

NEW INDUSTRY DOING BUSINESS

Lime Kiln the Latest Addition to Edmonton's Concerns.

From Tuesday's Daily. Lime burning has been in progress now for a week in the kiln of the Edmonton Lime Company, the latest addition to the list of the city's manufacturing concerns. The plant of the company is located on Walter's flats, at the corner of McLeod Avenue and Curry street. It has a capacity of 250 bushels per day in a continuous draw kiln. Lime stone is brought from the "crop" 62 miles west of Calgary, and at present three car loads a week are being supplied to the kiln. The company is managed by J. W. Fulbrook, manager of the Adams Brothers Hauling Company, who was for a number of years associated with the Winnipeg Supply Company, the largest lime burner in the west, was the first to see the opening of a lime kiln in Edmonton, and with L. E. DuPlessis, start-up of the company. Mr. DuPlessis is manager.

Cheap fuel makes it profitable to bring the raw material here to burn. The lime kiln has the consuming capacity of an average of 200 bushels of refuse from mills, bark, sawdust, stabs and the slack of coal. Before the establishment of the kiln, the Walters Company burned from forty to fifty loads of refuse from their mill every day. A man was hired to attend to the destruction of this material. The company got absolutely nothing out of it. This waste will now be used to fire the kiln.

Starting with the manufacture of lime, the company will later enter the field of lime compounds, manufacturing such important products as chlorides, best used as a soilizer, washing compounds of hydrated lime, and a compound used for fertilizing purposes.

The lime stone quarried by the company is from the same rock from which cement is made at Calgary. This quarry was originally owned by Mr. Fulbrook, who disposed of it to the Alberta Portland Cement Company of Calgary. The kiln is being operated by Mr. DuPlessis, who is also manager of the Edmonton Lime Company, which is being handled by Gorman, Clancy & Grindley. The requirements of the city in lime is estimated at 1,000 bushels a day.

Montreal Man Drowned. Montreal, May 15.—While taking his daily morning walk, William Henry, of 114 Colborne street, fell into the water near the foot of Murray street, and when pulled out, five minutes afterwards, he was found to have died. He was an old man and had been in poor health for some time, death is thought to have been due to heart failure.

Motorman Killed. Oklahoma City, Okla., May 16.—One is dead and ten injured as the result of the derailment of an Oklahoma City train at Okemah, Okla., this city at nine o'clock tonight. The car crashed into a trolley pole, and the engine, L. Carothers, was fatally injured, dying shortly after the wreck. All the victims lie here.

LET CONTRACT FOR THE STOCK PAVILION

Manson and Dunlop the Successful Tenderers—Probable That Cost Will be a Third More Than the First Estimate.

From Tuesday's Daily. The award of the contract for the construction of the live stock pavilion at the exhibition grounds by the directors of the Exhibition association at a special meeting Monday night. Their tender of \$73,977, was the lowest of a number submitted and its acceptance was advised by the committee appointed to consider the estimates made by the different contractors. The tender was for the construction of the foundations of the building, the four walls, roof, interior and seating accommodation of wood on steel.

The contract for the steel required in the construction of the building was awarded about a month ago to the Dominion Bridge company at \$47,000. A contract for the erection of the steel work has yet to be let. The original estimate of the cost of the building was \$100,000, but it will probably cost a third more than this amount before it is completed. It will be one of the finest live stock pavilions in Canada.

Entries for Harness Stakes. Entries closed yesterday in the harness stakes to be run at the exhibition. With a requirement of five entries to fill, total of 50 entries being made in the four. These four are the three minute trot, for a stake of \$500, on Wednesday, August 16th; the 2:04 pace, 25 for the Hoopstakes, for a stake of \$2,000, on Thursday, August 17th; the 2:14 pace, 2:09 day, for a stake of \$600, on Friday, August 18th; the 2:10 pace, 2:14 trot, Merchants and Manufacturers' stake, on Saturday, August 19th. Of these four stakes only one, the Merchants and Manufacturers' was filled last year.

Anti-Reciprocity Mass Meeting Passes Resolution of Approval at Ottawa

Ottawa, Ont., May 15.—Evidencing confidence in reciprocity, Mr. Sealay, of Westworth, who opposed the fruit and vegetable schedules, urged the Minister of Agriculture in the Commons today to establish a series of ten acre experimental farms all over agricultural Canada, to assist farmers in ascertaining the best results from the land under the various climatic conditions, to prepare for the larger demand and increased market for produce on the passing of reciprocity. He also urged the establishment of a large experimental farm in the Niagara fruit and vegetable growing district. The Minister of Agriculture has had no doubt that the adoption of reciprocity would result in greatly improved conditions for all forms of agricultural production.

Public sentiment on the proposal continues to manifest itself. Edward's, the Conservative member for Frontenac, called a public meeting at Wolf Island on Saturday in the anti-reciprocity interests. The speaker, however, showed itself unanimously in favour of the pact and passed a resolution disapproving of action of their member in opposing reciprocity. Many Hibernian Conservatives were outspoken in support, declaring it to be the best thing for the country's prosperity. Equally emphatic was a mass meeting at Norwich, where a check only a dissenting vote resolution was adopted stating "that the Opposition will remember its responsibility in the matter and not oppose the will of the Canadian people."

