FIFTEEN BIG, FIERY METEORS SHOT OVER CITY LAST NIGHT ONE LARGE AS HALLEY'S COMET

People in All Parts of Toronto Viewed Strange Spectacle at Nine o'Clock When Huge Balls of Fire Whizzed Across the City, Followed by Thunder.

If, perchance, there were any love-sick mortals in Toronto last night who chose the long way home from church, they found more than the moon and stars to gaze upon. About 9 o'clock, no one will blame them if they grabbed each other's hands in fear and trembling, or if in the excitement of the moment they joined in an unconscious embrace. The sky-gazer had a rude awakening at that instant, for by the testimony of people in all parts of the city, Toronto was called to witness a most unusual sight. Fiery balls from the northwest shot thru the sky leaving in their wake a glittering, luminous tail. They crossed the city at a rate fixed by scientists at about 40 miles per second, and either lighted on the southeastern fringe or continued across the lake.

At least two dozen people, residents in different parts of Toronto, phoned The World a few minutes after the meteors had passed. By their awful descriptions one felt thankful that the strange visitors of the universe did not drop "in our midst." Careful enquiry by a World reporter revealed the fact that at least fifteen meteors, each of considerable size, were visible from any point in the city. Of these at least one was of extraordinary size. A Parkdale observer declared it was fully as large as Halley's comet which was seen in May, 1910. At that time it must have been about 50 lbs. in weight and nearly half a cubic foot in volume.

Astronomer Explains. The explanation offered by astronomers is quite simple. P. L. Blake, the astronomer observer at the meteorological bureau, on Bloor street, said last night that the earth is bombarded by more than a million meteors every twenty-four hours. They are very small and are completely consumed in the atmosphere before coming within the range of vision. Periodically the earth passes thru swarms of large meteors. In August and again in November astronomers over the entire globe sit at night and view them by telescope. They may be seen often in day time, but not to as great advantage. The appearance of meteors in February is uncommon, but not remarkable. The explanation offered is that the earth last night was passing thru a shoal of these bodies drifting across its orbit.

Meteors of Iron. The average meteor, or meteorite, as it may be called, is simply a mass of iron or nickel and rarely of stone composition. Like an infinite number of other solid substances in space it is forced in a swift motion by magnetic attractions. The meteors seen in Toronto last night were very probably pure iron. Owing to their rapid movement they would take on a spherical shape. Attracted magnetically to the earth's surface they would come at an angle determined by their own and the earth's speed of motion. While in space they were extremely cold, their temperature being about the same as that of the ether, namely, about 200 or 300 degrees below zero. Descending to the zone of the atmosphere...

LEADING CITIZEN DEAD AT GUELPH

Christian Kloefer, Ex-M.P., of Wide Business Activities, Is Victim of Pneumonia.

GUELPH, Feb. 9.—(Special).—At an early hour this morning a prominent manufacturer and a most popular citizen, Mr. Christian Kloefer, ex-M.P., passed quietly away.

The death of Mr. Kloefer will be felt throughout the whole province. He was a man of many activities. He was not only the head of the Raymond sewing machine and cream separator industries, but was actively interested in a number of other prosperous Guelph manufacturing, besides filled prominent positions in several leading financial institutions. Only recently his name was mentioned as a probable senatorial appointee, he having served as the representative of South Wellington in parliament, and he was well and widely known, especially in Toronto, where he had established a home.

COLLECTED FOR NEW CHURCH

Stanislaus Lang Taken Into Custody on Complaint of Toronto Polish Priest.

On the complaint of a Polish priest, Stanislaus Lang, was arrested on Saturday night by Detective Bart Cronin. The charge against the foreigner is that he has for the past month been defrauding people of large sums of money. The information with which the police have been furnished states that Lang called upon Lawrence Cosgrave, of the Cosgrave Brewery Company, and on the plea that he was building a new Polish Church, obtained \$100. Various other people also donated sums of money to the proposed new edifice. The Polish priest who laid the information claims that Lang is not a bonafide cleric and had no right to obtain the money. Lang maintains that he turned the money over to the building committee. He was released on bail.

J. M. Lynch is Here. J. M. Lynch of Indianapolis, president of the International Typographical Union, arrived in Toronto yesterday to attend the funeral of the late Robert Glocking this morning. Mr. Lynch is a guest at the Prince George Hotel.

HE "PUT HER OFF"

TRYING TO FIND HIS WAY HOME BOY WAS STRUCK BY MOTOR CAR

Lost on his return from Sunday school yesterday afternoon, Johnny McConnell, aged 9, was struck by a motor car when he ran across Harbord street for the purpose of asking a conductor which way to go home. He was reported to be in a critical condition at the Hospital for Sick Children last night, very little hope being entertained for his recovery.

About 4.35 p.m. the lad found himself at the corner of Harbord and Bathurst streets. He had been wandering the streets for some time. Seeing a street car man on the opposite corner, young McConnell started across the street to ask the man to take him to his home at 98 Garnett avenue.

A motor car, driven by Robert Lottridge, 7 Concord avenue, turned off Bathurst street into Harbord. Before the brakes could be applied, the child had been struck and the front wheel of the machine passed over his body.

Dr. Gaby, 642 Bathurst street, attended the boy in his surgery and found he had a fracture of the pelvis and internal injuries. The police ambulance then removed young McConnell to the Hospital for Sick Children. It is also feared that his hip is broken.

TURKS SHIFTING WOMAN'S DEATH WAR ZONE TO BLACK SEA SHROUDED IN MYSTERY

Reports of Attempts to Land Troops Along Coast of the Black Sea and Sea of Marmora Officially Confirmed—Bulgars Make a Strong Counter-Move.

LONDON, Feb. 9.—(Can. Press).—Some light is beginning to be shed by the brief official despatches, which contain almost all the available news upon the military tactics in the Balkan campaign. The reports of attempts on the part of the Turks to land troops along the coast of the Black Sea and the Sea of Marmora, which heretofore were only learned from unofficial sources, are now officially admitted, and it looks as though the Enver Bey's mysterious and desperate move, of which there have been some rumors, was an attempt to effect a landing at Charkoul, about 35 miles to the southeast of Rodosto, with the intention to relieve the pressure of the Bulgarian attack on the Bulair lines.

This movement of the Bulgarians, according to an uncorroborated despatch from Constantinople, is causing serious anxiety at the Turkish war office. It is known that the allies are marching in strength against Bulair, and the Constantinople despatch adds that the Greek fleet has appeared in the Gulf of Saros, where Servian troops are also reported to have been landed to lend assistance to the Bulgarians.

Abandoned Tobatalja Attack. It now seems clear that the allies have abandoned the attempt to force the Tobatalja lines in favor of an attempt to capture the Gallipoli peninsula, so as to open the way to Constantinople.

According to Turkish reports, Turkish troops are now in possession of the rear door.

Mrs. Elizabeth Easton May Have Died From Injuries Caused by a Blunt Instrument or a Stone, and a Rigid Investigation Will Be Opened by the Coroner Today.

Shrouded in mystery are the events that preceded the death of Mrs. Elizabeth Easton, aged 75 years, at 184 Macdonell avenue Saturday morning. City detectives are working on the theory that the woman met with foul play, but as yet they have failed to unearth a motive which would substantiate their belief.

Harold Helstrop, who employed Mrs. Easton, discovered the old lady lying unconscious in the back yard of the residence shortly after 7 o'clock Friday night. She died at 10 o'clock Saturday morning. The police, however, did not hear of the case until late in the afternoon.

Detective Jarvis was assigned to the case by Sergeant Johns. The two officers visited the scene of the tragedy and investigated. Later James Gooden, aged about 35 years, who is a son of the dead woman by her first marriage, was detained by Detective Jarvis, but later released.

May Be Murder. At first sight the case appears to be one of accident. Mrs. Easton, who was a nervous, delicate woman, had several very good reasons which tend to disprove this contention. Because his mother is an invalid Harold Helstrop had found it necessary to engage a woman to look after the house work. It was in this capacity that Mrs. Easton was engaged.

On Friday night James Gooden came to the house and remained for supper. Just before 7 o'clock he left again for his home. He was the last person seen in the company of his mother.

Found in Yard. After completing his day's work Harold Helstrop returned to his home for supper. Upon entering the front door he felt a draught thru the house. Instantly thinking that this would not better his mother's condition the young man walked into the kitchen to close the rear door.

