**A. D. FARRAH & CO.**

## LABORERS NEEDED WESTERN CANADA

Canadian National Railways Will Give Reduced Fares and Special Train Service On August 6th and 13th.

Harvesters are urgently needed in the West to gather in the wheat yield of Canada.

Estimates are that over 300,000 bushels of wheat stand ready for reaping. This in addition to other grains.

The call of the West is for 30,000 Farm Laborers to harvest this immense grain crop. Canada's prosperity depends on the response.

The Canadian National Railways is prepared for the transport of Harvesters from all parts of the System. From Maritime Province points special arrangements have been made. Reduced fares to Winnipeg are to be granted on August 6th and 13th and special trains will run via Quebec Bridge, and from Quebec to Winnipeg via the Transcontinental Line as the best and quickest route from Maritime Province points. The trains will carry the best type of modern colonist cars, and special arrangements will be made for the supply of box lunches en route. Special provision will be made for women accompanying the party or desiring to take advantage of the excursion rates.

The fare from Newcastle to Winnipeg is \$22.25 plus half a cent per mile to points West of Winnipeg. The return fare is half a cent per mile from all points west of Winnipeg to Winnipeg, and \$25.25 from Winnipeg to Newcastle.

Verification certificates will be furnished by Ticket Agents when ticket is purchased enabling holder to secure return ticket at reduced fare.

Full information will be supplied by all Ticket Agents of the CANADIAN NATIONAL RAILWAYS.

30-3

## Thirty-Three Convictions In Fire Cases

Result of Disaster at St. Quentin Village

Chief Game and Fire Warden L. A. Gagnon, returned from Madawaska County Saturday evening, after a record-breaking trip in his line of business. He left Monday evening, arriving at Kedgwick Tuesday evening and left for home on Friday evening during that time prosecuting 37 less than forty offenders under the Forest Fire Law. Six of these cases were tried at Kedgwick and the remainder at Five Fingers, by Magistrate Matheson of Campbellton. Mr. Gagnon and the magistrate being kept on the move continually. Some of the defendants brought forward two or three witnesses and these, along with those produced by the Chief Game Warden for the Crown, occupied much time in the hearing. These prosecutions arose out of the destruction of the village of St. Quentin.

Out of the forty, thirty-three convictions were secured, three were withdrawn, three were lost, and one is still under consideration of the Court. Judgment will be given in this case some time during the week.

One violation of the Game Act is still before the Court also, the charge being the killing of a moose out of season and without a license. Information was laid in this case last year but the accused evaded the authorities and got away into the United States. He was lately arrested, however, and judgment will be given in the near future.

Once more fire prosecution will come up at Perth this week, and this should conclude the prosecuting for the year unless something unexpected turns up. Mr. Gagnon has been very busy all spring and summer travelling from place to place in the interests of his department.

Game Proliferous

He reports that game particularly deer and moose, is very abundant in the northern part of the province, and despite the hard winter partridge seem to be more plentiful even than last year. The increase in these game birds, since they came under protection has been very marked but the shooting of them will not be allowed for another year. A bill recommending that the season be opened for a year this year was introduced, but was withdrawn, much to the disgust of many good sportsmen.

## TWO WEEKS PICNIC FOR COLLEGE GIRLS

Will be Guests of a Man in the West

FREDERICTON, July 23—The girls who attended the University of New Brunswick during the term of 1919-20 are to be the guests of an unknown host at Day's Point for a two weeks' outing, beginning to-morrow. About twenty girls from different parts of the province will be in attendance. The gentleman in question belongs to the West and is an intimate friend of the McMonagle family in this city so that his identity will not be known. The girls will have to pay their own fare to the camp.

He will pay their fare back to their homes and all expenses at the camp for the two weeks' outing and will donate prizes of \$30 for camp efficiency. Those going to Day's Point are the Misses Helen Scott, Harriet Vanwart, Ethel Vanwart, Helen Thurnett, Margaret Hall, Florence Murray, Edith Jones, Marjorie Tracey, Bessie Morrison, Elizabeth McMonagle, Edith Jones, Barbara Nickerson and Kathleen Woods of this city, Marion Long of Keswick Ridge, Blanche Turner of St. John, Louise Friel of Moncton and Miss Amanada Quinn of Campbellton. Mrs. C. J. Tracy of this city will accompany the party and act as chaperone.

On Wednesday ten horses are entered in the Free-for-All; eleven in the 2.16 trot and pace; and sixteen in the 2.18 trot and pace.

Thursday shows fourteen entries in the 2.19 trot; twenty-four in the 2.20 trot and pace; and nineteen in the 2.27 trot.

In all there are one hundred and twenty-two entries.

The Barker House purse of one thousand dollars is hung up for the free-for-all while purses of four hundred dollars are offered for each of the other events making a total of \$4,200 for the nine events.

30-3

## Drastic Orders For Coal Conservation

Ottawa, July 22—Prohibition of the export of coal from the Atlantic, St. Lawrence River, and Gulf ports of Canada, except to the United States or to Newfoundland, unless otherwise permitted and in accordance with regulations to be promulgated by the Board, is provided for in a brief order of the Board issued late this afternoon. The order, which is signed by Hon. S. B. Carvell, Chief Commissioner, will become effective on and after the first day of August. It was issued in connection with the holding of two private sittings of the Board at which special consideration was given to the situation arising out of the prospective fuel shortage in the light of information gained by Commissioners Carvell and McLean in their conference at Washington with the members of the United States Inter-State Commerce Board.

Other steps looking to the conservation of the fuel supply are being considered by the Board, and special efforts are being made, in conjunction with the United States authorities to increase the movement of coal from mines to Canada, it being recognized that the threatened shortage is to a very large degree a matter of transportation, rather than an actual dearth of the black diamonds.

30-3

## DANCE IN NELSON

The Nelson Baseball Club held a very enjoyable dance in the I. O. O. F. Hall, Nelson on Friday evening. Music for the occasion was furnished by the Ross Orchestra. A large number were attended. The proceeds are to be used for new suits for the team, etc.

30-3

## CLEAN UP DEBRIS

We notice that Mr. John Harris has engaged men to clean up the property in rear of the Post Office recently purchased by him and which was destroyed last winter by fire. We are pleased to note that Mr. Harris has taken a move in this matter and feel that it is a good example, which might be copied by some of our other citizens. There are a number of buildings in town which were partially destroyed by fire some time ago, and as yet the debris has not been cleaned up.

Then again there are a number of old buildings in different sections of the town which are not inhabited, nor never will be on account of their dilapidated condition, and which for a good many years have been eyesores to our citizens. The owners of such buildings would be performing a good piece of work for our town if they would have such buildings as those mentioned, torn down, and the property cleaned up. It would not only save the town a good turn but would also enhance the property of the owners and make their insurance risk much smaller. The owners of property in a condition such as we have stated are to their community, as citizens, to clean up such places and thus make their town a brighter and cleaner one for people to live in.

30-3

## THE FREDERICTON RACES THIS WEEK

One Hundred and Forty-Two Entries for Nine Events in Three Days' Racing—Total Amount in Purse \$4,200.