Conservatives renewed obstruction in the House today by fogging the dead horse of the Prime Albert Polls of 1895 for several hours. The Minister of Agriculture is proceeding with preparations for taking the census upon which the redistribution bill will be based. The government hopes to get this measure so well advanced that an attempt of the anti-reciprocity interests to trick the West out of additional representatives to which it is entitled will not be successful.

CEMENT MERGER TIES UP LOCAL BUILDING OPERATIONS

Edmonton Supply Man Declares Company Responsible for Delay in Construction—Trying to Supply Whole Western Trade From One Mill at Calgary—Could Meet Shortage From the Eastern Mills.

From Tuesday's Daily. That the shortage in cement supply which has been responsible for the holding up of building operations in Edmonton, Calgary and other points in the west, is not due to the strike of the coal miners at the Crow's Nest Pass, but to the monopolistic business methods of the Canada Cement merger is the statement made to the Bulletin by W. B. Poucher, wholesaler and retail dealer in building materials, who has just returned from a trip of investigation to Calgary.

Mr. Poucher went down to Calgary last week expressly to find out the reasons for the cement shortage. The Canada Cement Company, which is being merged with the Portland Cement Company of Calgary, the Portland Cement Company of Edmonton, the Portland Cement Company of Regina, and the Portland Cement Company of Winnipeg, is being merged with the Portland Cement Company of Calgary, the Portland Cement Company of Edmonton, the Portland Cement Company of Regina, and the Portland Cement Company of Winnipeg.

COMMISSIONERS TURNED DOWN REQUISITION FOR GOODS BOUGHT

Refused to Approve an Unauthorized Purchase of Street Railway Supplies—Many Applicants for Position of Superintendent of Stores.

From Tuesday's Daily. The regular meeting of the Commissioners was held Monday immediately on the adjournment of the Inland Empire Exhibition, and was held against Commissioners Bouillon and Butchart. Business was transacted in an expeditious manner and it was only when matters turned up that related to the points at issue between the Commissioners and Aldermen that the former indulged in a little playful banter at the present occasion.

Refused Requisition. The new truck that drew forth remarks from Mr. Bouillon was a requisition received for 250 pounds of minkie rabbit, bought from the Western Supply Co., Edmonton, and ever having issued any requisition for the article in question and his statement was borne out by the patrol wagon. Tenders received for the Red Deer bridge were being rushed ahead and will be completed within two months. There is not the slightest doubt but that the G. T. P. line will be completed at Calgary this fall and that trains will be running over it into this city before next winter.

The above announcements are made on the authority of George Webster, who is constructing a very fine road bridge across the Red Deer river, a very large one and took 60,000 feet of timber in its construction. The material for the three bridges was all hauled by teams during the past winter from Acme, some of it 40 miles.

The Grand Trunk Pacific, said Mr. Webster, "is building for the future and is constructing a very fine road bridge across the Red Deer river, a very large one and took 60,000 feet of timber in its construction. The material for the three bridges was all hauled by teams during the past winter from Acme, some of it 40 miles.

TARIFF TREATY WITH JAPAN

Favored Nation Relations Will Be Continued For Two Years.

Ottawa, May 15.—Hon. W. S. Fielding, minister of finance, has given notice of an important resolution which indicates that upon the termination of the existing treaty with Japan on July 30th, it is proposed to extend the present arrangements by which such country is assured the most favored nation treatment for a period not exceeding two years, while all other terms of the treaty are to be allowed to lapse. The extension of the tariff arrangement will permit of the negotiation of a new treaty covering tariff and such other relations as may be deemed advantageous. The resolution goes to indicate that it is the intention of the government to adhere to the terms of the new Anglo-Japanese treaty recently signed.

The next of the minister's notices of motion is as follows: Resolved, that it is expedient to amend the customs tariff act of 1907 to provide as follows: "The governor in council may by order in council, extend to Japan for a period not exceeding two years from the 31st day of July, 1911, the benefit of the tariff advantages at present enjoyed by that country on its exports to Canada as expressed by and applicable to Canada by the convention between the United Kingdom and Japan respecting commercial relations signed at London on the 22nd of January 31, 1903, provided, however, that such advantages shall only be extended to Japan when and so long as the governor in council is satisfied that Canada will receive and is receiving during such period the reciprocal tariff advantages enjoyed by Canada through the like convention between the United Kingdom and Japan under the provisions of the said article V. and the said convention."

Southern Crops in Good Condition

Southern Alberta, North in Better Prospect of Splendid Crop—Fall Wheat Six Inches High—Soybeans Pouring In.

J. D. Smith, of the provincial department of agriculture, returned Sunday from a two month tour of the province. He traversed the country thoroughly by train and train from Calgary to the boundary and from Saskatchewan to the mountains.