As he stepped to the doorway, Mr. Helstrop saw Mrs. Easton lying in the yard. He attempted to carry the woman into the house, but she was too heavy. Samuel Nixon, who had rooms at 182 Macdonell avenue, climbed the fence and the two men carried Mrs. Easton into the kitchen. Dr. Russell was summoned and found that the base of the skull had been fractured. From these injuries the woman died next morning.

Struck With a Stone. From the stoop of the steps to the spot where Mrs. Easton was found, a distance of nine feet, her head was found in the centre of the sidewalk running to the back yard. This fact, coupled with other equally suspicious matters, leads the detectives to believe that Mrs. Easton was struck from behind with a blunt instrument or by a stone.

Altho the woman died at 10 o'clock Saturday morning, she police were not notified until 3 in the afternoon. On Thursday was ordered by Chief Coroner Johnson to open an inquest at the morgue at 4 o'clock this afternoon. Adjourment will be made until the report of the autopsy is presented.

ONTARIO WOMAN WILL BE RICH

CHICAGO, Feb. 9.—(Can. Press).—Preliminary report of the administrator of the estate of David S. Wilson, an Oregon, Illinois, farmer, who died recently, leaving more than \$1,000,000 in securities in a safe deposit box in Chicago, is to the effect that all heirs to the estate have been located. The report was made public today to halt the steady flow of letters and telegrams from persons who believe themselves entitled to a share in the property. Miss Rhoda Lee of Ontario, Canada, an aunt, and descendants of David Nelson Brown, an uncle, are said to be the only heirs.

Diaz Freed, Heads Revolution Madero is at Bay in Palace Mexico City in Rebels' Grip

MAY BE NEW PRESIDENT

GENERAL FELIX DIAZ

Nephew of former President Porfirio Diaz, who may secure a grip of the reins of power. Released from prison in Mexico City by his adherents, and backed by a majority of the troops, he has former President Madero now at bay.

Majority of Regular Troops Join Insurrectos and Seize Federal Buildings, Including Arsenal, After Desperate Street Fighting in Which Hundreds Were Slain, Gen. Reyes Among Them—Madero, Surrounded by Loyal Adherents, Declares Revolt Will Be Quelled With Iron Hand—Army Marching to Give Aid.

MEXICO CITY, Feb. 9.—(Can. Press).—President Francisco Madero, with his ministers and a strong detachment of loyal troops, is fortified in the National Palace tonight while Gen. Felix Diaz, with a large majority of the regulars behind him, has practical control in the capital.

In several bloody encounters today, the president and his supporters succeeded in defending themselves against the rebels, and notwithstanding the fact that the troops in large numbers are in a state of revolt which carried all before them today, there was an appearance of genuine optimism at the palace among Madero and his ministers.

To all parts of the republic Madero telegraphed reassuring news which he and his cabinet seemed to believe. The state governors and military commanders were assured of the loyalty of the army and that tranquility had been restored.

Madero Hopeful. To a representative of the Associated Press, President Madero said the facility with which the new revolt had been suppressed was only another indication of the strength of the government and the loyalty of the army. Pointing from a window in the palace to a mob, for the most part of boys carrying the national flag and crying viva for Madero, the president said:

"There you can see the people are with us. It is said the government stands alone, but that is not true. The government has the support of the people. There will be no more temporizing, we are going to use the iron hand."

Earlier in the day, shortly after the first outbreak occurred, Madero declared martial law thruout the city and announced that he would ask congress to authorize a suspension of the guaranties thruout the republic. Gen. Huerta was named as post commander on account of the wounding of Gen. Villar.

Revolt Hard to Crush. "In the belief that the government had scored an easy victory, Foreign Minister Lascurain, Ernesto Madero and others of the cabinet embraced one another and congratulated themselves and the president on what they called the new turn of events.

Those who have observed affairs closely point out that Gen. Diaz, who escaped being shot summarily following the failure of the Vera Cruz revolt, can now expect no clemency, but must fight to the death.

There is no question that Diaz is straining every fibre to depose Madero, and with the large forces at his command, both within the city and outside, it is not likely that the present revolt and the rising within the capital will be suppressed easily.

Carl Guarantees Protection. President Madero was asked by the diplomatic corps to say yes or no as to whether he could give protection to foreign residents. The president did not answer.

The diplomats then sent a message to Gen. Diaz notifying him that they would look to him to give such protection.

After a hull in the fighting the government sent a force to attack the arsenal, but the federals were repulsed with heavy losses by the machine gun, rifle and artillery fire.

The total number of dead is reported to be 250. Three Spaniards were killed.

An American, E. L. Ramsey, formerly of Galveston, Tex., was seriously wounded.

Stray bullets entered the embassy buildings.

Captured Capital. The army rose in revolt in Mexico City today, took possession of the public buildings, shot down the federal adherents in the streets, released Gen. Felix Diaz, the leader of the Vera Cruz revolt from prison and falling into line, under the banner, practically captured the Mexican capital.

Francisco Madero, president of the republic and the members of his cabinet, took refuge in the National Palace, where they were besieged, but, with some loyal troops at their back,

QUEBEC PULP AND PAPER ARE BARRED OUT BY UNITED STATES BIG QUEBEC INDUSTRIES HIT

Removal by Province of Export Restrictions on Certain Crown Lands Does Not Permit Products Free Entry Is Pronouncement of President Taft.

WASHINGTON, Feb. 8.—(Can. Press).—President Taft today denied the right of free entry from Canada into the U. S. of wood pulp and paper made from the timber of certain crown lands in Quebec, on which that province recently announced it had removed export restrictions. The president sustained the decision of Secretary MacVeagh of the treasury department, that Quebec's action was not sufficient to entitle these products to free importation under the only reciprocity clause of the Canadian reciprocity agreement which abolished the duty on wood pulp and paper provided Canada did not restrict their exportation in any manner. This action forestalls the reported plan of four big paper manufacturers of Canada to send a large shipment of paper to this country.

Secretary MacVeagh found, after an extensive investigation, that Quebec had not actually removed the restrictions on the exportation of the timber grown on the lands involved. It developed that the four companies leasing the lands would convert it into paper before sending it to the U. S. Quebec, it is declared, refused to remove the export restrictions from other crown lands held by companies which would export timber.

The primary purpose of the law, the secretary held, and the president agreed, was to induce Canada to remove export restrictions so that wood could be freely imported into this country for manufacture into paper. He consequently challenged the sufficiency of Quebec's action. Treasury officials deny that Quebec's case parallels the situation in British Columbia, which is given free entry. In that province only one company exports paper to this country and no restriction is placed upon either timber, wood pulp or paper.

NAVAL BILL IS SAFE IN SENATE

Liberal Majority There Not in Sympathy With Party Tactics in the House.

MONTREAL, Feb. 9.—(Special).—It is now stated on the authority of the Liberal senators here that no opposition will be offered to the government naval bill in the upper house, and the general opinion is that the back of the opposition in the commons is already broken. It is also no secret here that if the obstruction or rejection policy prevailed in the party attitude the break in the senate from the Liberal ranks would be even more serious than in the house of commons.

It is stated in well-informed circles that a senatorial group headed by Hon. J. P. E. Casgrain and followed by a good contingent of the same party are strongly in favor of allowing the will of the popular branch to prevail. These senators are ready to take the ground, so rumor says, that the present government having received a large majority in the country, it would be futile to obstruct their chief measure in the senate, hence the general belief that the ministerial measure will go thru with flying colors.

A Disappointing Season.

This is the greatest fur bargain season Torontoians will know in some years. The mild weather of the early part of the season has made the selling below normal, while the stocks, put in for 1912-1913, were as large, or larger than for the previous season, when the winter was exceptionally severe. Dineen's frankly admitted their stock is too heavy, and offer bargains that invite purchasers, irrespective of the weather requirements. W. & D. Dineen Company, Limited, corner Yonge and Temperance streets.

SEIZED WITH HEART FAILURE FELL UNDER WHEELS OF TRAIN

Thomas J. Moffatt, While Returning From Morning Walk, Was Waiting For Train to Pass Royce Avenue Crossing When His Heart Gave Out and He Was Ground Under the Wheels.

A few minutes before 11 o'clock on Saturday morning the death-dealing level railway crossing at Royce avenue claimed its third victim in the last few months. The gates had been lowered by the gateman in charge for the eastbound C.P.R. freight, which passes this crossing about 10.45, and before the train, travelling at a moderate pace, had proceeded very far, a number of pedestrians were waiting beside the track on the sidewalk and within the gates as usual, for it to pass. Among these and standing quite close to the moving train, was Thomas J. Moffatt, aged 56 years, of 229 St. Charles avenue, who was returning home after his morning's constitutional walk. Suddenly after six cars had passed him, the people waiting saw him throw up his hands and fall headlong forward between the front and rear wheels of the seventh box car.

