

OVERCOAT DAY

Is Every Day Now

Do you find it hard to decide where to go for your Overcoat?

With every merchant shouting from the house tops the word *Bargain*, and offering every inducement under the sun, and then some, to get your money, it must be hard for you to make up your mind just where will be the best place to buy your new Winter Top Coat. There is one thing sure, you can't buy good fabrics for a song today, and there are lots of garments being sold having a boosted value that must surely *hit back* later on when their real character is exposed in the wear and test of time.

We select our fabrics with a view to wear

Then we make and tailor them the best we know how, put plenty of snap and go into them, price them so that we can look every man squarely in the eye, and tell him he is getting *full honest* value for every dollar, standing pat on the home plate waiting to give you back your money if we have failed in any one particular. Does that sound good to you? No matter what your price is we can meet it, from \$7.50 up to \$40.00. We have coats here that defy any blizzard that ever blew, made from materials that we control. Every man who drives a motor should see these coats.

"Buy it now."

GREETED SOLDIERS WITH ENTHUSIASM

Thousands Lined Hamilton's Streets When Eighty-Third Passed Thru.

GIVE SUNDAY DINNERS

Men of Seventy-Sixth Will Be Treated to Hot Meals in Private Homes.

HAMILTON, Nov. 3.—The enthusiasm of the citizens of this city was in no way lessened when it comes to giving the boys in uniform a fitting welcome, even though they have witnessed a battalion pass thru the city every day for the past week. Yesterday the usual thousands lined the streets and cheered the soldiers of the 83rd Battalion, commanded by Lt.-Col. Pellett, who, with full marching equipment, arrived at 3:45 o'clock from Grimsby. They started from there at 7:45 in the morning. Following the policy laid down by the board of education, all the school children were dismissed early in the afternoon, so as to permit of their taking part in the welcome. Led by Prof. James Johnson, they greeted the soldiers with patriotic outcries.

Scouts Were Captured.
Through the advance guard of the battalion was constantly in touch with the enemy's scouts, who gave them a busy afternoon preceding their main body. Once a rush was attempted, but owing to the superior forces of the battalion, it resulted in the capture of four of the enemy's scouts, of whom two escaped. The battalion accomplished the trek in excellent shape and time. Owing to their physical fitness, they have not had a single casualty since leaving Niagara Camp.

Concert for Men.
A band concert and smoker was held at the armories last night for the boys of the 83rd Battalion. The concert was rendered by the 91st Highlanders' Band, which was led by Bandmaster Reeves of the 83rd. Rev. Dr. Remison delivered a short, recruiting address during which he called upon the young men of Hamilton to live up to their reputation as sportsmen and get into the biggest game of all, that of aiding the motherland against her common enemy. Several volunteers were sung by Vernon Carey, who was accompanied by J. E. P. Aldous.

Recruiting is Light.
A slight decrease in the number of recruits was reported last night at the armories. At the 91st Highlanders' headquarters 20 recruits were examined and accepted, while 11 were taken on by the 18th Royal Regiment. Some 100 men were taken on by the 8th Hamilton Machine Gun Battalion, which is about 100 men short, while the others will be drafted into the new battalion.

A Soldier's Dinner.
A hot dinner on Sunday for every soldier of the 78th Battalion, which will be stationed in this city tomorrow, is the idea of the Canadian Club, which has done some worthy work since the beginning of the war. The idea is for every citizen to entertain two or more soldiers, it being thought that one soldier at a strange table would feel embarrassed, but perfectly content if he had a mate to help him. All those who desire to have soldiers as their guests on Sunday will only need to go to the armories and take their guests in tow.

The board of directors sanctioned the idea and offered to aid the project as much as possible. The members of the Canadian Club, under the command of Captain George Ruchterford, have agreed to look after 800 soldiers, but there still remain 600 more to be dinnered. Those desiring to help are requested to telephone Harry Marsh, commissioner of industries, giving the name of the soldier they can accommodate. The executive of the Tiger Football Club has made arrangements to have the members of the 78th Battalion as guests of the club. Arrangements are being made to provide the soldiers with hot lunch on their arrival at the cricket grounds.

CITY ALDERMAN JOINS THE COLORS

Chas. Gleadow, Ward Eight, Enlisted After Arranging His Business Affairs.

IS IN DEPOT BATTALION

Answers Call to Which He Hopes Other City Fathers Will Respond.