The mid-summer meet to be held in Fredericton on Tuesday, Wednesday and Thursday of this week promises to be the best yet held by the Fredericton Fair Association. The entries are numerous and include some of the best horses in the Maritime Provinces—Maine, Montreal and Boston.

For the first day there are eight entries in the 2.14 trot and pace; sixteen in the 2.22 trot, and twenty-four in the 2.27 pace.

On Wednesday ten horses are entered in the Free-for-All; eleven in the 2.16 trot and pace; and sixteen in the 2.18 trot and pace.

Thursday shows fourteen entries in the 2.19 trot; twenty-four in the 2.20 trot and pace; and nineteen in the 2.27 trot.

In all there are one hundred and twenty-two entries.

The Barker House purse of one thousand dollars is hung up for the free-for-all while purses of four hundred dollars are offered for each of the other events making a total of \$4,200 for the nine events.

30-3

## 2 TRAGIC DEATHS IN NEW GLASGOW

New Glasgow, July 25—There were two tragic deaths in this vicinity on Saturday night. Lester Harris, a young man belonging to South St. Lawrence, was killed in the Stellarton railway yard. He had been to New Glasgow and returned to Stellarton on the nine o'clock train. He started to walk to his home through the railway yard. His body was later found lying across the main line track with both legs cut off. He was unmarried and about twenty-five years of age.

Sunday morning in New Glasgow, the lifeless body of Daniel McInnis, a laboring man, was found in an alley-way of Victoria Street. There was a bad gash in the back of his head, to which his death is ascribed. Late on Saturday night he was seen lying on the sidewalk on South George Street by a woman living near, who heard him moaning. She called Police Officer Nicholson of the C. N. R. force. When he reached the place, four men were there trying to lift him and as they said, to take him home. The officer asked them if they knew where he lived. They replied "yes, on Marsh Street."

An incident related is that the man's watch was hanging out and Officer Nicholson told him to put it in his pocket. This they did, but when the body was found the watch was missing. The officer's impression was that the man was intoxicated and those who had him in charge were out of kindness taking him home. It is known that they gave the wrong residence address, for McInnis lived on Parkdale. The police believe that there was foul play in connection with McInnis' death and a thorough inquiry will be made into the circumstances surrounding it. Coroner Kennedy will hold an inquest. The deceased was a quiet, inoffensive man and is not thought to have had any enemies. He was about sixty years of age.

## Suffered A Painful Accident

Leo Durick suffered a painful accident recently when he fell and fractured his knee cap. Mr. Durick is assistant chemist with the Canadian Drug Company and was working somewhat later than the other employees. As he was coming down the stairs to the ground floor, at a little after six, he slipped and fell, there was no one else in the shop at the time, and it was with great difficulty that Mr. Durick dragged himself to the nearest telephone and called for help. The ambulance and Dr. Stephenson responded as quickly as possible and after rendering first aid, conveyed the patient to the hospital for further treatment.

## NOTICE

I will be absent from town for two weeks after July 20th.

DR. J. D. McMILLAN

**HORSE AILMENTS**  
of many kinds  
quickly remedied with  
**DOUGLAS' EGYPTIAN LINIMENT**  
The best all-round liniment for the stable as well as for household use. Cures thrush, sprains, bruises, STOPS BLEEDING INSTANTLY AND PREVENTS BLOOD POISONING. Keep it handy.  
Price 35c.  
At all Dealers and Druggists.  
Manufactured only by  
**DOUGLAS & CO., NAPANEE, Ont.**

**Nature's Remedy**  
**K-R-TABLETS**  
Better than Pills. **GET A 25c BOX**  
For Liver Ills.

**Lift off Corns!**  
Doesn't hurt a bit and Freezezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.  
A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

**Teachers Wanted**  
For Town of Newcastle, two Female Teachers. Applications will be received by the undersigned up to July 30th.  
**J.E.T. LINDON**  
28-3 Sec'y to School Trustees

**"I Cannot Go"**  
**BILIOUS** headache spoils many an expected enjoyment.  
When the condition of the liver is neglected, biliousness seems to become chronic and recurs every two or three weeks, with severe sick headaches.  
Why not get right after this trouble and end it by using Dr. Chase's Kidney-Liver Pills to restore the health and activity of the liver.  
Constipation, indigestion, backache, headache, biliousness and kidney derangements soon disappear with the use of this well-known medicine.  
See all a box, 25c; a box, all dealers, on Miramichi, Bates & Co., Ltd., Toronto.  
**Dr. Chase's**  
**KIDNEY-LIVER PILLS**

**St. John Exhibition Educational Dept.**  
The St. John Exhibition Association are attempting this year a display in the Natural History Department that will be more comprehensive and of greater educational value than anything that has been attempted for some years. This Exhibit, which will be under the able management of Dr. Wm. McIntosh, curator of the Natural History Society, will deal with the Minerals, Forest and Animals, Birds and Insects life of the Province. It is planned to make the exhibit not only educational, but also extremely practicable; e.g. in the matter of our forest wealth, exhibits will include a section of the tree in its natural state, the polished grain, a legend showing in what section of North America the species is found, specimens of the manufactured products obtained from that particular tree, with a classification of the products, those manufactured here distinguished from those made elsewhere. The object is to bring clearly home to the people of these Provinces the extent to which the raw materials are being exported and the profits of manufacture reaped by outsiders; in short, the exhibit is being planned with the definite object of showing the people of the Maritime Provinces the possibilities latent in these Provinces and the New Brunswick Provincial Government is giving every co-operation it can to the project.

**Newspapers Suspensions**  
The reduction in the number of daily newspapers by suspensions, absorptions and amalgamations, is not alone due to higher paper and other costs, but to changing conditions in the newspaper business, and is likely to continue for we are entering upon most critical times for them.  
The main supply of world-wide news is now furnished by the Associated Press and several other news-gathering services. Exactly the same general, and much of the local news appears in every daily newspaper in Canada. The same condition exists in the advertising columns. This standardization of news and advertising service is likely to go on steadily improving and the publication of more than one good morning or evening paper in a centre is becoming very much of a wasteful duplication of effort. A good, daily paper, even in the smallest centres, is well worth, and should be sold for five cents, and a family should be content with one.  
Rural weeklies, national weeklies and periodicals are in a different class. Their contents are entirely original. That is, they do not appear in any other publication. They are becoming increasingly more expensive to produce. The reading matter in a single issue of a leading Canadian magazine costs more than eight to ten times the whole reading contents of a leading daily paper.  
The Free Press, Forest, Ontario refers to the passing out, because of increased costs within the last few years, of eight of the fifteen newspapers published in Lambton County. A rural weekly and small city daily, a more of a public institution than a money-making enterprise. There are few editors of rural and smaller daily papers who are not underpaid self-sacrificing public servants. They live more to than they get from their communities, and when they are eaders, as so many are, commanding respect and confidence, their papers are a great power. THE FINANCIAL POST is in cordial sympathy with the action of Parliament in continuing to—in spite of the opposition of the big city dailies for whom R. L. Richardson, M. P., spoke—to transport rural weeklies free of charge in their local districts. Another phase of good work these local papers do is to keep those who go out into the world, to the big centres and foreign parts, in touch with their old homes. For that reason we would also favor carrying copies of rural papers going to these subscribers free of postage. This is really a great national service, a good investment for the country. There are few men or women who do not hope to go back to and do something for the old home. If the world treats them well they want to share the good things with the schools, churches and institutions in their old homes. Many of them do. These generous thoughts can be best retained by keeping them constantly in touch with the doings at home. There is only one way—the local newspapers. No matter how busy we are we make time to read that, if it comes to us. At one time these papers were carried free to any subscriber in Canada or in the United States, but Dr. Coultor dropped this very soon after his advent to the Deputy Postmaster-Generalship. It was a very serious mistake. Thousands of Canadians were out of who have never since regained touch.  
We submit these facts to Parliament with the suggestion that they, the M. P.'s, seriously consider whether or not a good business proposition—we should not permit these rural weekly and smaller dailies an unlimited free postal area. The investment will be trifling and the return to the nation, very profitable.

