CANDIDATES NOMINATED AT SAN FRANCISCO CONVENTION

HOUSE DEFEATS MOTION AIMING TO REDUCE VOTE FOR WASHINGTON POST

Majority of Twenty-Five Against King's Amendment—Borden Defends \$80,000 Appropriation—Commons Strove Vainly to Reach Prorogation Last Night.

Ottawa, Ont., June 30.—The house voted today to conclude the business of the session by a clock tonight, order to have his excellency the governor-general attend at that hour the formal ceremony of prorogation. When ten o'clock was reached, however, there remained many resolutions to be voted, and prorogation was not reached until 2.30 tomorrow afternoon, with the hope that the entire business of the session would be concluded before adjournment tonight.

Minister of Finance, Mr. Borden, in the estimates to provide \$80,000 for a Canadian minister plenipotentiary at Washington, Hon. McKenzie King led the opposition in a difficult fight. He moved to reduce the amount to \$50,000, stating that this was the Liberal protest against sending a minister to Washington with powers to take over the operation of a British embassy when the ambassador was absent.

Fielding's Objections.—Fielding objected to sending a man to sit at a desk in the British embassy, with practically nothing to do. He said the reason for this was the present situation, where, when anything arose affecting Canada, a minister could go down in Ottawa.

Dissemination of Air Board.—John Hainsworth, father of Kitchener's noted hockey goal tender, was carried thru Ritz's drug store window today when he cranked his Ford truck while it was in gear. The truck stalled on Queen street just at noon, and opposite Ritz's drug store. In his haste to get away without congesting the traffic, he cranked his car while it was in gear, with the result that the car shot thru the drug store window. To avoid being run down by the machine, Hainsworth climbed onto the radiator and rode right thru the window. He escaped injury.

VALIENCIA EXPLODED IN OFFICE OF VALENCIA NEWSPAPER
Valencia, Spain, June 30.—A bomb exploded today in the offices of Diario Valencia. Splinters from the missile exploded their force on the newsprint paper, which proved serious damage to the building. No arrests were made.

THREE MEET DEATH IN AIRPLANE CRASH
San Francisco, June 30.—Three persons, one of them believed to be a Democratic convention delegate, were killed in an airplane accident at the Rink flying field here today.

AIR MAIL SERVICE FOR THE CONTINENT
Seattle, Wash., June 30.—Official sanction for hydroairplane mail service in North America was received here today from Otto Prager, second assistant postmaster-general at Washington. Edward McGrath, superintendent of mail service in the northwest, left Seattle for Vancouver today to make arrangements with Canadian postal authorities.

LIKELY APPOINT TWO TO COMMERCE BOARD
Predict Early Action by Federal Government, So Business May Proceed.

Ottawa, June 30.—(By Canadian Press.)—The appointment is probable within the next few weeks of two commissioners to the board of commerce of Canada to permit of the business of the board being carried on pending the decision of the privy council defining the exact legal status of the board of commerce legislation. The fact that the board was created by act of parliament makes it difficult for the government to abandon the board. Sir Robert Borden recently stated in the house that the orders of the board must be obeyed, and the supervision of the board's operations require a staff, for which salary cheques must bear the signatures of two commissioners of the board, in whom the act reposes all executive authority.

CARRIED THRU WINDOW ON HOOD OF MOTOR CAR
Kitchener, Ont., June 30.—(Special.)—John Hainsworth, father of Kitchener's noted hockey goal tender, was carried thru Ritz's drug store window today when he cranked his Ford truck while it was in gear. The truck stalled on Queen street just at noon, and opposite Ritz's drug store. In his haste to get away without congesting the traffic, he cranked his car while it was in gear, with the result that the car shot thru the drug store window. UNIONIST CAUCUS BEING HELD TODAY
Expect Important Announcements by Borden—House to Prorogue.