HAMILTON, Wednesday, Nov. 3.—Ald. Charles Gleadow of ward 8, is a member of the city council who believes in deeds, not words. For several months, he has been arranging his business affairs so that he could leave them and go to the defense of his country. Monday afternoon he presented himself to Major Carter, who pronounced him physically fit, and yesterday was sworn on the strength of the depot battalion. He will report for duty next Thursday. Ald. Gleadow is not very far on the right side of the age limit, but he had heard the call and answered it. He thinks some other members of the council will follow.

THREE MEN INJURED BY RUNAWAY TEAM

Buggy Collided With—One Horse Stepped on Henry Hull's Face.

BAR SLOT MACHINES

Rev. S. C. V. Lister Appointed Chaplain of Ninth Canadian Brigade.

Special to The Toronto World. BRANTFORD, Nov. 3.—Righteously by a motor cyclist, a team of horses smashed into a buggy on the Cock-shut road, seriously injuring James Thompson, Harry Hull and George Yake. Hull had his face stepped on when one of the horses climbed up into the buggy.

Rev. S. C. V. Lister, rector of St. Luke's Anglican Church, has been ordered to report at once at Shorncliffe Camp, where he will be chaplain of the Ninth Canadian Brigade. He is a boy scout commissioner for Brantford. Local men and boys who have been playing the gum-shot machine had their last chance today. The police notified the merchants in whose stores they had been placed under directions of the police, that they must be removed, as gambling devices. They were locked up and removed tonight. The machines have been very largely played here and in some cases the merchants were their own best customers.

David Burnett, 52, an employe of the Waterloo Engine Works here for 20 years, died this morning. The manufacturers of the city, who met at the request for Brantford's employment committee of the city council, have decided to aid returned soldiers in every way, particularly by finding employment for them. Trooper Near, 28th Brant Dragoons, who deserted here and threw his uniform away, has been arrested at Windsor. An escort has been sent to bring him back.

Whether the city sells the Galt-Paris line of the Grand Valley Railway depends largely on the report of J. B. Royce, engineer, sent by the railway commission to go into the physical condition of that line. The city has an offer of \$30,000 cash and the electrification of Port Dover-Brantford line of the Lake Erie and Northern for that part of the line, which the city line possesses. The Trades and Labor Council here objects to the sale without a vote of the people.

The Ministerial Association of Brantford is backing up the move to have the local option vote here in January. The members are Rev. A. J. Lovell, Methodist; Rev. M. Kelly, Congregationalist; and Rev. D. E. Martin, Methodist, to the city council meeting Monday night to discuss the need for local option on that body.

Brantford Artillerymen have received a suggestion that they join the new Brant Battalion as infantrymen. They declined the proposal.

SUIT AGAINST CIVIC OFFICIALS WILL PROCEED

Meriden-Britannia Company Case in Supreme Court Called for Tomorrow.

HAMILTON, Wednesday, Nov. 3.—Tomorrow his lordship, Mr. Justice Middleton will hear the evidence to be offered in the supreme court action against Mayor Walters, Controller Cooper and the City of Hamilton. F. R. Waddell, K.C., city solicitor, has the action laid over on the grounds that the plaintiffs had taken samples from the road on Monday and given to the city, and as they had to be tested, he was not ready to go to trial.

C. V. Langs, representing the plaintiffs, made strenuous objections to the motion, claiming that his clients were ready to proceed, and that the city could have taken samples long ago if they desired to prevent a delay.

CHARGED WITH RECEIVING.

HAMILTON, Nov. 3.—William Bell, Toronto, was arrested last evening by Detectives Cameron and Goodman on a charge of receiving stolen goods, preferred by Fields Bros.

TO CUT OFF HOTELS

Chairman Flavelle of License Commission Gives Guelph Innkeepers Hint.

Special to The Toronto World. GUELPH, Nov. 2.—The funeral of Donald Guthrie, K.C., ex-M.P., was held this afternoon from his late residence "Ardmay," to the Union Cemetery. The funeral was the largest which has taken place in this city for many years. The city council attended in a body, as did the Wellington Law Society. St. Andrew's Society sent a large delegation.

The provincial board of license commissioners met at the court house here today to consider the applications for licenses for the County of Wellington. Deputations were present from Mount Forest, Erin, Hillsburg and other small towns in the county, as well as from the City of Guelph, asking that licenses be cut off. The Guelph Ministerial Association asked that six of the thirteen licenses be cut off in this city, but Chairman Flavelle thought this was too many. He intimated that the number would be reduced to some extent.

