

BAD FIRE AT THE COMMERCIAL HOTEL

Valuable Building Partly Burned and Nearly Ruined by Water Sunday Morning.

The Commercial Hotel, on Jail street, occupied by Michael Kane, caught fire shortly before three o'clock Sunday morning, the blaze showing in upper story, where because of a double roof it was very hard to quench. The inside of the upper story was pretty well burned out, fire bursting through the roof in many places. The dead calm prevailing prevented the fire spreading. The firemen were soon on the spot and by their heroic efforts soon got the

fire under control. The water works responded finely, Newcastle having a water system of which she should be proud.

The lower and middle storeys were, unavoidably flooded. Several boarders on the third flight lost all their belongings and many of the others had their property badly damaged by the water and lime, etc.

Mr. Kane's loss is heavy. Insurance was about \$3000 on building and about \$700 on furniture.

BOY DROWNED AT SOUTH BAY

Roy Munroe Went in Swimming and Was Not Seen After First Plunge Body Recovered.

While in swimming Saturday with six companions at South Bay, young Roy Munroe, son of W. A. Munroe, of Paradise Row, took a cramp, and lost his life by drowning. He started out fishing this morning with the other lads, and had stopped near the culvert not far from the plant of the Canada Woodenware Co., there to enjoy a plunge in the cooling waters. It is said that he did not again arise to the surface after going down once.

THE ONLY MEDICINE FOR THE BABY.

The only medicine a mother should give her little ones is one she can give and feel absolutely safe that not the slightest harm will result—a medicine that is guaranteed strictly free from injurious drugs. Such a medicine is Baby's Own Tablets—every box is sold under such a guarantee and the mother may feel perfectly safe in giving them to even the new-born babe. Concerning them Mrs. Albert E. Wood, London, Ont., says: "I have found Baby's Own Tablets all that is claimed for them. My baby has had them from birth and will take them eagerly. I am sure there is no better medicine for little ones." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

WORK PROGRESSING ON NEW RAILWAY

Work on the new railway is now going steadily ahead and about one hundred men are engaged in the fills around Morrisons Brook and in laying concrete waterways. Property owners are busy removing their houses from the line and with the exception of Henry Kellys and George Watts all the houses are now moved as far as the Miramichi Foundry. This big building lies directly in the way and the work of removal will be in very soon. The new station is to lie almost in a straight line continuation of Water street beyond the MacLaughlin fountain, and a fine wide access will be provided here for pedestrians and teams. A second entrance that will be convenient for West End people will be almost opposite Lobban Ave. A wide right of way has been bought here and this will connect easily with the freight sheds.

SPECIAL SESSION COUNTY COURT

Judge McLatchey presided at a special sitting of the County Court here Thursday morning, Mr. A. A. Davidson clerk. The cases were tried under the Speedy Trials Act without a jury.

Two lads, Melvin Losier and Jos. May, were charged with entering a Chatham store and taking away goods. R. A. Lawlor, K. C., defended and A. A. Davidson prosecuted. Three witnesses gave evidence for the prosecution, but no damaging evidence was given against the boys. The proprietor had not missed anything. One of the boys was seen to enter the shop and take a few empty bottles but he left them on the premises. The counsel and court agreed that the case should have been disposed of in the police court at Chatham. The boys had already served three weeks and that was sufficient punishment, if they had committed the crime. They were found not guilty of the charge and were dismissed by His Honor with a warning. They bear good reputation in Chatham. Eddie Gunderson, who in a row with a LeBreton boy, stabbed the latter, was dismissed after a warning by the Judge to both the boy and his father and an order forbidding the little fellow to carry a knife. R. A. Lawlor defended.

GREAT AVIATION EXHIBITION IN ENGLAND

London, May 13.—The most remarkable exhibition of aviation seen in England was given today under the auspices of the parliamentary aerial defence committee. Fourteen airmen, including Claude Grahame-White, Mons Bleriot, the French aviator, Robert Loraine the actor, and Captain F. S. Cody, performed various feats designed to show the utility of aeroplanes for war. Four styles of bi-planes were used.

In addition to the bi-plane two styles of mono-planes were employed the manoeuvres were held at Hendon just outside the city.

J. Armstrong Drexel, who participated, had a mishap in which he was considerably bruised and cut and his machine smashed. He was starting a flight when he dropped from a height of a few feet. He rose from the wreckage and was able to walk from the field.

The tests included scouting, dispatching carrying hand bomb throwing by Grahame-White who dropped a hundred pound missile and balls. Messages were taken to Aldershot and replies brought back. A fleet of aeroplanes armed with machine guns attacked an army dirigible balloon.

THE CHURCHES GROWING

Many Candidates for Confirmation, First Communion and Baptism During the Last Week.

On Friday His Lordship Bishop Richardson held confirmation services in this parish. At St. Mark's church, Nelson, eleven were confirmed at 2.30 p. m., and at 7.30 p. m., St. Andrew's church, Newcastle, was filled to overflowing, new seats having to be provided. Forty-one candidates, many of them adults and fully half men and boys, were confirmed by His Lordship, Venerable Archdeacon Forsythe at Chatham and the venerable rector, Rev. W. J. Bate, assisted in the services. His Lordship confirmed 37 candidates in Chatham, several of whom were from Douglastown.

In St. Samuel's R. C. church, Douglastown, 43 children made their first communion on Sunday last, and a still larger number in St. Mary's church, Newcastle.

On Sunday evening in the United Baptist church, the pastor, Rev. Dr. Cousins, administered the rite of baptism to five young ladies and one young man. Dr. Cousins preached a powerful sermon on the duty of Christians to follow implicitly the commands of Jesus. The auditorium of the church was packed and many of the audience had to be accommodated in the Sunday School room.

MIXED MARRIAGES

The mixed marriage issue was raised the other day by Mr. George Taylor in the House of Commons. "Has the Dominion Government," he said "power to legalize or validate any or every marriage solemnized anywhere in Canada?" The Government, replied the Minister of Justice, does not consider that it possesses any such power. Has the Government, pursued Mr. Taylor, taken any step to ascertain the power of Parliament in that regard? The reply to the Minister was: The Government has not considered the advisability of taking such a course.

FORESTERS BOOMING

At their meeting Thursday night, Court Loyalist, 824, Canadian Order of Foresters, received 7 new members. Organizer Frank Mills had been working in town four days previous. He is still here and more recruits are expected.

THE PRESBYTERY OF MIRAMICHI

Consider Several Calls at Special Session in Newcastle on Wednes- day Morning.

The Presbytery of Miramichi convened in special session in St. James' Hall Newcastle, on Wednesday morning, Rev. S. J. MacArthur in the chair. Rev. J. M. McLeod of New Mills was clerk. Others present included:—Rev. Mr. McLean, Rev. Wm. Matthews, Rev. E. E. Mowatt, Rev. Mr. Porter, and Elder Joseph Henderson of Bathurst, besides delegations from churches interested in calls lately extended.

The call extended by the congregation of Knox church, Loggieville, to Rev. E. E. Mowatt was considered. Mr. Mowatt expressed himself as desirous of accepting and Presbytery confirmed his decision. Rev. Mr. Mowatt is now stationed at Redbank and the congregation there expressed their regret at his departure. He will be inducted into the pastorate at Loggieville on May 25.