Ottawa, June 30.—(By Canadian Press.)—Despite the changed arrangements because of the miscarriage of the vote for prorogation at ten o'clock tonight, the big caucus of Unionist members of both houses takes place at 10.50 tomorrow morning as arranged. It has been intimated that at this gathering there will be a series of important announcements from Sir Robert Borden as to his plans and also to the future construction of the unionist party.

HELD UP TRAIN, DESTROYED PETROL FOR THE MILITARY

Sinn Fein Continue Outrages and Railway Men Refuse to Move Trains.

BARRACKS SHATTERED
Dublin, June 30.—A freight train was held up today near Mullingar. Five carloads of petrol destined for the military were destroyed. A mixed body of police and soldiers with the usual equipment appeared at the Kingsbridge terminus of the Great Southern line today and entrained. The drivers declined to move the train, but remained at the terminus and offered themselves for every train made up. As soldiers entered each of the trains, the trainmen left it.

Today's events are considered a decisive test by the government which can similarly dislocate any terminus in South Ireland. The companies say they have been able in the provinces to obtain men to move trains with troops aboard, but this is denied by the railroads and Sinn Fein. The railroad terminus here was tied up this morning as a result of refusal of railway men to move trains boarded by police or soldiers, causing a complete stoppage of all trains for the south.

DELEGATES MAY REPRESENT CANADA
Convention Program of U. S. Labor Party in Chicago Announced.

Chicago, June 30.—The program of the convention of the Labor Party of the United States, to be held in Chicago July 11 to 13, is announced by Secretary Frank J. Esper. The first day, Sunday, will be given over to hearing addresses from various organizations. These include the Friends of Freedom for India, the Proportional Representation League, and the American Friends of Irish Freedom. Governor Lynn J. Frazier of North Dakota is scheduled to speak in behalf of the Non-partisan League. It is regarded by Secretary Esper as very probable that the Labor party of Canada will be represented by fraternal delegates, but will not participate otherwise in the convention. Max S. Hayes of Cleveland, chairman of the National Labor party, will preside.

Her Letters Prove Czarina Was Dominating Personality

London, June 30.—The Manchester Guardian will tomorrow and Friday publish extracts from a series of about 150 letters written by the Russian empress to the emperor during the course of the year, 1915. These, it is asserted, were copied from the originals in the archives at Moscow. The Guardian's correspondent, who was recently in Russia, and who obtained the copies, described the general impression of the letters as those of a person desperately attacked, seeing her life and that of her country in a continuous struggle against implacable forces. There run thru the letters, besides an almost hysterical affection for the emperor, Catherine's jealousy of Rasputin, the "mystic monk" who was assassinated, hatred of the dums, and everything democratic in Russia, and wild jealousy of Grand Duke Nicholas. The letters show that the dominating personality at Tsarsko-Selo was not the emperor, but the empress. In her letters she continually laments the loss of her influence over the

WHITE AS SUCCESSOR

Ottawa, July 1.—(Special.)—At midnight this morning the house of commons needed two hours more to wind up and prorogue on the Dominion Day later in the afternoon. The cabinet will meet at 9.30 a.m., and the caucus of the Unionist party at 10.30. The best belief is that Sir Robert Borden will signify to his followers that he is resigning. But no one expects that he will resign and leave his party to adventure. It is, therefore, more than likely that there must be an understanding among the majority of the cabinet as to who is to take his place, and the best guess at this hour is that the cabinet will be ready to support Sir Thomas White for the succession.

Dixon, leader of the polis in the city of Winnipeg, in an interview today, which he held for the first time since he was elected to the legislature. Mr. Dixon said it was difficult to secure a working majority, also he predicted the election of government forces with the Conservative members, the "naturals."

POLICE CONSIDERING NEW PENSION PLAN
Debate at Dominion Convention—Would Make Work a Profession.