The 2nd Pioneer Battalion, which mobilized in Guelph last week, has received orders to proceed to Quebec as soon as possible. These orders, which were received by Lieut.-Col. Davis, today, are the result of the demand of the executive of the County of Wellington for the use of the buildings for the winter fair, assurance having been given that the buildings will be vacated not later than Nov. 25. Col. Davis stated this afternoon that he will proceed to Quebec as soon as his battalion is fully equipped with uniforms, only one company being in uniform at the present time. He does not care to travel with 750 civilians.

Follows Husband in Death.
Richard Mahoney, Jr., was buried with masonic honors in this city yesterday afternoon. Just about 24 hours after the remains were removed from the house, Mrs. Mahoney died. She was apparently in the best of health and stood the death of her husband well, but the strain proved too great and she was stricken suddenly about 2:15 this afternoon, and died in half an hour. Her maiden name was Elizabeth Jobert. She married Mr. Mahoney ten years ago, being his second wife. There are no children.

OCTOGENARIAN WALKS WITH MEN ON MARCH
John House of Port Dalhousie Follows Grandson's Battalion to St. Kitts.

Special to The Toronto World. ST. CATHARINES, Nov. 3.—Tramping along behind the 81st battalion in its march from Niagara camp to St. Catharines, was John House, Port Dalhousie, 80, whose grandson of the same name is lieutenant in the battalion, and rode a horse in the march. Mr. House scorned the offer of a conveyance by his grandson, when the latter saw that his grandfather was determined to make the trip. House was a sergeant in the 19th Lincoln, during the Fenian Raid in 1866, and he previously served in the 73rd Imperial Regiment.

NO COMPROMISE
Style and Finish Are Essential to Good Clothes Such as Hickey's Sell.

For the smart man of today to be well dressed, it means, first of all, that the material in his suit or overcoat must be of the best procurable, true and worthy; that the pattern is original and unique; that the garment has been tailored by competent hands, and, above all, that the price has been named with a view of giving the highest degree of value. A compromise should not be countenanced on the question of style and finish. The component parts that go to make the suit desired by the man of fashion are embodied in the garments offered by Hickey's, Yonge street, the experts in English haberdashery for men. A purchase from this firm is a guarantee of satisfaction in fit, fashion and fabric.

Further News About Contingent Being Awaited With Eagerness.

(Continued From Page 1).

This newspaper publishes a telegram from Sofia stating that British and French transport ships, with troops, have appeared off Kavala, Greece.

Kavala, 80 miles east of Saloniki, is within marching distance of the railway running up to Doiran, south of Strumitza, and if a landing is made at Kavala that railway will doubtless be utilized.

Blockade Greek Ports? Advice from Munich received at Lugano, Switzerland, today, are that German submarines in the Mediterranean have been ordered to blockade Greek ports according to advices from Munich today.

Such German or perhaps Austrian submarines as may be in the Mediterranean presumably reached it from one of Austria's Adriatic seaports. The assumption is that the Greek coast blockade has been ordered it is on account of Greece's failure to use forcible measures in addition to the mere verbal protest to prevent the allies' entrance into the Balkan war field, across Greek soil.

Official Greek circles an attitude more favorable to the entente allies apparently has been assumed. Reuter's correspondent at Athens telegraphs that simultaneously with the official denial of reports of Greece's hostility toward the entente powers came a change in tone of the ministerial press, which is now publishing articles in favor of the allies. These articles presumably are inspired.

Notwithstanding the drift of opinion, it is maintained that the neutrality of Greece will be adhered to as long as possible. The correspondent says there are indications that any attempt to change the policy of the government would result in the fall of the cabinet.

AUSTRO-GERMAN REPULSE.

PARIS, Nov. 2.—Repulse of the Austro-German forces in the center of the northern line with great losses is reported in an official Serbian communication received here today. It follows: "On Oct. 29, on the northwestern front, the enemy attacked in force on the right bank of the Penava, and with less strength on the right bank of the Morava."

"In the center the enemy was thrown back with great losses, after having approached within 500 metres of the Serbian positions. On the remainder of the front there were severe engagements."

"On the eastern (Bulgarian) front, there was no important change in the line of the Morava. Toward Pirot fighting is continuous, as is also the case to the west of Zajcar."

Business is booming!

Toronto, Ont. Merchants everywhere tell our 800 salesmen that business is booming.

Farmers have had a record crop, at big prices, with big demand at home and abroad.