**OWES HER LIFE TO "FRUIT-A-TIVES"**  
After Years of Suffering with Dyspepsia, this Fruit Medicine Gave Relief

**Mlle ANTOINETTE BOUCHER**  
917 Dorion St., Montreal.  
"I am writing to tell you that I owe my life to 'Fruit-a-tives' for this remedy relieved me when I had abandoned all hope of ever recovering my health. I suffered terribly with Dyspepsia. I had it for years and all the medicines I took did not do me any good. I read something about 'Fruit-a-tives' being good for all Stomach Troubles and Disorders of Digestion so I tried them. After finishing a few boxes, I was entirely relieved of the Dyspepsia and my general health was restored. I thank the great fruit medicine, 'Fruit-a-tives', for this wonderful relief."

MAKERS OF SCOTT'S EMULSION

**Park And Play-grounds In Cities**  
Probably there never was a time when it was as important as it is at present to develop outdoor recreation and to improve the park areas and playgrounds of our cities.  
In proportion as we close the saloon we must open and extend the park; as we shorten the hours of labour and extend manufacturing, we must provide facilities for healthy outdoor recreation; as we enlarge our cities we must enlarge their lungs. In proportion we extend the uses of the automobile and develop good roads we must have playgrounds to enable children to play in safety.  
With regard to the first matter it will ever be true that constructive temperance reform is to be found only in healthy means of recreation and social intercourse. Whatever effort may be made to prevent men from abusing themselves and their time in the saloon will fail unless we provide the means for them to find healthy recreation. The greatest constructive social reformers in England have found from long experience that good housing conditions and recreation facilities were the only permanent antidotes to intemperance. Mr. George Cadbury at Bournville, Mrs. Barnett at Hampstead, and others, have given valuable demonstrations of that fact. There is also need for healthy occupation for the leisure time of the workers as a means of maintaining industrial efficiency.  
Employers and employees are not quite agreed as to whether the same reduction can be secured with an eight-hour as with a nine-hour day. Does it not partly depend on how the leisure time of the workers is occupied? Those captains of industry who have succeeded in making the shorter working day profitable to themselves did it by providing their workpeople with opportunities for recreation and education. A man may use his spare time to make himself either a better or a worse instrument of production. Owing to the nervous strain caused by modern industrial methods, it is almost necessary to have a shorter hour than in the past, but if they are to be obtained without loss of production we must see to it that the time outside of the working hours is profitably used. Both in Britain and the United States hundreds of millions of dollars were spent in building model houses and raising out recreation grounds as a means of increasing the output of munitions during the war.

**A MEAN MAN**  
"Would you mind telling me what the price of your limousine amounts to?"  
"Certainly not," replied the prosperous citizen. "But may I ask why you want to know?"  
"My wife's been after me to buy a flivver and I'm going to argue against it on a limousine basis."

## Relieve Your Rheumatism For 25c.

NR does it by improving digestion, assimilation and elimination—the logical way.

NR Today—Relief or No Pay

There are three vital processes of human existence—the digestion of food, the extraction of nourishment from it and the elimination of the waste.

Let anything interfere with these processes—let them be interrupted or improperly carried on, and sickness of some kind follows.

Poor digestion and assimilation means failure to derive full nourishment from food and that in turn often means impoverished blood, weakness, anemia, etc. Poor elimination means an accumulation of waste matter which poisons the body, lowers vitality, decreases the power of resistance to disease and leads to the development of many serious illnesses.

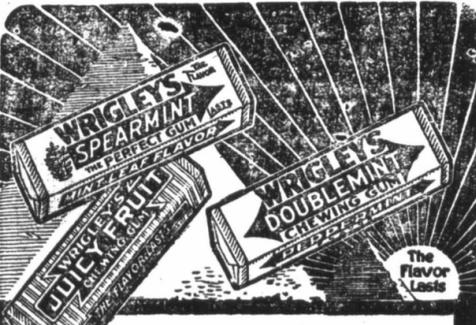

Rheumatism, due to some interference with the process of elimination, failure to get rid of certain body poisons, cannot be expected to yield to any medicine that fails to correct the condition responsible for it. Could any reasonable person expect to rid himself of rheumatic pain as long as

rheumatic poison is allowed to remain in the body. Think of this. It explains the success of Nature's Remedy (NR Tablets) in so many cases where other medicines have failed. Thousands are using NR Tablets every day and getting relief. Why pay five or ten times as much for uncertain things? A 25c box of Nature's Remedy (NR Tablets), containing enough to last twenty-five days—must help you, must give you prompt relief and satisfactory benefit or cost you nothing.

And Nature's Remedy is not only for the relief of rheumatism. It improves digestion, tones the liver, regulates kidney and bowel action, improves the blood and cleanses the whole system. You'll feel like a new person when you've taken NR Tablets a week. You've tried the expensive medicines and doctors, now make the real test. You'll get results this time. Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.

## Why are WRIGLEY'S

flavors like the pyramids of Egypt? Because they are long-lasting.

And WRIGLEY'S is a beneficial as well as long-lasting treat.

It helps appetite and digestion, keeps teeth clean and breath sweet, allays thirst.

CHEW IT AFTER EVERY MEAL.

**Sealed Tight—Kept Right**

## Extracts Can Be Sold Only By Small Bottle

Limit of Two and a Half Ounces per Day per Person—Record of Sales Must be Kept

In pursuance of the announcement made by Premier Foster to a delegation of wholesale grocers that the provincial Government would make regulations governing the sale of extracts, essences and tinctures, the Royal Gazette contains notice of the rules and regulations.

These are made under The Intoxicating Liquor Act 1910 and reduce the quantity of extract which may be retailed in any one container to two and one half ounces and provides severe penalties for infraction of any of the rules and regulations. This action is taken on account of the use of extracts for beverage purposes and the recent prosecution of wholesalers at St. John under the Prohibition Act for having extracts for sale.

It is provided that every manufacturer, wholesale merchant or broker before he shall manufacture, compound, purchase, receive, keep for sale or sell any tincture, essence or extract of ginger, lemon, vanilla or any other flavoring extract containing alcohol, must first notify the Chief Inspector by registered letter at Fredericton of his intention.

