EMPIRE IS A UNIT AS NEVER BEFORE

Prof. A. P. Coleman Describes
Tour of British Possessions
in Far East

INDIA'S RESPONSE

Found Men Everywhere Rally-
ing to the Flag, Even in
Jungle Lands

"The Empire is a unit as it never was in the world before" was the declaration of Prof. A. P. Coleman of the University of Toronto before the Canadian Club at Dunning's yesterday in describing a tour of British possessions in the Far East since the war broke out, as a member of the British Association party.

Prof. Coleman visited Australia, New Zealand, Penang, Singapore, India, Hongkong and Shanghai, and he was at Penang the day after the Emden steamed in disguised with four smokestacks instead of three, and sunk the Russian war vessel, the Sanktchu in the harbor. Three French gunboats lying at the wharf were not fired upon because Capt. Von Muller did not know they were there, while a fourth, the Mousquet, patrolling a few miles at sea, was put to the bottom.

Rallied to Defence.
In India, he said, he had spent some time in Calcutta and at Darjeeling, Madras, and he had gone into the jungle country, and instead of disaffection, instead of troops in the country to preserve order, he found men everywhere rallying to the defence of the empire. No country in

Doing Wonders For Rheumatism

What Peter F. Patterson Says of
Dodd's Kidney Pills.

Gaspé Co. Man Gives Advice to All
Who Want to be Cured of Kidney
Troubles.

HALDIMAND, Gaspé Co., Que., March 1.—(Special).—I have just opened the third box of Dodd's Kidney Pills and find they are doing me wonders of good for the Kidneys and Rheumatism," so says Mr. Peter F. Patterson, a well-known resident of this place.
"My troubles came through a cold and strain," Mr. Patterson continues, "and I suffered for many years. I had headache, backache and rheumatism. My sleep was broken and unrefreshing. I had a bitter taste in my mouth in the morning and I perspired freely with the slightest exertion. I was often dizzy; I was troubled with heart flutterings; I was nervous and my skin itched and burned at night."
"After using Dodd's Kidney Pills I recommend them to everyone who wants to be cured."
Everyone of Mr. Patterson's ailments was a symptom of Kidney disease. That's why he found such prompt relief in Dodd's Kidney Pills. They only cure Kidney disease.

COL. PELATT'S TERM HAS BEEN EXTENDED

OTTAWA, March 1.—A militia order issued today announced that the period of tenure of appointment of Col. Sir H. M. Pellatt, C.V.O., A.D.C., as brigadier and commander of the 8th Infantry Brigade, has been extended to Feb. 20, 1915.

FIRE AT SEAFORTH.

SEAFORTH, Ont., March 1.—Fire was discovered in R. G. Winter's furniture and upholstering store, formerly Dawson's liquor store. The stock, valued at about \$300, was a total loss. Bell's billiard and pool tables, next door, were largely destroyed by water. The building was owned by the Templeton estate, and the origin of the fire is said to be from the stove door being forced open by coal gas, allowing fire to fall on the floor.

PASSENGERS NERVOUS IN SUBMARINE ZONE

Some on American Liner St. Louis
Stayed Up All Night Off
Irish Coast

Canadian Associated Press Cable.
LONDON, March 1.—Carrying nearly 500 passengers, a goodly proportion of whom were Canadians, who had been unable to sail from Halifax, the American liner St. Louis heeled at Liverpool this morning flying the Stars and Stripes. As the boat was the first to leave New York for England since the declaration of Germany's policy of blockading these shores, coupled with the fact that nearly 90 per cent of those on board were British subjects, no small amount of anxiety was felt regarding her passage. As a precautionary measure, however, these Britons had chosen to sail under the American flag and the voyage was accomplished without incident. Some nervousness was felt by the passengers at first, said H. W. Post, editor of *Sells' World's Press*, who was returning from Montreal. It became less marked as they progressed, although a few people insisted on remaining on deck the whole of Saturday night when the Irish coast and the possible submarine zone was reached. The St. Louis also carried a heavy cargo and mail of 6000 bags.

CHASED BY SUBMARINE THRU IRISH CHANNEL

C.P.R. Liner Gramplan Escaped
by Speed, Passengers at Hal-
ifax Report

Canadian Press Despatch.
HALIFAX, N.S., March 1.—Passengers on the C. P. R. liner Gramplan, which arrived Saturday, state that while coming thru the Irish Channel she was chased by a German submarine.

AUSTRIANS LOSE OVER MILLION AND HALF MEN

Original First Line Army Prac-
tically Non-Existent
by Now

Canadian Press Despatch.
LONDON, March 1.—The Morning Post's Hungarian correspondent at Budapest sends the following:
"The original first line army of 3,000,000, with which Austria-Hungary began the war, is almost nonexistent by now. These seven months have cost the monarchy four times as many men as they are willing to admit officially. They have lost not 400,000, but 1,600,000 men killed, wounded and prisoners. Of these 300,000 wounded are gradually being sent back to the front, some of them, however, not having properly recovered. Accordingly, we can safely say the first line army of the first 2,000,000 is entirely broken up already. New reinforcements have comparatively small military value."

BREAD HIGHER IN GUELPH.

GUELPH, March 1.—The Guelph bakers today put into operation a new schedule of prices. They advanced the price of bread from 12 to 14 cents for a three-pound loaf, and their pastry in proportion. The price of flour has almost doubled since the war started, but this is the first advance in bread prices.

RENFREW IS HOME OF WOUNDED SOLDIER

Pte. Jack Davis of First Con-
tingent Enlisted for War Last
August

RENFREW, Ont., March 1.—Pte. Jack Davis, 24, of the first Canadian contingent, who is reported in the cable despatches to have undergone an operation for the removal of pieces of shrapnel, is a native of Renfrew district and has lived here all his life. He was among the first to enlist in August last. Davis is married, and when the local patriotic committee called upon Mrs. Davis she said that she did not want any help while she could work.

GENERAL MEETING OF ALUMNAE ASSOCIATION

A general meeting of the United Alumnae Association of the University of Toronto will be held on Thursday evening at 8 o'clock in Annesley Hall, to hear an address by Miss Francis, secretary of the American Collegiate Alumnae. Members of the University Women's Club are asked to attend the meeting, as well as the members of the several alumnae associations of the university. The object is to consider the federation of the alumnae associations of the university with the American Collegiate Alumnae.

EXCESS NOTE ISSUE WILL BE VALIDATED

Finance Minister Gives Notice of
Proposed Confirmatory
Legislation

By a Staff Reporter.
OTTAWA, March 1.—During the parliamentary recess the minister of finance under authority of several orders-in-council issued Dominion notes in excess of the limitation imposed by the Dominion Notes Act to the extent of \$25,000,000, out of which a loan of \$10,000,000 was made to the Canadian Northern, and a loan of \$6,000,000 to the Grand Trunk Pacific.

DACIA'S CREW RETURNED.

NEW YORK, March 1.—The American flag, which flew over the steamship Dacia, captured last week by a French cruiser and taken into Brest, has been hauled down and the United States Consul at Brest is sending the Dacia's crew back to New York City, according to cablegrams received here today.

