Placerville,

EL DORADO COUNTY,

One of the oldest mining towns in the State, and originally called Hangtown, is the county seat of one of the finest fruit growing counties in the State. The mining interests, which have for some time been at low ebb here, are picking up

with the development of quartz and gravel discoveries of late, and prospects are bidding fair to make this place one of the most important of the inland towns of California.

Red Bluff,

TEHAMA COUNTY,

Is the county seat of Tehama county, and has a municipal form of government under a charter of incorporation. Its topography is desirable for the extension of its limits, being on a natural esplanade on the west bank of the Sacramento river, at the head of navigation, and on the Oregon Division of the Central Pacific Railroad, 135 miles from Sacramento, the State capital. Its natural advantages for a permanent and steady growth are of such a nature and so multifarious as to warrant the belief that the place will become a city of considerable importance in a period not very remote. It is surrounded by a very rich body of agricultural land, and the opportunities for developing the stock-raising, horticultural and cereal-producing interests are manifold. These facts are being taken advantage of yearly by persons who engage in the pursuits of the husbandman. New lands are being opened up, and an increase in the acreage sown to grain and otherwise cultivated is annually being made. Everything indigenous to the latitude grows luxuriantly, and large crops are yearly harvested. It is mainly to the agricultural interests that the rapid growth of the place is due, though lumber of splendid quality is manufactured in great quantities. It would be an excellent point for the erection of extensive woolen mills, as the bulk of the wool grown in Southern and Eastern Oregon and Northern California passes through this place. The yearly product of wool of Tehama county reaches almost 2,000,000 pounds, which is a great source of revenue to its capital. With the superior facilities for the manufac-

ture of woolen goods offered by unexcelled water privileges taken advantage of, we think an investment in such an enterprise would be a profitable one. The population of the place is put down at 3,500 people, and it has a full complement of factories, mills, etc. Its citizens are endowed with a spirit of energy and public improvement that adds greatly to their high recommendation of intelligence and morality. The public schools are spoken of in the highest terms, a perfect system for the education of pupils seeming to be the result most sought after. All the religious denominations are represented, while a substantial bank supplies the residents with capital, and two newspapers furnish them with local news.

Redding,

SHASTA COUNTY,

Is the northern terminus of the Oregon Division of the Central Pacific Railroad, and has a population of 500. Everything indicates a healthy growth, and its destiny as a place of commercial importance is assured. The country surrounding it is agricultural in its nature and is capable of supporting a dense population. It is also the southern terminus of the California and Oregon Overland Stage Co. It is the *entrepot* of a large area of thickly populated country, where wool growing and stock-raising are extensively carried on.

BUSINESS

Sacramento

Situated on the Sacramento river, having the same capital of the year 1870, she is the center of the Central Pacific construction, the station of the V. P. line, this honor "suburban city" now contents a station, which upon her. Her machine shop corporation is a success, there are over 1,000 operatives, her loss amount to the Central Pacific other lines of and diverge from must ever promote the promotion of her. Her position is favorable, rendering the city invaluable trade, which is circumscribed the competition chants. By the of her citizens alive to the death she has reached commercial eminence for her continued place in the substantial cities of avenues of trade splendid structures cobble stones and with gas, while versed by lines well drained by sewerage. In the place the roads palms and ferns seasons of the there are many In the possession homes, Sacramento ably with any the Union. The constructed in the beautiful capital of the place the The former is iron and glass, in length, and is into compartments

TRY DR. CUNN'S RHEUMATISM KING.

OLD PORT

ALPHABETICALLY.

Sacramento,

SACRAMENTO COUNTY.

Situated on the east bank of the Sacramento river, in the lovely valley bearing the same name, is the handsome capital of the Golden State. Until the year 1870, she was the western terminus of the Central Pacific Railway, the nation's grandest highway; but with the construction and immediate consolidation of the Western Pacific with that line, this honor was surrendered to the "suburban city on the bay," and she now contents herself with the title of a station, which that event conferred upon her. However, the possession of the machine shops of the powerful corporation is a source of great revenue, as there are constantly employed about 1,000 operatives, and through this fact her loss amounts to very little. Besides the Central Pacific, there are several other lines of railway which converge and diverge from the city, and they must ever prove valuable factors in the promotion of her commercial interests. Her position geographically is decidedly favorable, rendering the business men of the city invaluable aid in enlarging their trade, which, in their absence, must be circumscribed to very narrow limits by the competition of San Francisco merchants. By the energy and enterprise of her citizens, who have always been alive to the development of their city, she has reached the second place as a commercial emporium, and we bespeak for her a continued growth and an honored place in the rank of the most substantial cities of the coast. Her many avenues of trade are ornamented with splendid structures, well paved with cobble stones and brilliantly illuminated with gas, while many of them are traversed by lines of street railway, and well drained by an excellent system of sewerage. In the residence portions of the place the roomy yards, studded with palms and ferns, and ablaze in most seasons of the year with rare flowers, there are many objects of attraction. In the possession of magnificent private homes, Sacramento will compare favorably with any city of the same size in the Union. The railroad depot, constructed in the summer of 1879, and the beautiful capitol building are features of the place that deserve special notice. The former is composed principally of iron and glass, is upwards of 300 feet in length, and is conveniently subdivided into compartments peculiar to itself.

The latter is a handsome structure, very commodious and attractively situated in lovely grounds, and surmounted by a dome, 180 feet in height. Its cost was in the neighborhood of \$5,000,000. The city is also well supplied with daily and weekly newspapers, the "Record-Union," a morning paper, taking rank in age. The "Bee," an evening journal, is a sprightly sheet, and the "State Democrat," a Democratic publication, issued in the morning, and the "Journal," a German semi-weekly, ably represents the class in whose interest it is published. The press of the city is a credit to it, and the circulation of the papers show an appreciation that is commendable. The construction in the past year of many substantial business houses and residences, and the contemplated investment of capital in similar improvements the present year, is a happy commentary on her future growth. The population is estimated at 26,000.

BOOTH & CO, wholesale grocers, Front This is the oldest firm in the city; first established in the Spring of 1850, under the style of "Forshee, Booth & Co.," composed of John Forshee, L. A. Booth and Job Dye. The two latter gentlemen retired in the Spring of 1851. About the same period Charles Smith and Newton Booth established business under the name of Smith & Booth. After the fire of 1852, L. A. Booth became a member of the firm, which was then known as Booth & Co. Kleinhaus & Co., established in 1852; Theodore P. and D. Kleinhaus, partners. The latter firm united with the Kleinhaus constituting the firm. The Kleinhaus retired in 1860, and Newton Booth again entered the firm. L. A. Booth and T. L. Barker retired from the firm in 1862, and J. T. Glover became a member. This firm still continues, and that, too, with all the surroundings of prosperity. Its business relations extend not only through the northern and southern counties of the State, but also through the entire State of Nevada. The firm also do business in San Francisco, under the firm name of W. W. Dodge & Co.

Salinas City,

MONTEREY COUNTY.

Postoffice and county seat, is a thriving and prosperous little city of 2,500 inhabitants, situated on the Southern Pacific Railroad, 113 miles from San Francisco. It is also reached by the Pacific Coast Steamship Company's line of elegantly appointed steamers, whose docks at present are at Moss Landing, 12 miles distant, from which they contemplate constructing a canal that the necessity of re-handling freight may be avoided, and which will be a great source of convenience. The city is supplied with water works; is very tastily and conveniently laid out, the streets running at right angles and being broad and smooth; and has a magnificent new Court House, which cost \$60,000. The place is also well supplied with excellent schools and splendid hotels, and is noted for its high order of society. The flouring mills of Messrs Tobey & Hudson are very extensive, and the flour manufactured at them is found everywhere on the coast. The country surrounding the city is picturesque and presents a spectacle of luxuriance, comfort and ease. Her business houses as a rule are substantial and neat structures, while her residences are models of elegance and architectural beauty.

