Montreal Stock Market.

IN A TIRESOME SLOW MARKET STREET TAKES A DROP OF TWO POINTS — WAR EAGLE ONLY FEATURE IN MINES LOSING FOUR POINTS—BIDS ARE WEAK.

To-day has been no exception to the ruling dullness in trading so far as this board is concerned, and in proportion as the interest falls off values diminish. This is especially true when applied to the standard shares, such as Montreal Street, Toronto Rails, Canadian Pacific, Montreal Gas and Richelieu & Ontario. The aggregate sales in all these stocks were not more than 350 shares, and with the exception of Canadian Pacific and Toronto Rails, were at concessions. But one sale of 25 shares was made in Canadian Pacific with no change. Montreal Street continued weak, and the result of half a dozen scattered sales was a cut of 2½ points in the price as compared with yesterday's close.

Mining was neglected, the issues aside from War Eagle, Payne, and Republic, being let severely alone. Except in War Eagle there were no material changes. That security on one sale of 2500 shares took a header to 366, being a decline of 4 points from the last sale yesterday. The feeling is not of the best in the mining group and declines are steady. Such slumps as have occurred in Virtue can have but one effect for a time; one anything but favorable.

Canadian Pacific—The market in London for this stock was unchanged this morning at 97½, and in New York absolutely nothing is being done in it. At this morning's session there was but one sale of 25 shares at 95½, being no change from closing quotation of last night. The bid is ½ with ¾ wanted.

Montreal Gas—There were a number of small dealings aggregating 125 shares in this security, and in the process of marketing, the stock was marked down to 200½ for low and last, a decline of ¾ p.c. from last night's close. The feeling was none too good at the close of the session, only 200 being bid with 206¾ asked.

Montreal Street—This security was the heaviest loser among the railway group at this session. On sales of 90 shares it receded from 328 at the opening to 327½ at the close. This is a decline of 2½ points from last sale yesterday, and judging from the attitude of buyers and sellers, the end is not yet. The bid is decidedly weak at 325 with 327½ wanted.

Toronto Ry.—A small sale of 2 shares of this stock was made at 114½, at the opening. The balance of the trading, 75 shares in all, bringing 115½, being no change from yesterday.

War Eagle. This stock stood out among the others with a drop of 4 points at the opening to 366 as compared with 370 last night. All the trading, 2500 shares, was done at this figure, and there is evidently liquidation under way. Traders are not bidding very anxiously as shown in buyers and sellers. 363 is the bid with 366 wanted. Republic suffered a point decline to 124½ for 1500 shares, with bid at 124, and 125 asked. 500 shares of Payne went at 325, no change.

The remainder of the trading consisted of Rich. & Ont. 25 shares at 108¾, 25 Royal Electric at 182½, and 4 Bank of Montreal at 251½.

AFTERNOON BOARD.

Canadian Pacific showed a slight improvement in the afternoon session selling at 96 for 50 shares. Only one sale of 50 shares of Street at a ½ point decline to 327. But 4 shares of Rails were handled, the quotation being 116.

Transactions were quite large in Republic, there being 9,100 shares from 126 to 123, the closing sale being 123½. War Eagle declined another point to 365 on sales of 1,000 shares.

One hundred of Dom. Cotton changed hands at 109½ and 109½. Balance of trading was 50 shares of Richelieu, 25 Royal Electric, 500 Montreal-London, 50 Merchants Bank and 250 Twin City.

MONTREAL MINING EXCHANGE.

The better shares are trying to find a level. Business was quiet with Golden Star leading in point of strength. A rise of 16 points in two days is sufficient to satisfy the most rampant bull. Indications of a set-back are apparent in this stock, which should be bought on quick drops. If all we hear about the company is true it should sell at par.

Virtue sold at 37 for broken lots. The stock sold at 34, but subsequently declined to 32½ asked, it closed at 31 to 33.

A sale of Big Three was made at 18, more would be taken at this price which is low enough. Some Fern brought 30, more would be taken at 27½. Decca was offered down to 31½, 28 being bid. Slocan-Sovereign sold at 26.

REPUBLIC STOCKS.

I have some special offerings on hand, and it will repay the investor to keep in close touch with me. Commissioner H. L. Peicy my Republic representative arrives in Toronto within the next fourteen days. Upon his arrival we shall take pleasure in laying a promising proposition before the investing public. Associated with us in the undertaking—which is by the way in the neighborhood of the great Mountain Lion—are General Manager James P. Harvey of the Republic, Jim Blain, and Lone Pine, mines, Thomas Clark of Republic, and other experienced mining men. Among the lower priced Republic stock list just now I can recommend Reindeer, Jumbo and Golden Lion-Little Four Consolidated. Particulars upon application.

NEW YORK EXCHANGE.

AFTER SHOWING CONSIDERABLE STRENGTH IN THE FIRST HOURS THE WHOLE MARKET, LED BY TOBACCO STOCKS, WENT OFF RAPIDLY — CLOSING FIGURES LOWEST OF DAY.

New York, June 21.