No Chance of Rescue.
All chance of rescue was in vain. The oncoming wheels severed the upper part of his body and this was badly mutilated by the axes and low heavy framework of the succeeding cars. Part of his body was carried some distance up the track. In this state it was impossible to identify the dead man, and as no papers or letters were found on him which could afford a clue he was taken to the morgue in the police patrol wagon.
Deceased had been retired from active business for over five years, and was living at home with his niece, Mrs. Mary J. Humphrey, on St. Charles avenue. He had for the last few years been afflicted with heart disease, and this grew so serious that two weeks ago his physician, Dr. W. T. Owen Parry of Spadina avenue, and forbidden him to go beyond Bloor street for his morning walks, which the old gentleman was in the habit of taking daily.

Remains Identified.
Becoming alarmed at his continued

absence on Saturday morning his relatives started a search and late in the afternoon identified the mutilated remains in the city morgue.
A number of witnesses were present at the time, among whom were David Wilson of 277 Lansdowne avenue, Alton Stewart, the gateman of 433 Quebec avenue, and William Heaney, of 101 Mulock avenue.
"It all happened so suddenly," said Mr. Heaney, "that it was difficult to see his face. I saw him standing like the rest of us watching the moving cars when suddenly throwing up his arms he seemed to crumple up, and fall forward beneath the wheels."
The late Mr. Moffatt had been feeling in good spirits when he like home shortly after 9 o'clock, and except for his symptoms of heart failure had been in good bodily health. It is probable that the sudden attack which resulted in his death was caused by the extended walk he had taken and the dizziness caused by the passing train. An inquest will be opened at 11 o'clock this morning at the morgue by Coroner John Russell.

A Death Trap.
It is not yet three months since the sad death of a well-known lady in Ward Seven shocked the citizens, and there was a wave of indignation felt which expressed itself at the meeting of the Ratepayers' Association against the Royce avenue death-trap; the police have records of any number of accidents a more or less serious which have been occurring more and more frequently of late. The question of a subway at this corner was a part of the platform of every aldermanic candidate for this ward, yet railway company and city alike refuse to take any precautions for the safety of the public at this crossing, than which there is no more acknowledged to be none more dangerous or fatal in Toronto.

It is rumored that a mass meeting of West Toronto citizens will be held in the near future to set forth a vigorous protest against the Royce avenue level crossing.

REVIVAL OF FAITH URGED BY KAISER

With Righteous Cause, Need Fear No Earthly Foe, He Declares.

GUIDED BY PROVIDENCE

History of the Past Should Be Inspiration to a Greater Belief.

BERLIN, Feb. 9.—(Can. Press.)—Declaring that the Prussians were "oppressed and dismembered folk" in 1806, as a consequence of God's judgment, because they had lost faith in Him, the German Emperor, at a memorial service at Berlin University today, delivered a characteristic speech, warning the present generation of Germans not to forget the faith of their fathers.
The emperor emphasized words by pointing his right fist on the desk repeatedly. He was often interrupted by applause. He asserted that the Germans of today were inclined to believe only in tangible things and to place difficulties in religion's way. They should study history, he said, and see how the Prussians regained their old faith and fought the war of liberation, whose glorious result was not man's work, but God's work.

Faith in Destiny.
"So," continued the emperor, "we have in the history of the past certain proof of God's guidance, and that He was and still is with us. And with this teaching of the past the whole German youth can forge in its fire the tried shield of faith, which must never be lacking in the armory of Germans and Prussians."
"With such weapons, looking neither to the right nor to the left, we will go our direct way, eyes uplifted and hearts uplifted, with trust in God. Then we can repeat the great chancellor's words: 'We fear God and nothing else in the world.'"
A storm of applause followed the emperor's speech, which was impromptu and entirely unexpected, and surprised the rector of the university, who had started for the rostrum to close the exercises.

FALL FROM HAY FATAL

BROCKVILLE, Feb. 9.—(Special.)—Ralph Bishop, a farmer residing in Elizabethtown, was fatally injured here yesterday while delivering a load of hay. The wagon upset and Bishop fell from the top of the load, sustaining a fracture of the skull and broken arm. He passed away today in the General Hospital without regaining consciousness. He was 40 years old, and married.

BERNARD SHAW AND THE REVIVAL OF THE DRAMA

First of Series of Saturday Afternoon Lectures at Trinity College, Given by J. G. Carter Troop, M.A.

"Bernard Shaw and the Revival of the Drama," was the subject of the first of a series of lectures to be delivered at Trinity College during the coming weeks. Dean Duckworth introduced J. G. Carter Troop, M.A., as having delivered 2500 lectures, been fourteen years in the lecture field preaching the doctrine of good English, and the American language still in the making. The lecturer got his audience into the necessary receptive mood by giving them a pen picture of the man he was to talk about. He described Bernard Shaw as a tall thin man, a rigid vegetarian who did not believe in "feeding on the corpses of animals." He had sandy hair and beard now quite gray; penetrating keen, quizzical eyes; great big hands and feet, looking as if hung from wires. He was the son of a man given to wine and strong drink, the pretense to Puritanism, and of a mother altogether absorbed in music. He had no childish joys, early lost his belief in Santa Claus, and he was not a fan to say his prayers and grow up with an intense hatred of God Almighty. Of Moody and Sankey he spoke as men doing the work of the devil. At fifteen he was put into the office of a land surveyor, from which he emerged a detester of the rent system. He later became an advocate of single tax. When seventeen, he began to "take an interest in music, and Mozart and Wagner became his idols. It took him only one year to learn his entire theory of music. Later he visited the art gallery of Dublin and others and soon became master of the theories of art which he had no personal acquaintance of painting. These were the beginnings which later gave his criticisms to the world. Poverty and neglect were his early companions. He knew real destitution, wearing a coat at one time for five years.

Clung to Mother.
When his mother went to London in 1875, he tells himself, he clung to her apron strings when perhaps he should have gone into an office, but he felt within him her stirring of genius, which the humdrum life of clerical work would have stifled. These were the early days. Then came his opportunity. Thru William Archer he obtained an opening on the reviewing staff of The Fall Mall Gazette. His first year's earnings were only six pounds, but a beginning was made. Later he became musical critic for The London Star, art critic on The World, and dramatic critic for The Saturday Review from '95 to '98. He had now written two novels in one of which "Evelyn Cashell," the hero who pugilist, by his biopic marries a countess, and so illustrates the doctrine, that "a countess should marry

a drayman, and the drayman's daughter a count," for that it is better to mix up the classes. The novels, however, fell practically stillborn from the press. Nor is it as a dramatist that Shaw soars, but rather as an essayist, in which line he is brilliant. A socialist and publicist, it is to Shaw that the passing of the old age pension bill is largely due. As a speaker he ranks with Chesterton as the most popular in England. He puts himself in the same class with Bunyan, Blake, Hogarth, Shelley, Wagner, Ibsen and Goethe.
His Own Views.
"Critics," he tells us, "find originality and splendor in my most hackneyed clap trap." He preferred his own views to Ibsen's and "The Shakespearian could write better poetry, I stand on Shakespeare's head." This gives us "Man and Superman." So a strongly does Shaw take with a portentous air, the Puritans that at a lecture in which Shakespeare was held up as inferior in some ways to Shaw, the latter rose in the audience and said to say "a few words on behalf of my great rival Shakespeare." Shaw married, and lives happily, despite his rallery against love and marriage.
Revival of the Drama.
During the last twenty years the most striking thing in literature is the revival of the drama. It is altogether owing to the Puritans that the prejudice which exists in some quarters today exists. So great was the influence this feeling exerted that for some time respectable people refused to go to the theatre and only scale-wags were frequenters. In the middle ages the drama rose in the worship of the church. The stage ought to be recognized as a national institution, said Mr. Troop. The lecturer placed the revival of the drama in England with the introduction of "Sweet Lavender." Credit was given Arthur Pinero for bringing in the modern revival in "Sweet Lavender." The next influencing force was "The Profitable," and the third "Mrs. Tanqueray." This play is not a favorite with the lecturer, but he termed it a great play.
In 1889 came Ibsen's "Doll's House." Ibsen is hated in England. The stage and drama are now so revolutionized that it is impossible for them to go back.
Life of the Drama.
Bernard Shaw proclaims that social, religious and humanitarian passions are the life of the drama, not love. The English like politics suffused with religion. Mr. Troop gave selections from Shaw's novels and summed up in the words of the poet, dramatist, novelist and essayist, "I want to be thoroughly used up when I die, for the harder I work the better

BANK OF HAMILTON

Dividend Notice

Notice is hereby given that a Dividend of Three per cent. (twelve per cent. per annum) on the paid-up capital of the Bank for the quarter ending 28th February, has this day been declared, and that the same will be payable at the Bank and its Branches on 1st March next.