Moncton, N.B., June 30.—At this morning's session of the convention of the chief constables of Canada, Chief Martin Brunton, of Regina, submitted his report for the year. He advocated a pension scheme so that police work should be a profession, not a makeshift. His report was adopted. Chief Thompson, Peterboro, moved that municipalities be asked to establish a pension fund for their respective police departments, with the aid of provincial governments. Superintendent Rogers, of Toronto, suggested that the question stand over until a committee be named to take it up. This proposal was accepted, the committee to be named this evening. The consensus of opinion during the discussion was favorable to police commissions.

TREATY TO FOSTER TRADE WITH FRANCE URGED BY SENATORS

Motion is Adopted Calling on Government to Start Negotiations.

DEBATE ON JUDGES

Ottawa, June 30.—The senate today passed Senator Beaubien's motion urging the government to enter into negotiations at once to conclude a new treaty or a temporary agreement with France of a nature to protect, and if possible, stimulate trade between the two countries.

During the senate sitting this afternoon, Senator Beaubien objected to the practice of asking judges to sit on arbitration commissions, complaining that 50 per cent of the people of Canada would fail to be satisfied with the judgment rendered in the Grand Trunk arbitration case as they had been dissatisfied with that rendered in the Canadian Northern arbitration deal.

Senator William I. Dandurand, while not agreeing that the prestige of judges had suffered as a result of their sitting on commissions, stated that the Ontario situation now gave good grounds for contending that judges should not be arbitrators.

DEMONSTRATION FAVORS M'ADOO

(Continued From Page 1)

At that hour the business of placing candidates in nomination will be resumed, where it was left off today, with the prospect that the name of John W. Davis, ambassador to Great Britain, will be the only one presented.

The platform committee, the convention leaders hope, will be ready to report at that time, and the convention can then dispose of the platform, and proceed to balloting for their nominees, possibly tomorrow night or Friday.

Was a Wild Scene Lifted out of itself by hours of oratory, the convention (fighting moodies and the orator threw emotional crisis that had nothing to do with candidates or platform issues.

The scene was unparalleled in the memory of the oldest convention observer. There was no feature lacking to draw the thousands from their sober business into a riot of feeling and a convention surrendered unconditionally.

Even before the convention was called to order before noon, the hall was touched with the hint of what was to come. Routers for Palmer and for Cox had come armed for great demonstrations.

When Dr. Burriss Jenkins, of Kansas City, in one of the shortest convention speeches on record, and with ringing denials for those who said W. G. McAdoo would not accept a nomination, placed the former secretary's name before the convention, pandemonium broke loose.

Eight hours after the convention came to order, and at the close of the session that fairly beggared description for color and sound and unusual features, Representative Flood, Virginia, moved a recess, and with one last terrific roar of "aye" the delegates began streaming out to await the battle on platform tomorrow.

Candidates Nominated When the convention was thrown open for nominations, the names of Governor Owen, Oklahoma; James W. Gerard, former ambassador to Germany; and Homer S. Cummings, chairman of the Democratic national committee, were presented in rapid succession, followed by that of Sen. Arthur Hitchcock.

After the speech pandemonium broke loose. There was the traditional march about the hall, with state standards leading, flag waving, bell ringing, singing and shouting. The racket lasted a full half hour before Chairman Robinson could begin to restore order.

The name of Secretary of Agriculture Meredith was next presented by Claude R. Porter, Iowa. While this speech was in progress Mrs. George Bass relieved the chairman for a few minutes and for the first time in American political history a woman presided over a nation. She was loudly cheered.

Demonstration for Cox In the roll call of states Kentucky yielded to Ohio and Judge J. C. Johnson, Columbus, presented the name of Governor Cox of that state. This nomination brought forth the second great demonstration of the day. Ohio had a band all its own, surrounded by a large section of Cox rosters in the gallery, and the results were marvelous. There was a parade, the delegates marching to a special Cox campaign tune.

at this moment was "Nobody Knows How Dry I Am."