Rev. William Matthews, Chatham, received a call to Bathurst. He also announced his acceptance. It was decided to induct Rev. Mr. Matthews into his new pastorate on May 23.

Blackville extended a call to Rev. W. R. Reid, now at Florenceville. No decision has as yet been announced in this matter. The church work there has been supplied by Rev. Mr. Porter.

Escuminac, P. Q., has given a call to Rev. P. Lebel, a graduate of the Presbyterian college at Montreal and he has announced his acceptance.

PARLIAMENT WILL REST

From May 23 to July 18 while Sir Wilfred is in London.

In Ottawa it is expected that by May 23, the sessional programme, apart from the reciprocity agreement, and perhaps a portion of the supply will be put through. In the case of items not voted an interim supply bill sufficient to cover a period of several months will be voted, and the house will adjourn till July 18.

LABOR PARTY WILL GO INTO POLITICS

Montreal, May 14.—At a meeting of the executive board of the Montreal national trades and labor council yesterday, it was decided to organize a political labor party in connection with the council and to place labor candidates in several constituencies in eastern Canada. The new labor party will be conducted on lines similar to that of the British labor party—half Socialist.

REV. W. R. ROBINSON VINDICATED

Many Miramichi people will be pleased to hear that the charges made against Rev. W. R. Robinson, of St. John West, and largely circulated much to his detriment, was on the 11th inst. examined by a council of Baptist ministers and laymen. The evidence was thoroughly examined and a unanimous verdict rendered of "not proven." A resolution was then passed completely exonerating Mr. Robinson and commending him to the hearty sympathy of his church. Another charge of a less serious nature, will be tried at a later date. The Ludlow St. Baptist church has most loyally stood by Mr. Robinson, refusing to give credence to the reports of his detractors. They feel sure that the findings of yesterday's council will follow at the next investigation.

SIR WILFRED LAURIER SAILS FOR ENGLAND

Greeted by Patriotic Selection as The Virginian Left Quebec with Canada's Representatives on Board

Quebec, P. Q., May 13.—With the strains of "O Canada" ringing in his ears, Sir Wilfrid Laurier sailed yesterday afternoon for England on board the Allan liner Virginian, where he will attend the Imperial Conference and coronation ceremonies. A great crowd of people assembled on the dock to bid the Dominion Premier farewell. On his trip to England he is accompanied by Hon. L. P. Brodeur and Sir Frederick Borden.

When the premier disembarked from the special car and embarked upon the Virginian there was a large gathering of people on the dock and he was given three

cheers from his Quebec admirers. There was a large representation of the officials of the ancient capital to meet him and wish him a pleasant journey. His Worship Mayor Drouin, Hon. L. A. Taschereau and others were in attendance, while Captain Victor Pelletier, A. D. C. to the Lt. Governor presented him with a handsome bouquet of flowers.

As the big steamer pulled into the stream on its journey to the other side, the crowd assembled sang "O Canada," "He's a Jolly Good Fellow" and "God Save The King" while cheers were given for the premier, Sir Frederick Borden and Mr. Brodeur.

INDIGESTION RIGHTLY CURED STAYS CURED

Not by Treating the Symptoms but by Toning up the Stomach to do Nature's Work.

Indigestion should not be neglected for by depriving the body of its proper nourishment it grows steadily worse. Neither stimulating medicines, which ruin the already weak stomach by making it work beyond its strength, should be used, nor pre-digested foods, which do not excite a flow of the digestive fluids, and by disuse, cause the stomach to grow weaker. Nowhere is the toxic treatment with Dr. Williams' Pink Pills more clearly useful. Its principle is to enable the stomach to do its own work by building up the blood and giving tone to the nerves. When these are once more restored to their normal health indigestion disappears and the cure is permanent. In proof of these statements we give the experience of Mrs. Paul Gannon, Star City, Sask., who says: "For more than a year I suffered with all the terrible pains of indigestion, and my life was one of the greatest misery. It did not seem to make any difference whether I ate or not, the pains were always there, often accompanied by a severe bloating and a belching of wind. I did not even get relief at night, and sometimes hardly got a bit of sleep in my misery. I tried many remedies said to cure indigestion, but they did not one particle of good and I fully expected that I would always be afflicted in this way. At this time my brother came home on a visit and he urged me to try Dr. Williams' Pink Pills and got six boxes for me. By the time I had taken four boxes I began to improve and could eat with some relish. I was greatly cheered, and continued taking the Pills until all traces of the trouble had disappeared and I could once more eat all kinds of food without the smallest inconvenience. We have since used Dr. Williams' Pink Pills in our family for other troubles. I am so firmly convinced of their virtue as a family medicine that I have no hesitation in recommending them to all weak, ailing people."

Montreal, May 12.—Some municipalities having written to the provincial board of Health asking for delay in passing a compulsory vaccination law, a reply has been sent saying that no delay whatever would be granted. A by-law must be passed at once and it must be enforced. Reports of outbreaks from different points continue to come in.

DECISION AGAINST BELL TELEPHONE CO.

Toronto, May 11.—Chairman J. P. Mabee, of the Dominion Board of Railway Commissioners, has granted the application of the eleven independent telephone companies of Western and Central Ontario for an order compelling the Bell Telephone Company to give those companies long distance connections over the Bell company's system.

FIRE DEPARTMENT

The Newcastle fire department has elected Ald. Chas. Dickson as chief, with James Stables, lieutenant, and Harry Taylor, secretary. Action in the matter of attending the tournament at Yarmouth has been deferred until the next meeting.

PRESBYTERIANS CONSIDER MARRIAGE

Would Make It Purely Civil Contrast Even in Quebec.

Perth, Ont., May 11.—That marriage should be made a purely civil contract was the most important clause in a resolution passed almost unanimously by the Presbyterian synod of Montreal and Ottawa here today. The resolution is the same as was passed by the Presbytery of Montreal. It protests strongly against the admission by Quebec of the claims of the Roman Catholic church to have the right to call on the judiciary of the province to its ecclesiastical deliverances in this connection: The resolution further points out that in view of the evil disposition in Quebec to subordinate the civil to the ecclesiastical tribunals, it must reluctantly but deliberately records its judgement that there is no other course left but to strenuously advocate that such amendments be made in the law relating to marriage as shall make that important contract a purely civil act.

QUEBEC TO ENFORCE ITS COMPULSORY VACCINATION LAW

Montreal, May 12.—Some municipalities having written to the provincial board of Health asking for delay in passing a compulsory vaccination law, a reply has been sent saying that no delay whatever would be granted. A by-law must be passed at once and it must be enforced. Reports of outbreaks from different points continue to come in.

MOTHERS!
DO YOU KNOW—

That when you put a salve onto your child's skin, it passes through the pores and enters the blood, just as surely as if you put it into the child's stomach?

You would not put a coarse mass of animal fat, colored by various mineral poisons (such as many crude salves are) into your child's blood by way of the stomach? Then why do so by way of the pores?

Take no risk. Use always the purest and best provided in ZAM-BUK. ZAM-BUK contains no trace of any animal oil or fat, and no poisonous mineral coloring matter. From start to finish it is purely herbal.