OPENING ATTRACTS MANY ENTHUSIASTS
 Artistry in the Highest Form of Millinery Evolved for Spring

TRIP THRU SIMPSON'S
 Paris, London and New York Send Models of Latest and Best

Artistry in the highest form of millinery, in what the spring of 1915 has evolved for the vociferous Dame Fashion, and it would be difficult to point back to a season where harmony and wealth of color, together with distinction of line, has been brought to correspond in so marked a degree with the costume and natural contour of every wearer.

The large numbers who viewed the stock of the Robert Simpson Co. at their millinery opening yesterday, found entrancing vistas on every hand, wherever they turned, models, gowns with their many neighbors in the variety and richness of its offerings. For early wear in the department for the debutante, the hats are small with the promise of extending in size as the season advances. The shapes are mostly turbans, to catch jauntily on one side, or narrow-brimmed sailors, which tilt gracefully with bewitching effect. Flowers in rare garlands and dainty French wreaths, quaint ornaments and the almost omnipresent bow, are favorite trimmings, and the varied and bunched variety of bloom, that looks like the old-fashioned bouquet turned out by the modern color scheme artist, is a delightful feature in Fashion's dictum.

Black and White Good.
 Black and white in weave and trimming are pronounced good, and Flanzen green, crocote, Hindu, army blue, khaki, dune, putty, sand, aeroplane, are all displayed. Crowns are made from plaid ribbons and Milan, Tegel and Leghorn are all used. In these straw there are many hats with low, flat crowns and brims of fairly wide width, as well as a diversity of small models. The shepherdess, with graceful brim drooping back and front, is revived.

Millitairism has influenced not color alone, but also shape and design, as seen in the high helmet and the shako ornaments prevalent under a variety of forms. A French model of special distinction is of rice white silk braid with Tam o' Shanter crown perched high at one side, the back velvet brim giving contrast and the tall shako of white esprey tipped with black and just touched with orient coloring in the center, displaying style and taste in a marked degree. A Turannan helmet in fine ash straw, with small ostrich tip at side, was distinctly new. One of the largest models was of black taffeta lined with tan Tuscan, with bow and long streamers at back, massed with wild daisies, poppies, corn-daisies and wheat in front.

A Dainty Model.
 Among the daintiest models is a sailor in white taffeta, with openwork of silk and chiffon, a band of shadowed black velvet, embroidered daisies and blue velvet strapped across the crown, with small bows and streaming ends. Color runs riot in the flower cases, where scarlet bloom blazes in gorgeous profusion, outlined by purple and mauve orchids and massed brown and yellow baby mums, glowing golden rod, cherries, black, and berries in variety. Ivy of the valley, and roses of every hue, Mounds and ospreys are still seen, and ostrich is always in vogue.

Georgette, Evelyn Varon, Germaine, Mendel and names of other designers found on the models, testify that Paris, London and New York have sent the Robert Simpson Co. Limited, samples of the world's best in the line of millinery.

SEVERE NEURALGIA

Cured Through the Use of Dr. Williams' Pink Pills.

There is an excellent reason why Dr. Williams' Pink Pills have cured the most severe cases of neuralgia, sciatica and other complaints in the group known as disorders of the nerves. This group also includes St. Vitus' dance, partial paralysis and the common state of extreme nervousness and excitability. Each of these complaints exists because there is something the matter with the nervous system. If the nerves have tone and are strong and healthy you will not have any of these complaints. The reason why Dr. Williams' Pink Pills cure nervous disorders is that they restore weak, run down nerves to their proper state of tone. They act directly upon the blood supply and the nerves. The highest medical authorities have noted that nervous troubles generally attack people who are bloodless and that the nerves are toned when the blood is renewed. It is this that Dr. Williams' Pink Pills cure nervous disorders by curing the cause of the trouble. The following is an instance: Miss Annie Jones, London, Ont., says: "For over a year I was an intense sufferer from neuralgia, which located in my face and head. The pain at times was so intense that I could scarcely keep from screaming, and nothing was doing for the trouble seemed to help me. As time went on my whole nervous system was affected. At last I was told that my case was almost hopeless. I was advised to try Dr. Williams' Pink Pills. The result of this treatment was that I am now enjoying such comfort as I had not known for years, and only those who have suffered from neuralgic pains can realize what a blessing the Pills have been to me."

If you are suffering from any blood or nervous disorder begin to cure yourself today with Dr. Williams' Pink Pills, which you can get from any medicine dealer or by mail at 50 cents a box, or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

SUIT CAN BE USED IN EITHER MANNER

Strictly Tailored Wear or Transformed Into Dressy Costume

POPULAR SHIRTTWAIST

Plain Silk for Street or Morning, Fancy for Afternoon

Elaboration in the street suit is now passe. With the increased popularity of the smart, strictly severe suit—the coat boasting no more trimming than a belt and buttons covered in the same material, the skirt short, full, and absolutely plain in most instances—the "fussy" blouse again comes into its own. With a well-chosen and faultlessly fashioned waist, the suit is rendered correct for strictly tailored wear, or transformed into a costume suitable for dressy occasions.

The plain silk shirt waists are continuing in popularity for street and morning wear, but the most wonderful concoctions of nets, satins, laces and exquisite silks are being shown for afternoon wear. There is also a distinct type of blouse for theatre wear— if it is very dainty, showing employment of costly patterned nets, veiling, silver lace, or beaded motifs, that summer effectively turn the transparent fabric gracefully draped on the latest lines.

The set-in sleeve is shown in a number of interesting styles, being "set-in" with dainty pipings, cordings and hem-stitched effects. The smock type of blouse gives splendid opportunity of combining fine lace with brocades of soft satins. Flowered tulle is also often used in the over-blouse models.

Small buttons of queer shape are displayed for trimmings, and these are introduced in many novel ways. One very exclusive model made of cream dotted net with a loose smock-like over-blouse of blue, in the new army tone, had high rolled back collar and long set-in sleeves. The only trimming was in the rows of tiny black jet buttons which ran from the waistline to the neck in front.

NOTES OF WOMEN'S WORLD.

The meeting of the Trafalgar Daughters will be held this afternoon in the Heliconal Club rooms, 2 Grosvenor street, at 3. Miss Campbell and Miss Graham will give addresses.

Loretto Alumnae will hold their regular monthly meeting at 4 o'clock this afternoon in the Loretto Abbey, Rev. W. J. Simm will speak.

Winston Churchill Chapter, L.O.E.W., will meet at 3, at 268 Balmoral avenue.

Over \$5000 has been made by the women controlling St. Andrew's dry canteen at Exhibition Camp. This is to be returned to the soldiers, either in the form of an ambulance or as a gift of money.

Howard Park W.C.T.U. will meet on March 10, instead of this week.

Toronto Graded S.S. Union will meet Tuesday night in the Church of the Redeemer, corner Bloor and Avenue road.

Mrs. Fairbairn will be hostess at the Women's Press Club tea this afternoon.

Mrs. James Casey is arranging a euchre in aid of Red Cross funds, at the home of Mrs. Sarah Harrison, beginning at 2.30.