Then Dr. Burriss Jenkins, Missouri, nominated W. G. McAdoo, in one of the shortest nominating speeches on record.

"I am sure that from the spirit manifested in my delegation and in this convention we shall draft him for the service of the country," said Dr. Jenkins.

"We know that if so drafted he will accept the nomination and any rumors of telegrams supposed to have been received denying that he would accept the nomination are falsehoods perpetrated by the enemies of the party, I, therefore, place in nomination William G. McAdoo."

A parade around the convention floor started as soon as the short speech was concluded, and soon many state standards were in line. Spectators in the Missouri delegations tried to put their standard in the parade, and the move developed a fist fight in which the police interfered.

Bennett Clark, son of Champ Clark, was among those who tried to keep the banner out of the procession. In the mix-ups the standard was trampled on the floor and torn in two, but the McAdoo men rescued the letters "OURI" and bore them triumphantly into the line of marchers.

There was a good deal of scuffling and fighting for possession of other state standards. The demonstration was as noisy as any that preceded it, but there was no effort at concerted cheering. It was spontaneous.

A woman climbed up on the speaker's table and held aloft an emerald pennant bordered in orange, with the motto printed across it in white letters a foot high. This was the signal for state standards to cluster about the table, which is almost in the center of the auditorium. The demonstration broke forth afresh. Finally the police had to break up the jam to save the speaker's platform from destruction. It was some minutes before order could be restored.

Jersey came next, and Charles O'Brien of Jersey City, nominated Governor Edwards of that state. The band played "How Dry I Am."

The speech nominating Edwards was largely a denunciation of the Volstead act.

"Bryan will get him!" someone yelled when Mr. O'Brien took a crack at the prohibitionists.

This was the last speech of the day.

"I am more than satisfied with the results I have obtained from Tanlac, and feel justified in giving you a good recommendation for a medicine that relieves anyone of all the troubles that I had, cannot be praised too highly."

"For a whole year I was in a very run down condition, and suffered terribly with indigestion," she continued, "and I could not eat meat of any kind, and I could not touch a thing but what it would lie heavy on my stomach, and cause me severe pain. Then, the gas that formed made me very distressed. In the midst of my housework, I would be seized with spells of dizziness, and break out in a patch of perspiration. My nerves were so fearful excited, so that I would spend whole nights with my eyes wide open, and would get up next morning absolutely weak that I was down-hearted and discouraged."

"I had tried so many medicines without getting any relief, that it was a long while before I could be persuaded to try Tanlac, but I am so thankful now that at last I can do so. Its effect was nothing short of astonishing. It quickly gave me a splendid appetite, and I soon found that I could digest anything that I fancied to eat, without fear of any trouble afterwards. The gas has stopped forming on my stomach, and I no longer have palpitation of the heart. My nerves have quietened down, and I sleep well every night now. When I get up in the mornings I just feel that it is good to be alive. Tanlac has made a wonderful change in my health, and I hope this statement will help some one else back to strength and happiness."

Tanlac is sold in Toronto by Tamlyn Drug Store, and by an established agency in every town.

SPECIAL MEETING TO DEBATE HOUSING

Question of Appointing Transportation Commissioners Will Also Come Up.

FREE RIDES FOR SOLDIERS

As a result of a difference of opinion in the board of control on the question of going ahead with the civic housing scheme, it was decided at the board meeting yesterday to hold a special meeting of council at the call of the mayor to discuss the housing question. It is understood the question of appointing transportation commissioners will be taken up at the same time.

Mayor Church, when the housing question came up yesterday, urged that the board's old report advising against further house building be again forwarded to council, but Controller Gibbons stood out for a building program. Moderately priced houses, suitable for workmen, would, he believed, be more in demand than ever next fall.

Controller Cameron said southern pine was already down 25 per cent, and B. C. lumber had dropped also, and with materials falling he thought it would be an unwise policy to proceed with the building of houses. They might be left on the city's hands.