The transfer books will be closed from 21st to 28th February, both inclusive.

By order of the Board.

IS WEARY OF MEN WHO KNOW IT ALL

Prof. Jackson of Victoria Condemns "Know-Alls" of Religion.

IGNORANT OF DESTINY

Just as We Are Ignorant of Origin, Says Preacher.

Those Christians who endeavor to advance an explanation for every matter pertaining to God, life or eternity, were severely censured by Professor Jackson, of Victoria College, in the course of a sermon on "Christian Agnosticism," at Convocation Hall, yesterday morning.
"It is wrong, absolutely wrong," said the reverend professor, after telling how many believers, fervent in their faith, try to give a reason for every mysterious thing, that crosses the human path.
"One would think some people had access to the chart of life," said he. "They do not realize that many mothers are set within the father's own authority. All things are not revealed; a great many remain secret to God. In heaven's name, let us leave them there."
Professor Jackson said he became impatient with folks who claimed to know what would become of all of us, who could with certainty predict which of us would meet with reward or punishment on judgment day. Many also there are, who claim to know the divine reason for all untoward happenings in life. When a little child dies they rush in to explain that it was because the mother loved it too much. When the ice bridge at Niagara collapsed last winter, the same people were quick to declare that the snatching away of three of our fellow creatures in that fearful tragic manner, was God's reproof on this practice of Sabbath misobservance.

Men Who Know All.
"I'm weary of hearing men talk who can interpret everything as tho they sat in the divine council. The book of Job was written as a protest against just such manner of talking about God," said the preacher.
Professor Jackson took his text from the words, "For now we see thru a glass darkly, but then face to face; now I know in part; but then I shall know even as also I am known." (1 Corinthians, xiii, 12)
The gospel, he said, was a revelation, but not a full revelation. Those who tried to find in it reasons for all things were expecting too much. Man and how he came to be, cannot be explained by scripture, but by science. There are certain chapters in Genesis, which rather than explaining some things, merely reveal our misunderstanding.

Ignorant of Destiny.
"Just as we must confess ignorance of man's origin," said Professor Jackson, "so are we ignorant of man's destiny."
It was the preacher's contention that God has intentionally kept a great deal of the secrets concerning destiny entirely to himself. There are certain salient facts which we know, and it should be our endeavor to sift them out of the uncertainties and always regard them as separate.
"If this book does not answer all our questions and it surely does not," said he in conclusion, placing his hand on the closed bible, "it at least brings us face to face with the great answer. 'We know in part, but we know. We see thru a glass darkly, but we see.'"

TAXICAB ROBBERS HOLD UP A STORE

Daring Exploit Carried Out in Broadway—Robbed the Cash Register.

NEW YORK, Feb. 8.—(Can. Press.)

Four men drove up in a taxicab late tonight to the store of W. L. Douglas Shoe Company at Broadway and Fourteenth street, a busy and brightly lighted corner, and entered the store just as the four clerks were preparing to leave. With drawn revolvers the bandits ordered the employes to throw up their hands. While three of the four kept the clerks cowering the other man emptied the cash register of its contents, between \$400 and \$500. The quartette then ran to the street, jumped in the taxicab and drove south on Broadway.
Hundreds of persons were passing the corner at the time. The police hurried to the scene, but were unable to find any clues other than a poor description of the four men.

Fireman Dies From Burns.
BELLEVILLE, Feb. 9.—(Special.)—On Jan. 23, Gordon Jamieson, a C.R. fireman, was frightfully burned in an accident, which occurred to a freight train at Madoc Junction, on the line of the Grand Trunk Railway. He passed away in the hospital here yesterday. He was an Englishman, 19 years old, and had no relatives in this country. An inquest will be held.

WORLD'S BOOK BARGAIN ENDS THIS WEEK

EVERYBODY'S ENCYCLOPEDIA

THIS IS THE LAST CHANCE For World Readers

We find that many readers were unable to present the coupon on Friday or Saturday, so arrangements have been made to redeem coupons EVERY DAY THIS FINAL WEEK, as long as the sets last.

\$10.02
Saved on This Offer

ONE COUPON AND \$1.98
Complete Set Regularly Selling at \$12.00

There are only a few books left and the publishers will not supply another set. So here is a LAST CHANCE for World readers to get this useful five-volume reference work which thousands of delighted readers have pronounced superior to the cumbersome and expensive sets so widely advertised and sold on the installment plan. Clip the encyclopedia coupon printed on the first page and present it ANY DAY THIS WEEK and get the complete five-volume set for \$1.98.

ANY DAY THIS FINAL WEEK

At the Office of
THE WORLD
4 RICHMOND ST. W. TORONTO
Or at our Branch Office, 15 Main St. W. Hamilton.

MAIL COUPONS

The sets are too bulky to be sent by mail, but out-of-town readers can have them for the \$1.98, the set to be sent by express, shipping charges to be paid by the receiver.

MUCH BUSINESS BEFORE COUNCIL

Reports Galore Consequent on Deluge of Notices of Motion.

MAY BE LONG DEBATE

New Skyline, Toronto-Hamilton Road and New Sewers Are Up.

The deluge of notices of motion handed in by individual members of this year's city council has resulted in reports galore from the department heads. Some of these will be produced in the next few days.

The building which limits the erection of buildings to 124 feet with special permission from council, making by the board of works, limited to the limit 250 feet in the high pressure district.

Granting of civic laundry licenses to Chinamen has caused much trouble and a movement is on foot to leave such matters to the property committee.

Laundry Licenses. Granting of civic laundry licenses to Chinamen has caused much trouble and a movement is on foot to leave such matters to the property committee.

Fair Wage Officer. Aid. Maybes will recommend the fight for the appointment of a labor wage officer. He has been looking into the merits of the case.

Social Service Commission. No special fund has been granted to the social service commission. The board has agreed to an interim grant of \$600.

Enlarge Juvenile Court. The adoption of Aid. Wages' motion to enlarge the scope of the juvenile court, including persons 21 years of age, is recommended by the board.

Construction of sewers on Millbrook avenue, Millbrook crescent, Beryl crescent, Ingham avenue and Trent crescent, on the local improvement plan, is recommended by the board.

TO REPORT ON HUDSON PORTS. WINNIPEG, Feb. 9.—(Can. Press).—E. P. Hazen, Dominion Government engineer, the harbor expert, who has been surveying the approaches and harbors at Port Nelson and Port Churchill on Hudson Bay with a view to definite selection of the terminal for the government's Hudson Bay Railway from Le Pas, Man., to tide-water, arrived here this morning en route to Ottawa, to report to the government.

Bond Street Finances. Church annual financial statement was issued yesterday. It showed a most prosperous year, the receipts having totalled \$1,071.50 leaving a balance on hand of \$497.40, as compared with \$607.40 a year ago.

NEW ROMAN CATHOLIC DIOCESE OTTAWA, Feb. 9.—(Special).—It was announced at the apostolic delegation here today that a new Roman Catholic diocese had been created in Southern Alberta, with the see at Calgary.

Off to Negotiate Trade Treaties

OTTAWA, Feb. 9.—(Special).—Hon. George E. Foster left at midnight for Vancouver, from which place he will sail on the 19th for Australia. Mr. Foster will attend the meetings of the imperial trade commission in Australia and New Zealand, and may at the same time negotiate reciprocal trade arrangements on behalf of Canada with both these countries.

GENERAL DIAZ FREED HEADS REVOLUTION

Continued From Page 1. succeeded in defending the palace from the assaults of the revolutionists. Madero's family has taken refuge in the Japanese legation, and tonight the president is making a fight, desperate in its character, against what appears to be enormous odds for retention of his power.

Has Majority of Troops. Gen. Diaz, who is the nephew of the deposed president, Porfirio Diaz, is now at the head of a majority of the capital troops, including most of the artillery, and is in possession of the arsenal in the city and the power works nearby.