Salmon Creek,

HUMBOLDT COUNTY,

Is 9 miles south of Eureka.

McNally, Lawrence & Co, hotel and saloon

San Andreas,

CALAVERAS COUNTY,

Is centrally located in the county of which it is the county seat; reached from San Francisco via the Stockton and Copperopolis Division of the Central Pacific Railroad and Mr. R. W. Russell's stage line, from which it is distant 139 miles. It has a population of 1,200 people, whose intelligence and kindly natures are reflected from frank and open countenances. The Court House is a large and comfortable building, and the officials in charge are efficient and pleasant gentlemen. It boasts an array of legal representatives of which any community might feel proud. It was, in an early day, the scene of exciting bustle incident to the richness of the gold bearing leads in the vicinity, though at present nothing in comparison can be seen. It depends, however, mainly on its loaves for support, yet fruit-growing and stock-raising are important factors in the nourishment imparted to her growth. The altitude is 1,600 feet. It is a very healthy place.

San Bernardino,
SAN BERNARDINO COUNTY,

Is a place of 3,000 inhabitants, beautifully situated in a lovely valley and surrounded by the most fertile and productive bodies of agricultural land in the State. Its schools and churches are well supported, the climate is perfect and the sanitary condition decidedly superior. There are quite a number of manufacturing and industrial enterprises permanently established, and the elements so essential to the steady and substantial development of a city are found in this locality in the form of good grazing and agricultural soil, plenty of water and timber and a pure, stimulating atmosphere. It is the county seat, and is reached by a stage drive of three miles from Colton, on the Southern Pacific Railroad.

San Buenaventura,

VENTURA COUNTY,

Is the county seat of Ventura county, pleasantly situated on the sea coast and is the principal point of trading in the county. It is a place of several manufacturing and industrial enterprises, chief among which are rock soap, mixing, coal oil refining, grist and planing mills. It boasts the largest furniture manufactory south of San Francisco. It has two weekly newspapers, several churches and schools. The society is of a high order and the most attractive feature of the city. It is quite a resort for tourists. Its climate is unsurpassed and its healthfulness is conceded to be remarkable.

San Diego,

SAN DIEGO COUNTY,

Is the county seat and is pleasantly situated on the bay of the same name. The harbor is excellent; the best, in fact, on the southern coast, being completely land-locked. San Diego is noted as a health resort, the climate being the most equable in Southern California. She is destined to be the principal sea port of that section at no distant day. There is a fine system of water works, a weather signal station, military station, and custom house. The Pacific Coast steamers call regularly every five days, and there are daily stages connecting with San Francisco via Los Angeles and Santa Ana. The stage line is under the personal supervision of the owner, Mr. A. L. Seeley, a veteran stageman, and is a first-class line in every respect. The Horton House, an elegant hotel, under the management of C. P. Gerichten, extends every comfort and luxury sought by the tourist or business man. The population of San Diego is estimated at 3,000.

San Juan,

SAN BENITO COUNTY,

Is 92 miles from San Francisco, 86 miles via Southern Pacific Railroad to Sargent's, thence by stage six miles. It is one of the oldest towns in the State—an old land mark in the form of a church 104 years of age confirming this statement. It has a population of 500 and depends on agriculture and stock-raising for its support.

San Luis Obispo,

SAN LUIS OBISPO COUNTY.

The town is pleasantly situated, having ample drainage by the creek that passes through the entire length, thus making it exceedingly healthful. Water is supplied by a splendid system of water works, and the streets and buildings are lighted with gas. The first settlement was made in 1772, when the old mission church, which still stands, was built. The county Court House was erected in 1874 at a cost of \$50,000. On the outskirts of the town is a county hospital, built at a cost of \$10,000. The City Hall, built in 1878, cost \$3,000. Besides the

Santa Barbara,

SANTA BARBARA COUNTY,

The county seat, is easily reached by P. C. steamers, sailing every five days from San Francisco, or U. P. and S. P. R. R. from San Francisco or Los Angeles to Newhall, and Telegraph Stage thence, 78 miles. The town is delightfully situated in a smooth valley sloping from the high mountains on the north to the sunny beach on the south. These mountains effectually shut off all north winds, and make the town-site one of the finest imaginable. The effect and contrast formed by these rugged barriers in the background rising so abruptly from an evergreen and fertile valley must be seen to be appreciated. The climate of Santa Barbara is quite mild, and is beneficial for invalids and persons having weak lungs. The pleasures of Santa Barbara consist in driving, horse-back riding, hunting, fishing and bathing, for the enjoyment of all which she affords the best facilities. The improvements of the town are very considerable. There are eight churches, besides the old Mission, that was built over one hundred years ago; one college, one academy, besides a fine public school

Santa Cruz,

SANTA CRUZ COUNTY,

"The Long Branch of the Pacific", is a seaport and watering place situated on Monterey Bay, 78 miles south of San Francisco by coast line. The growth of the city has been very rapid, chiefly through the beauties of its genial climate and picturesque situation becoming known to the outside world as well as to the establishment of many social and business institutions and industries. Increased facilities for communicating with every part of the State have also contributed to this end. Besides the railroad connecting Santa Cruz with the Southern Pacific at Pajaro, completed three years ago, she has now a direct road to San Francisco. Great praise is due the South Pacific Coast Railroad Company for this enterprise. They have surmounted many difficulties at an enormous cost in making a route through the formidable Santa Cruz mountains, which have seemed to defy railroad construction heretofore. No less than seven tunnels, bored through rock sometimes as hard as adamant, and aggregating 3½ miles in length, were found necessary in the last 20 miles. The indefatigable projectors are to be congratulated on the success of their scheme, for it is, with a few exceptions, the greatest work of the kind in America. The scenery along the new route, from bay to bay, is a series of agreeable and picturesque surprises, and the solidity of its construction ensures speed and comfort to travelers. Santa Cruz is well supplied in the matter of schools and churches, newspapers, etc. Her hotels are quite adequate for the accommodation of her sojourners, although during the Summer months she has thousands of visitors. The Pacific Ocean House ranks with the leading hotels of the State in the many advantages that commend themselves

ERNST GABLER'S Square and Upright. These favorably known instruments for sale at M. Gray, 117 Post St. Reasonable prices and terms.

Methodist Book Depository, Branch of New York Book Concern, "A. F. Oberlin," "Electrograph," "Stylograph," Pen. Pages 300 & 301.

PUNCTUALITY, Fashion, Economy. Buckle & Son, Tailors and Woolen Drapers, opp. Walker House, Salt Lake City.

California—Santa Cruz.

ALPHABETICALLY.

to the tourist and business man. The house contains 100 rooms, handsomely furnished, and all the modern appurtenances. Mr. Fargo, the gentlemanly clerk, is possessed of the information of a directory for strangers; and Mr. E. J. Swift, the worthy landlord, is ever on the alert to the wants of the most exacting. The city is lighted with gas, has an excellent water supply by two companies, and a line of street cars, running from the Mission to the ocean beach. Bowman's carriage factory, the most extensive in the county, and employing a number of men, is located here. Real estate in Santa Cruz has not escaped the general depression of the last two years, but judicious investments have been steadily advancing in value because of the solid attractions of the place, convenient location, perfect climate, sea bathing, beautiful scenery, numerous water powers, and charmingly located building sites. At the real estate "Exchange and Mart," Messrs. Meyrick & Co. gladly supply information by mail or otherwise. The drives of this vicinity are as enjoyable as they are numerous; that along the bay shore to Aptos is not surpassed anywhere. Securing a spanking team at Lincoln's we have driven it, and know whereof we speak. For description of Aptos see elsewhere. A favorite route in returning to San Francisco from Santa Cruz is that by stage *via* Pescadero and Half Moon Bay, which connects with the Southern Pacific R. R. at San Mateo. The trip is made almost entirely along the coast, in the sight of old Ocean, and is replete with scenes of interest and delightful prospects. Stages run regularly. Through fare to San Francisco, five dollars.