Controller Maguire moved that a special meeting be held, which motion was adopted.

Motor Bus Lines.

An application for franchise to operate a motor bus service was before the board and will be taken up when tenders are opened next Wednesday for the supplying of 25 motor buses to the city. The mayor said he was opposed to giving a franchise, and Controller Cameron expressed the opinion that in 10 years there would be no surface tram lines in the large cities.

Mayor Church took a rap at the Star for printing what he called "wild, malicious and malicious articles" and Controller Ramsden entered the lists with a charge that the Telegram was trying to inflame the Protestant mind by declaring that a faction of the council were putting up Controller Gibbons and John O'Neill, M.L.A., for the transportation commission. The controller said he had an open mind on the question of making appointments, and he regarded the Telegram's article as "despicable."

Will Assess Stocks.

Legislation passed empowering the city to assess income from mercantile and industrial stocks for taxation purposes. Assessment Commissioner Forman said to the board of control a recommendation that three officials of his department be promoted with increased salaries to take charge of the new work, and that two additional stenographers and eight additional clerks be appointed permanently to his staff. Office equipment and salaries would bring the outlay for this year up to \$15,000. The commissioner estimated that \$30,000,000 would be added to the assessment roll and that the city's revenue would be increased by one million.

Mayor Church and Controller Maguire seemed opposed to adopt the recommendation at once, but Controller Ramsden advised that time be taken to digest the report. He had received a copy only a few hours before. Controller Cameron was against the whole proposal. The board decided to hold the report over for further deliberation.

Holiday for Employees.

The board gave consent to the request of the city hall employees that they be given a holiday on some Saturday in July to hold their annual picnic and games.

Appropriation of \$3,000 for the replanking of Macdonald avenue hill immediately north of St. Andrew's College, was passed against the advice of Commissioner Harris, who said it would be unwise to do anything that would invite traffic to the street. The C.P.R. track crosses the street at the foot of the hill, and, according to the commissioner, is a death-trap.

Free Transportation.

Free transportation on the civic car lines for amputation cases was recommended by the board in opposition to the commissioner's report against said that from 1915 to the end of May last the civic lines had carried free 4,069,655 passengers, all soldiers.

An additional appropriation of \$5,000 was authorized for the making of repairs to cars of Yonge street in North Toronto.

The board authorized the laying of a new concrete sidewalk on the east side of Yonge street in front of Mount Pleasant Cemetery and application will be made for legislation empowering the city to assess part of the cost against the cemetery trust.

Confé With Sir Adam.

The board held a private meeting to deal with the question of a settlement of the account between the city and the county pertaining to the cost of maintaining the city hall. Mayor Church says the county occupies 42 per cent of the space and pays only 11 per cent of the upkeep. He advises the city entirely from the negotiations. A committee was appointed to negotiate with the county.

It was also decided to ask Sir Adam Beck whether he proposed to take over the section of the Toronto Suburban Railway within the city limits. If he is not the city will give notice of expropriation.

BOARD UNANIMOUS FOR GEORGE H. ROSS

Mayor Church Tried to Get A. E. Black to Continue to Act.

SALARY MENTIONED, \$10,000

The name of George H. Ross is being sent forward to the council as the nominee of the board of control to fill the position of commissioner of housing, vacant since the resignation of Thomas Bradshaw. Mr. Ross was nominated by Controller Ramsden at the regular meeting of the board of control yesterday, and, after some hesitation by the mayor and Controller Maguire, the nomination was supported by a unanimous vote.

The matter was down for discussion in the order paper and when it was reached Mayor Church suggested that it be taken up in private. Controller Ramsden said he saw no occasion to deal with it privately, and he proposed the name of Mr. Ross. The mayor slipped a note over to the controller, to which Mr. Ramsden replied: "I don't think we can."

