this spread a clean cloth on the table, lift the cans from the hot water and turn upside down on it, allowing them to stand until cool. This is done to drain out all moisture and guard against bacteria.

While you are sterilizing the cans, prepare the meat by cutting into convenient sizes for table use, anywhere from two to four inches square. When the cans are cool, begin by salting and peppering as you would for table use, then with some convenient tool pack the meat in the jars. When the first can is as full as it can be made put on the rubber (which should have been dipped in boiling water), and screw the top on tight. Proceed until all the cans are full, which must be done as quickly as possible. Be sure to have no water anywhere about the meat.

Take the wash boiler, scatter some hay at the bottom and set the cans upright, then pack some hay between the cans, so they will not come together when boiling, and perhaps break. Cover the cans with cold water, having a good fire, and let the water come to a boil. Let it boil for two hours. A teakettle of water should be kept boiling so that any water which may boil away may be replaced. When the time has expired, the boiler may be taken from the stove and the cans left until the water is cooled, the jars should then be wiped and set in a cool place. If grease appears on the surface of the water when it is boiling do not be alarmed as this frequently happens especially with pork. However, if the tops are properly fitted and screwed down tightly there is no danger. I can a half beef every winter this way, using quite a bit of fat meat in the cans, which is very appetizing in the summer. When this is properly done meat will keep a year. I always use quart jars, new tops and new rubbers. Be sure not to let the meat freeze as it will not keep. Any kind of meat can be put up this way.—Mrs. Luise Dietze.

"WHICH STORE WILL GIVE ME GREATEST VALUE?"

IT is the store that sells good merchandise at fair prices. It is the store where you are waited on promptly. It is the store where they do not make mistakes in charges, nor ask you to pay bills twice. It is the store where you do not have to wait for change. It is the store where the proprietor has time to see that things run smoothly. Stores equipped with modern Cash Registers give this valuable service. They give with every purchase an unchangeable receipt or

sales slip with printed figures of the amount paid or charged. This also tells in print who made the sale, and the date. These facts are also recorded inside the register. Such a store does not have to skimp on help or delivery to make up for losses through errors or carelessness in handling money. They make all their legitimate profit. It pays to trade in stores equipped with modern National Cash Registers.

THE NATIONAL CASH REGISTER COMPANY, Toronto, Ont.

LOOK FOR THIS SIGN IN THE WINDOW

Ask for the N. C. R. receipt or record with unchangeable, printed figures.

MR. MERCHANT:
One by one we have discovered new ways to protect merchants' profits. We have now ready for delivery many new models of the National Cash Register. These 1916 models are the very last word in protection to you, your clerks and the public. The added improvements are worth your investigation. Write for full information. Address Dept.

HE STRUCK IT RIGHT AT LAST

After Suffering Almost Two Years, "Fruit-a-tives" Brought Relief.

MR. WHITMAN
882 St. Valler St., Montreal.

"In 1912, I was taken suddenly ill with Acute Stomach Trouble and dropped in the street. I was treated by several physicians for nearly two years. I was in constant misery from my stomach and my weight dropped down from 225 pounds to 160 pounds. Several of my friends advised me to try 'Fruit-a-tives' and I did so. That was eight months ago. I began to improve almost with the first dose. No other medicine I ever used acted so pleasantly and quickly as 'Fruit-a-tives', and by using it I recovered from the distressing Stomach Trouble, and all pain and Constipation and misery were cured. I completely recovered by the use of 'Fruit-a-tives' and now I weigh 208 pounds. I cannot praise 'Fruit-a-tives' enough". H. WHITMAN.
50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

WOMEN AND THRIFT.

Upon the women of the land will rest the greatest burden of success in the campaign for thrift that has been inaugurated. As head of the household they are the chancellors of domestic exchequers. It is for them to bear in mind that expenditure upon articles that are not actually needed is not alone lessening their own resources, but also depriving the country of something that might be more profitably applied. The majority of men will agree that so far as the household is concerned their women are pretty thrifty. But stinginess, parsimoniousness, or miserliness is not thrift. The thrifty woman combines with a natural aptitude for economy the wisdom of selection and utilization. She knows when to save and when to spend. She knows what is necessary and what can be done without, and she makes the best use of everything. Neither does she do all things herself. When help is at hand she utilizes it with discretion.