Prof. J. Squair will address the Canadian Women's Business Club at 3 tonight, in the faculty of education building.

The Samaritan Club will meet at 10.30 at headquarters, corner North and College streets. Miss Rappi will give the principal address.

The Political Equality League will have a knitting tea on Thursday at 3, at the home of Mrs. Sarah Harrison, corresponding secretary at No. 1 Close avenue. The speakers will be Mrs. J. W. Simm and Mrs. M. J. Carr. All interested are invited.

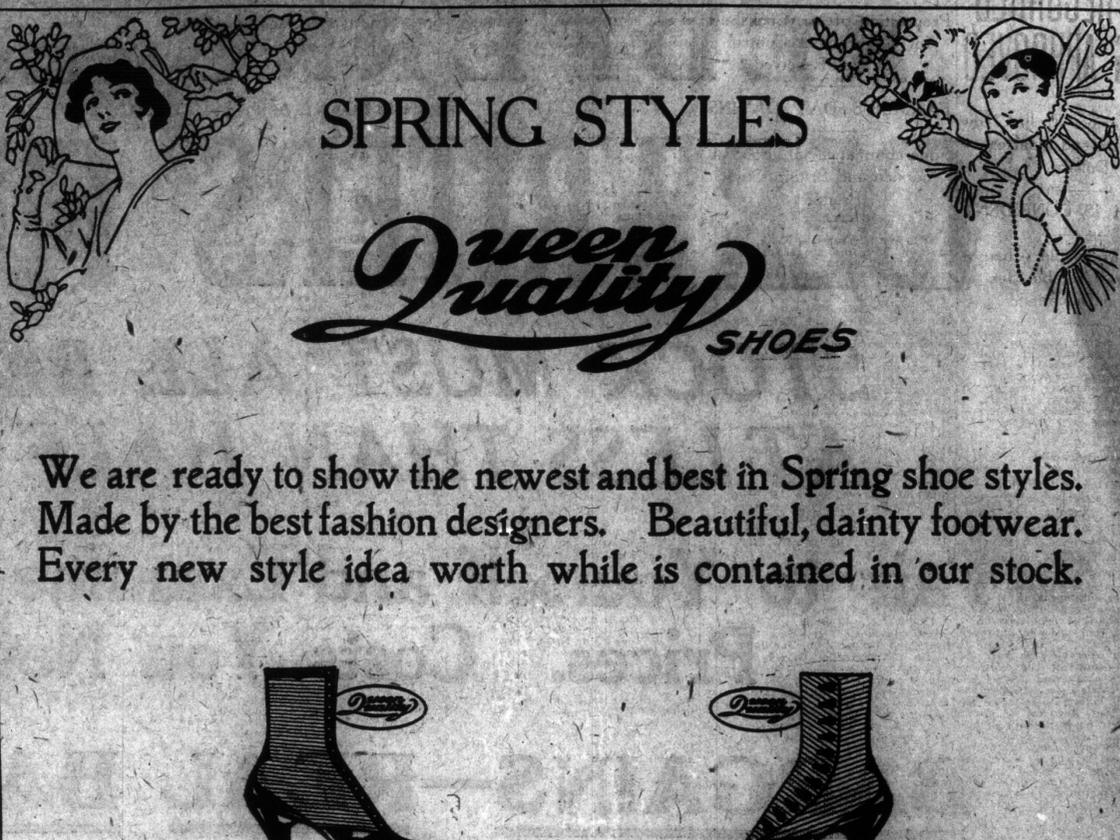

ENGLISH WOMAN ASKS ABOUT McCUTCHEON'S
 Made Investment of Two Hundred Thousand in Firm, But All Not Paid In

Mrs. H. Sowler, London, England, who made an investment of \$200,000 with McCutcheon Bros., has written to a firm of Toronto solicitors, asking that they give her information relative to the position of the McCutcheon firm. The full \$200,000 had not been paid in.

MONEY FOR BLUE CROSS.
 At the Humane Society meeting, held at the headquarters on McCall street, yesterday a letter was read from the secretary of the Blue Cross Fund, London, Ont., acknowledging the receipt of \$500 for comforts for horses on the battlefield. The money was given at a luncheon promoted by a women's committee, under the direction of Mrs. D. L. McCarthy.

REV. SOLOMON GRAEB SENDS RESIGNATION

Pastor of High Park Presbyterian Church Voluntarily Resigns at Closed Meeting Last Night

Courian & Sons' Rug Clearance
 That the great Oriental Rug Sale, comprising the whole of the large and select stock of Courian & Sons, has strongly aroused public interest was shown by the crowds that attended on the opening day. The sale was held at 40 East King street, a few doors west of Toronto street, was packed throughout the day, and those who bought had no reason for regret, as many splendid bargains went to them. This necessarily happens in a realization sale of this size, and even greater and more numerous bargains may be expected during its continuance. The clearance will proceed today and their further notice under the hammer of Mr. C. M. Henderson, who conducted the sale with his usual business efficiency.

PROCEEDS FROM SHOW SWELL RELIEF FUND
 Loew's to Give Receipts of Wednesday Night to Help French in Distress

On Wednesday evening the proprietors of Loew's Winter Garden will kindly devote the proceeds of the evening's entertainment to the French Relief Fund, organized by well-known Toronto people to assist the destitute inhabitants of the French territory now occupied by German troops.

It is hoped a large audience will be present to aid this worthy charity.

Daily World \$4.00 per year; Daily World 10c per month; Sunday World 25c per month, including postage.
It will prevent delay if letters containing "subscriptions," "orders for papers," "complaints," etc., are addressed to the Circulation Department.

The World promises a better service of delivery in any part of the city or suburbs. World subscribers are invited to make the circulation department in case of late or irregular delivery. Telephone M. 5306.

TUESDAY MORNING, MARCH 2

Civic Car Fares

There will be general satisfaction in the outlying districts of the city over the decision of the board of control not to recommend an increase in the civic car fares. We believe, as we ventured to make it appear yesterday, that the best argument against raising the fares is to put the best possible face on the proposal to increase them. Apart from arousing the antagonism of everyone interested, the weakness of the case for an increase is so sufficiently self-confuting that the board of control could not but recognize the fact. Apart from the economic side of the question, it would be a distinct breach of faith with the population of the suburban fringe to increase the fares at this time. Many working-class families have been tempted to go and reside in the areas served by the civic cars on account of the cheap rates in force. To raise these rates now would be a distinct violation of the terms tacitly recognized. We are glad to see that the mayor agreed with us that the city will be recompensed in many ways for any loss entailed directly by the lower fares. The increase in assessment values alone ought to cover, and more than cover, any deficit on the overhead charges, which are estimated for the remainder of the street railway franchise at about \$800,000. There is still a possibility that the aldermen may try to raise the fares, but if sufficient publicity be given to the feeling of the residents in the city outskirts this is unlikely.