Smith says that in the southern portion of the province crop conditions could not be better nor the prospects so bright. Fall wheat from Cardston to Calgary was sown on Friday and Saturday by a two days rain, and the rainfall was throughout the entire district. As a result, crops of all kinds are in places stands six inches high and early sown spring crops are well above ground. The practice of growing a luxuriant growth of bunch grass, around Medicine Hat, old residents say they never saw things in better shape than the time of the year.

During one week, one hundred bushels of wheat were sown at Brooks. Most of these were bound north for the Red Deer country. The Pincher Creek district, where the C.N.R. branch of the C.N.R., C.P.R. officials place the area of fall wheat at 20,000 acres.

A C.P.R. FIREMAN HAS PECULIAR ACCIDENT

Was Going to Calgary From Strathcona on a Dead Engine When Connecting Rod Broke and Compressed Piston—Crewmen—That Fireman Jumped.

Charles Tomlinson, a fireman of the C. P. R., with headquarters at Strathcona, was taken to the hospital with a peculiar accident and perhaps fatal one on Friday, while on the way from Strathcona to Calgary. A "dead" engine, used in Strathcona was being taken to the shops at the southern city for repairs. While it was being hauled along at a good rate speed by another locomotive, with Tomlinson in the cab, one of the connecting rods of the engine broke. The broken portion being whirled around with a great force began to thump the cab and Tomlinson, fearing injury, jumped from the locomotive to the ground.

He was taken to the hospital at Strathcona, where it was found he was suffering from internal and other injuries. A report was given to the Strathcona on Saturday that he was within a few days of recovery, and yesterday word came that good hopes are held out for his recovery.

Another Public Demonstration of the Dissension in the Ranks of the Opposition

Bulletin Special. Ottawa, May 15.—Again tonight the Commons witnessed one of the Opposition publicly rebuking another. This time the bill incorporating the Grain Growers Grain Company was the cause and W. D. Staples administered the reprimand. The Opposition, conducted by Dr. Reid, E. A. Lancaster and W. S. Middleboro, renewed the attack on the ground of the extensive powers granted, Dr. Reid said the object of the grain growers was to "wink" the farmers.

Mr. Lancaster said the men in control know nothing about farming. The industrial world is not the industrial Bank, and the government in approving it was helping to defraud. W. W. Rutan, W. E. Knowles and Dr. Clark (Red Deer) replied for the Liberals. Mr. Rutan suggested that the Opposition was organized because of a western farmers' organization, to which the Opposition was hostile because of reciprocity.

Mr. Knowles said he never before heard the honesty of Mr. Middleboro renewed his objection. He said "the House should require the name of the company to be changed, a suggestion in which Dr. Reid concurred."

Then came Mr. Staples with a Western Conservative rebuke to the Opposition. He said he had no reason for criticism of name and continued, amid Liberal cries of "Give it to them," that as a Manitoba farmer who has dealings with the grain growers he had no objection to the bill. He said he had no objection to the bill. He said he had no objection to the bill.

FARMERS WILL DEMAND THAT THE RECIPROCIITY BILL BE PASSED

Delegation Will Walk Upon Mr. Borden, Urging Him to Use His Influence to Assist Passage of the Reciprocity Agreement and Presenting Demands Laid Before Premier Last Summer.

Winnipeg, May 16.—Arrangements have been made for a delegation of farmers to walk upon Mr. Borden, the minister of agriculture, to urge the passage of the reciprocity bill. The delegation will consist of Mr. Borden, the minister of agriculture, to urge the passage of the reciprocity bill.

Mr. Borden should be met by the delegation at the Ottawa Hotel. The delegation will consist of Mr. Borden, the minister of agriculture, to urge the passage of the reciprocity bill.

Mr. Borden should be met by the delegation at the Ottawa Hotel. The delegation will consist of Mr. Borden, the minister of agriculture, to urge the passage of the reciprocity bill.

AUSTRALIA'S NAVAL PROGRAM DECLARED PURELY DEFENSIVE ONE

Commonwealth Premier Declares Military and Naval Services Are Not Intended For Aggression—Australia a Competitor With Canada For British Immigration.

London, May 16.—The Australian premier, Hon. Andrew Fisher, arrived here yesterday and received a large number of labor M.P.'s. Interviewed by the Canadian Associated Press Mr. Fisher described the policy of his government with regard to its military and naval aspects as a non-aggressive and purely defensive one. The training of the young men was on the lines of the compulsory system and that all able-bodied men should undergo a short period of training every year. The Commonwealth, stated Mr. Fisher, had just passed a contract for a second class cruiser to cost 200,000 pounds. Anent Admiral Henderson's scheme he said the government was inclined to favor it as a whole.

MADRID EXPECTS EARLY SETTLEMENT

Provisional President Madero at the conclusion of a conference with Judge Chamblé, the Federal peace envoy, at 4:30 o'clock announced that there was a strong probability that a peace would be restored in Mexico within a short time.