Stocks of manufactured material are short, and labor is in great demand.

Exports largely exceed imports. Factories are busy, a great many working overtime.

More freight cars are needed, and steamers are taxed to capacity.

Canada has, in proportion to population, greater exportable surplus of wheat this year than any other country in the world.

Millions of dollars are passing over the merchants' counters.

The people who spend this money want the best service.

They demand it in all kinds of stores, from the smallest to the largest.

They get it in stores which use our up-to-date Cash Registers, which quicken service, stop mistakes, satisfy customers, and increase profits.

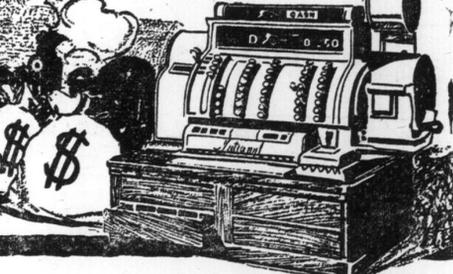

Over a million merchants have proved our Cash Registers to be a business necessity.

Last month the N. C. R. in Canada had the largest sales of any month in the past seventeen.

Postponement Asked Because of Inability to Prepare Defence

Three of the McCutcheon Bros. real estate firm who are facing charges of conspiracy to defraud were arraigned in the criminal assizes yesterday and allowed until Thursday to enter their pleas of guilty or not guilty.

They are Gordon S. McCutcheon, David S. McCutcheon and Clarence M. McCutcheon. At the instance of the N. F. Davidson, T.C. who their bail was increased from \$10,000 to \$15,000 each.

I. F. Hellmuth, K. C., and A. J. Russell Snow, K. C., applied for a postponement of trial on the ground of lack of particulars in the indictments, which prevented a proper defence to be prepared.

It was possible to obtain witnesses from England and Montana for this assizes. Mr. Davidson in reply intimating that he wished to use as evidence the statements made to English investors, to which Mr. Hellmuth objected, contending that it would be unfair to the defendants to proceed with the trial without evidence of the members of the English syndicate. This issue must be made clear by Thursday.

Ten or twelve witnesses for the defence are required, from Montana, among them Senator Gibson.

WILLS PROBATED

Mrs. Isabella Orr Harvey left an estate of \$2,038, which her will distributes in private bequests.

Mrs. Emily J. Lawdon, who died in Toronto, May 12, owned an interest in No. 518-520 West Richmond street worth \$3,725 and an equity of \$275 in No. 8 Augusta avenue. Relatives receive bequests and the surviving husband, John Lawdon, inherits the residue.

Mrs. Nancy C. Ferguson died intestate leaving an estate valued at \$1,128. Two daughters divide it.

HELD IN WINNIPEG

Harry Light, address unknown, was arrested in Winnipeg yesterday on a charge of stealing \$66 from Jacob Holberg, address 477 Chestnut street. Detective Twigg left for the western city last night to bring Light back to Toronto to answer to the charge.

An Easy Way to Increase Weight

GOOD ADVICE FOR THIN FOLKS

The trouble with most thin folks who want to gain weight is that they insist on drugging their stomach or stuffing it with greasy foods, rubbing on useless "flesh creams," or indulging in some foolish physical culture stunt, while the real cause of thinness goes untouched. You cannot get fat until your digestive tract assimilates the food you eat.

There is a preparation known to reliable druggists almost everywhere which seemingly embodies all the elements needed by the digestive organs to bring them into normal, healthy action. This is the famous Sargol and has been found to be the greatest flesh-builder known to science. It regenerates, reconstructs, restores, renews the stomach and intestines to literally break up the fastening elements of your food and pass them into the blood, where they are carried to the starved, broken-down spots of your body. You can readily picture what result will be brought about by this food producer as with increased weight the blood fills out, hollows about neck, shoulders and bust disappear and from 20 pounds of solid, healthy flesh is added to the body. Sargol is absolutely harmless, inexpensive, efficient. All leading druggists of this vicinity have it and will send you money for it on not satisfied, as per the guarantee found on every package.

Sargol is recommended only as a flesh builder and while excellent results in cases of nervous indigestion, etc., have been reported care should be taken about using it unless a gain of weight is desired.

ACCOUNTING METHODS ARE UNDER SCRUTINY

Special Committee Will Examine Board of Education Book-keeping.