Inflammable Buildings

When a building like the headquarters of the Parkdale Canoe Club is burnt out with such regularity and completeness, it strikes the outsider that it might occur to the management that a less combustible material than wood might be used in its construction. In these days of fireproof buildings and near-fireproof buildings, it seems inexcusable to go on erecting wooden frames in which to deposit valuable property, trophies and memorials, not to mention the risk to human life which a sudden fire on a crowded occasion would bring. Quite as attractive a building could be constructed out of non-inflammable material, and the Canoe Club would surely have more satisfaction in possessing a building which was not quite so liable to disappear periodically and at times when its existence was most required.

Germany's Illusion

For more than a generation Germans of all classes have bragged and boasted about their superiority in every branch of human activity. The more they asserted their claim to be supermen the stronger the obsession became, and its unceasing iteration and reiteration in endless forms impressed the remainder of the civilized world with the belief in its truth, not without some show of reason. For it was certain enough that German efforts were concentrated year by year, day and night, on the perfecting of their war machine. All the qualities associated with German character were devoted with infinite pains to the forging of a weapon, that once set in motion, would prove as irresistible as the hammer of Thor.

Standard Reliance Mortgage Corporation

In another column of this issue will be found the second annual report of the Standard Reliance Mortgage Corporation, presented at the meeting held yesterday at the head office, 34-38 East King street. It showed the net earnings for the year ending Dec. 31 last, after deducting all expenses of management, to be \$265,032.30, which, with the balance of \$39,751.69 brought forward, provided \$304,783.99 available for distribution. After payment of interest on debentures, deposits, etc., and \$138,978.89 in dividends, and the transfer of \$80,000 to contingent reserve, a dividend of \$85,805.01 was carried forward to current year's account. The extent of the company's business can be gauged from the fact that the mortgage loans upon real estate, balances owing on sale agreements and advances to the Dovercourt Land, Building and Savings Co., Limited, and other companies, secured by charges upon lands and improved properties, amounted to \$5,349,599.97. Assets in

YOU NEVER CAN TELL

fundamental elements—the matter of leadership and the effect of German aggression on national sentiment. German military authorities did not reckon on Joffre or on Kitchener or on the emergence of a strategical scheme that immediately neutralized German superiority in mobilization and equipment. Neither had they wit to anticipate the loyalty with which the allies would co-operate in gaining the time needed to establish their preponderance in the campaign.

Tubercular Cattle

There will be mingled feelings in carnivorous households over the statement that the medical-health department has stated that a large amount of meat placed on the market comes from tubercular cattle. In the discussion that occurred in the property committee yesterday it was stated that 15 per cent. of the hogs and 40 or 50 per cent. of the cattle slaughtered were tubercular, and that the meat from these animals was edible. Undoubtedly it is edible, but the householder will wonder if it be healthy. A large number of things are edible which are scarcely to be regarded as wholesome food. The public will want to know more about this alleged tubercular condition of cattle slaughtered for food. Perhaps there is some connection with the scarcity of cattle at present and the fact that such statements transpire at the present time. If 40 or 50 per cent. of cattle slaughtered here were tubercular all along, consumers will ask what connection there is between the consumption of such food and the prevalence of tuberculosis. It has been frequently stated that where there are no cows there is no tuberculosis. Tartary is one of the countries cited as an instance of this, and there are some other places. The effect of this announcement coming from the property committee, coupled with the high price of meat, will perhaps have some effect upon the consumption of meat as an article of diet.

An Alliance of Sacrifice

That was a striking and historic speech in which Mr. Lloyd George outlined the result of his conference in Paris with the French and Russian ministers of finance. Had any one been venturesome enough to prophesy only a very few years ago that the powers of the triple entente would co-operate in war with a loyalty that refused no individual sacrifice for the common good, he would probably have been stigmatized as a dreamer of dreams. Yet that is just what has happened thru the strain and stress of this epoch-making conflict. Each nation that is battling against Prussian ambition for world dominance has in turn been called upon to suffer in order that victory shall be achieved. Little Belgium was the first to offer itself and its ordeal remains. It could have purchased immunity at the expense of honor, but it preferred the higher and nobler part. With a country devastated, desolated and almost entirely in the hands of the enemy, it has saved its soul, whose living embodiments are its heroic king and queen. History will record no more tremendous immolation on the altar of duty than that of Belgium and the redress of her wrongs, in so far as that can be done by money compensation, will be the first concern of the allies. Serbia, with the population of Ireland, is engaged in a third great war within two years and fighting, too, with undiminished valor. Serbia, too, deserves all consideration.

HOW MANUFACTURERS ARE AFFECTED

How much do Canadian manufacturers benefit from the government's revenue measures? The seven and one-half per cent. horizontal increase in the customs tariff on manufacturers gives some of them increased protection, but the simultaneous increase of the duties on both free and dutiable raw material takes part of this new protection away. The benefit will have to be estimated individually. A manufacturer who takes a small quantity of cheap raw material and elaborates it into a highly specialized and expensive article will obviously benefit more than a manufacturer who changes the shape of raw material without considerably increasing its value, as, for example, manufacturers of certain iron and steel products. Collectively, however, manufacturers should be benefited by even so slight an increase of protection, which will diminish the flood of foreign goods sent into our country by hard times and tend to stimulate the demand for articles manufactured in Canada.

FIVE GERMANS INDICTED ON CONSPIRACY CHARGE

Federal Grand Jury at New York Probes Activities in Coaling Karlsruhe

Canadian Press Despatch. NEW YORK, March 1.—The federal grand jury, which has been investigating the furnishing of supplies to German cruisers in the Atlantic, today returned two indictments against the Hamburg-American Line and five men alleged to have been connected with the shipments. The men named in the indictment are: Karl Buns, director in charge of the New York office of the Hamburg Line; J. Poppenhause, who served as super-cargo on the steamship Berwind; George Kotter, Felix Seffner and Adolph Hasmeleier. The federal grand jury had been investigating since Friday last a complaint made by Sir Courtney W. Bennett, British consul-general here, and evidence submitted by the office of the U. S. district attorney. Seffner was super-cargo of the Lorenzo, a vessel owned by the New York and Porto Rico Steamship Co., which was given the honorary rank of West Indian waters by a British cruiser while coaling the German cruiser Karlsruhe. Two indictments were returned. The conspiracy was formed on Aug. 1 last, and included the defendants named. The Berwind White Coal Mining Co., and Wessels, Kullenkampff & Co., exporters, regarding the clearance of the steamship Lorenzo, with a cargo of bituminous coal, was chartered by the German government. The Lorenzo had aboard 2377 tons of coal. The Berwind steamed from New York on Aug. 5 for Buenos Ayres, and arrived at Rio Janeiro on Sept. 18, more than two weeks overdue. The indictments charge that the conspiracy was continued until Feb. 25 last, and was formed by the defendants with others, "unlawfully, corruptly, wilfully and feloniously to defraud the United States" by chartering steamships falsely, cleared from ports in the United States, with the intent of having the cargo, which consisted of super-carriage placed on them, proceed to various places other than those mentioned in clearance papers, and there meet and deliver to ships belonging to or under the control and direction of a foreign country, the supplies falsely described in the manifest recorded at the customs house.