It will heal sores, ulcers, abscesses, eruptions, varicose ulcers, cuts, burns and bruises more quickly than any other known preparation. It is a specific, quickly stops the smarting of a sore or cut, cures piles, inflamed sores and blood-poisoning. It is a combination of healing power and scientific purity. Ask those who have proved it.

\$2,000 FOR TOWN CLOCK

The supplementary estimates brought down by Mr. Fielding on Monday, amount to \$17,020,890. They provide \$2,000 for a clock for the Newcastle postoffice; \$1800 for repairing the Chatham custom house wharf; \$100,000 for a new railway wharf at Chatham; \$1,200 for wharf improvements at Dalhousie; \$27,000 for increased accommodation at Campbellton; \$4,000 for new Groyne at Grand Anse; \$5,000 for a breakwater at Green Point; \$2,000 for Kuchibouguac Harbor works; \$3,100 for ice breaking blocks at Lower Caraque; \$2000 for a public wharf at Millerton; \$800 for wharf extension at Neguac; \$8,000 for a wharf at Petite Lamque; \$9,200 for breakwater at Point Sapin; \$900 for Tracadie harbor works; \$13,500 for Chatham, Escumac, Sapin telephone and telegraph line; 200,000 for dredging; and \$32,000 for the expenses of Sir Wilfrid Laurier and colleagues in attending the Coronation ceremony.

The order for the china for the Chateau Laurier, the new Grand Trunk Hotel at Ottawa, has been awarded to the Theodore Haviland Company of Lunenburg, France. The china is of a very handsome and unique pattern, and will be the best that can be turned out by this well known service, and includes Regular service, Banquet service, Palm Room or Tea Room service, and a De Luxe set for use in the Royal Suite.

In connection with their exhibit the Grand Trunk Railway System are installing at the Festival of Empire, London, an oil painting they have had executed by a prominent artist, of a portion of the city of Ottawa showing the Parliament Buildings, the Ottawa River and Laurentian Hills in the distance, the "Chateau Laurier", the Grand Trunk's magnificent hotel, the New Grand Trunk station and the northern section of the city.

Those who have seen the picture have expressed gratification at the true portrayal of the subject and the artistic execution of the work. The picture went forward to London via the S. S. Celtic on Saturday, April 15th, and will no doubt be an attractive feature in the Grand Trunk building at the Festival of Empire. The picture is five feet by seven feet with 12 inches gold moulding of special design.

IRISH ABSENT

They Decided to Hold Aloof From the Coronation Festivities

The Irish party decided to hold aloof from the Coronation festivities, according to their settled practice since the party was formed under Mr. Parnell in 1880, but they reaffirmed the loyalty of the nation to the throne. The following statement was issued: "Members of the Irish party took no part in the Jubilee of Queen Victoria or in the Coronation of Edward VII. Since the date of those ceremonies circumstances have vastly changed, and the cause of Irish liberty is now on the eve of victory.

"It would be a great source of satisfaction to us if we could, as the representatives of the Irish nation, take our place side by side with the representatives of the other great component parts of the Empire at the Coronation of King George V.

"Entertaining as we do the heartiest good wishes for the King, and joining with the rest of his subjects in the hope that he may have a long and glorious reign, and ardently desiring to dwell in amity and unity with the people of Great Britain and the Empire, we feel bound, as the representatives of a people who are still denied the blessings of self-government and freedom, to stand apart and await with confident hope the happier day for Irish self-government, now close at hand.

"We are sure our people will receive the King on his coming visit to Ireland, with the generosity and hospitality which are traditional with the Irish race, and when the day comes that the King will enter the Irish capital to reopen the ancient Parliament of Ireland, we believe he will obtain from the Irish people a reception as enthusiastic as ever welcomed a British monarch in any part of his dominions.

BLACK CAPE NOTES

Black Cape, May 8.—Mr. James Robertson, proprietor of the Caspacia House, passed away very suddenly at his home on Wednesday morning. Deceased was about 85 years of age and was highly respected and esteemed by all and was well-known all along the coast. The funeral took place on Friday afternoon at 2 o'clock and was one of the largest ever held in that community. Rev. George P. Tattler conducted the services. Much sympathy is felt for the family in their sad bereavement.

Mr. and Mrs. Archibald McCollum are being heartily congratulated by their many friends on the arrival of a little son.

Black Cape has one case of Smallpox. Mr. Napoleon Cyr is down with the disease and several houses are quarantined. The Catholic School and No. 1 school are closed. Dr. Cyr is doing all in his power to stop the spread of the disease.

Montgomery & Sons of New Richmond have their mill running again. The Caspacia Lumber Co's mill will start sawing this week.

Mr. Frank Carey, our enterprising butcher, is doing a rushing business. Miss Lulu McKenzie is in New Mills, the guest of Mrs. Frank McKenzie.

Several gentlemen of New Carlisle attended the funeral of the late James Robertson of Little Caspacia.

So strong an impression did "Human Hearts" make upon a prominent clergyman in New York, that he wrote to the gentleman impersonating "Tom Logan", vigorously endorsing the play and informing him of his intention of trotting out the orphanage of a local asylum out to see it at his own expense. And he did it. "You cannot conceive" said Manager Reno "of the appreciation of those youngsters at the chance of the sermon they afforded, should you had listened to the gallery the day they attended." With the "gods' present," he continued, "as often as I have myself enjoyed sitting through it, it was as enjoyable as a box of monkeys sprinkled over with tears. Quite often since, have city schools whose principals were aware of the good merit in the play, been given half a holiday, that the youngsters might enjoy a matinee. And what out spoken critics the tots have been. You can't get a favorable criticism or a padded eulogy far lower on money than a juvenile. You must give him the goods or he denounces you broad cast, and I am really grateful to the city of America for their appreciation of what I now agree to be one of the best American plays." "Human Hearts" comes to the Opera House one night only Friday, May 19th.

OPERATION HER ONLY CHANCE

Was Cured by Lydia E. Pinkham's Vegetable Compound

Lindsay, Ont.—"I think it is no more than right for me to thank Mrs. Pinkham for what her kind advice and Lydia E. Pinkham's Vegetable Compound has done for me. When I wrote to her some time ago I was a very sick woman, suffering from female troubles. I had inflammation of the female organs, and could not stand or walk any distance. At last I was confined to my bed, and the doctor said I would have to go through an operation, but this I refused to do. A friend advised Lydia E. Pinkham's Vegetable Compound, and now, after using three bottles of it, I feel like a new woman. I most heartily recommend this medicine to all women who suffer with female troubles. I have also taken Lydia E. Pinkham's Liver Pills and think they are fine."—Mrs. FRANK EMBLEY, Lindsay, Ontario.

We cannot understand why women will take chances with an operation or drag out a sickly half-hearted existence, missing three-fourths of the joy of living, without first trying Lydia E. Pinkham's Vegetable Compound. For thirty years it has been the standard remedy for female ills, and has cured thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration.

ROYAL COURTS BEGIN IN MAY

King George Will Probably Beat the Record as the World's Champion Hustler

This will be a busy year for King George V. Indeed, so vast a programme has been arranged for him that he will easily beat the record as the world's champion hustler.

Even at present the King is, of course, extremely busy, but the most arduous programme of great State functions, which will mark Coronation year, does not open until one year and a day after the death of his late Majesty King Edward VII.