INCREASES FOR P. O. OFFICIALS

This Was Main Topic of Discussion in Commons Yesterday.

Ottawa, May 15.—Hon. W. A. Fielding in the Commons today introduced a bill to extend for one year the charter of the Canadian banks which expires at the end of every five years. This probably means that the general revision of the bank act will be deferred to next session of parliament.

Mr. Staples quoted the census enumerations for the province of Manitoba had been appointed. Hon. Sydney Fisher said that practically all of them had been named. Mr. Staples said that they were recommended.

Mr. Fisher—"By the people in whom I have confidence." Mr. Staples said that was an answer and asked if the Liberal organizer had anything to go with the recommendations.

Mr. Fisher—"This is a question I decline to answer." Mr. Staples—"Were the enumerators schooled in their duties by the Liberal organization?" Mr. Fisher—"No."

Amending Copyright Act. Before consideration in committee of Hon. Mr. Fisher's bill to amend the copyright act was taken up, the minister made some additional explanation in reference to it. He said that under the new Canadian act the citizens of countries outside our national union would be given copyright privileges in Canada. There was a special arrangement with the United States. The bill provided for obtaining copyright from one of its members. The United States was a case in point. That country, which is not a member of the union, could get all the advantages without any concessions in return. Under the circumstances Mr. Fisher thought it would be as well for Canada to withdraw from the union, unless an arrangement was made with the United States. The minister further stated his belief that if Canada were to withdraw from the union several countries would be induced to take steps to secure privileges within the Dominion.

To Increase Salaries. Resolutions to increase salaries of postoffice officials was discussed in committee. Hon. Mr. Lemieux said he had broached the subject at the earnest request of the members on both sides of the house. The postmaster-general, Mr. Fisher, had been asked to put the matter under the sweating system and were pushing amounts greater than city postmasters. These offices had been taken over and the salaries fixed by the department.

Mr. Lemieux agreed with Mr. Fisher that this system should be changed. He hoped to introduce legislation in this direction later on in the session.

In reply to Mr. Taylor, of Leslie, he said that the letter-carrier delivery was established in places of 12,000 inhabitants. This was the rule, but in some places it was in places of between 10,000 and 12,000 people. Mr. Taylor said he had been mentioned in the Opposition as the Brookville, with 1,000 people was to get a letter-carrier delivery. Mr. Lemieux, however, stated that he had no authority for doing so.

When the discussion of postoffice increases was resumed in the evening, Alex. Haggart (Winnipeg) put in a plea of large salaries for western mail carriers, and city servants generally. He said that owing to the higher cost of living and the colder climate the western employees of the government should be given salaries considerably larger than those paid in eastern parts of the Dominion.

Hon. Mr. Lemieux pointed out that there is a temporary provision allowance for western employees of the department, which gives them an advantage of from \$100 to \$200 over those of the east. While he sympathized with the new demand of the letter carriers for another increase, it was to be remembered that they receive free transportation on electric railways and uniforms.

Mr. Lemieux said he was quite willing to consider the question of supplying railway mail clerks with uniforms. He also expressed himself as inclined to the view that Canada should follow the example of the United States and of other countries and provide more distinctive and ornamental mail cars. The minister then made reference to various increases, which have been given to the service since 1896, and intimated that there would be more increases. Mr. George Brantley pointed out that all classes of employees receive more remuneration in the west than they do in the east and that the extra allowance does not make up for the difference.

Disseped Dead. Peterboro, Ont., May 16.—Michael O'Brien, a well-known grocer, who had died today just after returning from a business trip to Saskatoon.

FESTIVAL OF EMPIRE TOUR OF TEACHERS

Organized Visit of Teachers From Western Canada to the Old Country Under Auspices of Department of Agriculture of Manitoba—Program of Tour.

From Tuesday's Daily. From New York who is organizing the festival of Empire tour to the Old Country this summer of Western Canadian teachers, has issued the program to be followed. This tour is under the auspices of the Department of Education of Manitoba. The program is as follows: July 14th—Arrive in Liverpool port. M. S. Virginian. Special train of Great Western railway will convey the party to Oxford. A stop of about one hour will be made at Shrewsbury en route, where local teachers will be in readiness to conduct the party to the most interesting parts of the city. The party will be served on the train. All heavy luggage will be sent to London direct.

July 15th—In Oxford, here the party will be divided into smaller bodies, and under the guidance of members of the local branch of the Victoria League, will be conducted over the more interesting colleges, and show other interesting sights of the city. A public luncheon will be given at the Victoria League, probably at the City Hall. Mrs. Haldane will be "at-home" to the party at her residence, from three to seven o'clock.

July 16th—In the morning a special service will be attended in King's College, while in the afternoon the party will be taken to the Victoria League and tea will be taken with members of the Victoria League and their friends. At the various homes. In the evening, members will have the privilege of attending service at St. Paul's Cathedral.