PRESENTMENT HAS A STERN REBUKE

Grand Jury Criticizes Toronto's Council, Police Court and the Jail

INJUSTICE IS DONE

Chief Justice Mulock Says More Thoro Investigations Should Be Held

The presentment of the grand jury delivered to Chief Justice Mulock yesterday in the assize court, city hall, called forth a stern rebuke for the city council and police court. "It is gratifying to know that you carry out the mandate of the many public institutions, but your censure upon the lack of adequate fire escapes at the municipal jail is very deserved," said Justice Mulock. "These have been three cases of treason tried in the past assizes, the first cases since 1838, but most of these did not prove treasonable. I wish to add a word of praise to the Salvation Army work among prisoners, and we had a worthy proof of their good work during the Carrie Davies trial, for one of their 'angels of mercy' stayed constantly with her, and it was upon her shoulder that Carrie Davies wept when she received her acquittal. A case stating that all persons guilty of treasonable offenses be severely dealt with was contained in the presentment, and that the law be drawn more tight around the sale of revolvers. All drivers of motor cars should pass an examination, and that leather cushions should be placed on jurors' chairs." The jury also wrote that the House of Industry was too small for the enormous work being done and advised the construction of a new building. A place after the style of the women's jail farm was recommended for the inmates of the Mercer Reformatory, the present quarters being unsuitable. The Hospital for Sick Children was highly recommended, as also was the work of the Salvation Army among the poor.

Mrs. Wiseneighbour Says:--

"I should have told you the other day, when I was speaking of 'Eddy's Washboards, that it is just as necessary to have an Indurated Fibreware Tub to hold your clothes if you want to make a success of washday."

Mrs. Newlywed Says:--

"I've heard of Eddy's Indurated Fibreware. What's the difference between fibre and woodenware?"
"Fibreware is made from compressed fibre, baked at extreme heat. All in one solid piece, it cannot warp or fall apart. No chance of splinters. Wears much longer, looks better, and is light to carry. The latter point you should always take into consideration," concludes Mrs. Wiseneighbour.

FAILED IN HER CLAIM FOR LOSS OF HUSBAND

Appellate Court Reverse Verdict Awarding Mrs. Rose Stumpf Damages

At Osgoode Hall yesterday the second appellate court gave judgment in the appeal of J. Stevens against the verdict of a jury, under Mr. Justice Magee, awarding Rose Stumpf \$2000 damages in her claim for the loss of her husband, Michael Stumpf. The appellant, Stevens, was a plaster contractor on the erection of a new Catholic Church at Midway, Bruce County, and the late Michael Stumpf was in his employ. While working under a scaffold the structure collapsed and the respondent's husband was killed. Mrs. Stumpf claimed the appellant had been negligent, and the jury found in her favor, holding that Stevens should not have allowed the men to work underneath the scaffold, which he knew to be unsafe. After a careful perusal of all evidence, the court states that a non-jury suit should have been entered and the appeal was allowed. It is alleged that the Incorporated Synod of the Diocese of Toronto has neglected to pay its taxes for 1913 and 1914, on the Dutch farm property it owns, and the Township of York has issued a writ to collect \$2075.37. Max Ericksen, a prominent action against the city for unstated damages for the death of Francina Ericksen of Toronto, who, it was alleged, was killed on the Danforth car line thru the negligence of the city's servants. The second appellate court list for today is: Merchants Bank v. Bury, Hull v. Seneca; Birtwistle v. Treblecock; Grills v. Ottawa; Smith v. Hummerston Cemetery Co.; Montgomery v. Walker.

Hockey Victorias - 2 St. Michaels 2 Curing Aberdeens in Agincourt Final

Victorias Win By Narrow Margin of One Goal

St. Michaels Staged Desperate Rally in Last Period and Came Close to Tying up the Round - Murphy and His Good Body-Checking Kept the Saints in the Hunt - Most Thrilling Hockey Final of Recent Years.

Victorias are senior O.H.A. champions again. St. Michaels held them to a two-all tie last night, but Vics' slim margin of one goal in the former encounter was enough to win the premier O. H. A. honor.

It was the greatest final of all times. St. Michaels staged a desperate rally in the final period that nearly brought home the bacon. Vics were backed up on top of their own goal for practically the whole twenty minutes, and it was the phenomenal body-checking of Hefferman that saved the day. St. Michaels gave up their intention of retaining after this game, and they call it do without any regrets. The Saints were one second off a championship.

Glad Murphy was the star always. The Irishman appeared without Ramin, and before the game Vics were 2-to-1 favorites. Murphy's superb for Bricker, and it was his weight and body-checking that made it possible for St. Michaels to show the wonderful finish. Big Glad pumped everybody in sight. His work was clear at all times, and he had the Vics forwards gasping through the game. Murphy established a record for himself by failing to visit the sorrow bench throughout the entire hour of play.

The only spot that the champions had it over the runners-up was in work close to the net. St. Michaels again showed too much haste with their passing when in the dangerous crease, and their shooting was not all that it should have been. Time after time goals looked serious, but the puck was shoved just a little too far, and the man closing in was unable to reach it. Vics teamed together in a way that was used by the winners.

The play was much more open than in the first meeting, and there, therefore, much more spectacular for the big crowd. The checking was always hard, but never dirty, and earnest at all times. The hooking and slashing that took place in the first fixture was not so conspicuous by its absence last night. A cleaner and harder-fought senior final was never staged in Toronto.

Glad Murphy must be given the credit as the most useful man on the ice. He took the steaming out of the Vics from the first two periods, and they were unable to stem off the Saints when they closed with their best effort in the last period, but he showed almost beyond human power to stop the wild Irishman and Hefferman, and kept them dodged them, and poked checked them long enough to win the championship.

The Vics scored a goal in each of the two periods, and these two counters were the result of an individual effort, the first seldom been seen in such a close-checking game. Harry Meeking was responsible for both of them. The first goal was scored by Harry Meeking. The first goal was scored when Harry secured after Murphy rushed, wiggled his way into the crease, and drew Bricker out, and shot as he was closing in. The one in the second period was got much the same way.

A comparison of the two teams leaves no doubt as to who should be given the laurels. Of course it must be remembered that Victorias won the championship. Their defence was the main thing. It was what did the work. Murphy's strenuous checking disorganized the forward line and the brains of the work fell to those closer into the net. Offensively and defensively the Vics pair of stalwarts in front of McGiffin had a great deal to do. Hefferman was especially strong in the game. He was the only man that he had any real trouble in stopping was Glad Murphy. It would take a German siege gun to stop the famous athlete. McGiffin had seven more shots to stop than Bricker and the honors were about even here. Both goalers cleared nicely and their work was on a par.

Looking Them Over. Murphy had considerable on Stevenson. He came close to winning the second O.H.A. championship. Murphy was head and shoulders over every man on the ice. Gordon Meeking's work was very manly and effective than that of Lafamme. The St. Michaels centre could never break away, three times he was always camping on his trail. Dutchy Richardson was Aird's check and he again kept him in bounds with able assistance from Murphy. The big fellow bumped Aird hard three or four times early in the game. McCamus and Harry Meeking had a great battle for the honors. Meeking's two goals give him the made. McCamus broke away in the last round and it was his shooting that had McGiffin scared.