As usual, the London market for Americans is fractionally lower. It is extremely dull and displays few, if any, features of interest. The speculative public in London seem to be less alarmed in regard to Transvaal matters, as Home rails are firmer and market generally steady.

The extreme declines in Americans are $\frac{1}{8}$ for N. Y. C., and $\frac{1}{2}$ for Union Pacific pfd.

The simultaneous strength in yesterday's market of N. Y. C. and Union Pacific revived the old rumor that there was soon to be some closer relations established between the two roads. The rumor did not take definite shape, but there was fairly good buying in both of these stocks. The crops along the Union Pacific are said to be improving and people who are bullish on Union Pacific and N.Y.C. both probably took advantage of this fact to bull Un. Pac. and to boom N.Y.C. along with it on the old rumors.

In general, yesterday's market, after the first half hour of business, may be said to have acted very well. The extreme low prices were in most cases made in the first five minutes, and the market during rest of day, although extremely dull, was continually on the road to higher prices.

The injunction against the Federal Steel is generally thought to be of a sand bagging nature, since the condition of the company's affairs does not justify any restraint from paying the dividend on the common, and since the man to whom the injunction was granted holds only 25 shares of pfd., which he acquired only a few days ago.

This method of stock jobbing is very old in Wall Street, but it frequently works, and yesterday no doubt a good deal of lightly margined stock was thrown on the market in the early transactions.

The Street is still full of the A. S. W. dividend rumors the most recent of which and that the directors will declare $1\frac{1}{2}$ on the common on Friday.

Market was strong in spite of the talk of friction between the company and its employees. The stock was bid up rapidly by Wormser brokers and the advance was well maintained.

There are constant rumors of a melon cutting at an early date in M. R., but nothing came out on the meeting yesterday. The regular $1\frac{1}{2}$ quarterly dividend being declared.

New York, noon June 21.

There are few features of interest in this market, it is the duller we have seen this week. At opening there was a little show of activity in one or two stocks and the market displayed some strength, opening at or around last night's close. This activity confined itself to F. S., A. S. W., and

Union Pacific, the Coal traction stocks and Sugar. All of these stocks were fairly strong in the first few minutes, and have since fluctuated within comparatively narrow limits.

Federal Steel was favorably affected by the president's statement in this morning's papers, to the effect that he expected the injunction against the company to be dismissed and the dividend to be paid on common. Trading in the stock displayed few features of importance and there was no significance in either the buying or the selling.

In Wire it was rumored before opening, that the div. would be paid on the common in the near future, but the selling of the stock was of a good nature and people who watch the stock closely say that they do not like the way it acts. This suspense will continue till Friday when the directors meet.

Flower and Co. were the principal buyers of B. R. T. In sugar the principal demand seems to come from stop orders which advanced it quite rapidly. A slight recession from the highest figures has since been scored on moderate realization.

New York Centre and Union Pacific are strong on a continuation of the rumors that the two roads are to be brought into closer relations, and C. C. O. also figured in some way in the rumor. Wormser was the principal buyer of this latter stock taking about 2500.

After the first hour or so, selling movement started in Con. Tobacco taking it down over 2 p.c.

The rest of the list has reacted fractionally in sympathy with this it is unexplained by any developments in regard to condition of the company's affairs. There was some heavy selling orders in the stock between 40 and 39, the principal buyer was a broker who sold the stock yesterday and was probably covering of shorts.

CHICAGO MARKET.

DECLINE IN WHEAT CONTINUES—
NO VISIBLE SUPPORT IS OFFERING—(CORN, OATS, AND PROVISIONS HOLDING FIRM.

Chicago, June 21.

European cables were again off this morning and wheat opened off fractionally in sympathy. There was absolutely no support given and the options declined steadily all day. July sold down to 73½ and 74½ rallied slightly at the close to 74½. September sold at 75½ for low with 76½ asked at close. December was off proportionately.

Corn and Oats were firm there being no change effected over yesterday's figures. Provisions continue strong there being takers for all offering. The closing figures show no change from yesterday's close.

Fine weather, large receipts, little or no demand, confirmation of rain in South East Europe, and lower cables from Liverpool are having their effect on wheat. There was heavy liquidation of long wheat here yesterday, and this is reflected in the European cables this morning. Liverpool opened at 5s. 11d. for July, and 6s. 1½ d. for September, both showing a decline of ½d. Paris was lower and Antwerp quiet and unchanged.

North-west receipts are 910 cars, as against 850 last week and 78 last year.

Seaboard clearances, 480,000 bu.; primary receipts, 823,000, bu., against 871,000 bu. last week, and 125,000 bu. last year.

Cash demand light and country offerings liberal. Very little demand for export. Receipts, cars wheat, 124; corn, 659, and oats, 166.

There has been good buying of corn at the declines. The recent heavy purchases at the seaboard have been for the Continent, and as English stocks are growing very small, they will no doubt shortly appear in the market quickly and purchase freely. The visible supply of corn is getting down to a very small compass.

Provisions are strong on light receipts. There is an excellent cash demand. The soft spots only serve to bring out good buying. The shipments are heavy, and the whole situation, in spite of weak grain, is strong and very independent.
