Many Motions And Questions On First Day

Hon. Mr. Foster Leads With 31 Out of a Total of 87— I.C.R. to Be Prominent.

OTTAWA, Jan. 21.—(Special).—Of 87 notices of motion and questions handed to the clerk to-day Hon. Mr. Foster has 31, mainly enquiries as to expenditures.

Mr. FOSTER proposes to move "That the prevailing system of party patronage constitutes a menace to honest and efficient government, incites a great waste of resources and tends to corrupt and lower the tone of public morals and should forthwith be eliminated."

Mr. FOSTER also thinks the time has arrived where Canada should assume the duty of defending her own coast line and ocean ports.

Mr. BORDEN has several enquiries respecting (1) the number of employees of the I.C.R. and as to the proposals, informal or otherwise, for the sale or leasing of the railway; (2) what principle has been adopted in respect of free rural mail delivery; what steps have been taken relative to the all-rail line; (3) what are the causes of the delay in the ratification of the French treaty by the French senate.

Mr. BORDEN also proposes to move for the appointment of a select standing committee on natural resources.

Notice is given of several government bills presented in the speech from the throne.

CLAUDE MACDONELL has his election act amendment ready to bring down. It proposes to do away with the \$200 deposit.

HAIGHTON LENNON proposes to ascertain just how much money Hon. Speaker Marcell secured for public works in his riding since 1906.

He also gives notice of a resolution declaring "that the experience of the provinces which have taken over the telephone system and the evidence collected by the special committee of this house appointed to enquire into the question of telegraphs and telephones fact that the people of Canada outside the zone of provincially operated lines are paying higher rates for telephone service than those in the zone of provincially operated lines."

Mr. LENNON asks why the government has not instituted criminal proceedings against the persons shown by the special committee to have defrauded the government.

Mr. EDMERSON will move that the sphere of influence of the I.C.R. and government operated railway be widened by securing feeders. He also asks if offers for the I.C.R. have been received since last session.

J. D. REID, Grenville, will re-introduce his bill to amend the Passenger Ticket Act, the object of which is to provide for the acceptance by any conductor of any railway tickets between two points no matter by which company they may have been issued.

TO GOWGANDA VIA SUBURRY Easy Traveling is Afforded Via the "Back Door" Route.

SUBURRY, Jan. 21.—(Special).—There is little doubt that the new route to Gowganda via Suburry and Sellwood will be a popular one when people understand the advantages. As an indication of this, Mr. J. Blair of New Liskeard, in company with Mr. McLaughlin, arrived at Suburry to-day en route to the new Eldorado.

Suburry possesses the key to the back door and the fact should be verified. Within one and a half days from the end of steel passengers or freight can be taken in Gowganda. The C.N.R. has already made arrangements for Pullman cars from the south to handle large quantities of supplies. Nothing whatever has been arranged for, and there is nothing now to prevent large quantities of supplies being taken to the north.

In an interview with A. C. Mackenzie, supervisor of the construction work, he is learned that passengers may leave Sellwood for Gowganda in about a week's time and travel by comfortable sleigh stages and make the journey in a day, changing horses at Burwash Lake.

Public Accounts.

Reports for the Fiscal Year Ending March 31 Last Presented.

OTTAWA, Jan. 21.—(Special).—The public accounts for the fiscal year ending March 31 last year were presented to-day to parliament.

Receipts on account of consolidated fund were \$26,642,525; expenditures \$26,641,451. Expenditures, therefore, were \$11,074,074, or \$11,074,074 less than the receipts. The net debt was \$27,969,839, an increase of \$1,238,999.

The year ended March 31, the government made a profit of \$28,238 upon its silver coinage, and \$411 upon its copper coinage.

ROOSEVELT IS ALARMED. WASHINGTON, Jan. 21.—The president talked cautiously with some of the congressional visitors to-day. He said he thought nothing pending in congress or any of the differences between himself and congress were of the importance of the Japanese-California question.

MANITOBA LEGISLATURE. WINNIPEG, Jan. 21.—(Special).—It is announced that the legislature will meet on Thursday, Feb. 4.

C. O. P. WILL SPEND \$8,000,000 ON WEST

Elaborate Program of Line-building for Alberta, Without Any Government Aid—Docks for Ft. William.

MONTREAL, Jan. 21.—After a conference between Wm. Whyte and Sir Thomas Shaughnessy, the C.P.R. has decided to spend six millions in the west this year.

It is evident that the company intend to meet the railway policy of the Alberta Government and also head off to some extent the enterprises of the Grand Trunk Pacific.

In addition to the brief official statement handed out this morning, Mr. Whyte stated this evening that new lines, including those initiated last year, which will be proceeded with, will amount to between 250 and 300 miles of railway in the west.

The most important new feature in the program is the construction of a new line north of Lethbridge, running towards Calgary, but considerably east of the present line in Alberta, connecting MacLeod and Calgary, and being up a most important wheat belt without having to directly traverse it and giving much desired connection to extensive settlement areas in the High River Valley.

In connection with this line, which will be about 150 miles in length, to the point at which it joins the MacLeod branch, there will be a cut-off from the existing line between Lethbridge and MacLeod, which will greatly facilitate the working of the mineral traffic of the Crow's Nest Pass line, and considerable progress has been made with the building of a magnificent new bridge over the Belly River, a mile in length, and 500 feet high.

To Traverse Great Belt. North of the great belt there is another exceedingly fertile belt, which is to be traversed by a new line running north and south, forming a junction with the Crow's Nest Pass line. This new line will join the Lacombe line at Alx. The portion of the Lacombe line that is to be built this year is from Settler to Ghost Line Creek, the section from Settler to Lacombe having been already built. It will be an iron rail, and will be completed diagonally in a northwesterly direction from Missouri.

This, in Mr. Whyte's opinion, expresses a very liberal policy as far as Alberta Province is concerned, and the company are prepared to accept any conditions in its projects, either as subsidies or bond guarantees.

In Saskatchewan the company will build a new line from Weyburn westward, which will be ultimately carried as far west as Lethbridge, but of which this year's instalment will be only from 20 to 25 miles.

Alternative Route to Edmonton. It is likely that the present summer will witness the completion of the line that provides the alternative route from east to Edmonton. It has now been carried east from Wetaskiwin, where it joins the Calgary and Edmonton line to Battle River, and the bridge over the Battle River has been completed. That there still remains a gap of 120 miles, which will be the object of this year's attention.

There is to be some 40 miles of an extension of the line which runs from Winnipeg north to Kamour, and which traverses the spruce country and the Icelandic settlements.

The program also includes the construction of the 18 miles that yet remains thru the arable tract between Winnipeg and Fort William, and the construction of extensive terminals at Fort William, including a new coal dock.

FOUR DROWN THRU ICE Three Lost Lives in Trying to Save the Other.

MARINE CITY, Mich., Jan. 21.—Four unknown men were drowned while crossing the St. Clair River on the ice from Port L'Amour and which were pulled into the water and all four were drowned.

WILL SECOND THE ADDRESS J. W. Johnson, M.L.A., of Belleville Has Been Chosen.

BELLEVILLE, Jan. 21.—(Special).—J. W. Johnson, M.L.A., this city, has been asked by Sir James Whitney to second the address at the forthcoming meeting of the legislature, and has accepted. This honor to West Hastings has been worthily bestowed, as Sir James could not have selected from among his following a gentleman better qualified than Mr. Johnson, who is a clear and forceful speaker.