The great aid to thrift is thoughtfulness. In fact, without that element thrift is utterly out of the question. The thrifty woman not only exercises wisdom herself, but sees that her children do the same thing, no by indulging them, but by delegating to them sundry offices of which they are capable, by making

Compromise in Ireland Suggested.

LONDON.—While Premier Asquith remains in Ireland, seeking a solution of the Irish problem, efforts are being made on this side of the Irish Sea to bring together Sir Edward Carson, the Ulster leader and John Redmond, leader of the Nationalists, in hope that a reconciliation of the opposing factions might be effected.

As far as can be learned there have been no negotiations thus far, but it is considered a favorable sign that Unionists and Home Rule supporters are working together and making suggestions for a compromise.

The Manchester Guardian says that David Lloyd George is about to take an active part in the effort for a settlement. It is said that he has already met Sir Edward Carson and Joseph Devlin, Irish Nationalist member for Belfast, and that he has an engagement to meet Mr. Redmond.

What She is Worth

A Wisconsin professor of home economics has made an exact estimate of what a wife is worth to her husband in dollars and cents. It is asserted that she should be credited with earning the difference between the cost of the raw material and the finished product that she turns out.

Just what this is he can learn by estimating food items. For example, by noting the difference between the cost of a barrel of flour and the cost of bakers' loaves made from the contents of such a barrel. A more direct method, however, is by hiring a housekeeper to do the cooking and dressmaking and other labors performed by the wife. Unfortunately this is seldom done until the wife has gone to Heaven, so that she fails to benefit by the husband's discovery.

There is reason to believe, however, that no wife who holds herself in due respect will accept this so-called scientific estimate of her value to the family. She knows very well that she is worth more in actual money than know what they can do. The revelation was possible for them, because the man was there to say "Leave that alone." What is going to happen?"

It is not difficult to suggest forces which will make the readjustment less violent than might be inferred from such language. For one thing the shortage of men is not going to cease altogether with the end of the war for any of the belligerents. That is one meaning of the grave-filled fields of France. Also, with the end of the war strain will come a reaction that is likely to undo whatever mental change has been accomplished. Most important is the obvious fact that the whole change is but a sudden and unnatural acceleration of a process which has been steadily advancing in every civilized nation, at war or at peace. There have been incidental discomfort and crowding and there is outstanding in our own country today, for example, a wealth of unsolved economic problems as a consequence of women's invasion of new working fields. Social problems, the whole question of family life and organization, are inextricably bound up with the economic questions. The situation is complex and confused. But it is working itself out slowly and successfully, and there is no reason to believe that the quickening of the changes through the agency of war will destroy the present working basis of progress.

Ing them self-reliant. But the woman cannot do all these things by herself. She must influence of her mankind. The greatest enemy to thrift is the promiscuous doling out of the money. It is not to boys and girls a sign of good nature; it is death to the recipient. It poisons their disposition and sows seeds of weeds that can never be eradicated. For that sort of thing women are but little responsible, but where their efforts shine is in allowing nothing to go to waste, in making use of everything, and in exercising ingenuity in food, dress, household labor and bringing up of children. An incentive to the accomplishment of these things is a reflection upon the times upon the needs and experience of their male relatives at the front, and upon the fact that every ounce saved is a contribution to the welfare of the country, and perhaps to winning the war.

LITTLE WORRIES IN THE HOME

It is These That Bring Wrinkles And Make Women Look Prematurely Old.

Almost every woman at the head of a home meets daily many little worries in her household affairs. They may be too small to notice an hour afterwards, but it is these same constant little worries that affect the blood and nerves and make women look prematurely old. Their effect may be noticed in sick or nervous headaches, fickle appetite, pain in the back or side, sallow complexion and the coming of wrinkles, which every woman dreads. To those thus afflicted Dr. Williams' Pink Pills offer a speedy and certain cure; a restoration of color to the cheeks, brightness to the eye, a hearty appetite and a sense of freedom from weariness.