No extracts, essences or tinctures shall be sold except in containers or bottles containing not more than two and one half ounces and all persons selling such must keep a record showing names and addresses of all persons buying, the dates of sales and the quantities of all sales. A true copy of such record must be furnished any Inspector upon demand and the book must be open to inspection by any Inspector.

The regulations however, will not prevent the sale of such extracts in a bottle or container containing more than two and one half ounces, to a druggist or manufacturer of confectionery or similar commodity or to a person in any trade or business in which any such article is commonly used for legitimate purposes, or to any public institution or to dealers for resale to any of the persons mentioned in the proviso. Record books for such sales must be kept and every person so selling shall have reasonable ground to believe that such sale is for legitimate purposes.

Preparations containing less than two per cent of proof spirits do not come under the provisions of the rules and regulations.

No peddler or transient trader is permitted to sell or dispose of any tincture, essence or extract mentioned, no sale for beverage purposes is authorized, no retailer shall sell to any person in one day more than two and one half ounces except as provided.

Any person, firm or corporation, his or its clerk, servant or agent selling for beverage purposes shall be liable under The Intoxicating Liquor Act, 1910. Penalty for a first offence is ten dollars fine, for second offence a fine from twenty to forty dollars. In default of either penalty the accused is to go to jail for a period not to exceed one month.

## The Right Birds For Laying Contest

Laying Contests conducted this year show very clearly that the degree of maturity which the birds possessed before reaching the Contests has very much to do with results and especially the results during the winter months. This fact has been stated several times, and additional proof is now available, which is given in order that those wishing to enter pens in the Contests next November may be able to take advantage of the information.

Take the Prince Edward Island Egg Laying Contest, the production has been low, not as good as it was last year, but in looking over the report of the condition of the birds when they were received at the Contest, the reason is quite apparent. The birds were not as mature this year as last and certainly not as mature as they should be if a good egg yield is to be expected.

Pens No. 13-16-12 and 18 contained the best matured birds that were received. Pens 15 and 19 were not quite as well matured, but were in excellent condition and developed rapidly after arrival. Some of the other pens had well developed individuals in them but had too many immature birds while in many of the pens the birds were fully grown when they arrived.

## Healthy Mothers Healthy Babies

Every true mother realizes the fact that her baby's health depends upon her own, that the very vitality of her child is influenced by her own physical condition. How important it is, therefore, to guard against any derangement of the female organs, which induce general weakness, nervousness, constant fatigue and utter inability to properly care for her child. Please remember, that Lydia E. Pinkham's Vegetable Compound has brought health and strength to thousands of such mothers.

Mitchell, Ind.—"Lydia E. Pinkham's Vegetable Compound helped me so much during the time I was looking forward to the coming of my little one that I am recommending it to other expectant mothers. Before taking it, some days I suffered with neuralgia so badly that I thought I could not live, but after taking three bottles of Lydia E. Pinkham's Vegetable Compound I was entirely relieved of neuralgia, I had gained in strength and was able to go around and do all my housework. My baby when 7 months old weighed 19 pounds and I feel better than I have for a long time. I never had any medicine do me so much good."—Mrs. FRANK MONTGOMERY, Mitchell, Ind.

Good health during and after maternity is a most important factor to both mother and child, and many letters have been received by Lydia E. Pinkham Medicine Co., Lynn, Mass., telling of health regained during this trying period by the use of Lydia E. Pinkham's Vegetable Compound.

## Lydia E. Pinkham's Vegetable Compound

for the mature birds. In some cases birds arrived at the Contests past maturity, that is, they had started to lay before entering the contest and the change brought on a moult and a consequent loss of eggs. This condition however was not quite so apparent in the Prince Edward Island Contest as in some of the other Contests.

In order to make a good yearly revenue birds must lay during the period of high prices and if they do not start laying before the cold weather comes, as a rule, they will not start to lay for weeks and sometimes months afterwards.

Pen No. 2 did not lay an egg during the first four weeks of the Contest and had only three birds laying at the end of the 8th week with a total production of 29 eggs. Pen No. 1 started laying during the fifth week and had only three birds laying at the end of the 8th week with a total production of 27 eggs. Pen No. 17 did not start until the 10th week thereby handicapping themselves by over two months and that the two months when prices were high. The birds in this pen were in condition when they arrived at the Contest and after they received their growth have done exceptionally well. How much better would it have been if they had received their growth before entering the Contest.

It must not be forgotten that development in birds does not mean production, but if birds are bred for egg production in the bird that is fully developed has a decided advantage over her immature sister.

Birds intended for a laying competition should be in condition to lay just after they have reached the Contest, neither before nor weeks after.

## Weekly Agricultural Report

Reports of the past week show that considerable clover hay has been cut throughout the province. The hay crop has thickened up considerably, which will increase the yield. On the high-land it will be short. Taking the province as a whole, it would seem that a reduction of twenty-five per cent over last year's crop could be given as a fair estimate. Two weeks ago an estimate of one-third less than last year was given, but recent rains have thickened the crop up wonderfully, although coming too late to give it much more length.

Grain crops are doing well and give promise of a very satisfactory yield. Early reports of misses in the potato crop in Carleton and Victoria counties are constantly being confirmed. These vary all the way from twenty-five per cent to as high as sixty per cent of the crop in some sections. The loss sustained by some growers will be very heavy. The total production of potatoes from these sections will also be lessened very materially. On the North Shore and eastern part of the province the potato crop conditions look well and are very promising. Some blight is reported in the Blissfield section.

Pastures have been better since the rains and the milk production is keeping up fairly well. Prices of dairy products have not changed very much. There is a heavy export demand, which takes up all surplus Canadian products.

The apple crop is suffering by a very heavy crop. This has been abnormally heavy this year and in some orchards has left a very light crop. In those orchards that have been well sprayed, the fruit is clean.

## THE ROYAL BANK OF CANADA

**PROTECT YOUR VICTORY BONDS**

"Save the surface and you save all" Paint & Varnish

## Use B-H Paint—it Pays

B-H Paint will withstand the severe "climate test" of many hard Canadian winters. Speaking more definitely still, there is one paint that carries a 100% guarantee on every can.

### B-H PAINT

70% Pure White Lead  
30% Pure White Zinc  
100% Pure Solvent

Famous for its covering capacity and durability. It has a base 100% pure, to which is added a fine turpentine and an exceptional linseed oil from the B-H mills.

Some dealers can sell you paint which costs less per gallon than B-H, but it will not have the B-H guarantee of quality and permanence—neither will you have the certainty that a gallon will show the greatest covering capacity.

Even at the slightly higher cost of B-H you will find when the job is done that the ultimate cost is lower—very much lower.

Another thing, just look at any house that was painted, maybe years ago, with B-H and see the "finish" that still remains.