J. W. London has been appointed chairman of the board of license commissioners, West Hastings.

DEATH LIST OF SEVENTY. Most of the Victims Were Suffocated in Tunnel.

CHICAGO, Jan. 21.—That the list of 70 known dead will probably be increased to 100 or even more, developed to-day in the official investigation of the burning of the temporary wooden crib in the lake, one and a half miles off the shore of South Chicago, on Wednesday.

Most of the workmen died at the mouth of the tunnel, surrounded by fire and with a wide stretch of icy water between them and the shore, they sought but failed to reach safety by going down into the submarine tunnel, where they suffocated.

Jury Disagreed. NEW YORK, Jan. 21.—After six hours deliberation the jury in the case of David H. Shields, a former Brooklyn policeman, charged with the murder of Barbara Reig, reported that it was impossible to reach a verdict.

The defence was that the girl committed suicide, using his revolver, because he repulsed her infatuation for going down into the stable here, a witness for the defence, committed to jail on a perjury charge.

A SUGGESTION

THE "COUNTRY" (who has been discussing rail road connections with conductor): In the meanwhile, boss, would you mind shuttin' that door?

IS HE A MONEY LEADER? SLOAN RESIGNS HIS SEAT IN AN ODD CASE AT OTTAWA

Retiring Member Says 'Tis Done for the Good of British Columbia.

OTTAWA, Jan. 21.—(Special).—William Sloan, M.P. for Comox-Atlin, B.C., has placed his resignation in the hands of Speaker Marcell, and announced the fact will be made on the opening of parliament to-morrow.

Mr. Sloan makes way for Hon. William Templeman, who was defeated in Victoria. The election will be held early in March. It is unlikely that there will be any opposition to Mr. Templeman in the City of Toronto on New Year's Day was not without its effect upon the voting through the province, and on the whole the result was most encouraging.

In 23 contests, local option bylaws were carried. In the 13 in which the local option was defeated, the majority were 61 license. In the 20 places lost by the three-fifths requirement there were 61 license. In the 22 where we won there were 55 license.

"We thank God and take courage. The battle is over. The war is still on. The effect of the three-fifths requirement resulted in unjustified condemnation, and steps will be taken to press for its repeal, and for a restoration of majority rule."

The plan of field days, which has been largely adopted by the alliance, will be made prominent during the coming year. Appreciation was expressed of the work of the Rev. William Kettlewell as field secretary.

It was recommended that temperance workers throughout the province who were entering upon local option campaigns, voting to take place in January, and we hope our friends in all the earliest possible date, and that the circulation of suitable literature be immediately commenced.

Thereafter, treasurer of the alliance, presented the financial statement, showing that over \$20,000 had been received and expended, with only a deficit of \$50, against which there are a number of unpaid subscriptions.

In connection with the arrangements for the annual convention it was announced that the Rev. Dr. George Young of Kentucky, the great southern anti-slavery leader, would likely give an address. A local option conference may be held. The convention will likely be held during the week of Feb. 21. The committee will, if possible, arrange for a monster banquet and mass meeting.

PITTSBURGH, Pa., Jan. 21.—According to an official estimate made to-day by a chemist representing the state board of health and the local health authorities, there are 2000 persons ill in Bellevue, a suburb of this city, as a result of drinking raw river water furnished by a water company last Friday, Saturday and Sunday, and may develop into typhoid fever.

Public charges, which have not been denied, are to the effect that the water company's filter apparatus failed during the latter part of last week. The raw river water was pumped thru the filter without warning.

It is believed the present situation is responsible for orders issued this week by the state health authorities to the City of Pittsburgh located above Bellevue to install immediately a new system of sewage disposal to cost between \$150,000 and \$200,000.

Two Years for Home Thief. CORNWALL, Ont., Jan. 21.—Dunkin Camp, arrested at Prescott on Tuesday on the charge of stealing a horse and rig from a local livery stable here, was to-day sentenced to two years in Kingston Penitentiary.

OTTAWA, Ont., Jan. 21.—Seizuro Shimizu, Japanese consul-general for Canada, has been recalled by his government to take over an important post in the Japanese foreign office at Tokyo.

MUST'N' MAKE LIQUOR. NASHVILLE, Tenn., Jan. 21.—By a vote of 60 to 36 the lower house of the legislature passed a bill to prohibit the manufacture of intoxicants in Tennessee after Jan. 1, 1910.

BOARDS OF TRADE

Retiring President of Toronto Body Suggests a Dominion Conference to Formulate an Active Policy.

That a conference of the boards of trade in Ontario could with benefit to the interests they represent be called to consider the question of protection at level railway crossings, was the suggestion made yesterday by J. H. Clarke, retiring president of the Toronto Board of Trade, in his address at the annual meeting of that body.

He mentioned the success which had attended the efforts of the board to obtain the Esplanade viaduct order and complimented those members who had taken a leading part therein.

"In this fight for the preservation of the water front, and the protection of citizens, the board of trade has been engaged in a battle, the outcome of which should redound, not alone to the benefit of the community, but the province as a whole," said Mr. Clarke.

"It involves, in itself, the question of the separation of grades or the protection of the public at level crossings."

"I offer it as a suggestion, that this is a matter that the various boards of trade of the Dominion might well cooperate upon, with a view to formulating a policy that would tend to minimize the appalling toll in human lives paid annually at level crossings in this country."

It was a matter for consideration, whether the task of the separation of grades should be assumed by the federal or provincial authorities. "This was something that a convention of boards of trade could also materially assist in deciding, as well as suggesting a scheme whereby the end aimed at could be attained."

Examples in Other Provinces. "It was a new problem," in New York, for example," he said, "the state gives towards the separation of grades, 25 per cent, the total cost, the municipality pays 25 per cent, while the railways are called upon to contribute 50 per cent. In Maine, the well-settled town, of which the railways pay 25 per cent of the cost, the state 25 per cent, and the community ten per cent."

In the old country the railways must protect the public, but in conditions in Canada are more akin to those in the United States, and in all fairness, the policy that obtains in England could hardly be adopted here.

"In the State of Michigan the law provides no relief for the railways, and compels them, at the same time, to give protection. In Illinois there is no general law, and the municipalities are able to approach the railways and force their own settlement."

"In Chicago, where more track elevation has been done than in any other city, the municipality has paid nothing for the separation of grade structures, the railways bearing the total cost, but, in return, the municipality has entered into an agreement with the railways indemnifying them from all loss for damages properly occasioned by the elevation of the railway tracks."

Should Be Fair to Railways. "It is an pressing, however," continued Mr. Clarke, "that in the consideration of this pressing question, any line of

Continued on Page 11.

DO NOT WANT PARDON.

World Spill Work of Labor Leaders they Say.

WASHINGTON, Jan. 21.—"We have not asked, and will not ask, for clemency, and we hope our friends will not urge us to pursue such a course. Loving liberty as free men do—as we do—we cannot be difficult to appreciate what incarceration in a prison would mean to us."

To ask pardon would render useless all the trial and sacrifice which our walks of life have endured, that the rights and liberties of our people might be restored.

"Such a pardon would only leave the whole case in confusion and it would have to be fought over again from the beginning."

This is some of the language used in a remarkable statement signed by Gompers, Mitchell and Morrison in the current number of The American Federationist, in formal protest against the action of Justice Wright in sentencing them to imprisonment for contempt of court in the Bucks Stove and Range case.