July 17th—Special train will be taken to Stratford-on-Avon where the principal places of interest will be seen. After lunch the journey will be continued to Warwick where the party will be received and entertained by the Countess of Warwick, at the Castle. July 18th—Special train from Oxford by the Great Western railway will convey the party to Slough. Here coaches or motors will be in waiting, and the most interesting and picturesque spots in the district will be visited. Stops will be made at Stokely Park, Burnham Beeches, and Beaconsfield. Here lunch will be served at one o'clock, and a visit will be paid to the church. Afterwards the drive will be resumed to Stratford-on-Avon (Warwickshire), Chalfont-St. Giles, and thence to Slough. From here the special train will convey the party to Reading which will be reached at 6:45 p.m.

July 19th—London—The day for shopping, etc. Visit to theatre in evening. July 20th—Morning—Visit to London County Council schools for special arrangements being made by the Education Authority. July 20th—Afternoon—League of Empire "at-home" at Cannon Hall, where an address will be given on this subject. July 21st—Morning—Continuation of visit to L. C. C. schools. In the afternoon, the party will be taken to the National Association of Teachers and the London Teachers' Association at the Holborn Restaurant. July 22nd—Morning—Visit to Windsor and Eton, the former by invitation of the head master, the latter by invitation of the headmaster of the latter school. The party will be received by members of the local branch of the N. T. A. special arrangements will be made for the inspection of the Castle. July 23rd—Sunday—Day free to attend services at the Abbey. St. Paul's Cathedral, etc. July 24th—Continuation of visit to L. C. C. schools, including inspection of open-air schools. These visits will be made as interesting as possible, and should be of great benefit to the party. The programme will include, in addition to a training college, Polytechnic, or some special institution. Afternoon and evening—Visit to the Theatre Royal, Drury Lane, where party will be received and entertained by the council. Seats reserved for all members of the party. July 25th—Morning—Visit to British Museum. Evening—Entertainment by London College of Choirs. August 1st—Day at Imperial Exhibition at the White City, Shepherd's Bush. Evening—Lecture on Old English Folk Songs by Mr. Cecil Sharp. Demonstration by boys of the college. August 2nd—Visit to the Royal Albert Hall at Bushey, where party will be received and entertained. Visit to theatre in the evening. August 3rd and 4th—Day free. August 5th—Visit to Festival of Empire (See programme). August 6th to 8th—These dates are not yet fixed but in addition to the foregoing programme for London "at-home" and receptions are being arranged by the League of Empire and the London Teachers' Association. August 9th—Leave London by special train for Liverpool. August 10th—Arrive at Liverpool. August 11th—Visit to Liverpool. August 12th—Visit to Liverpool. August 13th—Visit to Liverpool. August 14th—Visit to Liverpool. August 15th—Visit to Liverpool. August 16th—Visit to Liverpool. August 17th—Visit to Liverpool. August 18th—Visit to Liverpool. August 19th—Visit to Liverpool. August 20th—Visit to Liverpool. August 21st—Visit to Liverpool. August 22nd—Visit to Liverpool. August 23rd—Visit to Liverpool. August 24th—Visit to Liverpool. August 25th—Visit to Liverpool. August 26th—Visit to Liverpool. August 27th—Visit to Liverpool. August 28th—Visit to Liverpool. August 29th—Visit to Liverpool. August 30th—Visit to Liverpool. August 31st—Visit to Liverpool.

the amount of such tax, thus providing that while the user might pay an amount in excess of the tax, he would not pay more than the user, who is such owing to caprice, indifference or to holding vacant property, would thus be compelled to bear his share of the burden.

The West's Opportunity. While the older cities are at enmity with the younger cities, and the new municipalities that are springing up in the West might study with profit the lesson that they teach. A pure and plentiful water supply is the very first consideration, and no town should be started where this is impossible to obtain.

Will Mine on an Extensive Scale. New Coal Company Has Been Formed. Owned by the Great West Land and Coal, Clover Bar.

For the development on a large scale of the coal lands at Clover Bar, owned by the Great West Land and Coal, a company known as the Great West Coal and Land Company, has been formed.

Importance of Pure Water Apparently Overlooked in Municipal Administration. Cities Should Insure Against.

From Tuesday's Daily. By H. C. Carson, F.S.S. in the Financial Post, April 29, 1911. Cities, like individuals, must foster and cherish a praiseworthy reputation, if they would develop along sound and satisfying lines.

FIRST GRADUATES OF UNIVERSITY

Convocation Exercises Held in Strathcona Collegiate Institute.

THE FIRST DEGREE TO BE CONFERRED. Bachelor of Arts—R. H. Dobson, A. J. Law. Bachelor of Science—Mias D. S. Robinson. Master of Arts—G. F. McNeill, Nally and Mrs. J. S. Hill.

From Tuesday's Daily. The annual convocation of the university of Alberta was held yesterday afternoon and was marked for the first time by the conferring of degrees and as the chancellor pointed out, it was developed at any time in the history of the province.

U.S. HUNGARIANS ARE COMING HERE. Expected to Arrive in July and Settle in Vicinity of Edmonton—All of the Newsletters Will Be in Good Financial Circumstances.