### WEDDINGS

**CALDWELL-JOHNSTON**  
A very quiet wedding took place at the home of Mr. and Mrs. William Caldwell of Dedham, Mass. on Wednesday, June thirteenth at 7.45 p. m. when Miss May Levilla Johnston eldest daughter of Mr. and Mrs. James B. Johnston of Redbank was united in marriage to Mr. Roland Ross Stevens only son of Mr. and Mrs. Hiram Stevens of Union New Hampshire. The Rev. John E. Bentley of the Dedham Methodist Episcopal church officiated, the double ring ceremony being used. The bride was attended by her sister Miss Roberta, while Mr. Gordon W. Glover acted as best man. At eight thirty a dainty repast was served after which the happy couple took their departure amid a shower of good wishes and confetti. Mr. and Mrs. Stevens will reside in Union, New Hampshire and will be at home after July thirteenth.

### Seizure Of 123 Cases Of Liquor

One of the largest seizures of liquor made in this province in some time was made on Tuesday night at Andover, when Sub-Inspectors Nevers and Demings seized 123 cases in a car with 200 or 300 bags of oats and corn. It is said the entire car was filled with liquor and is believed to have been destined for the United States. The liquor was taken to Fredericton by Sub-Inspector Nevers.

### LEAVING FOR TRIP TO ENGLAND

Rev. F. E. Boothroyd left Friday evening for Quebec from which place he sails on Wednesday next on the steamship Prince Frederick William for England. Mr. Boothroyd will spend about three weeks in England and on his return to Canada will take up his parochial duties in Campbellton.

The steamer on which Mr. Boothroyd crosses the Atlantic was a former German ship that was captured by the British during the war.

### MISUSE OF THE DAY OF REST

Smith's Fall's Record News—If we were asked to name the most unsatisfactory day of the week from a work standpoint, we think it would be Monday, caused largely by the misuse of Saturday afternoon and Sunday. It is an economic fact that more than half of the people of this country return to their work on Monday either physically or mentally weaker than they left it Saturday night. In most localities the industrial output of Monday is below that of any other day in the week. For many people Sunday is not a day of recreation, but of dissipation. One test of a people is their use of leisure, and this is the test that Sunday brings.

Particular people use only

### OBITUARY

#### MRS. WM PARKS

The death occurred at Redbank on Tuesday morning, July 20th of Mrs. William Parks, aged 27 years, after a short illness. Deceased was a daughter of Mr. and Mrs. James Stothard of Ferry Road and leaves to her husband, one child 18 months old and five step children. The funeral was held on Wednesday, from her late residence. Interment at the Presbyterian Cemetery, Redbank. Rev. Mr. Girdwood conducted the services at the house and grave.

#### TO INVESTIGATE TYPHOID

Dr. G. G. Melvin, chief medical health officer of the province, who was in Moncton to attend the annual meeting of the New Brunswick Medical Society, proceeded to Bathurst to enquire further into the typhoid fever situation, where several deaths from the disease are occurring weekly.

### "BUY AT HOME"

Catarrhal Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists. F. J. CHENEY & CO., Toledo, O., Agents, 75c.

The fight of a train is like the flow of an enormous pulse in the arteries of the nation. To slow the beat is to slow the life of the country.

THE train in this picture is one of the eleven hundred freight trains in daily service in Canada.

It consists of one heavy-duty freight engine and 45 standard box cars.

It can carry 2,000 tons of wheat.

In 1913 its engine could have been built for \$34,700—to-day \$81,000, its box cars for \$1,138.85 each—to-day \$3,797.50.

In other words the rolling stock alone in the movement of 2,000 tons of wheat has increased in cost from \$85,948.25 to \$251,887.50 or 193.1%!

The labor bill of the railways has risen in the same period from \$15,000,000 to \$231,000,000—101%!

The cost of rails for a mile of track has gone up from \$9,497 to \$19,680—107%!

No cost has been unaffected by the general rise.

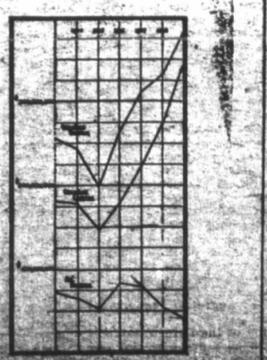

Operating expenses continue to rise more rapidly than Gross earnings. Net earnings are sinking at an alarming rate.

These are the facts that lie behind the application for increased freight rates for the railways.

\*Estimated

The Railway Association of Canada

Explanation of Chart: Top line shows the rise of Gross Earnings. Middle line shows the rise of Operating Expenses. Bottom line shows the diminished margin of Net Earnings as a result of the rise in the middle line—Operating Expenses.

### PERSONALS

### TENDERS

For Purchase of the **Miramichi Hotel, Newcastle, N. B.**

TENDERS for the purchase of the Miramichi Hotel, Newcastle, New Brunswick, will be received by the undersigned Solicitor up till noon on Saturday, the Seventh day of August, A. D. 1920.

The property comprises the main brick building of four stories, with annex, and can accommodate seventy-five guests. Six large sample rooms, bowling alley, pool rooms, garage and barns, will also be included in the proposed sale.

The Hotel is well furnished and the tenders invited are to include offers for the furniture as well as the buildings.

The Miramichi Hotel is the only Commercial House at Newcastle, which is the Shiretown of Northumberland County. The large number of commercial men visiting Newcastle as well as the numerous guests from various parts of the North Shore afford an exceptional opportunity for the conduct of this Hotel.

The Owner does not bind herself to accept the highest or any tender.

Please address all tenders to **GEORGE M. McDABE**, Solicitor, P. O. Box 337, Chatham, N. B.

### Danger From New Diseases of Wheat

Aside from rust and smut, Canadian wheat crops have been found remarkably free from destructive plant diseases. Recently, however, there have been discovered in the U. S. A. two new diseases, "Flag smut" and "Take All" about the presence of which there has been felt considerable alarm. Now up to the time of writing, Canada has not been invaded by either of these new troubles. But growers should be ever on the lookout for these and any other obscure troubles with which their practice has not made them thoroughly familiar.

"Flag Smut", so called because the smut occurs on the flags or leaves of wheat, is easily recognized by the long streak of smutty stripes running along the leaves. The affected plants also show a peculiar tangled and twisted appearance as if the leaves were wound around the stem. Any suspicious plant should be sent to the Division of Botany, Experimental Farm, Ottawa.

"Take All", as the name implies, takes all and is probably the most serious wheat disease known with the exception of rust. In certain countries, indeed, it is the more serious, as is emphatically claimed by the practical grower as well as the scientific observer. The recognition in the field is not difficult. "Take All" is a root disease spreading from below up the stem for about 1 to 2 inches, discolouring the stem dark brown. The affected plants may be pulled up very easily, their anchor age in the ground is very loose as compared to a sound plant. The affected plants turn yellow and finally die; taking straw and all. Both diseases are most likely conveyed by infected seed grain, hence it is most important to "nip these diseases in the bud" and report all suspicious cases at once. The use of foreign wheats for seed is cautioned against; particularly wheat from Australia is under suspicion.

### Revenue From Income Taxation

Ottawa, July 21—Revenue from income taxation this year is expected to total forty million dollars. While this is not in excess of last year, it is attributable to the fact that the measure of excess profits is not nearly as large now as was the case on 1918, when the collections were based on the last year of the war.