DENNIS J. EGAN DEAD. Former Bank Manager Succumbs to Pneumonia After Short Illness.

In banking circles generally thru-out the city, and among a wide circle of friends, the sudden death of Dennis J. Egan, late manager of the Carlton and Yonge-street branch of the Bank of Montreal, will be learned with profound regret.

Mr. Egan passed away at the home of his sister, Mrs. Hevey, 117 Mutual-street, about 6 o'clock last night, after a short attack of pneumonia. For a long time deceased was associated with the Portland and Queen-street branch of the Ontario Bank. The late Mr. Egan was prominent in the O. W. Order and well known in musical and athletic circles. He had always shown a deep and abiding interest in the sports of St. Michael's. The funeral was unmarried. The funeral will take place on Monday morning to St. Michael's Cemetery.

POLICE SHOOT SIX CHINESE. Pierce Riot at Transvaal Mine by 800 Chinamen.

JOHANNESBURG, Transvaal, Jan. 21.—There was an outbreak of fierce rioting at Village of Deep mine to-day, in which six Chinamen lost their lives and a score were so seriously injured that they had to be sent to hospital. The Chinese laborers at the mine have been in an ugly temper for some time past. This morning 800 men refused to go to work and started wrecking by the yeomanry. The police were twice driven back by the Chinamen. Eventually they made use of their arms and order was restored.

JAP CONSUL RECALLED. OTTAWA, Ont., Jan. 21.—Seizuro Shimizu, Japanese consul-general for Canada, has been recalled by his government to take over an important post in the Japanese foreign office at Tokyo.

"JUST BECAUSE"

It is not always a woman's reason. BUILD NEW ROADBED COMPANY'S PROMISE

Finance Committee Report Big Overdraft—Ministerial Association and License Reduction.

HAMILTON, Jan. 21.—(Special.)—The Street Railway Co. notified the civic conference committee this afternoon that it would reconstruct its roadbed on both James and Barton-streets next summer, commencing the work on James-street early in the spring. The aldermen promised to provide the money necessary to do the city's part of the paving on these streets. The committee agreed to the proposition and it was to have the five-foot devil strip on only that part of the system reconstructed. John Knox and G. H. Levy represented the company.

At the finance committee this evening it was announced that the overdraft for last year was \$112,000, exclusive of the deficit on the annex sewer. In order to pay off the overdraft and get enough money to pave James and Barton-streets in connection with the building of the street railway, it was agreed that the government should be approached and asked to sanction the issue of debentures to the amount of between \$200,000 and \$250,000. The committee will join the cemetery board in asking for legislation which will give cemetery boards a legal status.

Charles Lemon was reappointed auditor of the criminal justice accounts.

To Cut Off 50 Licenses.
The Ministerial Association this afternoon passed a resolution urging the council to make a reduction to fifty licenses.

John Cooper, editor of The Canadian Courier, was the speaker at the Canadian Club's luncheon in the Royal Hotel this evening. He spoke on civil service reform.

The Cataract Contract.
Altho he acted for the defendants, Hugh E. Rose, K.C., Toronto, has given his opinion that Justice Anglin's decision in the suit brought by James Smith to quash the Cataract Power Company's contract frees the city from the contract and this year's council so elects. He says that while the contract seems to contemplate the city's spending \$50,000 in equipping the waterworks pumping station with a plant suitable for taking Cataract power, yet the company would not have any cause of action if the city failed to so expend the money, because even if such a plant were installed, the city would not be bound to take power from the company unless the city council chose to provide money with which to pay for it. It is likely that the city council will ask for the opinion of one of the legal authorities, so as to leave no doubt as to the city's position.

The engineer of the Dominion Railway Commission has intimated to the city that he will recommend gates for the Grimsby crossing, where the accident took place last Saturday.

At the meeting today F. P. Lalonde and the Headless Furniture Co. for damages because an employee of that company moved out his furniture in

TRADERS' FIRE INS. CO. ABSORBED BY DOMINION

Directorate and Manager Must Give Up Possession To-Day to New Interest.

The absorption of the Traders' Fire Insurance Company took place at the special meeting yesterday afternoon. The offer of the Dominion Fire Insurance Company, made some time ago to the Traders', was accepted by an overwhelming vote of the shareholders.

A prolonged fight had been put up by the old directors of the Traders' to keep the company out of the hands of the Dominion.

The following authoritative statement was made last evening:

"At a very largely attended meeting of the shareholders of the Traders' Fire Insurance Company held yesterday afternoon at the offices of the Traders' Bank Building, after hearing a couple of offers in regard to the taking over of the company as a going concern, it was carried on a vote of 645 to 35 to transfer the management and control of the company into the hands of Robert F. Massie and interests closely connected with the Dominion Fire Insurance Company. One object was to have the business of the Traders' and the Dominion Fire Insurance Company transacted in future from the one head office under the one management and staff, thus reducing expenses, and generally placing the business on a more satisfactory basis.

"It is understood that the present directors and the general manager of the Traders' Fire Insurance Company are to hand in their resignations to-day.

"With the additional capital paid in by the shareholders and the new interest which are taking hold of the company, it will be placed on a strong footing."

The authorized capital of the Traders' Company was \$1,000,000, of which \$337,000 was subscribed and about \$106,000 paid up.

HOOKS TO CATCH BODY.

No word has been heard of Harry Dorell, the missing broker, who disappeared so mysteriously a week ago. While the theory that he went thru the ice in the bay is not supported by any other fact than his failure to turn up since his proposed walk to turn land, Mait Akroyd has stretched a line of hooks across both the eastern and western bays so that should the body be in the bay it cannot be carried out into the lake.

Southern Trips

If you expect to take a Southern Trip this winter, equip yourself with the proper luggage. Our best suitcases have been chosen.

Bellows Suit Cases

We have them in all sizes, handsomely finished in black and London leathers; some especially fine ones on sale this week at \$12.

East & Co., Ltd., 300 Yonge St.

PREACHER AND UNEMPLOYED

Rev. Dr. Eby Gives Encouragement to the Workless.
About 1000 unemployed gathered in St. Andrew's Hall yesterday morning and were addressed by Rev. Dr. Eby, pastor of Zion Congregational Church. If the men were shut out of the hall he bade them welcome to his church as a meeting place.

"And we intend to give you our supper, too," he said, amid cheers. "Not as a charity. I'm tired of that. When I saw the other day that in the board of control an attempt was made to draw off your leaders with a little postage I was mad. You're on the right track. Keep on in your level-headed way and you'll win. The day has come when men are tired of talking of hell and heaven. There are multitudes of people in the churches who want to bring heaven to earth."

The men will ask the following concessions from the city: Abolish civic relief department; establish "running baths" for workmen; give more substantial meals than soup and bread, costing 15 cents per day, to men who break stone; provide warmer clothes in winter for men who work at House of Industry; engage a visitor for each bread depot, to investigate cases of distress; to take control of charity distribution out of hands of Associated Charities, and vest it in the unemployed committee.

ENGLISH YOUTH'S HARD LUCK.

MONTREAL, Jan. 21.—(Special.)—William Freeman, aged 17, will be deported to his home in the Channel Islands.

He was arrested for begging and says that after working on a farm for 16 months he got, in addition to his board, was \$12. He had \$12 when he landed.

BAD FIRE AT VONDA.