Santa Rosa,

SONOMA COUNTY.

Santa Rosa, the county seat of Sonoma county, contains a population of about 5,000. The town was laid out by F. G. Hahman, Julio Carrillo and their

associates in 1852, on the north side of Santa Rosa creek, and about two miles from the foothills. To the south, west and north lie the splendid valleys of Petaluma, Santa Rosa and Russian river, unexcelled for productiveness in the State, and filled with a prosperous population. The climate is mild and equable, and the soil produces crops every year—the dry seasons being the best in this valley. The public schools have two commodious buildings, with a numerous corps of teachers. There are also two fine collegiate buildings, eight churches, one foundry and machine shop, one first-class woolen mill, two tanneries, two flouring mills, one planing mill, and numerous carriage and smith shops. DeTurks' winery and distillery, one of the largest on the coast, is located here, and crushes over one thousand tons of grapes yearly. There are other wineries in the neighborhood, which are noted for their large production of grapes. The "Santa Rosa Republican," the "Sonoma Democrat," and the "Daily Republican," newspapers, are published here. The plaza is one of the finest in the State, and the location of the city is unexcelled for beauty. Its main trade is derived from the vineyard and agricultural interests of the locality.

ACTON WILLIAM, notary public and reporter "Sonoma Democrat" w s Plaza.

Shasta,

SHASTA COUNTY,

Is situated at the base of the majestic peak bearing the same name, in a rich mining district. The country in the immediate vicinity is also very heavily timbered with spruce and pine of magnificent growth. It is located on the line of the C. & O. Coast Overland Stage Road, 6 miles north of Redding, at the head of Sacramento valley; altitude, 1,160 feet above the sea-level. It is a well-built and prosperous town of 1,000 inhabitants, and has an outlook emphatically promising. It is the county seat, also, and has a splendid weekly newspaper.

California—Sheep Ranch—Sherwood Valley.

ALPHABETICALLY.

daily mails and express. It is spoken of as a prosperous place, whose lively appearance at the time of our visit warranted such a belief. It depends on the mining interests solely for its support, having four stamp mills always in active operation, giving employment to 250 men. It has a population of 800. The scenery is picturesque, the water splendid and the sanitary condition of the place is excellent.

Snelling,

MERCED COUNTY,

Is delightfully situated on the Merced river, in Merced valley, one of the most fertile in the State. Its settlement dates from 1851, though the town was not regularly laid out until 1856, when it became the county seat. but which has since been removed to Merced. It is on the Stockton road leading to Mariposa. It is a promising place.

California—Sonoma—Sonora.

ALPHABETICALLY.

Sonoma,

SONOMA COUNTY,

Is most charmingly situated in the picturesque valley of the same name, where the luscious grape is extensively grown and where wine is manufactured in abundance. It is at the head of navigation on Sonoma Creek, 18 miles from San Pablo Bay. As a place of residence it is unrivalled, for every feature that is necessary to make it attractive is found here.

Sonora,

TUOLUMNE COUNTY,

Is the county seat, and distant from San Francisco, via Stockton and Copperopolis Division of the Central Pacific Railroad, and Mattison & Co's stage line, 150 miles. It is in a pretty basin of the Sierra Nevada's, where placer mining was carried on quite extensively, and where in early times, scenes of excitement were often witnessed. It boasts a population of 2,200, and its altitude is nearly 2,000 feet above the sea level. It is a well built place, and its climatic features are attractive, being quite a resort for invalids, who soon find restoration from all physical ailments. The schools are good, the churches well attended, and the society is very fine.

Stockton,

SAN JOAQUIN COUNTY,

Is the county seat and situated on the Western Division of the Central Pacific Railroad, 91 miles from San Francisco, and 48 miles south of Sacramento. It is also at the head of navigation on the Stockton Slough, an arm of the San Joaquin river, and a terminus of the Copperopolis Division of the Central Pacific Railroad. It is the chief commercial city of the San Joaquin valley, and the country lying contiguous to it within a radius of several miles contributes largely to its support in its demand for supplies. The city is widely known as an *entrepot* for the deposit of vast quantities of grain from many sections of the State, and is the site of numerous extensive warehouses. The country immedi-

TULARE COUNTY.

TOWNSEND H C. postmaster, hotel and blacksmith

Tracy,

SAN JOAQUIN COUNTY.

Is situated on the C. P. R. R., where the Livermore and Martinez branches meet, 83 miles from San Francisco and 19 from Stockton. The site is a favorable one, and the town commands a considerable share of the trade of the surrounding country. The business formerly done at Ellis', 3 miles distant, has been transferred to this place. The Odd Fellows

H. WACHHORST calls attention to his Genuine Sterling Silverware. 315 J St.

CUTTING PACKING CO. Canned Salmon, Vegetables, 17 to 41 Main St., S. F.

American, German and French Confectionery at Wholesale, by Fred. Bickel, 84 1st St., Portland, Oregon.

854

California—Truckee.

ALPHABETICALLY.

Truckee,

NEVADA COUNTY,

Is a thriving and pretty town of 2,000 inhabitants, situated in the Sierra Nevada mountains on the line of the Central Pacific Railroad, 119 miles from Sacramento. It depends mainly on the lumbering interests of the locality for its support, though the railroad is a source of revenue that contributes very materially to its growth. It is the terminus of a line of stages running to Lakes Tahoe and Donner, whose beauties are spoken of in terms of greatest and sincere ecstasy. The trout caught from the river of the same name, only a short distance from the town, are very fine, and during the summer season anglers are seen in great numbers trolling for the wary beauties. The schools of the place are good, and in every condition of the place is excellent.

Ukiah,

MENDOCINO COUNTY,

Is one of the oldest towns in the State,
having been laid out in 1856 and select-

ed as the county seat three years after-
ward. Geographically it is in the center
of the county, thus making it the most
desirable for the honor it bears. It is
a prosperous town of 1,500 inhabitants,
well built and pleasantly located. Its
Court House and jail cost, in 1872, up-
wards of \$40,000. It is the distributing
point of mail matter for a large section
of country, five routes terminating here.
There are a number of springs, both hot
and cold, possessing medicinal properties
that are highly prized by invalids, es-
pecially those troubled with rheumatism.
Persons afflicted with cutaneous eruptions
find a remedy in these waters that
entirely remove them from their skin.
It is in the heart of a rich agricultural
and pastoral region the productions of
which contribute largely towards swell-
ing the exports of the State. The secret
orders are all in a flourishing condition,
and all the religious denominations are
represented. It has two weekly news-
papers. The sanitary condition of the
place is very good.

Vacaville,

SOLANO COUNTY,

Is on the Vaca Valley and Clear Lake Railroad, about 6 miles from Elmira, the junction of the above named road with the California Pacific. It has a population of 500 and has quite a reputation on account of its excellent schools. The country surrounding the place is rich agriculturally, and depends on the farming interests for its support. The Wilson Hotel, kept by a very genial and hospitable gentleman by the name of I. F. Davis, is a very pleasant one and the host knows how to cater to his guests. Fine croquet grounds and drives are features that are at once made attractive to the tourist or visitor. As a Summer retreat it is very fine for families. Fruit is grown in the vicinity in abundance. There is also a college here under the management of the Baptist church.

Watsonville,

SANTA CRUZ COUNTY,

Is a pretty and prosperous town, situated on the Southern Pacific Railroad, 100 miles from San Francisco. The Pajaro valley, of which Watsonville is the commercial emporium, is one of the richest, agriculturally speaking, in the State, and consequently the place looks to the interests of grazing and farming for its support. Its public schools are well maintained and its business houses and private residences are tastily built and quite handsome. It has a population of 4,000.

West Oakland,

ALAMEDA COUNTY,

Is within the corporate limits of Oakland, though it has a distinct postoffice. It comprises all that part of the city lying west of Center street and as an auxiliary in the creation of funds contributed to the support of the city's institutions is a factor of some importance. There are quite a number of substantial business houses and handsome residences, several schools and elegant churches, in this quarter of the city. Communication is had by horse and steam cars with Oakland and East Oakland, another division of the city.