As a sequel to Trustee Vokes' action in question the methods of accounting at the board of education committee will make a report upon any changes which they may think advisable. The sub-committee is composed of the chairman of the board, Trustee Hodgson; chairman of finance, Trustee C. A. B. Trustee, Trustee Miles and Mr. J. W. Matthews, who is chairman of the property committee.

Trustee Vokes has made no charges of laxity, but he has had to O.K. several hundred thousand dollars' worth of work and wants every possible precaution taken against many payments. City auditor Sterling has the board of education accounts audited regularly and his report is that they are very well kept, but that Secretary-Treasurer Wilkinson's staff is undermanned and in consequence the books are "a little behind."

The sub-committee may recommend an addition to the staff.

What it means to wear Hickey's New Fall Clothes

It means, first of all, that the style is above criticism and strictly in accord with the prevailing mode—we do not countenance any "compromise" on the matter of style.

It means that the fabric is true and worthy; that the pattern is original and unique; that the tailoring has been done by hand; that the price has been named with a view of giving you a high degree of value.

It means perfect fit—for men of all builds and heights and sizes—our merchandising provides for fitting the stout man who wears a size 50, as well as the athletic type who wears a 37 regular. Suits, \$12.50 to \$25. Overcoats, \$12.50 to \$35.

TALK OF HEYDLER AS FEDERAL HEAD

Rumor Has It Real Sensation in Federal League Will Be Decapitation of Gilmore.

PITTSBURG, Pa., Nov. 2.—According to the early rumors, as they are reached by baseball men, the Federal League is preparing to furnish one of the real mid-winter sensations in baseball at its annual meeting this year. A persistent report is going the rounds, and gaining credence, that the "fighting" Gilmore, the warring spirit of the league, will be decapitated as president.

Altho Gilmore, entirely surrounded by 800 cubic feet of office space in the Long Acre Building, from which he continues to issue official denials and defenses on behalf of his organization, is apparently secure, it is declared that there has been a break between him and some of the promoters which will lead to an abrupt end of his reign.

Baseball reports at this time of year are not always well founded on fact, but the same report persists that John Heydler will be elected as Gilmore's successor. The secretary of the National League has said that the Federal League is apparently secure, it is declared that there has been a break between him and some of the promoters which will lead to an abrupt end of his reign.

Baseball reports at this time of year are not always well founded on fact, but the same report persists that John Heydler will be elected as Gilmore's successor. The secretary of the National League has said that the Federal League is apparently secure, it is declared that there has been a break between him and some of the promoters which will lead to an abrupt end of his reign.

The plans of the Feds, however, deal more directly with the denials that they are making. It is declared that dissatisfaction has come over the failure of Gilmore to accomplish anything at the meeting in Philadelphia practically put an end to the hope that he would be elected as president. Organized baseball is not disposed to talk peace. It feels that it has no concessions to make, and the Feds are not coming in without certain concessions. Presidents Tener and Johnson and their associates feel that the denials that they are making are not being taken at its own game. The failure to arrange peace is the reason of desiring to depose Gilmore.

Feds Will Stay in Field. Gilmore will not only be in the field next year, but will be there stronger than ever, and with a club in New York. At the same time, some of the promoters have not tried to conceal their efforts to buy into organized baseball, indicating that they are tiring of a losing fight. It is not likely that any deal of that nature will be made until a decision is handed down by Judge Landis, whenever that may be, as it is felt that any move made now might be used by the court ruling. But eventually certain of the Federal League managers will have to buy an interest in organized baseball.

The turning point in Gilmore's fortunes was the death of Robert B. Ward. With Ward's support Gilmore was able to lead the Federal League with a firm hand, and to his credit it is said that he was able to hold the several magnates in line in the face of reverses. Men with money, and with a few exceptions, they will be seen to see some chance for their money, and the Federal League has never presented a more modest side from the hope that organized baseball might be forced to buy it off in the end.

You can't prove it by Jim Gilmore that he is in any danger of being jobbed. He availed his way two years ago of advertising in launching the Feds bringing them up to where they stand now, and he is still smiling.

It is a foregone conclusion that Clark Griffith of the Washingtons will sell for the new Federal League club, Chief Griffith, Griffith picked up a star first baseman in Joe Judge of the Buffalo International league club, and as soon as he is signed the Senators he created a sensation. Griffith was purchased from the Montreal club several years ago for \$15,000. He sold off in his batting this year, and Griffith now thinks a change will benefit him.

The Cleveland club may get Gandalf if C. W. Somers will pay the price.