An amendment made to the Act this year simplifies the prosecutions of defaulters and it was announced today that there will be extensive prosecutions of delinquents. Failure to make a return and the subsequent registration of a notice to the party so failing is sufficient proof under the new Act to secure conviction.

#### PUPILS GIVE RECITAL

The pianoforte pupils of Miss B. H. Norman of Jamaica Plain, gave a recital Wednesday evening in Elliot Hall, attended by many parents and friends. About 20 pupils took part and the program also included baritone solos by Edward Mitchell of Newton Highlands, accompanied by Miss Kapper, and readings by Miss Helen Hallgren of Dorchester and Miss Ruth Magurn of Rosindale. Prizes were awarded to Henry Getz of Jamaica Plain and Madeline Gay and Amy McMillan of Dorchester, for the highest general standing for the term. Miss Norman was presented with a bouquet of roses by her pupils, Miss Mary McMillan making the presentation.

Miss Norman is a native of Newcastle, and friends of the family will be pleased to hear of her success in the musical world.

### Rains Help The Growing Crops In The West

Winnipeg, Man., July 21—Local showers have fallen at many points in the west during the last twenty-four hours and with unsettled weather continuing there are strong hopes that the present crucial week will see a great improvement in the condition of the grain crop, which is suffering more or less from lack of rain.

The rain was worth millions of dollars to the growing crops.

The weather man predicts showers and thunderstorms in many places in the western provinces and says that in the last twenty-four hours showers have occurred over the greater part of the west.

Dr. Robert McGill, secretary of the Winnipeg Grain Exchange, said that rains which had fallen throughout the west was sufficient to do a tremendous amount of good. Two inches of rain would almost guarantee a good crop so far as it is affected by moisture.

Rain was reported from every district along the lines of the C. P. R. through the prairies, although not from every point, it was announced from the local offices of the company. Scattered showers were most common, but there were prospects of steady rain at several places. The fall was lightest in Saskatchewan and heaviest around Winnipeg, according to these reports.

### Have You a Sick or Lame Horse?

#### FOOD—THE GREATEST PROBLEM

"I make the statement without fear of contradiction that food production is the greatest problem of the world to-day. Soil fertility, it is of greatest importance, since it lies at the foundation of success in all branches of Agriculture.... It will be the duty of the Department of Agriculture to see that our production per acre is increased in every way possible. With this duty will be coupled the bringing in of more people to increase the rural population, and the adjustment of present farm conditions in Canada so as to make them sufficiently acceptable to retain the Ontario boy on the farm."

The above were thoughts expressed by the Hon. Mannin Doherty in his address before the Second Annual Conference of the Canadian Fertilizer Association at the Ontario Agriculture College, Guelph.

#### THE CABINET MEMBERS

Superstitious Unionists who recalled that the new cabinet was sworn in on the 13th, overlooked the lucky number seven which it contains. There are seven Presbyterians in the government, three Anglicans, three Methodists, two Roman Catholics and two Baptists. The Presbyterians are Premier Meighen, Hon. J. A. Calder, Hon. Hugh Guthrie, Hon. J. D. Reid, Hon. F. B. McCurdy, Hon. G. D. Robertson and Hon. C. C. Ballantyne. Sir Henry Drayton, Hon. S. F. Tolmie and Hon. F. E. Spunner are Anglicans; Sir James Lougheed, Hon. A. L. Sifton and Sir Edward Kemp, Methodists; Hon. C. J. Doherty and Hon. F. E. Blondin, Roman Catholics, and Sir George B. Foster and Hon. Rupert W. Wynne, Baptists.

## Minard's Liniment

USE **Minard's Liniment** FOR **SPANISH INFLUENZA**, **COLDS**, **COUGHS**, **SORE THROAT**, **DIPHTHERIA** ETC.

## The Tired Business Man

The 'Tired Business Man' like many another celebrated character, may be largely mythical; but the attitude of mind which is supposed to be his is unfortunately rather common, even among persons who cannot claim the distinction of being either "business" men or "tired." The individual thus afflicted enters a theatre, and opera house or a concert hall without any preparation whatever and without any intention of exerting his mental faculties. He sinks languidly into his seat and, in effect says: "Well, here I am, now entertain me if you can. And frequently his words are not so much an invitation as a challenge. This frame of mind may not be a great drawback at some time performances, but needless to say, it is hardly conducive to a proper appreciation of serious music. Any great work of art—a drama, a poem, a painting, a symphony—makes certain demands upon him who would enjoy it. Its purpose is not to relieve the boredom of an idle moment. It must be approached with out prejudice and with a determination to avoid the injustice of a hasty condemnation.

## Rubinstein Said It

The possibilities of the piano are by no means exhausted and until this is achieved the pianists of today and tomorrow have a great goal before them in striving to equal the art of say Rubinstein and other famous masters of the piano. It is true that the standard of piano playing has advanced wonderfully. This was the case even in the time of Rubinstein. And this fact recalls to mind a remark of a master not untinged with satire. When Rubinstein played in Moscow "everybody was there," and the concert was sold out weeks in advance. Shortly afterward Rubinstein went to hear a new pianist—who had already made quite a name for himself by reason of his talent—at a recital which was rather thinly attended. When he was asked after the recital what he thought of the newcomer's playing Rubinstein wrinkled up his heavy brow and then said earnestly "Oh nowadays everybody plays the piano well." That was the point. "Everybody plays the piano well." But how few—how very, very few—ever approach the artistic stature of the master, Rubinstein!

## Immigration Rush Expected For Canada

Ottawa, July 22—A highly optimistic report regarding the possibilities of heavy immigration to Canada from the United Kingdom, is brought back by W. E. Scott and Russell Wilson, who, for the past six months, have been engaged overseas in the selection of immigrants under the plan of the Soldiers' Settlement Board. Messrs. Scott and Russell declare that Canada is looked upon overseas as a land of promise and that the demand for berths to the Dominion far exceed the transportation facilities available. In fact they declare Canada is in for the biggest immigration rush which she has had for many years past. Desirable Class As a direct result of their efforts, on behalf of the Settlement Board, 600 carefully selected settlers will be added to the farming communities of the Dominion. All have seen active service and all are considered suited for agricultural purposes. Each man is required to have a capital of at least \$1,000 and transportation is paid by the Imperial authorities. The majority are of the officer class. Many of them have capital far in excess of the minimum required and sufficient to establish them on substantial farms or ranches.

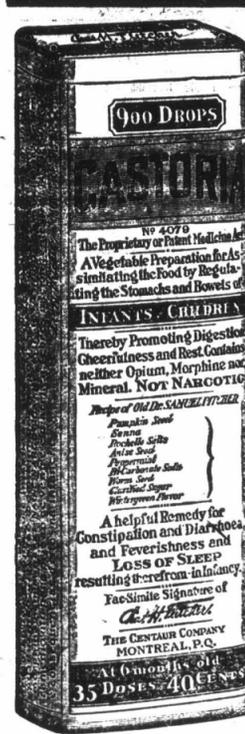

## Boy Leaves Home At Barnaby River For St. John

Clarence Cameron, a boy twelve years of age, who has been residing with Mr. J. A. McDonald, at Barnaby River for the past year, left Barnaby River Thursday, walked to Rogersville and boarded the Maritime Express this morning reaching Moncton enroute (the little lad states) to his father, who is in St. John.