VONDA, Sask., Jan. 21.—(Special.)—Fire this morning destroyed Boese & Schmidt's general store, Richardson's harness shop and Webb & Burr's office store. Most of the stock was saved except Richardson's, where the fire started.

LICENSE BOARD ABOLISHED

Two Instead of Three Will Act in Brant, County.

BRANTFORD, Jan. 21.—(Special.)—The government has abolished the license board for South Brant and has given the duties of Inspector Markle to Inspector McCann of the city. Two license boards will act in place of three as formerly for this county.

W.S. Brewster, M.L.A., announces that the request of the Brantford Park Commissioners for part of the grounds adjoining the institution for the blind to be used as a public recreation park.

PHYSICAL CULTURE AT VARSITY

It May Enter into the Curriculum—Matriculants May Need It.

That physical progress may be made one of the qualifications for matriculants entering the University of Toronto is a possibility next fall. Later this year the University will offer physical culture may enter into the curriculum.

"Physical training is compulsory at all the large universities in the United States," says Dr. Barton, the physical director at Varsity. "At Pennsylvania State a B.A. degree is made conditional on a man's ability to swim. Physical culture is put on the calendar two or three times a week for everyone.

"So far as Varsity is concerned there should be three or four classes a day in the gymnasium instead of three a week."

Parikade, who has been visiting Miss Louise Cadam in Bradford, Pa., for the past month, is expected home next week.

The annual at home given by the commodore and officers of the Toronto Canoe Club takes place at McConkey's this evening.

A very enjoyable time was spent last Saturday evening at "Surrey Villa," when Mr. and Mrs. W. J. Darby entertained a number of friends in honor of the anniversary of the birth of Mr. Darby. Tables were arranged for "five hundred" after which supper was served in the spacious dining room, which was profusely decorated with red and white roses, palms and ferns.

Mrs. George A. Bingham, 88 Isabella-street, will receive on Monday, Jan. 25, and not again this season.

Mrs. George Chadwick, 7 Howland-avenue, receives this afternoon.

Mr. and Mrs. J. Walter Curry have taken No. 7 East Roxboro-street, and will move in next week.

As a rule romantic dramas lack interest because of their improbability, detail and incongruity of construction. However, "A Bad Man's Wife," which is a classical musical atmosphere, in her view, will present at the Madam's Theatre, will be the embodiment of all that is interesting, absorbing and entertaining. The scenes, six in all, are laid in a small mill town in New England.

An exceedingly interesting woman, entirely aside from her marvelous musical ability, is Madame Marchesi, who will be heard in conjunction with Gertrude Huntley in the most novel musical program of the season at Massey Hall on Monday evening. Madame Marchesi is the daughter of the famous singer and teacher of Calve, Melba and a score of other wonderful stars of the last quarter century. All of her life the present Marchesi has been in a classical musical atmosphere. In her library she has a wonderfully interesting album whose pages are written and drawn by many of the greatest musicians and most famous artists of the century. On Joachim's page he had written with his own hand in German, a word to thank you for the consolation which your superb interpretation of an immortal song gave to me."

At a concert soon afterwards, when it was a question of the concert, Madame Marchesi sang an air from Bach. Joachim played his obligato. This was the first time the renowned violinist had ever accompanied a song in public.

Sam A. Scribner's Big Show, an organization known to patrons of the Gaiety Theatre, will begin its annual visit Monday by matinee. The curtain-raiser is a one-act musical comedy entitled "Tourists in Egypt." The burlesque is "The Caravans of Venice," and is humorous through.

Next week the "Wise Guy" will be seen at the Star. The management will not need to worry as to business. Monday night Harry Gatenby and Bob McIntyre will clash in a wrestling bout. Thursday the chorus girls will give us vaudeville, while Friday night the second week's contest of the season will be given.

James K. Hackett, the distinguished romantic actor, will play an engagement at the Royal Alexandra Theatre the week of Monday, Feb. 8, in his noteworthy revival of Anthony Hope's fascinating and thrilling romantic play, "The Prisoner of Kerond." He will also be seen in a revival of Winston Churchill's great story, "The Crisis," in that favorite romantic play, "Don Caesar's Return," and in Alfred Saur's powerful realistic drama, "John Gladys's Honor."

FINDS \$2000; RETURNS IT.

EAST ORANGE, N. J., Jan. 21.—Miss Pauline Gilley to-day received a purse valued at about \$2000, which she lost in Newark while shopping yesterday. Frank Sullivan, striking hatter, who returned it to her, said he picked it up on a sidewalk.

PRISONERS BREAK FOR LIBERTY.

CANTON, Ohio, Jan. 21.—Frederick Hodgkin, arrested for attempted burglary, jumped from a window in the court-room and landed in the street below, a distance of 20 feet. Detective Patterson fired several shots, but none took effect. Hodgkin was traced to a church three blocks away and caught.

Judge Mabee Coming.

OTTAWA, Jan. 21.—The railway commission will sit in Toronto on Jan. 27.

At New York with gas escaping from every jet in his room, Fred E. Osborne, 55 years of the Inland Bank Co., was found dead in his room at Hotel Wellington.

Public Amusements

Henry Miller in "The Great Divide" comes to the Princess next week. The photographic fidelity to nature, the second act was a revelation to the New York public. The audience sees merely an adobe house down near the foot-lights almost painfully real, and beyond that a prescience looking off to a range of mountains outlined in clear, faintly-tinted, apparently actual air. The colors at the horizon are vaguely brilliant, such as the desert dweller knows.

George Arliss in "The Devil," which is the attraction at the Royal Alexandra Theatre next week, brings to the city the original Fiske production which made the sensation of the year in New York City. Aposos of an attempt to give a version of "The Devil" in Chicago, Amy Leslie, who has seen the original Arliss company in New York, writes: "Hundreds of translations and adaptations and stunts and mussy butcheries of this magnificently ugly drama, 'The Devil,' flooded the market. Nobody other than George Arliss could assume the title role with its mysticism, its false notes and intrinsic values."

The offering at the Grand next week opening with a special matinee on Monday, is "Way Down East," the delightful and ever-popular pastoral drama. "Way Down East" owes its success to the progressiveness of its story, the peculiar but none the less natural types of its characters and the numerous mosaic, trifling incidents, such as H. H. Holler's readings from "Pleasures from Puck," and Prof. Sterling's very embarrassing proposal to Kew Brewster, remain in the memory long after the more important affairs of the drama are forgotten.

Next week at Shea's Theatre the

There Is Only One Bovril

The original and genuine preparation of prime beef which contains all the nutritive, stimulating, and flavoring qualities of the meat in a concentrated form.

This nourishing preparation is very important to the health and wellbeing of your household.

For, by its aid you may prepare many tasty, economical, and satisfying meals.

When, therefore, you wish to increase the feeding quality of any dish or to make it specially appetizing—BOVRIL is exactly what you need.

Therefore, do not be induced to accept some other preparation in place of BOVRIL.

That name is your guarantee that the article you buy really does contain all those qualities which make meat so valuable and necessary an article of diet.

The 1-lb. bottle is the most economical size. Order from your dealer.

Methodism Urges Men to Attend Party Caucus

Proposed Changes in Greenwood Circuit, Where Young Men's Club is Organized.

GREENWOOD, Jan. 21.—(Special.)—The moral reform movement of the Methodist Church is extending its work among the young men of the country, and thru them the leaders hope to put a higher idea of national service into men's lives. Young men are urged to purify political life by attending the party caucuses and insisting upon the best men and questions being entertained by the electors.