MAGNIFICENT DISPLAY OF Men's Fall and Winter Overcoats

All the charm and exclusiveness of English cloths and the most expert tailoring are found in Dineen's Overcoats. One of the newest models, usually made up in soft llama cloths, is illustrated. These Overcoats are "different." They express the ideal in Coats for young and middle-aged men. Not extreme in style, but yet convey the feeling that they are in advance and are smarter than you will find elsewhere.

The choice of cloths is not confined to a few stock lines, but is so varied that the most fastidious man alive can make a selection that will satisfy his most critical taste. Come in and inspect these Coats. Slip one or two on and you'll feel that they were tailored for you alone.

DONOVAN IS REAL DISCOVERER OF TY

Yankee Leader Recommended Georgia Peach to Wm. Armour—Ball Gossip.

We always give William R. Armour credit for being the original discoverer of Tyra Raymond Cobb, but we live to learn that Wild Bill Donovan now claims to be the guy who put Cobb in the big ring, says Lou Lee Arms in The St. Louis Republic.

"Detroit trained at Augusta, Ga., the spring before Cobb joined the Tigers," said Donovan. "Armour was given an option on the pick of the Augusta team for training there. Shortly before drafting time he made up his mind to take Clyde Engel, the right fielder of the Augusta team.

"Cobb, not Engel, is the player you want from Augusta," said I.

"What do you know about Cobb?" asked Armour.

"I watched him closely last spring; then look at his batting average this summer," said I.

"Bill, I believe you're right; Cobb's the boy we want, not Engel," replied Armour.

"And Cobb joined Detroit."

"This story recalls Huggins' dickering with Cincinnati for a pitcher. Charlie Herzog offered Fred Toney for the wal-e-ter price. Hug agreed to take him.

"Don't let Toney go," said Charlie Dooty, who was catching for Cincinnati at the time.

"Why not?" asked Herzog.

"Because he's going to be the best pitcher in the National League," said Dooty.

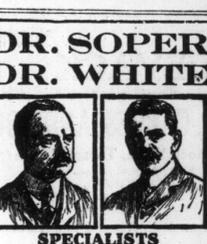

Toney made good with a vengeance the last half of the season. Too bad Huggins failed to get him for the Cards. But it wasn't Hug's fault.

Who's the best first-sacker in the business? Hal Chase; no! Ed Koney; guess again! Jake Daubert; wrong once more!

Fred Mollwitz of the Cincinnati Reds has the figures. Mollwitz finished the season with a fielding percentage of .995 for 153 games. The best previous record is Frank Chance's mark of .996 for 87

games, made in 1910. Mollwitz is one of those polished players who foot most of the fans by making hard plays look easy. Freddie scoops the ball out of the dirt with ease and spears wild throws like Hal Chase. It seems no effort for Mollwitz to get throws that roll to the fence on other men. Mollwitz, Herzog and Groh, three stars of the first magnitude, give Cincinnati the best infield in baseball. With Schneider, Toney and Dale, etc., going good next year the Reds will make trouble for every team in the National League.

When the new grounds of the New York Yankees are completed next year every club in the American League will be equipped with steel and concrete stands. President Ban Johnson will have reason to feel proud of the fact. The various clubs will be able to accommodate the crowds, which will have no reason to complain because of lack of space. In the National League there are three clubs, namely, the Chicago Cubs, the St. Louis Cards and the Phillies, which still have the old stands. Of these, Chicago has the best of the worst of the old ones, which holds the smallest crowd. The St. Louis stand is also built of wood, and

Scotty McRae Issues Defi to Middleweights

Sporting Editor World: Over my own signature and with honest intent, I hereby challenge Billy Mansell, late of England, or any other middleweight, to a boxing match for any purse that may be offered or a side bet that will be legal at a stipulated number of rounds, in Ontario or any other town with sufficient sporting spirit to stage the contest. I further suggest that the editor of The Ontario Indicator name the referee and hold the stake and side bet.

Yours truly,
Charlie Scotty McRae.

SHARP REACTIONS FOR STOCK PRICES

Realizing Sales Precipitated by Further Early Rise at Montreal.

CEMENT LED MARKET

Rose Three Points and Closed After Decline at Net Loss for Day.

MONTREAL, Nov. 2.—A further advance in stock market prices here this morning, carrying a number of stocks to high record levels, was met by realizing sales in large volume, and sharp reactions occurred in some issues, with the result that the market showed a good deal of irregularity at the close. Dealings were again on a large scale, nearly 19,000 shares changing hands.