The crowd was slightly below that of the former game. Six thousand nine hundred and eighty-two fans viewed the struggle, and \$4800 was the money taken in at the gate. The previous game drew 7886 people and the receipts were \$5111.75.

At the start it looked as if it would be another of those close checking games with the play nearly all in centre ice, but the first couple of minutes saw them break it up and take down. Hefferman broke it up and took down, but was skated into the corner. Vics' Lafamme trip ped Gooch on the next rush and drew the first penalty. Murphy started right with his body-checking and distress was seen on many faces. Hefferman as G. Meeking opened up for the next rush, but lost it when they hit the defence. McCamus took right back, but couldn't get it out of the corner. There was another session of mid-ice play. It was slammed around with no advantage shown.

The First Goal. Within six seconds after the start the first goal was netted. Murphy had it in the corner, and Harry Meeking was away alone. He stick-handled his way thru the crowd alone, drew Bricker out and slammed it into the net from the left. It was a beautiful play. The Meeking brothers supplied the next thrill.

Gordon got a pass well in, but his shot was over the net, and Aird skated across in front of him to spoil the lift. Stephenson saved the Saints' fans heart failure by sending a slow roller that nearly got over Bricker's stick. McCamus carried it right back and shot across the goal mouth, but nobody was there to bat it in. Lafamme got a pass out from the corner and it was only quick work by McGiffin that saved the day. Stephenson and Aird were penalized, giving the Saints a seven to five advantage, but no goals resulted.

Murphy was the star always. Hefferman broke up a rush and set sail for the other end, but he was wide of the mark. Stephenson came in from the side, but it failed. Richardson got a rest for nothing. McCamus drove over the net. Aird carried it back, only to shoot wide, and Jimmy Disette took a rest. A second later Richardson returned. Aird intercepted the pass and went thru the bunch, with nobody to beat but the goalies. Bricker turned it aside. Gooch opened up an end to end rush, but was skated into the corner. Stephenson got a rest.

McCamus was next to show with a shot from the side, but it swailed nothing. Hefferman broke up a rush and set sail for the other end, but he was wide of the mark. Stephenson came in from the side, but it failed. Richardson got a rest for nothing. McCamus drove over the net. Aird carried it back, only to shoot wide, and Jimmy Disette took a rest. A second later Richardson returned. Aird intercepted the pass and went thru the bunch, with nobody to beat but the goalies. Bricker turned it aside. Gooch opened up an end to end rush, but was skated into the corner. Stephenson got a rest.

The play in the first period showed St. Michaels aggressors for the majority of the time, but this prevailed notwithstanding as their work in close to the nets was very poor. The shooting, as in the former game, was not very good. Their passing again erratic. Vics were ice, but Murphy looked after them, and well their chances were not as many as their opponents.

It was much the same in the second twenty minutes of play. Murphy continued to bump clean hard, and St. Michaels fooled it away with poor shooting. It was end-to-end for the first few minutes. Stephenson and Murphy each had a chance. Hefferman dumped Lafamme and drew a penalty; and then Harry Meeking came to the fore with another wide shot at the end of the period. He got up to the defence and poked it thru them into the nets.

They were even up to the end of the first period. Aird was Johnny-on-the-spot to grab an overcast pass, but he shot wide. Gordon Meeking gave Bricker one to stop, and Lafamme was skated into the corner after an end-to-end rush. Gooch was the next to rest. Murphy and Lafamme had shots that McGiffin cleared, and McCamus lifted one over the nets. Merrick netted the one for St. Michaels. It was from a most difficult position. Richardson and Murphy were the puck-carriers, but lost when they hit the defence. The rubber was shot into the corner. Merrick grabbed it, shot across, and into the far corner of the net. Gooch returned, just as Gordon Meeking rolled one up to Bricker that nearly coasted thru. Lafamme was wide with his, as the rest bel rang.

Vics were much superior with the combination in the round. They opened up two and three-man rushes on several occasions, and the Saints were hard put to stall them off. On the other hand, St. Michaels were with hitting sticks more often than the Red Shirts, but it was again their poor inside work that failed to get up to the net.

McCamus had trouble with his skates and for the first three minutes was played as a man on the side, and the Saints looked beat at this style. The losers showed renewed life and just after shot was scored on their own goal it was a desperate twenty minutes. Shot after shot was scored at McGiffin, but only one got by. It was McCamus who tied it up on the night. He did the set and rest within good range and drew one into the net when everybody was on their feet.

Play moved to centre ice for a minute or two and then again did the Saints' press. In their two and Hefferman and Gooch were like men possessed. The pair got their bodies, feet, sticks and arms in the way. The Saints had every man up but the cooler, they couldn't get one between the two posts. Only inches wide, he repeated from the side a second later, and then Jimmy Disette was dead on with one. It was the close checking that kept them from trying as they would the Irish couldn't just do it.

It was a fitting finish to a sensational series. Credit must be given to St. Michaels for their effort and again the victors must not be forgotten, as they kept their heads and also used them to play one of the greatest defensive games of modern hockey history. The teams: Victorias (9)—Goal, McGiffin; defence, Hefferman, Gooch; rover, Stephenson; centre, G. Meeking; right wing, H. Meeking; left wing, Aird.

St. Michaels (9)—Goal, Bricker; defence, Disette, Merrick; rover, Murphy; centre, Lafamme; right wing, Richardson; left wing, McCamus. Referee—Oscar Bernhardt. Judge of play—Dr. Gillilan.

Toronto Rink Beat Last of the Granites

The city single-rink competition was reduced to the final only yesterday. There was not the necessary frost in the afternoon, and the semi-final between Wilson of the Granites and the rink of the Queen City. The final between the Toronto and W. W. Booth of Aberdeens will be played after the Ottawa bonspiel.

A mistake was made in the official report of the Victoria Club, when giving the scores of Friday night's trophy games. It is now ascertained that from Toronto by grace of a handicap, when as a matter of fact, John was one point clear without the penalty, and Skip Morgan pulled up with four on the last end.

It is already rumored that the Rennie rink that won so gloriously and trophy victories, will be in commission again next winter.

With trophy play pretty well thru, the clubs will now get pretty well thru their own games, if there is ice. This is a reminder that a well-known Granite skip, who tries in vain to apply theory to practice, was knocked out of two club competitions by a combination of the Granites and the Rennie rink.

Skip Wilson was an absentee, W. H. Hepler going on the Granite rink to lead H. B. Post over the skating. The ice was fair. The game was close throughout, the Toronto team drawing away at the 8th and 10th. The Granites threatened to tie it up, and almost did so in the last end. Scores: Toronto..... 10 100 020 21-12

Fast Brand of Hockey In the Beaches League

Followers of the different teams in the Beaches Hockey League should see some of the fast-cut hockey of the season at the Arena when three A. B. C. teams will be played. The first game at 8 o'clock will be between Broadviews and Don Rowing Club, and a red hot game should result, as both teams play clean fast hockey.