Immediately after the lad's disappearance from Barnaby River, a telegram was received by the Moncton police from Mr. McDonald, and as the St. John train was pulling out this morning, the boy was taken in charge by Officer A. F. Steeves, and taken to the guard room.

Friday morning the lad stated that he left Mr. McDonald's enroute to his father in St. John, whom he says, resides in Main Street, and is employed in the Nashwaak Pulp and Paper Company Mill, West St. John. The lad is being held pending the arrival of Mr. McDonald.

**PREMIER RETURNS**  
Hon. W. E. Foster and Mrs. Foster returned to their summer home in Rothesay last Thursday after a very successful fishing trip of ten days spent in Gloucester county. The premier and party succeeded in luring some splendid salmon from the depths of the Nepisiquit river, and were delighted and greatly benefited by the sojourn in the pretty north shore county.

**CASTORIA**

## SUNNY CORNER

Miss Frances Sheasgreen who has been spending the winter in Montreal is home for her holidays.

Mr. Daniel Cain visited relatives in Whitneyville on the 17th and 18th.

Miss Lottie Holmes is spending a few weeks in Red Bank.

Mr. and Mrs. J. J. O'Shea, Duluth, Minn. are visiting relatives at the Corner.

Miss Annie Mullin has gone to Newcastle for a few weeks vacation.

Miss Roberta Johnston, Melrose Mass. is visiting her parents Mr. and Mrs. James B. Johnston.

Miss Muriel Sherrard, Boom Road, is the guest of her cousin Miss Theresa Sherrard.

Messrs. Walter Mullin and Welton Tozer were in Newcastle on the 16th and 17th.

Mr. and Mrs. John Porter are rejoicing over a new baby boy, which arrived on the 18th.

Miss Edna Menzies, Newcastle, spent the week end with her cousin Miss Hazel Tozer.

**BEGINNING OF A ROMANCE**  
Nurse—if you loved me you would give up smoking when you get over your terrible wounds. Soldier—if you loved me you wouldn't ask me to give it up.

## Cholera Infantum

Cholera infantum is one of the fatal ailments of childhood. It is a trouble that comes on suddenly, especially during the summer months and unless prompt action is taken the little one may soon be beyond aid. Baby's Own Tablets are an ideal medicine in warding off this trouble. They regulate the bowels and sweeten the stomach and thus prevent the dreaded summer complaints. They are an absolute safe medicine, being guaranteed to contain neither opiates nor narcotics or other harmful drugs. They cannot possibly do harm—they always do good. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

No Luxury Tax

## The Lounsbury Co., Ltd.

NEWCASTLE BLACKVILLE DOAKTOWN

# Local and General News.

**POLICE COURT NEWS**  
A conviction under the Prohibition Act was secured against a young man last Saturday before Police Magistrate Lawlor. The fine of \$50. with costs was paid.

**DOWN RIVER EXCURSION**  
A number of excursionists from town went down river on the "S. S. Alexander" last Thursday. A few stopped at Bay du Vin where they lunched, while others enjoyed the round trip, having a good meal on the boat.

**LECTURER COMING**  
Mr. W. W. Black of St. John, N. B. on or about Aug. 23rd will deliver a lecture in Newcastle under the auspices of The International Bible Student's Association. Subject "The World has Ended—Millions now Living Will Never Die. Seats Free. No collection.

**POORER—BUT WISER**  
Last week the Royal Exposition Shows under the auspices of the G. W. V. A. and local band held forth their entertainments in the Watt field, near the station and many of the patrons are poorer but wiser this week than they were last week.

**RECORD BLUEBERRY CROP**  
Everything points to a record blueberry crop on the North Shore this year. There was very little frost to harm the blueberries and the berries are reported very plentiful and ripening fast. This is the first season for three years that the crop has been up to normal.

**CADET SPORTS IN SUSSEX**  
In the 100 yard dash, during the Cadet sports which were held in Sussex last Friday, the first heat was won by Jack Nicholson of this town. The second heat was won by Tom Lawlor of Chatham and in the final heat Tom Lawlor was first and Jack Nicholson second.

**MILL SAW BILLS**  
The Advocate Office has just finished printing a stock of the latest Mill Saw Bills, which was drafted up by the Mill owners on the Miramichi River. This Saw Bill is suitable for any mill on the river and we are now prepared to supply them to all desiring same.

**LOST MEN AT BANGOR**  
The Hagenbeck-Walace circus, which recently toured this province, had difficulty in leaving Bangor, last week because about one hundred of the circus laborers left the show and obtained other employment at higher wages through Bangor offices. Extra hands were engaged for a few hours and with the assistance of some of the ring men, the circus was able to get loaded.

**DISPATCHER'S OFFICE CLOSED**  
The C. N. R. Dispatcher's office at Newcastle has been closed, notwithstanding the efforts of our local people.

This office has been located here for a number of years, and the work performed has been most efficient. This is another case of Newcastle being discriminated against irrespective of the efforts exerted. How long do our citizens intend to tolerate such a condition?

**ENJOYABLE FISHING TRIP**  
A fishing party consisting of General Harrington and Messrs. H. A. Price and Fred Henderson spent ten days salmon fishing on the Miramichi River. The party fished from Half Moon on the N. T. Ry. to Millerton and were very successful. Messrs Price and Henderson returned home Friday morning. General Harrington arrived in Moncton Saturday joining his wife there as the guests of Mrs. C. W. Price.

**ATTENTION**  
We wish to draw the attention of our readers to the notice of the Department of Customs and Inland Revenue, regarding the Luxury and Excise Taxes which will be found elsewhere in this issue.

The returns of the Luxury Tax must be made on the first and fifteenth day of each month, and the returns of the Jewellers, Manufacturers and S. & T. Tax must be made not later than the last day of the month following the month covered by the return. All returns are to be made to the local collector of Inland Revenue and any information desired may be obtained from him.

WHEN USING  
**WILSON'S FLY PADS**  
READ DIRECTIONS  
CAREFULLY AND  
FOLLOW THEM

Best of all Fly Killers  
or Pad at all Druggists,  
Grocers and General Stores

**CADETS RETURNED**  
The local Cadets who spent last week in camp at Sussex returned to their homes on Saturday much satisfied with their outing.

**HOLIDAYS ON NORTH SHORE**  
The Misses Florence Holder and Rena Gordon, of the Department of Lands and Mines left on Saturday evening for Burgt Church where they will spend their vacation.

**SUNDAY SCHOOL PICNIC**  
The Methodist Sunday School Picnic was held last Wednesday at Wilson's Point, and an enjoyable afternoon was spent by the children and their friends.

**CARLOAD A DAY**  
During the strawberry season in Sackville the berry pickers were busily engaged in picking the luscious fruit. A carload of strawberries was shipped from Sackville each day.