Is Believed that not less than 200 men were killed in the fighting. Among the number was Gen. Bernardo Reyes, a strong adherent of Porfirio Diaz and an ex-secretary of war. The mutinous troops were led by the students of the military school at Tlalpam, a suburb. They marched to the prison to which Gen. Felix Diaz had been transferred for safekeeping, and released him. Gen. Bernardo Reyes was shot in the back of the head by a farcical revolt, but gave way to General Diaz and Reyes.

Killed in First Encounter. At 8:30 o'clock the first encounter with the loyal troops occurred in front of the National Palace, and Gen. Reyes, whose long record as an army officer was broken little more than a year ago by a farcical revolt, was dead. He was killed instantly by a bullet thru the head.

Many fell in this engagement, and among scores of bodies which were strewn about those of minor officers, women and boys of the lower classes and members of the great crowd of spectators which had gathered at the firing of the shot.

Gen. Laurio Villar, post commander of the capital, who remained loyal, was among those slightly wounded. The case of Gen. Garcia Pena, received minor injury of the head. Madero Rallies Forces. At the first call to arms President Madero took command of a force of approximately 1000, consisting of mounted police, Chapultepec cadets and a small detachment of volunteers.

Several blocks from the palace one of Madero's aides attempted to dismount on the horse's back, half turned the animal from the line. Madero protested vigorously, and the shooting began, when Gen. Huerta succeeded in persuading him to enter a building in a side street. This building, by a coincidence, was the same in which Gen. Reyes took refuge during his campaign for the presidency eighteen months ago against a mob of Madero supporters, who attempted to stone him.

The revolt, in its unexpectedness, was such as to stupefy the populace, the lower element apparently not knowing for whom to cheer. This is popularly given as the reason for the lack of pillaging and looting. Assault on National Palace. The attack on the National Palace found the government not altogether unprepared. In the interim between the release of Gen. Diaz and Gen. Reyes from prison, Gustavo Madero, brother of the president, and Governor Garza of the federal district, learned of the plans of the rebels. The minister of war and Gen. Villar made hasty preparations to guard the palace against attack. Riding at the head of their troops, Generals Diaz and Zocelo, approached from the east into Zocelo, the big square in front of the palace.

Gen. Reyes appeared for the first time in many months in the uniform of a general, but Diaz was clothed in the ordinary blue black suit and soft gray hat of a citizen. A halt of the mutinous forces was made when Gen. Villar, appearing at the door of the palace, raised his hand and challenged them. His answer was an order on the part of the rebels to begin firing.

Quickly the invading forces assumed positions around the square, which soon was clouded with the smoke from their rifles. Immediately from the palace came an answering cry. The defenders of the palace were using rifles and machine guns.

FINE EXHIBITION OF CANADIAN ART

Paintings on View For Two Weeks at Jarvis Street Studio.

FOREIGNS THERE ALSO

Highest Class Display of Pictures Ever Shown in Canada.

What artists declare is the highest class exhibition of paintings ever shown in Canada was opened Saturday night when the Women's Art Association entertained a large number of friends in their new galleries at 594 Jarvis street. It is the twelfth annual exhibition of the association, and in point of excellence undoubtedly surpasses any previous similar affair.

FRANCISCO MADERO. Whose reign as president of Mexico is seriously threatened by a revolution in favor of Gen. Diaz.

CANT SHIP LIQUOR INTO "DRY" STATES

Congress Approves Temperance Measure After Bitter Fight.

WASHINGTON, Feb. 9.—By a vote of 40 to 36 the house today passed the Webb bill, prohibiting the shipment of intoxicating liquor from "wet" into "dry" states, after several hours of bitter debate in which the bill was characterized as an "anti-saloon" measure meant to force congressional approval of prohibition.

Gen. Gregorio Ruiz, a retired officer, two captains and three lieutenants were executed in the morning. It is reported that this was by order of the government, but another story is that they were killed by the mutinous troops who were overpowered and disarmed.

Many Civilians Wounded. The red and the cross ambulances carried the wounded by provisional hospitals, where investigation showed there were almost as many victims among the civilians as among the soldiers. Outside of the fighting between the two opposing sides there was little disorder, and tonight the streets are filled with the bodies of the fallen.

Gen. Mondragon, who led the mutinous forces in the first attack, was one time prominently identified with the artillery corps. The first rising occurred among the soldiers of the artillery branch of the army. It was led by students, who fired the fusillade at the prison guards and liberated the rebels.

It is reported that revolutionary movements have begun in other places, and Zapatisas are said to be fighting a short distance south of the capital. Arenal Stoutly Defended. The attitude of the artillery stationed in the arsenal was one of much speculation on both sides. The artillery remained loyal, and the battle raged in the streets for about an hour. No use was made of the reinforcements which the government had sent to attack; the rebels were not inclined to retreat.

One after another this supposedly loyal force signified their intention to surrender, their chiefs riding to Diaz under a flag of truce and extending their hands in congratulation. Before long almost all the mounted police, whom the president had previously, were now in the rebel ranks. Joined With Rebels. The rebels from Tacubaya clustered into the city, but not to oppose the mutinous troops. Instead they joined the movement and lined up with the rebels about the arsenal.

A truce was called and papers of surrender were formally signed. This victory gave to the rebels a probability of all the cannon in the city and left to President Madero probably not more than 25 per cent of the capital's fighting force.

LABOR MEN HEARD OF GOOD FINANCE

Profits of Labor Temple Were Eighteen Per Cent. on Investment.

THEY EXPECT BETTER

Mortgage on Building Will Be Burned Early Next Year.

By the reports presented at the annual meeting of the Labor Temple Co., Limited, held on Saturday evening, it was shown that the past year has been the most successful since the present Church street building was purchased. The auditor's report showed a net profit of \$53,126.76, and liabilities to shareholders and creditors of \$25,120.10, leaving a surplus of \$28,006.66. The estimated increase in the value of the Labor Temple property increases the assets to \$49,349.30 in excess of the liabilities, giving the shares a rating of 400.

The following directors were elected: James Simpson, D. A. Carey, Joseph Gibbons, James Watt, John Spence, W. J. Storey, A. C. Saunders, W. J. Ayers, L. H. Gibbins, John McFadyen, James Ralph, Thomas Walsh, Thomas Palmer, James Bamber and A. E. Thompson.

Both sides are stubbornly maintaining their positions. The Montenegros on three occasions stormed the highest point of the great Bardanjoli hill, sustaining heavy losses. The wounded from Saturday's fighting at Bardanjoli, who have arrived at the king's headquarters, give heart-rending accounts of the scenes they witnessed, and pay tribute to the heroic courage of the Turks.

LEADING CITIZEN DEAD AT GUELPH

Mr. Kloepper died more than any other single individual to advance Guelph industrially. Mr. Kloepper's illness was of comparatively short duration. He caught cold when attending the funeral of a former employe, and his illness developed into pneumonia. Hope for his recovery was given up several days ago. He passed away quietly at 5:30 Sunday morning.

He represented South Wellington in parliament from 1896 to 1900, being succeeded by Hugh Guthrie, who has since held the seat. He was president of the Raymond Sewing Machine Co., vice-president of the Guelph Store Traders and Guarantee Co., Toronto; director of the Dominion Permanent Loan Co., a director of the Toronto Royal Bank, a director of the Spanish River Pulp and Paper Co., Limited, Fort Williams president of the Guelph Trustee Association, and president of the Guelph Carpet Mills Co., president of the Capital Brewing Co. of Ottawa, and a director of the Commercial Travellers Association.

Mr. Kloepper was married twice. His first wife died eighteen years ago, and he later married Sarah, daughter of Patrick Burns of Toronto, who, with two small children, a boy and a girl, survives him. He also leaves one daughter by his first wife, Mrs. Charles Bonard of Toronto. There are also four brothers, John and Joseph of Bruce County, Jacob and Gregory of New Germany, and two sisters, Mrs. Christian Reine of Toronto and Mrs. Augustine Reine of New Germany.

He was a member of the C.M.B.A., the I.O.F., and the Chosen Friends. The funeral will take place Tuesday morning at 10 o'clock at the Church of Our Lady.

CANADIAN CLERGYMAN HONORED

LONDON, Feb. 9.—(C. A. P.)—The King has approved the appointment of Rev. Frederick Storrs, vicar of St. Peter's and educated, being a son of the Rev. John Storrs, Cornwall, Nova Scotia.