From Tuesday's Daily. A party of sixty Hungarian families from the states of Ohio and New York are scheduled to arrive here in July to settle on land near the city of Edmonton to form a small colony of Magyars.

QUEEN AT SANDRINGHAM. Returns from a Cruise on the Mediterranean and Attends Memorial Service for his Late Majesty. London, May 12.—The Queen Mother, Alexandra, who returned a week ago from a cruise in the Mediterranean, has taken up her residence at Sandringham, where she will remain until after the coronation. During the cruise, the Queen Mother has enjoyed good health.

CONVOCATION EXERCISES HELD IN STRATHCONA COLLEGIATE INSTITUTE.

Dr. Tory then gave his report as President of the University. It was his first since he first had an opportunity to present to convocation his views on education on the constitution of a university.

Kendall's Spavin Cure

The cure that saves horses and farmers millions of dollars every year.

It is known the world over as the one certain reliable remedy for Spavin, Canada spruce, pinkeye, splint, ringbone, Rony Growth and any Lameness.

Cases just developing and old cases born sores and swellings readily yield to the wonderful curative powers of this famous remedy.

Orangeville, Ont., Dec. 27, '08

"We had a horse which was getting very lame on account of a Spavin. I was anxious about him as we could not work the best when we most needed him. Our teamster saw Kendall's Spavin Cure in the store and tried it. I am pleased to say he had success as the horse has stopped limping and is doing his day's work."

W. A. NICHOLSON.

Don't worry about Spavins, Growths, Swellings or Lameness, but use Kendall's Spavin Cure. It cures every time. The world's best liniment for man and beast. \$1 a bottle—5 for \$5. Get our book "A Treatise On The Horse," free at dealers or from us.

Dr. H. J. KENDALL CO.
Orangeville, Ont., Can.

Constipation is the root of many forms of sickness and of an endless amount of human misery.

Dr. Morse's Indian Root Pills,

thoroughly tested by over fifty years of use, have been proved a safe and certain cure for constipation and all kindred troubles. Try them.

CENSUS FIGURES WILL TELL STORY OF CANADA'S PEOPLE AND WEALTH

Consists Man, Will Have a Lot of Questions to Ask, and When the Answers Are All in and Tabulated Fully, News, Experiencing, Worth Knowing About Canada and Canadians Will Be There—People Must Co-Operate With Enumerators.

The census, or gathering of statistics with respect to the material affairs of the Dominion of Canada, will take place on the first of June, 1911, and all information gathered shall have reference to the same date, unless otherwise specified in the schedules or determined by the minister of agriculture.

From the following information gleaned from the schedules and instructions issued under the direction of the minister of agriculture, and of direct importance to the big cities, may be learned some idea of the immense amount of labor entailed, and the success of which can only be obtained by the co-operation of the Canadian people everywhere in this Dominion.

Schedule No. 1 comprises the population by name, personal description, and the following questions: Name of each person in family, place of habitation, sex, relationship to head of family or household, whether single, married, widowed, divorced or legally separated, month of birth, year of birth, and age at last birthday. The following questions are to be answered: Country or place of birth, year of immigration to Canada, if an immigrant, year of naturalization, if formerly an alien; racial or tribal origin, nationality and religion. Five questions appear under the heading of profession, occupation or means of living, to wit: Chief occupation or trade, employment, more than at chief occupation, or trade, if any, employer, employee, or working on your own account.

Better Figure This Out, you otherwise private affairs as in the matter of wage-earners, thus: State where person is employed, "on farm," "in wooden mill," "at foundry shop," "in drug store," etc. Weeks employed in 1910 at other than chief occupation or trade, and hours of working time per week at other occupation, if any. Total earnings in 1910 from chief occupation or trade, and any other than chief occupation or trade, if any, in dollars and cents. If you are insured the government wants to know, and asks the amount of life, accident, or sickness insurance, and the amount of life, accident, or sickness insurance, and the amount of life, accident, or sickness insurance.

Under the heading No. 3, power employed in the works in 1910 are arranged as follows: 22—Steam engines, and to these questions, when possible, the number, horse-power and other remarks. 23—Gas engines. 24—Gasoline engines. 25—Water wheels. 26—Electric motors. 27—If power is not used all year, in what months shut down. 28—Power sold to other companies, public or private. 29—Power bought from other companies, public or private. 30—Maximum electric horse power used. 31—Kind of fuel used at the works in 1910, the following occur: 32—Kind of class of coal, and whether foreign coal or Canadian coal. 33—Bituminous coal, slack. 34—Bituminous coal, round. 35—Bituminous coal, run of the mine. 36—Anthracite coal, lump. 37—Anthracite coal, dust. 38—Value of wood or other fuel than coal used at works in 1910. Then No. 5 heading, Customs work and raw materials in 1910. 39—Received from custom work and repairs in year. 40—Kind or class of raw and partly finished materials used at the works in year. 41—Cost value of raw or partly finished materials used at works in year. 42—No. 6 heading, kind or class of products in 1910: 43—Kind or class of articles, products, boats, houses, etc., made or built in year. 44—Quantity or number of finished articles in year. 45—Value of products in year. This is certainly a complete census with regard to manufactures, and the figures will be awaited with interest by all who are interested in the growth and development of Canada. Great care should be used to give the absolutely correct information for these reasons particularly.