**REGISTERING THE BLIND**  
Miss Hayhurst, field secretary of the National Institute for the Blind Maritime Division was in town Wednesday; she is making a tour of New Brunswick in order to register all adult blind persons.

**DANCE IN TOWN HALL**  
Lovers of dancing were given a novel treat in that line last Saturday evening, when the Bangor Jazz Orchestra furnished music for a dance in the Town Hall. On account of the entertainment being held on Saturday evening the attendance was small, but those who attended enjoyed themselves immensely and spoke highly of the music.

**HAS REACHED HIS FATHER**  
Clarence Cameron, the twelve-year-old son of an employee of the Nashwaak Pulp and Paper Company, Fairville, who left the home of his uncle in Barnaby River without saying anything, and was detained in Moncton by request of his uncle, was released. He arrived in St. John Saturday and will probably remain with his father for a while.

**RED CROSS LECTURE**  
Miss Ruddick of the N. B. R. J. Cross Society gave a most interesting lecture in the Town Hall, last evening. The attendance was fairly large and Miss Ruddick outlined the work which the Red Cross Society purposed doing in the future, particularly along the lines of Child Welfare. The lecture was attentively listened to and much good will resulted from Miss Ruddick's visit.

**FRED McDONALD CAUGHT AT CHATHAM**  
Fred McDonald, wanted by the Moncton police on a charge of stealing \$38 from Mr. Ernest Brown, of Georgetown and a horse from Mr. Freeze Recker, was captured in Chatham Tuesday night, and was held there for the local police.

**LONG CANOE TRIP**  
Mr. David Ogilvy, a well known Tobique guide, accompanied by Mr. Conn of New York, recently made a canoeing trip down the Little Southwest Miramichi River. They started from the Tobique country and made several portages in order to reach the headwaters of the Little Southwest. This stream flows into the Northwest Miramichi at a point near Newcastle. It is one of the finest fishing streams in the province, but being rather out of the way, is not fished by the ordinary sportsmen.

**DEATH AT HOSPITAL**  
The death occurred at the Miramichi Hospital, Wednesday, of Lester Smearce, the thirteen-year-old son of Mr. and Mrs. Edmond Smearce, of Sunnyside Settlement, Gloucester Co. About six months ago the little fellow, while assisting his father in the woods, was struck by a falling tree and suffered from a broken back. He was at once brought to the hospital here, and although everything possible was done for him, all was without avail and death came to end his sufferings. Besides his parents, he leaves one sister, Margaret, and three brothers, Herbert, Stanley and George, all at home. The remains were taken to Sunnyside for interment.

**TOOTH LODGED IN LUNG**  
North Sydney Herald: Mr. and Mrs. B. R. Rice returned yesterday from Halifax, where they took their bright little 11 year-old son for examinations by specialists. About a year ago a tooth which was being pulled, got down in the child's windpipe and could not be got out. It has since passed down into one of his lungs. An X-ray examination showed the tooth to be in such a position that the surgeons decided it would be impossible to operate to remove it, since the operation would be fatal. Nothing can be done to remove the obstruction from the lung. The many friends of the family will regret to learn this distressing news.

**PROVINCIAL APPOINTMENT**  
Robert Nicholson, M. D. to be chairman of School Trustees for Town of Newcastle, in place of Robert Nicholson, M. D. whose term of office has expired. Term of office to expire June 30, 1924.

**CLEARANCE SALE**  
Mrs. George McEachren of Nelson, is having a Clearance Sale of Summer Millinery beginning next Saturday 31st. inst.  
Many bargains will be given, and the event will be one of the few opportunities that is offered.

**RECEIPTS DIVIDED**  
The net proceeds of the Garden Party held recently under the auspices of the Board of Chatham chapter of the I. O. D. E. amounted to \$650.00 and the Chapter has given \$325 to the Miramichi Hospital and \$325 to the Hotel Dieu Hospital to equip a baby's ward in the institution.

**C. N. R. DEFEAT CHATHAM**  
The C. N. R. base ball team took both games from the Chatham team on the M. A. A. field Wednesday afternoon and evening. In the afternoon the score was 6 to 3 in favor of the C. N. R. and in the evening, with Stafford pitching, the C. N. R.'s won by 3 to 1. The full nine innings were played in both games. In the afternoon, ways pitching for Chatham was replaced by Venot, and in the second game Wa'ring did the twirling for the visitors.  
Both games were fast and the score indicates that the teams were pretty evenly matched.

**TO SUBSCRIBERS**  
We are mailing to our subscribers an account, showing the standing of their subscription, and we respectfully request each subscriber to kindly remit us at once the amount due, as shown by the account received by them. The rendering of these accounts means a large amount of labor and expense, and we hope to receive good results.  
While some of the accounts are small, still they amount to considerable money in the aggregate. The necessary material for conducting a newspaper has advanced to a marked degree and we trust our subscribers will remit the amount due by them immediately.

**MILITIA AFFAIRS**  
Ottawa, July 22—It was authoritatively announced to the Canadian Press, Limited, to-day that there will be no reorganization of the personnel and duties of the Canadian militia headquarters staff before August.

Sir Arthur Currie, who is leaving military life to become president of McGill University is still on leave of absence and will not return to Ottawa until August 1, and whatever reorganization takes place will occur subsequent to that date.  
It is not improbable that the duties of the Inspector general of the Canadian forces after Sir Arthur finally retires will again become what they were in pre-war days, when the Inspector general was not a member of the militia council, the view then being held that he should not be in a position to pass upon his own act. While everything is in the air in regard to new appointments, it is regarded as quite probable that Brigadier General Burstall will be the next Inspector general.

## A Mother's Trials

Care of Home and Children Often Causes a Breakdown

The woman at home, deep in household duties and the cares of motherhood, needs occasional help to keep her in good health. The demands upon a mother's health are many and severe. Her own health trials and her children's welfare exact heavy tolls, while hurried meals, broken rest and much indoor living tend to weaken her constitution. No wonder that the woman at home is often indisposed through weakness, headaches, backaches and nervousness. Too many women have grown to accept these visitations as a part of the lot of motherhood. But many and varied as her health troubles are, the cause is simple and relief at hand. When well, it is the woman's good blood that keeps her well; when ill she must make her blood rich to renew her health. The nursing mother more than any other woman in the world needs rich blood and plenty of it. There is one way to get this good blood as necessary to perfect health, and that is through the use of Dr. Williams' Pink Pills. These pills make new blood, and through their use thousands of weak, ailing wives and mothers have been made bright, cheerful and strong. If you are ailing, easily tired or depressed, it is a duty you owe yourself and your family to give Dr. Williams' Pink Pills a fair trial. What this medicine has done for others it will surely do for you.

You can get these pills through the mail, or by mail order, at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

# Brantford Roofing

We have just received a carload of Brantford Roofing and can now quote reasonable prices.

The quality of this Roofing is well and favorably known, and if properly applied and coated with roofing paint, about every five years, will outlast cedar shingles, while the first cost is only about half that of shingles.