A. E. Black Declines.
Mayor Church then said Mr. Black should be retained as acting head of the department until an outstanding financial man could be found, but Controller Ramsden said he did not feel like coaxing Mr. Black to act against his wishes. He had already turned down the position. Controller Maguire proposed that Mr. Black be called in, to which the mayor agreed. When Mr. Black arrived the board, with the exception of Controller Ramsden, who said he had all the light he desired, repaired to the mayor's office, accompanied by Mr. Black.

When they returned ten minutes later to the committee room, Mayor Church announced "Mr. Black is prepared to continue as acting treasurer, but suggests that we continue the search for another man."

Controller Gibbons: "That was not my understanding of what Mr. Black said. He said he wanted, to be relieved as soon as possible."

Controller Maguire: "Well, Mr. Ross is an applicant. What is the salary to be?"

Mayor Church proposed \$10,000, which was acceptable to the board. Controller Ramsden's motion to appoint Mr. Ross was then put and carried unanimously.

George H. Ross, now a member of the brokerage firm of J. G. Beatty & Company, was formerly manager of the Bank of Ottawa, at the corner of King and Victoria streets, before this bank's absorption by the Bank of Nova Scotia. He is at present on a trip to the west.

ONE MAN, TWO WOMEN MOTORISTS INJURED

Car Turns Turtle, Pinning Passengers Beneath It—Driver Fractures Skull.

One man and two women were injured last evening, when a motor car, in which they were driving, overturned when the driver swerved his car to avoid striking a delivery wagon. Solomon Heik, 26, 134 Maria street, owner and driver of the motor car, was pinned beneath the overturned auto and is in the Western Hospital with a fractured skull. His wife, Annie, aged 24, is also in the hospital, suffering from slight concussion. Sadie Snodotsky, also of the Maria street address, was riding in the rear seat. She was badly bruised and has scalp injuries.

The police story of the accident was that Heik was driving west on Dundas street. Nearing Dovercourt road, he swerved his car to the left side of the street to head off a southbound delivery rig on Dovercourt road. In doing so he made too sharp a turn and the automobile upset, pinning all three of the passengers beneath it. The police and citizens removed the injured people from beneath the car and the police ambulance was summoned to remove them to the hospital. C. J. Foreman, 45 Concord avenue, was the driver of the wagon.

EDUCATION GROWS IN COST YEARLY

Only the Central Technical School Shows Cut in Rate Per Pupil.

In addition to the—H. C. of L. we now have the high cost of education so far as Toronto is concerned. Figures compiled by the board of education show a big increase in cost for the best year, as compared with 1918. The comparison is based on the cost per pupil per year, the calculation being based on 200 teaching days per year.

Public Schools...	1918	1918 Inc.
Collegiate Inst. ...	\$58.55	\$50.47 \$8.08
Technical School ...	131.97	138.68 *4.71
H. S. of Comm. ...	137.25	135.68 1.57

*Decrease.

It will be noted that the Central Technical School is the only one of the four branches of education that shows a cut, and it has a considerable reduction.

It should also be borne in mind that the 25 per cent. increase in Students' fees is not included in this statement of costs. The 25 per cent. had not been granted in 1919, and the increase then granted amounted to about 12 1/2 per cent. According to the financial statement the board of education has assets, including all the school buildings, of \$15,289,317, and a surplus of assets over liabilities of \$1,064,414. The net debt is \$12,465,827.

The current account expenditure in 1919 was \$4,778,251, which left the board with a tiny deficit of \$13,423. Grants from the provincial government for all schools totaled \$104,382. Students' fees for day classes were \$23,815, and for night classes \$15,749.

BICYCLIST HIT BY AUTO.

Only O'Keefe's is O.K. for the occasion. Other O.K. brands warranted to give a zest even to the game you lost, are: Belfast Ginger Ale, Cream Soda, Orangeade, Lemon Soda, Sarsaparilla, Cola, etc., etc.