Churches and Schools. Schedule No. 10, with respect to churches, schools, colleges and other institutions in 1911, is also of great interest, and requires answers to the following questions: Location of church, school, or other institution. Church and place of worship must be answered in the following way: Religious denomination, seating capacity of edifice, number of communicants, value of edifice, and land. Sunday school or catechism, religious instruction, religious denomination, number of officers and teachers, male and female; value of build-

DECORATE GRAVES OF SOLDIERS IN WINNIPEG

Parade With 2,000 in Line Held From Fort Osborne Barracks to Cemetery—Hundreds of Regiments Represented.

Winnipeg, May 16—Over two thousand soldiers, young and old, representing hundreds of regiments of the British military forces and even some celebrated naval commands, paraded to the cemetery of St. John's yesterday afternoon and decorated the graves of departed comrades interred there. The parade, under most ideal weather conditions, attracted a hundred thousand spectators to various points along the two miles route from the Fort Osborne barracks to the cemetery.

Rev. A. W. Woods addressed the assemblage at the barracks, and Rev. Canon G.H. delivered the sermon at the cemetery. Sir Daniel McLaughlin, lieutenant governor and Col. S. D. Steele, M.V.O., C.B., D.O.C., reviewed the troops, regular, volunteer and veteran and boy scouts at the barracks.

TO BE HELD IN OTTAWA. Next Competition for Earl Grey Musical and Dramatic Trophies.

Ottawa, Ont., May 15—Although nothing definite has been arranged there is every probability that the next competition for the Earl Grey musical and dramatic trophies will be held in Ottawa. Under the active patronage of His Royal Highness, the Duke of Connaught, the Earl Grey has done something in amateur theatricals in the past, and it is said that on at least one occasion he has both written and acted in the next life between Ottawa, Halifax and Vancouver, and as the last two cities are so far removed from the great bulk of population, and participation of companies would come very high, it is most likely that the lot will fall on Ottawa. Should the competition be held in Ottawa, distinguished amateurs it is certain of being a most successful and brilliant event.

KILLED BY BEAR IN CALGARY

Twenty-Month-Old Child Wanders Into Yard of Fire Hall and Was Mauled to Death by Animal

Calgary, Alta., May 14—Lucille, the twenty-month-old daughter of Mr. and Mrs. Morey, Albion block, died Saturday night as the result of a mauling it received from the bear that was kept in the yard adjoining the fire headquarters. During the afternoon Friday the child strayed from the fire hall and left a warning that it was not to be allowed in the yards again, but somehow it slipped the bear's paw and fell into the trap. The bear mauling the helpless body. Chief Smart had the animal killed at once.

FARMER'S INSANE VOW.

Listowel Man Swears Off Eating, Drinking and Sleeping.

Geleph, Ont., May 13—Andrew Tremblin, a farmer from Listowel, police station last night, almost starved. He had only three small cakes and a piece of cheese from Monday. He refused food, stating that he had made a vow to God that he would neither eat, drink nor sleep. "I am afraid of what the consequences might be if I broke that vow," he said. "I left Listowel because I felt that I could not resist any longer the great temptation I had to commit suicide." He had \$43 on him.

THE PATROL DIARY OF STARVATION

Diary of Late Inspecteur Fitzgerald Given Out at Ottawa.

Ottawa, May 16—The late and late Inspector Fitzgerald's patrol diary, which he carried with him on his rounds of the North-West Mounted Police, is being given out to the public. The diary is a most interesting and valuable record of the terrible sufferings of the people of the North-West, and of the gallant patrol who risked their lives doing duty on the borders of Canada. It is a most interesting and valuable record of the terrible sufferings of the people of the North-West, and of the gallant patrol who risked their lives doing duty on the borders of Canada.

10 YEARS

If You Could Watch Ten Years

If you could watch a prepared roof for ten years—see the effect of snow and hail and ice and heat and frost and wind and fire, you'd certainly know whether that was the roof you wanted or not.

Vulcanite Roofing

We know that Vulcanite will carry off the honors. That is why we furnish the tests. We are content to let Vulcanite Roofing sell itself. It is good enough and worthy enough and reasonably enough priced to be its own best salesman.

THE BIG ITALIAN TRIAL PROCEEDS

The Great Crowd Who Expected Spectacular Development, But Were Disappointed—The Exchange Between the Accused and Accuser Comparatively Mild.

Viterbo, May 12—The great crowd that passed into the court of the assize this morning in expectation of a violent scene between the accused and the informer and Entrico, whom the former denounced as the great traitor in the trial, was disappointed. The exchange was comparatively mild. Alfano maintaining a magnified composure and his accuser following the lead of the informer, who passed in an effort to establish whether the two draft men in the case were really the same men. The informer repeated his accusations against Alfano to the effect that he had committed the murder of Generra and his wife. Alfano denies every charge.