On May 23, the anniversary of King Edward's death, the Royal family and a large assemblage of Royal relatives will meet at St. Nicholas's Chapel, Windsor, for a solemn memorial service. Then, honor to the great dead having been duly done, the curtains will roll back next day upon a season of pageantry unsurpassed in this country's history.

The first of their Majesties' Courts will be held on May 7th. Between that date and June 22nd there will be four such opportunities for some thousands of the noblest and most distinguished men and women in the land to make their bow before the King and Queen Mary.

To the first Court, on May 7th, between 8:00 and 1:00 will be invited. Shortly before 10 p.m. on that occasion, carriages and electric broughams will crowd the route to Buckingham Palace. Each vehicle will bear some exquisitely gowned woman escorted by a distinguished soldier, sailor, diplomatist, or politician, clad in brilliant uniform or picturesque Court dress. Practically at the opposite end of the King and Queen will occupy their twin thrones, set on a raised dais, while behind them Royal relatives and great

HER MAJESTY'S PERSONAL GIFTS

Queen Mary is Fond of Music, is a Great Reader, and Follows Events Attentively

Sir Clement Kinloch-Cooke contributes to The North American Review a sympathetic character sketch of her Majesty Queen Mary. Intended mainly for American readers, it will be read with pleasure by Canadians generally. Her Majesty, says Sir Clement, has a very retentive memory. Once she has mastered a subject, it seldom goes out of her mind, and months afterwards she will astonish her friends by reference to a conversation they themselves had forgotten. Driving through the streets of Hobart, she recognized a man in the crowd, and remarked to her lady-in-waiting that he had been a curate at East Sheen when she was a girl and his name began with C, and that she had heard him preach two or three times. On inquiry it turned out that he was the same man, and that his name was C. It would be clever to have remembered him had the Queen met him after an interval of ten years, but in a passing crowd in far-away Tasmania it was extraordinary. As a mutual result of such good memory the Queen has something to say to everyone, and the personal touch this gift imparts to her conversation gratifies and charms all with whom she is brought into contact.

Fond of Music

Music had a great share in the home life at White Lodge, the musical hour in the drawing room being at one time a regular institution, and often the Duchess would sit down at the piano in the evenings and sing ballads from the popular operettas of the day. The Queen has a sweet voice, a soft soprano, which greatly interested under the skillful guidance of Signor (now Sr. Laura) Tosti. Of late years, however, Her Majesty has taken to her singing more liberally, and her finds much pleasure in playing the piano.

Drinking is generally avoided at White Lodge, and the Queen's table is a decided one. Her Majesty's mother-in-law, the Duchess of Devonshire, is a humorist, and a great deal of amusement is derived from her sparkling wit, and on returning to the theatre, or afterwards in conversation, often makes allusion to some particularly amusing part of the performance.

The Queen is greatly attached to the historical part of her country, and has collected together quite a number of interesting things connected with the Royal Family. As a girl she always enjoyed going over museums and inspecting articles of antiquity, a trait in her character which has widened with years. She has an intimate knowledge of old silver and china, and possesses a valuable collection of objects d'art.

A Great Reader

The Queen has always been a great reader, and her boudoir at White Lodge contained a little case of favorite books, prominent amongst them being Tennyson's Poems. Books of travel and biographies are seldom missed, for the Queen does not read for mere passing pleasure, but for instruction and information. Novels of themselves do not appeal to her Majesty, but she has read and re-read classic works of fiction; and any novel by a well-known writer, or that is especially recommended to her, at once receives her attention.

Her Majesty follows events attentively. She reads the newspapers daily, and as Princess of Wales attended the more important Parliamentary debates, occupying a seat in the Peers' Gallery in the House of Lords and in the Speaker's Gallery in the House of Commons. A chance meeting in a country house led to my being invited to White Lodge, and being honored with the friendship of the Duke and Duchess of Teck. At the time I was helping with the House of Lords' Inquiry into the sweating system, and well do I remember the great interest taken by the Queen in the evidence. She never tired of hearing about the workers, and would ply me with questions about the chain-makers, the seamstresses, and the other toilers for long hours and low wages, until I thoroughly believe she knew as much about the conditions and requirements of these people as I did myself.

ROBES AT AUCTION

Those of George IV. Were Once Sold at Phillips' Rooms

It is a fact, generally forgotten, that the Coronation robes of George IV., which, it has been suggested, his Majesty King George V. may wear at the coming ceremony, were once sold at auction. With other official costumes of George IV. they were "put up" at Phillips' auction rooms in Bond street in 1851.

The magnificent Coronation mantle of purple velvet was sold as "Lot 95" for a paltry £275, though it was probably worth £1,500 at least. Another splendid crimson velvet Coronation mantle, which, according to the auctioneer, cost £2,500, brought on the same occasion £235.

Other items on the catalogue were the Coronation ruff of superb Mechlin and the Coronation coat, waistcoat, and trunk hose. And these sumptuous vestments—or most of them—passed into the hands of Madame Tussaud, though it is extremely doubtful if they were ever allowed to grace a wax figure.

A "Coronation" Engine

To mark the completion of the 5,000th engine constructed at the London and North-Western Works, a leviathan locomotive is being built, to be christened "Coronation." It is to cost over £20,000 to build, and its horse power will be about 1,300. It is expected that the engine will be ready in June, and will be used for the train by which the King and Queen are to travel by the West Coast route on their visit to the Coronation.

Victorial Representation

View of the acceptance of the Victoria Cross by the Royal Family, the suggestion is made that a few of the medals might be devoted to pictorial representations of episodes in the life of King Edward and King George V. King Edward paid several visits to the city which could be commemorated in this way. The Royal progress of King George V. to the Coronation would also be a fitting subject.

KING GEORGE V At the age of three years.

Court functionaries will group themselves. Then the world-famous ceremony will begin.

To that brilliant picture no artist's brush can ever do justice. Though many fair women will be present none will compare with the gracious Queen herself, radiant in her robes of priceless old lace, and ablaze with diamonds and orders.

For the lucky guests the occasion will be one of pure pleasure. After passing the throne they are free to move about among themselves and enjoy the repeat, served in the great banquet hall, on plates of solid gold, which is one of the features of the royal entertainment. For them the actual ordeal of presentation to their Majesties, when their nerves are wound up to the highest pitch in the anxiety to make a good impression, is a very brief one. A sweet smile of recognition from the Queen, the same from the King, and it is over.

But for the King and Queen the matter is very different. Each of the four Courts will be desperately fatiguing to their Majesties. Remember that each guest is separately announced to the King and Queen, that each must be graciously acknowledged in the same kind way, and that the strain of this kept up hour after hour. Supposing that the introduction and acknowledgment took exactly half a minute in each case, so that 120 guests passed the throne each hour, in that case the King would take several weary hours to get through his formal duties.

MANUFACTURED IN ENGLAND

Nearly Everything Worn at the Coronation Will be British-Made.

With the one exception of the Imperial mantle or pall, which the King assumes at his Coronation, the robes to be worn by the King and Queen are being made in London. Until lately it was understood that the King would wear the Imperial mantle made for King Edward VII, but it now seems to have been decided that his Majesty will wear the mantle of one of the Georges. The Queen will not wear the mantle or train worn by Queen Alexandra at her Coronation, as at one time there was reason to believe that it was her Majesty's intention to do, but one specially made for her in London. This is being made of purple velvet lined with ermine, and will be embroidered by the members of the Ladies' Work Society, of which Princess Louise, Duchess of Argyll, is president. The movement for the promotion of everything British in the way of dress being worn this Coronation year, started by Queen Mary, excels in her recruits more rapidly every day.