Salvador's President Succumbs

SAN SALVADOR, Feb. 9.—(Can. Press).—Dr. Manuel E. Araya, president of the Republic of Salvador, who was wounded by the bullets of an assassin on Feb. 4, died today.

Y. M. C. A. Convention

The Y. M. C. A. convention for Ontario and Quebec will be held in the West End Y.M.C.A. on Thursday and Friday of this week, Feb. 13 and 14, instead of Feb. 20 and 21 as announced in Saturday's World. Sessions will be held on both days with banquet on Tuesday evening, and a men's mass meeting on Friday night, to be addressed by Rev. John McNeill, Rev. Principal O'Meara will give a series of devotional talks at the day sessions. Several important subjects relating to the rapidly expanding work of the Y. M. C. A. in Canada will form topics of discussion.

TURKS SHIFTING WAR ZONE TO BLACK SEA

leh reconnaissance have reached Tcherkesk and Tchoru, which would indicate that the Bulgarians, who a few days ago were reported to have moved their headquarters to Tcherkesk, are moving their lines still further to the west. King Ferdinand has gone to Dedagach, in order to be closer to the scene of important operations. Apparently heavy fighting is occurring near Scutari, and the bombardment of Adrianople is still in progress. There is no confirmation of a report from Constantinople that Turkey is sending a new peace delegation to London.

HEAVY FIGHTING AT SCUTARI

PODGORITZA, Montenegro, Feb. 9.—(Can. Press).—Fighting outside of Scutari continued through the whole of Friday night. The bombardment was resumed Saturday afternoon and before sunrise today along the whole front. Both sides are stubbornly maintaining their positions. The Montenegros on three occasions stormed the highest point of the great Bardanjoli hill, sustaining heavy losses.

ATROCITIES UNDER SHADOW OF CROSS

Red Cross Committee Sends a Letter to Sovereigns of Europe Making Protest. CONSTANTINOPLE, Feb. 9.—(Can. Press).—A Turkish reconnaissance has reached Tcherkesk, twenty-five miles to the west of Tchatalja, along the line of the railway which apparently is free from Bulgarians. A committee of representatives of the society for the elevation of women and of the Red Cross have sent a letter to the sovereigns of Europe calling their attention to "these abominable horrors which are endeavoring to disguise under the shadow of the cross, the most ghastly series of assassinations and outrages ever witnessed in a war in Europe in modern times."

A meeting of Turkish women at Stamboul today discussed means for assisting the national defence. Patriotic speeches were made and jewels to the value of \$10,000 were donated to the cause.

Closing Distribution

Five Big Volumes, \$1.98. Coupons Redeemed Every Day This Final Week. On account of many of our readers being unable to present their coupons on the two days (Friday and Saturday) heretofore reserved for distribution, the coupon any day this final week as long as the present supply lasts.

The price of the large Cyclopaedia Sets is usually so high, from \$50 to \$100, that they are invariably sold on the installment plan. The publishers of "Everybody's Cyclopaedia" took advantage of these facts, and from a revision of all these various large and good cyclopaedias they have compiled all that is good—all that is necessary—and have merely eliminated or condensed that which would be of interest only to a specialist or technical student.

CLIP THIS COUPON

The Toronto World EVERYBODY'S CYCLOPEDIA - DAILY COUPON - This coupon, if presented at the Head Office of The Toronto World, Toronto, or at the Branch Office, 15 Dundas Street West, Hamilton, any day this final week will entitle the bearer to one five-volume set of Everybody's Cyclopaedia (regularly selling at \$5.00) For \$1.98

MAIL ORDERS, ADDRESS THE WORLD, TORONTO, CAN. The Sets are too bulky to be sent by mail, but out-of-town readers can have them sent by express, shipping charges to be paid by the receiver. OUT-OF-TOWN READERS need not wait until the days of distribution, but send orders any day this week and shipments will be made promptly on the distribution days.

GALLIOLI SCENE OF FIERCE CLASH

Bulgars Finally Repulsed the Turks, Who Made Their Retreat in Disorder.

LOSSES WERE HEAVY

Landing Parties Driven Back to Vessels, Which Sailed Away.

SOFLIA, Feb. 9.—(Can. Press).—An official statement issued this afternoon says that the Turks on Saturday took the offensive against the Bulgarians before Balair, in the Gallipoli peninsula. A fierce engagement ensued, lasting several hours, and finally the Bulgarians repulsed the Turks, pursuing them to Balair forts. Many wounded were left on the field. Turkish prisoners says that six divisions took part in the movement, but that the Turks made another attempt down the coast where twenty vessels had made their appearance. The decision from the Turkish position had hardly begun when the landing parties from the ships were attacked by the Bulgarians, who inflicted heavy losses. The Turkish vessels thereupon sailed away.

All attempts of the Turks to assume the offensive at Tchatalja have been completely checked. They essayed to land troops at Fodina on the Black Sea, but were beaten off, leaving fifty dead. The bombardment of Adrianople continues with uniform success. Deputies say that the people within the invested city are fleeing from one section to another to avoid the Bulgarian shells.

TURKS ABLE TO EFFECT LANDING

Turkish Warships and Bulgar Batteries Hotly Engaged on Coast of Marmora.

CONSTANTINOPLE, Feb. 9.—(Can. Press).—The captain of an American collier which arrived here today, reports having witnessed interesting scenes along the coast of Marmora on the way to Constantinople from the Dardanelles. The Turkish warships were shelling the Bulgarian batteries, which were rapping briskly. The Turkish troops had effected a landing, and a body of cavalry was seen moving along the shore. Other warships were shelling the Bulgarian positions at Silivri to the southwest of Tchatalja. The captain was unable to say how the fighting was going, but the fact that a landing was safely accomplished gives promise of important developments soon.

It is reported from a Turkish source that the Bulgarians made a desperate attack on Kavah fort at Adrianople yesterday, but after five and a half hours fighting were repulsed with heavy loss. The government has decided to expel all Greek journalists and is also causing the arrest of Greeks, Bulgarians and every national who is probably be sent out of the country. The Turks have discovered seven guns, which the Bulgarians abandoned in the mud and their breeches were removed.

FIFTEEN BIG, FIERY METEORS

Continued From Page 1. phere, which commences about 100 miles above the earth, they suddenly ignited, due to the friction of the air and of course became at once visible as glowing bodies to the people on Toronto's streets. As they were traveling at from 30 to 50 miles per second they must have struck the earth a moment or so after having been seen. A number reporting to The World declared they heard a strange sound, as of a thunder-bolt, immediately after the disappearance of the meteor. Where they lighted or if they actually made any great noise is not yet definitely known.

It will be remembered that about seven years ago a meteor of iron weighing six pounds lighted near a house in the vicinity of Sheburnham, Ont. It had imbedded itself several feet in the earth. Mr. Blake of the meteorological office stated last night that this is record only one man having been killed by a meteor.

The meteors that fly thru space vary in size from a cubic millimetre, or very tiny pins to bodies weighing many tons. Those that are consumed in the atmosphere fall to the earth's surface as dust. In the Arctic circle, where they have perpetual snow, meteoric dust is commonly seen.

Ontario Rinks Meet With Fair Success at Winnipeg Bonspiel

TORONTOS TAKE FALL FROM CANADIENS BY TWO GOALS

Blue Shirts Keep Frenchmen From Scoring in Last Two Periods and Pulled Out a Victory.

Whether or not it was Toronto's turn to win again it is hard to say, but win they did from the Canadiens by a score of 5 to 3 on Saturday night at the Arena.

The game was a close one, with the Canadiens leading in the first period, but Toronto pulled out a victory in the second and third periods.

Despite the hard checking the game was very clean and not a fine was handed out.

Holmes in goal played a stellar game and made up for his early misdeeds by time made earlier in the season.

The Canadiens were kept working hard, but had too hard a defence to break through.

Play opened at a brisk pace and both teams began ripping in shots at the respective goal-tenders.

EMBARGO ON COAL TO BE LIFTED TODAY

Grand Trunk Broke Back of Tie-Up at the Border.

TWO THOUSAND CARS Moved Yesterday by Fifty Engines and Army of Men.

The embargo on coal and non-perishable freight coming in over the Grand Trunk via Black Rock and Port Erie will be removed today. If the work of fifty engines and crews, in all about 300 men, could accomplish it, the congestion existing was removed yesterday.