\$3,600 in Cash Prizes for Farmers

ARE you going to build that new horseblock, sidewalk or dairy house of cement? Then insist on your dealer supplying you with the "CANADA" Cement. Not only will this ensure your getting a pure, uniform and strictly high-grade cement, but it will also entitle you to enter our Prize Contest. And in this contest you stand a good chance of winning a prize that will perhaps more than pay you for the cost of the work. Every farmer in Canada who uses "CANADA" Cement is eligible to compete. Four prizes will be awarded in each Province and these prizes will be divided as follows:

PRIZE "A"—\$100.00 to be given to the farmer in each Province who will use during 1911 the greatest number of barrels of "CANADA" Cement on his farm.

PRIZE "B"—\$100.00 to be given to the farmer in each Province who will use during 1911 the greatest number of barrels of "CANADA" Cement on his farm.

PRIZE "C"—\$100.00 to be given to the farmer in each Province who furnishes us with the photograph showing the best of any particular piece of work done on his farm during 1911 with "CANADA" Cement.

PRIZE "D"—\$100.00 to be given to the farmer in each Province who submits the best and most complete description of how and where he used "CANADA" Cement.

PLANS FOR CITY BEAUTIFICATION

Report of Special Committee Received at Regular Meeting of Board of Trade Yesterday Afternoon—C. Leonard Gibbs Submits a Report.

From Tuesday's Daily. General plans for improvement and beautification of the city of Edmonton and suggestions of the means whereby this may be accomplished were presented to the Edmonton board of trade at its regular monthly meeting yesterday afternoon by the civic planning committee of the board in the form of an extensive report in the preparation of which the committee has been engaged for the past month.

CRIMINAL ASSIZES IN THE SUPREME COURT

Fifteen cases set down for hearing which opened today before Justice Simons—Evidence Being Taken in a Case of Non-Support.

From Tuesday's Daily. The criminal assizes opened in the Supreme Court this morning before Mr. Justice Simons. Fifteen cases were set down for trial and the prisoners were all arraigned with the exception of two, who are already serving terms in the penitentiary and will come up tomorrow morning.

WILL DIRECT TREKK OF SETTLERS NORTH

Provincial Government Will Carefully Supervise and Control the Trekk of Settlers into the Peace River Country, Grand Prairie and North Country Generally.

From Tuesday's Daily. Arrangements are being made by the Provincial Government to direct the trekk of settlers into the Peace River country this summer and B. A. See has been appointed provincial commissioner, with headquarters at Edmonton, in charge of parties bound thence, to engage passages on the stages and steamers, to expedite the handling of freight and in all ways to facilitate their settling on the land.

NON-SECTARIAN WAS GATHERING

Eloquent Speeches at Closing Exercises of Alberta College.

From Tuesday's Daily. An eloquent appeal by Prof. Osborne to the departing students marked the closing exercises of Alberta college, which were held last evening for the first time in the assembly hall of the new college buildings in Strathcona. The gathering which was numerous and representative of the whole province, each speaker was accorded the enthusiasm and the pride quite properly felt by those who have the great and burden of the day in having secured the establishment of a Methodist Theological college in Alberta.

WILL LOAN MONEY AT FIVE PER CENT.

New Home-Building Company Opens for Business—Will Loan for Building Purposes—New Scheme Will Be of Great Benefit to Many Who Contemplate Erecting Homes.

From Tuesday's Daily. The Canadian Home Investment company, with head office in Vancouver, have opened for business at 242 Jasper avenue east, with Mr. E. A. Jensen in charge. In conversation with Mr. E. G. Rogers, sales manager, who is also spending a few days in the city, the Bulletin learned that the Canadian Home Investment company has a complete plan whereby the saver, the investor and the borrower has a great advantage over old methods of financing.

AT LAST, A CURE FOR RHEUMATISM

"Fruit-a-Lives Cures Me" Says Mrs. Bader. "It was a helpless cripple from Rheumatism for nearly a year. All down the right side, the pain was dreadful and I could not move for the agony. I was treated by two physicians without help. I saw "Fruit-a-Lives" advertised in "The Telegram" and decided to try them. After I had taken one box, I was much better.

When I had taken three boxes, I could walk again and the pain was almost gone. After taking five boxes, I was entirely well again. The cure of my case by "Fruit-a-Lives" was indeed splendid because all the doctors failed to even relieve me. "Fruit-a-Lives" cured me. Mrs. LIZZIE BAXTER, 4 HOME PLACE, TORONTO, DEC. 15, '09.

In hundreds of other cases, "Fruit-a-Lives" has given exactly the same satisfactory results because "Fruit-a-Lives" is the greatest blood purifying medicine in the world. "Fruit-a-Lives" the famous fruit medicine regulates kidneys, liver, bowels and skin, and prevents the accumulation of uric acid, which is the prime cause of Rheumatism.