A Shabby Debutante

Little is known of the debutante of the year of 1911, for she will come in for much entertaining on a very magnificent scale, and be permitted to see many interesting and novel things. Among the many girls who were to make their first bow to King George V. this year, is the daughter of the late Lord Fitzroy's only daughter.

CAPITAL AND LABOR

(Toronto World, May 11, 1911)

In no civilized country is the interminable struggle between organized labor and organized capital more continuously severe than in the United States. The opposing forces are once more in close combat over responsibility for the explosion that wrecked the offices of the Los Angeles Times in October last, and for other explosions which have occurred in various parts of the republic during recent years. According to that section of the press which more or less represents the capitalist class, these explosions were directed against buildings where structural iron was used; the implications being that they were attributable to the workers' union and intended to intimidate the employers who maintain "open shops." The recent arrest of a prominent official of the International Association of Bridge and Structural Iron Workers and two other men charged with complicity in the Los Angeles explosion, and the circumstances connected with the former's removal from Indiana to California, have stirred labor circles to their depths.

Of equal gravity are the counter charges made by the spokesmen of organized labor. In brief they claim that responsibility for the explosions, in so far as they were due to external causes, rests with the capitalistic combines that have united in a supreme effort to crush trades unionism in the United States. They charge a private detective conspiracy in connection with which the law governing the extradition of accused parties from one state to the jurisdiction of another, and the rights of the accused to legal advice and to a hearing in court have been entirely disregarded. Whatever may be thought of these charges and cross charges, the mere fact that they have been made testifies to the unhealthy state of the industrial and social conditions of the United States, and it would be wrong to minimize the irregularities alleged to have occurred in the Indiana procedure. Wealthy malefactors have succeeded in fighting extradition for years, and there cannot be one law for the rich and another for the worker. Meantime, the prudent course is to suspend judgment until the real facts have been ascertained.

RE BANKS

Mr. Lewis of Huron has introduced in the Canadian Commons a bill "To amend the Criminal Code respecting banks," which would make compulsory an eight hour day for bank employees except for tellers (whose hours are shorter) and on balance days, and would severely punish any undue preference to certain creditors, the making of any deceptive returns, acceptance of any consideration other than salary from bank with which one is employed, and assisting in the creation of any watered stock in the institution.

Dr. Sprule suggested that in the bill "The bankers' embargo on marriage should be made a punishable offence." He would place "A very severe penalty on this interference with personal rights, which should not be allowed to exist in any civilized country."

The comments of Mr. Lewis and Dr. Sprule were, we understand, vigorously applauded by members on both sides of the house, but the leaders were, evidently, silent, and we doubt whether the gist of the bill will be adopted by the government in their new banking act now being prepared.

The Banks have far too many

privileges and far too much power in this country. Their autocratic powers should be greatly reduced, or, better still, the banking institutions of the country should all be run directly by the government for the benefit of the whole people.

MIRAMICHI WELL SERVED

Northumberland County fares well in the supplementary estimates. Besides provision for wharves at Chatham and Millerton, and the grant of \$2000 for a clock at Newcastle, part of the \$200,000 for dredging in the Maritime Provinces is to be spent in deepening the North West Miramichi at Lawlors and Redbank. Much of the credit is due to our enterprising representative, Mr. W. S. Loggie, and much to the persistent agitation of Newcastle and Chatham Boards of Trade. What we should have at once in addition is a fast night train from Campbellton to Moncton and a fast morning train from Moncton to Campbellton, and an up-to-date suburban service between Newcastle and Doaktown via Millerton.

A COSTLY JOKE

Complacent gentlemen, connected with the big cement company, say Sir Sandford Fleming's outcry about that thirteen millions is only a belated gurgling of the water put into the concern at the time of the merger. Saturday's stock market showed cement to be unshaken by the revelations, or threats of revelations at Ottawa. The time to look after such matters is when the merger is being formed. It is too late to shout after the water has been capitalized and sold or devoured by the promoters. The incident will serve to direct more attention to the methods followed in forming Canadian mergers. So far as cement is concerned, the promoters will probably show that their course was legal. If, so, it is merely another bad and costly joke on the consumer.—Telegraph.

Mr. Max Aiken, M. P., is to entertain lavishly in London during the coronation festivities. No doubt for the purpose of further "cementing," as it were, the good relations existing between British and Canadian Tories.

THE DRIVES

Reports from the lumber drives are most encouraging and the operators think most of the large drives will be gotten in safely. The cut is reported to be very large.

FALLING HAIR

Mrs. Jas. Harris of Wappella, Sask., says:—
 "I have found Parisian Sage to be the best scalp and hair tonic and dressing. I have ever used. My hair had been coming out in combs full and was very dry and brittle and the scalp was always itching and full of dandruff. I have used two bottles of Parisian Sage and it has stopped my hair from falling, the itching and dandruff have disappeared and my hair is fine and soft and glossy. I would not be without this fine Hair Tonic for many times the price."

For women, men, or children Parisian Sage is without any doubt the finest preparation for the hair. Daintily perfumed, it is free from grease or stickiness and ought to be where every member of the family could use it daily. Large bottles 50 cents at all druggists or from the proprietors, The Gironx Mfg. Co., Fort Erie, Ont., postpaid. The girl with the Auburn hair is on every package. Sold and guaranteed by T. J. Durick.

CHATHAM FIXES 1911 TAXATION

A special meeting of the Chatham town council was held Thursday evening when warrants were made out for taxation. These show an increase of \$2,000 over last year, and the rate will probably be 250. The warrants are: Interest, \$9,000; sinking fund, \$2,040; school sinking fund, \$150; \$10,500; street lights, 2,400; water works, \$1,800; board of health, \$350; fire, \$2,000; contingencies, \$1,500; park, \$100; permanent street work, \$2,500; other public works, \$4,237.83; county assessment, \$5,022. Total, \$42,000.

NEARLY DROWNED

Sunday afternoon while playing with a little Galley boy Claude, the young son of Mr. and Mrs. Frank Masson, fell off the logs at Hickson's mill and but for the timely arrival of a sailor from the German Steamship Elisabeth, who plunged in and brought him up, would have been drowned. Mr. Masson, it will be remembered, lost a boy by drowning two years ago. He is being warmly congratulated on the escape of Claude.

NEWCASTLE CHORAL SOCIETY CONCERT

The annual concert of the Choral Society will be held in the Opera House, Tuesday evening, the 23rd inst, beginning at 8.15 sharp. A very attractive program has been prepared and it is hoped, and expected, that this entertainment will mark a distinct step forward in Newcastle's musical affairs. The patriotic finale alone will be worth much more than the price of admission. Tickets will be on sale at Shaw's drug store within a few days. The prices will be fifty cents for adults and twenty-five cents for children. Tickets may also be obtained from members of the society. This society is doing a worthy work in Newcastle—one that the citizens should encourage in every way that lies in their power, and a bumper house will no doubt greet the coming performance.

OBITUARY.