The formation of clubs has extended to this district and the Greenwood Circuit has opened up the old Salem Church for its meeting. Last Sunday the Rev. P. McCreesh of Toronto, associate secretary, with Dr. Chown, addressed crowded houses. His themes were extremely practical and made deep impressions upon the people regarding their responsibilities in the social world. A choir of young men led in the music.

Salem Church was built away back in the good old Methodist days when such men as the Rev. Alex. Brown, Richard Squires, Wm. Geo. Judson Gibson, James Hartop and other stalwarts were moving homes that were witnesses of the vicinity. It is situated midway between the Methodist Churches of Kinsale and Greenwood, which are only a mile on either side of it. This proximity of sanctuaries was too much for even the ubiquitous followers of John Wesley and so practical work was commenced. Formerly Greenwood Circuit was composed of the churches at Brougham, Greenwood, Kinsale, Mount Zion, Audley and Glen Major. Two ministers, a married and a single man, were stationed over these, and the scheme worked out, but the best interests of the people, church life and social work were well abreast of the times and the annual harvest homes that were witnessed in the old drill shed at Greenwood evidenced the unity and prosperity of the people.

Later the scheme was changed. Two appointments were cut out, viz. Audley, which was added to Pickering, and Glen Major, which was made a service. This left four churches, and the work was relegated to one man.

It was felt that he had to spread himself over four appointments, which meant that one of these places each year had to be taken by a local preacher.

This apparently worked out well for a while, but of late years there has been decided falling in church life in the charges. This is mainly due to the fact that it is too much for one man to properly superintend. The uncertainty of services has weighed heavily on the church life among the young men.

There is a growing feeling here that in such a wealthy community, ample provision ought to be made for the preaching of the gospel and advanced work along moral lines. A religion that does not demand more sacrifice than is given in duty and time, will not be regarded seriously by any people.

Realizing this, suggestions have recently been made to close Kinsale and Greenwood Churches and make Salem the central one for both. This would accommodate both places, and build up a strong trio of churches for the pastor. The present edifice could still be used for their respective Sunday schools. The prominence of the movement has grown by reason of the work of the young men's club, which meets in Salem. These had a most successful banquet in the Kinsale Hall last Monday night. Much of the enthusiasm for the work is being centered around Rev. Mr. Tucker's earnest endeavors on the circuit, and especially among the young men.

A feature of the evil times in church attendance which has baffled the circuit was evidenced last Sunday afternoon, when at one of the appointments the adult attendance was only six, while the collection offering for the service of the Lord totaled the magnificent sum of fifteen cents, and this in a vicinity once noted for its old-time theism. It is only another evidence of the decay of methods and men, and the constant need of keeping abreast: the times in church life.

To this end the big crowded congregation at Salem was a clarion call to better things. It is now felt by many that petty feelings and selfish notions of comfortable work should select audiences must give way to the old traditional ideas by which and for which Methodism was both born and bred.

A ringing keynote of this old time service was struck by the preacher of last Sunday, who proclaimed the gospel of social service—the interests of the men more largely in social affairs.

"The church must deal with organized wrong," said he, "and the church is the only organization that can suc-

McKENDRY'S JANUARY STOCK-TAKING SALE

On Saturday we make a regular clean-up of odd garments, odd furs, remnants, etc. People who have attended this January Sale have been able to make good investments, but bargains are more emphasized than ever for the next two days.

CITY WILL ASK POWER TO REGULATE STREETS

If Legislation is Obtained There Will Be No Further Clashes With Street Railway.

There will be no possibility of any future twelfth of July conflicts between the city and the street railway, provided that the city council approves the proposal of the legislation committee and if the legislature is willing to amend the statutes as requested.

That application be made to the legislature giving the board of police commissioners power to regulate processions and the routes of vehicles and persons during the times of processions and to empower the police at all times to direct the traffic and keep order and prevent collision and obstruction of traffic at the intersections of frequented portions of the streets.

It will be noticed that the motion goes further in the second reading of the bill than in the first, in that it empowers the police to direct the traffic at the intersections of frequented portions of the streets.

Controller Ward's important motion regarding submitting questions involving the granting or extension of franchises to the popular vote was allowed to stand as the controller had not his data in order.

The reply of the police commissioners to Ald. Bennett's suggestion that cab-drivers should be compelled to place tariff cards in a conspicuous place in the vehicles was never included in the report of the committee.

A proposal may be sprung in council soon to change the system of electing controllers so that instead of having four electors by citizens at large, there could be one elected in each ward, making six in all.

It is a curious fact that the controllers elected since the elective system was instituted have never included a resident of the first or second ward, save in the case of F. H. Richardson, who was afterwards succeeded by John Shaw, M.L.A., who was the only controller to retain office while living east of Yonge-street, and his home on Roxboro-avenue is less than a stone's throw beyond the dividing line.

Hon. L. P. Brodeur, minister of marine and fisheries, has written the mayor that the government is willing to lease, but not to sell, the city the Gibraltar Point lighthouse reserve on the island. He says that the government wishes to defer making a conveyance to the city of the portion of the island contiguous to the water gap until the harbor commissioners have reported on the boundaries of the harbor and the park works department have definitely located the new cut and defined the land that will be required for the work.

Ald. McMurrich intends to move for the amalgamation of the property committee with the city committee, and of the island committee with the parks committee on the grounds that there are too many committee meetings for the business transacted.

The mayor and controllers took an auto spin around the city yesterday to inspect various civic works. After looking over Anderson-street they decided unanimously in favor of widening it from University-avenue to McCaul-street.

Hon. Wm. Pugsley, minister of public works, has written the mayor that he will take up at once with the postmaster-general the city's request for better facilities for mail distribution among the various post stations.

The Grand Trunk is providing new gates for the railway crossing at East Queen-street, near De Grassi-street. Park Commissioner Wilson is in favor of the construction of a steel or concrete bridge to connect Centre Island and Hantz's Point. The bridge would have to be built high to allow the fire tug to enter the lagoon.

Building permits are coming in fairly well at the city architect's department even if it is the middle of winter.

"WOMEN!" "Are You Nervous?"

The results of modern civilization are evidenced in an increase of nervous disorders. It could not be otherwise with the way we eat, drink, lose sleep, and keep up a continual round of excitement. The work, the worry, the excitement, all tell upon the nerves till they try out in revolt, and will not be placated till a remedy such as

MILBURN'S HEART AND NERVE PILLS

come along with their nerve-strengthening and energizing properties, and restore them to their normal condition. Mrs. Wm. Levi, Markdale, Ont., writes: "I had for several years been troubled with nervousness, and like many others, spent lots of money on medicine that did me no good. I was so bad that the least noise would make me jump and my heart would thump so you could hear it plainly and I could not lie on my left side at night. I saw a few testimonials of others and decided to try Milburn's Heart and Nerve Pills, and to my great joy and surprise they completely cured me, and it only took six boxes to do it. I have a neighbor, Mrs. Rickett, and I induced her to try them and they effected a cure. I can endorse their use for anyone afflicted as I was."

Price, 50 cents a box, 3 boxes for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

SELLERS-GOUGH LARGEST EXCLUSIVE FURRIERS IN THE BRITISH EMPIRE FURS OF TRUE ELEGANCE IN A GREAT MID-WINTER SALE

LESS BY ONE-THIRD TO ONE-HALF THAN THEIR ACTUAL VALUE.