Woodland,

YOLO COUNTY.

The pretty little city of Woodland, with a population of 4,000, will compare very favorably with the handsomest cities of the State. Her location on the Knight's Landing branch of the California Pacific Railroad, in a section remarkable alike for its fertility of soil and equable climate, is an assurance of her future importance. She has quite a number of splendid business blocks and magnificent private residences, and is supported by a wealthy farming community. Her Public Square, studded with shrubbery, rare plants, palms and ferns, is a very attractive feature of the place. Her Court House and jail, combined, is a well constructed building and an ornament to the place. The society is excellent, schools superior and health good.

Wrights,

SANTA CLARA COUNTY,

Is situated in the Santa Cruz Range, at the entrance of tunnel No. 3, of the S. P. C. R. R., 18 miles from San Jose. At present writing work is progressing at a rapid rate in this tunnel, which is a little over a mile in length. It is the last of a series of seven between this place

and Santa Cruz. The system, when completed, will represent three and one-half miles of difficult boring and is one of the greatest works in America. It is expected that the road will be in operation to Monterey Bay when this work is published. O. B. Castle of the hotel at Wright's will make sacrifices for the comfort of his guests

Yreka,

SISKIYOU COUNTY,

Is one of the oldest and most important places in that section of the State, the town-site having been laid out as early as 1851. The richness of the placer diggings at that time brought the locality into favorable notice, and consequent on the announcements of "rich finds" the population increased with remarkable rapidity. It is on the line of the Overland Stage road, 115 miles from Redding, situated in the Shasta valley, on the west bank of Yreka creek, whose supply of water is sufficient to drive the machinery of the State, and which contains some of the finest fish in the world. Its mines are still being profitably worked, and the pursuit of stock-raising is engaged in. It is the main point of supplies for that region, the county seat, the head-quarters of the Overland Stage Co., and contains a population of 2,000.

THE SAN FRANCISCO DAILY EVENING BULLETIN

Has been longer established, and has a larger circulation than any other evening newspaper on the Pacific Coast.

It is the only San Francisco newspaper which publishes all the Supreme Court Decisions.

Served by carriers in the large towns at 25 cents per week; by mail, one year, \$12; six months, \$6; three months, \$3.

THE WEEKLY BULLETIN

— AND —

FRIDAY EVENING'S BULLETIN

FORMING TOGETHER

The Most Complete Semi-Weekly Newspaper

Published on the Pacific Coast, is supplied at

\$3.00 PER YEAR FOR THE TWO.

There are many persons in the country, remote from the Post Office who do not find it convenient to obtain their mail every day, and therefore do not subscribe for a daily paper, and yet desire to be informed of the world's doings more frequently than once a week. To supply this want, the WEEKLY BULLETIN, issued WEDNESDAY, and the DAILY of FRIDAY will be served at the old Weekly rate of subscription.

The two papers, together constituting a splendid semi-weekly, will contain sixteen pages each week, or double the amount of reading matter of any weekly published on this Coast.

SUBSCRIPTION RATES:

The Weekly and Friday Bulletin.

One Year.....\$3 00
Six Months.....\$1 50

Weekly Bulletin Alone.

One Year.....\$2 50
Six Months.....\$1 25

Special Rates and Premiums to Clubs.

If sent to foreign countries, except Canada and the Hawaiian Islands, \$1 per year must be added to the above rates for postage.

Any subscriber can have his address changed by forwarding the old as well as the new one. Remittances by Draft, Postoffice Order, Wells, Fargo & Co's Express, and Registered Letter, at our risk. Address,

S. F. BULLETIN CO., San Francisco, Cal.

H. PALMER & CO., Native Wines, 302 Davis Street, S. F.

Chicago.

CUTTING PACKING CO. Canned salmon, Vegetables, 17 to 41 Main St., S. F.

American, German and French Confectionery at Wholesale, by Fred. Bickel, 84 1st St., Portland, Oregon.

OVERLAND PASSENGERS

YOU WANT

The Very Best Route East.

That Route is via the

CHICAGO & NORTHWESTERN RAILWAY.

The Shortest, Safest and Best Route to

Chicago, Detroit, Niagara Falls,

PITTSBURG, MONTREAL, BOSTON,

PHILADELPHIA, BALTIMORE,

NEW YORK,

CLEVELAND, BUFFALO, ALBANY,

AND ALL OTHER POINTS EAST.

Australian, New Zealand or China and Japan

Passengers should go by this Road when en route to
ENGLAND or any point in EUROPE.

Its Agents in San Francisco can sell you Through Tickets thro' Canada and via Niagara Falls: also via Toledo, Buffalo, Pittsburg, or via any Railroad East of Chicago.

Do not be deceived into taking tickets by longer or more circuitous routes, no matter what the Agents of these routes may say to you! You want the very best, and can get it in no way save by seeing that your tickets East of Council Bluffs read **via Chicago and Northwestern Railway.**

Do not forget that the **North-Western** is the Only Western Road that runs the world-renowned **PULLMAN HOTEL CARS.** These are not imitations of Hotel Cars, nor the so-called Dining Car, but they are the last and best and favorite production of the celebrated Pullman Palace Car Co.

Remember that the **NORTH-WESTERN** makes Direct Connections with all the Trunk Line Railroads East of Chicago.

THROUGH TICKETS via this Route to all Eastern Points can be procured at the

Central Pacific Railroad Ticket Office,

Foot of Market Street.

A. MALPAS, Ticket Agent.

And at 2 New Montgomery Street, San Francisco,

JOHN TALBOTT, Ticket Agent, Sacramento, Cal.,

and at all Coupon Ticket Offices of Central Pacific and Union Pacific Railroads.

H. P. STANWOOD,

General Agent for California.

MEREDITH DAVIS, Western Passenger Agent.

No. 2 NEW MONTGOMERY STREET,

San Francisco, in Palace Hotel.

Do not fail to see one of these parties before you buy, and then read your tickets to see that they are over the North-Western Route.

The GREAT BURLINGTON ROUTE

Best Constructed and Most Completely Equipped Railway in America.

OFFERS TO THE TRAVELER BETWEEN

COUNCIL BLUFFS AND CHICAGO

every inducement that can be given to any people, in the way of **Speed, Comfort and Safety**, three very important items to be taken into consideration when deciding upon a route. To the old and experienced Traveler via the **Overland Route**, it is not necessary to state that the **BURLINGTON** has carried a large percentage of the passengers between the

PACIFIC SLOPE AND THE EAST,

and that it still maintains its reputation in this respect is not to be questioned.

THE DINING CARS

so long and favorably known on this Line, are still kept up to a high standard, and it is the endeavor of the managers to make them in every respect meet the wants of the Traveling Community, who may favor them with patronage.

The Famous Pullman Palace Sleeping and 16-wheel Dining Cars

are the best that have been made by this celebrated Company, and are ever kept in superb order as regards tidiness and cleanliness. Wants of passengers are provided for by attentive Conductors and Porters, whose sole duty it is to look after those placed under their charge.

THE DAY COACHES

of this Line are in every way comfortable, fully meeting the wishes of those who do not indulge in the comforts of Sleeping Cars.

SECOND-CLASS AND EMIGRANT

Passengers are carried between **Council Bluffs and Chicago** on same trains and in same time as First-Class Passengers. The accommodations furnished these passengers are good Coaches nicely cushioned, well warmed in winter and well ventilated in summer. First-Class Passengers only are allowed privilege of Sleeping Cars. **One Hour better time than by any other Line from Omaha.**

TICKETS WILL BE FOUND AT ALL OFFICES OF THE

CENTRAL PACIFIC

— AND —

The California Independent

IS THE

Boldest, Freest Outspoken Journal on this Coast.