Cement again led the market in point of activity, but its erratic course continued considerably, the irregularity that marked the late dealings. Under a continuation of the recent demand it rose three points to a new high record price of 43, early in the morning, sold off to 45 by noon, and in the afternoon went two points lower to 43. The close was at 23 1/2 against a high of 23 1/2 the previous day, but rallied to 22 3/4.

Steel of Canada closed at 42, while Scotia closed on the day at 57, after selling at 51 1/2 in the morning session.

NEW RECORDS MADE IN MINING PRICES

Crown Reserve, McIntyre and La Rose Torch New High Spots on Tuesday.

The local mining market was still under the influence of speculation on the Toronto Stock Exchange yesterday and trading was quiet. The characteristics which have shown in the market for some time were again present, the outstanding one being a quiet absorption of stock for investment rather than speculation. A noteworthy feature was the fact that three stocks made new high prices. McIntyre sold up to 56 1/2, Crown Reserve to 52, and La Rose Torch to 50. The market was steadily firm with speculation limited to the cheaper stocks. The extension was a point higher at 26. Dome and Hollinger made few changes in the day's business. The extension was a point lower from the high on sales.

KOWKASH FIELD IS EXTENDING

COCHRANE, Ont., Nov. 2.—A representative of the Kowkash field, reported from southern Ontario, interested in the Kowkash gold fields, reports that assays and tests made from their property have proven highly satisfactory, and that further development would be undertaken at an early date.

This syndicate is in communication with a party of American capitalists to send a representative up in the spring to look the grounds over. They are greatly taken by the samples submitted to them and are ready to spend the money for development work.

From around Tascadia, which is several stations west of Kowkash, have come several fine samples of quartz, and the field is gradually becoming extended, principally westward.

GOOD PROGRESS AT TECK-HUGHES

Good progress has been made by the Buffalo syndicate with surface improvements at the Teck-Hughes. The foundation for the cyanide mill has been completed, but the preliminary work on the Teck-Hughes has been delayed until it is decided whether it will be possible to obtain electric power, or whether it is necessary to install a steam or gas plant on the property. Surface improvements in the meantime are being rushed.

NEW YORK FINANCIERS IN STEEL AND RADIATION

The announcement was made yesterday that Messrs. A. H. Martens & Co. of this city and Messrs. Hirsch, Limited, & Co., members of the New York Stock Exchange, had purchased a block of the bonds and common stock of the Steel and Radiation Co. It is not believed that control of the company has passed to Americans, but that only a substantial interest has been secured by the New York financiers. The shares were listed on the New York Curb yesterday.

The War Contracts the Centre Now

The manufacturing concerns of the Dominion, including all the steel works and the plants of the Canadian Pacific and Transcontinental, all have their eyes on Ottawa today, and until the new munitions commission, now in session there, on behalf of Lloyd George, the British Minister of Munitions, award the contracts for munitions now before them. The total to be awarded runs into four or five hundred millions. It is believed the banks are ready to help out their customers who are tendering. The Chateau Laurier is full of representatives of the tenderers.

WHEAT PRICES UP ON MORE RUMORS

Chicago Speculated on Reports of Tension Between Allies and Greece.

BUYING FOR EUROPE

Strength of Quotations at Winnipeg Also Made Market Firm.

CHICAGO, Nov. 2.—Reports of increased tension between Greece and the Anglo-French allies, did a good deal today to bring about higher prices for wheat. The market closed strong 1 1/2 to 2 1/2-c up, with December at 1.04 1/2, and May at 1.05 1/2. Other leading staples also all scored net gains—corn 1/2 to 3/4, and oats 1/4. Provisions were a shade to 1/2 up.

Upturns in the wheat market began right at the start, and received at no time any important check. Bulls gave chief attention to the foreign situation, especially foreign advice tending of inadequate supplies, and saying that the purchase of 3,000,000 bushels of wheat by Greece from Bulgaria had led to a fresh political tangle. Persistent strength also of quotations at Winnipeg was taken to mean further buying there for Europe. An additional encouragement for the bulls lay in the fact that shipments of wheat and flour out of Minneapolis were said to be the largest ever known.

Despite free port taking by holders, trading in wheat at the finish was within 1/4 of the top prices of the session. Some falling off in receipts northwest as compared with a week ago, was partly responsible. There were also estimates current that winter crop acreage would show a decrease of 15 per cent.