Among the thousands of Canadian women who have found new health through Dr. Williams' Pink Pills is Mr. N. Worral, Broughdale, Ont., who says: "After the birth of my second child I was so weak and run down that I was unable to do anything. The doctor said I had scarcely any blood in my body. I could not walk half a block without being completely exhausted and all the treatment of the doctor did not seem to help me. I called in another doctor, but with no better results. My feet and legs became severe pains in my back came frightfully swollen I suffered and sides. I would be all day dragging around at my household work, and I was beginning to give up all hope of recovery. I had been urged to try Dr. Williams' Pink Pills, but like many others, thought they could not help me when doctors had failed to do so, but after much urging I decided to try them. To my surprise in a few weeks I found myself getting better. I gladly continued their use and found myself growing stronger, and eventually able to do my house work without fatigue. I strongly advise every weak woman to give Dr. Williams' Pink Pills a fair trial."

You can get these Pills through any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

A traveller from Sydney Mines says that rather more than 75 per cent of the eligible men of enlisted for over seas service. If this is correct, it is not only a Canadian record but an Empire record. Only one community, was stated, a small town near Edinburgh, Scotland, has exceeded this proportion of recruits.

Tuberculosis

Plenty of fresh air, sleeping out-doors and a plain, nourishing diet are all good and helpful, but the most important of all is

Scott's Emulsion

It is the standard treatment prescribed by physicians all over the world for this dread disease. It is the ideal food-medicine to heal the lungs and build up the wasting body.

USE

"Corona" Dry Arsenate of Lead

for
Spraying Orchards and Potato Plants.
"CORONA" dry is not an experiment, it has been used by many of our leading farmers for years.
One pound of "CORONA" will do the work of from two to three pounds of Arsenate Paste, and be more effective because:—
It is a perfect, dry, fine white powder, and does not contain 50 per cent water.
It is pure and contains nothing but Lead Oxide and Arsenate Oxide, the only two chemicals essential of an Arsenate of Lead. It gives an even application, covers more thoroughly, and sticks to foliage longer.
It mixes easily and readily in water, no working up to prepare for the spray tank. No straining. It is only necessary to shake the proportional amount into the spray tank.
By using the same weight each time you spray, your mixture is always the same strength.

No sediment, no lumps, no water, never clogs spray nozzles.

Cannonading at Verdun is Fearful

Paris, May 24—The battle around Verdun continues to rage violently unexampled, even for this region. The Germans are striving with every resource in their power to capture Hill No. 304 and Dead Man's Hill, on the left bank of the Meuse, and to win back the famous Douaumont, on the right bank, which was wrested from them by General Nivelle's brilliantly planned and executed offensive.

With full possession of the line from Pepper Hill to Vaux fort the Germans cannot hope to get any nearer to the capture of Verdun. Even if they succeed in taking this line they could not hold it unless they were also in possession of Hill No. 304 and Dead Man's Hill, which outflank the line.

Driven to desperation by seeing so much of its work undone the German command has hurled an attack after attack against Fort Douaumont. At the same time it has kept up its onslaught on the left bank of the river to prevent the French transferring any forces to the main scene of attack. All day yesterday the tide of battle ebbed and flowed, inches of ground being won and lost at an appalling cost in men. As one French officer said: "Plots of land come high here." Again and again, after reducing trenches to a crumbling heap of ruins by a deluge of shells, the German infantry dashed forward only to be caught and swept away by a hurricane of curtain of fire from French batteries and machine guns.

Over 40,000 Overseas Since Last March

Since the spring movement of troops began there have been landed in Great Britain from Canada twenty-three battalions of infantry and other corps to the total number of 40,071 men, or the equivalent of a brigade a week. And there are more ready or being made ready. Those who complain that the Canadian Government is not doing enough in connection with the war do not take heed of what has been and is being done.

Nova Scotia Technical College.

The closing of the above college took place at Halifax on Tuesday. There were six graduates in Civil Engineering among them being John R. H. Chipman and Richard Lewis Nixon of Kentville. There were two graduates in mining engineering and one in mechanical engineering.

President Cutten of Acadia attended and received an ovation when he appeared in khaki.

Cornwallis Man Found Dead in Parrsboro.

Parrsboro, May 22—Robert Kelly, a native of Cornwallis, but for many years a resident of Parrsboro, was found dead in his bed this morning. An inquest was held before Coroner Rand this afternoon, and the evidence showed that deceased, who had been strictly sober for three years, had been induced to drink Jamaica rum several times on Saturday night and Sunday and was under its influence when he went home on Sunday night.

The jury demanded a post mortem examination, and the inquest was adjourned until tomorrow afternoon.