Conducted upon a basis of high moral character, it seeks to elevate the lowly, right the wrong and correct the errors and abuses of the evil-disposed, in all the walks of life. It strives to **ELEVATE LABOR** and adjust its relation properly with its foster brother **CAPITAL**, believing that the two are not, and of right ought not to be antagonistic.

The California Independent is purely an American Journal and will strive to maintain the glorious principles of the Republic unimpaired, chief among which is the **FREE SCHOOL SYSTEM**, asking no quarters from its enemies, and giving none. It is uncompromisingly in favor of a thorough and radical reconstruction of our **NATURALIZATION LAWS**; believing that this country is no longer an asylum for the paupers, criminals and infirm and impure generally of the whole world.

All who believe in these Principles are respectfully solicited to give it their support. Subscription \$3.00 a year.

CALIFORNIA GLUE WORKS,

MARTIN HOLJE, Proprietor,
MANUFACTURERS of PURE GLUE.

Factory, De Haro and Sixteenth Streets.

I warrant them to be superior in QUALITY AND STRENGTH to any Glues ever before offered in this market. A test from consumers and dealers that are using Glues, is all I ask.

All Orders should be sent to the Factory, 16th and De Haro Streets

"Mark well the hour when nature's rights demand
The skillful practice of a Dentist's hand."

A great principle to success in life, in Personal Appearance, and a Good Constitution, of which the Teeth are an Indispensable Requisite.

Have your natural teeth filled and saved if possible; ever bearing in mind "that delays are dangerous."

Substitute a well made set of Artificial Teeth, if the natural ones are missing. FIRST. For the purpose of masticating food to prepare it for digestion. SECOND. For the purpose of articulation and ornament.

Let azure eyes with coral lips unite,
And health's vermilion blend with snowy white,
Let auburn tresses float upon the gale,
And flowery garlands all their sweets exhale;
If once the lips in parting should display
The teeth *discolored*—wasting with decay—
The spell dissolves, and beauty in despair
Beholds her fond pretensions melt in air!

Also, Horseshoeing.

HASSMER'S

LUNG & COUGH SYRUP,

FOR ALL DISEASES OF THE

Throat and Lungs, Catarrh, Fevers, Etc.

IT WILL CURE CONSUMPTION.

Has been subjected to a thorough analysis by skillful chemists in both America and Europe, and pronounced free from injurious or poisonous matter. Its effect upon the system is entirely harmless.

DIRECTIONS FOR USE.

Take a wine-glassful three times a day, before meals. As all wine-glasses are not of a uniform size, it will be better to say one-fourth of a pint, divided into three doses, to be taken daily. As this syrup is a valuable tonic, containing no hurtful drugs, the patient may increase the number of doses per day at will.

Numerous certificates of cures can be seen upon application to

BOOKS, STATIONERY, PIANOS, MUSIC, ETC.

ALSO,

Printers, Lithographers, Engravers and Binders.

The most complete business of its kind in the country. It is thoroughly systematized and divided into departments—each being in charge of a competent Manager—as mentioned below.

Wholesale Department. Headquarters located on the first floor. All business connected with the wholesale and jobbing trade is referred to it. The immense stock of Stationery in all its branches, occupying portions of three floors, is under its management.

Retail and Library Department. On the first floor. Whatever is for sale in this entire establishment can be purchased at retail in this department. The miscellaneous, scientific, medical and theological books are specially under its supervision. All are thoroughly classified, there being nearly two hundred divisions and subdivisions, embracing every prominent subject of reference.

Law Department. On the first floor. It embraces the law books—over one hundred volumes; and the legal blanks—over 1500—published by the firm; and a very large and complete stock of textbooks and reports imported from the East and Great Britain.

Educational Department. On the first floor. It includes such school books and school stationery as are published and manufactured by the firm, and an immense stock of school books, school apparatus and school furniture imported from the East. The main stock is stored in deep alcoves extending along nearly one entire side of the basement.

Bank and Official Department. Printing, Lithographing, Engraving and Blank Book Manufacturing, especially for Banks and Public Officers. Also, the best qualities of Stationery for their use always in stock in quantities.

Music Department. Embraces several lines of pianos, square and upright, and a large variety of cabinet organs and melodeons. Also a fine stock of sheet music and music books. Latest music periodicals kept on file for free reference.

Subscription Department. On the second floor. The firm has the agency for the best and most popular subscription books, maps and pictures published in the East and has a large corps of sub-agents constantly in the field in every part of the coast. Agents wanted.

Printing and Lithographing Department. This department occupies the entire third floor, and has the necessary steam presses and machinery for executing all kinds of printing, Lithographing, engraving, initial stamping, etc.

Blank Book Manufacturing Department. Occupies the entire fourth floor, 75 by 170; contains the most complete set of machinery for ruling, folding, binding and manufacturing blank books to be found on the Pacific Coast. The machinery of the printing and binding departments is propelled by an engine and boiler located under the Stevenson Street sidewalk.

Publishing Department. Bancroft's Historical Library, on the fifth floor, is the basis of important scientific and descriptive works of a local nature, and maps and books of reference relating to the Pacific Coast, to be issued by the firm from time to time.

The stock of merchandise and manufactures comprised in the above Departments is the most complete and varied of any single establishment in this line of business to be found in any country in the world. *Special lines* of goods and *special features* of the business are mentioned below.

Who is there in the world claiming any knowledge of its cities that has not heard of the newly-born metropolis of the Pacific Coast? Her rapid strides to commercial importance excited the wonder of every nation on the face of the globe. Thirty years ago only, the present site of this handsomely built city was a barren waste, a fact that would be doubted were it not known by thousands who are still comparatively young. From a rank of insignificance as an exporting city she has risen, within a few short years, to a position that commands admiration from impartial witnesses, and elicits expressions of envy from her sister cities. Her prospective position as the second city of the Union is well supported by the argument which a steady, uninterrupted flow of immigration offers. The Pacific Coast proper comprises more than one-third of the United States, which, with improved facilities for rapid and safe transportation, must become tributary to her leading city, and whose demands must of necessity result in her material enlargement. Factories must spring up for the manufacture of articles of use, houses more numerous than those already here must be opened to fill orders for goods of the increasing trade, and other institutions so essential to the stimulus of a great city must speedily follow. She is and always must be recognized as the *entrepot* of the coast, and the most suitable western outlet of the United States. Every convenience and comfort usually found in cities of three hundred thousand inhabitants are among her possessions. Her streets are all brilliantly illuminated with gas and electric lights, and traversed by several lines of street railway, well paved and cleanly kept and broad enough for all practical purposes. Her places of amusement are numerous and liberally patronized; her public buildings are marvels of beauty; while her private and public residences will compare with those of any city in the country. She boasts the largest hotel in the world, erected at a cost of \$8,000,000. Her parks, though small, are handsome, and her drainage is emphatically superior, her elevated situation being decidedly advantageous to this system. Although she has not escaped the depression which has been so generally felt throughout the world, yet her failures have been less in proportion than those of any other place of equal size. Her growth, of course, has not been so marked as before the "tide" set in, though the near future promises to be heavily laden with improvements. We think her destiny will reveal the glory of prosperity unparalleled, and that a few years distant she will occupy the second, if not the first place, in the list of commercial and manufacturing cities.

PACIFIC BUSINESS COLLEGE, 320 Post opp Union Square

The design of this institution is to impart such an education as will best prepare students for the practical affairs of life. It provides thorough, systematic and practical courses of instruction, and employs a full corps of competent and faithful teachers. Every available modern improvement has been introduced, and whatever a liberal expenditure of money and well

directed energy could do, has been done to make the school what it should be, and to maintain for it a reputation worthy of its rank.

The Business Course, both theoretical and practical, is as near perfection as it is possible to make it. The system of *Actual Business Training* employed is unsurpassed, students receiving the same practice in conducting business affairs as though they were in a *bona fide* bank, office or counting house. Practical penmanship is made the subject of daily drill.