The second game at 8 o'clock will be between Broadviews and the Victoria rink, and this should be one of the best games of the season. The Victoria rink is a fast-cut team, and the Broadviews rink is a fast-cut team.

The third game at 8 o'clock will be between Broadviews and the Victoria rink, and this should be one of the best games of the season. The Victoria rink is a fast-cut team, and the Broadviews rink is a fast-cut team.

The fourth game at 8 o'clock will be between Broadviews and the Victoria rink, and this should be one of the best games of the season. The Victoria rink is a fast-cut team, and the Broadviews rink is a fast-cut team.

The fifth game at 8 o'clock will be between Broadviews and the Victoria rink, and this should be one of the best games of the season. The Victoria rink is a fast-cut team, and the Broadviews rink is a fast-cut team.

The sixth game at 8 o'clock will be between Broadviews and the Victoria rink, and this should be one of the best games of the season. The Victoria rink is a fast-cut team, and the Broadviews rink is a fast-cut team.

The seventh game at 8 o'clock will be between Broadviews and the Victoria rink, and this should be one of the best games of the season. The Victoria rink is a fast-cut team, and the Broadviews rink is a fast-cut team.

The eighth game at 8 o'clock will be between Broadviews and the Victoria rink, and this should be one of the best games of the season. The Victoria rink is a fast-cut team, and the Broadviews rink is a fast-cut team.

The ninth game at 8 o'clock will be between Broadviews and the Victoria rink, and this should be one of the best games of the season. The Victoria rink is a fast-cut team, and the Broadviews rink is a fast-cut team.

The tenth game at 8 o'clock will be between Broadviews and the Victoria rink, and this should be one of the best games of the season. The Victoria rink is a fast-cut team, and the Broadviews rink is a fast-cut team.

THREE RINKS LEFT 'AGINCOURT' SPIEL

Brandons, Aberdeens, to Play R. B. Rice or H. J. Clark Final for Trophy

AGINCOURT, March 1.—The bonspiel progressed favorably today and was reduced to three rinks. J. A. Brandon of the Aberdeens is in the final, coming out winner of group B, while R. B. Watch Orillia in Intermediate Final

ORILLIA, March 1.—Orillia intermediate will enter the final. The last of the semi-finals was played here tonight and Collingwood went under by the score of 10 to 1 or 15 to 3 on the round. The game was fast and the ice in good shape. Twelve penalties were handed out, Orillia drawing eight and Collingwood four. Orillia are now ready to enter the final with Warton. The line-up: Collingwood (1): Goal, Clarke; right defence, Baines; left defence, McCleod; rover, Walton; centre, Becher; left wing, Teller; right wing, Foulis. Orillia (10): Goal, Corbould; right defence, Harris; left defence, MacNab; rover, Jupp; centre, Ross; left wing, McDonald; right wing, Draper. Referee: Lou Marsh of Toronto.

Want English Soccer Men to Join Colors

LONDON, March 1.—At the end of the football season on April 30, the English soccer players will find themselves in a position never experienced before, that of being out of work. All contracts with the professional players, with the exception of a small number who signed until April 30, 1915, will end.

The signing season, which begins on May each year, will be held over until late in August, so as to prevent any inducements being held out which will interfere with the call to the colors. The former wages nor anything in the nature of a retaining fee; in fact, not anything tending to keep the players from service.

The greatly reduced attendance at the league games this season, all the clubs are suffering badly from financial troubles, and the Football Association has called a special meeting for March 29 to adopt a scheme to help the clubs and also to consider important alterations in the playing rules.

One question that is considered to be the most important is the matter of the salaries to be paid the players in future, as it is thought in official quarters that under the altered conditions a much smaller sum than \$20 a week will be a reasonable salary for all soccer players.

OH, PA, WE HAD SUCH A DREADFUL SCARE THIS AFTERNOON! I'M REALLY ILL FROM IT!

SCARE?

YES, CEDRIC HAD A SLIGHT ATTACK OF INDIGESTION, AND I WENT TO GIVE HIM A DOSE OF THIS BOTTLE—

HUH?

WELL, GOSH—BLAME SUCH GOL-BLINKED CARELESSNESS! DOG-GONE IT, MA, THIS HERE'S LAXY HAIR-TONIC! WHAT WAS YOU THINKIN' OF, ANYHOW!

OH, I KNOW I DESERVE A SCOLDING, PA! IT WAS FEARFULLY CARELESS OF ME! TO THINK I MIGHT HAVE KILLED THE DEAR BOY!

THAT AIN'T WHAT I'M THINKIN' OF! I'M THINKIN' OF THIS HERE HAIR-TONIC! IT COSTS ME FOUR DOLLARS A BOTTLE, AN I WON'T HAVE IT WASTED BY JINKS!

Custom House, 112 Lamb's Tail, 112
Dude, 112

FOURTH RACE—Three-year-olds and up, purse \$400, one mile:
Jawbone, 104 Col. Holloway, 104
Ellis, Harwood, 109 Sackcloth, 105
Quick Start, 107 Sapwood, 107
Ducktail, 108
Dr. Swarbrick, 109 Gervard, 109
C. McFerran, 114

Weather clear; track good.

GEORGE ROWLINGS INSTANTLY KILLED

Body Found on Railway Tracks at Foot of Strachan Avenue

George Rowlings, of St. Thomas, was instantly killed by being run over by a train at the foot of Strachan avenue about 10:30 o'clock last night.

He was identified by a letter he had written to his father, George A. Rowlings, of St. Thomas. The letter had been written in Guelph, a few days ago and had not been posted. It showed that he had been a member of the militia and as he was found dressed in civilian clothes it is thought he had secured his release.

He was about 27 years of age. There was a photo of a woman in his pocket, which bore the name of a London, Ont., photographer. It resembles the photo of his sister. There was also a cheque stub in his pocket bearing the name of George Rowlings and several letters addressed to him.

He was well dressed, wearing the latest cut overcoat of gray. His suit was blue serge with a small stripe.

S.O.E. CARPETBALL.

Standing of the Eastern District Sons of English Carpetball League to date:

London	1	1	11	3	19
St. George	2	3	10	4	22
Litchfield	5	4	1	10	4
Eastbourne	5	6	0	11	3
Manchester	5	0	11	3	3
Cambridge	5	7	0	12	3
Stafford	4	7	0	11	3
Shrewsbury	2	0	11	3	4

Results last week London 77, Stafford 61; Shrewsbury 74, Eastbourne 61; St. George 75, Cambridge 15.

Games next week: Monday, March 3, Manchester at Eastbourne; Tuesday, March 9, St. George at London; Thursday, March 11, Cambridge at Litchfield.

Dodging an Argument

Crawford—How do you get your wife to believe what you say when you come home late?

Crabtree—I first listen to what she accuses me of doing and then I own up to it.

Pleasant Conversation

She—Are you fond of Stringers?

He—Yes; but I prefer Rogers!