MRS. HAYWARD

Mrs. Eunice Hayward (nee Lounsbury) a former resident of Lincoln, Sunbury Co., but for the last five years a resident of the West, died at Vermilion, Alta., on the 24th ult. aged 66. Mrs. Hayward was an active christian, whose place will be hard to fill. She leaves the following children: Chester C., manager of the Lounsbury Co., Newcastle; Eldon and Rannie and one daughter Essie.

MRS. DAVID CARRUTHERS

The death of Mrs. David Carruthers of St. Marys, York Co., nee Morris, occurred very suddenly Friday evening. She leaves her husband and two daughters, Misses Eva and Vida. Deceased was a sister-in-law of Frank Carruthers of Ferryville. The funeral took place on Monday from the residence of deceased's sister, Mrs. Stevenson of Chatham, and was largely attended. Floral tributes being very numerous. Rev. Geo. Wood conducted the services.

SARAH J. HARRIMAN

The death of Miss Sarah J., daughter of Mr. and Mrs. James Harriman of Newcastle, took place very suddenly in Montreal Hospital, on May 8th. Her parents had heard from her on the 5th and were not aware that she was seriously sick. Deceased had left home about one month previously. Although in poor health last winter, her friends were not alarmed at her condition and had lately been cheered by reports from her. Deceased was 34 years of age. She leaves besides her parents, one sister, Miss Annie of New York and four brothers—Phineas in Maine, Parker in Chatham and Stafford and William at home. To the bereaved family the heartfelt sympathy of the entire community will be extended. The funeral was held in St. Mary's church here Saturday morning at 9 o'clock, Rev. P. W. Dixon conducting the service. Many attended. The pallbearers were: Patrick Dunn, Charles Donovan, Edward Keating, John Ryan, J. P. Whalen and Dodd Leslie.

The engagement has been announced of Miss Rose McArdle, daughter of Mr. and Mrs. John McArdle, to Mr. Arthur Nadeau, of Grand Caspédia, P. Q. The wedding will take place in June.

The Methodist Social at the residence of Stationmaster and Mrs. H. D. Atkinson, Derby Jct., the same evening, was also well attended, a very good time being enjoyed.

FEEDING BRAINS

Why Studious Children Always Crave Oatmeal

Nature gives oats more organic phosphorus than to any other grain she grows. And phosphorus is the brain's main constituent. Brains can't grow, brains can't work without it.

Oats also contain more lecithin—the nerve food—than any other grain. They form our greatest energy food.

That's why growing children love oatmeal. Some instinct within them calls for these elements, and woe to the child who doesn't get all it wants.

The right oats for food are the rich, plump grains. In the choicest oats there are but ten pounds to the bushel. In making Quaker Oats these choice grains are selected by 62 separate siftings.

Quaker Oats—just the cream of the oats—costs but one-half cent per dish. One dish is worth two dishes of common oatmeal. Don't you think it would pay to serve your children such oats?

AT LAST, A CURE FOR RHEUMATISM

"Fruit-a-tives Cured Me" Says Mrs. Baxter.

"I was a helpless cripple from Rheumatism for nearly a year. All down the right side, the pain was dreadful and I could not move for the agony. I was treated by two physicians without help. I saw "Fruit-a-tives" advertised in "The Telegram" and decided to try them. After I had taken one box, I was much better. When I had taken three boxes, I could use my arm and the pain was almost gone. After taking five boxes, I was entirely well again. The cure of my case by "Fruit-a-tives" was indeed splendid because all the doctors failed to even relieve me. "Fruit-a-tives" cured me. Mrs. LIZZIE BAXTER. 4 HOME PLACE, TORONTO, DEC. 15, '09.

In hundreds of other cases, "Fruit-a-tives" has given exactly the same satisfactory results because "Fruit-a-tives" is the greatest blood purifying medicine in the world. "Fruit-a-tives" the famous fruit medicine regulates kidneys, liver, bowels and skin, and prevents the accumulation of uric acid, which is the prime cause of Rheumatism. "Fruit-a-tives" will positively cure every case of Rheumatism, when taken according to directions, 50c. a box, 6 for \$2.50, or trial size, 25c. At all dealers or from Fruit-a-tives Limited, Ottawa.

PRESENTATION OF SCHOOL BANNER

The presentation of the banner from the Newcastle-on-Tyne High School to the pupils of Harkins Academy will be made tomorrow (Thursday, May 18) at 3 p. m. Dr. Nicholson has received a letter from Lieut. Governor Tweedie accepting the invitation to present the banner on that day. The presentation will take place in the Opera House, and the public are cordially invited to attend.

SONS OF TEMPERANCE AT HOME

Newcastle Division No. 45, S. of T., were "At Home" Thursday evening to some thirty guests, who were given a hearty reception. Games and music were followed by a supper, after which short addresses were given by Worthy Patriarch Mrs. H. S. Leard, and Past W. P., Alderman H. H. Stuart. Newcastle Division has been in active operation since early in 1850, and still shows signs of considerable activity. There is no place where young people could spend a more profitable evening during the week. Meetings are held every Thursday at 8 p. m.

THE BOSTONIA SEXTETTE CLUB

The Bostonia Sextette Club under the direction of C. L. Staats will appear in the Royal Theatre, Chatham, Monday evening, May 29th, and will be assisted by Miss Martha Clodius, a Sorraia Soloist of high repute. All seats will be reserved at 35, 50 and 75 cents. For the accommodation of Newcastle music lovers wishing to hear these artists, a portion of the plan will be opened at Shaw's Drug Store Monday morning May 22nd, and provided a sufficient number of tickets are sold, a special boat will be run by the M. S. Navigation Co., return tickets will be issued at one fare. Owing to the size of the Hall only a limited number of tickets are available, and those intending to take advantage of this opportunity to hear one of the finest musical organizations on the continent should secure tickets early.

MASONIC VISITATION

Northumberland Lodge of Freemasons was visited Tuesday evening last week by Dr. Marven and 24 other Masons from Miramichi Lodges of Chatham, and by the following officers from St. John: Dr. H. S. Bridges, Grand Master; Dr. Thos. Walker, Past G. M.; David Dearness, D. G. M. Ald. Chas. D. Jones, G. D. of C.; Francis Berpee, Junior Deacon; and D. Arnold Fox, Grand Organist. More than 75 were present at the meeting. Dr. Nicholson presided. 8 members of the local lodge received higher degrees. Addresses were made by Dr. Nicholson, Dr. Bridges, Dr. Walker, A. H. Marquis, master of Miramichi lodge and others. Refreshments were served at the close. The order is in a flourishing condition in the county at the present time.

Amatite ROOFING

Why the Buyer of Amatite Never Complains

When a man buys ordinary ready roofing he usually neglects to paint it and after three or four years he comes back to the dealer with a protest. It is human nature to neglect painting roofs.

When a man buys Amatite Roofing he lays it on his building and in three or four years it is still as good as new and does not need any paint. He forgets he has such a roof because it is so good.

There is nothing to be had in the care of Amatite. Amatite has a peculiar quality of being able to resist the action of water, rain, snow, and ice.