WAVE OF SPECULATION PASSES THRU MARKET

Steel Stocks and Cement the Active Shares With Scattered Firmness in Others.

The wave of speculation and investment swept thru the Toronto stock market yesterday. The action of the more active stocks was irregular, the morning session showing extreme firmness with good advances, while during the afternoon profit taking from traders brought about the usual reaction. Cement and Steel of Canada were the most active stocks, with Nova Scotia Steel and Dominion Steel and Iron also showing gains. The feature of the session was the movement in Steel and Radiation which advanced steadily from the opening of 51 to 63, and closed at 61 1/2. Yesterday's reaction in the prices of the leading stocks was justifiable and steadiness for the next few days would put the market in a much stronger technical position. Steel stocks are being bought by New York, and with speculation aroused in that city, the prices of these issues are subject to change without much notice. The transactions during the day were upward of one thousand shares, not counting mining shares.

Winnipeg Grain Market.

WINNIPEG, Nov. 2.—Winnipeg wheat closed 1 1/2 to 2 1/2-c up, oats 1/2 to 3/4-c higher, and flax 1/2 to 3/4-c higher. Prices for the remainder of the day were strong. November was sold at 1.02, and December at 1.03. The strength was reflected in oats. November was sold at 42c, and December at 37c. Flour was also higher, while there was little activity in barley. The export demand and strong cables outbalanced the local market. Cash demand was active, No. 1 northern wheat and No. 4s being the most asked for. Tough oats were also in urgent demand, and exporters bought at the cash grain offered. The offerings were fairly liberal, and at the same time farmers were said to be holding a considerable amount in their hands. Inspection yesterday, 23,500 cars, against 44 a year ago. In sight for inspection, 2100.

BIG INCREASE SHOWN IN EARNINGS OF C. N. R.

More Than Half Million Gain for Last Ten Days of October.

Canadian Northern Railway earnings continue to reflect the heavy grain movement and general business revival. For the ten days ended Oct. 31 earnings are \$1,240,000, an increase of \$54,000 over the corresponding period last year, while for the month of October earnings are \$3,675,000, an increase of \$1,100,000.

GOLD IN CATARINE TOWNSHIP.

COBALT, Nov. 2.—In Catharine Township, Ontario, and a half mile east of Mindoua, mileage 151, Joseph McDonough has a spectacular find of free gold extending over two claims. A strong quartz vein with an average width of four feet has been uncovered, and assays taken across the vein have shown exceptionally high values. The claims are owned by McDonough, and he has made his discovery as long ago as July 27 last, but no details of it have leaked out until recently. Two men are guarding the rich vein.

THE PARIS BOURSE.

PRODUCE RECEIPTS CONDENSED LIGHT

First Car of Apples From Nova Scotia Arrived Yesterday.

MUCH BETTER QUALITY

Grapes Reaching Toronto Were of Higher Class Than Formerly.

Receipts of local produce were again the feature of the market today, the first car of Nova Scotia apples to be shipped to Toronto arrived on the market yesterday, but they were No. 3's, and very poor quality. They are a smaller barrel than our usual, which contains two bushels, one and one-half bushels, and one bushel, and the No. 3's are selling at 22 1/2 per bushel.

The first car of Florida grapefruit for this season arrived yesterday from the Manatee district, and is of splendid quality, selling at 45 per case for 6 1/2, 6 1/2, 6 1/2 and 9 1/2.

Wholesale Fruits. Apples—20c to 50c per 11-quart basket, according to quality. Oranges—California, 40c to 45c per case. Lemons—California, 40c to 45c per case.

Wholesale Vegetables. Brussels sprouts—10c to 15c per quart. Cauliflower—10c to 15c per quart. Cabbage—10c to 15c per dozen.

ST. LAWRENCE MARKET.

Grain. Fall wheat, bush, 80 to 85. Barley, 70 to 75. Oats, 60 to 65. Hay, 10 to 15.

MONTREAL GRAIN MARKET.

MONTREAL, Nov. 2.—The foreign demand for Manitoba spring wheat was good today, and cables were strong at an advance of 3d to 4d per quarter, but owing to the further rise in the Winnipeg market they were out of line at the close, and little business was done for oats and wheat. Flour was active.

LIVERPOOL MARKETS.

LIVERPOOL, Nov. 2.—Wheat—Spot quiet; No. 2 Chicago, new, 11s 2d. Corn—Spot quiet; American mixed, 10s 1d. Hops—London (Pacific coast), 2 1/2 to 2 1/2.