The Academic Course affords an excellent opportunity for persons of any age to obtain thorough instruction in Spelling, Reading, Arithmetic, Grammar, Letter-Writing, etc., the Higher Mathematical branches and the Modern Languages.

The Telegraphic Course is well calculated to make proficient operators. It includes careful instruction in *sound* and *paper* operating, setting up of instruments, management of batteries, use of switenes and ground wires, etc.
GENERAL INFORMATION.—Day and evening sessions during the entire year. Students can enter at any time. Ladies are admitted to all the departments of the school. Individual instruction is given. Life Scholarships for the complete Business Course are issued at \$70.

104 Market Street, S. F.
Between 6th and 7th.

THE
METHODIST
Book Depository,
1041 Market Street,

Between 6th and 7th, SAN FRANCISCO

It is the Pacific Coast Branch of the **Meth-
odist Book Concern of New
York City**, and represents its entire line of
business on this coast.

It has one of the most commodious and cheerful of
stores, in the building erected for the accommodation of
its growing business, at the centre of the city of the very
near future.

THE SUNDAY SCHOOL DEPARTMENT

of the Depository is always well stocked with the very best supplies of **LIBRARY AND MUSIC
BOOKS, CARDS, MAPS, REQUISITES, PERIODICALS, &c.** These embrace not only the full
line of the "METHODIST BOOK CONCERN," "PUBLISHING HOUSE OF THE M. E. CHURCH, SOUTH," and
"NATIONAL TEMPERANCE PUBLICATION SOCIETY'S" issues, but also choice selections from all the very
best Publishers of the country.

Attention of Pastors and Superintendents is especially invited to the variety and excellence of
our large stock of Sunday School supplies.

THE BIBLE DEPARTMENT

embraces every variety of size and style, from vest-pocket Bibles (the smallest made in the world)
to the splendid Pactor and Pulpit editions—and at prices from fifty cents (and less) to as many
dollars.

THE SUBSCRIPTION DEPARTMENT

offers fine inducements to enterprising Agents in any and every section of the country west of the
Rocky Mountains.

TEMPERANCE DEPARTMENT.

The Depository is "Headquarters" on the Coast of the "NATIONAL TEMPERANCE PUBLICATION SO-
CIETY," which was organized in 1856, for the special work of creating and circulating a sound tem-
perance literature.

It is constantly issuing tracts, pamphlets and bound volumes, presenting the temperance ques-
tion in all its varied aspects, Scientific, Religious, Social, Financial, Legal, etc.

Temperance Workers and Societies should send for Catalogues, and should equip themselves
from this arsenal of supplies.

The Publications of the "PUBLISHING HOUSE OF THE M. E. CHURCH, SOUTH," are in full issue on
our shelves.

STATIONERY DEPARTMENT.

Our Stationery Department is well supplied with plain and fancy Stationery, Gold Pens, Cross
Stylographic Fountain Pen, etc., etc.

Our Books are sold at **EASTERN CATALOGUE PRICES**, and sent prepaid at
those rates. Agency for the Pacific Coast of

"Stylograph," or Rapid Letter Copying Book, "Electrograph," and
"Stylographic Fountain Pen."

It is our pleasure to have visitors call and examine our excellent stock of Theological, Temper-
ance, Sunday School and Miscellaneous Literature and Stationery.

Correspondence from abroad invited. Catalogues supplied. Any books procured and forwarded,
whether from the San Francisco or Eastern Market.

Address, **Rev. JOHN B. HILL, Agent.**

THE ELECTROGRAPH

FOR MULTIPLYING COPIES OF ANY WRITING OR DRAWING, etc., with great convenience and rapidity. Ready in two minutes, 100 copies in five minutes. Worked by a child. Lasts for years. Writing in several colors copied at once. Does the work of the Papyrograph more expeditiously, easily, and perfectly.

UTILITY OF THE ELECTROGRAPH.

Circulars, Price-Lists, Programmes, Reports, Stock Lists, Bills of Fare, Invitations, Sketches, Plans, Music, School Reports and Blanks, Sabbath School Songs, Pastors' Addresses, &c., &c., can be rapidly reproduced at slight cost, to any extent desired, from a single impression.

FACILITY OF THE PROCESS.

Any person writes or draws upon any kind of paper, and lays it on the Electrograph tablet. In one minute the tablet contains a transcription, and from it even a child can take exact duplicates at the rate of twenty per minute. Wash the tablet with a sponge and water, and it is again ready for use.

PRICE from \$1.00 upwards. It is of immediate and immense value to every professional and every business man.

JOHN B. HILL, 1041 Market St., S. F.,
General Agent for the Pacific Coast.

Send for Samples of the work, Circulars, etc., etc

Letters Written and Copied without Pen, Ink, Pencil or Copying Book.

MCDONALD'S STYLOGRAPH

OR

RAPID LETTER COPYING BOOK,

FOR MERCHANTS, LAWYERS, BANKERS, TRAVELERS AND EVERYBODY WHO DESIRES TO RETAIN A BEAUTIFUL AND PERMANENT COPY OF THEIR CORRESPONDENCE.

Just the thing for Commercial Travelers and all parties away from, or in their offices.

Letters by the old process must always be written in the office, counting-room, or wherever the press may be, while by our new process, a letter may be written and copied simultaneously at any time or place.

PRICES AND SIZES.

Each book furnished complete, with Styles and Patent Writing Packet ready for use.

Order Book for Travelling Salesman, No. 9, 4x7, has 200 leaves.	\$1.00
Note sizes No. 1, 5 1/2x8, has 100 leaves.	.75
" " " 2, 5 1/2x8 " 200 " " " " " "	1.25
" " " 3, 6 1/2x8 " 300 " " " " " "	1.50

JOHN B. HILL, 1041 Market St., S. F.,
General Agent for Pacific Coast.

Attention of Dealers and Canvassers invited. Send for Circulars.

"A. T. CROSS' STYLOGRAPH" FOUNTAIN PEN. 10,000 TO 15,000 WORDS WRITTEN WITHOUT REFILLING.

A. T. CROSS' PATENTS, October 6, 1888; April 10, 1877; May 1, 1877; June 12, 1877; January 29, 1878.

I have written about 10,000 with it without refilling. — Benjamin J. Lossing.
For long continued writing, it is certainly a great convenience to take up one of these pens, and to be able to write page after page for a day at a time, without being obliged to lift the hand from the paper, or resort to the inkstand, or sharpen a pencil. — The Scientific American.
We write this paragraph with the most perfect pen that we have ever found. Never blots, does not ink the fingers, always ready for any kind of paper, will wear EQUAL to ANY GOLD PEN, and is beautiful in form. — Editor of the Pacific Methodist, San Francisco.
It is a fountain pen of the latest and most approved plan, and is an absolute success. We have thoroughly tried a No. 3, and can rapidly and constantly write newspapers or copy MSS. all day long, with but one filling. With good ink and used according to directions it will, no doubt, last a life time, and is invaluable to those having much writing or copying to do. — Editor "New Age," (J. O. O. F.) San Francisco.

ERNST GABLER'S SQUARE AND UPRIGHT. These favorably known instruments for sale at M. Gray, 117 Post St. Reasonable prices and terms.

PURE PORT WINE, for Medicinal Purposes, 302 Davis St., S. F.

Stylographic Fountain Pen Continued.

PRICES.

No. 1, \$5.00. Nos. 2 & 3, \$4.50. Nos. 4 & 5, \$4.00. Nos. 6 & 7, \$3.75. No. 8, \$3.25.

Pens Sent by Registered Letter on Receipt of Price.

DESCRIPTION.

Nos. 1, 3, 5 and 7 are 6 inches long, and Nos. 2, 4, 6 and 8 are 4½ inches long.
 Nos. 1, 2, 5 and 6 are of vulcanized rubber, mounted with 18 carat gold.
 Nos. 3, 4, 7 and 8 are of vulcanized rubber, simply plain or chased.
 Nos. 1, 2, 3 and 4 are guaranteed Iridium points. This is the material with which gold pens are tipped, and is, practically, indestructible.
 Nos. 5, 6, 7 and 8 are of Iridium and Platinum alloy, and with fair usage should last for years.