BUYING AT HOME DISCUSSED BY FARMER'S WIFE

Do the Home Merchants Do Their Share in Buying Home Products?—Wood vs. Coal

(Campbellton Graphic)

To the Merchants of Restigouche and Gloucester:

One is tired of seeing and hearing of this one sided question of sending our money out of town, when the merchants and all business men are doing the very same things themselves. I think I am safe in saying that there is not one place of business in Campbellton that they have not a coal furnace in their stores. Then in their homes we find a coal furnace, coal cook stove and coal fire place I hope they will not put one in our churches. Why send all this money to Nova Scotia and other places when we live in a wood country, and there are lots of poor men who cannot leave their homes all winter but can bring in a few cords of wood and in return buy produce and clothing for their families?

Then the merchants import all kinds of vegetables, fruits, hay and oats and numerous other articles that are produced here, if they get them not a few cents cheaper but half a cent cheaper. In many cases those articles are half decayed but because they are a trifle cheaper they sell, and often glut the market and make it difficult for the farmers to sell their crisp, fresh, healthy vegetables and fruit. It discourages many a farmer for they import it earlier than we can produce it and do not buy what ours is ready. But it is a well known fact that the farther north vegetables and fruit are grown the finer the favor. We have been asked to send them to Halifax and Cape Breton; They find them better than what they can produce there. They do not see the hay they buy, it is often filled up with refuse even stones; and there are lots of good No. 1 hay and lots of good dry wood in the country today not sold because the merchants do those things.

I know of people who had to give up burning coal on account of expense and filth (it was ruining their houses) and found they could heat their houses cheaper and cleaner with wood. I do not believe in spending our money out of town but the merchants better examine themselves first before they throw stones at others. Those who burn coal can't throw stones in Restigouche or Gloucester. It won't work worth a cent, you had better order wood furnaces.

Yours truly,
A FARMER'S WIFE.

JACQUET RIVER MAN KILLED IN THE WEST

Mr. James Doyle, of Jacquet River N. B. received a telegram last week informing him that his brother, Mr. Miles A. Doyle, had been killed near Baker, Oregon. No particulars of the sad affair have yet been received. The telegram was received from the secretary of the Society of Eagles, of which Miles Doyle was apparently a member. The deceased was a son of the late James Doyle, lumberman, of Jacquet River, and is survived by two daughters, his wife, who was a Miss Utican, having predeceased him.

HIS MAJESTY'S MAIL ON A FREIGHT TRAIN

The English mail, which arrived at Rimouski at 6.25 o'clock on Saturday morning last, left that port at 15.12 by local train, and was taken through thus to Campbellton. At Campbellton the mail was transferred to a freight train, and came to Moncton that way, arriving on Sunday morning at 6.17. The citizens of Moncton received their mail on Monday on arrival of the Maritime Express, or over fifty hours after the larding of the steamer at Rimouski.

Says Mr. Angle: "I have driven the car over 6000 miles over all sorts and conditions of roads and have never had the slightest difficulty. It is an actual fact that I have spent only 70c for repairs during the season. The gasoline consumption is remarkably low." "You'll sell eight or nine B. M. F. '20's in our town in 1911" remarked Mr. Angle as he left the office. He returns to the West in a few days and like all Westerners, he is enthusiastic for that country.

FIRE PROTECTION

Campbellton Graphic

It seems sometimes as if the terrible lesson we had last July has been absolutely forgotten by many of the people in town. The GRAPHIC endeavored to sound a warning note some time ago which so far has not taken effect, but as constant dripping wears away the stone, we will still continue on our self-imposed mission, that of endeavouring to enlighten the people as to their real danger.

We have a book of By-Laws relative to House-building specially constructed to mitigate the danger from fire, and we are sorry to say they are more honored in the breach than the observance. We have By-Laws, Pains and Penalties galore regarding this, that and the other thing, but, the man in the street goes serenely on his way and does just as he likes ignorant of any infraction of By-Law or Legal Enactment.

What is the penalty for burning rubbish or brush without the sanction of the Council? Answer \$40. How many persons have been charged with this offence since the By-Law came into force? Answer. None. What is the good of the By-Law if it is not enforced? Answer. Not a bit of good. How many persons have built houses and shacks without permits? How many houses have been condemned as not being up to the standard as set by the By-Laws and what has been done to those persons? These are questions which we leave our readers to answer.

This is now assuming the dimensions of a scandal and the council must act and act quickly if we are to have a town of any importance in the province.

Let us have the By Laws tested and if they are no good get rid of them quickly and let us have something definite and sensible to work on, as at present we are supposed to be protected by By Laws which are not enforced and we might as well have none. As it is at present, what with illegal building and burning rubbish and brush we are at the mercy of a spark and a puff of wind, especially in Ward III which has no fire fighting appliances and few hydrants.

On Wednesday of this week had that brush got fifteen minutes more burning Campbellton was once more doomed—and this is coming. As we stand at present the temporary shacks around us are veritable fire traps and if we could not fight the fire of last July we are worse off now. We are spending thousands of dollars on improvements and large buildings and not one penny piece for protection, leaving ourselves to the tender mercies of one hose wagon and steamer and these in the place where least needed. Wake up! There is no time for idle dreaming. We have been asleep too long, the time is now short and lo the watchman stands before the city gates crying "Prepare ye" Who will listen to the trumpet call and make some effort for the protection of our homes?

**Thinking of Building a Silo ?
Better Build it
of Concrete**

THE construction of a Silo affords an excellent example of what the farmer can do with Concrete—and of the superiority of Concrete over all other material for various structural work about the farm.

The usual wooden silo, besides being expensive, is far from satisfactory. In the first place, it does not endure; and, more important still—being far from weather-proof—its contents become water-logged—producing an unsanitary condition.

A Silo built of Concrete, on the other hand, is practically everlasting—it is proof against heat, cold and moisture—and it has the merit of comparative economy.

This economy feature is further explained in our free book—"What the Farmer Can Do With Concrete"—which tells how to mix and use Concrete for the making of silos and other buildings on the farm.

SHIGAWAKE NOTES

A very pretty wedding took place on Monday the 24th at St. Paul's Church, Shigawake, when Miss Winifred M. Robinson second daughter of Mrs. Geo. Robinson was united in marriage to Mr. Asa Dow of Port Daniel. The bride looked very pretty dressed in navy blue taffeta silk with hat to match and carried a bouquet of beautiful flowers. She looked charming and was given away by her brother, James P.

Miss M. A. Dow sister of the groom was bridesmaid and was attired in white silk with hat to match. Mr. Leslie Bisson was groomsmen. The bride's sister, Miss Florence E. played the wedding march and two hymns, How Welcome Was The Call and Oh Father All Creating. Rev. Mr. J. W. C. Prout performed the ceremony. After the marriage was over the happy couple and invited guests drove to the bride's home where lunch was served, and from thence to their home in Port Daniel where the young couple intend to reside. A large number of beautiful presents were received showing the esteem in which the young people were held. The groom's present to the bride was a ten dollar gold piece.

"HUMAN HEARTS"

Successful in its tenth season can be said of few plays but it can be said truthfully of "Human Hearts" A drama which provides healthful recreation for the public and which seems to instruct while appearing in the form of amusement, is a boon to any community. So many questionable forms of amusement are thrust upon the public, the young and old alike find much in this beautiful living story to think over and enjoy long afterwards. Rich in incident, in its variety of characters, in its stage settings, it is one of the few attractions of great merit on the road. (The spectator is carried into the delightful atmosphere of life in the hills of Arkansas. The trouble which falls upon the simple folk of the Logan Farm, reminds one of the line—"The Trail of the Serpent." Wait. The author has struck many true notes in this play and the well chosen cast blend their harmonies with fine effect. It is with pleasure that Manager Russell announces "Human Hearts", Opera House, Monday, May 19. The advance sale now on at Dickson & Troy's. Regular prices will prevail.