Sellers-Gough furs are selected with as much care as the expert chooses diamonds, testing one piece at a time, and we guarantee our furs to their purchasers. THREE AWARDS OF DAMAGES

Day's Results in the Jury and Non-Jury Assize Courts. Two judgments were given yesterday in the non-jury courts. Chief Justice Falconbridge allowed George Ayerhart the sum of \$20 and costs damages against Osher Weinstein. In moving a row of houses on Montrose-avenue Weinstein shifted the location of the Ayerhart kitchen.

KENYON STOWE ACQUITTED

Judge Winchester Discharges Him Without a Stain on Character. E. Kenyon Stowe, the English investor in Cobalt mining properties, was acquitted by the jury after five minutes' deliberation in the sessions criminal court yesterday afternoon of the charge of perjury.

"I have very much pleasure," said Judge Winchester, "in informing you that the jury with the least possible delay find you not guilty of the charge laid against you. I heartily agree with their decision. Thank you, my lord. Then there is no stain on my character?" asked Mr. Stowe.

"None whatever; you are honorably discharged," said his honor, whose remarks were greeted with loud applause by those in the courtroom. A burst of hand-clapping also followed the announcement of the verdict.

The lawyers did not address the jury. The lawyers did not address the jury. The lawyers did not address the jury.

"POLICE! POLICE!"

Urgent Call for Better Protection From Thieves for the Prospector. WINNIPEG, Jan. 21.—(Special.)—All indications point to continued strife between the city council and the Street Railway Co. for the next few months at least. Shortly before 9 o'clock this morning Police Inspector Newton, accompanied by three constables, and another under instructions of the mayor, stopped the work which the company began yesterday on the construction of a conduit from Mill-street to the station.

Inspectors Johnson and Thornley of the health department surprised N. Segal in his bakery on Selkirk-avenue and seized 54 loaves, which the department alleges are not up to weight.

KILLIES BAND AT ANTIPODES.

T. P. J. Power sends The World a tartan postcard from Christchurch, New Zealand, dated Dec. 19, reporting the successful world tour of the "Killies" Band of Belleville. The band is at present touring New Zealand. The band started out last May 25, and many friends are watching its progress with interest.

Protection of Patent Rights.

WASHINGTON, Jan. 21.—The National Board of Trade, at its concluding session to-day, appointed a special committee to work with the secretary of state to incorporate in a treaty about to be consummated with England, some provision for the protection of American patent rights. The proposed appropriation of \$200,000 for the United States participation in the Belgian exposition this year was endorsed.

NEW LICENSE INSPECTORS.

License inspectors have been appointed: West Kent—E. W. Compton, St. Thomas, in place of W. C. Nichols, resigned. Halton—W. A. Ferrah, Oakville, in place of A. Tracy, resigned. W. Clegg of Wingham will be known as inspector for North-Huron instead of East, and A. Asquith for Centre-Huron instead of West.

OLD DRY GOODS FIRM FORCED TO THE WALL

But Assets of the Burton, Spence & Co. Are a Good Deal in Excess of the Liabilities. The effect of the assignment yesterday of Burton, Spence & Co., Ltd., wholesale dry goods merchants, 44 York-street, and carrying on the business of the Merchants' Dyeing and Finishing Co., will have no serious bearing on the outside retail trade.

Mr. Spence said that the first intimation of the financial stress was borne in on the company about two years ago. They had met the circumstances of the day and were in common sense dealing, and the outcome was the result of the financial stringency.

The house had run short accounts with the firm is widely and favorably known in Canada, particularly in Ontario. The official statement made by E. R. C. Clarkson, the assignee, was to the effect that the firm has been sustaining losses for some time and while making up the trial balance at the beginning of the year they concluded it would be wise to meet their creditors, who include Canadian, English and French firms.

The capital stock of the firm is \$150,000, but it has been wiped out, leaving nothing to come and go on in the management of the business.

According to the assignee, the liabilities are \$238,000, and the assets, comprising the value of the warehouse, \$23,000; the dry-works, \$38,000; stock in trade, \$180,000; and book debts, \$30,000, make a total of \$331,000.

The directors of the company are F. H. Burton, 198 Bedford-road, president, and R. W. Spence, 611 Jarvis-street, vice-president.

A preliminary meeting of the creditors will be held in the assignee's office next Friday.

GOING AWAY.

The quickest and best route will continue to be via Grand Trunk and T. and N. O. Railways to Charlton, thence eighteen miles by stage to Elk Lake, and 32 miles Elk Lake to Gowganda. This route will enable stops to be made at Tomagam, Cobalt, Halleybury, New Liskeard and Englehart. Cobalt Special, leaving Toronto 10.15 p.m. daily, makes direct connections with stages, reaching Elk Lake next afternoon. Full information at city office, northwest corner King and Yonge-streets.

GOING AWAY.

Four Trains Daily to Montreal via Grand Trunk Railway System (the only double-track line), leaving Toronto as follows: 7.30 a.m., 9 a.m., 8.30 p.m., and 10.15 p.m. The 9 a.m. carries safe-library-parlor car to Montreal, and through Boston sleeper. The 8.30 p.m. and 10.15 p.m. trains carry Pullman sleepers and make connections at Montreal with Intercontinental Railway for points in Maritime Provinces. Secure tickets and make reservations at city ticket office, northwest corner King and Yonge-streets.

THE CASE AGAINST JOHN F. MILLS OF TORONTO, CHARGED WITH FRAUDULENT CHAS. ASHER OF WELLS OUT OF \$1500 IN CONNECTION WITH THE ORGANIZATION OF A COMPANY TO MANUFACTURE AUTOMOBILES, AFTER DRAGGING ALONG FOR SEVERAL WEEKS, WAS DISMISSED.

WAS IN BED FOR THREE MONTHS. PEOPLE SAID SHE HAD CONSUMPTION.

Read how Mrs. T. O. Bask, Brockbridge, Ont., was cured (and also her little boy) by the use of Dr. Wood's Norway Pine Syrup. She writes: "I thought I would write and let you know the benefit I have received through the use of your Dr. Wood's Norway Pine Syrup. A few years ago I was so badly troubled with my lungs people said I had Consumption and that I would not live through the Fall. I had two doctors attending me and they were very much alarmed about me. I was in bed three months and when I got up I could not walk, so had to go on my hands and knees for three weeks, and my limbs seemed of use to me. I gave up all hopes of ever getting better when I happened to see in B.B.B. Almanac that Dr. Wood's Norway Pine Syrup was good for weak lungs. I thought I would try a bottle and by the time I had used it I was a lot better, got more and it made a complete cure. My little boy was also troubled with weak lungs and it cured him. I keep it in the house all the time and would not be without it for anything."

Price 25 cents at all dealers. Beware of imitations of Dr. Wood's Norway Pine Syrup. Ask for it and insist on getting the original. Put up in a yellow wrapper and three pins ties the trade mark.

LUMBERMEN STILL STUCK

Province Will Carry Half a Million Balance Due for While Longer. Another extension is to be given the lumbermen by the province for dues and ground rents to the extent of \$500,000. This amount was allowed to stand over in 1907 on account of the depression, and during the past year some arrears have been paid. But decreases in cutting and other factors have kept this debit balance about the same.

This matter will not affect the existence of the provincial surplus, which will make its annual appearance under Hon. A. J. Matheson's care. The large amount of the succession duties, reaching \$1,200,000, or double the estimates, contributes materially to the provincial balance.