Superintendent Whittenberger of the Grand Trunk has been at the border since the embargo was put on several days ago, and as a result of his efforts, a campaign was organized which was to result in the blockade being removed in the one day.

A large choir, under W. Galbraith, led the singing. The new pastor entered upon his work auspiciously. The fortieth anniversary of the church will be celebrated next Sunday.

MUCH DISTRESS IN TORONTO NOW

Associated Charities in Need of Funds For Emergency Cases.

During the last ten days a number of distressing cases of want on account of sickness have been brought to the attention of the associated charities, for which something must be done.

DISSOLUTION PLAN IS GIVEN APPROVAL

No Further Obstacle in Way of Divorcing Southern From Union Pacific.

WASHINGTON, Feb. 9.—(Can. Press.)—Attorney-General Wickham tonight announced that he had reached an agreement with the representatives of the Union Pacific and Southern Pacific Railways for the dissolution of the great Harriman merger, as decreed by the supreme court.

GALICIAN MURDERER REMANDED

DAUPHIN, Man., Feb. 8.—(Can. Press.)—Magistrate Munson remanded John Baran, murderer of Chief of Police Rooke, to stand trial at the Portage la Prairie spring term of court tonight.

MONTREAL OPERA COMPANY USE THE NEW SCALE WILLIAMS PIANO.

Albert Huberty and Other Members Have Selected This Instrument For Personal Use.

Mr. Huberty is a great favorite here. He will be warmly welcomed by his many friends. He is a staunch admirer of the New-Scale Williams piano and uses it through the Canadian Opera Company.

Another Feature

Commenting this morning The World publishes on the Women's or Home Page, a series of articles on Efficient Housekeeping, written especially for The World by Henrietta D. Grauel, one of the best known authorities on domestic science and all information concerning the home.

NEW MINISTER SPOKE TWICE

Rev. A. J. Vining Preached First Sermons at College Street Baptist.

Rev. A. J. Vining commenced his pastorate of College St. Baptist Church yesterday. Large congregations were present. At night the church was crowded. The morning topic was character building, and at night the necessity of divine healing for the men, women and children who are in spiritual distress.

ITALY, GREECE, AUSTRIA, direct without change. Calls at ZAGREB and GIBRALTAR.

ROLLAND-AMERICAN LINE

New Twin-Screw Steamers, from 12,500 tons to 24,170 tons.

Stock Markets Quiet, But Firm--Brazilian Crosses 99 Again

FIRM UNDERTONE IS IN EVIDENCE

Favorites in Toronto Stock Market Improved Their Position at the Week-End.

BRAZILIAN UP AGAIN

Toronto General Trusts at a New Record--Dominion Bank at New Low.

While there was some irregularity in the Toronto Stock Exchange in the week-end session, the list, on the whole, displayed considerable firmness. Such issues as Brazilian, C.P.R. and some of the specialties developed a measure of buoyancy and moved up to higher levels. On the other hand moderate weakness was shown by Toronto Railway and some of the investment issues, and indications of this nature were sufficient to offset in some degree the favorable action of the more active securities.

Brazilian gained exactly three-quarters of a point for the day, the quotation moving up to 99 1/4, and closing just a shade below that figure. At that price the shares were nearly two points above their low record of last Wednesday, which constituted the low level of the month to date. The stock was firmer in the London market, and it was the better trend evidenced by the earlier cables that brought about the upturn here. The quotation of 99 1/4 for ex-dividend stock was equivalent to 100 3/4 for the shares with the dividend added, or just a quarter point under the high water mark of last month. C.P.R. was not dealt in here, but was up a full two points in New York, the shares crossing at 440 again.

BOSTON EXCHANGE IS IN THE DUMPS

Value of Stock Exchange Seat Has Dropped Materially in Last Year or Two.

The Boston Stock Exchange is not at all at the present time, but the brokerage business in that city during the last few years, and particularly during the last few months, has probably been unprofitable as anywhere else in the United States.

NEW YORK BANKS MAKE POOR SHOWING

NEW YORK, Feb. 8.—The statement of the actual condition of clearing house banks and trust companies for the week shows that they hold \$3,257,350 reserve in excess of legal requirements. This is a decrease of \$7,877,850 from last week.

SAYS MEXICAN N. W. PLAN WILL GO THRU

Mr. H. I. Miller, vice-president of the Mexico Northern Railway, has issued a statement in which he says that there is no doubt about the bondholders authorizing an issue of \$2,500,000 prior lien six per cent. bonds in order to finance the company at the present critical period of its existence, according to a message received in Toronto on Saturday. The new securities will be underwritten in London, and the proceeds utilized to pay off the floating debt of about \$1,100,000 and to meet the interest on the outstanding issues.

COTTON MARKETS

The range of prices on the New York Cotton Market, as reported by Neill, Beatty & Co., as follows:

THE LURE OF COBALT.

When the history of the Cobalt camp comes to be written, considerable attention will have to be paid to the diversion of English money into the district in the year 1913. The marked success of the Casey Cobalt and the Cobalt Townsite during the last two years has made "Cobalt" a magic word across the Atlantic, and several syndicates are preparing to invest considerable amounts in silver mining properties in the Northern Ontario camp. No less than hundreds of enquirers from London regarding the possible purchase of claims possessing good silver showings were received by Toronto brokers at the week-end. Evidently the English invasion of the Cobalt field has only begun.

PEARL LAKE CUTS BIG VEIN AT DEPTH

Company Picks Up Its Big Lead Saturday--Forward Step For Camp.

Word was received Saturday night from Burr E. Cartwright, of Porcupine, that the Pearl Lake Mining Co. had picked up their big vein in the crosscut from the 600 foot level on the shaft. The ore averaged 320 to the ton, the same value as at the 400 foot level.

The president added that this proved up the mine to depth and established beyond doubt the high asset value of the Pearl Lake property. With the picking up of the vein at the 600 foot level, the Pearl Lake Mining Co. has proved that the Porcupine veins continue to depth. About a year ago the company sunk diamond drills 1200 feet down and proved that the vein carried to that depth, but it is only now that it has been shown that the ore body is of any volume below 400 feet in their history.

PLAN TO PROVE UP SCHUMACHER GROUP

Properties on Shores of Pearl Lake in Porcupine to be Thoroughly Probed.

Porcupine, Feb. 8.—It is understood that a diamond contract will be let soon for the opening of the Schumacher property on the edge of Pearl Lake. This holding has always been regarded as one of the most interesting undeveloped groups in the camp.

COPPER MARKET IS GETTING TOP-HEAVY

NEW YORK, Feb. 8.—The break in the London standard copper metal prices showing a big decline in spot has further demoralized the copper market. The largest interest in holding the price of nearby metal at 16 1/2 c a pound, have succeeded in keeping the nearby market up fairly well, but it was reported this morning that first hands were offering spot electrolytic at below 16 c a pound delivered Europe, while the consumer can almost make his own figure on more distant deliveries.

ACUTE SCARCITY OF GOLD IN PARIS

NEW YORK, Feb. 8.—A Paris cable says that the money situation has shown further improvement this week, but gold is still unavailable for either home use or export. This explains the active exports to South America from New York recently arranged for Paris account. Expected movement from New York to Argentina will reach \$20,000,000 and additional shipments will be arranged with Paris direct in the near future. Paris press comments on the New York shipments as indication of America's inability to control gold by distant deliveries.

MINING MARKET IS MAKING NEW RECORD

That Move Toward Higher Level of Prices Is Still Going On.

SHARES ARE BUOYANT

Everybody Is Buying Stock--Pearl Lake Moves Into the Limelight Again.

The mining stocks maintained their resilient tone at the week-end, the market again evidencing the fact that there were more buyers than sellers on the floor. Several of the recent active favorites moved up to new high levels for the week-end and it was significant that at the close the bid prices were held at the top records of the day. Trading was well above the average for a half-session, and more evenly distributed than in the past.

The Aeroplanes Glide. In Saturday's market higher prices were reached by Pearl Lake, Swastika, Dome Lake and Apex in the Porcupine and Great Northern, City of Cobalt, Chambers-Ferland, Beaver, Timiskaming and Peterson Lake in the Cobalt. That the advances were generally limited to small fractions did not detract at all from the creditable showing, which was all the more remarkable on account of the fact that most of the market had been booming the day previous.