GLENCOE

Glencoe, May 8.—John Boris and Clifford Gallie, who have been operating respectively in the East and West branches of Christopher Brook, have been engaged during the past week in bringing out their drives. Owing to the low water considerable difficulty has been experienced in getting the logs down, but as the lumber is now in the main brook, its passage to the boom is assured.

Miss Edna Boudreau spent Saturday in town.

Wm. Andrew and Miss A. Armstrong spent Sunday at the home of Mrs. Wm. Fifth.

Abbe LaFursey of Tide Head is visiting his sister, Mrs. J. S. Coaling.

Mr. and Mrs. David Walker and family have recently moved to their farm here.

JACQUET RIVER NOTES

Clarence P. Brown died here last Sunday evening at 6.30 o'clock. The late Mr. Brown had been I. C. R. station agent for the last 30 years. He leaves besides his widow, one son, at present manager for O'Leary and Montgomery at Loggieville, and four daughters, Mrs. C. L. Fedderson, Mrs. Dr. Ellis, Muriel and Lou; also two sisters and two brothers, Mrs. O. A. Barberie, of Campbellton and Mrs. D. H. Woodworth, of Seattle; C. C. Brown, of Revelstoke, B. C. and Frank Brown, of Seattle. Mr. Brown was a man who was respected by all who knew him. He was a good citizen and a good neighbor, and will be very much missed.

An interesting race was started last Saturday at Jacquet River. There were four starters. Three gave up 100 yards from the starting post, but the fourth (Dempsey) did not stop running till Tuesday when he was rearranged away back in the woods. He wont get much of a start the next time.

**Is Your
Loaf Like
This?**

IF your flour is of the right quality, it ought to produce uniformly good bread. When the loaf comes out of the oven it ought to be appetizing and inviting in appearance. The

crust should be crisp, tender and sweet as a nut. The pores of the bread should be regular showing uniform expansion by the yeast and every loaf should be light, plump and should expand over the top of the pan. Bread made from Ogilvie's

PEOPLES' PASTIMES

Fred Cameron is not discouraged over his defeat at twelve miles by Alfie Shrubbs, and; wants to run Shrubbs eighteen miles outdoors.

The Amherst News says: "The prevalent opinion in Amherst seems to be that if Cameron is going to continue in the racing game he should put himself under an efficient trainer and manager. Better luck next time."

Jack Johnson declares that the defeat of Kaufman received from Jim Flynn, prevents Kaufman from meeting him in a finish contest in September. Johnson says that they were practically a draw, and it left himself (Johnson) a chance to get another big war of money.

Up to date, about \$750 has been contributed by citizens of Fredericton for the support of their baseball club to be entered in the New Brunswick & Maine Baseball League. The club wants a fund of \$1,000 to start the season with, and will apparently have it.

New York, May 11.—In a rushing ten-round bout knockout Brown of New York out-fought and easily won the popular decision over Tommy Murphy of Brooklyn at the Whirlwind A. C. of Brooklyn to-night. The tow-headed little fighting Dutchman, as Brown is called, was the aggressor from the start, and while Murphy fought a heady fight, he had not the strength to carry his skill to advantage. One of the biggest crowds that ever attended a fight in Brooklyn witnessed the bout.

Tom Longboat is the talk of New York for his grand performance at Celtic Park in the all-star champion ship race. Quaal was the luckiest man in the world to win. The heat bothered Tom a great deal, but notwithstanding he overhauled all obstacles, and there wasn't one in the 10,000 that witnessed the race not of the opinion that had it been half a mile farther that Tom would have come in the winner. As it was, he beat all others handily and showed class, extreme speed and unlimited gameness. But for the heat there would have been a new record. A race over the Marathon distance between Longboat and Holmer would be of interest.

It seems rather a raw deal for Chatham, the way they were turned down by the New Brunswick League at its meeting last week, and the only excuse offered is that Chatham is too far a jump for some of the team—but would not Chatham have to take these trips too? The only reason we can see and no doubt the real reason that Chatham was turned down is because the other teams remember the walloping they gave St. Peter's last year, and would no doubt do the same to them this year, as well as a few more of the newly formed Leagues. The St. John and Fredericton sports did not think Chatham was too far out of the way when they fled to join in the N. B. Hockey League last year, and help to make it a reality. Why so now? Can the winners of the N. B. League claim the championship of New Brunswick without playing Chatham? Its now up to us to get a North Shore League started and show the teams from the towns south of us that we can play base ball too.

SURE SIGNS Of Kidney Trouble.

If your back is constantly aching and if you experience dull shooting pains, your kidneys are out of order. If your urine is thick and cloudy or your passage frequent scanty and painful, your kidneys and bladder are out of order. Neglect quickly brings on rheumatism, diabetes, lumbago, sciatica and etc.

Mrs. John Wagner of 110 Hollis St., Halifax, N. S., says: "Dull shooting pains would catch me across the small part of my back and extend into my shoulders and neck, often causing me to suffer with severe headaches and spells of dizziness. Spots would dazzle before my eyes and everything would turn black. I would fall to the floor and be unable to get up again without assistance. A friend told me of Booth's Kidney Pills and I began their use. The first box gave relief and I am now well and strong."

All druggists sell Booth's Kidney Pills 50c. a box with a guarantee to relieve or your money back. They are the world's greatest specific for kidney and bladder trouble. Post-paid from the proprietors The R. T. Booth Co. Ltd. Fort Erie. Sold and guaranteed by T. J. Durick.

A MOST ENTERPRISING BUSINESS

Dickison & Troy, Miramichi's leading druggists and opticians, have enlarged their premises to double the former capacity. Upstairs they have taken the rooms lately used by Miss Ingram for millinery purposes and made of them an up-to-date suite of optical parlors. This change is rendered necessary by the great increase in the optical and drug business. The removal of the former department upstairs gives room for a considerable enlargement of the drug department down stairs. Above the first chamber is an elegant waiting room, where patients may rest easily until their turn for examination and testing arrives. This ante room leads into the testing room 10 x 20 feet, which is nicely furnished and provided with the necessary apparatus. Beyond this room is a third, in which glasses are prepared etc. The two young men, who compose the firm, and both of whom are skilled in all departments of their business, have their hands full to accommodate their ever increasing number of satisfied customers.

W. M. AITKEN LAUGHS AT CHARGES.

London, May 16.—On his arrival here yesterday W. Max Aitken, promoter of the Canada Cement Company was interviewed by the Canadian Associated Press in regard to Sir Stanford Flagg's inquiry into the Canada Cement Company's \$13,000,000 alleged misappropriation. Mr. Aitken exclaimed laughingly: "It's a lot of money, I suppose you expected to find some of us knocking about here." He added, more seriously: "I have nothing to say, I have ceased treating this gentleman seriously for a long time past. Mr. Aitken added, he had not been a director of the Cement company for some time.