RUSSIANS BEGIN GRAND ADVANCE AGAINST TURKS

Two Columns March on Erzerum, Sweeping Everything Before Them

TURKEY SICK OF WAR

Allies Work on Perfectly Coordinated Plans for Subjugation of Ottoman Empire

Special Cable to The Toronto World.

PETROGRAD, March 1.—Russian troops are again moving forward on the Asiatic front, having cleared out the Turks from the Trans-Chorok region. The Russians have now advanced several marches, sweeping aside, destroying and capturing the detachments and forces that venture to attempt any opposition. They are now approaching OHI Chal along one of the main high roads towards Erzerum from the west. From the east also a certain liveliness is again being exhibited, the Russians having taken a couple of guns from the Turks in an encounter in the mountain passes to the south of Alashkort. The two forces are marching in concert and are about equidistant from their goal from opposite sides. Nothing more has been heard of the Turkish raid into Persia which ended so disastrously at Tabriz. From all accounts received the Turks are heartily sick of the adventure into which they were forced by the Goeben on behalf of Germany.

Admiral Bernhardt, commenting on the Russian Black Sea fleet, recently announced that the Russians have secured command of the sea inasmuch as the Goeben is unable any longer to threaten the Russian ships with a superior power.

The renewal of activity on the Asiatic land front coincides with the naval action by Russia's allies at the Dardanelles and once more gives assurance of the perfectly concerted plans which are tiling the allied operations throughout the war.

TO OUR BOYS.

"May God keep all our soldiers in His kind and loving care; and He'll take you safely home."
"We pray that death may pass you by, and leave us all our boys."
"May they feel that He is with them, whatever may betide."
"That He is ever near them—always by their side."
When in battle you are fighting, "Boys" don't fear, the death may come; You have tried to do your duty, and He'll take you safely home.
We pray that death may pass you by, and leave us all our boys.
For we need you all so badly—all the mothers want their sons.
But the Country needs us greater; she wants men to man her guns.
We're hoping, trusting, praying, and we feel that you'll come back.
We shall hope and watch and wonder till you're on the homeward track.
In all brave deeds be merciful; let glory always be Temperance, mercy; spare the women and children, and let the women and children be their guide.
That which is not brutal—do not maim as they have done.
Out of lust for blood and vengeance, or for sport and wicked fun; Fight with honor always, like Britons brave and true.
And let the world acclaim our boys as "Honest and True Blue."
—Lillian A. Wisdom.

GERMANS HURLED BACK TO BORDER

Russians Defeat Two Army Corps With Heavy Losses at Przasnysz

OTHER WINGS STOPPED

Five Divisions of Enemy Also Checked on Plonsk-Racisz Front

Canadian Press Despatch.

PETROGRAD, March 2, 12:52 p.m.—(Via London, March 2, 12:52 a.m.)—The official communication issued tonight by the war office regarding the progress of the campaign follows:

"We concluded yesterday the operations around Przasnysz, where we defeated and have thrown back to the frontier not less than two army corps. The Germans, having completed the retreat of our tenth army, set themselves to the further task of joining battle with our troops operating successfully in the Mlawa region. Their plan was first to drive back, by demonstration in force, our left wing in this direction, and then to attack our right wing in the Khorzele (Chorzelski) district, to overthrow our troops in the direction of the Vistula. Stepped on this Front.

"On the 20th the enemy took the offensive in the Lano-Sierpe-Bienin direction, bringing five divisions into the operations. About the middle of February the enemy had reached the Plonsk-Racisz front, but as a result of desperate battles on the 16th and 18th we stopped his further progress in this section.

"About this date the Germans concentrated very great forces between Mlawa and Przasnysz, and took the offensive. On the 15th we discovered massed advance guard in the Khorzele district, and on the 20th, great enemy forces began an impetuous advance.

"Passing Przasnysz on the east they reached the Village of Czuka. Przasnysz formed the extreme point of support of our right wing in this region. Here our infantry brigade was operating and, after meeting the enemy's attack with a defence characterized by vigor and initiative it threw part of its strength into Przasnysz.

"This brigade had had only an unimportant force of cavalry, which served as a reserve and impeded the German enveloping movement. After detaching troops for an attack on Przasnysz and strongly covering this operation in the direction of the Narew River, on a front comprising Prztyly, Krasnosielo, Podociste, Muel, Yaghenky and Kraino Kolskovo, the enemy made his principal effort against the right flank of our troops concentrated in the Mlawa region.

"The following official statement regarding the operations of the Russian forces in Asiatic Turkey was issued this morning:

"Our troops operating in the coast region yesterday occupied the port of Khorpa (on the Black Sea, 18 miles southwest of Batum). The port was of great military importance to the Turks. There is no change in the other parts of the war zone."

TO ARMS! TO ARMS!

England, little England, The pride of all the seas, The small but greatest country, Who rules the world with ease. Her generals and her fighting men, The bravest in the land, Her ships and naval officers, Are proud to take command. God help her—keep her—save her. May she ever keep the place That her grit and valor won for her. Yield not, then sword and lance, May the men of all her colonies, Who rally round her now, Know well how much she stands for, And we know that she will show For mother, child or wife, We pray for peace with honor. But, if not, then sword and lance, But honor, first and always, In the Briton's hope and pride, Then on, John Bull, to glory— To Arms! to Arms! AND RITE. —Lillian A. Wisdom.

Investments in Comfort for Men

It's well along in the overcoat season now, but still some winter ahead; also another winter is coming. So for the investment of a small sum, a new overcoat has many advantages at such prices as these:—

Fur Collar Coats \$8.95

They have sold all winter at \$12.95. Only 27 of them, made from black beaver, rubber lined, with a collar of Russian marmot fur, 50 inches long; sizes 36 to 44. Wednesday... **8.95**

Black Melton Coats, \$5.95

30 of them, made from English cloth, in single-breasted, fly front, Chesterfield style, with a black velvet collar, well lined; sizes 36 to 39. Wednesday... **5.95**

NEW SPRING SUITS FOR MEN AND YOUTHS.

It is difficult to choose from the big and varied stocks suits for description that shall be representative. However, here are three types that are smart and well-cut, at prices that you will approve. All are in sizes 36 to 44. All are single-breasted sack models, and the newest in every line.—

- An English tweed, in brown... **10.50**
- English worsted, in brown diagonal... **15.00**
- English worsted, in gray check... **18.00**

1,000 Articles of Jewelry at 49c

- 10k Pearl Set Brooches, knife edge bar designs, several pretty patterns. Regularly \$1.25. Wednesday... **49c**
- 10k Scarf Pins, in silver, heart and horseshoe designs. Regularly \$1.00. Wednesday... **49c**
- Assorted Stone Set Pendants, several pretty designs, set with imitation opals, brilliants, amethysts, sapphires, in dainty combinations. Regularly \$1.00 and \$1.25. Wednesday... **49c**
- Long Guards of "fish scale" pearls, with strong snap. Regularly 75c and \$1.00. Wednesday... **49c**
- Long Guards of real coral. Regularly 85c. Wednesday... **49c**
- Several designs in Stone Set Lockets. Place for two photos. Regularly 90c. Wednesday... **49c**

Young Men's and Boys' Suits for Spring