The sale of Dome Lake put thru at \$2 on Friday, was evidently a fluke, for the shares had not been sold anything like as low as that figure, and it is known that there were buyers in the market for the stock at the price rose again to 2.61 1/2 on the curb, thus getting back to about its normal level. The improvement in Pearl Lake, which jumped over point to 50, and closed strong with the bids maintained at that quotation, was due to news that the company expected to cut the vein either Saturday or Monday.

FINANCIAL CRISIS IMMINENT IN AUSTRIA

NEW YORK, Feb. 8.—A London cable says European bankers believe there is no chance of gold now hoarded in Austria, and that the government is available for some time owing to the Balkan situation. This is causing foreign banks to decrease New York balances. They expect the German tariff legislation in the United States to cause slowing down of business and keep money rates low in this country. In Austria, where the effect of the Balkan war is most marked, note circulation increased \$29,000,000 last week, while gold increases amounted to only \$400,000.

SMALL INCREASE IN SAVINGS DEPOSITS

NEW YORK, Feb. 8.—Savings banks deposits in the United States increased during the year 1912 about four per cent, or slightly over the amount credited to depositors as interest during the year. This percentage of increase has been maintained for several years, and is particularly interesting in view of the continued discussion of the high cost of money and the payment of the postal savings banks and the increased demand for small bonds.

DOES ANYONE WANT TO BUY A MINE?

Here's a Man Who Offers One For Sale--Resurrecting of the Sainted Dead.

What looks like an attempt to resurrect the dead is the advertising for the sale of a lot belonging to the Cobalt Monarch Mining Co. The property is situated near the northern boundary of Coleman Township and adjoins a portion of the Nipissing's immense acreage.

MONEY MARKET

Bank of England discount rate, 5 per cent. Open market discount rate in London for short term, 4 1/2 per cent. New York call loans, none reported. New York money in Toronto, 6 to 6 1/2 per cent. Call

FOREIGN EXCHANGE

Glazebrook & Cronyn, exchange and bond brokers, report exchange rates as follows at close of business:

SHORTS WERE STAMPEDED AGAIN IN THE CHICAGO GRAIN MARKET

Reports of Complications in Balkan Trouble Reflected in the Pit—Wheat, Corn and Oats All Went Exploding—Week-End News Was Bullish.

CHICAGO, Feb. 8.—The shorts were stampeded in the grain markets this morning, traders who had taken the shorts running to cover when the bullish nature of the week-end news became evident. Wheat advanced 1/2 cent higher on May, 5-8c on July, and 7-8c on September. Corn followed the lead of wheat, and wound up 1-5c up all round, while a similar advance was scored in the oat pit. Provisions were quiet and comparatively steady, the show leaving pork unchanged to 5c up, the up 1c all round, and lard any where from 2c to 5c higher.

Cables reporting that the British Mediterranean fleet had been ordered to Turkish waters, and that Germany was preparing to take decided action in the Balkans were viewed here as indicative of the extreme gravity of the political outlook in Europe. Sentiment moved sharply to the bull side in consequence, and while the advance was not maintained in its entirety, the close was only a trifle below top level of the session.

Drought in India. Messages from Liverpool in the drought in India were still in effect, and that the crop outlook was becoming decidedly serious, contributed to the upward disposition of the day. The shorts were marked up sharply against the shorts, who, deeming discretion the better part of valor, rushed in to cover on their commitments.

Corn grain followed the lead of wheat, and wound up at substantial advances. There was a general feeling that the recent downturn had been overdone, and the same interest in the buying side today. Provisions were dull in the extreme, speculative interest being concentrated in the grain pits. The close left prices generally improved for the day.

Northwest Receipts. Receipts of wheat at northwest points, with usual comparisons, follow:

Year	ago	Year	ago
Chicago	273	286	278
Minneapolis	84	64	11
Winnipeg	287	240	228

Primaries.

Wheat	Yester.	Wk. ago.	Yr. ago.
Receipts	412,000	396,000	493,000
Shipments	112,000	121,000	121,000
Stock	1,232,000	1,242,000	1,238,000

European Markets. The Liverpool market closed unchanged 1/4 lb. lower on wheat and 1/4 lb. higher on corn. Buda Pest closed 1/4 lb. lower, 1/4 lb. higher, Berlin 1/4 lb. lower.

Winnipeg Markets. Prev. High. Low. Close. Close.

Wheat	Yester.	Wk. ago.	Yr. ago.
May	85 1/2	85 1/2	85 1/2
July	89 1/2	89 1/2	89 1/2
Sept.	89 1/2	89 1/2	89 1/2
Oct.	89 1/2	89 1/2	89 1/2

Chicago Markets. P. Bickell & Co., Standard Bank Building, report the following prices on the Chicago Board of Trade.

Open.	High.	Low.	Close.
Wheat	84 1/2	84 1/2	84 1/2
May	85 1/2	85 1/2	85 1/2
July	89 1/2	89 1/2	89 1/2
Sept.	89 1/2	89 1/2	89 1/2
Oct.	89 1/2	89 1/2	89 1/2

ST. LAWRENCE MARKET. Receipts of farm produce at the St. Lawrence Market on Saturday were 400 bushels of grain, 12 bushels of hay, 20 bushels of mixed produce, in the north market building, and a moderate supply of butchers' and poultry in the basket market.

Trade was fairly active at about steady prices.

Wheat—One load of fall wheat of good quality, but with a lot of wild tares mixed in, sold for chicken feed at 55c per bushel.

Barley—Three hundred bushels sold at 50c for the best, and 51c to 51 1/2c for No. 2.

Dressed hogs—Prices steady, at 51.50 to 52c per bushel.

Potatoes—Prices easier, at 55c per bag, delivered.

Apples—Good quality apples sell at 30c to 35c per bushel, and choice No. 1 apples would bring 34c to 35c per bushel.

Vegetables—Turnips sell at 40c to 50c per bushel; carrots, 60c to 70c per bushel; cabbage, 50c to 60c per bushel; cauliflower, 50c to 60c per bushel; celery, 50c to 60c per bushel; lettuce, 50c to 60c per bushel; peas, 50c to 60c per bushel; beans, 50c to 60c per bushel; corn, 50c to 60c per bushel; and other vegetables at similar prices.

U. S. GOVERNMENT AS AFTER SHOE MACHINERY CO.

Federal Government Makes Third Move Against the Alleged Trust.

ENTERS A CIVIL SUIT
Says Organization Is in Position to Control Ninety Per Cent. of Trade.

TRENTON, N. J., Feb. 8.—The federal government made its third anti-trust move against the United Shoe Machinery Co. in a civil suit filed here today, charging the so-called trust with wielding an alleged monopolistic power and unfair trade tactics to force the Kelghey company—a competitor—into an unfair contract for the leasing, sale and fixing the price of an "inseam trimming machine."

Confidence is Extending
Those who had CONFIDENCE in Cobalt at the start have made a lot of money. Those who have CONFIDENCE now will also make money. It takes a long time to get the Englishman convinced, but he has studied Cobalt, and now he is convinced. Many new properties will make good with the inflow of new and necessary capital, and incidentally all the old and responsible companies will be benefited. Our pick Cobalt buys on present comparisons are GREAT NORTHERN and PETERSON LAKE.

All Hail St. Valentine!

In honor of his day, Friday, the 14th, we have a gala collection of fancy notions to help the hostess make her Valentine party a jolly success: Paper Serviettes, gaily decorated with cupids and hearts, in red or pink; Flaming Red Cupids, Arrows and Hearts of pasteboard for decoration, place cards or score cards; Cunning Little Plates of Fibre with Valentine colors and decorations; D'Oyleys of similar design; Saucy Favors, in the shape of a Valentine Napkin, folded in a ring, with a fancy cap wrapped inside. And, of course, a supply of real Valentines, with their ardent messages, in a host of clever conceits and fanciful ideas. These all in the Stationery Section on the Main Floor.

Pretty Artificial Flowers, suitable to the occasion, to deck your table and rooms, are on the Sixth Floor.

And all the correct Ribbons for finishing touches are ready for you at the Ribbon Counters.

If you are celebrating the 14th you will find these artistic trinkets a jolly assistance and most inexpensive:

Dennison's New Novelties

Hearts, 10c a packet.
Seals, 10c a box.
Arrows, 10c a packet.
Cupids, 10c a packet.

FOR TABLE DECORATION

Paper Serviettes, 5c a dozen.
Crepe Paper, 20c a fold.
Table and Lunch Sets, 50c each.
Table Cloths, 25c each.
Dinner Favors, \$1.00 a dozen.
Stationery Department, Main Floor.