TEAMSTERS MAY STRIKE

New York Police Too Strict in Regulating Teams, They Say. NEW YORK, Jan. 21.—Following an announcement of the reported determination of the 32,600 members of the International Brotherhood of Teamsters here, to strike because of the rigors of the police traffic regulations, a committee of contracting teamsters and wholesale merchants, employing truck men, appealed to the police department and city officials and magistrates to-day for amelioration of present conditions.

They declared a strike and demoralization of business was imminent unless the arrests of truck men by wholesale was stopped.

SULTAN KEEPS HIS CASE.

CONSTANTINOPELE, Jan. 21.—Parliament, by an immense majority, rejected the proposition of Riza Nouri Bey, deputy from Sinope, who called for the restitution to the nation of the personal fortune of the Sultan.

OBITUARY.

At Springfield, Ill.—R. Em. Sir Knight William L. Cross, grand commander of Knights Templars of Illinois. He died at his home in Springfield, Ill., on Jan. 19, 1909.

At Pittsburg, Pa.—Wm. G. Park, chairman of executive of Crucible Steel Co., suddenly, while retiring.

At Prescott, John Trenman, G. T. R. agent for nearly 50 years. At Bowmanville, Mrs. Ann Hawken, suddenly, while retiring.

Freight Cars Burned. LINDSAY, Ont., Jan. 21.—Two G. T. R. cars were partly burned here at 2 o'clock this morning under suspicious circumstances. The damage was about \$800, covered by insurance.

The authorities think the cars were broken into and a carelessly thrown match did the damage.

Four Trains Daily to Montreal via Grand Trunk Railway System (the only double-track line), leaving Toronto as follows: 7.30 a.m., 9 a.m., 8.30 p.m., and 10.15 p.m. The 9 a.m. carries safe-library-parlor car to Montreal, and through Boston sleeper. The 8.30 p.m. and 10.15 p.m. trains carry Pullman sleepers and make connections at Montreal with Intercontinental Railway for points in Maritime Provinces. Secure tickets and make reservations at city ticket office, northwest corner King and Yonge-streets.

The case against John F. Mills of Toronto, charged with fraudulent Chas. Asher of Wells out of \$1500 in connection with the organization of a company to manufacture automobiles, after dragging along for several weeks, was dismissed.

ELK LAKE EXTENSION

Considered by Cabinet, But Nothing Definite Decided On. Premier Whitney stated after the cabinet council yesterday that the Elk Lake and Gowganda extension of the T. & N. O. Railway had been again under discussion, but nothing had been decided.

"You may say what you said to-day in other words," he remarked. He seemed impressed by the statement that food was being consumed as rapidly as it was taken into the Gowganda district, and that in the interval between the breaking up of the winter trails and the opening of navigation very serious hardships might be encountered if a considerable accumulation of provisions was not made.

Clayton Davis, blacksmith, in his will bequeaths that one year after the death of his widow the sons and daughters shall have the vice, family Bible, silver watch and a painting.

The 20th annual dinner of the family and under grants of the S. P. A. will be held next Thursday evening.

Miss Friedella Slack, 19 West Charles-street, fractured her left leg on a city sidewalk yesterday.

HAMILTON WANTS LABORATORY.

A deputation composed of F. Quinn, chairman of the board of health; Dr. W. F. Langrill, superintendent of the general hospital; Dr. R. Wallace, Dr. L. Carr, Dr. J. H. Muller, Dr. S. B. Biele, representing the medical society, were introduced by Hon. J. S. Hendrie to Hon. W. J. Hanna yesterday morning to request the establishment of a branch of the provincial laboratory in the ambitious city.

Delay in dealing with analyses which are now sent to Toronto was urged as a reason for adopting the suggestion.

Clayton Davis, blacksmith, in his will bequeaths that one year after the death of his widow the sons and daughters shall have the vice, family Bible, silver watch and a painting.

The 20th annual dinner of the family and under grants of the S. P. A. will be held next Thursday evening.

Advertisement for 'ZAM-BUK THE GREAT SKIN-CURE'. Includes a large illustration of a person's face and text describing the product's benefits for various skin conditions like eczema, psoriasis, and itching. The text says: 'If you suffer from Piles the experience of thousands leads to one definite conclusion—that the surest way to relief is The Zam-Buk way! Surely you believe that nature provides somewhere, a cure for all nature's ills! Zam-Buk is the refined and concentrated essence of healing herbs—nature's balm. Theoretically it should be good. Analysts and doctors agree on this. Practically as well as theoretically it is good. Thousands of people in four continents bear testimony. Read these cases—' Mrs. Wm. Hughes, of 253, Hochelaga Street, Hochelaga, Montreal, says:—'I suffered from blind, itching, and protruding piles for years. Sometimes they were so bad that I could hardly bear to move about. The inflammation, the burning smarting pain, the throbbing, the aching, the over-powering feelings of dulness and dark despair which this ailment brings, the shooting spasms of agony—all were so terrible that only sufferers from this awful ailment can understand it!'

COBALT Mining Stocks Scarce Actual Buying Develops--COBALT

UNEXPECTED STRENGTH CAUSED BY REAL BUYING

Cobalts Stirred Into Activity by Incoming Orders and Good Advances Are Recorded.

World Office, Thursday Evening, Jan. 21.

An unexpected outbreak of speculative activity came into the market for mining stocks to-day and many of the more prominent cobalt stocks were advanced several points. It has been evident to those who are in close connection with the market that offerings of mining shares have been by no means plentiful of late and it required only the incoming of a few real responsible buying orders to demonstrate this scarcity.

The reported find on Rochester was responsible for considerable demand for the stock of this company. With the cleaning up of a block of Temiskaming which had been hanging over the market for some weeks, the price of these shares showed considerable buoyancy at a rise of about 10 points. In the break early in the week, silver stock was also in good demand, which assisted the price of the shares to the extent of 3 1/2 points from yesterday.

A helpful feature to the local exchanges was the strength and improvement of the market for Cobalts at New York, Nipissing and La Rose having a much stronger tone.

Silver Bar went on the active issue and this stock maintained its recent advance with considerable ease. Other firm stocks, however, at the close indicated higher prices to-morrow.

SHOWS A WIDER ENQUIRY

The widespread interest which is being taken in Cobalt is shown by the desire of the Moody Manual to publish information for Cobalts at New York, Nipissing and La Rose having a much stronger tone.

The more widespread interest which is being taken in Cobalt is shown by the desire of the Moody Manual to publish information for Cobalts at New York, Nipissing and La Rose having a much stronger tone.

The more widespread interest which is being taken in Cobalt is shown by the desire of the Moody Manual to publish information for Cobalts at New York, Nipissing and La Rose having a much stronger tone.

RUMOR OF PROGRESS

An incentive to purchases of Silver Bar Stock.

Recent activity in Silver Bar shares is traced to an unexpected demand for the stock from Cobalt and other points in northern Ontario. There has also been a demand for the stock from New York and some other American points. These purchases were largely due to rumors which have gone out of the progress which has been made by the company under the present management. Upwards of 50 men are now engaged on the property between the company's own employees, those operating the government mine, and those working for a contractor who has taken one of the shafts on the property to sink on being on the level of the main shaft upwards of two tons of ore, which will run almost 8000 ounces to the ton of silver have been taken out. It is expected that within a very short time a car of high grade ore will be available from this property.