Caution.—The proprietors have found it necessary to publish as follows: *'Every Genuine Pen bears the name of the inventor, A. T. CROSS.'* This is the original pen whose merits have made the world-wide reputation. *The name was not protected by law, and hence inferior imitations have been sold under the same name.*

We now put "A. T. Cross' Stylographic" on all circulars, placards, &c., and the name of "A. T. Cross" on every pen, and shall prosecute any infringement of this title."

For Terms to Agents and Dealers, and for Circulars, address

THE MAN

WHO IS UNACQUAINTED WITH THE GEOGRAPHY OF THIS COUNTRY, WILL SEE BY EXAMINING THIS MAP, THAT THE

CHICAGO, ROCK ISLAND & PACIFIC R. R.

IS THE GREAT CONNECTING LINK BETWEEN THE EAST & THE WEST!

Its main line runs from Chicago to Council Bluffs, passing through Joliet, Ottawa, La Salle, Geneseo, Moline, Rock Island, Davenport, West Liberty, Iowa City, Maroon, Brooklyn, Grinnell, Des Moines (the Capital of Iowa), Stuart, Atlantic, and Avoca; with branches from Bureau Junction to Peoria; Wilton Junction to Muscatine, Washington, Fairfield, Eldon, Bolknapp, Centreville, Princeton, Fronton, Gallatin, Cameron, Leavenworth, Atchison, and Kansas City; Washington to Sigourney, Oskaloosa, and Knoxville; Keokuk to Farmington, Bonaparte, Bentonport, Independent, Eldon, Ottumwa, Eddyville, Oskaloosa, Pella, Monroe, and Des Moines; Newton to Monroe; Des Moines to Indianola and Winterset; Atlantic to Lewis and Audubon; and Avoca to Harlan. This is positively the only Railroad, which owns, and operates a through line from Chicago into the State of Kansas.

Through Express Passenger Trains, with Pullman Palace Cars attached, are run each way daily between CHICAGO and PEORIA, KANSAS CITY, COUNCIL BLUFFS, LEAVENWORTH and ATCHISON. Through cars are also run between Milwaukee and Kansas City, via the "Milwaukee and Rock Island Short Line."

The "Great Rock Island" is magnificently equipped. Its road bed is simply perfect, and its track is laid with steel rails.

What will please you most will be the pleasure of enjoying your meals, while passing over the beautiful prairies of Illinois and Iowa, in one of our magnificent Dining Cars that accompany all Through Express Trains. You get an entire meal, as good as is served in any first-class hotel, for seventy-five cents.

Appreciating the fact that a majority of the people prefer separate apartments for different purposes (and the immense passenger business of this line warranting it), we are pleased to announce that this Company runs Pullman Palace Sleeping Cars for sleeping purposes, and Palace

PULLMAN PALACE CARS are run through to PEORIA, DES MOINES, COUNCIL BLUFFS, KANSAS CITY, ATCHISON, and LEAVENWORTH. Tickets via this line, known as the "Great Rock Island Route," are sold by all Ticket Agents in the United States and Canada.

For information not obtainable at your home ticket office, address,

A. KIMBALL,

Gen'l Superintendent.

E. ST. JOHN,

Gen'l Tkt. and Passenger Agt., Chicago, Ill.

Dining Cars for eating purposes only. One other great feature of our Palace Cars is a **SMOKING SALOON** where you can enjoy your "Havana" at all hours of the day. Magnificent Iron Bridges span the Mississippi and Missouri rivers at all points crossed by this line, and transfers are avoided at Council Bluffs, Kansas City, Leavenworth, and Atchison, connections being made in Union Depots.

THE PRINCIPAL R. R. CONNECTIONS OF THIS GREAT THROUGH LINE ARE AS FOLLOWS:

- At CHICAGO, with all diverging lines for the East and South.
- At ENGLEWOOD, with the L. S. & M. S., and P., W. & O. R. Rds.
- At WASHINGTON HEIGHTS, with P., C. & St. L. R. R.
- At LA SALLE, with Ill. Cent. R. R.
- At PEORIA, with P. F. & J.; P. D. & E.; I. B. & W.; Ill. Mid.; and V. P. & W. Rds.
- At ROCK ISLAND, with "Milwaukee & Rock Island Short Line," and Rock Is'd & Peo. Rds.
- At DAVENPORT, with the Davenport Division C. M. & St. P. R. R.
- At WEST LIBERTY, with the B. C. R. & N. R. R.
- At GRINNELL, with Central Iowa R. R.
- At DES MOINES, with D. M. & F. D. R. R.
- At COUNCIL BLUFFS, with Union Pacific R. R.
- At OMAHA, with B. & Mo. R. R. in Neb.)
- At COLUMBUS JUNCTION, with B. C. R. & N. R. R.
- At OTTUMWA, with Central Iowa R. R.; W., St. L. & Pac. and C. B. & Q. Rds.
- At KEOKUK, with Tol., Geo. & War.; Wab. St. Louis & Pac., and St. L., Keo. & N.-W. R. Rds.
- At CAMERON, with Ill. St. J. R. R.
- At ATCHISON, with Atch., Topeka & Santa Fe; Atch. & Neb. and Cen. Br. U. P. R. Rds.
- At LEAVENWORTH, with Kan. Pac., and Kan. Cent. R. Rds.
- At KANSAS CITY, with all lines for the West and Southwest.

Greatest Wonder OF THE Age!

The **Mathewson World Renowned Suspended Wire Cushion Combination Billiard Table** is now on exhibition at the Palace Hotel, No. 28 New Montgomery Street, where parties can see its beauty and general feasibility, and all its practical working parts. We are now prepared to furnish the trade with different sizes, styles and prices, ranging from \$35.00 to \$200.00 and upwards according to size, etc.

They are fast coming into general use in Families, Saloons, Billiard-Halls, and very soon will take the place of the lifeless Old Style Billiard Tables. They are causing a world of excitement amongst Billiard critics and the lovers of the game generally, on account of their Accuracy, Beauty, Durability, Adaptness to extreme hot and cold climates, its cheapness and lightning rapidity of the Balls rolling from angle to angle. With the greatest anxiety do thousands of people watch the progress of the game being played at our place of business in the Palace Hotel.

We would extend a special invitation to our friends and the public generally to come and see the Greatest Wonder of our times. It is in itself like the Wonderful Edison Light, shying brighter and brighter every day; it is showing up to the world what energy, time and perseverance can produce. Orders are being filled from Portland, Oregon, Arizona, Salt Lake, and at Chicago, Mexico and the far off interior and our own immediate vicinity.

Address, **S. R. MATHEWSON & CO.,**

DR. SPINNEY No. 11 KEARNY STREET

Treats all Chronic & Special Diseases.

YOUNG MEN

Who may be suffering from the effects of youthful follies or indiscretion, will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. DR. SPINNEY will guarantee to forfeit \$500 for every case of Seminal Weakness or private disease of any kind or character which he undertakes and fails to cure.

MIDDLE-AGED MEN.

There are many at the age of thirty to sixty who are troubled with too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits aropy sediment will often be found, and sometimes small particles of albumen will appear, or the color will be of a thin, milkish hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all, such cases, and a healthy restoration of the genito-urinary organs.

Office Hours—10 to 4 and 6 to 8 Sundays from 10 to 11 A. M. Consultation free. Thorough examination and advice, \$5. Call or Address, **DR. SPINNEY & CO.,** No. 11 Kearny Street, San Francisco.

BILLIARDS.

The Largest BILLIARD TABLE Manufacturing Company in the World.

THE
J. M. BRUNSWICK & BALKE CO.,
 Sole Manufacturers & Patentees
 OF THE

STANDARD, MONARCH, NONPAREIL, NOVELTY,

And the Famous **ECLIPSE** Billiard and Pool Tables.