Cobalt and Silver Prices.

The Denver Mining Record says: That silver is selling at a price approximately four cents higher than it did at a few weeks ago. It is suggested that the strengthening business conditions of the world, it would seem to remove the weight of the suggestion, recently heard that the decline in December was to be attributed to the large and increasing output from the new district of Cobalt.

It is suggested that the decline in December was to be attributed to the large and increasing output from the new district of Cobalt.

New York Curb.

Charles Head & Co. report the following quotations and trading at New York yesterday:

Nipissing, closed 10 1/2 to 10 3/4, 7-16, low 10 1/2, sales, 2000 shares. Buffalo, 10 1/2, Bay State Gas, 14 1/2, 15, 15 1/2, 15 3/4, 16, 16 1/2, 16 3/4, 17, 17 1/2, 17 3/4, 18, 18 1/2, 18 3/4, 19, 19 1/2, 19 3/4, 20, 20 1/2, 20 3/4, 21, 21 1/2, 21 3/4, 22, 22 1/2, 22 3/4, 23, 23 1/2, 23 3/4, 24, 24 1/2, 24 3/4, 25, 25 1/2, 25 3/4, 26, 26 1/2, 26 3/4, 27, 27 1/2, 27 3/4, 28, 28 1/2, 28 3/4, 29, 29 1/2, 29 3/4, 30, 30 1/2, 30 3/4, 31, 31 1/2, 31 3/4, 32, 32 1/2, 32 3/4, SIMPSON COMPANY LIMITED

PROBABILITIES: Lower Lakes and Georgian Bay—Moderate to fresh wind, mostly easterly; cloudy and mild, with a few local showers.

FRIDAY, JANUARY 22, 1909

Stock-Taking Day is Like Our Examination Day at School

IF YOU ever had to take "examinations" you know how the day of the "Exams." loomed up in your mind weeks before. You gave yourself over to preparation more and more as that day of days grew nearer.

Just so with Stock-taking Day. We are preparing. Prices on odd lines get lower as the month passes. Saturday will bear us out. Shopping will prove highly profitable to-morrow.

The Saturday Programme for January Whitewear

WHETHER you actually need fresh Lingerie at present, or whether your wardrobe is liberally stocked, makes little moment. You simply cannot afford to pass these January prices. It will pay you to buy for far into the future.

Isabelle 2-piece Suits, corset cover and drawers combined, fine nainsook, two dainty styles, trimmed with fine Valenciennes or Maltese lace insertions and frills, headings and silk ribbons, sizes 34 to 44 bust. Regular value \$22.50 and \$25.00 each. Saturday sale price \$12.50.

A Pre-Stocktaking Sale of Girls' Dresses and Coats

SOME of these dresses will come in nicely for parties and the other gaieties of a little girl's winter. Some are school dresses. The coats are the sort that tobogganing calls for, and which look Canadian through and through.

Girls' Dress, of white lawn, has tucked yoke, edged with insertion and lace trim, full length sleeves, finished with insertion and lace, sizes 6 to 14 years. Saturday, \$1.75.

Ladies' and Children's Underwear About Half-Price

Ladies' Vests and Drawers, extra quality fine natural wool, English cut, shrinkable make, Vests high neck, long sleeves, buttoned front. Drawers ankle length to match, in both styles. Regular price \$1.10, Saturday, each, 69c.

Stock-taking Sale of Girls' Coats

Clearing line of Girls' Coats of brown frize, scarlet blanket cloth and tweeds, in mixtures of greenish tones; some are in refter style, others full length, collars of self or velvet, trimmed with buttons, sizes 4 to 14 years, not all sizes in each style, but all in the lot. Saturday, \$2.95.

More Trimmed Hats at \$2.85

Our last sale of Trimmed Hats at this price cleared our stock of many of the short lengths and odd lines of our expensive trimmings. We wish to clear out the balance in the same way on Saturday by making them up into some of the hottest styles of the season.

Saturday's Grocery List

2000 lbs. Fresh Creamery Butter, White Clover Brand, per lb., 31c. Canned Fruit, in quart gem jar, raspberries, cherries, peaches, plums, pears and pineapples. Per jar, 25c.

\$2 Gilt Clocks 98c

160 Ormolu Finish Clocks, American movements, several designs, guaranteed accurate timekeepers. Regular value \$2.00, Saturday 98c.

40c Carnations 25c Per Dozen

Carnations, regular 40c per dozen, for 25c. Daffodils and Narcissus, per dozen, 25c. Daffodils, regular 60c per dozen, for 40c.

\$1.25 Corsets Saturday 75c

300 pairs Ladies' Extra Fine Corsets, Royale model, for medium figures, made of fine quality coutil; colors white or grey, medium high bust, long hips and back, filled with finest steels, 4 wide side steels, 4 garters, finished with lace and ribbon. Sizes 18 to 26 inches. Regular value, \$1.25. Saturday, 75c a pair.

Satins in the Fashionable Shades

We are showing in the Silk Department splendid values in Rich Dress Satins in the scarce and more exclusive colors.

Satin Mouseline Duchesse, Satin Messaline, superb dress qualities, rich satin lustre, skein-dyed, perfect in weave and finish. Vests high neck, reseda, myrtle, rose, maize, tan, taupe, pearl, pink, sky, etc., also cream, ivory and white. Special value, 85c yard.

Wash Goods Dept. Reductions

Chances like this grow interesting now that thoughtful people are planning ahead to save tedious work in the hot weather.

200 pieces Special India Linen, 42 inches wide, fine, even weave. Regular 25c, for 12 1-2c. 36-inch White Victoria Lawn. Worth 12 1-2c, for 8c.

Reductions of Special Interest to Men

STOCK-TAKING comes like examination day. It is a crisis, and we must prepare. These reductions on Overcoats and Suits for men and boys reflect in no way on the goods.

The Housefurnishing Club Asks Only ONE Condition

THE SIMPSON HOUSEFURNISHING CLUB for January stands at your service. Its plan of operation is simple. Its offer is liberality itself. Every one who needs housefurnishings will read with interest the following plain straightforward statement of its aims and objects.

The Robert Simpson Company have a very large department devoted to carpets and curtains and housefurnishings generally. On the floor above a whole flat is given up to furniture.

Now January, the middle month of the winter, is generally a "slack" month in the stores, although we never notice it in this store. We provide attractions and inducements to keep business lively.

One of these attractions is, as you know, The White Goods Sale, which takes in so many departments of the store.

Another one is the Housefurnishing Club, which keeps up enthusiasm in the Furniture and the Carpet and Curtain Departments. We have found this Club to be of real service to its members and a great boon to the business of the store, and we unhesitatingly declare it to be the most liberal offer we ever made on so large a scale.

The Club service is this:—

We extend to members the free run of the Carpet and Curtain Department and the Furniture Department. They may choose anything they like AT THE CASH prices and CHARGE it to their Club account. Payments may then be arranged at mutual convenience spread over the next six months. No interest will be charged or any extra expense entailed in any way whatsoever.

The Club is limited to 500 members, and goods must be chosen during this month. There is only one condition.

You Must Own Your House

The Housefurnishing Club Office is on the First Floor, James Street, in the new store. If you will talk it over with the Secretary in person you will be able to apply this liberal offer to your own case and see just what it enables you to do.

Vertical text on the right edge of the page, including 'PROBABILITIES', 'FRIDAY, JANUARY 22, 1909', and various small notices and advertisements.