Sole Agents for the U. S. for the **Hyatt Billiard and Pool Balls.**

The **J. M. BRUNSWICK & BALKE CO.** are the Largest Billiard Table House in the World, employing 500 skilled workmen. Being direct Importers from Europe of all goods used in our line, such as Billiard Cloths, Billiard Balls, etc., we can supply **Better Goods at Lower Prices** than has ever before offered on the Pacific Coast.

THE UNRIVALLED MONARCH CUSHIONS

(with which our Tables are furnished) are the only **Perfect Cushion** in existence, and are exclusively used in all **Public Match Games** by the Eastern Professional and Amateur Billiard Players, and are endorsed by one and all to be **PERFECTION**. The **Monarch Cushions** are guaranteed for **Ten Years**. All are invited to call and examine our Tables and judge for themselves as to the superiority of our goods. **Our Prices** will be found to be from **25 to 33 per cent. lower** than any other house. Don't fail to visit the Warerooms of the

Aurora,

ESMERALDA COUNTY, NEVADA,

Is the county seat and a place of 500 inhabitants. It is situated on the line of the U. S. stage road to Bodie, distant from Carson City 100 miles. Its altitude is 7,600 feet above the sea level and its sanitary condition superb. At one time in its early history the place was the scene of great activity and bustle, incident to the discovery of rich silver-bearing lodes, but through the constant and unlimited demand of greed for the precious metal, these became exhausted to a certain degree, and for want of employment, some of its mills suspended and its population of 3,000 or more dwindled. The Court House is a nice two-story brick, constructed at a cost of \$15,000. Those who remain are intelligent, liberal and progressive people. A revival of her mining industries is confidentially anticipated in the near future. The Exchange Hotel, a two-story brick, Messrs. Gordon & Gaulier proprietors, recently opened, is as fine a house as there is in the State in every particular.

THE UNION PACIFIC RAILROAD.

There are very few who have lived on the Pacific Coast who are not familiar with the history of this great line of railway; and to it the rapid development which has attended the flight of time since its construction is universally conceded. The aid rendered by the Government in its completion has been rewarded in a permanent growth and an encouraging outlook for the near future. That vast stretch of fertile country lying to the north of its route in Wyoming, Montana and Idaho has been brought into easy reach and has been made the objective point of settlement for a steady flow of immigration. With the construction of branch lines of road means of rapid and cheap transportation will be inaugurated, and this great area of territory of unlimited capabilities will be made the source of boundless revenue. From Ogden to Omaha the scenery is unexcelled, and the ride over this wonderful route in magnificent coaches is one of constant pleasure. Nature has exerted herself and left evidences of her handiwork that are incomparable. The Union Pacific is the pioneer line, and its elegant coaches, substantial, well ballasted road-bed and efficient management deserve a recognition from the residents of the Pacific Coast replete with lasting appreciation. Its organization and completion met with many obstacles, and, since success has been plucked from the tree of labor, efforts are being made to usurp its right to that remuneration by other companies. It is an old friend and its interests should not be ignored.

CALIFORNIA ELASTIC TRUSS CO.

Market Street, San Francisco.

SINGLE.

Manufacturers of the
Best Improved Trusses,

Constructed on Scientific
principles and sell on
their merits.

DOUBLE.

FROM A RAILROAD CONDUCTOR.

Gilroy, Cal., Nov. 21st, 1879.

V. J. HORNE, Esq., Proprietor CALIFORNIA ELASTIC TRUSS CO., S. F.
Dear Sir:—I take great pleasure in stating that the double truss I purchased from you for seven dollars, has COMPLETELY CURED my little son of rupture on both sides. The steel trusses he had worn before, had caused him much pain, but when your excellent Elastic Truss was applied it gave him immediate relief, and effected a PERMANENT CURE in one year. I would not have him in such a state again for thousands of dollars. You may make any use of this statement you wish for the benefit of suffering humanity.
Yours respectfully, G. W. CLARK, Conductor S. P. R. R.

LATEST CURE.

Quincy, Cal., Sept. 30th, 1879.

W. J. HORNE, Proprietor:—I received your letter of the 24th inst. to day. The truss you sent me last Spring has COMPLETELY CURED my rupture, which was small and not very bad. I have great faith in your trusses. They will cure any rupture if it is not a very bad one. I do not know of any one in this vicinity that is ruptured but what has one of your trusses, and all speak highly of them. You are at liberty to make any proper use of this letter you may wish. I remain, yours respectfully, C. W. SMITH.

A REMARKABLE CURE. FROM A LADY.

Tomales, Marin Co., Cal., June 2, 1879.

W. J. HORNE, Proprietor CALIFORNIA ELASTIC TRUSS CO.—Dear Sir: I can cheerfully testify to the merits of your valuable Truss as it has effected a permanent cure of my painful rupture. I purchased the Truss of you June 18, 1877, price \$10. It has done wonders for me in performing this cure, as I had been ruptured from childhood, and never expected to get cured. I have not worn any truss for over one year. I can honestly advise any one to purchase your Truss, for I know its value after many years' experience with all kinds.
Yours, respectfully, MRS. M. STUMP.

LATEST MEDICAL ENDORSEMENT.

Martinez, Cal., February 17, 1879.

W. J. HORNE, Proprietor California Elastic Truss Co., Market St., S. F.—Dear Sir:—In regard to your California Elastic Truss, I would say that I have carefully studied its mechanism, and applied it in practice, and I do not hesitate to say that for all purposes for which Trusses are worn, it is the best Truss ever offered to the public.
Yours truly,
J. H. CAROTHERS, M. D.

HORNE & WEST'S ELECTRO-MAGNETIC MEDICAL BELT.

"WHY IS ELECTRICITY LIFE?"

THIS BELT is one of the wonders of the age, both as a scientific instrument, and, in its power to remove what has been supposed to be incurable disease, it answers the above question.

This belt is a *new departure* in **Medical Electricity**, and its construction and application to the body is based on entirely **new** principles. A **New Theory**, instantly removing Pain. It grapples with disease, and overcomes it by transforming electricity into the weakened life forces, and thus restoring health and vigor.

The Electro-Medical Principles upon which the action of this belt is based, were discovered by actual *experimental applications* of Electricity to the cure of the diseases named below, and while the belt is:

Highly Scientific, will last for years. It is equally simple, practical and easy of adjustment. It is so powerful in its action, that it is capable of running a

Telegraph an Hundred Miles, or of burning the flesh of a person, or it will reduce the strong current to so gentle a tension that it will not disturb the

Nerves of an Infant. In its passage. It produces a large quantity of the electric force, and conveys it on the nerves through the body, and to every organ in it. The electric current enters the spine at the sacral plexus, or "small of the back," thence to the "poles" of the nervous system, and by so doing, it strengthens the nerves and restores to health and activity

Every Organ in the Body. It also conducts the current all over the outside of the body, thus removing all external ailments of nerve and muscles arising from disease.

It will Cure the following Diseases:

Female Diseases.—	Sexual Exhaustion,
Pains in the Back,	Hernia, or Rupture,
Hips, Head or Limbs,	Asthma,
Nervous Debility,	Heart Disease,
Lumbago,	Dyspepsia,
General Debility,	Constipation,
Rheumatism,	Erysipelas,
Paralysis,	Indigestion,
Neuralgia,	Sexual Weakness,
Sciatica,	Impotency,
Disease of Kidneys,	Catarrh,
Spinal Diseases,	Piles,
Torpid Liver,	Epilepsy,
Gout,	Dumb Ague:

This modern improved belt not only restores the debilitated, weak and enervated system to full health, but it enhances in both sexes the pleasures of life, sexually, mentally and physically.

PRICE LIST.

Electro-Magnetic Belt, Full Power.....\$15
Electro-Magnetic Belt, Full Power,
with Appliance.....\$20
